

Forest Fire Fighters Seek Artificial Rain

CONROE, Sept. 28. (AP)—More attempts to produce rain by the use of dry ice will be made in an effort to quell nearly 100 forest fires sweeping east Texas woodland, J. O. Burnside, fire chief of the Texas forest service, announced.

IN U. N. SPEECH

Tsaldaris Accuses Balkans Of Aggression In Greece

LAKE SUCCESS, Sept. 29. (AP)—Greece's Deputy Premier Constantine Tsaldaris declared today that three Soviet satellites are boldly committing "acts of aggression" against Greece even now as the United Nations sought a solution to the Balkan problem.

Tsaldaris told the general assembly's 55-nation political committee that "at this very moment while we are considering this question, Albania, Bulgaria and Yugoslavia are sending into Greece arms and ammunition in increasing amounts and with ever increasing boldness."

He charged that the representatives of the Soviet bloc had not denied that they were sending aid to Greek guerrilla fighters, but instead had resorted to evasion and delaying tactics in an effort to becloud the issue.

"The simple fact remains and it cannot be hidden by sophistry," Tsaldaris said, "that Albania, Bulgaria and Yugoslavia have been, and they now are, arming bands for the purpose of destroying the political independence and the territorial integrity of Greece."

"No amount of polemics can hide the further fact that these are acts of aggression in violation of the law of nations and of the express and solemn covenants of our charter."

Tsaldaris conferred Saturday with Secretary of State Marshall, who is sponsoring a resolution providing for a special assembly committee to go to Greece to try settling the conflict between the Balkan states.

Tsaldaris made these other main points in his 3,500-word speech: 1. Greece was ready to pledge her cooperation in carrying out any recommendations which the assembly might make and felt a similar pledge should be demanded of her northern neighbors.

2. Assistance which Greece is receiving from the United States and Britain is being supplied at the request of Greece and in no way threatens Greece's independence as Russia has charged.

3. Greece could emphatically deny charges by Russia's Andrei Y. Vishinsky that the Greek government was trying to "bring about a new war, a war between the east and west."

Appealing to the 55 nations for quick action to halt the alleged aggression of the three soviet satellites, Tsaldaris said: "Every day of delay helps those countries that are threatening the independence of a member of the United Nations. Every day of delay is bringing death to innocent men, women and children and the terrorization of thousands more in the Greek countryside."

Brotherhood of the East Fourth Baptist church will meet at 7:30 p. m. today in the church basement with Capt. Olvy Sheppard of the Salvation Army as principal speaker. Musical entertainment will be furnished by a Negro quartet. Members of the laymen's organization were urged to attend.

NO REPORT

Methodists Throw Broadside At Halsey Drinking Theories

WASHINGTON, Sept. 29. (AP)—The Methodist board of temperance let loose a broadside at Admiral William F. (Bull) Halsey today for saying that "as a general rule, I never trust a fighting man who doesn't smoke or drink."

The board retorted that drinking makes men fight "in thousands of saloons every day, but we have never known it to make anyone fight well."

And if Halsey carried bourbon for his carrier pilots in the Pacific when he was third fleet commander, the board declared, he was guilty of an "astounding breach of Naval discipline."

Two Arrested In Ballinger Robbery Case

Much Of Loot Is Recovered By Officers

BROWNWOOD, Sept. 29. (AP)—Texas Ranger Clarence Nordyke said here today that two male suspects in the Sept. 20 Ballinger jewelry robbery case have been arrested and much of the loot recovered.

One was arrested in Fort Worth yesterday, and the other was taken into custody at Mineral Wells last week, rangers revealed today.

The robbery was at the Eldridge S. Price home at Ballinger. Loot amounting to about \$17,000 in cash and jewelry was taken from Price and his wife, and Mr. and Mrs. P. P. Haller of Hollywood, Fla. The robbers were masked.

Nordyke said a submachine gun believed used in the robbery, and a pair of pliers used to cut a ring off one woman's finger, were found in brush near Mineral Wells.

Rangers arrested a man and a woman in a Fort Worth tourist camp yesterday. Two expensive diamond rings were found in the woman's possession, police said.

Murder Climaxes Busy Weekend For Big Spring Lawmen

Climaxed by one murder charge, which was filed this morning, Big Spring law enforcement officers logged their busiest weekend of the year.

The murder charge was filed against Victor Yanez after Andres Perez, 34, died in a local hospital. Perez, victim of a Saturday stabbing, died at about 2 a. m. today.

Justice of the Peace Walter Grice set bond for Yanez at \$1,000. He was arrested by members of the sheriff's department after the Saturday altercation.

Last rites for Perez will be conducted Tuesday afternoon from Sacred Heart Catholic Church. Burial will be in Big Spring, with arrangements in charge of Eberley Funeral home. Perez is survived by his mother, one brother and one sister.

Dozens of minor offenses kept city police and members of the sheriff's department on the move during the weekend. Both law enforcement agencies kept radio cars on patrol work constantly, and estimates were that approximately 60 arrests were made.

Police Chief W. D. Green said the city jail was empty at 3 p. m. Saturday, but by this morning 41 persons were in the confines awaiting corporation court proceedings. Others arrested by the sheriff's department and police were carried to the county jail.

Most of the subjects were charged with drunkenness and minor affray.

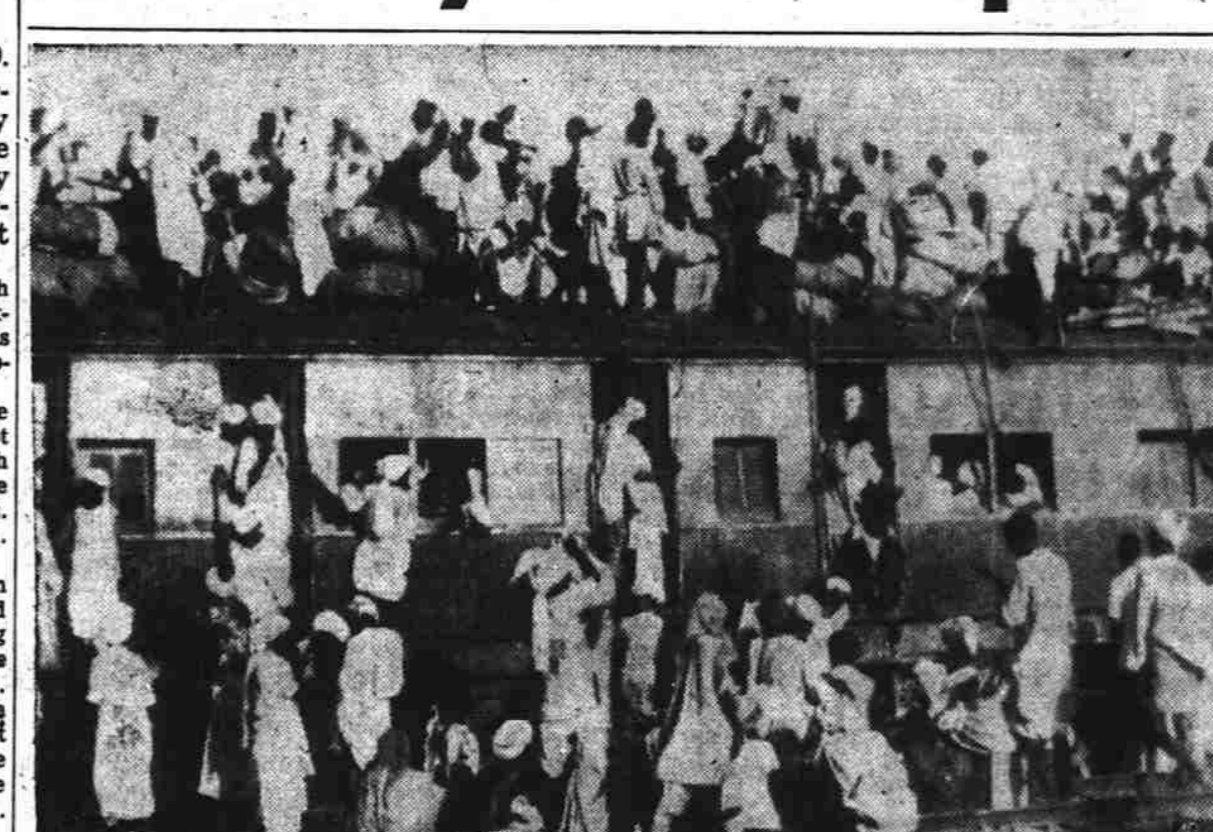

Victor Yanez Is Released On Bond

Victor Yanez, 28, was released by the county on \$1,000 bond this morning after he had formally been charged with murder in connection with the death of Andres Perez.

Perez died in a local hospital at 1:55 a. m. today of knife wounds. Yanez in a signed statement said he had been attacked by Perez without provocation in a rest room near a beer tavern on the north side at approximately 5 o'clock Saturday evening. He said Perez lashed at him several times with a knife and ripped his shirt but never cut him.

Yanez said he had seen Perez on several occasions but did not know him. He could give no reasons for Perez's actions.

AT ALBUQUERQUE

Date Set For Bids For Vet Hospital

The Corps of Engineers of the Army at Albuquerque, N. M. has announced that an invitation for bids on the construction of a 250-bed Veterans Administration general medical and surgical hospital at Big Spring will be issued about Nov. 1.

The announcement, made by Col. Henry F. Hannis, district engineer, tied in with one from the Army engineers in Washington, listing the Big Spring project as one of 17 on which bids will be asked soon for lettings before the first of 1948.

Information from the district Army engineers' office is to the effect that bids will be kept open for a period of about 45 days.

The successful bidder will be required to commence work within 15 calendar days after date of receipt of notice to proceed, and the period of construction will be approximately 730 days — or two years.

Included in the building construction, according to the advance notice of bidding, are these items: A main hospital building consisting of six main floors, a partial basement and space for four elevators and dumb waiters in the 7th and eighth floor areas. It will contain approximately 2,650,000 cubic feet of space.

A boiler house for three boilers, building cubic foot capacity 102,000. A shop and garage building, one story, 244,000 cubic feet.

One-story nurses' quarters building, 82,000 cubic feet. One-story attendant's quarters, 48,000 cubic feet.

Two-story managers quarters, 38,500 cubic feet. Two duplex type buildings, each two story, 46,500 cubic feet.

A 250,000-gallon elevated steel water storage tower and tank. Cost of the project was not mentioned, but previous figures have placed it all the way from four to six million dollars. Site for the hospital is located at the south end of South Gregg street and was provided by the city, aided by the county.

Copies of plans may be obtained from the engineer's office at Albuquerque upon a deposit of \$50, or they may be seen in a long list of offices throughout the country. The district office suggested that applications for copies of plans be made by Oct. 15 to avoid delay.

