

Doing Things Together

Father's Day, June 19, is a special time for dads and their families to relax and have fun together. In the first picture Glenn Fant of Farwell and his young sons, Dean, left, who will be six years old next month, and Chris, 4, are doing just that as they line up for a trip down the slide at the city park. In the second photo they are all dressed up and ready for church.

Farwell Country Club Board Re-organizes

Farwell Country Club Board held a re-organizational meeting June 6. Newly-elected board officers include Jim Berry, chairman; Joe Helton, vice-president; Elmer Hargrove, secretary; Bob Anderson, treasurer; and Buster Herington.

In order to insure the financial stability of the facili-

ties, bylaws have been changed and presently include stockholders with shares. Cost of each share is \$100. According to Berry, 55 people have bought shares, but more shares are still available.

According to the new bylaws, voting privileges are for stockholders only. A Stockholder does not have to be a

member of the Club, but a non-shareholder member may not vote in matters concerning the Club.

Berry says that "more people seem to be interested in the organization now" and he stresses that the Club is in "better financial shape than in the past."

Presently the board members are seeking to refinance the FHA loan, subject to approval of the FHA. According to Berry, an answer from the lending organization is expected by the end of this month. He added that if plans continue as anticipated, the monthly payment for the club would be about \$910.

Berry also reported that the pool is being readied and is expected to be open this week. He said the golf course has been mowed and watered and is already open. The newly-elected chairman also reported that the Board is trying to find a permanent manager for the facilities.

We came across this editorial attributed to Dr. Miller Upton of Beloit College. We recall something of a similar nature written by Paul Harvey several years ago. From whichever source it originated, we are happy to re-print it for our readers.

I'm For the Upper Dog
 "I have just about reached the end of my tolerance for the way our society now seems to have sympathetic concern only for the misfit, the pervert, the drug addict, the drifter, the chronic criminal and the under-achiever.

"It seems to me that we have lost touch with reality and become warped in our attachments. I feel it is time for someone like me to stand up and say, 'I'm for the upperdog!'

"I am for the achiever - the ones who sets out to do something and does it; the one who recognizes the problems and opportunities at hand, and endeavors to deal with them; the one who is successful at his immediate task because he is not worrying about someone else's failings; the one who doesn't consider it 'square' to be constantly looking for more to do, who isn't always rationalizing why he shouldn't be doing what he is doing; the one, in short, who carries the work of his part of the world squarely on his shoulders.

"It is important to recognize that the quality of any society is directly related to the quality of the individuals who make it up. Therefore, let us stop referring naively to creating 'a great society.' It is enough at this stage of our development, to aspire to create a decent society. And to do so, our first task is to help each individual be decent unto himself and in his relationship with other individuals.

"We will never create a good society, much less a great one, until individual excellence and achievement are not only respected but encouraged. That is why I am for the upperdog - the achiever - the succeder."

.....
 Pat Rose rose to the occasion and provided us with a schedule for the best times to mow our lawn and the best times to water same.

Inasmuch as this seems to be information long sought after by all green thumb enthusiasts, we will pass along the June and July dates.

Best Mowing Dates: June 14, 8 a.m. to June 16, 11:30 a.m.; July 2, 6:10 a.m. to July 9, 8:53 a.m.; July 6, 3:19 p.m. to July 9, 2:40 a.m.; July 11, 3:34 p.m. to July 14, 4 a.m.; July 30, 5:32 a.m. to July 31, 6:53 p.m.

Best Watering Dates: June 16, 8 p.m. to June 19, 7 a.m.; June 26, 4:40 a.m. to June 28, 6:07 a.m.; July 4, 8:53 a.m. to July 6, 3:19 p.m.; July 14, 4 a.m. to July 16, 2:43 a.m.; July 23, 12:18 p.m. to July 25, 3:07 p.m.; July 31, 6:53 p.m. to Aug. 3, midnight.

Now if we can just coordinate our waterings and our mowings with the above schedule, we hope to have a better looking yard with less cost.

Oklahoma Lane Sets July 4th Celebration

Oklahoma Lane Community is planning its annual celebration on the Fourth of July with a picnic, singing, volleyball games and a fireworks display.

Mrs. Max (Sharon) Eubanks is chairman of the planning committee and Harold Carpenter is in charge of the fireworks.

Everyone is invited to the picnic and other festivities which begin at 6 p.m. CDT at the Oklahoma Lane United Methodist Church. Each family is asked to bring their own food and drinks.

Following the meal there will be singing and volleyball. The fireworks display will begin when it is dark.

City Of Farwell To Keep Tax Rate

Farwell City Council voted to keep the present tax rate of 100 per cent valuation at 33 cents, at its Monday night meeting. The Council also agreed to use the National Automobile Dealers Association (NADA) book of values to determine the wholesale rather than the retail value of taxable vehicles.

In other business the Council discussed the street seal recommendations drawn up by Lydick Engineers and Surveyors of Clovis. According to the plan, which was adopted by the Council, 32,600 square yards of city streets will be repaired during the first phase of the five-year plan.

Streets to be included are Third Street: south line Avenue A to north line Avenue F; Fifth Street: south line Avenue A to south line Avenue C; Fifth Street: South line Avenue I to Highway 292; Sixth

Street: south line Avenue I to Highway 292; Avenue C: east line First Street to west line Fifth Street;

Also, Avenue E: east line State Line Road to west line First Street; Avenue G: east line Third Street to west line Sixth Street; Avenue H: east line Sixth Street to west line Highway 292.

Estimated seal costs are \$10,758. Other expenses include engineering, \$1500, and street repairs, \$742. The Clovis company will draw up the specifications of the project in time for the next regular meeting of the City Council.

A Board of Equalization meeting was discussed, but no definite date was set. Janie Bowery, city clerk, explained that the meeting must be set for no later than July 19. She said the meeting has to be

announced in advance and must be held by the July date to enable her to "get out the tax roll."

Mrs. Bowery said they were currently trying to qualify another worker under the Youth Employment Commission program. Dee Hammit, water superintendent, requested that a part-time helper be hired for the water department. The request was okayed by the Council.

Discussion of the proposed new park was on the meeting agenda, but as backers of the project failed to appear at the meeting, no discussion took place and no action was taken.

Attending were Mayor Walter Kaltwasser, commissioners Johnny Curtis, and Fred Chandler; and city employees Mrs. Bowery, Hammit and Doug Landrum.

Harvest Underway Throughout County

Wheat harvest in Parmer County stepped into high gear this week. Mack Heald, Parmer County Extension Agent, said the harvest "got underway last week" and was expected to be in "full swing" by today (Friday), provided it did not rain.

According to Heald, a "spot check" of fields indicated that the crops were ready to be cut. He added that it was too early to make comparisons between this year's and last year's wheat harvest.

The County Agent commented that the harvest would probably last about two weeks. He said that irrigation wells are running county wide, adding that some crops need rain now. According to Heald, corn, grain sorghum, vegetables, and soybeans would benefit from wet weather while cotton and sunflower fields need dry weather.

Last week the first loads of wheat began arriving at the local elevators. Fred Chandler of Shirley-Anderson-Pitman in Farwell said they received their first load June 10. He said the earliest indications are that dryland fields are yielding about 2-21 bushels per acre, adding that he does not have any figures on irrigated fields as yet.

Chandler said the wheat harvest is expected to compare well to last year's

results. But he said wheat prices were down considerably and "are not expected to rise in the near future." Current wheat prices are \$1.89 per bushel.

Chandler also commented that the moisture content of the crop is about 11 per cent. He said that barley is also "beginning to come in," adding that it is dry and has a good, heavy test weight.

Bill Thigpen of Worley Mills reports that they received their first load of wheat June 7. Moisture content of the wheat samples tested so far were between 12 and 16 per cent. Thigpen said the ideal rating was below 14 per cent.

He said that early wheat yields were between 75 and 110 bushels per acre. Barring any "bad weather" he said he expects the harvest to conclude in "ten days to two weeks."

According to Thigpen, they received their first load of barley on June 8, adding that the "barley harvest is in full swing this week."

Asa Smith of Shirley-Anderson at Lariat reported that the first load of wheat arrived at the elevator June 6. Commenting earlier this week he said "it was still too wet to cut irrigated wheat." He added that the moisture content on dryland wheat was a "little high but was drying fast."

Smith did not know the yields on irrigated fields, but he did point out that some of the fields had received hail damage earlier in the year. He expects the average overall yield to be as good or better than that of last year.

For the moment at least

managers of the area elevators said they are not anticipating any storage problems. They say they have "plenty of room" for wheat, but if prices stay low and the crops are not sold, then they might have a storage problem following corn harvest in the fall.

Assault, Burglary Case Investigation Continues

The Parmer County Sheriff's Department is continuing its investigation into the assault and burglary at a rural farmhouse north of Farwell early Monday morning.

Parmer County Sheriff Charlie Lovelace said they are following meager clues in the case, adding that there were no new developments at mid-week.

