## Filing Deadlines Near For Upcoming Elections

Deadline for filing for a place on the ballot in the upcoming Farwell School Board election is next Wednesday, Mar. 7. Application blanks may be picked up at the office of Superintendent W.M. Roberts prior to that date.

Six persons have been nominated to run for three positions on the board. The terms of Gilbert Kaltwasser, Wilbert Kalbas and Ted Magness are expiring. Kalbas is the only member of this trio seeking re-election.

Nominated to run for the three-year terms are Kalbas,

Caroline Anderson, Bill Martin, Leon Langford, Richard Haseloff and Eddie B. Smith.

The election will be Saturday, Apr. 7, at the county courthouse.

\*\*\*\*\*

Farwell City election is also scheduled for April 7. Deadline for filing for the position of mayor and the two commissioners posts is March 7. To date no one has filed for

the city offices.

\*\*\*\*\*

Deadline for filing for one of four positions on the Farwell Hospital Board is March 7. This election will also be April 7. The two-year terms of Walter Hughes, Maxine Williams, Jim Berry, Bob Anderson and Pudge Rose are all expiring.

Rose has filed for re-election to the Board and Lee Hutchins has also filed for a place on the ballot. Anyone wishing to file an application should contact Rose.

### PERSONAL

by John

We lived through the last solar eclipse visible in the United States in our lifetime - maybe so yours also. The next astronomical extravaganza of this ilk will not be visible to us until the year 2017. If riotous living hasn't gotten us by then we figure the creeping socialism of Washington will have.

We recall that as a very young lad we viewed a near total eclipse as it passed over Illinois. In those dear dumb days we did not know any better and used smoked glass with a layer or two of exposed photographic film. We suppose we were lucky as we do not recall anyone in that neighborhood having suffered eye damage. We dunno how we managed without the all-wise guiding hand of our omnipotent government to advise us on the correct procedures of life.

\*\*\*\*\*

If you haven't been aware the last several weeks of the Volunteer Fire Departments which serve the Twin Cities, you must be plumb out of touch with area activities. It would be impossible to guess the damage that could have accrued if these dedicated folks had not been on the job to snuff the rash of grass fires that have plagued us lately.

Remember this is all done for your protection on a voluntary basis by the fellows who take time from earning their living to protect your property.

We all owe the Volunteer Fire Departments of Farwell and Texico a continuing debt of gratitude.

\*\*\*\*\*

How many times have you heard, or how many times have you said, "When I was a kid" - or that other stock phrase of adulthood, "Boy, I wish I were your age again - no worries, no troubles?"

Forget them both. Things are different now, and no amount of effort can turn back the clock. We can only work to make tomorrow better.

That's why your child's education is so important - to you, because you want the best for him; because his future depends on his education.

Part of the encouragement you can give him is to visit him in his classroom during this year's Texas Public Schools Week, March 5 through March 9.

Show your child you care, and let him show what he's done. Let him be proud of his work, and let him know it's important.

Remember: teachers can teach. Only you can show your child that you're proud to be his parents - that you want the best education possible for him.

Visit a public school during Texas Public Schools Week this year.

### Twin Cities Relays Set March 10

The annual Twin Cities Relays, sponsored by the Texico - Farwell Lions Club, is set for next Saturday, Mar. 10, at the Steer track. Twenty girl's teams and 20 boy's teams have entered the popular event.

A first place trophy will be awarded to the best overall girls and boys track squads with all other winners receiving medals. No ribbons will be awarded.

Preliminaries for running and field events will begin at 9 a.m. Finals in the running events will start at 2 p.m. More details will be published next week.

Texas Public Schools Week

Scenes similar to this one will be repeated next week in Farwell Public Schools as teachers, aides and pupils go about the daily task of learning and teaching. Carolyn Lovvorn, junior, and member of the Farwell chapter of Future Teachers of America, gives a medieval period history lesson using a projector and transparencies. Students pictured with her are Ann Tally, daughter of Mr. and Mrs. Jake Tally, and Sergio Arce, Jr., son of Mr. and Mrs. Sergio Arce. They are both students in Betty Turner's sixth grade class. Next week, March 5-9, is Texas Public Schools Week.

## Fire Claims Garage, Contents Destroyed

A fire destroyed a two-car garage at the Bill Roberts residence in Farwell Sunday evening. As local volunteer firemen were called to the scene about 7 p.m., flames leaped high into the air and concerned onlookers watched fearfully, for a brief time, that the blaze might spread to neighboring houses.

From a distance, the flames and columns of thick, black smoke looked as if a major fire might be developing, but the firemen were able to extinguish the blaze before it spread. However, the garage itself was a total loss as the searing fire burned away the roof and gutted the structure.

The spectacular blaze lit up the sky drawing many town residents to the scene causing a traffic jam and blocked streets.

Roberts said that they lost several things in the fire including stored clothes, a food freezer and garden tools.

The family evidently arrived home just as the fire was starting, but did not notice anything as they entered their house from the front. A neighbor had already turned in the fire alarm and another neighbor pounded on the front door telling them their garage was on fire.

Exact cause of the fire is not known, but Roberts spec-

ulated it might have started from smoldering grass which earlier in the evening had been burned off.

