## Nagoya Scarred By Raid

GUAM, May 15 (AP)—Newly scarred stretches of Japan's third largest city, burned and blackened by more than a million jellied gasoline fire bombs, testified today to the power of yesterday's unprecedented raid on Nagoya by 500 Superforts.

Huge columns of black smoke mingling with dense clouds prevented accurate observation of the full extent of damage from the greatest of the multiple blows rained on Japan by army, navy and marine airmen.

Returning pilots described it as "perfect bombing." Two B-29s were shot down over the target, and a third lost near Iwo Jima but its crew

parachuted and was picked up.

There was no American confirmation of Tokyo reports of raids on southern Japanese airdromes by 900 carrier planes Sunday and 500 Monday. Adm. Chester W. Nimitz did announce one major U. S. warship in a fast carrier task force was damaged by Japanese aerial attacks.

A total of 46 attacking Nipponese planes were shot down Sunday night and Monday morning as they attacked the carrier force and fleet units off Okinawa where two light U.S. fleet units were damaged. Eleven more enemy aircraft were brought down by Marine Corsairs sweeping across the East China Sea.

## Torture Camps Termed Planned Extermination

WASHINGTON, May 15 (AP)—A congressional mission reported today its inspection of German concentration camps forced the conclusion the Nazis carried out a "calculated and diabolical program of planned torture and extermination."

The mission, composed of six senators and six members of the

house of representatives, flew to Europe April 22 and spent most of a fortnight looking over the notorious camps at Dachau, Buchenwald and Nordhausen, Germany.

In their report, the group termed the Nazi program of starvation, torture and unhonored death for slave laborers and

political prisoners "no less than organized crime against civilization and humanity."

"Those who were responsible should have meted out to them swift, certain, and adequate punishment," the report advocated.

In view, however, of the existence of the Allied war crimes commission, the committee said it did not believe any additional agency need be created.

"The agencies now dealing with the problem are responsible and competent and will approach the subject from the standpoint of practical justice in every area and in all categories of crimes that may be involved," the report said.

Treating in detail on the establishment at Buchenwald, the lawmakers said:

"Pictures and descriptions of the conditions at this camp cannot adequately portray what we saw there, and it is only when the stench of the camp is smelled that anyone can have a complete appreciation of the depths of degradation to which the German Nazi government and those responsible for it x x x had dropped in their treatment of those who have failed to embrace the doctrines of the 'master race.'"

A macabre detail of the Dachau camp was related.

The committee visited Dachau within 48 hours after its liberation by American forces.

"When we arrived there were many prisoners lying dead between the inner and outer barbed-wire fences," the legislators said. "Apparently shot by the guards. x x x Lying in rows, were about 300 bodies of those who had died and had been collected that morning from the various barracks."

## House Passes Three Measures

AUSTIN, May 15 (AP)—The issue of states' rights was debated at length in the house today and at noon recess there was no indication when it might reach a vote on a resolution declaring opposition to legislation before congress to create regional river authorities.

Meanwhile, the senate passed three bills in a morning's work.

This was the 127th day of the general session and house and senate calendars were jammed with bills. There has been no recent indication whether the house will join the senate in ordering an end to the session on May 24.

After two false starts in which it was forced to stand at ease until members had been rounded up for a quorum, the senate finally passed three measures.

Passed and sent to the house was a bill by Buster Brown of Temple, authorizing trustees of property of deceased persons to pay state inheritance tax directly to the state treasury instead of through the county judge as provided under present statutes.

A measure by W. R. Stone of Galveston regulating the transportation of butane gas under supervision of the state railroad commission was also approved by a vote of 25 to 0.

Also passed and sent to the house was a bill by H. L. Winfield of Fort Stockton to permit the Hudspeth County Reclamation District to refund improvement

## Bond Drive Opened By Monday Rally

Bond sales totalling \$38,995 marked the first official day of the Seventh War Loan Drive in Howard county and added to other sales since the first of April brought the total to \$164,936 of which \$99,259 are in E bonds, a check of issuing agencies showed Tuesday morning.

The drive opened yesterday with a rally held at the courthouse lawn and featuring music by the Big Spring high school band. Cpl.

William Mavromatis played accordion numbers and songs were furnished by Pfc. George Jay. The Rev. George Julian gave the invocation.

Master of ceremonies was Ira Thurman who told the crowd, "Howard county has never failed yet." In its war bond drive commitments. Introduced were Pat Kenney and Ted Groehl, co-chairmen of the drive.

A stirring talk was given by Lt. Milton Miller of Brooklyn, N. Y., returned bombardier who completed 50 missions in the China-Burma-India area. Lt. Miller told the crowd that only in this country could there be such a thing as a bond rally. In every other country in the world, he pointed out, people don't need to have rallies to buy bonds. They have felt the war first hand, seen their homes destroyed, their land devastated, their families wiped out. Only America hasn't seen war and can't realize the devastation and heartache.

"There have been no bombers over Big Spring but those from the AAFBS," he said, "and what can you do to repay that? Money isn't enough," he continued.

Speaking of the Japs, he declared that our armies have not yet met the real Japanese armies and if Japan proper were conquered tomorrow, the Japs would still be able to carry on the war from China.

Clyde Thomas, whose five sons and a daughter are all in the armed services, also spoke of how the soldiers overseas are investing in bonds.

## Doenitz Status To Be Cleared

By JAMES M. LONG  
SUPREME HEADQUARTERS  
A L L I E D EXPEDITIONARY  
FORCE, Paris, May 15 (AP)—A clarification of the status of the Doenitz government in the conquered Reich is believed imminent, but until it comes there is no tendency here to regard the Flensburg group as anything more than an instrument of surrender.

Information here is that the Doenitz government is not ruling Germany — the Allies are doing that and are going to continue doing it for some time. But it is serving at least in some respects as a central authority representing the German army and guaranteeing its submission to the Allied Powers.

Grand Adm. Karl Doenitz, successor to Hitler; Field Marshal Ernest Busch, last commander in the north; and the rest still are in Flensburg, near the Danish frontier.

Pending an announcement which is expected to clear up the situation, Shaeff is reluctant to comment on steps being taken there.

## Truman Wants No Tax Cuts

WASHINGTON, May 15 (AP)—President Truman declared today that he is opposed to any reduction in taxes until after Japan has been defeated.

The president told his news conference that there can be no reduction—no possible reduction—until after the whole war is over.

He said \$5,000,000 bond holders had to be protected and that the only protection lay in continued high taxation.

## CARELESS DRIVING FINE

One man was fined \$10 in police court Tuesday morning on charges of careless driving. Three boys appeared in connection with car theft and are being held for Wichita Falls police. Two drunks were jailed and there was one case each of petty theft and vagrancy.

## Richard Leche Given Parole

WASHINGTON, May 15 (AP)—Former Governor Richard W. Leche of Louisiana, serving a prison term after his conviction of a charge of using the mails to defraud, was paroled today by the federal parole board, effective June 30.

The 46-year-old one-time associate of the late Huey P. Long was sentenced to ten years in prison on Dec. 31, 1941.

He was eligible for parole April 30. He has been serving his sentence in the federal correctional institution in Texarkana, Tex.

The board made no comment on its action.

## Turner Nominated

WASHINGTON, May 15 (AP)—President Truman today nominated Vice Admiral Richmond K. Turner to be a full admiral. Admiral Turner since August, 1943, has been commander of an amphibious force of the Pacific fleet.