OLD AGE GRANTS

AUSTIN, Sept. 29. (AP)—Texas' old age assistance grants for October will hit a new high, with \$5,945,952 distributed to 197,924 eligible aged persons, the department of public welfare announced today.

Nazis Called Worst Killers In History

NUERNBERG, Sept. 29. (AP)—Twenty-three Nazi commanders whose terror squads are accused of slaying more than 1,000,000 Jews, Russians and Gypsies, were assailed today by American prosecutors as the greatest killers of all time, worthy of only the hangman's rope.

Help Sought Without Calling Special Session

Group Meets At White House With Truman

WASHINGTON, Sept. 29. (AP)—President Truman and congressional leaders talked over at the White House today possible ways to provide emergency aid to Europe without a special session of Congress.

As the momentous conference began, the White House promised a statement some time "this afternoon" on the outcome of the talks. Presidential Press Secretary Charles G. Ross told newsmen that

the meeting probably would last two or three hours and "that's a guess."

Attending the conference were 11 congressmen, Secretary of State Marshall, Secretary of Agriculture Anderson, Secretary of Commerce Harriman and two Presidential aides, John R. Steelman and Clark Clifford.

Marshall, Anderson and Harriman compose the cabinet food committee which reported to Mr. Truman last week that American grain exports must be cut and that the situation requires saving of food in the United States if needs of Europe are to be met.

Most Republican and Democratic chiefs invited to the extraordinary meeting looked to the President and his advisers for a blueprint of plans to see Europe through the winter months without a special session of Congress.

Rangers Patrol Strike Area

CORPUS CHRISTI, Sept. 29. (AP)—Twenty-four hour patrol by rangers in a five-county area was in effect today as Ranger Capt. A. Y. Allee reported the arrival here of six extra rangers yesterday.

Allee said the extra men were sent here with instructions from Gov. Beauford Jester to halt reported sabotage and damage to oil fields in this vicinity.

The rangers are on duty in the area affected by the strike of drillers and roughnecks of Local 227, Oil Workers International Union (CIO). The union struck to obtain union recognition.

Arthur Hajeate, president of the local, said the union didn't care how many rangers the governor sends. The union last week filed suit in 117th district court here seeking a court order to enjoin Captain Allee and his men from allegedly abusing union pickets.

"We don't care if the Governor sends 1,000 rangers here as long as they don't abrogate our rights under the constitution," Hajeate said.

Hearing on the union suit against Allee is set for 10 a. m. Thursday. The Ranger Captain said he had seven rangers on patrol in Corpus Christi, while five others were in the Kingsville, Alice and other oil field centers near here.

Nine Killed In Haifa Explosion

JERUSALEM, Sept. 29. (AP)—Nine persons were killed and approximately 50 wounded today when a district police headquarters in Haifa was wrecked by a shattering bomb explosion which Jewish underground agents boasted they had set off as reprisal for the deportation of uncertified Jewish immigrants.

The dead included three British constables, four Arab policemen, a 16-year-old Arab girl and an Arab coffee vendor. Injured were 29 British constables—of whom 13 were critically hurt, 14 Jewish civilians and 11 Arab civilians. Most of the injured civilians were passengers on an intercity bus from Jerusalem which was passing the police headquarters when the explosion occurred.

Bible Class Fund Nears \$900 Mark

Contributions to the high school Bible class fund neared the \$900 mark on a \$1,500 appeal here Monday.

Among donors reported over the weekend were Mrs. C. S. Holmes, for the estate of Mrs. Frances Boyle, who was the first person to actively foster teaching of Bible as a high school course, R. Richardson, H. M. Rowe, \$10 each; Jackie McKinney, Mrs. J. E. Brigham, J. B. Pickle, Mrs. J. E. Creath, Mrs. F. M. Purser, Mrs. J. W. Phillips, \$5 each; Mrs. J. C. Lane, \$3. The increase was \$63, of which \$33 was contributed through the First Baptist church.

Capt. Olvy Sheppard, secretary-treasurer of the sponsoring Big Spring Pastors association, said that a clean-up drive would be held this week after reports had been obtained Monday from all workers.

Teachers Meeting Set For HCJC On Tuesday

Organization and election of officers for the current school year will be accomplished Tuesday at 7:30 p. m. in the Howard County Junior College library when the Howard County Teachers association holds its initial meeting of the season.

The parley has been called by M. R. Turner, Coahoma, president. In addition to development of plans for the year, those attending will hear an address on how to obtain more effective use of reference material.

LOCKER COMPANY SUGGESTS EARLY ACTION ON ANNUAL RENTAL FEES

Hundreds upon hundreds of people have been happy customers of the Big Spring Locker Plant since it opened for business several seasons ago.

Thus, most of them will be anxious to settle their annual box rental accounts, now due, and retain priority on their locker space.

Because there is still a long waiting list of others eager to enjoy this service, Big Spring Locker urges that rentals be paid now. In cases where the patron is moving or contemplating giving up the box for any other reason, prompt notice will be appreciated so someone who has been waiting may be accommodated. Unless some notice or arrangement with the management is made, past due rentals must, of necessity, be taken as an indication that the locker

space is not desired for another year.

The general, all-around services—a distinguishing mark for Big Spring Locker—are still featured, including custom slaughtering, cutting and wrapping, smoking and curing of pork, preparation of poultry, sharp freezing fruits and vegetables.

In addition, a special service is provided for home freezer owners. Big Spring Freezer and Locker will slaughter, chill, age, cutting or contemplating giving up the box for any other reason, prompt notice will be appreciated so someone who has been waiting may be accommodated. Unless some notice or arrangement with the management is made, past due rentals must, of necessity, be taken as an indication that the locker

is not desired for another year.

The carbon arc light, which provided the first high-intensity street light in the United States, was first installed in Cleveland in 1879.

Fall Flowers In Profusion At Caroline's

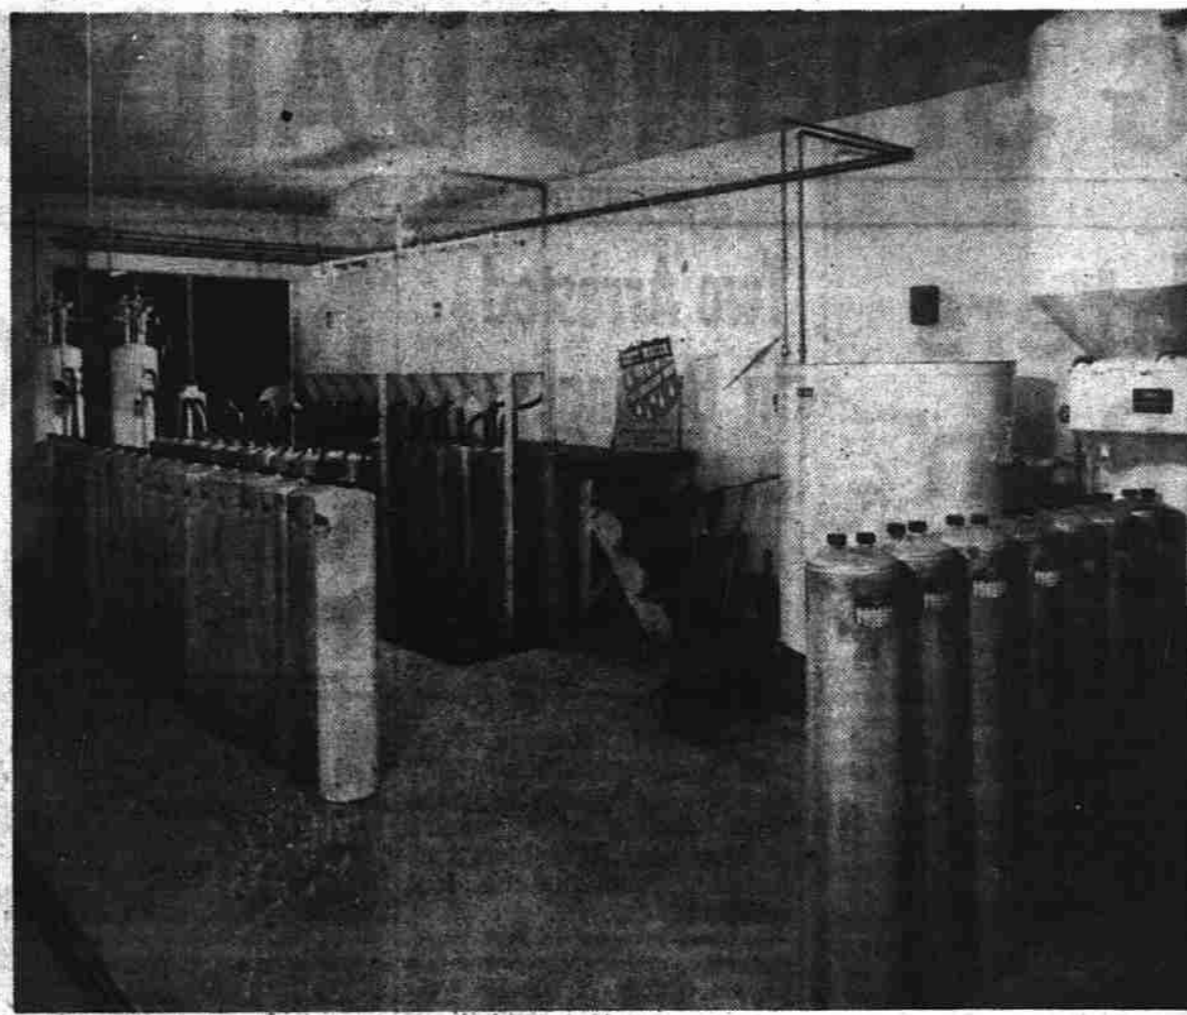

Vivid colors add a dash to autumn, and nowhere is this more effectively demonstrated than in the realm of flowers.

Now that the air is becoming crisp, chrysanthemums are dominating the floral front. Already Caroline's Flowers, 1610 Gregg, has a choice assortment of 'mums, ranging from the small and medium arrays to the giant puff balls in gold and bronze. Long-lived and ideal for any occasion, they are a natural for a zippy corsage for a football game or arranged, more deliberately for formal occasions.

Nothing makes a more striking, yet unostentatious display in cut flower patterns. For variety and delightful effect, asters, unusually beautiful at this season, are ideal.

Roses are invariably appropriate in any season or on any occasion, but like other flowers, they are particularly radiant and bright at certain times of the year—spring, and just at this moment of autumn.

That extra sparkle of color may be added by any of the traditional cut blossoms, but more particularly by an assortment of fall leaves. What nature does to a leaf in varied hues is indescribably beautiful. Caroline's has a store of these to add aesthetic spice to any bouquet or corsage.

'SOFT WATER ROOM' — Here is a photographer's view of the storage and operational quarters of the local Culligan Soft Water Service, 503 East Sixth, operated by R. L. and Edith Trappnell. The units are those which, hooked either to hot or cold water lines, provide water in the right degree of softness, to result in convenience and economy. Re-filling of the Culligan sealed units is handled here. (Photo by Jack M. Haynes.)

