July 29-30 - -

Border Town Days Fun For Everyone

Twin Cities clubs, civic organizations and interested residents are busy making preparations for Border Town Days, slated for Friday and Saturday of next week. The two-day celebration will get underway July 29 at 8 p.m. CDT with the first performance of the rodeo which is being sponsored by the Jaycees for the second year in a row. It is a High Plains Rodeo rather than the AJRA rodeo as have been staged here in the past.

Tickets may be purchased in advance from any Jaycees member. Prices are \$2 for adults and \$1 for students.

Eddie Winegeart, Jaycees president, also announces that a "greased pig catching" contest will be held in conjunction with the two performances of the rodeo. The contests, for Farwell residents only, will be staged in between regular rodeo events and trophies will be awarded to the winners. The Friday night contests will be open to children nine through 13 years of age, and the Saturday night contests are for children eight years old and under.

In preparation for the big rodeo event next week the local Jaycees have also planned a workday at the arena Saturday. Members of the organization are expected to spend the day getting the arena in shape for the rodeo.

Members of the Jaycees will operate the chutes and gates, and will run the concession stands during the two nights of the High Plains Rodeo. Roy Snodgrass will serve as barrier judge and Larry Huff will be the flagman.

Herb Williams of Tulia

will be the announcer, as in past years. Bucking judges and clowns will be provided by the HPJRA. Mrs. Keith Moore of Clovis is the rodeo secretary and the stock is being furnished by Bill Halliday of Elida, N.M.

All entries for the rodeo competition were to be mailed to P.O. Box 1531, Clovis, N.M. 88101 and postmarked no later than 5 p.m. MDT Thursday, July 21. All contestants may enter any three of the four events listed in their respective age group.

Besides the entry fee (which varies for different events), a stock charge and administration fee will also be charged to each contestant. The administration fee is \$2 for HPJRA members and \$5 for non-members. The stock charge is set at \$2 per calf, \$3 per steer and \$7.50 per bull or bareback.

Events in the boys 16-18 category include bareback bronc riding, tie down calf roping, bull riding and team roping competition. A \$15 entry fee will be charged for each event.

Boys in the 13-15 division may enter bareback bronc riding, tie down calf roping, junior bull riding or team roping. An entry fee of \$10 will be charged for each event.

Contestants in the boys 12 and under category may choose from calf touching, steer riding, breakaway roping or team roping. Entry fee for each event will be \$7.50.

Contestants in the girls 13-15 and 16-18 divisions may enter barrel racing, pole bending, goat tying or breakaway roping. The entry fees are \$10 and \$15, respectively.

Entrants in the girls 12 and under division may

enter barrel racing, pole bending, goat tying and flag race. The entry fee is \$7.50.

Girls and boys in the 8 and under division may enter barrel racing competition. The entry fee is \$5.

In addition to the rodeo, other BTD activities will include a parade, old fiddlers contest, watermelon feed and other family activities. One of the special attractions of the two-day celebration will be the parade which is slated to begin at 2 p.m. CDT Saturday. The parade route begins in Texico and will continue to the eastern edge of Farwell.

All Twin Cities clubs, organizations and interested individuals are encouraged to enter floats and vehicles in the parade. Texico-Farwell Lions Club will award prizes of \$25, \$15 and \$10 to the top three entries in the parade.

James Pierce, president of Texico Chamber of Commerce, announced that they would prepare and enter a float in the BTD parade.

At the close of the parade other BTD events will get underway at Farwell City Park. An old fiddlers contest will be staged and money prizes will be awarded to the

(Continued on Page 2)

Farwellites Asked To Conserve Water

The heat wave which has gripped the area since last month has caused many Farwell residents to use an excessive amount of water, reports Dee Hammit, water superintendent. He adds that perhaps due to the excess heat many local citizens have exceeded the use of 50,000 gallons this past month.

At this time he feels it is important to remind residents about the current water rates as they may have "forgotten them or are unaware of them."

A fee of \$4.25 is assessed for using 4,000 or less gallons of water a month. Twenty-five cents per thousand is charged for every thousand gallons used up to 50,000. A \$1.00 fee is charged for each 1000 gallons used beyond 50,000.

Hammit says that even

though Farwell has "plenty of water to meet the current demands, people should be willing to conserve." He stresses that everyone should be conscious of how they use water, emphasizing that watering lawns etc., in the most economical way is a good sound policy to follow.

Even though Texico, Farwell's sister city, is also affected by the continued hotter temperatures, City Clerk Clara Wehl does not report an excessive use of water. "So far," she says, "people seem to be conserving."

According to Mrs. Wehl, water rates in Texico are \$6 per month for 4,000 gallons or less; 80 cents per thousand for the next 2,000 gallons and 35 cents per gallon for every gallon used over 6,000.

Texico-Farwell All Stars

Texico-Farwell Little League All-Stars will see action in the Little League District Tournament when they take on Cannon AFB Wednesday night, July 27, at 7:30 p.m. MDT at Dickerson Park, 14th and Sycamore in Clovis. Team members and coaches for the 1977 all stars are, from left to right, front row: Brad Steward, Kevin West, Johnny Daniels, Lezlie Castleberry; middle row: Ronnie Galvan, Manuel Cantu, Joe Steward, Frank Cantu; back row: Jeff Day, Coach Eddie Smith, Allen Hadley, Tony Bradley, Lloyd Williams, Alan Eubank and J.W. Eubank, manager.

Wednesday - -

All-Stars To Begin Tournament Play

Texico-Farwell Little League All-Stars, under the direction of coaches J.W. Eubank and Eddie Smith, have been working out since the first week in July. Their mettle will be tested in the Little League District Tournament at 7:30 p.m. MDT Wednesday, July 27, at Dickerson Park, 14th and Sycamore, when they match skills with the Cannon AFB All-Stars.

All tournament games will be played in Clovis. The coaches encourage everyone in the Twin Cities to come out and support their team next Wednesday.

Equipment and uniforms for the local team have

been furnished by the Texico-Farwell Youth Commission.

Of the 16 members of the Texico-Farwell All-Stars, five were chosen from first place Worley Grain; six from second place Tide; and three each from Kelly Green and Aldridge Insurance, who finished third and fourth, respectively, in regular season play.

All-Stars coaches Eubank and Smith also guided Worley Grain during its winning season.

All-Stars and the teams they played on during the regular season are: Lloyd Williams, Joe Steward, Brad Steward, Alan Eubank, Allen Hadley, Worley

Grain; Frank Cantu, Manuel Cantu, Lezlie Castleberry, Tony Bradley, Ronnie Galvan and Johnny Daniels; Tide; Kevin West, Jeff Day, Joe Michael Sanchez, Kelly Green; and Billy Bibbs, Sergio Arce and Earl Bibbs, Aldridge Insurance.

Earl Bibbs, an honorary All-Star, is unable to play because he broke his wrist during regular season play.

Sponsors of the Little League teams for this year were Clara's Spur Restaurant, Worley Grain, Citizens Bank, Aldridge Insurance, Sherry-Anderson-Pitman, Kelly Green Seed, Tide Products and Interstate Fertilizer.

Ladies Golf Association To Host Tournament

Farwell Ladies Golf Association and local merchants are teaming up to organize and sponsor the annual Women's Invitational Golf Tournament July 28-29 at the Farwell Country Club. Alice Vinton is tournament chairman.

Tee-off time on Thursday of next week is 10 a.m. CDT with coffee and donuts being served an hour before. On Friday the tee-off time will be 9 a.m. Following final play, awards will be distributed to all the winners.

Mrs. Vinton reports that tournament play will involve four flights, champ-

ionship, first, second, and third, and that all contestants will play with a partner. She says that 28 teams have registered from the surrounding area, including Hobbs, N.M., Tucumcari, N.M., Seminole, Floydada, and Nazareth.

Mrs. Vinton added that they received so many entries that they literally had to "turn people away." The local chairman said that gift certificates would be given to the winners in each flight. Longest drive, closest to the pin awards, and door prizes will also be given, she adds.

Mrs. Vinton said that

sandwiches will be served during tournament play and a supper will be served at 7 p.m. Thursday CDT at the Country Club for all participants in the annual tournament.

Texico Marshal Investigates Fire

Texico City Marshal Mickey Fenn reports that arson is suspected in a fire which broke out in the Weldon Cain home, 520 Turner Street, Texico, early last Thursday morning. Marshal Fenn estimated the damages to the kitchen to be \$800, adding that no

one was injured in the early morning blaze.

Fenn also commented that samples from the remains of the fire have been sent to the FBI Lab for analysis. He said he has no other leads as yet, but is continuing to investigate the incident.

Parmer & Curry Excellent - -

Voter Turnout Good In Beef Referendum

If the rest of the nation's cattle producers turned out in numbers like those in Parmer and Curry Counties, then the Beef Referendum will produce a valid mandate, regardless of the outcome, as shown by local voter interest.

Friday was the final day of voting in the Referendum and at the close of the polls, Prentice Mills of the Parmer County ASCS office reported that 140 of the 170 registered voters in the county had cast ballots. Of this number, 116 voted for the Referendum while 24 voted against it.

Over in Curry County, 152 of the 193 registered

voters marked ballots with 85 voting yes and 67 voting no. All across the Panhandle and High Plains areas, counties were reported to have had good turnouts of voters.

Mills called the Parmer County turnout "excellent," adding that it was a positive statement of the cattle producers in the county.

Before the Referendum can pass nationwide, at least 50 percent of the registered producers must have cast ballots and the issue must pass by a two to one majority.

Outcome of the national

vote will probably not be known until next week; however, the total count in the state of Texas was expected to be released today (Friday).