# Yanks Take Bloody Pass

## Airfield Taken As Yanks Ready For Final Push

Two Observation Posts Seized; Shuri Line Next Objective

By LEIF ERICKSON  
GUAM, May 15 (AP)—American forces captured the strongly defended Yonabaru airfield yesterday and squared away today for the final drive on Okinawa's inner Shuri defense area.

Yonabaru and Conical Hill, chief remaining Japanese observation point, fell to Maj. Gen. James L. Bradley's 96th infantry division.

Two rifle companies which gained its 480-foot summit late Sunday held tenaciously to their position despite Japanese counterattacks. Yesterday the 383rd regiment of the 96th completed the hill's capture and paved the way for the mile and a half gain to Yonabaru, fourth airfield to fall to the Americans in the Okinawa campaign.

Meanwhile, Maj. Gen. Lemuel Shepherd, Jr.'s Sixth marine division was fighting in northern Naha, Okinawa's capital city which has been leveled by weeks of naval gunfire and artillery. The Yanks still have to cross the Asato river to reach the main part of Naha.

Looking across the muddy Asato estuary, commanding officer Col. Merlin F. Schneider, of the 22nd marine regiment, said: "We'll take her but the cost may be high."

Conical Hill lies about 420 yards east of the final Shuri defense line and its seizure will provide a good foothold for the final assault on Shuri fortifications.

A ranking officer said the breach of the Shuri line will be the climax to the gory fight on the island threshold to Japan's homeland and that the rest of the Okinawa campaign will be a "downhill pull."

Associated Press war correspondent Al Dopping reported that as the battle raged along the eastern sector, with little gain reported in the center and west, a battlewagon stood off shore pounding away at Shuri castle. One marine observer reported it scored 25 hits on this medieval-like fortress but "they seemed to bounce off like a rubber ball."

Tanks and planes are being used to supply American troops in the rugged center where enemy artillery and wild terrain are hampering truck lines to the bloody front.

## Churchill Wants Joint Conference

LONDON, May 15 (AP)—Prime Minister Churchill said today he hoped for a meeting soon with Marshal Stalin and President Truman and, in reply to another query in commons, refused to commit himself on the question of whether Hitler is dead.

He also disclosed that King George VI early during the war had practiced daily with a rifle and tommygun in the Buckingham palace garden, and expressed belief the king would have joined the men on the firing line if the war ever had brought a last-ditch stand in London.

The prime minister further said Britain would not hold formal victory parades and celebrations until Japan is defeated.

Asked whether a meeting of the Big Three was contemplated in the near future, Churchill said: "I devoutly hope so. It would be very off if such a long fierce war ended without any settlement even among the victors."

When one member inquired whether Hitler's death had been established "beyond all shadow of doubt," Churchill replied that he knew no more "than any member who reads the newspaper."

"There I have only my opinion to go by," he said.

"What is that?" a member shouted.

"I really do not feel that any particular duty lies upon me to make guesses," the prime minister replied.

## Honeymoon Ends

By SID FEDER  
BOLZANO, Italy, May 13 (AP)—The Nazis in this wartime nest of the S.S. have finally learned that the war is over and that Germany has been whipped.

For the past 10 days they have been swaggering around doing about as they pleased, granting the U. S. 88th division "permission" to set up a command post, driving through the streets in powerful cars, fraternizing with civilians or eating in restaurants catering almost exclusively to German soldiers.

But now the honeymoon is over. Col. W. C. Fry of Washington, D. C., assistant division commander of the 88th, took over yesterday as commandant of the town and within a few hours he had ended one of the most fantastic situations which has grown out of the German surrender.

Fry told the Nazis bluntly they were a defeated army and from

## Truman Hopes For Big Three Parley

WASHINGTON, May 15 (AP)—President Truman said today he hoped to meet soon with Prime Minister Churchill and Premier Stalin to discuss the future peace program.

The president told reporters he had discussed such a meeting with British Foreign Minister Anthony Eden yesterday but that no definite decision had been made.

He said he hoped that they could get around a table soon but he did not believe it would be immediately.

The matter came up after the president said he favored repeal of the Johnson act restricting loans to nations in default on World War I obligations.

He was asked if he planned to meet with Churchill and Stalin. He replied he hoped that there will be possibility for the three to meet and discuss together a peace program around the table.

The Big Three will have the meeting, he added later. A reporter asked if that meant it was on and he said he hoped there would be one soon. He added it would not be before the close of the San Francisco conference.

Pressed for a definite time, the president said it won't be immediately or in the far distant future.

When a reporter asked if General Charles De Gaulle of France would attend if the conference could be arranged, the president said the Big Three will have the meeting. The reply apparently limited the prospective get-together to the heads of the British, American and Soviet governments.

## Committee Wants Food Czar Set Up

WASHINGTON, May 15 (AP)—Creation of "a supreme administrator for food" was recommended by the senate agriculture committee today in a report sharply critical of OPA's administration.

The committee approved the report by a 13 to 2 vote. Senators Lucas (D-Ill.) and Ellender (D-La.) dissented on grounds the report was too critical of the administration.

"The committee believe," the report said, "that the Office of Price Administration has failed miserably to enforce price and ration-control regulations."

## Shick Warns Against Sending Chain Letter

An abundance of chain letters and post cards have been passing through the mails of late and in the last two days local postal authorities have stopped around 15 cards which passed through the local office.

Nat Shick, postmaster, said Tuesday that chain letters or cards of any description are against postal regulations and US postal laws prohibits the distribution of such correspondence through mail service.

One chain letter in the hands of the local officials will be sent to authorities for investigation.

## COURT OPENS IN MIDLAND

The regular session of 70th district court in Midland opened Monday with Judge Cecil Collins of Big Spring presiding. Court will open in Odessa on June 11, Stanton, July 2, Garden City, July 16 and will open for the September term in Big Spring September 23.

## Way Opened To Northern Luzon

MANILA, May 15 (AP)—Bloody Balet Pass fell to Americans of the 25th and 37th divisions Sunday after weeks of bitter fighting, Gen. Douglas MacArthur announced today.

Doughboys were fighting down the 80-mile mountain road leading to the extensive Cagayan valley of northern Luzon, a Japanese stronghold.

Yanks counted 7,000 enemy dead in the narrow 75-foot defile between towering mountains, Associated Press Correspondent James Hutcheson reported from the field. The toll is expected to mount to 20,000 when Japanese dead sealed in the network of caves interlacing the pass walls are counted.

It was from these caves, many of them large enough for an entire company, that enemy troops held off the Yank drive into Luzon's breadbasket.

The enemy exacted "sobering losses" on or troops, Maj. Gen. Charles L. Mullins, Jr., reported.

But the way now lies downhill. When Doughboys reach the valley floor, tanks, heavy artillery and flame-throwers can be brought to bear.

The 25th and 37th were driving toward Santa Fe and juncture with the 32nd division pushing along the Villa Verde trail from the west. They were two miles apart.

East of Manila, the 43rd division, preparing for the final assault, tightened its ring around Japanese near Ipo Dam, which supplies one-third of Manila's water.

On Mindanao, Japanese fiercely resisted the Yank drive near Davao City between the Talomo and Davao rivers. Americans hurried back six Banzai charges in company strength Saturday and Sunday. Japanese naval guns on the northern tip of nearby Samal island, invaded by Doughboys, shelled American lines of the mainland.

The 31st division liquidated a reinforced company of bypassed Japanese between Kibabe and Maramag in north central Mindanao. Sixty miles up Sayre highway, near the north coast, the 40th division consolidated the captured Def Monte air center. Guerrilla forces seized Cagayan port, bringing the entire north coast under American control.

