FORTY-SECOND YEAR

FARWELL, TEXAS, THURSDAY, JANUARY 22, 1953

NUMBER 15

FROM THE HOPPER By HOP

I am attempting to recall an observation, made by me, two weeks ago, and intended for this column at that time, in which I said:

The entire community should take its collective hat off to Walter Hardage, the local Hudson dealer, of this city. He is to be congratulated for his public-spirited generosity recently displayed when he gave away, without restriction or obligation, a brand new Hudson automobile.

Such a manifestation of public-spiritedness is seldom seen anywhere and Hardage is due a vote of sincere congratulations on the part of the people, especially the business men of Texico-Farwell.

As I understand the deal, Hardage had accumulated a nice bonus during the year of 1952 for his record in the sales of Hudson automobiles. Accordingly, the Hudson Motor Co. was ready to pay the bonus in cash to the local dealer. But rather than accept this bonus for his personal gain, he chose rather to distribute his good fortune among business enterprises of Texico-Farwell and to one individual in particular, who was to receive the grand prize.

So, the local Hudson dealer enlisted the cooperation of 10 local business firms who would assist in issuing the tickets, and would pay for the advertising, tickets and incidental expenses of the drawing. In addition to furnishing the prize to be awarded, Hardage also bore his part of these expenses.

The net result was that approximately 200,000 tickets were issued by the cooperating merchants, each ticket representing \$1.00 cash purchase in Texico-Farwell during a brief two month period.

And while I am on the subject, I don't know of a family in the entire community everybody could congratulate more being the lucky winner of the automobile, than the Percy Tiptons. In addition to being among the low income bracket families of the community, misfortune and illness have been major obstacles in their attempt to rear and educate their children.

They are well deserving of the congratulations that have poured in on them by every one who knew them.

Admittedly, I know very little about the details of this "Extension area Service" to telephone subscribers of Texico-Farwell, proposed by the Mountain States Telephone Company. But from the information that has been conveyed to me, it seems that the Twin Cities subscribers are in for a substantial hike in their monthly telephone rates.

The raise in rates will apply primarily in Texico-Farwell to business phones where, as I understand it, these rates will be increased about three times the present rate. A smaller increase, I am informed, will apply to residential phones under the proposed new plan.

The proposed "extension area service" would eliminate the toll system on all calls between Texico-Farwell and Clovis. Admittedly such an arrangement would have an advantage over the present toll system to a limited number of local subscribers; business firms in particular who are in frequent contact with various firms in Clovis.

To my way of thinking, however, it is unfair to dump all business phones into one classification for the rate hike. Such an arrangement would mean that the one-horse business man whose tolls to Clovis would not exceed more than a dozen calls a month as compared to the larger establishments whose tolls, between the same towns would likely be ten times that rate—or perhaps even more.

Telephone officials are quoted as stating that a survey is being made at present and that 85 per cent of the local subscribers expressed themselves as being favorable to the new plan. Quite naturally we might expect that kind of local reaction, such as it appears on the face indicates a large majority in favor of the change.

You may rest assured this additional service must be paid for, big corporations are not in business for their health, and, as I see it, payment for the increased service will rest largely on the "pocketbooks" of the small business man.

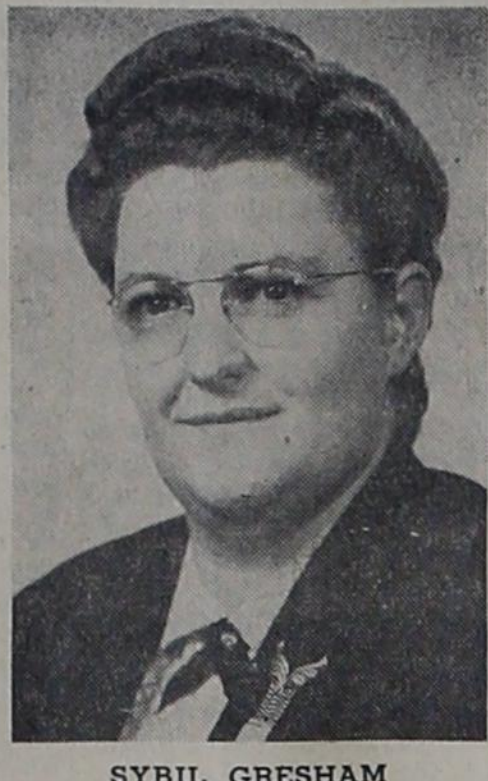

A very inequitable arrangement to say the least!

I believe this is a matter that should be investigated by Chamber of Commerce members and city officials thoroughly before the new plan is adopted.

We have a note from Mrs. Robert Nowlin, the former Lena Rundell, who now is living way up in Yakima, Washington. She says:

"I think a little of the Texas wind blew up our way Monday. It got up to 35 and 40 miles per hour, which is very unusual for here. It uprooted (Continued on last page, this section)"

EVANGELIST

SYBIL GRESHAM

Revival In Progress At Bovina Church

A revival is now in progress at the Pentecostal Holiness Church in Bovina.

Miss Sybil Gresham, evangelist, and Cara Stark of Amarillo are the evangelists.

Miss Gresham is a graduate of the Southwestern Bible College in Oklahoma City, and is now the president of the Sunday School and Young Peoples division of the Panhandle Conference.

Special music and singing are featured each evening, and services begin at 7:30 p.m. Everyone is invited to attend.

Petit Jury Dismissed By Judge E. A. Bills

District Judge E. A. Bills dismissed a petit jury until today (Thursday), Monday, as he listened to "pre-trial" testimony relating to two civil cases.

The cases, which will be tried today, are Della Light and husband versus Ralph Palmatere and others, suit for property; and J. G. Palmatere versus Della Light, bill of review. The latter is a combination of several other suits dealing with the same persons.

Pay Taxes Now To Avoid Big Rush

Wilfred Quickel, tax collector for Farwell School District and the City of Farwell, issued an appeal for payment of taxes this week if a month-end rush is to be avoided.

An estimated 60 per cent of the school taxes are collected, and city collections stand at about 65 per cent. "Get your returns in this week if you want to avoid the rush," he warned. Saturday, January 31 is deadline.

TO CONFERENCE

Robert "Prof" Morton was in Amarillo Friday night and Saturday to attend the area agriculture teacher's meeting there. A banquet was held Friday and sectional discussion of general problems was on the agenda Saturday.

Parmer, Curry Polio Drives in Full Swing

Interest in the March of Dimes campaign is apparently high and citizens are contributing liberally to the miniature iron lungs placed over the county and in Texico, according to county campaign chairman, Raymond Euler, and Texico chairman, Mrs. Perry Crawley.

The largest fund raising entertainment for the drive in Texico, is planned Monday night at the Texico Auditorium. A box and pie supper will be held and Mrs. Crawley says "everyone come and be ready to give generously to 1953 March of Dimes."

A series of coffees, begun Thursday by Mrs. Scott Levins, has been going around in both Texico and Farwell. At the Levins coffee Thursday were Mesdames B. O. Faville, Ray Tharp, Jim Moss, Perry Crawley, Elmore Hendrix, Grayson Roberts, C. M. Fields, Sam Aldridge and Robert Anderson. Each attendant gave \$1 to the polio drive. Then teas or coffees during the week were held by Mesdames Tharp, Roberts, Hendrix and Moss for different groups. Mrs. Crawley says other socials may have been planned.

Also, Jim's Cafe had coffee day Saturday, in which coffee was given free and donations were accepted for the drive.

Also, Mother's March is to be held Thursday, January 29, in Texico. People wishing to donate, turn on porch lights, and mothers go around and get the contributions.

In Farwell, S. O. Billington, chairman announced a community gathering for men, at the Farwell School cafeteria last night (Wednesday), with music, games and refreshments. Donations were to be accepted. The women have also been busy with a series of coffees, such as ones given in Texico.

Mrs. Bob Anderson was hostess to Nell Walling, Jeanne Graham, Mrs. Aldrich, Mrs. Gladys Sofford, Mrs. Sam Aldridge, Flossie Anderson, Scott evins, Wilma Liner, Mrs. M. A. Snider and Mrs. Bill Foster Saturday morning. Monday, guests of Mrs. Walling were Mesdames Donald Watkins, Hazel Gast, Billie Kittrell, Dorothy Quickel, Bob Anderson, Wilma Liner, M. A. Snider, Joe Helton, A. T. Watts, Doc Maggart, Ruth Thornton, Carrie Hardage and Scott Levins, and Wynema Cochran.

Mrs. Snider and Wilma Liner entertained Tuesday morning. Guests were: Mesdames Johnnie Williams, Willie Williams, Buster Gast, Donald Watkins, Wilfred Quickel, Clyde Magness, Jack Williams, L. R. Vincent, Mitz Walling, Joe Helton, Albert Thomas, Derb Kittrell, Bill Foster, G. D. Anderson, A. T. Watts, Marilyn Edwards, Nina Glasscock and Irene Dyer.

Other coffees have also been planned for the drive, it was reported here today. Receipts for the ball game played by outsiders and Clovis recently netted about \$17 according to the players. The Legion is to sponsor a dance Jan. 30 with proceeds going to the Dimes drive.

Mrs. Lyndon Sanders, home economics teacher at Friena is having her FFA girls prepare a cake for Chinese auction at Lion's club with proceeds going to the polio drive. Mary's Cafe at Friena conducted a coffee day Monday and other cafes and drug stores are expected to cooperate during the month.

