NEW YORK (AP)—A New York health official says a 10-year comparison test in two New York communities showed that fluoridation of drinking water helps reduce tooth decay and loss in children without causing any physical harm. Results of the test were made public last night by Dr. Herman E. Hilleboe, New York state health commissioner, who described fluoridation as "safe and effective."

Such fluoridation means adding one part of sodium fluoride to drinking water for every million parts of water. It has been a controversial subject in health and scientific circles.

The findings were based on the Newburgh-Kingston study. The town of Newburgh, N.Y., 10 years ago began adding sodium fluoride to its public water while nearby Kingston did not. The towns have a population of some 30,000 each. A similar test conducted in the town of Brantford in Canada also showed that fluoridation of water appears harmless and beneficial.

At a conference of the New York Institute of Clinical Oral Pathology here last night, Hilleboe and other health experts gave the following highlights of the New York test:

Children in Newburgh aged 6 to 9 have 58 per cent less tooth decay and missing teeth than youngsters in the same age group in Kingston.

The 10 to 12 age group in Newburgh has 52 to 53 per cent less decay while children aged 13 to 14 show 48 per cent. Sixteen-year-olds in Newburgh, whose first permanent molars were erupting when fluoridation began, have 41 per cent less tooth decay than their Kingston counterparts.

There was no evidence that fluoridated water contributed to gum inflammation or gingivitis; there was no effect on children's growth, weight and height; no changes in their bones, in blood composition, urinalysis, vision or hearing.

Hilleboe said 1,115 communities in the United States are now fluoridating water for more than 22 million persons.

### 8 Airmen Die In Africa Crash

TETUAN, Spanish Morocco (AP)—Spanish border guards say all eight airmen aboard a U. S. military transport plane were killed when the craft hit a 5,000-foot peak in the rugged Rif Mountains and exploded.

The plane was a four-engine C54 of the U. S. Air Force's 1700 Air Transport Group, based at Kelly Field, San Antonio, Tex. The transport crashed Sunday night in the Gormora district, near the border between French and Spanish Morocco.

Flying from Wheelus Field in Tripoli to Casablanca, it was believed en route to the United States.

Spanish authorities reported the accident to U. S. Air Force officials at Rabat, French Morocco, yesterday. The Spaniards said the eight bodies were being sent to the Sidi Slimane air base near Rabat, French Morocco.

Spanish technicians who examined the wreckage said the plane's altimeter must have been out of order.

### WTCC To Back Portion Of Water, Power Proposals

ABIENE.—The West Texas Chamber of Commerce will support seven of the 15 recommendations on water resources and power advanced by the Hoover Commission, President Ray Grisham of Abilene has announced.

Grisham said that the organization's board of directors, in quarterly meeting here Dec. 9, voted approval of testimony prepared by its water resources committee for presentation in Austin during the hearing of a Congressional subcommittee on Hoover Commission recommendations.

In other actions during the meeting, the WTCC board set March 28-30 for its 38th annual meeting, to be held in Mineral Wells. It heard reports on work of the 132-county regional chamber, and agreed to ask the Legislature to raise speed limits on four-lane and other highways where conditions permit safe driving at higher speeds.

Frank H. Kelley of Colorado City, chairman of the WTCC's water resources committee, presented the resolution concerning the Hoover Commission recommendations.

It was agreed that the Commission's first recommendation contains a statement which "fairly represents" the "attitude and philosophy" of the West Texas Chamber.

### Kefauver Plans News Parley

LOS ANGELES (AP)—Sen. Kefauver (D-Tenn.) plans a news conference in Washington Friday. It will come as no surprise should he announce then that he seeks the Democratic presidential nomination.

The senator, taking off today on a three-city southern California visit, has been saying publicly that he would announce his decision later this month or early in January, also that "if I run for anything it will be president, not vice president."

But yesterday the Chattanooga Times said Kefauver was reported to have made a "firm decision" to enter the presidential race and announce it in Washington Friday. Kefauver said in San Francisco that he could not confirm the report.

Later, in Los Angeles, his press secretary Charles Aldrich remarked that "the Chattanooga Times is a reliable newspaper" and said the senator will hold a news conference in Washington Friday.

### Two BSHS Students Near Finals In Scholarship Tests

Two Big Spring High School seniors are among the semi-finalists in the competitive examinations of the National Merit Scholarship Foundation.

As such, the young men—J. T. Baird Jr., and Donovan Smith—will participate in examinations slated for Jan. 14 at Midland. Approximately 350 high school graduates next spring will receive awards from the national foundation in the amount of \$400 to as much as complete underwriting of four years study in the college of their choice.

Two of 10 nominated by Big

Spring High School have weathered the preliminary round, said Roy Worley, principal. The 10 were selected originally from among the top five per cent of the class on the basis of scores on their average IQ, aptitude, and other tests.

In addition to the scholarship awards to the ranking applicants, the national foundation will issue 800 certificates of merit to those who barely miss the scholarships. The certificate list will be referred to colleges which might wish to offer scholarships or similar concessions to such outstanding students.

### State Hospital Patients May Pick Yule Gifts

Patients at the Big Spring State Hospital will be able to make selections of gifts to send to loved ones. Gifts have been provided by groups at Midland and Odessa as well as other points for this purpose. Chaplain Clarence Thiele and John Knowles, recreational director, are working together on a plan whereby patients may pick a gift or gifts to send home. These will be wrapped and mailed by volunteers from Big Spring.

Meantime, 730 Christmas sacks are ready for presentation to all patients as Christmas favors. The sacks were packed by the Mental health study group of the AAUW at Midland as well as members of the Modern Study Club of that city.

Candy came from Safeway, Furr's, F. W. Woolworth, Collings Grocery, Midland Drug, Service Drug and Piggy Wigly, all of Midland, and Furr's in Odessa. Approximately half a pound of candy has gone into each stocking, and a package of gum is to be added.

Florists in Big Spring and Midland have planned for floral decorations.

Sunday officials of the State Mental Health Development Association as well as others from Odessa, Midland, Big Spring and surrounding towns are due to be here for the dedication of an electric organ, a gift to the hospital.

### Medic Says Neuter Sex On The Increase

CHICAGO (U)—A St. Louis physician said today he is completely convinced a third sex—the neutral gender—is rapidly increasing in numbers.

Dr. William H. Masters said members of the third sex are "former males and females" whose sex glands fail to secrete adequate hormones during the aging process.

Although there is marked variation among individuals, he said, some women reach the stage before they are 50 and some men not until after 70. Women average 15 years ahead of men, he said.

Dr. Masters said members of the neutral gender have passed the reproductive age and suffer from senile physical and mental symptoms.

Other investigators have described them as persons develop-

ing a distinct lack of the usual characteristics of their sex. They suffer from a loss of interest in their appearance and in cleanliness.

Dr. Masters said the injection of a combination of the male and female hormones, testosterone and estrogen, brought significant improvement among 75 per cent of a group treated.

Dr. Masters, of the department of obstetrics and gynecology of the Washington University School of Medicine, described the therapy in a prepared paper at the annual clinical meeting of the American Academy of Obstetrics and Gynecology.

He said a controversy exists among doctors whether the artificial administration of sex hormones is desirable as a general thing. He added, however, that the constantly increasing life span is placing more men and women into the third sex category.

Persons treated for the condition with sex hormones generally reach a plateau of improvement, but evidence of physical and mental senility returns when treatment is stopped, he said.

### Mrs. Tilley Rites Slated

COLORADO CITY — Mrs. L. R. Tilley, elderly Colorado City woman, died at the home of a daughter, Mrs. J. W. Watson, Monday evening, Mrs. Tilley was born in Missouri and had lived in Colorado City for 57 years. She was a member of the Church of Christ and married Tilley, Dec. 25, 1892 in Teague.

Funeral services will be held at 4 p.m. Tuesday from the Kiker and Son Chapel, with Floyd J. Spivey, pastor of the Church of Christ, officiating. Burial is to be in the Colorado City Cemetery. She is survived by two sons, Emmett and Willis R. Tilley of Colorado City and one daughter, Mrs. Watson; 12 grandchildren and 21 great-grandchildren.

### 'CLOSED SHOPS'

## Senterfitt Lashes At 'Harmony Talks'

AUSTIN (U)—Harmony talk between long-time political enemies in Texas is a ruse to keep the liberal and conservative empires from crumbling, Reuben Senterfitt said today. He is a candidate for governor.

The biggest closed shops in Texas are the "political" machines which are "making interchangeable parts this year," Senterfitt charged in a television broadcast. The former House speaker said "bosses" of the closed shops have sought futilely to run him out of the governor's race by intimidation and by trying to shut off his resources.

Deals are worked out, candidates picked, and finances arranged in backrooms of the closed shops, Senterfitt asserted.

"Candidates from these closed shops... are dangled before the people from both liberal and conservative ranks," he said, adding that the voter has no real voice in saying who the "well financed candidate will be" on either side.

Senterfitt is making his second major speech over many television stations today. He made it public in advance.

A candidate has to give up his freedom and take orders to be a member in good standing of the "political closed shops" and this, he said, he would not do.

"A political shop is run very effectively by a very few men," he said. "The final production owes its whole allegiance to the bosses in the shop. Out of the backrooms in a shop come the deals that decide who will be the well-financed candidate for state office. x x x Things in the shops ran smoothly until last June when Reuben Senterfitt announced he was entering the governor's race. That threw a monkey wrench into the works."

"If they could get rid of Reuben Senterfitt things could continue to run smoothly. In spite of their futile efforts to cut off resources, to intimidate, to spread defeatism, Reuben Senterfitt is, in the race

and is going to be the next governor."

He called on Texans to help him finance his program so he could enter the governor's office "with no sordid obligations."

Senterfitt said the movement to draft Sen. Price Daniel as a candidate for governor was a "phony" and a plot designed not to make Daniel governor, but to get him out of the Senate. He said too many "leftwingers" were in it and that Daniel would be doing the conservative cause a disservice by leaving the Senate.

Senterfitt labelled himself a conservative.

He called on Gov. Shivers to tell all that was back of Lt. Gov. Ben Ramsey's selection as Democratic national committeeman.

