## Chadwick wins 2nd contest

Eric Chadwick receives his check for winning first place in last week's football contest from Delia 'Dee' Madrid, of Sports Connection, one of the football contest sponsors.

It seems last week's Area Merchants Football Contest was a "gut check" for its hundreds of participants.

Scores were ultra low, maybe the lowest in the past two decades. The average was just a notch over 4 right -- 4.2.

The best any entrant could do was get 11 games right, because one game was cancelled -- Olton vs. Sudan. Reports are that there was a vehicle accident just before the game involving Sudan students.

Only one contestant was able to get 9 games picked correctly -- Eric Chadwick. For that magnificent feat, he received the first place cash prize of \$20.

And one entrant had 8 games right -- Wilbert Kalbas. He got the 2nd place cash prize of \$7.

With 7 right were Jeff Actkinson, Curby Brantley, Derrick Chandler, Jeremie Chandler, Steve Franse, Wanda Franse, Christy Gutierrez, Darren Haseloff, Steve Horrell and Rusty Stover.

Results of last week's games were:

Dimmitt over Farwell, Muleshoe over Lubbock Cooper, Colorado State over Colorado, Boston College over Clemson, Ohio State over Texas, NY Jets over Tennessee, St. Louis over Denver, Seattle over Detroit, Atlanta over Carolina, Baltimore over Tampa Bay, and Cincinnati over Kansas City.

Whereas in the contest's

first week, most of the home teams won, this time the majority of winners were "away teams."

After the contest's 3rd week, the Leader Board will appear, showing the

## County Road DD paving project report given

The Parmer County Commissioners on Monday heard a report from OJD Engineering on the County Road DD paving project.

About 2 to 2 1/2 miles will be paved on the road leading to the new Lariat Dairy. Contractor bids will be going out soon.

The project will not cost the county any money. The dairy will receive a State Capitol Fund Program grant toward the cost.

OJD asked the commissioners if they wanted to pay for paving access to private driveways along CR DD. The commissioners voted not to.

In other business, the commissioners approved the annual agreement between Parmer County, the cities of

### On grass

It sure has been great to see the recent rains, but there is always a dark cloud in every silver lining (or something like that).

Grass grows fast when moisture occurs. And that means someone has to cut it.

Me. My wife has a thing for a nice-looking lawn.

That puts me on the spot.

When we dated, I never realized this was vital to her well-being.

I now know. So I cringe when the rain comes down. Secretly, I whisper to myself, "Don't grow, grass ... don't grow, grass."

It doesn't do any good. Instead, those little grass blades bubble with enthusiasm when it rains and head upfield with alacrity.

During the average summer. I mow our lawn about once every 7 to 9 days. I think that's true of most folks.

But with the recent rains, it was only about three days after the last mowing when DeeDee began to smile, but her pretty eyes, and, well actually, she doesn't have to say a word. I know what she is thinking.

"Hey, buster, get out there and get mowing! No slacking!"

Actually, I hope she is thinking something more kindly than those words.

But who knows that goes on in the mind of a woman? If any man knows, please tell me. I have never been able to figure it out.

I should stop here a second and acknowledge DeeDee's part in the "War on Grass" effort is significant, too. She handles the trimming, and much of the wedding.

So it's not like she is sitting back and cracking the whip. No, she's out there, working hard ... and cracking the whip.

When we are out driving and I see how new homes are being built, set back quite a ways from the road, with huge lawns, all I can think of is what a pain that must be to mow.

Yes, I know these folks buy riding lawn mowers. They really don't have another option, unless they hire someone to do their mowing for them.

But as long as I can, I view it as a fundamental part of being a homeowner to mow my own lawn. I realize that when I become an old fart and go on the disabled roster, I will have to hire someone. No problem there.

And no wisecracks. I can already hearing some friends say, "What does he mean when he says he will become... Heck, he's already there."

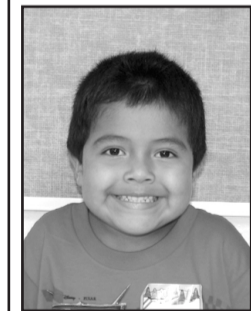

Probably true.

**Farwell FFA schedules new classes**

by Landon White, Farwell FFA reporter:

This year, the Farwell FFA chapter has planned a very exciting schedule. We have added two new classes.

One is home maintenance and improvement -- which will be building a portable building to sell within the community.

The other new class is called Ag Structures. This class will also be used to teach and enhance the students' carpentry skills as they build the portable building.

The FFA students are already planning their fall leadership events. Following that, will be the judging events in the spring.

This month, the Farwell chapter will start its first-ever Community Service project. We have met with the Parmer County Historical Society and have decided to start refurbishing the Olivet Cemetery. Olivet is Farwell's original cemetery and is located south of town along State Line Road.