Mrs. Paul Koeltzow of Rhea has scheduled a pie sale in that community January 30, and Mrs. Glen Robertson of Black reports plans for a community get-together. Other communities have similar projects.

Organizations are also making donations to the drive, with Texico-Farwell ESA giving \$15 each to the Texico and Farwell March of Dimes, and the Auxiliary making \$10 donations to each.

PLEADS GUILTY TO THEFT

Guadalupe Quiroga, a Spanish American, pled guilty to theft of a knife attachment Saturday in county court, and was fined \$1 and costs. He stole the iron equipment from Ernest Kube near Lariat Jan. 17.

ATTENDS MECHANICS SCHOOL

Dale Rule, Sikes Motor Company employee, returned Friday from a mechanics school in Denver covering maintenance and repair of the new Ford tractor, says Oliver Sikes. The school was sponsored by the McCarthy-Sherman Distribution Corp.

ARE NEW EMPLOYEES

New employees at the PMA office in Farwell include: Letha Turner and Carol McSpadden of Bovina, also Minnie Paul.

MEET TONIGHT

Lion's club meeting is planned tonight (Thursday) at the Legion hall, J. F. Adams, secretary, announces. Time is 7:45.

Meeting Is Set Next Week For High Plains Irrigationists

Parmer Men Attend Lubbock Farm Bureau Meeting

About 100 farmers and guests attended a legislative meeting of Farm Bureau of District 2 in the Lubbock Hotel in Lubbock Saturday. Pending legislation that will effect farmers and their merchants who depend on farm income for patronage was discussed with an eye to helping representatives formulate such programs with consideration to their constituents.

Texas Farm Bureau has established a legislative office in Austin to facilitate effective lobbying activities when necessary. C. H. DeVaney, vice president of Texas Farm Bureau will head the office. Resolutions originating on the county level and passed on at the State Convention will be offered for adoption in the legislature.

Of particular, and lasting interest to rural people of the state, are proposed plans of some interests to discontinue channelling of funds under the Colson Briscoe act to counties of 15 million dollars; bond assumption funds of 7 million 300 thousand dollars, and tractor gas tax refund, which amounts to 127 thousand dollars in Parmer County each year.

O. R. Long, of Nashville, Tennessee who is organizational field man for the Southern State, addressed the group. Said Long, "The Farm Bureau Program must be based on the needs of its members, and its success depends upon the fulfilling of those needs."

Lloyd Barbour, district director of Iowa Park stressed the importance of water legislation and urged members to keep an eye on that subject. "Your legislators know how many members you have in your county Farm Bureau when you ask them to vote for or against something, so be sure you are representing your county with a majority of your farmers in your organization," said Barbour.

Eight County Farm Bureau presidents and ten County Agents were present. Attending from Parmer County were: Bruce Parr, county president; Aubrey Ellison and Earl Stevenson, legislative committeemen, Roy Euler, resolutions committee chairman, J. J. McDonald and Ralph Smith, directors, Raymond Euler, Service Representative and County Agent Joe Jones.

Chamber of Commerce Seeks 1953 Dues

Individuals or businessmen who would like to be members of the Farwell Chamber of Commerce may pay dues for 1953 to Wilfred Quickel, he announced this week.

Letters are being sent to many persons relative to the matter, he said, but memberships will be appreciated from others, too. Dues for individuals are \$10; for businesses, \$25.

FOR 1953—

FUNDS LIKELY TO FALL FAR SHORT FOR P. M. A. PROGRAM

Parmer County farmers are seeking \$279,488.84 in government assistance for 10 approved PMA practices in 1953, records at the Parmer County Production Marketing Administration show.

This is a figure nearly triple the allocation which has been granted Parmer—\$98,900. What will be the result? PMA secretary Joe Camp indicates that there will be sharp reductions ahead in the amount of assistance that will be approved by the PMA to farmers. That is, the reduction will be steep as compared with what is being asked.

The PMA program last year, which was operated on a basis entirely different from now, received an original allocation of \$103,000. Later, however, that figure rose to \$115,000 as a result of several increases.

The \$98,900 allocation might be called the "original" one for 1953, but Secretary Camp is doubtful that it will be increased.

In 1952, farmers came in and made application for a practice as the need arose. If everything was in order, the assistance was approved—provided, of course, funds were available.

This year, farmers were required to sign up before the first of the

INFORMATION ON DRILLING PERMITS WILL BE STRESSED

Local Women Nearly Asphyxiated Friday

Mrs. Felix Monroe and her mother, Mrs. J. L. Nally, have been recuperating this week, after a narrow brush with death, Friday. Both were in the Monroe home. Mrs. Monroe had closed the windows and turned up the heater to warm the house quickly.

About the middle of the morning, both the women became quite ill. "We were so sick, we didn't notice the stove," says Mrs. Monroe. Both women became unconscious, but Mr. Monroe came in and found them, and they were taken to the hospital. They were given treatment and were returned to their home.

S. W. Moore Opens Garage, Welding Shop

S. W. Moore, who has moved to Texico from Hammon, Oklahoma, announces this week that he has opened a garage and welding shop in west Texico on the Clovis Highway. The location was formerly known as the Texico Wrecking company.

Moore operated a welding and machine shop in Hammon, and has had experience with all types of farm equipment. His wife and six children are living with him in the former Lewis Pearce home. The business will be known as Moore's Garage & Welding.

Moore has lived here about a month.

Local Men Are Returned Home

Both W. H. "Pop" Spurlin and Floyd Milstead, who have been in Clovis hospital, were returned to their homes this week. Spurlin was brought home Tuesday night, is resting well, and may have visitors. Further reports on Milstead were not available.

Spurlin underwent an operation recently for stomach ulcers, and Milstead also underwent major surgery.

Director And County Committeemen Named

Precinct director and three county committeemen for the Hi-Plains Underground Water Conservation district were announced here today. Election of officials was held Tuesday, January 13.

The Board of directors announce the following results: Willis A. Hawkins, precinct director; D. B. Ivy, C. V. Potts and Raymond Euler, county committeemen.

Mr. and Mrs. Ansel Doolittle were guests of his parents Sunday.

Prospective irrigation well owners in the 13 counties of the High Plains Underground Water Conservation district will have their first opportunity next Thursday, to get forms and expert information on the new well drilling permit requirement effective February 1.

An important all-day meeting has been called for that date, January 29, by president T. G. McFarland of Lubbock. The meeting will convene at 9:30 a.m. in Hotel Lubbock for morning and afternoon sessions and noon luncheon.

The man most concerned—the prospective well owner—will find himself in a gathering of county committeemen, county agents, well drillers, pump company representatives, and the municipal engineer.

During the day all the facts are promised on distribution and approval of application forms for well permits. These forms will be given to person or persons representing agencies which are authorized to issue the applications.

In addition, a three-man slate of water resources experts will be on hand to picture current water conservation problems and practices in Texas and other states.

First on the program is to be George D. Clyde, soil conservationist of Logan, Utah. He will be followed by A. P. Rollins, member of the Texas Board of Water Engineers, and Dr. Irving P. Krick, meteorologist from Denver.

Dr. Krick has become well-known in the southwest for his efforts at producing artificial rain. He designates his efforts as of being "rain increasing" rather than "rain making" in nature, however.)

Post-reading round table discussion is scheduled for the afternoon session. Ample time is planned for filling out and handling applications for water well drilling permits in the district.

These permits require approval by three of the five county committeemen in each of the counties of the High Plains district.

In announcing the meeting, McFarland underscored the importance of attendance by all interested parties. Reservations may be mailed to the High Plains Water Conservation district, room 1212, Lubbock National Bank Building, Lubbock.

Texico FFA Boys Go To Ft. Sumner

Carl Schmitt and a group of Texico FFA boys were in Ft. Sumner Monday night to attend a district meeting. Marvin Pendergrass, Bobby Goldsmith, Jimmy Don Moss and J. B. Taylor were featured on the program.

Boys making the trip aside from the ones mentioned above were: Allen Lockhart, Kenneth Reid, Kenneth Allred, Jerry Johnson, Johnny Peterson, Walter Curd, Howard Leavell, Wayne Hagler and Bobby Spears.

Car Plates Arrive, But No Receipts

Automobile and truck licenses for 1953 have arrived at the sheriff's office in Farwell, Chas. Lovelace announces today. They will be yellow on a black background, a color combination which has become standard for Texas every other year.

The county key number for passenger licenses is BL, and numbers begin at 500 and run through 2799. Key for trucks is 5F.

Although the licenses are to go on sale February 1, no license receipts have been received at the office, Lovelace says, which means that the sale could possibly be delayed.

However, enough time remains for the receipts to arrive before the Feb. 1 date, he noted.

BUS LINES RUNNING

Bus schedules for the New Mexico transportation Company were resumed Wednesday, according to Claude Rose. At press time, the schedule was in the process of revision, and should have been ready for operation by today (Thursday).

TO ZONE MEETING

Tom Wagner and Loyde Brewer were in Friena the first of last week for the Legion zone meeting. Program featured a boy's quartet from Texas Tech at Lubbock.

Grade School Column

FIRST GRADE

The first graders enjoyed the snow during January by making snowmen, penguins and eskimos. Then they studied the life of the eskimo and read stories about eskimo boys and girls.

