

# Marijuana Found In Corn Field

State and county law enforcement officers arrested two men Thursday last week in connection with marijuana found growing in a corn field 12 miles north of Farwell, reports Parmer County Sheriff Charles Lovelace.

The two men, Houston Bartlett, 41, and his son Barty Bartlett, 20, both of Bovina, were charged with possession

of marijuana over four ounces, and were arraigned before Justice of the Peace R.E. Mears Thursday. Bond was assessed at \$5,000 for Houston Bartlett and \$7,500 for Barty Bartlett. Both men posted bond last Thursday.

Sheriff Lovelace said about 250 pounds of unprocessed marijuana was confiscated at the farm. Besides what was discovered in the field, marijuana stalks were also found in the attic of the garage. Approximately two "buds" of marijuana were also found in the house.

According to Sheriff Lovelace it was evident that a "lot of marijuana had been harvested." He indicated that piles of mildewed marijuana were also discovered suggesting that "after it became rain damaged it was left in the field."

Sheriff Lovelace said the confiscated marijuana was turned over to the State DPS lab in Lubbock for "testing and analysis."

He said a break in the case occurred late Wednesday of last week when Texico City Marshal Mickey Fenn received a tip from an informant.

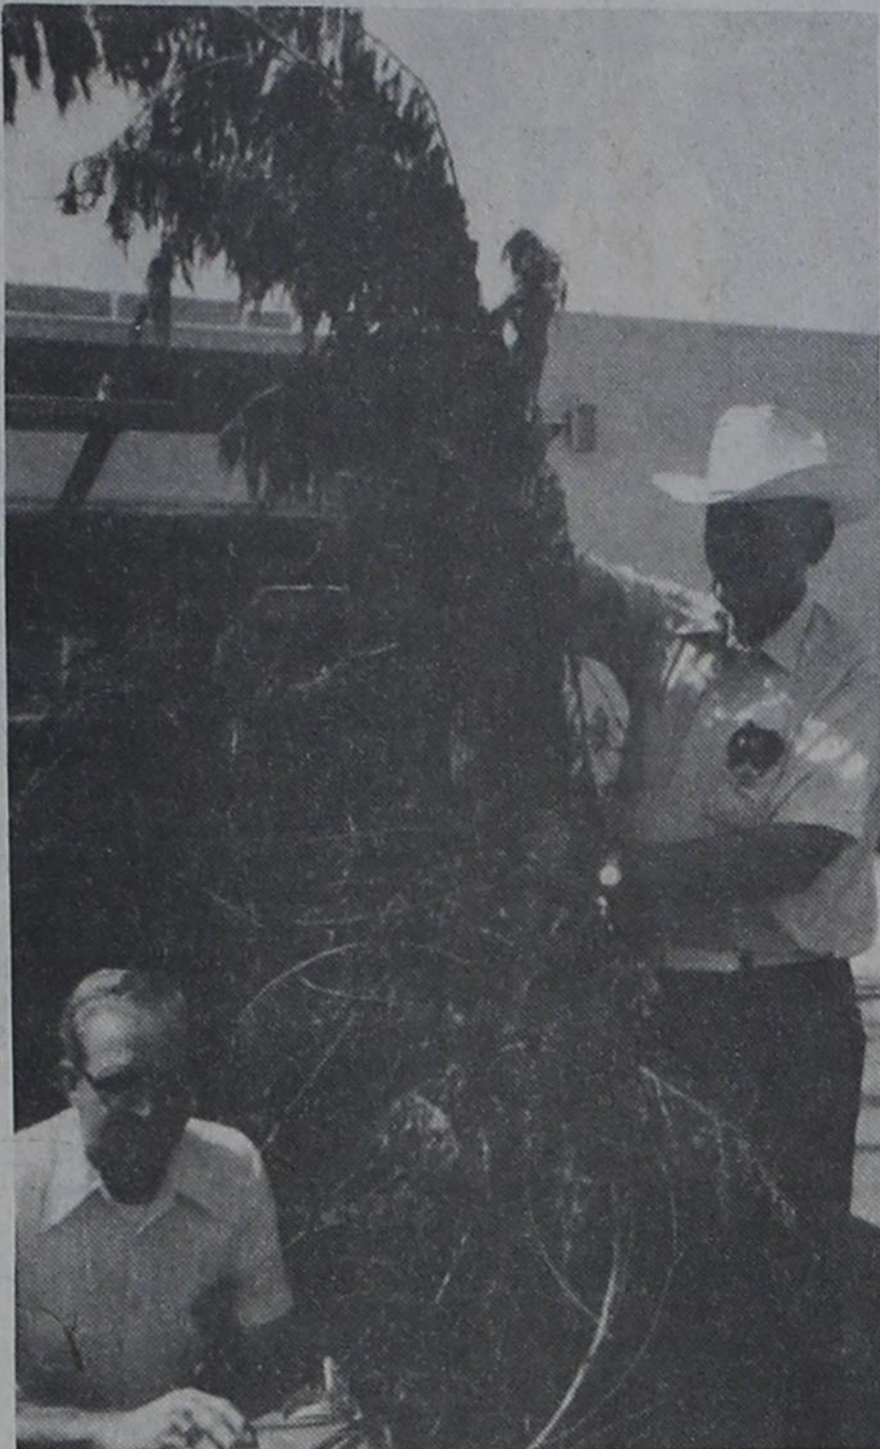

Fenn notified Farwell City Marshal Ronnie Mitchell and Bovina City Marshal Gary Gillespie who in turn contacted State Narcotics Officer Don Hatcher of Amarillo.

Officer Hatcher notified Sheriff Lovelace and he assisted the county sheriff and DPS troopers in making the initial arrests and further investigation of the case.

Two youths, Paul Davis, 17, and Bruce Duncan, 17, both of Muleshoe, were arrested Saturday night in connection with the recent burglary of the C.W. Dale place near Lazbuddie. About \$1500 worth of CB radio equipment was also recovered.

Sheriff Lovelace added that the two youths were also apparently involved with other area burglaries as radio equipment taken in recent thefts was also recovered.

Sheriff Lovelace added that several thefts in Bailey County have also been cleared up.

**Pot Plant**

Parmer County Sheriff Charles Lovelace, right, and deputy Bill Morgan are pictured with part of the marijuana crop which was confiscated last Thursday at a farm 12 miles north of Farwell. Lovelace estimates that they found about 250 pounds of unprocessed marijuana as well as several stalks and two "buds" of processed marijuana on the premises. Two Bovina men were taken into custody last Thursday and arraigned on charges of possession of marijuana over four ounces.

The nabobs running Washington may force the acceptance of the Panama Canal treaty upon the people of this country, but it will only be after the battle mother. Fortunately, this treaty will have to be ratified by the U.S. Senate and this will be the battleground. There is a strong possibility that the Senate will refuse to ratify the treaty and we may not lose the Canal and its operations entirely.

There is another event shaping up that has been decided by the President and his advisors that apparently will not require the consent of the Senate. This is the method of transporting the Alaska North Slope natural gas to the lower 48 for consumption. The Administration has decided to build a pipeline from Alaska through Canada to the U.S.

Another proposition, to liquify the natural gas and ship it to the west coast by tanker was shelved. Of course, in either case the pipeline or other facilities would have been built and financed by private capital.

After listening to arguments for both methods of transporting the natural gas, the Administration opted for the pipeline through Canada. They have got to have holes in their heads if they think that Canada will not at some future date stab, jab, fiddle and piddle us on that deal.

We would run into a possible situation similar to that in Panama. Canada at the present is not a cohesive country. There is great sentiment in French speaking Quebec to pull out of the Dominion and go their separate way. This thought has also been attributed to the western provinces where our pipeline would be so situated.

Therefore, it is within the realm of distinct possibility that in ten or fewer years we could see the break up of the present Dominion of Canada into fragmented states. Then where would our pipeline and its precious gas be?? It would be at the mercy of a bunch of political opportunists, that's where.

There is no excuse, except political poltroonery, for putting our precious gas eggs in the Canadian nest. It should be brought the "All American" way. By additional pipeline to Valdez, liquified and put in American ships and unloaded in the U.S.A.

We concede that initially this would be more expensive, but we would not be subject to future blackmail by self-serving Canadian politicians. We MUST look out for the long term good of the United States - FIRST - in our international dealings.

The Carter Administration is not only going to freeze our butts off now, but by their inept planning will keep them so frozen.

On the tribulations of being a middle-aged photographer and trying to get a picture of a scat back on a 90-yard jaunt. Needless to say, we did not get a single picture of Tim Norton as he compiled 260 yards of turf last Friday evening.

With our trusty and rusty Polaroid we have to have a play fall almost in our lap to get a picture we can use in the paper. Also, a lot of good pictures have wound up showing the broadside of a referee and little of the players. Some officials have a propensity for blocking our sideline pictures. We might note that running on the photog's side of the field enhances the chances of a runner's pic showing up in the paper.

We are not discouraged and will be out there next game in the hope of getting a picture of the play of the game. We haven't done it yet, but always hope to.

## ★ History Repeats

History does sometimes repeat itself as was proved to a Texico family during the recent Curry County Fair when a remarkable coincidence occurred.

It seems that showing grand champion and reserve grand champion swine runs in the Eddie West family. At the recent fair, Kevin West, who is 11 years old, showed the grand champion swine, a Duroc, and the reserve grand champion swine, a Crossbreed - just as his older brother Joey did seven years ago.

During the 1970 Curry County Fair, Joey, who was then 11 years old, exhibited the grand champion and reserve grand champion - a Duroc and a Cross - at the swine show.

## Otis Huggins Buried Wednesday Afternoon

Otis Huggins, long time Farwell resident and prominent business and civic leader, died Sunday in Las Vegas, N.M., where the family was staying at their mountain cabin. He was 63 years of age. Mr. Huggins was recuperating from a recent stroke and died of an apparent heart attack.

Funeral services were conducted Wednesday afternoon in First Baptist Church, Farwell, with Rev. J.L. Bass of Panhandle, former pastor here, and Rev. Dudley Bristow, pastor, officiating. Burial was in Bovina Cemetery under the direction of Steed-Todd Funeral Home.

Mr. Huggins was born November 15, 1913, in Jester Greer County, Okla. He was a long time resident of Farwell, having managed Southwestern Public Service Company local office for 34 years.

The fire departments of both Texico and Farwell were among Huggins' big concerns. When the two towns had only one department between them, Huggins helped to establish it. He was the first fire chief of that department which was lo-

cated in Texico, and when he helped organize a department in Farwell, he was named as its first chief. He served in this capacity for many years and when he retired from active service with the fire department, he was made honorary lifetime chief.

Mr. Huggins was a charter member of Texico-Farwell Lions Club and had been a member for 27 years. He was a member of First Baptist Church, Farwell. He also was an active member of the Chamber of Commerce for many years.

He was married to Carol Dean Dunn on December 22, 1956, in Farwell.

He was preceded in death by his first wife, Juanita Pugh Huggins, who died in 1954; one son, Lex Huggins, who died in 1968; and one brother, Curtis Huggins, who died in 1954.

Survivors include his wife, Carol Dean, of the home; three sons, Clive Huggins of Albuquerque; Carroll Huggins of Clovis; and Roy Dunn of Farwell; and one daughter, Mrs. Donna Cummings of Lubbock;

**OTIS HUGGINS**

Also, his parents, Mr. and Mrs. E.E. Huggins of Littlefield; one brother, Burt Huggins of Levelland; two sisters, Mrs. Vada Crawford of Littlefield and Mrs. Zelma Arend of Lubbock; and six grandchildren.

Pallbearers were John Getz, Neil Stewart, Walter Kaltwasser, R.T. Langston, Raymond Martin, Gerald Dorough, Tom Atkins, Charles Lovelace, Smokey Gast and Fred Curtis. Honorary pallbearers were members of the Texico-Farwell Lions Club, members of Texico Fire Department, members of Farwell Fire Department, and employees of Southwestern Public Service Company.

## Horace Eubank Rites Monday At Farwell

A resident of Farwell for nine years, James Horace Eubank, 66, died Saturday afternoon from injuries received in a pickup accident on a Bailey County dirt road near Muleshoe earlier in the afternoon.

The vehicle in which Eubank was riding with his son, J.W., and grandson, Alan, was reportedly hit by a vehicle driven by Maldonado Eulabi Villalobos, 40, of Muleshoe. Villalobos was treated at the Muleshoe hospital and released.

J.W. Eubank was treated at Muleshoe for broken ribs and other injuries and was released about noon Sunday. Alan, son of the J.W. Eubanks, was treated at Muleshoe and transferred to a Lubbock hospital.

Funeral services for Mr. Eubank were conducted Monday afternoon from First Baptist Church of Farwell. Officiating were Rev. Cletus Caswell of the First Baptist Church of Union, Tex., Rev. Alton West of First Baptist Church of Brownfield, Rev. Dudley Bristow, pastor of First Baptist Church, Farwell,

and Leonard Harper, minister of Farwell Church of Christ.

Burial was in Bailey County Memorial Cemetery under direction of Singleton-Ellis Funeral Home of Muleshoe.

Mr. Eubank was born December 23, 1910, in Knox County, Tex., and moved to Farwell nine years ago from Meadow. He was a retired farmer and for the past eight years had operated the Texaco Truck Stop in Texico.

In 1934 he was married to Johnnie Smith of Vernon, Tex. He was a member of First Baptist Church, Farwell.

He is survived by his wife, Johnnie; a son, J.W., and a daughter, Mrs. Betty Jean Castleberry, both of Farwell; one sister, Mrs. Inez McLaughlin of Carlsbad; two brothers, Dennis Eubank of Hobbs and Louis Eubank of Denver City; and seven grandchildren, Ronda Eubank of Abilene, D'Lynn, Gina and Alan Eubank, and James, Lezlie and Lance Castleberry, all of Farwell.

Pallbearers were Willie Blair, Horace Belew, Woodrow Lovelace, Greg Martin, John Roberts and Alton Minstead.

Coronation Tonight - -

## Texico Homecoming On Stage This Week

Texico Schools are "a buzz" this week with homecoming activities which began Monday with a "hobo day." Tuesday was a "wear them out" day as students and teachers alike wore their clothing wrong side out. Wednesday was another fun day as students appeared for classes clad in crazy socks and hats. Thursday was to be "dress up" day and today (Friday) is "Green and White Day."

But the highlight of homecoming week is always the crowning of the Queen and King and that big event is slated to take place tonight (Friday) during the halftime game activities.

Vying for the Queen honors are Christi Harrington, daughter of Mr. and Mrs. Eddie Harrington, senior; Tonye Harrington, daughter of Mr. and Mrs. Moreland Harrington, junior; Celia Johnson, daughter of Mr. and Mrs. B.L. Johnson, junior; and Roxanne Cherry, daughter of Mrs. Danalee Cherry, sophomore.

Contenders for homecoming King include Don Duncan, son of Mr. and Mrs. Perle Duncan, senior; Steve Turner, son of Mr. and Mrs. David Turner, senior; Robert Lacy, son of Mr. and Mrs. Bob Lacy, senior; and Duwain Hill, son of Mr. and Mrs. George Hill, junior.

Members of the football team chose the Queen candidates and the King contenders were selected by the Pep Club. The entire student body voted earlier this week and the results will be made known during halftime tonight.

Other spirit boosting activities include a pep rally at 2:45 p.m. today and making spirit chains which will be utilized to decorate the field for tonight's game.

Links in the spirit chains cost five cents and the class making the longest chain will be awarded a surprise. Spirit chain colors are freshman, yellow; sophomores, blue; jun-

### Meeting Tonight

The Little League Association will meet tonight (Friday) at 7 p.m. at Clara's to elect officers, coaches and board members for the coming season. Everyone interested is urged to attend this important meeting.

iors, white; and seniors, green.