And the last two weeks of September will be our annual Meat Sale through D.J.'s. The last two weeks of October will be our annual fruit sale through Seitz Fruit Co.

Look for details on both these sales in the State Line Tribune.

**VFW post receives national honor**

Clovis' VFW Post 3280 was selected by VFW state HQ to receive the VFW National Outstanding Community Service Post Award at the VFW national convention in Reno, Nev., on Aug. 28.

This is a very prestigious award. It was given 73 posts out of 9,000.

Farwell's Vernon Luce attended the convention to receive the award on behalf of Post 3280.

Other local members of the post are Ralph Franse and Carol Huggins.

Farwell FFA officers

This year's Farwell FFA officers are Landon White, reporter; Dan Patterson, president; Blake O'Hare, treasurer; Haylee Fulcher, vice president; Bo Mitchell, sentinel; Amber Martin, secretary.

**Donations being collected for local Christmas fund**

From Amy Amaral and Amy Peterson of A-Me-De's:

Each year, A-Me-De's Restaurant in Texico and the Texico Volunteer Fire Department work together to raise funds for families in Texico-Farwell who can't afford to buy gifts at Christmas time.

Last year, six different families, with 30 children, were assisted. Texico Fire Chief Lewis Cooper drove "Santa Claus" in a fire truck, along with his helpers, to deliver gifts that December day.

Last Christmas was our first year to buy the necessities for children such as clothes, shoes and school supplies. All our shopping was done in the community and just over \$1,600 was spent with local merchants.

Previously, the main source of funding, our Thanksgiving dinners at the Texico Community Center, hasn't worked out as well as we would have

**JV Steers fall**

The Farwell JV Steers lost to Dimmitt, 30-14, last week.

Bo Mitchell scored in the 1st quarter on a 15-yard run.

In the final quarter, Marquese Saenz ran in for a score from 43 yards out. Mitchell followed with a 2-point conversion run.

wishes. Thus, we are looking for donations around the community.

Grace and kindness are very prominent in the Twin Cities. We hope folks can assist us in this endeavor. Anything you might be able to provide would greatly be appreciated by our community's children.

Also, we will have hav-

ing a giveaway for a \$250 Wal-Mart gift card. Tickets are being sold for \$5 each and are available at A-Me-De's and from any Texico firefighter.

Lastly, donations of toys also are being accepted. Just drop them off at A-Me-De's.

detachment at Camp Anaconda, about 45 minutes east of Baghdad. As a medic, her jobs are diverse, running from ordering supplies to helping with mass casualties. She has helped in surgeries with U.S. military, our allies' soldiers, Iraqi civilians and enemy combatants.

On her second tour, she has spent 10 months in Iraq. After the remaining two months, she will be reassigned to Fort Leonard Wood, Mo.

What has she learned the most from her tours in the Middle East?

"It's not to take life for granted," she replied. "We have opportunities and advantages in our country that other's don't have."

Veronica spoke to 5th grade pupils at Farwell Elementary School on Friday. What were the most asked questions? 1. How do you deal with the animals, like spiders and bugs? 2) Do you go out and attack the enemy?

As for the second question, Veronica does carry an M-16 rifle with her (especially needed when she pulls guard duty), but she has not had to use it.

And the best part of her job is the obvious: "I help save lives."

## Lady Blue Cross Country team takes 3rd at Plainview Meet

By Corey Conkin:  
The Farwell Lady Blue cross country team placed 3rd at last weekend's Plainview Meet which featured teams from Classes 1, 2 and 3A.

Farwell only finished behind two larger Class 2A schools, Slaton and Muleshoe. And Farwell only finished 2 points out of 2nd place, behind Muleshoe.

Overall, I was pleased

with our girls' performance. We competed against several schools that we will run against in district and in regional competitions.

Among the Class 1A schools, we were the top competitors so I am very happy with that.

Our runners also improved on their 2-mile time with the exception of one. Chanel Castillo got cramps in the last half mile

of the race, and dropped a significant 20 places in her struggle to finish the course.

If we can continue to improve on our times at each meet, then we have an extremely good shot at winning our district meet. We just need to stay healthy and keep up the hard work.

Here are the results from the meet:

Varsity -- Megan Langdon, 19th, 13:35; Melinda Castillo, 23rd, 13:40; Taylor Fillpot, 24th, 13:43; Salida Edwards, 28th, 13:50; Brianna Anglin, 34th, 13:59; Chanel Castillo, 45th, 14:20, and Brenda Cano, 103rd, 15:28.  
JV -- Laura Martinez,

40th; Sarahi Saenz and Brenda Delgado.

JH Girls -- Lauren Meyer, Danielle Cockerham and Jackie Meza.