The first Friday after Christmas was toy Day at school. All of the children brought their favorite toy to show to the room. Then all the little boys and girls went to the second and third grades and showed the toys to all the other little boys and girls.

The first grade has had a good attendance this week; Bill Gomez, John Gomez, Clifford Grey, Leon Lovelace, and Danny Lindop still have perfect attendance records. That is wonderful considering how many have been ill, and out of school because of illness.

Carilyn Webb, Monte Lesly, and John Wayne Herrington have already celebrated their birthdays this month. Several others will have birthdays this month.

MRS. POOL'S SECOND GRADE

The second grade is happy to have three new pupils this semester. They are Bennette Dunnam from Bovina, Glynda Cruse from Tahoka and Billy McDonald from Lazbuddy.

There has been a great deal of sickness among the second grade children. Ray Hallmark has been absent most of the time since before Christmas. The children keep hoping that he will soon be well and back in school.

Bobby Atchinson is back after being out from an eye injury. Pat and Mike Landrum are out for the second time with the flu. Others who have been ill are Rickey Cooper, Barry McCuan, Benette Dunnam, Dolores Bargas, Georgia Barton, Barbara Sue Bieler, Dorris Donaldson, Bonnie Cochran, Bobbie Kaye Kube, and Velda Paine.

Ronnie Vestal is proud of a new baby brother and Patsy Herrington of her baby sister.

The children are enjoying their library books especially when they can read one well enough to read it to the class.

MRS. LEMONS' THIRD GRADE

The third grade in Mrs. Lemons' room has had only two absences this week. The class hopes that this means the flu bug is ready to slow down.

The pupils are really enjoying two new readers. One is "Chippy Chipmunk's Vacation"—the other is "Climbing Higher" the other basic reader that the class brought workbooks for at the first of school.

Charles Cantrell is missed by all since he moved to Lazbuddy community. Right now the class is interested in borrowing. As always, to borrow in subtraction problems is slightly difficult for some.

The boys and girls were pleasantly entertained Wednesday by Velda Payne singing "The Chocolate Ice Cream Cone."

All would like to express their appreciation to their room mothers who helped make the Christmas party more enjoyable.

We say thanks!

FOURTH GRADE

Now that mid-term exams are over, we can breathe a sigh of relief. One of our resolutions as a group is to study harder this semester. It's hard to believe school is half over.

This week we are working on health posters. Emphasis is being placed upon health rules and letter cutting.

Attendance is finally back to normal again. Sherry and Tommy Williams had flu during exam week. They are able to be in school again after a hard tug with the "flu bug." All the other pupils who have been out with a spell of sickness are back in school.

The crayfish is of interest to the boys and girls especially as it has shed its dress. This was quite an unusual sight. This fish has been of interest to all since it was brought to class the first of September.

FIFTH GRADE FUN

The first term was ended on a happy note in the fifth grade room. These pupils had a report-card party. After refreshments of Eskimo pies and fudgesicles, pupils got their cards, compared them, and discussed them. Nobody felt discouraged at the grades he made, but everyone was thinking how he might do better next time.

Last week there were forty fifth graders. This week, when Hilde Han-neman joined the class, there were forty-one. But now that Delores Keeth has moved into the Muleshoe district, there are forty again.

Perhaps the readers will recall that Hilde came from Germany only last year, and that she went to Texico this last term. She is learning English rapidly, and has no noticeable accent.

Jerry Vestal reported Thursday morning that he had a new baby brother. Laverne Dunman has been ill the past two weeks. Ruby Hillock had a very serious throat operation Wednesday. We hope that she is able to return to school soon. We miss those dimples and that warm smile.

June Ritchie has been absent from the class the past week. The class is glad that she was not ill, but just visiting relatives in Missouri.

SIXTH READY TO STUDY GEOGRAPHY AND HEALTH

Our sixth grade group is happy to have finished their first semester and eager to begin a new group of subjects including geography and health.

Doyle Goldsmith is still absent, but seems to be improving. All are looking forward to having him back in class.

The students are beginning to prepare for their assembly which will be presented January 22nd.

The class is enjoying the reading of "Betsy Ross and the Flag," in connection with American History.

The sixth grade objective for next six weeks is to take home a better looking report card than the ones they received last semester.

THREE-WAY GAME

All are interested in the game to be played with Three Way. It is hoped that the boys and girls will win and thus be able to play in the tournament.

As usual, the seventh grade has been deep in mid semester exams. It seems that most of the class could have studied much harder than it appears it has been doing in the past.

Mitchell Walls has been missed by his fellow classmates this week as he has been home ill.

Farwell high school annual layouts are nearing completion. W. M. Roberts, superintendent, says, with final copy already begun. Material will be sent in February 12, and annuals should arrive the latter part of April.

Thoughts While Not Thinking

By Kayla Felts

Ever since the advent of Mamie Eisenhower on the national scene, bangs have been "the thing." Shucks, that's no news to F. H. S. Most of us started out with straight bangs, but now they are usually curled.

How about some tennis courts at Farwell High? Now that basketball is almost over, the kids are really getting interested in the sport, and it's very inconvenient to have to wait until after school, find the cars to go in, and load up and go to Clovis after school to play. So come on, gang, lets get our tennis courts finished.

We are having band tryouts now, and Sam Pool started on his. He played a few notes, and then suddenly it stopped going. Mrs. Jobs asked when it stopped playing, and Dennis popped up with, "When you said, 'Your turn, Sam.'"

And speaking of band, we have a piece of music now which sounds like a fugitive from the Arabian Nights. It's weird! Carved into one of the music stands in the band hall: "Leroy was here before Kill."

Pat Aldridge was excited over their junior game with "Blodshed." She meant Bledsoe.

Mrs. Milford says she is a "greener grasser" in the movies. When she goes to a show and gets settled, that seat over there looks better. After she moves over there, she always sees someplace else that looks better.

Rain is something that you leave your overshoes and umbrella home because you think it probably won't. . . . Manners are noises you don't make when you are eating soup.

See you.

GIR'S CHORUS GOES TO CANYON WORKSHOP

Farwell girl's chorus with director, Mrs. Erma Jobs, and three boys, Dick Felts, Dudley Hughes and Howard Jenkins, were in Canyon for a choral clinic workshop Friday. Dr. Borchers, head of SMU music department of Dallas, was in charge. Choruses from this area were present.

Mrs. Jobs says the girls octette has several engagements for coming weeks, and March 6 has been set for the school operetta. A band concert will be given later.

CHATTER IN THE HALLS

By Bel Willard

Both the boys and girls were entered in the Lazbuddy invitational basketball tournament last weekend. The girl's team took the first place trophy by beating Friona, Texico, and then Lazbuddy in the finals. The entire school is proud of the girls who made the all-tournament team. They are La Verna Christian, Kayla Felts, Darla Doshier.

The boy's team lost their first game to the Adrian boys by seven points. As the Adrian boys won the Farwell tournament, the Farwell student body was really proud of the close game the Farwell boys played with the Adrian boys. In the second game, Saturday morning, the Farwell Boys lost their chance for consolation by losing to Bovina. Although the boys didn't win a game they played good basketball all through the tourney and all feel they are a good team.

Most of you know that Darla Doshier suffered a skull fracture when she hit her head against the brick wall of the gym during the game with Friona at the Lazbuddy tournament. All students of Farwell and faculty would like to take this chance to compliment Darla on the wonderful game she played over at Lazbuddy. Hurry back to school, Darla, you are missed by all.

The students would like to welcome Peggy Woodson from Springlake to our school. She is a junior and lives in the Oklahoma Lane community—boys.

Jo Ann Spurlin was home on Monday to be with her father when he had his operation. We are sorry to hear of Mr. Spurlin's illness and wish him a speedy recovery.

The junior class met at Beverly Lovelace's home Monday night, for play practice. After play practice, cold drinks and cookies were served. Thanks for letting us practice at your home, Bev., we had a wonderful time.

The boys and girl's basketball teams played the Adrian teams Tuesday night. The girls won their game by a large margin. The boys game was very close until the last 3 minutes when the Adrian boys pulled ahead 10 points to win the game.

Lynn Carpenter sprained his ankle in the third quarter and was taken to the hospital to make sure the ankle wasn't broken. He'll be on crutches for a while. Seems like our ball players are really having a hard time. Maybe we've had our share now.

Seniors Unhappy Over Darla's Accident

"The seniors are very unhappy about the accident that Darla Doshier had at the Lazbuddy Tournament. They sent her a pink potted plant. Many went to see her while she was in the hospital in Clovis. She is now at home and all are glad and relieved to know that she is getting better", the reporter says.

Elanda White has been absent for quite some time with muscular rheumatism. She returned today, Thursday, and finished her semester exams. She was quite exhausted before she had finished and would have to return home to bed. It is hoped she will soon be much improved and able to return to her classes.

The seniors have been discussing where to go on their senior trip next spring.

The class is planning a skating party for the week after basketball season is over and before track gets under way.

They are discussing their invitations and ordering same, also ordering sample play books for the senior play which will be April 17.

A committee composed of Rose Atchley, Howard Jenkins, Dennis Raney, and Buil Dollar was named to select the play, and Ronny Dial, Jimmie Gulley, and Kayla Felts were named to select a place to go on the senior trip.