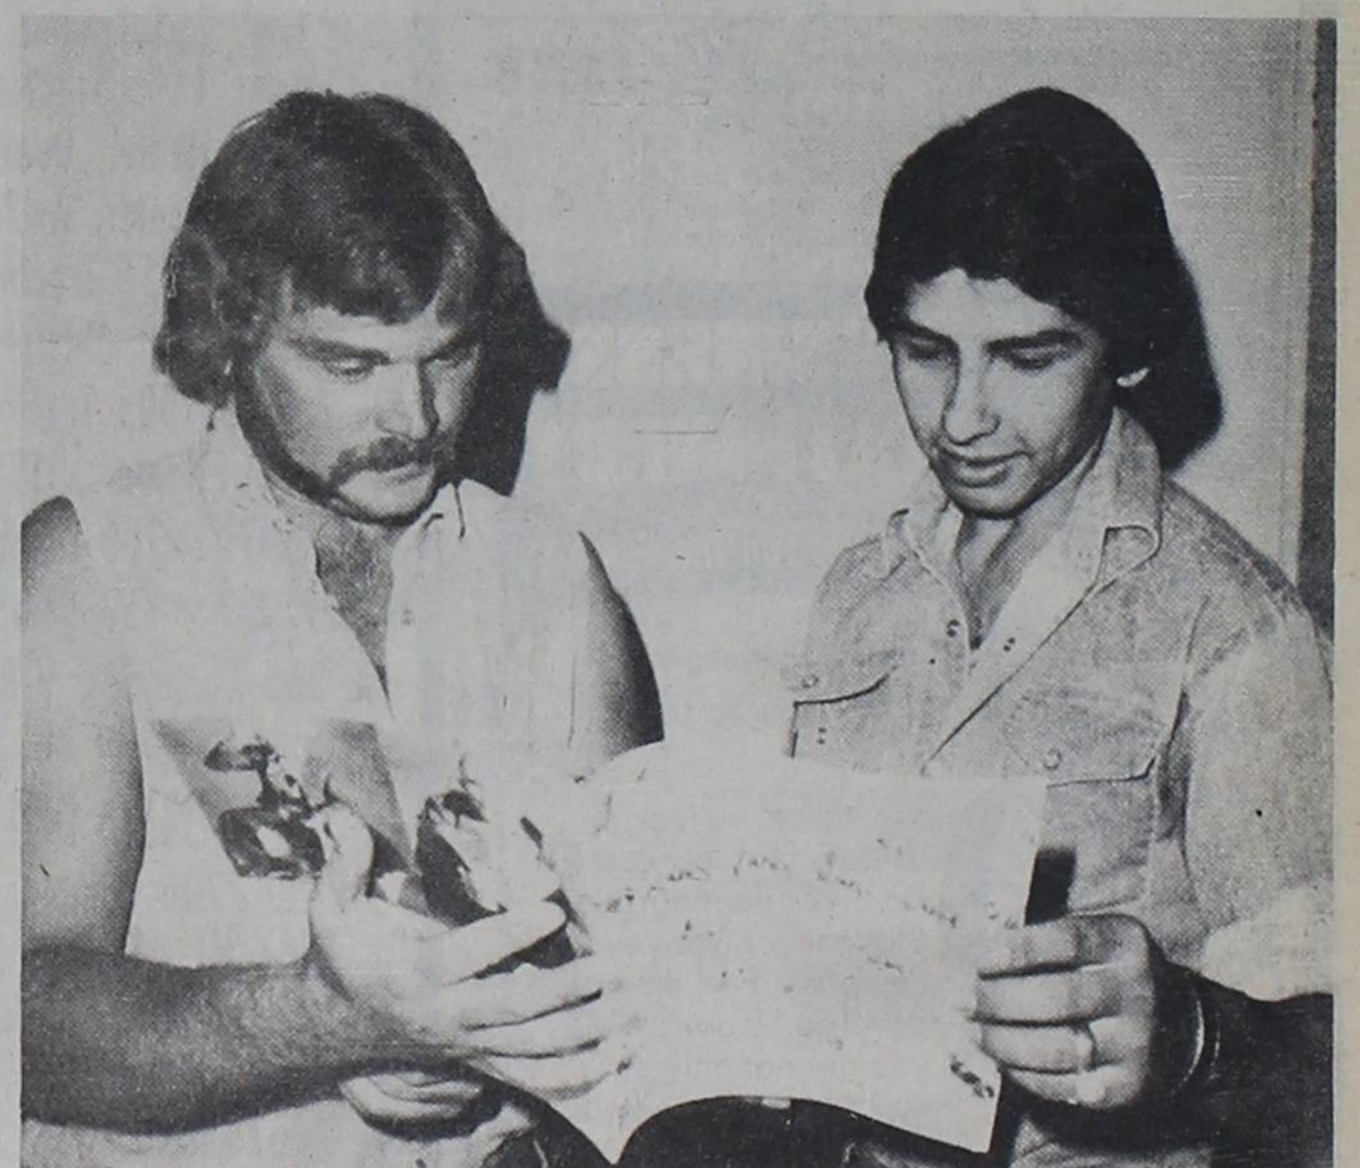

Although opinions varied as to how the issue might fare on the national scale, local and area leaders were expecting a landslide favoring the referendum, which would create a special marketing and advertising board for the beef industry.

A beef board will be appointed if the vote is favorable and the board will consist of not more than 68 members from across the nation. They will be selected from the ranks of

beef producers by the Secretary of Agriculture as nominated by their producer organizations.

Representation on the board would be proportional to the number of cattle produced in each state or geographical area. Based on its cattle production Texas will have seven producers on the board.

If producers approve the program it is possible that the board might meet later this year; however, it would probably be sometime in 1978 before a research and information program could be developed.

JC's Plan
Jr. Rodeo

Farwell Jaycees, Ricky Ketcherside, left, and Ricky Gonzales are busy studying the programs for the High Plains Junior Rodeo Association which the local organization is sponsoring. The initial performance of the rodeo -- slated to begin Friday night July 29, at 8 p.m. CDT -- will kickoff the 1977 edition of Border Town Days.

The "blackout" in New York City went deeper than just the loss of electricity for a big city. It went further than a graphic demonstration of this country's dependence on energy. It went to the heart of this nation and exposed the decadence simmering just beneath the surface of our civilization.

The exposure of the moral rot afflicting our society is being largely ignored by our electronic news media, our legislators and even by those directly concerned with that night of lawlessness.

Already the vernal politicians are looking for scapegoats among the utilities. U.S. Senators and Representatives are introducing legislation to tax the people of Parmer County for the breakdown of law and order in New York City.

The finger of guilt is being pointed everywhere except at the liberal, permissive attitude that has exalted "human rights" above "property rights."

The simple proposition that there are no human rights without property rights has been under political attack in this country for the past two decades. The elementary idea that countries without property rights are also countries without human rights is a fact being carefully hidden in today's modern press.

In other years looters taking advantage of natural catastrophes were shot out of hand. Think of the hue and cry that would have engulfed the press if the police of New York City had summarily shot a few dozen of the looters as they engaged in their lawless activities. Good grief, we would still have electronic pundits wringing the crying towel for the poor downtrodden welfare recipients who just couldn't help but smash windows and set fires that destroyed the economic lives of hundreds of other law abiding citizens.

If we reach the point where we cannot enforce all our laws, then we will soon get to the point where we cannot enforce any of our laws. That will end our society -- without an external invasion.

Our mail has always been a diverse bag of stories, handouts, advertisements and political releases. Lately we have been on the receiving end of news releases extolling the importance of various business concerns to our locality. Usually we give these the "deep six" treatment, but lately we have taken to reading them and as a consequence we are beginning to appreciate even more the place of American industry in our economy.

A "for instance" this week is a report by the Phillips Petroleum Company about the extent of their operations in Texas. We were impressed by the dollar volume that Phillips contributes to this area's economy. We are sure that this applies to other major suppliers of energy and farm equipment.

From these many publicity broadsides we are understanding better than ever the interweaving of all facets of our complex economic society and how weakening one strand will weaken the entire fabric.

Our small newspaper is not able to present these

Checks Rodeo Entries

Mrs. Keith Moore of Clovis, High Plains Rodeo Association secretary, is marking in one of the many entries she has received for the High Plains Rodeo slated to begin next Friday night at 8 p.m. CDT at the Farwell arena. Mrs. Moore says that according to the entries received so far she anticipates at least 125 ranches each night of the rodeo. The Farwell Jaycees are sponsoring the event which is a highlight of the annual Border Town Days celebration.

Fun For Everyone . . .

(Continued From Page 1) three top winners. Money prizes and sponsors are State Line Tribune, \$50; Roberts Insurance Agency, \$25; and I.W. Quikkel and MONY, \$15.

Other family activities besides the old fiddlers contest will include a dunking board sponsored by the Jaycees. Epsilon Sigma Alpha sorority will sell ice tea at the park during the parade and the supper which is to begin at 5 p.m. They will also sponsor contests and races, including tricycle races for three year olds and under, and for those four and five year old.

Also on tap are bicycle races for children ages five through eight and nine through 12. For the balloon toss event an adult must be partnered with a child, says Diane Actkinson, ESA president. Ribbons will be awarded for first, second and third place winners.

Oklahoma Lane Home Demonstration Club will operate several booths during the BTD celebration in the park. One booth will sell cotton candy and popcorn and a football throwing contest will be conducted at another booth. The local club will also sponsor tricycle races for pre-schoolers.

The Texico and Farwell Volunteer Fire Departments will hold a water polo match in the park. Families are asked to bring basket lunches for themselves and to eat

picnic style with their friends. For "dessert" Farwell Chamber of Commerce will provide ice cold watermelon.

Farwell Future Homemakers of America also plan to enter a float in the BTD parade and to operate a booth at the park Saturday afternoon. They will sell Mississippi Mud Cakes, roasted peanuts, popcorn balls and stationery.

Beta Sigma Phi sorority will also have a booth Saturday. They will sell snow cones and hot buttered corn on the cob.

Farwell senior class will set up their booth next to the ESA stand. The class booth will sell Sloppy Joes for 65 cents and brownies for 20 cents.

All Twin Cities and surrounding area residents are urged to participate in the upcoming Border Town Days celebration. Any interested club, organization or citizen who has not prepared a float for the parade is encouraged to do so as soon as possible.

James Buchanan, the 15th President of the United States, was the only bachelor President, according to World Book Encyclopedia

Parmer County First In Corn Production

Parmer County again ranked the leader in 1976 in corn production for the state, producing 22.3 per cent of the total Texas crop, Agriculture Commissioner Reagan V. Brown has announced. County production was 40.2 million bushels.

Other counties in the top five were Castro County

with 24 million bushels; Hale County with 16.7 million bushels; Deaf Smith County with 16 million bushels; and Lamb County with 14.7 million bushels.

Texas farmers produced the largest corn crop on record in 1976 with production totaling \$432 million. "All of our reports

show that the 1977 crop will be even bigger in Texas, with a nine per cent increase in acreage planted thus far," Brown said.

According to the Texas Crop and Livestock Reporting Service yield per acre in 1976 was 120 bushels. This was a substantial increase from the 103 bushel

yield per acre in 1975. Crop conditions were good to excellent over most of the state allowing Texas to climb four positions from its eleventh place in U.S. ranks in 1975, with 113 million bushels, to seventh place in 1976, with 180 million bushels. Illinois is the number one corn-producing state.

Curry County History Book To Be Published

Curry County families will soon have the opportunity to have histories of their families recorded in the Curry County History book, according to Don McAlavy, president of the Curry County historical society, called the High Plains Historical Foundation, Inc.

According to McAlavy, this group has a contract with a Texas publishing firm to print the history book.

"Not only will it have as many family histories as we can get, but will also include histories of our churches, organizations, schools and communities in Curry County," he said.

One section of the book will be devoted to special features such as the county's history, a history of the open range before there was a railroad or homesteaders, a story of the "railroad lands," and many other interesting items.

Space for memorials for those who have died will also be provided, but the main emphasis will be on family histories written by the families themselves, thus giving special attention to the family life in the county's history and insights into the county's heritage.

Family histories written for the book should be

about 600 words in length.

McAlavy says that between August and October, every family in Curry County should have a letter mailed to them explaining the publication and how to participate. He adds that there is no obligation to order the book simply because a family's history is to be included.

A representative from the publishing firm was to meet with the Foundation July 9 to go over in detail what they will do and what the local group is required to do to complete a successful history book.

Cost of each of the books to the Foundation will be \$22, and they will sell for \$25, including tax. McAlavy says that the Foundation will make almost \$2.00 per copy and this money will be used to purchase more books or to invest in a museum perhaps.

