Civic groups consider center's policy, fees

Tuesday afternoon of this week, 19 representatives of the various civic and social groups in Farwell met at Security State Bank to submit recommendations to the Farwell City Council concerning use and fees of the new Farwell Community Center.

Each club and organization was asked to send a representative to the meeting to help in formulating rules and policy concerning how the new building would be used, and how much should be charged for such use. The various groups were asked for their advice because it was felt these organizations would use the facility the most in the long run.

Joe Jones, who has been in charge of the renovation of the building, acted as chairman for the meeting. Jones had procured a copy of the "Operational Guidelines" for the Bailey County Exhibition Center and Coliseum in Muleshoe.

The Texico-Farwell Rotary Club also submitted a list of ideas concerning the fees which they would recommend that the City charge for use of all or parts of the Center. These recommendations were used as a guide to the thinking on how Farwell should use its Center.

The Bailey County guideline pro-

posal said, in part, that:

"The Coliseum should be made available to all people regardless of age, sex, creed, national origin, political persuasion, financial or social status.

"The Coliseum will not be used for commercial purposes, that is, no individual, business, or private corporation may use it for individual, business or corporate profit, such as garage sales, vegetable stands, private auctions, or other forms of commercial merchandising.

"This is not designed to prohibit equipment and automobile shows, livestock shows, art shows, and other forms of public exhibitions, even though such activities might result in some sales.

"No alcoholic beverages of any description will be allowed on the premises at any time. No intoxicated person will be allowed on the premises.

"All groups or persons using the facility will be responsible for seeing that these rules are observed. Any group, person, or organization that fails to comply with them will thereby jeopardize their right to further use of the facility."

tract signed by school official.

All civic clubs, organizations, or merchants of the Twin Cities could pay a \$50 yearly fee, and then pay one-fourth of the rate for any non money-making meeting.

A clean up deposit of \$50 for anyone who has not paid the yearly fee of \$50.

These and other ideas were discussed by those in attendance, and a committee was appointed to formulate and set policies and rental fees for the Center, which will be presented to the City.

Members of the committee are Chairman Martin Chandler of the Rotary club; Julia Symcox of Farwell Study Club, Pam Smith of Beta Sigma Phi, Maxine Williams of ESA, Lynn Burton of Farwell Schools, and Walter Hughes, representing the businesses.

Committee members request that anyone who is interested or has ideas or input for operating the Center to call and let any of the above persons know of these suggestions.

The committee will discuss all suggestions and guidelines which were presented at Tuesday night's meeting and hopes to have a completed plan to be presented at the next meeting of the group.

Next meeting of the representatives of all civic and social groups will be Tuesday, Aug. 14, at 5:30 p.m. at Security State Bank.

Those attending the meeting were Prentice Mills, Walter Hughes, Maxine Williams, Joe Jones, Martin Chandler, Curtis and Pam Smith, Frances Kube, Doyle Green, Joe Hughes, Eddie Smith, Julia Symcox, Gladys Hardage, Fred Chandler, Jerry Monk, Cynthia Thigpen, John Getz, LaMoin Williams, and Gary Patterson.

These points were generally accepted and a discussion was held concerning fees to be charged. The Rotary Club submitted a schedule which was discussed, and it called for:

Use of Library Room (North Meeting Room) for three hours at \$50, plus \$10 for each hour over three.

South Meeting Room for three hours at \$60, plus \$12 for each hour over three.

Large Room for three hours at \$100, plus \$15 per hour over three.

Tribune to have new ownership

John and Joann Getz, longtime publishers of the State Line Tribune, announce this week that they have sold their newspaper to Mike and Judy Pomper of Blacksburg, Virginia. The sale of the paper will be effective September 1.

Pomper is a veteran newspaperman, having won awards in the Indiana Newspaper Association, the Virginia Newspaper Association, and the National Newspaper Association. He and his family are coming to Farwell from Blacksburg where he has been executive editor of the News Messenger, a daily newspaper in that city.

The Pomper family is expected to arrive in Farwell about the 20th of

August and assume ownership of the Tribune on September 1. Pomper, who visited in Farwell on July 1, expressed pleasure with the community and said he and his family hope to spend at least the next 30 years operating the Tribune.

The Getzes plan to remain in Farwell as it is their home after 36 years here. They will work closely with the Pompers for some time, to help them become acquainted in the area and with the operation of a weekly newspaper.