Three utility lines were also destroyed in the fire, but Southwestern Public Service repairmen from Clovis arrived on the scene shortly afterwards and within 1 1/2 hours, service had been restored.

### Chamber Of Commerce - -

## Brochure Lists Many Farwell Attributes

Southwestern Public Service Company has prepared a brochure about the City of Farwell entitled "The Crossroads of the Southwest." The project was completed under the auspices of the Farwell Chamber of Commerce.

The brochure cover pictures

a corn field and a long distance view of the city complete with its grain elevators, water tower, homes and businesses. A weather vane with rooster ornament also graces the cover. "Farwell, Texas, The Crossroads of the Southwest" is printed across

Garage Destroyed

This two-car garage at the Bill Roberts residence in Farwell was destroyed along with its contents in a Sunday evening fire which was apparently started by smoldering grass. A neighbor turned in the alarm when he noticed the structure ablaze and another neighbor alerted the Roberts family who had just returned home from church about the time the fire was noticed. Among items destroyed in the building were a freezer, garden tools and family clothing.

Invite Patrons To Visit - -

## Farwell To Observe Public Schools Week

Farwell Schools will join other public schools throughout Texas next week (March 5-9) in observing "Texas Public Schools Week." Theme of the special week is "Democracy In Action."

According to Superintendent W.M. Roberts, Farwell Schools is not planning any formal observance such as an open house, but he encourages parents and interested persons to visit during regular classes next week. Those interested are also invited to enjoy a meal at the cafeteria. The fee is \$1.25 for adults.

In 1854 the first law was passed establishing the first school in Texas. That action was taken 125 years ago.

The Texas State Teachers Association is joining with other education organizations and Masonic bodies throughout the state in urging teachers, students, and the public to

participate in the 29th annual observance of the special week.

TSTA President Virginia Stacey of San Antonio is calling on members to lend their support to the statewide observance in this 125th year of free public school education in Texas.

In a letter to members, Mrs. Stacey points out that TSTA is on the eve of its own 100th birthday anniversary, having been established in Mexia in 1880.

Gov. Bill Clements recently signed a proclamation designating March 5 through 9 as Texas Public Schools Week and urging citizens to take part in local observances.

The first school week in March is set aside each year to give Texas citizens a special invitation to visit their public schools.

Many school buildings parti-

cipate with open houses, classroom displays, and special exhibits of student work.

"We want parents and other school patrons to meet teachers and get a better understanding of the way their schools operate," Mrs. Stacey says.

"They will discover that Texas teachers care about

their children and need parental support in their everyday efforts to help children learn."

The Texas State Board of Education has cooperated with Texas Masons in their sponsorship of the special week since the first observance in 1951.

March 8 - -

## Rabies Clinic Set For Twin Cities

A rabies clinic for dogs and cats in the Twin Cities area has been scheduled for next Thursday, Mar. 8, from 1 to 4 p.m. MST at the Texico City Hall. Dr. G.H. Kendall and Dr. G.L. Upham, both of Clovis, will be in charge of the clinic.

Vaccinations will be offered at a reduced fee for the clinic: \$4 for rabies shots and \$7 for distemper shots. Texico and Farwell each have ordinances requiring that pets be vaccinated and registered. In Farwell, registration tags for dogs and cats are \$2. In Texico, registration tags for dogs cost \$1.

Since rabies is one of the most serious animal diseases that can be transmitted to man, it is important that all pets receive the rabies vaccine.

January. Annual rainfall is 15.33 inches. Farwell also averages 65 days per year with degrees over 90 and has a (Continued on Page 2)

View Eclipse

These ladies took a moment from their jobs Monday morning to view the solar eclipse which was visible in this area between 9 and 10 o'clock. The phenomenon was viewed without damage to eyes by directing the sun's rays through a small circle in the cardboard onto another paper. Taking advantage of seeing the last total eclipse of the sun until the year 2017 were, from left, Charlotte Pierce, Loyce McCleskey and Sally Anderson.

# Rabies Still Threat To All Family Pets

Although incidences of rabies have lessened somewhat in the past few years, the potential threat of this dreaded disease (one of the most serious animal diseases that can be transmitted to man) still remains.

And because it is thought that the dog is probably the main source of rabies transmission to man, it is urgent that all pet owners have their dogs, cats and other animals vaccinated at proper intervals. Pet owners in Texico and Farwell and surrounding area will have an opportunity to have this done next Thursday, Mar. 8, when a rabies clinic will be conducted at the City Hall in Texico.

Starting at 1 p.m. MST, the clinic will be manned by Dr. G.H. Kendall and Dr. G.L. Upham, Clovis veterinarians. Fees for the clinic will be \$4 for rabies shots and \$7 for distemper, plus \$2 registration fee for dogs and cats in Farwell or \$1 for registering a dog in Texico.

The canine distemper shot includes hepatitis, leptospirosis and parainfluenza. The feline distemper vaccination also includes calici and feline viral rhinotrachitis.

Ordinances in both Texico and Farwell require that pets be both vaccinated and registered. In Farwell, registration tags for dogs and cats are \$2.

In Texico, registration tags for dogs cost \$1.

According to Dr. Kendall "rabies is a very serious disease." He said that cases have been reported where someone died from the disease even after receiving all the shots, and in another instance, a person died from rabies two years after being exposed to the disease.