Addressing himself to political figures, the San Saba lawyer said to:

Ralph Yarborough: "You have sought state office three times and been defeated three times. This should be some evidence the people do not desire to elect you to high office." Yarborough has been beaten twice as the liberal candidate for governor, once for attorney general.

John White, commissioner of agriculture: "x x x It appears you are going to run for the U.S. Senate. Do you have some information about a possible vacancy the people do not know about? Is that the reason your very close political friends are giving aid and comfort to the phony Price Daniel strat-

egy? Lt. Gov. Ramsey: "x x x I thought I understood your political philosophy. Now I have no idea what you are doing. I know this, you cannot be conservative one day and liberal the next and offer consistent leadership to the people of Texas."

Ramsay, Shivers, White and Daniel have not made known their political plans, Senterfitt and Sen. Jimmy Phillips are the only two announced candidates for governor.

Daniel has made public letters asking him to run for governor.

## Open House Set For New C-City Phone Building

COLORADO CITY—Southwestern Bell Telephone's new \$250,000 dial system will go on display Thursday and Friday at the new building at Fifth and Walnut Streets.

Open house is set both days from 2 to 4 and 7 to 9 p.m.

The dial system went into operation Dec. 4; and higher rates followed Dec. 11. The new rates were agreed upon by the City Council in 1953 and were to be placed in operation at the completion of the changeover to dial.

The increase will raise business telephones from \$8.50 to \$10; one-party residence from \$4.25 to \$5; two-party residence from \$3.75 to \$4.25 and eight-party rural from \$3.50 to \$4.00.

The new system is completely automatic, and the thirty-five operators formerly employed here resigned or were transferred to other offices. The majority of those transferred went to Sweetwater, others to Snyder and Midland.

Long distance, information and other "operator" calls are handled by operators at the Sweetwater telephone office. The local business office is located in the new building.

## Ask Mitchell Library Fund

COLORADO CITY—Mrs. L. H. Ruid and Mrs. Curtis Latimer represented the Library Committee before the Colorado City Council Monday night in requesting additional funds to operate the Mitchell County Library.

The city now contributes \$75 per month toward operation of the library and the Committee asked for \$150.

Mayor Walter Grubbs told the two a legal technicality had been brought to his attention and it would be referred to City Attorney John Worrell for a decision. Grubbs said it was possible state statutes would prevent the city making a donation to a private organization, indicating the possibility the city might withdraw present support.

Grubbs said the council would be prepared to make a decision at a called meeting Friday night.

The Council also authorized the re-platting of Park Place Addition directly south of the Shell Pipeline Office in northeast Colorado City. The replat was made necessary, according to Bob Thompson, who appeared on behalf of the owner D. D. Myers, because of the construction of a road across the back part of half the lots in the original plat.

## Union Meeting Set

A meeting for all union members in Howard County had been called for 8 p.m. Tuesday in the County Courtroom. Walter Schattel, county representative for the West Texas United Labor Assembly which held its area meeting here Sunday, will be in charge of the session. Mechanics of how best to encourage a maximum payment of poll taxes will be discussed, he said.

## John McGuire Heart Victim

COLORADO CITY — John William McGuire, 65-year-old Mitchell County farmer, died suddenly at his home Monday afternoon of a heart attack. McGuire was born May 17, 1890 in Hill County, moved to Mitchell County December 12, 1890 and had farmed in the Fairview Community in northwest Mitchell County for many years. He was a veteran of World War I and had married Addie Murray, September 10, 1917 in Colorado City.

Funeral services will be held 2 p.m. Tuesday from the Kiker and Son Chapel, Floyd J. Spivey, pastor of the Church of Christ, will officiate. Burial is to be in the Teville Cemetery eight miles northwest of Colorado City. Pallbearers are: Cecil Erwin, Dick Thompson, M. A. Webb, Roy Warren, Lewis Claxton, and John Womack.

He is survived by his wife, a son, Bob McGuire, of Colorado City; three brothers, Lonnie McGuire, of Elkhart, Texas; Tom McGuire of California; and Lee McGuire of Truth or Consequences, New Mexico and 2 grandchildren.

## Approval Seen In Cotton Ballot

WASHINGTON (U)—Federal farm officials said they expect growers to vote favorably today on a proposal to continue marketing quotas on cotton next year.

Approval by at least two-thirds of those voting is required to make the controls operative. They are designed to prevent production of added surplus.

Agriculture Department officials said more than 1,300,000 cotton growers were eligible to vote, but they expected a vote no larger than that cast a year ago when farmers voted 318,949 to 27,593 for quotas on this year's crop. Growers have never rejected controls on cotton.

A desire to keep federal farm price supports at relatively high levels was expected to influence a favorable vote today. A rejection of quotas would leave farmers free to produce and market all they could, but it would pull price guarantees down to 50 per cent of parity compared with this year's 90 per cent of parity.

Parity is a standard for measuring farm prices declared by law to be fair to farmers in relation to prices they must pay.

Farm law specifies supports at half the parity value should controls be disapproved. The support level is very important now because it largely determines market prices.

Next year's support level will be set under the administration's flexible support system ranging from 75 to 90 per cent of parity. Secy. Benson has not yet determined the rate, but officials said the level might well be dropped to around 80 per cent of parity because of the vast surplus stocks held by the government.

Such a level would be around 29 cents a pound compared with 31.7 cents this year. Not since before the war have cotton supports been less than 90 per cent of parity.

Under the control program, growers would be limited to one of the smallest total acreages planted since Civil War days. Planting allotments would total 17,391,000 acres compared with 18,115,000 this year and with nearly

25 million planted in the early '50s before controls were invoked.

Each grower would be limited to sale of cotton grown on his allotment. Excess cotton would be subject to a penalty tax equal to 50 per cent of parity, or around 17 1/2 cents a pound.

The production goal of the program is 10 million bales, the same as this year's goal. But this year's crop reached 14,843,000 bales due to unusually favorable weather conditions, heavy use of fertilizer and other factors.

NEUTRAL ZONE

U. S. Major Plays Cupid In Korea

WESTERN FRONT, Korea (AP)—An American major played Cupid yesterday for the first wedding in the Allied half of the truce zone between North and South Korea. Maj. Francis Birnley, Pittsburgh, Pa., civil affairs officer for the U. S. 24th Division, arranged transportation and special passes so Chung Il Tong, 27-year-old South Korean soldier, could meet and marry a girl he had never seen. The bride and about 125 other persons live in Tae Song Dung, smack in the middle of the 2 1/2-mile-wide demilitarized zone and one of the most heavily guarded villages in the world. Roads northward are guarded by North Koreans, roads southward by Americans. The villagers raise rice and cabbage for a livelihood. They can leave only by special pass and when accompanied by Birnley. They must return the same way.

The wedding was arranged in traditional Korean style. Chung, on leave from his post in east Korea, asked neighbors if they knew of a good bride. They named Pak Yong Soon, 18, an orphan. The girl's brother was approached. It was all set up, except the matter of the ceremony. Maj. Birnley, who has a wife and two children in Waynesboro, Va., granted Chung and nine relatives special permission to go to Tae Song Sung, accompanied them there and stayed with them all day. The villagers all came out to welcome the bridegroom and his party, who were the first unofficial Korean visitors to Tae Song Dung in three years. After the wedding the bride's family held a feast with rice wine and special foods. American soldiers with Birnley joined. So did some Swiss and Swedish officers from the nearby neutral team camp and Panmunjom.

IN HONG KONG

Turncoat Neutral About Communism

HONG KONG (AP)—Richard Roger Tenneson, 22, turncoat GI former war prisoner, arrived here today from Red China. He said he was neither for nor against communism but that he believed the Red charges that the United States used germ warfare in Korea. Tenneson, who comes from Alden, Minn., was among 21 Americans who refused repatriation after the Korean War. In September he said he wanted to go home, and the Communists gave him permission to leave. American consular officials who met him at the border drove him to Kowloon, this British crown colony's mainland city opposite Hong Kong Island. He held a news conference in a hotel room provided by the Red Cross, the same room occupied by three other turncoats who came home last summer. Tenneson was quite nervous as he spoke, talking rapidly in a high-pitched voice and gesturing constantly. He said he had been permitted to read both American and Chinese newspapers and concluded conditions in the United States were "favorable" for his return. "I know definitely about communism today, more than in 1951," he said. "I am not fighting for communism, nor am I against it." He said he believed the Chinese charges that the Americans had waged germ warfare in Korea because of the "evidence" the Communists had assembled. Had there been no germ warfare, he declared, then "things that have been collected could not have been collected. There are all kinds of evidence apart from statements—different kinds of bombs and so forth." He added that he expected "some hostility when I arrive home because of my views on American germ warfare. The United States has repeatedly denied the germ warfare accusations and in turn has charged that the Chinese made fake photographs. Tenneson termed his stay in China—he worked in a paper factory—"something like attending school and now my decision to return to the United States is something like a postgraduate course." He said that he originally had planned not to stay in China "for long," and now was going home because of possible repercussions. "It was not just the homesickness of a young man that made me decide to leave China," he continued. "It was other reasons that helped make up my mind." He refused to elaborate on these reasons but said when he asked the Reds for permission to leave, "none of them tried to keep me back; they wanted to get rid of me."

Tenneson also would not go into this except to say he did not get along with the Chinese people as a whole. "There was nothing personal in our relationship," he added. The returnee insisted the departure of the three other American turncoats last July had "nothing to do" with his decision to come home. The trio are William A. Cowart, Dalton, Va.; Otto G. Bell, Hillsboro, Miss.; and Olympia, Wash.; and Lewis W. Griggs, Jacksonville, Tex. One American turncoat died in China and the other 18 still are there. Tenneson said he "had not thought of the prospects of facing a military court-martial," that his only present plans are to spend Christmas with his mother Mrs. Fortis Howe in Alden. Later, however, he said when he told the Chinese he wanted to go home, "I was fully aware of the possible consequences because at that time Cowart, Bell and Griggs were still in military custody." The U. S. Defense Department gave all 21 turncoats dishonorable discharges in January 1954 after their decision to go to China. When Cowart, Bell and Griggs reached the United States the Army arrested them on charges of betraying their government. But the U. S. Supreme Court ruled last month that persons now civilians cannot be tried by courts-martial for offenses allegedly committed while in service. After the ruling the Army released the turncoat trio. The government has not indicated whether it will seek to try them in a civil court.

