# Texico Hosts Capitan Tonight

## Wolverines Ready For 1st Game

Texico Wolverines, the number one ranked Class A team, are geared up for their first state play-off game slated for tonight (Friday) at Wolverine Stadium.

The Wolves will take on Capitan, the District 3-A runner-up at 7 p.m. MST. A Clovis FM radio station, KKQQ (Channel 99.1), will broadcast the play-off match. The pre-game show begins at 6:30 p.m. MST.

Texico is the District 2-A champion. This play-off berth is like a "dream come true" for the Wolverines who have not enjoyed much gridiron success in recent years.

## Farwell Band, Twirlers Get 1st Division Ratings

Jubilant Farwell Steer Band members and twirlers journeyed home from Lubbock Tuesday shouting "We're number one."

The jubilation and self praise was much deserved as the Steer Band earned a First Division Trophy for their marching performance in the U.I.L. contest at Jones Stadium and the twirlers each received First Division medals for their efforts.

Varsity twirlers are Brenda Jones, head twirler; Lisa Howard, Betsy Black, and Kay Geuther. They received a First Division medal for their solo and ensemble performances.

Judging the bands were J.W. King of Canyon High School; Charles Trayler of Abilene Christian University; and James Mallow of Brady High School.

Lynn Burton, Farwell band director, said each of the three

judges gave the band a Division I rating and had good comments about the Steer Band.

This is only the second time in recent years that Farwell has received a I rating.

Other bands participating in the contest were Bovina, Kress, Hart, Sudan, Sundown, Springlake-Earth, Anton, Ralls, Ropes, Shallowater, Hale Center, Petersburg and Seagraves.

The leaves of brown come tumbling down. Around our house we have eleven dozen bushels of brown leaves that are tumbling down. We brag from time to time about the soft maple trees in our front yard. An unappreciated side effect of having these trees is readily apparent at this time of the year. We have more leaves than we know what to do with.

Other than a nuisance they pose a hazard to the paint on our cars. Apparently when the leaf is soaked with water it forms a mild acidic solution. We have some delicately etched leaf outlines on our sidewalks and on our automobile hoods. The ones on the sidewalk we can live with and possibly admire. However, we feel that the etchings on the cars will not be so appreciated by our gimlet-eyed dealer when next we trade vehicles.

It looks like last Tuesday morning fall fell in our area. Our tomato vines finally gave up the ghost after supplying us for almost four months with the best walnut size tomatoes. Guess our plan for fertilizing our garden patch left something to be desired by the resident tomato vines. We will try something different next year.

We have been noticing that the Amarillo highway has almost been clogged with campers, goose-necks and plain travel trailers all headed west or south. A large section of the people must have read the weather forecast for the north-eastern part of the country.

Seems as though the weather seers are looking for another cold snowy winter for the yankees. Well, as far as we are concerned they can freeze their tails off. It's our candid opinion that most of the political and energy woes stem from that part of the country.

How about a quick spelling test? O.K., find the six misspelled words in the following: Pantomine, accommodate, asinine, sacreligious, inoculate, innocuous, cemetary, concensus, embarrass, miniscule, accumalate and misspelling.

If you get all six, go to the head of the class, found five, then real good, four is more than most, three means you ought to look at a dictionary and two means you probably just got out of college.

Here are the words with the correct spellings: Pantomime (pantomime), sacreligious (sacrilegious), cemetary (cemetery), concensus (consensus), miniscule (minuscule) and misspelling (misspelling).

Two zoo elephants were standing by the fountain having their morning drink. Suddenly one elephant lumbered over to the side of the small pond and tromped upon a small land turtle.

The second elephant asked, "Why did you stomp on that turtle?"

The first replied, "He bit me twenty-five years ago."

Said the second, "How did you know it was the same turtle?"

Answered the first, "Why, I have turtle recall."

We hope you have gotten this far in this mishmash for a column. We decided not to write on politics this week. With the elections finally coming off and with the surcease from all the political demagogery we decided to take a political rest also.

At this writing we do not know the election results, only that we are glad it's over for another two years.

## Voter Turnout Light - -

# Clements, Tower Apparent Winners

A small number of Texas voters went to the polls Tuesday to decide several heated races and to determine the fate of nine constitutional amendments. At press time Wednesday morning all the statewide returns had not been tabulated and the winners of several races were not known.

Democrat John Hill and Republican Bill Clements fought a see-saw battle throughout Tuesday night and Wednesday morning with each candidate claiming the lead at various times. However, early Wednesday morning Clements was slightly ahead.

Should Clements be victorious he would be the first Republican to be elected governor of Texas in 110 years.

Parmer County voters favored Clements by a narrow 1212-1164 margin. Clements received the following precinct votes: Black, 16; Friona, 501; Bovina, 179; Farwell, 216; Lazbuddie, 162; Oklahoma Lane, 57; Rhea, 29; Lakeview, 23; and absentee, 29.

Precinct votes for Hill are Black, 26; Friona, 355; Bovina, 258; Farwell, 211; Lazbuddie, 167; Oklahoma Lane, 70; Rhea, 28; Lakeview, 17; and absentee, 32.

U.S. Representative Bob Krueger posed a strong threat to John Tower's 17-year tenure in Washington, but Wednesday morning Tower was maintaining a slight lead.

Voters in Parmer County chose Tower over Krueger, 1367 to 954. Individual precincts also picked Tower over his opponent. Votes for Tower

by precinct are: Black, 26; Friona, 516; Bovina, 236; Farwell, 249; Lazbuddie, 179; Oklahoma Lane, 69; Rhea, 32; Lakeview, 37; absentee, 37.

Votes for Krueger by individual precincts are Black, 14; Friona, 331; Bovina, 187; Farwell, 168; Lazbuddie, 139; Oklahoma Lane, 60; Rhea, 22; Lakeview, 8; and absentee, 25.

Democrat Kent Hance defeated Republican George Bush for the U.S. House of Representatives. Bush conceded the election.

Parmer County voters sided with fellow Texans in choosing Hance over Bush, 1665 to 663.

County precincts also favored Hance over Bush. Hance votes included: Black, 36; Friona, 603; Bovina, 329; Farwell, 236; Lazbuddie, 247; Oklahoma Lane, 98; Rhea, 45 and Lakeview, 32.

Bush votes included Black, 6; Friona, 239; Bovina, 99; Farwell, 169; Lazbuddie, 80; Oklahoma Lane, 31; Rhea, 10; Lakeview, 6; absentee, 23.

According to early election results Lt. Governor Bill Hobby was leading Republican Gaylord Marshall.

Again county voters picked Hobby over Marshall, 1620 to 896 following the statewide trend. Precinct votes for Hobby were Black, 33; Friona, 501; Bovina, 283; Farwell, 241; Lazbuddie, 192; Oklahoma Lane, 89; Rhea, 31; Lakeview, 23; absentee, 35.

Votes for Marshall included Black, 8; Friona, 315; Bovina, 122; Farwell, 147; Lazbuddie, 107; Oklahoma Lane, 33; Rhea, 23; Lakeview, 13; and

absentee, 21. Democrat Bill Clayton who was unopposed, was re-elected as State Representative for the 74th District. Clayton received 1633 county votes. Precincts voted as follows: Black, 34; Friona, 572; Bovina, 286; Farwell, 300; Lazbuddie, 222; Oklahoma Lane, 102; Rhea, 40; Lakeview, 34; and absentee, 43.