The three divisions are fighting to bisect Mindanao and break up an estimated 50,000 Japanese troops.

## Free Press For Germans Favored

WASHINGTON, May 15 (AP)—President Truman said today that he and Gen. Dwight D. Eisenhower are in agreement that a free press should prevail in Germany "in a manner consistent with military security."

This is a reversal, the chief executive told his news conference, of the position taken last week by Elmer Davis, chief of the Office of War Information, who contended information reaching the Germans should be strictly controlled.

Davis acted in good faith, the president said, but had misunderstood the policy agreed upon.

Today, President Truman read a statement asserting "General Eisenhower has advised me that he has issued no policy or order dealing with the importation of publications into Germany," and adding "the general has expressed the personal opinion that a free press and that a free flow of information and ideas should prevail in Germany in a manner consistent with military security."

At the same time he added "we are not going to lose the peace by giving license to racists, pan-Germans, Nazis and militarists so that they can misuse democratic rights in order to attack democracy as Hitler did."

## Goering On First Criminal Listing

LONDON, May 15 (AP)—The War Crimes Commission today announced Reichsmarshal Hermann Goering's name was placed on the first list of war criminals in November, 1944.

The statement by the United Nations commission said simply: "With reference to recent discussions in the press, the United Nations War Crimes Commission desires to state that Hermann Goering's name was placed in November, 1944, on the first list of persons charged with war crimes which was adopted by the commission."

## Cold Wave, Rain In Parts Of Texas

By The Associated Press  
A mass of cold air brought relief from summer-like temperatures and caused thundershowers in many sections of Texas, today.

From yesterday's readings in the 90's and above Laredo had 103 degrees, the cold front, moving in late last night, dropped minimums to a range from Pampa's 37 degrees to 77's at Corpus Christi, Brownsville, and Galveston. The Laredo minimum was 76, a six-hour compilation by the U. S. Weather bureau showed at 7:30 a. m.

The same early readings reported had 1.15 inches of rain at Burleson, between Fort Worth and Gainesville; traces at Abilene, Amarillo, Pampa, and San Angelo, and thundershowers in progress at Waco, Sulphur Springs, and Mineola.

Rains were continuing at many places.

The cold front pressed into Texas from the north where sample minimums today were Fargo, N. L., 33; Duluth, Minn., 36; Cheyenne, Wyo., 32; Sheridan, Wyo., 35, and Havre, Mont., 32. It caused heavy rains in Oklahoma.

Dallas, Fort Worth, Midland, Big Spring, Abilene, Gainesville, El Paso, and San Angelo recorded minimums in the 50's.

## Writer Says German V-Bomb Attempt On New York Fizzled

LONDON, May 15 (AP)—A staff writer for the army newspaper Stars and Stripes declared last night that an attempted German bombardment of New York last election day "failed when the V-bomb either fell short of New York or was shot down by fighter pilots alerted to watch for such projectiles."

An editor's note preceding the story said the writer, Andy Rooney, was on temporary duty with the New York bureau of the paper in November, and that the story was withheld until after Germany's fall.

In New York a spokesman for the eastern defense command said: "We have no information about it. We would have known if such an attack had taken place."

## Nomination Of TVA Head Is Approved

WASHINGTON, May 15 (AP)—David Lilienthal's nomination for a new term as TVA director was approved by the senate agriculture committee today, 13 to 2.

Voting to recommend against confirmation were Senators Stewart (D-Tenn.) and Connally (D-Tex.) Stewart cast a proxy for Connally, who is attending the United Nations conference at San Francisco.

M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of June, A. D., 1945, at or before 10 o'clock A. M. before the Honorable District Court of Howard County, at the Court House in Big Spring, Texas.

Said plaintiff's petition was filed on the 12th day of May, 1945. The file number of said suit being No. 5467. The names of the parties in said suit are: James E. Gallier as Plaintiff and Bettyeale Gallier as Defendant.

The nature of said suit being substantially as follows: to wit: Plaintiff alleges bona fide inhabitancy in Texas for more than a year and residency in Howard County for more than six months next preceding the filing of the suit, alleges the marriage of the plaintiff and defendant taking place March 3, 1945 and that he quit her with intentions of never living with her again by reason of her course of conduct being of such a cruel nature as to render his living with her unbearable and insupportable, that by a former marriage of the plaintiff and defendant they have one child, who is James Ray Gallier, a boy now about two years of age, custody of which is submitted to the court, praying for a judgment of a divorce dissolving the bonds of matrimony existing between the plaintiff and defendant. Issued this 12th day of May, 1945. Given under my hand and seal of said Court, at office in Big Spring, Texas, this 12th day of May A. D. 1945. GEO. C. CHOATE, Clerk District Court Howard County (SEAL) Texas

### Baptist W. M. U. Has Program

The annual hospital day program and collection for the five Baptist hospitals in Texas was held at the session of the First Baptist Women's Missionary Union Monday afternoon in the church parlor. A total of \$42.50 was collected.

Mrs. J. A. Coffey was in charge of the program which was in charge of "The Best Mother's Day Gift." Taking part in the play were Mrs. M. E. Harlan, Mrs. J. A. Coffey, Mrs. Roy Rogan, Mrs. J. W. Alexander, Mrs. W. W. Edwards and Mrs. Vernon Logan. Mrs. Ernest Hock sang and Mrs. K. S. Beckett gave a report on benevolence.

A change has been made in regular meetings. The Union will meet Monday for a Royal Service program and the next business meeting will be the fourth Monday in May.

Attendance was urged for the Workers meeting to be in Stanton Thursday.

Others present were Mrs. Bennett Story, Mrs. Inez Lewis, Mrs. Roy Odum, Mrs. R. C. Hatch, Mrs. Hobbs, Mrs. Carl McDonald, Mrs. J. V. Dodge, Mrs. C. T. Clay, Mrs. R. V. Hart, Mrs. L. E. Hutchins, Mrs. Della K. Agnell and two new members, Minnie Moore and Mrs. W. G. Whittier.

### Encampment Scheduled

Registrations for the Girl Scout encampment at Camp Lewis Farr, Mertzon must be in by Wednesday and all Brownies, Intermediates and Senior scouts planning to attend are asked to telephone Mrs. H. H. Rutherford at 935-W or at 1139 before Wednesday night.

The annual outing at Camp Lewis Farr will be July 5-12 for local girls and Miss Meryl Adams, former member of the Mayo Clinic staff, will be camp director this year.

Sponsored by the local GS board, transportation for scouts will be furnished by the local association. Registration fee is \$2 and camping fee is \$10.

### Rites Wednesday For Mrs. Harding

Funeral for Mrs. Rosa Anna Harding, 82, widow of J. B. Harding, will be held at 11 a. m. Wednesday at the Eberley-Curry chapel with the Rev. Dick O'Brien, First Baptist pastor, in charge.

Mrs. Harding, who came to this country 39 years ago, died at her home Tuesday morning. The family first resided where the US Experiment Farm is located, later moved to the Elbow area, but had lived in town for many years.

Burial will be in the IOOF cemetery beside the grave of her husband. One son also preceded her in death.

Surviving children are Mrs. Edith LaVelle, Nora Harding, Ollie Bell Harding, Martha Ann Harding of Big Spring, and Faye W. Harding, Long Beach, Calif. She leaves two sisters, Mrs. Willie Cloyes, Big Spring, and Mrs. Cora Daniel, Lubbock, and one brother, Tom Perkins, Enid, Okla.

