

Football Contest Underway Today

There is no place just like the Twin Cities when it comes to sports. It looks like we have a more than usual interest in our two high school athletic programs. At least the current crop of coffee cup conversation confirms that contention. This interest is further heightened this year with both Texico and Farwell appearing to have better than usual teams to put on the gridiron to thrill their respective supporters.

To supplement the local football mania the Tribune is unveiling the 19th edition of its annual football contest. We are gearing up to accommodate considerable more entries this year than we had last year and that was the second high on record.

The only criteria to winning the contest that can be drawn from the past years is to enter each week. Our eventual winners have run the gamut from seasoned observers of the pigskin scene to rank tyros who won the first season they entered. The only common thread is that they had an entry in each week of the contest.

We will look for your entry this week and hope to see it the last week. Shine up your crystal ball and climb aboard our football express and enjoy a thrilling twelve-week ride.

We always suspect the worst of the national news media and more often than not we have our suspicions confirmed. In this instance we wonder if the intense interest being taken in Bert Lance is because he really has a skeleton or two in the closet or if it is because he is the only person in the hierarchy of the present administration who has any relative conservative leanings and is moderately business-oriented.

Causing the President to sack Bert Lance would accomplish two very desirable ends for the liberal press (a) they could claim that they went after a Democrat as hard as they went after a Republican, and (b) they would be rid of Carter's only conservative adviser. Both desirable birds bagged with one shot.

Oh well. Tell us, is the above any more a guess than suspecting that Jimmie Carter has promised George Meany some labor legislation in return for Meany's endorsement of the Panama Canal give-away? Remember, it was George McGovern's liberal foreign and defense policies that caused labor to desert the Democrat Presidential standard bearer for the first time in memory of modern man. Therefore, it would seem that Meany's Canal endorsement might just have been given for a Carter nod toward a labor law plum.

In this week's Tribune is a very important message from the Southwestern Public Service Company. Southwestern is a private enterprise utility company that has served its territory well. It has always provided us with electricity in abundance, when many other companies in the country were curtailing their customer's use of electrical energy.

Personally, we think they know whereof they talk. We will write our views to our two U.S. Senators and hope and trust that you will also write.

If we are to escape the morass of complete Federal domination, we must, each one of us, become interested in government and communicate our views to our elected representatives in Washington.

Possibly the most economically fruitful thing you could do this week would be to write Lloyd Bentsen and John Tower or Pete Domenici and Harri-son Schmitt.

Do not put it off!

Football Contest -- A Family Affair

It's a family affair for the Nortons when the Area Merchants Football Contest gets underway each year. At least three generations of the L.L. Norton family of Farwell get in on the act with the grandmother, Frances, left, always a top contender in the guessing game. Joining her in pouring over various materials to help with the coming week's selections are her son and family, Gerald, Tim and Anne. Almost all the other Norton children, grandchildren and in-laws are also weekly contestants.

Sept. 6-10 - -

Curry County Fair Begins Next Week

The 1977 edition of the Curry County Fair will be staged September 6 - 10 at the fairgrounds east of Clovis. This year's week-long fair will feature such popular events as a tractor pull, competition in different livestock shows, exhibits and cultural divisions.

Perhaps the largest single attraction at the Curry County Fair will be the New Mexico Championship Tractor Pull to be held September 8 - 10.

The Class-A pull offers more than \$5,000 in prize money. Of the four Class-A pulls held in New Mexico the Clovis pull is the biggest one.

Entrants in the event accumulate points at each of the pulls and the one with the most points at the end of the season wins the all-around trophy.

The trophy will be offered for the first time this year. The over-all winner will be determined at the Clovis pull.

Only one tractor pulls at any time. Each tractor hitches up to a sled which can be adjusted to different weights, and the tractor pulls the sled as far as possible without bogging down.

A "full pull" means that the driver has pulled the sled to the end of the track. If more than one competitor makes a "full pull," weights are added to the sled and the run is completed again.

Next Thursday night (September 8) only local pullers from Curry and surrounding

counties in New Mexico will be allowed to compete. The class weights that night will include a 12,000, a 15,000 and an 18,000 to 21,000 pound tractor class.

The final class on Thursday will include a 5,000 and 6,000 pound class for four-wheel drive vehicles.

Also on Thursday a special garden tractor pull will be held for youngsters under the age of 15. The three weight classes for this event will include 600 pounds plus 50, 800 pounds plus 50, and 1,000 pounds plus 50.

Both local and out-of-state competitors will be participating in the Friday and Saturday competition. Contestants will weigh-in at 1 p.m. each day with the pulls beginning at 6 p.m.

Clovis farm implement dealers are selling advanced tickets at a cost of \$8 for all three nights. Tickets will cost \$11 at the gate.

The tractor pull is sponsored by the Curry County Fair Board and all proceeds will go back into the fair.

Livestock shows will also be a big part of this year's fair. Sheep, cattle, swine and other animals will be exhibited and shown in daily competition. Livestock entries close today (Friday).

Everyone has a chance to win and to experience the fun of competing against family members, neighbors and friends. Beginning tonight (Friday) contestants can enjoy gridiron battles in their respective area as well as compete for contest prizes.

First place weekly winner will be the recipient of a check

for \$7.50 while second place prize is \$5 and the third place winner garners a check for \$2.

The grand prize in the contest offers a choice between two tickets to the Cotton Bowl plus \$50, or two tickets to the Sun Bowl plus \$50.

Second place winner in the overall contest will receive two tickets to the Sun Bowl plus \$25.

Rules for the contest are the same as in previous years. Entries must be turned in to the Tribune office by 5 p.m. Friday or, if mailed, must bear a Friday postmark. Contestants must be 12 years of age or older and each person may submit only one entry.

Twelve games are listed each week. Contestants must circle the team he thinks will be the winner in each game.

A weekly tiebreaker game is listed on which the entrant

must record a score for each team. This game is used to select the winner in the event that more than one person guesses the same number of games correctly. However, the tiebreaker game does not affect the win-loss score, it only determines the winner in case of a tie. The tiebreaker scores through the year are also used at the end of the contest in case two entrants wind up with identical win-loss records for the entire year.

Tabulation of all entries are kept on record and are always available for public inspection.

Local and area merchants who are sponsoring this year's contest include Farwell Equipment Co., Plains Equipment Co., Security State Bank, Worley Mills, Inc., Clara's Spur Restaurant, Farwell Insurance Agency, Inc.,

Also, Texaco, Inc., Aero Farm Chemicals, Bob's TV Service, Sprink-L-Rite, Inc., Watts Machine and Pump Co., Capitol Foods, and James Chadwick-Texas Farm Bureau.

Gridiron Guessers Gear Up For Grill

Football fever maintains its tradition in the Twin Cities this year as the 19th annual Area Merchants Football Contest begins this week in the State Line Tribune.

It's time for area would-be coaches and Monday morning quarterbacks to sharpen their pencils and don their thinking caps to prepare for the weekly task of guessing the outcome of the contest games. Twelve games plus a tiebreaker game will be listed each week for entrants to predict.

Everyone has a chance to win and to experience the fun of competing against family members, neighbors and friends. Beginning tonight (Friday) contestants can enjoy gridiron battles in their respective area as well as compete for contest prizes.

First place weekly winner will be the recipient of a check

for \$7.50 while second place prize is \$5 and the third place winner garners a check for \$2.

The grand prize in the contest offers a choice between two tickets to the Cotton Bowl plus \$50, or two tickets to the Sun Bowl plus \$50.

Second place winner in the overall contest will receive two tickets to the Sun Bowl plus \$25.

Rules for the contest are the same as in previous years. Entries must be turned in to the Tribune office by 5 p.m. Friday or, if mailed, must bear a Friday postmark. Contestants must be 12 years of age or older and each person may submit only one entry.

Twelve games are listed each week. Contestants must circle the team he thinks will be the winner in each game.

A weekly tiebreaker game is listed on which the entrant

must record a score for each team. This game is used to select the winner in the event that more than one person guesses the same number of games correctly. However, the tiebreaker game does not affect the win-loss score, it only determines the winner in case of a tie. The tiebreaker scores through the year are also used at the end of the contest in case two entrants wind up with identical win-loss records for the entire year.

Tabulation of all entries are kept on record and are always available for public inspection.

Sheriff's Department Investigates Thefts

The Parmer County Sheriff's Department is investigating several thefts, burglaries and acts of vandalism, reports Sheriff Charlie Lovelace.

Six John Deere flax planters and boxes have been stolen from the Lester Cole farm five miles south of Friona, said Sheriff Lovelace. The theft which he believes occurred sometime during the past two months was not discovered and reported until Sunday. He said the estimated value of the planters is around \$1800.

According to the local sheriff, numerous planters and other farm equipment has been stolen from area farms during the past four or five months. He said they have recovered some of the items, but as yet there have not been any convictions in any of the cases.

"Part of the problem," said Sheriff Lovelace, "is that farmers put their implements away after they finish planting and usually do not discover that anything is missing until weeks or months later." Then usually the discovery that the implements are missing is made by accident, he adds.

Sheriff Lovelace asks area farmers to periodically check their equipment and to report any thefts immediately.

Two other thefts also occurred recently. According to

the local sheriff a fence charger was stolen from the Leslie McCain farm four miles west of Bovina. Estimated value is \$100. A set of tools valued at \$90 was taken from Duane Obenshain's car while it was parked on the Capitol Foods lot Saturday.

Tide Fertilizer located seven miles east of Friona on Highway 2397 was burglarized over the weekend, reports Sheriff Lovelace, who added that the "culprits gained entry into the building by breaking in the door." Several things were taken, including six boxes of Coke, a set of dominoes, about \$10 change from the Coke machine and other "odds and ends."

According to Sheriff Lovelace, the building was also

vandalized as the culprits "busted out three windows and tore up the telephone." Two coffee pots were also destroyed and an addressing machine was torn up, reports the local sheriff. He said an adding machine was "beaten to a pulp by a hammer" and the two-way microphone to a CB radio was "battered to pieces."

Sheriff Lovelace estimates the damage to be between \$500 and \$800. He said the same type of incident also occurred on the same night at the Tam Ann Gin in Castro County.