The State Line Tribune is the oldest continuously operating business in Texico-Farwell, and will soon start its 73rd year of publication.

Getting the new look

Work is rapidly progressing on the Farwell Community Center, with the outside of the building virtually completed, and the inside rooms also nearing completion. The first picture shows the front entrance featuring two access ramps and four doors. The other picture is taken looking into the building from immediately inside the front doorway. In the background, the mov-

able stage is being completed, and the rear storage rooms are being framed up. The meeting rooms have attractive wallpaper on the walls as does the lobby, and the stalls have arrived for completion of the restrooms. The only major finishing left to be done is installing new floor covering, but the Center is ready for use.

In this issue is the announcement that Joann and I have sold the State Line Tribune to new owners. We will introduce the Pomper family to our readers later this month, after they arrive in town.

Before we lay down the quill, we have two projects that we would like to discuss and leave with the community. These concern two things that we feel are important to the long term betterment of Farwell and possibly to Texico.

In the past, we have commented that the small rural towns are losing out in the political battle for representation in both State and National governments. Beyond question, politicians listen to the places that have the voters. However, there is one important thing, and that is to have the eligible voters go to the polls on election day and vote.

In crucial district or state-wide political races, the margin of victory can be quite thin. Witness the past elections in Texas where only a very few votes decided important political races. A 90 percent turnout of voters in Parmer County might possibly have given the nod to Kent Hance in his last race.

In John Tower's previous race for the U.S. Senate, a few thousand votes out of almost two million put him back in office. The Texas Water Bond vote of ten years ago could have carried, had all those in favor of it in the Panhandle voted that day.

The history of elections are replete with narrow victories, ala Landslide Lyndon, in hotly contested races. If a candidate running for office knows that an area will turn out its voters, then we believe that that area will receive due consideration from that office holder during his years in office.

We would like to see this community organize a "get out the vote" campaign this fall for the general elections. A group similar to the Border Town Days Committee could be formed with the purpose of having everybody in Farwell and Texico get to the polls on voting day. This will be a large undertaking but one that could bear lots of beneficial fruit in the years ahead.

Even national publicity could accrue if the Twin Cities came up with 95 percent of their eligible voters casting ballots this fall. Certainly those running for office in the future would give us considerable attention in their election campaigns.

Small towns must make up for their lack of population by getting their citizens to the polls. If they don't, then the political future for the rural areas looks quite bleak.

Next, we would like to see the City of Farwell expand its City Council to five members or possibly seven from the present three. The recent embroilago concerning the renewing of the TV Cable franchise points to the advisibility of a bigger representation of the people on the governing body.

We think that it is unfair to put the burden of government on so few commission members. All in the community benefit from the municipal government, more ought to share in the responsibilities rather than heap the load on three as at present.

We also think that sooner or later Big Brother will come along and force some kind of a change that possibly would not be to our liking. Better we should do it first and not have to accept a court order.

This is not a new idea by several years, but somewhere along the line this subject keeps getting sidetracked and nothing gets done to further the project. It is now time for action by the concerned authorities.

While such a change may be difficult, it is not impossible. This change will benefit everybody, certainly those who accept this difficult job as part of their civic duty.

COMBEST COMMENTS

Working for Fair and Effective Farm Policy

Last month I was invited to Dallas to join a group of farm representatives in a meeting with Agriculture Secretary John Block. Secretary Block's stated purpose in calling the meeting was to hear our recommendations on rewriting farm policy for 1985.

Tommy Fondren, representing the Texas Association of Cotton Producer Organizations, spoke about federal laws that increase our costs of production, laws that foreign producers do not have to contend with, and that hinder our ability to compete in the world market.

S. M. True of Plainview, president of the Texas Farm Bureau, told how important exports are to the future of America's farmers.

And I presented six proposals to help make future agricultural policy more fair and effective

for the people of the 19th district.

In some ways I was encouraged by the meeting in Dallas. This was the fifth regional meeting and others are planned before the policy is written next November.

These "listening sessions," as Block calls them, are a step in the right direction for the administration. Listening to farmers is essential to building a foundation for good farm policy.

But there was something the secretary said at the meeting that concerned me as I'm sure it did many others there. Block said the meeting should "help us understand why everyone can't always have everything he wants." This made me wonder if he'd fully understood the needs we presented.