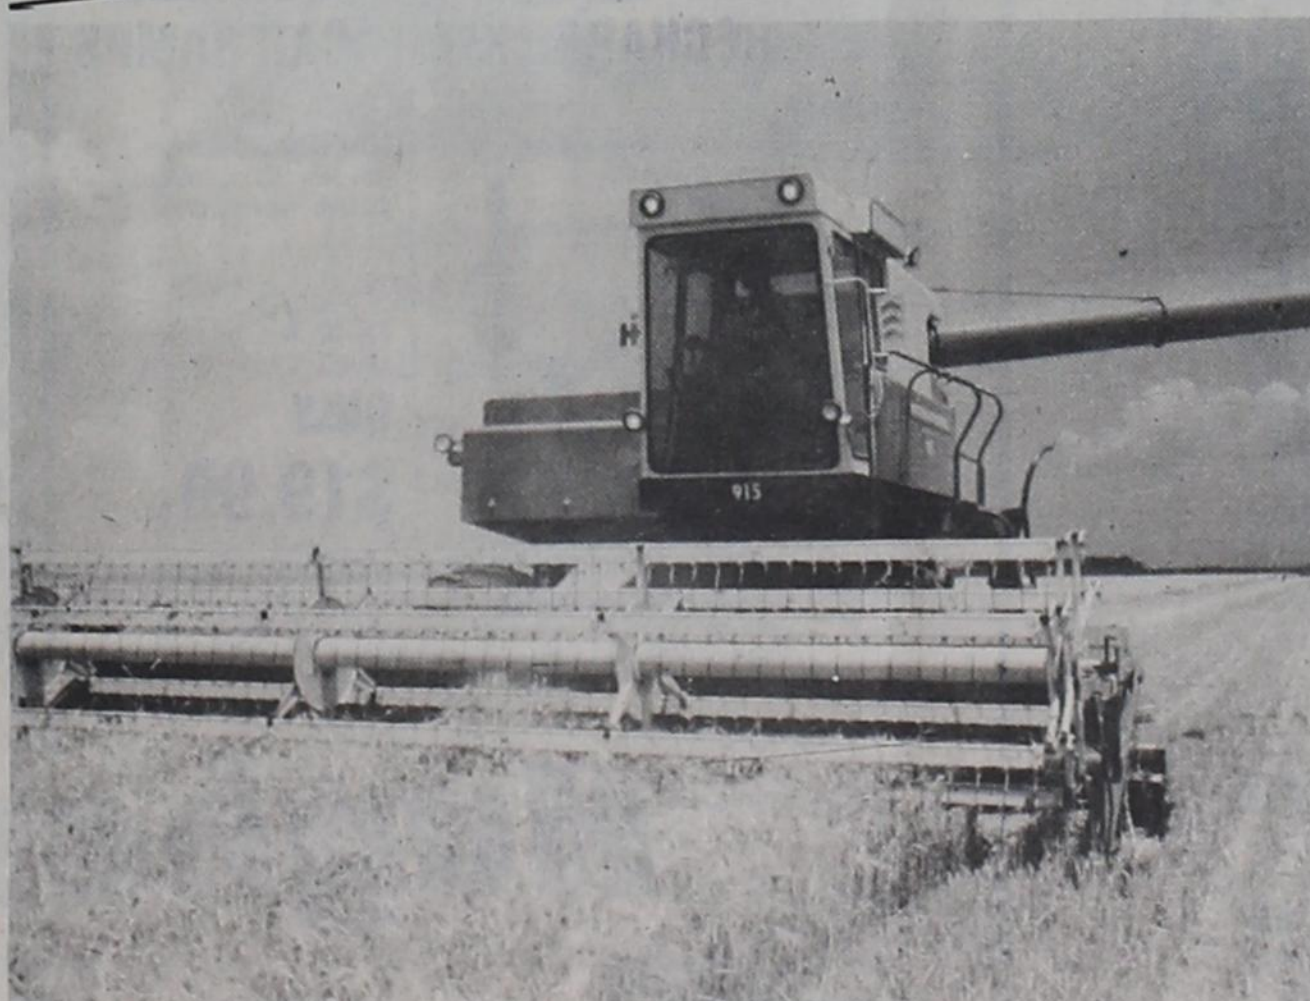

According to reports, two masked men apparently broke into the home about 1 a.m. Monday, terrorizing the family and vandalizing the home and its contents in an apparent search for money.

The woman, in her mid-sixties, was raped, and the man, in his late sixties, and the couple's 13-year-old grand-

son were beaten by the intruders. All three of the family members sustained knife wounds. The man and his grandson were treated at the hospital in Clovis and were released; however, the woman remains hospitalized in satisfactory condition.

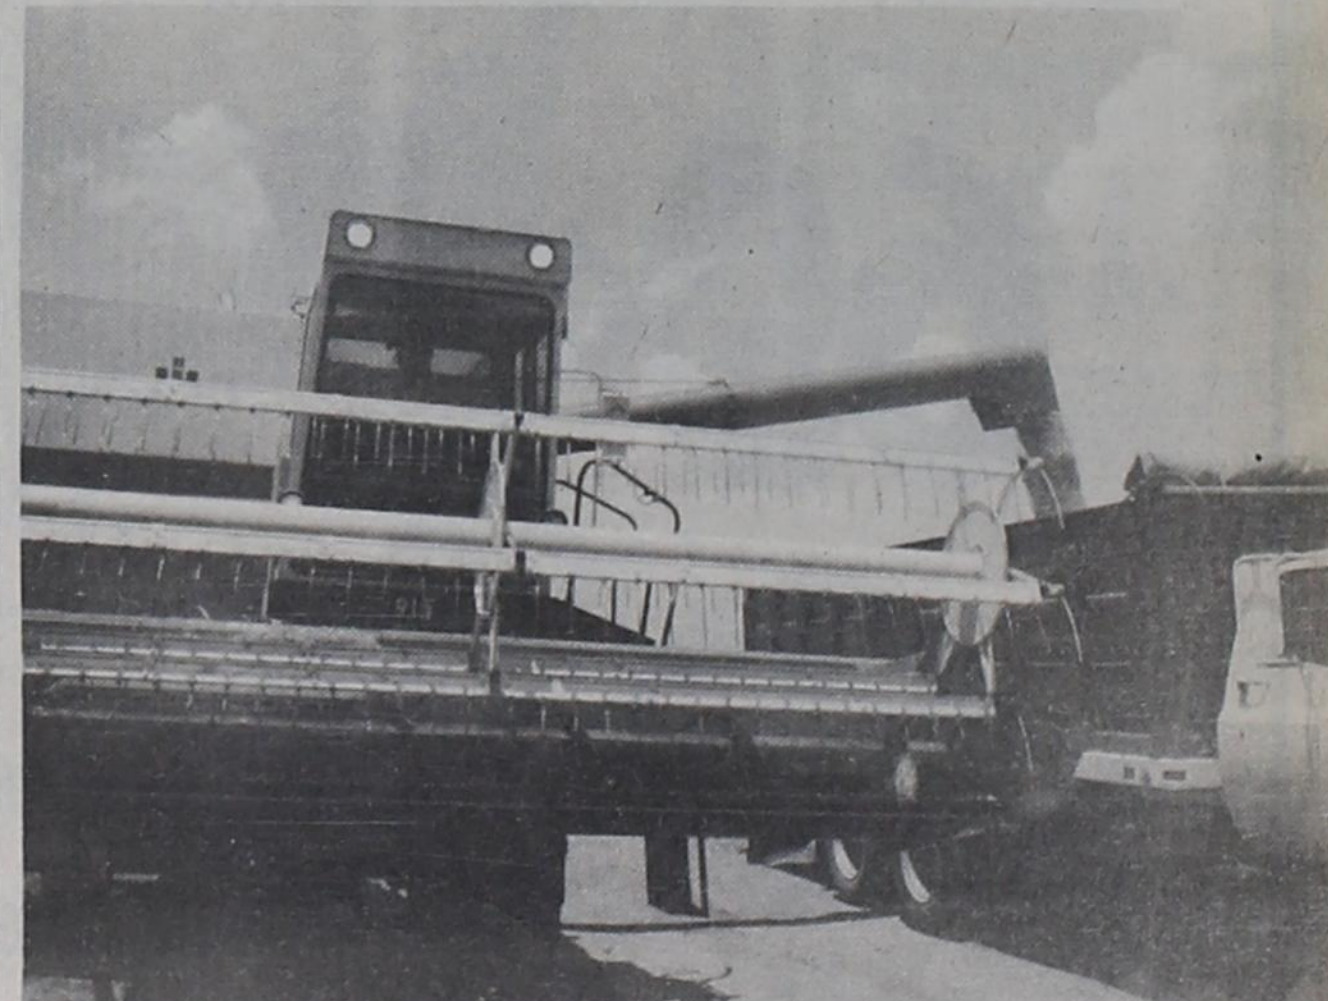

In addition to the assault and terrorism, the assailants also took several firearms and an estimated \$360 in cash from the home.

Texico and Farwell citizens have started a reward fund at Security State Bank, Farwell, for information leading to the arrest and conviction of the persons responsible for the assault and terrorizing of this family.

Harvest Scenes

Both wheat and barley harvests throughout Parmer County are swinging into high gear this week. The scenes depicted in these photos were taken at the Jones and Aldridge farm east of Farwell, which is farmed by Joe McWilliams. The

combines and trucks belong to Roy Donaldson. The Schyler Barley crop being cut is weighing 48 pounds per bushel and has a moisture count of 12.7 per cent. Average yield per acre is 93.26.

Temple Baptist Church Organizes In Farwell

A new church, Temple Baptist Church, has been organized in Farwell. Rev. J.E. Whisenant, chief organizer of the church, is serving as the interim pastor.