"The rabies virus can be incubated in either an animal or human body for months," he said. "When it is triggered it spreads very rapidly and kills quickly."

Usually animals are quarantined for 10 days after biting someone, but Dr. Kendall pointed out that that is effective only with animals that have been vaccinated. Unvaccinated animals can develop rabies even after the 10-day period, he said.

Of all the diseases that can be transmitted to man, rabies is one of the most serious, Dr. Kendall said. From the bite to the nervous system, the rabies virus travels rapidly in a bitten animal. Once in the nerve cells, the germ multiplies and eventually spreads down some nerves until it reaches the salivary glands.

A dog infected by rabies changes its temper quickly. It is usually more affectionate for a couple of days and is prone to licking its human

contacts — a dangerous habit because the disease is already in the saliva.

During the next phase of the illness, the animal will grow restless and wander off — ready to bite anyone in its path. Then it may return home with the muscles in its throat paralyzed. The paralysis spreads quickly and death is eminent.

Anyone bitten by the dog during this time will get rabies, unless preventative treatment is started immediately.

In humans, rabies begins with uncertain symptoms of lassitude, headache and fever,

and in a day or two he becomes excited, anxious, sleepless and fearful. Once the throat muscles become paralyzed he cannot swallow or drink and this gives way to a feeling of dread of water, or hydrophobia. The mental state then varies from maniacal excitement to dull apathy, then he falls into a coma and dies in less than a week.

Louis Pasteur was the first man to closely study the disease, also known at various times as hydrophobia, lyssa, mad dog and le rage. He isolated the virus after many experiments, and in 1885 he saved the life of a young man

who had been bitten by a rabid dog. The experiment — an outstanding success — opened the road to protection from this deadly illness.

Usually, the only treatment for a human exposed to the rabies virus had been a series of painful shots given daily for 23 days, followed by two boosters. This commercially available vaccine had been — for the past 20 years — grown in the duck embryo. But the main fault with DEV, the duck embryo vaccine, is the negative reaction experienced by the patient along with the fact that 15 percent of the time it simply does not work on the person taking it.

The most recent vaccine, now grown in human tissue cells, requires only four to six injections, has fewer side effects and is virtually 100 percent effective.

However, this vaccine has not been produced for commercial use as yet. But it has been made available to the state of New Mexico through the Disease Control Center in Atlanta, Ga.

New Mexico is one of four states selected to use the new

vaccine in a controlled environment. According to Dr. Jonathan Mann, state public health officer, New Mexico was chosen because of its "extremely efficient rabies control program."

Because of its limited supply, the new vaccine has been used only in certain high risk cases. Last year, 12 New Mexicans received the shots. Even though the incidence of rabies has decreased over the past few years, it still remains a potential threat.

While the dog is a major source of the disease it is not the only one by any means. The virus survives because of widespread infection in smaller animals such as foxes, jackals, wolves, skunks, ferrets and weasels. Bats also become infected by the disease. In 1977 skunks accounted for over 50 percent of all animal rabies reported in the United States.

Dr. Kendall discourages people from owning skunks as pets because they "cannot be vaccinated for rabies." "In fact," he said, "veterinarians are not supposed to treat skunks."

## Sunday Flame

Flames shot high into the air Sunday evening as a garage at the Farwell home of Bill Roberts was destroyed by fire. So quickly did the structure become a mass of blaze, neighbors feared that it might spread to other homes and buildings in the area. However, the Volunteer Fire Department managed to douse the fire before it incurred damage other than to the garage and its contents.

## Farwell Brochure . . .

(Continued from Page 1) six-inch average snowfall.

Population of this West Texas community has steadily increased from 950 in 1960 to 1,250 in 1978. The county's population has risen from 5,890 in 1940 to 11,506 in 1978.

Major manufacturers in Farwell are Steel Products and Farwell Manufacturers.

The Volunteer Fire Department has two 500 gallon pumps, one 750 gallon pump, one emergency vehicle and one ambulance.

As of April 1978 the city's work force was estimated at 250 people with 5,065 employees listed in the entire county.

The county's major agriculture interests according to the brochure are cotton, wheat, milo, corn, sugar beets, and a wide variety of vegetables. Beef and swine are also raised in the county.

Parmer County has 1,312 farms of which 542,000 acres are irrigated.

### Lazbuddie Calls Trustee Elections

At a regular meeting of the Lazbuddie Independent School District Board of Education, an order calling for a trustee election was passed and approved for April 7. Appointed as election judge was Don McDonald, with John McGehee as alternate. Francis Jennings and Judy Brockman were appointed as clerks for the election, with Larry Widner to serve as absentee election clerk.

The terms of Marvin Mimms, Jerry Don Glover and Darrell Jennings are expiring. Anyone wishing to sign up as a

candidate for the Board of Education may do so at the administrative offices of the Lazbuddie ISD on or before March 5, 1979.

Tax A/C Larry Widner's contract was extended through the 1979-80 School year. At a previous meeting, Supt. Sam Barnes' contract was extended through the 1980-81 school year.

The board approved the school calendar for 1979-80 and approved the self-study five-year priority plan for accreditation purposes.