Junior Play To Be Presented Tonight

The juniors of '53 will present their annual junior play at 8:00 p.m., tonight (Thursday). "It is a hilarious comedy called "A Ready Made Family" by Jay Tobias," they report.

A synopsis of the acts is: first act, in the living room of the Martyn home about twelve o'clock of a day in summer; second act—the same, fifteen minutes later; and third act, the same, a few moments later.

The characters are as follows: Agnes Martyn, a widow, Darlene Sprawls; Bob, her son, Frank Guley; Marilee, her elder daughter, Shirley Smith; Gracie, her youngest child, Bernice Christian; Miss Lydia, her sister-in-law, Jo Ann Cochran; Henry Turner, a widower, Wayne Morris; Doris, his daughter, Bel Willard; Sammie, his son, Phillip Cassidy; Begonia, The Martyn's darky cook, Beverley Lovelace; Nicadeus, The Martyn's colored handy man, Jimmy Turner.

Price is 50c and 25c.

Freshmen Plan Another Party

The freshmen class has again made plans for a party in the near future. It is hoped that this time will prove successful. They say the third time is a charm. If that be true, then they hope to have one, as this is the third time to plan such an event only to have something occur to cause it cancelled.

Speaking of parties, Shirley Atchley is planning to have a slumber party on January 22. Did we say slumber party! Why is it called a slumber party when no one actually sleeps? Anyways she is invited Shirley Doshier, Joy Smith, Barbara Ham to this celebration. Yes, it happens to be Shirley's birthday, they are going to make a night of it. It will be a night of excitement—first Mexican food will be served—then the household will endeavor to struggle through the remainder of the time.

Analysis of Creature Known as Woman

Symbol - W O, P L, W O E

Accepted Atomic Weight—120. Physical Properties—boils at nothing, and freezes any minute. Melts when properly treated. Very bitter of ill used.

Occurance—found wherever MAN exists.

Chemical Properties—Possesses great affinity for gold, silver, platinum and precious stones. Able to consume great amounts of food matter. Turns green when placed beside a better looking specimen.

Uses—Highly ornamental. An equalizer of the distributions of wealth. Is probably the most effective income reducing agent known to man.

Any questions?

Sophomores Win Attendance Award

The sophomore class received \$250 which the P. T. A. gives to the class with the most attendance at P. T. A. The class discussed a party, but due to lack of ideas, or rather to

lack of unity on the part of those who want a party and those who desire a hayride, the party was postponed until next class meeting.

The class extends a welcome to Peggy Woodson.

Happy birthday to Elaine Martin, Jan. 9; Ysleta Brown, Jan. 1; Dick Felts, Jan. 6.

Dutch Treat Show Given at Farwell

A unique production direct from the Netherlands, Harry and Chita Marie Van Pelt, presented wooden shoe dances, folk songs, musical novelties and comedy, for Farwell school students Friday morning, W. M. Roberts, principal of schools, says.

Van Pelt, master of ceremonies, also lectured, sang, danced, presented impersonations and played several instruments. The female lead was star of the show, being a soprano and "Klomp Dancer."

According to a publicity release, the Van Pelt's have appeared at the Tulip Festival, Holland, Michigan a number of times; at sesqui-centennial of Schenectady, New York. The entertainers are sponsored by Southern School Assemblies.

TEACHER OF THE WEEK

E. K. Miller was born September 16, 1913. Favorite sport is basketball—favorite food is fried chicken—favorite place to go is Oklahoma—favorite girls, all my girls—four of them; favorite class to teach is high school Biology, by all means. Age of first date was, "I don't remember," with whom—her name was Charollette, "that's all I know—any place she would go." His childhood ambition was to be a farmer.

Present and future ambition: Be a successful teacher and put the kids through school.

CHORUS NEWS

The chorus has all it's music memorized and all were ready and waiting to go to Canyon Friday, January 16. Dick Felts, Dudley Hughes, and Howard Jenkins went with the chorus girls. They helped with the music. It sounds fine with some male voices in the crowd.

This was an all day affair. The students with Mrs. Jobs were to leave Farwell about 6:30 a.m. Friday morning. They expected to return by 6 or 6:30 p.m. that evening.

It was to be a great opportunity for all. "It is expected that not only will it be an enjoyable time, but all will learn from this experience much they would get only in this type of learning situation," The reporter said, previous to the trip.

Shirley Smith and Howard Jenkins have a duet to render, "The Desert Song." It is very pretty and it is said that they render this like professionals.

Mrs. Jobs ordered some solo pieces for those who desired to enter solo parts at Canyon.

Mrs. Jobs said she was having a hard time picking music for the chorus to sing, as it was all just wonderful and hard to choose any one selection.

AID POLIO DRIVE

A March of Dimes drive is being conducted within the school, W. M. Roberts says, with donation cards given all students to be filled out. So far, response has been good, he says.

NEWS FROM THE FARM BUREAU

By RALPH SMITH

Congratulations to our representative, Jesse Osborn on his appointment to the Highways and Roads and Agriculture and other committees.

It was my pleasure to accompany several Farmer County Farm Bureau workers to Lubbock Monday to attend a district legislative meeting of the organization. Now I wish it were possible for all members and non-members of the county to see these men sincerely dedicated to a program of planning that will assure, to a great extent, a legislative program in the state that will not be insulting, and worst of all, devastating to agricultural interests. Some of the bankers and merchants of the community would be pleased to know that their interests are given the same consideration when it comes to formulation of a feasible farm program through Farm Bureau, too.

Several cotton farmers of this county have been dissatisfied with cotton grading methods and results this season. It seems that there is unreasonable inconsistency in grades of cotton from the same field of the same day's pulling and in the same trailer. A committee, consisting of Bill Tillson, district director, of Meadows, and three men from each county Farm Bureau of the district was instructed Monday to get together as soon as possible and use their combined effort to see that cotton grading stations are decentralized, at least before next cotton season. This is a follow-up of a State Farm Bureau Resolution.

Don't forget that your tractor gas exemption is in serious jeopardy this legislative session. It may be that you will be called on to go to Austin to help keep this money in your pocket to spend with merchants of your town and country.

In the office filing gas exemption affidavits and other business this week were: V. R. Jordan, Roy Daniels, L. D. Cannon, Wayne Garth, J. W. Parr, R. E. Barnett, Drake Brothers, Herman Herzog, C. L. Mercer, C. V. Potts, Melvin Sachs, Tom Whaley, K. L. McKenzie and others. Remember that gas tax exemption service is free in your Farmer County Office.

Consider this: A good man obtaineth favor of the Lord; but a man of wicked devices will be condemned. Prov. 12:2.

POEM

The following poem was composed by Bill Dollar, expressing the sentiments of the senior class. Darla Doshier is a card And all the seniors are her parads. Although she's confined to a bed Just because she bumped her head The seniors like her very much And hopes she gets well and such.

SENIOR BOY OF THE WEEK

Buil Dollar was born December 19, 1934. His favorite sport is baseball—favorite food is steak about the size of a saddle blanket—favorite place to go is Phoenix, Arizona—favorite girl is (Ha) all of them—favorite class is chemistry. Age of first date was private business, with whom—a girl. Childhood ambition—to own my own ranch—present and future—to own my own ranch.

SENIOR GIRL OF THE WEEK

Shirley Ham was born July 4, 1935. Her favorite sport is tennis—favorite food is Chinese food—favorite place to go—skating—favorite boy is Dick Doshier—her favorite class is study hall. Her childhood ambition, to be a nurse; present and future ambition, telephone operator.

Peggy Woodson In Junior Class

The juniors are glad to welcome a new girl to their class, Peggy Woodson, from Springlake, Texas.