JH Boys -- Landry Atkinson, 13:41; Luke Carpenter, 14:26; Matt Martin, 14:31; Colby Read, 14:38, and Levi McCormick, 15:30.

## Swimming pool work praised

The Texico City Council on Tuesday heard a last report for the season from Sean Wooten, who ran the Texico swimming pool this summer.

Wooten praised the work that Street Supt. Darrel Stanton and city employee Tommy Nieto did "for the hard work in getting the pool up and running. They did a tremendous job of cleaning and preparing the pool and deck areas."

He noted that most of the swimmers were there on Fridays and Saturdays, but felt with a little more advertising he could increase the numbers. He also said that the only complaint received this summer was the lack of a diving board. Councilman Oran Jay Autrey said that next year there should be a diving board installed along with a slide.

In other business, the council:

- Discussed the area around the city dump with Charles Knotts, an environmental director from the New Mexico Solid Waste Department. He is interested in cleaning up the area outside of the fenced in area at the dump.

Autrey said much of the trash and junk outside of the fence either belongs to the land owner or was allowed to be dropped there by him. He also pointed out that as long as the area outside of the dump is filled up with items that look like trash, wrecked cars and dilapidated buildings, then people will continue to drop their trash outside of the dump.

Knotts said that he had been through some of the trash looking for names of people that he could fine for dumping. Several citations have been issued.

- Went to look at the property of Tommy Nieto that was discussed at a previous meeting. Several of the council members said they believed that Nieto was going to replace an older trailer with a new trailer house on his property. The new home was only a few years newer than the previous house, but it was in much better shape so the council didn't have a problem with the arrangement.

- Heard from Interim City Clerk Carolyn Johnson that the New Mexico Finance Authority has granted Texico \$194,000 that it will take to complete Phase 1 projects. They hope all work will be completed in October.

- Discussed the water line work being done on Hereford Street. Four properties have had their driveways dug up, including Borderline Cuts and Master Tech Auto, but the council was not certain that after completing the work the driveways would be repaired to their original state. Autrey said that he believed that the work included refilling the holes and repacking the dirt, but wasn't sure about any repaving or stone work.

- Discussed the city ordinance about parking trucks in city limits. Trucks have to have a permit to be legal, or they face a fine of \$10-\$50 per day.

## Scholarships given

The Texico Fire Department got some great news this week, with four major scholarships coming to local students.

Sarah Johnson is going to receive the New Mexico Firefighters Association scholarship, the South East Firefighters Association scholarship, and the Lewis Jones Memorial scholarship from the New Mexico Fire Chief's Association.

Also, Skylar Cockerham will be receiving a Lewis Jones Memorial scholarship from the New Mexico Fire Chief's Association.

Fire Chief Lewis Cooper said that the Lewis Jones Memorial Scholarship is only given out once a year, but since they have not given one in the last three years, they gave them all at once.

He also pointed out that of the five major scholarships given out by the combined fire fighters associations, four of them went to these two Texico students.

## Lazbuddie to look into buying wind energy turbines

The Lazbuddie School Board on Tuesday discussed buying wind energy turbines to help keep energy costs down.

Supt. Karl Vaughn will look into this.

In other business, the board:

- Accepted the resignation of cafeteria worker

Simona Martinez.

- Hired Carol McMuriian as a cafeteria worker and put Marie Samarron (the new student teacher) on the substitute teacher's list.

- Set the hearing for the FIRST (financial program) hearing for 8 p.m. on Oct. 10 at the school office.

7 tenths of an inch of moisture Monday night.

At the Bovina Chamber of Commerce meeting on Monday, it was agreed to have a raffle for this year's Christmas celebration.

Some excellent prizes will be offered. Watch the Tribune for more information on this.

Funds raised will go toward buying playground equipment for the city park, and having permanent netting for the volleyball court at the park.

Also, the signs with the new city motto -- "Home of Good Neighbors" -- will be installed later this month. Hi-Range Pole Line Contractors, of Hereford, is donating its time and energy for this project.

The motto was designed by Deanna Curtis and was picked from dozens of ideas at this year's Chamber of Commerce banquet.

Mindy Neal reports that the Little Dribblers basketball program likely will start the first week of November this year, instead of after Christmas as in past years.