Court Rules Ordinary Mail May Go By Air

WASHINGTON (AP)—The U. S. Circuit Court of Appeals says the Post Office Department is within its legal rights in sending some ordinary first class mail by air. Some Western railroads had challenged the department's experimental program. The airlines are paid a much lower rate for such mail than for air mail.

Winner Of Draft Dodger Case Becomes A Volunteer

LANSING, Mich. (AP)—A Michigan man who won a U. S. Supreme Court decision overturning his conviction as a draft dodger has volunteered for military duty to "defend the Constitution." Lt. Col. Arthur A. Holmes, state selective director, said today Joe V. Gonzales, 24, of Grosse Pointe Shores, volunteered for service Dec. 7. Holmes said Gonzales refused to report for induction when he was drafted more than a year ago. He was convicted in Detroit federal court as a draft dodger. The court, Holmes said, rejected Gonzales' claim that he was a conscientious objector as a member of a pacifist religious group (Jehovah's Witnesses). The Supreme Court in November 1954 reversed the conviction and ordered Gonzales' case reprocessed by selective service on the grounds that he had not been given access to a Department of Justice recommendation in his case. Holmes said that Gonzales had reached the draft appeal board stage in his reprocessing when he decided to volunteer for military duty. Holmes quoted Gonzales as saying, "When the high court and officials of this land are willing to go so far to protect my rights I am willing to defend the Constitution." He was reported to be at Ft. Leonard Wood, Mo.

Col. Holmes said Gonzales did not abandon his religious scruples against bearing arms and that he can probably obtain noncombat duty in the Army as a conscientious objector.

King Of Pickpockets Dies With Wallets On

TOKYO (AP)—Ken Yoshida, 37, called the Japanese "King of the Railway Pickpockets," died on the job. Police spotted him at work on the Hiroshima Express and took chase. He clambered to the roof of a car to escape. A low overhead bridge got him. His last wallet contained about \$50.

Production Up

TULSA (AP)—Led by upturns in Texas and Oklahoma, daily average crude oil production rose 42,725 barrels to 6,894,850 during the week ended Dec. 10, the Oil and Gas Journal said today.

GIVING OLD CROW IS A HOLIDAY TRADITION

This holiday season, millions more will give and serve the finest Kentucky whiskey ever put into glass—Old Crow, now in a milder, lower-priced 86 Proof bottling, companion to the world-famous 100 Proof Bond.

First distilled on the Kentucky frontier by pioneer James Crow, Old Crow quickly found a year-round place of honor in cupboards across the country. Soon it was also a year-end tradition, appearing on holiday-trimmed sideboards, mantels and dining tables everywhere. Today, the brand that Daniel Webster, Henry Clay and Mark Twain all favored, is enjoyed by millions, for today Old Crow is available in a milder, lower-priced 86 Proof bottling as well as in the renowned 100 Proof Bottled in Bond!

Ford Foundation In Vast Giveaway

NEW YORK (AP)—The Ford Foundation has showered half a billion dollars on the nation's privately supported colleges, universities and hospitals in history's greatest giveaway. The huge gift, announced yesterday, was divided as follows: To 615 regionally accredited, private colleges and universities, primarily to help raise teachers' pay — 210 million dollars; To 3,500 privately supported hospitals located in all 48 states, plus Alaska, Hawaii and Puerto Rico — 200 million dollars; To privately supported medical schools — 90 million dollars. The grant to colleges and universities is in addition to 50 million dollars which the foundation announced last spring it would distribute to help raise teaching salaries. Thirty-six colleges and universities received more than one million dollars each. The largest gift—five million—went to New York University. Other top gifts went to Harvard — \$4,510,000; University of Chicago — \$4,324,200; and Yale — \$4,000,900. The smallest college grant was \$31,900 for the California School of Fine Arts, San Francisco. For hospitals, the gifts ranged from \$250,000—a sum awarded to 57 institutions — to \$10,000. The 90 million dollars for medical schools has not yet been broken down into specific grants. The gigantic program was given final approval by the foundation's Board of Trustees, headed by Henry Ford II, at a meeting last weekend. Recipients were notified by telegram and a number of institutions across the country at first thought the good news was a hoax. The foundation was quickly commended by medical and education leaders. Harvard President Nathan Pusey called the grants a "splendid, imaginative effort to strengthen higher education in America. . . . The special intent — to improve faculty salaries — is unreservedly praiseworthy." In Chicago the American Medical Assn. and the American Hospital Assn. issued statements by their presidents describing the grants as "inspiring and heartening" and making possible "tremendous improvement in hospital service to our people." The foundation parceled its funds among colleges roughly in sums equal to their 1954-55 payrolls for instruction in the liberal arts and sciences. At least half of each grant is to be paid next July 1 and the remainder a year later. The advisory committee which determined the gifts said it did not want to disrupt "the carefully evolved pattern of our system of high education. . . . The college grants were given in the form of 10-year endowments, the interest in that period to be used solely for increasing teachers' salaries. After 10 years the college may use the money as it sees fit. The 50-million-dollar grant of last spring, which was not then distributed, will be allotted to 126 colleges as supplemental grants. The foundation said these will go to institutions that have "led the way in their regions in improving the status and compensation of American college teachers." The hospital grants are for improvement and expansion of service and not to be used for operating expenses. Final approval of individual hospital grants was held up pending submission of certain information. The foundation's total gift was 150 million dollars more than all the money given away in its previous 19 years. Henry Ford, a pioneering giant of the motor industry, started the foundation in 1936 for "the advancement of human welfare."

# Presbyterian Women Have Three Meetings

All the day circles and the Elizabeth McDowell Sunday School Class of the First Presbyterian Church met in joint session Monday at the church for a covered dish luncheon.

Hostesses were Mrs. Arthur Pickle, Mrs. T. T. Boatler, Mrs. Jack Wilcox and Mrs. Dalton Mitchell. Table decorations followed a Christmas theme with cedar, candles and Christmas balls.

The Rev. Gage Lloyd gave the invocation for the luncheon, which 35 attended.

The Women's Auxiliary of the church held a meeting Monday afternoon at the church, with Mrs. Tommy Jordan in charge.

Mrs. Noble Kenemur offered the opening prayer, with the devotion given by the Rev. Gage Lloyd from the 15th and 16th chapters of Romans. His topic was "The Justification of Faith."

In his discussion, Rev. Lloyd stressed the importance of Faith in Christ, Salvation by Grace and

## Harmony in the Life of Faith.

Mrs. Don Farley spoke on "Annuities and Relief." She explained how the money from the Joy Gift is spent. Reports from the various circles were given, and it was announced that Mrs. Jordan will continue to serve as president. Mrs. Charles Harwell will be vice president.

Thirty-five attended the meeting and were dismissed with the "Mizpah."

The Business Women's Circle met at the church Monday evening for a covered dish supper, with decorations in a Christmas theme.

Hostesses were Mrs. Florence Orenbaum, Mrs. Florence McNew and Agnes Currie. Mrs. L. G. Talley presided for the meeting.

Mrs. Lee Porter gave the devotion from Romans. Her subject was "Harmony in Life."

The Rev. Gage Lloyd installed officers, with 16 attending the meeting. Guests were Mrs. Lloyd, Cora Schaffer of Toledo, Ohio, Mrs. Frank Knaus and Bertha Schugart.

# Christmas Formal Set By Student Council

Plans were made for the Christmas formal Dec. 23 when the Big Spring High School Student Council met Monday afternoon.

Petitions for class favorites and best all around nominees must be in by Friday at noon. Elections will be held Dec. 19, with runoffs Tuesday, if necessary. The favorites will be presented at 10 p. m. at the Christmas formal.

Lou Ann White is in charge of refreshments, and each council member is to bring cookies for the dance. Music will be furnished by

Lee Powers' Orchestra of Odessa. Sally Cowper announced that 65 discussion topics had been assigned, plus 15 safety discussions. There are 60 more to be taken, she said.

A grade report of the council members and officers was given by Sue Boykin. Rodney Sheppard announced that the Christmas assembly on Dec. 21 was arranged.

The "Needy Drive" will close Friday. Kendra McGibbon and Miss Cowper are in charge of gathering canned goods. The cheer baskets will be distributed by the student council members next week.

Delegates were named for the Texas Association of Student Council meeting in Midland Mar. 1-2. Gary Tidwell is the senior representative; Johnny Janak, junior, and Valjean LaCroix and Miss White, sophomores.

Room doors must be decorated by Friday noon for the door contest. They will be judged Friday afternoon.

Bennie Compton, who is in charge of the safety traffic kit, appointed Bruce Moore and Opal Hancock to serve on the action committee. Members of the evaluation committee are Janet Hogan and Jerry McMahan.

Essays on "Does Your Student Council Include You?" must be postmarked not later than midnight Dec. 16.

Nineteen members and the sponsors, Mrs. Betty Lou Ratliff and Don Green, were present.

# Washington P-TA Gives School Funds

Monday night Washington Place P-TA voted to buy a sound projector and movie screen, to give \$525 for library books, and allotted \$125 for a record player.

The president announced that they netted \$1,012 from the Big Jon and Sparky show they sponsored.

Mrs. J. A. Coffey gave the Christmas devotion. The fourth grade, under the direction of their teacher, Mrs. B. M. Keese, presented a musical program.

There were 97 present.

# Herd Opens District Season Here Tonight

The pre-season favorites to win the District 1-AAA basketball championship, Palo Duro's Dons of Amarillo, invade Big Spring this evening for a try at Johnny Johnson's Steers. This one opens the conference campaign for both quintets. Game time is 8 o'clock. It's the earliest district start in history for a Big Spring team and was necessary because of the size of the conference. Nine teams are competing for the championship and each must play a double round-robin schedule. The public gets a break tonight. In efforts to arouse interest and create new fans for the sport, the Big Spring Quarterback Club has bought out the house and is letting everyone in free. Big Spring is winless for the season and Palo Duro has been beating every team it takes on, including the Class AAAA favorite, Borger.