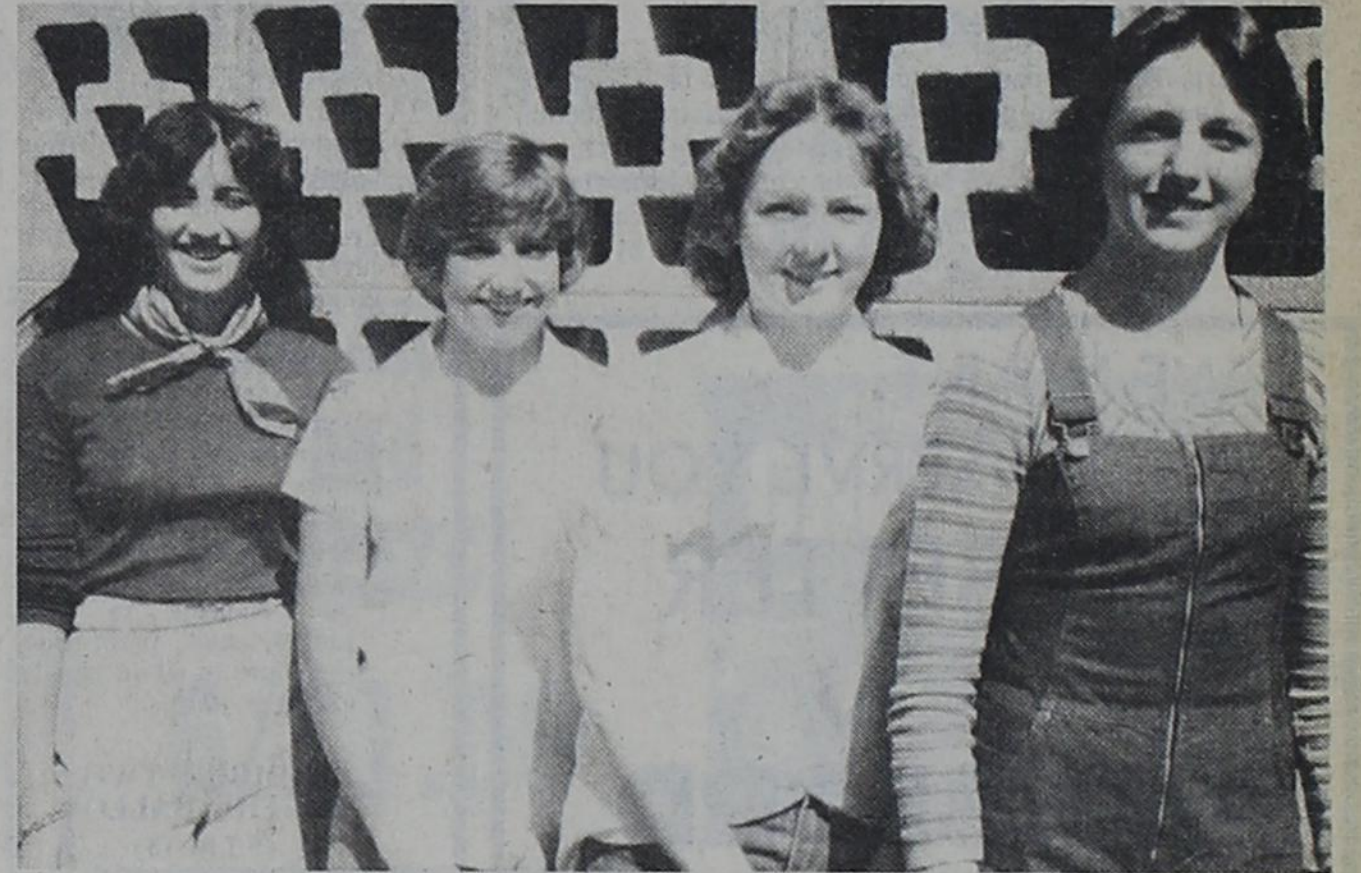

A bonfire is always a traditional element of any homecoming, but this year the Wolverines may be without one. According to Christi Harrington, spokesman for the cheerleaders who are in charge of homecoming preparations, a "suitable sight for the blaze has not been found."

An added treat is the car caravan which was to be Thursday night. Each high school class is to decorate a car with the two top entrants receiving money prizes. First place car will receive \$10 and the second place car will receive \$5.

As in past years the Kiwanis Club will stage its annual homecoming pancake supper

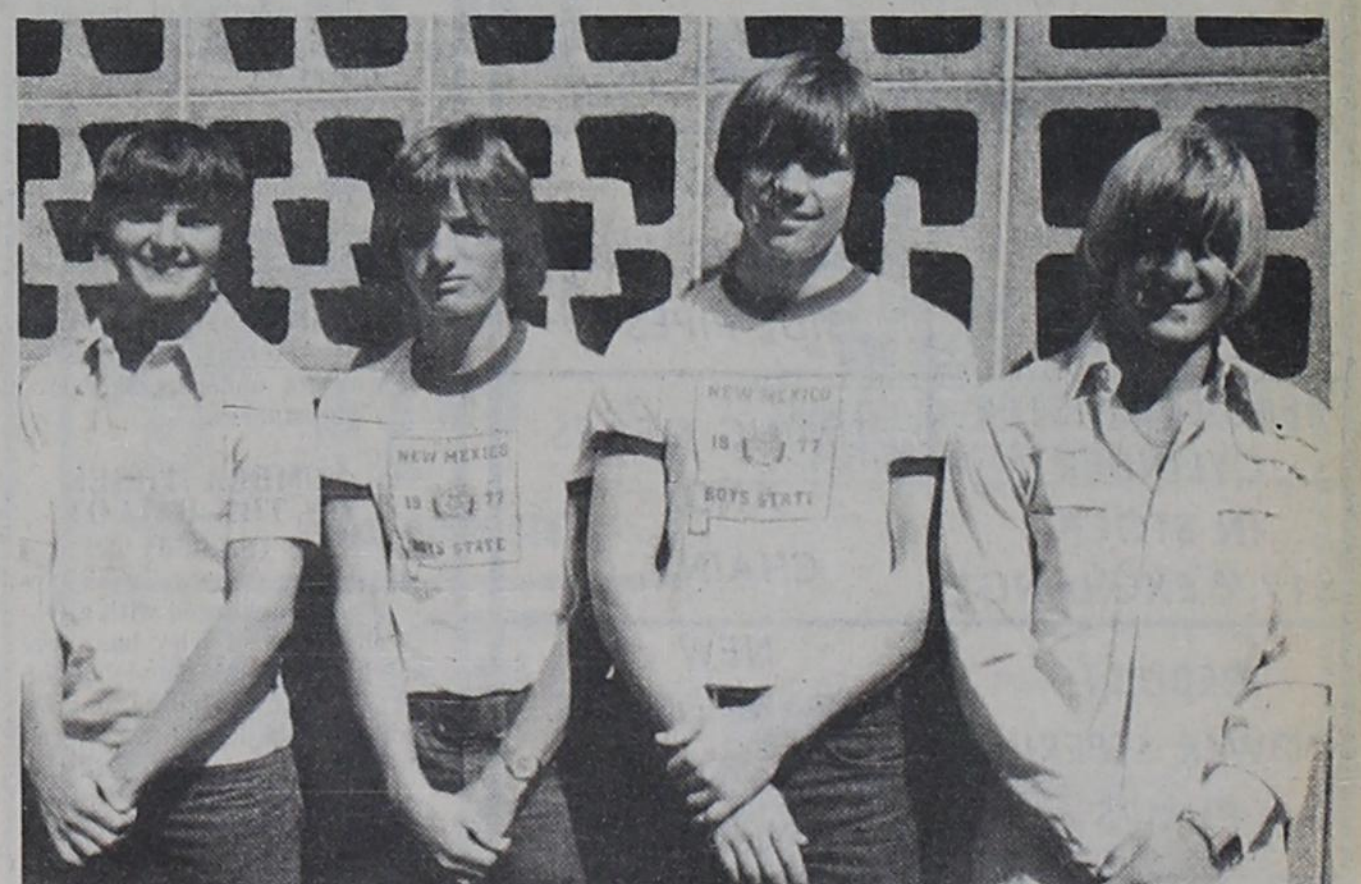

today from 3 to 7:30 p.m. MDT at the school cafeteria. Tickets are \$1.50 for adults and \$1 for children. Proceeds will be used for youth activities and programs for the aged.

Capping the week-long events will be the homecoming tilt which pits the Wolverines against Melrose. Game time is 7:30 p.m. MDT.

**Texico Queen Candidates**

These four high school girls have been chosen by the football team as the 1977 Texico homecoming queen candidates. Competing for the honor are from left, Celia Johnson, junior; Roxanne Cherry, sophomore; Christi Harrington, senior; and Tonye Harrington, junior. The girls were "dressed tacky" Monday in observance of "hobo day," one of the homecoming activities staged this week at Texico High School. The Queen will be crowned tonight (Friday) at halftime.

**Texico King Candidates**

These four boys have been selected as Texico homecoming king candidates by the Pep Club. Those vying for the top honor are, from left, Duwain Hill, junior; Don Duncan, senior; Steve Turner, senior; and Robert Lacy, senior. The coronation will take place during halftime activities tonight (Friday) as the Wolverines meet Melrose beginning at 7:30 p.m. MDT.

## County ASCS Aerial Team Celebrates Anniversary

One year ago (as of September 15) a group of employees of the Agricultural Stabilization and Conservation Service set out to develop a system of measuring acreages by aerial observation. They did it and the method developed has been extremely successful and widely accepted. ASCS members contributing

to the success of the program include Martin Chandler, Billie Faye Sluder, Prentice Mills and LaCretia Kelley of the Parmer County ASCS office in Farwell, C. Wayne Mayfield, district director, and Robert "Dink" Miller, commercial pilot.

Others making substantial contributions include Brenda Boomer, Jake Moreland, Bill Farris of the Lamb County ASCS and Norvell Breedlove and Jane Allison of the Swisher County ASCS.

The aerial observation procedure for measuring acreages is relatively simple but very exacting. A camera is mounted in the plane (level with the plane) and the plane is flown over the area of land to be measured. A picture (slide) is taken of the area. The slide is then developed and projected onto the farm's aerial photograph (which is to scale) and the various fields and crops are drawn on the aerial photo. After that, it is a simple matter to compute the acreages of land in the fields

pictured on the slide.

In addition to being an extremely satisfactory method of making acreage determinations, a considerable amount of time and money is saved by utilizing this method. A measuring job can be done in about one-tenth the time it would take on the ground at a cost of about 60 percent of what ground measurements would cost.

At the present, two planes are flying (with pilot, cameraman and observer) out of Parmer County. These planes serve some 15 other counties in Texas. In the past year, acreages have been determined on more than 6,000 farms and it is estimated that almost 3,000,000 acres have been flown. Taxpayer savings will be in excess of \$70,000.00 during this year of operation.

It goes without saying that the local ASCS people are proud of their achievements in this endeavor. The system is now being (or has been) used in some 82 counties in Texas and in several other states.

**First Anniversary**

ASCs members commemorated the first anniversary of their aerial observation program last Thursday with a party at the Parmer County ASCS office in Farwell. On hand for the event were from left, front: Billie Faye Sluder and LaCretia Kelley; back: C. Wayne Mayfield, district director; Martin Chandler, Prentice Mills, county executive director, and Robert "Dink" Miller. Chandler, Sluder, Mills and Kelley are employed in the local ASCS office and Miller is a private commercial pilot.

## FmHA Revises Formula For Water System Grants

A more liberal formula for determining the amount of grant funds, supplementing loans available for improvement of rural community water systems affected by drought, has been put into effect in Texas by the Farmer's Home Administration (FmHA), the agency's State Director, W.H. Pieratt, has announced.

Sept. 30, 1977. Pieratt said the revised regulation will enable FmHA to apply a formula on grants similar to that used by other federal agencies that help to finance drought emergency water system projects.

In calculating a community's ability to repay an emergency loan for water system improvement, FmHA previously has taken into account existing indebtedness only for water facilities. The new formula lets FmHA take into account the applicant's existing indebtedness for all purposes. This is expected to increase the grant portion of FmHA funding of many projects.

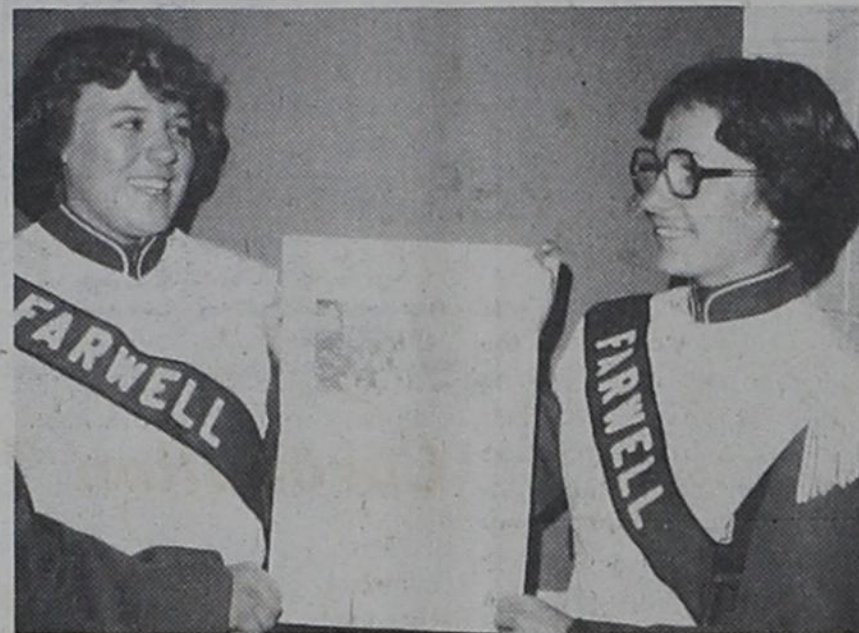

The new regulation also

provides that some projects, previously not eligible for grant assistance, may receive FmHA grants of up to 20 percent of total eligible project development costs, if they are needed to safeguard public health and safety. A larger proportion of grant funds, up to 50 percent, may be provided if justified through the formula for determining the community's ability to repay a loan.

Application of the revised formula has been made retroactive to May 6, 1977, except where loan and grant funds have been delivered to the borrower. Financing of projects previously approved but not yet funded will be adjusted to the new formula, Pieratt said.

In addition to the Sept. 30, 1977 deadline for obligation of funds, the drought emergency program imposes an April 30, 1978 deadline for completion of projects. Communities of up to 10,000 population may be included in the service areas of water systems receiving FmHA loans and grants. Loans are made for terms of up to 40 years, at an interest rate of 5 percent.

Pieratt said information on project assistance can be obtained from FmHA's Parmer County office at 208 Avenue D., Farwell.

### Band Booster Beauties

Donna Kalbas, left, and Yolanda Martin, Steers band members, look over a copy of a band calendar as they discuss the door-to-door canvass the band students have made this week in trying to promote the annual project. The canvass by the band members is to conclude Sunday; however, anyone who has not been contacted and would like to purchase a calendar may call Pat Rose, calendar chairman, at 481-3633. The calendars are \$2 each and birth dates printed on the calendar are 25 cents each.

### This Won't Hurt A Bit

Jeff Tharp, Texico sophomore, doesn't seem to be so sure of that as he prepares to get a measles immunization injection at Texico Schools last week. Administering the vaccine is Mrs. Wilma Holland, school nurse, who conducted the special clinic at the school. Under new law in New Mexico, many students had to have the vaccinations. ## PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOV. 8, 1977

**NUMBER ONE ON THE BALLOT (S.J.R. 18)**  
 S.J.R. 18 proposes an amendment to the Texas Constitution to provide for expanding the Court of Criminal Appeals from its current membership of five judges to nine judges and to permit the court to sit in panels of three judges.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
 "The constitutional amendment increasing the size of the Court of Criminal Appeals to nine judges, and permitting the court to sit in panels of three judges."  
**NUMBER TWO ON THE BALLOT (S.J.R. 13)**  
 S.J.R. 13 proposes a constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
 "The constitutional amendment to provide for an additional \$200 million in bonds or obligations of the State of Texas for the Veterans' Land Fund and to allow surviving widows of veterans to purchase tracts under certain circumstances."  
**NUMBER THREE ON THE BALLOT (S.J.R. 3)**  
 Under current Texas law a person charged with a felony offense who has previously been convicted of two felony offenses may be denied bail. S.J.R. 3 proposes an amendment to the Texas Constitution which would also result in the denial of bail, for a limited time and subject to appeal, to a person accused of committing a felony while on bail for a prior felony for which the person has been indicted, or accused of a felony involving the use of a deadly weapon after being convicted of a prior felony.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
 "The constitutional amendment permitting denial of bail to a person charged with a felony offense who has been theretofore twice convicted of a felony offense, or charged with a felony offense committed while that person was admitted to bail on a prior felony indictment, or charged with a crime involving the use of a deadly weapon where there is evidence such person has been convicted of a prior felony offense; providing for a 60-day limit to that person's incarceration without trial; and providing for that person's right of appeal."  
**NUMBER FOUR ON THE BALLOT (S.J.R. 5)**  
 S.J.R. 5 proposes an amendment to the Texas Constitution authorizing the legislature to grant exemptions or other relief from ad valorem taxes on property designated for the preservation of cultural, historical or natural history resources.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
 "The constitutional amendment authorizing tax relief to preserve certain cultural, historical, or natural history resources."  
**NUMBER FIVE ON THE BALLOT (S.J.R. 19)**  
 S.J.R. 19 proposes an amendment to the Texas Constitution authorizing the formation of associations authorized to collect certain refundable assessments from producers of poultry, livestock, and other raw agricultural or marine products and validating the 1967 law regarding the formation of such associations.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
**NUMBER SIX ON THE BALLOT (S.J.R. 49)**  
 S.J.R. 49 proposes an amendment to the Texas Constitution to permit the legislature to authorize state and national banks to exercise banking privileges by use of electronic devices or machines located at such places as may be provided by law and authorizes the sharing of such electronic devices or machines among banks on a reasonable, non-discriminatory basis.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
 "The constitutional amendment to give the legislature the power to authorize state and national banks to exercise banking and discounting privileges by use of electronic devices or machines."  
**NUMBER SEVEN ON THE BALLOT (S.J.R. 30)**  
 S.J.R. 30 proposes an amendment to the Texas Constitution changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct and making several changes in its powers and procedures. The most significant change would authorize the Commission to suspend from office judges and justices under indictment.  
 The wording of the proposed amendment as it will appear on the ballot is as follows:  
 "The constitutional amendment changing the name of the State Judicial Qualifications Commission to the State Commission on Judicial Conduct, and relating to the commission and the powers and proceedings of the commission, a master, and the supreme court, or court of civil appeals justices serving in place of the supreme court, for the suspension, censure, removal, or involuntary retirement of a justice, judge, or justice of the peace under certain circumstances."

"The constitutional amendment authorizing the formation of agricultural or marine associations which may mandate the collection of refundable assessments for improvement of production, marketing, or use of their products."