Bulb-Planting Time

Autumn is the best time for planting early season spring bulbs. Caroline's Flowers, 1610 Gregg, is stocking an assortment of healthy tulip, daffodil and narcissus bulbs. In addition, many will want to put out their pansy plants in October or November, too, for roots become established and the plant acclimated during the winter months so that blossoms appear earlier.

Activities Of Knott Residents Continue With Autumn Season

KNOTT, Sept. 29. (Sp.)—The Women's Missionary Union met Friday for an all-day meeting in observance of the Mary Hill Davis week of prayer. The program was on "State Missions" and the theme for the program was "Christ, the Answer."

at the home of Mrs. H. E. Barnes recently with two new members, Mrs. C. S. Ross and Mrs. A. H. Self, present. Refreshments were served to Mrs. R. H. Unger, Mrs. O. B. Gaskins, Mrs. Fred Roman, Mrs. E. L. Roman, Mrs. Robert Brown, Mrs. W. A. Burchell, Mrs. E. G. Newcomer, Mrs. C. A. Burks, Mrs. J. B. Sample, the hostess and new members. Mrs. H. R. Coffey will be the next hostess.

Visits - Visitors

Mr. and Mrs. D. Burrell and daughters, Elizabeth and Norma returned Saturday after spending two weeks visiting their son and brother, W. E. Burrell and family in San Diego, Calif. On their return trip they visited Las Vegas, Nev. The Boulder Dam and the Grand Canyon.

The Knott Rebekah Lodge No. 14 met Thursday night with Lela Clay, Nora Gaskins, Vera Gross, Minnie Unger, Enna Coker, Maurine Hanks, J. T. Gross, R. H. Unger and P. P. Coker present.

Knott IOOF Lodge met Tuesday night in regular form. Those present were F. L. Bass, J. T. Gross, Porter Hanks, P. P. Coker, R. H. Unger, J. J. Kemper, O. B. Gaskins, Milton Gaskins and Jimmy Clay.

Promotion Party Given At Church

The Sunbeams and Beginners Class of the East Fourth Baptist Church had a promotion party at the church Saturday afternoon. Games were played and stories told as entertainment. Toy raffles and shovels were given as favors.

Recent guests in the Don Raspberry home were his parents, Mr. and Mrs. L. D. Raspberry of Lubbock, a brother, Mr. and Mrs. Doyle Raspberry and family of Denver City, and a niece, Sue Raspberry of Ackerly.

Sunday School Figures Increased This Week

The attendance of seven of the churches of Big Spring had an increased enrollment of 26 persons at Sunday School Sunday over the previous week. Not all figures were available for comparison of a year ago.

Men and Women Over 40! WHY GET UP NIGHTS DUE TO KIDNEYS?

Many folks 40 and over have to get up at night—have frequent desire to pass water—have backaches, too, because of minor functional kidney disorders. If this is your trouble, flush-out your kidneys and bladder with Dr. Kilmer's Swamp-Root. It quickly works to increase the flow of urine, help relieve excess acidity, and ease burning sensation. . . . helps bladder irritation that gets you up nights. Swamp-Root is truly nature's own way to relief. Millions have taken it for three generations . . . often with wonderful results. Caution: Take as directed. For free trial supply, write Dept. B, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggists.

At the Wesley Methodist the figures were 176 yesterday, 154 last Sunday and 99 a year ago. The East Fourth Baptist and First Christian did not have available the figures of a year ago but had increased over last Sunday. The figures were 452 and 377 at the East Fourth Baptist with 130 and 115 at the First Christian.

The Church of Christ attendance was 242 yesterday, 244 last Sunday and 199 a year ago. The First Presbyterian attendance decreased Sunday with 148 present, 155 present last Sunday and 163 last year. The First Methodist had 360 present yesterday, 353 last week and 325 a year ago.

P-T-A Has Meeting

The Central Ward Parent-Teacher Association will have a called meeting Tuesday of the room representatives at 1:30 p. m. in the school lunchroom to make plans for the carnival. All room representatives are urged to be present.

A dollar today buys 15 times as much light as it did 20 years ago, the lighting industry claims.

LIVESTOCK
FORT WORTH, Sept. 29. (AP)—Cattle: 5,700; calves 3,200; steers and calves steady on few early sales to shippers and small bulk lots. Market quiet at weak prices on all classes; few good and choice grain fed steers and yearlings 21.00-27.50; common to medium steers, yearlings and heifers 12.00-21.50; good beef cows 15.00-18.50; common to medium cows 12.00-14.00; butts 11.00-14.50; good and choice fat calves mostly 17.00-19.00; few small lots 20.00; common to medium calves 12.00-14.00; stocker calves, yearlings and steers 14.00-19.00; stocker cows 12.50 down; hogs: mostly 25 cents higher; some sales 50 cents up; few unchanged; top 28.50 paid for good and choice 100-175 lb. hogs; good and choice 180-195 lb. hogs 26.00-28.00; 150 lb. hogs down to 25.50; good sows mostly 20.00-26.00; stocker pigs 20.00-24.50. SHEEP: 8,000; good fat lambs full steady; trade slow and weak on medium grades; slaughter yearlings and wethers unchanged; feeder lambs dull and weak to lower; medium to good fat lambs 19.00-22.00; medium grade lambs 15.00-20.00; medium grade yearlings 15.00-16.00; slaughter ewes 8.00-10.00; good feeder lambs 18.00 down.
WALL STREET
NEW YORK, Sept. 29. (AP)—Individual stocks managed to achieve modest improvement in today's market although many leaders were hesitant. Some bidding was based on hopes for constructive decisions at the conference of the President and congressional leaders. The murky foreign economic and political picture combined with skepticism regarding the course of domestic business in the light of rising living costs continued to inspire a certain amount of selling. Dealings tapered after a fairly active opening and slightly mixed price tendencies prevailed near midday. Bonds were narrow and cotton futures steady.
COTTON
NEW YORK, Sept. 29. (AP)—Noon cotton prices were 70 cents to 81.35 a bale higher than the previous close, Oct. 31.14, Dec. 30.92 and March 31.02.

COP LOSES TICKETS

Wichita, Kan. (U.P.)—Police officers at headquarters here were kept busy "fixing" traffic tickets the other day—at the direction of their superiors. After a patrolman lost a book of tickets near a ball park, dozens of motorists returned to their parked cars to find them tabbed. To the irate or just puzzled drivers who appeared at headquarters, police explained it was all a mistake, the result of a prankster, and tore up the tickets.

MR. MERCHANT

ARE YOU GOING TO DECORATE YOUR STORE FOR CHRISTMAS

You are invited to see a complete line of Xmas Decoratives for your store and Show windows. All pieces are exclusive with Miller Display in West Texas. We urge you to make your selection early to be assured of delivery on the date of your choosing. Mail card for appointment either day or evenings. Also special pieces made to your order.

Gypsy Jamboree Is Held At Club For Members

A gypsy costume jamboree was held at the Country Club House Saturday night for members of the Country Club. Estella, the reader was present. The ballroom was decorated with balloons and streamers of all colors. Tents were erected on the outside around the bonfire which had a big iron kettle hanging above it.

Mrs. H. W. Wright was general chairman of arrangements with Mrs. Lloyd Wasson and Mrs. C. J. Staples, the food committee and Mrs. Doug Orme and Mrs. O. O. Craig as the decorating committee. Those attending were Dr. and Mrs. Lee Rogers, Mr. and Mrs. Carl Bloomfield, Mr. and Mrs. Shine Philips, Mr. and Mrs. Marvin House, Mrs. Harry Trentmen, Mrs. C. R. Pressley, Dr. and Mrs. E. H. Strauss, Mr. and Mrs. Bob Satterwhite, Mr. and Mrs. D. Davis, Mr. and Mrs. J. R. Farmer, Mr. and Mrs. Jimmy Moon, Mr. and Mrs. George Tillinghast, Mr. and Mrs. Don Penn and Mr. and Mrs. C. J. Staples.

Mr. and Mrs. Obie Bristow, Mr. and Mrs. Rayford Lyles, Mr. and Mrs. Travis Griffith, Mr. and Mrs. Bob Bright, Mr. and Mrs. Burt Tate, Mr. and Mrs. Doug Orme, Mr. and Mrs. Joe Black, Zolie Boykin, Travis Reed, N. MR. (MADAM) CHAIRMAN

Order Of Business May Help Reduce Confusion

(This is the second of a series of sketches on basic rules of parliamentary procedure. —Ed.)

As a pilot, the chairman in any meeting should know the destination, how and when to start, and more important when to stop. The order of business is the chairman's guide. Most constitutions and by-laws contain this; if not, this is the generally accepted order of business:

1. Call to order.
2. Reading and approval of minutes of previous meeting.
3. Reports from officers and standing committees.
4. Reports of special committees.
5. Unfinished business.
6. New business.
7. Program.
8. Adjournment.

Now all is not lost if you mix the order or reverse by having the program first. The danger, however, is in getting into a tangle. Obviously, the chairman must—and must is the word—know what is due to happen at the meeting. If he doesn't know, how can he expect to direct affairs efficiently? It is as important for the chairman to be prepared as it is for the speaker. Time actually will be saved if you hold up the meeting until you inform yourself on this vital point, especially if you are pinch-hitting.

The call to order is simple: Rap something, if you like, or just say in a moderate tone: "Meeting will come to order." Regardless of the noise, it will subside, usually promptly.

Then just say "the secretary will read the minutes" or, (if they have been mailed), "you have a copy of the minutes. If there are no corrections, they stand approved as read." Wait a few seconds and proceed. You don't need a motion to approve minutes. If you have a financial or treasurer's report that needs to be approved, get a motion and second. If minutes are changed, get a motion and second on the change.

Officers and committees should report concisely, and written reports are desirable, for they can be filed. Generally, reports are merely received. If they result in a motion, then the question should be put as soon as discussion is complete. The chairman constantly should refrain from orating on each report. Status of the committee should be noted. If it is a special committee, the chairman may say: "The report is received and the committee continued," or "The report is received and the committee discharged. . . with thanks."

Next, business left over from the previous meeting and set for the present meeting should be considered. If none, then proceed to new business. This is where the "agenda" comes in, and this high-sounding word simply is a list of known new items for consideration. Many matters will come up by surprise, and most of the time these ought to be referred to committees for study and recommendation. Many times you can head off needless discussion simply by referring to the proper committee, or, be clever enough to get some member move that it be referred.

Most chairmen talk too much. Let others talk, and the chairman guide the course of the conversation.