Grandchildren include Lt. E. H. LaVelle, in training in Alabama; Pvt. Russell LaVelle, in Italy; S/Sgt. Randall LaVelle, in the Philippines; and A/C Alton LaVelle, Big Spring Bombardier school; Mrs. Wanda White, Spur; Mrs. Tootsie Martin, Big Spring; Mrs. L. Murphy, Joplin, Mo.; Mrs. Fay Echols, Dallas; Mrs. Anna Mae Korfmeier, California, and Ann Harding, Long Beach, Calif. Four great-grandchildren survive.

Mr. and Mrs. Joe B. Hoard of Ottobahn visited Mrs. Hoard's nephew, Capt. James M. Connor and family in Midland Sunday at a family reunion. Capt. Connor, a pilot on a B-24, has just returned from the South Pacific where he completed forty missions without the loss of a crew member and only one was injured by flak.

Pfc. Joe B. Hoard, Jr. visited his parents, Mr. and Mrs. Joe B. Hoard, Saturday enroute to his new assignment at Biggs Field at El Paso.

### Texas Today— John Randolph Digs Up More Brags For Texas

By JACK RUTLEDGE Associated Press Staff You can walk up to almost any Texan, ask to look in his or her wallet or purse, and find therein a clipping either fantastic, humorous or serious about Texas. Texans like to brag, and like to carry with them printed proof they're not exaggerating.

Here's another clipping to help the habit along. John Randolph, a Texan, naturally, has written a book called "Texas Brags."

In it, Mr. Randolph says, among other things: The Texas navy, man for man, ship for ship, dollar for dollar, was the best that ever sailed the seven seas. It paid its own way (with a little extemporaneous piracy) and when it needed money for repair bills, it hired itself out to fight another war for another nation. And won it.

The governor of Texas rules over more territory than any European king, president or premier in the continental limits of his country (except Russia). Brewster county, the state's largest, has 6,208 square miles, and is larger than Connecticut and Rhode Island with four Districts of Columbia tossed in. Texas has 59 counties bigger than Rhode Island.

Dalhart, Tex., is closer to the state capitals of New Mexico, Oklahoma, Nebraska and Wyoming than it is to Austin, the capital of Texas.

Texas has 973 miles of coastline, 3,900 rivers, bayous and lakes in addition to the Gulf of Mexico and Denison dam's Lake Texoma.

Texas is larger by 144,000 square miles than the United Kingdom of Great Britain. There is enough land in Texas to supply every man, woman and child in the world with a tract 20 by 200 feet and have enough left for all the armies in the world to march around five abreast. Texas is in both the south and the west. Texans are neither southerners nor westerners—they are Texans.

### Amazing Pep For Men 40, 60 or More

If life apparently has lost its zest, you again may be able to enjoy life as you did in your youth. If added years have allowed down your vim, vitality and youthful pleasures, here is an inexpensive method that may change your whole outlook on life. Just ask your druggist for Casella stimulating tablets (either 48 or 200, the 200 size costs much less per dose). Take as directed on label and feel the thrill of living again. Don't feel old and worn out at 40, 60 or more. Take these tablets regularly until you feel that you have regained the pleasure of living you once enjoyed. Why be discouraged? Why not try Casella tablets and regain the verve and zest of a much younger man? Women too, will find Casella tablets beneficial.

Last week, Mrs. Ed Lane gave the dinner scraps to her dog, Rusty, and settled down with the paper. But not for long. There on the food page it said that housewives threw away thousands of red points because they did not save meat trimmings and plate scraps!

Now Mrs. Lane saved all fat scraps to be melted down and added to the salvage can. That way she gets more extra red points. Rusty is doing nicely on a leaner diet. He was too fat, anyway. And our country is getting more of the used fat it urgently needs for war- and home-front essentials.

Letter To Editor—

Advice About Problem Child Vets Bunch Of Bunk, Declares Soldier

Dear Editor: I have read in several issues of several popular publications many articles entitled how to treat the returning veteran and so many of them give advice, which, if followed, will be the ruin of a good friendship and many a home. This is because they advise that

the returning veteran be treated as some child or as a mental case. If the returning veteran were a mental case, the advice given in these articles will only make him worse. I suggest that the article in April issue of the "Readers Digest" concerning returning veterans be read by all those in the armed forces. It is the only article on this subject which I agree with whole heartedly.

Reduction Of Carbon Black Content In Tires Is Criticized

WASHINGTON, May 15 (AP)—Reduction of the amount of carbon black used in synthetic rubber tires was described as "a terrible thing" by former rubber director Bradley Dewey Monday.

"This country has put almost a billion dollars into synthetic rubber, and the performance of synthetic tires means a lot to our country," Dewey told the senate defense investigating committee at its inquiry into a shortage of carbon black.

"The people should know how good synthetic is. We shouldn't save a little carbon black at the expense of doing those things."

A WPB official testified last week that the tread wear of tires for army jeeps and civilian motorists had been reduced between 20 and 30 per cent by an order issued in February calling for a reduction in the ratio of carbon black used. This order was modified in April to improve the quality of jeep tires.

Two Killed As Fire Equipment Crashes

DALLAS, May 15 (AP)—Two pieces of fire equipment crashed here last night, killing two members of the Dallas fire department and injuring seven persons, one critically.

The two vehicles were en route to a fire at a battery shop when they collided and crashed into a nearby cafe.

The dead were Jack Sullivan, driver of District Fire Chief F. E. McCarthy's car and Amil Harne, 46, who was driving a fire station pumper. Chief McCarthy, 50, was injured critically.

A hoseman on the fire truck, Fletcher Webb, said they could not hear the siren on McCarthy's car because their own was going full blast. "Because of his own siren, most likely he (McCarthy) was unable to hear ours," Webb explained.

Ott Surges Into Top Spot In National

NEW YORK, May 15 (AP)—Tony Cuccinello of the Chicago White Sox, retained the American league batting lead today despite a 38-point drop to .367 but Manager Mel Ott of the New York Giants, had replaced Brooklyn's Luis Olmo as the National leader.

Ott added 30 points to his average during the week to take over the top spot. Olmo dropped to third when his aggregate fell off 32 points. Second went to Tommy Holmes of Boston, who gained and now has an even .400 figure.

Dateline: Pacific NERVE OF THOSE JAPS TRYING TO BREAK UP A HOSPITAL CONCERT

By FRED HAMPSON AT AN ADVANCE BASE, Philippines, (AP)—Short takes from up forward:

The 25th division's band was entertaining 63rd portable surgical hospital patients near a Luzon front. The music was punctuated by a staccato passage from that most familiar of Japanese instruments—the sniper 25.

The medical corpsmen sped the patients to cover, the musicians swapped their instruments for rifles and fanned out in patrol fashion. The infiltrating snipers were quickly dispatched by band directors Warrant Officers Raymond Rike's (Dallas, Tex.) and Ralph Hunter's (Wethersfield, Conn.) musicians, and the concert resumed.

First Lt. Donald W. Johnson, Willmar, Minn., a Lightning pilot for the 13th airforce, shot down two Italian planes in the Mediterranean theater but got nothing but dry runs out here until—with Lt. Red Army Claims Big Toll On Nazis

LONDON, May 15 (AP)—The Red army has slain or captured 12,770,000 enemy troops in almost four years of war on the eastern front, according to the latest totals announced by Moscow today.

More than 1,230,000 Nazis have been taken prisoner since Germany's unconditional surrender, the Soviet information bureau said. The figure included 101 generals.