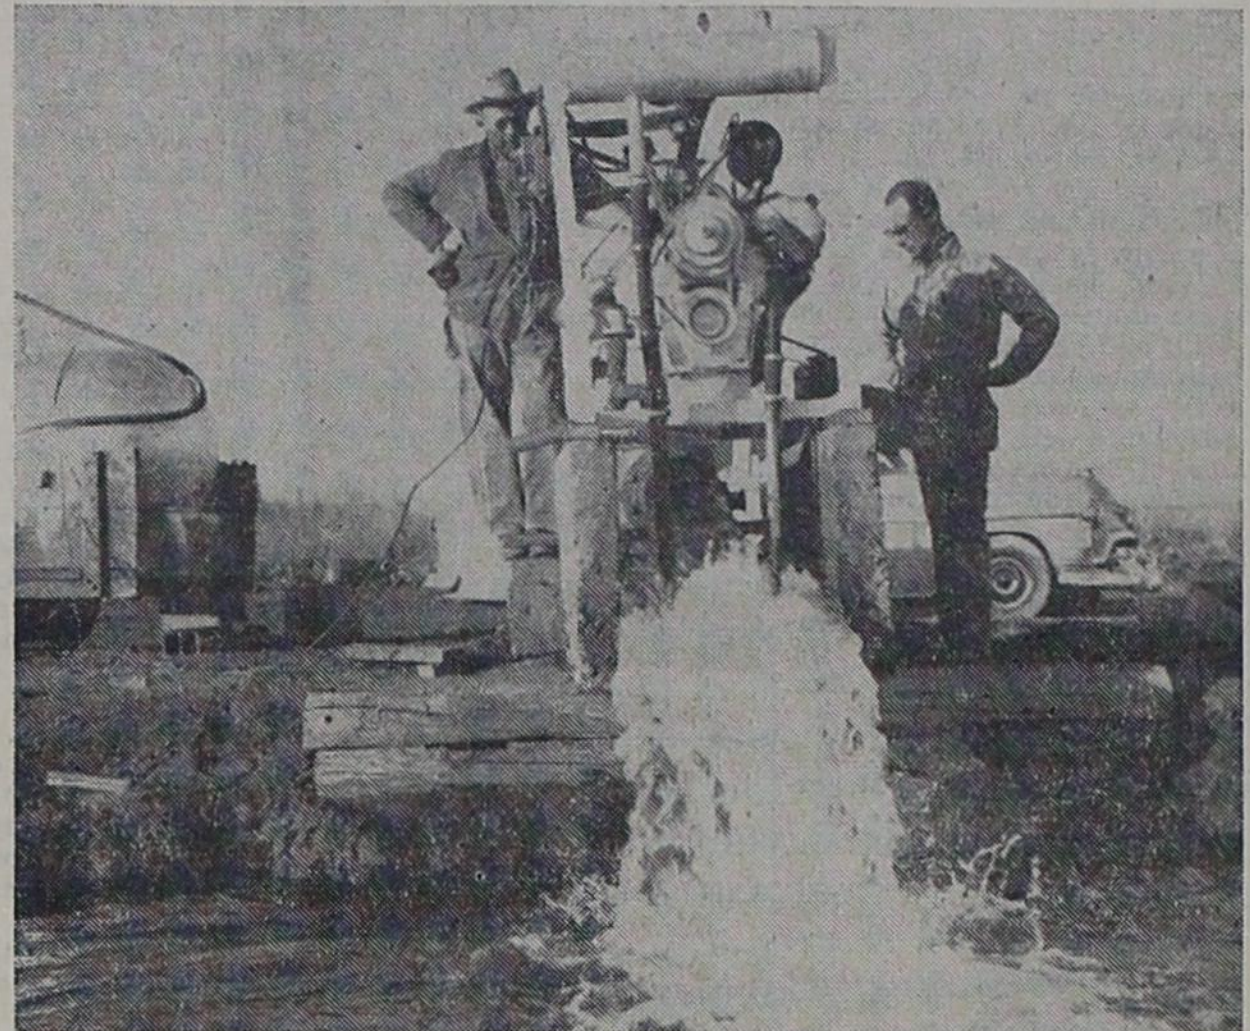

Dudley Hughes and Mary Kreigial are in charge of advertising and in-between-acts and short programs in the junior play.

Morton Names Coming Projects For FFA Boys

Because of sickness among the boys, the Farwell FFA has catalogued much of the business for the past month, says Robert "Prof" Morton, instructor. The scrap metal drive has not been concluded, and a deadline has not yet been set.

In listing coming activities, the instructor says six hogs that have been FFA projects will be shown in El Paso February 8-14. Stock will also be shown in some later shows. Regular judging contest is in April in Lubbock, and about three teams will be entered from here.

Mr. and Mrs. D. W. Carpenter have just returned from a months visit to Gastonia, North Carolina to his old home.

JUST LOOK AT THAT WONDERFUL WATER

Folks, the picture we had in The Tribune last week just didn't do justice to the water that the Ernest Kube well is pumping, so we decided to run this one. If you need a well on your farm that will produce like this one, come in and talk it over with us.

OUTSTANDING GIRL

JO SONDR A MAGERUS

Jo Sondra Magerus Is Outstanding Girl of Southwest

Miss Jo Sondra Magerus, daughter of Mr. and Mrs. Albert Magerus of Texico, has been named outstanding girl of the Southwest, by Southwestern Crop and Stock magazine, for the year of 1952.

Jo Sondra, 17, is a senior at Texico High School where she is active in school activities, serving as an officer in several school organizations, is editor of the Wolverine, school newspaper, and maintains an A average. She takes piano lessons as added training, is special correspondent for Clovis News-Journal and assistant society editor of The Tribune.

Last June, she represented Texico at Girl's State in Albuquerque, and is active in 4-H work, winning county and state honors. Her Home Improvement project won her an expense-paid trip to National 4-H congress in Chicago. For the past two years, she served as secretary of the Clovis 4-H club, and has been elected president for 1953.

Her parents farm 480 acres of wheat and row crop six miles southeast of Clovis. Both are members of Farm Bureau, and Mrs. Magerus is a member of PTA and an adult leader of Clovis Cloverettes 4-H club.

Nell Walling To Present Program

Gloria Miller will be hostess to members of Epsilon Sigma Alpha Monday evening in her home, for a program and social. Time of the session is 7:30.

Nell Walling, program chairman, is planning the special presentation on "In Culture." For roll call, each attendant will give her interpretation of "What Culture Means To Me," and also give her New Year's resolution.

Mrs. M. H. Stroup will be speaker of the evening and Jo Sondra Magerus will give a comic rendition of "Culture."

Farwell Band Mothers To Meet Friday, 4 P. M.

Mrs. Avis Carpenter, president of Farwell band mothers, has announced that a meeting of the group will be held Friday afternoon at four o'clock in the music room at the school. Further plans will be made for serving the Farwell Chamber of Commerce banquet, on February 27.

Mrs. Carpenter urges all members of the group to be present for the meeting.

John Aldridge, Buddy Jones, and Walter Hardage were in Lubbock, Monday to transact business.

Bovina Womans Club Presents Program To Half-Century Group

Mrs. Sam Sides, Mrs. Charles Ross and Mrs. O. W. Rhinehart were guests of the Half-Century Club Tuesday night in Bovina and were in charge of the program. They gave a resume on outstanding women personalities in today's world and events.

"Women in the U. N. and Their Influence in Shaping of World Affairs" was given by Mrs. Al Kerby, who substituted for Mrs. Cecil Barry. Mrs. Sides presented a highly interesting report on Queen Elizabeth of England, and Mrs. Ross highlighted the program on the first lady, Mrs. Dwight D. Eisenhower. This day being inauguration day, made this report especially timely. "Unquestionably this was one of the most enlightening and delightful programs of the year. Our sincere thanks to the ladies of the Woman's club," a reporter says.

Reports of committees were given and a further discussion of the coming spring style show, and on the play to be presented in the near future, were among the business on the agenda.

Attending the meeting were Mesdames Jimmie Charles, Vernon Estes, Art Mast, Clarence Shanks, Glenn Hromas, Howard Looney, Leonard Gee, Leonard Hanna, Marion Carson, W. L. Liles, the hostesses for the evening, Mrs. A. L. Kerby and Mrs. Keith Baten, and the guests.

Customers, Look Out For New Ordinance

A new "ordinance" has just been passed at the Texico Furniture Mart announces Jim Bob Smart, and persons found to be in violation of the new law will be fined. The fines will go to the March of Dimes.

A jar has been placed near the business office, and customers found guilty of using slang will be fined. It is understood that justice will be administered on the spot, without the usual benefit of due legal procedure.

A rate chart has been posted, listing specific violations and the amount of the fine. The jar has been in use for a long time, but was formerly used only for salesmen.

You'd dern well better keep your mouth clean at the Furniture Mart, it appears.

Reverend and Mrs. C. M. Fields ate lunch Sunday with the Sterlyn Billingtons, and the two couples spent the afternoon visiting local people who are hospitalized in the Clovis Hospital.

Curry Teachers Meet At Field

Six members of the Texico school faculty attended the meeting of the Curry County Schoolmasters Association, at Field, Thursday night.

During the business meeting, the group discussed plans for the county tournament. De Sota Powers and Glenn Ellison will serve as referees for the girls games, but the boys' officials were not decided.

Admission to the tournament, which will be February 13-14, will be 25 and 50 cents for the day sessions, and 25 and 75 cents for all night sessions, except finals, on Saturday night, which will be 50c and \$1.

An additional feature to be offered in the tournament this year, is a free-throw contest. Each school may enter one boy and one girl. Each contestant will shoot 25 times, and the highest score will win. In case of a tie, it will be played off.

Announcement was made of the House Invitational Tourney on February 20-21. Texico girls are to play in this tourney which is for girls' teams only.

Following the business discussion, a program of vocal and piano numbers was presented by students of Field School.

The dinner, served by the Home Economics Students, included: roast chicken, gravy, tomato juice, string beans, potatoes, hot rolls, pie, and coffee.

Local teachers attending were: John Adams, Carl Schmitt, Charles Stockton, Curtis Miller, Agrie Jones, and Paul Frederick.

Don't Look for a Big Tax Cut

To the taxpayer, hope springs forever eternal. Even the slightest hope of a tax reduction of the most modest amount will bring smiles to his face.

Small wonder. How many of us would like to draw down really big wages? Don't be too quick with your answer. If you had made \$200,000 last year (net, after deductions), your tax would be \$157,296, due RIGHT NOW. Think you could pay it?

Anything over \$200,000 would be taxed at the rate of 91 per cent. This sounds incredible. It is incredible. But it's true.

And yet, we all know that the federal government's income does not come altogether from a "soak the rich" policy. For the large majority

of people in this part of the country, Uncle Sam gets about a 20 cent whack of every dollar netted by Mr. and Mrs. Citizen.