## Protect Your Pet

Residents in Texico and Farwell are urged to have their pets vaccinated next Thursday afternoon during the rabies clinic at Texico City Hall between the hours of 1 to 4 p.m. MST. Two Clovis veterinarians, Dr. G.H. Kendall and Dr. G.L. Upham, will be in charge of the clinic. Ordinances for both cities require that all pets be regularly inoculated and registered.

## N-SERVE\* HOW IT WORKS

N-SERVE blocks bacterial action that would quickly convert ammonium fertilizer to nitrates. Nitrates are subject to rapid loss through leaching and denitrification. This blocking action keeps nitrogen in the soil longer so that it becomes available slowly as it's needed. This reduces the crop stress that would occur from temporary nutrient shortages if you had to rely on side-dressings to maintain a steady nitrogen supply.

## Man, Woman Of Year Nominations Needed

Farwell Chamber of Commerce met in regular session Tuesday noon at Clara's Restaurant.

John Getz, chairman of the Man and Woman of the Year committee, reported that the committee is now ready to accept applications. He asks that each nomination be accompanied by a short resume

explaining civic activities and accomplishments of each nominee.

Nominations for Man and Woman of the year may be delivered to Getz at the office of the State Line Tribune or mailed to Box 255, Farwell.

The directors nominating committee reported that five persons have been nominated

to fill four posts. They are Charles Aycock, Johnny Atkinson, Joe Hughes, Fred Chandler and Don Williams. The election will be at the next regular Chamber meeting and prior to the April 20 banquet the directors will meet to select officers from within their own ranks.

Banquet ticket prices were set at \$7.50 each.

At Texico - -

## Fences To Be Built Around Well, Pond

Texico City Council met briefly in regular session Tuesday night.

It was reported that construction of a fence around the new KKR well will begin this week. A fence will also be placed around the pond at the

K.K. Runnels Memorial Park in compliance with tort insurance qualifications.

The City has agreed to purchase a small grader from the City of Clovis to be used to maintain the alleys and dirt streets.

A resolution was passed in support of having the Texas Panhandle Community Action Corporation administer HUD section eight rental subsidies to the City of Texico.

Council members also decided that Richard Davis will ride with Marshal Mickey Fenn at intermittent times. Davis is a certified law enforcement officer but is not engaged in a permanent position at this time.

Attending the council session were Mayor Manford Turnbough, trustees Marie Christian, Vane Doshier and Lewis Cooper, and city employees Fenn and Billy Hammit.

### SHERIFF'S REPORT

The Parmer County Sheriff's Department has investigated several thefts during the past week.

Approximately \$1000 in tires, tools, and batteries were taken from Mitchell Walls' residence in Farwell, reports Sheriff Charles Lovelace. A 24-inch white 10-speed K-Mart bicycle was stolen from the M.D. Lovvorn home in Farwell.

Two John Deere A.M. radios and tools were taken from two tractors on the Joe Bob Johnson place three miles north of Friona, Lovelace said. Welding equipment valued at \$350 was stolen from the Ronnie Stevick home in Friona.

Sheriff Lovelace also reported that Beatrice Perkins' purse was taken from the Farwell Manufacturer's clothing factory. The purse was later found in the restroom; however, approximately \$10 in cash was missing.

Sorority Project - -

## Farwell City Park To Get Toy Animals

Farwell City Council decided at its Monday night meeting to assist Alpha Rho Lambda chapter of Beta Sigma Phi sorority in purchasing three toy riding animals for the City Park. Each organization will pay half of the projected \$300 expenditure. After the toys have been purchased volunteers will be needed to install them, as the purchase price does not include installation.

The Council also voted to have the city's books audited. In other business it was noted that the grant for the new siren for the Volunteer Fire Department has been held up

due to the fact that a plan for the year 1979 has not been filed. The application will have to be filed in Lubbock in the near future.

In other business the Council agreed to contact the proper authorities to determine when the repair work on Loop 292 would be completed.

Al Hayes, an engineer with Environmental Science Engineering of Austin, met with the Council concerning his company's assisting the city with the proposed new sewer plant which will be built approximately 12 years from now. They decided to take no action at this time.

Attending the meeting were Mayor Walter Kaltwasser, Commissioners Fred Chandler and Johnny Curtis; city employees Janie Bowery, Dee Hammit, John Johnson and Manuel Reyes.

### Fortenberry Hears Cases

Parmer County Judge Paul Fortenberry has heard several cases since the last report.

Alan McCleskey, 20, of Farwell was fined \$250 plus court costs for possession of marijuana under two ounces. Thad Newton Phillips, 21, of Farwell pleaded not guilty to the same charge and Judge Fortenberry set bond at \$500.

Four area men were fined \$100 each plus court costs and given six months probation for driving while intoxicated. They are Donald Ray Morris, 36, Hobbs, N.M.; Richard Ernest Aragon, 29, Amarillo; Daniel Rodriguez, 51, Bovina; and Cecilio Longoria Olivarez, 21, Bovina.

### FIRE CALLS

Farwell Volunteer Fire Department reported two fire calls this week. Members combated a garage fire on February 25 and were called to a fence on fire at 105 Avenue I Tuesday of this week. No ambulance calls were reported.

Texico Volunteer Fire Department reported three ambulance calls the past week. The ambulance transported a child to the Clovis hospital February 21. On Friday and Saturday two women were taken to the hospital in Clovis. No fire calls were reported.