The VFW Auxiliary will not meet this Tuesday because it is the fifth Tuesday of the month but the regular meeting will be Tuesday, Oct. 7, in the VFW Hall. A party will be given by the Auxiliary Thursday night, Oct. 2, in the VFW Hall and the public is invited to attend.

Havana, Cuba, is only 90 miles from Key West, Florida.

The CHIROPRACTOR and You

No. 26 Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic

WHAT IS CHIROPRACTIC? The chiropractor teaches that the brain and nervous system are the root of health. From the brain, nerve energy is distributed through the nervous system to control all parts of the body. When this nerve energy is shut off even slightly between brain and body (by bone displacement in the spine), one or more body functions are interfered with and ill health results. By x-ray analysis and spinal adjustment the chiropractor is able to relieve nerve interference and restore normalcy to the affected part. No drugs. No surgery. Nature is the healer.

CASE HISTORY No. 34 This patient had suffered almost, continually since 1916 with stomach pains and gases, and had turned from one method to another seeking relief, without results. Eventually the condition became so chronic that he was, at times, unable to sleep or eat, on the recommendation of a friend a Chiropractor was consulted. X-ray analysis revealed displacement of a segment of the spine which had shut off nerve supply to the digestive organs. A series of adjustments restored the bone to normal position and within a short time the gastric condition cleared up.

CASE HISTORY No. 125. A victim of asthma for ten years. Many remedies had been tried without result. An operation on the sinus was undertaken to try to correct the condition, but she still suffered. After some time friends suggested Chiropractic. Analysis indicated displacement of an upper vertebra. Adjustments to correct the displacement were successful and improvement was immediate. The patient now enjoys excellent health and there has been no recurrence of the asthmatic condition.

CASE HISTORY No. 98. A typical case of Sciatica. Patient unable to move without suffering great pain. Condition gradually became worse until finally Chiropractic aid was sought. Within one week following adjustments of the spine, he could move around quite freely and in less than two weeks the patient was able to resume an active life.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you. Phone 419. Appointment only.

...by Radio, by Cable, by Telephone

Did you ever stop and think how the news in your daily newspaper gets there in the first place?

Of course, you didn't. You're too used to finding the world wrapped up in your paper every day to wonder about it. It's a familiar, routine event in your life . . . like breakfast, dinner, and supper . . . like going down to work, or getting the kids off to school.

But even while you are reading this paper—today's paper . . . news is reaching your editor by a dozen different means. Seasoned traveler—it comes by plane, train or ship—by radio, by cable or telephone. Like a river flowing down to the sea, day or night, this news-stream never ceases.

It comes from as far away as the Antarctic—as close by as the corner of 5th and Main. It's news of Science, Sports, Society, Business,

Homemaking, and all the other things you live by. It's news—capital N-E-W-S. Just suppose it ever stopped . . . and you had to go news-hungry!

Your grocer closes his shop. Your doctor may take a vacation. But your newspaper—as important as either for your well-being—goes right on, daily and Sunday.

Vishinsky Seeks A Scapegoat

Trades of Soviet Vice-Foreign Minister Vishinsky are strangely reminiscent of a technique employed so effectively by a character who is no longer around these days to see how his Third Reich is coming along.

It is not so much that Mr. Vishinsky is lamenting the U. S. opposition to its policy, for this is more or less to be expected. Words from this side of the fence have been pretty positive about Russia.

But where the bulk of U. S. statements have dealt abstractly with Russian policy, Mr. Vishinsky has grown pointedly personal. Although he has moved a little closer each time to an attack on the President, he has not yet grown that bold. Thus, he

singles out John Foster Dulles, the GOP foreign affairs expert, as the No. 1 target of his verbal blistering. Mr. Dulles, according to the Russian deputy foreign minister, is an odd mixture of arch-criminal, agitator, destroyer of the peace, obstructionist, and ought to be eliminated.

None of this talk will lessen the stature of Mr. Dulles, but it does point to a weakness or a pattern of action in totalitarian systems, namely, seeking a scapegoat. Even in such a thing as practical politics this is always the stock-in-trade. Whenever on the spot, harangue on the issues vaguely but plunge vigorously into personalities. It is the old red herring deal.

Mr. Vishinsky is dragging it across the trail.

Turn Off This Homey Conversation

Today's beef concerns the homey genre of the printed page and airways.

Things move in cycles, and perhaps the wheel has turned inevitably to another of those periods when a new crop believes it has discovered something new in developing a technique of homespun talk.

Every now and then a columnist buds with the idea that a lot of trivia, told in what they imagine to be an earthy manner, will be drawn to the public's heart. Now and then it goes good for a while, but quickly spoils. When Odd McIntyre was turning out his chronicles on Manhattan, he came as near getting away with it as anyone. But Odd had a philosophical streak that most writers do not possess. Even so, with his sixth sense, he got sour with his

diaries now and then.

The latest affliction comes over the ether. Ever since Martin Block and a few of his contemporaries turned on some syrupy talk, which was supposed to be like neighbors talking across the fence, the art of "disk jockeying" has contorted through the travail of labor.

Most adults are well aware when they are treated to a program of canned music (and lots of it is good), mixed with commercials, the live blood of the enterprise. They are not deceived in the least by illustrated attempts at ad lib wit, or soft talk and dry chuckles.

In writing or in talking, most people appreciate naturalness, and attempts to play natural invariably fall wide of the mark.

The Nation Today—James Marlow—

Palestine Will Remain Problem

The tragic Jewish-Arab problem in Palestine may find temporary settlement, but little which will contribute to a useful solution, in Britain's announcement that she will end her mandate if the United Nations doesn't work out a settlement satisfactory to both sides.

home for the Jewish people x x x it being clearly understood that nothing shall be done which may prejudice the civil and religious rights of existing non-Jewish communities (the Arabs) in Palestine x x x.

Arab states should be created. This proposition was turned down by both Jews and Arabs. Disorders again swept the land. These have continued ever since with varying degrees of intensity—clashes between Jews and Arabs, and clashes between British and Jews.

Affairs Of The World—DeWitt MacKenzie

Crime Increases In Rural Areas

By MAX HALL (For JAMES MARLOW)

WASHINGTON, (P)—Some notes on crime in the U.S.A.: The FBI issued a crime report the other day.

The report said crime in the first six months of 1947 was up 7.5 percent in rural areas and down 2.3 percent in the cities and towns, compared with the same period of 1946.

But the situation is dimmed a bit by the fact that the slight decrease this year is more than accounted for by a 20 percent drop in auto thefts.

If you omit auto thefts from the figures, you find that other major crimes increased nearly three percent.

The big decrease in auto thefts is not wholly explained, but this may have something to do with it. Police are recovering about 95 percent of all stolen cars these days.

Incidentally, murder showed a decline in both rural and urban areas. But burglary, larceny, and rape increased in both town and country.

Here's an FBI tip to people who are going out of town for an extended period:

Stop deliveries of milk, newspapers, and mail, and arrange with a neighbor to remove advertising and other articles which may be left at your door.

Lock your doors, says the FBI. A police survey in a large city last year revealed that in one month, 100 doors to large business concerns were carelessly left unlocked at night.

The FBI says: "A door left unlocked at night is an invitation to crime just as an automobile parked with the keys in it is an enticement to theft."

Today and Tomorrow—Walter Lippmann

Misuse Of America's Power

It will be evident, I am sure, to the reader who has followed the argument to this point that my criticism of the policy of containment, or the so-called Truman Doctrine, does not spring from any hope or belief that the Soviet pressure to expand can be "charmed or talked out of existence."

My objection, then, to the policy of containment is not that it seeks to confront the Soviet power with American power, but that the policy is misconceived, and must result in a misuse of American power. For as I have sought to show, it commits this country to a struggle which has for its objective nothing more substantial than the hope that in ten or fifteen years the Soviet power will, as the result of long frustration, "break up" or "mellow."

which have been subsidized and supported, though their effectiveness is meager and their reliability uncertain. By forcing us to expend our energies and our substance upon these dubious and unnatural allies on the perimeter of the Soviet Union, the effect of the policy is to neglect our natural allies in the Atlantic community and to alienate them.

They are alienated also by the fact that they do not wish to become, like the nations of the perimeter, the clients of the United States in whose affairs we intervene, asking as the price of our support that they take the directives of their own policy from Washington. They are alienated also by the prospect of war, which could break out by design or accident, by miscalculation or provocation, if at any of these constantly shifting geographical and political points the Russians or Americans became so deeply engaged that no retreat or compromise was possible.

the heir of Marx and of Lenin but of Peter the Great, and the Csars of all the Russias.

For reasons which I do not understand, Mr. X decided not to consider the men in the Kremlin as the rulers of the Russian state and empire, and has limited his analysis to the interaction of "two forces": "the ideology inherited by the present Soviet leaders from the movement in which they had their political origin" and the "circumstances of the power which they have now exercised for nearly three decades in Russia."

Thus he dwells on the indubitable fact that they believe in the Marxian ideology and that "they have continued to be predominantly absorbed with the struggle to secure and make absolute the power which they seized in November, 1917." But with these two observations alone he can not, and does not, explain the conduct of the Soviet government in this post-war era—that is to say, its aims and claims to territory and to the sphere of influence which it dominates. The Soviet government has been run by Marxian revolutionists for thirty years; what has to be explained by a planner of American foreign policy is why in 1945 the Soviet government expanded its frontiers and its orbit, and what was the plan and pattern of its expansion. That can be done only by remembering that the Soviet government is a Russian government and that this Russian government has emerged victorious over Germany and Japan.

Hal Boyle's Notebook

Hasty Divorce Folly

NEW YORK, (P)—Sayeth the poor man's philosopher:

When I was a bachelor and the world was young, I once asked a couple:

"What's the toughest year of married life?"

"The first," said the husband promptly.

"The first six," said his wife. The husband looked disconcerted.

"How long have you been married?" I asked.

"Three years," said the wife sweetly.

Traveling around I meet a lot of young people going to the altar, and sometimes it seems that they just use the church as a bus stop on the way to the divorce court.

Getting a divorce in too many cases is like lopping off a foot to cure a bunion. You may lose considerably more than you can spare. I know this is true because of the number of divorced people who tell me they'd give up their new castles in Spain anytime to share a wigwam again with the "battler" or "old blowhard" they shied in a period of pique or frustration.

Many of the harried married today whack apart their marital ties simply because the corporation doesn't have enough income or the right kind of living quarters. They forget that poverty and the housing shortage are as old as true love and began with the tale of mankind. Adam and Eve set up housekeeping in a roofless garden without steam heat named "Eden," but which they probably privately called "Windy Acres" or "Ero Hollow."

We will pass over the fact that at least young Adam and Eve didn't have to face the "in-law" problem. I can't answer that one.

Love does need its groceries, but that doesn't mean young people have to start the tandem life with a high-paying job, a house and a motor car—things it took their parents half a lifetime on the treadmill to acquire.

