## Harvest Nears Completion - -

# Bumper Wheat Crops Reported For Farmers

Despite a few harrowing storms during the past three weeks which set some area farmer's crops back to the point of no return, a bumper wheat crop has been reported by area elevators and Parmer County Agent Mack Heald.

According to Heald, the harvest of dryland wheat is completed and farmers are enjoying one of the best years they have ever had.

"The harvest took about three weeks and in some instances was hampered by wet weather. But the past two weeks have been the busiest ones for harvesters as wheat has matured and area elevators have swung into full operation to accommodate the large harvest," Heald stated.

The county agent related that some wheat crop yields in the eastern portion of Parmer County were reduced up to 50 percent due to the recent hail storm. "The potential for bumper crops in these areas was really good before the storms and the same holds true for the area north and northwest of Bovina," he said.

In regard to the corn crops throughout the area Heald reflected, "Barring any severe and damaging weather, the potential for the harvest of corn is looking good. The rains we have received lately have benefitted the corn crops tremendously."

Irrigated wheat crops should all be harvested within the next 12 days with the agent expecting larger than usual yields from these fields.

Fred Chandler of Sherley-Anderson-Pitman Elevator in Farwell stated that dryland wheat crops are producing 15-35 bushels per acre with a very low moisture content.

"Some of the irrigated wheat crops are not ready to harvest but with some real good drying weather they should all be in by July 10," he said.

As of Tuesday afternoon, July 1, the elevator had received more wheat than ever at this time during the harvest with the barley harvest also underway.

Chandler commented that barley crops have been producing yields of up to 100 bushels per acre, "a really good barley crop for the year."

Bill Thigpen of Worley Mills, Inc. of Farwell reported that they had received approximately 50 percent more wheat

than they have in years past as of July 1.

"This is the largest wheat crop in quite a while for area farmers," he commented, continuing, "The quality of the wheat is real good."

In reporting on the moisture content of the 1975 irrigated

crops, Thigpen stated that most loads have tested out in the low 12's and under. Test weights of the wheat have been from 58 to 63 pounds per bushel.

"I expect most of the wheat to be in within the next eight days if the weather holds,"

Thigpen said. "As of now the wheat prices are holding pretty steady but there had been a lot of fluctuation between \$2.90 and \$3 on the market."

Thigpen also reported on the barley crop stating that he believes this year a bumper crop

(Continued on Page 2)

Today, Friday, July 4, marks the 199th year of independence for this country. We, as an independent country, are getting well into advanced political old age.

A statistic that is often cited is the fact that many great powers in the past only endured for a span of time approximating a 200-year period. This is apparently being quoted today in an effort to make us as a people aware of the pitfalls of government that develop within a country as the years advance.

In thinking about our form of government, a more appropriate date would be September 17, 1787. This is the date of the adoption of our constitutional form of government.

Now would be a very wise time to reread this original document and compare its intent and impact upon our forefathers' lives with the results upon our lives after its many amendments and Supreme Court interpretations.

It appears that we have evolved over the intervening years from a "Republic" into a "Mob-acracy." How soon and how well we return to the form of government given to us on September 17, 1787 will determine how long we retain the freedom given to us on July 4, 1776.

We today are the ones to whom this obligation of protecting freedom has fallen. The words of Sam Houston (thinking of his children) spoken on September 22, 1860 should be remembered. "Think you I feel no interest in the future for their sakes? We are passing away. They must encounter the evils that are to come."

"In the far distant future, the generations that spring from our loins are to venture in the path of glory and honor. If untrammelled, who can tell the mighty progress they will make? If cast adrift - if the calamitous curse of disunion is inflicted upon them, who can picture their misfortune and shame."

One man's music is another man's noise. Recently we have had the nagging suspicion that we have been hearing mostly noise. At least one other person seems to agree with our tone deaf ear.

Stan Kenton (yu' gotta be over forty to remember him) said it the other day. "Country music is like television. It is geared for people that aren't too bright or are 8-year-olds."

Well, don't take us too seriously because we even have secret reservation about the wisdom of the 19th amendment to the above constitution.

It isn't over yet, but this year's wheat harvest seems to be heading toward an all-time bonanza for the Golden Spread. The big bottleneck on the scene, according to several elevator men, is grain cars to haul the massive amounts away from the area elevators.

A goodly portion of this tremendous flood of food is due to the large increase in dryland yields. In the dryland areas, we have reports of 40-50 bushel yields. This probably hasn't been experienced since the summer of 1948 when we recall pictures of wheat piled in the streets of some towns as it, even then, awaited rail transportation to terminal elevators.

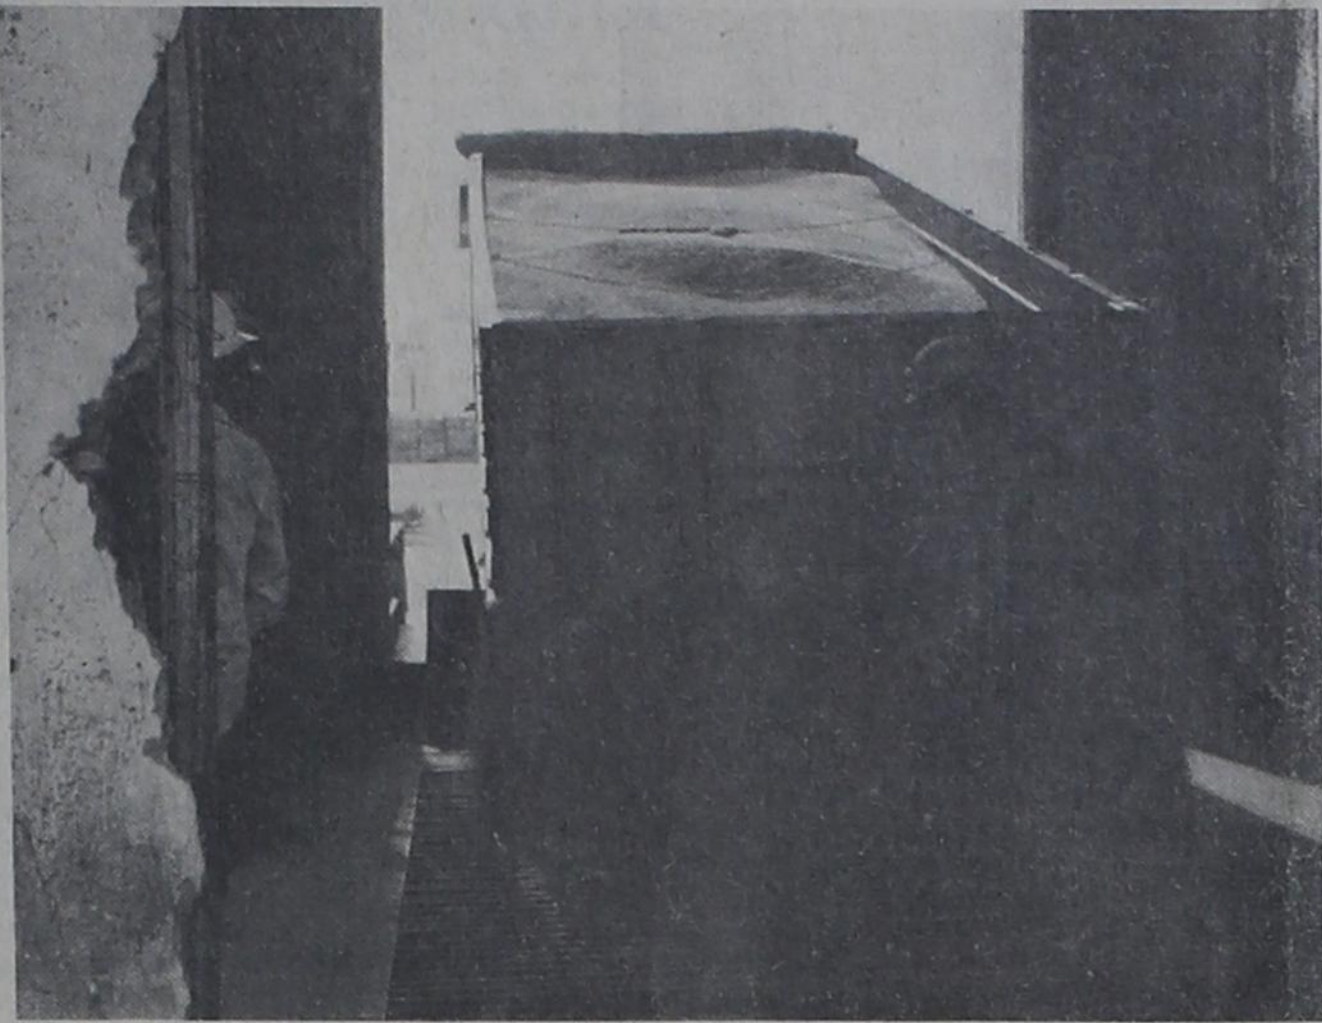

This of course only underscores the future need of protecting our sources of water for irrigation purposes. We cannot feed ourselves, let alone part of the world, with a bonanza dryland crop every quarter century.

It is only the every year productivity of irrigated crops that will in the long run provide the food and fiber for an ever increasing world population.

Wake up Congress. Wake up people of South Texas. The High Plains must have water or you will starve in the years ahead.

We attended the formal dedication of the new Bruce King State Office Complex in Clovis this week. We heard a little boy ask his mother where the ribbon was that they would cut.

Mother looked around and said if they didn't have a ribbon she was sure they could find some red tape. Nuff sed.

**BUMPER CROP HARVESTED** - Workers at county grain elevators have been running at full speed for the past three weeks to accommodate the receipt of one of the largest wheat harvests ever experienced by Parmer County farmers. Tuesday afternoon workmen at Sherley-Anderson-Pitman Elevator in Farwell unloaded truckload after truckload of the "dry gold." Bill Thigpen of Worley, Mills, Inc. ran moisture tests on grain received there as did employees of other elevators. Reports have been received that the wheat crop for 1975 is of high quality with a very low moisture content. It was also noted that the barley harvest should be complete by the end of the week with barley crop yields running the highest in several years for county farmers.

## Miss Rodeo N.M. - -

# Renee Keilt To Speak At BTQ Queen Party

Miss Rodeo New Mexico 1976 Renee Keilt will be guest speaker at a Coke Party to be given in honor of contestants vying for the title of Border Town Days Queen. The party has been planned for Tuesday, July 8, at 4 p.m. and is to be held at Security State Bank in Farwell.

The party is to be attended by queen contestants, their mothers, past BTQ queens and members of Theto Rho Chapter of Epsilon Sigma Alpha Sorority, sponsor of the annual queen contest.

As of Tuesday, July 1, two entrants had registered to compete for the crown of 1976 Border Town Days Queen. They are Brenda Jones, daughter of Mr. and Mrs. Orrie Jones, and Lee Ann Williams, daughter of Mr. and Mrs. Bert Williams.

Deadline for entering competition for the title has been set for Monday, July 7. All girls, 15-18 inclusive, who reside in the Texico or Farwell school districts and is enrolled as a student for the 1975-76 school year are eligible

to enter. An entry blank may be found elsewhere in this issue of the Tribune. All entries submitted by mail must be postmarked on or before July 6.