The common thread that ran through the statements of almost

every representative there was that agricultural policy should be fair to all farmers. West Texas farmers don't need the government's help to understand that "everyone can't always get everything he wants." We don't want or expect anything more than we deserve from Washington—an effective agricultural policy that realizes farmers must make a profit, a policy that gives all farmers a fair shake on government programs.

In my closing statement I invited Secretary Block to conduct a similar hearing in the South Plains area. I did this to give him the opportunity to hear from the many outstanding farmers who could not attend the Dallas meeting and to let him know we intend to make sure he keeps the promise he made to us that day: "In the end, we will all get together and write the farm legislation."

Larry Combest is a fourth generation West Texan raised on a West Texas farm. He served as area President of the F.F.A. and received the Sante Fe Award at the National F.F.A. Convention in 1963. He served as legislative aide for agricultural policy for Senator John Tower and is a candidate for U.S. Representative, 19th District.

Farwell school board okays repair of roofs

Farwell School Board, meeting in regular session Monday night, agreed that hail damage to the school building roofs created an emergency situation and okayed the roof repair.

The Board accepted the bid of West Side Sheet Metal in the amount of approximately \$27,104 to repair the hail damage to the roofs.

Also approved was the hiring of De'Aun Willoughby to do the school audit for 1983-84, and members adopted Policy Manual changes needed to implement Senate Bill 246 and House Bill 72. Members approved the plan for the implementation of Senate Bill 246.

In other action, the Board agreed to change the school calendar to

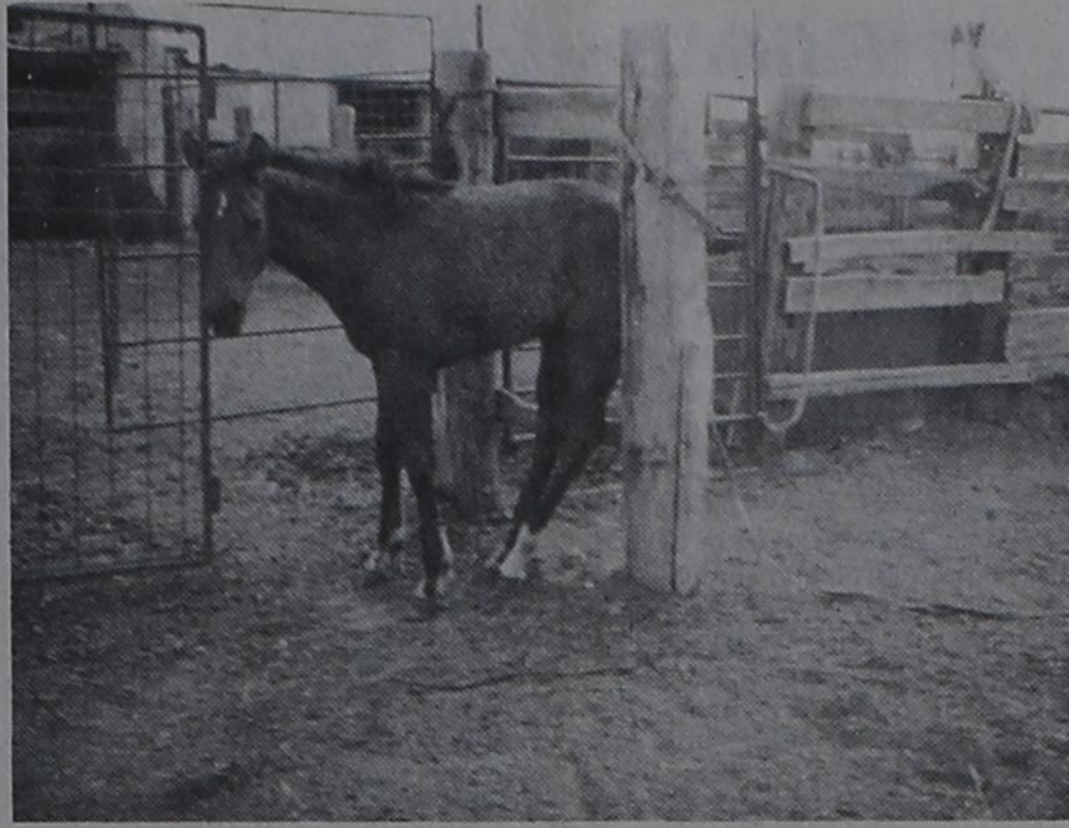

allow change in the in-service days, approved the in-service plan as presented, and approved the Student Handbook as presented.