He also reported a burglary at the Lottie Bandy Beauty Shop in Bovina. According to the local sheriff an estimated \$800 worth of jewelry, and a stereo and radio were stolen.

Pep Rallies Set Today

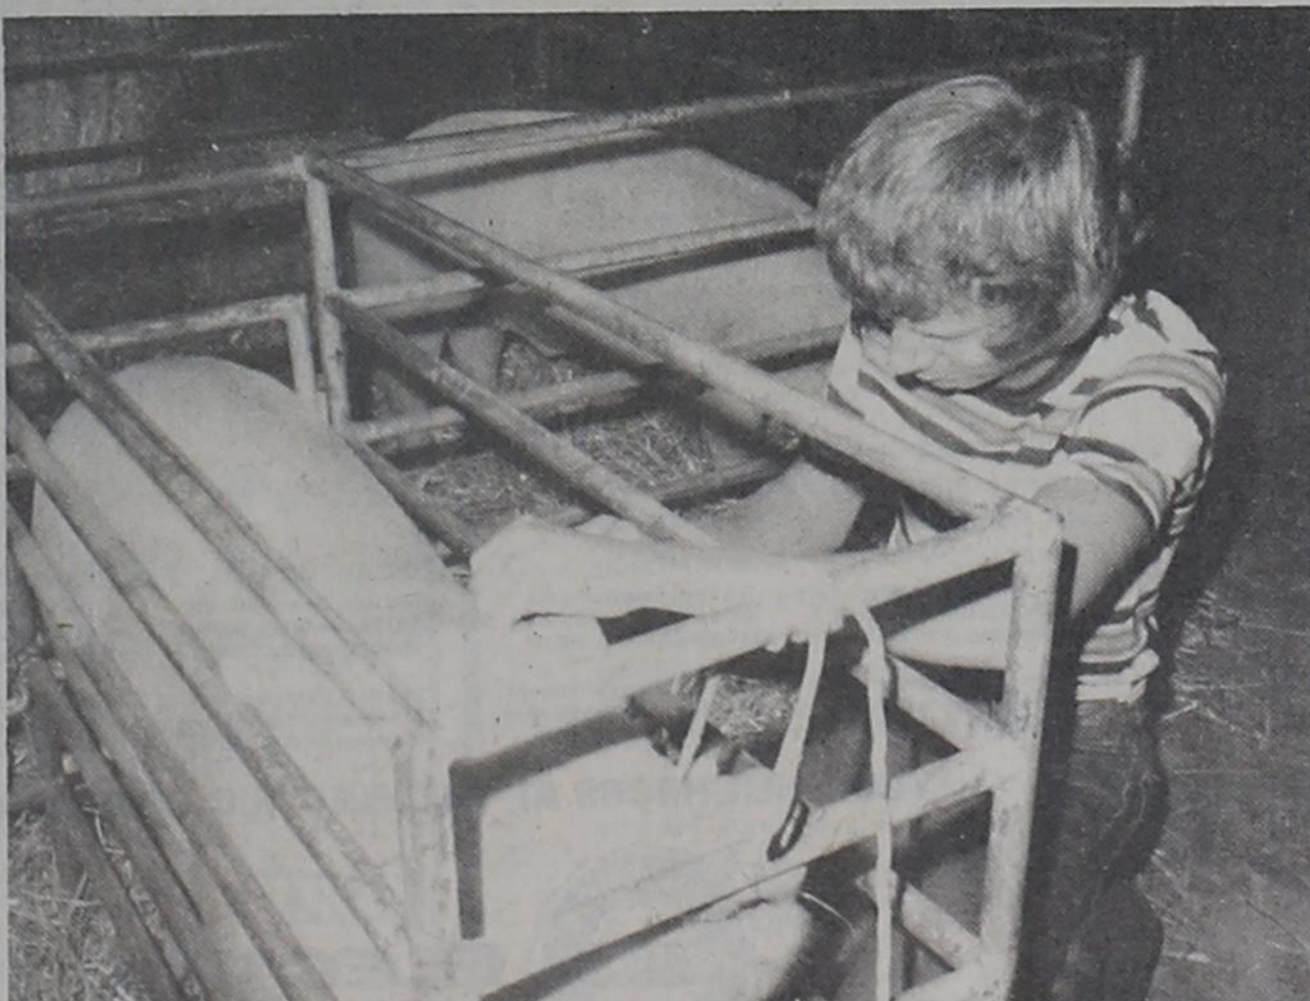

There's excitement in the air today (Friday) in the Twin Cities as both the Steers and the Wolverines prepare to test their mettle against their away-from-home opponents in tonight's initial football contests.

In pre-game activities Texico and Farwell Schools have slated their first pep rallies of the football season for this afternoon.

Wolverine fans will gather at the high school gym at 2:45 p.m. MDT for a spirit-boosting session guaranteed to show the Green and White that they back their gridiron efforts 100 percent.

A similar event will take place at Farwell gym at 3:10 p.m. CDT today as Blue and White boosters come together to "raise the roof" in support of their team.

All fans of both schools are encouraged to attend the pep rallies and the out-of-town games.

Swine Hair Cut

Steve Kittrell, Texico sophomore FFA member, is concentrating on trimming the ears of his pig which will be entered in next week's Curry County Fair livestock competition. Throughout the barbering ordeal the animal protested and squealed his disapproval. Steve is the son of Mr. and Mrs. Truman Kittrell.

On Stage Tuesday

Rehearsals are still in progress for the Farwell High School drama department's presentation "The Closet," set to go on stage in the auditorium Tuesday night, Sept. 6, at 8 o'clock. Richard May as the skeleton prepares to give Anne Winston, portrayed by Carole Perkins, a scare as Anne's husband Dick, played by Michael Boling, looks on. The play, written by T.S. Denison is being directed by Carol Hotze, new high school English and speech teacher at Farwell High.

Job Opportunity - -

'Green Thumb' Program Now Available In County

Green Thumb, Inc., a work training and job opportunity program for persons 55 years of age and older who are residents of Parmer County, is now available, said County Judge Paul Fortenberry.

The program, already in operation in more than 20 other west Texas counties, is sponsored by Farmers Union and funded through the Department of Labor. Green Thumb, Inc. seeks to provide employment opportunities to those elderly persons having limited incomes and desiring to work on community service and improvement programs for non-profit organizations.

The organization does not replace persons who are presently employed, or reduce the hours of those working, but rather provides the communities within the county with those services desired, but not presently provided, or expands

on-going programs and projects.

Persons who apply for the program and who meet the requirements will receive \$2.30 per hour and will work 24 hours per week. In addition, they will have paid vacations, sick leave, as well as receiving physical examinations and, while on the job, workmen's compensation.

There is no charge to the organization being supported through the assignment of Green Thumb personnel but tools and materials required for specific jobs must be furnished.

Judge Fortenberry stressed the point that persons who apply for the program must be residents of Parmer County and that they will work on projects within the county. The program is designed to provide the elderly with opportunities to learn new skills and to re-learn old skills.

While new in Parmer County, Judge Fortenberry explained, Green Thumb has been in operation over 10 years in other states and has been of particular help to those elderly persons living in rural areas where jobs are not always readily available.

In addition to the program described above, Green Thumb offers another program which provides employers of persons 45 years or older with a significant percent of the wages of the employee while undergoing on-the-job training. Jobs in this category may be either profit or non-profit types of business.

Judge Fortenberry said that persons interested in either program should leave their names and addresses at his office. He added that only a limited number of persons can be accepted for the program at this time.

Enjoy Reading Lab

Monday was a big day for Farwell youngsters as they went back to classes after a long summer vacation. These students in Mrs. Betty Turner's fifth grade reading group are working in the SRA Reading Lab. Jesse Coburn, right, son of Mr. and Mrs. Jesse Coburn, Jr., reads a story while Rosa Sepeda, daughter of Mr. and Mrs. Eusebio Sepeda, thumbs through selections trying to decide which story to read. Seated is Cynthia Ancira, daughter of Mr. and Mrs. Frank Ancira. The elementary students utilize the SRA Lab once a week.

Farwell To Buy New Ambulance

Farwell City Council at its Tuesday morning meeting voted unanimously to purchase an ambulance through the Panhandle Regional Planning Commission (PRPC). Tuesday's meeting had been postponed from Monday night because of lack of a quorum.

Under the present plan the city pays 40 per cent of the cost and PRPC absorbs 60 per cent of the expenditure for the new one-ton-chassis ambulance. Total cost of the vehicle is \$15,768 of which the city's portion is \$7,128.

The ambulance, which features a 460 V-8 engine, is manufactured by the Ford Motor Company. It will be

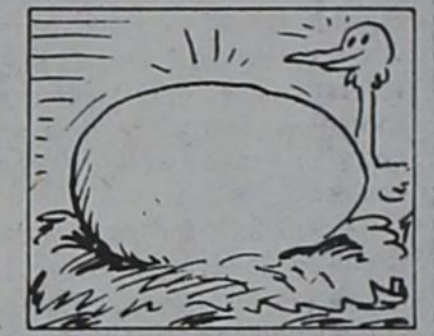

totally equipped and ready to use immediately upon delivery, sometime in December.

The ambulance will have wood grain interior and will be stocked with stretchers, splints and first aid kits. The ambulance is designed to handle all emergency situations.