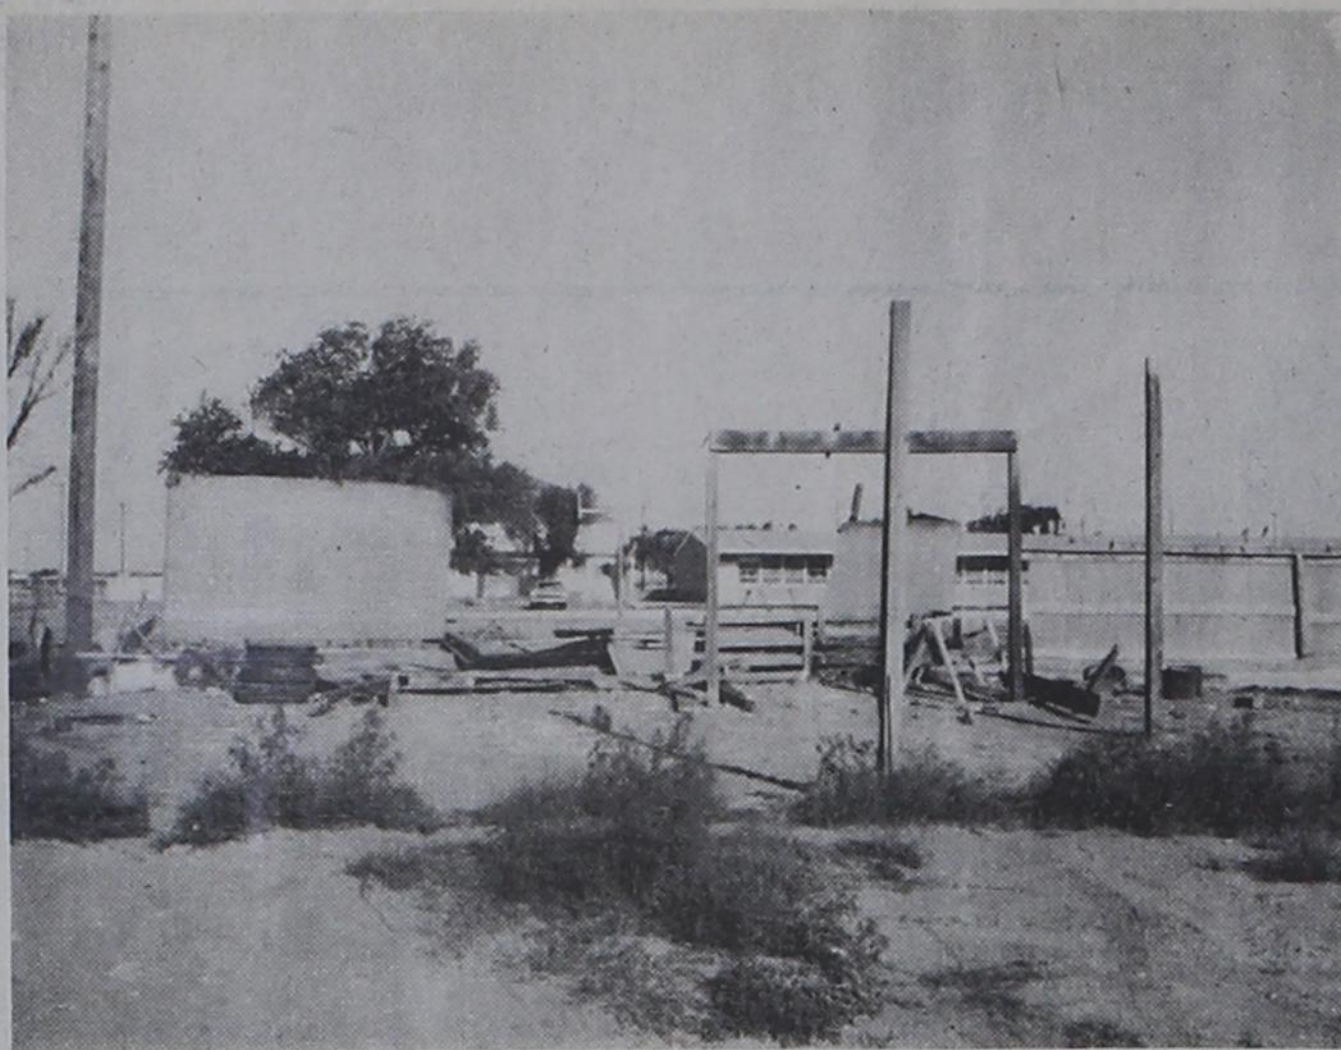

Services are held Sunday morning at 11 a.m. in the Farwell School cafeteria, temporary church quarters, and Sunday School classes are conducted at 10 a.m. CDT.

Donald Mason of Farwell, charter member and spokesman for the newly-organized church, said they will meet in the cafeteria only until school starts. Then they will acquire other quarters.

According to Mason, the charter will remain open for 90 days and anyone joining

during that time will be considered a charter member. He said the church is a fundamental independent missionary Baptist Church and is affiliated with World Baptist Fellowship, headquartered at Arlington. He explained that they study the King James version of the Bible thoroughly and the philosophy of the church is "back to the Bible, back to God."

According to the local man, the Temple Baptist Church does not believe in the charismatic or "talking in tongues" movement which many churches embrace today. Mason invites everyone to attend services on Sunday and to join the church if they so desire.

Bus Barn Destroyed

A mini tornado which whirled through Texico at 8:25 Tuesday night disintegrated the Peyton school bus barn, caused a temporary blackout and disrupted telephone and cable service for several hours. The building, owned by Mary Peyton of Texico, was a total loss. According to Mrs. Max Carter, wife of the bus contractor, a couple of small buses were housed in the barn at the time of the storm, but were not damaged.

Repair Crew

Southwestern Public Service repair crews from Clovis worked in Texico Tuesday night to restore electricity to the community. The blackout occurred during a small tornado which destroyed the Peyton school bus barn, slamming debris into the light pole and causing it to snap in half. Gerald Dorrough, manager of the SPS Clovis office, was on the scene to survey the damage.

Commissioners Court Has Routine Session

Farmer County Commissioners Court conducted a routine meeting Monday morning. Members of the Court agreed to continue the Blue Cross/Blue Shield hospitalization policy with no change in coverage or premium.

The court approved a request by Thomas E. Weemes on behalf of Deaf Smith County Electric to place an underground electric line a-

long a county road.

In other action County Judge Paul Fortenberry was authorized to execute a contract on behalf of Aldridge, Harding, Aycock and Atkinson which would allow county attorney Johnny Atkinson to receive remuneration in the amount specified in the contract for the collection of delinquent taxes.

Herb Evans of the Soil Conservation Service reported that the Dam Site at Bovina had been reseeded. He also said that the construction at the Lazbuddie Dam Site has been started and is progressing in a normal manner.

The Court decided to pay approximately \$85 to Jana Pronger, Home Extension Agent, to be used for the 4-H trip to Six Flags later this summer.

They approved a request by Roy Lee Stowers to install a gas line under a county road.

A general discussion was held regarding roads, precincts and legislation involving the county.

Sheriff's Report

Farmer County Sheriff Charlie Lovelace reported that the unoccupied house on the Adolph Haseloff place, two miles north and one mile east of Farwell, was broken into earlier this week. He said that two compasses, a chain length saw and eight hunting knives were taken.

Sheriff Lovelace also reported that tools were taken from the Murphy Curtis farm near Friona.

Former Texico Resident Dies

Funeral services were conducted May 21 at Glen Rose, Tx., for W.B. "Mike" Hill of Glen Rose, formerly of Texico.

Mr. Hill, 81, died in the Veteran's Hospital in Temple, Tx., May 19 following surgery. He had been ill for several weeks.

Mr. Hill was born in Dublin, Tx., in 1895 and had lived in Glen Rose the past 30 years. He and his wife, the former Doshie Ann Cranfill, were in business in Texico for several years.

He was married to Doshie Ann Cranfill, Aug. 7, 1922 in Amarillo.

Hill was a veteran of World

War I, a member of the Glen Rose First United Methodist Church, Masonic Lodge and a Thirty-two degree Mason.

Survivors include his wife of Glen Rose; two sisters, Mrs. Lillie Campbell of Glen Rose and Mrs. Florence Darby of Fort Worth and one brother, Don C. of Glen Rose.

Funeral rites were held May 21 in Boyd Funeral Chapel with the Rev. Garrett Creppon, pastor of First United Methodist Church, officiating.

Interment was in Squaw Creek Cemetery under the direction of Boyd Funeral Home.

Texico Chamber Has Meeting

Texico Chamber of Commerce met Monday night with James Pierce presiding. It was reported that the City of Texico has applied for federal funds to complete additional work on the newly-opened swimming pool and for the upkeep of the community center.

A report was given on the new park to the effect that the landfill was completed and that the sprinkler system had arrived and would be installed at a later date.

It was also reported that the Chamber is already attempting to secure a speaker for next year's banquet.

More necessary than any tractor, more important than the best fertilizer, more critical than the highest developed hybrid, needed more than the most modern technology... in fact, as important as the land itself is the endangered resource called incentive. Whenever this resource is plentiful, production increases, technology continues to improve and consumers benefit by having more and better food and fiber. When incentive is reduced, production lags, fewer risks are taken and scarcity could easily become a threat. There has almost always been a good supply of incentive for the American agricultural producer. Hopefully all of us will do our part to make sure this most important of resources continues to be abundantly available.

Water Fun

A significant crowd of grown-ups, children and a few by standers were on hand Monday to mark the opening day of Texico Swimming Pool. Little ones like Annette Gonzales, left, granddaughter of Mr. and Mrs. A.A. Gonzales of Texico and Amanda Guerra, daughter of Mr. and Mrs. Frank Guerra of Kentucky, enjoyed playing in the cool, refreshing water.

New Pastor, Family Busy Settling In

Farwell's newest residents are Rev. and Mrs. Russell Martin and Justin, formerly of San Jon, N.M. Rev. Martin has been appointed pastor of Hamlin Memorial United Methodist Church and assumed his new duties June 2.

The young family is now at home in the Methodist Church parsonage and are very much involved with the process of moving in and getting acquainted.

The new pastor has been a minister for the past seven years. He studied at the University of Texas at El Paso and the school of theology at Southern Methodist University in Dallas. Rev. Martin said it takes about 10 years to become a Methodist minister. He added that he completed the final phase last year.

According to Rev. Martin, he felt the "call to preach and be a minister" after graduating from high school. He discussed the matter with other ministers before he decided to study for the ministry.