### Enemy Frustrated

Earl Dean of Lakeview had his moment of glory in the Big Spring-West playoff football game here last weekend when he intercepted a pass. It proved to be a farewell performance for Earl Dean, who had two years eligibility left. He joined the Navy yesterday. West won the game, 48-0.

## LOOKING 'EM OVER With Tommy Hart

Sports dialogue:  
**HAROLD DAVIS, HCJC cage mentor:**  
"Dale McKeenan (of Sweetwater) is a tall basketball player who really excels in the sport. I wish we could get him but I don't think we stand a chance."  
**DR. CLARENCE SPEARS, who coached football at West Virginia, Minnesota, Oregon and Wisconsin:**  
"I wouldn't go across the street to see a split-T team play. It's a winning offense but it's no fun to watch. It's just pop, pop into the line for short, sure gains. There isn't any flow or sweep to it. No long runs. They grind out first downs until somebody scores or fumbles, then the other side grinds out the first downs. . . I just say it is making college football mighty dull and monotonous."  
**B. A. BRIDGEWATER, Tulsa sports writer:**  
"A source close to the University of Texas athletic picture has passed along the word that disgruntled alumni, realizing they can't get at head coach Ed Price of the University of Texas directly, are making a flanking attack by refusing to help recruit players."  
**PHIL GEORGE, San Angelo College basketball coach, barking at one of his players in the HCJC game here last weekend:**  
"Nice going out there! Who are you guarding, the backboard?"  
**BILL STRANNIGAN, Iowa State basketball mentor:**  
"I'd like to see the new five-second rule restricted to the late stages of the game. If my kids hear somebody starting to count in the first half, about the time the official says 'one', the kids will throw the ball into the bleachers."  
**BILL RUSSELL, San Francisco basketball star, after expressing approval of the new, 12-foot free throw lane:**  
"They should have done it a long time ago. I think it helped me a lot. If the big man can move, he's still the dominating factor. If the big man is slow, the rule will kill him. They didn't get the tail ones with that change, they just killed off the fat ones. This makes me use shots I never had to before."  
**BUCKY WALTERS, coach of the New York baseball Giants:**  
"I used to wonder why more kids didn't develop into good hitters at the start. Now I know why. Throw that high, inside pitch and they lose confidence. But with the new style hats they don't have to worry as much, and the increased confidence will make them better hitters. I think that's one reason there are more homers today. With the hat, the hitter isn't afraid to dig in and take a toothhold for his swing."  
**TOMMY McADAMS, local product who was a defensive standout for San Angelo College's football team last season:**  
"I don't know why we didn't beat those guys in Mississippi more. (Score: SAC 13, Sunflower JC 12). Our line would rush their passers off their feet but they would just throw the ball up in the air and someone would be under it. . . we may open the 1956 season against the Air Force Academy, by the way. They're trying to arrange such a game, anyway."  
**CARMEN BASILIO, the welterweight boxing champion:**  
"Vince Martinez talks too much. Let him fight someone and prove himself. He's been fighting stiff, I can't stand the way he talks. I wouldn't fight him for 500,000 bucks."  
**LOU LITTLE, Columbia University football coach, discussing the Lions' game with Yale:**  
"We did all right till they got the ball."

## Big Ten Teams Take Defeats

What's happened to the Big Ten basketball teams?  
The conference has only one undefeated school left in the pack today, a mere 13 days after the start of the college season.  
And that unscarred team is Michigan State, which hasn't even played yet. The Spartans get underway tonight against Southern Illinois.  
Ohio State, alone, did its share for the Big Ten reputation last night, knocking off Oklahoma 89-68. The Buckeyes are 2-1 on the year.  
The rest was chaos.  
Iowa, the nation's fourth-ranked team, and highly touted Indiana dropped from the unbeaten ranks and Wisconsin lost its third game in four.  
The Hawkeyes, defending league champs, were tripped up by Colorado 60-57. Indiana was set back by St. Louis 86-75 while Wisconsin bowed to Southern Methodist 75-62.  
In other games last night, Kentucky started the long road back by edging DePaul 71-69. Rice, a Southwest Conference titan, rode to its sixth straight victory, 85-60 over Louisiana State. Wake Forest whipped Virginia 82-69 in an Atlantic Coast Conference get-together.  
Wichita trampled Nebraska 71-46. Drake beat Kansas State 70-64. Texas A&M, under former LaSalle Coach Ken Loeffler, drubbed Tulane 85-66 and Oklahoma A&M defeated Baylor 59-48.  
Colorado, leaders of the Big Seven last season, choked off a last-ditch Iowa rally to hang up its third straight victory. The Buffaloes led by 10 points midway in the second half, but needed three points in the final 15 seconds to sew it up. They got them from Bill Peterson and George Hannah.  
SMU's Mustangs, who edged Minnesota 82-81 Saturday night, had little trouble with Wisconsin after halftime. They outscored the Badgers 42-27 in the final 20 minutes with Jim Krebs doing most of the damage.  
Robin Freeman, as usual, ran off with the scoring honors in Ohio State's one-sided victory over Oklahoma. The All America guard hit for 40 points to bring his four-game average for the season to 36.8 points.  
**Hawks In Bad Physical Trim**  
Harold Davis, HCJC coach, had to turn down a proposed game tonight between his B team and Snyder High School.  
Of the 15 Jayhawk players, seven have come up with assorted ailments.  
Al Kloven is recovering from a cracked rib. Charles Clark missed the game with San Angelo College due to a sprained wrist.  
Silas Flournoy was very ill for a time with the flu and is still bed-ridden. Bonnie Beard has an injured hip. James Skeen is suffering from a pinched kidney.  
Jimmy Robinson, though active, has a painful Charley horse. Ertis Davis injured his knee in the San Angelo game.  
Some of the cripples will play against Tyler here Wednesday night but the Hawks will be far below peak strength.

## Baugh Speaks To Gridders

Two score members of the Big Spring High School football squad were honored at the regular monthly meeting of the First Baptist Brotherhood Monday evening.  
Sammy Baugh, coach of Hardin-Simmons University and longtime great of professional ball, addressed the crowd of approximately 100. He related some of his experiences while he was quarterback for the Washington Redskins and listed the qualities which made football a great game and the attributes of good football players.  
Personal testimony was given by a man who had been reached through the Christian Mission on W. First Street. He told how a craving for drink had broken his home and dissipated his fortune, and how he had been helped at introduced by Mack Alexander, last through the mission. He was one of the volunteer laymen working with the project.

## Cotton Bowl Will Use 5 Officials

**DALLAS (AP)—**The fifth official in football comes to the Southwest for the first time Jan. 2.  
The Southwest Conference decided last week that it would use five officials in the future and the Cotton Bowl game between TCU and Mississippi will start this plan.

## Lulu Perez Will Quit The Ring

**NEW YORK (AP)—**There was a day when Lulu Perez dreamed of becoming featherweight champion of the world. Last night he stood in a shower with head hung low and announced his retirement from the ring.  
"Everybody tells me its time to

quit," said the 22-year-old Brooklyn youngster after his 42nd fight. He had taken a bad beating from Italian Paolo Rosi, losing a unanimous decision in 10 rounds at St. Nicholas Arena.

Perez wasn't on the floor last night but he was rocked and hurt on three different occasions. The punches he used to land were cutting only the air or landing on gloves. He weighed 133 to Rosi's 134½. Two judges voted 7-3, the

referee Mark Conn 8-2 and the AP 8-2 for Rosi.  
And that is the story of Lulu Perez—washed up as a fighter at the age of 22.

# Owls And Mustangs Add New Lustre To Record

The Rice Owls and the Southern Methodist Mustangs, who have been making like champions ever since the basketball season started, added new lustre to Southwest Conference prestige Monday night. The Owls, undefeated this season, roared to their sixth straight victory in trouncing Louisiana State University, 85-60, while the Mustangs took their second Big Ten scalp by trimming Wisconsin, 75-62.

## HEADING EAST

### Dons Rated First In AP Cage Poll

The University of San Francisco Dons head eastward tomorrow rated the nation's No. 1 college basketball team.

In the first regular season poll of The Associated Press, San Francisco grabbed 60 first-place ballots and on the basis of 10 for first, 9 for second, etc., rolled up 910 points. A total of 100 sports writers and sportscasters turned in ballots, and although North Carolina State, received only four firsts, the Wolfpack got heavy support to take over second place with 640 points. N. C. State displaced Kentucky, second in the preseason balloting. Kentucky, which was defeated by Temple Saturday 73-61, skidded from second to No. 12, while Temple moved into the No. 11 spot.

### Plainview To Open With Littlefield

PLAINVIEW, (SC) — Plainview will open its 1956 football season with Littlefield in Plainview the night of Sept. 14. The Bulldogs, winners in only one of ten games played the last season, will play practice contests with Brownfield, Levelland and Herford, in addition to the one with Littlefield.

### Williams Says He's Due Back

MIAMI, Fla. (AP) — Ted Williams says the chances are good he will play baseball for the Boston Red Sox again next season. Williams said during an interview yesterday that "if I were traded, I'd quit baseball immediately."

## TCU, Ole Miss Back To Drills

The Associated Press Texas Christian and Mississippi, the teams that clash in the Cotton Bowl Jan. 2, are back at work getting ready for their Dallas meeting.

Mississippi returned to the practice field after a 2-week vacation Monday with a cry of "Stop Swink." They immediately set about building a defense against the All-America halfback of TCU—Jim Swink.

Coch J. Vaughn was stressing defense but there was some work on the Rebel aerial game—something that may have to be depended upon to offset the running of the great Swink. Eagle Day and John Black were doing the tossing. Both are quite adept.

Texas Christian had an hour-long drill featuring rehearsal on offense. Coach Abe Martin said a different phase of the TCU offense would be stressed each day this week.

Martin said the workouts would be light and they might not practice every day. He picked the three days following the Christmas holidays as the most crucial in preparation for the Cotton Bowl game. The Horned Frog routine will be rather light until then.

There's not an injury in either camp.

## Browns, Redskins Dominate Eastern All-Pro Grid Team

LOS ANGELES (AP)—The champion Cleveland Browns and runner-up Washington Redskins dominate the Eastern Conference All-Star team which will meet the best of the West in the sixth annual Pro Bowl football game here Jan. 15.