When are taxes coming down for individuals? Probably not until January of 1954, say economic sages. There is some support by House Republicans for a mild cut as early as June of this year, but it is in doubtful that such a measure will meet with the approval of the Senate.

There are laws already on the books which will guarantee a cut for individuals of roughly 10 per cent next year. Federal tax relief, mild as it promises to be, is not more than 12 months away.

Big reductions, all experts agree, are definitely not in sight.

Do You Want More Federal "Insurance?"

Congressman Walter Rogers is soliciting your opinion, Mr. and Mrs. High Plains farmer, concerning whether you want to be included under federal Social Security.

If you don't want to see another sly government tax-imposed upon your income for "retirement insurance" which you are quite likely to never see again, speak up.

Social Security is just another of those federal fads which purports to protect and support you when your own earning power has run its course. Can you make more than \$75 a month if you are 65 or over? Well, brother, if you can, you're not entitled to a cent of that money you let the government salt away for you year after year.

If Americans ever get guts enough to face the problem, they will know that this is the answer for Social Security: Abolish it. Instead, guarantee every man or woman willing to work and earn, a wage that would be a fair return for his or her effort or talent.

Then, every man would live in his twilight years according to the prudence he had exercised in his youth. That would be life as it really is—not shrouded with a rosy-pink cloak of federal planning.

Yes, of course, there will be situ-

REPORTS GOOD CROWD

ations which will arise that must be taken care of. Widows left with large families, for instance. But the exceptions can be much more easily taken care of than the sprawling, bureaucratic financial octopus of a million tentacles which the federal government has now fostered.

To those of you who have inquired as to how our investigation of what laws govern installation of traffic lights in small cities such as Texico-Farwell, Bovina, and Friona: A letter requesting details on our problem has been forwarded to Dewitt C. Greer of the Texas Highway Department.

In addition, we are also going to make an effort to learn what the conditions are in New Mexico, since Texico will naturally be subject to regulation from that state. Sam Aldridge, Parmer County attorney, is a commissioner of the Texas Department of Public Safety. His suggestions for what may be done to at least curb speeding within city limits will be sought when this other material is assimilated.

Farwell Teams Have Winning Cage Week

In conference games played the past week, Farwell teams met some stiff opposition, with the boys winning one game and dropping one, and the girls on the top half of the score in both tilts.

Meeting Adrian Tuesday night of last week, the Steers started out with a lead over their opponents, but couldn't hold the visiting team. Leading 14-6 at the first quarter, the locals maintained their margin until the half. But during the third period, the edge was gone with a tie at the whistle. The Adrian boys then began hitting the basket to win the game, with a five point edge.

In the girl's session, the local team was ahead all the way, never giving their opponents an easy chance at the basket. Score by quarters was 12-5, 26-15, 41-22 and 47-27. Laverna Christian paced the locals with 15 points, followed closely by Darlene Sprawls with 14.

In games with Bovina Friday night, both local teams were on the top of the count. The local boys gained an early lead of 17-6 in the first period, and kept the margin to 25-16 at halftime. The Bovina boys began edging up on the locals in the third, 29-21, but couldn't quite make the grade. But in the fourth, the excitement began, when Bovina began hitting the basket and the count edged closer and closer. At the final whistle score was tied 40-40.

Going into overtime, the Steers again found their rabbit's foot, and ended the game with a slight one point lead, 45-44. Two freshmen

were pacing the two teams, with Eddie Smith of Farwell making 14 counts for the locals, and Read of Bovina, hitting another 14 for the Bovina group.

The girl's tilt was not quite so evenly matched, for the local team held their lead from the beginning. Score by quarters was: 4-3, 15-12, 20-15 and 34-29. Farwell made 18 free shots during the session. Christian was high pointer with 25 points, and Lillian Young of Bovina hit 16 for her team.

"42" Team Takes Win Over Center

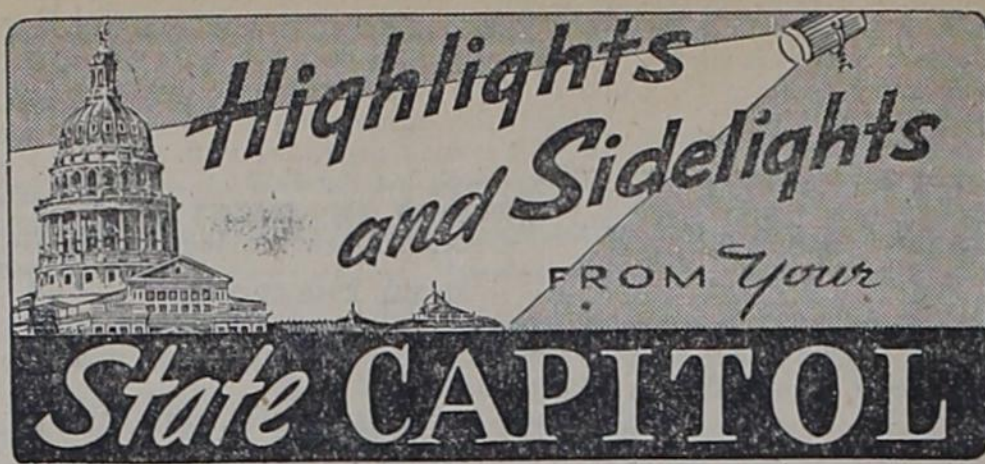

Texico B "42" team took another win when they traveled to Center, Monday night.

The local team won with a score of 44 to 28. Levi Reid and Eddie Hudson were high-point couple for the evening, scoring 8½ points. Patterson and Priest of Center were runners-up with 6 points.

Clyde McDaniel, president of the Texico group, states that a few members of both the A and B teams will go to Broadview on January 26 to play them. Because of other engagements, neither of the teams could be complete on that evening. The next scheduled game for the B team will be at Portair on February 2.

CAGE GAMES GIVEN

Three-out-of-town games are listed for Texico cage teams for coming weeks. Boy's and girl's teams will play at Ranchvale on Friday and at Grady Saturday, January 31. The A and B boy's teams are to go to Melrose, Friday of next week, January 30.

By VERN SANFORD

Austin's big show—the 53rd Legislature—is now well under way.

The legislators got down to real business this week. Last week the members convened for only one day. They heard the message of Governor Allan Shivers. And in the House, Speaker Reuben Senterfitt appointed committees.

Then the House and Senate adjourned until this week.

Even so, progress was ahead of schedule. Usually, House committees cannot be appointed for some time after the election of a speaker.

But, Senterfitt's election was assured in advance. Thus he was able to have his appointments ready on the opening day.

Texas can increase its spending for necessary services without large boosting of taxes.

That was a cheerful note in the governor's address to the members.

More money is coming in from existing revenue sources, so that the governor's recommended \$172,529,000 for general revenue appropriations is within the officially estimated state income for the next two years.

The budget is about \$6 million higher than the present level of state spending.

Additional money for roads, Governor Shivers believes, should come from another penny-a-gallon tax on gasoline. Otherwise, if the Legislature wants to spend more money, it should increase the natural gas transmission lines "if it can be done in a legal way," the chief executive said.

He recommended salary increases for state workers and teachers, and the construction of a \$6,725,000 tubercular hospital plant and buildings at the Texas School for the Deaf.

Freed from the legislative halls after adjournment, the newcomers among the solons were invited to attend an orientation seminar conducted by the University School of Law.

Twenty-five speakers, including public officials, university professors, lawmakers, and others told the freshman legislators something about their jobs. But it was old stuff to Senator George Moffett of Chillicothe. He is in his 23rd year in the legislature and has served longer than any other lawmaker in Texas history.

The runner-up is C. E. Nicholson of Port Neches, who has served 22

years in the House.

Another veteran is Rep. S. J. Isaacks, 83, of El Paso. He was sworn in for the first time on January 13, 1903, but he has not served continuously and is now in his ninth term.

A legislator, like anybody else, has to look out for himself. Thus it was that both houses finally passed Senate Bill No. 1, which appropriates \$750,000 for mileage and per diem pay of members and employees and expenses of the session.

As the session moved along, there seemed to be a fair chance that no new taxes would be imposed upon the people.

In his opening speech, Speaker Senterfitt echoed Governor Shivers' sentiments on economy. "Let us demonstrate that economy is truly an essential part of good government," he said.

Then, in his committee appointments, Senterfitt showed that he meant business—economy business. For example, he named a conservative, Representative Max C. Smith of San Marcos, as chairman of the appropriations committee, which passes on legislative spending.

Among the dozens of bills before the legislature is one to outlaw the "Dallas Special," a long-bladed knife frequently employed in cutting and stabbing affairs.

State Health Officer Dr. George Cox, in commenting on the widespread attack of influenza which has hit some 400,000 Texans the past week, says it is "a mild form, but a mixed infection—much more difficult to treat."

Texas' top state officials are more than irked over President Truman's latest move. They are plain mad!

Truman's last-minute act of his administration in turning the tidelands over to the navy was proclaimed by Governor Shivers as sour grapes and an attempt to get back at Texas for choosing Texas-born Ike as President, over Truman's candidate, Adlai Stevenson.

Land Commission Bascom Giles termed the action an outrage and Attorney General John Ben Shepperd declared the state might file an injunction.

The President's act did not increase his popularity around the statehouse. President-Elect Eisenhower has said not once but often that he favored returning the tidelands to Texas and that he would sign such a bill if passed by congress.