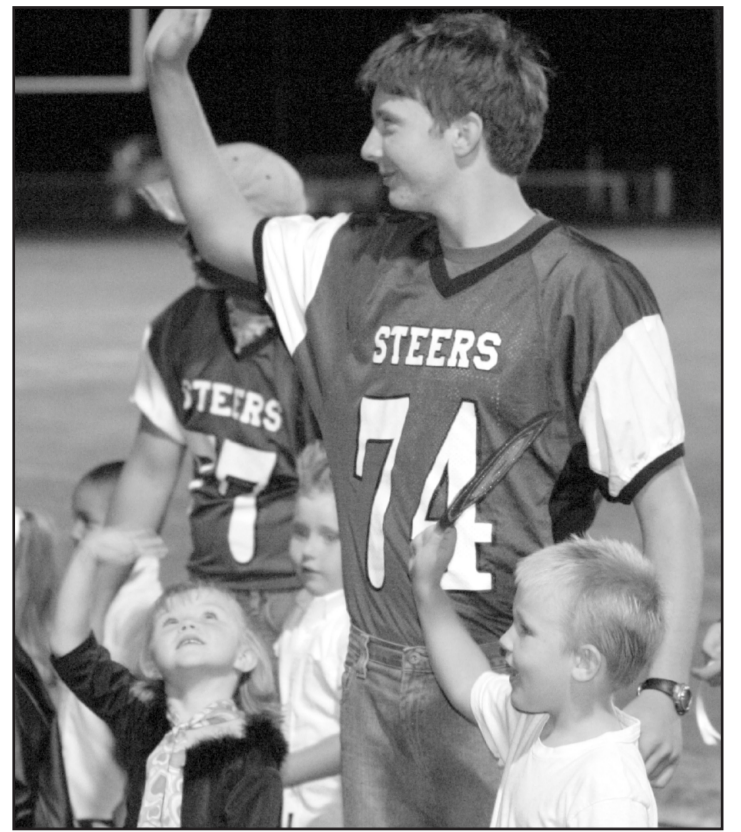

Teams will be picked early and practices will be on Saturdays at the school gym.

The Amarillo newspaper has a Players of the Week honor roll, and the recent one included two Mustangs:

- Mauricio Garcia, who ran for 104 yards and scored twice against Clarendon. On defense, he had 8 tackles, including 4 solo, with one sack.

- Frank Martinez, who had 14 tackles, including 6 solo, 2 QB pressures, a caused fumble, a sack, a pass knockdown and 4 tackles that resulted in losses. On offense, he ran 7 times for 44 yards.

## Texico students to get a second dose of state history

The Texico School Board on Tuesday heard that the state has mandated that one semester of New Mexico history be taught in the high school and a graduation credit is given for it.

This is in addition to the mandated semester of state history that has been taught for years in the junior high school.

In other business, the board:

- Heard a request from a Farwell family to have their children attend Texico Schools. The board held a lengthy discussion about this before denying the request.

In 1958, Texico and Farwell schools agreed not to accept students living in the other district.

- Got another Mel-Tex grant from the state for over \$100,000. This is split between Texico and Melrose. The money goes

to help pay the salary of the technology coordinator (Rusty Rucker) and for teachers' training.

- Set the Parent Teacher Day for Oct. 2.

- Plans to buy a suburban.

- Heard that grass may be planted at the baseball field this week. The state also has given Texico a grant of \$54,000 for the parking lot.

- Plans to chip and seal the ag farm road.

- Okayed the request of the High Plains Rotary Club, of Clovis, to put on a dodgeball tourney in the Texico gym at Thanksgiving time, like last year.

- Is sending two teams, with 13 students, to the FFA nationals next month.

Involved are Buddy Little, Wayne Anderson and Dennis Roch.

The grant also helps Texico students pay for their tuition at ENMU.

## Patton Springs tops Lazbuddie

A strong Patton Springs team defeated the Lazbuddie Longhorns at home on Friday, 46-6.

Coach Beau Thompson said the Longhorns moved the ball well, but lost too many fumbles, stopping their attack.

The long Longhorns' score came in the 2nd quarter when Jesse Gomez returned a kick 78 yards for a score.

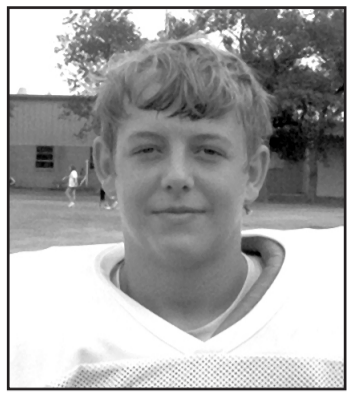

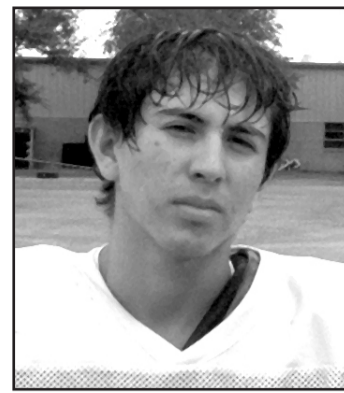

Patton Springs scored 24 of their points early in the game to give them a big cushion.

Thompson said Jason Davis played "a heckuva good game" on both offense and defense, as did Esteban Pacheco.