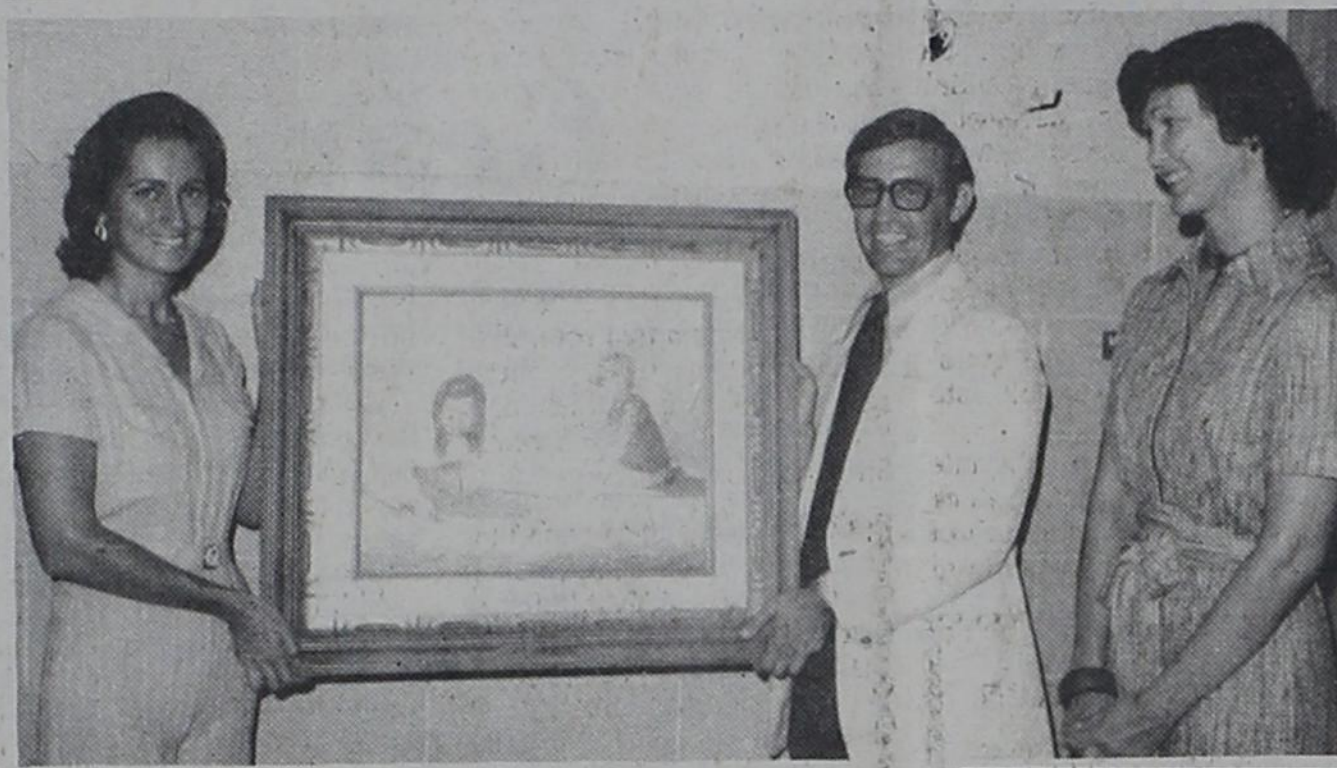

The Council also okayed the purchase of 500 feet of fencing to erect a fence at the city barn. City vehicles will be parked inside the area after it is completed.

It was announced that Southwestern Public Service Co. had notified the city that the city would be charged the same rate as the school system in the future.

Those attending the meeting were Mayor Walter Kaltwasser; commissioners Fred Chandler and Johnny Curtis; and city employees Doug Landrum, Jack Landrum, Dee Hammitt and Janie Bowery.

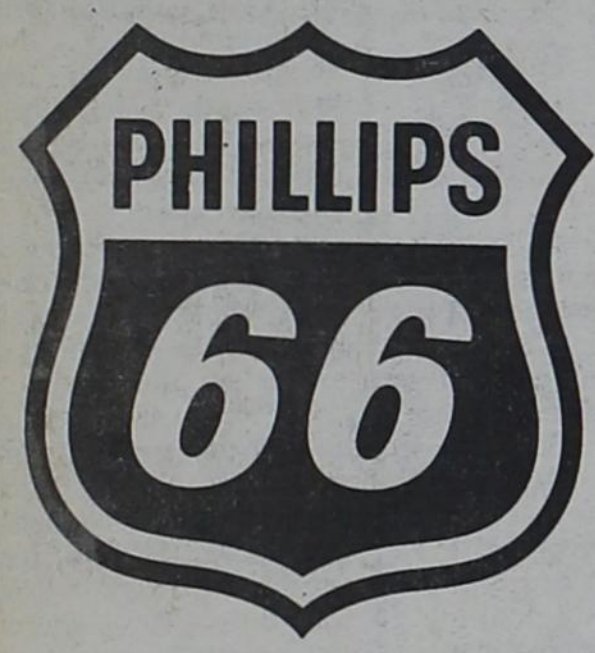

Ostrich eggs are the largest bird eggs. They may be eight inches long and weigh three pounds.

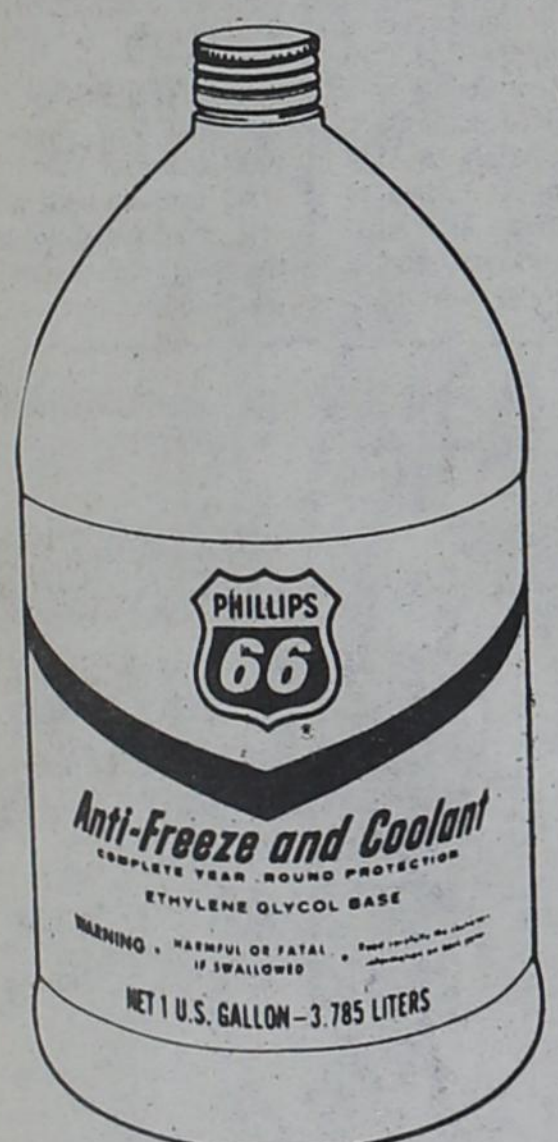

Memorial Painting

The painting shown here, an original by Bennie Pierce of Clovis, left, now hangs in the hallway of Farwell Elementary School. The painting was done in memory of Troy Wayne Frazier, a Farwell first grader who was killed in a traffic accident last year. Accepting the painting on behalf of the school are Jerry Yows, principal, and Judy Howard who was Troy Wayne's teacher. The painting, which shows a young boy and girl playing marbles, was commissioned with funds collected from all the elementary students.

An important message to our customers.

The House of Representatives has just voted to raise the price of your electricity! And the Senate is looking at the same legislation. These bills are going to cost you nearly \$50,000,000 a year for the next ten years. That's almost half a billion dollars!

Who cares? Of course you care. And we care. That's the reason we want you to know what's happening in Washington.

Not only did the House vote to raise your electric bill, there's a strong chance you'll get less reliable service, too. The Government is trying to take over regulation of your electric company. That's right! A Washington bureaucrat will decide who gets electric power and how much, instead of your state and local officials.

That means your electric company will lose control over how we operate our own power transmission lines and facilities. We might not be able to give you our customers — first priority. The Federal Government could use some of the money you pay for your electric service to make your electric company build a transmission line for a government subsidized utility. You pay twice that way — in your electric bill and in your taxes. And you don't even get to use the line.

Let's not beat around the bush. The cost of doing business is going up. It costs you more for your electric service than it used to. But now when you pay your electric bill, you pay only what it costs to serve you, plus a controlled profit, so that we can keep updating our generation facilities and our technology to keep serving you better.

Well, if some Congressmen have their way, some people will pay less than their fair share of the electricity cost. Who will decide who gets the special rates? You can bet it won't be you. . . . or our state and local government who know our needs best.

It will be some government official in Washington!

There's a whole lot more bad news in this legislation that has passed the House and is now being considered in the Senate. It's all part of Senate Bill 1469, Part E. . . . and . . . Now for more bad news. . . . Senate Bill 1472!

That's a dandy. It's the one that takes you because some of your electricity is generated with natural gas. The gas users' tax is a case of the Government telling us to build coal-fired power plants faster than you can afford them.

It's as though the folks in Washington just woke up one day and decided there was an energy crisis and decided to try to right all the wrongs over night. The facts are that your electric company has been doing something about our diminishing natural gas reserves for more than six years. We haven't planned or constructed a gas-fired generation facility since 1971. And since that same time we've been planning to use coal as our primary generation fuel. We've just completed and put into operation Harrington Station — a coal-fired Generation plant near Amarillo.

But we need the opportunity to phase out the gas-fired facilities at a savings economical to you, our customers. New power plants cost money — cost you money, because you are our only source of money. We have a program that makes it possible for us to stop using natural gas to make electricity by 1995 at the latest.

It's a program you can afford. It's a program that will help alleviate rising costs. Sure, you'll pay more for electricity in the future. You'll be paying more for everything, but under our plan you'll pay a lot less than you'll have to pay if Senate Bill 1472 passes. \$423,000,000 less between 1983 and 1990.

Why? Because Senate Bill 1472 says that even though we are building coal-fired power plants as fast as you can afford them, you're still going to be penalized, by almost a half billion dollars. Just because some staff member in Congress thinks you should build them faster. And remember it is your money that builds these new plants.

The Good News in all this is that your Congressman voted against raising your electric bill, voted against giving you poor service. . . . but he was out-voted. Now what you can do is write your United States Senator. His name and address are printed below for your convenience and tell him to vote against Part E in Senate Bill 1469 and against the gas users' tax in Senate Bill 1472. Why? BECAUSE YOU CAN'T AFFORD THESE BILLS. And that's a darn good reason. Let the people in Washington know that YOU CARE what they're doing with YOUR MONEY!