Through the ages the ability to laugh together has kept more people happily married—and filled more baby cribs—than all the gold that used to be in the Bank of England. How to stay married on a small budget.

Broadway—Jack O'Brian

Christmas Cards

NEW YORK — High up in a Manhattan skyscraper, an ice-cube-toss up Madison Avenue from the Ritz-Carlton, a bevy of citizens are sweating away these days over Christmas Cards.

Silly though it may sound, it is a matter of earnest concern to the Gallery Artists Company that its gay or dignified, daffy or sacred art work be ready for the holiday trade next Christmas season. Right in the midst of the horrid heat wave a few days ago I dropped by the company's seasonal project to see what's cooking in the Christmas card trade besides the folks simmering their eight hours a day so that come December, we can send a holiday howdy to Aunt Mame.

Frank Magel, the gentleman most concerned with the problem, tells me that Christmas cards are undergoing an artistic revolution. The expanding habit of sending cards for any and every occasion, probably including Garden Hose Week East of Main Street, is making things really bounce along solvently in this broadening industry, the extent of which might be slightly realized by the fact that almost \$100,000,000 a year is spent merely on postage for greeting cards.

drip from the brushes of Norman Rockwell, Georgia O'Keefe and even Salvador Dali.

"Cards are changing from the effusive, bloated old style wordings," Magel explained. "A real greeting or a maudlin convalescent card used to be the rule. Now the literary style is simpler, more concise, much better written and less garishly arranged."

I said I hadn't any idea until now that the business was so big, adding that I probably didn't send more than a few cards at Christmas to my maiden aunts or maybe a gag get-well greeting to some hospitalized friend.

"Eighty per cent of all greeting cards are bought by women," he said. "Men don't seem to take the time for such little gestures. Thank heaven, the women do."

Washington Merry-Go-Round—Draw Pearson

U.S.-Red Friendship May End

WASHINGTON. — The British secret service, recognized as one of the most efficient in the world, has just submitted a confidential and highly important report to the British foreign office regarding the inner debates of the Soviet politburo—the 14-man council which really rules Russia.

This British report indicates that the Soviet Union has just made a historic decision, namely, to give up all pretense of friendship with the United States.

The report, which goes into detail regarding the new Soviet policy, also reveals:

1. That Stalin apparently was reluctant to go along with the change toward the U. S. A. but was overruled.

2. That Russia will now intensively woo the Arabs, using the partition of Palestine as a weapon to strengthen Russia's position in the oil-rich Near East.

3. That Russian strategy in Europe will be to defeat the Marshall Plan and create as much European chaos as possible.

This column has been able to obtain a copy of the confidential British report, and because of its great importance to the American public, publishes here with a summary of its most pertinent parts. In order to prevent disclosure of secret diplomatic codes, the text has been partially paraphrased. It follows:

US-USSR FRIENDSHIP

"The Soviet authorities have now reached several decisive decisions, following an extended series of plenums of the political bureau in August and September."

"It has now been decided by the policy makers of the Kremlin that the United States is to be written off as a possible friendly power."

"The Soviet government has decided that only the coldest type of formal diplomatic relations will be purely pro forma. No further expensive or lavish efforts will be undertaken to influence American public opinion."

"Propaganda efforts will be directed solely at using the United States as a sample of the evil influence of a 'resurgent American imperialism' to be

used, according to the new agitators handbook, as the theme for all Russian opinion-making efforts.

"The Russian leadership has decided to concentrate its forces in the labour movements of western Europe in order to consolidate the entire continent (Europe) under Moscow domination. The threat of atomic war from the United States is to be used as a fear propaganda weapon designed to keep peoples of western Europe too tensed to adequately perform their daily task on an efficient, planned long-range basis."

"A combination of economic chaos, political confusion and psychological fear is judged by the Kremlin as the proper recipe for successfully conquering Europe without direct use of armed force in the next 12 months. WOOLING THE ARABS

"It is judged likely that the Soviet government will now make increased impassioned efforts to develop new and stronger ties with the Arab nations of the Middle East. This will be done through negotiation by Soviet diplomats and secret agents travelling through Lebanon, Syria, Egypt, Saudi Arabia, Afghanistan, Iran and Iraq. Russian diplomats at the United Nations will conform with this pattern in negotiations concerning Palestine."

"Our informants report that at the recent Kremlin conversations only slight objections were encountered to the new strategy and tactics outlined by Mr. Molotov. Mr. Joseph Stalin is reported to have reluctantly assented to the new position. Mr. Vishinsky, the acting chief Soviet delegate to the United Nations did not participate in the talks. He is not a member of the political bureau."

"The so-called Marshall Plan advanced by the United States figured strongly in the discussion. Mr. Molotov and Mr. Laurent Beria, explained their positions in effect as follows:

"If the sixteen powers who have joined in the Marshall Plan are permitted to wrestle with their problems alone, inevitable contradictions of capitalism will prevent their unity. However, it was pointed out, that if the sixteen powers

were joined in the Marshall Plan by the Soviet group of nations, they would be able to abandon their differences, thus establishing a unity against the Soviet powers which might make the Marshall Plan succeed.

WON'T BACK MARSHALL

"Mr. Molotov, in his report, said his information indicated that the American Congress would never vote billions for a Marshall Plan. He believes, he said, that America is on the road back to isolation and would not back a powerful anti-Russian coalition with cash and weapons if the people of the United States felt war was a possible outcome."

"The Soviet minister for foreign affairs also held the view that his government's propaganda efforts would be far superior to that of the American group throughout the world. "It was also agreed in the conversations that Mr. Stalin is to refrain from making any further optimistic speeches or gestures towards the United States as has been his habit since the end of the last great conflict. Thus the decision implies a united Soviet policy of vigorously pursuing its dynamic offensive for a communist Europe on a united, determined basis."

"Soviet government hopes Togliatti in Italy and Thores in France will be able to force communist re-entry into present governments, preferably in high policy-making positions so as to enable them to control use of Marshall Plan funds. By this, the Russians hope to be able to intimidate the American Congress into withholding funds from governments which contain powerful communist representation."

"Russia wants Belgian communists to step up propaganda against Belgian-American uranium agreements which give the United States a monopoly on uranium as from the Belgian Congo. "The politburo proposes to concentrate its anti-British fire on Bevin and Churchill, but keep up appearance of utmost friendship for the British people, being careful not to offend the United Kingdom in any way."

"The sixteen powers who have joined in the Marshall Plan are permitted to wrestle with their problems alone, inevitable contradictions of capitalism will prevent their unity. However, it was pointed out, that if the sixteen powers

In Hollywood—Bob Thomas

Film Capital Suffers Doldrums

HOLLYWOOD, (P)—Just when you think things can't get worse, they do. Hollywood has been suffering the doldrums in recent months, due to an economic revolution in the industry, and it doesn't appear that conditions will improve.

The British film tax sent U. S. studios reeling and threw of personnel upheavals, cost-cutting and re-gearing of product isn't expected to end until well in 1948. One important reason for the delay is the fact that studios do not like to shoot pictures over the holidays. Production is held to a minimum for tax reasons and because the bosses don't feel the holiday spirit is conducive to efficient picture-making.

Merle Oberon is still sporting a wire on her jaw. She reports the injury occurred in the shower while she was on the "Berlin Express" location. Her husband, Lucien Ballard, and actor Charles Korvin have patched up their feud, says Merle. Their differences flared into the open with fist-

cuffs as their train was leaving Berlin. The Ballards plan to return to France after the picture, but strictly for a vacation.

Van Johnson is back for re-takes on "Virtuous" and told me about how he took Evie and her children to the San Diego zoo during his short vacation. He didn't want to go but his wife convinced him he could get by with a disguise. So he slapped zinc ointment on his face

and donned a yachting cap and dark glasses. He wasn't in the zoo five minutes when someone said "There's Van Johnson."

Walt Disney has tested 500 youngsters for his "Alice In Wonderland" and has narrowed the field down to four. One radio actress appears to be the favorite. But Walt still hasn't decided whether the feature will have a live Alice or be all-cartoon.

Shea And Branca Scheduled To Hurl Opener In Series

Yankee First Frosh Starter

NEW YORK, Sept. 29. (AP)—Freshman Frank (Spec) Shea, named by Manager Bucky Harris to pitch tomorrow's World Series opener for the New York Yankees, probably will be opposed by 21-year-old Ralph Branca, Brooklyn's ace 21-game winner, with Lefty Vic Lombardi a strong second choice.

Harris tabbed Shea, the first American league rookie ever to hurl the first game of a series, for opening duty after yesterday's season final with the Athletics, but Manager Burt Shotton still refused to name his starting Dodger.

It could be that Shotton, who piloted the Brooks to the flag by a five-length margin although he joined the club after the season had started, will wait until the morning of the first game before making known his decision. Burt already knows who it will be but he doesn't want to take a chance on having one of his young men mull over the possibilities for 24 hours.

Branca, the top man of the staff on the won and lost records, 21-12, is the best bet. Leo Durocher made the mistake of using a "sleeper," Curt Davis in the 1941 opener before pitching his ace, Whit Wyatt, and he never got out of the barrel. If Branca works tomorrow he'll be ready to come back fully rested for the fifth game. A full three-day rest is a "must" for Branca who is not effective with less.

If Shotton operates on the theory that lefthanded pitching is his best bet against the Yankees, he may call on Lombardi, a half pint southpaw who makes up for lack of a zooming fast ball with a cute curving curve and good control.

Bums' Hope

Five Sextets Still In Scrap In Dist. Seven

At least five teams are considered title contenders in the District Seven six-man football wars, which Friday enter their third week.

Coahoma's Bulldogs had been touted as the No. One club but John Albers' club failed to develop a goal line punch and dropped a 12-6 decision to Courtney last week. Courtney continues unbeaten but faces a rugged test in Forsan Friday. The Buffs were beaten by Sterling City last week but are dangerous.

Merton also boasts a perfect record but has yet to meet Sterling City and Coahoma. Cagle Hunt's Hornets invade Coahoma Friday and will have to win that one to stay ahead of the pack.

Sterling is not conceding anything to any team at this stage. The Eagles dropped a 31-20 decision to Coahoma two weekends ago but looked good last Friday in trampling Forsan.

Only Water Valley, Rankin and Garden City appear to be removed from title contention.

Water Valley goes to Garden City this week and the loser is due to wind up in the conference cellar. Rankin will be the guest of Sterling and is due to lose that one.

Team	W	L	Ties	Points	Opp.
Merton	2	0	0	89	0
Courtney	2	0	0	89	0
Sterling	2	1	0	64	21
Coahoma	2	1	0	58	31
Rankin	2	1	0	56	61
Forsan	2	1	0	54	19
Garden City	1	2	0	26	80
Water Valley	0	3	0	21	120

DUNLAP SEPT. 29

STARTS AT 8:15

Clements And Knudson Clash At AC Tonight

Another of those blood-and-thunder three-reelers is in prospect at Pat O'Dowdy's house of horrors at the West Texas Auction barn this evening when Dr. Gil Knudson of Salt Lake City and Amarillo challenger the victory skin of Ray "Big Train" Clements, the Lubbock bad boy.

