

## From Deaf Smith County Jail

# Parmer Prisoners Escape; One Recaptured In Chase

A high speed chase Tuesday night resulted in the capture of one of two men who had escaped from Deaf Smith County jail in Hereford Monday night.

Jerry Lee Persons, 24, of Naples, Fla., was apprehended following the chase but Raymundo Estraca, 26, of Bovina remains at large.

They had been incarcerated in Deaf Smith County jail awaiting trial in connection with the assault and terrorizing of a rural family north of Farwell last summer.

The escaped prisoners reportedly robbed the Carlisle Truck Wash near Hereford and stole a 1977 Oldsmobile Tuesday. En route through Friona the two men were

recognized and Parmer County Deputy Sheriff Bill Morgan was notified.

After a general alarm was issued, Texas DPS trooper Glenn Fant intercepted the car east of Farwell on Highway 84. Fant, who was en route to Muleshoe, turned around when he spotted the vehicle and the high speed chase began—sometimes at speeds of between 80-115 miles per hour.

Farwell City Marshal Ronnie Mitchell, who had also been alerted, was waiting for Estraca and Persons at the State Line Road near the railroad tracks. They whipped around Mitchell's car and proceeded toward Clovis.

Fant said the escaped prisoners passed through two road

blocks before eventually stopping their vehicle. He added that the officers at the road blocks fired at Estraca and Persons as they passed. The Texas trooper said another road block had been set up at the Clovis city limits.

Fant also said that a Curry County sheriff's deputy was waiting for the escapees halfway between Texico and Clovis and the deputy fired at the fleeing car in an attempt to stop it, but the car sped on.

During the chase to this point, Fant said, "I was driving so fast I could not free my hand from the steering wheel to roll down the window in order to shoot at the fleeing escapees."

As the chase continued, Fant

was riding almost bumper to bumper with the fleeing car, and Texico City Marshal Mickey Fenn who also had been alerted was following behind. Fant rammed the fleeing car two times from the rear and as it fishtailed, Fenn was able to pass Fant and swung his car horizontally in front of the escapees' car. Fant closed in from behind, attempting to "sandwich" Persons and Estraca between them.

However, the car with the two men slammed into Fenn's car broadside, causing both vehicles to slide into the ditch. Fant was able to skid his car to a stop about 10 feet from the collided vehicles. Just as he did so, the escapees put

their car into reverse and rammed Fant's car. As Fant saw the backup lights of the escapees' car, he fired at Estraca and Persons through his windshield. "I did not fire again then because I was afraid I might hit Mickey who was still in his car," Fant said. After the escapees rammed Fant's car, they sped around Fenn's car and were making their getaway. By that time, Fant was out of his car and he fired several more shots, but was unable to stop them.

The chase continued for another two blocks before Estraca and Persons stopped their car near the Caravan Club and proceeded to flee on foot. Several shots were again

fired. Persons sought refuge in the dumpster behind the Club, where Fant found and arrested him and turned him over to Curry County officials. Pending extradition, Persons will be transferred to Parmer County jail.

Fant said he did not know which man was driving, adding that the passenger in the car was hunched down on the floor. "It was impossible to see clearly into the car last night because the back windshield of the car was tinted," he said.

Approximately 40-60 area law enforcement officers were involved with the chase and subsequent search for Estraca; but even though they

Welfare Departments get some mighty strange letters.

The meanings are so veiled at times it takes an interpreter to decipher them even though most are scrawled in what passes as English.

The grammar used, however, would give most English teachers heart failure.

Here are some samples taken from letters of application for financial support (spelling has been corrected in some cases.):

"I am forwarding my marriage certificate and six children. I have seven, but one died, which was baptized on a half sheet of paper."

"I am writing the Welfare Department to see that my baby was born two years old. When do I get my money?"

"Mrs. Jones has not had any clothes for a year, and has been visited regularly by the preacher."

"I cannot get sick pay. I have six children. Can you tell my why?"

"I am glad to report that my husband who is missing is dead."

"This is my eighth child. What are you going to do about it?"

"Please find out for certain if my husband is dead. The man I am living with can't sleep or do anything until he knows."

"I am very much annoyed to find you have branded my son illiterate. This is a dirty lie, as I was married a week before he was born."

"In answer to your letter, I have given birth to a boy weighing 10 pounds. I hope this is satisfactory."

"I am forwarding my marriage certificate and three children. One of which is a mistake as you can see."

"My husband got his project cut off two weeks ago, and I haven't had any relief since. Why?"

"Unless I get my husband's money pretty soon, I will be forced to lead an immortal life."

"You have changed my little boy to a girl. Will this make a difference?"

"I have no children yet as my husband is a truck driver and works day and night."

"In accordance with your instructions, I have given birth to twins in the enclosed envelope."

"I want money as quickly as I can get it. I have been in bed with the same doctor for two weeks and he doesn't do me any good. If things don't improve, I will have to send for another doctor to help him."

We hope these gave you a chuckle although we are sure the original writers were in anything but a hilarious mood.

### Inspects Damage

Texas DPS Trooper Glenn Fant inspects the damage his state vehicle received Tuesday night in a high speed chase which netted the capture of one of two men who had escaped from Deaf Smith County jail in Hereford. Note the partially shown hood which was damaged when the escapees backed their car into Fant's car in an attempt to escape. Fant is pointing to a bullet hole in his windshield which occurred when he fired through it in an attempt to stop the vehicle. Following the chase Fant arrested Jerry Lee Persons, 24, of Naples Fla., in a dumpster behind the Caravan Club near Clovis. The other suspect Raymundo Estraca, 26, of Bovina, is still at large. The two men were awaiting trial on charges stemming from last summer's assault and terrorizing of a rural family north of Farwell.

## Project Christmas Card To Begin November 28

Farwell Elementary School's "Project Christmas Card" canvass is scheduled to begin November 28 and will continue for one week, ending on December 2.

All proceeds from "Project Christmas Card" will be utilized to purchase playground equipment, reports Jerry Yows, principal, adding, "the items have not been selected as yet."

Yows explained that the equipment purchased will "depend on how much money

is collected." He cited the following examples as possible choices: monkey bars, merry-go-round, swings, slides, seesaws, rings and trapeze bars.

Another project that the elementary school has been involved in is a 10-year purchase plan of the public address system. According to Yows, "we are in the seventh year of the plan."

"Project Christmas Card" was started several years ago to enable the elementary school to get some extra

things that normally would not be bought because of the expense.

To take part in the project all anyone has to do is donate all, or a portion, of the money they would normally spend to send Christmas cards locally.

In return for this donation, their names and the names of family members are included in the Christmas greeting which is published in the Christmas edition of the State Line Tribune.

Diane Atkinson and Margaret Aycock are serving as co-chairmen of this year's project. A meeting of all interested elementary school children mothers was to be

## Open House Sunday - - New Doctor, Family Arrive In Farwell

Farwell's newest residents are Dr. Robert Silva, his wife

Bobby, 14, and Elcio, 12. The family traveled Saturday from Houston—where Dr. Silva had

been a general practitioner for the past two years—to Farwell and they have been busy

settling into their new home for the past several days.

The Silva family was expected to arrive last Friday, but a few typical moving problems, such as a delayed moving van, caused a change in plans. Finally getting everything straightened out, the Silva family arrived in Farwell around midnight Saturday.

Dr. Silva spent a busy Monday getting acquainted with his new office at the Farwell Clinic and unpacking medical equipment. He officially opened his practice Tuesday.

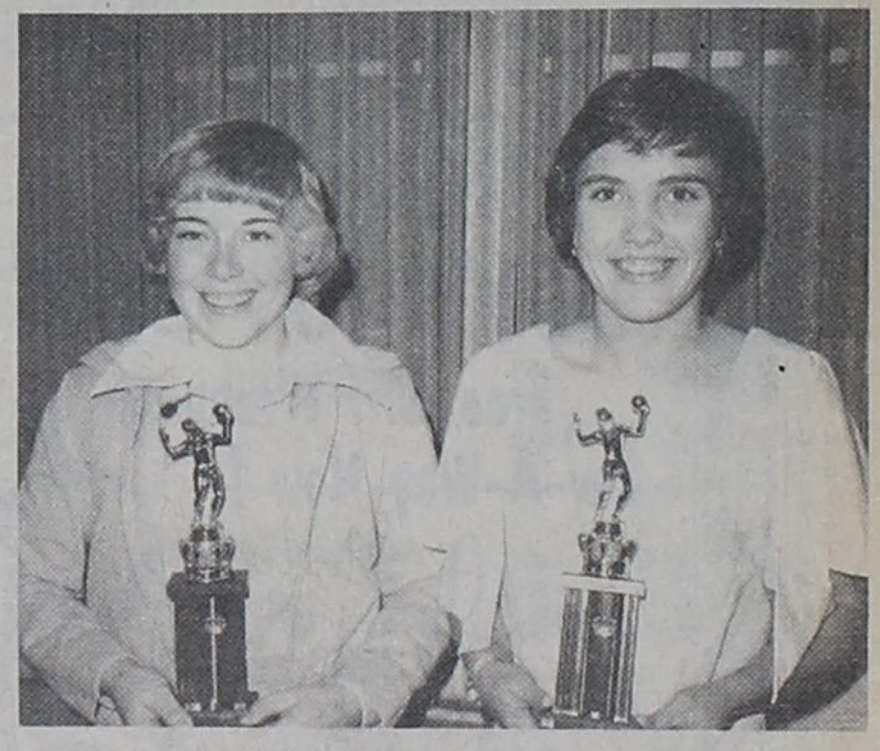

Jeannie Norris, clinic administrator, reports that Dr. Silva's hours will be 9-12 a.m. and 1-5 p.m. Monday through Friday and 9 a.m. to 1 p.m. on Saturdays.