The Eastern squad, announced today by Game Director Paul J. Schisler, includes seven players each from the Browns and Redskins, five New York Giants, and four each from the Philadelphia Eagles, Chicago Cards and Pittsburgh Steelers.

The Western squad will be announced Thursday. The West holds a 3-2 edge in the series.

Three players, end Pete Pihos of Philadelphia, tackle Lou Groza of Cleveland, and defensive back Emmen Tunnell of New York, made the pro bowl for the sixth straight year.

Laverne Torgeson, Redskin line-backer, will have a chance to play with the squad he helped to defeat in the pro-bowl game last year. Torgeson, playing with Detroit a year ago, ran back an intercepted pass to set up the winning touchdown for the West.

## Grid Play In New Loop Opens Oct. 26

Conference football play in the new District 2-AAA will get under way Oct. 26. The conference consists of Sweetwater, Lamesa and Snyder in the old District 1-AAA and two schools being promoted from AA ball, Lakeview and Colorado City.

The schedule: Oct. 26—Lamesa at Colorado City; Lake View at Sweetwater; Snyder open. Nov. 2—Lamesa at Lake View; Snyder at Sweetwater; Colorado City open.

Nov. 8—Sweetwater at Colorado City; Lake View at Snyder; Lamesa open. Nov. 15—Sweetwater at Lamesa; Colorado City at Snyder; Lake View open.

Though he missed the last game due to a sprained wrist, Charles Clark is second among Howard County Junior College basketball scorers with an 87-point aggregate and boasts the highest point average with 17 per game.

Ray Crooks is the top-getter with 96 to his credit. His average is 16. Third on the team is Wiley Brown, with 65 and an 11-point average while Jimmy Robinson ranks fourth, just one point behind Brown.

Bonnie Beard leads the B team with 75 points and 15-point game average. The Hawk reserves have won all five of their starts.

Table with 10 columns: Player, G, FG, FT, M, P, FT, P, AV, etc. Lists stats for various players.

## NEW YORK MAY BECOME BOXING'S GHOST TOWN

By JACK HAND NEW YORK (AP)—Will New York be a ghost town for boxing after Jan. 15? Or will the fight managers yield to Julius Helfand, hard-fisted chairman of the New York State Athletic Commission?

The showdown promises to be interesting with a strong possibility of a court battle while the International Boxing Club and the television networks fidget on the sidelines.

Helfand gave the managers who belong to the Boxing Guild of New York a "yes" or "no" choice. His nine-page decision following a seven-month inquiry, in effect, outlawed the local guild, an affiliate of the International Boxing Guild.

Although Helfand phrased it in more legal terms, his message was clear: "Give up your guild membership or lose your license."

If the 81 members of the Boxing Guild of New York refuse to turn in their cards before the Jan. 15 deadline, boxing may be dead in New York. One matchmaker said last night it would be impossible to put together more than one or two cards involving fighters whose managers now are non-guild members.

"This definitely will be the end of boxing in New York," said one prominent manager who didn't wish to be identified. "Helfand can't put the guild out of business. That would just turn us over to the mercy of the promoters. We fought hard to get the television money up from \$212 to \$4,000 and we're not going to walk away from all we fought for."

If the managers stand pat, the television fights that come out of New York (Friday from Madison Square Garden and Monday from St. Nicholas Arena) probably would be piped from other states.

## Gallardo Stopped In Seventh Round

SAN FRANCISCO (AP) — Featherweight champion Sandy Saddler, 33 1/2, stopped Dave Gallardo, 152, in a tough non-title fight last night. The battered Los Angeles fighter didn't come out for the 7th round of the scheduled 10. It goes into the records as a 7th round TKO.

### Hospital Patients Prefer Visits, Letters For Yule

"The best presents for patients at the Veteran's Administration Hospital are visits from relatives or friends."

I. G. Sims, manager of the local VA Hospital, answered a question often asked of his office. If it is not possible to visit the patient on Christmas, then a long newsy letter is next best, Sims added.

Coupon books which the patients can spend in the VA Canteen are available. They come in one dollar and five dollar denominations. The patient may use them to buy anything he wants, Sims pointed out.

The canteen keeps a complete stock of writing materials, stationery, pens, pencils, which make good gifts, Sims said. The Canteen Coupon books are good year-round, he added.

For the benefit of bed patients, the articles in the canteen are brought into the wards on carts for selection.

Books, magazines, cards, and games are furnished by the hospital. Therefore, Sims said, gifts of this type are less acceptable.

Relatives and friends should be careful about giving a patient candies, cookies, or other sweets unless certain that the patient's doctor approves.

### Dawson Officials Approve Bills From Road Acquisition

LAMESA — Members of the commissioners court continued with their problem of securing right-of-way for FM 2052 Monday.

The road is the cut-off between the Gall Highway and the Patricia Highway, south of Lamesa.

The court approved \$640 to A. G. Lowmire for right-of-way; \$1,057.50 to A. M. Brooks for road-way; \$70 to Lester Lambright and \$50 to J. J. Toombs; and assorted other claims for repairs, painting, plumbing, etc. resulting from the roadway acquisition.

The court also voted to reinvest \$22,000 in permanent school funds which will be available with maturity of government bonds in January. The court will reinvest in this type of issue.

Approved was the state assumption of \$15,852.50 on county road bonds. This is the amount the state takes over to represent annual payments on obligations incurred prior to passage of the county and district road bond assumption act.

### Coahoma Students To Hear Oldham

George Oldham will present a "Holiday Traffic Safety" program to the Coahoma High School and Junior High School Wednesday at 9 a. m. in the high school. Oldham is executive secretary of the Citizens' Traffic Commission.

The program will include a safety film, Oldham said. Principal of the school is Fred Salling who is cooperating in the program.

The arrangements were made by CTC members Tom Barber, Burl Cramer, and Mrs. Charles Read.

### Little Theatre Group To Meet On Wednesday

"Little Theatre" group will meet at 8 p. m. Wednesday in the Justice Courtroom, second floor of the courthouse.

The major business matters will be conducted last in order that the Wednesday night church crowd might join the group a little late.

President Glenn Cootes asks the members of the board of directors to meet at 7:30 p. m. preceding the meeting.

At the regular session, names for the organization will be presented. The charter and by-laws, drawn up by John Davis and Lt. Robert Grew, will be submitted to the members for approval. The possibility of affiliating with the YMCA will also be discussed.

The members will divide into workshop groups and read scenes from plays that a typing committee has prepared. This will be the first test to see what talent is available.

Selection of the first major production will be discussed. A tentative date for presentation has been set for March.

No special ability is necessary to become a member of the "Little Theatre," nor is there any age limit, Cootes emphasized. There are 45 members on the roll at the present time.

### Gold Cadillac Hikes Business For Realtor

By TIM PARKER  
The Associated Press

"I don't know why you should say anything about it," says Ebby Halliday of her gold Cadillac.

"After all, I have a black Cadillac, too. What you ought to tell about is how we're working together to lift standards of our profession."

"And don't you dare say anything that makes it look like any housewife can drop her dish cloth and jump into the real estate business and make a pile of money. It's just not true."

The gold Cadillac, though, she does drive it most of the time.

"Well, yes. It's good advertising."

It's a sort of trademark. There's only one gold Cadillac in Dallas at least. There goes Ebby Halliday, "people say when they spot it."

The long, gold-painted Cadillac with the green plastic top also is a symbol of feminine success in a very competitive business field.

Ebby Halliday got her real estate start when the Clint Murchisons put her in charge of sales for a Murchison housing development in 1945. Now she has three office outlets, 16 employees, and sponsors a boys' baseball team called the Ebby Halliday Warriors.

Back recently from a real estate seminar at Columbia, Mrs. Halliday is convinced the days of easy entry into real estate are over. "In five years most of our professional real estate people will have college degrees in real estate law and urban land development," she believes.

Lois Hair, a slender, green-eyed mother of two, lost her husband in the war. She soon was looking for a home for herself and daughters, Jan and Lynn, now 13 and 16.

That was in 1944. It didn't seem to her that the real estate people she talked to were trying very hard to help her. She decided that someone who made a real effort to help home-hunters could make a go of the real estate business.

She started with an office in her home. Now she has an "atmosphere" office near the SMU campus and employs 5 saleswomen. The office is Early American with a pot-bellied stove, home-style desks, and a cookie jar for the visiting youngsters.

Mrs. Hair, who wears her reddish brown hair in a saucy pony tail, says the real estate business meets one important requirement: She can go horseback riding weekends with her two daughters and take long vacations each summer with them.

Mrs. Mildred Broyles, 42, slipped into the real estate business while helping her husband, attorney Carl Broyles, settle estates. She has a small office and does a steady, growing business.

"I don't want it to get out of hand," says Mrs. Broyles. "I have a son, Jim Carl. He's 8, and Mr. Broyles and I won't give up our family life."

Why do women do well in real estate?

"Because a home is a little closer to a woman's heart than to a man's," says Mrs. Broyles. "A woman knows right away whether she feels at home in a house, and a saleswoman can sense it. Emotions play a big part in home-buying, and I guess women are more emotional."

### Burglary Reported

Talley Electric Company Monday notified police that burglars entered the office at 607 E. 2nd on Dec. 4. Entry was made through a rear window by breaking a window pane. Only a few fountain pens were reported missing.

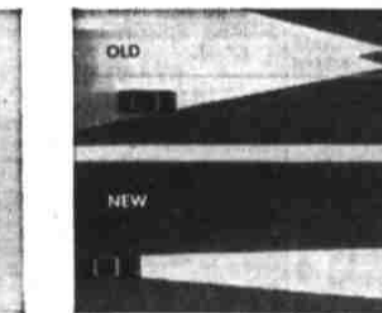

NEW 225-HORSEPOWER SAFETY-SURGE V-8 ENGINE. Here's high horsepower with a big difference. More of it's usable—for faster getaway, safer passing.

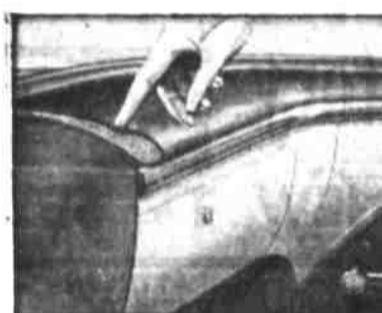

NEW IMPACT-ABSORBING STEERING WHEEL is stronger, gives better control, greater safety. Recessed hub protects driver, makes instruments easier to see.