Knudson earned himself the plaudits of the attending throng last week when he thumped villainous Gene Blakey in a preliminary match to the Clements-Ace Abbott feud.

Clements proceeded to hand Abbott a terrific going-over and that by all but tearing Abbott limb from limb but his feat was more or less ignored by the ringsiders. All eyes were on Knudson.

It seemed as if it pained the good doctor at times to throw Blakey about, although the crowd appreciated the spectacle.

Abbott returns to square away with Kenny Mayne, the Salt Lake youth, in tonight's 8:15 o'clock opener and a lively imbroglio is in prospect.

The Ace is always at his best against a lad who wrestles cleanly, and Mayne never steps out of line. Kenny has beaten some capable operatives since he put in here but Abbott should make it interesting for him.

BIG TRAIN CLEMENTS
... Meets Favorite

LOOKING 'EM OVER

With TOMMY HART

Southwest conference football teams are still bush-league in the eyes of the so-called experts of the North and East who annually rate the nation's collegiate elevens and likely as not wind up by installing Notre Dame at the head of the parade.

Despite the fact that the conference in general has moved forward with seven league boots in the past dozen years—or since Southern Methodist went to the Rose Bowl and TCU wound up the champion of the Sugar Bowl—the authorities in those sections of the country generally give the Southwest the run-around, and that primarily for reasons of reader interest.

For instance, in the first issue of The Quarterback—the Sporting News winter weekly dedicated to football—a Kansas City scribe by the name of L. E. Wolf has rated what is his idea of the 100 top elevens in the country, in their order.

Naturally, Wolf leads off with Notre Dame and relegates Michigan to the runnerup spot. Behind the Wolverines come North Carolina, Louisiana State, Rice, Pennsylvania, Iowa, Yale, Georgia Tech and Illinois.

Army tops the second ten with Duke in 12th place. Texas 13th, USC 14th followed by Kentucky, Columbia, Mississippi State, Georgia, William and Mary and Minnesota.

Of the first 25 teams rated by Wolf, nine are Southern contingents. Eight are of the Midwest, five of the East, two of the Southwest and one of the West.

The Kansas City scribe placed Arkansas 27th in his poll. SMU 42nd, Texas A&M 48th, Texas Tech 50th, TCU 55th, Hardin-Simmons 71st, Baylor 80th and Oklahoma A&M 85th.

In Wolf's opinion, such clubs as William and Mary, Northwestern, Navy and North Carolina State are stronger than Arkansas; Cornell, Vanderbilt, Miami university of Florida, Holy Cross, Harvard, Boston College, Villanova and Wake Forest rated better than SMU; Princeton, Cincinnati and Oregon State had the edge on Texas A&M; Rutgers was a better club than Texas Christian; Colgate, Michigan State; Florida, Virginia Tech, Richmond, Boston university, Utah and Miami of Ohio were stronger than Hardin-Simmons; Georgetown and Syracuse were superior to Baylor; while Auburn, George Washington and Nevada had the better of it when compared to Oklahoma A&M.

Even should Notre Dame go through the 1947 season unbeaten and untied, the Irish do not deserve the National championship because they do not play a really tough schedule.

Results of last week's games made Mr. Wolf, and other bowwells like him, look uninformed, to say the least.

His No. Seven team (Iowa) was knocked over by the club he had rated 40th (UCLA). His 20th eleven (Minnesota) was held to a one-point victory by a crew he figured no better than 51st (Washington). TCU, a brigade he placed 55th in his poll, bowed to Oklahoma A&M, who could rate no better than 85th.

Baylor, which Wolf obviously felt he flattered by locating in 80th position, cleared up on Miami, rated 33rd. Vanderbilt, No. 31 in Wolf's estimation, wound up with a victory over Northwestern, rated 24th. Navy, slipped into the 25th spot, looked bad in losing to California, considered the 60th team.

A nation-wide grid poll is foolish for the simple reason that there is no way to compare the teams, unless they play. As long as they are staged, however, we wish the Southwest would come in for more respect.

KBST, the local radio station, will not be able to handle the World Series broadcast because it is not a member of the network (Mutual) carrying the classic.

However, 41 stations within the state are airing the games, including KVAL, Amarillo; KHUZ, Borger; KBWD, Brownwood; WRR, Dallas; KROD, El Paso; KFJZ, Fort Worth; KCBD, Lubbock; KVKM, Monahans; KRIG, Odessa; KPND, Pampa; KIUN, Pecos; KVOP, Plainview; KDWT,

Stamfor, KXOX, Sweetwater; and KVWC, Vernon.

Army tops the second ten with Duke in 12th place. Texas 13th, USC 14th followed by Kentucky, Columbia, Mississippi State, Georgia, William and Mary and Minnesota.

Of the first 25 teams rated by Wolf, nine are Southern contingents. Eight are of the Midwest, five of the East, two of the Southwest and one of the West.

The Kansas City scribe placed Arkansas 27th in his poll. SMU 42nd, Texas A&M 48th, Texas Tech 50th, TCU 55th, Hardin-Simmons 71st, Baylor 80th and Oklahoma A&M 85th.

In Wolf's opinion, such clubs as William and Mary, Northwestern, Navy and North Carolina State are stronger than Arkansas; Cornell, Vanderbilt, Miami university of Florida, Holy Cross, Harvard, Boston College, Villanova and Wake Forest rated better than SMU; Princeton, Cincinnati and Oregon State had the edge on Texas A&M; Rutgers was a better club than Texas Christian; Colgate, Michigan State; Florida, Virginia Tech, Richmond, Boston university, Utah and Miami of Ohio were stronger than Hardin-Simmons; Georgetown and Syracuse were superior to Baylor; while Auburn, George Washington and Nevada had the better of it when compared to Oklahoma A&M.

Even should Notre Dame go through the 1947 season unbeaten and untied, the Irish do not deserve the National championship because they do not play a really tough schedule.

Results of last week's games made Mr. Wolf, and other bowwells like him, look uninformed, to say the least.

Baylor, which Wolf obviously felt he flattered by locating in 80th position, cleared up on Miami, rated 33rd. Vanderbilt, No. 31 in Wolf's estimation, wound up with a victory over Northwestern, rated 24th. Navy, slipped into the 25th spot, looked bad in losing to California, considered the 60th team.

Longhorns Open Drills For Go With Odessans

Satisfied that his pass defense and offense need much more work, Big Spring high school football coach Pat Murphy calls his Steers back into camp this afternoon to begin work for their most important test of the season, the Friday night tussle in Odessa.

The Longhorns turned in a creditable performance in Childress though losing, 20-7. The Bobcats flocked to advantage under fire.

The North Texans backs could do little with the Big Spring line but turned to the air to set up all three of their scores.

On the other hand, the Steers tried and tried with its overhead game and failed miserably, save for one great play, at which time Eddie Houser galloped into the clear and took one of Harold Berry's flips for a touchdown.

In Odessa, the Longhorns will run into probably the best backfield in Texas high school circles and perhaps one of the best secondaries in recent schoolboy history.

Besides the great Byron (Santone) Townsend, the All-Stater, the Bronchos boast such capable youngsters as Paul Matejowski, Jim Patterson and Gerald Campbell.

The Bronc line reportedly is not as potent as it was a year ago. The Hosses on that occasion defeated the Steers, 12-0, and considered themselves lucky to do it.

The Longhorns are in good physical trim. Delmar Turner exiled from the Childress game with a leg injury but will probably be ready to go the full 48 minutes against Odessa.

Lubbock Wins Third In Row From Kilgore

LUBBOCK Sept 29 (AP)—Lubbock's Hubbers square off against Kilgore tonight at Kilgore, needing just one game to win the Class C Texas baseball championship.

The West Texas-New Mexico league champion handed the Lone Star league titlist its third straight licking yesterday 10-1 in the best of seven series.

Bill Serena hit his 69th home run over regular and playoff play for Lubbock and Virgil Richardson also chipped in a circuit clout for the Hubbers.

Oscar Engle's centerfield single scored Zane Skinner in the eighth for Kilgore's only run.

West Poloists Win

WESTBURY, N. Y. Sept. 29. (AP)—Western polo held a 2-1 edge over the Eastern game today following a 9-7 triumph for a quartet from the west in the east-west match at international field.

Peter Perkins of Santa Barbara, Calif., scored four goals to lead the west to victory in the first East-West contest played since 1934. The East won that year and the West was the winner in the first game in 1933.

With the exception of California, the Philippines yields more gold annually than any state in the Union as well as Alaska.

IN PREP FOOTBALL

Odessa, Wichita Falls Continue To Top State

The Texas schoolboy football race slips into October with only 24 undefeated, untied teams of the original field of 103 and with some sharp changes in the assessment of sectional strength.

Odessa's mighty Broncs remain the No. 1 team of the state with Wichita Falls next in line and with the Austin Maroons showing their way into the big four alongside Corpus Christi.

Highland Park's Scotties, perennial powers, tumbled out of the class of top title contenders last week as they fell 7-6 before a Paschal (Fort Worth) team that couldn't beat Breckenridge. There had been a suspicion the week before that Highland Park wasn't as good as rated when Sunset of Dallas gave the Scots a terrific battle before losing 14-7.

You seldom hear about Lufkin these days either. The Panthers were mentioned with the top four of the state before the season started. Waxahachie took care of that, however, by licking Lufkin 12-0.

Goose Creek showed ahead of Port Arthur in District 14 eliminations by playing highly-ranked Thomas Jefferson (San Antonio) to a 7-7 tie. However, this appears

to indicate that Jefferson isn't as good as expected more than that Goose Creek is so much stronger. Longview is definitely among the better teams. The Lobos last week beat Paris 13-0 to show they are good bets to win the District 11 title despite the presence of Marshall and Tyler and the unexpected strength of Texarkana.

Feature game of this week matches Austin (El Paso) with Ysleta. It is the only game in which undefeated, untied teams clash. The result will go a long way toward determining the District title although Bowie (El Paso) looks as good or better than either.

Other stand-out tilts have Sherman playing Highland Park. Galveston tackling North Side at Fort Worth, Sunset (Dallas) meeting Waco, Marshall taking on Milby (Houston), Forest (Dallas) playing Tyler and Arlington Heights (Fort Worth) engaging John Reagan (Houston).

Sunset pulled something of a surprise last week in edging John Reagan, the Houston favorite, 7-5. Another Dallas team also turned in an upset as North Dallas licked highly-regarded Tyler 7-0.

Still another surprise was the 21-14 defeat by Harlingen at the hands of Class A Weslaco. Harlingen has been the favorite for the District 16 title but it now appears Brownsville should get that rating.