After serving as a student intern at Clayton, N.M., for several months, Rev. Martin was appointed as pastor of the San Jon and Grady Methodist Churches. He served the congregations for three years before moving to Farwell.

Rev. Martin refers to himself as "an enabler" because he tries to help people meet

the needs of other people in the community. He says he tries to provide the spiritual and physical uplift that people need sometime.

A major interest and hobby of the new pastor is solar energy. He has an extensive library pertaining to the subject and last year constructed solar energy heating facilities for the parsonage at San Jon.

The device cost about \$400 to build and saved about \$200 dollars in heating bills. To begin with, Rev. Martin collected 1800 cans, cut off one third of each can, painted them black and attached them to a board. Several inches above the cans, a plastic cloth was placed to help draw the heat. A fan was installed to distribute the solar heat which collected by day. The device was housed in a shed near the parsonage and underground ducts piped the heat into the home. Rev. Martin said the temperature was maintained at a constant 69 degrees. He added that rocks were needed to help contain the heat better, but he had not had time to install them before moving. He went on to explain that the solar energy facility acted in the reverse during hot summer weather to keep the place cool. Before moving from San Jon they sold the structure, he said.

Rev. Martin served as the chairman of last year's Bicentennial committee in San Jon. An old settler's dugout was constructed as part of the community's Bicentennial year celebration and festivities.

The Martins also like to snow ski and sometimes they camp out. Rev. Martin cites bicycle riding and football as two of his other favorite hobbies.

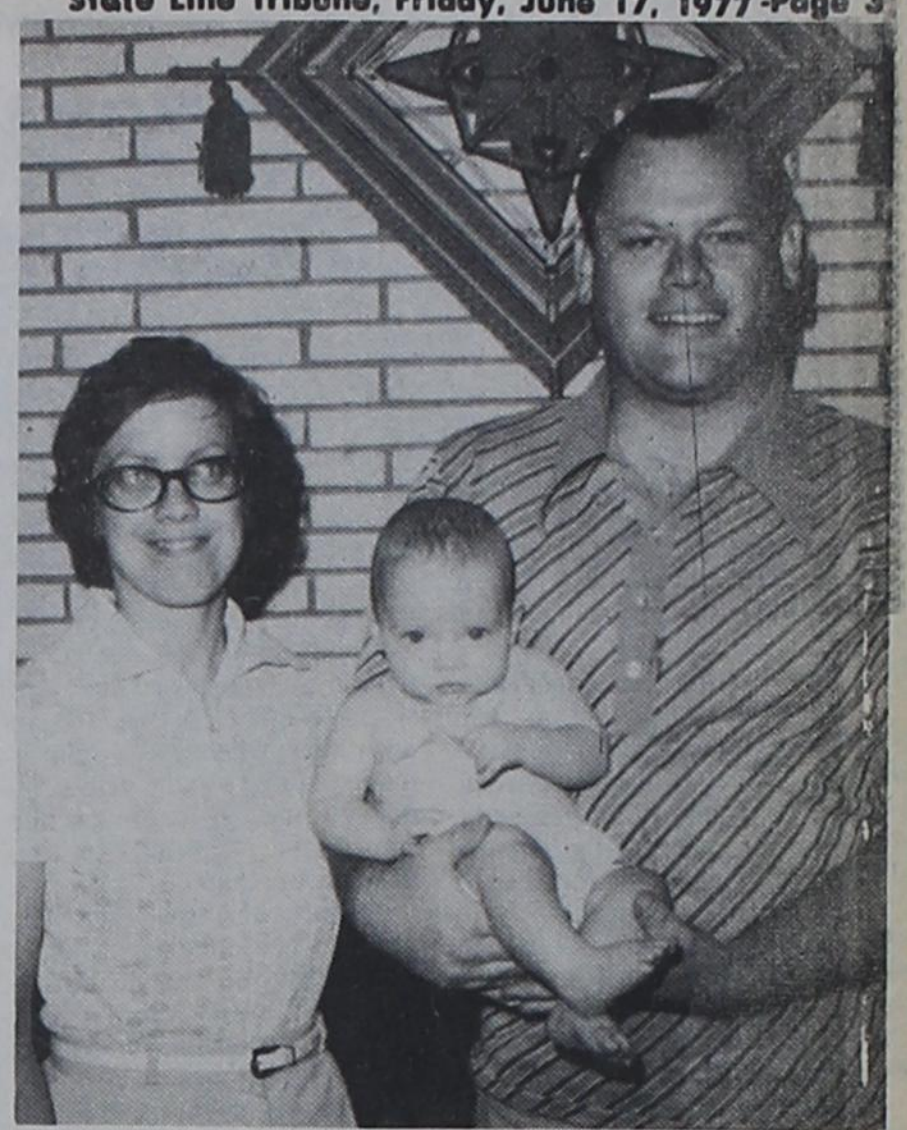

Rev. Martin met his wife Cricket at UTEP while they were both students there. Mrs. Martin explains that her real name is Emily Ann, but that while she was a little girl, her mother called her "Cricket," and apparently the nickname has stayed with her ever since.

She has a degree in elementary education and has taught all grades from the first through the sixth. She said it was natural for her to become a teacher because her mother was a teacher and she always liked children.

Besides teaching, being a minister's wife and the mother of a very active baby, Cricket also likes doing yard work, cooking, crocheting and reading.

Baby Justin is a big part of the young couple's lives. He is the only grandchild on either side of the family and is often referred to as the "miracle baby."

Immediately after birth little Justin was hospitalized for several days with a very serious respiratory ailment. He has fully recovered and is definitely the "pride and joy" of his parents.

New Pastor And Family

Rev. and Mrs. Russell Martin and seven-month-old son Justin Thomas are new residents in Farwell. Rev. Martin recently took over as pastor of Hamlin Memorial United Methodist Church in Farwell. During the brief time the young family has been in town they have been busy settling in and getting acquainted with the local people.

18 Play In Junior Girls Tourney

A Junior Girls Golf Tournament was held at the Farwell Country Club on Monday and Tuesday. Eighteen girls participated from the towns of Farwell, Amarillo, Lamesa, Stanton, Rankin, Brownfield, Memphis, Vega, and Wheeler.

There were three flights in the tournament: 16 and 17 year olds, 14 and 15 year olds, and 12 and 13 year olds. One second and two third places were garnered by local girls.

In the 16 and 17 year olds flight Jamie Gossett of Rankin came in first with a two-day total of 174. Second place was taken by Leah McBride of Brownfield with 179, and Valerie Calvery of Amarillo shot a 180 for third place

honors. Also competing in the 16-17 year olds flight were Lisa Angel of Stanton, Kelly McCarty of Amarillo, and Janice Adair, Beverly Winters and Jonda Lowery, all of Vega. Crystie Bearington of Lamesa participated in this flight on Monday but was unable to return for the second day of competition.

In the 14-15 year olds flight Tina Foxall of Memphis captured first place honors with her score of 167. Tricia Harris of Amarillo took second place with 189, and Lisa Hughes of Farwell finished third with 214.

Others participating in this flight were Kim Hall of Vega

and Robin Vinton and Gina Eubanks, both of Farwell.

The 12-13 flight was a 9-hole flight. First place winner was Ronana Jennings of Wheeler with a score of 122. Second and third place honors were taken by Janene Berry and Tammy Obenshain, both of Farwell. Darrisa Ford of Farwell also competed in this flight.

The medalist award for the lowest over-all two-day total was presented to Tina Foxhall of Memphis whose score was 167. The Miss Congeniality Award, which was selected by the girls themselves, was given to Leah McBride of Brownfield.

All of the girls were served doughnuts and orange juice on Monday morning preceding the tournament. For lunch the girls dined at Clara's Restaurant. Supper consisted of a hamburger cookout at the country Club followed by a luncheon party.

On the second day of the tournament the participants were again served doughnuts and orange juice in the morning. At the closing of the tournament trophies and awards were presented, and then a chicken dinner was enjoyed by all.

Company Names New Directors

Western Ag Sales Co., Inc., a Lubbock based irrigation system and grain handling

system supplier for a five-state area, recently elected W.W. Cantwell of Plainview and Donald Webb of Grand Island, Neb. to its Board of Directors.

FIRE CALLS

Farwell Volunteer Fire Department reported one fire call and one emergency vehicle call this week. On June 9 they responded to a small corn stubble fire at Far-Tex Feeders, south of Farwell. Wednesday morning an employee of Monsanto Agricultural Center was taken to the hospital in Clovis.

Texico Volunteer Fire Department reported one emergency vehicle call this week. On June 12 they transported a man to the hospital in Clovis. They did not report any fire calls.

Their election to the Board, according to N.C. Vance, president of Western Ag Sales Co., Inc., give the overall management of the company a new dimension because of the extensive experience Cantwell and Webb have in the irrigation field.

Cantwell serves Western Ag Sales Co., Inc. as District Manager at the Plainview operation and Webb is District Manager at the Grand Island operation.

Western Ag Sales Co., Inc. is comprised of the former retail outlets owned by Gifford-Hill & Co., Inc.

Portraying Area Homemakers

by Shirley Gorman

Mrs. Ted (Barbara) Horner of Texico, our area homemaker this week, describes herself as "someone who has her finger in a lot of pies." By that, she means she is an active person who is involved with a lot of projects.

Mrs. Horner cites gardening, canning and freezing as her "most rewarding projects." She maintains a large garden near her home, six miles south of Texico, and usually cans or freezes enough vegetables to last a season or more.

Our homemaker says her husband, Ted, helps her with the gardening by "telling her what to do and when to do it," adding that she "does not have a green thumb."