Everyone in the Twin Cities and surrounding area will have an opportunity to meet Dr. Silva and his family this Sunday at an open house to be held at the Clinic from 1:30 to 3 p.m. CST. Members of the Hospital District Board will be on hand to introduce the Silvas and to show people around the medical facility which was remodeled and refurbished last year. See the advertisement elsewhere in the Tribune for a special invitation and further information concerning the open house and reception.

### Farwell's New Doctor

Robert N. Silva, M.D., formerly of Houston, has been busy unpacking medical equipment and supplies while settling into his new office at Farwell Medical Clinic. searched the surrounding area for hours they were unable to find Estraca. Fant said the search would continue until the suspect is apprehended.

Following Persons' arrest, several area officers including Fenn and Mitchell were involved in another chase—this time over 160 miles of dirt roads and fields. Fenn and Mitchell were riding in Fenn's car throughout the chase which began near Clovis and proceeded to Broadview, Bootleg, Friona, the Rhea Community and to the north of Clovis area before they lost the suspect. Fenn said he did not know for sure who they were chasing, but that the car had run one of the roadblocks set up for Estraca and Persons. He was not sure if Estraca was the man or not.

Fenn said he totalled his car in a bar ditch during the chase.

Persons and Estraca were to stand trial December 12 on five charges each, including two counts of felony assault, two counts burglary and one count of aggravated assault.

Parmer County Sheriff Charles Lovelace said the two men had been transferred to the Deaf Smith County jail in Hereford September 22 after damaging the cell in which they were incarcerated here. He said they were apparently trying to escape when the damage occurred.

"I thought they would be safer in Deaf Smith County jail while the damage to their cell was being repaired because they have a better security system," Lovelace said. He explained that Deaf Smith County jail has a night jailer while Farwell does not. "We have a woman dispatcher at night," Lovelace said.

## 'Rocking Chair Philosopher'

### To Speak At Methodist Church

Everyone is invited to an old fashioned Thanksgiving basket supper to be held Monday, Nov. 21, at 6 p.m. CST at the Oklahoma Lane Methodist Church. Guest speaker will be Eddy Nicholson of Lubbock, the "rocking chair philosopher."

"My overalls had so many holes in 'em when I ran I hummed" is a vivid recollection of Nicholson, who has made a success at attacking our fast moving society in a country way.

Nicholson, a college graduate with a degree in psychology, took a \$5 pair of big Mac overalls, a rocking chair and an idea and parlayed it into one of the most enjoyable, non-fattening commodities available on today's American market.

The greying Tennessean has taken the wisdom of age, home-spun philosophy, country humor and camp meeting songs and skillfully blended it in such a unique way that it has attracted national attention.

Nicholson does his entire performance in a rocking chair.

chair. Nicholson has been described as an entertainer with a point. Audiences laugh, cry, sing, and reminisce as they are led on a stroll through yesteryear - to a time when folks weren't so busy being busy.

Before they know what is happening, audiences find themselves re-evaluating priorities, and that is just what the humorist in the rocking

Nicholson's presentation "After Milking Time," which centers around a country family's activities after "milking time," has been heard at conventions, banquets, benefits, churches and other special occasions.

# THANKSGIVING

"While the earth remaineth, seedtime and harvest, and cold and heat, and summer and winter, and day and night shall not cease." Genesis 8:22

The harvest each year should remind us of God's great promise to man. This promise was made right after the great flood, from which only Noah and his Ark survived. Just prior to the flood, all men lived so evilly that it grieved the Lord that he had made man on the earth.

Today the churches stand as a bulwark against evil. Attend regularly so that never again would man grieve the Lord as before.

The Church is God's appointed agency in this world for spreading the knowledge of His Love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Final Week - -

# R. McFarland, J. Owen Tied For Football Contest Lead

There's plenty of excitement and expectation in the air as the annual Area Merchants Football Contest enters the final phase this week. As the countdown begins, two proficient prognosticators are running neck and neck for a shot at the ultimate prize, and are only one point ahead of two second place contenders.

Rusty McFarland and Jerry Dee Owen are tied for first place with 106 points each, Owen having pulled into the lead with McFarland by guessing nine games correctly this past week while McFarland only predicted eight correctly.

Liz Kaltwasser, who won first place this week, and Joe Jones each have accumulated 105 points to hold second place and a chance to unseat the top two predictors.

Last week only four talented guessers managed to call 11 games correctly. Those awarded top prizes by virtue of their tiebreaker scores were Liz Kaltwasser who took first as she was 27 points off the tiebreaker; Jim Walker, sec-

ond, who was 34 points off the tiebreaker; and Carlton Newell, third who was off on the tiebreaker by 39 points.

The only other contestant to call 11 correct games—Pauletta Curtis—missed the tiebreaker by 44 points.

A 100 percent score was impossible in last week's guessing game as one of the 12 games ended in a tie.

Several contestants did correctly guess 10 games, including Johnny Curtis, Charles Dannheim, David Dannheim, Lorine Dannheim, Jenoyce Ford, Ray Ford, Dondra Gerles, Dwight Green, Greg Hromas, T. J. Kittrell, Mack Langford, Shirley Langford, Edward Lingnau, Bernice Norton, Frances Norton, Albert Smith, and Kayle Watts.

McFarland captured the lead during the second week of the annual guessing game and has steadily maintained it, usually by a slim margin of one point, until last week when Owen moved from second place to first.

In third with 102 points are

Leon Langford, Ray Norton, Mark Owen, Champ Porter and Steven Smith.

In fourth place are Carl Dean Goetsch, Jack Allan Kirkland and Albert Smith with 101 points each. Five hold down fifth place with 100 points each—Lorine Dannheim, Don Gerles, Dondra Gerles, Greg Hromas and Leigh Ann Kirkland.

An interesting development to ponder thus far into the contest is that all of the overall leaders—from first spot to fifth—have already accumulated more total points than last year's winners who each

amassed only 96 to claim the top prizes. No doubt about it, local Sunday morning quarterbacks are definitely getting better and better with each passing week.

And who can blame them as the "carrot" being dangled in front of the contestants are two tickets to either the Cotton Bowl or Sun Bowl and \$50; and two tickets to the Sun Bowl and \$25. And just as important is the thrill of being a part of the weekly guessing quiz and never knowing for sure who will come up with the magical winning combination.

## Runoff Election Set Dec. 10

Governor Dolph Briscoe has designated Saturday, Dec. 10, as the date for the runoff election to determine the 31st Senatorial District seat vacated by Max Sherman.

State Rep. Bob Simpson, a Democrat from Amarillo, and former U. S. Rep. Bob Price, a Republican from Pampa, will face each other in the runoff election.

In the special election held last Tuesday, Simpson and Price gained more votes than the other three candidates to qualify for the runoff. Simpson finished with 8,777 votes and Price received 6,908 to take second place. Approximately 20 percent of the voters in the 26-county district turned out to vote in the election.

Absentee voting in the district will begin November 30 and continue until December 6. The winner will fill the

unexpired term of Sherman, who resigned to assume the presidency at West Texas State University.

Simpson represents the 65th Legislative District in the Texas House of Representatives. In the event that he wins the runoff election, an

election will be held to fill his vacated seat in the House, where he is currently serving his second two-year term.

Price, a rancher, previously represented the Texas Panhandle in the U. S. House of Representatives for eight years.

# Cotton Harvest Halfway Point

Cotton harvest in Parmer County which began in September is expected to reach the halfway point by today (Friday) reports Mack Heald, Parmer County Agriculture Agent.

As of November 11, 17,451 bales of cotton had been ginned in the county. Heald said that cotton farmers are now looking for warm weather in order that they might conclude the harvest.

He said the recent "trace of moisture" received county wide slowed down the harvest a little, but otherwise did not affect it adversely.

While Heald was unsure as to how much longer cotton would continue to be harvested in the county, he did say he expected it to last for several weeks, possibly up to Christmas time.

Heald said that several weeks ago the big debate among cotton farmers was whether to wait for a freeze or to defoliate their cotton plants with chemicals. He said some waited for a freeze while others used chemicals.

The county agent said he expected the stripping to proceed at a faster pace during the final half of the harvest. According to him the first bales began arriving at the local gins during the latter part of September.

Heald indicated that 34,000 acres of cotton are being harvested in the county as opposed to only 17,000 in 1976. He said the cotton crop expansion came about this year because the prices are good and it is more profitable to grow than grain crops.

In commenting on other county crops, Heald said that the corn, soybean and grain sorghum harvests were finished, but that sugar beets and late carrots remained to be

harvested. He also said that the dryland wheat which has been planted needs water. "It's the same story," he said, "certain crops growing at the same time need the moisture while others need the dry weather."

J. J. McDonald, assistant manager of Nickels Gin in Farwell, said they have ginned about 1000 bales of cotton since a new management took over the gin at the beginning of this month. He said he expects they will be "ginning until the first of the year."

McDonald said the harvest had about reached the halfway point. He described the cotton harvest as "better than normal" and called the market price about "level."

## This I Know - - -

by Leonard Harper  
Minister  
Farwell Church of Christ

There are two general concepts of life. One is expressed in the following words: "Let us eat, drink, and be merry for tomorrow we may die." This is the hopeless, materialistic view of living by bread alone, and it brings no real joy or lasting satisfaction into the lives of the multitudes who follow it. The fruit of this concept is strong proof of its empty, unwholesome, and hopeless nature. It does not and cannot satisfy the eternal hunger of the inner man. Contrariwise, it actually causes doubt, despair, frustration, and all related mental and spiritual disturbances. There is a better way open to all mankind.