Texas voters also gave hefty approval to the tax relief

amendment. County voters also overwhelmingly approved the amendment 1687 to 482.

Ray Mears, Justice of the Peace, Precinct 1, was easily re-elected, nabbing 606 total votes to 82 for write-in candidate Carrell Watkins. Farwell, Lazbuddie and Oklahoma Lane voters sided with incumbent Mears 290, 200 and 95. Mears also received 21 absentee votes.

# King Wins In N. Mex.

Voter interest in Tuesday's general election in New Mexico ranged from steady to heavy throughout the state. Wednesday morning tabulations were sketchy and winners had not been declared in all the races.

Incumbent U.S. Senator Pete Domenici, Republican, apparently defeated challenger Toney Anaya. Domenici received 5813 Curry County votes and 138 votes in Texico. Anaya garnered 2304 county votes and 50 Texico votes.

Democrats Bruce King and Robert A. Mondragon were the apparent winners in the Governor and Lt. Governor race, besting Republicans Joseph R. Skeen and R. Leo Dow.

King and Mondragon re-

ceived 4,071 county votes and 99 Texico votes compared to 4,294 and 107 for Skeen and Dow.

Harold L. Runnels, Democrat, running unopposed, was re-elected U.S. Representative. Runnels received 5,303 county votes and 140 Texico votes.

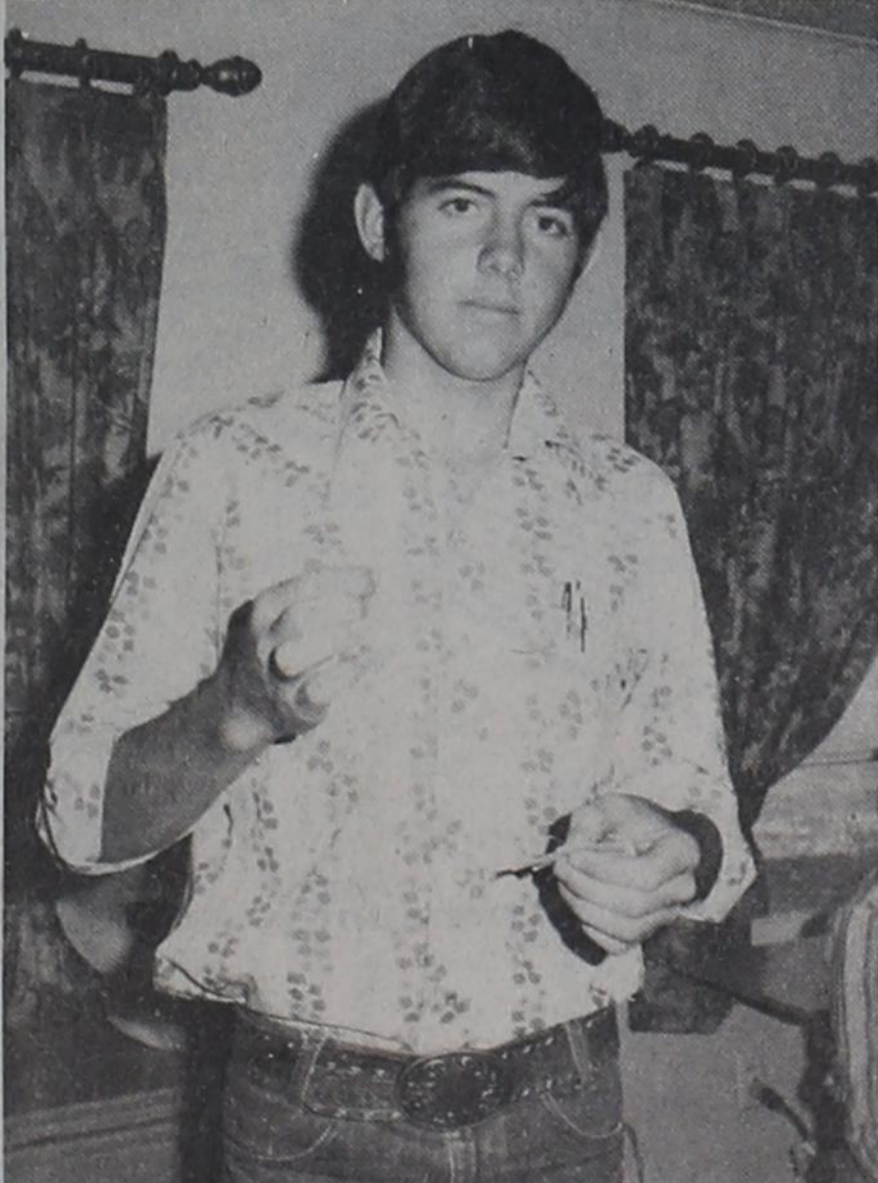

Statewide returns concerning the four amendments were unavailable. However, Curry County voters approved Amendment One, 3412 to 876; while Texico rejected the proposal, 20 to 4.

County voters approved Amendment Two, 2492 to 1541. Texico followed suit, 54 to 33.

Curry County also approved amendments three and four, 2434 to 1659 and 3156 to 1974.

## Farwell FHA Beau Contestants

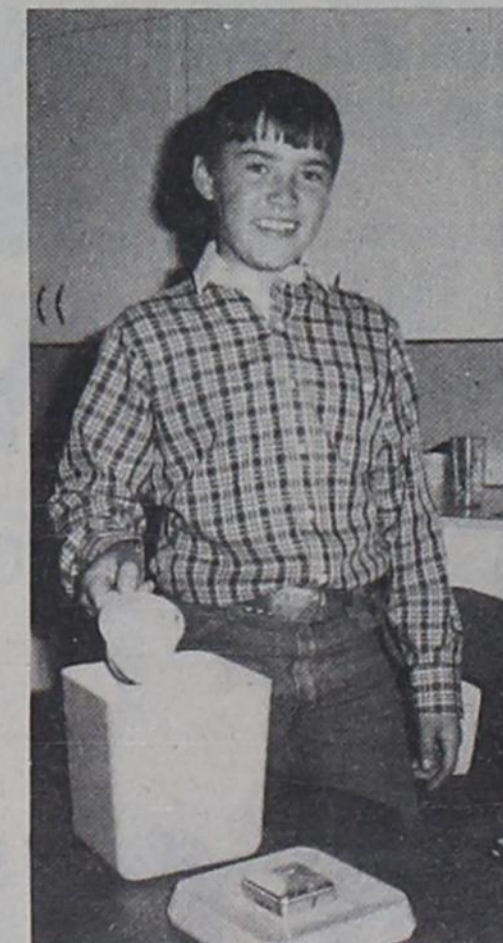

THE WINNER - Rusty Smallwood, junior, was selected Farwell FHA Beau after competing with four other high school boys for the honor in activities last Wednesday afternoon at the home economics building. Contestants were required to perform several homemaker-type tasks, including cracking and separating an egg, threading a needle and sewing on a button, ironing, measuring flour and sewing a seam at the machine.