Wichita Falls showed power to burn in beating tough Breckenridge 21-0 while Odessa continued on its blithe, happy way by blasting Plainview 39-14. Austin was impressive in walloping Temple 33-14.

Undefeated, untied teams left are: Amarillo, Pampa, Wichita Falls, Odessa, Austin (El Paso), Bowie (El Paso), Ysleta, Sherman, Arlington Heights (Fort Worth), Poly (Fort Worth), North Dallas, Corsicana, Waxahachie, Kilgore, Longview, Marshall, Texarkana, Austin, Breckenridge (San Antonio), Corpus Christi, Brownsville, Weatherford, Galveston and McAllen.

Undefeated but tied are Forest, Gladewater, Goose Creek and Thomas Jefferson.

THE TIMID SOUL

OH, CASPAR YOU LOOK JUST LIKE A MAN OF DISTINCTION! ALL YOU NEED IS A HANDKERCHIEF PEERING OUT OF YOUR BREAST POCKET WITH STUDIED CARELESSNESS. GET ONE AND I'LL PHOTOGRAPH YOU

UH-ER-BUT, MADGE, I'M NOT A MAN OF DISTINCTION, AND IT WOULD BE DISHONEST OF ME TO POSE AS ONE. AND BESIDES PEOPLE MIGHT THINK THIS MILK WAS SOME-THING ELSE

GRIN AND BEAR IT

"You have to admire Ambrose, Mama—rather than constantly running to the boss with petty grievances, he'd rather not work at all..."

MR. BREGER

"Try this one for size, please..."

SEPTEMBER 29 AP Newsfeatures 9-29

DICKIE DARE

A WISE GENERAL PREPARES FOR DEFEAT AS WELL AS VICTORY...

A GOOD RIGHT ARM IS A WONDERFUL THING TO HAVE--AS YOU FIND OUT SOON WITHOUT ONE

HOW SEE WHAT YOU DID BY SLOWING DOWN?

YOU SHOULD KNOW IT'S HARDER TO SHOOT STRAIGHT WITH MY LEFT HAND---

YOU SHOULD SHOW MORE REGARD FOR OTHERS---WHAT WOULD I DO IF I HAPPENED TO KILL YOU?

MEAD'S fine BREAD

BUZ SAWYER

NOW SEE HERE, SAWYER: A ONE-EYED YANCO LIKE ME JUST T' BENT FORCE HIS ATTENTIONS ON A SWELL GIRL LIKE PAT?

BALONEY! DID SHE OBJECT TO YOUR LOOKS?

NO BUT SHE WAS JUST BEING POLITE.

POLITE, MY NECK! YOU'VE DISPLAYED THE BACKBONE OF A DISHRAG, YOU'VE PURSUED HER WITH ALL THE FIRE AND GUTS OF A JELLY FISH. WAS SHE TOO POLITE TO CALL YOU A MOUSE? NO!

MAYBE YOU'RE RIGHT. MAYBE IF I WENT OUT TO THAT YACHT--

OF COURSE I'M RIGHT, WHAT'S KEEPING YOU? ARE YOU YELLOW?

OAKIE DOAKS

YOU MEAN, SIR OAKY, YOU'RE GOING TO JOUST WITH TH' EARL O' BONEYHAM?

SURE!

NOTICE: If any foolish knight who thinks he can overthrow the Earl of Boneyham will sally forth and prove him worthy (and how!) the EARL OF BONEYHAM

BUT TH' EARL O' BONEYHAM! HE'S GOT TH' REPUTATION O' BEIN' A REAL T'OUGH CHARACTER!

WHAT?

NOW CLEM, YOUR FIRST JOB AS MY SQUIRE IS TO BLOW THAT HORN!

ALL RIGHT, I'LL BLOW IT--

BUT I'M SURE GLAD I'M A SQUIRE, AND NOT A KNIGHT!

SCORCHY SMITH

IN HIS CAMPAIGN TO WIFE OUT CROOKED GAMBLING IN "ATOMIC" LIBERTY SCORCHY NOW OPENLY BUCS "MILLS" NELSON, AFTER THEY TELL EACH OTHER OFF, SCORCHY LEAVES THE BOOKMAKING JOINT AND ENCOUNTERS THE NEAT NURSE, MISS JAXON...

WHY LOSE YOUR MONEY TO THESE GYP JOINTS... YOU KNOW THESE GAMES ARE CROOKED...

SURE THE GAMES ARE CROOKED... BUT THEY'RE THE ONLY GAMES IN TOWN.

YOU REALLY MUST BE HARD UP FOR A PASTIME!

AREN'T WE ALL?

WE-ELL--LL...YES, OF COURSE WE ARE!!

SO WHY DON'T WE DO SOMETHING ABOUT IT, HMM?

PATSY

WHILE HIS PALS EXECUTE THE PAYROLL ROBBERY, "LOCKIE" LOWMAN BARSED IN AT THE STUDIO TO COLLECT AN INCRIMINATING MEMO...

I'M SORRY TO INTRUDE, NINA... I HAD JUST DROPPED BY TO SAY WE MIGHT HAVE TO HOLD UP PRODUCTION ON YOUR PICTURE.

READING THIS HEADLINE ABOUT THE BIG DOWNTOWN ROBBERY REMINDED ME THAT WE HAVEN'T LOCATED THE BOLD TYPE OF "MEANIE" THE STORY CALLS FOR!

... BUT SPEAK OF A "DEVIL" AND THERE HE IS!!

MEAD'S fine CAKES

SNUFFY SMITH

SO GRANNY FINALLY GOT RID OF THE HAUNT, EH, SNUFFY?

YEP--HE SWALLOWED TH' POTION AN' DISAPPEARED COMPLETE

WHAT HAPPENED TO HIS SHEET?

IT DISAPPEARED WIF HIM

BALLS O' FIRE!! YE DONT S'POSE SHE'D LET HIM FLOAT AROUND IN HANT LAND WIF NO CLOTHES ON, DO YE?

BLONDIE

WHO USED MY MANICURE SCISSORS AND DIDN'T RETURN THEM?

MAMA USED THEM

WHEN A WIFE BORROWS HER HUSBAND'S MANICURE SCISSORS, SHE'S SUPPOSED TO PUT THEM BACK WHERE SHE FOUND THEM!

I DON'T REMEMBER ANYTHING IN OUR WEDDING CEREMONY ABOUT PUTTING BACK MANICURE SCISSORS!

WHY DOESN'T THE WEDDING CEREMONY COVER ALL THESE THINGS?

Phone 728 The Classified Result Number

ANNIE ROONEY

THAT SMILEY SLATE IS A FIGHTIN' FOOL--YESTERDAY IN OUR SCRAP WITH STONY KELP'S GANG HE WAS KNOCKIN' TOUGH MUGGS OVER LIKE TENPINS.

YEAH--HE'S A FIGHTIN' FOOL--BUT--

AN' SMART, TOO--HE'S ALREADY FIGGERED OUT A WAY TO GET SOME SOFT DOUGH OUT OF MRS. MEANY--

HE MIGHT BE TOO SMART--WE ONLY KNOW HIM FOR A COUPLA DAYS--WE CAN'T TAKE NO CHANCES--IF HE AINT ON THE UP AN' UP IT'LL BE CURTAINS FOR US--

LOOK, ZERO--LOOK AT THE NEW DRESS MRS. REGAL MADE FOR ME--SHE TOOK AN OLD SKIRT--CUT IT UP, AN CHANGED IT INTO A SWELL DRESS FASTER THAN I COULD SEW ON A C-BUTTON--

PREMATURE BABY
OWATONNA, Minn., Sept. 29. (AP)—
A premature baby girl
weighing "about a pound" with
a head the size of an orange
was alive today more than 85
hours after birth.
The infant was born at Owa-
tonna hospital Friday to 33 year
old Mrs. Warren Gray, wife of
a Wascana, Minn., athletic coach.
They have named her, Sara
Jane.

**Dollar Shortage
Bans Mae West**
LONDON, Sept. 29. (AP)—Mae
West was under a ban from the
British airways today—but
only because of the dollar short-
age, BBC said.
An official of the British Broad-
casting Corp., said the American
actress was taken off a projected
program because the British treas-
ury has insisted that BBC cut
down payments in dollars.

Destroyer Hits Mine Off Trieste

TRIESTE, Sept. 29. (AP) — The U. S. Destroyer Fox struck a mine 18 miles off Trieste today. One man was killed and an undetermined number of the crew were injured.

U. S. naval headquarters here said the Destroyer Owen had been sent to the rescue. Reports reaching headquarters said the Fox still was able to move under her own power, but that the steering equipment was damaged.

Trieste is the former northeast Italian port city, now included in the free territory of Trieste created from an area ceded by Italy at the head of the Adriatic sea. Yugoslavia borders the territory on the east.

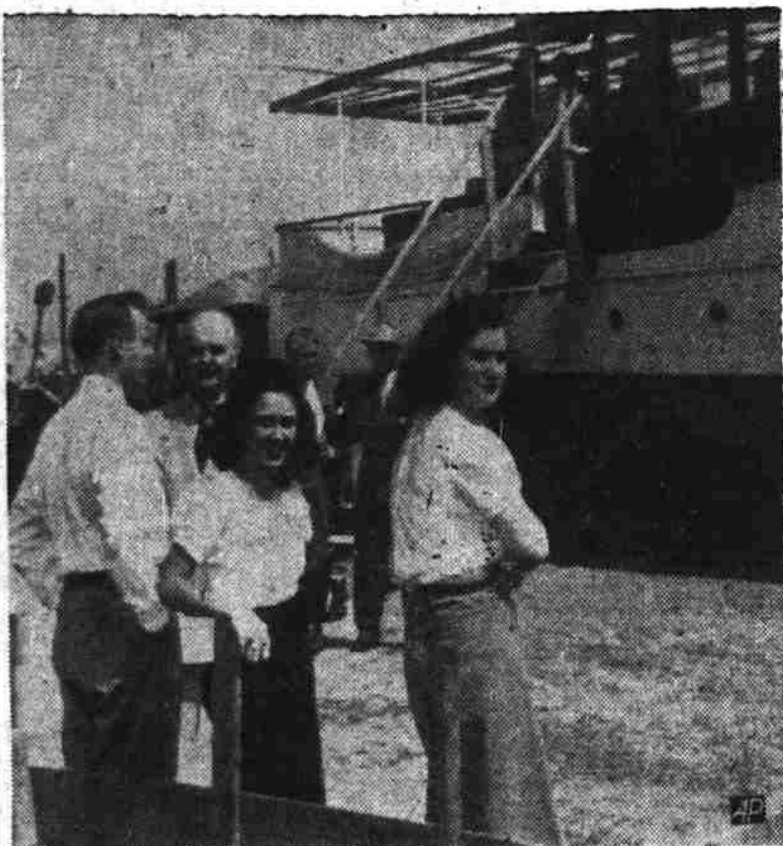

Work Continues On Dallas Street

City street department workers today continued pouring concrete for curbs and gutters on Dallas street, which will be one of the last volunteer paving projects for the season.