Athletic Director Monte Barnes gave a report on repair of the tennis courts.

In final action, the Board agreed to place eight teachers at Level 2 on the Career Ladder, and accepted the financial reports, and approved the payment of bills.

Board members present were Joe Hughes, Wilbert Kalbas, Maxine Williams, Floyd Coates, Steve Pierson, Richard Haseloff, and Edward Corn.

Also in attendance were Superintendent W.M. Roberts, principals Lynn Burton, Jerry Owen and James Craig; and Monte Barnes.

Horse sense

This three-month-old filly belonging to Ed Hardage of Texico proves by these photos that horses aren't dumb. The Leo-bred filly got tangled under a fence when she was only a month old and her left back leg was broken. She does hobble

around on three legs, but she can't lie down, so she rests that leg by leaning back on the fence rail. This is the way she sleeps only leaning back even more with her front legs up off of the ground. Hardage didn't take her to the veterinarian as he

was afraid she would be done away with. He doesn't know if she will make it, but he does know that she has a will to live and endure the pain, and she shows a whole lot of "horse sense."

Farwell Booster Club plans membership drive

"The first thing we want to do this year is drum up membership and get things rolling again," said Eddie Smith, president of Farwell Booster club.

The Farwell Boosters met for their first meeting of the 1984-85 school year Tuesday night with discussion focusing mainly on plans for the year, among which is to encourage more members to join the club.

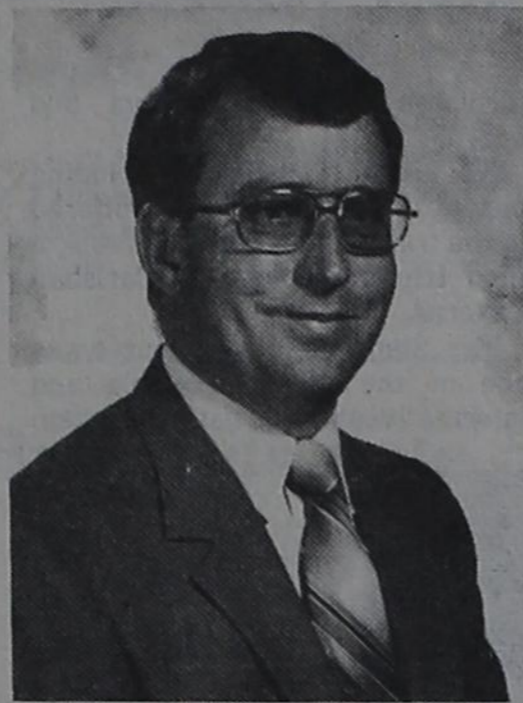

Members also discussed having pictures of the athletes made to be displayed in local businesses, as was done last year, and also considered purchasing Steer caps for resale similar to those sold last year.

These and other plans for the upcoming year will be discussed again at the next meeting of the club on Tuesday, Aug. 14, at 8 p.m. at the Farwell school cafeteria.

Officers of the club are Eddie Smith, president; Randy Kelley, vice-president; and Cynthia Thigpen, secretary.

Smith encourages anyone in the community to become a member of the Farwell Booster Club and support the athletic programs at Farwell schools.

For more information or for club membership, call Eddie Smith at 481-3695 or Cynthia Thigpen at 481-9355.

Laz. Homemakers tour Tolk Plant

Lazbuddie Young Homemakers met on Monday, July 30, for a special summer meeting. They took a guided tour of the Tolk Plant. The Texas Young Homemaker organization has added "energy conservation and natural resources" to the list of awareness objectives for local Young Homemaker chapters.

In keeping with that objective, the Lazbuddie chapter has made an effort to learn more about energy production and conservation in this area and has promoted energy conservation awareness in the Lazbuddie School by giving ribbons for conservation posters in the elementary grades.

After an interesting tour of the Tolk Plant, club members went to the Pizza Hut for lunch and a summer business meeting. President Lana Copp called the meeting

to order. Plans were made for attendance at the Area I meeting in Plainview on August 25.

Also discussed were several new projects for the coming year. Members are getting ready to start selling pecans and the last of their cookbooks.