## Hospital District Seeks Physician

Farwell Hospital District Board met in regular session February 20.

Physician recruitment for the local medical clinic was a main topic of discussion. It was reported that at least one doctor had indicated that he was interested in discussing re-locating his practice in Farwell.

Board members reiterated that until a permanent doctor can be recruited several doctors from Muleshoe are staffing the clinic from 10 a.m.-12 p.m. and 2-5 p.m. Monday through Friday.

Present at the Board meeting were Pudge Rose, Maxine Williams, Bert Williams, Jim Berry, Ralph Franse, Walter Hughes, Gwen Hughes, Don Brewer and Jeannie Norris.

## Center Auxiliary Feted At Banquet

Twenty-three persons attended the second annual appreciation banquet for the Farwell Convalescent Center Auxiliary Monday night in Clovis. Floe Copeland, assistant administrator at the Center, introduced several guests, including honorary and associate members of the Auxiliary, and Joe McGuire, medical and social supervisor for the State Department of Health.

McGuire presented a short talk in which he stated, "Volunteer services are so very important because they restore self esteem to the elderly. When volunteers serve in a nursing home it is a statement to the residents that they are still worthy, that there is still a sense of reality about their lives."

McGuire went on to say, "Our Region I reported 9,491 hours of volunteer service for the month of January. This ranks our region -- which includes 40 counties -- third highest in the state and proves that growing old no longer means pain and neglect."

Mrs. Copeland then gave a short "recap" of some of the events the Auxiliary was involved in this past year, including the Rock and Roll Jamboree, Bordertown Days Parade, Halloween party, formation of the "Pot Lickers" kitchen band, Christmas Party, and Family Day as well as the routine daily tasks of serving juice, helping with exercises, Bingo and crafts;

leading devotional and church services, operating the beauty shop and many other duties.

Certificates were awarded to all members who had put in at least 100 volunteer hours during the past year. Patches for each volunteer and three gold bars for those with 500 hours were ordered but did not arrive in time for the banquet. They will be distributed later.

Receiving certificates were Carrie Anderson, 134 hours; Carrie Christian, 122 hours; Alvenia Cox, not recorded at her own request; Martha Curtis, 200 hours; Sherry Curtis, 120 hours; Gertrude Foster, 191 hours; Gladys Kaltwasser, 105 hours; Liz Kaltwasser, 265 hours; Mary Mesman, 458 hours; Madge Peiman, unknown; Nan Preston, 104 hours; Dora Verner, 397 hours; Nell Walling, 175 hours; Maxine Williams, 100 hours; and Jan Marsh, 238 hours.

New members recognized were Faye Houston, Barbara Knowlton, Leslie Lunsford and LaVon Mills. Four thousand volunteer hours were recorded by the Auxiliary last year. Those eligible for the 500 hour awards were Alvenia Cox, Mary Mesman and Dora Verner.

Outgoing officers were recognized and given corsages for their efforts. They were Ann Liethen, secretary-treasurer; Faye Ford, fourth vice-president; Nan Preston, third vice-president; Mary Mesman,

second vice-president; and Dora Verner, first vice-president and Martha Curtis, president.

Mrs. Curtis then installed the new officers: Nan Preston, president; Jan Marsh, first vice-president; Carrie Christian, second vice-president; Mary Mesman, third vice-president; Sherry Curtis, fourth vice-president; and Carrie Anderson, secretary-treasurer.

Mrs. Curtis presented each new officer with a small gift and ribbon of a different color. The program was then

turned over to Don Brewer, administrator at the Center, and president of the American Health Care Association.

Brewer also stressed the importance of volunteers to a nursing home. "In the 15 years I have been involved with long term health care this volunteer program is the best I have ever seen," he said.

In closing, Brewer said, "God didn't have time to spend every minute of his time in a nursing home so he sent volunteers to be his helpers."

### Auxiliary Presidents

Nan Preston, left, is the new president of Farwell Convalescent Center Auxiliary. She received the gavel from outgoing president Martha Curtis Monday night during the appreciation banquet in Clovis. Auxiliary members were recognized for their volunteer work.

### Banquet Speaker

Don Brewer, administrator at Farwell Convalescent Center, was the guest speaker Monday night at the Auxiliary Appreciation Banquet. Brewer complimented the organization for their efforts saying "you have the best volunteer program I have ever seen."

### Home Economic Shorts

Snacks are an important part of every youngster's diet. So it is important that they be full of nutrition -- not empty calories. Encourage your children to snack on fruit, raw vegetables, cheese and milk, say NMSU Extension People.

## Convalescent Center Chit Chat

As Reported by the Center Staff

Rev. Moody Smith, pastor of Oklahoma Lane Baptist Church, led worship services at the Center Sunday.

The February birthday party was last Thursday with the Farwell Young Homemakers providing the chocolate birthday cake. Jerry Canada entertained with his country music. Honorees were Christa Gohlke, Grace Butts, Cora Lunsford, Lois Poteet and Edith Wilmas. It was quite a busy time as a staff meeting was scheduled for the same time.

Several residents attended the Tuesday morning coffee and donut social sponsored by the Texico-Farwell Senior Citizens. Mr. and Mrs. Jesse Coburn took Nora Edens, Maud Wilson, Cora Lunsford and Lyra Holland to the fellowship hour.