Thank you

30 Years Of Service - -

Lee Meeks Retires As Rural Route Carrier

by Shirley Gorman

Last Friday was just another typical day in the life of Lee Meeks, rural route one carrier for Farwell Post Office. Well almost, anyway. As Meeks returned from delivering mail to the 113 families along Farwell Route One, his friends and co-workers at the local post office surprised him with a special going-away party.

After nearly 30 years as the Route One carrier, Meeks retired Friday and he and his wife Margie made ready to move to Sun City, Ariz., to begin a new life of rest, relaxation and fun.

The small party was quite a treat for Meeks who supposedly had been kept in the dark about the whole matter. A cake decorated like a letter was baked by Mrs. Mitchell Walls. In the upper left hand corner the Farwell Post Office address was written in blue icing, and in the upper right corner was a 13-cent postage stamp outlined in blue. The letter-cake was addressed to

Mr. and Mrs. Lee Meeks, Sun City, Ariz. 88351.

Soft drinks were also served and a money card was presented to Meeks. Attending besides the honorees were Otis McMillan, postmaster, and Edwina Owen, Sylvia Buchenau, Mr. and Mrs. C.L. Mahaney and Melvin Burns, postal workers.

Meeks began his career as a rural mail carrier more than 29 years ago on June 6, 1948. Only 69 families lived along the route then and mail was delivered three days a week.

He began his duties on a substitute basis at first, advancing to regular carrier in 1961. In those days, the regular route carrier picked his substitute, and Meeks was "hand picked" by Nelson C. Smith to be the Route One substitute. Smith later became a school teacher in Farwell.

Following the adage that "neither rain nor wind nor sleet nor hail can deter the delivery of the mail," Meeks always managed his rounds no matter what the weather. Of

course, he does recall getting stuck a few times and sometimes his vehicle would break down, but "someone was always there to either pull me out or loan me a vehicle," Meeks said.

A typical day for the newly retired man began at 8:30 a.m. when he arrived at the post office to sort the mail for Route One. Later he began his delivery rounds and barring bad weather, breakdowns or other difficulties he would arrive back at his base of operation around 2:30 in the afternoon; however on certain occasions Meeks recalls finishing up "around sun down."

The local man already knew the families in his route long before he accepted the position as rural route carrier, but sometimes names would present a problem. He recalls a time when seven Johnson families lived in the area. "Some of their children had the same first names and at times it was difficult to try and figure out who should get the letters."

The retired carrier also said that many times letters are addressed to the nickname rather than the regular name of a person. "But I usually knew who they meant anyway," he said.

When Meeks was nine months old he and his family moved to this area in a covered wagon. As he grew and matured he became something of a "jack of all trades" because he occupied several different jobs before settling down to the business of delivering the mail.

After serving in World War II, Meeks joined the ASC office. At that time he also began to substitute as a mail carrier. At different times in his life Meeks has been a farmer, butcher, and he owned and operated a service station and the skating rink.

Now the couple is looking forward to settling down in their new home in Sun City about 12 miles northwest of Phoenix. The town of 50,000 population is a "retirement haven" which provides something for every retired person living there. Golf courses dot the area and arts and crafts facilities are also available.

Meeks said he plans to "take it easy for awhile" but eventually hopes to learn the silversmith trade. He will also spend time fishing and playing tennis as these are two of his favorite hobbies.

One thing is for sure, the Lee Meeks have earned their "place in the sun" and now they intend to enjoy it.

Mail Carrier Retires

Lee Meeks sorted and delivered Farwell Route One mail for the last time Friday as he retired after serving as rural carrier for nearly 30 years. Following rounds that day, Meeks and his wife Margie were special guests of honor at a small retirement-going away party at the Farwell post office. They plan to make their new home in Sun City, Ariz.

Farwell City - - Marshal's Report

Farwell City Marshal Ronnie Mitchell reports that he has observed several potential traffic problems developing around the Farwell Schools since classes began Monday. To help avoid accidents, he asks all motorists to observe the stop sign located at Seventh Street and Avenue G and to stop behind the crosswalk before pulling out into the street.

Also, in order to alleviate heavy traffic congestion along Seventh Street during school hours, he asks all motorists to

use Eighth Street whenever possible, thereby leaving Seventh Street free for parents who need to drop off their children either at the elementary or junior high buildings.

Mitchell also reports that several acts of vandalism have been committed recently, including damage to a stop sign which was pulled up, "concrete and all," at Second Street and Avenue A.

FIRE CALLS

Texico Volunteer Fire Department responded to a car fire at Wheeler and Garwood Streets last Friday. Little damage was reported.

They did not report any ambulance calls.

Farwell Volunteer Fire Department responded to a trash fire last Thursday behind Allsups and to a car fire near Lariat Sunday.

They did not report any ambulance calls.

552 Enroll In Farwell

Registration figures have been released for Farwell Schools. According to Superintendent James Perkins, 552 students have enrolled thus far, adding, "it's about the same as last year's total." Perkins said the enrollment figure will probably fluctuate during the first weeks of school until "everything settles down."

Of the 552 total, 274 students are in the elementary school and 278 students are listed in the secondary school.

Breakdown by grade is as follows: kindergarten, 35; first, 48; second, 35; third, 38; fourth, 40; fifth, 36; sixth, 42; seventh, 37; eighth, 57; ninth, 51; 10th, 54; 11th, 43; and 12th, 36.

Band Boosters Plan Meeting

Farwell Band Boosters will have their first meeting of the new school year Wednesday, Sept. 7, at 3:30 p.m. in the band hall, announces Mrs. Wilbert Kalbas, new booster president.

Cookbooks which the booster organization has compiled will be available for distribution and the annual band dues of \$5 are also due that day.

All members of the Band Boosters are urged to be present for this important organizational meeting and are reminded that dues are expected to be paid that day.

Niece Dies In Michigan

Funeral services for Wendy White, age nine, of Michigan were held August 29 in Alamogordo, N.M.

Wendy passed away August 25. She is the daughter of the former Dusty Young of Rosedale, N.M., and the niece of Dickie Chandler of Farwell.

Survivors include her parents, Mr. and Mrs. Andy White of Michigan; one sister, April; and her grandparents, Mrs. Frances Young of Alamogordo, and Mr. and Mrs. White of Colorado.

Also, her aunts and uncles and their families, Mr. and Mrs. Fred Chandler of Farwell, Mr. and Mrs. Dan Graham of Alamogordo, and Mr. and Mrs. Lawson Young of Showlow, Ariz.

Rev. Moody Smith, pastor, invites everyone to attend the revival services.

"What nobody seeks is rarely found." Pestalozzi

Retirement Practice

Getting used to being waited on, Lee Meeks seems to enjoy being fed a piece of cake by his wife Margie. They were special guests at a retirement and going-away party at Farwell Post Office Friday afternoon. Meeks carried Farwell Route One mail for the last time Friday as he is retiring after nearly 30 years as the rural carrier. The couple is moving to a new home in Sun City, Ariz., for retirement.

Chamber Discusses Doctor Recruitment

Farwell Chamber of Commerce discussed the doctor recruitment program at its regular meeting Tuesday noon at Clara's Restaurant. It was announced that no doctor had been secured for the medical clinic as yet, but that they "were still in the process of looking for one."

Johnny Atkinson, chamber president, said that the Southwestern Public Service Co. had assured him that the office in Farwell was not to be closed.

The grant for the construction of a new city park has been amended to include tennis courts, Atkinson announced, adding that at the present time the matter was being looked into. One of the concerns is the probable location of the new courts. According to the Chamber president the most often suggested proposed site is next to the high school tennis courts.

Mack Heald was appointed chairman of a committee to look into the matter of brochures which Southwestern Public Service Co. prepares for communities. Other committee members include John Getz and Gil Patschke.

Atkinson announced that he recently attended an Amarillo Chamber of Commerce dinner at which Representative Jack Hightower was a special

guest. It was announced that the day of the 1978 Chamber banquet has been set for the second Friday in April, which is April 14. Dr. Lee Clayton has been appointed to head the speaker selection committee.

This I Know - - -

by Leonard Karper
Minister
Farwell Church of Christ

Our days can be good days if we are willing for them to be, and do not adopt unreasonable expectations for ourselves.

We must not make too much of our problems and difficulties. Our days cannot be problem-free, but we must not permit our problems to be our whole life.

We have no right to expect everything to work out exactly as we think it should. Disappointments, some losses, some sorrow, and some despair can be expected; but these are never the whole of one's life.

A day is neither good nor bad, but it is what we make it. "I am more and more convinced that our happiness or unhappiness depends far more on the way we meet the events of life than on the nature of these events themselves." -Humbolt.

The Christian is expected to see "good days." "He who will love life, and see good days, let him refrain his tongue from evil, and his lips that they speak no guile: Let him turn away from evil, and do good; let him seek peace and ensue it." (I Pet. 3:10-11).

We can learn to make our days "good days." When we choose the "Good Life", and conduct ourselves accordingly; we will SEE GOOD DAYS.

School Lunch Schedule At Texico

Susan Sheriff, Harold Collins United In Clovis Ceremony

MR. AND MRS. HAROLD COLLINS

Wedding vows were exchanged Friday, Aug. 12, by Susan Alyce Sheriff and Harold Edwin Collins, both of Clovis, in an evening ceremony at Central Baptist Church, Clovis. Dr. Carl Scott, pastor, officiated at the ceremony.

Parents of the couple are Mr. and Mrs. Dwight Sheriff and Mr. and Mrs. Dwain Collins, all of Clovis.

Vows were exchanged before an altar of arch shaped candelabras holding pink candles in back of a large bouquet of pink gladioli, soft pink carnations, deep pink carnations and miniature burgundy carnations combined with baby's breath and greenery.

Bouquets on either side of the altar setting were of the same type flowers in colors of light pink, deep pink and burgundy. These bouquets in white vases were on white pedestals with candles for the background. A kneeling bench entwined with greenery, and a unity candle adorned with pink carnations completed the decorations.

Wedding music was presented by Mrs. DeEsta Anderson of Casper, Wyo., cousin of the bride. Soloist was Bryon Phillips who sang "The Lord's Prayer" as the couple knelt in prayer.