Truman has twice vetoed such legislation.

Two activities of the 1951 legislature gained considerable attention. One was its decision and determination to re-district the state; the other an equal determination to outlaw gambling.

Strange as it may seem, the 1953 legislature had to resort to lottery to decide the length of terms of its members.

Senators filled a jar with capsules and each drew for the number that designated the number of year he shall serve. Even numbers meant two-year terms; odd numbers four-year terms.

Three Conference Games Planned

One out-of-town basketball game and two home sessions are slated for Farwell boys and girls teams this month. All are conference sessions.

The local teams will be in Friona Friday night, to be pitted against the other Farmer teams. Tuesday night, the local teams will be host to Lubbud. On Friday night of next week, the Vega groups will be guests on the local court.

Wolverines Show Rams Close Game

Nine points were all that separated

the Texico Wolverines and Portales Rams Friday night after four quarters of play. Texico led one point at the end of the first quarter, but at half time, the Rams led 23-20. A gradual gain kept the Rams out in front for the remainder of the game with the final score being 46-37.

Arlye Crooks scored 23 points for the Wolverines, while Bailey scored 14 points for the Rams.

The Portales Lambs out-scored the Little Wolverines 32-10 in a preliminary game.

Wolverines Take Ft. Sumner Saturday

Green and white Wolverines toured to Ft. Sumner Saturday. Again with their superior playing, they came home with another victory 52-49.

Arlye Crooks, outstanding player for the Wolverines, whipped 30 points through the basket. The Wolverines now have a seven win, eight loss record.

The Junior high boys were defeated by Ft Sumner's Juniors 36-27.

Lena, as you know, a 40-mile-an-hour wind down here is nothing but a gentle summer zephyr. But we thought that wash days were miserable ones for all housewives—regardless of where they were living.

"Where do General Electric's engineers come from?" a visitor asked us. "I suppose they all got trained at MIT, or Cornell, or Michigan."

His question set us pondering, so we started plowing through the file cabinet for an answer. And, of course, it turned out as you'd imagine—NO. General Electric engineers don't always come from eastern technical schools. They won their slide rules from colleges in every state.

Maybe you'd like to hear how many of our bright engineers got their engineering education in your home state.

Here's part of the list...
328 came from colleges in Kansas... 207 from Oklahoma... 125 Nebraska... 103 Montana... 97 South Dakota... 87 North Dakota... 47 Arkansas... 41 Wyoming... 411 came from Texas colleges... well, the list includes every state.

One out of every twenty employees at General Electric is an engineer or scientist. You know that a big part of our work is improving products and working out new ideas.

Right now young men from your home state are working on big and important engineering jobs at General Electric. You should be mighty proud of them because—take our word—they're doing a swell job.

Parmer Agent Gives Advice on Dairying

Parmer County agent, Joe Jones, today released a statement pertaining to the winter care of the dairy herd. Jones stated, "Dairy cows don't seem to object to cold weather if they are properly fed and housed. Good housing for the dairy herd can also mean a saving in the feed bill, especially for grain."

Jones continued that, elaborate, expensive shelters are not necessary. A shed type building with a good roof and north and west walls is about all that is needed. The cows should be comfortable and protected from cold wind and rain if milk production is to be kept at a high level.

Cows which must use their energy to keep warm for travel through muddy lanes and feedlots will not

utilize their feed for producing milk. Lot pots in the lots should be filled so that water will drain away from the barn.

Grain will not be saved by cutting down on the cow's ration, says Jones. She is going to take care of herself first and if her ration is cut, less milk will be produced. Dairy cows should get all of the roughage, including hay and silage, that they will clean up daily, and concentrates should be fed in accordance to each cow's daily production for maximum returns.

Another little trick that will help hold up milk production is to warm the drinking water in cold weather. Milk is approximately 87 per cent water, and if the water is cold, cows don't drink as much as is needed. A water heater will soon pay for itself, says Jones, from the increased milk production.

In discussing dairying, Jones brought out the fact that balanced dairying should be practiced. He states, "We have had a number of reports from dairymen feeding silage who have been unable to increase production and in a few cases have actually lost production. In most cases this is due to an improper balance of protein, or not enough protein in the grain mixture."

We have noticed frequently, Jones continues, that when a dairyman feeds silage of particularly good quality, and the cows are allowed to consume all they want, they will consume larger quantities of silage and less of the alfalfa hay with a resulting drop in production. This drop is due to the fact that the alfalfa was being depended upon to supply a considerable portion of protein, and thus, is left lacking. Such a drop can be prevented by increasing the protein content of grain ration or by limiting the amount of silage offered so that they will eat more

of the alfalfa hay. Jones concludes, "So, it is very important to know the ratio of the various roughages the cows are consuming, and to balance the protein in the grain mixture accordingly."

BOVINA BAPTIST CHURCH

M. D. Durham, pastor
Sunday School 9:45 A. M.
Morning Worship 11:00 A. M.
Training Union 7:00 P. M.
Evening Worship 8:00 P. M.
Prayer Meeting 7:30 P. M.
WMU 2:30 P. M.

Last Sunday was the beginning of the campaign to raise money to erect a new educational building. All offerings went for the building fund. The response was gratifying with \$2,432 in cash and \$1000 in pledges. This is a good beginning, and the church feels that as time goes on, more will be provided. It will cost approximately \$14,000 to build the new unit.

The date for the spring revival meeting has been set for March 11-22. Rev. Jess Fender, pastor of the Calvary Baptist church, Bonham, Texas will be the evangelist.

The Associational Worker's conference will be held with the First Baptist, Tullia, on February 5th. The theme of the program will be "The church."

Last Sunday's attendance report Sunday School, 185; Morning worship, 207; Training Union, 105; Evening worship 153.

The WMU and the sponsors of the Junior GA and RA are planning a banquet for these organizations on January 30. Mrs. M. D. Durham will teach a mission study book in keeping with R. A. and G. A. work.

Bro. Pierson Adams, a newcomer into the community and into the church was elected as president of the adult Training Union last Sunday night. He succeeds Mrs. Troy Fuller, who was unable to continue with the work. Mrs. Pierson Adams has been elected as the new sunbeam leader. She will begin her duties this week.

Rev. Franklin Swanner, District missionary from Plainview was the guest speaker at the local pulpit last Sunday. The subject of his message was "The church and its needs."

A cordial welcome awaits you at the Bovina Baptist church.

HAVE HOME GAMES

The Bovina boys and girls basketball teams will begin their home court games this week. Most of the games the first of the season were played away from home and most of the remaining games will be played on the home court. Friday night, the boys and girls will play Lazbuddy in a pair of conference games. They were both victorious over Lazbuddy earlier in the season on the Lazbuddy court. On Saturday night the boys teams will play the teams from Elida, New Mexico. Everyone is urged to come out and support the teams.

There are still many people suffering from the flu around Bovina. Mrs. Gene Ezell spent several days last week in the hospital, but was able to come home on Friday. Mrs. Alfred Berggren was also in the hospital and several have been sick who weren't hospitalized.

METHODIST CHURCH NEWS

W.S.C.S., Tuesday 2:30 P. M.

The Million Dollar Pension Fund for the Northwest Texas Conference is an accomplished reality if other churches are able to meet their quota as successfully as the Bovina Methodist church. This church co-operated in the drive enthusiastically and as a result feel good "deep down" in their hearts. The laity of the church have proven they love and appreciate the retired ministers who responded to a Divine call and went out under the direction of the church without choosing their locale or indicating the financial support they were to receive.

They accepted the responsibility of the ministry as the call of their Heavenly Father to a place in our society as soul winners and character-builders. The interest of this money will go to make them financially secure as they travel a road into that mysterious future, which only time and experience has brought reality.

The Bovina Church' quota was \$1270 and the pledge cards show a small surplus above the quota. About ninety per cent of the membership participated in the offering, which was made Sunday.

Sunday, February 1, Rev. Marvin L. Boyd, district superintendent, will be in the pulpit at 7:00 p.m. and preach. Following his sermon, there will be a brief business session.

The Board of Christian Education will meet Monday night at 7:30.

PURCHASE FURNITURE

Acting on a plan to purchase new school furniture over a period of years, the Bovina School Board made the first purchase from American Desk Company, which consisted of desk and chair units for the primary department. Chairs are made of tubular steel frames and double plywood seats. The desks are of tubular steel and natural light maple plastic finish. The desk top cannot be soiled by paint or ink, if cleaned in a reasonable length of time.

PLAN JUNIOR TOURNEY

The Bovina Student Council will again sponsor a Junior Tournament for the schools of this area. The date of the tournament will be March 6 and 7.

Schools participating are: Friona, Farwell, Lazbuddy, Muleshoe, Texico and Grady, New Mexico.

Six trophies will be awarded for first, second and consolation places for boys and girls. Also gold basketballs will be given to the all-tournament teams.

TO QUIZDOWN

Members of the fourth, fifth and sixth grades are making their preparations to enter the quizdown at Amarillo on March 21. A number of the students have ordered questions and are giving much evidence of interest.

Questions for the quizdown are taken from the questions sent in by students and teachers, having to do largely with social science and natural science.

Mr. and Mrs. W. F. Gathright and Linda of Borger spent the weekend visiting with their daughter and family, the Keith Batens.

