IN 1937.

Again in 1937, for the second consecutive year, motorists will have purchased more than one million Chevrolets; and they are now giving an even greater measure of friendship and favor to Chevrolet for 1938.

Again this year, at Thanksgiving time, we of Chevrolet wish to express our deep and sincere appreciation for the loyal friendship of motor car buyers in 1937 and, in fact, throughout more than a quarter-century.

You who motor have always been exceedingly generous in your response to Chevrolet products, and this year you have been particularly generous, as is clearly indicated by the following facts:

You have displayed such keen and enthusiastic favor for Chevrolet that this is the second consecutive year in which you will have purchased more than one million new Chevrolets!

You have shown the same eager liking for Chevrolet trucks and commercial cars, with the result that they have become known as the thrift-carriers for the nation!

You have paid Chevrolet dealers an overwhelming tribute of confidence by purchasing more than 1,750,000 used cars from the only men who sell used cars bearing the famous Guaranteed OK tag!

And now you are giving still further evidence of your friendship by awarding the new Chevrolet for 1938 the most enthusiastic endorsement any new Chevrolet has ever received!

Thank you for your friendship . . . "thanks a million" for another million in 1937 . . . and you may rest assured that Chevrolet will also express its appreciation in deeds by continuing to serve you faithfully and by continuing to build the kind of car you'll always prefer to own.