## All Cookbooks Sold By Band

Farwell Band Boosters report that all 300 copies of their booster cookbook have been sold, says Mrs. Liz Kaltwasser, who was in charge of compiling and distributing the cookbooks.  
 Before re-ordering additional cookbooks, the organization would like to have an idea of how many copies are needed or wanted. Persons who did not get a copy or who would like additional copies should call one of these booster members so that it can be determined if a re-order is feasible at this time: Liz Kaltwasser, Mary Kalbas, Gloria Hutchins, Tommie Fulcher or Pat Rose.  
 It was pointed out that if more cookbooks are ordered they will not arrive until sometime after Christmas.

A silk moth can detect its mate up to three miles away.

## Sheats Plans Conference In Farwell

Morris Sheats of Lubbock will announce his candidacy for the Democratic 19th District Congressional seat at a press conference to be held in Farwell Saturday at 11:30 a.m. CDT on the courthouse grounds.  
 Sheats' appearance is part of a three-day announcement tour which was to begin Thursday. He is presently the pastor of Trinity Church in Lubbock.  
 Everyone is invited.

## AVISO PUBLICO UN RESUMEN DE LAS ENMIENDAS PROPUESTAS A LA CONSTITUCION ELECCION GENERAL 8 DE NOVIEMBRE DE 1977

**PROPOSICION No. 1 EN LA BOLETA (S.J.R. 18)**  
 S.J.R. 18 propone una enmienda a la Constitucion de Texas que requiere el aumento del numero actual de cinco jueces en la Corte de Apelacion Criminal a nueve y que permite la Corte sesionar en paneles de tres miembros.  
 La terminologia de la enmienda propuesta como aparecera en la boleta es como sigue:  
 "La enmienda constitucional aumentando el numero de miembros de la Corte de Apelacion Criminal a nueve jueces, y permitiendo que la Corte sesione en paneles de tres miembros."  
**PROPOSICION No. 2 EN LA BOLETA (S.J.R. 13)**  
 S.J.R. 13 propone una enmienda a la Constitucion que suministraría 200 millones de dolares más en bonos u obligaciones del Estado de Texas para el Fondo de Tierras de Veteranos y que permitiría a viudas sobrevivientes de veteranos comprar terrenos bajo ciertas circunstancias.  
 La terminologia de la enmienda propuesta como aparecera en la boleta es como sigue:  
 "La enmienda constitucional para suministrar 200 millones de dolares más en bonos u obligaciones del Estado de Texas para el Fondo de Tierras de Veteranos y para permitir que viudas sobrevivientes de veteranos compren terrenos bajo ciertas circunstancias."  
**PROPOSICION No. 3 EN LA BOLETA (S.J.R. 3)**  
 Bajo las leyes actuales de Texas se le puede negar fianza a una persona acusada de un delito mayor que previamente ha sido probada culpable de dos delitos mayores. La S.J.R. 3 propone una enmienda a la Constitucion de Texas que también acabaría en denegación de fianza, durante un tiempo limitado y sujeto a apelación, a una persona acusada de cometer un delito mayor mientras estaba bajo fianza por un delito mayor previo por el cual la persona ha sido acusada por gran jurado, o acusada de un delito mayor implicando el uso de una arma mortí-

aparecera en la boleta es como sigue:  
 "La enmienda constitucional autorizando la formación de asociaciones agrícolas o marinas que podrán asignar por mandato la colección de impuestos reembolsables para el mejoramiento de la producción, venta y compra, o uso de sus productos."  
**PROPOSICION No. 6 EN LA BOLETA (S.J.R. 49)**  
 S.J.R. 49 propone una enmienda a la Constitucion de Texas que permite la legislatura autorizar bancos estatales y nacionales para ejercer privilegios de banco mediante el uso de aparatos electrónicos o máquinas situadas en tales lugares como podrá disponer la ley y que autorizaría los bancos repartir tales aparatos electrónicos o máquinas de un modo razonable no distintivo.  
 La terminologia de la enmienda propuesta como aparecera en la boleta es como sigue:  
 "La enmienda constitucional para dar a la legislatura el poder de autorizar a los bancos estatales y nacionales para ejercer privilegios de banco y descuento mediante el uso de aparatos electrónicos o máquinas."  
**PROPOSICION No. 7 EN LA BOLETA (S.J.R. 30)**  
 S.J.R. 30 propone una enmienda a la Constitucion de Texas que cambiaría el nombre de la Comisión Estatal de Capacidades Judiciales a la Comisión Estatal Sobre Conducta Judicial y haría varios cambios con respecto a sus poderes y procedimientos. El cambio más significativo autorizaría la Comisión para suspender de cargo los jueces bajo procesamiento.  
 La terminologia de la enmienda propuesta como aparecera en la boleta es como sigue:  
 "La enmienda constitucional cambiando el nombre de la Comisión Estatal de Capacidades Judiciales a la Comisión Estatal Sobre Conducta Judicial, y perteneciendo a la comisión y a los poderes y actos de la comisión, con un oficial judicial nombrado por la Corte Suprema, y la Corte Suprema, o los jueces de la Corte de Apelación Civil sirviendo en lugar de la Corte Suprema, para la suspensión, censura, deposición, o retiro involuntario de un juez, o juez de paz bajo ciertas circunstancias."

McFarland Leads - -

# Bernice Norton Wins Weekly Prize Money

Bernice Norton, a consistent contest entrant, correctly predicted the outcome of 11 games in last week's Area Merchants Football Contest and missed the tiebreaker by six points to take the top weekly prize money of \$7.50.

Only one other person, Mark Owen, managed to call 11 right, but Mark was 49 points off on the tiebreaker and took second place and \$5.

Eleven persons called 10 games right, but Steven Smith nabbed third place by being only one point off on the tiebreaker. Steven predicted the score to be Farwell 35-Happy 6.

Others with 10 games right were Dickie Chandler, Chip Craft, Lonnie McFarland, Eugene Guss, Sue Kirkland, Rubie Craft, Tommy Mesman, Kayle Watts, Bruce Mayfield and James Castleberry.

Rusty McFarland took sole lead of first place in the overall contest by calling nine games right to give him a total of 32 games. Right behind McFarland is Eugene

Guss of Portales who has called 31 games correctly.

Greg Hromas, Albert Smith and Tex Smith each have 30 games to their credit to share third place while Don Geries, Craig Kaltwasser, Sue Kirkland and Clay Roberts each have called 29 games correctly and are in fourth place.

Most area entrants figured Houston would defeat Penn State and a majority also missed on the Oklahoma State vs. Arkansas game. In the high school match-ups, most contestants gave the nod to the Clovis Wildcats over Palo Duro.

This week's guessing was somewhat more difficult than that of the previous week when 11 persons managed to predict all 12 games correctly and another 49 named 11 of the 12 winners.

Thirty-three new entrants marked ballots in the contest last week vying for the weekly prize money of \$7.50, \$5 and \$2. Top prizes will be tickets to the Cotton Bowl and the Sun Bowl with the first place win-

ner taking his choice of the games plus \$50. Second place winner gets Sun Bowl tickets and \$25.

Local and area merchants who are sponsoring this year's contest include Farwell Equipment Co., Plains Equipment Co., Security State Bank, Worley Mills, Inc., Clara's Spur Restaurant, Farwell Insurance Agency, Inc.;

Also, Sherley - Anderson Grain, Lariat, Wooley Hurst, Inc., Interstate Fertilizer, OK Tire Co. of Farwell, Farwell Fertilizer, Rose Drug and Gift Shop, Golden West Seed Co.;

And, Castor Feed Yards, Lerice's of Farwell, Farwell Pipe & Iron, Lunsford Auto Parts, Kelly Green Seed Co., Kirkland and Vinton Pump Co., Cal Jordan Implements, Western Ag Sales Co., Farwell Hardware;

Also, Texaco, Inc., Aero Farm Chemicals, Bob's TV Service, Sprink-L-Rite, Inc., Watts Machine and Pump Co., Capitol Foods, and James Chadwick - Texas Farm Bureau.

**Wins Weekly Prize**

Bernice Norton, right, happily receives the first prize check from the weekly football contest as presented by Clara Billingsley, owner of Clara's Spur Restaurant, one of the contest sponsors. Mrs. Norton, whose own business concern, Lerice's of Farwell, is a contest sponsor, garnered first place by guessing 11 games correctly and being off on the tiebreaker by 10 points. Only one other contestant, Mark Owen, managed to call 11 games correctly this week.

# Hospital Board Meets In Routine Session

Farwell Hospital District Board conducted a routine business meeting at the Convalescent Center Tuesday night.

Jim Berry presented a tax-assessor collector report. Reports were also heard from

Jeannie Norris, Clinic administrator, and Dora Nittler, administrator of the Center. Also discussed was the physician recruitment program.

Present for the session were board members C.H. Rose, Jr., Mr. and Mrs. Don Williams, Mr. and Mrs. Bob Anderson, Charles Aycock, Jim Berry, and Mrs. Norris and Mrs. Nittler.

## School Lunch Schedule At Texico

MONDAY - Cheese and meat pizza, lettuce and tomato salad, buttered corn, fruit cup, milk.

TUESDAY - Hot dogs and chili, onions, pickles, French fries, fruit cobbler, milk.

WEDNESDAY - Beef and vegetable stew, toasted cheese sandwich, half apple, milk.

THURSDAY - Meat loaf with catsup, buttered potatoes, celery stick, hot rolls, cookie, milk.

FRIDAY - Chicken enchiladas, green beans, hot rolls, applesauce cake, chocolate milk.

FARWELL LUNCH MENU

MONDAY - Meat loaf with catsup, cream potatoes, green beans, lettuce and tomato salad, hot rolls, butter, peach, milk.

TUESDAY - Tacos, lettuce and tomato, ranch style beans, gelatin cake, bread, milk.

WEDNESDAY - Chicken croquettes, whole buttered potatoes, sweet peas, carrot, orange gelatin, bread, milk.

THURSDAY - Hamburger with relish, chocolate slices, buttered corn, choco- pudding, milk.

FRIDAY - Steak fingers, scalloped potatoes, black-eyed peas, cole slaw, spiced peach, bread, milk.

[Menu sponsored by Borden's Milk.]

# WELLNESS Information Campaign Underway

"We've got some of the best health care in the state in the Panhandle, and we're looking for ways to make it even better." That's the way Eddie Melin, Director of the Panhandle Health Systems Agency, characterizes a new public information campaign his group has introduced in area media.

Melin and his Amarillo-based staff are attempting to increase the communication through a two-week mass-media WELLNESS campaign. "We picked the term WELLNESS because we frankly felt like a lot of the existing public health jargon is overworked," Melin observed.

Eddie Melin hopes WELLNESS will be more than just a casual attention-getter. "What we're working for," he said, "is the cooperation and involvement of Panhandle-area citizens who are the day-to-day beneficiaries of health programs. We're hoping they'll take the time while they're well to think about how they'll fare when they're sick. That's what WELLNESS means to us."

The WELLNESS effort has

its primary thrust in a coordinated newspaper and radio advertising schedule, according to Melin. "We've bought space in 34 newspapers and on 21 radio stations," he said.

"Part of the awareness campaign will be to invite comment from the average man-on-the-street," Melin says. "We want to know how he and she feel about the quality of health care they're getting. We'd like to know if they have enough doctors, adequate emergency facilities, reasonable prices for the services they get, and well, just whatever's on their minds in the health area," he said.

To insure that the suggestions get to the agency quickly, the PHSA has decided to accept collect calls from anywhere in the Panhandle area. The Amarillo number is (806) 372-3381 or send comments to P.O. Box 9257, Amarillo, Texas, 79105.

The effort won't stop with this Fall's information-gathering. "We're looking forward to getting information that will help us in our planning. Much of it will be funneled right back to representatives we

have in area towns. Those representatives will be able to give us an even better picture of what's happening in their communities," Melin said.

The Health Systems Agency was created by the National Health Planning and Resour-

ces Development Act of 1974. It serves 25 Panhandle counties and is responsible for performing a variety of health planning, developmental and review functions where federally-funded programs are concerned.

'M-M-M-Good'

"M-M-M good," says Kiwanis member George Herrington, center, as he tastes the pancake batter which he and fellow Kiwanians Pete Wilt, left, and Max Carter are mixing up for the traditional homecoming pancake supper set for today (Friday) from 3 to 7:30 p.m. MDT at the school cafeteria. The pancake supper is among the many events which mark this year's homecoming at Texico High School.

**COMING TO Doc Stewart CHEVROLET BUICK**  
**FRIDAY, SEPT. 23**  
 The New 1978 Chevy Chev - - - -  
 Well, we can't tell you... it's a surprize!

What we can tell you is it's thrifty, and has terrific gas mileage, 40 mpg highway, and 28 mpg city. It features concepts developed around the world... and it has as much leg & headroom as some intermediate size cars. Most importantly it's made in America, by Americans for Americans... It's the new Chevy Chev - - - - Well, we can't tell you but "It'll drive you happy!"

We think it is the only car that will be lower in price in '78 than in '77!

# Portraying Area Homemakers

by Shirley Gorman

Mrs. Don (Janie) Lovett of Farwell, our area homemaker this week, prefers to live in the small community of Farwell - surrounded by relatives - rather than anywhere else in the world.

The Lovetts were married when Janie was 16 years old. For a time they lived in Deming, N.M., but she says she did not like it there because "we were away from all the people we knew."

They have been back in Farwell for two and one-half years.

The Lovetts have three children, Kim, 13; Greg, 10; and Michael, 6. Janie says they also have an "adopted child," little John Alana, whom Janie has baby sat for since he was four weeks old.

John is the son of Mr. and Mrs. Don Alana of Farwell. Mrs. Alana teaches school and that is how Mrs. Lovett came to be John's babysitter. She says she did not want such a small child to be with strangers. "Whenever I go anywhere I just take John with me," she says, adding, "he really is just another member of the family."

Since Don custom farms, Janie occasionally helps out "when she has to." But mainly she is interested in doing things with her hands such as sewing, making ceramics and doing embroidery work.

At first, our homemaker says, she started sewing for her family, but gradually as the "word spread" she began doing things for other people. Now she also sews for the public in addition to her family and personal sewing.

"Sewing relaxes me," Mrs. Lovett says, adding, "It has gone from a hobby to a job."

Ceramics also play an important role in our homemaker's life. She is a self-taught enthusiast who likes to make and create things and she eventually gives most of her projects away.

Other hobbies include macrame and liquid embroidery. Now that Janie is also into ceramics she makes the plant holders as well as the matching macrame hangers.

She also likes to grow plants, but only "if they cooperate and prosper." If they do not she pitches them out and starts all over again with another plant.

Even though the local woman does not maintain her own garden she likes to can and freeze vegetables. A current project called for preparing peach pickles which she says are delicious.

Mrs. Lovett says she learned to do a lot of things just by observing her mother, Ava Woodson. Now the trend is repeating itself as Kim also learns through watching her mother work. She likes to do liquid embroidery and the pictures she completes are proudly displayed on the walls of the family home.

The Lovett family belongs to the First Baptist Church in Farwell and Janie is a leader of the Girls in Action group which consists of young girls in grades one through six.

Mrs. Lovett recently attended a special training session in Waco and as a result has several projects in the works for the GA's.

A few of the upcoming projects call for "adopting" a grandparent at the Convalescent Center and "adopting" a brother or sister at the children's home in Portales. About ten girls belong to the organization now, but Mrs.

Lovett hopes to increase membership this year.

The GA's have made birthday banners for Center residents and plan a week of prayer for the future.

While the Lovetts lived in Deming they acted as foster parents and at one time had a very incorrigible boy living with them. "Through love, patience, and understanding we tried to help him and in spite of himself the boy was beginning to respond," Mrs. Lovett said.

Even though it has been years since they have heard from the boy, Mrs. Lovett says she still thinks about him sometimes and hopes he is making something good with his life.

Through God's work Mrs. Lovett feels she has been changed into a more understanding person who is receptive to the needs of other people. She looks upon life as being a "new adventure every day."

Our homemaker has four recipes she has consented to share with us.

### CHEESE CAKE

Cream cheese (8 oz.)  
1 can Eagle Brand milk  
1/2 c. lemon juice  
1 t. vanilla

Mix all ingredients together. Pour into graham cracker crust and chill. Add topping if desired.

### POPCORN STUFF

2 1/2 c. sugar  
1/2 c. margarine  
1/4 c. light Karo syrup  
1/2 t. vanilla  
4 c. popped corn  
2 1/2 c. pecans  
1/2 c. almonds

Combine first three ingredients and bring to a boil over medium heat. Continue boiling 10 to 15 minutes or until 290 degrees F or light caramel. Remove from heat, stir in remaining ingredients and mix well. Spread on a cookie sheet.

### JANIE'S CASSEROLE

Mix in large bowl:  
1 can cream of chicken soup  
1 can cream of mushroom soup  
1 1/2 c. milk  
1 can jalapeno relish (for hot) or  
1 can taco sauce (for not so hot)

2 cans chopped green chilies  
1 c. grated Colby or Monterey Jack cheese  
1 c. grated cream cheese  
1 chopped onion  
Line large casserole pan with quartered corn tortillas. Pour 1/2 mixture on top, add layer of tortillas and repeat until liquid mixture tops the casserole dish. Cover with grated cheese and heat until bubbly and cheese is slightly browned, about 30-45 minutes

### The Latest

Recent visitors in the home of Mr. and Mrs. Gil Patschke of Farwell were Mr. and Mrs. Odus Walsler of Brownfield, former Farwell teachers. They all attended the homecoming game Friday night.