HAVE TRAILER FIRE

A fire last Thursday afternoon burned out the inside of a trailer house, where Mrs. Bill Bienek and her two sons were living. The trailer house was parked behind the Frank Smith home and caught on fire when a kerosine heater exploded. The Bovina fire department put out the fire, before it completely destroyed the trailer, but most of the walls and ceiling inside were ruined.

RECEIVES FACE BURNS

Harold Lowrie, son of Mr. and Mrs. Elmer Lowrie, suffered burns to his face last Thursday when lye water was accidentally splashed into his face. He was taken to Friona for medical care and his wife stated Saturday that the doctor didn't believe any of the burns would be serious. Harold is here visiting, before reporting in California for overseas shipment.

Sub-District WSCS Meeting Inspirational

Sub-district meeting of the WSCS held at Bovina recently was well-attended, with representatives from Earth, Oklahoma Lane, Progress, Sudan, Muleshoe, Y. L., Olton and Lazbuddy. Theme of the session was "A Charge to Keep."

Mrs. I. W. Quickel presented the scripture on talents, commenting that if the talent given us was not used, it would soon be aken away. Mrs. Adair of Earth gave "Our Charge to Keep for Our Children," followed by "A Charge to Keep for Our Youth" by Mrs. Pierson of Muleshoe.

A vocal solo, "My God and I" was given by Mrs. Caldwell, Bovina. Noon meditation was by Mrs. C. C. Christian, Oklahoma Lane. In the afternoon, Mrs. Byron Gwyn of Progress gave "Our Charge to Keep As Women"; and Mrs. Miller of Olton, "Our Charge to Keep for Spiritual

Guidance." "Our Charge to Keep for Our Missionary Projects" was by Mrs. Williams of Lazbuddy; and Mrs. Helm of Y. L. presented the closing meditation.

WIN TWO GAMES

The Junior basketball teams went to Muleshoe on Monday night for three games. Bovina won two and lost one. The eighth grade girls won their game a score of 15-7. The eighth grade boys were defeated 34-20, and the freshman boys won their game 36-23. These teams will enter the junior tournament being held this weekend at Friona.

Having recovered from an extended illness, Jimmie Ware, son of Mr. and Mrs. Earl Ware, plans to enroll at Texas Tech again this semester. Jimmie had enrolled for the first semester, but was forced to withdraw because of illness.

SECOND SEMESTER BEGINS

The second semester began at the school on Monday. There were no special activities, with the same schedule being used this semester. Three more new students have enrolled in the school. They are Terry and O. W. Adams and Delia Ann Gaines. Report cards will be given to the students this Friday with semester grades.

DRIVE BEGINS

The local March of Dimes program will be launched January 15th through 31st. Miniature iron lungs are being placed in convenient locations in the school and downtown. Don't miss this opportunity to help combat the dreaded disease that has made cripples out of so many people, both young and old.

TAKES ANNUAL PICTURES

Mr. Melton of the Melton Studios was at the Bovina School on Tuesday to make the group pictures to be used in the school annual. The basketball teams, FFA, FHA, student council and the band were included in this group. Mrs. Otie Ellison is sponsoring the annual.

Tap Dancing Classes Begin Saturday

Mrs. Keith Baten began her classes in tap dancing last Saturday at the Band Room at the school. She has two classes, one for school age children and one for pre-school children. She announces that any other parents wishing to enroll their children in the classes should do so by this Saturday. After that time, she will not be able to include any more children in these classes.

There are fifteen enrolled in the school age class. These are Mary Ann McKinney, Elaine Fuller, Paula Kay Kerby, Karen Weems, Kay Looney, Sherri Langer, Larry Don Hardy, Charlotte Hromas, Shirley Mayhew, Carol Burnam, Harriet Lou Charles, Joan Kay Ezell, Neta Beth Estes, Billy Burnam and Ronnie Isham. Enrolled in the pre-school class are Linda Estes, Timmy Rhodes, Linda Johnston, Billy Minter and Billy Charles.

Details on Yearbooks Completed by Group

The Friendly Circle Sunday School Class of the Baptist church met on Tuesday night, January 13th, at the church for their regular monthly business meeting and social.

Mrs. Henry Minter, vice-president presided over the business meeting in the absence of the president. They finished on the details of their yearbooks, which will be ready to be distributed at the next meeting.

Following the business meeting, the group enjoyed several games led by Mrs. Amy Hromas. Refreshments of date pudding, whipped cream and spiced tea were served by Mrs. Hromas to Mesdames M. C. Huggins, A. L. Glasscock, A. D. Cumpston, A. L. Kerby, Rex Jaquess, Henry Minter, C. T. Ratliff and B. L. Hillock at the close of the evening.

Have New Daughter

Mr. and Mrs. Billy Marshall are the proud parents of a new baby daughter born Friday, January 16 at the Parmer County Hospital. This is the third child for Mr. and Mrs. Marshall, with two girls and one boy.

Both of the grandmothers visited over the weekend to see the new little girl. Mrs. Marshall's mother of Lamesa will remain here with her daughter for several days.

Nine Bovina boys are now enrolled in Texas Tech pursuing various courses. Other students are attending Wayland and WTSC.

Spend Week Here

Mrs. Bob Merrell and Mrs. Jack Kesler and her twins, Billy and Betty, all of Jal, New Mexico are spending the week with their parents, Mr. and Mrs. Ezra Englant. Bob and Jack also spent the weekend here, but returned to Jal Sunday night. Mrs. Merrell was in the Friona hospital last week, but is much improved now.

Plan Bake Sale

The Bovina Band Parents Club voted to hold a bake sale on Saturday, January 24 at the C. R. Elliott Hardware Co.

Everyone is asked to donate foods whether they have children in school or not. "Everyone come buy your pies, cakes and cookies and save yourself work and money, the reporter says.

Celebrates Birthday

Mrs. Henry Minter served fried chicken and all the trimmings on Sunday to several guests, honoring her husband on his birthday. There to help him celebrate were Mrs. Minter's mother: Mrs. Stella Hamby, her sister, Mrs. C. L. Conover and her brother and family, Mr. and Mrs. Harry Hamby, Gary and Ronnie, all of Clovis.

In Rogers Home

Guests in the W. H. Rogers home on Sunday were Mrs. Rogers' two sisters and their families, Mr. and Mrs. H. T. Magness, Denise and Jacquelynn, and Mr. and Mrs. John Burrows and Lavoyce, all of Friona. Their son, LaVon, a student at Hardin-Simmons University at Abilene, spent the weekend with his parents.

Society Notes

Mr. and Mrs. Bill McDonald and children of Clovis and Mr. and Mrs. Floyd Ashcraft of Midland spent the weekend visiting in the E. D. Ashcraft home. Mr. Ashcraft has just returned home from Amarillo, where he underwent eye surgery.

Mrs. Tommy Horton had a quilting in her home on Wednesday. Enjoying the visiting and quilting for the hostess were Mrs. G. E. Free, Mrs. U. B. Wheeler, Mrs. Alvin Gaines and Mrs. Jess Vestal.

Visiting over the weekend in the L. C. Moore home were Mrs. Moore's brother and wife, Mr. and Mrs. Terry Stroud of Childress.

Mrs. J. T. Hammonds was able to return to her home on Thursday from Clovis Memorial Hospital, where she underwent major surgery. She is reported to be doing fine.

The general public is invited to see the great wonder dog of television on the Bovina School auditorium Wednesday, January 23 at 10:30 a.m. Admission will be 10c, 15c and 25c.

John Hartwell visited Sunday in the Cordie Potts home in the Rose-dale community.

Mr. and Mrs. John Wilson spent the weekend in Laredo, Texas visiting in the Hendley home.

Mrs. Millard Ingram of Sudan, former resident of Bovina, is here visiting with friends.

Fashion Contest For Texas School Girls

Texas high school seniors with a flair for fashion design were invited this week to enter a national competition for the Forest City Fashion Scholastic Awards which will send two winning students to college next fall to study dress and textile design. Entries must be submitted before March 1.

Rules and entry blanks for student use have been sent to principals of accredited high schools, the sponsor of the Awards, Forest City Manu-

facturing Co., of St. Louis announced today. The company is one of the country's largest fashion manufacturers.

The Fashion Scholastic Awards are offered to encourage more talented young people to go into fashion design as a career, according to Harry H. Spitzer, president of the company. Two will be given, one in textile design and one in dress design. Winner in dress design will attend Washington University School of Fine Arts, St. Louis, and the winner in textile design will attend the Rhode Island School of Design, Providence, R. I.

Sketches of original fashion designs of dresses or textiles are required for entries. To be eligible for either award, students must be able to meet entrance requirements of the designated schools. Both men and women may apply, and all graduates of accredited high schools are eligible. Students now attending college

elsewhere may apply on a transfer basis.

Information on the competition is available from high school principals, from stores selling Forest City's Doris Dodson, Carole King, Shirley Lee, Martha Manning and Peg Palmer fashions, and from the Awards Committee, Forest City Manufacturing Company, St. Louis 3, Missouri. Entries must be sent to this Committee before March 1.

Rex Pool Appears In Student Recital

Two student recitals were sponsored by the Eastern New Mexico University School of Music Monday and Wednesday evenings, January 12 and 14, according to C. M. Stookey, chairman of the school.

Rex Pool, vocal student from Farwell, was one of the students who appeared on the program Wednesday night.