The Texas Nursing Home Association is sponsoring its fourth annual Media Awards for Professional Journalists. This program was established to recognize those professional reporters whose efforts con-

tribute to increased public understanding of the vital role of the nursing home in today's society.

Shirley Gorman, news editor at the State Line Tribune, has won second place for the past two years in the weekly newspaper category. "We all wish her good luck this year," said Floe Copeland, assistant administrator. Winners will be guests of honor during the TNHA spring meeting in San Antonio on May 3.

Mrs. Copeland attended a two-day seminar in Amarillo last week entitled "Implementing Educational Regulations in the Nursing Home" for which she received 15 hours continuing education credits.

Floe's quote: People learn something every day, and a lot of times it's that what they learned the day before is all wrong." Bill Vaughan NANA

So far \$740 has been earned for the American Heart Association through the recent Rock and Roll Jamboree and door-to-door solicitations.

Everyone was saddened by the loss of Lucy Tomlinson.

Wishing a speedy recovery to those in the hospital: Domitilla Madrid, Clovis; and Ruby Hulse, Plainview.

Several platters and containers used during the jam-

boree need to be picked up from the Center, reports Mrs. Copeland.

Visiting Mr. and Mrs. E.T. Dunn were a daughter and husband, Mr. and Mrs. Joe Garcia of Albuquerque, N.M.; Teresa Sanchez, also of Albuquerque; Brenda Cook, Connie Nash, and Bill Stockton, all of Portales; and Gary Cook, Seth, Amber, Page and Zack of Amarillo.

Buzz and Wanda Kittrell of Muleshoe visited Thelma Kittrell.

Annie Best and Neva Marshall, both of Portales, were guests of Cora Baker.

Visiting Willie Shields were Byron and Beatrice Shields, Mrs. Caps and Mrs. Eva May Hood, all of Portales.

Debra and Darla Hix of Eunice, N.M., visited Bobby Hix.

Those visiting Annie Callahan were her niece and nephew, Hazel Murdick of Ft. Worth and Melvin Erwin of Amarillo.

## Add Punch To Winter Menus

When the weather's got everyone down, perk them up with a hot and spicy flavor fiesta. With hot green chiles for seasoning, Chiles Con Queso Casserole packs a wallop at first taste, but will keep them coming back for more! This savory treat is a take-off on a Mexican favorite, Chiles Rellenos Con Queso, but is much easier to prepare. In this version, the peppers and cheese are simply layered in a casserole and topped with tomato slices and tomato sauce. An onion- and garlic-flavored custard binds them all together. If you're pressed for time, do all the layering in advance and refrigerate.

Pour on the custard just before baking. Be sure to serve a cool beverage and, be prepared for a chorus of "¡olé!"

**CHILES CON QUESO CASSEROLE**  
6 servings  
6 eggs  
1 cup milk  
1/4 cup all-purpose flour  
1/2 teaspoon garlic salt  
1/4 teaspoon onion salt  
2 cups (8 oz.) shredded Cheddar, Longhorn, or Monterey Jack cheese or any combination  
2 cans (3 1/2 to 4 oz. each) whole green chiles\*, split, seeded, rinsed and drained

2 medium tomatoes, sliced\*\*  
1 can (8 oz.) tomato sauce  
Beat eggs, milk, flour, and garlic and onion salts until smooth. Set aside. In greased 12 x 7 1/2 x 2-inch baking pan or dish, alternate layers of cheese and chiles. Top with tomato slices and tomato sauce. Pour reserved egg mixture over. Bake in preheated 350°F. oven 45 to 50 minutes or until puffy and knife inserted near center comes out clean. Let stand 5 minutes before serving.  
\*For a milder variation, use 1 can (3 1/2 to 4 oz.) chopped green chiles, drained.  
\*\*If desired, peel tomatoes.

## Consumer Food News

Best buys at Texas grocery markets this week include potatoes, poultry and processed fruits and vegetables. Also, specials on rice, pasta and some beef and pork cuts, says Gwendolyn Clyatt, a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

This week's price-quality trends are the following:

**FRESH VEGETABLES** -- Potatoes have three things going for them this week: low prices, abundant supplies and high nutrition. Consumers should go for them.

Other economical vegetables are carrots, sweet potatoes, eggplant, cucumbers, rutabagas and squash.

Cabbage prices are slightly higher, while lettuce prices and quality vary due to wet, cold California weather.

**POULTRY** -- Fryer chickens still have attractive prices in spite of general price increases. Low prices appear on turkeys -- 10 pounds and up -- and turkey parts. Eggs are an economical protein choice.

**GROCERY MARKET AISLES** -- Processed fruits

"An old man in a house is a good sign."  
Benjamin Franklin

and vegetables offer shoppers real opportunities for savings. Also look for features on rice and pasta products. Budget prices appear on some frozen vegetables and on frozen grapefruit juice.

**BEEF** -- Features include blade chuck roasts, ground beef with soy protein, round steak, ground beef and liver.

**PORK** -- Features are scattered among various markets, but good values will appear on quarter pork loins, some brands of bacon, frankfurters, liver and Boston butts.