Publicity on the history book will begin county-wide about the time of the

county fair in September. Curry County families will be given about two months to complete their family histories and send them or take them to the Clovis-Carver Public Library.

Everyone interested in having their family history recorded in this history book should get busy right away and get their family's historical data put into

words. McAlavy says it takes about a year for the average county history book to be put together and printed. He expresses hope that county residents see the worthiness of publishing such a book, noting that it has never been done here before and perhaps "will never again be attempted in our lifetimes."

FIRE CALLS

Farwell Volunteer Fire Department answered a call to a car fire at Lariat July 15.

Texico Volunteer Fire Department responded to a house fire at 520 Turner July 14. The kitchen area was damaged.

On July 13 the emergency vehicle took a Texico woman to the hospital in Clovis.

Carnival To Benefit Muscular Dystrophy

Several Farwell youngsters are staging a "Neighborhood Carnival Against Muscular Dystrophy" tomorrow (Saturday) at 208

Eighth Street in Farwell, beginning at 1:30 p.m. CDT.

Mr. and Mrs. Vernon Thigpen are the adult sponsors and the children assisting them are Steve and Teresa Doolittle, Sonya Thigpen, Renee Bartley and Michelle Autrey.

Purely Personal . . .

(Continued From Page 1) attributes to American industry, but we wonder why other larger dailies do not devote more space to the American way of economic life. Perhaps if they did print more about industry and business, the American voting public would not be so easily hoodwinked by our politicians into supporting the wilder socialistic schemes.

What an absurdity, the economic system that has produced the most good for the most people is the least understood -- and appreciated.

The carnival will feature such games as bean bag toss, dart throw, ring-a-duck, pot ball, basketball shoot, marble shoot, Frisbee toss and cake walk. A concession stand selling cookies and punch will also be operated.

Last year, in cooperation with Muscular Dystrophy Associations of America, 42,239 carnivals were held by children across the country, and over \$1,372,572 was raised for MDA's research and patient service programs.

Bike Identification To Begin Saturday

"Operation Bicycle Identification" will begin tomorrow (Saturday) at Farwell City Hall, announces City Marshal Ronnie Mitchell. The special one-day project will begin at 8:30 a.m. CDT and will conclude at approximately 5 p.m. CDT.

Mitchell explained that prevention of theft and assisting law enforcement officers in the recovery of stolen property are the two main goals of "operation bicycle identification."

To facilitate the process, each bicycle or tricycle owner in the Twin Cities and surrounding areas is asked to bring their vehicles to the City Hall in Farwell Saturday. Children are also asked to bring one of their parent's or guardian's drivers license number with them tomorrow so that a number can be engraved on the vehicle. Mitchell said that an electric engraver will inscribe the number on the frame and both wheels of the bicycle.

As the process is "simple and does not require much time," the local marshal asks that everyone take advantage of the public service in order to safeguard their bicycles and tricycles from theft.

According to Mitchell, if someone does not have a way to bring his vehicles to the City Hall tomorrow they may call 481-3620 and, if at all possible, arrangements will be made for someone to go to that residence to mark the bikes. He also said he would appreciate volunteer help tomorrow.

"Every person riding a bicycle upon a roadway is

subject to all the duties and rights applicable to the driver of a vehicle as stated in Article XXXI of 'Texas Motor Vehicle Laws,'" says Mitchell.

The regulations as stated in the book apply to bicycles whenever they are operated upon any highway or path set aside for the exclusive use of bicycles. These regulations also apply to motor-assisted bicycles.

Mitchell points out a few of the regulations of Article XXXI which he asks local residents to obey.

1. A person riding a bicycle must ride upon a permanent and regular seat.

2. No person riding a bicycle may attach himself to any streetcar or vehicle upon a roadway.

3. Every person operating a bicycle upon a roadway shall ride as near to the right side of the road as practicable, exercising due care when passing a standing vehicle or proceeding in the same direction.

4. Persons riding upon a roadway shall not ride more than two abreast except on paths or parts of roadways set aside for the exclusive use of bicycles.

5. No person operating a bicycle shall carry any package, bundle or article which prevents the driver from keeping at least one hand on the handlebars.

6. Every bicycle when in use at nighttime shall be equipped with a lamp on the front which shall emit a white light visible from a distance of at least 500 feet to the front. The rear shall be equipped with a red reflector of a type

approved by the Department which shall be visible from all distances from 50 feet to 300 feet when directly in front of lawful upper beams of head lamps on a motor vehicle.

7. Every bicycle shall be equipped with a brake that will enable the operator to make the braked wheels skid on dry, level, clean pavement.

8. Organized, competitive bicycle races may be held on public roads etc., provided that the sponsoring organization shall have obtained the approval of the appropriate local law enforcement agency.

9. It is a misdemeanor for any person to do any act forbidden or fail to perform any act required in this article.

10. The parent of any child and the guardian of any ward shall not authorize or knowingly permit any child or ward to violate any of the provisions of this Act.

Mitchell states that it is important for all bicycle riders to pay attention to the rules and regulations regarding their type of vehicle in order to "prevent needless accidents, injuries and problems." He encourages everyone to read the regulations and to try and adhere to each and every one of them.

Named
All-Around

Vickie Snodgrass, daughter of Mr. and Mrs. Roy Snodgrass of Texico, demonstrates the techniques of barrel racing during one of the many rodeos she has competed in this season. She was named All-Around Senior Girl at the New Mexico statewide 4-H Rodeo held July 8 and 9 in Clovis, placing first in pole bending, second in goat tying and fifth in barrel racing.

Vickie Snodgrass Named All-Around

Vickie Snodgrass, daughter of Mr. and Mrs. Roy Snodgrass of Texico, took the all-around senior girls division in the New Mexico statewide 4-H Rodeo held July 8-9 at the Curry County Mounted Patrol Arena, Clovis.

To capture top rodeo honors Miss Snodgrass

placed first in pole bending with a time of 20.98; second in goat tying with a time of 10.71, and fifth in barrel racing with a time of 18.49.

Her brother Mike Snodgrass placed second in senior boys bull riding with a score of 63 at the 4-H Rodeo.

Hospital Notes

Curtis Birchfield of Farwell underwent surgery at Clovis Memorial Hospital July 14. He is reported to be "improving" and was to be released by the end of the week.

D.W. "Dub" Nicewarner of Farwell was released on Tuesday from the Methodist Hospital in Lubbock where he had been confined for about a week. He says he is "doing real fine" now, but will enter the hospital again next week for eye surgery.

Board Meets

Farwell Hospital District Board met Tuesday night at Farwell Convalescent Center. Jeannie Norris, administrator, gave a financial report for Farwell Medical Clinic.

A major topic of discussion was the physician recruitment program. It was reported that several doctors will visit the community in the near future.

Board members attending the meeting were C.H. Rose, Jr., Mr. and Mrs. Bob Anderson, Mr. and Mrs. Don Williams, Charles Aycock, Jim Berry, Prentice Mills.

Graveside Rites Read For Charles A. Bourlon

Graveside rites for Charles Amiel Bourlon, 75, were conducted last Friday at Texico Cemetery under the direction of Steed-Todd Funeral Home. Mr. Bourlon died July 13 at Roosevelt General Hospital in Portales following a long illness.

He was born Mar. 11, 1902 in Douglas, Kan., and in July 1923 was married to Kathryn Tescier in Oklahoma. He lived in Anton,

Tex., for 16 years, moved to Portales where he lived for 13 years and then moved to Texico in 1961 where he was a farmer.

Survivors include his wife, Kathryn; three sons, Bill of Farwell, Jerry of the home and Charles of Las Vegas, N.M.; one daughter, Donna Dempsey of Albuquerque, N.M.; four grandchildren; one great-grandson, four brothers and five sisters.

REA - -

Mahon Announces Deaf Smith Loan

Congressman George Mahon announces an REA loan to Deaf Smith Electric Cooperative, Inc. in Hereford for \$574,000 at five per cent interest. It covers the area including the counties of Deaf Smith, Castro and Parmer.

The purpose of the loan is to finance service for 482 additional consumers, finance 87 miles of distri-

bution line and finance systems improvements.

The president of Deaf Smith Electric is Sloan H. Osborn of Friona and the manager in Hereford is James T. Hull.

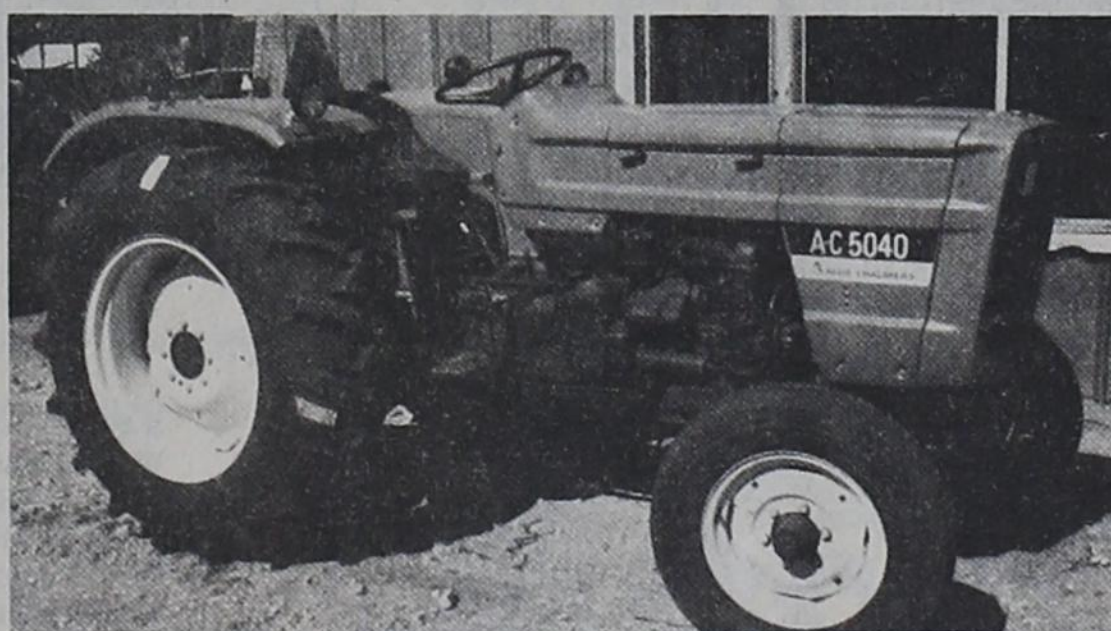

In Spanish no word begins with an "s" followed by another consonant, and a Spanish speaker trying to pronounce Spanish in English will normally say "Espanish."

Places Second
In Bull Riding

Mike Snodgrass, son of Mr. and Mrs. Roy Snodgrass of Texico, is riding hard and high on a Brahma bull during recent rodeo competition. The Texico lad placed second in senior bull riding during the New Mexico statewide 4-H rodeo held recently in Clovis.

Canadian Woman Enjoys Vacation In Farwell

by Shirley Gorman

A recent visitor of Carrie Christian of Farwell was a gracious and friendly woman who resides in Norwood, a suburb of Winnipeg, Canada, when she is not "gadding about" visiting friends and exploring other lands.

Mrs. Christian met Katherine Waywood last summer while they were part of an Alaskan tour group. They shared a state room on the cruise ship, became fast friends, corresponded often, and finally decided they had to see each other again.