Mr. and Mrs. John Abernathy and Jay of Lubbock spent the weekend visiting her parents, Mr. and Mrs. Buster Gast of Farwell.

"The most useful virtue is patience." John Dewey

at 400 degrees.

May be served with homemade tortilla chips, hot sauce and salad.

### SALAD OR DIP

2 lge. or 3 sm. chopped avocados  
1 chopped onion

2 chopped tomatoes  
1 sm. can chopped green chilies  
1 sm. can chopped ripe olives  
1 sm. can chopped mushrooms  
Mix together in bowl. Just before serving add: 1 T. apple cider vinegar, 1 T. Crisco oil, 1 t. sugar, and salt and pepper to taste.

### Homemaker And Helper

Mrs. Don (Janie) Lovett of Farwell, our area homemaker this week, receives a helping hand from little John Alana, the "adopted" son she baby sits for. Mrs. Lovett says she loves to sew because it is relaxing for her. John is the son of Mr. and Mrs. Don Alana of Farwell.

### The Kitchen Almanac

Here's a neat breakfast or brunch idea - give your scrambled eggs a special (and unusual) taste by folding in small cubes or balls of avocado just before the eggs "set." Or spread mashed avocado, seasoned with salt and pepper and a little lemon juice on crisp, hot toast.

**Peanut Crust Banana Pie**  
Finely chop 1 - 1/2 cups of salted peanuts and press into a 9 - inch pie pan. Add 2 tablespoons crunchy peanut butter to your favorite banana cream pie filling. Place filling in peanut crust. Cool pie and refrigerate. Top of pie may be decorated with banana slices and peanuts.

Keeping up with consumers - the trash compactor is one of the most popular and useful kitchen appliances to come along in recent years. Researchers at KitchenAid appliances attribute this to the fact that the compactor has proven its worth in kitchen cleanup.

These experts say because trash is reduced to as little as one-fourth its original size with a compactor, disposing of such items as cans, cartons,

bottles and jars is now far less of a hassle than it used to be. (One trash bag instead of four.) . . . And, more new homes and remodeled kitchens are including the appliance as standard equipment.

If you're thinking of buying a 300 pound side of beef, you can expect about 225 pounds of usable meat cuts - which means about 25 percent cutting loss.

Add the final touch to many dishes with buttered bread crumbs. Simply stir 1/3 cup melted butter into 1 cup dry bread crumbs. Use immediately as a casserole topping, a garnish for vegetables, or add crunch to the topping of broiled fish. ( Bread crumbs provide a delectable way to save money by using dry ends of bread.) Store remaining buttered crumbs in the refrigerator.

Send your best kitchen or cooking hints to the Almanac. Your ideas will be shared with readers throughout the country. Address: Harry G. Clark, Kitchen Almanac, 2 North Riverside Plaza, Chicago, Illinois 60606.

The fastest birds are the duckhawks and the golden eagles which dive at 180 mph (290 kph), World Book Encyclopedia reports.

### Hospital Notes

Fern Christian of Clovis, formerly of Farwell, was admitted Thursday, Sept. 15, for surgery at the hospital in Hereford. According to her family, she is "fine" now and was expected to be released by the end of the week.

Edward "Ted" Engram of Farwell was released from Lubbock Methodist Hospital last Sunday. He was admitted Monday, Sept. 12, and had knee surgery the following day. According to reports, he will be recuperating at home

for several weeks. Mrs. Don (Pam) Owens of Farwell was admitted to the hospital in Friona Tuesday for medical treatment. Her condition is reported as "good" by family members.

Buster Gast of Farwell was dismissed from Clovis Memorial Hospital Tuesday after having undergone emergency surgery last Thursday. He will be recuperating at home for several days.

## Family Night Attendance

### Plagued By Harvest

As "classes" at West Camp Family Night were called to order Saturday night, the "roll call" was unanswered by several community "students," according to the West Camp reporter.

The "truant officer" reported several to be in the corn harvest while others were playing "hooky" (out-of-town). Still others had "migrants" (visitors) in their homes.

The new "faculty" (host couples), Mr. and Mrs. Joe Rhodes and Mr. and Mrs. Ed Althof, had decorated the classroom in black and white school colors with sports events cut-outs on the walls. Megaphones and pom-poms completed the decor.

The "superintendent" (Community Chairman C.E. Grant)

outlined school rules and welcomed students and guests. School enrollment means more chairs and desks are needed. This matter will be looked into as more school funds are made available.

Faculty (host couples) are needed for the October family night. They may apply to the secretary, Nelda Hunt, to fill this vacancy.

Due to lack of government support and cafeteria help a sack lunch was brought by all the students.

Everyone reminisced about their school days - freckles, frizzed hair-do's, flat tops, rolled jeans' legs, turned up collars, bobby sox, sack dresses, tweed skirts, letter sweaters, red lipstick, satin bloomers, union suits, bib overalls, colored hose, etc.

The students were wearing wardrobes similar to what they wore as students. Each student reported about his/her school days - graduation, achievements and honors.

West Camp boasts a former valedictorian, spelling bee winner, all-around boy, a girl watcher, an all-district basketball guard, and "Miss Nose."

Also, honor students - fourth in class and top ten, a class favorite, a "skin-of-the-teeth" graduate, one who completed school via correspondence courses, and one who attended a one-room school house.

"Classmate" featured a spelling bee, a geography (state capitols) study, and arithmetic board work (addition, subtraction and multiplication). Three

teams competed and the winning team members each received a new pencil.

During recess, jacks were played and the teams were found to be out of practice.

One student was accused of chewing gum in class, and one of the faculty was moon-lighting as a sheep-herder!!

Two youthful cheerleaders, Lavon Rhodes and Tori Hunt, presented two cheers of yesterday - "Big Apple/Little Apple" and "Spring/Fall." Fans agreed that the cheers were no worse than the current yells heard at games today.

Attending class were Messrs. and Mmes. C.E. Grant, Kevin, Laurie and Clay; Joe Simnacher; Barry Wilson and Brandon; Raleigh Mason; Joe Rhodes, Lavon, Dusty and JoRonda; and Ed Althof;

Also, Mrs. Glen Harris, Mrs. C.E. Roark, Mrs. Dean Hukill, and Mrs. Robert Hunt and Tori. Tardy for class were Robert Hunt and Curtis.

The next family night will be October 8. Mr. and Mrs. Hubert Gammons, former residents of West Camp, plan to attend so all their friends are urged to attend also and visit with them.

MR. AND MRS. STEVEN KALTWASSER

## Pleasant Hill Ceremony

### Unites Local Couple

Carla Joy Richardson, daughter of Mr. and Mrs. Roy Lee Richardson of Texico, and Steven Karl Kaltwasser, son of Mr. and Mrs. Gilbert Kaltwasser of Farwell were united in marriage recently at Pleasant Hill Baptist Church with Rev. Robert J. Roberts of Portales officiating the doubling ceremony.

The couple was presented in marriage by their parents before an altar decorated with a 29-branch arched candelabra and two 15-branch candelabras at the side. The candelabras were decorated with gladioli and greenery.

The bride, escorted to the altar by her father, wore a gown of chantilly lace. The gown was laced to the fitted bodice which featured a Queen Anne neckline. The long Victorian sleeves accented the A-line skirt made in the back with a chapel length train. The bottom of the skirt was edged with a matching chantilly lace ruffle.

The bride wore a matching chapel length veil. She carried a nosegay atop a white Bible which was presented to the bride by her church for graduation. The nosegay of blue and white miniature carnations with stephanotis and baby's breath was accented with long blue streamers.

In keeping with tradition the bride wore as something new her gown. Something old was a locket which belonged to her mother, a gift from her father.

The bride borrowed from Barbara Kaltwasser, sister-in-law of the bridegroom, a pair of silver earrings. Something blue was the traditional garter which was given to the bride by her aunt, Lena Stephenson of Hayward, Calif. The bride also carried pennies minted in the years of the couples' births in her shoe.

Vicke Autrey served her sister as matron of honor. Bridesmaids were Diane Kelley of Lubbock and Arlene Servatius of Amarillo.

The bridal attendants wore long dresses of blue polyester

knit, featuring high waist lines and accented with long sleeved floral jackets of chiffon that were gathered at the waist. Attendants wore floppy hats of blue trimmed with floral ribbons matching their jackets. Each carried three carnations of blue and white accented with blue streamers.

The bridegroom wore a white tux with a boutonniere containing the same type flowers as in the bride's bouquet.

Harold Lee Jones served as best man. Groomsman were Bill Aten of Post and Gary Hoadley of Clovis. Each wore a blue tux with a white carnation on the lapel.

Ushers were Ted and Ken Richardson, brothers of the bride, and Craig and Bruce Kaltwasser, brothers of the bridegroom.

Pianist was Regina Kelley of Lubbock, who played traditional selections. Soloist was Lynn Trimble of Clovis who sang "The Wedding Song" and "Welcome To My World" as he accompanied himself on the guitar.

The candles were lit by Craig and Bruce Kaltwasser before the ceremony began.

Flowergirl was Kelly Lynn, cousin of the bridegroom. She wore a floor length dress of

floral matching the jackets of the bridesmaids.

Ringbearer was Chris Martin, cousin of the bride. Chris carried a white lace heart-shaped pillow which was made by an aunt of the bride, Marie Wall, and was used in her sister's wedding.

Registering the guests was Nicki McDaniel, cousin of the bride.

The mother of the bride wore a floor length gown of blue, with a matching blue lace jacket. The bridegroom's mother wore a blue and silver floor length dress. Both mothers wore corsages of miniature orchids.

Special guests were their grandmothers, Mrs. J.E. Wall of Clovis, Mrs. Bertha Kaltwasser of Farwell, and Mrs. Ruth Kramer of Clovis. Other special guests were Dale, Cheryl and Jason McCleskey of Fort Worth and Bruce and Barbara Kaltwasser of Austin.

A reception was held following the ceremony in the fellowship hall of the church. Cheryl McCleskey, Kim Pearce, Debbie Lacy, Deanne Day, Nicki McDaniel, and Elaine Cain served the reception tables.

The bride's table was covered with a blue cloth overlaid with white lace. The five-tiered cake was made by a close friend of the bride, Faye Smith. Between the tiers were columns with sugar bells and blue roses. The cake was decorated with blue roses and laced blue edges. Atop the cake was a bride and groom figurine.

The bridegroom's table was covered like that of the bride and featured silver appointments and a German chocolate cake baked by the bride's mother. A gift table held rice bags made of blue lace.

For a wedding trip to Ruidoso, the bride wore a sundress of blue polyester matching the attendants' ensembles.

The bridegroom's parents hosted a rehearsal dinner at a local restaurant. The couple is now at home seven miles east of Farwell. The bride is employed at Security State Bank, Farwell, and the bridegroom is employed at an implement dealer firm in Muleshoe.

### Son Born To Kyle Sheetses

Mr. and Mrs. Kyle Sheets of Abilene are parents of their first child, a son, born at home September 13. The new arrival has been named Zachary Kyle and weighed seven pounds and was 19 inches long at birth.

Paternal grandparents are Mr. and Mrs. Harry Sheets of Farwell and Alta Sheets of Clovis. Maternal grandparents are Mr. and Mrs. Olis Pinson of Frankston, Tex.

Paternal great-grandparents are Mrs. Virginia Sheets of Farwell and Mr. and Mrs. W.E. Martin of Farwell.

West Camp boasts a former valedictorian, spelling bee winner, all-around boy, a girl watcher, an all-district basketball guard, and "Miss Nose."

Also, honor students - fourth in class and top ten, a class favorite, a "skin-of-the-teeth" graduate, one who completed school via correspondence courses, and one who attended a one-room school house.

"Classmate" featured a spelling bee, a geography (state capitols) study, and arithmetic board work (addition, subtraction and multiplication). Three

## Convalescent Center Chit Chat

As Reported by the Center Staff

Rev. Dudley Bristow, pastor of First Baptist Church in Farwell, conducted Sunday afternoon worship services.

Mrs. Chumley will substitute this week for Mrs. J.M. Hutson who usually conducts the weekly Bible study session. Mrs. Chumley will play the piano instead.

Bobby Hix is now trying to get used to his new braces. Recent visitors include his aunts and uncles, Mr. and Mrs. Ralph Patterson of Hollis, Okla., and Mr. and Mrs. Earthe Melton of Lindsey, Okla.

Dennis Brooks enjoyed a trip to Clovis with his sister-in-law, Setha Bouse. Brooks visited his wife and also got his hair cut.

Nelson Hurst has started receiving therapy in Clovis. C.H. "Kojak" Whitener and his son Howard traveled to Clovis recently for medical tests.

Velma Robertson is moving back to Clovis. She says she has enjoyed her stay at the Center.

Don Brewer, leasee of the Center, is running for president of the Texas Nursing Home Association. All wish him good luck on his campaign.

Nora Edens, Christa Gohlke and Pearl Monk are busy making Christmas things in the crafts room to sell in the window case. This is the first time Pearl has used her tal-

ents in the crafts room. Since Christa and Pearl have only the use of one hand, they have found that they can work very well together by utilizing their two good hands in unison.

Ann Humphrey will be going to a hospital in Amarillo for a few days. Recently dismissed from the hospital were Ed Finkner and Vera Marshall. All wish Carolyn McDaniel a speedy recovery at Clovis Memorial Hospital.

All say "welcome aboard" to Ann Daley of Clovis.

Everyone is saddened by the loss of Effie Scott. She was one of the first residents at the Center and all will miss her.

Floie Copeland, activities director, will attend an administrator's course in Austin next week. It is the first phase of a 200 hour, five week course which will conclude in December. Mrs. Copeland will attend the sessions at different times throughout the coming months.

She will also attend a seminar for activities directors in San Antonio October 1-2. Mrs. Copeland will return to work October 4.

This week the "spotlight" is on Harold Mardis who was born June 8, 1896, in Brook Walter, Tenn. He and his family moved to Herley, Tex., in 1908. In 1928 Mardis

married Lela Wright and together they reared four sons. Cecil resides in Hereford, Clifford lives on a farm near Muleshoe, H.B. lives south of Clovis, and Burl lives on the "old home place."

After the Mardises married they moved to a farm 10 miles northwest of Muleshoe where they tended a 160 acre farm. Half of the land was irrigated.

Mules and horses were Mardis' only "plow power" until he bought a Farmall tractor 20 years later. He says he spent his life working hard trying to make ends meet and trying to keep up with four busy boys.

Mardis came to the Center several months ago and has found that he likes bingo and birthday parties - in fact, he says he "specializes in them." He also likes to spend time on the swings in front of the Center "swapping yarns."

His word of advice is that "the man that works keeps his dollar and the man who doesn't has none."

### Girl Born To Terry Travises

Mr. and Mrs. Terry Travis of Farwell are parents of their first child, a daughter, born September 12 at St. Mary's Hospital in Lubbock.

The new arrival, who has been named Georgina Brea, weighed seven pounds, 11 ounces and was 21 and 1/2 inches long at birth.

Paternal grandparents are Mr. and Mrs. Harold Travis of Farwell, and Mrs. Georgie

Foster, also of Farwell is the maternal grandmother.

Maternal great-grandparents are Mr. and Mrs. W.N. Foster of Farwell and Mrs. Maud Pruitt of Clovis.

Mrs. Ethel Brown of Portales is the paternal great-grandmother.

Brea was born on the 29th anniversary of Harold and Jean Travis.

## THIS BROWNI-EST BROWNIE IS DELICATELY SPICED

Chocolate brownies are an American invention and loved from coast to coast. This recipe makes a rich, "fudgy" treat, fragrant with cinnamon to enhance the chocolate flavor. As a bonus, it's very easily made.

### CINNAMON BROWNIES

- 3/4 cup butter or margarine
- 4 squares (1 oz. each) unsweetened chocolate
- 2 cups sugar
- 4 eggs
- 1-1/4 cups all-purpose flour
- 1 tablespoon ground cinnamon
- 1 teaspoon baking powder
- 1 teaspoon salt
- 1 teaspoon grated orange peel
- 1 cup coarsely chopped walnuts

In a medium saucepan melt butter and chocolate over very low heat. Remove from heat; stir in sugar and eggs; set aside. In a medium bowl combine flour, cinnamon, baking powder, salt and orange peel. Stir into chocolate mixture just until smooth and well blended. Stir in nuts. Spread in a greased 13 x 9 x 2-inch baking pan. Bake in a preheated moderate oven (350° F.) until mixture starts to come away from sides of pan, about 30 minutes. Cool slightly on a wire rack. Cut into squares; remove from pan and cool completely. Sprinkle with confectioners' sugar, if desired. Yield: About 30 brownies.