Also, the coach said he was proud of freshman Kayle Jesko, who filled in at center and did a very fine job.

Next up for Lazbuddie: a game at Lefors, which is 1-1 on the season.

## Longhorns of the Week

Coach Thompson named as Longhorns of the Week for their excellent play against Patton Springs Esteban Pacheco, left, and Kayle Jesko.

We would like to thank our loyal customers for their continued patronage, welcome all our new customers and wish everyone a successful growing season.

Muleshoe Co-op Gin strives to give its customer-owners the best value for their ginning dollar. When choosing a gin, customers should examine up-front seed prices, ginning costs and cotton grades. Sometimes, better cotton grades can mean a difference in excess of \$20.00 per bale. With quality in mind, we endeavor to gin our customers' cotton as soon as possible after it is harvested to eliminate any possible deterioration that could occur from modules being left in the fields for a prolonged period of time.

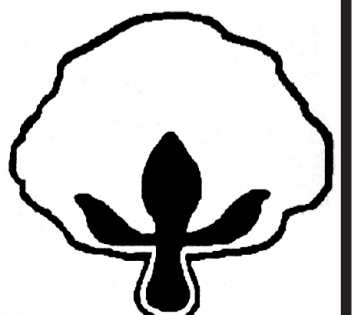

In a continuing effort to bring ginning excellence to our customers, Muleshoe Co-op Gin returned \$463,000.00 cash, on 43,000 bales ginned, to its customers in 2004.

This monetary return, plus the quality of service provided, makes Muleshoe Co-op Gin an unbeatable choice for ginning your cotton crop.

"While in Iraq, we went to Tilil Air Force Base, which is right outside of An Nasirah. There are some ruins there that exist from Biblical times -- the ruins are the city known as Ur of the Chaldeans. This is the same city that is Abraham's birthplace as cited in Genesis.

"We had gotten a tour from a local fella who was very knowledgeable about the city. We got to go underground to some of the tombs that had been discovered.

# Dimmitt stops Farwell

The Farwell Steers fell to 1-1 on the year after taking on the Class 2A Dimmitt Bobcats, 26-12, at home on Friday.

The game opened on a sour note as Farwell fumbled on its 2nd play, and the ball was picked up by a Bobcat who ran 29 yards for a TD. The kick was low and it was 6-0.

Brett Howard had a good kick return to the Steers 37. Farwell was held and punted, with Ramon Quezada making a good tackle on the receiver.

Derrick Chandler also had a good tackle, as did Johnathan Edwards. Cory Chadwick had a tackle for a 2-yard loss.

But Dimmitt hit an 8-yard TD pass at 5:15 for a 12-0 lead. Chandler knocked down the 2-point pass try.

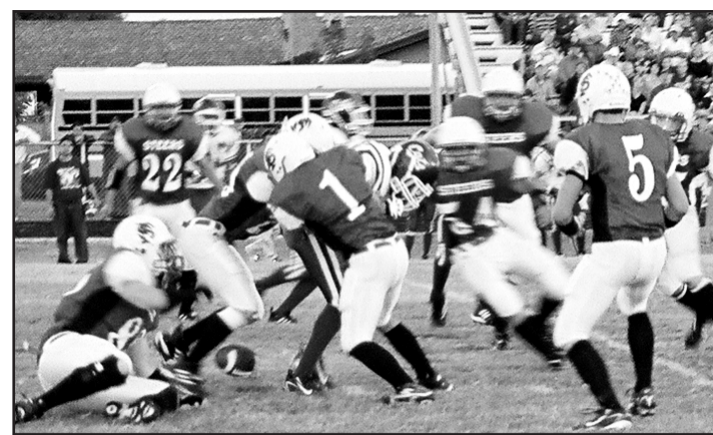

Farwell was held and punted. Daniel Cantu had a QB sack for a 9-yard loss.

Chandler recovered a fumble and ran it in for a TD from 35 yards out at 2:57. The snap for the 2-point conversion was messed up and a Bobcat picked up the loose ball and ran 95 yards for a 2-point score for Dimmitt, increasing their lead to 14-6.

Dimmitt started at its 22. Trace Stevenson had a strong tackle and Dimmitt punted to its 36 as the 1st quarter ended.

Farwell was stopped just short of a 1st down on a 4th down play although Edwards gave great second effort. On defense, Chadwick had a good tackle and Logan Carpenter had a tackle for a 4-yard loss. Stevenson then contributed two good tackles and Dimmitt was held.

Chandler then threw a long pass to Chadwick who caught it in stride streaking down the sideline and scored from 78 yards out at 1:40. The pass

for extra points failed and it was 14-12.