**FRESH FRUITS** -- Most economical choices are apples, bananas, oranges, pears, pineapple -- and grapefruit "by-the-bag."

**CONSUMER WATCHWORDS:** Two budget-easy items are fish (look for specials in frozen-food sections) and cooked whole-grain cereal, such as oatmeal and whole wheat.

### LITTLE KNOWN FACTS

On the average, a very young baby usually cries from hunger every three to four hours. The average infant cries without apparent reason for one to two hours a day.

Many parents have found a good way to keep youngsters safely anchored in

carriage, stroller or highchair is with an adjustable clasp fast harness from Mothercare, retailing specialists for mothers-to-be, babies, and children under 5.

By the age of one year, many babies discover the joy of dropping things. If you find retrieving them less than fun, tie the toys to the crib or carriage by a long string.

## Farwell Educators To TSTA Confab

Three Parmer County educators are planning to attend the 100th annual state convention of the Texas State Teachers Association March 22-24 at the Astro hall in Houston.

Some of the Parmer County teachers will be voting representatives to the 1979 TSTA house of delegates. This official governing body will

meet during the convention to act on proposed amendments to the TSTA constitution and to consider committee reports, resolutions, and other business. First delegate session begins at 4 p.m. March 23.

These official delegates - a potential 1,650 - are elected from the 500 TSTA local associations throughout the state. They are certified by

districts on the basis of one delegate per 75 members or major fraction of 75, to represent the 125,000 members of TSTA. Every local association is entitled to at least one official delegate.

Rev. Jesse Jackson of Chicago, president of Operation PUSH (People United to Save Humanity), has accepted an invitation to speak at the second general session of the convention, at 9:30 a.m. March 23.

A critical issues conference scheduled for the first general session at 7 p.m. March 21 will include discussions of teacher certification, federal legislation, Project EXCEL (Push for Excellence in Education), the TSTA budget, and other Association concerns.

The Parmer County delegation will include Anne Corn and Richard Montgomery both of Farwell, and Mary Pryor of Friona.

Area educators who will be official delegates to the 1979 TSTA convention will have a planning caucus at 6 p.m. Tuesday, March 6, at Tascosa High School in Amarillo.

Treasurer Brasher of Canyon, president of TSTA District XVI, will preside. She will be assisted by other district leaders and TSTA staff members.

Eligible for one voting delegate for each 75 TSTA members, District XVI is expected to have about 62 delegates. There are 33 local associations in the district, which covers 26 counties.

The delegates will receive a briefing on 19 proposed amendments to the TSTA constitution, resolutions, committee reports, and other businesses to be discussed by the delegates at the March 22-24 convention.

Minutes were read by Frances Boling, secretary; and a treasurer's report was presented by Virginia Cleveland. Reports were heard from Janie Sudderth as she discussed constitutional changes.

Don Dorsett of Austin presented the program in which he discussed Professional Rights and Responsibilities which are now pending in the Legislature. The meeting was adjourned after the program.

Next meeting will be in Farwell on April 2.

## Carol Vinton Named To Honorary Group

Carol Vinton, a Temple Junior College student from Farwell, recently was initiated to membership in Phi Theta Kappa honorary society.

A 1977 graduate of Farwell High School, Carol is a sophomore at Temple Junior College where she is a member of the golf team. She is the daughter of Mr. and

Mrs. Robert Vinton, Farwell. Phi Theta Kappa is a national junior college honorary scholastic society. To be eligible for membership a student must complete at least 12 semester hours and rank academically within the upper 10 per cent of the student body. Members are selected on the basis of character, citizenship and scholarship.

## Meal Tempters

Having the ladies over for the afternoon? Try this for a delicious combination of flavors that can be served as a salad or a dessert. It's called Banana Yogurt Gelatin and it's made with the new blackberry flavor gelatin.

Drain 1 can (8 3/4 oz.) sliced peaches, reserving the syrup. Add water to the syrup to make 1 cup; dice the peaches. Dissolve a 3-ounce package of

gelatin in 1 cup of boiling water. Add the measured liquid and chill until slightly thickened.

Blend in one 8-ounce container vanilla yogurt. Fold in the peaches, 1/2 cup diced banana and, for a delicious texture contrast, 1/4 cup chopped peanuts. Pour into a 3- or 4-cup mold and chill until firm, about 3 hours. This makes about 6 servings.

## Coffee, Donuts Anyone?

Every fourth Tuesday beginning at 9:30 a.m. at the Texico Community Building, coffee and donuts are served to senior citizens living in Texico and Farwell. Maurine Caywood, director of the Texico-Farwell Senior Citizens organization, is pictured serving coffee and donuts to Mamie Hightower, center, and Peggy Singletery, both of Texico. Besides hosting various social events and fellowship, the organization also sponsors classes in ceramics, painting, and quilting.

## Paint 'N Place To Host Exhibit

The "Pintores Art Fling," sponsored by the Pintores Art League will be on exhibit to the public at Paint 'N Place Art Gallery at 900 Pile Street, Clovis, starting Saturday, Mar. 31, through Friday, Apr. 6.

The exhibit opens at 1 p.m. on March 31 and will be open daily from 9 a.m. to 4 p.m. except on Sunday, Apr. 1, when it will be open for viewing from 1 to 4 p.m. Presentation of awards will be at 3 p.m. that Sunday.