As Miss Waywood put it, "Carrie gave me such a lovely invitation I could not have refused even had I wanted to." She arrived early in June and returned home one week later. This trip was her first visit to Texas, but not her first

trip to the United States.

Besides visiting and getting acquainted with Mrs. Christian's family and friends, the Canadian visitor has enjoyed seeing the countryside, and has even tasted cornbread and blackeyed peas for the first time. Another "first" was touring a cotton field and picking a cotton plant.

Miss Waywood says that just reading and hearing about places is not enough. "One has to really visit various countries and meet people in order to realize the true value of any land and its people."

Mrs. Christian tried to show her friend several interesting places, traveling to Carlsbad Caverns Wednesday. They would have liked to attend the musical, "Texas," but the opening date was not until after Miss Waywood was to

Canadian Visitor

Mrs. Carrie Christian of Farwell, left, enjoyed the company of Katherine Waywood of Norwood, a suburb of Winnipeg, Canada, a few weeks ago. The two women met while on a tour of Alaska last summer. For Miss Waywood, highlights of the vacation included visiting, sightseeing, and meeting many of Carrie's family members and friends. The Canadian visitor returned home after a week's stay in Farwell.

First Carrot Crop A Definite Success

Irene Hughes of Texico has been busy of late tending to her large garden in which she grows everything from squash and potatoes to carrots. Last week she spent a busy day under the hot New Mexico sun picking vegetables and marveling at the success of her carrots -- her first carrot crop.

Mrs. Hughes believes in trying to grow anything at least once and says she is pleased she decided to grow carrots and potatoes for the first time this season. After picking time on Tuesday she discovered she had netted 100 pounds worth of potatoes and twice that amount in carrots.

She says the carrots were almost all "extra large," with one measuring four inches in diameter. Some, she adds, had

grown together "like Siamese twins."

Mrs. Hughes also grows beets, green beans, watermelons, okra, blackberries, strawberries and red onions. Following the planting, tending, watching them grow and picking cycles she then either cans or freezes what her garden yields.

The Texico woman devotes much time and energy to her garden and subsequent labors and readily says she would not feel comfortable not keeping busy outdoors.

Mrs. Hughes also lends her "green thumb" talents to growing indoor plants and has a house full of them to prove it. She says she comes by her trade honestly as she grew up on a farm in the Lingo community about 40 miles from Portales.

Prolific Carrots

Irene Hughes of Texico proudly displays a bunch of carrots picked from her first carrot crop. She says the carrots are quite big, adding that one was four inches in diameter. The Texico "farmer" who maintains a large garden of vegetables, says she "will try to grow anything once." Her carrot crop yielded about 200 pounds.

Local Women Take Top Golf Honors

Mrs. Robert (Alice) Vinton and her daughter Carol, both of Farwell, took the top honors in the Portales Ladies Golf Association tournament held in Clovis.

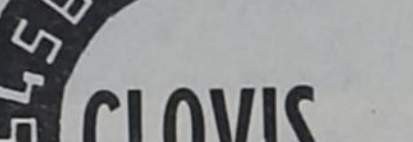

score of 82 to tie with Anna Crook of Clovis for medalist at the High Plains Ladies Golf Association tournament held in Clovis.

In addition to the first place victory, Mrs. Vinton won the closest to the pin prize and Carol took the longest drive honors. For their efforts the Farwellites received gift certificates from Portales merchants and one dozen golf balls each.

Those enjoying the visit in the New Mexico resort were Mr. and Mrs. Joe Helton of Texico, Mr. and Mrs. Elmer Hargrove of Farwell, and Mr. and Mrs. Hal Helton and Mr. and Mrs. Bob Bell, all of Clovis.

According to Mrs. Joe Helton, "each team was a winner in their flight" in the golf tourney.

Carol recently shot a

The normal American woman speaks at the rate of 175 words per minute as against 150 for the average male.

Church Hosts Family Night

A family night was held last Sunday at St. John Lutheran Church in Lariat.

Approximately 40 persons enjoyed informal visiting as well as games of volleyball, "42", and cards.

Those attending were served refreshments of cake and four flavors of homemade ice cream.

agri-facts by John Ricci

Short-season cotton is getting a fair trial in Texas' Lower Rio Grande Valley. Seven producers improved their profits by \$50 or more per acre with the short-season varieties. Cutting the growing season from the usual 160-180 days for upland varieties to 130-140 days, decreased production inputs yet maintained or increased yields. There were fewer insecticide applications, fewer irrigations, less loss from rainfall during harvest, less boll weevil and tobacco budworm damage. Right now short-season cotton is best suited for the more arid cotton-producing areas, but the scientists are looking for solutions to the problems that have prevented them from raising the crop in the Southeast and Delta regions.

Jack Rose To Attend Boy Scout Jamboree

Under the theme "Forward Together," Scouting U.S.A., the 9th National Scout Jamboree will be held Aug. 3-9 at Moraine State Park near Butler, Pa. Eagle Scout Jack Rose, son of Mr. and Mrs. C.H. Rose, Jr., of Farwell will be among the more than 31,000 Scouts and some 8,000 adult leaders and supporting staff who are expected to attend this once-in-a-lifetime event for young men.

Although providing a showcase of Scouting today for both participants and visitors alike, the main emphasis is to offer a boy a chance to learn leadership and program ideas which they can apply on their return home, to improve the quality of Scout-

ing. Volunteer and adult leaders will also benefit in this regard and realiance will be placed on the traditional patrol method.

The Jamboree program features are planned on both the regional and campwide level to reflect the skills of Scouting, our national heritage, and the spirit of brotherhood. Recreation will offer fun and challenges, religion will provide time for reflection, and a calvacade of high-light events will further depict the rich heritage of Scouting and the range of its program.

Leaders of the Jamboree Troop from the Conquistador Council will be made up of Ron Singleton; Scoutmaster from Carlsbad,

Bob Bleakley; Assistant Scoutmaster from Portales, Tex Haase; Assistant Scoutmaster from Floyd; and Kenny Pittman, Assistant Scoutmaster from Artesia.

The group will leave Roswell on the evening of July 25. Enroute to the Jamboree they will visit the Cowboy Hall of Fame, tour Lincoln's home in Springfield, visit Niagara Falls and Ripley's Museum in Buffalo, N.Y. They will also visit the Baseball Hall of Fame, tour Washington, D.C., including the Capitol, the Smithsonian Institute, and the F.B.I.

After the Jamboree, they will visit the Football Hall of Fame in Canton, Ohio, and stop by the Indianapolis 500 Speedway Museum.

The Jamboree Committee projected that while at the Jamboree, these boys and leaders would consume 17,500 pounds of steak from 1,800 steers; 87,000 quarts of milk per day; 11 miles of hot dogs laid end to end; 40,000 chickens; 1,100,000 cans, jars, and packages of non-perishable food. In total, 2,800 TONS of food will be shipped to the Jamboree site; enough to fill 97 freight cars!!

The Boy Scouts of America have invited the World Scout Bureau to send 324 Scouts and leaders to this Jamboree. They will be coming from most of the 109 member nations of the World Wide Scouting Movement.

The Latest

Weekend visitors of Dr. and Mrs. Lee Clayton of Farwell were her parents, Mr. and Mrs. Bob Alexander of Sherman, Tex.

Visiting in the home of Mrs. Janie Bowery of Farwell this week are her son and family, Mr. and Mrs. Joe Bowery and daughters, Kristi and Joanna, of Houston. They are also visiting his grandparents, Mr. and Mrs. W.T. Magness, and other relatives in the area.

Mr. and Mrs. Jack Kirkland, their daughter, Leigh Ann, and Kristi Magness, all of Farwell, spent last weekend attending the horse races in Ruidoso, N.M.

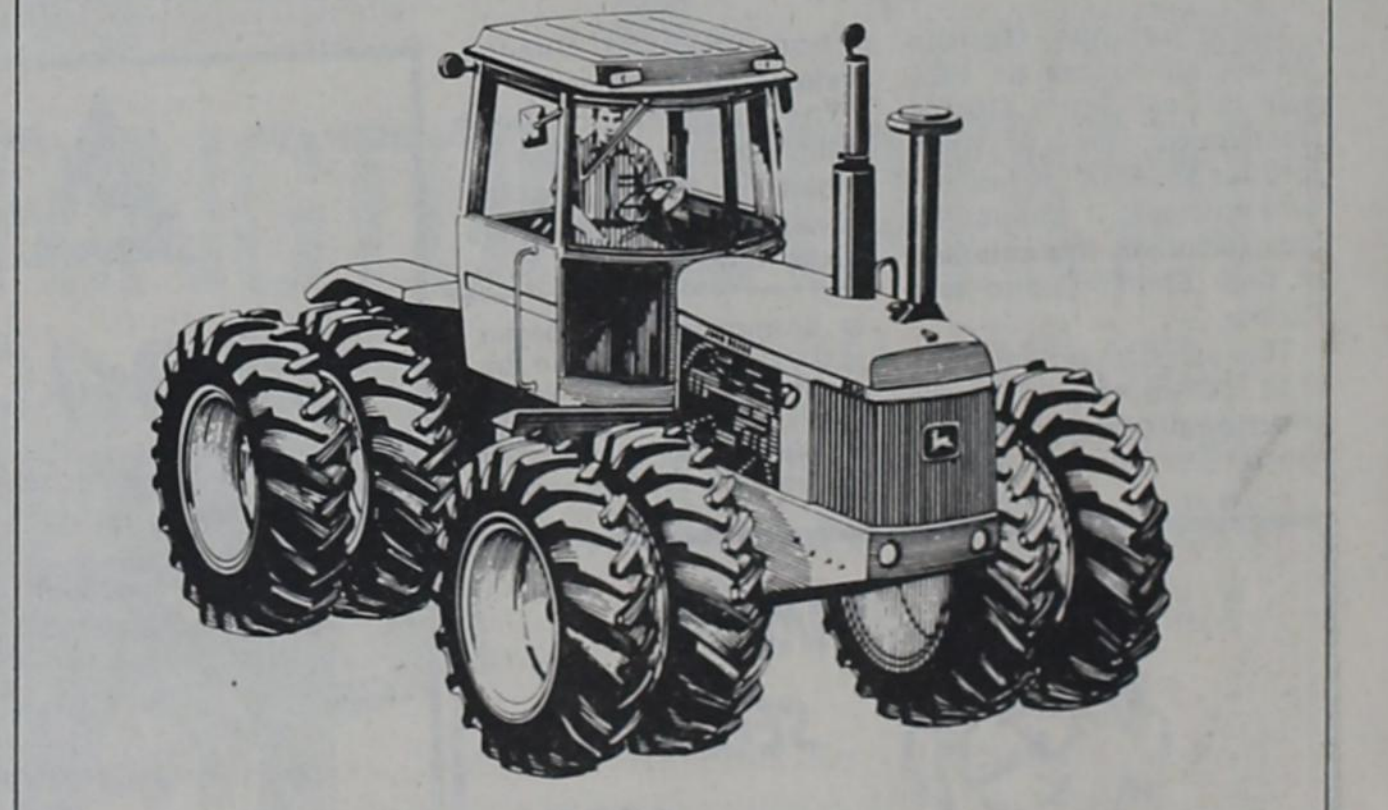

Phyllis Herington of Lubbock spent last week visiting relatives and friends in Farwell. She was joined on Friday, July 15, by her husband, Duane,

and son, Stanley, who came to attend the wedding of Carolyn Herington and Jeffrey Johnson.