A few years ago when Barbara planted her first garden, it died three times. Finally, they figured out the problem. Aerial crop dusters were contaminating her gar-

den, causing it to die. With those early problems behind her, Barbara now manages to grow more than enough vegetables for her family.

Occasionally, the Horners' fruit trees yield a plentiful supply of pears and peaches. Mrs. Horner says they usually eat them by themselves rather than in pies because "they are so good." The Texico woman adds that whenever a pie is made, store bought fruits do not go into it because her family is "spoiled to the homegrown taste."

Barbara also sews for herself and her children, Elayne, 10; Jeffrey, 6; and Steven, 2. But she readily admits that she had more time for sewing before Steven was born.

According to his mother, he is a very "active whirlwind," who is thoroughly spoiled by his older brother and sister. But Mrs. Horner enjoys keeping up with her young son and taking part in the activities of

her children.

Elayne is reaching the age when she is involved with school projects. Recently, she was a Play, Inc., cheerleader and she placed second in the Texico Spelling Bee.

The Horners are members of Hamlin Memorial United Methodist Church in Farwell and Barbara volunteers her services whenever they are needed. The local woman sings in the choir, plays the organ occasionally, is a member of United Methodist Women and sometimes helps out with Bible school.

A hobby of mutual interest to the Horners is collecting antiques. They have several valuable pieces including a 5-year-old gas heater, an antique glass globe with inside light, and an antique bedstead. Several pieces of antique furniture are in the living room and a few others are in storage.

Mrs. Horner says they started amassing their collection before they were married and before the antique business became so popular. Many of the pieces were obtained at auctions and flea markets. The Horners are proud of their collection and Barbara says they will not part "with even one piece."

Other items in the Horner collection include a 1900 edition of a cookbook, a copy of the Washington Chronicle concerning the assassination of President Abraham Lincoln in 1865, and several antique clocks.

The cookbook came in handy as Mrs. Horner says they used a recipe for making a mustard plaster and it "was quite successful."

Future tasks of our homemaker include painting the inside of her home.

Mrs. Horner has consented to share three of her favorite recipes with our readers.

HOT ROLLS

- 1 c. boiling water
- 1/2 c. sugar
- 1/2 c. shortening
- 1/2 t. salt

Mix until batter is lukewarm. Add 1 package yeast that has been dissolved in 1/2 c. of water. Then add 2 eggs, beaten, and 4 cups flour.

Mix well. Cover and place in refrigerator. Will keep for a week. When ready to use, make out rolls, let rise and bake at 400 degrees for 10-12 minutes.

SHAKE AND BAKE FOR CHICKEN

- 4 c. flour
- 4 c. cracker meal
- 4 T. salt
- 2 T. sugar
- 2 t. each garlic and onion powder
- 3 T. paprika
- 1/4 cup oil

Mix well and can be stored in refrigerator.

COOKIE CRUST PASTRY

Stir 1/4 c. of butter to soften; mix in 1/4 c. sugar and 1 egg yolk. With pastry blender, mix in 1 c. flour until crumbs form. Press firmly into bottom and sides of 9-inch pie plate. Bake at 400 degrees for about 10 minutes. Cool. Fill with anything. It's fool proof.

At Lions Convention

Texico-Farwell Lions Club members and their wives attending the New Mexico Lions Convention in Las Cruces, June 2-5, are pictured with the Club car which was transported to Las Cruces and entered in the annual parade. Those pictured are, from left, Lee and Gloria Hutchins, Glenn and Janice Fant, Annette Black, Joann Getz, Delbert Black and daughter Beth, and James Craig. Also riding in the vehicle in the parade but not pictured were Nelle Craig, Johnny and Pauletta Curtis, and John Getz.

The Latest

Recent visitors of Mr. and Mrs. Gil Patschke of Farwell were their daughters, Mrs. Steve (Nancy) Blair of Montrose, Colo., and Mrs. Rex (Susan) McCloy of Stinnett. The family held an early Father's Day and birthday celebration for Mrs. McCloy on Sunday.

Recent visitors in the home

of Mr. and Mrs. Hugh J. Edwards of Farwell were their son and family, Mr. and Mrs. Dennis Edwards, Kippi and Sibbi of Phoenix, Ariz.

Weekend guests of Greg and Camille Carey of Ruidoso, N.M., were her mother and grandmother, Mrs. Beulah Hobbs of Farwell and Mrs. Lulu Kistler of Muleshoe; her

uncle, Gene Kistler of Huntington Beach, Calif., and her aunt and uncle, Ethel and Joe Arwine Sr. of Floydada. While there they visited the Inn of the Mountain Gods and attended church before returning home Sunday.

Mr. and Mrs. Tom Lindop of Farwell and their daughter-in-law and grandson, Mrs. Dan Lindop and Sergio of Clovis recently traveled to Apache Junction, Ariz., to visit another son and family, Mr. and Mrs. David Lindop.

Mr. and Mrs. Jim Love of Texico were visited by several out-of-town guests in their home last weekend. Their daughter, Mrs. Bob Hardin and Robby of Salinas, Calif., arrived Sunday, June 5, and spent a week with them, leaving last Monday.

Several friends arrived Sunday, June 12, and also left Monday. They were Mr. and Mrs. Billy Martin, Steve and Scott and Mr. and Mrs. Jimmy Gestopole and Robby, all of Santa Maria, Calif., and Mr. and Mrs. Charles Broadway of Joseph City, Ariz.

Mrs. Doris Reeves of Farwell was recently visited by her grandchildren, Dan, Richard and Jennifer Reeves, children of Mr. and Mrs. Dave Gray of Houston. The children spent June 1 through June 9 with Mrs. Reeves.

Texico Pool Scenes

Monday afternoon the Texico Swimming Pool opened for the season, but as seen in the first picture not everyone was too happy about the prospect of taking a dip in the cool water. Little Mikky Fenn, daughter of Mr. and Mrs. Mickey Fenn of Texico, could not decide just what it was she was expected to do. Later she did take a dip in the pool, courtesy of an older sister. In the second photo Sharon Myers, left, daughter of Mr. and Mrs. Joe Myers of Farwell, and Clarissa Hobbs, daughter of Mr. and Mrs. Ben Hobbs of Farwell, engaged in water antics and lots of laughter as they enjoyed opening day at the pool.

Windy Fun

Even on a windy morning, little Steven, two-year-old son of Mr. and Mrs. Ted Horner, loves to swing, especially when Mom supplies the "push." Also getting into the act is one of the family dogs which can be seen in the background. Steven is "as active as a whirlwind," says his mother, but she loves keeping up with him anyway. The Horners have two other children, Elayne, 10, and Jeffrey, 6, who both attend school in Texico.

Texico WMU Has Two Meetings

Women's Missionary Union of First Baptist Church in Texico held a Royal Service program June 1 at the church. Mrs. Harvey Hudnall was in charge. In keeping with the theme "Old Spanish Main," the program emphasized that music is important in spreading the gospel.

Mrs. Dee Brown gave the call to prayer and presented each member with a sail boat with the name of a foreign mission imprinted on it.

Those attending were Mesdames Hudnall, Brown, Barney Kelley, Nora Day, Mary Dorris, George Hill, John Lockhart and Anson Bowers.

The WMU conducted a Bible

study June 8. Mrs. Barney Kelley was in charge of the program featuring "God's Kind of People" as its theme. Attending were Mesdames Kelley, Day, Dorris, Hill, Brown and Bowers.

Some Animal Arithmetic

| Start with one female dog: | Births |
|---|--------|
| In nine months during the first generations she produces 4 pups (2 of them female) | 4 |
| In 18 months production of first and second generation females is 12 pups (6 females) | 12 |
| In 27 months production first three generations of females is 36 pups (18 females) | 36 |
| In 36 months production of four generations of females is 108 pups (54 females) | 108 |
| In 45 months production of five generations of females 13,324 pups (6662 females) | 324 |
| In 54 months production of six generations 13,972 pups (6986 females) | 972 |
| In 63 months production of seven generations is 8,748 pups (4,374 females) | 8748 |
| Total offspring from one single female allowed to breed uncontrolled in six years | 13,120 |

Although some female puppies will never produce litters, many others would produce larger than average litters. To be spayed, females should be six months old, not in heat or pregnant. If they have produced litters, wait until the young are weaned, then allow 2 weeks before spaying. Animals are crying, Do you hear? Animals are dying, Do you care? Since the city finances the catching and destroying of surplus animals, wouldn't they be ahead financially to finance the spaying of females, and thereby control the birth rate - After a few months the cost of operating such a program would be practically nil. This should be of interest to everyone, why not act to get such a program underway?

Lions And Wives Attend N.M. State Convention

Six Texico-Farwell Lions and their wives attended the 49th annual New Mexico Lions Convention June 2-5, at Las Cruces, N.M.

The local couples attending the weekend Lions meetings and social functions were James and Nelle Craig, Lee and Gloria Hutchins, Johnny

and Pauletta Curtis, Delbert and Annette Black and daughter Beth, Glenn and Janice Fant, and John and Joann Getz.

The Texico-Farwell Lions Club car was transported to Las Cruces and the local couples rode the vehicle in the annual parade on Friday.

Convalescent Center Chit Chat

Rev. Russell Martin, pastor of Hamlin Memorial United Methodist Church in Farwell, conducted Sunday afternoon services. He also led the singing while Mrs. Margaret Aycock played the piano. About 25 residents attended and refreshments were served.

Visiting Nora Edens were her nephew and wife, Mr. and Mrs. Bill Edens, Corie and Trudy of Cutbank, Mont. The Edens were on their way to Florida for a vacation when they stopped to visit with Nora. It had been two years since they had seen each other.

Lyra Holland attended the wedding of her granddaughter, Barbara Holland, in Clovis last Friday night.