Candles were lighted by Sharla Sheriff, youngest sister of the bride. Karen Kraft registered the guests.

The bride was given in marriage by her father. The full length wedding gown with chapel train, of white brushed sateen satin over-layed with white polyester sparkle organza, was designed and made by the bride.

The gown featured a fitted bodice appliqued with French lace and pearls, complementing the detail of the lace pattern. The round neckline gathered into a circle of lace and tiny pearls at the neck. Long Bishop organza sleeves were accented with applique lace and pearls on the cuff. Many lace and pearl double edgings

were running down the skirt from the waistline to the sweeping cathedral length dress.

Wide French lace appliqued with pearls encircled the long, full skirt on the hemline. A Juliet cap held the chapel length veil, edged in tiny pearls. She carried a cascade bouquet of white roses, stephanotis, and baby's breath atop a white Bible given to the couple in a White Bible Service.

Something old and something blue was a handkerchief embroidered in blue with the bride's name. Something new was her bridal dress and her Bible. Susan borrowed pearl earrings from her sister, Kathy.

Kathy Sheriff, sister of the bride, was maid of honor. She wore a floor length, light pink polyester dacron cotton eyelet embroidery dress. The dress had a ruffle of the border eyelet embroidery as a caplet flowing from the neckline and a matching ruffle on the hemline. Rhonda Bell, and Sharla Sheriff, sister of the bride, were bridesmaids. Shelley Moore was flower girl. They wore dresses identical to that of the maid of honor. Nose-gays of flowers in the three colors of pink carnations nestled in baby's breath were carried by the bridal attendants. Shelley carried a basket of carnations in different pink hues.

Robert Barnaby was best man. Groomsmen were Bruce and Alan Collins, brothers of the bridegroom. The bridegroom was attired in a white tuxedo with a single white rose boutonniere, and the groomsmen were attired in burgundy tuxedos, pink shirts with deep pink carnation boutonnieres. Ring bearer was Steve Nolan, who was attired in burgundy and white striped jacket and burgundy pants, white shirt with a deep pink carnation boutonniere.

Mike Williams, Keeney Dick-

enson, and Byron Phillips served as ushers.

For her daughter's wedding, Mrs. Sheriff wore an aqua crepe chiffon dress with a long aqua and pink flowered drape with a deep pink carnation corsage. Mrs. Collins chose a floor length dress of pink and white designed double knit. A deep pink carnation corsage accented the pink in her dress.

The reception was held in the church chapel with the parents and bridal party receiving the guests.

Centered on the serving table was a bouquet of pink and burgundy carnations. The three-tiered cake was decorated in light pink and deep pink rosebuds and was crowned with a wedding bell, hearts, and roses.

Pink fruit punch and rose mints were served to the guests with the wedding cake.

For a going away ensemble the bride chose a mint green and white slack suit, white accessories and a white rose corsage. Following a trip to

Amarillo, to see the musical drama "Texas," the couple will be at home after August when they attend New Mexico State University, Las Cruces, N.M.

The bride is a 1977 graduate of Clovis High School, and the bridegroom is a 1976 graduate of Clovis High School.

Special guests were Mrs. Mildred Morgan, grandmother of the bride, Portales; Mrs. Ethel Sheriff, grandmother of the bride, Clovis; Mrs. Ada Borden, great-aunt of the

bride, Grady; Also, Mr. and Mrs. Richard Anderson, cousins of the bride, Casper, Wyo.; Mrs. Hattie McQuire, great-aunt of the bride, Clovis; Mr. and Mrs. Dale Elms, aunt and uncle of the groom, Lubbock;

And, Mrs. Grace Snider, Mr. and Mrs. M.A. Snider, Jr., Mrs. Wilma Moseley, Mr. and Mrs. Johnnie Williams, Mrs. Bert Williams, Tracy and Eric, and Mr. and Mrs. Guy Austin, all cousins of the bride, all from Farwell.

Convalescent Center Chit Chat

Dora Nittler, administrator, is in El Paso attending a seminar.

Last Thursday was a special day as residents enjoyed the usual bingo sessions and celebrated all the August birthdays as well. Residents having birthdays in August were Velma Robertson, Dennis Brooks and Annie Fussell. Madge Henly of Port Arthur, Tex., who is visiting her mother, Lyra Holland, also celebrated her birthday along with everyone else at the Center. Thirty-two attended the game and party fun.

Speaking of Velma Robertson, a mistake was made last week when she was incorrectly listed in the "saddened by the loss of" rather than the "new admissions" section of this column. Velma says she is in "very good shape" and is "feeling better every day." She hopes to be able to go home soon.

Rev. H.L. Whittenburg, pastor of Oklahoma Lane Methodist Church, conducted Sunday afternoon worship services. Myron Hillock played the piano. About 25 persons attended.

Another wheelchair has been purchased with funds from the Memorial Fund at the Center and money donated by the Vacation Bible School classes of St. John's Lutheran Church at Lariat. The wheelchair is in memory of Albert Kube, Ben Kube and Herman Gohlke who were all members of the church.

Dutch Quicquel recently donated several talking book records and paperback books. All are glad to see him coming as he usually brings something for everyone.

Three nurse's aides, Dolores Morris, Gaye Coffman and Gladys Russ, have left to attend vocational nursing school.

Floe's Quote: "We have not really budged a step from home until we take up residence in someone else's point of view." John Erskine

We are all saddened by the recent loss of Florence Swann and R.W. Hyman.

After an absence of several months, the "Spotlight is on..." returns. This week the subject is Nelson C. Hurst who was born in Odom, Tex., on

April 15, 1916. He has spent most of his life in the Amarillo and Muleshoe areas. While in Amarillo he worked in the construction business and with the public school system. He also farmed in the Muleshoe area.

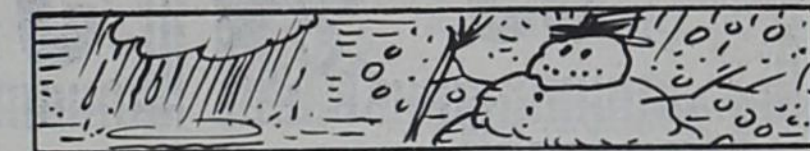

Hurst has five children and several grandchildren. He enjoys almost all sports. He has been at the Center almost two months and everyone here appreciates his sense of humor.

Hurst's word of advice is "if all else fails follow directions."

Day School Scholars

These eight four-year-olds started classes Monday just like their older brothers, sisters, and cousins who go to the public schools. Youngsters who are enrolled in the special day school sponsored by the Church of Christ in Farwell are from left, standing: Heath Dollar, Lisa Harper, Chris Fant, and Cindy Meeks. Seated are Byron Martin, Warren Martin, Christi Curtis and Richard Gulley.

One inch of rain contains the same amount of water as a 10-inch snowstorm.

Economist Roy Bogle, Kansas State University, came up with some mind-boggling statistics recently. If the rate of inflation keeps rising at 6% the 1977 model tractor you paid \$20,000 for will cost \$78,000 in the year 2000. Today's \$1,000 per acre land will be selling for \$3,900; cost of producing a bushel of wheat will jump from \$3.25 to \$12.58; fertilizing irrigated corn will go from \$38/acre to \$150; fuel costs will go from \$13/acre to \$50. Cost of beef production will rise. If cost of gain is 50¢ it may be \$1.95 and 70¢ hamburger... \$2.85. Gallon of milk (85¢) will sell for \$3.30 with eggs toing from 80¢ to \$3.10. You'll be paying your hired help \$11.70/hour instead of \$3 in the year 2000.

Chappells Observe 40th Anniversary

Mr. and Mrs. Johnnie Chappell of Texico celebrated their 40th wedding anniversary Sunday, Aug. 21, in Holy Ghost Canyon.

Iona Katherine Albertson and Johnnie Willard Chappell were married August 21, 1937, in the home of Rev. Richard Clay, guest pastor of the First Baptist Church at Deport, Tex.

The couple lived near Deport for four years and moved to Riverside, Calif., in 1942. In December of that year they moved to Farwell where they started to work on the J.P. Tate farm south of town. When that place was sold, the couple moved to the farm of J.H. Birchfield where they worked until 1951.

At that time Chappell began

work for the Bagley Oil service station of Farwell, then soon started work for T.J. Finley at the Texaco station in Texico where he remained until 1960.

Chappell then started his present occupation of driving a gas truck for Woodrow Lovelace, Texaco consignee. The Chappells moved to Texico in 1963 and continue to live in the home they bought there.

They have four children and seven grandchildren, including Mr. and Mrs. Jerry Landreth, Jeff and Diana, and Mr. and Mrs. Kenneth Chappell, Kathy and Kenny, all of Lubbock; Mr. and Mrs. David Chappell, Josephine, Hope and Adam, and Mr. and Mrs. John Faircloth, all of Florida.

Wedding
Reminder

Lou Ann Scioli and Tommy Dale Kennett will exchange wedding vows tomorrow (Saturday) at 3 p.m. MDT at the First Baptist Church in Texico. All friends and relatives are invited to attend the wedding and reception to follow in the church fellowship hall.

Parents of the bride-elect are Mr. and Mrs. Anthony J. Scioli of Texico and the prospective groom is the son of J.W. Simpson of Clovis.

Grandchildren Visit Nortons

Visiting in the home of the L.L. Nortons of Farwell for three weeks have been their grandchildren, Jason, Noelle and Tyson Jamison. They are the children of Mr. and Mrs. Leon Jamison of Marble Falls, Tex.

Grandmother Frances took the children to Big Spring on Tuesday where they met their mother Wilma for their return trip home.

During the three weeks the children were here, they also visited with other local relatives.

MR. AND MRS. TIM LUSK

Karen London, Tim Lusk

Repeat Wedding Vows

Karen LeAnn London of Farwell and Timothy Mark Lusk of Clovis were united in marriage in a candlelight ceremony August 12 at the First Baptist Church in Farwell.

Rev. Dudley Bristow, church pastor, officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Leon London of Farwell, and the bridegroom is the son of Mr. and Mrs. J.D. Lusk, Clovis.