Mr. and Mrs. M.A. Snider, Jr., of Farwell returned Monday night from a trip to Rye, Colo. While there the Sniders visited in the home of Mr. and Mrs. Harold Wolverson. On the way home they stopped by Red River.

By The Tax Board Of Equalization
Of The
Lazbuddie Independent School District

Notice is hereby given that the Tax Board of Equalization of the Lazbuddie Independent School District will hold a public hearing relating to equalization on for tax purposes of all properties situated within the taxing jurisdiction of the Lazbuddie School District on Monday, August 1, beginning at 6 p.m. in the Board Room of the Lazbuddie Public Schools. All persons having business before said Board may appear at this time.

H.D. Club Meets With Mrs. Mesman

Oklahoma Lane Home Demonstration Club met July 14 in the home of Mrs. Ben Mesman. Johanna Mesman, daughter of the hostess, read an essay entitled, "Look At It This Way," as the opening exercise. Members answered roll call by telling about a good deed they did for someone or that someone did for them.

Mrs. Johnny Atkinson gave a program on child abuse. During the business meeting club members discussed sponsoring a booth and events for the upcoming Border Town Days celebration. It was decided to sell popcorn and candy at the booths and to have a

tricycle race for preschoolers and a football throwing contest.

Refreshments of cake, chips, dip and punch were served. Members present were Mesdames Mike Camp, Johnny Curtis, Billy Dollar, Buddy Foster, Bobby Foster, Jimmy Franse, Jose Cenicerros, Robin Mahaney, Ben Mesman, Vernon Symcox, Delton Wilhite and Eddie Winegeart.

The next meeting will be July 28 at Farwell City Park. A family picnic will begin at 8 p.m. and all members and their families are encouraged to attend and to bring their own eating utensils.

Aldridge LL Team Has Swimming Party

Aldridge Little League baseball team closed out regular season activities with a swimming party July 1 at Texico Swimming Pool. After swimming and enjoying water antics for two hours everyone adjourned to the home of Mr. and Mrs. Donnie Morris of Texico for hotdogs with chili, cold drinks and more fun and games.

Team member Earl Bibbs was unable to attend because he had broken his wrist during regular season play. His fellow teammates chipped in and purchased a new glove which they later delivered to him.

Attending the swimming party and supper were Mr. and Mrs. Lonnie Curry and family, Mr. and Mrs. Donnie Morris, Mr. and Mrs. Don Cross, Mr. and Mrs. Duane Williams and team members Chris Curry, Stanley Cross, Dana Morris, Cynthia Ancira, Tim Watkins, Tommy Watkins, Jay Anderson and Billy Askew.

Michelle Garza Has Birthday

Michelle Garza, daughter of Mr. and Mrs. Angel Garza of Bovina, celebrated her first birthday with a party at Farwell City Park July 11. Mrs. Garza prepared two rabbit shaped cakes--decorated with white frosting and trimmed with coconut. The words "Happy Birthday Michelle" were written in icing on the two bowties the rabbits wore. Sandwiches, potato chips and cantaloupe punch were also served to the many guests who attended the party.

Following the meal, presents were opened, toys were passed out to the children, and they broke a pinata with candy inside.

Besides the honoree and her parents, those attending from Farwell were Michelle's grandmother, Angela Jaime; Angelica, Steven, Joe and Laura Jaime; Mr. and Mrs. Jose Cenicerros and Angela Maria; Mr. and Mrs. Frankie Vidaurri and Veronica; Elva Joanna Yruegas and Maria Lopez and Irene, Jacob and Abel.

Those attending from Texico were Maria Garcia, Genieva and "Gordo." Also present were Maria Jaime, Angeles, Georgie, Reggie and Victor, and Mr. and Mrs. Juan Jaime, Juan Jr., and Robert, all of Muleshoe.

Son Born To Sam Dragers

Mr. and Mrs. Sam Drager of Texico announce the birth of their first child, a son, born July 17 at 11:47 a.m. MDT in the hospital at Clovis.

The new arrival, who has been named Cody Dale, weighed seven pounds, 13 ounces and measured 21 1/4 inches at birth.

Maternal grandparents are Mr. and Mrs. Adolph Hasehoff of Farwell, and paternal grandparents are Mr. and Mrs. John P.A. Drager of Texico. Maternal great-grandmother is Mrs. Madge Peiman of Farwell.

Krystala Cross Has Birthday

Krystala Kaye Cross celebrated her fourth birthday July 7 with a party at the home of her parents, Mr. and Mrs. Don Cross of Texico.

The doll shaped birthday cake--decorated with yellow and green frosting--was baked by Anita Zachrel. Ice cream and punch were also served.

Those attending besides the honoree and her parents were her brother Stanley and Lonnie Beale. A highlight of the occasion was a telephone call from Krystala's uncle, Beale Stewart of Taos, N.M.

MR. AND MRS. DENNIS WILLARD

Bridal Shower Honors Mrs. Freddie Dale

Mrs. Freddie Dale, the former Vicki Matthews, was honored with a bridal shower Monday evening in the home of Mrs. Melborn Jones of Oklahoma Lane. Mr. and Mrs. Dale were married July 9.

Hostesses for the occasion were Mesdames Lora Dale, Lillis Garner, Dorothy Gast, Mona Hardage, Bobbie Jones and Yaunda Martin. Hostess gift was a set of sheets and pillowcases.

Corsages, consisting of

yellow knit mums and kitchen gadgets, were presented to the honoree and her mother-in-law, Mrs. Oather Dale of Farwell, who also registered the gifts.

Vicki's colors of yellow and green were carried out in the decorations. Refreshments, consisting of yellow fruit punch, finger sandwiches, nuts and mints, were served by Yalonda Martin, and Rhonda and Cindy Dale, cousins of the groom. Yellow and green napkins were also used.

Panhellenic Alums To Host Garden Party

The Llano Estacado Panhellenic Alumnae will host an old-fashioned garden party Sunday, July 24, from 4:5:30 p.m. MDT at the home of Mrs. Martin Goodwin, Iris Arbor Dr., Clovis.

E.B. Faraones Have Daughter

Mr. and Mrs. E.B. Faraone of Commack, Long Island, N.Y., are the parents of their second child, a daughter, born early Wednesday morning at a hospital in New York. Mrs. Faraone is the granddaughter of Mrs. J.B. Benderman of Texico.

The new arrival, who has been named Lee Ann, weighed seven and one-half pounds and was 20 1/2 inches long at birth. She has one brother Edmund who is eight years old.

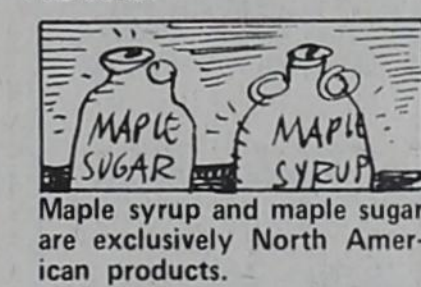

Maternal grandparents are Mr. and Mrs. Bill Harlan of Rota, Spain, and Mr. and Mrs. Ed Faraone of Albany, N.Y., are the paternal grandparents.

Maternal great-grandparents are Mrs. Benderman and Mrs. C.T. Harlan of Austin.

All Panhellenic alumnae and active collegiate members are invited to attend. Chairman for the party is Mrs. Jim Irwin.

The Panhellenic Alums held a "Greek Peek" party in May for prospective rushes. Information blanks were filled out by the senior girls and a mock rush skit was performed by the alums.

Regular meetings are held the first Thursday night of the month. For more information on the garden party and future activities, please call Mrs. Jeffrey T. Bennett (505) 762-5545.

Tammy Christian, Dennis Willard Repeat Double Ring Wedding Vows

Tammy Lisa Christian became the bride of Dennis Ray Willard in a candlelight ceremony read Saturday, June 18, at the Oklahoma Lane United Methodist Church. Rev. Vernon Willard of Fritch, grandfather of the bridegroom, officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Wendol Christian of Oklahoma Lane and Mr. and Mrs. V.C. Willard of Bovina.

The couple exchanged vows before an altar centered with an arch covered with greenery and intertwined with large killian daisies, carnations and china mums, featuring the bride's chosen wedding colors -- orchid, yellow, green, blue and pink. Four seven-branch candelabrum holding yellow cathedral tapers and entwined with boxwood greenery flanked the arch. Completing the altar setting were two large fan shaped arrangements of gladioli, killian daisies and carnations in the bride's colors. The couple knelt on a pre-dieu in front of the arch to seal their vows.

Numerous palms of emerald foliage backed the altar arrangements. Multi-colored satin bows marked the family pews and a white aisle cloth covered the bridal aisle.

Traditional wedding music was provided by Mrs. Dot Christian of Farwell, aunt of the bride, organist, and Mrs. Terry Ellison of Dimmitt, cousin of the bride, who played the piano. Mrs. Christian also accompanied Lynn Blankenship of Farwell as he sang "The Twelfth of Never," and "The Wedding Prayer." Mrs. Ellison accompanied John and Cindy Caldwell of Lubbock as they sang, "We've Only Just Begun."

Richard Carpenter of Farwell, cousin of the bride, and Danny Murray, cousin of the bridegroom, served as candlelighters. Cathie Trimble of Bovina registered guests.

Given in marriage by her father, the bride wore a dacron polyester gown with attached chapel train. The gown was fashioned with a high-necked empire bodice

Dinner Set

Members of the Community Senior Citizens Center of Texico-Farwell were to host a pot luck supper Thursday night at 7 p.m. CDT at the community center in Texico.

Besides the meal, games were also to be played. The supper was open to all area residents 30 years and older.

with sheer double ruffles forming the short sleeves and edging the yolk. The empire waist and neckline were circled with venise lace motifs over pink satin ribbons forming streamers down the back. A wide gathered flounce encircled the bottom of the dress which was set off with matching lace motifs. The fingertip veil was attached to a venise lace cap with tiny pink roses and matching lace edging the veil which was dotted with lace motifs.

The bride carried an old fashioned Edwardian bouquet of pink and yellow sweetheart roses, green and blue pixie carnations and white gardenias interspersed with white gypsophila decorated with imported Swiss braid streamers. She presented each mother with a long-stemmed red rose.

For something old the bride wore a cameo necklace which had belonged to her late great-grandmother, Mrs. J.F. Foster. Something new was her diamond earrings, a gift from the bridegroom. She borrowed her mother's first set of wedding rings and she also wore the traditional blue garter.

Loy Christian of Bovina served her sister as maid of honor. The bridesmaid and junior bridesmaid were Kim Ware of Bovina and Sharmy Christian of Farwell, cousin of the bride, respectively. The bridal attendants wore satin lining and flocked chiffon dresses, each of a different rainbow color. They were designed with a square neckline, fitted waist, butterfly sleeves and a sash tied in the back. They also wore white sun hats with matching ribbon and carried long-stemmed carnations coordinated with the color of their dresses and tied with matching streamers.