Considerable progress was made by the working crews last week, but several more days will be required to finish the concrete work. Topping material for projects on Bluebonnet, West 17th and State streets is due to arrive Wednesday, officials reported this morning. Those projects will be completed immediately after the material arrives.

OVERRELL DEFENDANTS RE-VISIT YACHT — While members of the jury trying them on murder charges inspect the yacht Mary E on which Mr. and Mrs. Walter Overrell died last March, George Gollum (left) and Beulah Overrell (right) stand in the warm sun at Newport harbor in Santa Ana, Calif. Between them are Defense Attorney William Belrne and Deputy Sheriff Reba Crank. (AP Wirephoto).

BAYONET VS. BAMBOO

Care For Unwed Mother Is Often Neglected In U. S.

AP Newsfeatures
BATAVIA, Java—They got it backwards out here. Goliath has been knocking the daylight out of David.

American equipment helped Goliath mightily. American-trained Dutch marines using American tanks, tommy guns, automatic rifles, mortars and machine guns spearheaded the action in the eastern sector. British equipment helped other army units in the various fighting zones. And air support for all came from B-25 bombers, P-40 fighters, Catalina flying boats, cub observation planes and C-47 transports.

Against the steel bayonet of an Enfield rifle is the republican's home-made bamboo spear.

Opposing a rapid-firing Bren gun are home-made guns about as effective as a child's water pistol. Its not that that way, of course, for some Republicans have mortars, grenades and machine guns—mostly leftovers from the Japanese occupation, or captured from Dutch, or smuggled in. And the Indonesians once made a bombing raid. A plane dropped two bombs in a raid on the airport at Samarang, on the north central coast—but they killed seven and wounded 11 Indonesians.

And Indonesian ack-ack fire at Madura downed one of the two Dutch planes lost. But the weapons of the republic have done nothing more than slow down the Dutch advance a bit.

In the eastern area, for instance, Republicans mined roads, blew up bridges, laid tank traps and built road blocks by felling trees.

A major of the Dutch stootropen, or storm troopers, reported he had just returned from a patrol of the area south of Salatiga, in central Java, and had waited while tank traps and a road block were eliminated. Within an hour after hearing his report, I traveled the route by jeep. Again the road was blocked; and one of the tank traps had been redug.

At times it is hard to realize that I have been with Dutch, instead of American forces. American equipment is everywhere, and the men wear American khaki, camouflage jungle suits, and navy greens. Many of the shirts still bear the printed "USN."

The most amazing incident of all was meeting the Dutch marines. In their year or more of training in North Carolina, they had acquired a southern accent.

One, though, evidently had strayed north. In an accent reeking of Flatbush, his first question was: "How are the Brooklyn Dodgers doing?"

Philadelphia Wilds Have Strange Game

PHILADELPHIA (AP) — Hunters roaming within the boundaries of the third most populous U. S. city have turned up an odd assortment of stinks, bats, raccoons and one opossum and a woodchuck for Fred Ulmer, curator at the Philadelphia Zoo.

Ulmer began his tabulation of and his first "catch" was an opossum which took up residence beneath a back porch. Then a bat scared a whole family into the street. With the "possum and bat, Ulmer started the collection of stuffed animal specimens of a city's wildlife.

Among his very-much-alive pets, all captured within the city limits, are two baby bottle-fed raccoons and a skunk, which Ulmer will use next fall when he begins a lecture tour of Philadelphia schools.

"Sometime" Ulmer said, "I hope to have specimens of the red fox, the gray fox and the white-tailed deer which I know are occasionally found within city limits."

Any Old Bones?

SANTA ROSA, Calif. (AP) — Deputy Sheriff Humbert Panizzera said "There's downright baffling. Somebody stole 48 cases of beer bottles from a Rincon Valley store—all empty.

The carbon filament incandescent lamp was perfected by Thomas Edison in 1879.

Auto Plates Are Carrying Color Ads

AP Newsfeatures
America's automobile license plates add a lot of color to the highways and in some cases do a promotion job for the states which issue them.

Silver backgrounds are a favorite. Other tags are bright with green, rust, brown, blue, red, orange, or yellow. Nearly a dozen states issue plates with slogans or emblems or both accompanying the tag letters and numbers.

Idaho features a jumping skier and the words "Vacation Wonderland." Wisconsin advises the nation it's "America's Dairyland," and Arizona's red and silver plates advertise the "Grand Canyon State." An Indian design encloses the year of issue on New Mexico's tags which also bear the slogan "The Land of Enchantment."

A cowboy astride a bucking broncho symbolizes Wyoming while Utah's black and yellow plates declare "This is the Place." Louisiana's plates carry a we pelican and Georgia's tags proclaim "Peach State." Tennessee and Pennsylvania enclose tag numerals and letters in outlines of the shapes of the states as they appear on the map.

HOPES HONESTY WILL PREVAIL

Paul Jenkins, carrier boy for the Herald, isn't exactly ill, but he's sick at heart. Saturday he spent the morning collecting from his customers in order to settle his account as a little merchant. The last customer from whom he collected had a \$20 bill and Paul was able to give change. Then, happily, he stuffed the note with four \$1 bills, into his watch pocket—he thought. But somewhere between the fire station and the home of his grandmother, Mrs. J. M. Morgan, 1500 Scurry, he lost the \$20 and the \$1 bills. He had no identification attached and his only hope was that an honest individual found the money.

Sheriff's Men Make 14 Weekend Arrests

Members of the sheriff's department experienced a busy and eventful weekend, making 14 arrests over Saturday and Sunday. Of that number, one was charged with murder, six with drunkenness, two with vagrancy and two with illegal sale of alcoholic beverages.

Chon Corrallo, P. R. Mora, Florencia Flores Hernandez, Inez Uribe, Jeromonia Oneron and Arthur Bargas entered pleas of guilty to drunkenness charges in justice court this morning and each was fined \$1 and costs. The same fines were assessed against Chevalia Flores and Lupa Lopez, accused of vagrancy.

Cecil Wasson Sells New Mexico Ranch

ALBUQUERQUE, N. M. Sept. 29 (AP)—Willis Stewart, Albuquerque real estate broker, today announced C. L. Wasson of Big Spring, Tex., had sold his 32,000 acre ranch near Ocate, N. M., to Roland Jones of Beaumont, Tex., for about \$175,000.

The property, known as the old Chaley ranch, includes 11,336 deeded acres and the remainder in state leases, Stewart said.

Cecil L. Wasson, who was reported to have sold his New Mexico ranch, is the son of Mr. and Mrs. A. L. Wasson of Big Spring and is a native of this city. He operated ranch holdings near here in connection with his father before going to New Mexico.

Three Plead Guilty To Drunken Driving

Three persons picked up over the weekend on charges of driving while under the influence of intoxicants entered pleas of guilty in county court this morning and each was fined \$75 and costs.

They are Alfred R. Collins, arrested Friday, and Julio Flores and Wilbur Joe Mitchell, taken into custody Sunday evening. Judge Walton Morrison suspended the driving privileges of each party for six months, in addition.

City Commissioners Set Special Meet

Big Spring city commissioners will conduct a special session Tuesday afternoon to take action on several ordinances pertaining to the new paving contract, officials announced this morning.

Several preliminary ordinances must be passed prior to the public hearing, which has tentatively been set for Oct. 14.

To Market, To Market To Sell A Fat Cow

DES MOINES, Iowa (AP) — Getting cattle to market is taking less and less time. Millard Burgardner of Burlington took a load of cattle to Chicago one night. He marketed them the following morning, took a taxi to the airport and arrived back in Burlington that same morning.

He had a leisurely lunch and was back to his fields before noon.

NEW MANAGER FOR RED SOX

NEW YORK Sept. 29. (AP) — Joe Cronin, manager of the Boston Red Sox, announced today that Joe McCarthy, former boss of the New York Yankees, had signed a two-year contract to direct the Boston club with Cronin becoming the general manager.

Leaders

(Continued From Page One)
whip of the House, told a reporter. "I think most of us feel the same way about it. We know very little about what the President has in mind or what he wants. We will have to be shown."

The President himself has indicated he would prefer to handle the situation without resorting to a session call before the regular reconvening of Congress in January. Secretary of State Marshall, however, has insisted there is a crisis which demands quicker action.

Speaker of the House Martin (R-Mass) and Chairman Taft (Ohio) of the Senate Republican policy committee were absent on western speaking tours, but Taft said in Portland yesterday a suggestion that funds of the export-import bank be used in the emergency is "worthy of consideration."

Senators McClellan (D-Ark) and Russell (D-Ga) said this proposal Saturday as a means of avoiding a special session. They said the bank has \$800,000,000 which could be used for the purpose if congressional leaders would give their approval informally.

Any temporary relief for Europe is intended to bridge the gap until the long range Marshall Plan can clear Congress. Under the Marshall Plan, the United States would provide financial aid for a 16-nation "self-help" program. The participating nations have fixed their needs over a four-year period at \$22,440,000,000, most of which they expect this country to supply.

Others invited to the White House included Senator Vandenberg (R-Mich), president of the Senate and chairman of its foreign relations committee. Senator Bridges (R-NH), chairman of the appropriations committee. Senator White (R-Me), Senate majority leader. Senator Connally (D-Tex), top minority member of the foreign relations committee.

Senator Lucas (D-Ill), acting Senate minority leader in the absence of Senator Barkley (D-Ky). Rep. Halleck (R-Ind), House majority leader. Rep. Eaton (R-NJ), chairman of the House foreign affairs committee.

Rep. Wolcott (R-Mich), chairman of the House banking committee. Rep. Rayburn (D-Tex), House minority leader. Connally said he hoped a special session could be avoided.

Stanton, Burglars Rip Open Safe

STANTON, Sept. 29. —Burglars who entered the Eiland Motor Co. office and ripped open the safe sometime Saturday night made off with a quantity of checks and a smaller amount of cash.

The burglary was discovered early Sunday morning. Listed as missing were checks totalling approximately \$600 and between \$60 and \$100 in cash.

Sheriff Morris Zimmerman launched an extensive investigation Sunday. The door of the safe apparently had been ripped off by heavy tools.

GROCERY FIRE

The Big Spring fire department was called to the Carter Grocery, 1010 West Third street, at 7:30 a. m. today, when an electric motor caught fire. Only slight damage to the motor resulted, firemen said.

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell
To you get up in the morning still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have positively proven that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, flat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, your skin—firm, fresh all out, hallow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Weather Forecast
Dept. of Commerce Weather Bureau