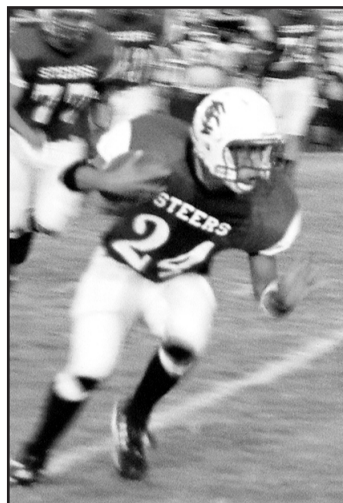

On defense, Finus Nolte had a good tackle, made a big hit and broke up a "Hail Mary" pass in succession as the half ended.

Dimmitt started near midfield in the 3rd quarter. Nolte had a good tackle, then Cantu had two strong tackles in a row. But Dimmitt hit a 24-yard TD pass at 7:45 to take a 20-12 lead.

Farwell moved the ball as Chandler, throwing on virtually every down, hit Chadwick for 9 yards, Nolte for 20 (a great run after the catch) and Chadwick for 8 more. But the drive stalled on the Dimmitt 30.

Brett Howard recovered a fumble at midfield. Farwell couldn't move the ball and Chandler punted to the Dimmitt 5. Bryce Howard had a good tackle and Dimmitt punted to midfield. Farwell got to the 19 as the 3rd quarter ended before Dimmitt got the ball back.

Edwards had a big QB sack for minus 5 yards and Dimmitt punted. Dimmitt intercepted at the Farwell 38. Edwards had a tackle for a loss, and Bryce Howard made a diving interception. But Farwell then lost a fumble.

On defense, Nolte had a QB pressure and Brett Howard broke up a pass to force a punt. When Dimmitt got the ball back, they broke a long run for to the Farwell 2, as Alex Olmos made a TD-saving

tackle. But Dimmitt scored on a 1-yard plunge at 1:31 for a 26-12 lead. Olmos broke up the pass try for extra points.

Olmos had a good kick return to midfield. A Chandler pass to Brett

Howard gained 25 as the game ended.

Team stats: 1st downs, Farwell 5, Dimmitt 15; rushing yards, Farwell 54, Dimmitt 157; passing yards, Farwell 154, Dimmitt 122.

## Bovina board discusses improving science scores

The Bovina School Board on Tuesday discussed the 1st year intervention program for the high school.

This is where a team is put together to work on improving science scores, which were too low on last year's state tests.

A detailed look at what the school planned to do to improve these scores was given last month in a Tribune article.

In other business, the board:

- Rescheduled the October meeting date to Oct. 16, so as not to conflict with Columbus Day on Oct. 9.
- Bought a 2007 suburban from Capital Chevrolet in Austin through a state contract.
- Discussed remodeling the science lab. Preliminary cost estimates will be sought.

## West Texas Gas, Inc. Reminds you to call BEFORE you dig

Before you begin to dig, trench, excavate, grade, build, put up a fence, plan a construction project, plant, install a sprinkler system, or landscape. Call us first to make sure you're not digging where our underground pipelines are located.

If a natural gas line is broken or cut, it will cause considerable inconvenience and expense.

Big or small, if it's a digging project, call West Texas Gas before you plan to do any landscaping or construction work to mark gas lines before you dig!

**LIVE CATTLE:** Short term trends turned down this week with a slightly lower cash trade on Friday. The market moved up into new high territory based on news that South Korea would open their borders to US beef imports. Once the announcement was made, the market began to move lower. Retailers seem to be having problems moving beef at current levels. Expect to see lower prices over the next 2-3 weeks. Seasonal tendencies are still running contra (opposite) from normal.

**FEEDER CATTLE:** The market was able to turn down last week, but not before making all time record highs. The Cash Feeder Index is supposed to be calculated from 12 major sales across the country. It's been difficult to pinpoint how many cattle are trading at such lofty levels? Most feeders priced at these levels project a break-even around \$1.00 fat. Not much room for error?

**CORN:** The December contract was able to trade back up towards our target at \$2.49 before turning back down. There will be a USDA Crop Production report out next Tuesday which is expected to either 1) leave estimated production unch from last month or 2) Increase production based on ideal weather and growing conditions over the last few weeks. Prices should move lower into harvest.

**SOYBEANS:** Beans have continued to slide lower over the last several weeks and now look as though they will eventually test the \$5.00 level at some point between now and harvest. Improving conditions have kept a lid on any rallies with ideas production is growing larger daily.

**WHEAT:** This market also met some targets as the December KC Wheat contract was able to move all the way back into the \$4.93 resistance area. This was also once a support level that was breached in early August. Markets have a tendency to go back and retest those levels. Improving weather conditions across all major winter wheat producing areas have held prices down.