NEW SAFETY DOOR LOCKS. Give added protection against doors springing open. Child-guard locking device for rear doors available as an option.

NEW SAFETY-BEAM HEAD LAMPS help you see up to 80 feet more of the road ahead — help pierce fog, rain, snow, yet cause less glare to oncoming cars.

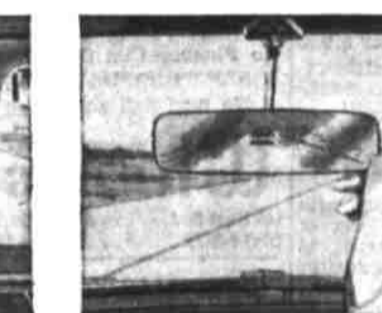

NEW PADDED INSTRUMENT PANEL. This attractive optional feature consists of an expanded plastic protective pad. Cuts down annoying glare in windshield.

NEW SAFETY SEAT BELTS. Strong. Comfortable. Add to your comfort on rough roads. Easily fastened with one hand. Bolted to floor. (Optional.)

NEW PADDED SUN VISORS offer you the same kind of protection as padded instrument panel. These handsome visors are available as an option.

NEW SAFETY REARVIEW MIRROR swivels easily and fully in all directions. The safety-glass mirror gives an exceptionally broad view of the road behind.

Now see the 10 new safety features in THE BIG M

NEW SAFETY-GRIP BRAKES, NEW SAFETY EVERYWHERE. THE BIG M offers a new kind of motoring security. For instance, amazingly little foot pressure is needed on Mercury's big new brakes for smooth, sure stops. Look for many more extra values. Bold new styling ideas. New low-silhouette hardtops in all Mercury series. And a new budget-priced model—the Medalist. Our showrooms are displaying these big new cars now. See them firsthand.

### Safe Cracking Probe Continues

Police are still checking a few "leads" in their investigation of the Saturday night burglary of the Newsom Super Market. Detective Jack Shaffer reported today.

Shaffer said a check of a store records yesterday showed that \$2,500.37 and diamonds valued at \$1,000 were stolen. Thugs ripped through the door of a small safe in the store to secure the money. The money included about \$1,000 in checks and around \$400 in silver, the officer reported.

### Suit For Damages Is Settled Today

Attorneys this morning announced settlement of the suit for damages being tried in district court this week. Terms of the settlement were not announced.

The suit was filed by Mr. and Mrs. James A. Grant against Lawrence Henry Abernethy following the death of their son, Tony Glenn Grant, 6, last summer. The child was killed when he was struck by a car on West Fourth Street.

## Truce Team Presses Probe In Israel Raid

JERUSALEM (AP) — U. N. truce observers pressed their investigation today into Israel's raid on Syrian posts along the Sea of Galilee, one of the bloodiest Israeli-Arab battles since the 1948 Palestine War.

Reports of casualties in the attack Sunday night still conflicted. Israel claimed 55 Syrians killed and 29 captured and admitted 4 Israelis killed and 12 wounded. Syria said her losses were 25 dead and 28 missing, and the Damascus radio claimed 100 Israeli soldiers killed or wounded.

The U. N. investigators could report only a provisional figure of 41 Syrian dead, with Israeli casualties not yet determined.

A communique from the truce supervisory organization said its chief of staff, Canadian Maj. Gen. E. L. M. Burns, "regrets this retaliatory action which brought about such heavy loss of life." Burns expressed his sympathy "to the wounded and the relatives of the dead."

Israel said about 300 of her troops made the attack to silence guns the Israelis charged had been harassing Israeli fishermen and police boats on the Sea of Galilee. Israel claims the entire lake — 13 miles long and 3 to 7 miles wide — but Syria occupied eight miles of the northeast shore 32 feet back from the water line. It was in this area that the attack was made.

Syria said four posts were overrun and blown up after four hours of fighting but claimed her forces beat off an attempt to seize the heights behind the posts.

At his headquarters in Tiberias, on the west shore of the lake, Israeli Brig. Moshe Zakok reported "all aims of the operation were achieved." He said five posts were demolished and the raiders brought back or destroyed 100 Syrian rifles, machine guns and bazookas and two antitank guns.

Repercussions from the attack spread abroad. British Prime Minister Eden told the House of Commons the Arab-Israeli dispute is charged with "the utmost danger."

"We are ready," he declared, "to carry out jointly with our allies any action necessary to assist Israel if she were attacked, or to assist an Arab country if attacked by Israel."

## Bus Driver Gets Yuletide Spirit, Parents Get Panicky

LOUISVILLE, Ky. (AP)—Bus driver Harold Quire got the Christmas spirit yesterday to the delight of 43 Valley High School students — and the chagrin of their parents.

He not only bowed to pleas of his passengers to stop for refreshments, but said he would foot the bill.

When he was delayed, he invited the students to call home and relieve their parents. Some did and some didn't.

When the delay was extended, Quire, due to pick up some grade school students, had to take the high schoolers with him. More delay.

Frantic parents called police. An investigation finally revealed all students safely delivered.

School and police decided against disciplinary action. The cost to Quire was \$17.34 for sandwiches and soft drinks.

## Rita Hayworth Wins Divorce

RENO (AP) — Actress Rita Hay-

worth yesterday won a "mail order" divorce from Dick Haymes, her fourth husband.

Rita is in Paris, France, with her children. Haymes is singing in Las Vegas, Nev.

Dist. Judge Grant L. Bowen

granted the decree with only lawyers of the principals present. Rita in a deposition charged extreme mental cruelty.

Her former husbands were oilman Edward C. Judson, actor Orson Welles and Moslem Prince Aly Khan. She and Haymes were married Sept. 24, 1953.

## Student Gets Death Penalty

SANTA MONICA, Calif. (AP)—The death sentence has been imposed on law student John R. Crooker Jr. for the murder of wealthy divorcee Mrs. Norma McCauley, his former sweetheart.

Crooker, 31, of Bucksport, Maine, took the jury verdict calmly. He was remanded to the custody of the warden of San Quentin Prison. The date for his execution in the gas chamber will not be set until after the automatic review by the California Supreme Court.

Mrs. McCauley, 33, who had employed Crooker as a houseboy, was garroted and stabbed in her home last July 5 after she tried to break off a love affair with him.

## Cold Wave Continues

By The Associated Press

December's unseasonable cold weather continued today with prospects of fresh blasts of snow and arctic air.

Blizzard conditions were in prospect for the Dakotas and parts of Minnesota.

Below-freezing weather extended southward into the central Gulf states. It was warmer this morning in some Midwest cities than in Raleigh, N.C., and Birmingham, Ala., which reported temperatures of 22 and 25 degrees.

Heavy snow fell in South Dakota during the night and strong winds caused considerable drifting. Nearly one inch of snow fell in an hour in Aberdeen, S.D.

A cold wave was forecast for North Dakota and Minnesota with sub-zero readings, snow and strong winds.

Severe blizzard conditions were reported over the Canadian prairies, with blowing snow in Alberta and Saskatchewan. The storm headed for Manitoba. At Saskatoon, the blizzard was described the worst in prairie history. Winds up to 70 miles an hour were reported in some areas. Temperatures ranged from zero to 10 below.

Light snow fell in the upper Mississippi Valley and parts of the eastern Great Lakes region. Showers fell in Florida and along the coast in the Pacific Northwest.

**Let Joy Be Refined**

Is dancing right or wrong? This, I believe, depends on who you are, who you dance with, and how you dance.

Dancing and the urge to move so as to become a part of the rhythmic pulsing of music is as old as man and equally as universal. Therefore, I think we can consider a rhythmic response to music quite normal.

However, by watching many couples on the dance floor I think we all realize that with some people there is more to it than just music. In dancing, like many other activities, there are always those who would seek to exploit, degrade, and demoralize it. Those who love music and wholesome dancing should be on guard against those who would cheapen it.

Recently at a party Al asked Cindy to dance. She accepted, and though she scarcely knew him he insisted dancing cheek to cheek from head to toe. Dancing provided Al with an opportunity to hold a girl in a way which he obviously would have been slapped for had there been no music.

Cindy didn't approve and asked for a little room to breathe and a chance not to get her toes stepped upon. Al, whose interest in dancing had little to do with music replied, "A boy has to hold a girl close to lead her well and to get the feel of the dance."

"The feel of the dance or the girl?" Cindy replied.

Cindy knew that professional dancers who stress artful beauty and rhythm do not dance in a clinch.

A girl who would not allow any Tom, Dick, or Harry to press his cheek to hers or caress her, should not permit it on a dance floor in front of an audience just because there is music present.

If the boy's feeling for her is sincere and she returns it, a public display of affection is not the answer.

On the other hand, most dancing partners are not special beaux, and this makes it even less excusable. Any girl has a right to request not to be held so tightly or closely while dancing, and if a boy does not grant her that privilege, she has a perfect right to say, "No thank you" when he asks for another dance.

Whether to dance is a decision each person must make for himself. It can be sordid, sensuous. Yet personally, I believe dancing can be dancing with a wholesome, fun loving partner in a decent way who honestly enjoy music and expressing rhythm. It's not my decision, but yours that counts. Think it over carefully.

(You may write Miss Brandow in care of The Herald).

**Student Returns From 'Exile'**

LEXINGTON, Ky. (AP)— Roger Ladenburger, University of Kentucky student, was given a hero's welcome when he flew in yesterday from a most pleasant "exile." Ladenburger was given a one-way ticket to Miami Friday, ostensibly to do business with the Kappa Sigma fraternity's national president.

Arriving in Miami, Ladenburger got the word of the trick, but Kappa Sigma in Miami, who learned of the gas in advance, welcomed him to their quarters.

An anonymous donor paid his return fare. Back in Lexington, Ladenburger said the pledges were merely getting even for his laying on the paddle too vigorously in initiations.

He said he was forced to take the Miami trip, with just one alternative: being stripped and tied to a fountain in downtown Cincinnati.