### agri-facts by John Ricci

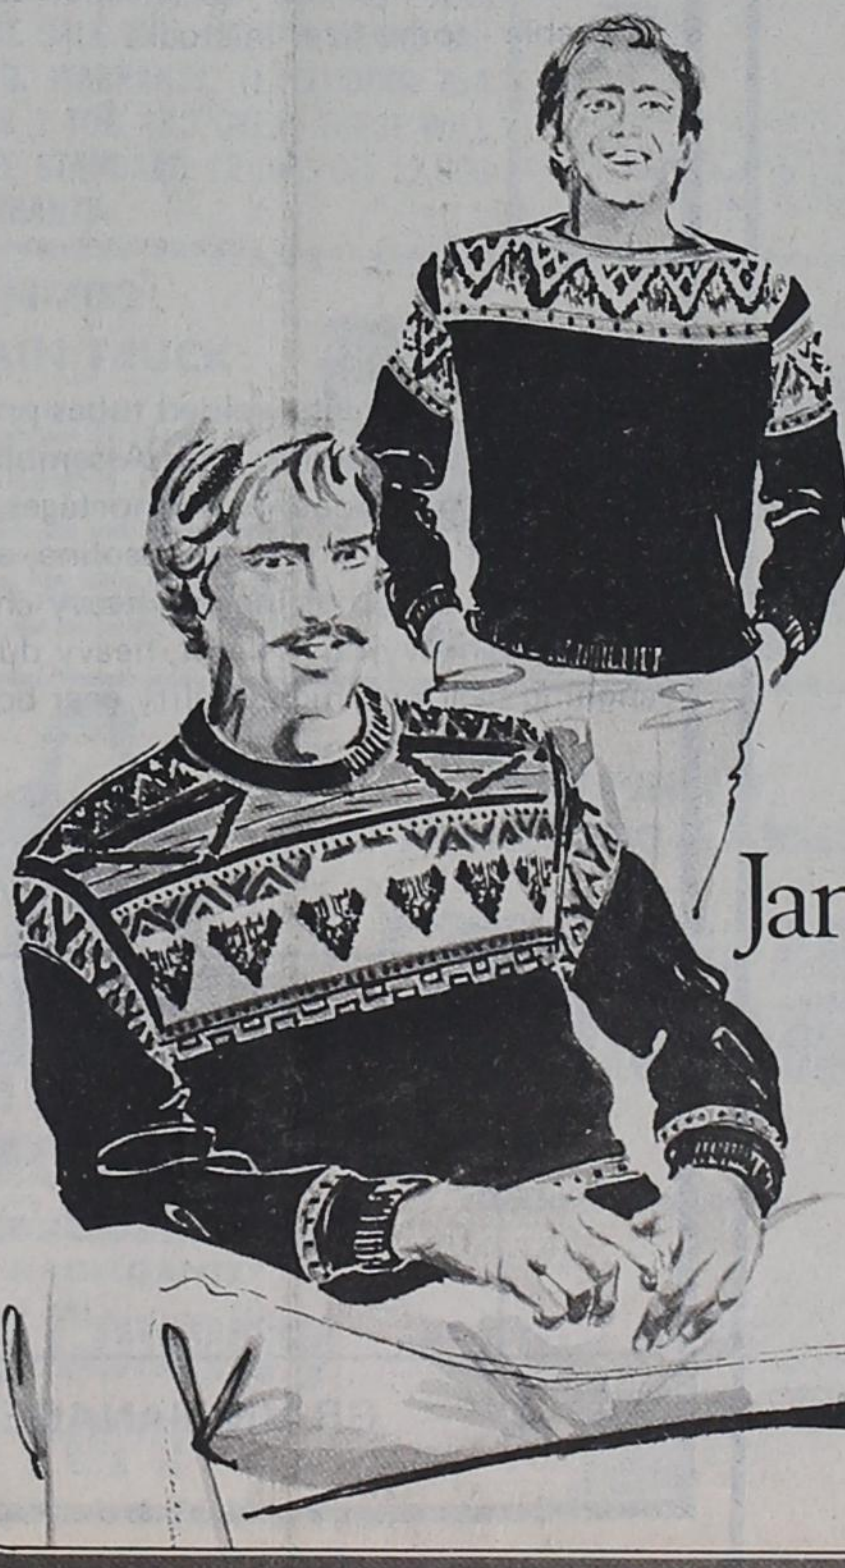

With the price of wheat depressed as it is, cattle feeders may consider putting more wheat into their rations. Scientists at Oklahoma State University, Stillwater, say that wheat is easily digested by cattle, and can be utilized as long as the kernel is broken when fed. Feeding cattle whole wheat kernels is akin to humans trying to eat a bowl of BB's, not much digestion would occur. Dr. Don Gill, OSU animal scientist, says, "If you're going to feed wheat at high levels, it should be coarsely rolled, steam flaked, high moisture processed, or otherwise undergo some process to keep it from getting too powdery". There's an added advantage in terms of crude protein, because the higher protein in wheat makes it unnecessary to add protein supplement that costs as much as \$200 a ton.

## On The Farm In Parmer County

By MACK HEALD  
County Agent

Field storage of cotton will be the featured topic of a public meeting to be held at 9:45 a.m. September 28, at the Lamb County Community Center in Littlefield. The large cotton crop in this area will prolong the ginning season causing increased exposure of cotton to weathering losses unless field storage is used.

Field storage has been used on the South Plains during the past four harvests, but the benefits may be more widely realized in 1977 than any previous year. Because the aggregate production of this area will vastly exceed recent norms and with several hundred module builders and rickers available, more cotton will be stored in the field by more producers than ever before.

These facts, along with the shift to modulating on the ground, make it imperative for those less experienced in these techniques to learn about them before harvest begins. The field storage that has occurred in the last two years has not been plagued with adverse weather, but we cannot depend on this fall being equally kind. Steps to protect the lint and seed that is stored in the field are inexpensive insurance policies.

The educational program will feature discussions on techniques of modulating and ricking cotton, economics of field storage, and preservation of quality in stored cotton by specialists with the Texas Agricultural Extension Service. This program is one of a series across the South Plains area in support of the SPD Cotton Profit Program.

LUBBOCK - A training workshop for commercial and noncommercial pesticide applicators is scheduled for September 26-30, at Plains Co-Op Oil Mill in Lubbock.

The educational part of the workshop, which begins the 26th and concludes at noon on the 29th, is being conducted by the Extension Service to train commercial and noncommercial applicators in all categories of pest control. These are: agricultural pest control, seed treatment, right-of-way pest control, ornamental and turf pest control, animal pest control, aquatic pest control and health related

pest control.

Certification examinations will be administered September 29th and 30th by the Texas Department of Agriculture, Texas Department of Health Resources, Texas Department of Water Resources, and Texas Animal Health Commission.

Persons planning to attend the workshop must pre-register by contacting Dr. Pat Morrison, Texas Agricultural Extension Service, Route 3, Box 213AA, Lubbock, Texas 79401, phone (806) 746-6101. Details of the training and testing will be provided by return mail along with study materials.

The Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, enforced by the Environmental Protection Agency, includes among other requirements (1) classification of all uses of pesticides as either restricted use or general use and (2) certification of applicators (private and commercial) as a requisite to the legal use or supervision of use of restricted-use pesticides.

The Texas Pesticide Control Act (TPCA) establishes an additional category of pesticide applicator, the noncommercial applicator and requires certification and licensing of the commercial and noncommercial applicator "as a requisite to the use or supervision of use of restricted-use pesticides."

The commercial applicator as defined by the TPCA means "a person who owns or manages a pesticide application business engaged in the application of restricted-use or state-limited-use pesticides to the land of another." The noncommercial applicator as defined by the TPCA means "a person or government agency or department which wants to use restricted-use or state-limited-use pesticides and does not qualify as a private applicator and is not required to have a commercial applicator's license."

Certification is granted by the state regulatory agencies on the basis of an examination.

The full implementation of the amended Federal Insecticide, Fungicide, and Rodenticide Act is scheduled for

### Fire Calls

Farwell Volunteer Fire Department answered a call Monday to a grass fire on the Amarillo Highway. Later that same day they returned to the same spot as the grass fire had rekindled. Also on Monday they responded to a combine fire at the Doyle Green place.

Tuesday the ambulance took a local man to the hospital in Friona.

Early Tuesday morning the Texico Volunteer Fire Department transported a local man to the hospital in Clovis.

### Farwell City Marshal's Report

Farwell City Marshal Ronnie Mitchell reports that an act of vandalism occurred in Farwell Sunday afternoon. A pickup belonging to Guy Whitesides of Farwell was parked at the radio station grounds when two juveniles broke off the radio antenna and ripped off the windshield wiper blades. Mitchell said the youths were reprimanded by Parmer County Judge Paul Fortenberry and agreed to pay damages of less than \$20.

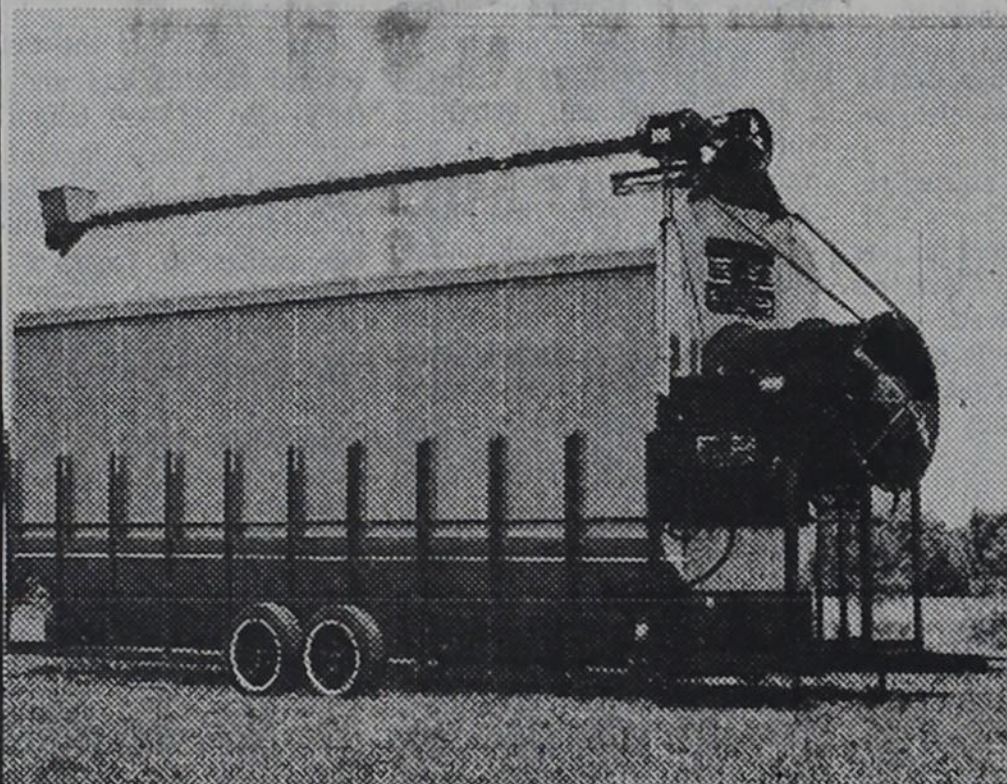

Mitchell also reports that he and Bovina City Marshal Gary Gillespie had been busy the past three weeks investigating a reported marijuana patch in an area field. The case came to light Thursday of last week.

October 21, 1977. On this date, barring any changes in the law, certification will be a requisite to using or supervising use of restricted-use pesticides.

# Windbourn Hardages Collect Antique Musical Instruments

from across the desk of Joann Getz

## Readers! Can You Believe This?

The largest convocation of women in this country - and certainly the first such meeting ever to be funded by the U.S. government - is scheduled for November 18-21, 1977, in Houston, Texas.

As a prelude to this historic event, 56 diverse and dramatic women's meetings, one in each State and Territory, were held: American women from Maine to Alaska, Hawaii to Guam, voted on resolutions and delegates to send to the National Women's Conference in Houston. These meetings also drew up State Plans of Action to improve the status of women, through action at the State level.

First time conference-goers, women who had never stayed in hotels before, migrant workers, coal miners' widows, handicapped workers, even prison inmates, women from a wide sweep of ages, incomes, ethnic, racial and religious backgrounds boarded buses, snow plows (Vermont's meeting in February drew over 1000 participants), and car pools to get to their State Meetings.

Each State followed similar guidelines, provided by the National Commission on the Observance of International Women's Year, but each meeting reflected the special ethnic and racial flavor of the State. Rhode Island translated their materials into Portuguese as well as Spanish, and Maine provided French language translation for their French-Canadian Community.

Alaska's meeting attracted 780 people who elected a 12-member delegation including Tlingit, Eskimo, Athabaskan, Black, Japanese, and Caucasian women. Attendance topped 4500 in Minnesota; 6000 in California; 11,000 in New York; 13,000 in Utah. At least 130,000 have participated across the country.

Resolutions came from a wide range of workshops on the issues that most affect women: Homemaker Rights, Child Care, Employment, Education, Teenage Pregnancy, International Interdependence, Media, the Equal Rights Amendment, Credit, Physical and Mental Health, Female Offenders, Older Women, Women in Elective and Appointive Office, Racial and Ethnic Women, the Arts and Humanities, and Strategies for Change. Public Law 94-167 named the National Commission on the

Observance of International Women's Year (IWY) as sponsor for the State Meetings and the National Conference. Each state shares in the \$5 million funding provided by Congress for the meeting series.

Recommendations and a final report on the Conference will be submitted to the President and Congress in March, 1978.

Some of the 46 members of the National IWY Commission, with Bella S. Abzug as presiding officer, are Liz Carpenter, Betty Ford, Lenore Hershey, Coretta Scott King, Gloria Scott, Jean Stapleton, Gloria Steinem, Sen. Birch Bayh, Sen. Charles Percy, Rep. Elizabeth Holtzman and Rep. Margaret Heckler.

Goals of the State Meetings and the National Women's Conference are:

- \*to recognize the contributions of women to the development of our country;
- \*to assess the progress that has been made in promoting equality between women and men in all aspects of life in the United States;
- \*to study the role of women in economic, social, cultural and political development;
- \*to assess the participation of women in efforts aimed at the development of friendly relations and cooperation among nations and to strengthen world peace;
- \*to identify barriers that prevent women from participating fully and equally in all aspects of national life, and to develop recommendations for means by which such barriers can be removed;
- \*to establish timetables for the achievement of the objectives set forth in such recommendations;
- \*to provide a forum for all women to join in the celebration of their past efforts and to make plans for the future.

HISTORICAL BACKGROUND: The United Nations proclaimed 1975 International Women's Year and sponsored a conference that year in Mexico City. Conferees adopted a World Plan of Action to improve the lives of women worldwide.

In the United States, a Presidential Order established a National Commission on the Observance of International Women's Year. The Commission's task was to adopt recommendations aimed at eliminating barriers to equality for women. That Commission made 115 recommendations in its 1976 report, "To Form A More Perfect Union..." Justice for American Women. This report serves as a handbook for the State Women's Meetings and for the National Conference to come.

International Women's Year was extended to a Decade for Women (1976-1985) by the United Nations. A Second World Conference has been scheduled for 1980. As part of the U.S. participation in the Decade for Women, the 94th Congress extended the life of the National Commission to March 1978 and provided funding for State Meetings and the National Women's Conference.

A visit to the home of Windbourn and Gladys Hardage of Farwell is like taking a jaunt back through time as the local couple has decorated their premises with numerous momentos of the past - especially original music boxes whose sounds soothed the musical tastes of the American people during the early 1900's.

The Hardages are dedicated collectors, connoisseurs and lovers of such fine relics of the past as a Tanglely calliope which was recently a star attraction at the Lea County Fair parade in Lovington, N.M.

They accompanied their prize possession during the parade and Florence Anderson, sister of Mrs. Bill Duckworth of Clovis, played the calliope - much to the delight of the onlookers.

The Lea County Fair parade is just one of many appearances which the local couple make yearly with their calliope. The instrument has been in the Hardage family for about 20 years. It was used in circuses in the 1920's and plays from pressure "air." It was constructed in Muscatine, Iowa.

The Hardages just happened across the calliope in Quitaque, Okla., while looking for an antique tractor. They had been on the lookout for a

calliope for years and were both amazed and gratified to find one at the blacksmith shop.

The local man purchased the instrument for \$100 and paid \$25 for the blower. Naturally the calliope was in need of some repair and had to be rebuilt - something at which he has become quite proficient. Besides restoring the instrument, Hardage also added three pipes.

Hardage loves to restore antique musical instruments. In fact, he spends a great deal of time restoring antiques for other people - so much so that sometimes he neglects working on his own pieces. But the Hardages know that as long as they have the instruments they will someday get around to working on them.

When the local music buff restores an instrument he sticks to the original design and intention of the manufacturer. Some people though, says Hardage, like to modernize the antique music boxes, some to the extent of electrifying them. But he says he does not like those types and "shies away" from them whenever possible.

The Hardage home is like a museum because antique music boxes and other mementoes of the past are stored in almost every room and on almost every shelf. And there is an interesting story about

each piece which the local couple likes to relate to a willing listener - and they have many of those.

For instance, they own a wooden hot dish tray which is over 100 years old. Among other prized possessions are a ballerina which dances inside a glass enclosure and an antique bell once used for summoning the maid.

The local collectors are always seeking out antiques in shops and antique stores throughout the country.

They have a home filled with antique boxes and when the mood strikes them they plunk in a nickel or dime - whatever it takes - and just sit back and listen to player pianos crank out a favorite tune of yesteryear. Children also like the antique tunes, say the Hardages, and that is as pleasurable to the local couple as listening themselves.

They also have a combination lamp and record player which emits the sound of the music from a speaker located in the base of the lamp.

They keep player piano scrolls on hand and sell quite a few modern pieces to fellow antique piano music buffs.

Besides music boxes the Hardages own a 13,500 pound Case tractor which manages to travel three miles per hour in high gear. The Hardages also own a 1936 Chrysler and a 1923 Dodge.