All contestants will ride in the Annual Border Town Days Parade to take place Thursday, July 24, beginning at 2 p.m. Miss Keilt will also be participating in the parade. The contestants will also be riding in the grand entry each night of the rodeo.

Contestants are to be judged on horsemanship, 50 percent; appearance, 25 percent; and personality, 25 percent.

It has been reported by an ESA spokesman that girls vying for the crown will be required to be attired in dress western clothes only once during judging. Other portions of competition require only regular western wear or Levis.

Guest speaker for the party recently received her state title during the Pioneer Days Rodeo conducted in Clovis. The 1976 queen is a senior coed at Eastern New Mexico University in Portales. She is 21 years old and is the daughter of Mrs. Frances Keilt of Portales.

Renee will be New Mexico's representative at all RCA rodeos and she will also be the

## Caution Urged - -

# Fireworks Laws Reviewed By Officials Of Twin Cities

The 199th annual celebration of Independence Day in the United States is being conducted today (Friday), July 4.

An annual accompaniment to the observance is the discharge of various types of fireworks by individuals and organizations.

Area residents are reminded of the hazards of such discharges and are urged to practice extreme caution when working with fireworks.

The City of Farwell has no ordinances pertaining to the discharge of fireworks within the city limits. According to City Clerk Janie Bowery, it is within the law to set off fireworks inside the city limits but extreme caution should be observed to avoid grass and similar fires and injuries to persons.

Texico City Clerk Clara Wiehl has reported that included within the laws of the State of New Mexico is an article relating to fireworks. "The state law prohibits the discharge of any type fireworks within the city limits," she commented and explained that there is also a law prohibiting the selling or buying of fireworks within the limits of municipalities.

## Tornado Alert Signals

Tornado season is upon the Twin Cities area and tornado alert signals are of special concern to residents. Both the Farwell and Texico Fire Departments have designated specific signals to inform residents of the danger of a tornado.

The siren located at Texico will blow one long 50-second whistle immediately followed by a second continuous 50-second whistle if a tornado is sighted and heading toward town.

Farwell Fire Department will blow its whistle for two complete cycles. There will be a total of 10 rings during the two cycles. At this warning, residents should seek shelter.

## Tonight - -

# Oklahoma Lane To Host Annual July 4 Celebration

Beginning tonight (Friday), July 4, at 6 p.m. will be the Annual Fourth of July celebration at Oklahoma Lane.

The annual North-South baseball game will be the first activity on the evening's agenda with game time set for 6 p.m. All persons wishing to participate in the game are urged to be at the Oklahoma Lane Community Center by 6 o'clock. Persons residing south of the Center will be members of the South Team, while those residing north of the Center will compose the North Team.

At 7:30 the basket supper will be held and each family attending is requested to bring enough food to feed its members.

Following the supper will be a patriotic program which precedes a short business meeting of the Oklahoma Lane Community Center.

A fireworks display will be presented free of charge to conclude the evening's activities.

According to Dorothy Donaldson, chairman of the celebration, there are activities for persons of all ages.

## Mrs. Patti Hall Accepts Position Of News Editor

Mrs. Patti Hall has accepted the position of news editor of the State Line Tribune, according to an announcement made this week by Publisher John Getz.

Mrs. Hall began her employment with the Tribune in May 1972 and helped to pioneer the newspaper in its present system of computerized typesetting. She has been in charge of the composition and make-up department since that time and will continue to oversee this department.

Even though Mrs. Hall has just officially accepted the news editor position, she has been filling this job for the last several weeks. She has also handled all the sports news in the paper for the last several years.

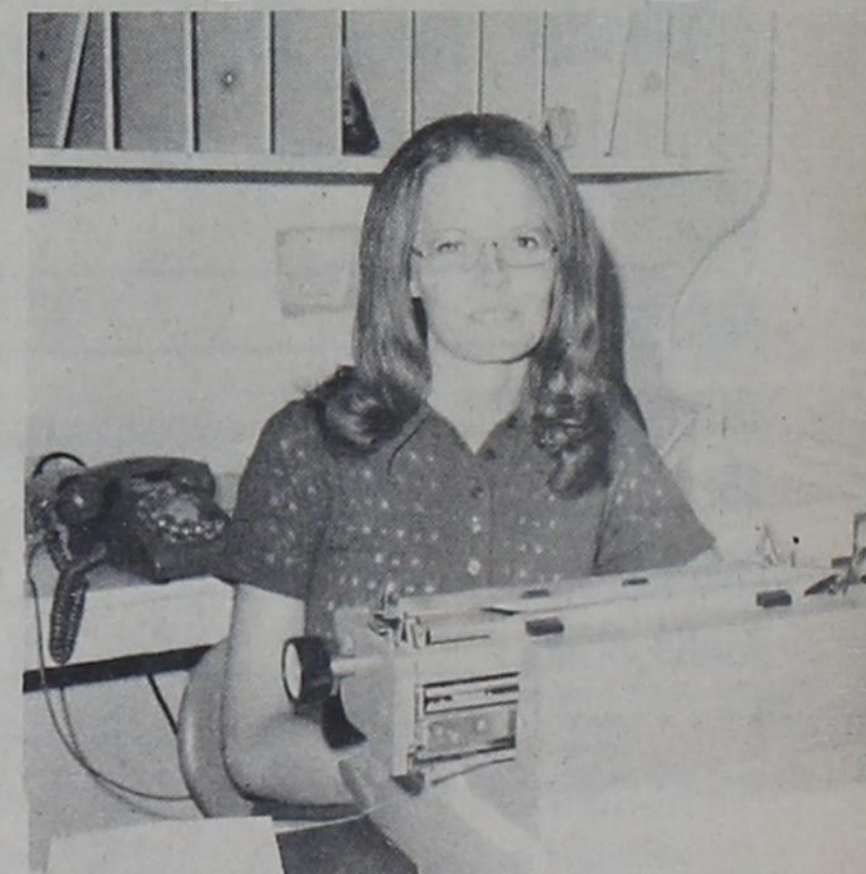

In making the announcement, Publisher Getz said, "We are pleased that Patti has accepted this position and feel that she knows the local people very well and will continue to do a good job of reporting the local news to our readers."

Mrs. Hall, a graduate of Springlake High School, began her career in newspaper work at the Earth News-Sun in Earth where she was employed for six years before coming to Farwell.

A native of Portales, Mrs. Hall is the daughter of Mr. and Mrs. Jim Robbins of Earth. Mr. Hall is associated with a local irrigation supply firm. They have two children, Bobbi, seven, and Kerri, four.

RENEE KEILT  
Miss Rodeo New Mexico 1976

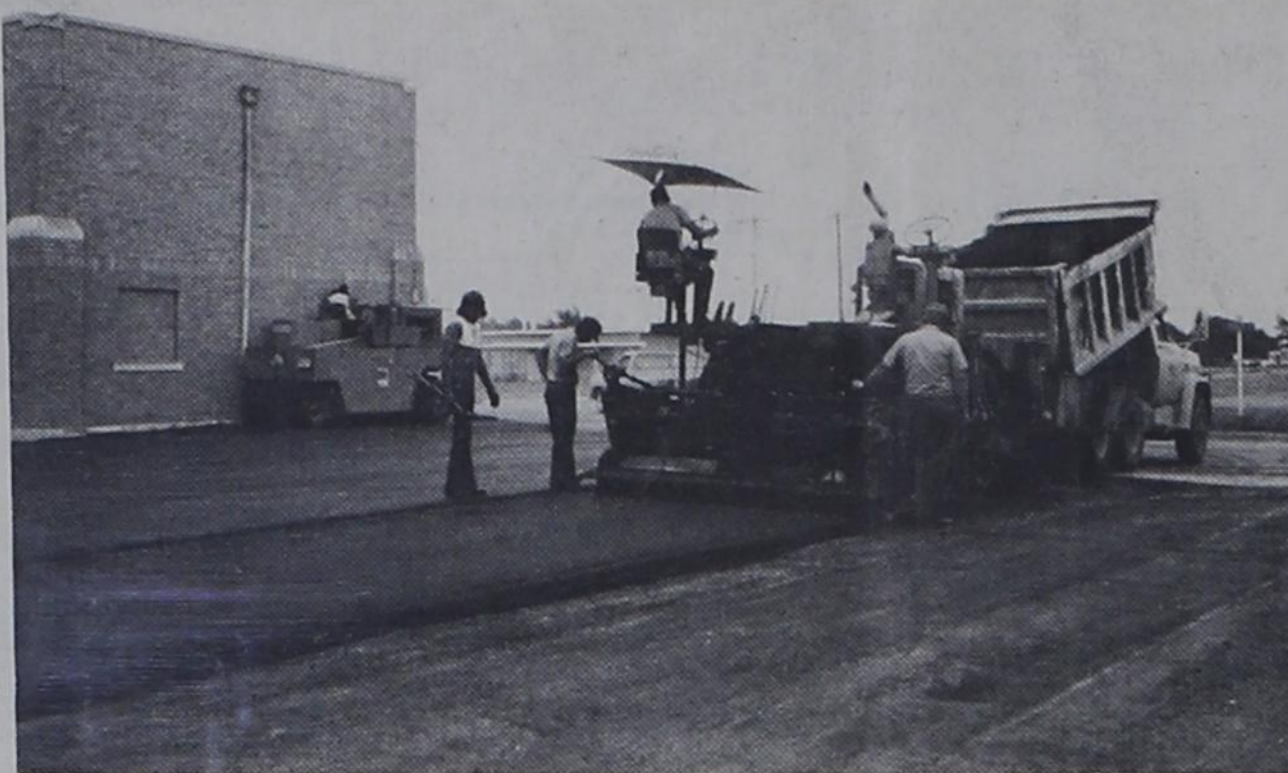

**NAMED NEWS EDITOR** - Mrs. Patti Hall has been named news editor of the State Line Tribune, according to an announcement made this week by Publisher John Getz. Mrs. Hall has been in charge of the composition and make-up department since May 1972 and has been sports editor of the Tribune for the last two years. Publisher Getz said, "We are pleased that Patti has accepted this position. She has been filling the news editor's shoes for the last several weeks and felt that she should have the title to go along with the duties. We know she will continue to do a good job in handling the news."