**COTTON:** Since breaking a major support level at the 54 cent area basis the December contract, prices have continued to move lower. The USDA Crop Production report due out next week is expected to drop production in the US? The USDA has remained between 1-2 million bales higher than private forecaster's all year. Many analysts seem to think this report will realign with many of the private forecasts? Exports have slowed which has traders cautious.

# Michael Carson serves in Iraq

Army Sgt. Michael Carson, son of Mr. and Mrs. Galen Carson, of Bovina, sent this following note to the Tribune for the community to read:

I am currently stationed in Tallil Air Force Base in Iraq. The weather here is incredibly hot, ranging from 105 to 145 in the middle of the day, and at night

getting down to 80 to 90.

My missions go into Northern Iraq as far as Baghdad, and as far south as Kuwait.

The area in Tallil is not too bad. However, Baghdad is still a very "hot" area. The living arrangements in Tallil are outstanding, consisting of 2-man trailers with real beds. On the road, we sleep in tents, sometimes with air conditioning and sometimes not. Normally, the beds are cots.

The food in Tallil is not too bad. I usually dine at the chow hall, but sometimes I will treat myself to a pizza from Pizza Hut or a burger from Burger King. Yes, both of them are here, though not as good as in the U.S. But they come pretty close.

I would like to say thanks to my family for all the support. And thanks to all the people from the Bovina Baptist Church for work, Mustangs!

The Tribune got a nice note from Deanna Curtis (mother of No. 71) after viewing the pictures on our new website at [www.statelinetribune.com](http://www.statelinetribune.com).

"Just wanted to let you know how much I enjoyed the photos. Keep up the good work!" she wrote.

Bovina Booster Club would like to thank Cargill Meat Solutions for donating the hamburger meat for our pre-game cookout on Sept. 1.

Five youths were spotted on top of the school on Saturday night.

Police Chief Leon Saddler reported that two were arrested on charges of criminal mischief -- David Salazar, 19, and a juvenile.

Three other suspects are being sought.

Police Chief Saddler had a near collision with a driver who ran a stop sign on 3rd Street recently. The driver was turned over to the Border Patrol.

CPA Sanda Johnson has alerted her clients she is closing her Bovina office in seven months, after the current tax season.

She got married a couple of years ago and will move to Lake Conchas, N.M., with her husband.

She will have an office there, plus keeping an office in Friona, to be staffed by Katheryn Gromowsky.

Did your newspaper arrive a day late last week.

What happens is that the Tribune has to go first to Amarillo, then to Bovina. Sometimes things "happen" in Amarillo.

All we can say is that in the last 22 years, the Tribune has never been published late.

Lilly Elizabeth London was born on Aug. 30 to Mike and Becky London. She weighed 7 lbs., 1 oz. and was 19.5" long.

She has a brother, Ty, 7, and a sister, Emma, 4.

The Tribune had a record number of football contest entries from Bovina so far this year, over 40.

Tony and Dottie Neal have started a new business, selling wind turbines.

The Bovina Economic Development Corporation held a special meeting last week to discuss a request for a grant, from \$2,000 to \$3,000, from LaJuana Renfro, who is opening a financial services business in town.

The funds would likely be used to make changes to the BECN building, where she has proposed to move. Due to the nature of her business, she must have a "secure area."

But BECN's Jim Bob Swafford also reported Mrs. Renfro is looking at another building in town to locate in.

The BECN deferred her request to the City Council.

Grades K-6 went to Amarillo last week to the new Amarillo Globe News Center for a presentation of "Hank The Cowdog" and to have lunch.

It was a wonderful opportunity for the students to see the Globe News Center. I heard it was awesome.

The Smiths and Millers enjoyed a long weekend in the mountains. Billy and Suezy, Stan and Darlene Miller and Kevin Smith, along with all the grandkids, had fun hiking, cutting wood and playing games.

The men enjoyed cooking outside for the group. They had a great family time together.

I got a really nice present on Sunday for Grandparent's Day. My granddaughter has learned to say a very important word ... Meme (which by-the-way is what she calls me). It was a very nice present.

For those of you that did not make the trip to Clarendon, you missed a good game. The boys did well and it was a trip worth making. Keep up the good

the prayer-gram. Thank you, everyone, for your prayers.

Touchdowns were scored by Garcia, about 11 yards out, and by Quintana, a 2-yard QB plunge. After the Quintana score, Lara kicked a successful point-after. But the run for extra points missed after the Garcia score.

Other highlights of the final period were:

-- On offense, good runs were made by Espinoza, Frank Martinez and Quintana to help set up the TDs.

-- On defense, Josh Ramirez had a great tackle. Isaac Tavera and Martinez had a QB sack late in the game. And Jesus Rocha had an interception in the end zone.