A special topic of discussion at this meeting was how they could best use the money to be donated to the Lazbuddie School for playground equipment. Members voted to provide supplies and refreshments for a community playground workday on Saturday, Aug. 18.

Those attending were Janice Bradshaw, Marca Morris, Debbie Weir, Cindy Cargile, Reta Mimms, Debbie Magby, Lana Copp, Vickie Burch, and advisor, Cassandra Cargile.

Correction

Winner of the traveling plaque for having the most percentage of living members of their Farwell high school graduating class present Saturday afternoon during the Border Town Days celebration was the class of 1954, and not the 1944 class as reported.

After a check of the graduates present for each class, the 1954 class had 13 graduates registered of the 15 living graduates in the class, for 86.6 percent.

The class of 1934 had 10 of its 12 living graduates present for 83.3 percent, and the class of 1944 had 13 of 17 living graduates present for 76.4 percent.

1944 FHS graduates have 40th reunion

by LaVelle Hurst Wallbaum
A memorable occasion was enjoyed by the Farwell graduating classmates of 1944 at a dinner July 27 in the home of Bert and LaMoin Williams, hosted by local classmates Lucille Loudermilk, Ruby Meeks, Charlene Follis, Peggy Hargrove, Marilyn Edwards, Bert Williams, and Wilbert Kalbas.

Prizes were awarded to Irene Burgess Peters, who had been married the longest; Bert Williams, the most children; and Maxine Hughes Smith, the most grandchildren; and LaVelle Hurst Wallbaum, who traveled the farthest.

The class also participated in the Border Town Days parade by riding on the Farwell fire truck. Since it was the first time for most, it was certainly a thrill and much fun. Afterwards, everyone gathered at Farwell City Park for the annual barbecue picnic.

All who attended remarked about what a super, great "Homecoming" it was.

Classmates attending were Bert Williams of Farwell, Muggins Graham of Pampa, Maxine Hughes Smith of Lubbock, LaVelle Hurst Wallbaum of Yakima, Wash., Irene Burgess Peters of Lipan, Tex., Kenneth Hughes of Odessa, Juanita Billington Meussetti of Hosienda Heights, Calif.;

Also, Lucille Ramm Loudermilk

of Clovis, Wilbert Kalbas of Farwell, Jack Knowles of Salinas, Calif., Nathan Harding of Odessa, Marilyn Anderson Edwards of Farwell, Peggy Williams Hargrove of Farwell, Theda White Taylor of Amarillo, and Ruby Ham Meeks of Farwell.

Those classmates unable to attend were Mary Bobst Desgroseilier of Yakima, Wash., Charlene Alexander Follis of Clovis, Ruby Lee Brand Hendergart of Lode, Calif., Ronald Booth of Charlotte, N.C., Margaret Bigham Manning of Marshall, Mich., and Junior Crume

of Orlando, Fla.
Our appreciation to Superintendent W.M. Roberts for providing us with names of Farwell students and teachers from first through the 12th grades.

The organizers received letters from teachers who were unable to attend, including Ollie Beck Jarvis from Stinnett, second grade teacher; Dorothy Shaw McGinnis of Temple Hills, Md., homemaking teacher; Mrs. J.T. Carter of Lubbock; Lynette Cain McElroy, English teacher; and L.S. Pool, grade school teacher.

**Farwell 1974 class
has 10-year reunion**

Members of the Farwell High School class of 1974 gathered July 27 and 28 in Farwell for their 10-year reunion.

On Friday night, classmate Debbie Sewell and husband J.R. were hosts at their home for an informal meal of cold cuts, cheeses, and chips and dips.

Attending from Farwell were Ricky and Joyce White Ketcherside, Brenda Goldsmith Ortiz, Carl and Rhonda Kirkland, Micky and Leslie Norton Lunsford, Kevin Hargrove, Pam Magness Smith, and hosts J.R. and Debbie Sewell.

From Clovis were Grubb and Sandra Watkins Howard and Rocky and Deb Meeks Richardson. Others were Kent and Joyce Armstrong of Texico, Norma L. Villareal of Bovina, Lynn Blankenship of Dallas, Janye Craig of Huntsville, Larry and Karen Foster Jones of Charleston, S.C., Jesse and Sonok Cantu of El Paso, Mike and Kathy Sullivan Gordzelik of Amarillo, Gaylon and Pam Sudderth Chapman of Midland, and Frank and Bonnie Richardson Roth of Richardson.