Rance Williams, senior, tries his hand at ironing a wrinkled apron.

Boyd White, sophomore, shows the egg he must crack and separate.

Bowie Howard, freshman, measures a cup of flour.

Craig Kaltwasser, junior, prepares to sew a fine seam at the machine.

### Saturday Fire Scene

Farwell Volunteer Firemen were called to the Shamrock Service Station in Farwell late Saturday night to combat a small blaze started by faulty wiring in a switch. Even though the fire was minor and was extinguished quickly, the service station received heavy smoke and some water damage. Dolly Roberson, operator of the business, said late Tuesday night that an official damage estimate would be available later this week.

## 2 Days Of Rain Blankets Area

Dreary, chilly and very wet weather settled in over the Twin Cities and surrounding areas last weekend causing havoc with traffic and local activities.

Besides slick streets, motorists also had to contend with early morning and late night fogs which blanketed the area, drastically curtailing visibility.

The rains which began settling in Friday night — just in time for high school football games — deposited from one to two inches of moisture throughout Parmer, Bailey and Curry counties.

Thunder and lightning accompanied the steady rainfall which plagued the Farwell Steers in their district game with Kress, as well as other area grid contests. The Texico Wolverines escaped the weather blight by virtue of playing Thursday evening.

Approximately 1.40 inches of moisture were recorded in Texico and Farwell.

The rain also drizzled lightly early Saturday morning and cloudy overcast skies dominated the weather scene throughout the weekend.

The Lariat area received about one inch of moisture and Muleshoe recorded from 1.50 to two inches. The two-day storm deposited 1.54 inches of moisture in the Clovis area. Temperatures dipped in the 30's the first of the week.

Seth Ralston, Parmer County Extension Agent, said the recent moisture would be excellent for the wheat crops. He said the present moisture was not as good for the cotton, but added that he did not think the average cotton fields would be hurt too much.

### SHERIFF'S REPORT

Parmer County Sheriff Charles Lovelace reported that several batteries were taken recently from the Texaco, Inc. business in Farwell.

The sheriff also reported that several illegal aliens had also been picked up and would be turned over to the Border Patrol Office in Amarillo.

### Fortenberry Hears Cases

Parmer County Judge Paul Fortenberry has heard two cases since the last report, both for driving while intoxicated.

Emma Suniga, 38, of Clovis and James Parker, 28, of Hereford were each fined \$100 plus court costs for DWI.

## CF Walk-A-Thon Slated Tomorrow

The Walk-a-Thon for Cystic Fibrosis, sponsored by Theta Rho Chapter of ESA, gets underway tomorrow (Saturday) at 2 p.m. at the Farwell School Track and will continue until 5 o'clock.

Participants are to get individuals or businesses to sponsor their walk for the fund-raising event. Donations to the participants are to be a minimum of 50 cents per lap. Those participating in the event may walk or jog around the track, and "fast" and "slow" lanes will be set aside. There is no age limit for those participating and each runner may have more than one sponsor. Challenges between participants is encouraged, and those earning \$25 or more will be awarded T-shirts imprinted with "I Did It."

According to Margaret Aycock, Theta Rho member, challenges are already being made. Johnny Actkinson and Charles Aycock have each agreed to donate \$10 if their business partner Hurshel Harding will go 20 laps around the field. Harding has reportedly offered to run the

distance non-stop if someone will donate \$100 to the Cystic Fibrosis fund.

A few sponsors have also been secured for the Walk-a-Thon participants, but Mrs. Aycock reports they are in need of others. She said Nell Walling has agreed "to sponsor Maxine Williams."

Among the other participants who have signed on for Saturday's event are Irene Henson, Mr. and Mrs. Claude Coffey, Barry Williams and Bobby and Elcio Silva.

Anyone wishing to be in the event should contact LaMoin Williams, chairman, at 825-2531, or Mrs. Aycock at 481-3885.

CF is a disease that attacks children at birth and never lets go. It strikes the lungs and digestive system.

A cure is not yet available, but early diagnosis and special medical care is lengthening and improving the lives of affected children and young adults.

Seventy-five percent of all CF funds are channeled into research projects.

Raymond McGehee garnered 225 votes to unseat Jimmy Briggs, Commissioner of Lazbuddie Precinct who only amassed 131 votes.

Spears retained his Justice of the Peace seat with 390 votes. Bovina placed 327 votes for Spears; Rhea, 38, and absentee, 25.

Propositions two and three appeared to be lagging in the early morning returns. Propositions one, four and five led by more than two-to-one margins. Late returns also indicated that propositions five, six and seven appeared to be heading for approval also.

County voters favored the first amendment, 1224 to 756, but rejected the second amendment, 1376 to 625.

Three Weeks Remain - -

# 'Ghost Writer' Nabs Top Prize For Mom

If at first you don't succeed try, try again. That old maxim is as true today as it was when some wise old soul first uttered the words years ago. And it works. Just ask Marcia Cole who finished second best in the Merchants 20th Annual Football Contest two weeks ago and came back strong to take first place last week.

For her diligent efforts in correctly calling a perfect slate and being only 10 points off the tiebreaker Mrs. Cole received the check for \$7.50. Actually, her son Doug will probably collect the winnings (just as he did last week) because it seems the erudite freshman likes to enter the contest for his mom. Strange as it may seem, young Doug guesses far better for his mom than for himself. But either way, it's not bad picking.

Cole must have a well tuned sense of football because he correctly predicted last week that his mom would finish first

and, lo and behold, she did just that.

Last week the competition was hot and heavy as two other contestants also filled in perfect slates. Jack Kirkland, who missed the tiebreaker by 29 points, earned the second place check for \$5. Ridley Lonsdale claimed the third place slot by being off the tiebreaker 32 points. He received the check for \$2.

Several other weekly guessers gave a good account of themselves as they managed to pick 11 winners. Those proficient pickers are Dickie Chandler, Lesley Curtis, T.J. Kittrell, Sheree Montgomery, Truman Kittrell, Robin Roberts, Mark Ryburn, Eddie B. Smith and Tex Smith.

As the yearly contest enters its final stages (only four weeks remain) the competition among the overall leaders continues at a furious pace, with first one and then another taking turns sharing the spotlight.

Karen Lusk, who had been nudged from first place in recent weeks quickly bounced back into the lead last week with 76 total points, gently pushing Jerry Roddam into second place with 75 total points. He shares second place

with Lorine Dannheim. Third place belongs to four people who have 74 points: Jack Kirkland, Sheree Montgomery, Champ Porter, and Robin Roberts.

Occupying fourth overall with 73 points are Greg Hromas, T.J. Kittrell, Maurice Smith and Beulah Williams.

Those in fifth overall with 72 points are Fred Curtis, Carl Dean Goettsch, Jack A. Kirkland, Eugene Lonsdale, Ridley Lonsdale, Carlton Newell, and Jo Walker.

Even though the top two prizes are likely to go to one of the above mentioned persons, it is never too late to enter the guessing and try for the \$7.50, \$5 and \$2 weekly prizes.