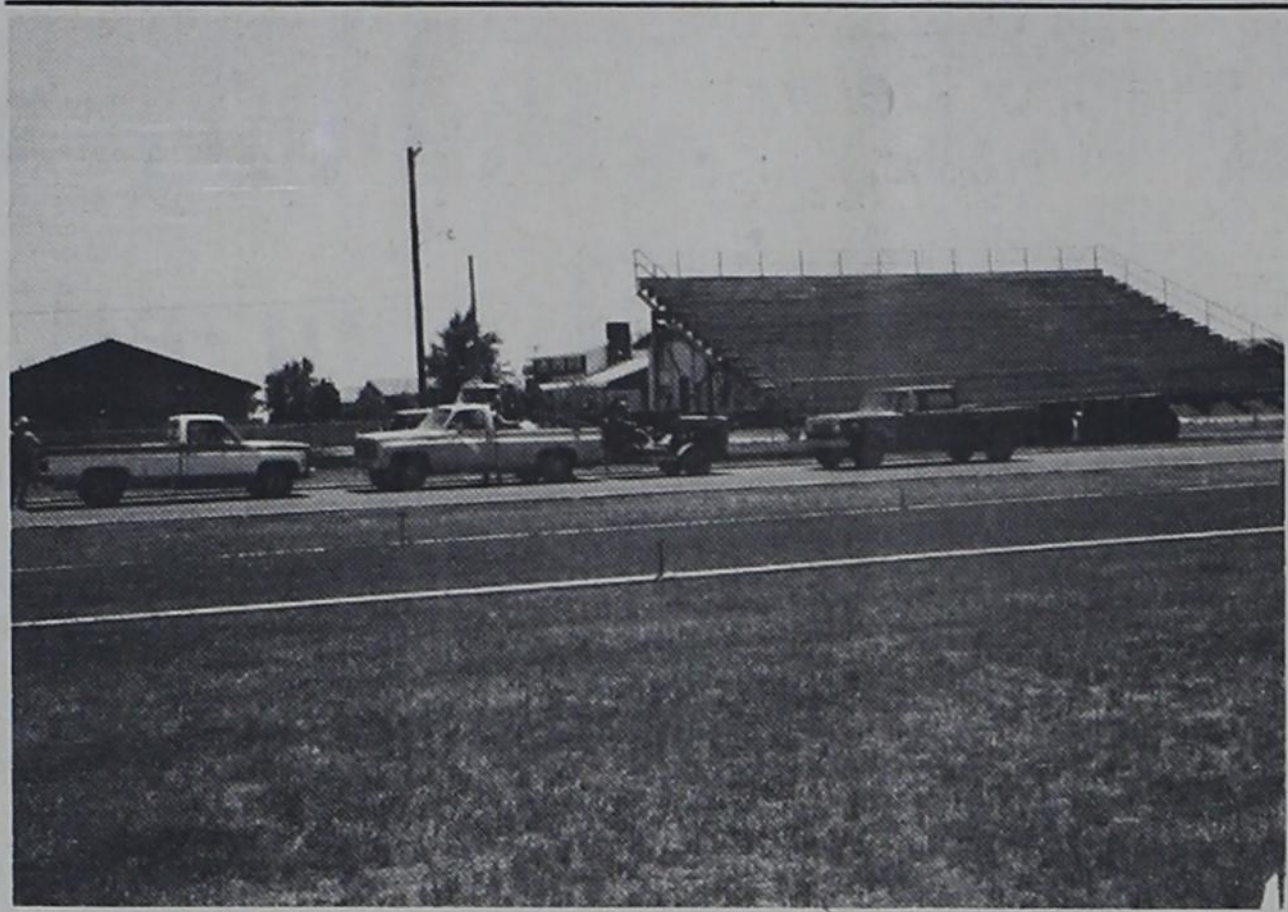

Second-class postage paid at Farwell, Texas 79325. Published every Friday.

SUBSCRIPTION RATES - Parmer and adjoining counties, \$5.98 per year; elsewhere, \$7.80 per year. Payable in advance.

John Getz - Publisher

**THE COVER GOES DOWN** - Courthouse employees and patrons found it rather difficult to locate convenient parking spaces Monday, June 30, as workmen kept vehicles from the south side of the courthouse in order that they could complete work on the new parking area. Machinery roared and dust flew as the asphalt cover was laid and sweepers cleaned the curbs and streets adjoining the new pavement. The east end of the parking facility looked modern and bare as the new lot neared completion.

**ON THE MOVE** - The area around the football field at Farwell School took on a new look late last week as workmen loaded the bleachers on a wheeled platform and transported them to the track area where they were installed. During the Monday, July 7, meeting of the Farwell School Board, bids for the construction of new bleachers will be opened and reviewed by Trustees. The visitors bleachers are shown as they were being positioned on the south side of the track with the seats facing north. Looking down Fifth Street in the background, the Doyle Ford home can be seen on the left with the Jerry Ellison home visible on the right immediately behind the left side of the bleachers. Bleachers for hometown fans were still to be moved when the photo was taken.

## Farwell School Board Employs Two Teachers

During a regular meeting of the Farwell School Board held Monday, June 23, Trustees approved the employment of two teachers for the school faculty.

After accepting the resignation of James Mast as vocational agriculture teacher, Board members voted that the position be offered to Richard Montgomery.

Montgomery, a graduate of Abernathy High School, has accepted the position as his first teaching position after completing his college education.

The ag instructor received his B.S. degree in agriculture education from Tarleton State College and will be awarded his master's degree this summer from Texas A&M University. He has been serving as a graduate assistant in the agriculture department at A&M.

Mrs. Marcia Cole, a native of Farwell, was employed by the Board to fill the vacancy created by the resignation of Kathy Weems. Mrs. Cole, daughter of Dr. and Mrs. V. Scott Johnson of Clovis, will be serving as kindergarten instructor.

The new faculty member is a graduate of Clovis High School. She received both her B.A. and M.A. degrees in elementary education from Eastern New Mexico University in Portales.

She has served three years as a teacher in public schools having been employed by the Albuquerque school system and the ENMU pre-school laboratory.

Immediately prior to her employment at the local school, Mrs. Cole was serving as director of child care, a pre-school program, at a Presbyterian church in Tulsa, Okla. It was reported that three positions on the Farwell faculty are still vacant. These include elementary principal, girls head basketball coach and boys head basketball coach.

Superintendent W. M. Roberts submitted a progress report on the building program currently underway at the school.

A committee composed of Charles Aycock and Gilbert Kaltwasser was named to work on the paving project.

They will be responsible for getting specifications as to what will be needed and what can be done.

Roberts was appointed to fill the place on the School Board of Equalization to replace Webb Gober who will be unable to sit on the Board. Walter Hughes was asked to chair the Board.

Next meeting of the Farwell School Board will be Monday, July 7, during which Board members will select the school depository bank for the next two years.

Trustees will open bids on seats for the bleachers at the football field and discuss workmen's compensation for school employees. The school has been placed under the program beginning with the 1975-76 school term.

High School Principal Jack Williams will be finalizing changes to the student handbook during the session.

### Texico City Council To Convene Tuesday

Members of the Texico City Council will convene Tuesday, July 8, for a regular business session following the postponement of two previous meetings due to the lack of a quorum.

The meeting is to begin at 6:30 p.m. MDT at Texico City Hall.

Included on the agenda will be a discussion of an ordinance pertaining to the raising of garbage rates for the city and ways of solving the city's water problems.

### BTD Queen . . . (Continued from Page 1)

state's representative at other functions.

With her title of Miss Rodeo New Mexico, Renee also won

#### BTD Committee

##### To Meet July 8

A meeting of the Border Town Days Planning Committee has been scheduled for Tuesday, July 8, at 8 p.m. CDT. The meeting is to be conducted at Clara's restaurant.

All member organizations are asked to attend and present a report on ticket sales.

Reports on parade entries are also to be presented during the session.

#### Council Has

##### Short Meet

Members of the Farwell City Council met Monday, June 30, in a regular session and conducted a short business meeting.

According to City Clerk Janie Bowery, Council members approved the minutes of the previous meeting and approved payment of current bills.

Next meeting of the Council will be Monday, July 14, at 5:15 p.m. in the Farwell City Hall.

#### Equalization Board

##### Meet Set Monday

The annual Equalization Board of the Farwell Independent School District will convene at 9 a.m. Monday, July 7, in the office of Superintendent James Perkins.

The Board will be in session until 5 p.m. and will hear all persons having business with the Board.

Thirty-seven per cent of electric generating capacity added by utilities in the United States during 1974 will be nuclear, according to a survey by the National Electrical Manufacturers Association.

the honor of competing in the Miss Rodeo America pageant to be conducted prior to but in conjunction with the National Finals Rodeo in Oklahoma City in December.

During the recent pageant, Miss Keilt also won the titles of Miss Personality and Miss Appearance in those divisions of competition against five other contestants.

Renee is the 1974-75 Roosevelt County Fair Queen and was also selected as first attendant to the 1975 ENMU Rodeo Queen.

At the university, Renee belongs to various honor organizations, the ENMU speech team and the ENMU supreme court. She served as ENMU varsity cheerleader during 1971-72.

She has won other queen titles, is affiliated with several state, regional and national quarterhorse and horse show associations.

Miss Keilt will graduate from ENMU in August and plans to teach at Yucca Junior High School in Clovis beginning with the 1975-76 school year.

During the party, Renee will be relating her experiences during various contests and will be offering suggestions to the contestants which she feels helped her in winning her various titles and honors.

### Harvest . . .

(Continued from Page 1)

has been received. Quality of the barley is "better than it has been in several years."

Following the 1974 grain harvest, it was reported in "Farmcast," a weekly report of agri-business news compiled from sources of the Texas Department of Agriculture, that Parmer County was one of the leading grain producing counties in the state.

If Parmer County received this rating last year, with the result of this year's harvest, area farmers should once again put Parmer County into the agriculture spotlight.

### Men's Partnership - -

## Scott, Coron Are Golf Champs

Vernon Scott of Farwell and Mike Coron of Clovis teamed up to take first place in the Championship Flight of the Men's Partnership Golf Tournament played June 28 and 29 at the Farwell Country Club.

According to R. L. Montgomery, club professional, Scott and Coron shot a total of 99 to take the championship. Runners-up for the title were Steve White of Clovis and Robert Sealing of Roswell who shot a 104.

Third place in the championship flight went to Jess Dominguez and Jimmy Dominguez of Clovis who ended up with 105.

The first flight of competition was topped by Mike Louder and Richard Primrose of Tucumcari with a 104 trailed by runners-up Larry Ray and Ray Nesbitt of Clovis with 105. Third place contenders Jack Reynolds and Tom Watt of Clovis also shot a 105.

In the second flight of play Curtis Walker of Muleshoe and Pete Gouldbaum of Clovis came up with a score of 108 to take first place. They were

In the poor countries, the annual availability of grain per person is about 400 pounds, while in the U.S. and Canada, per capita grain utilization is approaching 2,000 pounds per year, according to a senior fellow at the Overseas Development Council.

followed by runners-up Lewis Yarborough and Rex Orman of Clovis with 109 and Greg Hargrove of Farwell and Bob Heard of Lubbock as they took third place with a total of 112.

Play in the third flight was led by Elmer Hargrove and Brett Hargrove of Farwell with a score of 147. Taking the runners-up slot were Byron Wright of Dumas and Tim Williams of Olney who shot a 151. Third place honors were taken by Glenn Howl and Tom Gruben of Portales as they shot a 36-hole score of 155.

In the fourth flight of golfing action Ken Martin and Rodney Bounds of Clovis shot a 161 to take first place followed by runners-up Spencer Tanksley and Jerry Gleason of Muleshoe who had a score of 162. Third place in the flight was awarded to Clyde Jenkins and Dale Connelly of Cannon Air Force Base who shot a 163 total.

According to Montgomery, a total of 45 teams, 90 persons, were registered for the tournament to make it "very successful."

Among the cities represented during competition were Plainview, Phoenix, Ariz., Clovis, Farwell, Dumas, Por-

tales, Muleshoe, Olney, Cannon Air Force Base, Friona, Ganadian, Lubbock, Roswell and Tucumcari.