Guests were Charles Wade Norton of Artesia, Chad and Joi Meeks Banks of Lubbock, Kevin and Cindy Watts Eldridge of Amarillo, Tom and Lori Norton Hartley of Clovis, and Kayle Watts and Lisa Hughes of Farwell.

by Abie Crume
The year was 1934. Guy B. Tabor was superintendent of Farwell school, H.P. Ballengee was principal, R.B. "Tubby" Taylor was coach of the boys basketball team which was a hot item. Martina Anderson (a grade school teacher not much older than the seniors) was a popular addition to most gatherings, and Dorinda Bond ruled the roost in high school English.

And the graduating class was made up of R.B. "Powder" Floyd, Crystal Barker, Jesse Landrum, Henry Trent, W.H. (Lovelace) Os-

born, Francelle Pierce, Iona Lovelace, Hassler Strickland, Estelle Magness, Clymena Peters, Estelle Hawkins, Freddie Hall, and the Crumes, twins Kirt and Kater plus older brother Buster. Undoubtedly the first and probably the last time the school will have three graduates from the same family at one time.

On Saturday, July 28, 1984, some 50 years and quite a few pounds heavier, ten surviving members of the group got together at the annual Border Town Days to catch up on current activities and exchange memories.

Present were Kirt Crume, Albuquerque, retired; Kater Crume, Hereford, retired; Jesse Landrum, Farwell, retired; Henry Trent, Clovis, retired; Hassler Strickland, Lubbock, retired from one job but

busy at another; Estelle Magness Billington, still "doing hair" in Farwell; Clymena Peters Dooze, housewife, Clovis; Iona Lovelace Hamilton, Lubbock; and Crystal Barker Pitmon, still busy at the girls dorm at Levelland Junior College. Unable to attend were Buster Crume, retired, California; and W.H. Osborn, Clovis.

The reunion was planned by Estelle Billington and Jesse Landrum, and following dinner and a visiting period on the courthouse square with many former friends and school mates, the 1934'ers gathered at the school home ec building. A serving table featuring a blue and white "50" cake was arranged, and the group spent some time getting "now" pictures for scrapbooks.

Wolverine two-a-days to start Monday

Two-a-day workouts for Texico Wolverine football hopefuls will get underway Monday, Aug. 13, with sessions at 8 a.m. and 5 p.m. MDT. "We'll be a small but good team. We might have some growing pains during the season but when it comes time for district, we'll have our say as to who makes the play-offs," says David Lynn, head football coach for the Texico Wolverines, when asked about his prospects for the upcoming season.

The Wolverines are the defending Class A State Champions, but will have some regrouping to do as the team lost nine seniors to graduation, seven of them starters.

Coach Lynn says the Wolverines are not in that bad of shape, as 13 lettermen will be returning. "We have lots of kids who played a lot of football even though they didn't start the games."

This season should be an interesting season, the coach added, in that most opponents expect them not to be a good team, with the loss of some very good players. The coaching staff headed by Lynn and assisted by Scott Parker and Roy King are looking forward to the season.

"The schedule looks a little rough overall," remarked Coach Lynn, "with Eunice and Jal expected to have a good team, and in district play, Tatum and Ft. Sumner are always tough."

The Wolverines will first take the

field in a scrimmage with Dexter at Texico Thursday, Aug. 30, beginning at 6 p.m. MDT.

Prospective players for the 1984-85 team are: Seniors: Danny Powell, 5'10", 160 pounds, quarterback and defensive back; Billy Bibbs, 5'8", 150 pounds, tail back and linebacker; Ronnie Galvan, 5'8", 150 pounds, fullback and nose-guard; Doug Thornton, 6'1", 175 pounds, tight end and linebacker; and Charles Sharbutt 6'1", 185 pounds, tackle and defensive tackle.

Juniors: Stanley Cross, 5'8", 155 pounds, fullback and defensive back; Kyle Snipes, 5'7", 140 pounds, safety end and defensive back; Charlie Bibbs, 5'9", 150 pounds, tail back and defensive back; Mark Meeks, 6'0", 165 pounds, center and defensive end; Jesse Moncayo, 5'7", 140 pounds, guard and defensive tackle; Eric Harding, 6'1", 145 pounds, tight end and defensive end; Lupe Hernandez, 5'9", 205 pounds, tackle and defensive tackle; and John Thomas, 5'7", 140 pounds, quarterback and defensive back.