The announcement did not say whether the Russians had captured Field Marshal Ferdinand Schoerner or Col. Gen. Otto Woelfler, commanders of the troops in Czechoslovakia and northern Austria who fought on despite the Nazi capitulation.

Yesterday's roundup of 170,000 Germans brought to 3,030,000 the total killed or captured since the Red army launched its spring offensive Jan. 12.

WPB GIVES CAP ROCK ELECTRIC CONSTRUCTION THE GREEN LIGHT

Construction of rural power lines by the Cap Rock Electric Cooperative in Martin, Howard, Midland, Glasscock, Dawson, Borden and Andrews counties has been given the green light by the War Production Board and Rural Electrification Administration headquarters at St. Louis, O. B. Bryan, manager of the cooperative, announced today. REA loan funds will be allotted to the cooperative for this construction.

About 1,000 rural homes are scheduled to receive service from lines of the Cap Rock Electric Cooperative in its expansion program. Bryan said that lines will be built first to reach areas closest to existing lines of the system. This method of fixing priorities will be the easiest way for the cooperative to conform with the new WPB order liberalizing the wartime restrictions on line construction. The WPB order authorizes REA systems to complete line extensions which will require not in excess of \$25,000 worth of materials each.

Bryan said persons interested in obtaining electric service should sign up at the Cap Rock Electric Cooperative office in Stanton without delay, if they have not already done so. The present supply of materials for rural power line construction is limited and the number of signed consumers

will be an important consideration in determining which lines are to be built first.

Bryan predicted that new lines would make electric power available to farms and help them increase food production in the war against Japan and to feed starving millions in Europe as well as maintaining our own population.

In the past 28 months Cap Rock has extended service to 200 farms under WPB's wartime regulations. The new program, in addition to boosting food production, may be the means of providing jobs from some of the men who already are being released from service. He estimated it would require four and a half years to build enough lines to serve 90 per cent of the farm homes in Cap Rock territory.

House Approves Bill For Guayule Funds

WASHINGTON, May 15 (AP)—The house approved legislation yesterday authorizing a guayule production program guaranteeing growers 23 cents a pound. It also provides for the cultivation of 400,000 acres to assure an adequate emergency domestic supply of rubber. The bill, sponsored by Rep. Poage (D-Tex) now goes to the senate.

# Dodgers Riding Waves On Nine Straight Wins

By JACK HAND  
(Associated Press Sports Writer)

Brooklyn again was the baseball capital of the nation today with the glorious Bums riding blissfully on a nine-game winning streak and basking in the sports page headlines.

They were only two lengths behind the leading New York Giants.

When the Brooks thumped the Phillies four in a row, the experts warningly pointed a finger and said "wait until the Cards get here."

The Cards came and lost, so did the Reds and the Pirates arrived yesterday in time to become the ninth victim. To top it off, a rookie named Leroy Pfund, who hadn't been trusted with a previous starting assignment, got the call and caught the victory spirit.

While obscure personalities like Pfund, Tom Seaver and Otho Nicholas were recording their names in the pitchers' win column, old reliable Dixie Walker finally began to make his bat talk.

Hitting a trifling .179 when the flock first struck gold, the 1944 National league batting champ has lifted his season mark to .315 and socked the apple at a .471 clip in the last nine contests. The team average on the hot streak was .303 but Brooklyn fans needed only one explanation . . . the old bromide "as Dixie goes, so do the Dodgers."

Pfund was one of three rookies to make his first start in the big show and none lost. He draped a seven-hitter on Frankie Frisch's Bucs for a 4-1 edge with the help of Walker's triple, double and single.

Mel Ott shot a freshman at the Chicago Cubs in Bill Emmerich, another St. Louis chain gang refugee from Rochester, and got a 6-5 edge in 10 innings although Emmerich wasn't around to get the credit.

Bill Voiselle relieved in the ninth, dished up a home run ball to Catcher Dewey Williams but was rescued from his first loss by Ray Reyes' second round-tripper of the day and credited with his decision when Phil Weintraub singled home pinch runner Leon Treadway in the overtime frame.

The third first starter was Melvin Bosser, a 25-year-old war veteran whose only previous experience came in class D. Taking the hill for Cincinnati against the Phillies, the discharged serviceman earned win No. 1 but had to give way to Walter Beck because of wildness in the eighth. The Reds won 5 to 4.

Boston and St. Louis were not scheduled, moving up their game to make a doubleheader tomorrow, and the entire American slate of four games including a night tilt in St. Louis, was washed into future twin bills.

# Coastal Division Of Game Unit Is Killed By New Law

AUSTIN, May 15 (AP)—A bill repealing the statute creating the coastal division of the game, fish and oyster commission has been filed with the secretary of state, and will become law 90 days after the close of the 49th session of the legislature.

The repealer was in the form of an amendment to a bill regulating commercial salt water fishing for certain species.

The original bill was by Reps. H. L. Atkinson of Beeville and Jo Ed Winfree of Houston. The measure actually voted on was a substitute by Rep. Homer Harzog of Port Lavaca, and the amendment repealing the coastal division statute was offered by Rep. Augustine Celsa of Brownsville.

While official comment on this set of circumstances was lacking, one house member familiar with the situation said its effect would be "to make Will Tucker boss of coastal operations, instead of J. B. Arnold."

He would not permit the use of his name.

The repealing act was filed with the secretary of state without the signature of Gov. Coke R. Stevenson. It passed the house April 17 by a vote of 131 to 0, and was approved in the senate May 3 on a voice vote.

**STEWART BOOSTED FOR NEW POSITION**  
By HAROLD V. RATLIFF  
Associated Press Sports Editor  
DALLAS, May 15 (AP)—The sports program to be conducted by the armed forces in Europe will require many leaders and don't be surprised if some of the top coaches of Texas are missing from the local scene until football season.

The government has made no announcement of the plan but it is expected to take the time of coaches and athletic heads from colleges and other institutions of the nation for a period of three months as they conduct a great sports set-up for the army of occupation across the pond.

The Southwest conference is moving toward a commission form of government in its athletics. The title will be executive secretary but under plans being discussed this man will correspond pretty well to the commissioner of other conferences.

As best can be determined the distinction will be that while a commissioner is a czar who runs the whole show then reports, the executive secretary will run it but mostly through recommendations to the conference faculty committee, governing body of the league.

There was a lot of talk around the spring Southwest conference meet here last weekend about Jimmie Stewart, athletic director of Southern Methodist, taking the job.

It is understood that an appropriation of \$12,000 a year will be made for it. From this amount office expense would have to be paid with the rest going to salary. That would mean probably \$6,000 a year.

Here's how Ralph Wolf, Baylor's athletic director, describes the basketball season for the Bears in which they didn't win a game: "We were nosed out in the last 38 minutes."

And, added Wolf: "Now, if you ever saw an amateur team ours was it."

Joe Bailey Cheaney, the old Santa Anna high school and Howard Payne track star, tells of the time he ran the 100-yard dash in 8.8 seconds.

OTIS COFFEY, Pampa high school coach, would like to schedule some football games with Class AA teams in Texas.

"In the past, our schedule has been made up of games with Oklahoma teams, Class AA teams in Texas and our district AA opposition," he writes. "In arranging our schedule we are trying to get as many AA Texas teams on it as possible. I have open dates on Sept. 28, Oct. 5, Oct. 19 and Nov. 2."

Otis says he has only two starters back from last season's district runners-up, "but should have a fair ball club."