Ken Sorley of Bovina was the best man. Groomsman was Alan Rhodes of Bovina and Karl Willard of Bovina, brother of the bridegroom, was the junior groomsman. Ushers were Ed Corn of Friona and Bill Polley of Houston, brothers-in-law of the bride, and Alton McCormick of Lubbock, brother-in-law of the

groom. J.J. Polley, niece of the bride, and Kristin Eason, cousin of the bridegroom, were flower girls. They wore dresses like those of the other bridal attendants and carried white lace baskets filled with multi-colored flowers. Todd Ware, son of Mr. and Mrs. Tom Ware of Bovina, served as ringbearer.

For her daughter's wedding Mrs. Christian chose a light pink formal length gown with long sleeves, lace wristlets and white accessories. Mrs. Willard wore a yellow formal length gown with chiffon cape and white accessories. Each also wore a corsage of pink sweetheart roses.

Following the ceremony a reception was held in the fellowship hall of the church. The bride's table was covered with a satin and lace cloth over a white gathered dacron lace skirt. The memory candle encircled with a garland of ivy dotted with white stephanotis pompons and pink pixie carnations centered the table. The three-tiered wedding cake was topped with a miniature bride and bridegroom underneath an arch of white roses and lillies of the valley. Surrounding the cake were six heart-shaped smaller cakes, centered with a blue fountain. Wedding punch, nuts and rainbow mints, made by Mrs. Laura Widner, were served from milkglass and gold appointments. Mrs. Gwen Corn of Friona and Mrs. LaNelle Polley of Houston, sisters of the bride, served at the bride's table.

A tan and brown cutwork cloth covered the bridegroom's table which was centered with yellow tapers in silver candle holders. Coffee, tea and cake were served from silver appointments. The bridegroom's

cake was of chocolate and was made in the shape of a pickup truck with a picture of the bridegroom inside it with a picture of the bride standing close by. In the background was a picture of "The Honeymoon Ranch." Mrs. Lois Billingsley made the special cake as a surprise for the couple. Another cake on the bridegroom's table was decorated with a horse and buggy with the bridegroom running toward the carriage. Inscribed on the cake was "Get Me To the Church On Time."

Serving at the bridegroom's table were Mrs. Terri McCormick of Bovina, sister of the bridegroom, and Debbie Smith of Canyon.

Todd Christian of Farwell, cousin of the bride, handed out wedding scrolls.

For a wedding trip to Solardome in San Angelo the bride wore a white halter pantsuit with white accessories. She also wore a corsage of pink sweetheart roses, pink daisies and white stephanotis.

The couple is now residing east of Bovina where the bridegroom farms. The bride is employed at Security State Bank in Farwell.

A rehearsal dinner was hosted by the bridegroom's parents on June 17. Forty-five persons attended.

This I Know . . .
by Leonard Harper
Minister
Farwell Church of Christ

We must find strength in the realization that we can live with and in our present-day world. We can do this day by day, one day at a time; making each day complete.

Many folk never discover today, or, so it seems. Today is hidden from their view by yesterday's mistakes and regrets, and by tomorrow's fears and anxieties.

Christ said, "If any man will come after me, let him deny himself, and take up his cross DAILY, and follow me." (Lk. 9:23). Obviously, Christ knew that this is the only possibility for our success.

Working to make each day as complete as possible is the only way to satisfactory live. If we don't do this, there will be no peace of mind for us; and we can expect nothing better than a confused life.

Daily success in living requires a simplifying of our manner of living and a restructuring of the general life pattern. This can be accomplished by keeping first things in first place.

There is great joy and power in "daily success," but it is disconcerting to close a day knowing that it has been misused.

County Delegate Reports On IWY Annual Meeting

(Editor's note: Following is the beginning of a report by Mrs. Ellen Estes of Bovina on a meeting of the International Women's Year which she attended last month in Austin. Due to the length of the report, it will be continued in subsequent weeks. Also, see the Letter to the Editor in this week's issue.)

by Ellen Estes

The weekend of June 24-26 Mrs. Jimmy Briggs and I attended the Texas Women's Meeting of IWY (International Women's Year) which was held in Austin. The theme was "Women at the Grass Roots: Growing Toward Unity." There was very little grass roots about it, and the only unity was that of the liberal feminists.

Many attending this meeting were shocked, dismayed and frightened by what was said and done; one can hardly believe this is really happening in the United States. This meeting was a farce, so far as letting all women be represented and all points of view be heard.

The meeting was completely controlled by the liberal IWY committee, and was over run by NOW (National Organization of Women), ERA proponents and lesbians. Speakers and workshop moderators were overwhelmingly profeminist, as were workshop topics and panel members. The Alternate Lifestyle Workshop had a lesbian on the panel. Of almost 100 speakers and session chairmen, only four were anti-women's liberationists.

One would not expect to attend a women's meeting in our country where mentioning home, family, love and God would be jeered, but this happened at our state meeting.

This meeting certainly broadened the education of the traditional, conservative wife, mother and homemaker. Any suspicions that men are a necessary evil were confirmed.

It was learned the ERA amendment encompasses much more than equal job opportunities, equal pay, equal ed-

ucational opportunities and equal credit opportunities; all these have been legislated. The feminist groups want half of every thing, and they want to start at the top. It was notable there was no mention of qualifications for a job or appointment in all the resolutions passed.

These women want control of government, home, school and business. A large majority would eradicate churches. NOW vowed they would stop at nothing to achieve their goals; anyone who doubts this should have been at Austin, and they would no longer have doubts. The ERA AMENDMENT is similar to the CIVIL RIGHTS ACT.

Following is one of the IWY resolutions: "The full power of the Federal Government should be used against private employers to enforce preferential employment of women. Every employer, should be compelled to reach "affirmative action" quotas for women in every job category, even when this means hiring less qualified women with no dependents; instead of more qualified men with many dependents."

Women "libbers" believe being a homemaker, especially a happy one, is of rather low estate, so they are going to improve our status. Following is part of a resolution to help us: "Husbands of homemakers who are NOT employed outside the home should be required to pay an extra Social Security tax on the assumed value of the homemaker's services. The additional annual Federal Social Security tax per family would be between \$384 and \$1,128 depending on which version of the plan is adopted."

You can readily see that this would place a financial burden upon our husbands, and many of us would have to go to work to pay this tax. Women who are rural, happy homemakers, wives, mothers, grandmothers, Christian and believe in God are discriminated against by the "libbers."

IWY is a federally funded program, chaired by Bella Abzug, which got a \$5,000,000 appropriation through Congress in 1975. The people who pushed this through Congress

promised that both sides would be represented; it is quite evident by what happened in Austin and other states that they have forgotten their promise. Since the International Conference in Mexico City in 1975, this has been a silent movement, but the ground work was carefully laid for the state meeting to be held in 1977. These meetings must be completed by the end of this month.

Purposes of state meetings were election of delegates to national meetings and passing resolutions to be presented at this meeting. Following is a quote from the program of our state meeting: "During the next three days, you will elect 58 delegates to represent you and other Texas women at the National Women's Conference in Houston Nov. 18-21. You will also vote on resolutions that will become part of the agenda of the National Conference. What you learn and say and do during the next three days will affect laws and policy decisions in Texas and the nation for the next several years. Who you meet here

may change the course of your personal life, career, education or volunteer endeavors."

We should pray to God that this does not happen. Every thing this group is doing is being done under the guise of "HUMAN RIGHTS." The first National Commission was appointed by President Ford, when President Carter took he appointed a new commission with Bella Abzug as chairman, pardon the slip, it is now simply "chair." When still in the House, Bella was the first to introduce a GAY RIGHTS amendment to the Civil Rights legislation. Her first act after becoming "chair" of the National Commission was to have all the state meetings set up workshops on sexual preference.

Jean O'Leary, Co-executive director of the National Gay Task Force, was appointed by President Carter to serve on the National Commission of IWY. Following are three proposals of Ms. O'Leary's LESBIANS AND THE SCHOOLS: Lesbians Studies: Schools should set up lesbian studies

programs in connection with women's studies programs to foster pride in the adolescent lesbian and to show heterosexual students that lesbians have made significant contributions to society. Learning about these contributions would foster positive feelings on the part of all students.

Libraries: School libraries should be supplied with bibliographies of lesbian literature and urged to purchase novels, stories, poetry, and non-fiction books that portray the joy of women loving women. The use of these books should be encouraged in literature and history classes.

Lesbian Clubs: Lesbian clubs should be established in the schools. These clubs would foster a community spirit among lesbians, who up until

this time have been isolated due to the pressures of society. Such organizations would help lesbians to develop pride in their life styles, and to help overcome the prejudice of heterosexual students and faculty.

This commission operates out of room 1004 in the State Department. There are 41 liberals and 4 conservatives in the area of women's rights on this committee. There are pro-ERA people, homosexuals, lesbians and various other "libbers" on the commission.

This group say they are representative of American Womanhood; I hardly think they represent me. The makeup of the Texas IWY committee is almost identical to that of the National.

Parmer County Extension Agent for Home Economics

Clothing experts have pinpointed—and are answering—major questions posed by consumers about the now-banned TRIS finish (a flame-retardant fabric finish).

Since the April 7 ban of TRIS from the U.S. market by the Consumer Products Safety Commission, consumers are asking how to make garments safe that were purchased before that date.

Consumers can follow a specific procedure to wash the excess TRIS finish from fabric surfaces—or they can return unused merchandise still in original packages and receive a refund. Also, if they choose, they may discard these garments without fear of environmental damage.

Many consumers ask if they can remove the finish with soap and chlorine bleach—and the answer is "no."

To make a garment safe—according to the Commission—consumers should wash the garment three or more times according to the recommended care instructions on the label, using DETERGENT—NOT SOAP.

This removes much of the chemical from the fabric surface—and it removes the risk of illness, but it still allows the flame-retardant protection to remain, Commission experts say.

Also, consumers ask how they will know if a garment is finished with TRIS.

TRIS is sometimes used on 100 percent polyester—

and always on acetate, triacetate and blends of these fibers.

Consumers may find out about polyester garments by asking at the store in which they purchased the garment—because only the manufacturer of a polyester garment knows if it is TRIS-finished.

Many other consumers want to know if it is "okay" to buy new sleepwear for children at this time—and the answer is "yes," if they purchase flame-retardant garments of 100 percent cotton or nylon or certain polyesters or inherently flame-retardant fabrics, such as modacrylic, vinyon and Cordelan.

These fabrics, all used for children's sleepwear, are not TRIS-finished. They have other flame-retardant finishes that have not been proven harmful.

Still other consumers ask if there is a difference between flame-resistant and flame-retardant—and the answer is "no." They both refer to fabrics that will not support a flame after the source of fire is removed.

Also, there are exact requirements for returning TRIS-finished merchandise and receiving a refund. Only garments that are in the originally purchased condition may be returned to the store where purchased. Fabric purchased for children's sleepwear that has not been washed or cut may be returned.

The April 7 ban on TRIS was the result of National Cancer Institute tests that revealed TRIS causes cancer in animals.