Christ, during the time of his public teaching, took notice of this problem. He knew that a materialistic view of life was not good for people, but that the way to personal joy and fulfillment lay in the opposite direction. Therefore, he repeated and gave added emphasis to an age-old truth when he said, "Man shall not live by bread alone, but by every word that proceeds from the mouth of God." This is the only way to happy, useful, and satisfactory living.

Many people who are well fed are actually starving to death, because they provide well for the physical man but make no provision for the spiritual man to supply his needs. WE CANNOT LIVE BY BREAD ALONE.

## G.L. Medleys Have 60th Anniversary

Mr. and Mrs. G. L. Medley of Farwell observed their 60th wedding anniversary over the weekend when family members gathered at their home for a reunion. Their anniversary was actually Tuesday, but they celebrated the occasion when more family members could be present.

Many of their guests arrived on Saturday and they all attended church together Sunday at the Church of Christ in Farwell.

A highlight of the occasion was the presentation of three volumes of pictures of the Medleys' married life given to the couple by a daughter, Mrs. Bennie Christian of Odessa. She had taken "60 years of pictures" of the couple and their children and various family activities to put together the special picture albums.

Among those present for the celebration were Mr. and Mrs. Jack Medley and Mr. and Mrs. Mike Medley, Bryan and Angela of Oklahoma City; Mr. and Mrs. Bill Medley, David, Debbie and Timmie and Mr. and Mrs. Kenneth Nutt, all of Amarillo; Mr. and Mrs. Bennie Christian and Jane of Odessa; Mr. and Mrs. Neil Hendrickson, Donnie and Steve Powell of Farwell;

Also, Mrs. Richard Ketcherside, Mr. and Mrs. Lee Nutt and Calvin, Mr. and Mrs. Randy Ashley, Mr. and Mrs. Johnny Fleming, Sandra and Renee, and Mr. and Mrs. Jerrel Tunnell, all of Clovis; and Mr. and Mrs. Gregg Fleming of Borger.

### Visits Grandson

Mrs. J.B. Benderman of Texico planned to go to Albuquerque sometime this week to stay a few days with her grandson, Tommy Harlan, who has been seriously ill for several months. She will also be visiting her daughter and son-in-law, the Bill Harlans from Spain, who are also in Albuquerque at this time.

### Attend Funeral

Mr. and Mrs. Claud Heath of Farwell, accompanied by Mrs. Harvey Hudnall of Farwell and Mrs. Sue Harmon of Portales attended the funeral of Mrs. Heath's brother, Cleotis McClain, November 12.

Mr. McClain, who lived in Shawnee, Okla., died November 9 and was 73 years of age. He had lived in Shawnee all of his life except for the year of 1926 when he lived at Lazbuddie and farmed with the Heaths.

### Club Meets

Oklahoma Lane Variety Club met recently in the home of Mrs. Charley Eubanks. The members did handwork, and refreshments were served to Mrs. Grissom and Lola, Garner Briscoe and Cora McGuire.

The next meeting will be the Christmas party to be held at the home of Janie Sides in Hereford.

MR. AND MRS. G.L. MEDLEY

With Christmas shopping upon us, now might be a good time to increase our awareness of misleading sales practices.

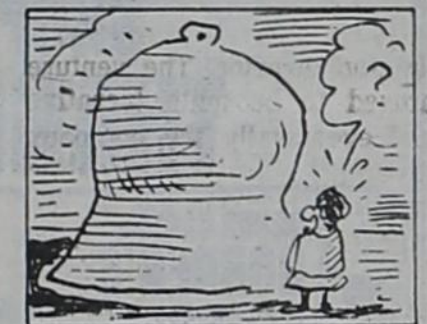

Some "sold out" sales deceive consumers—others are "on the level."

Texas law defines the difference, and consumers can use it to avoid being misled.

The Texas Deceptive Trade Practices Act requires retailers to have a reasonable quantity of an advertised sale item to meet the expected public demand. Also, under it, stores can advertise that a "limited quantity" of the item is available at the reduced price.

Consumers who try to buy at the end of a sale may just be out of luck if the reasonable quantity has already been sold out.

Many stores, just as a goodwill measure, will offer rain checks or substitute another item for a sold-out

The largest bell ever cast is the Czar Kolokol in Moscow, weighing 200 tons. Though it was made in 1733, it has never been rung.

sale item, but neither action is required.

However, for consumers who go to a sale early and cannot buy the advertised item, then it is time to complain to the store manager.

Consumers also should be wary of "bait and switch" tactics by salesmen who try to interest them in a higher-priced item when a sales item is "sold out."

The bait was the low-priced advertised special—don't be switched to a higher-priced item.

"Bait and switch" is illegal and should be reported to the Texas Attorney General's Office.

One important point to remember is the retailer's intent. If he has not tried to mislead consumers and had a reasonable quantity available, then the retailer has met his obligation.

On the other hand, if the retailer intended to mislead and deceive, then this is a violation of the Texas Deceptive Trade Practices Act.

For more information about advertising, call the Consumer Protection Division of the Attorney General's Office—toll free at 800-252-9236, or write them at P. O. Box 12548, Austin, Texas 78711.

## Diabetes Detection Clinic Saturday In Clovis

Diabetes testing will be done at the Fellowship Hall of the Central Christian Church at 14th and Mitchell, Clovis on Saturday, Nov. 19, from 9 a.m. to 2 p.m. MST.

You may have diabetes and not even know it. That's the theme of the American Diabetes detection program. The aim is to get every citizen in the community to take advantage of a free, one-minute test for diabetes. Especially sought are persons in the high risk groups—those most likely to have diabetes and not know it. They are:

Persons past 40 years of age.

Persons who are overweight. Persons who are blood relatives of diabetics.

Women who have given birth to big babies.

Testing is recommended for all high risk persons, even those who recently have had physical examinations, since blood glucose abnormalities can occur at any time.

The new detection technique uses a drop of fingertip blood and takes but a minute. The blood is blotted onto a small patch of paper or a plastic strip which has been treated

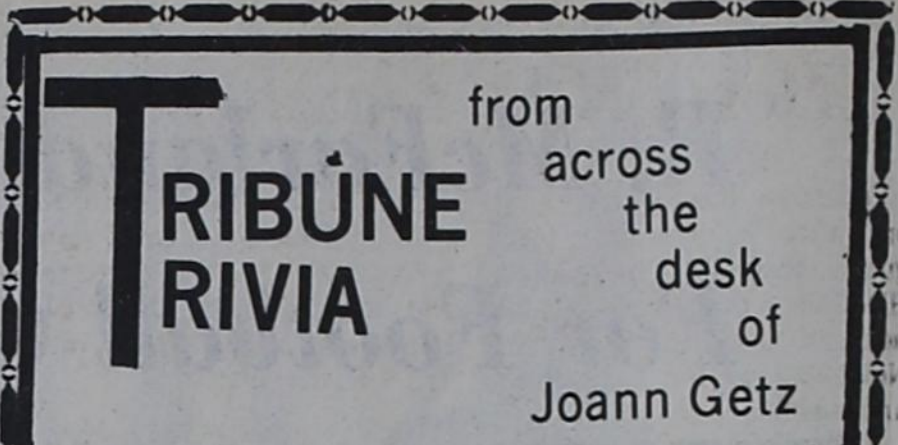

with chemicals that are sensitive to sugar in the blood.

The diabetes testing is done free, safely and quickly by highly skilled and experienced medical personnel—much like hypertension or cancer testing. Those who are tested and are found to have too much sugar in their blood are referred to their own private physicians for further testing.

Similar diabetes screening programs held in most of the states have uncovered thousands of "unknown diabetics," persons who had diabetes and didn't know it.

By the time one of the complications of diabetes strikes—coma, blindness, numbing of a leg due to hardened arteries, etc.—the diabetes may be far advanced. Diabetes that is detected and brought under control early can be controlled with diet or with diet and medication. A controlled diabetic can lead a relatively normal and productive life.

The Saturday clinic is jointly sponsored by the Curry County Unit of the American Diabetes Association and the New Mexico Association.

**MEN'S HAIRSTYLES:** Latest predictions about men's hairstyles indicate there soon will be little difference between civilian and soldier hair fashions, announced Lieutenant Colonel Nicolas Vay, Army recruiting Commander for New Mexico and west Texas.

Sandy Kosherick, editor of Professional Men's Hairstyling Magazine, says that men's hair this year will be one to one and one-half inches in length. "Tapered at the sides and longer in back, the fashionable male's hair will clear his collar," predicts the editor.

Sideburns, too, are inching up, according to the publication read by men's barbers around the country. Sideburns are likely not to extend below the middle of the ear.

According to Colonel Vay, all of this sounds similar to present hairstyle regulations for soldiers in the Army. The regulations say: "Hair is to be neatly trimmed, and may not extend downward beyond the lowest part of the exterior ear opening."

Mustaches continue popular among civilian men, and mustaches are permitted in the Army. Regulations require only that they "be kept neatly trimmed and that no portions extending beyond the corners of the mouth will fall below a line parallel with the bottom of the lower lip."

## Convalescent Center Chit Chat

As Reported by the Center Staff

Rev. Herman Schelter, pastor of St. John Lutheran Church, Lariat, conducted Sunday afternoon worship services on November 6. Rev. Dudley Bristow, pastor of the First Baptist Church in Farwell, held services this past Sunday. In addition to the residents a large crowd of visitors also attended.

Nora Edens was admitted to the hospital in Friona. Everyone hopes she will get well soon and return home. A "little birdie" said that Christa Gohlke is recuperating nicely and hopes to return as soon as she is able to. All miss the cheerfulness of these two women.