# A Lot Of Work, But Worth It

(Editor's Note: The 1975 session of Bluebonnet Girls State was conducted June 9-20 at Seguin and was attended by Terri Boling and Jacquelyn Langford, students at Farwell High School. The following is their account of activities and their impressions of Girls State.)

by Terri Boling and Jacquelyn Langford.

We left Farwell at 9 p.m. Monday, June 9, and at 12 midnight we boarded the 18th District chartered bus in Amarillo. We arrived at Girls State in Seguin on Tuesday at 2 p.m. Upon our arrival we were assigned to a political party, city, county, House or Senate, and precinct.

The first few days consisted of assemblies and lectures on the various branches of government. Party politics were soon in full swing as was campaigning for city, county and state offices.

Serving throughout the week as guest speakers were Mrs. Cockrell, mayor of San Antonio; Mrs. McClellan, member of the Austin School Board; Ray Hutchinson and Kay Bailey, members of the Texas House of Representatives; and Mrs. Potter, president of the American Legion Auxiliary.

Monday, June 16, we visited Austin for the day. The House and Senate of Girls State met in the regular chambers.

Later in the day the girls who were elected to state offices were inaugurated in the rotunda. Governor Dolph Briscoe spoke at the end of inauguration ceremonies.

Some of the highlights of the program were the mock court cases, talent night, the Governor's reception and the flag ceremony.

City functioning began the last few days of the session as we set up city charters, city businesses and participated in

the state fair. There were several things we both participated in during the Girls State session. Terri ran for County Justice of the Peace. She was elected as the Nationalist Party nominee and was sent to the primaries against a Federalist nominee.

During the primaries, she was elected to the office and was later sworn in by the Seguin County Judge. Serving as Justice of the Peace, she presided over a mock trial and married most of the 61 girls in her city. She was also elected as precinct scribe and was a member of the Nationalist Party campaign committee.

Jacquelyn ran for County Justice of the Peace in a different county and was elected as the Federalist Party nominee. She was later appointed as the head of the Department of Sanitation. She participated in city, county and Justice of the Peace court cases. She was also a member of the Senate committee of human resources.

On June 20, we had our final assembly where we received certificates and pins.

We left immediately after and arrived in Amarillo at 1 a.m. Saturday morning, June 21.

We both summed up our experiences at Girls State individually: Jacquelyn - I really enjoyed Girls State and am glad I had the opportunity to go. I'm more aware of my responsibilities as a citizen and feel prepared to vote in this fall's election. It was a lot of hard work but worth it. Girls State is something I'll always remember.

Terri - Girls State is actually a mythical 51st state organized to train us to be better citizens. It was like setting up a new state. We organized everything by ourselves and did every single thing any other state would have to do. By the time it was over there wasn't much about the government we didn't know. It was an awful lot of work, but I'm glad I got to go.

**GIRLS STATE OFFICIALS-** Jacquelyn Langford, left, and Terri Boling, students at Farwell High School, are preparing to write their memories of Bluebonnet Girls State which they attended June 9-20 at Seguin. During the session, both Girls Staters served as officials for their respective counties. The duo commented, "Girls State is a lot of work but worth the effort it takes to make a government work."

## Tips For Getting The Freezer Ready

Freezers need defrosting and a thorough cleaning before storing the new crop of fruits and vegetables. Frances Reasonover, foods and nutrition specialist, reminded this week.

She suggested consumers should consult their freezer use-care booklet. "But if it's misplaced, here are some suggestions," the specialist with the Texas Agricultural Extension Service, the Texas A&M University System, said.

Unplug the freezer and remove all frozen food. Store the food in a cardboard box or wrap newspapers around it to prevent thawing.

Place clean towels in the bottom of the freezer. Pour cold tap water along the sides to thaw the frost. Using a wooden spoon may help loosen the frost, but don't use metal because it will scratch the lining of the freezer, the specialist cautioned.

"As the towels absorb the water, wring them out and replace. When all frost has been removed, wash the inside with one quart warm water to which one tablespoon baking soda has been added.

"Rinse with clean water and wipe dry. Replug freezer and wait about 30 minutes before replacing the food." Turning to other freezer use

reminders, the specialist said, "Take an inventory of food and place the packages which have been stored longest at the top or front.

"Now is a good time to match up polyethylene freezer boxes with their lids. Then when it's time to package the food, this job is done."

She said that most homemakers prefer using the plastic freezer bags with cover boxes. This protects the bag from getting holes in it during storage and freezes in a uniform shape for a better fit.

"This season may be a good time to purchase a blancher. Since it's necessary to use one gallon of water for each pound (pint) of vegetables, a large blancher may be the best kind to buy.

"A water bath canner is suitable also. Some homemakers use a deep fat fryer basket or improvise a blanching bag from a clean white cloth," she said.

### Kick Out the Quacks

Beware of a "sure cure" or "remedy" for any cancer, the American Cancer Society cautions. This is the language of the quack whose unfounded claims and unproven methods may prevent or delay prompt and proper treatment for cancer. In case of doubt, seek the advice of your local ACS.

## Rev. Jim Swank Installed During Friday Ceremony

Rev. Jim Swank was officially installed as pastor of the United Pentecostal Church in Texico during ceremonies Friday, June 20.

Special guest speaker during the installation and installing pastor was Rev. T. H. Chapman of Amarillo. Rev. Chapman is the district superintendent of the Texico District.

Other special guests present for the installation were Pastor McRight of the Peace Tabernacle in Lubbock, Rev. Darrell Green of the Portales Pentecostal Church, Rev. Jack Tedford, Rev. Dick DeLozier and Rev. E. E. Houlette, all of Clovis United Pentecostal churches; Pastor Jim Adams of Friona and Rev. Arthur

Hodges of Amarillo. Music for the installation was provided by the Peace Tabernacle Choir of Lubbock.

## Sheriff's Report

According to Parmer County Sheriff Charlie Lovelace several articles were taken late last week from a well drilling rig located on the Walter Schueler farm in the Rhea community.

Taken from the rig were 40 gallons of fuel, three tires and two 12-volt batteries. The rig belongs to Hollis Horton.

On Thursday, June 25, a person or persons committed a theft from a box car located one and one-half miles south of Bovina on farm road 1731.

Sheriff's Department officials investigated the theft of two saddles, halters, bridles and blankets from the car belonging to Ralph Roming of Bovina.

## Letters To Editor

June 29, 1975  
Mr. John Getz, Editor  
State Line Tribune  
P. O. Box 255  
Farwell, Texas

Dear Mr. Getz,  
I was surprised by your comments concerning the inactivity of the Farwell Chamber of Commerce and Agriculture in your Purely Personal Column. This was especially interesting since the same paper covered the election creating the hospital district and authorizing the bonds to build the nursing home. This is the result of a Chamber of Commerce project started in 1972. Of the nine directors of the hospital district, seven were members of the original committee appointed by Chamber President, Charles Aycock.

In addition to the nursing home project, the Chamber of Commerce originally sponsored the incorporation of the City of Farwell in 1948 and contributed one thousand dollars for this purpose. This also led to the establishment of the city sewer system. The Chamber later sponsored the first paving project, placed the first street signs, established our present city park, and helped attract several businesses and professional people to Farwell. These are just a few of the organization's accomplishments.

described as "having done so little", is currently sponsoring the weighmaster program and the Border Town Days Barbecue. We are currently involved in a vigorous campaign to obtain physicians and a dentist for our community. This is being done in cooperation with the hospital district. Other current and future projects include a membership drive and an attempt to improve the availability of housing in Farwell. This appears to be very ambitious for an organization having only about 20 active members.

The Chamber of Commerce welcomes the Jaycees back to Texico-Farwell. The Jaycees, and any other civic organization, can expect an attitude of cooperation, not competition, from this organization. I feel that cooperation, not criticism and competition, will lead us to a better community.

Sincerely,  
Claude H. "Pudge" Rose Jr.  
President

## Monday Meet Set By Planning Commission

A meeting to be conducted Monday, July 7, has been scheduled by officers of the Texico Planning Commission.

Meeting time has been set for 7 p.m. MDT. Place for the session will be the Texico Branch of Citizens Bank.

According to President Ann Ledbetter, regular business will be discussed in addition to any which may come before the Commission during the session.

## Bookmobile Schedule

Thursday, July 10: Oklahoma Lane, 9:00 - 10:00; Rhea Community, 10:45 - 12:00; and Black, 1:15 - 2:30.

Friday, July 11: Hub, 9:00 - 9:55; White's Elevator, 10:00 - 11:00; Lazbuddie, 12:00 - 1:00; and Clay's Corner, 1:15 - 2:15.

Saturday, July 12: Farwell, 9:00 - 11:45; and Friona, 1:00 - 3:45.

**agri-facts**  
By John Ricci

All it takes is a glance at your own checkbook to know that in the long run you have to have more coming in than going out. The same principal works with nations as well. That's why an international trade surplus is more desirable than a trade deficit. American farmers last year did far more than any other segment of U.S. industry to reduce a trade deficit topped off by the high prices of mid-eastern oil. Agricultural exports last year were worth 22 billion dollars, producing an agricultural trade surplus of nearly 12 billion. This contribution by food and fiber producers brought our total deficit to 3 billion dollars. Still high, but much less than some economists thought it would be. Those figures from last year are considered by many to be the harbinger of agriculture's future importance to the U.S. position in world affairs. Farmers and ranchers are moving more directly into the limelight as they produce enough to keep us number one.

## Portraying Area Homemakers

by Linda Mast

A new resident of Texico since the fall of 1974 and our Area Homemaker for this week is Mrs. Dwayne (Carol) Williams.

A native of Amarillo, Carol met her husband-to-be there, and she and Dwayne were married in Amarillo in 1963. She was only 16, but he was 21.

"We have moved around some as Dwayne was in the construction business when we first married," stated Carol. "Through his interest and skill in the electronic field, Dwayne was later able to qualify as an electronic technician maintaining signal operations for Santa Fe. We were transferred by Santa Fe the last of September last year to Texico from Snyder."

The couple has three sons: Lloyd who is 11 years old and in the fifth grade; Michael, five years old; and Charles, who is three months old.

"When Lloyd and Mike were younger," said Carol, "we just weren't very involved socially. But we were involved with our hobbies that we could indulge in around the home."

"Electronic maintenance is not just a skill used by my husband to earn a living, but for him is an enjoyable hobby he can bring home. His enthusiasm and knowledge spurred my interest. Together we have constructed a stereo radio set from parts and maintain a repair our electrical appliances."

"My electronic knowledge in part can be credited to my accompanying him sometimes and observing him at his work. We hope to interest our sons in the electronic field and share with them some of the knowledge we have acquired in that area," added Carol.

Our homemaker also enjoys sewing and makes and designs most of her own clothes. When she can find time from caring for the new baby, she also likes to crochet.

"Some of the other things I like and that we enjoy as a family are country and western music, classical music, bowling and tennis," related Carol. "I also enjoy just being a housewife and try to put my husband's and children's needs first. However, I'm not saying this is right for all women. Some women successfully combine being a homemaker with a business career. I strongly believe that whatever choice a woman makes should depend upon her own beliefs, and that once the decision is reached she should not feel guilty about doing what she enjoys."