# IN UNIFORM

**FLIGHT SURGEON**  
Major James R. Blair, Jr., son of Mr. and Mrs. J. R. Blair, Sr., of San Angelo, has been appointed group flight surgeon of the 79th fighter group, 12th air force in Italy. Major Blair, who is a graduate of San Angelo high school, received the degree of doctor of medicine from Tulane University in 1938. He was a psychiatrist on the staff of the Big Spring State hospital before entering the army. He has been overseas since March, 1943, and has served in the Middle East, Sicily, southern Italy and northern Italy. His wife, DeLores, and son and daughter live in San Antonio.

**DISTINGUISHED UNIT BADGE**  
Pfc. Ruben S. Villalba has recently been awarded the distinguished unit badge as a member of the 38th cavalry reconnaissance squadron in Germany. Pfc. Villalba is a Bantam driver in that division of mechanized cavalry. He has been awarded the Purple Heart and three bronze battle stars for participation in the campaigns of Normandy, northern France and Germany. He is the son of George Villalba.

**AID MAN**  
Pvt. Howard F. Awtry of Knott, a company aid man, is a member of the Second battalion, 350th "Battle Mountain" regiment of the Fifth army in Italy.

**HOME FROM PACIFIC**  
Marine Pfc. Jesse R. Mendoza, son of Mrs. G. R. Mendoza, has returned to the Miramar, Calif., Marine Corps air depot from the Pacific for furlough and reassignment. A truck driver with a Fourth marine air wing service squadron, he was based in the New Hebrides and Palau Islands. He attended Big Spring high school, and prior to enlisting in April, 1943, he was employed by the Big Spring Compress company.

Pfc. Hi Alexander, back after 14 months of service in the Marianas with a marine flight group, is on leave to visit with his parents, Mr. and Mrs. W. J. Alexander. He will be here until the forepart of June when he leaves for reassignment in North Carolina. Enroute, he will visit with his brother, A/C Donnie Alexander, who is in pre-flight training at the University of Georgia at Athens, Ga.

**Faculty Named For Baseball Clinic**  
DALLAS, May 15 (AP)—Three men well known in Texas baseball circles will be on the faculty of the baseball clinic sponsored by the Dallas News June 4-8.

The clinic will be held in connection with the Southwestern AAU Texas high school diamond championship tournament.

The News announced yesterday that Hank Severeld, former manager at Wichita Falls; Al Vincent, manager of the Beaumont Exporters in 1937; and Arthur G. (Pinky) Whitney, former baseball star at Brackenridge high school, San Antonio, will be on hand.

"Yes, I was clocked in 8.8 but before we let the news go out we measured the track. It was only 80 yards."

Otis Coffey, Pampa high school coach, would like to schedule some football games with Class AA teams in Texas.

"In the past, our schedule has been made up of games with Oklahoma teams, Class AA teams in Texas and our district AA opposition," he writes. "In arranging our schedule we are trying to get as many AA Texas teams on it as possible. I have open dates on Sept. 28, Oct. 5, Oct. 19 and Nov. 2."

# SPORTS ROUNDUP

By HUGH FULLERTON, JR.  
NEW YORK, May 15 (AP)—Mickey Walker, who started out on a six-weeks USO tour and found he was booked for six months instead, is back with the prediction that the next heavyweight champ is going to come out of the armed forces. . . . The former middleweight boss must have seen plenty of G.I. boxers between here and Iran and he surely stirred up the makings of a good scrap when he said the navy's fighters could lick the army's. . . . But Mickey's observations don't tally with those of some other experts—unless he means that Joe Louis, now a doddering old wreck of 31, will be coming out of the army to continue his heavyweight rule.

Another Angle—  
Sgt. Al Lacombe, who has been staging fights at Khorramshahr, Iran, just returned there after escorting a Persian Gulf Command boxing team to Italy. . . . He reports as follows: "I found out that the Americans are not the best G.I. boxers; the Italians over there in Bari, Italy, really are the best. They beat the Americans, British, New Zealanders, Russians and Frenchmen every time they meet. They are always in perfect condition and have very good instructors; the Americans do not want to train for fights; the British boxers just can't fight; the New Zealanders can fight but do not have any instructors to teach them; the Russians are very clumsy and easy to hit; the Frenchmen fight like they are beginners." . . . In support of this opinion, Sgt. Lacombe adds that a 14-year-old, 120-pound Italian kid named Angelo Colianni, can lick the American and British featherweights and most of the lightweights in Italy.

More Comparisons—  
In Italy, Sgt. Lacombe encountered a Louisiana neighbor, Johnny Ebarb, who boxed Louis and Billy Conn there. . . . Ebarb claims that if those two tangle again for the title, Joe will be able to stop Billy whenever he feels like it. . . . Louis, he says, still has plenty on the ball while Conn has slipped considerably and lost a lot of speed.

Pro-Amateur Plan On Tap At Meet Today  
SAN ANTONIO, May 15 (AP)—A pro-amateur event is on the schedule of the Texas P.G.A. championship golf tournament today. The 72-hole championship rounds begin tomorrow.

Tod Menefee, pro at the San Antonio Country Club, rose into the limelight yesterday when he paired with Mrs. B. H. Blanchard for a 66 score and low net in the Scotch foursome. Menefee had beaten Pro Jimmy Demaret and Sammy Schneider of Corpus Christi in exhibition matches Sunday.

Discharge of veterans with 85 service points forecasts that Uncle Sam will continue drafting 18-year-olds, not many of the discharges are expected to bolster college teams, especially since multiple fatherhood or at least four years service virtually are needed to build up the point total.

In addition, transfer of the country's war might from Europe to the Pacific is expected to be at its peak in late summer and early fall—months usually given over to football, backbone of all collegiate programs.

SHINERS  
SCOTT'SBLUFF, Neb., May 15 (AP)—Shoes were neat and shiny in Scott'sbluff high school today. From Superintendent J. E. Shedd on down, the faculty shines the shoes of all students who bought a war bond. Sales were brisk, totaling \$5,692 the first day.

# Squadron F Bombers To Meet Officers Under Lights Today

Scheduling problems confronted Softball League officials at the Big Spring Bomber school this week as the combat returnee officers of Group IV belatedly entered a team to make the league a 17-team loop.

The Group IV Officers, who will be in the National league, make their debut at 6:30 p. m. today, meeting Personal Affairs Officers in the cadet area at the post.

Tuesday's feature game again has the power-laden Bombers of Squadron F appearing under the lights at city park. The unbested Bombers, rated by the dopsters as the team to knock off for the championship, meet the strong Squadron L Officers at 8:15 p. m. In a preliminary at 6:30 p. m., the highly-rated Guard Squadron team takes on Squadron B.

Other games Tuesday evening have C-2's peppy club facing the Mess Company in the north area on the post at 6:30 p. m.; and C-1 meeting the Medics of Squadron E in the south area at 6:30 p. m.

HOUSTON, May 15 (AP)—Two hundred top show horses of Texas will compete for \$3,600 in prizes in the McCloskey benefit horse show to be staged at the Pin Oak Stables near here May 26 and 27. Proceeds will go to the wounded war veterans at McCloskey General hospital at Temple.

Occupation, Influence

Speculation increases over the possible zoning of Germany for purposes of occupation. First tentative drafts show the US and French forces in southwestern part of the country, the British in the northwestern part, and the Russians in central and eastern Germany.

This seems to be disproportionately divided, the major portion falling to our Russian allies. It is easy to go along with that, for most people do not relish the idea of maintaining occupation forces—not that they do not think that occupation is unnecessary or undesirable but that they fear some member of their family or some friend of relative will be obliged to serve in the occupation forces.