They love to collect antiques and sometimes the search for relics of the past can lead them into "sticky situations." One time, Hardage recalls, he asked a man if he knew of any violins "that played themselves" in the area. "The man gave me a funny look but no answer," Hardage chuckled.

"Naturally," Hardage continues, "I was referring to a violin virtuoso, but the average person with no musical knowledge of the past could easily think I was a little strange."

Besides collecting and restoring old instruments the Hardages are also members of the Music Box Society - an international music lovers organization. They are almost charter members as they joined in 1949 and the organization was founded a few years sooner.

As members they receive a news bulletin published by the club every three months. The publication carries a list of swaps and trades etc. as well as other information of interest to music buffs.

The Hardages also own an encyclopedia of music instruments which lists all the instruments they do have and many more which they would like to have.

The Hardages share a common interest in music which has never wavered even for a moment.

Music Maker

Windbourn Hardage of Farwell is shown checking out the Tanglely calliope which recently appeared in the Lea County Fair Parade in Lovington. The instrument was played by Florence Anderson who is the sister of Mrs. Bill Duckworth of Clovis. In the background is Burl Williams, Lea County Commissioner from Eunice, who was in town for the parade.

## This I Know - - -

by Leonard Harper  
Minister  
Farwell Church of Christ

Envy is painful or resentful awareness of an advantage enjoyed by another joined with a desire to possess the same advantage; displeasure because of the excellence of another.

This painful and resentful awareness of an advantage enjoyed by another is most often expressed under the guise of some pretended justification. With some persons, this becomes an obsession. The result is a slow erosion of their personal happiness and well-being.

Envy is anti-Christian. It is a "work of the flesh". (Gal. 5:21). "Where envying and strife is, there is confusion and every evil work." (Jas. 3:16). Envy is a sure indication of worldliness. "For you are yet carnal: for whereas there is among you ENVYING, and strife, and divisions, are you not carnal, and walk as men?" (I Cor. 3:3).

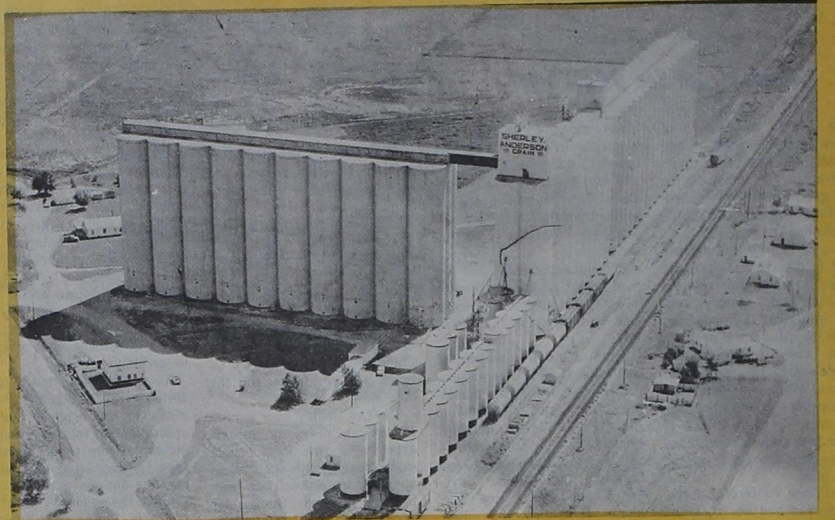

Envy is one of the most cruel of all the undesirable human passions. Envy distorts one's outlook. This is one of the reasons why it has such a tragically erosive effect upon all who may be touched by it.

Christian love and envy do not exist in the same mind, because "love envies not." (I Cor. 13:4).

Envy erodes, because it is devious, destructive, distressful, and discouraging; a cruel and merciless enemy of all human good.

# Penny Hughes, Vick Christian Crowned Homecoming Royalty

Homecoming '77 is over at Farwell High School but the week of gaiety and fun will long be remembered by all. One of the highlights of the traditional event was the crowning of homecoming royalty at the Friday afternoon pep rally.

Penny Hughes and Vick Christian, both seniors, were crowned 1977 Football Queen and King. Officiating at the crowning were D'Lynn Eubank and Russ Jones, last year's Queen and King.

Varsity cheerleaders presented gifts to the King candidates and members of the football team presented roses to the Queen candidates.

A blue and white decoration theme marked the coronation and a large crowd of Steer boosters attended the occasion. High School Principal Tom Knoy introduced the candidates and announced the 1977 King. Head football coach Van Tom Whatley announced the Queen.

A sign over the front entrance to the gymnasium read "Welcome to Farwell Steers Homecoming Palace '77-'78." Blue and white streamers extended from the basketball goal to the floor.

An arch of greenery interspersed with yellow, green and red flowers formed the background for the throne.

Candidates walked on a runner of blue paper to the throne. Streamers in the school colors and helmets of the football team lined the walkway. After the coronation, the honorees were seated on white wrought iron chairs in front of the arch.

Pep rally speakers included Johnny Atkinson and Richard Yruegas.

Cheers and routines were provided by varsity and junior varsity cheerleaders and twirlers, while the Steer Band provided appropriate music.

Other candidates for homecoming queen included Peggy White, senior; Roxie Chandler, junior; Gina Eubank, sophomore; and Sharmy Christian, freshman. King candidates were Clay Roberts, at-large; Rowdy Chandler, junior; James Castleberry, sophomore; and Chris Bristow, freshman.

The homecoming bonfire was held Thursday night east of the school baseball field. Freshman class members collected wood for the blaze and a Happy Cowboy was burned in effigy. The dummy was made by Betsy Black, Janie Cantu, Robin Vinton, Tori Hardage, and Sheryl London.

Other homecoming activities included a "sock it to me day," a "hats off day" and chicken supper sponsored by the senior class prior to the game.

Climaxing the week of festivities was the Steers 34-6 trouncing of the Happy Cowboys.

Royal Court

Friday afternoon was a big day at Farwell High School as the 1977 homecoming Queen and King were crowned during the pep rally. Also honored were other members of the Royal Court, from left, seated: Peggy White, senior; Roxie Chandler, junior; Gina Eubank, sophomore; Sharmy Christian, freshman; standing: Clay Roberts, at-large; Rowdy Chandler, junior; James Castleberry, sophomore; and Chris Bristow, freshman.

## FHS '77 Homecoming Royalty

Sixth In A Series - -

### Texico-Farwell Booklore

The late Judge James D. Hamlin of Farwell was a prominent member of the Panhandle-Plains Historical Society for three decades.

Hamlin, legal representative of the Capitol Syndicate, served on the board of directors in the 1920's and then as president of the society from 1938 until 1945.

Enhancing his tenure of office was the gift of his art collection valued at \$75,000 to the PPHS. Also during the war years, work continued on the building of the museum at Canyon.

At that time Judge Hamlin was one of the best known figures in Northwest Texas, according to J.A. Hill, president emeritus of West Texas State College (now University), in his 1959 book, *More Than Brick and Mortar*.

Hamlin was "a man of native ability, cultured tastes, and commanding personality" in Hill's opinion.

It was only natural that he seized with vigor the reins of administration, observes Hill.

The name of the Farwell attorney and land company representative is mentioned twice in the appendix under the heading, "Certain Important Events Chronologically Arranged."

Complete records of the XIT

Ranch were acquired by the Historical Society in 1928 through the efforts of Judge Hamlin and J. Evetts Haley. In 1942, Judge Hamlin deeded his art collection to the museum.

When Hill's book was published in 1959, Judge Hamlin was named as one of eleven benefactors of the Panhandle-Plains Historical Society.

Thanks to him and others, art ranks with history and science as an important facet of the museum.

Judge Hamlin died in 1950, but two other Farwell men noted in Hill's volume still reside here.

Hamlin Y. Overstreet of Farwell was president of the Historical Society in 1946-1947.

Overstreet and G.D. Anderson, also of Farwell, are listed among the sixty-three contributors (presumably financial) to *More Than Brick and Mortar*: West Texas State College, 1909-1959.

Under the heading, "Certain Important Events Chronologically Arranged," appears the 1912 item that John Younger of Farwell was a member of the Cousins Literary Society at West Texas State.

Later records show that Dr. John F. Younger, a W.T.

graduate and head of the Aviation Division at the University of Maryland, received the "Spirit of St. Louis Gold Medal" in 1941.

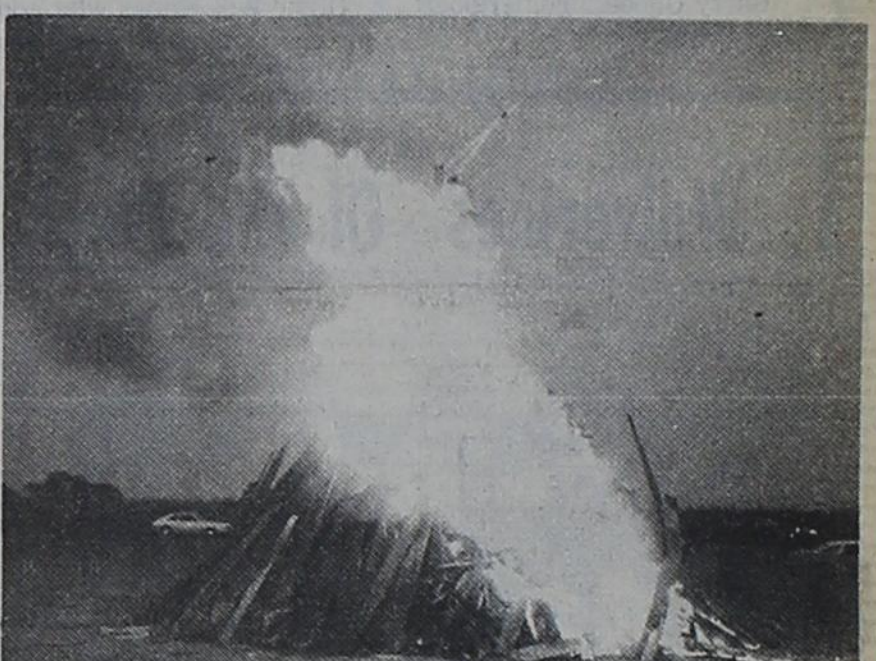

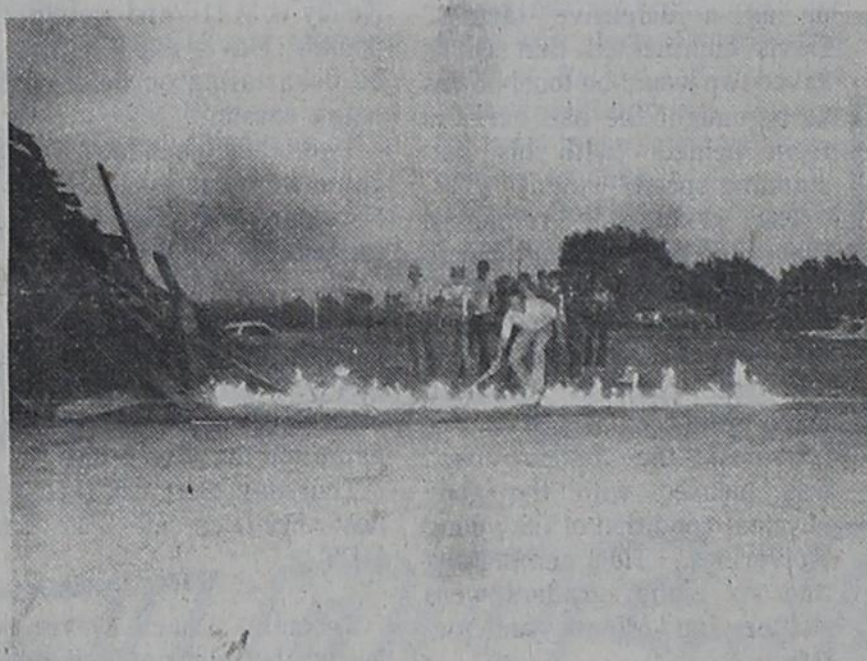

The comprehensive appendix of the 368-page book contains numerous lists of outstanding students in extracurricular activities through the years. If any of these students are from Texico-Farwell, their names are not immediately recognizable. - C.C.C.

### Scenes From The 1977 Farwell Bonfire

A bonfire last Thursday night east of the baseball field was a highlight of the traditional homecoming celebration at Farwell High School. In preparation for the spectacular event members of the freshman class gathered wood for the blaze. A few of the helpers are shown in photo one. The "busy beavers" are from left, Todd Meeks, Robert Thurman, Clay Williams and Gary White. In photo two Richard Montgomery,

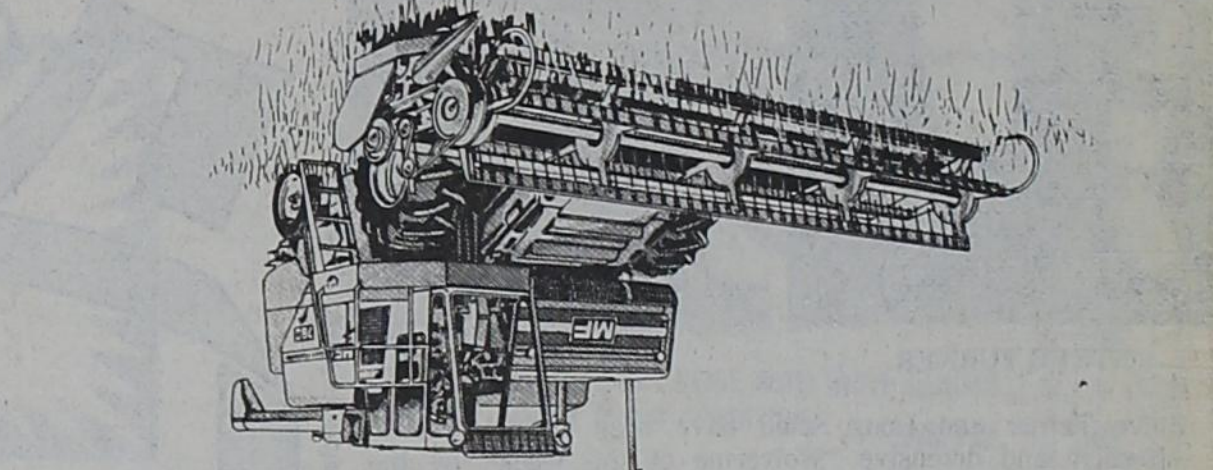

vocational ag instructor and freshman class sponsor, lights the traditional blaze while members of the freshman class look on. The bonfire is burning furiously in the third photo and at the top of it a Happy Cowboy is burning in effigy. 1977 homecoming days ended on a happy note last Friday night as the Steers trampled the Happy Cowboys, 34-6.

## Teachers' Association Conducts First Meeting

Parmer County Teachers Association met Monday night, Sept. 12, in Friona for its first regular business meeting of the year. President Jeanne Mosley of Friona presided. Following the Pledge of Allegiance, Tom Jarbo led the invocation.

Dessie Mae Beem introduced the speaker of the evening, Patsy Duncan. Mrs. Duncan is past president of Texas State Teachers Association. Special guest was Cecile

Russell of Amarillo who is seeking the presidency at the state level. Special music was provided by the Friona faculty.

Delegates were elected for District XVI held in Amarillo in November. Those elected were Jim Noyes, Bovina; Jimmie Briggs, Lazbuddie; Jeanne Mosley, Benny and Mary Prayor of Friona; and Anne Corn, Joyce Hargrove and Elizabeth Phillips of Farwell.

The first city to change its name to Washington was Forks of Tar River, North Carolina, in 1775.

# Texico Shuts Out Eagles For Season's First Win

by Ben Roach and Charlie Smith

The Texico Wolverines traveled to Vaughn last Friday and brought home their first season win after defeating the Eagles 30-0.

The Wolverines put their first points of the season on the scoreboard seven minutes into the game when Duwain Hill carried the ball across the goal line on a one-yard run. The extra-point conversion was no good.

On the Wolverines first play of the game, Robert Lacy caught a pass from quarterback Homer Ashley to start the Wolverines on the right track.

With two minutes left in the

quarter Texico scored again on a five yard run by Ashley. Steve Turner was successful in the two-point conversion and Texico went ahead 14-0.

The second and third quarters were scoreless and the score remained 14-0.

But in the fourth quarter the Wolverines opened their devastating attack and added 16 points to their score while Vaughn remained helpless.

With eight minutes left in the final quarter, Steve Turner scored on a one-yard run, and then successfully completed the two-point conversion.

Three minutes later the Wolverines scored when Barry Goode put the ball across the line on a two-yard run. A pass from Ashley to Lacy was good for two more points and ended

the Wolverines scoring for the evening with Texico ahead, 30-0.

Doug Scioli led the defensive attack with eight unassisted and six assisted tackles for the evening.

Turner led the offensive attack with 225 yards rushing in 20 carries.

The Wolverines received seven penalties for a total of 85 yards, while Vaughn was penalized three times for 35 yards.

Texico made 21 first downs while the Eagles had only five. Texico had 36 yards in passing and 409 yards rushing, while Vaughn only gained 66 yards.

Texico hosts the Melrose Buffaloes in the Wolverines' Homecoming game tonight (Friday) at 7:30 p.m. MDT.

**Gains Yardage**

Texico Wolverine Steve Turner (42) gains good yardage before being downed by Vaughn Eagle defenders last Friday night at Vaughn. Before the play ends Robert Lacy (41) attempts a block. The Wolverines won the contest 30-0. (Photo by Floyd Cherry)

Homecoming Clash Tonight - -

# Victory Boosts Wolverine Morale

Paul Toppliff, boss of the Texico Wolverines, is understandably proud of the Green and White for Friday's performance at Vaughn where the Wolverines shut out the host team, 30-0. The Wolverines are now 1-2 for the season and the Eagles dropped to 0-3.