**Driver Called Back To Clear Highway**

ST. LOUIS (AP)—A 30-pound can of inch-long roofing nails fell off Glen Allen Crosby's truck and scattered over the road. Police said Crosby recovered a ladder that also fell off his truck but ignored another motorist's suggestion to sweep up the 4,800 nails.

The result—12 flat tires and a three-hour sweeping job while traffic was detoured around the spot. Crosby was picked up, brought back to the scene and handed a broom to help the angry motorists in the cleanup job Saturday. He then was charged with littering a public highway and having no operator's license.

**Government Plans Atomic Hospital**

UPTON, N.Y. (AP)—A new six-million-dollar atomic hospital and medical research center with its own atomic reactor (over) will be built here by the government in the next two years.

The medical reactor, one of the first two in the United States, will produce many kinds of radioactive atoms to be used against cancer and other diseases. It will also provide X-rays and neutrons—atomic particles released by the splitting of atoms—for direct use on human patients.

**Floor Catches Fire During Paint Job**

LOUISVILLE, Ky. (AP)—The living room floor of a basement apartment burst into flames yesterday when it was being smeared with gasoline to remove a coat of paint. Robert Logsdon, 22, suffered second and third degree burns over most of his body. He reportedly had to cross the 13-by-14-foot room to the only exit. Three other persons suffered less severe burns.

**Court To Rule On Open Books Case**

WASHINGTON (AP)—The Supreme Court today agreed to rule on whether an employer must show his books to a labor union when claiming he cannot afford to grant a wage increase.

The National Labor Relations Board asked for the ruling in an appeal from a decision by the U.S. Circuit Court in Richmond, Va., that the Taft-Hartley Act does not require disclosure of company financial records in good faith bargaining. The Circuit Court said:

"If such were held to be the law, demand for examination of books could be used as a club to force employers to agree to an unjustified wage rate rather than disclose their financial condition with such confidential matters as manufacturing costs, which could conceivably be used to their great damage."

"To bargain in good faith does not mean that the bargainer must substantiate by proof statements made by him in the course of the bargaining. It means merely that he bargain with a sincere desire to reach an agreement."

Objecting to this holding, the NLRB said in its appeal: "An employer who rejects a wage increase

on the basis of financial data unavailable to the union thereby shuts off further bargaining on the matter."

"Lacking access to the controlling facts," the appeal added, "the union is not in a position to know whether its demands are excessive, and whether the employer's position is taken in good faith; it is deprived of all basis for intelligent discussion."

"It's only recourse to settle the issue is either to withdraw its demands or to strike, a result which cannot be squared with the statutory concept that wages should be fixed, if possible, by joint participation of employer and union through the process of collective bargaining."

The board had ordered the Truitt Manufacturing Co., of Greensboro, N.C., to open its books to an AFL ironworkers union which demanded an increase of more than 2 1/2 cents. Truitt appealed the board's order.

In urging the Supreme Court to rule on the question the NLRB said the U.S. Circuit Court in New York City upheld a board order requiring another employer to open his books to a union.

U.N. Package Deal Violates Court Ruling

WASHINGTON—At a time when public morals are on the decline and when "expediency" is given as an excuse for condoning immorality in the behavior of aggressor governments, it is a shocking thing to see delegates from 52 governments voting to ignore a decision by the Court of International Justice which brands as illegal any "package deal" for the admission of members to the United Nations.

### Water Ski Plane Tested

WASHINGTON (U)—An experiment in which water skis are being used on a \$5,000-pound seaplane to improve its takeoff and landing characteristics is being conducted at the Navy's Patuxent, Md., test center.

The Navy announced today that the test center and the Glenn L. Martin Co. of Baltimore are, for the first time, testing the hydro ski device on a seaplane in the bomber class. Smaller planes, including jet aircraft, have been tested with the device.

### Hoover Urges Working Veep

NEW YORK (U)—Former President Herbert Hoover suggests that Congress ease the burden on the President of the United States by authorizing him to appoint "an administrative vice president."

This official, Hoover said, could relieve the president of "a monumental amount of secondary duties." Hoover said he did not believe the president's job was too much for the physical capabilities of one man but it should be possible to delegate many detailed duties which cannot now, by law, be turned over to aides.

Hoover discussed the problem on a TV-radio program, NBC's "Meet the Press," focused on the burdens of the presidency in view of President Eisenhower's heart attack. The present elected vice president, Hoover said, is not in a position to handle the duties which he proposed be delegated.

Over the years vice presidents have been brought more and more into the administration by helping in policy making questions, social relations and speechmaking, he said.

"That I think is probably the only field that could be occupied by the vice president as it presently is set up," Hoover added. "If the vice president were placed between the presidency and the Cabinet officers and the heads of important agencies I think we would have utter confusion."

Hoover proposed that the administrative vice president take charge of 35 to 40 of the 64 government agencies. He added, however, that the President "will always have the responsibility of the direct conduct of the great departments."

Hoover suggested that Congress pass a law allowing the President to appoint an administrative vice president. A constitutional amendment would not be required, he said.

### Hotel Fire Causes \$200,000 Damage

MIAMI, Fla. (U)—A fire burning out of control nearly two hours caused an estimated \$200,000 damage in downtown Miami yesterday and forced 90 guests to evacuate an adjoining hotel.

Nobody was seriously injured. The cause was not determined but J. W. Davis, chief of the Miami Fire Prevention Bureau, said, "We're not dispelling the possibility of arson."

The fire was discovered about noon in a building which housed a men's clothing store and a shoe store. The nearby Roberts Hotel was damaged by smoke and water.

### Prisoners Break Out, Take Records Along

JAEGER, W. Va. (U)—Police are looking for 10 men who smashed out of the town jail yesterday, but they face one big obstacle. Authorities don't know who the escapees are, because they took the jail records with them.

State trooper C. N. Otto quoted officials of this little McDowell county community that the jail had about 20 occupants Saturday night, virtually all of whom were booked for being drunk.

Scarcely before dawn Sunday, while there was no guard, the group of 10 managed to smash the lock and hustle to freedom.

### Arms Cut Claimed

LONDON (U)—Moscow radio reported today that the reduction of Soviet armed forces by 640,000 men—promised in August—has now been completed. The broadcast confirmed Western speculation that a chief purpose of the troop cut was to aid the Kremlin's big drive to increase Soviet agricultural output. The ex-soldiers have been "transferred to agriculture," the radio reported.

## Santa Claus Meets Some Real Royalty

LONDON (U)—Santa Claus met a real prince and princess today. The royal callers were Prince Charles and Princess Anne, children of Queen Elizabeth II.

They conferred with Santa in the toy department of Harrods, a big London store. Princess Anne was delighted by it all. But a usually quiet source said Prince Charles approached the serious problem of Santa Claus with a degree of skepticism commensurate with his mature age of 7. His sister is going on 5.

After several crowded minutes of hand shaking and discussions about Christmas stockings the two royal visitors turned to other attractions in the toy fair. Santa kept a diplomatic silence. There were no sources close to him for comment on the outcome of the talks.

The young heir to the English throne and his sister Anne took up solidly entrenched posts in front of a band of five mechanical chimpanzee musicians and difficulty developed in pulling them from their enchantment.

Prince Charles finally wandered over to the model railway lines and also inspected yachts. Their masts caused him to crane his neck. A few moments later the royal shopper dug into his purse and paid out 5 shillings and 11 pence—83 cents—for a lively clockwork penguin.

His sister had found herself in front of building and modeling sets. Charles joined her and opened his purse again for a modeling set. He placed his two pur-

chases in a green and-white shopping bag.

Next came a visit to a pet store, where parrots and parakeets squawked and a giant-billed toucan answered them, apparently oblivious to their royal visitors. Anne clapped her hands to her ears at the screeching.

The two children clambered into the royal car—Charles 10 minutes after Anne.

### Now She's A Lady

EL CENTRO, Calif. (U)—Charles Measures, 17, was scheduled to play the lead in her high school play enacting a "tomboy who liked football." A few hours before curtain time, however, Charles was sidelined with a broken finger. The reason: she broke it in an off-tackle smash in a sandlot football game.

### Woman Who Killed Husband's Mistress Wins Her Freedom

WASHINGTON (U)—Katharine Ann Haynes, 28-year-old mother who killed her husband's mistress, today won her release from a mental hospital.

Mrs. Haynes, mother of four daughters, was acquitted of murder Oct. 29 "by reason of insanity" for the slaying July 19 of red-haired Nancy Penton, 19.

Under the law, her commitment to St. Elizabeths Hospital was mandatory.

Chief Judge Bolitha J. Laws of U.S. District Court, today ordered Mrs. Haynes released from the hospital. He acted after psychiatrists reported that she is of sound mind now.

**Everything On Sale**

Every item in the picture with the exception of Charles Wasson is now on sale at Wasson and Trantham, Fourth and Gregg. The store is offering all items in their store at a reduced rate. This gigantic sale will give Christmas shoppers an opportunity to buy and have some money left to buy more gifts.

**Wasson, Trantham Slash Prices On Furniture Items**

Prices usually go up when the Christmas season rolls around, but for one business in Big Spring, the prices have been slashed to save your money this season.

Wasson and Trantham, at the corner of Fourth and Gregg, is open every night until Christmas Eve until 8 p.m. to take your order and sell you anything in the furniture or appliance department at a low price.

Every stick of furniture in their store is selling below the regular price in their gigantic pre-Christmas sale. And you, the Christmas buyer, are the fortunate one in this maneuver.

Television, now that Big Spring is getting a station, is one of the best items on the market. And during Wasson and Trantham's big sale, customers can save up to \$105 on a TV set. They have Spartan 21-inch consoles in either a mahogany or blond finish, selling for \$229.95 and \$239.95 which regularly sell for \$329.95.

Or they have a Spartan combination record player and television in either the blond or mahogany finish, regularly priced at \$359.95, going at the unbelievable low price of \$259.95.

Other table models can be purchased as low as \$179.95—and they sport a 21-inch screen.

Everything in the line of furniture can be bought for prices that you cannot afford to pass up. They have a large selection of occasional chairs in a wide array of colors selling for 25 per cent off the regular price. And the same discount is available when you pick out a bookcase in either mahogany or limed oak finish.

Another item needed by you and ready to be sold at Wasson and Trantham is platform rockers. These rockers have solid foam rubber cushions and have been

from \$169.95 to \$249.95. And they are the best on the market.