Laura Jacobs, assistant Parmer County agent, and members of her 4-H groups donated the cakes and treats that were left over from the recent bake sale they had.

Floie Copeland, activities director, said she appreciates Gladys Kaltwasser and the other women of the First Baptist Church in Farwell who

conducted the weekly Wednesday devotionals for the residents. Mrs. Copeland also said that Mrs. Kaltwasser did a "great job of filling in as leader of the exercise class while I was gone last week." Mrs. Copeland said she appreciates all the efforts of the Auxiliary during her absence.

Next week Mrs. Copeland, along with Dora Nittler, administrator, and Jo Geuther, center nurse, will be in Houston for the National Nursing Home Association convention. Dr. Joyce Brothers will be the featured speaker. Mrs. Copeland reports that Don Brewer, lessee of the Center, was recently elected president of the National Nursing Home Association.

Jean Brown and Alvenia Cox presided over the weekly bingo session in which Bobby Hix and Maude Wilson emerged as the top winners—with two games each.

Everyone was glad to see Madge Peiman Saturday. She

returned for a visit after being gone for several weeks.

Sherry Curtis and her Girl Scout troops are already planning to furnish a Christmas tree complete with handmade decorations. Plans call for the residents to help with making the decorations and in trimming the tree.

The Farwell 7th grade music class will present a program December 15 at 10:45 a.m. CST.

Instead of a quote this week Mrs. Copeland has submitted the following Chinese proverb: "Dig a well before you are thirsty."

Everyone is saddened by the loss of Rufus Carter and Sadie Campbell. They will be missed by all, said Mrs. Copeland.

The ice cream sundae is said to have originated about 1897 in the Red Cross Pharmacy, in Ithaca, N.Y.

## Robert Silvas Embark On New Life In Farwell

by Shirley Gorman

Dr. Robert Silva, who opened his medical practice in Farwell on Tuesday of this week, jokingly describes himself as a "young old doctor." Silva decided to enter medical school at the age of 33 and he has been practicing medicine since May of last year.

The new doctor is indeed an interesting man who has lived a varied life -- from birth in a small town in Brazil to a new home and promise of a new life in the small community of Farwell.

Silva's father was the only pharmacist in the small town where he was born, population 800. "Sometimes I accompanied him when he made his deliveries," Silva said.

He was 21 years old when he left Brazil for the United States. He arrived in Washington, D.C., in the year 1961 -- the year of John F. Kennedy's inauguration. Silva intended to become a minister of the Seventh Day Adventist Church and that is why he first chose to come to the United States to study.

He received a Bachelor of Arts in theology from Columbia Union College and a Bachelor of Divinity degree from Andrews University. The latter degree required three years of graduate study which Silva completed on a scholarship from CUC.

Before entering Columbia Union College, Silva met his wife-to-be Maria in church. At that time she was a senior at the same university Silva was planning to enter. "Maria lacked eight hours having a degree in business administration, but she never finished," he said.

Mrs. Silva was born in Cuba and came to America in 1957. "When I first came to America I could speak a little English," Silva said, "but it was Maria who first taught me the correct pronunciation of American words."

For a time he served as a minister in Brazil, then he took a job with an insurance company and worked his way to the position of administrator and director. The venture proved to be quite lucrative and eventually the company expanded by incorporating another company into its organization.

But even though Silva had carved a successful niche for himself and his family in the insurance business he was not happy. "I was not trained for that work and I felt as if I was

not really accomplishing what I should be doing," he said.

Another change was in the making for the Silva family. Since Mrs. Silva's parents lived in Miami, Fla., they decided to visit them one Christmas holiday. After a few days Silva had to return to Brazil, but his family stayed in Miami for a few weeks.

Later as they were reunited in Miami, Silva said they both realized that they should remain in America. "We felt as if our home were really here," Silva said.

While living in Miami, Silva became the personnel director of a large textile company. "I spent most of the time between 8 and 5 interviewing job applicants," Silva said, "but I was not happy. Again this was not a job I was trained to do."

The true turning point came when Silva read a book about Sigmund Freud's life entitled "Passions of the Mind." "The book impressed me so that I decided to go to school to become a psychiatrist," he said.

So at age 33, Silva decided to go to medical school. While in Miami he attended Miami-Dade Junior College, taking pre-med courses. Following the decision to return to school, Silva entered the University of Monterrey where he completed nine semesters and two years of rotating internship.

"I worked in different departments in the hospital during my internship," he said. Gradually, while attend-

ing medical school, Silva came to realize that he wanted to concentrate on clinical medicine rather than psychiatry.

In order to become licensed to practice in America Silva had to take an Educational Commission Exam for Foreign Medical School graduates and the FLEX exam.

Following graduating from the University of Monterrey, Silva and his family returned to America where he became associated with the Yale Clinic and Hospital in Houston.

Once again Silva came to realize he was not completely happy living in a large city. They decided to seek a position in a small community--preferably one about 1100 in population--and the rest is history.

Silva, who describes himself as a conservative man, said they are happy to be living in Farwell. "Everyone is so nice and kind to us," he said. "I am so looking forward to raising my boys here. In Houston there were just too many things to worry about."

The Silvas have two boys: Bobby, 14, an eighth grader; and Elcio, 12 who is in the seventh grade. They also have two dogs, an Irish Setter and a Brittany Spaniel.

Dr. Silva likes the outdoors and he cites fishing as one of his favorite pastimes. "Looking out from my window at home and seeing a corn field growing across the road is a treat for me," he said. The doctor also likes soccer and he says they are great fans of the Cowboys."

The Board of Directors of the Farwell Hospital District invites you to meet Robert N. Silva M.D. and family Sunday, November 20 1:30 - 3:00 p.m. cst Farwell Clinic 301 3rd Street

# Steers Demolish Wolverines In Final Gridiron Warfare

A well-functioning Farwell Steer football team demolished the Springlake-Earth Wolverines, 48-0, the second defensive shutout in a row-Friday night before an excited and jubilant home crowd. The big win was a bit of compensation for an otherwise disappointing season.

The Steers, who were pre-season favorites in District 3-A, ended the year 6-4 overall and 3-2 in district. Springlake-Earth dropped to 2-8 and 1-4.

Farwell ate up the turf Friday night, rushing for 375 yards and passing for 41, while managing to hold the Wolverines to 65 rushing and 17 passing.

The Blue and White romped to a 41-0 halftime lead and at that point the first string players bowed out in order for the younger players to have an opportunity to play. The seniors played on defense in the second half.

Ten seniors played their final game Friday night, including Keevin Kelley, Russ Jones, Vick Christian, Tim Norton, Steve Hargrove, Dan Geuther, Richard Yruegas, Clay Roberts, Rusty McFarland and Carlos Lucio.

Farwell scored on its first possession of the night with five minutes left in the first quarter. The drive began on the Steer 45 and concluded nine plays later when Russ Jones, quarterback, fired an 11-yard aerial to Rowdy Chandler who went in for the score. The PAT kick was faked and Chandler attempted to run in for the two, but he was stopped short of the mark and the Steers had to settle for an early 6-0 lead.

Following a Springlake-Earth punt the Steers took the pigskin on the Wolverine 40. The Steers provided some fancy footwork and expert maneuverings on the next play as Jones pitched the ball to Max Lonsdale who in turn passed the pigskin to Rowdy Chandler waiting on the Wolverine 10. On the next play Christian headed for pay dirt. Robin Roberts kicked the extra point and Farwell increased its lead to 13-0.

After a Springlake punt the Steers took over on their 44. With less than three minutes remaining in the first act they moved the ball to the 30 before time ran out. In the opening

seconds of the second stanza Christian and Benny Yruegas carried the ball to the five with runs of 10 and 15 yards, respectively. Keevin Kelley dashed in from the one and Farwell increased its lead to 20-0. Roberts added the extra point, giving the Steers a 21-0 bulge.

The visiting Wolverines took the ball on their own 25. On the first play from scrimmage Tim Norton smeared the Springlake quarterback for a 15-yard loss and D. D. Foster caused a Wolverine fumble when he leaped high into the air to deflect a Springlake pass.

Kelley then bounded four yards for pay dirt, giving the Steers a 26-0 edge over their conference rivals. Roberts added the PAT and Farwell went ahead 27-0.

A Roberts' kick gave the Wolverines the ball deep in their own territory, but they were unable to sustain a drive and the Steers took over following a punt from the end zone.

The Blue and White took the pigskin on the Wolverine 41 and seven plays later Christian zigzagged in from the six to put another six points on the board. Roberts kicked another extra point and the Steers commanded a 34-0 lead over their guests.

Springlake took over on their own 35 and on a fourth and two situation turned a fake punt into a first down. However, the efforts were to no avail as Carlos Lucio sacked the quarterback on the next play and Christian intercepted a Wolverine pass with a little over one minute remaining in the half.

With 19 seconds left Jones plunged in from the three and the Steers increased their lead to 40-0. Roberts kicked the extra point and the Blue and White retired to the dressing room with a 41-0 halftime lead.

Robin Roberts assumed the role of quarterback for the second half. Early in third stanza action the two teams exchanged fumbles three times with Springlake coming out on top with the pigskin. However, they punted after failing to make a first down.

On their next possession the Steers moved the ball to the Springlake 15 before a fumble

nixed the Blue and White's scoring hopes.

But the mighty Steers came back again a short time later to earn its final touchdown of the night. The drive began on the Farwell 49. A Springlake penalty for a face mask infraction moved the ball to the 35. Jones passed to Lonsdale who pitched the pigskin to Christian who dashed to paydirt. Roberts' kick was good and the Steers won their third district game, 48-0.