All this is well taken, but there is this angle which makes us wonder if Britain, the United States and France should not contend for more extensive zones: Occupation may well become a zone of influence also. By this token, the delivery of most of Germany to Russia for direction would certainly not help the cause of somehow substituting democratic ideas in for the current doctrines of nazism.

Is It The War?

The "a la pin feather soup," T-bone (T for total war) steak, etc. fare at many of the eateries is enough to make the average "eater-outer" submissive to the doctrine of food tablets, and, indeed, to yearn for the good old days when the blue-plate special came out as on the menu and for 50 cents, too.

Alas, times have changed, for today it is a buck for the special dinner of creme chicken soup, spring salad, baked young hen with sage dressing, buttered peas, whipped potatoes, hot rolls, cottage pudding. But what happens to the soup? Can these be pin feathers. No, but the customer warily dips around the bits of pimento floating on top. And what great sorrow has come to the salad? What makes the lettuce look ready to cry?

And can this be the feast of the parched corn, the slightly burned kernels having been switched for the buttered peas, which somehow didn't materialize? And could it be that the help grew weary before all the downy attachments of the young fowl were rubbed and singed?

Have the hot rolls gone the way of all good things these days and should cold slices of bread

The War Today

by Dewitt Mackenzie AP Foreign News Analyst

A lot of folk on the Allied home-fronts will breathe easier as the result of General Eisenhower's blunt announcement that he regrets instances in which senior officers treated captured Nazi and German officials on the "friendly enemy" basis in direct violation of his orders, and that he has taken drastic measures to "assure termination of these errors forthwith."

The Allied press is making it amply clear that we want no coddling of the enemy. We tried it with the Kaiser's gang a generation ago and have paid the awful price. Now we want the scalps not only of Nazi officials but of the German military command, all of whom are guilty of war crimes.

The supreme commander's two-fold move followed British and American newspaper criticism of Reichsmarshal Goering's treatment by the U.S. Seventh Army. A news dispatch said the deputy Nazi fuhrer was given lunch in a hotel parlor after "brief greetings and a handshake" and posed for pictures with Major General John Dahlquist, commander of the 36th division, and with Brigadier General Robert Stack, assistant division commander.

Goering is one of the most dangerous men in Germany. The London News Chronicle sums him up well by declaring that he "is an evil, cruel murderer to whom justice must be done. Because he is fat, he is not kind."

Possibly Goering never slit a throat with his own hands, but that doesn't relieve him of responsibility for the crimes of Nazism. He personally gave orders for the slaughter of innocent civilians with bombs, and he was one of the chief parts of the Nazi war machine. Every Nazi official is in the same boat. And a lot of people go further and demand punishment of all persons belonging to the Nazi party.

There's no such thing as a "friendly enemy" in the Allied lexicon of this war. One of the main Allied objectives has been the extermination of Nazism. But the thing doesn't stop there. We also have had as a prime aim the destruction of Prussian militarism, which has been the mainspring of aggression in Europe for generations.

been expected anyhow? The cottage pudding? The disillusioned customer passes and slips silently out so that the party watching over his shoulder may pass through the same series of surprises.

C'est la guerre. Or is it really?

The Timid Soul

With The AEF: Notes On First Five Days Of Liberty In Holland

By WILLIAM F. BONI (Substituting for Hal Boyle)

UTRECHT, Holland. (AP)—Bits and pieces from Holland's first five days of liberation:

The Searforth Highlanders of Canada, in their occupation of Amsterdam, have had as an entertainer a middle-aged Jew who certainly is one of the cleverest trick artists I've seen. He reached inside his coat pocket and drew out a five-pointed yellow cloth star with "Jood"—Dutch for Jew—written on it in black.

"I wore that for five years—I had to wear it," he said. "But the day you came in, I put it back on and told people that now for five years more I'm going to wear this and revel in it."

When the British 49th division's reconnaissance squadron and war correspondents rode triumphantly into Utrecht an attractive, 19-year-old blonde attached herself to our vehicle. We took her along on an afternoon's sally to Amsterdam and back. But the day after

that flower-strewn tour, the girl's father was arrested by interior forces. The story is that he has been under surveillance for a long time and warnings against him have been printed in the underground press. There is strong evidence to indicate that despite his outward profession of patriotism he actually was doing some sort of espionage, perhaps as a direct agent of the Gestapo.

Throughout these hectic days, Dutch Boy Scouts have performed noble service, they've acted as guides, done auxiliary police duty.

One of their best jobs was controlling over-enthusiastic crowds. People generally respected them and obeyed their orders and requests without question.

Their organization, like all others, was forbidden during the Nazi occupation. But, along with Sea Scouts, they were among the first to appear in uniform once the German capitulation was announced.

Washington—INNER CIRCLE TAKING SHAPE

By JACK STINNETT (Second Of Two Articles)

WASHINGTON — In spite of the pressure of momentous decisions concerning the war and the peace, President Truman is very busy forming his own "inner circle," many of whom will become "big names" before the voters are faced with a change or continuation of administration.

In many respects, President Truman is following the pattern of Roosevelt and numerous other predecessors in appointing intimates and trusted long-time friends to key positions in the White House. Some of these appointments have definite political significance, according to observers here; others have none; while still others are double-barreled.

One of these last is the appointment of Robert E. Hannegan, chairman of the Democratic National Committee, as postmaster general. Hannegan isn't actually a successor to Frank C. Walker, but really succeeds to the post of James A. Farley. It was Hannegan more than any other individual who was named vice presidential candidate responsible for Truman's being date at Chicago last year.

The President and Hannegan have fought political battles in the same state. They understand each other politically and personally. The same was true in a measure of Walker and Roosevelt, but much more true of Farley and the late President. One point, however, is important: Walker wasn't ousted to make way for Hannegan. Even had Roosevelt lived, Walker would probably have departed Washington before long. For personal reasons he wanted it that way.

There are three appointments President Truman has made that are worth more than passing notice and all of them are personal. (1) Edward D. McKim, Omaha, Neb., insurance man, who served as a private in Captain Harry's "Dizzy D" battery in World War I, and now will be his chief administrative assistant — a job comparable perhaps to that held by Harry Hopkins in the previous administration.

(2) Col. Harry H. Vaughn, another World War I "buddy" who is to President Truman what the late Gen. Edwin "Pa" Watson was to Roosevelt — his military aide. (3) Charles Ross, St. Louis Post Dispatch veteran correspondent, who was a high school classmate of the President, and will (as soon as he can break away from the San Francisco conference coverage for his paper) become Truman's Steve Early, otherwise chief of press and radio relations.

A fourth appointment generally expected here is that of former Senator, now federal district Judge Lewis B. Schwelben, of Spokane, Wash., although in just what capacity

Washington Merry-Go-Round—

Kennedy Troubled In North Africa

By DREW PEARSON

WASHINGTON — While the families and friends of G.I.'s in the European theater are worrying about who will come home and who will go on to the Pacific, General Marshall is worrying about a similar problem in regard to the officers now in Europe. Marshall explained this problem recently at a secret meeting of the senate military affairs committee.

The trouble is that too many high-ranking officers who have been on the job of knocking out Germany are demanding that they be sent on to the Pacific. They don't want to stop fighting. While most of these men are officers of the regular army and of very high rank, a number of reservists and newly commissioned men are also anxious to get to the Pacific. Officers who have had behind-the-lines jobs in supply, communications and other fields in France are especially anxious to get combat assignments against the Japs.