Sophomores: Brette Southard, 5'8", 130 pounds, end and defensive tackle; Jubal Pierce, 5'8", 120 pounds, end and defensive back; Jesse Martinez, 5'9", 170 pounds, tackle and defensive tackle; Wayne Holland, 5'10", 190 pounds, tackle and defensive tackle; David Louera, 5'10", 140 pounds, jr. high, and Don Vela, 5'9", 140 pounds, transfer.

SHONDA FOSTER

JOHN THOMAS

Two local students, Shonda Foster of Farwell and John Thomas of Texico, participated in Eastern New Mexico University's Upward Bound college preparatory program this summer, July 3-14.

The federally-funded program is designed to generate the skills and motivation necessary for success in education beyond high school, according to the director of Upward Bound.

Shonda will be a sophomore this fall at Farwell High School, and John will be a junior at Texico High School this fall.

Steer football workouts to begin Monday

Prospective football players for the Farwell Steers will begin two-a-day workouts on Monday, Aug. 13, according to Monte Barnes, athletic director and head football coach. Sessions will be held at 8 a.m. and 6:30 p.m.

Shorts and shoes were issued Wednesday of this week, and the football hopefuls must return their physical slips and parent consent slips before they can work out.

Two pre-season scrimmages have been set this month; one with the Plains Cowboys on August 24 here, and the other with the Dimmitt Bobcats at Dimmitt on August 31.

This will be Coach Barnes' first

year to lead the Steers. He is optimistic about the upcoming season, and he expects to field a strong defensive team.

"I think, first of all, we have to look at being solid on defense; that's where most of our experience will be, and I feel we will have a good defense," said the coach, adding that the offense will be determined by how well the positions of quarterback and center can be executed.

"Overall, I feel that we will be a very competitive team. I can't say that we will win district, but I do feel that whichever team wins district will have to beat Farwell to do it," emphasized Coach Barnes.

Gymnastics Elite group August sessions begin

August sessions for Gymnastics Elite of Farwell are underway with the first session August 8-20, and the second session set for August 22-31, announces Coach Clay Burch.

"After coming off a very successful season, their hopes are riding high," said Coach Burch. "For this next season I expect nothing less than both the boys and girls teams making it to the state championships, with some individual championships and possibly one or two all-around champions.

"Right now we don't have enough competitors in each category to go for a team state championship. For this to occur, the gymnasts need to start back into their training as soon as possible.

"We will go ahead and continue our new Open Class as I feel this class has been a tremendous success so far. Purpose of this class is to give kids of all ages the opportunity to work out on the equipment at their own level and speed without the pressures of competition.

"It also allows those who want to compete later to perfect their basic

tricks and techniques without the stressing and pushing team classes have to go through to get mentally and physically ready for competition.

"Gymnastics Elite has more or less been closed to the average, or young, individual who wanted to experience gymnastics without competition. This new class now gives these kids this opportunity," concluded the coach.

The coach expressed his appreciation to the Farwell School System for its support and backing in giving the youth of Farwell the opportunities that the sport offers.

The August schedule is as follows: Aug. 8-20 - Open Class, 9 to 10 on Mondays and Wednesdays; Boys Team, 10 to 11:30 Mondays, Wednesdays and Fridays; Girls team, 11:30 to 1:00 Mondays, Wednesdays, and Fridays.

Aug. 22-31 - Open Class, 3:45 to 4:45, Mondays and Wednesdays; Boys team, 4:30-6 Mondays and Wednesdays, 3:45-5:15 Fridays; Girls team, 6:7-30 Mondays and Wednesdays, 5:15-7 Fridays.

Old Timers Day set tonight

Old Timers Day festivities in Melrose will begin with a pioneer style show and musical concert tonight (Friday) in the grade school gym beginning at 7:30 p.m. MDT. Admission is \$3.00 for adults and \$1.00 for children under 12.

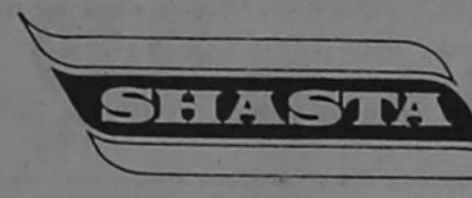

Authentic fashions as worn in the late 1800s and early 1900s will be modeled, with adults and children in two categories competing for prizes. These early years mark the beginning of Melrose, a country village, established before 1906.