Both Farwell and Springlake exchanged fumbles again, but neither scored again and the contest ended with the Steers on top of the 48-0 decision.

## 6-4 Record - -

# Coach Whatley Lauds Steers Season Finale

"We played very well," commented head coach Van Tom Whatley, following the Steers' 48-0 thrashing of the Springlake-Earth Wolverines Friday night at Steer Stadium. "The Springlake kids were young and made mistakes and our kids wanted to win," he continued.

"We could have beaten them worse than we did, but that would not have proven anything," Whatley said. "We gave the young players a chance to see action in the second half and we let the seniors play the second half on defense because it was their last game," he commented.

For the second week in a row two Steers have been chosen as the Steer of the Week. Vick Christian and Carlos Lucio share the honors this week. "Vick carried the ball great in the first half," Whatley said, adding, "he also played his best defensive game in the secondary."

Whatley said it was fitting for Christian to be named "Steer of the Week" because "he played most of the year hurt and has developed into one of the best running backs in the country." The Steer

mentor added, "Christian did not really play ball until this year."

Christian was also named as the "outstanding running back" and "outstanding secondary man."

Lucio was given the "Steer of the Week" honors because he graded "over 90 percent on offense and defense and it was his best game blocking as an offensive lineman," Whatley said. Lucio was also named as "outstanding offensive lineman" along with Rusty McFarland, who also "played a fine game."

Rowdy Chandler was named "outstanding forcing unit man" by virtue of making 18 tackles and grading 92 percent on defense, something Whatley said is hard for a linebacker to do.

Whatley called the final victory over Springlake an "appropriate end to our season." "In the last two games we played as good as any team in our district, but it came too late to help us win a conference berth," he said.

"We are disappointed and at the same time happy with our 6-4 record," Whatley commented. "We were successful, but not as successful as we

wanted to be. However, the 8-2 and 6-4 records of the last two years are good accomplishments," he said.

Whatley said that beating Hart 3-0 was a high point for the team while crediting the loss to Shallowater as a significant low point in the season.

"I was really upset by the Shallowater loss," he said. "It was our biggest disappointment because our attitude was wrong and they managed to capitalize on our mistakes. The coaches and the players together were at fault," he continued. "It's too easy to make excuses for our overall

record," Whatley said, "but even so a few things did happen to us which curbed our effectiveness at the wrong time."

"We might have had a better season if not for illness, key injuries at the wrong time, and Russ Jones missing the first five games," Whatley said. "Russ never quite came back as strong as he was before," he continued.

Whatley said, "the important thing is that we did have a good season in spite of not doing as well in district as we had hoped. The kids are satisfied that they played to the best of their ability."

# Yearlings End Season

Farwell 7th and 8th Yearlings closed out their gridiron season Thursday night with losses to Springlake-Earth at Springlake.

The host team handed the 7th graders a 14-0 loss which drops their record to 1-7-1. The 8th Yearlings were blanked 22-0, dropping their season record to 3-7.

In the 7th grade Springlake-Earth took an 8-0 halftime lead and scored again in the final quarter to claim the shutout victory.

"We played fairly well, but we had trouble getting it together," coach Larry McDorman said. "The fumbles in the first half hurt us because they scored on one," he continued.

McDorman cited Joe Garza and Wade Kent for "outstanding offensive and defensive performances."

Concerning the overall season McDorman said, "we played better than I anticipated considering we only had 14 players in all."

The 22-0 8th Yearling loss is not a good indication of the game which was actually more evenly matched than the score portrays, McDorman said.

"We should have scored three times," he said, "but we fumbled once and another time we were blocked behind the line."

The score was 16-0 at the half and Springlake-Earth came back with another six points in the third stanza to clinch the final victory.

"Waverly Coates had another good game," McDorman said. "Brent Green blocked well on offense and defensively he intercepted a pass," he added. "As an offensive lineman Ricky Armstrong did one heck of a job." McDorman said.

"We did as well as we anticipated at the beginning of the year," McDorman said.

# Farwell Junior Varsity Blanks Springlake-Earth

Farwell Junior Varsity closed out its gridiron season last Thursday with a resounding, 28-0 victory over Springlake-Earth, upping their season record to 6-3.

Danny Underwood scored first with a six-yard run in the first quarter. Mark Owen ran in for the extra two and the JV Steers took an 8-0 lead over their Springlake-Earth counterparts.

Neither team scored in the second act and the score remained 8-0 at the half.

Mark Owen came back in the third stanza to score on a 60-yard run which put the JV ahead by another six points. He also dashed in for the extra two points to put the Farwell team on top 16-0.

In the third quarter Raul Garza bounded 40 yards to paydirt but the run for two was no good and the JV increased their lead to 22-0.

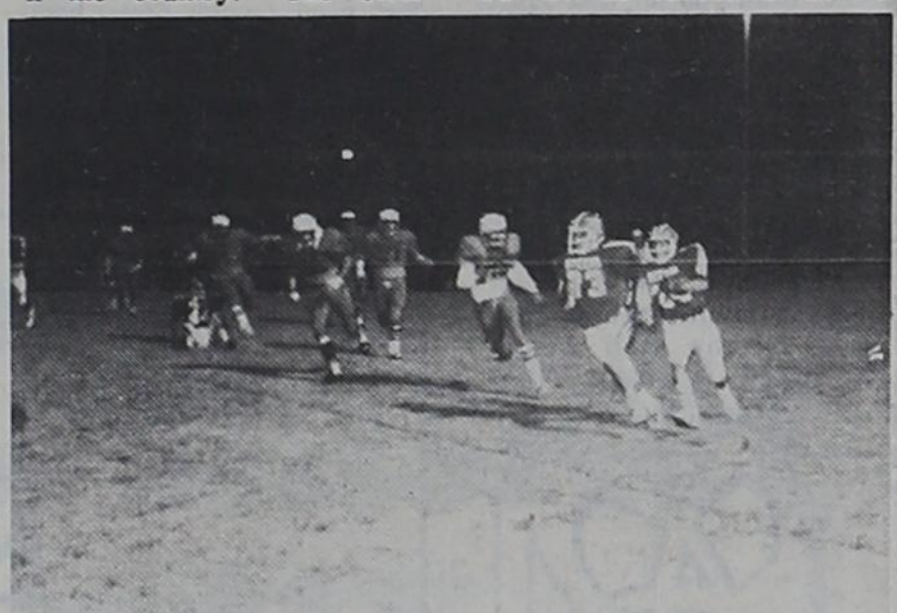

Owen rounded out the JV scores with a four-yard plunge

in the fourth act. The PAT run was no good and the game ended with the Steer JV on top of the 28-0 shutout.

Coach Royce Baker praised the following offensive players: Mark Owen, Byron Mayfield, Philip Hagler, Randy Gerries and Raul Garza. He also had praise for the following defensive players: Mike Hernandez, Willie Martin, Mack Langford, Danny Underwood, Boyd White, Craig Walls and Craig Kaltwasser.

In commenting on the past season Baker said he was proud of the 6-3 record the JV compiled. "I think they have improved the most of any JV ball club I have ever coached," he said. "It is really remarkable how much they have improved since the August two-a-day workouts."

"These boys will always win a lot of games," he continued, "because they have a lot of heart and desire."

## Follow Me

When food prices go up, farmers get the blame; however, the producer is not the villain. Remember all those predictions about white bread selling for a dollar a loaf and the farmers making a killing off wheat prices. Well, with wheat in plentiful supply, you'd think the price of bread would come down. That's not the way it works. Every wheat farmer will tell you he's not getting rich. Now when it costs more to produce than he's getting paid, particularly when wheat's selling for \$2 a bushel and it costs \$4 to produce. The USDA shows that in Sept. 1976, a 1-lb. loaf of white bread cost 35.4¢. The value of wheat in that loaf was 2.9¢. The baker-wholesaler got 24¢, and many baking firms were showing record profits.

# First National Bank Wins First In Tourney

Eight teams vied for the top spot in the Texico Outsiders Basketball Tournament staged last week and when the three-day tournament concluded First National Bank of Clovis had garnered first place.

Cannon Over 30 claimed the runner-up slot and third place honors went to Cannon Road Runners. The other teams placed as follows: Guy's Electric, fourth; J.J.'s Mobile Homes, fifth; Citizens Bank of Texico, sixth; Capitol Foods, seventh; and Kelly Green, eighth.

Bobby Hill earned the slam dunk contest honors and Roy King, who made 55 of 60, claimed the free throw championship. J.J. Mobile Home team picked up the consolation championship during the tournament.

Action got underway last Monday as Guy's Electric downed Capitol Foods, 94-81. Cannon Over 30 took Citizens Bank of Texico, 72-65, in the second game of the tournament. In game three First National Bank slammed Kelly Green, 108-46. In the final game played Monday Cannon Road Runners defeated J.J.'s Mobile Homes, 58-48.

The struggle for first place continued Tuesday night. The first game of the night pitted Cannon Over 30 against Guy's Electric with the first team beating the latter, 80-65. The first four places in the tournament were determined by the championship games played last Thursday night. First National Bank moved into first place by routing Cannon Over 30, 84-67, and Cannon Road Runners placed third with a 82-71 defeat over Guy's Electric.

The outsiders tournament was sponsored by the Texico coaches. Regular high school rules were followed. No team trophies were issued but individual trophies were given to the team who placed first and to the consolation champions.

# Injuries, Bad Breaks Blight Wolverine Gridiron Season

(Editor's Note: The first installment of the following story appeared in last week's issue of the State Line Tribune.)

by Shirley Gorman

According to Wolverine head coach Paul Topliff now that Texico is a Class A school the days of having 30 on a squad are over. He said he expects future teams to have between 22-25 members. In the current freshman class there are only 11 football players.