Christi Lundey of Friona, granddaughter of administrator Dora Nittler, is recovering from a skiing accident. Christi, who is also a ward clerk at the Center, is missed by all the staffers and residents alike.

"Welcome back" to Thelma Kittrell.

Floie Copeland, activities director, reports that they have a "gag" gift which they will send to Rev. W.T. Perry

at Jal, N.M. Rev. Perry, former pastor of the local Methodist Church, is missed by all at the Center. But they all say they wish him well in his new home.

Center occupants have noted the absence of Maxine Williams, Monday's Auxiliary volunteer, who is enjoying a vacation in Hawaii.

Strawberries, radishes and a few beets from the garden have been enjoyed at meal-times. The display case is once again full of such items as pot holders, mittens, hot pot holders, chicken bread baskets, a gingham dog and calico cat, several decoupage plaques, stuffed dolls, "old baggy" paper bag holders, and much much more. All are invited to come in and browse.

The talk of the Center is "Pretty Boy," the resident parakeet, who has finally learned how to say his own name. Of course, he never speaks unless he wants to, and then only on special occasions.

Floie's Quote: "Yesterday is experience. Tomorrow is hope. Today is getting from one to the other the best we can." John M. Henry.

This I Know - - -

by Leonard Harper

Minister
Farwell Church of Christ

The name Abraham is synonymous with faith. In fact it is God's own concrete example of what faith is. Often the great abstract principles of life must be made concrete before we can fully understand and appreciate them. The example of Abraham, "father of the faithful" lives through the ages.

Abraham did not become what we remember him to be by overnight transformation. The making of Abraham was a long and often difficult process. And it was a process that often involved sacrifice and great sorrow. But sanctified afflictions are often spiritual promotions. The dealings of God often hurt but they never injure and such dealings should make us better, not bitter. Abraham had to be melted before he could be molded.

What a crisis Abraham faced when God demanded the offering of Isaac as a sacrifice. But now is revealed the kind of man God had been making. Is there a question or a wavering of faith? NONE. What a tribute to his faith. What good is your faith if it doesn't work when you need it? Throughout life he had been building for such a test as this and he passes with flying colors. God made a man to love through the ages.

Do you find yourself rebelling against the circumstances of life. Do you "curse" the fate that seems to bring you nothing but problems? Take heart as you study the life of Abraham. God often breaks before he makes. If we walk by faith, hard places can help us know the wondrous resources of God. When God puts a tear in your eye it is because he wants to put a rainbow in your heart. And remember: what is bitter to endure is often sweet to remember.

Sheryl Gray, Hal Graham Wed In Garden Ceremony

Sheryl Gray and William Halbert (Hal) Graham III, both of Lovington, N.M., were united in marriage May 21 in a garden ceremony at 11 o'clock in the morning at the home of the bridegroom's parents, Mr. and Mrs. W.H. (Hop) Graham of Lovington, formerly of Farwell. Parents of the bride are Mr. and Mrs. James Gray, also of Lovington.

Rev. George Riter, associate minister of the First United Methodist Church read the

Wedding Reminder

Friends and relatives of Tammy Christian and Dennis Willard are reminded of the couple's wedding tomorrow (Saturday) at 6 p.m. CDT in the Oklahoma Lane United Methodist Church.

Parents of the couple are Mr. and Mrs. Wendol Christian of Farwell and Mr. and Mrs. Vernon Willard of Bovina.

Frede Lea Leavell of Texico and Oliver Neie of Albuquerque, will exchange wedding vows tonight (Friday) at 7 p.m. MDT at Immanuel Lutheran Church, 11th and Prince, Clovis. All friends and relatives are invited to attend.

The bride-elect's parents are Mr. and Mrs. Howard Leavell of Texico, and Mr. and Mrs. Oliver Neie of Albuquerque, are parents of the bridegroom.

doubling vows before a small A-frame house in the backyard, with mammoth baskets of daisies, chrysanthemums, gladioli and greenery placed on either side of the porch area. Guests were seated on the patio which featured hanging pots of greenery and clusters of green plants, as well as pots of yellow and gold chrysanthemums placed in groupings in the garden area.

Providing background piano music was Jerry Fort of Tatum and Portales, who played traditional selections preceding the ceremony including "You've Got A Friend," and accompanied the bridegroom who played the guitar and sang "Lady, Our Time Has Just Begun" to the bride before pronouncement of vows. At the conclusion of the ceremony, all those attending and the bride and bridegroom repeated "The Lord's Prayer," as the couple knelt.

The bride, given in marriage by her father, chose an empire gown of white satin with long sleeves banded with insets of delicate lace and with matching lace insets on the bodice and the skirt. The gown was designed and made by her mother. Her heirloom veil, designed by her late maternal grandmother for the bride's aunt was attached to a tiara of seed pearls and irridescent. She carried a nosegay of daisies and yellow rosebuds atop a lace covered family Bible.

For something old, she chose the veil, new was her wedding gown, blue was her garter and borrowed from her friend, Eddie Gail Wood, were her satin shoes.

Her maid of honor was her twin sister, Sandy, who wore a yellow floor-length gown of double knit with a matching lace jacket. She carried a nosegay of yellow chrysanthemums.

Serving his friend as best man was Bill Myers of Cisco, Texas and the University of Texas in Austin. The bridegroom and best man wore beige tuxedos with matching ruffled shirts.

For her daughter's wedding, Mrs. Gray selected a beige dress with a matching jacket and Mrs. Graham selected a mint green fitted dress with standup collar and covered buttons. Both wore corsages of daisies and yellow rosebuds.

A luncheon was served to the wedding party and guests following the wedding, and featured smoked turkey, ham, potato salad, green salad,

fresh fruit salad, relishes, cheeses and breads. Quartet tables were covered with pastel gingham checked cloths, and centered with milk glass bud vases holding matching pastel gingham checked flowers and fresh greenery. Centerpiece of the serving table was a straw basket holding mammoth gingham checked flowers.

Following lunch, the bride and the bridegroom traditionally cut the cake. The bride's table was covered in white organdy applied in linen and centered with the three-tiered cake which was iced in white and decorated with yellow rosebuds and green leaves. Topping the confection were wedding bells backed by lacy hearts and enclosed in an upturned brandy snifter topped by matching bells.

Handmade mints designed by Mrs. Odis Killingsworth matched the yellow rosebuds and green leaves on the cake.

The unity candle used in the wedding of the bridegroom's parents 25 years ago, was accented by the bouquets of the bride and the maid of honor. Fruit punch was served from a silver bowl and featured floating lime and lemon slices. Coffee and nuts completed the refreshments.

Guests were registered by Miss Sabrah Lynn Ritchey. Registration table was accented by an oval decoupage picture of the couple which was placed on a golden easel enhanced by a miniature cupid. The picture was a wedding gift from Amy Harada. A white plumed pen was used for registration in the bride's book.

Immediate families of the young couple who attended the wedding were Mike Gray of Buras, Louisiana and Farrell Gray of Las Cruces, brothers of the bride, her parents and her maid of honor, Sandy; and Mr. and Mrs. Ron Graham of Abilene, Texas, John, Andy and Steve Graham of Lovington, brothers and sister-in-law of the bridegroom, and his parents.

For a wedding trip to Ruidoso, the bride selected a yellow jumpsuit with a corsage of yellow rosebuds.

The bride is a graduate of Lovington High School and is employed in the advertising department of Lovington Daily Leader. The bridegroom was graduated from Lovington High School and attended McMurry College in Abilene, Texas. He is employed by the Permian Ford in Hobbs.

They are at home in Lovington.

Gwen Rundell Feted With Bridal Shower

Gwen Rundell of Farwell, bride-elect of Tom DeWitt of Independence, Mo., was honored with a bridal shower June 6 at the Fellowship Hall of the First Baptist Church in Farwell.

The bride-elect's colors of pink and yellow were carried out in the decorations. The registration table was covered with a yellow cloth and centered with an arrangement of pink flowers.

A ruffled yellow cloth covered the serving table which was centered with a bouquet of spring flowers. Milk glass appointments were used to

serve assorted cookies, nuts, mints and punch. Serving at the table were Louise Hancock and Alene Weiss.

Hostesses were Mesdames Lucille Dollar, Shirley Langford, Louise Hancock, Alene Weiss, Katie Nicewarner and Rubie Craft. The hostess gift was a multi-purpose slow cooker.

Corsages of kitchen gadgets trimmed in pink and yellow were presented to the bride-elect and her mother and grandmother, Georgia Rundell and Mrs. Ray Mears, respectively.

Golden Circle Class Has Salad Supper

Golden Circle Class of the First Baptist Church in Texico met in the fellowship hall June 9 for a salad supper. Mamie Hightower sang "In The Garden" and "Never Grow Old." She was accompanied by Ruth Reid.

Mary Dorris gave the devotional "Read, Pray and Obey," a commentary on various versions of the Bible.

During the business meeting

several names were listed for prayer and get-well cards.

Nora Day closed the meeting with a prayer. Those attending were Mesdames Ophelia Billington, Dorothy Rolan, Bernice Thigpen, Mary Brown, Evelyn Hadley, Frances Boling, Ruth Reid, Nora Day, Mozelle Kirby, Mary Dorris, Minnie Hagler, and guests Mamie Hightower and Cara Reid.

Feted With Housewarming

A housewarming was held June 6 at the home of Mr. and Mrs. Albert Terry, who recently moved to Farwell from Clovis. Hosting the occasion were Mr. and Mrs. Robert Porter and Mr. and Mrs. Ed Wilkins of Clovis and Mr. and Mrs. Hugh Edwards of Farwell.

After the gifts were opened,

homemade ice cream and cake were served.