Steve Turner, 165 pound senior, homed in on holes in the Vaughn defense to rack up 225 yards in 20 carries. The young tailback's performance was so impressive that the Texico coaches have named him a "Wolverine of the Week" for the second week in a row.

Toppliff is pleased that for the first time in three games the offensive linemen have been creating holes for Turner to run through.

Doug Scioli was also named "Wolverine of the Week" by

the coaching staff. Toppliff said he had eight unassisted and six assisted tackles to his credit. In addition he was awarded the "hardest hit" honors. Scioli also performed as center on offense.

Other players who stood out during the away-from-home contest were quarterback Homer Ashley who earned 69 yards on 12 carries and Duwain Hill who racked up 62 yards on 10 carries. Barry Goode carried 9 times for 53 yards.

According to Toppliff, the attitude of the players has improved. "We really needed that win," he said.

Toppliff is still confident that the Wolverines can break even this season. But injuries and illness continue to plague the Green and White. Friday night Hill played his first game of the season, having been sidelined due to a bad bruise.

Other players on the questionable list include Terry Rolan who recently suffered a knee injury, and Dusty Casey who has a virus infection.

Keith Hadley, who injured his leg two weeks ago, is not expected back until the latter part of the season. Romaldo Martinez has a pulled muscle and may also be sidelined tonight (Friday).

The Texico mentor said that tonight's (Friday) homecoming clash with Melrose will be a "real head knocker." "Melrose always plays well against us," he added.

The homecoming bout is scheduled to get underway at 7:30 p.m. MDT.

Melrose is also 1-2 for the season.

## Instrument Display Set

A Clovis music store owner will be on hand Tuesday night at Texico Band Hall to demonstrate beginners' band instruments, announces Jerry Sadberry, Texico Band Director.

The demonstration will be from 7 to 9 p.m. MDT, says Sadberry, who invites all band members, potential band members and parents to come and see the instruments available. Several students will be on hand to demonstrate the instruments, says Sadberry.

Texico Junior High Wolverines demolished the Melrose Buffaloes 34-0, last Thursday afternoon.

The young Wolverines handled the Buffaloes with calculated attacks on offense and defense. Herbert Bibbs engineered a balanced running and passing attack on offense and Ricky Foreman led the defense with destroying-type tackles.

Bibbs scored three touchdowns and gained 210 yards on six carries for an average of 35 yards per carry. Foreman ran for two points and registered 56 yards for a seven yard per carry average.

Other Wolverines who added to the winning score were

Allen Hall who scored one touchdown and one PAT. He earned 42 yards and averaged six yards per carry. Willie Bibbs scored a touchdown which was nullified. He also gained 23 yards, averaging six yards per carry.

Coach Cecil Davis commented that Foreman was "outstanding on defense." "He tackled ferociously and he completely destroyed the Buffalo running offense from tackle to tackle," he added. According to Davis, "Foreman captured the attention of everyone -- friend and foe alike."

The junior high mentor said James Kelley "played superior as a defensive tackle." Davis commented that Bibbs saved two would-be touchdowns as he caught the ball carriers from behind "with his outstanding speed."

The gridmaster remarked that Hall and Kelley "were average as defensive ends," adding, "they can and must play better." Containing sweeps and end runs is essential, Davis said.

Overall, the Texico coach was pleased with the good physical condition of the young Wolverines. He commented that six eighth graders were starters on offense and defense.

Monday night of last week the Texico 9th downed the Texico 8th by a 28-0 score. Following the scrimmage game

an offensive and defensive player of the week were selected by Coach Davis.

Herbert Bibbs drew offensive honors as he scored two touchdowns and gained 170 yards on six carries. "He was impossible to tackle in the open field," Davis said. As quarterback Bibbs guided his team with a balanced running and passing attack.

John Kelley earned defensive kudos because "he was outstanding at his defensive end position." Davis said he stopped end sweeps and reverses. Kelley spared no quarter in tackling the ball carrier, Davis said, adding "he also intercepted a pass." Kelley is 5'11" and weighs 145 pounds. Davis expects him to be devastating on defense the entire season.

Two other touchdowns in the game were earned by Hall and Foreman who also each ran for two extra points.

Texico Junior High was to play Gattis in Clovis Thursday at 4 p.m. MDT. Davis said the contest "would be a tough game for the Wolverines."

Thursday, Sept. 29, they will host Portales at 2:30 p.m. MDT.

Recently, Coach Davis released the following comments on starters in the offensive backfield.

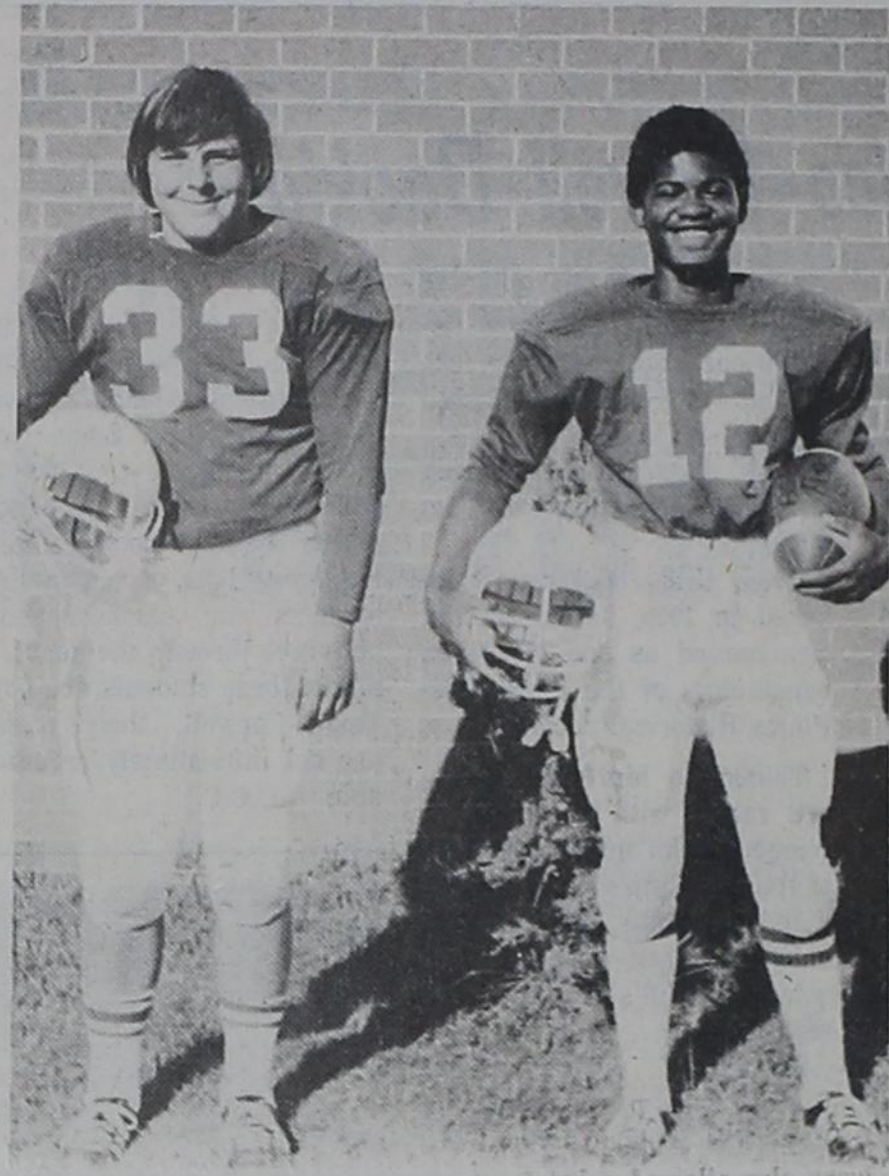

Herbert Bibbs -- quarterback, 5'5", 130. Bibbs has had a little game experience and

has all the characteristics of an outstanding QB. He also runs well and can turn a broken play into a five-yard gain.

Allen Hall -- tailback, 5'6", 140. Allen has the speed and size to gain 50-100 yards per game. He is a tough runner and has the ability to catch passes.

Ricky Foreman -- fullback, 5'8", 185. Ricky is big and will run over people. He has great hands and can catch any pass that he can touch. He punishes the opponent as he blocks.

Willie Bibbs -- wing back, 5'5", 125. Willie is an eighth grader with good hands for a pass receiver and he is a strong runner. He runs the wing and back reverse well. He has good tackling ability and will be tough on defense.

**Jr. High Outstanding Players**

Texico Junior High Wolverines Ricky Forman, left, and Herbert Bibbs have been selected as the outstanding defensive and offensive players of the Texico-Melrose clash. Bibbs gained 210 yards and scored three touchdowns and Foreman "performed excellently as a middle linebacker," commented coach Cecil Davis. Texico Jr. High blasted the Melrose Buffaloes, 34-0. (Texico School Photo)

## Wolverines Of The Week

STEVE TURNER

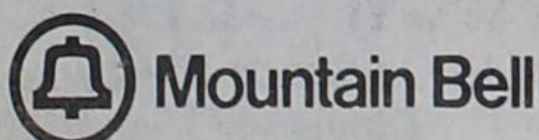

DOUG SCIOLI

Steve Turner and Doug Scioli have been named as the offensive and defensive "Wolverine of the Week" by the Texico coaching staff. Turner carried for 225 yards and ran for one touchdown. Scioli led in tackles, making eight unassisted and six assisted. He also clinched the "hardest hit" honors. Turner has received the "Wolverine of the Week" honors for the second week in a row.

# The heat pump

"THE ELECTRIC SAVINGS MACHINE"

Here's how heat pump pumps

Think of it as an unusual electrical wonder, an amazing machine that cools your home or office in summer, then automatically reverses itself to heat in winter.

Think of it as a savings machine that costs less to operate than other electric heating, cooling systems now on the market. You know that all air conditioning units contain heat. The heat pump just puts this simple principle to work. In winter, it sucks heat from outside air and pumps it inside. In summer, it extracts unwanted heat from the inside air and pumps it outdoors.

Or consider something already in your home that accomplishes the same thing as a heat pump: your refrigerator. It removes heat from the interior of the box and expels it. Like a refrigerator, the heat pump's basic components are simple: electric motor, compressor, condenser, evaporator, and flow system. Unlike a refrigerator, the heat pump has a reversing valve that lets it change the direction of its air flow: inside in winter, outside in summer.

WINTER

It Heats

SUMMER

It Cools

OUR GENERATION IS FOR YOU!

**STEER OF THE WEEK**

34-6 - -

**Steers Corral Cowboys In Homecoming Clash**

Winning is good, but winning a homecoming clash is better. Just ask the Farwell Steers who were happy following their 34-6 victory over the Happy Cowboys last Friday night before an excited homecoming crowd. The Steers are now 3-0 for the season.

The name of the game was Tim Norton as the 155 pound senior gained 261 yards on 10 carries and scampered for 24 points. He grabbed a 60-yard pass from Robin Roberts for his first touchdown. But Norton did not stop there. Before the dust had time to settle he also had accumulated touchdown runs of 90, seven and 57 yards.

Carlos Lucio was not to be left out as he caught a Roberts aerial for 11 yards and the Steers final touchdown late in the fourth quarter.

Roberts, who kicks in addition to directing the Steer offense, converted on four of five extra points to up the Blue and White's final tally to 34.

The junior quarterback again substituted for Russ Jones who is recovering from an illness. As first quarter play opened

Farwell kicked off and the visiting Cowboys moved the pigskin to the Blue and White's 16 before a costly fumble killed their scoring hopes.

The teams exchanged punts throughout the first stanza of play as neither was able to score. Late in the first quarter Roberts attempted a field goal, but it was wide.

The tide turned in the second act as Norton broke loose for the first of three long scoring runs. He hauled in a Roberts pass on the Steer 40 and scampered 60 yards for paydirt. Roberts kicked the extra point and the Steers were on top, 7-0.

With a little over eight minutes left in the first half Norton did it again, this time with a spectacular 90 yard run.

Farwell was on its own 10 when the elusive number 44 grabbed the pigskin and galloped 90 yards for the Blue and White score. Roberts' kick was good and the Steers increased their lead to 14-0.

Sammy Moore returned the Farwell kickoff to the Happy

27. The visitors moved the ball to the 41, but an alert Benny Yruegas stopped Vincent Venhaus for no gain. Two plays later the Steers almost blocked the Cowboy punt; however, a roughing the kicker penalty gave the ball back to Happy on the 44.

A determined Richard Yruegas then nailed quarterback Tim Moudy for a three yard loss and the Cowboys were forced to punt four plays later.

As the first half time ended the Blue and White took a 14-0 lead to the dressing room.

Early in the third stanza Norton made it all look so easy as he danced in from the seven for his third touchdown of the night. Roberts' kick failed and the score remained 20-0.

Happy took possession of the ball on their 27 but were unable to gain momentum as de-

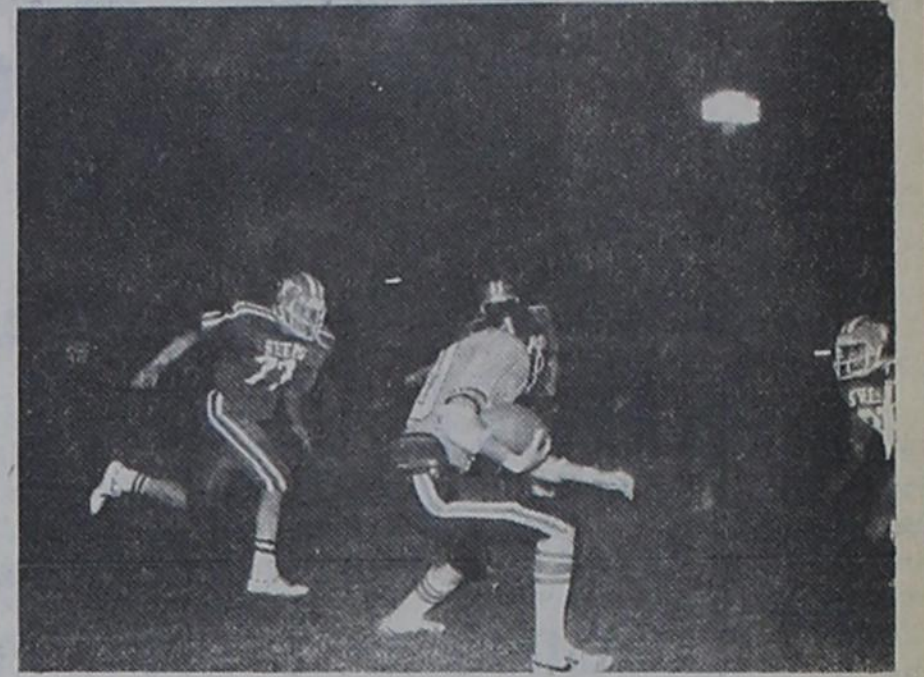

termined defensive tackles like Norton, Rusty McFarland and Carlos Lucio took turns throwing the ball carriers for losses.

After a Cowboy punt the Steers took the ball on their 47 and Norton was waiting in the wings to stage his final score of the night. Faced with a second and 15 situation following a penalty, Norton scampered 57 yards to paydirt. Another Roberts' kick was good and for a time it looked as if the home team was on its way to a shut out.

But such was not to be the case as Happy capitalized on a key fumble in the third stanza to earn its only score of the night. The Cowboys recovered on the Steer 16 and two series of plays later Raphe Shipman caught a five-yard Venhaus

pass for six points. The run for two extra points failed and the score remained 27-6.

Late in the fourth stanza Farwell bounced back with another score. The Steers held the visitors on downs and took over on the Blue and White 9. Vick Christian and Norton advanced the ball to the 18 on two separate carries and Lucio caught a 45-yard pass. Several plays later Lucio caught an 11-yard pass for the touchdown. Roberts' kick was good and Farwell increased its lead to 34-6, the final score.

**Three On One**

Three alert Steer defenders surround a luckless Happy ball carrier during third quarter action last Friday night. The Blue and White went on to clinch the homecoming bout, 34-6. The Steers are open this week but pigskin action resumes for Farwell next Friday when they host Shallowater.

**In Happy Game - -**

**Whatley Displeased With Steer Effort**

Farwell coach Van Tom Whatley found little pleasing to him in the Steers' homecoming victory over the Happy Cowboys. Even though the Blue and White clinched the decision, 34-6, Whatley said he felt they "did not play like they are capable of playing."

But in spite of the gridmaster's bleak response to the game, Tim Norton, a 155 pound senior, emerges as a "bright spot." Norton literally "went wild" as he carried 10 times for 261 yards and scored 24 points.

By virtue of his overwhelming offensive performance Norton has been selected as the "Steer of the Week" and "outstanding offensive back." Whatley said Norton did an "excellent job of running with the ball" and "was fair on defense."

During the homecoming tilt young Norton broke loose for three long yardage scores with runs of 60, 90 and 57 yards being credited to him. He also trotted a mere seven yards for another touchdown.

Clay Roberts was named "outstanding offensive line-

man." According to Whatley, Roberts was "excellent on blocking."

But that is as far as the kudos go as the second year coach said, "the defense was so bad we did not choose an "outstanding forcing unit man" or "outstanding secondary man."