"First one thing and then another seemed to mar the success of the offense this year," he said. The potential was there, but facing the opposition with a different lineup and arrangement of offensive players each week did nothing to assure a winning season for the Green and White.

Topliff said the same offensive line only played together the last two games. By then most of the players were healthy again, but by then the season was almost over.

Yet in spite of it, all the players were maturing, gaining needed experience and learning to get along as a "family" unit. They were also learning the responsibility of doing a job well—or at least to

the best of their abilities.

Throughout most of the nine grid contests the Wolverines used the pass very little. Most of the offense came on running plays and with Steve Turner to call on it is hardly necessary to wonder why. Even though Turner accumulated 1160 yards in nine games, Topliff would have liked to have used the pass more. Variety is the spice of any offense and it also leads to victories, he noted.

There again Texico had its problems. The wide receivers were new and not well co-ordinated in the beginning and could not catch the ball well. Then when they began hauling in passes, the number one quarterback dropped out of the team and Texico was back to square one. When the QB situation was partially rectified the wide receivers developed timing problems.

Perhaps the biggest obstacle the Green and White had to surmount was "just realizing we could win," Topliff said. "We went into the season saying we could, but doubting it just the same."

That attitude is not really hard to understand or accept considering that the most games won in a single season in the past nine years was four. The Wolverines have never really won big since

football was reinstated at Texico but now that is their primary goal.

Another factor was that Texico—for too many years—was caught in a peculiar dilemma. They were classed as a AA school but were actually a borderline Class AA team. As a Class AA team they faced opponents from much larger schools like Jal, Hagerman and Eunice who usually pulverized them almost every time they took to the field.

For some time the Wolverines were caught in "limbo" as the school's registration barely placed them in the Class AA category. As a result, they were the smallest Class AA school and often had to travel considerable distances to face much larger and tougher opponents.

Rather than continue in the same mold the Texico School Board voted last school year to remain independent for the 1977 season. The Wolverines had no district berth to shoot for, but they did work toward what is perhaps a more important goal—a winning season. All things considered they were not too far off the mark.

Now things have changed once again. The enrollment has dropped below the cut-off mark and a recent decision of

the New Mexico Athletic Association has designated Texico as a Class A school. Next year's competition will be in District 2-A against Vaughn, Melrose and Corona. The rest of the 1978 schedule is still in the process of being finalized.

Maybe this 1977 season has not been as successful as the players, coaches and fans would have liked, but Topliff has nothing but praise for the young men who have stayed together throughout the season and for his assistant, Roy King, who coached the offensive and defensive lines. "King has done a superior job this year," Topliff said.

The players also worked hard all year, many of whom traveled the distance and then some to become effective players. Next season 11 seniors who started both ways will be gone, but a host of juniors, sophomores and freshmen are waiting to assume their positions in the 1978 lineup.

"Turner will be hard to replace both as a running back and a defensive end," Topliff said, "but if Barry Goode keeps his attitude and continues to work in the off-season he can be a good fill-in next year."

Ron Kirby, who backed up Turner as defensive end this

year, has the capability of starting in that slot next fall. "He is an intelligent kid who works hard," Topliff said. "He lacks experience but that will come next year."

Topliff said they will also miss Turner's team leadership. "He is a leader. There is no doubt about that. As a defensive end Turner was not flamboyant but he did the job well," he added. "No one could really run on his side in the game. They offered token resistance to him throughout the season."

A few of the others players who will be missed include Robert Lacy, Charlie Smith and Dusty Casey. "Lacy was an expert corner back," Topliff said. "We also utilized Lacy on offense," he said. "If he had been able to concentrate only on defense he might have had four or five interceptions to his credit."

According to Topliff, Smith and Casey were "excellent offensive linemen who blocked particularly well in the final three games."

Topliff said he expects most of the players to be back next season. Thus far only one Wolverine has dropped out. The attitude is good and the players are looking forward to next year already, he said.

The Texico coach attributes

this to several factors. First, the decision to go to Class A competition has really boosted the morale of the club. Another factor is that the Wolverines now know they can play to win. In addition, "we have learned we can hit with any ball club—comparable to our size—in the state," Topliff said.

"We had the potential this year and we proved it. We played Eunice man-to-man but in the process we also lost four starters," he added. "We can play with any team, but because of lack of depth we simply cannot fill in the spaces created by injuries."

According to Topliff, Terry Rolan is a superb tackle. He missed all but four games this year and that really hurt the Wolverines. "Next year if we are to be successful, Rolan must be healthy for all nine games," the Texico mentor said.

Topliff thinks the Wolverines have turned an important corner in their development and he believes that they can be competitive next season.

The motto of the upcoming football season still months in the future is "1978 Can Be Great." "We intend to do everything to make it so," he said.

Topliff has allowed the Wolverines no nap time as they began a five-day session of lifting weights last Monday. This week they dropped back to three days on the weights and two days of running and agility drills. He said they are not quite as strong as a team as they should be, but "we are working on it."

The off-season schedule will continue until track season at which time they will revert back to the five-day weight lifting schedule. A big bonus to the athletic department is the new weight lifting machine purchased for the school by the Texico Booster Club.

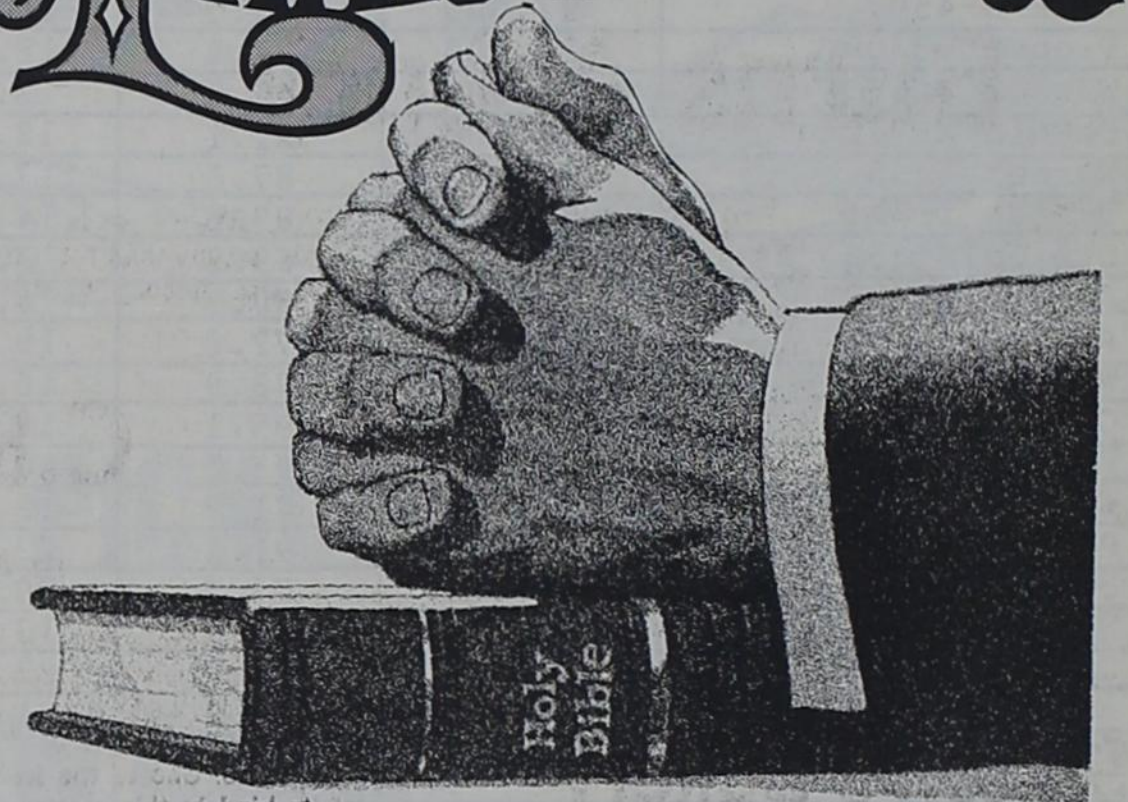

Topliff has instituted a "big brother" system whereby the seniors of next year are responsible for turning the future juniors into 1978 football players. "The kids do this themselves," Topliff said. "They know what is expected

of them and they come in during sixth period and do it without supervision," the coach said. "We have tried to instill in the kids that if they cheat on their responsibilities they are not only cheating themselves but the player next to them."

Another factor in developing a good strong team for the 1978 season is the personal letter which Topliff writes to each player. Within the framework of that letter he explains the strengths and weaknesses to each varsity player. In addition, the Texico coach also tells his players what they can do to improve themselves and the team as a whole.

To be sure the Wolverines have come a long way since 1976, but they still have quite a way to go before they can really add a winning season to their victory belt. But one thing is for certain: no matter what happens in the coming years the Green and White will be right in there scrapping it out with whatever opponent they meet.