Those attending besides the honorees and the host couples were Mrs. Terry's sisters and husbands, Mr. and Mrs. Don Opheim of Denver, Colo. and Mr. and Mrs. Dave Springer of Melrose, N.M., and Mr. and Mrs. Dennis Edwards, Kippi and Sibbi of Phoenix, Ariz.

Observe 25th Anniversary

Mr. and Mrs. Hubert Gohlke of Oklahoma Lane celebrated their twenty-fifth wedding anniversary Tuesday evening with a dinner in their home.

Present for the celebration were their children, Linda and

School Nurse Retires After 25 Years

by Shirley Gorman

An era has ended at Farwell Schools. Katherine Lockhart, school nurse for 25 years, retired this school year. When students, teachers and administrators return to classes next fall they will note the absence of the gracious, silver-haired woman who always had kind words and happy smiles for all she came into contact with.

When Mrs. Lockhart embarked on her career as a public schools nurse 25 years ago, she served Farwell, Bovina and Lazbuddie schools on a cooperative basis. She explained that the schedule was originally set up that way because neither of the schools had enough teachers to warrant a full time school nurse.

Mrs. Lockhart says that in 1959 Farwell reached its quota -- but because the other schools had not -- services continued to be shared. During the last few years she served Bovina and Farwell mainly and helped Lazbuddie in an advisory capacity only. Until her recent retirement she visited Farwell schools on Mondays, Thursdays and Fridays and Bovina schools on Tuesdays and Wednesdays.

The retired school nurse has always enjoyed working with pupils and helping them. Mrs. Lockhart's tasks were varied and were always designed to help the student. Besides administering first aid treatment when necessary, she also screened students for potential health problems, always seeking the proper avenue of help

to aid the child.

Mrs. Lockhart fondly recalls a boy afflicted with curvature of the spine who was restored to full physical capacity after she helped arrange for an operation. And in 25 years she has witnessed her share of epidemics, from mumps, chicken pox and measles to scarlet fever, and prior to the vaccine, even a few cases of polio.

Mrs. Lockhart says teachers always sent pupils who did not feel well to her. Sometimes the students would lie on the bed for awhile, other times she would have to call their parents. She stressed that state laws always prohibit dispensing any medication other than first-aid fundamentals.

During her years in the Farwell school system, Mrs. Lockhart has noted many changes, including the construction of the elementary and high school buildings, gymnasium, band hall and home economics cottage. She pointed out that the present administration building was at one time the old home economics building.

Through the years the site of her office has changed locations several times. Mrs. Lockhart first occupied a room in the original school building which has since been torn down. Later, after the new elementary building was constructed, her office was located in what is now the teacher's lounge.

Mrs. Lockhart commented that one of the earlier superintendents had recommended that she not wear the stiff white uniforms which characterized nurses, as school-age children might be unnecessarily frightened. As a result she opted for the soft blue uniform which she has worn all these years.

According to Mrs. Lockhart she has always liked the variety of her job. And she admits to liking her role as a school nurse better than any of the other nursing jobs she has held.

She commented that "children are basically the same," adding, after a moment's thought, that "perhaps they might have been a bit more disciplined years ago." She also said that during her years as a school nurse, parents, superintendents and principals "were all good to work with." She remarked that Jack Williams, high school principal who also retired this school year, was the only member of the Farwell schools who was part of the system at the time she was hired in 1952.

Mrs. Lockhart was born in Dallas and lived most of her life there. However when she married her husband John,

who is a retired Santa Fe railroad employee, they moved to Texico where they have lived ever since.

The Texico woman became interested in nursing in a roundabout way. Because of her interest in science and related fields, her choice of a nursing career was really quite natural. But, at the time she entered Baylor University Mrs. Lockhart was studying to be a high school English teacher.

Things began to change rapidly when a roommate fell quite ill and Mrs. Lockhart tended to her every need. Later her friend convinced Mrs. Lockhart that nursing was the life for her. She complied and earned her nursing degree at what is now called Mary Hardin College at Belton, Tex.

Her first job was as a private duty nurse in Dallas when it was not unusual for a nurse to work 12-20 hour shifts. Later Mrs. Lockhart went to work for the old Baptist Hospital in Clovis. After Clovis Memorial Hospital was built, it was torn down.

It was while working in Clovis that Mrs. Lockhart met her future husband.

Parmer County Judge A.D. Smith, who was the ex-officio county superintendent in 1952, and his wife, Genevieve, who taught music, first suggested to Mrs. Lockhart that she become the school nurse for county schools. She accepted and, according to her, has not regretted one moment of the past 25 years.

Mrs. Lockhart also commented that her basic responsibilities had not changed in 25 years, but a few improvements have been added, such as an audiometer which detects early hearing problems and updated visual testing equipment.

Besides working as a nurse, Mrs. Lockhart was also kept busy helping her husband rear five children; three sons and two daughters. Allen C. Lockhart, a naval commander, lives in San Francisco, Calif., with his wife and three children. Dick Lockhart, who works for the Federal Aviation Agency in Washington, D.C., also has a wife and three

children. Dr. and Mrs. David Lockhart live in Forest City, Ark., with their three children. Mr. and Mrs. Jon Schroeder and their family of three live in Houston where she teaches at an elementary school, and Mr. and Mrs. Weldon Hutchinson of Waco have one child.

Mrs. Lockhart has also maintained an active interest in church work. She presently teaches adult Sunday School classes at the First Baptist Church in Texico and has taught elementary classes as well. She has also worked with a missionary organization.

At present, Mrs. Lockhart has no specific retirement plans, but she admits that someday -- perhaps -- she might like to take a refresher course in nursing. According to her, the nursing field has changed a lot since she first entered it and throughout the years of service she often attended workshops in an effort to keep abreast of all changes and advancements.

But no matter what Mrs. Lockhart decides to do now that she has retired, one can be certain that she will tackle it with the same perseverance, dedication, determination and expertise that marked her years, both as a nurse and as a school nurse.

Gives Hearing Test

While serving as the school nurse for Farwell and Bovina schools for the past 25 years, Katherine Lockhart administered many tests to students in an effort to detect problems early. She is pictured using the audiometer to test the hearing of Norine Jones, daughter of Mrs. Heidi Jones.

School Nurse Retires

For 25 years, until her retirement this year, Katherine Lockhart was the school nurse for Farwell and Bovina schools and she also served as the advisor to Lazbuddie schools. For more than two decades Mrs. Lockhart has looked after the physical well being of the pupils who have attended the schools, seeking to diagnose problems early and to provide satisfactory solutions to them.

Reading Program Success

The summer reading program at Farwell Elementary School library has been quite successful so far, according to Mrs. Janice Fant, head librarian. She says that there has been a "real good turnout" with attendance increasing from one session to the next.

Children attending the program every Wednesday in June and July from 10 to 11:30 a.m. CDT may check out books and also enjoy the "story hour" from 10:30 to 11:30, featuring puppets and

films.

At Farwell High School Library, however, the summer reading program "has not been well attended at all," according to Mrs. Carrie Anderson.

Both Mrs. Anderson and Mrs. Fant stress that the libraries are open to the public. They encourage adults as well as teenagers to use the high school and junior high school libraries and check out books every Wednesday from 10 to 11:30 a.m. CDT.

State Tax Repr. To Be In Farwell

State Comptroller Bob Bullock announced he is sending a representative from his Amarillo Field Office to Farwell on Wednesday, June 22, to assist local taxpayers and answer questions about state taxes.

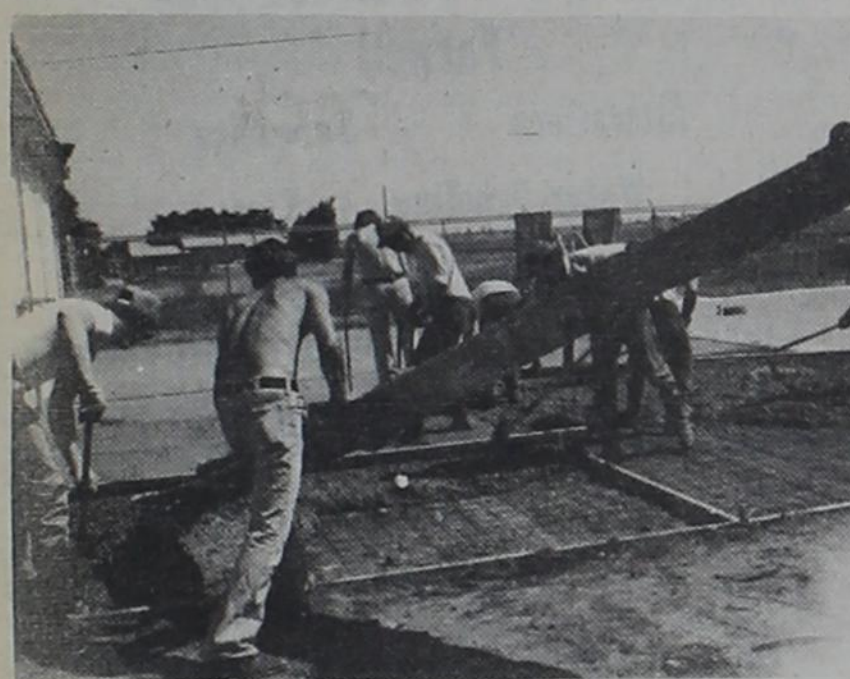

Bullock said Enforcement Officer Jerrell Thaxton will meet with local taxpayers at the County Court House in Parmer County from 10 a.m. until 2 p.m.

"If Parmer county merchants, or any one else for that matter, have any questions about state taxes or need help in preparing tax forms, Mrs. Thaxton will be there to

assist them," Bullock said. "We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet with his representative on June 22, that they can still get their questions answered quickly by calling his TOLL-FREE INFORMATION NUMBER IN AUSTIN. That number is 1-800-252-5555.