## I Picked 'Em

"It's mine," Doug Cole seems to say as he attempts to get a hand on the check his mother, Marcia Cole, received last week in the 20th Annual Merchants Football Contest. Mrs. Cole received the first place check for \$7.50 after calling 12 games right and being only eight points off the tiebreaker. Actually, Doug filled out the entry form for his mom and will reap the benefits of his astute guessing. Bob Anderson of Security State Bank, one of the contest sponsors, is presenting the check.

## Last Rites Held For Roger Faubion

Funeral services for Roger Faubion, 19, of Clovis were conducted Monday morning in Clovis at Calvary Baptist Church, with the Rev. Roy Roach and Rev. James Sain officiating. Burial was in Lawnhaven Memorial Gardens under the direction of Steed-Todd Funeral Home.

Rebecca Love of Texico. Born August 1, 1959 at Portales, Mr. Faubion graduated from Clovis High School in 1977. He was a member of the Baptist church.

He was an insurance adjuster and he also worked with the Bill Halliday Rodeo Co. as a clown, traveling to various rodeos over a three-state area including New Mexico, West Texas and Southern Colorado.

He is survived by his wife of the home; his parents, Mr.

and Mrs. Rex Faubion, Clovis; a sister, Mrs. Carla Little, Clovis; a brother Jeffrey, Clovis; and his grandparents, Mrs. Olga Faubion, Clovis, and Mr. and Mrs. T.R. Hedges, Melrose.

Honorary pallbearers were all his friends.

## Girls Hurt

Three Texico High School girls were injured Thursday afternoon of last week in an automobile wreck in Clovis.

Those hospitalized at Clovis were Elizabeth Cavallero, daughter of Mr. and Mrs. E.L. Cavallero; Becky McDonald, daughter of Mr. and Mrs. Mickey Fenn; and Delinda Duncan, daughter of Mr. and Mrs. Howard Duncan.

Elizabeth was treated for a slight concussion and minor back injuries and was released Friday. She is recuperating at home now and is said to be "feeling better."

Becky also sustained minor back injuries and facial cuts. She was dismissed Friday and is resting at home now.

At press time Wednesday Delinda remained in Clovis High Plains Hospital recovering from a broken leg.

The accident occurred at the intersection of Marvin Hass Boulevard and Arcineiga Drive. The vehicle in which the girls were riding reportedly collided with another car and then careened into a shed.

Frances E. Goldfarb of Clovis, driver of the second vehicle was also injured.

**Award Winners**

Gilbert Kaltwasser of Farwell and Mrs. C.V. Potts of Rhea, center, were honored October 31 at the Diamond Anniversary of Cooperative Farm Demonstration Work. They are pictured with State Representative James E. "Pete" Laney of Hale Center and Mrs. Mike Fillingim of New Home, District 2 director-elect of the Texas Home Demonstration Association. Standing in the background is Ed Wilkes of radio station KDAV, Lubbock. Kaltwasser was recognized for his outstanding demonstrations in water use which compared center pivot vs. furrow irrigation. Mrs. Potts was recognized for her many years of demonstration work and active participation in Home Demonstration Clubs.

**Parmer Countians Win Demonstration Awards**

The Diamond Anniversary of Cooperative Farm Demonstration Work was celebrated by District 2 of the Texas Agricultural Extension Service in Lubbock on Tuesday, Oct. 31. Awards were presented to outstanding homemakers and producers from across the district. The recipients represent more than 375 producers and homemakers who have conducted demonstrations in cooperation with their county Extension agents. Parmer County award winners were Mrs. C.V. Potts of Rhea and Gilbert Kaltwasser of Oklahoma Lane. Mrs. Potts was recognized for her many years of demonstration work and active participation in Home Demonstration Clubs.

Kaltwasser was recognized for his outstanding demonstrations in water use which compared center pivot vs. furrow irrigation. This four-year study was the first of its type conducted in Texas. Kaltwasser is the vice-chairman of the Program Building Committee. It was the success of the first farm demonstration on the Porter farm near Terrell, Texas, that led to the creation of the Cooperative Extension Service nationally, and the Texas Agricultural Extension Service in this state. A documentary film on the Porter farm, "I Am Thinking of the Harvest," was shown for the first time during the anniversary celebration.

**The Spider's Webb**

At first glance, Martha Curtis of Farwell appears to be caught in the web of a menacing Black Widow spider, but such is not the case. The talented Mrs. Curtis, president of Farwell Convalescent Center Auxiliary, constructed the web and spider as part of the Center's recent Halloween decorations. The authentic re-creation proved to be quite large even though only a part of the configuration is depicted in the photo. The design was placed on a wall in the dining room and drew much response from onlookers who joined in the Halloween fun last week.

**Visit Mrs. Cox**

Visiting from Thursday until Saturday of last week in the home of Mrs. Alvenia Cox in Farwell were two of her cousins, Mrs. Lola Smith of Norwalk, Calif., and Mrs. Esta B. Leonard of Victorville, Calif. Mrs. Cox had not seen one of the cousins in many years and it was the first time she had met the other cousin. She reports that she certainly enjoyed their visit.

# Steers Slip And Slide Past Kangaroos 6-0

by Radney Robertson

Farwell Steers hosted the Kress Kangaroos Friday night on a wet and soggy field and came off with a 6-0 victory, raising their district record to 2-1.

The sloshy terrain and steady rain brought about by a

heavy thunderstorm which continued throughout the game caused both teams to fumble several times.

The Steers scored the only touchdown of the game late in the second quarter when Rowdy Chandler ran in from the four. Farwell's defense managed to keep the Kanga-

roos away from the goal and held onto the 6-0 win.

Kress won the toss and chose to receive the ball, starting with first and 10 from their own 20. They picked up two first downs and progressed to the Steer 45 where on third and five, James Castleberry and Randy Geries

blasted through to sack the quarterback for an eight-yard loss. The Kangaroos punted to Farwell and they set up shop on their own 10 yard line.

The Steers could gain no ground on the slippery turf and punted the ball away, giving Kress possession on the 49. The visitors then marched to the Steer 30 before they fumbled and Farwell recovered, giving the home team first and 10 from their own 38.

Again the Blue and White could spark no offensive drive and were forced to punt as the first quarter came to an end.

Kress began its drive on their 23 and were forced to punt after three downs, only to have a roughing the kicker penalty give them a first and 10 on the Farwell 42. Two plays later the Steers recovered another fumble and took over on their own 47.

Max Lonsdale went 12 yards for a first down to the Kress 35, but the Steers could not move for another first and were forced to give the ball to Kress on the 25.

Farwell recovered another Kangaroo bobble in this series and took over on the opposition's 28. The Blue and White progressed to the 16 before a five-yard penalty and a four-yard loss left them facing fourth and 11. Robin Roberts attempted a field goal which fell short and Kress had the ball on the 20-yard line.