## THANKSGIVING

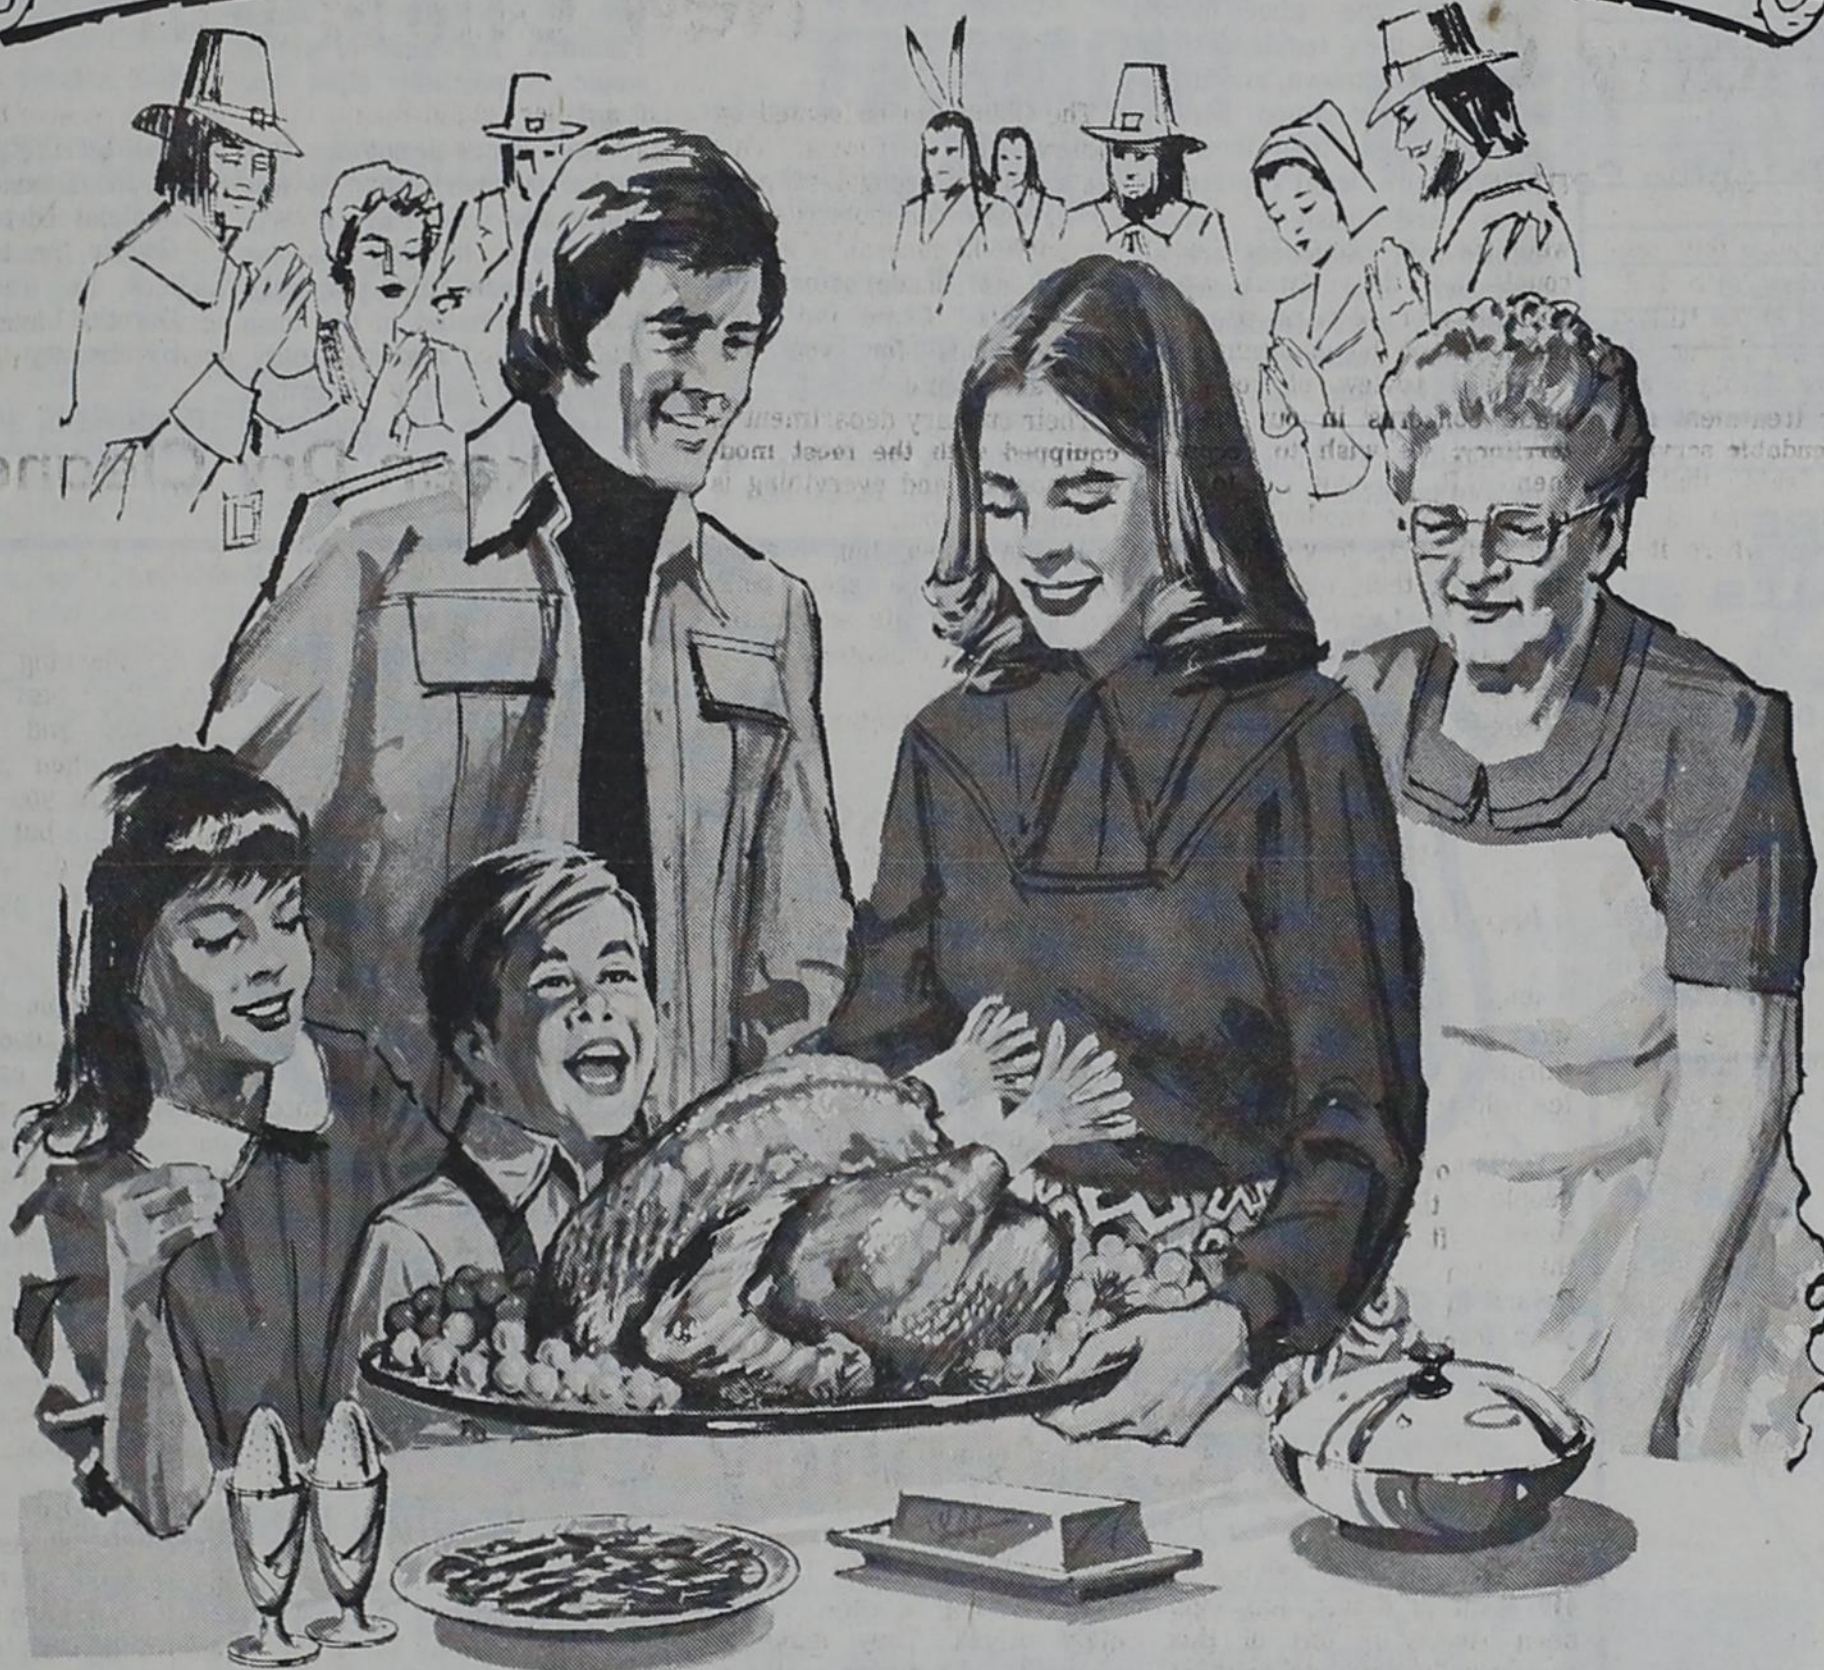

Thanksgiving Day is an event celebrated by more than one nation, and aside from being a traditional family feast day, it is intended for those of us who are more inclined to dwell on our misfortunes than on our advantages, because we are naturally more conscious of them. For example, sickness is more likely to command our attention than a state of good health. Regardless of our circumstances, we must remind ourselves of all the good things that have happened to us, and also, of all the misfortunes that we have been spared; and we should do this every day of our lives, rather than wait for a special occasion such as this. By attending the Church of your choice you will learn to recognize and be grateful for your many blessings, and thereby be better able to cope with your problems, whatever they may be.