The Williamses have recently purchased an older house in Texico. They plan to remodel and add on to it themselves. They are both skilled in this area. "We are so busy right now that we seem to never stop. We bought the house at a bargain and plan to remodel it into a home of our own design," commented our homemaker.

"We are thus very busy at home and have not had the time for much social activities," added Carol. "However, we have made time to participate in Texico-Farwell Pee Wee League baseball. Our son, Lloyd, is on the Interstate Fertilizer team. My husband serves as their coach and I am their assistant coach and bookkeeper."

"We find it takes a lot of time, but also feel it is time well spent. Youngsters need to know adults care about their activities. I'm afraid at the beginning of the season I made a pretty poor assistant coach as far as the technicalities of the game were concerned. But I'm learning, as I now know what the term

'tenth batter' means and what an 'in-field fly' is."

Cooking is also on the list of Carol's favorite things. She explains, "My family likes variety in their meals. I cook American, Spanish, German and Italian dishes. We are not fancy food gourmets but like simple foods, yet not mundane ones."

Our homemaker has consented to share two of the favorite family recipes with our readers.

### ENCHILADA CASSEROLE

This is an easy way to fix enchiladas without the bother of rolling. The amount and type of seasoning is left to your own taste. Serves six.

24 corn tortillas  
1½ lbs. ground beef  
Salt, chili powder (to taste)  
1½ lbs. cheese, grated  
1 large can tomato sauce, ½ can water  
1 large onion, chopped  
1 large oblong cake pan

Brown meat in skillet adding seasoning, tomato sauce and water. This should be like chili. In another skillet, pour enough oil to be about 2 inches deep. Heat to very hot. Dip

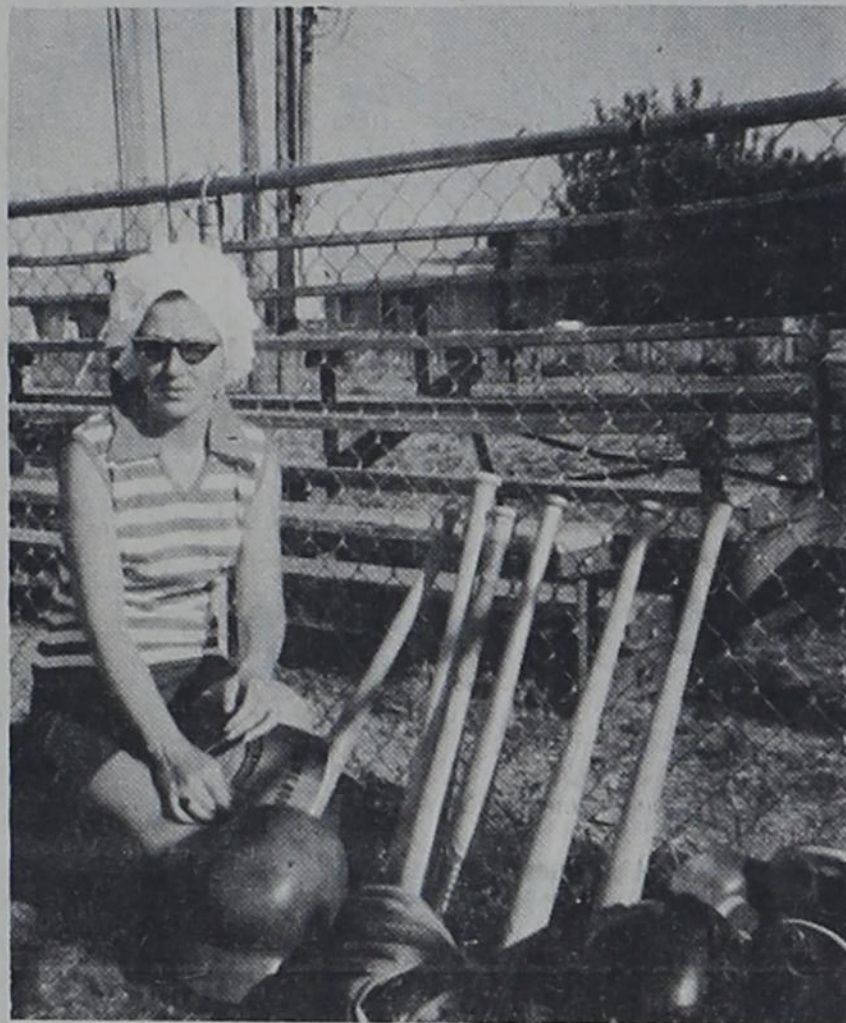

tortillas in one at a time just long enough to be soft (if you leave them in for very long they become too hard). Line the bottom of pan with tortillas, place a layer of meat, onions and cheese, then start with tortillas again ending with the meat, onions and cheese. When ready to serve place in oven at 450 degrees until cheese is melted.

To make this larger just add more layers. Serve with taco sauce and salad.

### PUMPKIN BREAD

3 c. flour  
1 tsp. salt  
2 c. sugar  
4 eggs, beaten  
1 tsp. soda  
3 tsp. cinnamon  
2 c. pumpkin  
½ c. nuts  
¼ c. oil

Place all dry ingredients in large bowl. With spoon make a deep well in center. In this add all other ingredients. Stir carefully (just enough to dampen all dry ingredients). Pour into two loaf pans. Bake at 350 degrees for one hour. This is more of a cake than bread and is good any time of the year.

**HOMEMAKER AND ASSISTANT COACH** - Mrs. Dwayne (Carol) Williams of Texico is this week's Area Homemaker. Carol has taken time out in remodeling her home and caring for her three-month-old son to serve as assistant coach and bookkeeper for the Interstate Fertilizer Pee Wee baseball team this summer. In checking the baseball equipment and getting it ready for use by the youngsters at practice, Carol is just exercising some of the duties of assistant coach and being mother of an eleven-year-old son who plays on the team.

## Chinese Styles Influence Fashions

Chinese influence is the biggest fashion story for fall '75 from top American and European designers, Beverly Rhoades, clothing specialist, reported this week.

"Karate, coolie or workers' jackets, inspired by Chinese origin, are worn over skirts, dresses or pants."

"Side wraps with frogs or wooden toggle closings are popular for dresses, coats or jackets," the specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said. In traditional Chinese style, the silhouette is slim. Look for jump suits as well as tunic tops over pants.

Other Chinese influences include mandarin collars, contrast piping and body-shaped, side-slit dresses, the specialist said.

"Shiny quilted fabrics and

Chinese mohair create the oriental look. Colors are strong and deep - lacquer red, jade green and shiny black patterns.

"Jade and coral jewelry complete the look. Other accessories include finely carved ivory pendants and silk scarves around the neck."

Another suggestion for creating an oriental appearance is the "Chinese face" - porcelain white make-up, dark slanted eyes and small rounded lips. "This pale look is topped off with a blunt, square hairstyle," Miss Rhoades said.

## Purselley Children Gather For Family Reunion

The home of Retha Bell Grissom in Farwell was the scene of the first family reunion of the children of the late Mr. and Mrs. Charles L. Purselley, since 1964. The reunion was held Sunday, June 29, with all eight living children of the Purselleys attending.

The children and their families met for dinner and visited throughout the afternoon.

Children attending were Juanita Roberts, Orrell Purselley, Charley Fay Massongill, Leora Williams, Alma Boss, Garland Purselley, Ann Purselley and the hostess, Mrs. Grissom.

Charles and Martha Purselley came to Parmer County in 1918 to take possession of 80 acres of land one and one-half miles south of Farwell on the state line which Mrs. Purselley has inherited.

They brought 11 children with them, and one more daughter, Juanita, was born in 1920.

The Purselleys worked the land and raised sudan, maize, chickens and children. They were active members of the First Methodist Church.

According to family members, many rich memories were relived and discussed as well as sad moments that happened to the family. Mr. Purselley died in 1939 and Mrs. Purselley sold the home place and lived among her children until her death in 1960.

As time passed the Purselley children married and established homes of their own. The oldest daughter, Ann, married Joe Purselley and lived in California. They reared three children, Derrell, Ilene and Myrle. Derrell and Ilene still live in California. Myrle passed away in 1956, leaving two children who live in St. Joseph, Ill.

Ruth Purselley lived to be 14 years of age and died in 1912. Retha Bell married Roger Grissom and lived in Farwell where she still resides.

A son, Caswell, married Mae Davis in 1921. They lived in Clovis and reared four children: Lamoyne, deceased in 1968; Billy Jean, a Dallas resident; Robbie Lee, a Los Alamos resident; and Jimmy Dale of Billerica, Mass.

Alma married Riley Boss and they made their home in Texico. The couple had two

daughters, Kila of Portales and Wanda of Albuquerque.

Garland married Sarah Adkins and they live in Welch, Tex. Their only daughter, Glonna, lives in Lubbock.

E. O. Purselley married Beulah Mae Clinton and the couple lives in Graham, Tex.

The Purselleys were also parents of twin girls, Leora and Leota. Leora married L. Y. Williams and the couple had two children. Son Rocky still lives at home and a baby daughter, Jeanne, died in 1940.

Leota married Myrle C. Lukie and they made their home in Carlsbad, N.M. The couple had three daughters including twin girls, Reatha and Eatha and Kaydette. Eatha died at birth and Leota passed away in 1966.

Charley Fay Purselley married Clyde Massongill and the couple lives at Lake Isabella, Calif. Their children are Dwayne of Las Vegas, Nev., Dianne of Lancaster, Calif., and Roxann of Anaheim, Calif.

Juanita married Loyd O. Roberts and they live in Hobbs, N.M. Their oldest daughter, La Rel, lives in Dallas. Raechel is living in Midland, Pam lives in Lovington, N.M., and Rob and Callie are at home with their parents.

Eatha Purselley died in 1912 at age five.

Members of the families of the Purselley children were also present for the reunion. Those attending included Ann Purselley of Westminster, Calif., Alma Boss of Texico, Mr. and Mrs. Sam Brown of Portales, Niki, Krista and Heath Kull of Belen, N.M., Wanda Kilgo, Clyde Kilgo and a guest, Susan Baca, all of Albuquerque, N.M.; Mae Purselley of Clovis, Mike, Debbie and Jimmy Payne of Portales, also, Mr. and Mrs. Garland Purselley of Welch, Mr. and Mrs. E. O. Purselley of Graham, Mr. and Mrs. Myrle C. Lukie of Hobbs, Mr. and Mrs. Don Shelnett, Celeste, Cally and Cindy of Carlsbad, Bret Jones of Denver, Colo.; Mr. and Mrs. L. Y. Williams and Rocky of Clovis, Mrs. Clyde Massongill of Lake Isabella, Calif., Mr. and Mrs. Loyd O. Roberts of Hobbs, Raechel Sims, John, Mike and Chris Sims, Simone and Kelsey Long, all of Midland, and Rob and Callie Roberts of Hobbs.

**PURSELLEY FAMILY REUNION** - The eight surviving children of the late Mr. and Mrs. Charles Purselley, pioneers of the Farwell area, gathered Sunday, June 29, for their first family reunion since 1964. The children are, from left, Juanita Roberts of Hobbs, N.M., Orrell Purselley of Graham, Tex., Charley Fay Massongill of Lake Isabella, Calif., Leora Williams of Clovis, Alma Boss of Texico, Retha Grissom of Farwell, Garland Purselley of Welch, Tex., and Ann Purselley of Westminster, Calif.