After picking up two first downs, Kress went to the air,

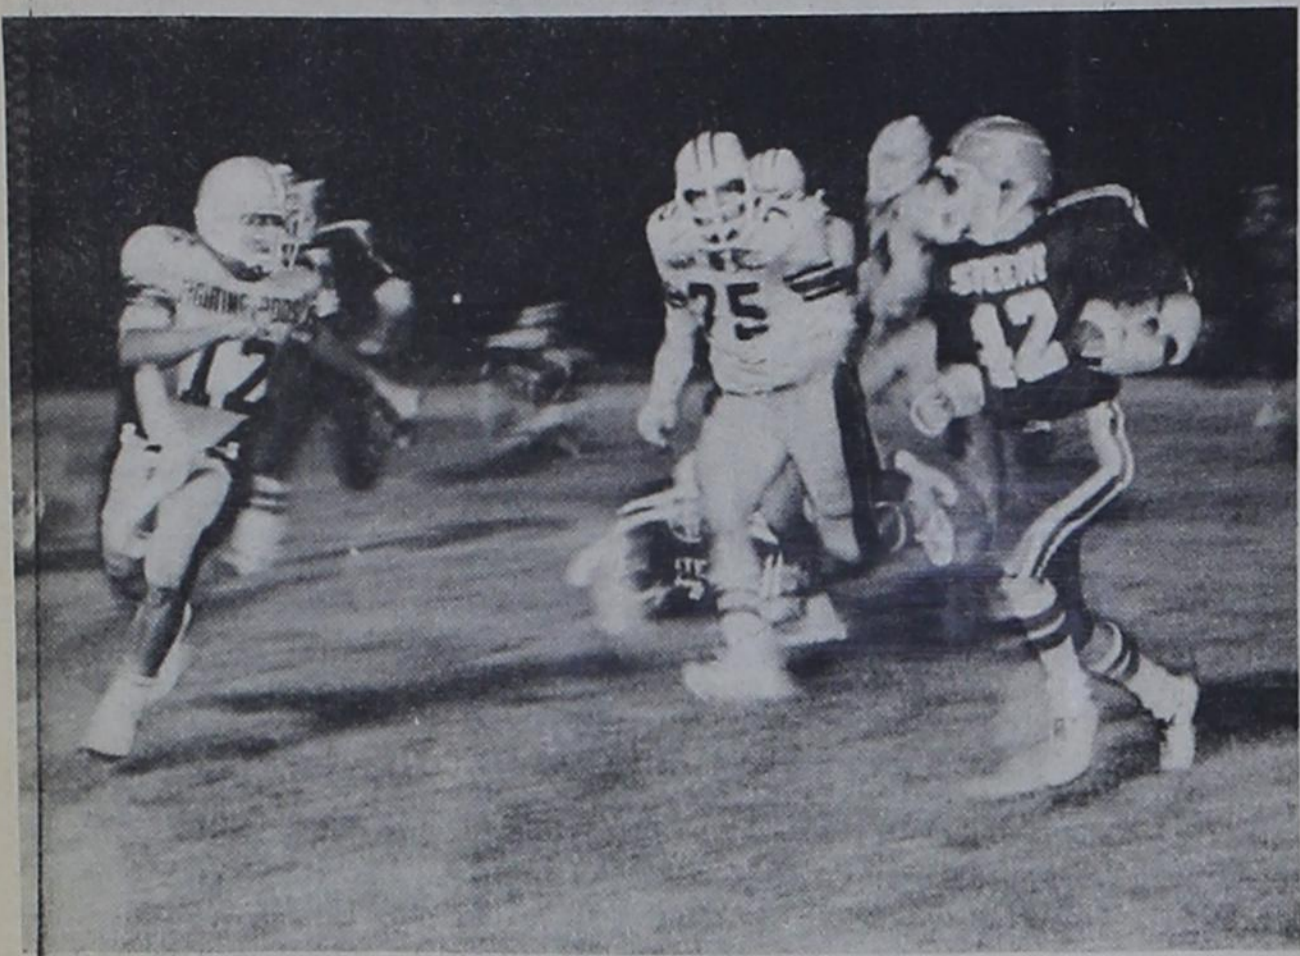

only to have Lonsdale pick off a pass and return it all the way to the Kress 15-yard line. Farwell picked up a first down on the four, and on first and four with only three seconds remaining in the half, Chandler plowed his way through for six points. The PAT was no good and the half ended with the Steers on top, 6-0.

The Steers took the second half kick-off and began downs on their own 36, but on first down Farwell fumbled and Kress recovered. The slippery ball proved hard to handle for the visitors, too, as they fumbled it away during the next series and the Steers took possession at mid-field.

Throughout the remainder of the game the ball continued slipping through the hands of both teams, preventing much yardage being gained in a quest for scores.

Kress did manage one scoring threat during the fourth quarter, starting out from their 28 and making three first downs, moving to the Steer 34. But on fourth and 11, Bruce Mayfield fell on yet another Kress fumble, giving the Steers the ball on the 37-yard line with only 2:34 left in the game.

Farwell managed to hang onto the ball and eat up all but 1:34 on the clock before punting to the guests. The Steer defense jelled and the Kangaroos were unable to move the ball, giving Farwell the 6-0 win and their second in district play.

## Lonsdale Gets Yardage

In spite of the wet, sloshy field and generally adverse playing conditions Friday night at Steer Stadium, Farwell's Max Lonsdale (#42) carved a notch in his defensive belt when he picked off a Kress Kangaroo aerial and bounded 52 yards - setting up the Blue and White's winning touchdown. Here Lonsdale is surrounded by determined Kangaroos who eventually bring him down. (Photo by Scott Haden)

# JV, Yearlings Lose To Kress Kangaroos

Farwell junior varsity and Farwell junior high teams invaded Kress Kangaroo territory Thursday of last week, only to suffer severe stompings at the hands of their hosts. The local JV lost 43-6 and the Yearlings were beaten, 34-6.

Blake Buchenau scored the lone JV score in the third quarter when he raced 70 yards to paydirt. The try for the extra point failed.

The JV played without the services of Rusty Small and Brent Green. Kerry Ford played but he had been ill the week of the game.

According to Coach Mike Martin, the JV players were able to move the ball well, but costly turnovers prevented them from scoring more than a single touchdown. "Kress had some big running backs which were hard to stop." In general, the coach said the "junior varsity team did not play well."

William Garza bounded 65 yards in the third quarter to score the Yearlings' only points of the night. The PAT was missed. At halftime, Kress had the local team down, 22-0.

"Kress was big and hard to stop," commented Coach Larry McDorman, "but in spite of that we played a pretty good game."

Players drawing the coach's praise were Garza, Alan Eubanks and Elcio Silva who replaced the absent Raymond Sierra. McDorman also cited Sierra, Manuel Cantu and Todd Christian for their defensive efforts.

McDorman said that both he and Coach Glen Morton were

"proud of the way the Yearlings played."

## Rowdy Chandler Named Class A Player Of Week

Farwell Steer Rowdy Chandler has been named the Class A player of the week by the Amarillo Globe-News.

Chandler's performance Friday night in the Kress game paced the Blue and White to a 6-0 loop victory over the Kangaroos.

He carried the ball 13 times for 75 yards and the game's lone TD. The 185-pound senior

had nine tackles and 14 assists as a linebacker.

The Globe-News quoted Farwell coach Don Alana as saying: "Rowdy started the game at (offensive) tackle, but we had a couple of backs out for the game so we put him in as running back. He's pretty versatile. Last year he was a tight end. He's one of those kids who can play just about anywhere you put him."