Older spectators attending will have the opportunity to reminisce on the fashions and times of yesterday, and the show promises to be a new experience to those of the younger generation, says Claudia Savage of the style show committee of the Melrose Chamber of Commerce, sponsor of the event.

Performing in concert will be "The 6 Pounds of Music," with country, western, and gospel music.

DON'T KISS \$8,938 GOODBYE

That's how much you could lose just on resale value if you don't buy a John Deere

Looking for a big discount when you buy a tractor? Don't get stuck with an even bigger discount when you want to sell it.

Always consider resale value when you price a field tractor. Because the differences among brands may sometimes be bigger than ANY purchase incentive.

Compare John Deere with our two leading competitors. According to the Spring 1984 Official Guide of the National Farm and Power Equipment Dealers Association, the average 5-year-old John Deere 4440 sells for 106 percent of its 1979 list price. One leading competitor averages 87 percent of its 1979 list price. The other averages 73 percent.

What's that mean in dollars? Add the John Deere gain on original price to the competitor's loss. The John Deere advantage is as much as \$8,938!

Is this only true of one model?

No. Every 40 Series 90- to 180-hp tractor has an average resale price that's higher than its new price five years ago.

Is resale your only John Deere advantage? No. Don't forget the remarkable fuel efficiency of today's 50 Series

John Deere tractors. And don't forget our unmatched reputation for high quality and high reliability. See your John Deere dealer. He'll be happy to explain the big difference between a low-price tractor and a low-cost John Deere: 100-hp 4050, 120-hp 4250, 140-hp 4450, 165-hp 4650 or 190-hp 4850.

NOTE: Average resale prices taken from Spring 1984 Official Guide of The National Farm and Power Equipment Dealers Association. Percentages calculated from best currently available information on 1979 list prices.

Brothers taking westward trek

From South Padre Island, Tex., to Point Barrows, Alaska, is quite a distance by any means, but it must seem even farther when the only mode of transportation is walking.

Two brothers from Pleasanton, Tex., Collin and Matthew Phillips, started their quest of walking across the western part of the United States on June 4. They hope to accomplish the cross-country expedition in two years and two months.

Having walked 900 miles already, from Texas to the Twin Cities, the brothers view their walk as a test of their mettle.

Collin, 24, the oldest of the two, came up with the idea of the westward venture while searching for what he truly wanted to do with his life. He had attended school for awhile and had tried several jobs from an emergency room technician to a licensed merchant marine on a shrimp boat.

He originally had planned the journey to Alaska alone, but when he told his brother Matthew of his plan, Matthew became interested.

While attending Angelo State University in San Angelo, Matthew became an exchange student in Australia. He enjoyed the experience of living in the country so much, that he plans to go back there to live.

Upon hearing of Collin's plans to

walk, Matthew decided he did not want to go to Australia without ever having experienced his own country, so he asked if he could go along. That is when the pair started planning their trip, some two years ago.

The brothers are taking pictures along the way and hope to someday write a book about the many stories of their travel. So far, everything has been learned by trial and error, as neither man had any experience in cross-country walking before, or how to outfit a back pack.

The pair takes days off to nurse their swollen feet, sunburned and insect-bitten bodies. The miles they travel varies due to weather conditions and impassable private property. They are averaging about 24 miles a day.

Collin and Matthew intend to stop several times before they arrive at Point Barrows, Alaska, the northern-most area in North America. They must work as they go, in order to finance their expedition. The amount of money they think they will spend is \$10,000, considered a conservative estimate by both.

They have had to rely on the kindness of strangers for water and sometimes food. They are buying most of their food when they can, although they plan to hunt and fish later in the wilderness.

Alaska bound

The Phillips brothers, Matthew, 21, left, and Collin, 24, of Pleasanton, Tex., stopped at the depot in Texico to rest a bit and check over their gear. They are attempting a cross-country trek across the western

part of the United States, from South Padre Island, Tex., to Point Barrows, Alaska. The pair stopped in the Twin Cities Tuesday of last week after walking some 900 miles already. Point Barrows, Alaska is the northern-most area in North America.