Letter to the Editor

Dear Editor,

Since the I.W.Y. is a federally funded program, it involves each of us. I would like to make some personal observations about our involvement, and what we can do to stop this. We can stop IWY with an organized effort and hard work. I realize there was nothing we could do until it was exposed. Now that it is exposed, if we remain silent, we are in effect saying I approve.

It is time for the silent majority to start being vocal and become actively involved. For those of you who believe that "they" can't do this to us, may I ask where you have been the past several years. Remember "The Sound of Music;" the Austrians would not heed Captain Von Trapp's warning, and thought it can't happen to us, so the Nazis took control of their lives. When the naive Jews in Germany thought the same thing, what happened? They were exterminated by the millions. Perhaps these are extreme examples, so let us take a look at what has been happening in our own country that many of us thought couldn't be done to

us. Businesses have been forced to hire minorities whether qualified or not.

Neighborhoods have been forced to allow minorities to move in for a racial balance; children are being bussed all over the country to achieve a racial balance. Thanks to Ralph Nader and his ilk, we have seat belts, shoulder straps, flashing lights, buzzers and catalytic converters in our cars. We are soon to have air bags hitting us in the face. We also have OSHA, EPA, CPA, FDA, etc. regulating almost every area of our lives; we are being told what we can eat, drink and wear. These are but a few of the government regulations influencing our lives, so "they" can do it.

Any of you who choose to do so may sit idly by and let this movement have your daughters and granddaughters, but I am going to do every thing in my power and with God's help to defeat this diabolical movement. If you are interested in joining me, give me a ring, and I will enlist you in an organization of women already at work.

Sincerely,
Mrs. Vernon Estes

New SCS Employee

Ronnie McLellan has recently joined the staff of the Soil Conservation Service in Friona as a part-time employee. Ronnie, who is a graduate of Friona High School, will assist farmers with their problems. He has attended Wayland Baptist College in Plainview.

Sheets Enjoys Ride In Hot Air Balloon

Mr. and Mrs. Harry Sheets of Farwell recently returned from Alamosa, Colo., where they visited Sheets' son and wife, Mr. and Mrs. Kyle Sheets.

While there, they all visited the Balloon Ranch Lodge near Del Norte, Colo., where Harry and Kyle Sheets experienced their first hot air balloon ride. They were in the air for an hour and traveled to a height of 9,000 feet. Sheets explained that the balloon can attain heights of up to 16,000 feet.

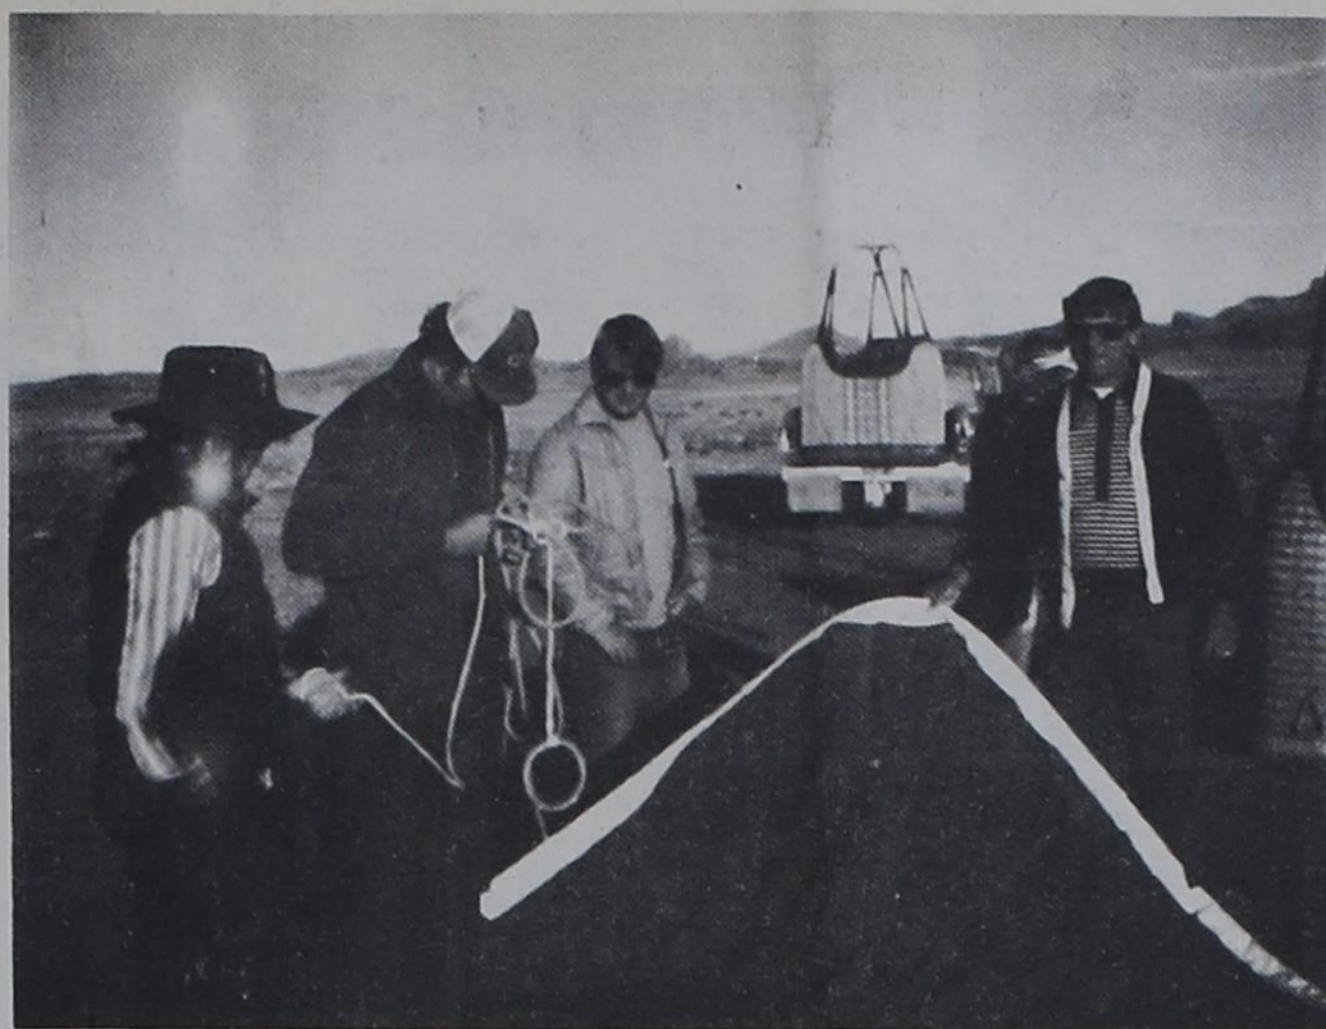

Both father and son, who are experienced airplane pilots, say they thoroughly enjoyed the balloon ride. A total of seven persons, including the pilot, rode in the gondola which is attached to the balloon

with steel cables.

In order to attain flight, the air in the inflated balloon is heated with a propane gas burner, causing it to rise. Sheets said it was impossible to guide the balloon, they simply followed wherever the air current took it. He also explained that a ground crew tracked their flight and picked them up when they landed.

Sheets said that to land the balloon, the pilot shut down the gas burner and they began to coast to the ground, landing about eight miles from the lodge.

Sheets said the flight was a "quiet and serene experience" as there were no motors to disturb the quiet of the early morning trip.

**Ready
Balloon
For Flight**

Harry Sheets, right, and his son, Kyle, second from left, observe as attendants at the Balloon Ranch Lodge near Del Norte, Colo., ready a hot air balloon for flight. Sheets and his son boarded the craft, which accommodates seven persons, for an early morning flight that took them to an altitude of 9,000 feet. The ride, which lasted for about an hour, took them some eight miles from their starting point. Both men say they thoroughly enjoyed the experience.

On The Farm In Parmer County

By MACK HEALD
County Agent

Banks grass mite populations are building up in many corn fields throughout Parmer County. In places they are already in large numbers to the extent that we normally see the middle of August. However, predaceous mites are also present and building up in large enough numbers to do some good. Predaceous mites meaning predaceous predator feed on Banks grass mite eggs and nymphs. They are about the same size as an adult Banks mite, but travel much faster on the leaf surface. They can be distinguished from the Banks mite in this way. If at all possible give the predaceous mites a chance to build up. Besides these beneficial insects you will see predaceous thrips and the larvae form of the lace wing fly feeding on Banks mite eggs.

The Banks grass mite has built up a resistance to most of the organic phosphate insecticides used in this area. Therefore, chemical control is usually very spotted. If you should spray and fail to obtain good control probably you will not get any control with other chemicals. Keeping the field as wet as possible will help the plants as much as anything. A blowing rain will keep down mite numbers to a great extent. Any unnecessary spraying will usually help the Banks mite build up in numbers.

The Texas Corn Growers Association has been certified by the Commissioner of Agriculture to hold its corn commodity referendum check-off with the regular election being held July 29, and absentee balloting taking place from July 15 through July 26.

The regular election will be in the County Courtroom of the Parmer County Courthouse from 7 a.m. - 7 p.m. July 29.

All interested corn producers should check with me to obtain an absentee ballot and leave it in the office. You do not have to be registered to be qualified to vote -- only a certified corn producer in Texas, or owner of any interest in a corn crop.

VOTER INFORMATION

1. Although a signature and address is required on each ballot, this information is confidential. Only the canvassing committee will have access to the ballots, and after counting they are placed in a closed container which may not be opened without a court order. How a person votes and the extent of production is completely confidential.

2. Ballots will be counted by a committee consisting of a county judge, a representative of the Texas

Agricultural Extension Service, a representative of the Texas Corn Growers Association, and a representative of the Texas Department of Agriculture. Results will then be certified to the Commissioner of Agriculture for verification.