## S. McCully Makes Basketball Squad

Sherri McCully of Farwell, sophomore at West Texas State University, Canyon, has been named a member of the WT Women's Basketball traveling squad.

Sherri, the daughter of Mr. and Mrs. Bill Hagler of Farwell, was a forward on the Steerette basketball team dur-

ing her high school years here. She was graduated from Farwell High in 1977.

# Individual Efforts Mark Important District Win

In spite of the "weather for ducks" which plagued both teams Friday night, the Blue and White managed to sneak away with a 6-0 victory over district rivals, the Kress Kangaroos.

The weather conditions brought out the worst in the playing field, but evidently the best in the players - at least as far as Farwell is concerned.

For that week at least the spotlight is on Rowdy Chandler

who has reaped the rewards of playing an outstanding game.

He has been named "Steer of the Week" and "outstanding running back" by the Farwell coaching staff. In addition to that, the Amarillo Globe-News has also recognized Chandler's performance by naming him as the Class A Player of the Week.

Chandler started the game as an offensive tackle, but as a couple of backs were out for the game, a substitution was made and Chandler went in as a running back. Apparently it was a good decision as the 185 pound senior carried the ball 13 times for 75 yards, averaging 5.8 yards per carry. He also scored the winning touchdown.

In addition, he is also credited with 14 assisted and nine unassisted tackles as linebacker.

The adverse weather conditions and perhaps a flicker of hope that Farwell might yet salvage its loop season, spurred other Steers to "put their best foot forward" as a record number of Blue and White players were given honors this week.

Two Steers, Leonel Jaime and Ricky Coleman, share the spotlight as "outstanding offensive linemen." Coach Don Alana commented that it is unusual to have two tackles grade out the highest, adding both Jaime and Coleman played very well.

Randy Geries and Byron Mayfield also share the "outstanding forcing unit honors." According to Alana, "Geries has played well on defense all year."

Alana said Mayfield played good enough to share the honor this week.

Last, but definitely not least, is Max Lonsdale, the "outstanding forcing unit man." Friday's win was definitely a team effort, and Lonsdale played his role well, intercept-

## STEER OF THE WEEK

ROWDY CHANDLER

Rowdy Chandler has been named the "Steer of the Week" - for the third time this season - following the Kress district game. Chandler averaged 5.8 yards per carry and scored the winning TD in Friday's game. He was also named the "outstanding offensive back."

Farwell Church of Christ

Is the Bible a familiar book to you? Can you make your way through its pages as with an old friend or do you accuse the Bible of mystery, dark and deep secrets, and a jumble of unintelligible words and doctrines? Instead of studying your own Bible do you leave that to somebody else and merely accept their pronouncements? If the blind lead the blind both shall fall into the ditch (Matt. 15:14). Bible study must be a personal duty for which you are personally accountable to God. The world could never have gotten into its terrible moral mess and its equally awful religious state if people had studied their Bible and let it guide their lives.

God put his will for man, all he wished man to know about sacred things, in human words in a book. He has providentially preserved this book for all mankind. It is the roadmap from earth to heaven and the one light for the path of earthly walk (Psa. 119:105). Why stumble in the dark? Seek the light. The Bible's is available to all. I've not seen the one so poor that he could not get his tobacco and other things he really wanted. You can get a Bible too. They are available to rich and poor. Do you want one? Possessing one you only need ordinary common sense to understand it. The final exam we call judgement will be based on it. Have you done any preparation?

In the interest of New Testament Christianity and the salvation of your soul I am making available to you free of any cost a Bible study program so you can study and see for yourself exactly what the Bible says. The only text book is the Bible and you do your own studying at whatever time is convenient to you. Write to the Church of Christ, P.O. Box 96, Farwell, Texas 79325 and I'll see that you get your Bible study guide by return mail. Send your name, your mailing address, and tell us what church, if any you are a member of. Today is the day to start learning for yourself what this Bible actually says.

# Wolverines Crush NMMI JV, 48-0

Texico Wolverines, the number one team in Class A, closed out regular season play last Thursday, which was also Parents Night, defeating the New Mexico Military Institute Junior Varsity, 48-0. The Wolves relied heavily on their

second string lineup in the win. Barry Goode bounded 31 yards in the first quarter for the first score of the game. Britt Crooks added the PAT kick and Texico took a 7-0 lead. Goode picked up 216

yards in the game, upping his season's total to 1,116 yards. Later in the same period, Robert Thornton accounted for two touchdowns, with back to back runs of six yards each. Crooks toed the extra point each time and Texico spurred

ahead, 21-0. Herbert Bibbs trotted 25 yards in the second quarter to score Texico's fourth touchdown of the night. Crooks did it again and Texico increased its lead to 28-0. Quarterback Todd Gerles then darted in from the one and Crooks kicked the PAT to make it 35-0 at the half.

The Wolves bounded back in the third quarter to add another 13 points to the scoreboard. Rickey Foreman scampered eight yards to paydirt and James Hadley booted the extra point. Eloy Ortiz caught a 24-yard pass from Gerles for the Wolves' final score of the game. The PAT attempt was missed.

## Wolverines Of The Week

BARRY GOODE

ALLEN HALL

Barry Goode and Allen Hall have been named the offensive and defensive "Wolverines of the Week" for last week's game with the New Mexico Military Institute Junior Varsity. Goode, who has received the honor earlier this season, raced for 217 yards in 17 carries, upping his total output for the season to 1,116 yards. Hall executed two unassisted and nine assisted tackles. Offensive honorable mentions were accorded to Todd Gerles, freshman, who accounted for one touchdown and completed one of six passes for 24 yards, and Robert Thornton who scored two touchdowns and carried five times for 30 yards.

## Texico To Host Capitan In First Play-off Game

The top ranked Class A Texico Wolverines will take on Capitan tonight (Friday) in the first state playoff game. The grid action gets underway at 7 p.m. MST at Texico. FM radio station KKQQ (99.1 on the dial), Clovis, will broadcast the play-off action.

Texico is the District 2-A champion and Capitan is the runner-up in District 3-A. Earlier this season the Wolverines blasted Capitan, 33-0. As late as Monday, District 3-A was locked into a three-way tie between Reserve, Capitan and Carrizozo. A "powwow" was held Monday during which Reserve was "voted out" of the running. A flip of the coin decided that Carrizozo would finish first in that district, and Capitan would oppose Texico in the first play-off game.

Another flip of the coin gave the home team advantage to the Wolverines, definitely an enviable position to be in.

Even though Texico Coach Paul Topliff is glad the Wolverines (second string players for the most part) defeated the Class AAA New Mexico Military Institute Junior Varsity, he makes no bones about the fact that he does not like to play JV teams.

"We agreed to the game when we were making up the schedule last year simply because we needed it," Topliff said, "but it really isn't fair to veteran players, especially seniors, to expect them to play a JV squad. It was Parents Night, too, and I felt bad that some of the seniors played only a few plays."

An important aspect in the game, however, was that the Texico coaches were given an opportunity to see the young

players in action. One such player, freshman Todd Gerles, will accompany the Wolves to the state play-offs.