Does Grass Seem Greener On Other Side Of Fence?

If looking at your neighbors' lawns is turning you a little green with envy, turn that emotion into action that may be able to turn your lawn a little greener.

For one thing, you should water it properly. Grass should be watered well as soon as it's planted and the topsoil kept moist until the seeds germinate. Once the lawn is well-established, soak it to a depth of three to six inches whenever the soil becomes dry and crumbly, but don't water if rainfall is adequate. Excessive watering can cause lawn diseases.

Another helpful action is checking your soil's degree of acidity. Don't add lime unless you know you have to. This can be needlessly expensive, and may even be harmful. That's why it's wise to have your soil's acidity checked first.

If insects are bugging your grass, you should spray against them periodically. well. And for the luxuriant lawn you can brag about, there's Sequestrene® Green Foliage Stimulant that contains iron in a form that works in most soils and on most kinds of grasses.

Once your lawn is well started, you have to be sure

it will wear well all year. One of the best ways to insure this is to start off with a quality kind of seed. Use weed killers if necessary, and when you fertilize, follow the instructions on the package very carefully. Spread it evenly when the grass is dry and thoroughly water it in to prevent burning.

### Hospital Notes

Mrs. Manford (Wanda) Turnbough of Texico was released Friday, June 27, from Clovis Memorial Hospital. Mrs. Turnbough had been admitted to the hospital Monday, June 23, and underwent foot surgery Tuesday. She reports that she is "doing real good."

## Wedding Reminders

All friends and relatives of Sheri Roberts and Jerry Miller are reminded of the couple's wedding Saturday, July 5. Vows will be exchanged at 5 p.m. CDT at the Farwell Church of Christ.

The bride-elect is the daughter of Mr. and Mrs. Bill Roberts of Farwell. The bridegroom is the son of the late Mr. and Mrs. Paul Miller of Clayton, N.M.

Beverly Duncan and Terry Reid wish to remind all friends and relatives of their wedding to be Friday, July 11, at 7 p.m. MDT at the Rosedale Baptist Church.

The bride-elect is the daughter of Mr. and Mrs. Howard Duncan of Texico and the bridegroom is the son of Mr. and Mrs. W. O. Reid, also of Texico.

MR. AND MRS. STEVEN E. FRANSE

## Susan Madrid, Steve Franse Wed In Doublering Ceremony

Susan L. Madrid became the bride of Steven E. Franse during a doublering ceremony conducted Saturday, June 21, at Our Lady of Guadalupe in Clovis. Leading the couple in the exchange of vows was Rev. Chrysostom Partee, OFM.

The bride is the daughter of Mr. and Mrs. Tim Madrid of Texico. Parents of the bridegroom are Mr. and Mrs. Ralph E. Franse of Farwell.

Musical selections were presented by an instrumental group from the church.

Given in marriage by her father, the bride was attired in a formal length gown of miramist and re-embroidered venise lace over bridal taffeta designed with a scoop neckline, empire waist, long tapered sleeves and a semi A-line silhouette skirt. Inserts of venise lace enhanced with seed pearls complemented the neckline, bodice, sleeves and neck of the gown. The full back ended in a chapel length train. Her mantilla veil of imported illusion was bordered with matching venise lace and fell from a coil ending in a chapel length train. She carried a cascading bouquet of miniature carnations.

Matron of honor was Gloria Ortiz of San Miguel, N.M., cousin of the bride. Bridesmaids were Delia Madrid of Texico, sister of the bride, Debbie Encinas of Villanueva, N.M., cousin of the bride, and Liz Rojas. Flower girl was Diane Madrid of Clovis, cousin of the bride. Ring bearer was Victor Madrid of Texico, brother of the bride.

The female attendants were attired in formal length gowns of mint green featuring empire waists, halter tops and circular capes. The matron of honor wore a green hat trimmed with white ribbon and bridesmaids wore white hats with green ribbons. Each carried a bouquet of white miniature carnations with green streamers.

Serving as best man was Rudy Ortiz of San Miguel, husband of the bride's cousin. Groomsmen were Carlos Lucio and James Martinez of Farwell and Eladio Loera of Texico.

For her daughter's wedding Mrs. Madrid selected a lime green street length dress. She wore a straw hat which was trimmed in green and accented by white flowers.

The bridegroom's mother was attired in an off-white formal length dress accented by a jacket trimmed in lace. She wore a corsage of white carnations dotted with yellow.

Following the ceremony a reception was held in the Knights of Columbus Hall. The

bride's table was centered with the three-tiered wedding cake. Each tier of the cake was enhanced by touches of green and decorated with white flowers and silver leaves. Adorning the top tier was a miniature bride and groom figurine.

Following a wedding trip to Ruidoso, N.M., the couple is

### Farwell Residents Attend Family Reunion In Amarillo

The brothers and sisters of E. A. Walker of Farwell gathered Sunday, June 29, in Amarillo for their first reunion in several years.

The 42 family members gathered at the home of Mr. and Mrs. J. J. Young where they spent the day visiting, taking pictures and reminiscing.

Attending the function from Farwell were Mr. and Mrs. E. A. Walker and their son and family, Mr. and Mrs. Jim Walker, Marty and Matthew. Brothers attending the reunion were Mr. and Mrs. E. O. Walker of Hereford, Mr. and Mrs. Buster Walker of Canadian, Mr. and Mrs. Roy Walker of Lebanon, Ore., and Mr. and Mrs. E. A. Walker of Farwell.

Sisters attending the affair included Mr. and Mrs. J. J. Young of Amarillo, Mr. and Mrs. J. I. Leard of Lebanon, Ore., and Mr. and Mrs. A. E. Poole of Pampa.

Nieces and nephews attending included Mr. and Mrs. Jim

### Perrys Attend Family Reunion

Rev. and Mrs. W. T. Perry of Farwell attended a family reunion in Dallas last week. The reunion was held by the McNeill family and included the father of Mrs. Perry, Wiley McNeill.

Six of the seven McNeill brothers were present at the function. Those attending were Earl McNeill and Wiley McNeill of Dallas, James McNeill of Baton Rouge, La., Willie McNeill of Shreveport, La., Sterzing McNeill of Phoenix, Ariz., and John McNeill of Bakersfield, Calif.

All of the children and grandchildren of Rev. and Mrs. Perry attended the reunion. They are Mrs. Cal Crenshaw, Connie, Gary and Teresa of Roswell, N.M., Mrs. Henry Colwell, John and Jimmy of Lubbock, and Mr. and Mrs. Tommy Hargrave and Brandi of Lubbock.

The reunion began Thursday, June 26, and continued through Sunday, June 29. Rev. and Mrs. Perry were able to

now at home at 306 Third St. in Farwell.

The bride is a 1975 graduate of Texico High School. The bridegroom graduated from Farwell High School in 1971 and attended West Texas State University in Canyon. He is currently employed by a local irrigation supply firm.

## Ann Webb, Leon Lovelace Exchange Doublering Vows

Carla Ann Webb and William Leon Lovelace were united in marriage in a ceremony Saturday, June 7, in the chapel of the First United Methodist Church in El Campo, Tex. Rev. Joe Ader performed the doublering ceremony.

The bride is the daughter of Mrs. Paul Webb of El Campo and the late Paul Webb. The bridegroom is the son of Charles Lovelace of Farwell and the late Mrs. Lovelace.

The altar of the chapel was enhanced by a large candelabrum with an arrangement of mixed white flowers. An assortment of greenery and accent flowers complemented the altar railing with votive cups placed at designated points.

Mrs. Walter H. Brewer played the organ and accompanied Mrs. Paul Brodsgaard as she sang a medley of "One Hand, One Heart" and "With This Heart."

The bride, given in marriage by her brother Paul Webb, chose an old-fashioned gown of white silk designed with a highrise silhouette. The fitted bodice was accented by a sheer sculptured yoke enhanced by strands of seed pearls. Tracing the square cut yoke and the wrists of the bishop sleeves were ruffles of imported Val lace. A sweeping chapel length Watteau train backed the demi-controlled skirt. Her elbow length bouffant veil of silk illusion fell from a Juliet cap of matching Val lace sprinkled with seed pearls.

The bride carried an arm bouquet of white roses interspersed with greenery and gypsophelia tied with white satin streamers.

Serving her sister as maid of honor was Brenda Webb of Memphis, Tenn. Attending as bridesmaid was Lisa Webb, sister of the bride.

Attendants were attired in

blue floral lace floor length gowns with blue satin ribbon trim. The two-tiered dresses were enhanced by square necklines and angel sleeves. White brimmed hats with blue satin ribbons completed their attire. Each carried a single white rose with blue and green streamers.

Jerry Lovelace of Irving served his brother as best man. Groomsman was Johnny Lovelace of Richardson, brother of the bridegroom. They also served as ushers.

For her daughter's wedding, the bride's mother selected a double layered, formal length gown of pastel green chiffon. The gown had full cuffed sleeves and a satin cummerbund. She wore a corsage of white roses.

The wedding reception was held at the home of the bride's mother.

The bride's cousin, Jennifer Quillin of Bay City, presided at the registration table.

The reception table was covered with a white linen cloth and centered with a candelabrum entwined with an arrangement of fresh flowers. One end of the table held a tiered wedding cake with the tiers separated by columns and flowers between each tier. The top tier was accented by doves. Lime sherbet punch was served from the opposite end of the table. A buffet table held finger sandwiches, cheese, crackers and nuts. Champagne was also served to guests.

Members of the houseparty included Mrs. Frank Pfardrescher, Jr., Mrs. Lynn Quillin, Jennifer Quillin, Mrs. Jerry Lovelace and Mrs. Johnny Lovelace.

For the couple's wedding trip, the bride wore an off white pant suit with a green silk print blouse and green accessories.

The couple will be making their home in Grapevine.

The bride, a graduate of El Campo High School, graduated from Wharton County Junior College in 1971. She also attended North Texas State University.

The bridegroom graduated from Texas Tech University in 1969. He is employed by the Grapevine Independent School District.

A rehearsal dinner was hosted by the Lovelace family June 6.

### Wedding Announced

Mrs. J. B. Benderman of Texico announces the marriage of her son, J. B. "Bryan" Benderman, Jr., to Karen Hughes, formerly of Minneapolis, Minn.

The couple was married Friday, June 20, in Dallas.

Benderman is a color technician for a cosmetic firm in Dallas. Mrs. Benderman is also a color technician. They will continue to make their home in Dallas.

### Granddaughters Visit In Farwell

Visiting this week in the home of Mr. and Mrs. E. A. Walker of Farwell are their granddaughters, Jana and Jodi Walker, daughter of Mr. and Mrs. Jack Walker of Vega.

### Tuesday - Ladies Group Golf Lessons To Begin At Country Club

Beginning at 9 a.m. CDT Tuesday, July 8, free group golf lessons will begin for ladies of the Twin Cities and the area.

According to club professional R. L. Montgomery, the lessons will be given free of charge to all ladies regardless of whether they hold memberships in the Country Club or not.