The Amarillo Field Office headed by Claudia Stravato, serves the 26 counties of the Texas Panhandle.

Work On Texico Pool

Last week students in the vocational masonry class at Eastern New Mexico University, Clovis Campus, were busy laying cement for the runway of the swimming pool in Texico. A final pool workday was held Saturday and the swimming pool was open for the summer season on Monday afternoon.

Letters To The Editor

Dear John,

I was reading your "Memorial Day musings" and will have to tell you that there's a little Oklahoma town here that has a Ladies Auxiliary in it. There are 23 members and we were out at the break of day putting flags on the graves of the boys who fought for us. We had our VFW boys as well as our little town of Tipton, Okla., behind us. We put out six dozen American flags and five Ladies Auxiliary flags for our sisters who have gone on.

So I say, keep on your town and get them on the ball before another year. Let's don't forget our boys who worked so hard for us to have such a nice place to live.

Very truly,
Ladies Auxiliary of VFW

Farwell Elementary school children, teachers, administrators, parents and interested onlookers enjoyed a crazy day of fun, games and sheer madness as an "Anything Goes" day was staged on the school grounds Wednesday, May 25. One of the highlights of the day was a tacky clothing race as shown in picture one during which students like Melinda McMillan, daughter of Mr. and Mrs. Otis McMillan, and Martin Arguelles, son of Mr. and Mrs. Pedro Arguelles, raced against each other dressed in sloppy clothes of the opposite sex. In the second picture Carl Hutchins, seated, son of Mr. and Mrs. Lee Hutchins, and David Rubio, son of Mr.

and Mrs. Domingo Rubio, are preparing for the wagon race. Picture three shows Sharon Grosz, daughter of Mr. and Mrs. Melvin Grosz, negotiating the tricycle obstacle course. And perhaps the funniest event of all was the "runny nose" race as shown in the fourth picture. Little Kerri Parker, daughter of Mr. and Mrs. David Hall, attempts to guide Curtis Chisom, son of Mr. and Mrs. Clarence Chisom, across the finish line. Several kindergarten children are seated in the background observing the fun, games and merriment. All events were sponsored by the elementary school children and their teachers.

Thinking of Leasing or Renting your Tractor Power?

Here's the long and the short of it!

The Long—That's the Case Lower Payment Lease Plan. A lease program of up to 60 months for qualified customers. Many find leasing more attractive than ownership depending on their tax bracket and expansion plans. Taking the lease payment off the top of your operating expense often saves more than the usual interest, tax and depreciation deductions.

Plus—When you lease you don't tie up capital in equipment. Payment schedules can be tailored to your cash flow. We will purchase your existing equipment and lease you new replacements which can be exchanged if your power needs change.

The Short—Renting your tractor power by the week or month is an ideal way to boost your production during busy seasons.

Match your work schedule with two or four wheel drive tractors, and when you're done just bring the tractor back. No long term commitment in money or machine. Warning! You could fall in love with your Case Rental Tractor. Contact your participating Case dealer for availability of certain units.

For additional information on Case Finance Plans, write J I Case Company, Dept. AG/CCE, 700 State Street, Racine, WI 53404.

Plan ahead, long term and short, with the farm power you need from Case.

Awards Given At Graduation

Awards presented at the recent Farwell High School commencement exercises included the valedictory medal plus a one-year full scholarship to any state supported college to Natalie Dollar, class valedictorian. Natalie was also the recipient of the old "loving cup" and the \$50 bond pre-

sented by Mr. and Mrs. Lawrence Cooper.

Ron Hancock, salutatorian of the class, received the salutatory medal plus a one-year full scholarship to any church-related college in the state.

Sherrri McCully received the citizenship award.

An old saying has it that ladies who propose to gentlemen during a leap year and are not accepted may instead ask for a silk dress.

CARD OF THANKS

We, the family of Claude B. Watkins, want to thank our many friends and relatives for their prayers, concern, cards, letters and visits; also for the food that was served at home and at the Methodist Church, and for the beautiful flowers and memorials to Tarbox Parkinson Research Institute.

We especially want to thank Brother Moody Smith and Brother J.J. Terry for their consoling words. Thanks also to the musicians and those who sang. May God bless each of you.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

GRACE ABOUNDING

In a letter to his spiritual son Timothy, Paul wrote some 1900 years ago about his conversion.

"I was before a blasphemer, a persecutor, and injurious, but I obtained mercy because I did it ignorantly in unbelief. AND THE GRACE OF OUR LORD WAS EXCEEDING ABUNDANT..." (I Tim. 1:13,14). And he follows this with the now famous declaration:

"THIS IS A FAITHFUL SAYING, AND WORTHY OF ALL ACCEPTATION, THAT CHRIST JESUS CAME INTO THE WORLD TO SAVE SINNERS, OF WHOM I AM CHIEF" (Verse 15).

Upon reading these words of Paul, those who know their Bibles will immediately recall the words of Romans 5:10,21:

"...The law entered, that the offense might abound, BUT WHERE SIN ABOUNDED, GRACE DID MUCH MORE ABOUND, THAT AS SIN HATH REIGNED...SO MIGHT GRACE REIGN..."

These two passages from the pen of Paul have a closer connection than may appear on the surface. The Apostle Paul, once Saul of Tarsus, had led his nation and the world in rebellion against Christ. "As for Saul," we read in Acts 8:3, "he made havoc of the church," and he himself testified to the Galatians: "Ye have heard...how that beyond measure I persecuted the church of God, and laid it waste" (Galatians 1:13).

Yet God, in infinite mercy, had saved Saul, not only for Saul's own sake, but to make him the living demonstration of His grace. Thus, in writing to Timothy, the apostle goes on to explain: "Howbeit, FOR THIS CAUSE I OBTAINED MERCY, THAT IN ME FIRST JESUS CHRIST MIGHT SHOW FORTH ALL LONGSUFFERING, FOR A PATTERN TO THEM WHICH SHOULD HEREAFTER BELIEVE ON HIM TO LIFE EVERLASTING" (I Tim. 1:16).

Let's take our places with Saul, the sinner, and find salvation by grace through faith in Christ, the Savior. "Believe on the Lord Jesus Christ and thou shalt be saved."

Area Schools Set Calendars

(Editor's Note: The following calendars for 1977-78 have been released by Farwell, Texico and Lazbuddie schools.)

James Perkins, superintendent of Farwell Schools, said that a bill presently being considered by the Texas Legislature might limit the number of days in the school year to 170 school days and ten in service days. "In that event," Perkins added, "we will adjust our calendar accordingly."

James Pierce, Texico superintendent, has released the following calendar for the upcoming school year:

A teacher's meeting will be held August 19. Classes will begin August 22 and will end May 23. Schools will dismiss September 5 for the Labor Day holiday.

Texico teachers will attend a state teacher's meeting in Albuquerque October 27-28. The dates for the Thanksgiving holiday are November 24 and 25. Christmas vacation will be from Dec. 22-30. March 20-24 classes will be out for the spring break.

The office of Sam Barnes,

Lazbuddie school superintendent, has issued the following tentative school calendar for 1977-78:

Aug. 22-26 will be in service days for faculty. Registration and first day of classes is Aug. 29. Labor Day holiday will be observed Sept. 5 and the first six weeks ends Oct. 7. On Nov. 4 teachers will attend the TSTA convention and the second six weeks ends Nov. 22. Nov. 23 will be a teacher work day and Nov. 24 and 25 will be Thanksgiving holidays and the end of the first quarter.

School will be dismissed for the Christmas holidays Dec. 22 and will resume Jan. 2. Jan. 19 will mark the beginning of the fourth six weeks. The second quarter ends Mar. 2 and teachers have a work day on Mar. 3.

Third quarter begins Mar. 6 and the school will observe an Easter break Mar. 20-24. The fifth six-week period ends Apr. 19 and the end of the sixth six-week period and third quarter ends May 31. Eighth grade graduation and a teacher work day will be on June 1 with high school commencement and another teacher work day set for June 2.

Reseeding Operations

Revegetation on Running Water Draw Watershed Site #2 (Bovina) has been completed. Part of the reseeding operations included blowing grass mulch on the dam site (photo 1) and seeding grass on the Bovina Dam (photo 2). Note the winch supporting the tractor on the slope. Other practices included fertilizing, and cultupacking. Eleven different types of grasses - five native to Parmer County - were utilized in the project. (Photos courtesy SCS office, Friona.)

Legal Notice

NOTICE OF SALE OF ABANDONED PROPERTY

TO: Joe Cruize, Bovina, Texas, and all other interested persons:

You and each of you are hereby given notice under the provisions of Article 6687-9, Section 4, et seq., of Vernon's Annotated Civil Statutes of Texas that one 1968 D100 Dodge Pickup Truck, Serial No. 1187030512, located at the business of J.C. Robertson, Jr., dba Farwell Motor Exchange, on 9th Street in Farwell, Texas, is being held for repairs due to the said J.C. Robertson, Jr. The owner and any lienholders have the right to reclaim this motor vehicle within 20 days after date of publication of this notice, upon payment of all repair charges due the said J.C. Robertson, Jr. Failure of you to exercise your right to reclaim said motor vehicle within the time prescribed shall be deemed a waiver by you as owner and lienholder of all rights, title and interest, in

the vehicle and shall constitute your consent to sale of said abandoned vehicle at public auction.

You and each of you are hereby given notice that I will sell said herein described motor vehicle at public auction at the courthouse door of Parmer County, Texas, on the 12th day of July, 1977, at 10:00 o'clock A.M. unless the same is reclaimed by you as herein provided.

The purchaser of the motor vehicle shall take title to same free and clear of all liens and claims of ownership by you or anyone else and shall receive a sales receipt from the undersigned and shall be entitled to register the purchased vehicle and receive a certificate of title.