Vows were repeated by the couple at the altar which was decorated with palms and other greenery backed by circular and arched shaped candleabra.

The bride was presented in marriage by her father and wore a white organza gown featuring a full ruffled train. The princess style dress had a high neckline and three-tiered capped sleeves trimmed with white daisies. Her veil of bridal net, fashioned by Phyllis Herington, was attached to a caplet covered with seed pearls and lace. The fingertip length veil was outlined with tiny daisies.

Her bouquet was composed of white, blue and yellow miniature daisies and carnations accented with baby's breath.

In carrying out bridal tradition, for something old the bride wore a garter belonging to her mother; something new was her wedding dress; something borrowed and blue was a loveknot necklace with a blue stone which belonged to her sister, Patti.

The bridegroom wore a light blue tuxedo with navy blue

trim, and a light blue ruffled shirt. His boutonniere was fashioned similar to the bride's bouquet, featuring miniature carnations in blue, white and yellow, and baby's breath.

Dave Martin of Clovis was soloist and was accompanied by Marjorie Watkins at the organ and Peggy Sudderth at the piano. Martin sang "We've Only Just Begun," and "The Wedding Song."

Mrs. Gay Goetsch of Farwell was matron of honor for her sister. Bridesmaids were Patti London of Lubbock, sister of the bride, and Robin Lusk of Clovis, sister of the bridegroom. All the bridal attendants wore long princess style gowns with the honor attendant being in blue and the other attendants in yellow. Each wore a small yellow flower in her hair and each carried a single yellow silk rose.

David Warren of Clovis served as best man. Groomsmen were Jim Sprinkle of Carlsbad and Bobby Baur of Clovis. They wore navy blue tuxedos with light blue ruffled shirts and yellow boutonnieres.

Ushers were Carl Dean Goetsch of Farwell, brother-in-law of the bride; and Mark Ryburn of Lubbock. Roger Lusk of Clovis, brother of the bridegroom, was candlelighter, and Mark Chandler of Farwell was the ringbearer.

Mrs. London wore a long dress of green and the bridegroom's mother wore a dress of brown with white trim. Each wore a corsage of yellow and white miniature daisies and each received a white silk rose during the ceremony.

Deana Williams of Farwell registered the guests.

A reception was held in the fellowship hall of the church. The serving table was covered with a floor length white net cloth over white and was centered with a three-tiered wedding cake baked by Mrs. Raymond Meader. The bottom tier featured a cluster of wedding bells encircled by blue and yellow roses. The second tier held a heart-shaped ring box and two rings; and the third tier held a bride and groom in

front of a heart. White hearts and bells, along with blue and yellow roses trimmed the sides of the pillars which separated the tiers.

Presiding at the table were Junelle Miller of Clovis and Brenda Winegeart and Judy Hardage of Farwell. Junior hostesses were Cheryl London and Shana Blain, both of Farwell.

Hostesses were Billie Blain, Rubie Craft and Joy Chadwick, all of Farwell, and Linda Martin of Clovis. Nadine Langston of Farwell was in charge of the rice bowl.

For a wedding trip to Six Flags the bride wore a light blue dress featuring flowing sleeves. She wore a corsage similar to her bridal bouquet.

The bride is a 1977 graduate of Farwell High School and is employed at Rose Drug, Farwell. Lusk is a 1975 graduate of Clovis High School and is employed by Santa Fe. The couple will be at home at 3109 Sheldon in Clovis.

The bridegroom's parents hosted a rehearsal dinner at a Clovis restaurant.

Plans Special Luncheon

Oklahoma Lane Home Demonstration Club met Thursday of last week in the home of Mrs. Johnny Curtis. For the opening exercise Mrs. Curtis read an essay entitled "Erma Learns a Lesson." Roll call was answered by members telling where they go when they need to get away from home.

During the business session, the Texas Home Demonstration Luncheon was discussed. It will be held November 10 and the local H.D. Club will invite members of the Rhea H.D. club to the affair.

For the program, Leric's of Farwell sponsored a style show. Models included Mesdames Bobby McMeans, James Chadwick and Harold Jones.

Members attending were Mesdames Billy Dollar, Buddy Foster, Jimmy Franse, Jose Cenicerros, Robin Mahaney, Vernon Symcox, Eddie Winegeart and the hostess.

Next meeting set for September 8 will be held at the Oklahoma Lane Community Center. The special luncheon and crafts day will begin at 11 a.m.

ESA Organizes Projects

Members of Theta Rho chapter of Epsilon Sigma Alpha sorority are busy planning and preparing for two fund raising projects which will be staged during the next few months.

Proceeds from these endeavors will be used in the Club's philanthropic work.

Rummage sales will be held September 16-17 from 10 a.m. until 4 p.m., CDT at the old State Line Grocery Store. Anyone interested in donating items for the sale are asked to contact any ESA member.

Another upcoming project

includes taking donations for two gift certificates from Leric's of Farwell.

The Club will meet September 12 at a restaurant in Clovis for its first meeting of the new club year.

Theta Rho officers include Diane Atkinson, president; Judy Jones, vice-president; Jeannie Norris, recording secretary; Barbie Clayton, corresponding secretary; Dardanella Helton, treasurer; Doris Ford, parliamentarian; and Rosa Roberts, educational director.

Local Members Attend

Beta Sigma Phi Meet

Several local persons attended the annual Beginning Day breakfast of the Clovis area chapters of Beta Sigma Phi. The breakfast was held Saturday at the Colonial Park Country Club in Clovis.

The meal, which consisted of bacon, sausage, eggs and fresh fruit, was served to approximately 65 members and guests.

A drawing for door prizes was held, and Julie Lingnau and Pam Smith, both of Farwell, received a prize.

Following the drawing, the Preceptor chapter in Clovis presented a hillbilly style show, featuring their mountain

style band.

Members of the local Alpha Rho Lambda chapter who attended were Sheree Montgomery, Jackie Caron, Kitty Johnson, Terri Baker, Palletta Curtis, Julie Lingnau, Pam Smith and Jana Pronger, all of Farwell.

Members of Alpha Rho Lambda chapter and their families also met Saturday night at Farwell City Park for a family picnic.

Attending the hamburger cookout were Mr. and Mrs. Royce Baker, Brandon and Lynsey; Mr. and Mrs. Johnny Curtis, Sherri and Christi; and

Mr. and Mrs. Glenn Fant, Dean and Chris;

Also, Mr. and Mrs. Lee Hutchins, Geretta, Carl and Daniel; Mr. and Mrs. Melvin Lingnau, Brandon and Brent; Mr. and Mrs. Edwin Lingnau, Mike and Kathy; and Mr. and Mrs. Richard Montgomery;

And, Mr. and Mrs. Curtis Smith; and Jana Pronger, all of Farwell; and Kendale Burch and Codie, of Texico.

Also present were guests, Mr. and Mrs. Steve Caron and their four children. The next meeting will be a salad supper on September 20 at the home of Kendale Burch.

Attend Breakfast

The annual Beginning Day breakfast of the Clovis area chapters of Beta Sigma Phi was held Saturday at Colonial Park Country Club. Pictured are local Alpha Rho Lambda chapter members who attended, including (left to right) Sheree Montgomery, Jackie Caron, Kitty Johnson, Terri Baker, Palletta Curtis, Julie Lingnau, and Pam Smith. Not pictured is Jana Pronger who also attended.

Pleasant Hill Plans

August 1978 Reunion

Plans are being made to have a Pleasant Hill Community Reunion in August 1978. Help is needed in working on the reunion and in obtaining names and addresses of former students of Pleasant Hill School.

It would be appreciated if anyone who is interested in

Visits Quickels

Dr. Steven Stark is visiting this week in the home of his aunt and uncle, Mr. and Mrs. I.W. "Dutch" Quickel of Farwell. Dr. Stark arrived on Monday on his way from San Francisco to Wichita Falls. He is leaving today (Friday) for Sheppard Air Force Base.

First Game Tonight - -

Top Rated Steers Face Nazareth Swifts

To Lead Steers

Leading the Farwell Steers in their quest for football success this season are these five returning lettermen who were chosen by their teammates for captains. In back, from left, are Rowdy Chandler, Russ Jones and Dan Geuther. In front are Richard Yruegas and Tim Norton. The Steers taste first action tonight (Friday) when they take on the Nazareth Swifts at 8 p.m. in Nazareth.

The long road to the District 3-A championship berth begins tonight (Friday) as the Farwell Steers journey to Nazareth for the first game of the season. Game time at Swift Stadium is set for 8 p.m. CDT. Ten returning lettermen, seven returning offensive and seven returning defensive starters, form the nucleus of the Steers strength.

Russ Jones, quarterback, will lead offensive action tonight and Tim Norton and Vick Christian will serve as

halfbacks. Rowdy Chandler will hold down the tight end position and Kayle Watts and James Castleberry will serve as split ends.

Offensive tackles will be Rusty McFarland, Clay Roberts or Rance Williams. Richard Yruegas and D.D. Foster will serve as guards. Rounding out the Steer offense will be Dan Geuther at center.

For the defense Chandler and Yruegas will hold down the linebacker slots while Clay

Roberts and Geuther will fill in as defensive tackles. Defensive strikers are McFarland and Leonel Jaime.

Other defensive positions will be Tim Norton, rover; Benny Yruegas, corner; Vick Christian and Carlos Lucio, halfbacks; and Jones, safety.

The Swifts will take to the field with 17 returning lettermen, including six offensive and eight defensive starters. A big plus in their corner is Derwin Huseman who rushed for 1,500 yards last season.

Kenny Brockman, who rushed for 600 yards last year, returns as the Swifts quarterback. Five two-way performers will also take to the field tonight to challenge the Steers for the win. Huseman served as a linebacker as well as a ball carrier. Brockman also started in the secondary. Chris Book served as halfback-safety and Clayton Acker was a guard and a tackle. Bill Cowan operated as a guard and a tackle.

In preparation for tonight's clash the Steers have worked out for over three weeks and engaged in a scrimmage game last Friday night with the Sudan Hornets. The Steers

took a 5-0 decision over the visitors and the junior varsity team dropped the Sudan JV, 2-0.