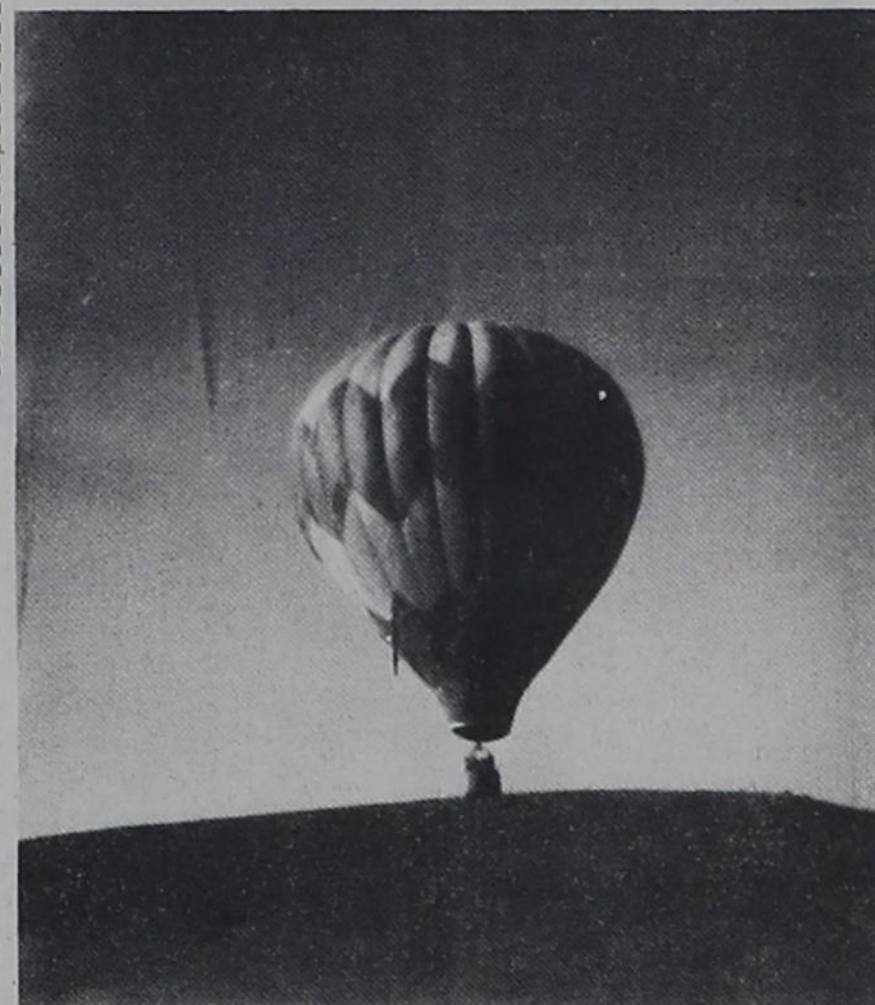

3. Voter eligibility: The law states all producers are eligible to vote in these elections -- a producer is defined as anyone who produces or caused to be produced corn for commercial purposes. In practice, anyone who would have to pay the proposed assessment in his own name is eligible to vote in the elections. However, it is not the intent of the Act to have two votes allowed on the same production.

4. The ballot includes both a referendum proposition and a commodity producers board election. An individual voter may vote for a board member regardless of whether he votes "for" or "against" the referendum proposition. He may also vote for a board member if he declines to indicate any preference at all on the referendum proposition.

5. Please verify your production in number of pounds produced in 1976. Also vote only for the number of board members in your area as shown on the ballot, or a write-in vote. (Refer to areas defined by counties as shown in the referendum proposition.)

6. Each individual who votes must complete either Section A or Section B at the bottom of the ballot. If production in the case of any person was on a "share" basis, he should verify only that portion that represents his share. If anyone is unable to give his production in specific terms, he should estimate as closely as possible.

7. A. If you are voting by ABSENTEE BALLOT, fill out your ballot, sign and

Up, Up, Up And Away

Harry Sheets of Farwell recently took a ride in this hot air balloon near Del Norte, Colo. The experience was quite a thrill for the local pilot who says he

loved the "peace and quiet of the early morning flight." The balloon traveled for an hour and achieved a height of 9,000 feet, Sheets said.

Kie Watkins Gets Scholarship

Texas Tech junior animal production major Kie Watkins, Farwell, has been named recipient of the John W. Carpenter Scholarship. The \$350 scholarship is one of 16 Dad's Association Scholarships awarded in honor or memory of individuals.

Recipients are selected by the Dad's Association Scholarship Committee on the basis of academic standing, need, leadership, public service and other characteristics indicative of outstanding students. The announcement was made

return to the Texas Corn Growers Office. It must be postmarked before midnight, July 26, 1977.

B. If you are voting by REGULAR BALLOT, fill out your ballot, sign and place it in the box provided at the site of the election.

8. Be sure to sign your ballot by normal signature and print your name and full address in the appropriate space at the bottom of the ballot.

SWCD News

Your farm may qualify for assistance on conservation practices, under the Great Plains Conservation Program. Some Conservation practices that can be cost-shared on in Parmer County are grass seeding, irrigation pipeline, waterways, terraces, diversions and others.

In the Great Plains Conservation Program the land owner or operator:

1. Develops a conservation plan suited to his kind of operation.
2. Works out schedule for applying the plan.
3. Enters into a contract with the Secretary of Agriculture to apply all needed conservation work on entire unit within 3 to 10 years.
4. Receives help from the Soil Conservation Service as he needs it.
5. Receives the federal share of the cost (from 50 to 80 percent) as he completes each conservation step.

If you have questions about the Great Plains Conservation Program, contact the Soil Conservation Service in Friona.

The Farwell Independent School District is offering the following property for sale on a bid basis:

In the original town of Farwell:
Block 26, Lots 7, 8, 11, 30, 31 and 32
Block 35, Lots 26, 27, and 28
Block 48, Lots 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27 and 28

In the Lanford and Nutt addition
Block 3, Lots 10, 11, 12, 13, and 14

This includes buildings, dwellings, and improvements currently on these lots.

Corn Growers To Vote For Board Members

Texas Corn Growers Association is now officially certified as representative of producers in 18 counties and will hold a referendum for officers and assessments July 29.

Agriculture Commissioner Reagan V. Brown certified the group in a hearing in Austin April 28. Under the Commodity Referendum Act, the Texas Department of Agriculture is responsible for monitoring the referendum and subsequent assessment procedures.

Texico Pool Sets Lessons

"Two weeks of beginning, advanced beginning and intermediate swimming lessons will be offered at Texico Swimming Pool beginning July 25," says Kathy Culshaw, pool manager, adding that the fee of \$7 for 10 lessons must be paid for in advance at the pool office.

According to Miss Culshaw, the swimming lessons will be taught by Kathy Morrow of Hobbs, N.M. All those enrolling in the classes are asked to meet at the pool at 11 a.m. MDT July 25. At that time says Miss Culshaw everyone will be assigned to their respective groups.

Corn growers will vote in their county seats for six board members who will set assessments collected from producers, not to exceed one-half cent per bushel.

Monies collected in the program are used for education, research, market development and promotion of corn, Commissioner Brown stated.

Persons who wish to be a candidate for the board must submit petitions signed by ten corn growers to the Texas Corn Growers Association, 707 West Grant Street, Dimmitt, Texas 79027. Carl King of Dimmitt is currently serving as president of the association.

June 29 is the deadline for petitions.

The election returns will be canvassed by a four-member team composed of a representative of the Texas Department of Agriculture, the Texas Agricultural Extension Service, the Texas Corn Growers Association, and a county judge from one of the participating counties. Commissioner Brown will certify the returns.

The 18 counties included in the referendum are as follows: Bailey, Briscoe, Castro, Deaf Smith, Floyd, Hale, Lamb, Farmer, Randall, Swisher, Dallam, Hansford, Hartley, Moore, Ochiltree, Sherman, Carson, and Hutchinson.

Instead of packing a picnic lunch, purchase your **BTD meal from the Farwell Senior Class booth, located next to ESA lemonade stand.**

NOTICE OF INTENT TO CHANGE RATES

The Five Area Telephone Cooperative, Inc. has filed an application with the Texas Utilities Commission of Austin, Travis County, Texas, for a rate increase on each of its six exchanges, Lazbuddie, Lariat, Bula, Needmore, Maple and Lehman. Said rate increase to become effective on the 1st day of August, 1977 or the date of approval by the Texas Public Utilities Commission, whichever is later.

The proposed rate increase was and is recommended by the Rural Electrification Administration acting for the Department of Agriculture in the percentage increase in gross revenue that the utility expects a requested rate schedule to furnish is 28.6%.

Published in the State Line Tribune July 15, 22, 29, Aug. 5, 1977.

FHS Girls Stater

Recently Penny Hughes, daughter of Mr. and Mrs. Walter Hughes of Farwell, attended Texas Bluebonnet Girls State in Seguin, Tex. The session, conducted June 14-24, taught Penny more about government on the local, state and national level. Besides learning about the intricate workings of all forms of government the high schooler had fun and enjoyed her eye-opening experience.

Penny Hughes Recounts Girls State Experience

By Penny Hughes

(Editor's note: Penny Hughes, daughter of Mr. and Mrs. Walter Hughes of Farwell, attended Texas Bluebonnet Girls State June 14-24 at Seguin, Tex., and the following is her accounting of the session.)

Texas Bluebonnet Girls State is designed to teach young women more about city, county and state governments. By learning about these three forms of government, you learn how to be a better citizen. You also learn how to get involved in government, whether it be the city and county governments or the state government.

Every city office, county office, and state office, whether elected or appointed, were filled, just like in the State of Texas. Because every girl had an office, this gave every girl the opportunity to get involved and be an active part of the imaginary state.

When we first arrived at Girls State, the 560 girls were assigned to a city, a county, a party and to the House or the Senate. There were twelve cities, six counties (two cities to each county), and two districts (three counties to each district). Everything was divided equally, except for the House and Senate. The Senate had one-third of the girls and the House was made up of two-thirds of the girls.

The first elections that were held were for the party chairpersons, the party county chairpersons, and the party precinct chairpersons. Each party had three precincts to each county. Each party also

discussed and wrote up the party platforms before the other elections started.

The cities voted on their own charter and then they elected their officials. Laws were set up to protect the citizens, taxes were collected, and people set up businesses to establish a Chamber of Commerce. Cities also had their own problems that the mayor and city councilmen had to work out, just like in a regular city.

County and state officials were elected next. Laws were set up and taxes were also collected. Each county had its own problems that the Commissioners Court had to work out, too. After the elections were over, the cities and counties had four days to work out these problems. I ran for County Clerk, but was defeated. I was then appointed to the "Texas Youth Council" by the Governor.

We also had the privilege of going to the Capitol. Four of our twenty-two hours, that we spent introducing and passing bills and resolutions, were spent in the House and Senate Chambers at the Capitol. Bills were introduced concerning the legalization of marijuana, work cards for all Texas residents, and the outlawing of child pornography. Some of these passed.

A few of the resolutions that passed were to establish an investigative committee for revising justice-of-the-peace requirements and a committee to review inner-city growth and mass transit.

I feel very fortunate to have gone to Girls State. I

had fun, but I also learned a great deal. I wish every girl could have the experience of going to Girls State. I would like to thank the American Legion Auxiliary and the other organizations that helped send me to Girls State.

Fire Call Procedure Listed By Stations

Personnel at the local fire stations say that reporting a fire to the Texico or Farwell volunteer fire departments is a simple process involving three basic steps. Each caller is merely asked to give his name, telephone number and the location of the fire.

Smith, dispatchers at Texico and Farwell, respectively.

"In order to dispatch the fire trucks to the scene of a fire as quickly as possible," states Mrs. Edge, "it is imperative that we be given the address at the time of the initial fire call."

As strange as it may seem, that all important third step is often forgotten in the excitement of reporting a fire, says Mrs. Garlan Edge and Eugene

All Texico-Farwell residents are reminded to follow this correct and very important procedure -- state name, telephone number and location of the fire.

AROUND THE TWIN CITIES

Farwell City Council will meet Monday night, July 25, at 5:15 CDT in the City Hall.

Farwell Chamber of Commerce will meet Tuesday, July 26, at noon at Clara's Restaurant.

Parmer County Commissioners Court will convene Monday, July 25, at 11 a.m. CDT in the county courtroom.

Texico City Council will meet Tuesday night, July 26, at 6:30 MDT in the City Hall.

The first coeducational college in the U.S. was Oberlin College, founded in Oberlin, Ohio in 1833.