The group lessons will be given each Tuesday at 9 a.m. for the next five weeks. They are being offered to increase the ladies' interest in golfing and to aid in improving the golfing games of those who now play.

"There is no registration,"

### Two Farwellites Receive Degrees At Tech Graduation

Degrees have been conferred upon approximately 2,350 graduates in Spring 1975 commencement exercises at Texas Tech University. Included on the list of graduates were two students from Farwell.

Farwell students graduating with majors include Debra Joy Wardlaw, B.S. degree in secondary education; and Greg Scott Hargrove, B.S. degree in accounting.

The university, with an enrollment of more than 22,000 students, includes the colleges of Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics, the Graduate School and the School of Law.

commented Montgomery. "All ladies wishing to participate should be at the Country Club at 9 a.m. Tuesday to get started."

### Williamses Are Parents Of First Child

Mr. and Mrs. Mark Williams of Farwell are parents of their first child, Bert Ryan. He was born Tuesday, June 24, at 10:42 a.m. at St. Mary of the Plains Hospital in Lubbock.

Bert Ryan weighed five pounds and measured 19 1/2 inches in length at birth.

Grandparents are Mr. and Mrs. Al Davis of Pueblo, Colo., and Mr. and Mrs. Bert Williams of Farwell.

Great-grandparents are Mr. and Mrs. Johnnie Williams of Farwell and Mrs. Lourena Davis of Pueblo, Colo.

**UNDERSTANDING OUR ECONOMY**

**OUR ENERGY SUPPLY--WILL IT LAST?**

Today we meet most of our needs for power and light by using electricity. But are we running out of the fuels that make electricity? Here are the answers to some of the questions many people are asking about electricity today.

**Q. Will America ever run out of electricity?**

A. Not if we plan ahead, and make the wisest possible use of all our present and future fuels. General Electric engineers point out that anything that can spin a turbine can be used to make electricity. Today about 45% of U.S. electricity is produced by burning coal or we can burn oil or gas to boil water to make steam to turn the turbine. We can use the heat from nuclear reaction to make steam. We can use the natural steam locked inside the earth. Almost any fuel. Or we can use the pressure of falling water to turn the turbine.

**Q. How long will our coal and oil last?**

A. Nobody knows exactly, because there are still some coal and oil deposits left to be discovered. But we do know that oil is in short enough supply so that we would be wise to conserve it. Our supply of coal is abundant — enough to last for hundreds of years.

**Q. Why not make use of our waterfalls and dams?**

A. There aren't enough large waterfalls or damsites in the country, and most of these have already been harnessed. As a result, water power is used to produce only about 15% of U.S. electricity.

**Q. Why did some electric utility companies raise their prices the same time the oil**

companies did?

A. Some utilities burn oil to make electricity. Today, about 17% of the country's electricity is produced by burning oil. When the cost of oil went up, the cost of making electricity went up. Most states allow the electric utilities to pass on any decrease or increase in fuel costs to their customers.

**Q. Why isn't somebody looking for some other way to make electricity?**

A. They have been. Long before the oil shortage, thousands of engineers and scientists were looking for new ways to make electricity. Some of these new ways are in operation today, such as nuclear power. Work is also continuing on new kinds of nuclear power. Nuclear fusion, for example. And the fast breeder reactor will make more fuel than it uses. Other ideas being studied are wind power and solar power, but even the most optimistic estimates place the practical use of these two ideas far into the future.

**TWO MINUTES WITH THE BIBLE**  
BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635  
**THE ACCOMPLISHMENTS OF CALVARY**

Three times in Romans 5 we read that Christ died for us. Verse 6 tells us that He died for us in our weakness. Verse 8 that He died for us in our sin, and Verse 10 that He died for us in our rebellion.  
First, Verse 6 says: "For when we were yet WITHOUT STRENGTH, in due time Christ died for the ungodly."  
Men sometimes try to make themselves acceptable to God by human effort, but they never succeed. We can't walk or run to heaven, we can't even fly there, and we certainly can't climb there - not even by doing good works, for good works is what we ought to do, and we should not expect them to counter-balance our sinful thoughts and deeds. Anyway, Heaven is God's and He says we cannot gain it by works. "For by grace are ye saved, through faith, and that not of yourselves; it is the gift of God; not of works, lest any man should boast" (Eph. 2:8,9).  
Next, Rom. 5:8 says: "God commendeth His love toward us, in that while we were yet SINNERS, Christ died for us."

Many people feel shut out of heaven, not merely because of a sense of helplessness, but because of a sense of sinfulness and condemnation. To such God proclaims the glad news that "Christ died for sinners," and "came into the world to save sinners" (1 Tim. 1:15). At Calvary He paid the just penalty for sin - for the sins of all mankind - so that we, by faith, might be "justified freely by God's grace, through the redemption that is in Christ Jesus" (Rom. 3:24).  
But Rom. 5:10 goes even farther, offering hope and grace to those who have resisted God's grace and rejected His Son, for here the greatest Christ-rejector of all time, now gloriously saved and changed, declares:  
"When we were ENEMIES, we were reconciled to God by the death of His Son" (Rom. 5:10).  
And so the helpless, the sinful, yes, and the rebellious, can find acceptance with God if only they will turn from their sin and failure to Him. "Believe on the Lord Jesus Christ and thou shalt be saved" (Acts 16:31).

## On The Farm In Farmer County

By R. MACK HEALD  
County Agent

What High Plains folks hope will be yellow and gold is beginning to glow over the area as 300,000 acres of sunflowers are coming into bloom at this time. Yet another obstacle awaits sunflower growers who are breathing more easily now that they're past the first of two peak periods of the carrot beetle emergence. That obstacle is the sunflower head moth.

Larva of the sunflower moth, once they're hatched on the blooming flowers, feed on the tender growth, sometimes destroying an entire crop.

On the High Plains, carrot beetles and sunflower moths are the primary pest of sunflowers.

A composite, such as the sunflower, is actually a group of flowers with each flower developing into an individual seed. Flowering begins on the outer diameter of the head progressing to the center. A field of well adapted hybrid sunflowers normally complete the bloom period in 12 to 15 days. This is the only time that sunflowers are susceptible to attack and damage by the moth, which is colored light buff to silver.

Eggs are deposited within or between the individual flower tubes. Young larvae hatching from these eggs begin feeding immediately and remain on the surface of the flower for a couple of days. They spin silken webs as they feed, forming a mat of frass, silk and dried blooms on the face of the head. As the larvae become older, they begin tunneling into the developing seeds and fleshy receptacle of the head. Each larva damages or destroys an average of nine seeds.

Several chemicals are effective in controlling the moth.

Methyl parathion, Thiodan®, and Supercide® are the three insecticides labeled for use on sunflowers against the moth. Tests have shown that methyl parathion and Thiodan® give effective control when applied at one pound AI (actual insecticide) rate per acre in a schedule of two to three applications at a five-day interval. Supercide® was found effective at 1/2 pound rate per acre in the schedule.

The three insecticides are cleared for a total of three applications per growing season for sunflower larvae control. Two or three applications are generally required because a field of hybrid sunflowers generally takes 12 to 15 days to bloom completely.

A grower should check 25 plants at different locations throughout their field during the bloom stage. If adults or young worms are observed, the first application should be made at 20 percent bloom. The additional applications should be applied at the recommended interval if adults or young worms can be found on follow-up field checks.

Growers should remember that methyl parathion will cause foliage damage (burn) to certain sorghum varieties. They should make their insecticide selection with this thought in mind, if they have sunflowers planted directly adjacent to sorghum.

What's in store for cattlemen as far as prices are concerned for the remainder of 1975?

Although there's optimism in some circles due to current stronger market prices and an increase in cattle feeding, it's a little early for cattlemen to begin cheering. This is the opinion of Dr. Ed Uvacek,

livestock marketing specialist for the Texas Agricultural Extension Service. In fact, producers may be in for another drop in market prices as the year moves along.

What are the reasons for Uvacek's gloomy outlook?

First of all, the supply of grain-fed beef should increase during the second half of the year. Fed cattle marketings are expected to be about nine per cent larger during the last six months of 1975 than during the first half of the year.

Increased cow liquidations will also boost the total beef supply. He expects cow slaughter to increase 42 per cent during the last half of 1975 compared to the first six months of the year.

More beef will also result from large kills of non-fed steers and heifers and calves. Slaughter of non-fed steers and heifers is expected to be up 62 per cent during the last half of the year while calf slaughter should be up almost 70 per cent.

Cow-calf producers are loaded with calves that they will be marketing this summer and fall. Many of them will be moving to feedlots, but the expected overflow is sure to bring feeder prices down.

### Texico School Board Slates Tuesday Meet

Jim Pierce, superintendent of Texico Schools, reports that a meeting of the Texico Board of Education has been scheduled for Tuesday, July 8, at 8 p.m. MDT in the high school building.

Any changes necessary in the 1975-76 school budget will be made at this time, according to Pierce.

Any other business coming before the Board will be reviewed.

### It's Possible Now

With present knowledge more than 100,000 additional lives could be saved yearly from cancer if everybody acted on the American Cancer Society's advice to seek early diagnosis and prompt treatment. ACS also says: Get an annual health checkup.

The final games of the 1975 baseball season in the Twin Cities were played Monday, June 30, with the All-Star Team being named following the first game of the evening.

Named to the All-Star Team were Allen Hall, Clint Stone and Joel Edwards of Kelly Green; Ricky Foreman, Todd Meeks and Blake Buchenau of Aldridge Insurance; Randy Herington, Brent Green and Steve Smith of Worley Grain; and Waverly Coates, John Scott, Boyd White, Mac Langford and Monty Powell of Tide. Alternates named were David Daniel and Mike Arnold.

In releasing Major League scores for the past two weeks of action, it is revealed that on June 19 Tide Products zapped Aldridge Insurance 25-6 while Worley took a six-run win over Kelly Green, 20-14.

Action June 26 saw Tide slam Kelly Green 41-26. Worley Grain towered over Aldridge 24-4.

In a make-up game played June 28, Kelly Green skipped by Aldridge 12-6 and Tide slapped Worley 37-18.

In final game action Monday, June 30, Worley walked by Kelly Green 47-22. Aldridge and Tide also met in a tilt but scores for the game were unavailable.

In Pee Wee action played June 28, Gifford Hill blasted Citizens Bank 25-6 and Sherry-Anderson-Pitman slipped by Interstate Fertilizer 16-11.

A complete wrap-up of the 1975 season will be published in the next issue of the Tribune.

The fastest selling record of all time is "John Fitzgerald Kennedy--A Memorial Album." It sold four million copies at 99¢ in six days.

## Local Lions, Families Attend International Confab In Dallas

Seven members of the Texico-Farwell Lions Club represented the local organization and the New Mexico Lions at the 1975 International Convention held June 24-28 in Dallas.

During the convention there were business sessions, elections and seminars during which the status of the international organization was discussed and plans for future years were reviewed.

Announcement was made that the 1975 New Mexico Roadrunner Trading Pin was awarded first place for the second consecutive year during judging of pins representing clubs throughout the world.

Special activities had been planned for the ladies and children attending the convention. Among the events planned for the more than 30,000

persons attending the convention was the Annual International Parade.