"After the first series of offensive plays I started to junk the new offense because it looked so bad," head coach Van Tom Whatley said. "It really looked bad," he emphasized.

But by the time the Blue and White executed the Houston Veer the second time around, Whatley changed his mind as the players worked through their maneuvers with more confidence.

Whatley says he realizes that it will take "time and experience" to get the players to work in harmony with the Houston Veer. However, he still feels it is the best strategy for them to follow as it will allow them to utilize quarterback Russ Jones to his fullest potential. Whatley also said the Veer only requires two backs and that a lack of depth in that department prompted the change in the offensive setup. Last season the Steers ran the Straight T.

"Overall," Whatley said, "the scrimmage produced good results." It was the first

scrimmage game for Farwell and the second for Sudan.

Whatley said Jones "threw well, but needs to improve running the veer." Offensive players drawing praise were Foster and Yruegas and defensive players Chandler and Benny Yruegas were cited for "doing a good job."

Several JV players also drew praise, including Danny Underwood, Mac Langford, Mark Owen, Boyd White, Raul Garza and Byron Mayfield.

If pre-season predictions, forecasts and musings by area sportswriters counts for anything then the Steers are well on their way to clinching the District 3-A title. Farwell has been pegged to garner first place by the Amarillo Sunday News-Globe with Kress claiming the number two spot. Hart, defending champion, is picked for the third slot. Rounding out the District 3-A place settings are Vega, fourth; Bovina, fifth; and Springlake-Earth, sixth.

But for the moment, at least, Whatley is not taking the long range forecasting too seriously as he believes in playing the season "one game at a time."

Tennis Tourney Winners Announced

Farwell Jaycees staged their third annual City Tennis Tournament Monday through Thursday of last week. A total of 27 entries were registered, reports Jack Kirkland who was in charge of organizing the tournament.

Trophies were presented to the first place winners and a can of tennis balls was given to the second place winners. All contestants received T-shirts.

Kirkland extends special thanks to Jim Berry "for running the tournament," and said the tournament was "quite successful."

Winners in the four-day event are as follows:

Men's Singles: Dwight Dudley, Clovis, first; John Ble-

vins, Clovis, second; Dick Foster, Clovis, consolation.

Men's Doubles: Dwight and Bobby Dudley, first; Dick Foster and John Blevins, second; Jack Blevins and Mac McGill, consolation.

Women's Singles: Patty Guerra, Clovis, first; Jamye Berry, Farwell, second; Martha Cole, Clovis, consolation.

Women's Doubles: Kako Okasaka and Patty Guerra, Clovis, first; Paula Blevins and Nettie Battles, Clovis, second; Jamye Berry and Janene Berry, Farwell, consolation.

Mixed Doubles: Ronnie Okasaka and Nettie Battles, Clovis, first; Dwight Dudley and Kado Okasaka, second; Brett Hargrove and Kathy Booth, Farwell, consolation.

Longhorns Ready For Whiteface

The Lazbuddie Longhorns open the 1977 football season tonight (Friday) when they host Whiteface at 8 p.m. CDT.

An experienced backfield and a sizable line will be included among the ten lettermen who are returning for another season of Longhorn action. The District 2-B team is coached by Dewayne Sexton.

In spite of veteran players and Lazbuddie's high hopes for a successful season, the experts picked the Horns to finish fifth out of seven 2-B teams.

The Longhorns have increased in size and speed but lack depth in the line. As they face their first opponents tonight the Horns are anxious to prove the district predictions wrong and to improve last season's 2-8 record.

Charleson Steinbock, a 145 pound junior, will hold down the quarterback slot. Able assistance will be provided by Mike Windham, 160 pound senior, and Rayburn Wenner, 155, senior.

Other backs include Johnny McDonald, 150, sophomore; Dennis Steinbock, 155, sophomore; Andy Rogers, 130, freshman; Russell Windham, 155, freshman; David Lust, 100, freshman.

Players at the end positions will be culled from the ranks of Keith Hicks, 140, junior; Apolonio Sanchez, 135, sophomore; Quinten Mimms, 130, sophomore; and Todd Gregory, 100, freshman.

Tackles will be Randy Smith, 175, senior; Dan Copeland, 215, senior; Steve Rowton, 175, junior; Reggie Treider, 155, sophomore; Tommy Hill, 200, sophomore; and Stephan Moore, 130, freshman.

At guard will be Carl Fuqua, 165, senior; Randy Copeland, 175, senior; Keith Smith, 160, sophomore; Robert Stanley, 165, sophomore; Mickey Powell, 140, sophomore; and Joe Dan Briggs, 180, sophomore.

Holding down the center position will be Jim Standridge, 155, junior; or Manuel Buentello, 155, freshman.

According to pre-season predictions, Motley County has been picked to claim the 2-B championship berth followed by Valley, Sudan and Nazareth. Lazbuddie is ranked fifth in front of Happy and Silverton.

Farwell Booster Club Elects Officers

Farwell Booster Club met Tuesday night to elect new officers, review a film of the scrimmage game with Sudan, and to discuss projects for the coming year.

Fred Chandler was elected by acclamation to serve as president for the second year in a row. Paul Geuther was elected vice-president and Betty Jean Castleberry will serve as the secretary-treasurer.

Following the election of officers, the meeting was turned over to Coach Bert Roanhaus who provided a scouting report of the Steers. Each member present was given a collection of several sheets which diagrammed the Blue and White offensive and defensive lineups.

The cover of the small booklet entitled "Farwell Steers," featured a snorting Steer which was designed by Coach Don Alana. Below the team emblem were printed the words "Pride, Desire, Effort," theme of the 1977 team.

The first few pages of the booklet listed the offensive personnel and featured diagrams of different sets within the Houston Veer offense. The defensive personnel were also listed and the basic alignment of the 11 players was diagrammed. Diagrams of six

other possible defensive alignments were also listed.

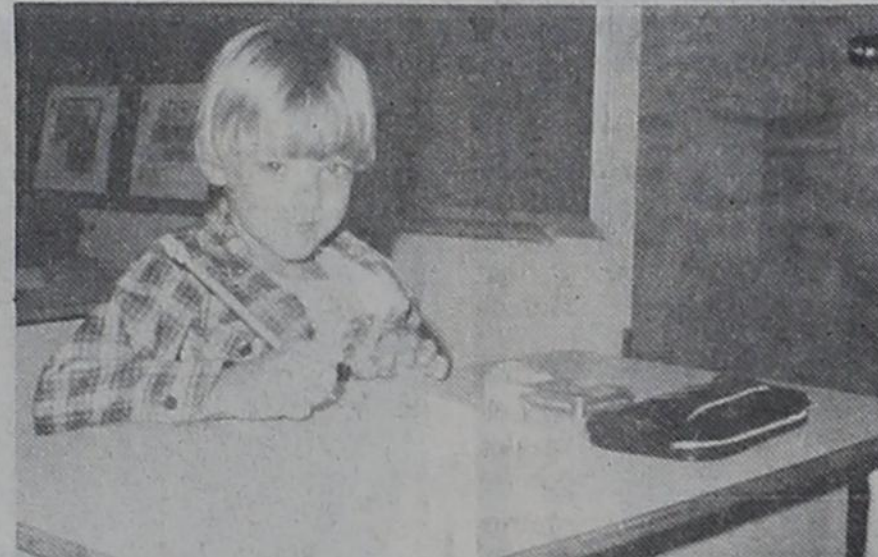

The final page contained a message from Head Coach Tom Whatley in which he commented on the "super attitude" of the team and explained his reasons for switching offensive strategy this year.

Within the brief message Whatley also cited defense as "our strong suit," adding, "the key to our success will be

the number of injuries we suffer."

"We just can't afford to lose many people and be a quality football team," he concluded.

Whatley also asked the Booster Club for help in paying for a new weight machine he recently ordered because the "old one was shot." Cost of the machine is \$3300. Other Club expenses will include purchasing film for the games at a cost of \$1200.

Back To Work

Mark Autrey, son of Mr. and Mrs. Ralph Autrey, tries to concentrate on getting back to school work on the first day of classes for Farwell Schools Monday. Mark, a second grader in the room of Mrs. Nancy Burch, is busy filling out a work sheet while trying to keep his mind off the pleasant summer vacation just past.

Farwell Booster Officers

Farwell Booster Club elected new officers at its Tuesday night meeting. Fred Chandler, center, was elected by acclamation to serve a second term as president. He will be assisted by Paul Geuther, vice-president, and Betty Jean Castleberry, secretary-treasurer. The Boosters also reviewed a film of last Friday's scrimmage game with Sudan.

The name Priscilla means "somewhat old" in Latin.

On The Farm In Parmer County

By MACK HEALD
County Agent

Cotton bollworm infestations are heavier than normal in several parts of the county. We can expect bollworm activity to increase in many fields as egg laying activity has been heavy in several of these fields examined. However, even though some acreage has been treated or needs to be treated, most infestations are still at sub-economic levels. How severe the problem will become will be determined by the rate of bollworm egg laying and the action of beneficial insects.

Several fields we have inspected have damaging infestations of large bollworms as a result of the early August egg lay that we predicted. Unfortunately, several of the fields had not been inspected in time and in many cases the worms found were too large to kill. We strongly recommend that growers inspect their fields now and frequently thereafter to avoid such a situation. Remember, chemical applications should be timed to kill worms 1/4 inch or smaller. As bollworms become larger, they are much more difficult to kill.

The current situation is one in which it is impossible to offer a blanket recommendation since the situation varies among fields. The decision of whether to treat or not to treat should be based on several factors other than infestation level and damage. These include: yield potential left in undamaged bolls, number of worms that will be left after chemical treatment and the number of bolls they will take, amount of egg pressure, and how much help beneficials are providing in removing eggs and small bollworms.

A grower also needs to consider the possibility, that in many instances, at least 2 - 3 applications may be necessary to break the cycle and control new infestations. If heavy bollworm egg laying continues after a spray program is started, several more applications may be necessary.