Whatley agrees that winning any game is good, but he feels that if they had tackled a stronger team "we might have gotten beat."

He reiterated that the defense was "unbelievably bad," adding, "they are not doing what they should be doing."

In commenting on the statistics Whatley said Happy ran 67 offensive plays to only 37 for Farwell.

According to Whatley, "when

everyone gets well we have a lot of work to do defensively." Illness and injuries still plague the Steers. Kayle Watts is again out with a pulled quadriceps muscle. Monday morning six other players were out with "a virus of some kind," the coach said.

The situation was so bad that varsity workouts for Monday were cancelled.

The Steers have a chance to recover this week as they have an open date tonight (Friday).

The Blue and White will see action again next Friday, Sept. 30, when they host Shallowater.

According to Whatley, Shallowater is "much improved over last year. They have eight kids over 200 pounds."

**TIM NORTON**

Tim Norton, Farwell senior, gained 210 yards against Happy last Friday night and has been named "Steer of the Week" and "Outstanding offensive back" by the Farwell coaching staff. The elusive halfback broke loose for four TD jaunts. Head coach Van Tom Whatley praised Norton for his "excellent running of the ball."

**Junior High Plays Happy**

Farwell 7th and 8th Yearlings traveled to Happy last Thursday night and reportedly were defeated. No further reports were available from the junior high coaches.

The Junior High and JV teams were to host Muleshoe Thursday at 5 p.m. CDT. Next action for the Yearlings will take place next Thursday, Sept. 29, when they travel to Shallowater.

Farwell Junior Varsity was open last week. After playing Muleshoe, the next JV action is set for Thursday, Sept. 29, when they meet Shallowater at Shallowater.

**Junior High Band Has Busy Schedule**

Farwell Junior High Band, composed of 7th and 8th graders, has participated in three parades in recent weeks.

On Saturday, Sept. 10, the young music makers went to Tucumcari where they were one of three bands marching in the annual Pinata Festival Parade. Following the parade, band members were treated to sandwiches and pops by the Tucumcari Chamber of Commerce.

The band was in Friona on September 17 to march in the Maize Days Parade and the following Monday they marched in the Tri-State Fair Parade in Amarillo. They were also allowed a brief outing to the fair before returning home.

Farwell Band Director Lynn Burton says the Junior High Band is doing well considering that they have had little marching experience. "The parades all came along so soon after school started that they have had little time to practice," he commented.

The junior high aggregation

also plans to go to Brownfield for the Harvest Festival Parade in addition to their contests later in the year. At last year's Harvest Parade the local band garnered first place in the junior high division and received a \$100 check for their efforts.

**Final TD**

A happy Carlos Lucio danced into the end zone late in the fourth act last Friday night to earn the Blue and White's final touchdown of the game. Lucio caught several passes for good yardage during the 34-6 Steer win.

In the language of flowers, the white rosebud means too young to love.

## Texico Girls Open Volleyball Play

Texico Junior High and JV girls volleyball teams traveled to Melrose for the opening games of the 1977 volleyball season.

A combined team of 7th and 8th graders defeated Melrose two out of three games. Texico captured the first victory, 15-3, but dropped the second game, 15-12. However, they came back to clinch the final game, 15-7.

Texico 9th dropped two of three games. Melrose took the first game, 15-10, and Texico bounced back to claim the second game, 16-14. Melrose stiffened to take the final game, 15-3.

Texico Junior Varsity won the first and third games while dropping the second one to the host team. Scores were 15-6, 15-10 and 15-13.

The 8th and 9th teams played at Yuca Saturday. The 8th girls won their match by scores of 15-13 and 15-12, but the 9th girls dropped two of three games. Yuca drew first blood by shutting out the Texico girls, 15-0. Texico came back to clinch a close second game victory, 16-14, but a tough Yuca team claimed the final game 15-13.

The 8th and 9th girls played at Marshall Tuesday. They were to host Floyd Thursday at 4 p.m. CDT.

Texico varsity girls will open season play Saturday at Elida. Game time is 10 a.m. MDT. Monday the varsity,

junior varsity and junior high teams will host Dora beginning at 4 p.m. MDT.

Girls volleyball coach Kathy Culshaw has released the following rosters for the Texico girls volleyball teams:

**Varsity**  
Christi Harrington - senior, 5'3", setter/spiker  
Debra Coffey - senior, 5'4", spiker

## Student Of The Week At Texico School

MIKE SCOTT

Mike Scott, the 16 year old son of Mr. and Mrs. Keith Scott, is Texico's Student of the Week for this week. A junior, Mike is this year's FFA president and is a member of the National Honor Society. He is an active member of the First Baptist Church. He also enjoys working on the family farm. This summer, Mike was a voting delegate to the State FFA Convention in Las Cruces. [Selection of "Student of the Week" made by anonymous committee.]

Bailey County - -

## Co-Op Employee Receives Highest Air Force Award

Gene Wittner was recently presented the Air Force Scroll of Appreciation during an award ceremony in the office of Brigadier General Edward Mendel, the commander of Reese Air Force Base's 64th Flying Training Wing.

The Scroll of Appreciation is the highest award that the U.S. Air Force can bestow upon a civilian.

Wittner was honored for his life saving actions following the mid-air collision of two T-38 Talon jet trainers from Reese on December 14, 1976.

Through a quirk of circumstances, Wittner actually witnessed the accident while working on power lines near Enochs, Tex. Upon seeing three parachutes open in the air, he immediately stopped work, began to contact the appropriate authorities to inform them of the accident, and, with his four co-workers went to the aid of the downed pilots.

Seeing that two of the pilots were uninjured, Wittner directed his attention to First Lieutenant Robert L. Jones, an instructor pilot with the 54th Flying Training Squadron, who had hit the ground harder than the two other pilots. Lieutenant Jones appeared to be unconscious and had stopped breathing.

Wittner began giving mouth-to-mouth resuscitation to Lieutenant Jones and continued to do so almost continuously for about 40 minutes until they were on the way by ambulance to Methodist Hospital in Lubbock. Doctors at both the Reese AFB and Methodist hospitals credit Wittner's quick ac-

tion with saving the life of Lieutenant Jones, who is now undergoing rehabilitation treatment at a Veterans Administration Hospital in Houston.

Wittner is employed by the Bailey County Electric Cooperative of Muleshoe, and works out of their Morton office. He resides in Morton where he serves as the Scoutmaster for Troop 601. Wittner, a native of Three Way, is a U.S. Navy veteran who has worked for the Cooperative for the past 18 years. He attributes his ability to react decisively in the emergency situation near Enochs to a combination of training received in the Navy, the Scouts, but primarily to the monthly safety programs conducted by Lawrence Stovall of the Texas A&M University Extension Service for the Bailey County Electric Co-

operative.

The Air Force Scroll of Appreciation was first authorized to be awarded on August 30, 1948. Wittner's was awarded by the Honorable Thomas C. Reed, Secretary of the Air Force at the time of Wittner's actions, and by General David C. Jones, Air Force Chief of Staff. The receipt of this award is a rare honor as only seven scrolls were presented worldwide during the past two years.

Following the award presentation, Wittner, who was accompanied during the day's activities by his parents, Mr. and Mrs. Andrew Wittner of Three Way, lunched at the officers club, toured the base facilities, and was hosted by the pilots of the 54th Flying Training Squadron in an informal "thank you" gathering at the squadron.

Receives Scroll

Gene Wittner, left, a Morton resident employed by the Bailey County Electric Cooperative, receives the Air Force Scroll of Appreciation from Brigadier General Edward Mendel, Commander of Reese Air Force Base's 64th Flying Training Wing. (U.S. Air Force photo.)

## Texico's This, That And The Other

Mrs. Ann Pearce's second grade class is making hand puppets representing "The little red hen" story.

The Association of Distinguished Young Americans recognized Kendale Burch, home economics advisor; Susan Snodgrass, Deanne Day and Sabrina Kittrell as members of Who's Who Among Tomorrow's Homemakers. Susan and Deanne graduated last spring. Sabrina is president for the chapter this year.

The Texico 4-H booth placed fourth at the State Fair this week. Jim Pierce, sponsor; Mr. and Mrs. Willy Wall, Karen Snodgrass, Lynn and Nikie McDaniel went to Albuquerque this past weekend to set up the booth.

The Kiwanis Club will have a pre-game pancake supper before Texico's Homecoming game against Melrose. Junior class parents will sponsor a dance following the game. It will be at the Woman's Club from 10 p.m. to 1:00 a.m. Tickets are \$2.

Coach Walter's American History class saw the film, "Suddenly an Eagle" last week.

The Texico band is selling school calendars for \$1.50 each. The calendars will contain all scheduled games and

track meets, school activities, birthdays, and anniversaries.

Medical Careers Club met Tuesday, Sept. 13, and elected officers. Officers are Blake Haile, president; Delia Madrid, vice-president; Florence Orozco, secretary; Lupe Loera, treasurer; and Karen Hadley, program director.

The SWCD Directors met in regular session Tuesday, Sept. 6, in Friona. Those attending included Leon Grissom, chairman; Leroy Johnson, secretary; Dan Smith and M.C. Osborn, members. Mack Mauldin, representative from the Soil Conservation Service, also attended but Jimmie Cockerham, vice-chairman, was not able to attend.

Among items of business covered included the review and approval to the annual accomplishment report for 1976. Those reports will be printed and out in newsletter

form. Most of you should be getting this report within the next couple of weeks. If you are not on the mailing list and would like to be included, please notify any of the local directors of S.C.S.

These directors serve without pay and do a tremendous job in directing the local conservation activities in Parmer County. The role of directors is becoming increasingly important in order to be prepared to meet the new challenges facing rural America.

Your local Parmer County

SWCD has five directors. Each man is elected for a five year term and elections are in alternate zones each year.

This year will be time to elect a director in zone #4. This area takes in the southwest part of Parmer County which includes all the land in the Oklahoma Lane and the Farwell School Districts. Leon Grissom is presently representing this zone and serving as Chairman of the district board. Leon is eligible to be re-elected or any land owner in the zone may be elected.

**TWO MINUTES WITH THE BIBLE**  
BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633  
BUY THE TRUTH AND SELL IT NOT  
Every true Christian should understand that the truth costs. If you don't think so, make it your own, value it, defend it, stand for it, and see if it doesn't cost. Before you are through it may cost you far more than you had thought - hours of ease and pleasure, friends and money. Yes, the truth costs. Salvation is gloriously free but the truth costs - that is if you want it for yourself. Many who know the truth won't buy it. They won't pay what it costs to say: "This is what I believe. This is my conviction." The truth isn't worth that much to them.  
But God's Word urges us: "Buy the truth!" Not, "Buy it if you can get it at a bargain; if the price is not too great." No, "Buy the truth!" Buy it at any price. It's far more valuable than anything you can give in exchange for it.  
And when you have bought it - "sell it not." How many, alas, have bought the truth only to sell out again. For awhile they valued and

# Jack Rose Enjoys Scouting Events

Jack Rose of Farwell spent a busy August involving himself with two Boy Scout activities. Rose is one of Texico-Farwell Troop 200's resident Eagle Scouts and is a member of the Order of the Arrow. He is the son of Mr. and Mrs. C.H. (Pudge) Rose Jr.

The excitement and fun began early in August when Rose and 39 other Scouts from the Conquistador Council boarded a chartered bus for Morane State Park in Pennsylvania to attend the National Boy Scout Jamboree.

The trip to the Jamboree required a week's traveling with much time out for stops, excursions and sightseeing along the way. The Cowboy Hall of Fame in Oklahoma was impressive, said Rose, who added that he especially liked the huge statue of an Indian on horseback.

The Scouts also viewed the Arch of St. Louis from which all of the city of St. Louis could be seen. A stop at Niagara Falls and Horseshoe Falls was also on the agenda. Rose said he liked the Horseshoe Falls best of all. Near the area was a museum which offered visitors the opportunity to see film of men who went off the Niagara Falls site in a barrel.

Rose said they visited Ripley's Believe It or Not museum which is located across the border in Canada. One of the "believe it or not" displays is of a water faucet with no supports. Actually, Rose said, if you looked at it closely you could see the water flow down an acrylic tube.

The 11-day Jamboree was a spectacular experience that Rose is not soon to forget. Upon arriving at the state park the 40,000 Scouts who attended registered and were assigned living quarters and food for the first meal. Each day they were given enough food for that day and they were responsible for cooking and preparing their own meals. Meals included milk, hamburgers, fish, chicken, stew and hot dogs.

At the Jamboree, Rose met a friend whom he had not seen in two years - since the Philmont "meet". Rose was assigned to be patrol leader of the Bandits, otherwise known as Troop 480.

After registering, Rose said they all pitched in to clean up the park site. Later activity cards were handed out and the fun really began.

One of the hardest activities was the obstacle course which Rose said his troop finished in eight minutes and 58 seconds. The winning time was around five minutes.

The "perilous" course involved such things as running through and swinging over mudholes, climbing a cargo net, traversing a "monkey" bridge and climbing logs backwards. Actually, the course did prove somewhat perilous as a couple of Scouts ended up with broken limbs. But the majority had fun and thoroughly enjoyed the experience, even if it did sap their strength and energy momentarily, Rose said.

Rose also enjoyed practicing his marksmanship with a pellet gun, rowboating and fishing. A really different kind of activity was the electronic fox hunt which tested the skill and ingenuity of the Boy Scouts.

The object was to find a flag, with writing on it - that represented the "fox." Scouts hunted the "beast" in groups with one scout beginning the contest by taking a compass reading. Rose said their "leader" led them to the archery range their first time out and instead of finding the "fox" he found a jug which said "hit me." Naturally they all had to beat a hasty retreat back to the starting point as "would be" archers were using the range at the time.

According to Rose, they did eventually find the "fox" and since another group was in their area they decided to play a joke on them. "We pretended the fox was in a tree and had this other group straining their eyes trying to find it," Rose said.

Orientation followed as they had to follow a designated course using a compass. The Bandits missed an opportunity to go swimming one day because they had to clean up a messy camp site, Rose said. But the local scout recalls that he went swimming anyway when the sailboat he was traveling in overturned.

Two scouts were assigned to a sailboat. It was a first time experience for the Farwell Scout as he had never sailed

before. When the flag was raised telling them to bring their boats in, Rose said he and his partner just decided "to tip their boats." It was fun and it was also not the only time Rose would "end up in the drink."

However, he readily admits that second time was "pure accident." "We turned a corner too fast I guess and the wind changed and before we knew it, we did a nose dive," he explained.

Righting a sailboat is quite an experience, according to Rose. You have to pull it upright by gripping the bottom board, bail out the excess water and get the sail going again. Rose said only scouts who could swim were allowed to take part in water activities.

Besides activities, hard work and fun the Jamboree also offered scouts from around the world a chance to get acquainted. Rose said scouts were there from China, Germany, Japan and Norway.

Following the Jamboree the trip home required about three days. They visited the Football Hall of Fame in Canton, Ohio, and the Indianapolis 500 speedway.

Members of the Conquistador Council who attended the annual scouting function were a tired but happy lot as they trekked home after 11 days jam packed with experiences not soon to be forgotten.

Rose also attended the National Order of the Arrow in Knoxville, Tenn., August 23-27. He is a member of the Kiowa Clan of the Kwahadi Lodge within the OA. The lodge name means "antelope" in the language of the Leni Lenape Indians.

During the conference Rose attended leadership training sessions and OA members put on Indian dances wearing authentic reproductions of Indian costumes.

Special guests included Becky Reid, Miss Teenage America for 1977. Among the special guests were two octogenarians who founded the Order of the Arrow in 1915.

E. Urner Goodman and Carroll A. Edson founded the OA in 1915 at Treasure Island Scout Camp of the Philadelphia Council of the Boy Scouts of America. It became an official program experiment in

1922 and was completely adopted as part of the national camping program in 1948 as the national brotherhood of honor campers of the Boy Scouts of America.

The Order numbers over 145,000 boys located in lodges in 420 local councils of the Boy Scouts of America.

Rose received several newspapers entitled "The Ache-won" which means "spiritual one" in the Leni Lenape language. The special paper was printed and distributed only during the conference.

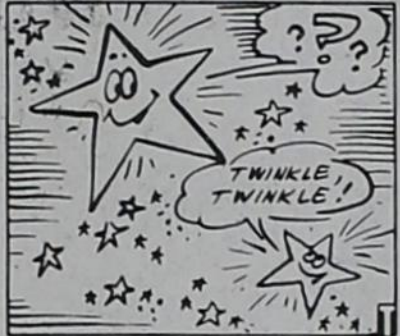

The conference song is as follows:

"Oh! A thing of the spirit. We're Arrowmen. A thing of the spirit is brotherhood. Firm we stand as brothers strong. This century we march on. We're arrowmen. A thing of the spirit is brotherhood. Cheerful service is our song. Arrow brothers on and on. We are shouting. We are outing. We are scouting USA for a thing of the spirit."

## It's The Smallest

The smallest continent is the Australian mainland, with an area of about 2,940,000 square miles.

The smallest known star is called LP 327-186. A "white dwarf," it's 100 light-years away, with a diameter only half that of the moon.

The smallest amount of natural gas on reserve in a long time is what we have now. Domestic supplies are dwindling. Proved reserves are at their lowest levels since 1955 and some industries have been suffering shut-downs because of shortages.

The smallest book printed with metal type is one that contains the Lord's Prayer in seven languages and measures 0.13 of an inch square.