Among the entries viewed by parade watchers was the Lovington High School Band, representing the New Mexico Lions; the state Roadrunner float, which was pulled to Dallas by the local delegation; and a marching unit of approximately 60 New Mexico Lions, their wives and families. Also entered in the parade was the Texico-Farwell official vehicle, a purple and gold pickup.

Attending the convention from Texico-Farwell were Mr. and Mrs. James Craig, Mr. and Mrs. Lee Hutchins, Geretta, Carl and Daniel, Mr. and Mrs. E. C. "Red" Prather and Debbie, Mr. and Mrs. Johnny Curtis, Sherri and Kristi, Hal Helton and Jim Walker.

## Salad Days Are Here Again

What's in a salad? Fresh-from-the-garden taste, good nutrition and wise economy because of the abundance of fresh produce in local markets. And best of all, there's that smooth, creamy salad dressing with just the right blend of flavorings to bring out the best in those salad greens.

It's the dressing prepared with new ranch style salad dressing mix featuring all of the traditional qualities associated with the Good Seasons family of mixes. Ranch style tastes better and costs less than the leading brand currently on store shelves.

The contents of a packet of ranch style salad dressing mix

is blended with mayonnaise and buttermilk to make 1 quart of prepared dressing. Or instead of buttermilk, use 1 cup sour cream and 1 cup milk. See recipe on package for a delicious dip.

Leftovers can be refrigerated for three to four weeks. Simply stir just before using. Enjoy it with salads, baked potatoes, hamburgers, vegetables, and as a sandwich spread.

### FIRE CALLS

Neither the Texico nor Farwell volunteer fire departments reported any calls for the fire trucks or emergency vehicles during the past week.

# IF YOUR COMPANY ISN'T PROVIDING FOR YOUR RETIREMENT, WHO IS? the \$1,500 tax break

If you're employed and not participating in a private or governmental retirement plan (Social Security doesn't count) you are eligible to start one of your own.

This new plan is known as the Individual Retirement Savings Account. You are entitled to contribute up to 15% of your annual salary, or \$1,500 (whichever is less).

New Pension Act  
Enables Millions  
of Working Americans  
Currently Not Covered  
By Any Retirement  
Plan to Set Up  
Their Own Tax-Favored  
Retirement Account.

# the \$7,500 tax break

If you are self-employed and do not have a retirement plan, then you can start a tax-sheltered plan of your own.

This new plan is known as Keogh HR 10. You may contribute up to 15% of your earned income or \$7,500 (whichever is less).

## BOTH PLANS ARE TAX SHELTERED!

You can claim your contribution to either plan as a deduction on your federal and state income tax returns. In the meantime, the money in your account will grow tax sheltered. No income tax will be due until the funds are paid out to you, and FIRST FEDERAL pays the highest rate for which the amount qualifies.

FIRST FEDERAL offers both these plans without charging fees or commissions. Call or come in and talk it over with the Savings Counselor at the FIRST FEDERAL office nearest you . . . or send in the coupon below.

**SENIOR CITIZENS FORUM** -- The Third Annual Curry County Senior Citizens Forum was conducted Monday, June 30, at Baxter Hall in Clovis. Among the attendants for the forum was Ebb Randol of Texico, left, president of the local Senior Citizens organization. Aiding with the planning of the forum was Ruby Goforth of Texico, center, administrative assistant of the Eastern Plains Area Agency on Aging. Keynote speaker for the forum was Cecil Daniels, left, New Mexico State Representative of Senator Pete Domenici. The forum attracted over 100 persons and main topic of the meeting was "The Rights and Obligations of Senior Citizens."

**Third Annual - -**

**Senior Citizens Forum  
Attracts Over 100 Persons**

The Third Annual Curry County Forum for Older Americans was held Monday, June 30, at Baxter Hall in Clovis during which the rights and obligations of senior citizens were reviewed.

Welcoming guests and serving as mistress of ceremonies was Alice Converse, Executive Director of the Curry County Council on Aging.

Before a crowd of more than 100, Miss Converse introduced Rachel Jones, Director of Older Adults for Curry County; W. E. Taylor, Director of the Eastern Plains Area Agency on Aging; and several other persons who had helped in preparing the forum.

Following a talk on "America's Frontiers" by Miss Converse, a seven-minute film from Senator Pete Domenici was presented by Cecil Daniels, New Mexico Staff Representative of Sen. Domenici. Sen. Domenici explained to the people his plans for the future as well as what he has done in the past for elderly New Mexicans.

Keynote address for the session was then presented by Daniels.

Joe Griego of Albuquerque, FHA representative, then spoke on senior citizen housing prior to a talk by Lt. Gov. Robert Ferguson.

Lee Pittard, state administrative assistant, was next speaker followed by Judy Bonem, Director of Social Services, whose topic was "Home-care Services."

"Soundness of Social Security" by Carl Thompson, branch manager of the Social Security Office, was followed by an impromptu speech by Representative H. B. "Barney" Barnard. Rep. Barnard conducted a question and answer period during which the majority of questions related to how bills are

submitted to the legislature. Norma Redus, Director of the Public Assistance Program, then presented "Food Stamp Program: Why, Who, When, Where."

Next on the agenda was a group discussion on the rights and obligations of senior citizens. It was reported that in 1961 the White House Conference on Aging presented a list of the rights and obligations.

In naming the rights of senior citizens the conference declared: Each of our senior citizens, regardless of race, color, or creed is entitled to 1. the right to be useful; 2. the right to obtain employment, based on merit; 3. the right to freedom from want in old age; 4. the right to a fair share of the community's recreational, education, and medical resources;

Also, 5. the right to obtain decent housing suited to needs of later years; 6. the right to the moral and financial support of one's family so far as is consistent with the best interest of the family; 7. the right to live independently, as one chooses; 8. the right to live and die with dignity; and 9. the right of access to all knowledge as available on how to improve the later years of life.

In listing the obligations of the aging, the following was determined: The aging, by availing themselves of educational opportunities, should endeavor to assume the following obligations to the best of their ability: 1. the obligation of each citizen to prepare himself to become and resolve to remain active, alert, capable, self-supporting, and useful so long as health and circumstances permit and to plan for ultimate retirement; 2. the obligation to learn and apply sound principles of physical and mental health; 3. the

obligation to seek and develop potential avenues of service in the years after retirement;

And, 4. the obligation to make available the benefits of his experience and knowledge; 5. the obligation to endeavor to make himself adaptable to the changes added years will bring; and 6. the obligation to attempt to maintain such relationship with family, neighbors, and friends as will make him a respected and valued counselor throughout his later years.

During the lunch break of the forum, which was sponsored by the Curry County Council on Aging, Inc., the Senior Citizens Kitchen Band performed. Lunch was provided courtesy of the American Association of Retired Persons and the Clovis Senior Citizens.

**Local Businesses  
To Close July 4**

Several local businesses have indicated that they will be closed Friday (today), July 4, to observe the 199th celebration of Independence Day.

Among the offices to be closed are both the Texico and Farwell city halls, the Farmer County offices in the Courthouse and both the Farwell and Texico post offices.

According to officials at the Farwell office, mail will be put up in boxes during the day but no mail will be delivered on routes.

It was reported by personnel at the Texico office that no mail service will be available. The office, however, will be open Saturday, July 5, from 8 a.m. until 12:30 p.m. MDT to accommodate patrons.

'Tis an emblem of the Devil in its crawling walk, and bears his colors in its changing hue.

**Billy Graham Crusade  
Preparations Underway**

A series of Christian Life and Witness Classes, a training program for the approaching West Texas Billy Graham Crusade, will be held for four consecutive weeks beginning the week of Monday, July 14-August 8.

The course, to be taught by three members of the Graham team, is offered to train counselors for the Crusade which will be held in Jones Stadium, Lubbock, Aug. 31-Sept. 7.

There is no charge for the course and everyone is welcome to attend. All those who plan to be counselors or serve in any capacity during the Crusade are urged to attend one class each week at the most convenient location.

Those attending are also asked to bring a Bible, notebook, and pen.

Dr. Graham has stated that along with prayer these classes are the most vital part of preparation for the Crusade and that all church members should avail themselves of the opportunity of taking this training.

The three members of the Graham team to conduct the course are Charles Riggs, Jack Cousins, and Tom Phillips.

Riggs is director of counseling and follow-up for the Graham Crusades and has been associated with the organization since 1952.

He is a native of Olean, N.Y., and received his education at Seattle Pacific College, Seattle, Wash. and Texas Christian University, Ft. Worth.

Riggs worked in oil fields for seven years up to 1942, and then served the next four in the Army, the last two as an officer. He became associated with the Navigators, an evangelical group, while in the Army and later served on their staff.

Cousins was active in Youth for Christ work for 16 years before joining the Graham Team in 1967. He was converted in the Air Force, graduated from John Brown University in Arkansas, and now resides in Shawnee Mission, Kan., with his wife and four children.

Phillips is Counselor and Follow-Up Advisor with the team and directs the Crusade Co-Labor Department. He comes from Corinth, Miss. and is a graduate of the University of Mississippi and Southern Seminary in Louisville, Ken.

He is presently working on a Doctors of Ministry Degree.

Chairman of the Counseling and Follow-Up Committee is Rev. Edmund Robb of Saint Luke's Methodist Church, Lubbock.

The schedule of classes is as follows:  
Mondays, 7:30 p.m., July 14, 21, 28, and August 4 -- First Christian Church, 1501 Tahoka Road, Brownfield; First United Methodist Church, 1001 W. 7th St., Plainview.  
Tuesdays, 10:00 a.m., July 15, 22, 29, and August 5 -- St. Luke's United Methodist Church, 3717-44th St., Lubbock; 7:30 p.m. -- First Assembly of God Church, 9th & Ave. G., Levelland; Oakwood Baptist Church, 60th &

Ave. U., Lubbock.  
Wednesdays, 10:00 a.m. July 16, 23, 30, and August 6 -- First Church of the Nazarene, 46th Ave. Q., Lubbock.  
Thursdays, 7:30 p.m., July 17, 24, 31, and August 7 -- Trinity Baptist Church, 2707-34th St., Lubbock; Greater St. Luke Baptist Church, 306 E. 26th St., Lubbock; First Baptist Church, 402 W. Main, Post.

Friday, 7:30 p.m., July 18, 25, and August 1, 8 -- First Christian Church, Fellowship

Hall, 2323 Broadway, Lubbock; Iglesia Bautista Arnett-Benson, 201 N. Boston, Lubbock; First Baptist Church, 400 E. 6th St., Littlefield.

Some say that mayflowers can prevent freckles.

**INSUR-MATION**

P.C. Farm Bureau Insurance  
Billy Watts Ph. 481-3395

Is there an accepted formula for determining how much life insurance I should carry?

There are several . . . one of which was derived in the Institution of Insurance Marketing: An individual should own from 3 to 5 times his annual income in life insurance and should pay premiums of 5% to 15% of his income. This allows enough flexibility to suit everyone. Once, President Lincoln was asked how long his legs were, he replied, "Just long enough to reach the ground." One should own enough insurance to provide a basic financial foundation for his family in the event of premature death and himself should he live past retirement.