Also, Wasson and Trantham has a full stock of carpeting in cotton, rayon, nylon, and wool fabrics.

All these and many more items can be bought at Wasson and Trantham at a price you can afford. And they are open every night until Christmas Eve until 8 p.m. for your shopping convenience.

**Royal Tire Has Built-In Safety**

"The safest tire ever built" is the claim being made by the manufacturer for the revolutionary, new "Safety Age" U. S. Royal Master but tests conducted by the United States Rubber Company have proved out such claims.

The tire is distributed locally by the Phillips Tire Company at Fourth and Johnson Streets.

Truett Thomas, manager of the concern, said the new casing is "your best life insurance policy—and one that you can enjoy now."

The tire is distributed locally by the Phillips Tire Company at Fourth and Johnson Streets.

ing an entirely new concept of riding smoothness.

More important, the "safety crown" combined with U. S. Royal Master's nylon carcass gives the best known protection against blow-outs, cuts and ruptures—freeing the driver from hazards that, until now, have always been a threat to his driving safety.

The Royaltex tread design steps one to 10 car lengths quicker than the ordinary tire. Its 40 tread rows give up to 54 per cent greater resistance to lateral skids.

For the first time in history, a tire tread has been developed that is blowout proof. The tire has been tested with great success against such things as broken glass, railroad spikes and even axe blades embedded into and even ax.

Heat build-up in the U. S. Royal Master is cut 20 per cent at high speeds.

Laboratory tests prove how, at high speeds, centrifugal force distorts tire treads and ultimately tears those treads from the tire's carcass.

With the new U. S. Royal Master tread is anchored by the "safety crown," which adheres to rubber far better than any other tire material. Thus distortion strain is lessened, high-speed separation is a thing of the past!

The new tire also prevents scuff damage. The new U. S. Royal Master wards the curb harmlessly away from the white sidewall, prohibiting it from scraping and weakening the sidewalls of the tire.

**'Grand Ole Opry' TV Programs Set**

Jay A. Cunningham of the John Davis Feed Store in Big Spring has announced that the Purina Company will sponsor the "Grand Ole Opry" television program over KMGD-TV in December.

The Purina-sponsored program may be seen at 10:30 p.m. Dec. 31 over the Midland station. The John Davis Feed Store is Purina distributor for this area.

**New Liquid Cleans And Polishes Cars**

Polish your car as you clean it—with Johnston's POLISHAMPOO. Just apply rich harmless suds, then simply flush off dirt and "road film" that resist ordinary washings. Car dries quickly with no rubbing or wiping, leaving a polished surface. Use POLISHAMPOO regularly to keep car clean and polished.

Bottle containing 8 shampoos 98c. 16 shampoos \$1.79. Available at Piggly Wiggly, J. O. Newsom Supermarket, J. E. Green Food Mkt., Dale Douglas Food Mkt., Jack's Drive In Gro., Toby's Drive In Gro., & Hull & Phillips Gro.

Gifts for every member of the family and for friends are on display this Christmas season at Lynn's Jewelers, 221 Main.

J. T. Grantham, manager, said Lynn's has a wide variety of items to choose from, in addition to the usual line of diamonds and watches.

The jewelry store is well-known in this area for its selection of the diamonds and watches of all the well-established brands. Silverware made by a number of well-known manufacturers, including Heirloom, International, Gorham and Lunt, also is stocked in profusion.

But Grantham pointed to a wide array of other gift items. His store displays what is probably the biggest assortment of costume and men's jewelry in Big Spring. And the jewelry items are as varied as the assortment is large.

Another appropriate Christmas gift item would be one of the jewel boxes Lynn's is displaying, Grantham said. These also are available in a number of sizes and designs.

# Kentucky Fire Kills 4 People

EARLINGTON, Ky. (AP)—An Earl- ington couple and their two young grandchildren died early today in a fire which gutted the front portion of their 5-room home.

The bodies of Willard Fox, 46, and his grandson, Stevie Rodgers, 4, were found by firemen in the living room. The bodies of Mrs. Beatrice Fox, 40, and her grand-daughter, Kayla Rodgers, 5, were found in the kitchen. All were believed to have suffocated.

Coroner S. T. Harris said the girl and her grandmother suffered only minor burns. He said they apparently were trying to escape when overcome by smoke.

A neighbor, Vernon McGar, told authorities he was awake shortly after 4 a. m. and noticed a flickering light in the Fox home. When he went to the house he saw flames. He summoned firemen who were hampered by a 15-degree temperature in battling the blaze.

The children's parents, Mr. and Mrs. Carl Rodgers, also live in Earl- ington. The children had been staying with their grandparents while their mother worked in Hop- kinsville.

# MEN IN SERVICE

Promoted to Staff Sergeant at Parks AFB, Calif., was Daniel R. Sparks. He is the son of Mr. and Mrs. W. M. Casey, 200 Madison.

Sgt Sparks is assigned to the 3281st Basic Military Training Squadron as a tactical instructor. He had been stationed at Parks since February of this year.

Recently taking part in a 4th Infantry Division field exercise in Germany was a Lamesa man, Specialist 3-C Rudy V. Williams.

Williams, whose wife, Mrs. Ora Williams lives at 1203 Akron Ave., Lamesa, is a personnel specialist in Service company of the 8th Regiment.

He took his basic training at Fort Bliss in September, 1954 and was serving in Austria prior to joining the 4th Division. He is stationed at Frankfurt, Germany.

Two other Lamesans were in units taking part in Exercise Sagebrush in Louisiana. Both men are in Company B, 61st Engineer Construction Battalion, regularly stationed at Ft. Hood.

They are Private First Class Curtis H. Bailey and Private Wayne

DANIEL SPARKS

C. Plaag. Bailey is the son of Mr. and Mrs. H. H. Bailey, 1207 2nd, and Plaag is the son of Mr. and Mrs. Charlie A. Plaag, Rt. A.

Bailey entered Army in March 1954 and Plaag in March of this year.

Marcus D. Hayworth, son of Mr. and Mrs. M. L. Hayworth, 1209 W. 6th, was recently promoted to the rank of seaman. He is serving aboard the heavy cruiser, USS Bremerton, in the Far East.

The promotion was the result of competitive examinations taken aboard the ship in September.

# Life Brighter For War Hero

BALTIMORE (AP)—Life was brighter today for Junior Spurrier, war hero. He was out of jail. The light of his life said she'd marry him.

Spurrier is a 32-year-old television repairman who grew up in Bluefield, W. Va., and thereabouts. He holds the Medal of Honor and the Distinguished Service Cross, in France in World War II.

He was sentenced to jail for six months for carrying and illegally discharging a .45 pistol. He used it to "liberate" Mrs. Mary Murphy from the home of Mrs. Josephine Neece, where Mrs. Murphy had been living.

Mrs. Murphy also came to Baltimore from Bluefield. She had been seeing Spurrier regularly until "he started smacking me around" and she moved in with Mrs. Neece.

Mrs. Neece accused Spurrier of shooting at her. Spurrier testified he aimed at and hit the floor. He said it was the only way he could get Mrs. Neece to shut up.

"I certainly wasn't shooting at her," Spurrier said. "A man who has had as much experience with guns as I've had wouldn't act that way."

Spurrier got out of jail after one night when his attorney filed an appeal.

Junior was back on his job today. Mrs. Murphy said she had found an apartment in East Baltimore and they were making plans to set up housekeeping.

"I love him," said Mrs. Murphy, who is 32.

"I'm going to marry him as soon as I get a divorce from my husband."

# Uncle Ray: English Scientist Tested Electricity

By RAMON COFFMAN

During the time of the first Queen Elizabeth there was a doctor named William Gilbert. This man had the duty of treating the queen when she fell ill but (more important) he was a clever scientist.

Dr. Gilbert was the author of several books. One of these, on magnetism, was published three and a half centuries ago. An idea which Gilbert held (in advance of his time) suggested the earth as a mighty magnetic ball.

Gilbert also ventured into the field of electricity. He made several tests in which he developed static electricity in objects by rubbing them with a woolen cloth.

Q. Who carried forward the work of Gilbert?

A. Otto von Guericke was the next important figure. He was only a year old when Gilbert died. After studying in German and Dutch colleges, he held government offices in Bradenberg and elsewhere. During his free time he pursued the work of science. He was successful in inventing an air pump.

Guericke became interested in electricity. One of his tests was made with a sulphur globe. He turned the globe with one hand, and rubbed it with the other hand. In that way he made the sulphur globe store up static electricity.

Q. Who were some of the other pioneers in the study of electricity?

A. Stephen Grey of England was one of them. He made a test which proved that electricity could pass

Otto von Guericke holding up sulphur globe which he rubbed to produce static electricity.

through a human body. A boy was suspended from a ceiling by silk cords. A glass tube (well rubbed to give it static electricity) was touched to one of the boy's feet. A moment later another man touched one of the boy's hands, and felt a small electric shock!

# Hagler Faces New Jail Stay

OKLAHOMA CITY (AP)—David Hagler Jr.'s freedom on bond in the bizarre fire death of an unidentified man may end Wednesday when he appears for a hearing at Sulphur.

Asst. State Atty. Gen. Owen Watts said today that if Justice V. N. Hodges remands the former Fort Worth asphalt salesman to District Court on the murder charge "it will take another habeas corpus to get him out of jail."

Watts is assisting in the prosecution of Hagler, 39, accused of burning the victim to death in a plot to reap some \$300,000 in insurance benefits.

Hagler has denied the crime, testifying he was on a traveling drunk from Oct. 9 until Oct. 13, 1954, and remembers little of what happened.

Our best for you... every day!

Signature quality in every loaf.  
Look for the loaf with this signature end-seal.

Bread is too important a food to be bought as a matter of course. Or to be baked as a matter of course. \* The baking of Mrs. Baird's Bread is no cut-and-dried procedure. Every step is supervised by a member of the Baird family. Each day's baking is a new challenge to give you the best loaf that can be produced . . . to make this baking still better, if possible, than the one before. When even a slight change for the better can be made, that change is made at once. \* Get the best for your family. Choose Mrs. Baird's Bread, preferred by more Texans than any other loaf.