While Marshall is tickled by their attitude, it is adding to his already huge headache regarding redeployment of forces in the European theater. The chief of staff told senators that a number of top-rank officers have declared their willingness to accept reduction in rank in order to go to the Pacific. He named colorful "Blood and Guts" Patton — now a four-star general — as one of those who have been most insistent about being reassigned to combat work.

Patton told Marshall that when he met in Europe several weeks ago that he would be willing to "lose a good deal of rank" if he could only be kept in the war.

Republicans Meet Secretly AFL President Bill Green was the speaker when the "78-79 Club" (first and second term republican congressmen) held its last meeting. Green didn't say anything of great importance, but — good politician that he is — he made an excellent impression.

Only time the AFL president permitted himself to get into anything controversial was when he was asked about the CIO's political action committee.

"I believe the function of labor unions is economic, not political," replied Green. Otherwise he dodged argumentative questions. Most interesting portion of the meeting came when Representative James Auchincloss of New Jersey, president of the club, complained because this column has published several accounts of these highly secret off-the-record republican sessions.

"Let me again urge upon you gentlemen that the goings-on at these meetings be kept strictly off the record," Auchincloss implored. "Let us hope that we do not again read what has happened here in Drew Pearson's column."

Reactionary republican Howard Buffett of Nebraska was much less gentle in his warning. "Anyone who leaks about these meetings to Drew Pearson should be read

out of the club," he stormed. Some congressmen thought Buffett was even about to demand that "leakers" be read out of the republican party. But before he could go further, Bill Green spoke up.

"Every time I hold a secret meeting of the AFL executive board," he observed, "I read about it in the paper the next day. I guess you just have to expect those things."

AP's Edward Kennedy The breaking of the German surrender story in advance of authorized release is not the first time Associated Press correspondent Edward Kennedy has been involved in a thing of this kind. On Aug. 21, 1942, Chester Morrison, Cairo correspondent for the Columbia Broadcasting System, cabled his New York office that Kennedy had got an uncensored account of Libyan military operations out of the battle area via Senator Cabot Lodge of Massachusetts.

The incident arose in connection with the fact that Senator Lodge was using his tour of the Libyan battle area as propaganda in his reelection campaign. The CBS correspondent, reporting on Lodge's activities, cabled his New York office:

"He (Lodge) made a Cook's tour of safe desert areas and then went home. On the way home he violated the ethics of journalists here by secretly carrying an uncensored account of operations written by Associated Press correspondent Edward Kennedy."

Secret Argentine Debate It is now possible to give the play-by-play account of what happened behind the closed doors of the steering committee at San Francisco when the thorny problem of Argentina's admission to the United Nations came up.

The meeting opened at 11:18 a. m.—18 minutes late. Secretary of State Stettinius presided. After a brief discussion of procedure, Foreign Minister Molotov arose, asked that Kuznetsov, chairman of the all-union council of Soviet trade unions, be permitted to speak in behalf of the world trade union conference.

Kuznetsov then proposed on behalf of Russia that the world trade union conference organized in London and on which the CIO is represented be permitted to become a member of the new United Nations organization. He reminded the delegates of the contribution organized labor had made to the defeat of fascism, pointing out that 80 million members of the conference in 30 democratic countries had helped destroy Germany and Italy as fascist governments. The Egyptian foreign minister, Abdel Hamid Badawi, opposed Kuznetsov. He maintained that accepting the world trade union

conference would open the way to the entry of other pressure groups. Ecuador, New Zealand and Australia all politely opposed the Russian request. Then Anthony Eden stepped up and suggested that all resolutions be withdrawn. His motion was carried. This was Russia's first defeat.

Russia Wins and Loses The Russians then won a victory. The executive committee approved without discussion the Russian recommendations for seating the Ukrainians and the White Russians. Next came the Argentine issue.

Molotov arose and suggested that as a matter of procedure, the Big Four discuss the matter among themselves prior to the action of the steering committee. He said there were some very real unanswered questions about the character of Argentina. Then he moved that the question of inviting Argentina be postponed.

But Ponce Henriquez, Ecuadorian foreign minister, jumped up and demanded immediate action. He said Argentina had made a great contribution to inter-American unity and should be rewarded. Prime Minister Fraser of New Zealand then spoke up and said he had considerable doubts about bringing Argentina in. He said he was afraid Argentina's admission might prove a precedent for countries like neutral Ireland, Spain and Iceland.

However, Fraser was the only one to talk against Argentina besides the Yugoslav foreign minister, Ivan Subasic, who supported Molotov. Finally, Stettinius and Nelson Rockefeller urged Peru, Chile, Brazil and Cuba to speak.

All opposed Russia. At last Molotov moved for a vote on his motion to suspend action until Russia could either consider the question or discuss it with others of the Big Four. He was voted down 25 to 7. Stettinius quickly put the motion of seating Argentina to a vote. He won 29 to 5.

Hollywood—"Petrified Forest" Petrifies Bob Thomas

By BOB THOMAS

"A Medal for Benny," Paramount picture starring Dorothy Lamour and Arturo de Cordova with J. Carrol Naish. Running time: 79 minutes.

HOLLYWOOD — This is a relatively short, and generally pleasant picture with a background of the paisano life in California which has been depicted in the works of John Steinbeck. It is based on a story by Steinbeck and Jack Wagner, and while it lacks the authentic charm of "Tortilla Flat," it is an engaging and often amusing movie.

The story revolves around Benny Martin, who is never seen in the picture. A ne'er-do-well who is run out of town, he brings the place fame by winning the Congressional Medal of Honor posthumously. The picture shows how the event changes the lives of Benny's father (J. Carrol Naish), his girl (Dorothy Lamour) and her new boy friend (Arturo de Cordova).

The three principals perform believably. A little more ingenious work in the script department would have made "A Medal for Benny" more than a good picture.

Today On Home Front — Aged Negro Is Pushing Feb. 1 As Freedom Day

By JAMES MARLOW

SAN FRANCISCO, May 15 (AP)—A lot of people have moved in on San Francisco to beat the drum for some pet theory of their own.

But perhaps the strangest story behind any of them is that of Major R. R. Wright, Sr.

He's a negro, 92 years old, with grizzled hair, bright black eyes, He's spry and talks in the thin, crackle, voice of an old man. He was born a slave in Georgia, saw Sherman's army marching to the sea, and now he's president of a Philadelphia bank.

He flew out here to work up some interest—among the American groups attending the United Nations conference—in this special project of his own.

He wants Feb. 1 every year set aside as National Freedom Day.

The 13th amendment to the constitution—abolishing slavery—was proposed to the states by Congress Feb. 1, 1865.

Since that time the negroes have celebrated Emancipation Day on different dates in the various states.

Major Wright—he has a business card showing he was a major in the Spanish-American war — says he founded a National Freedom Day association two years ago to have Feb. 1 made Freedom Day everywhere in this country.

There is a resolution to that effect now in congress. Wright says he feels pretty confident both houses will approve it.

So his trip out here, he says, was to make more contacts among individuals and groups who help push his idea.

Cooke County Goes To Polls In Bond Buying Promotion

GAINESVILLE, May 15 (AP)—Residents of Cooke county are going to the polls today with completion of the county's \$850,000 E bond drive in the seventh war loan quota at stake.

Regular judges and auditors at the voting booths will check those who come to buy bonds against the poll tax list. Those who haven't voted by noon will find cars waiting to take them to the polls.

The county war bond committee said yesterday it expected a 100 per cent vote cast.