The Texas Agricultural Experiment Station field day will be at Lubbock on Tuesday afternoon, September 13, 1:00 - 5:00 P.M. This will be at the Agricultural Research Extension Center North of the air terminal. More than 100 new and improved cotton varieties which are being evaluated by scientists of the Texas Agricultural Experiment Station will be among several featured attractions.

The afternoon event each year attracts over 1200 visitors who tour the Experiment Station's numerous research plots

and discuss new developments in agriculture with scientists and specialists.

Joining in the event will be the Texas Agricultural Extension Service; Agricultural Research Service, USDA; and agricultural meteorology office of the National Weather Service.

Drs. Levon Ray, Jack Gipson and Earl Minton are cooperating in the cotton variety studies. Their discussions during field tour stops will include tests on disease resistance, short season and glandless varieties, and performance records of about 50 unreleased varieties.

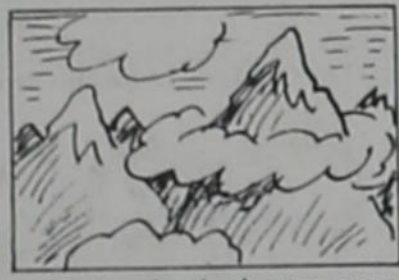

In addition, according to Dr. Ray, some aspects of the current breeding efforts to develop more profitable cotton varieties will be discussed. This will include hybrid cotton and recent findings associated with cold-tolerant cotton.

The identification of cotton varieties that are tolerant of low temperature during the fiber maturation period is considered a major breakthrough for High Plains growers in minimizing fiber property problems, especially that of low micronaire.

Other concerns of cotton growers to be discussed during field day activities include tours of research plots, with talks slated on weed control, cotton varieties and disease control, fertility, nematode control and water use efficiency.

Discussions at the weed research tour stops will include herbicide overlay treatments (preplant incorporated herbicides plus preemergence herbicide applications for annual weed control), postemergence directed herbicide applications for difficult-to-control annual weeds, and new herbicides that are currently under development for use in various crops.

Without abundant spring rains and lack of hand labor, farmers on the Southern High Plains faced more weed problems than normal this season. Farmers will be especially interested this year in the latest research information on such weeds as lakeweed, Texas blueweed, whiteweed, cocklebur, lanceleaf sage, prairie sunflower, nutseed and cottonweed.

In Switzerland, the temperature falls one degree for every 300-foot rise in altitude.

Texico Seeks First Win At Hagerman Tonight

Texico Wolverines travel to Hagerman tonight (Friday) in search of their first win ever over the tough Bobcat team. Game time is set for 7:30 p.m. MDT.

Texico Head Coach Paul Topliff is hoping to use veteran players, speed and an improved offense to clench their first victory of the season. "If we avoid mental errors and can move the ball against Hagerman, tonight's contest will be a super game," the Wolverines' second year gridmaster said.

During last year's showdown with the Bobcats a frustrated Wolverine offense only netted two first downs. Even though the score was deadlocked 0-0 at the half the strong-minded Bobcats broke loose during the last two quarters to shut out the Wolverines, 24-0.

According to Topliff, "that is not going to happen tonight." He feels they can move the ball and will definitely get the pigskin into the end zone. He adds that the players themselves "are tired of hitting each other and are ready to hit somebody else."

Topliff said the two teams are "evenly matched," adding that "while they have bigger guards, we have bigger tackles." Neither team has much depth, he adds.

Two things do have the Texico coach concerned. The first and foremost worry - which could prove the nemesis of the Green and White - is inexperience. The second worry is the "flu bug" which has bitten several players, barring them from valuable practice sessions.

"We look good now, but it's hard to know what young inexperienced players will do once they don the pads tonight," Topliff said, adding "We have the potential, but it usually takes sophomores a game or two to get used to playing high school ball."

Another problem which has plagued the Green and White since last week is the flu virus which has depleted their ranks and sapped the strength of several prominent players. But Topliff is hoping to have his ball players well by tonight for the clash with Hagerman.

He described the offensive line as "better than they were

at the end of last season," adding that now they understand the system better. He said the defensive line is also getting stronger. The Texico gridmaster attributes the development of strength and endurance in the team to the weight lifting program which was inaugurated last year.

Homer Ashley will man the quarterback slot tonight when the Green and White take to the Bobcat field. Steve Turner and Barry Goode will rotate as tailbacks.

According to Topliff the wide receiver slots are a toss up between Robert Lacy, James Barfield and Don Duncan. Duwain Hill will serve as fullback and Doug Scioli will fill in as center.

Three Wolverines, Charlie Smith, Dusty Casey and Jimmy Reid, will rotate at the offensive guard slots. Terry Rolan will start at right tackle and Tuba Martinez will fill in at left tackle.

Linebackers Goode, Scioli and Reid will take turns lining up with the Wolverine defense tonight and Lacy and Ashley will fill in the corner slots. Hill and David Cavallero will rotate at "Wolverine man" slot. Keith Hadley will be the free safety and Casey and Jeff Christian will rotate at defensive end.

Martinez and Rolan will serve as tackles and Joe Martinez will serve as nose guard. "Even though it is important for a player to start a game," Topliff said, "We try to emphasize that it is more important to finish the game."

The second year mentor lives by the adage that "there is no easy way to win." "Hard work and self sacrifice is what it takes, and that is what we tell the players," Topliff said.

He says he is proud of the "super effort" the players have put forth so far, adding that the four captains, Turner, Rolan, Lacy and Casey, "provide excellent leadership." Topliff said that he is proud of the fact that no one was absent during the pre-season workouts, except for illness.

"I credit the young men with the success of the workouts," he said, adding, "we just did not have that same conscientious attitude last year."

As part of "before the first game preparations" the Wolverines traveled to Portales Wednesday of last week to

scrimmage the junior varsity team. The Green and White's second scrimmage effort ended in a 1-1 tie. Topliff said the "defense shored up and the kids looked better." He credited the offensive line with "their best blocking effort to date." He emphasized that "the kids are getting to know each other better."

Players drawing the coaches' praise were Turner and Goode.

During the scrimmage game Texico earned 16 first downs to four for Portales. They also garnered four defensive take-aways, or turnovers.

Wolverine
Captains

These three seniors and one junior have been chosen to head up the Wolverine varsity football team as captains this season. From left, they are Steve Turner, senior; Terry Rolan, junior; Robert Lacy and Dusty Casey, seniors. The Wolverines travel to Hagerman tonight (Friday) to play the always strong Bobcats in the season opener. Game time is 7:30 p.m. MDT.

Texico Boosters Charter Bus

Texico Wolverines fans will be in large numbers at Hagerman tonight (Friday) to attend the Green and White's first game of the football season.

About 40 fans have chartered a bus which is scheduled to leave Texico at 5 p.m. MDT today. The bus is sponsored by the Texico Booster Club.

A bus will also transport the Texico Band to tonight's game, and in addition, the cheerleaders and other supporters will travel by car to Hagerman tonight to insure a good crowd of Texico boosters.

Game time is 7:30 p.m. MDT.

To prepare for tonight's contest a pep rally to boost spirit and to support the Wolverines will be held at 2:45 p.m. MDT today at the high school gym.

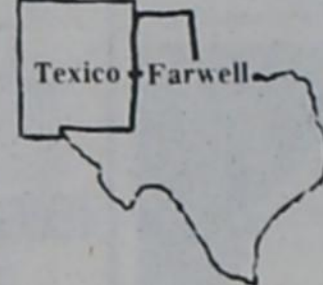

All Wolverine fans are encouraged to attend the spirit rally and to help cheer their team on to victory.

Texico Enrollment Decreases

James Harding, Texico High School principal, has released the registration figures for the high school. He said the total enrollment of 153 is "about ten

fewer students than last year." Of the 153 students, 34 are freshmen, 37 are sophomores, 47 are juniors and 35 are seniors.

AROUND THE TWIN CITIES

Farwell School Board will meet Monday night, Sept. 5, at 8 p.m. in the superintendent's office.

Texico Booster Club will meet Tuesday night, Sept. 6, at 7:30 p.m. MDT at the high school.

Farwell Booster Club will meet Tuesday night, Sept. 6, at 8 p.m. CDT at Clara's Restaurant.

Farwell Steers will travel to

Nazareth tonight (Friday) to battle the Swifts. Game time is 8 p.m. CDT.

Texico Wolverines will meet the Bobcats at Hagerman tonight (Friday) at 7:30 p.m. CDT.

Farwell Band Boosters meet September 7 at 3:30 in the Band Hall.

Texico Band Boosters will be meeting at the high school Monday night at 7:30 MDT.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

THE POWER OF THE GOSPEL OF GRACE

"...the gospel...is come unto you, as it is in all the world, and bringeth forth fruit, as it doth also in you, since the day ye heard it, and knew the grace of God in truth" (Col. 1:5,6). How wonderful to see the gospel of the grace of God do its work! Paul had never even seen the Colossians. He had only sent missionaries to them from Ephesus with the good news of the grace of God, but it had worked!

Wherever the gospel of the grace of God is preached in its purity it produces results. No one hearing the message can go away the same. Either he will consider it utter foolishness and be hardened by it, or he will see its vital importance and be softened by it. Ultimately he will either be eternally condemned, or eternally saved and justified by his response to that message.

"The preaching of the cross is to them that perish foolishness, but unto us which are saved it is the power of God" (1 Cor. 1:18). "Christ crucified...unto them which are called...the power of God and the wisdom of God" (1 Cor. 1:23, 24). "The power of God unto salvation to everyone that believeth" (Rom. 1:16).

Mark well: it is "the gospel of the grace of God," the "preaching of the cross," that produces such results. The law of Moses never did, "For what the law could not do, in that it was weak through the flesh," God sent His Son to accomplish for us (Rom. 8:3,4). This is why Paul proclaimed, at Antioch of Pisidia: "Be it known unto you therefore, men and brethren, that through this man is preached unto you the forgiveness of sins; and by Him all that believe are justified from all things, from which ye could not be justified by the law of Moses" (Acts 13:38,39).

God's message to us is a message of love, proclaiming to even the vilest sinner that he may be "justified freely by (God's) grace, through the redemption that is in Christ Jesus" (Rom. 3:24).