O Lord! that lends me life, replete with thankfulness!

**CORN VARIETY TESTS**

Five corn variety demonstrations were conducted this summer in cooperation with growers at Friona, Lazbuddie and Farwell. Below are the results of the test conducted in cooperation with Snider Farms, Inc., south of Farwell. The varieties were planted on April 4 and 5 and harvested on September 9 and 12. It was irrigated six times every row and received about eight inches of rainfall.

Each of the varieties had the misfortune of contracting maize dwarf mosaic virus (MDMV) early in the growing

season. This disease caused a great deal of yield loss in the Farwell area and on certain farms near Friona and Bovina. The same situation applied to these varieties. Some of the varieties stunted worse than others. This was reflected in a total yield considerably less than what has been seen in recent years with the same variety.

The percentage figures taken on August 1 represent leaf infection only. Of the highly susceptible varieties it appears that 1% leaf infection represents 1/4% yield loss. On the moderately susceptible varieties the percent loss figure will be lower. A disease study of these hybrids was conducted with the assistance of Bob Berry, the results of which will be published later.

Articles of this type will be appearing in future issues of this paper.

**Crop, Livestock  
Reports Needed**

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff.

The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield and production of crops and end-of-the-year livestock and poultry numbers for the State of Texas and for each county.

Reliable information on what is produced, how much, and where is important to farmers, ranchers, and others in making production and marketing decisions and in providing an unbiased picture of Texas agriculture. It is also the basis for determining allotment and payment levels to producers by USDA under the various commodity programs.

Cooperation by producers is

the key to all crop and livestock estimates. Farmers and ranchers have recognized the need for accurate and timely statistics by participation in the program since its start over a century ago. All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate. This is a cooperative effort of the USDA's Statistical Reporting Service and the Texas Department of Agriculture.

County statistics for 1976 and January 1, 1977, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, Texas 78767, or by writing Reagan V. Brown, Commissioner of Agriculture, P.O. Box 12847, Capitol Station, Austin, Texas 78711.

**FHS Speech Dept. Needs Magazines**

Farwell High School Speech Department is requesting that anyone subscribing to "U. S. News and World Reports," "Newsweek" and "Time" magazines and would be willing to contribute these magazines to the speech department to please contact Mrs. Carol Hotze at the high school.

Students working in the

University Interscholastic League competition in informative speaking, persuasive speaking and debate have dire need of these magazines, Mrs. Hotze says.

There are four debate teams, three persuasive speakers and three informative speakers. These students, along with poetry interpretation and prose reading entrants, com-

peted in Muleshoe Saturday against Amarillo and Lubbock for practice in the UIL League. "They did very well for first round experience with a novice league coach," said Mrs. Hotze.

The speech instructor says she and her students would like to thank those contributing the magazines in advance for their cooperation.

You are hereby commanded to appear before the honorable District Court, 154th Judicial District of Parmer County, Texas, at the courthouse in Farwell, Texas, at or before 10:00 o'clock a.m. on the first Monday next after the expiration of forty-two days from November 3, 1977, the date of issuance of this citation, such date being the 26th day of December 1977, by filing a written answer to Plaintiff's petition that was filed in said Court on November, 1977, numbered 4250, on the docket of said Court, and styled El Roy Wilson and wife, Faye E. Wilson, v. George G. Wright, et al; Phillip Moore, et al; and John Moore, et al, defendants.

The nature of this suit, briefly stated, is one of trespass to try title, in which Plaintiff, for cause of action would respectfully show the Court:

1. That on or about the 20th day of October, 1977, El Roy Wilson and wife, Faye E. Wilson, were lawfully in fee simple, seized and possessed of realty situated in the town of Friona, Parmer County, Texas, and legally described as Lots Three (3) and Four (4), in Block Forty-Five (45), in the Original Town of

Friona, Parmer County, Texas, as shown by plat of said Town of Friona, recorded in the Deed Records of the County of Parmer, Texas, in Vol. Five (5), page 241 et seq., together with all and singular the rights, hereditaments and appurtenances to said premises belonging or any wise incident and appurtenant thereto; and entitled to possession of said realty, which said realty contains less than 160 acres of land, and being the same land described in Deed from George G. If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve it and make due return thereof according to requirements of law, and the mandates hereof.

Issued under my hand and seal of said Court at Farwell, Parmer County, Texas, on the 3rd day of November, A.D., 1977.

**Texico CofC Discusses  
Park Sprinkler System**

The K. K. Runnels Memorial Park was discussed at Monday night's meeting of the Texico Chamber of Commerce. James Pierce, president, reported that part of the underground pipe for the park's sprinkler system has been installed. Weather permitting, another workday is planned for Saturday.

feet of pipe on which the signs will be attached.

Bill Christian, Bill Thigpen and A. D. McDonald were appointed to head the committee to "get the project off the ground."

The proposed paving of the street north of Texico Schools and Craig Avenue was discussed but no action was taken. It was noted that while the county will do the necessary work the property owners of the respective areas must pay for the actual cost of paving as the area is located out of the city limits.

The Chamber allotted \$500 for the proposed street sign project which they have endorsed. Some signs will be replaced while new signs will be added to other locations. It was reported that Twin Cities Machine Co. has donated 180

**WHAT GOD IS DOING**

The distress and confusion which prevails in the world about us does not upset the instructed believer in the Word of God.

He understands the divine plan and knows what God is doing. He does not expect peace on earth while the Prince of Peace remains an exile from His own world. He has no illusions about this age, or about what statesmen and politicians can accomplish in this age, for God calls it "this present evil age" (Gal. 1:4).

The instructed believer knows too why God does not intervene in the affairs of men and why our Lord remains a voluntary exile from the world. "This present evil age," he knows, is also "the age of grace." It began when God saved Saul of Tarsus, the "chief of sinners" and the leader of the world's rebellion against Christ (1 Tim. 1:13-16) and sent him forth with the "gospel [good news] of the grace of God" (Acts 20:24).

The instructed believer understands clearly that God is not saving the wreck that man has made. He is rather saving individuals from the wreck and uniting them, by the Spirit, to Christ and His Body, "For by one Spirit are we all baptized into one body..." (1 Cor. 12:13).

The instructed believer knows too that this world will not always be a scene of trouble and sorrow, of war and bloodshed, of misery and death. He knows that after our Lord has recalled His ambassadors of grace from this world He will put down man's rebellion and set up His own beneficent reign, when government will be purified (Jer. 23:5), war and bloodshed will be abolished (Isaiah 2:4), health and long life will be restored (Isaiah 35:5,6; 65:20), the animal creation will be tamed (Isaiah 11:6-9), the desert will blossom as a rose (Isaiah 35:1,2,6,7) and Israel will become a spiritual blessing to the nations (Zechariah 8:13,23).

Meantime, the instructed Bible believer takes advantage of "the dispensation of grace," telling others how they may be "justified freely, by God's grace, through the redemption that is in Christ Jesus" (Rom. 3:24).

## Plainview Queens Classic Set Thanksgiving Weekend

Brackets for the second annual Plainview Queens Classic Basketball Tournament scheduled for Thanksgiving weekend, November 24-25-26, were recently announced by the sports committee of the sponsoring Plainview Chamber of Commerce.

The field includes three of the five state champions in schoolgirl basketball plus the defending collegiate champion Wayland Flying Queens and a host of "name" teams in the college division. The Plainview Queens Classic is the first all-women's basketball tournament of its kind in the nation.

The high school bracket has defending champion Nazareth, the Class B state champion, meeting newcomer Hale Center, the District 4-A titlist, at 4 p.m. on Thanksgiving Day. Class A semifinalist Phillips plays newcomer Silverton of District 5-B at 9:00 a.m., AAA state champion Canyon meets newcomer Floydada of District 4-AA at 12:30 and AAAA state champion Dallas South Oak Cliff takes on Region 1 finalist Slaton at 7:30. South Oak Cliff lost to Nazareth in the finals of the classic last year.

The Wayland Flying Queens, who beat Baylor 82-64 in the finals last year, play the University of Nebraska at 5:30, 1977 National AIAW tournament qualifier Missouri meets Long Beach State at 10:30 a.m., 1976 participant Kansas State meets up-and-coming Houston at 9:00 p.m., and Louisiana Tech plays holdover Texas Tech at 2:00 p.m.

The tournament was an overwhelming success last year, attracting about 10,000 fans over a three-day period.

"We're expecting a terrific tournament this year and feel it's a real feather in our cap to have three state champions and a state participant in the high school field," said Bud B. Cason, chairman of the Plainview Chamber of Commerce Sports Committee.

"The college division should be extremely tough this year with the addition of more prestige-name schools that really have great programs for women's basketball," he added. "Without question, the Plainview Queens Classic has to be one of the finest tournaments in the nation and is unique in that it has a college-high school format."

Cason added that ticket prices will be reduced some this year so that fans, especially those with families, may see the games at a more reasonable rate. Tickets are priced at \$7.50 for a tournament pass for adults and \$4.00 for students. The tournament pass will entitle the holder to view all 24 games of the Classic. Daily passes will sell for \$3.00 and \$2.00 and session passes with be \$2.00 for adults and \$1.50 for students.

"This is our way of saying thank-you to the thousands of fans who helped us get the tournament started in such a great way last year and to encourage even greater attendance this year," Cason explained.

Special discounts will be given to area basketball teams who come in a group accompanied by their coach. The special discount tickets and advance tickets may be obtained by writing the Plainview Chamber of Commerce, P. O. Box 340, Plainview, Texas, 79072.