Since Duwain Hill, Texico running back and back-up quarterback, broke his leg a few weeks ago, the Wolverines have had no one to substitute for quarterback Keith Hadley. Topliff said Gerles is being included on the play-off squad as back-up quarterback, "just in case we need him."

\*\*\*\*\*

The offensive "Wolverine of the Week" honors were given to Barry Goode who broke the 1000 yard mark in Thursday's game.

Honorable mention was given to Gerles, who according to Topliff, "did an adequate job as quarterback." Gerles scored one touchdown and completed one of six passes for 24 yards.

Robert Thornton also received offensive honorable mention. He scored two touchdowns, carried the ball five times for 30 yards and "did an outstanding job of blocking," according to Topliff.

Allen Hall was named defensive "Wolverine of the Week." He accounted for two unassisted tackles and nine assisted. Topliff feels that assisted tackles are the most important because it shows the players are getting after the ball.

Britt Crooks who kicked five of six PAT's was given the "special team" award. "He also helped us on kickoffs getting the ball down to the five-yard line at times," Topliff said.

He did not give a "hardest hit" award this week. Even though the Wolves won, they did not play with a lot of emotion, Topliff said, explaining that while the tackling

situation was good, it was not outstanding enough to merit anyone being singled out for special recognition. "Part of the reason for a lack of emotion is that it is hard for the varsity team to get up for a JV game," he said.

In general, the Texico coach said the young players gave good performances. "John Kelley was good as the nose guard, Allen Hall held down the middle linebacker slot very well and Thornton was a good stand-in for Hill."

In order for the Wolverines to get ready for the state play-offs, Topliff said they needed a week of good mental attitude preparation along with workouts and drills. "Thursday's game was good for the young players but it hurt the veterans because going into the first playoff game, they needed a tough hard hitting game."

## Texico Volleyballers Lose District Tourney

Texico varsity girls volleyball season ended Friday on a sad note as they lost not only the District Tournament but also a possible state playoff berth.

A tough and much improved Melrose squad handed the local girls two back to back defeats, 15-7 and 15-12, abruptly ending the current round-ball season and effectively killing any hopes of advancing further up the ladder of

competition, for this year anyway.

The District Tournament was played in Dora. Total points scored by the Wolverines were Sheryl Day, 4; Celia Johnson, 9; Tonye Harrington, 1; Teresa Turner, 3; and Jana Jesko, 2.

"We played well but not well enough to win," commented Coach Becky Topliff. "Melrose had improved since the last time we played them and they

deserved to win." "It's been an enjoyable year," the coach said, "one the girls can look back on and be proud of."

The Wolverines finished the season, 12-2.

4-2-1 Record - -

## Texico Junior High Ties Tatum, 14-All

Texico Junior High battled Tatum to a 14-14 tie Tuesday of last week at Tatum. The young Wolverines ended the season with a 4-2-1 record, one of the best in recent years, and Tatum finished 4-0-1.

Tatum drew first blood taking a 6-0 lead in the first quarter. Wolverine Sammie Garcia bounded in just before halftime to tie the game at 6-all. Both teams missed their PAT attempts.

Garcia scored again in the second quarter with Todd Geris going in for the extra points. Texico maintained the lead until 54 seconds before the sound of the final gun.

With time running out, Texico had the pigskin on a third down and seven situation. The young Wolves fumbled and an alert Tatum defender grabbed the ball and scampered 45 yards to paydirt. The try for two points was good and the score was deadlocked at 14-all.

Tatum attempted an onside kick which Texico recovered but fumbled away again. Tatum then attempted a pass

which Willie Bibbs intercepted, running to the 40-yard line. As the clock ticked away, Tatum was assessed a 15-yard penalty for a face mask violation. Texico had time for just one play which brought them to the 15-yard line; but time ran out before they could score again.

"It was a thrilling game for the spectators," commented Coach Cecil Davis. "It was a really good learning experience for the young Wolverines. The officiating was good and fair. We were all disappointed that we didn't win, but we all knew that everyone played as smart and as tough as they possibly could."

Several "big plays" highlighted the game, according to Davis. He cited Willie Bibbs for completing a 40-yard pass to Felix Jimenez to set up the first touchdown.

"Paul Salquero, Earl Bibbs, James Robinson, Kent Harding and Jeff Dunsworth did a good job on defense," he said.

"Defensively the young Wolverines really punished Tatum as they played aggressively

and did a lot of gang tackling."

"Todd Geris engineered the offense with good play selection and leadership. The offensive backs, James Kelley, Garcia and Bibbs, ran tough with determination to get every yard possible," Davis said.

"This year is the second best year for junior high football at Texico. This group of freshmen have the determination to carry on the established winning tradition at Texico. They have set team and individual goals for their high school careers. They have had fun playing this year and they are smart enough to know what they have to do to continue enjoying the competitive game of football."

James Robinson and Willie Bibbs recovered one fumble each, and Kelley and Bibbs intercepted one time each.

The sixth grade class is selling tickets for a painting donated by Mrs. Southard, sponsor. The donations are 50 cents and all proceeds will go into the Gary Cain Trust Fund.

Winners of the "Best Dressed" award for the Homecoming week were Johnny Maben and Pam Hoyle, "Sock and Hat Day;" Pam Southard Teresa Turner, Elsie Ortiz and Wes Mosier, "50's Day;" and Tina Gerries, Diane Wilt and Tamera Lambert, "Costume Day."

The freshmen won the car decorating contest and the sophomores placed second.

Cheerleaders will throw plastic footballs at the state playoff games. The footballs were ordered by Pep Club members and cheerleaders.

Whitt's Studio will be here Friday, Nov. 17, for additional group pictures.

For the month of November, Mrs. Richmond had two birthday parties. Birthday girls were Karen Horner and Leslie Cox.

Mrs. Dunsforth's class is going to celebrate two birthdays, those of Max Spears and Tasha Rucker.

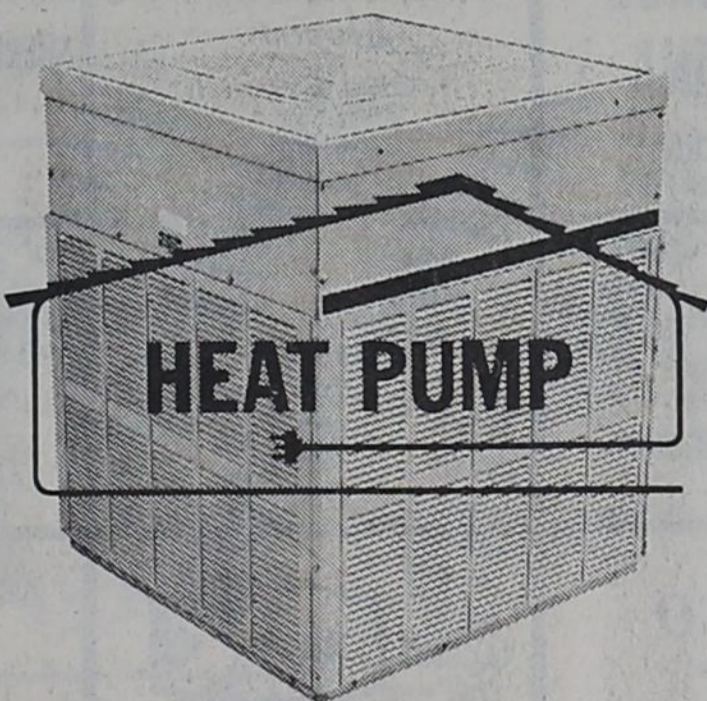

Texico FFA was not represented at the National FFA Convention this week, reports Mr. West. "Too many of our eligible members are involved in football playoffs this week. We just didn't have any luck finding a parent that could sponsor some delegates from Texico."