Team stats: 1st downs, Bovina 14, Clarendon, 11; rushing yards, Bovina 275, Clarendon 117; passing yards, Bovina 0, Clarendon, 98; punting average, Bovina 32 yards per kick, Clarendon, 37; penalties, Bovina 7 for 43, Clarendon, 6 for 55.

## Presenting Miss Friona

Bovina's Kay Swafford emceed the Miss Friona Pageant on Sept. 9. She is pictured with her granddaughter, Taylor Prather, and Miss Friona, Hannah Stovall, daughter of Mark and Debby Stovall. ## Mustangs post come-from-behind win

by Celia Quintana

The Bovina Mustangs have opened the season under new Head Coach Hector Guevara in high fashion, with a pair of victories in their first two games.

Last Friday at home, Bovina put away Clarendon, 26-22 for a 2-0 start. What was great was that the Mustangs came back with a pair of TDs in the final period to take the victory. Our players kept focused, not giving up despite being down 22-13 going into the final quarter, and coming back for a big win. Our defense did a great job!

The Mustangs didn't score in the first quarter as Clarendon took an 8-0 lead on a 40-yard TD pass, followed by a run for the two extra points.

For Bovina, Mauricio Garcia had a good run. And on defense, Robert Knoll, Alfie Espinoza and Frank Martinez had QB sacks.

Both teams scored in the 2nd quarter. Clarendon had a 2-yard TD run, followed by a pass for the extra points and took a 16-0 lead.

But the Mustangs fought back with Garcia scoring from 18 yards out. The TD was set up by good runs from Garcia and Trent Quintana. The James Lara kick made it 16-7.

On defense, Garcia also had a QB sack.

The 3rd quarter also saw both teams putting points on the scoreboard. First, Bovina tallied when Justin Guevara hit paydirt on a 13-yard reverse. The kick failed and it was 16-14.

Then Clarendon increased its lead by scoring from the 2. The run for extra points failed and Clarendon led 22-14.

During this quarter, Lara had a QB sack on defense. Besides Guevara's TD run on offense, Alfie Espinoza also had a good scamper.

The final quarter was owned by the Mustangs.

### Renfro & Associates

## Bovina getting a new business

Bovina is getting a new business -- Renfro & Associates.

LaJuana Renfro, an agent for Primerica Financial Services, is setting up shop here.

LaJuana was raised in Bovina and is a Bovina High School graduate. She is the daughter of Dean and Juanita Hastings.

Her mother, a former hairdresser, still lives in Bovina. Her dad is deceased. He was the longtime Santa Fe Railroad depot agent here.

LaJuana and her husband, David, who grew up in Hereford, will be celebrating their 25th wedding anniversary on Sept. 26. David is also employed in the area.

They have two children -- Lisa Redman, of Merkel, Texas, and Chris McMeans, of New Deal, Texas.

LaJuana also has a sister, Carole Jean Wright. She and her husband, Jerry, who once was bank vice president in Bovina, live in Albuquerque. Mrs. Wright used to work at Sherley-Anderson-Pitman here.

What does Primerica do?

"We work with people who want to get out of debt. Folks who want to protect their assets and build for the future through investments in mutual funds.. We work with middle income folks," explained Mrs. Renfro.

Primerica educates folks about money, how it works and how they can make it, she added.

The company has been in business for 30 years and is part of CitiGroup. Mrs. Renfro can be contacted at (cell) 806-535-1598.

Also, she noted that Texas has recently passed a law that high school seniors must take a class on handling their personal finances.

She said Primerica has a curriculum set up and she can teach it, if asked.

Mrs. Renfro also is available to speak at seminars, to church and social groups, etc.

### Mustangs of the Week

Coach Guevara named as the Mustangs of the Week for their play against Clarendon: defense -- Jesus Rocha; Big Stick Award -- Frank Martinez; and offense -- the offensive line which allowed the backs to rush for 295 yards -- Pecos Prather, Jessie Reyna, Christian Rojas, Eduardo Garcia, David Rojas, Abriel Terrones, James Lara and Oscar Rodriguez.

## JV opens season by blanking Morton

From Coach Aaron Stone:

The Mustangs' JV team opened its season with a 20-0 whitewash of the Morton Indians.

Our defense didn't allow a single point, and caused four turnovers en route to the win.

Jonathan Roldan paced the defense with four interceptions and assisting on many tackles. Ivan Solis did a great job on the defensive side of the ball, as did Eduardo Garcia, Richy Amaya and Mario Rodriguez.

The Big Stick Award this week went to Ricardo De La Rosa.

On the offensive side, Frankie Guevara scored a pair of TDs, the 2nd of which was for well over 50 yards. Amaya had a long pass reception in a crucial 3rd down situation. And Ruben Lopez scored the Mustangs' 3rd TV on a short run up the gut.