Mrs. Kendale Burch, FHA advisor, attended a District Advisor meeting in Portales Tuesday, Nov. 7.

The FHA will sell stocking hats at the game Friday night,

but they will not be selling pecans again because the prices went up, reports Mrs. Burch.

### GOD--A JUST JUDGE

How just are the judgments of God! In Romans 2:16 St. Paul says: "God shall judge the secrets of men by Jesus Christ according to my gospel." Notice carefully what this means:

1. He will judge "the secrets of men." In human courts there is often a miscarriage of justice because all the facts are not brought to light. But at the "Great White Throne" there will be a Judge with "eyes like a flame of fire" (Rev. 19:12), before whom no secret will remain hidden. (See also Hebrews 4:13).

2. He will judge the secrets of men "by Jesus Christ." Not the Father but the Son will preside at the judgment to come. John 5:22 declares that "the Father judgeth no man, but hath committed all judgment unto the Son" and verse 27 adds that the Father has given the Son this authority "because He is the Son of man." This insures just judgment,

for men will be judged in that day by the One who loved them enough to become a man that He might understand and help them, and even die for their sins.

3. He will judge the secrets of men by Jesus Christ "according to my gospel," says Paul. How eminently fair and just this is. If He judged men according to the Law of Moses no one ever would be saved, for all of us have broken the law. Moreover the children of fallen Adam cannot consistently keep the law. How then would it be just to hold them accountable for that which they were unable to live up to? This is why He will judge men according to the good news proclaimed by Paul, which is the great truth that salvation is denied to no one who takes God at His Word and approaches Him in His way. His way for today? "Believe on the Lord Jesus Christ and thou shalt be saved."

## Crop, Livestock Reports Needed From Farmers, Ranchers

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff. The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield, and production of crops and end-of-the-year livestock and poultry numbers for the state of Texas and for each county.

Reliable information on what is produced, how much, and where is important to farmers, ranchers, and others in making production and marketing decisions and in providing an unbiased picture of Texas Agriculture. These are also essential to farm organizations and legislators in promotion, planning, and enacting wise legislation and

are used in establishing acreages and payment levels to producers under the various commodity programs. The collection and publication of agricultural statistics are a cooperative effort between the Texas Department of Agriculture and USDA. This cooperation avoids duplication of effort, promotes economies, and increases the effectiveness of statistical reports. All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate.

County statistics for 1977 and January 1, 1978, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P.O. Box

### On The Farm In Parmer County

By SETH RALSTON County Agent

Many folks raise earthworms for fishing bait, but beyond that, their uses are limited.

Some claims for using earthworms that have little support are these:

--Earthworms as food or feed additives. Due to cost, major dog and cat food manufacturers are not conducting extensive research. Fresh earthworms cost \$2 per pound and 80 percent moisture. So, dried earthworms cost \$10 per pound. This dried material varies from 64 to 70 percent protein and is comparable in essential amino acids to fish meal at 15 to 25 cents per pound or soybean meal at 7 to 10 cents per pound.

--Earthworms for agricultural land development. About 500 pounds of earthworms are required per acre for most soil types. If "poor land" is purchased at \$200 an acre, then \$1,000 worth of earthworms should be added. At least three tons of cow manure would be required annually to feed these worms.

--Earthworms for garbage disposal. This usage has considerable appeal from an environmental standpoint, but no major market has developed. Problems associated in using earthworms for garbage disposal in California include these:

1. Glass, metal, plastics and other nonbiodegradables must be removed.

2. Since fresh garbage has noticeable odors and presents a considerable fly problem, it would probably require an enclosed facility.

3. Although there is some garbage shrinkage (one-third of volume and one-half of weight), a large portion of this is moisture loss.

4. After reduction of the garbage, it is still necessary to dispose of about one-half ton of worm manure per ton of original garbage. Value of this manure is probably not over \$10 per ton.

The biggest use of earthworms is for sport fishing. This is a large and stable market and can provide some income. However, competition is increasing, and labor is a

major requirement.

As far as production is concerned, normal harvests are generally below 0.4 pound of earthworms per square foot each 30 days. For a standard bed 3 feet by 8 feet, this results in an average harvest for beginning growers of 25 to 30 pound per year. After several years, experienced growers can get about 100 pounds of earthworms per year from the same bed.

So, with this in mind, individuals interested in raising earthworms should be wary of market claims and should search out sound information on earthworm production and marketing.

### W.I.F.E. Convention Held

The National Convention of W.I.F.E. (Women Involved in Farm Economics) was held this past week-end, Nov. 3-5, in Billings, Montana.

Muleshoe Chapter President Jo McCray reports that the convention was attended by Muleshoe members June Saylor, Carelean Hamilton, Naomi Austin and Jo Ann McGuire. Women interested in joining the group are invited to contact any of these women.

The convention opened with nearly 500 farm wives and their husbands hearing Arnold Paulson, National Director of NORM (National Organization of Raw Materials), speak on his economic theory. Paulson said "The nations economy is facing collapse" by consistent under-payment to the nations raw material producers. Agricultural products make up 70 percent of these raw materials.

Saturday's session began with Senator John Melcher, Montana, as guest speaker. He credited W.I.F.E. members with taking agriculture to Washington D.C. "Their fresh new approach was extremely effective in lobbying for agricultural legislation," he said. Following a welcome by Governor Tom Judge of Montana, W.I.F.E. President Betty Majors of Osceola, Neb., opened the meeting with a report on W.I.F.E. activities

during the past year. Acting Chairman of Legislative Affairs for S.C.S., Jim Olson of Washington D.C., conducted a workshop on the legislative process. Olson stressed the importance of being specific and concise when communicating with your Congressmen and committee members from other states.

During the afternoon session, W.I.F.E. members from across the nation attended workshops and commodity meetings.

The evening banquet, attended by many husbands and guests, was highlighted by speaker, Lt. Gov. Ted Schwinden of Montana.

On Sunday, W.I.F.E. members considered resolutions

submitted by individual states covering a wide range of issues vital to agriculture.

National officers elected for 1979 are: president, Betty Major, Nebraska; 1st vice-pres., Lavena Swanson, Arizona; 2nd vice-pres., Lucille Bowman, Wyoming; 3rd vice-pres., Mildred Van Nahmen, Kansas; 4th vice-pres., Alice Parker, Washington; recording secretary, Vee Dunn, Texas; treasurer, Nancy Kinder, Washington.

President Majors closed the convention by reminding W.I.F.E. members that only by working together as a united force could they continue to educate and inform the American people on the vital issues of agriculture.