Entries must be hand delivered to Paint 'N Place between 10 a.m. and 2 p.m. on Thursday, March 29. Non-member artists in the surrounding area are invited to submit as many paintings as they would like in each category. All checks should be made payable to Pintores Art League. No fee will be refunded.

Entries must be original and done without supervision. Any work not in good taste or recognized as copy or class work will be rejected. All paintings must be framed and securely wired for hanging. Each entry must have a card attached to the back stating the name and address of the artist, media, title and price. Entries not for sale must be so designated.

While reasonable care will be taken with work submitted, entries will be handled and displayed at the artist's risk. Neither the Art League nor Paint 'N Place Gallery will be responsible for any damage to

the entries. No wet paint please. Because of hanging room, no painting over 24" x 30" will be accepted. Paintings are to be picked up after 1 p.m. on Friday, Apr. 6.

A fee of \$4 for each entry will be charged non-members. Pintores members will pay a \$3 fee per entry. No commission will be charged.

Serving as Judge of the exhibit will be Olive Vandruuff of Canyon. Judging and merchants awards will be made March 31. The gallery will be closed until 1 p.m. on that

date at which time the judge will present a talk and perhaps answer questions or critique for those interested.

Cash prizes totaling almost \$1500 will be awarded. Any artist may receive only one cash award other than a purchase award or public opinion award; however, the artist is eligible to receive additional honorable mention ribbons as selected by the judge.

For more information contact Winnie Seifert at 763-4998 or B. Laney at 763-4141.

## Alan Rhodes Joins LCC Honor Society

Alan Rhodes, son of Mr. and Mrs. O.L. Rhodes of Farwell, was one of 31 students inducted into the Alpha Chi National Honor Society at Lubbock Christian College recently. Rhodes is a junior accounting major.

Alpha Chi National Honor Society was started in 1915 as a campus honor society to recognize scholarships. To be admitted, a student must be either a junior or senior and have a cumulative grade point average of 3.5. Members are in the top 10 percent of their respective classes.

John Fortner of the LCC Bible Department spoke after the installation ceremony was

presented by sponsors, Dr. Jim Baker, Dr. Christa Dobbs and Don Williams.

Following the installation, members and guests, which included parents and department chairmen, were treated to a dinner in the President's Dining Room of the Betty Hancock Student Center.

Potatoes refrigerated for a week may develop a sweet taste because some of their starch changes to sugar. To improve flavor, store them at a higher temperature for one or two weeks before using.

## Extension Club Has Tinsel Art Program

Oklahoma Lane Extension Homemakers Club met February 22 at the Farwell Jaycee Community Center. Nelda Wilhite read a poem, "A Funny Thing," as the opening exercise.

Cecilia Schueler of the Rhea community presented the program on tinsel art.

In the business session, members answered roll call by telling of "a secret ambition." Pauletta Curtis volunteered to attend a training session in the office of Assistant Parmer County Agent Laura Jacobs, in which she will learn how to present a program for the Club later in the year.

Mrs. Wilhite served refreshments of cake, cookies and punch to Mesdames Curtis, Reta Dollar, Lynne Mahaney, Julia Symcox, and Miss Jacobs.

Next meeting will be March 8 in the home of Susan Franse.

## Attend Funeral

Mrs. Aileen Teel of Texico and her daughter Mrs. Gene Usrey of Portales were in Oklahoma City Sunday to attend the funeral of Mrs. John Hill at the First Presbyterian Church there. Mrs. Hill was the mother-in-law of Mrs. Teel's daughter, Mrs. Jerry (Sue Anne) Hill of Sand Springs, Okla. The local women returned to their homes Monday.

## Visiting Ellisons

Visiting in the home of Mr. and Mrs. Hubert Ellison in Farwell from last Thursday until Monday of this week were his brother and sister-in-law, Mr. and Mrs. Aubra Ellison of Brownwood. On Saturday they attended the wedding of another brother, Buck Ellison, at the Church of Christ in Bovina.

## Ruth SS Class Meets With Mrs. Hightower

Ruth Sunday School Class of the First Baptist Church in Texico met February 15 in the home of Mamie Hightower.

Helen Bowers opened the meeting giving the devotional from Romans 12:1 and First Thessalonians 4:9-12 after which Gracie Dane led in prayer.

Ann Schloss gave the treasurer's report and Mrs. Dane read the minutes of the

previous meeting. They were both approved as read. The remainder of the afternoon was spent in fellowship.

Refreshments of homemade cinnamon rolls, peanut brittle, grapes and coffee were served to Mesdames Bowers, Schloss, S.G. Jones, Kathryn Bourlon, Dane and Hightower.

The March meeting will be with Mrs. Mora Schlueter.

## County Teachers Meet In Bovina

Parmer County Teachers Association met in Bovina February 12 for the third meeting of the year. Following the invocation and Pledge of Allegiance, President Anne Corn called the association to order.

Minutes were read by Fran-

ces Boling, secretary; and a treasurer's report was presented by Virginia Cleveland. Reports were heard from Janie Sudderth as she discussed constitutional changes.

Don Dorsett of Austin presented the program in which he discussed Professional Rights and Responsibilities which are now pending in the Legislature. The meeting was adjourned after the program.

Next meeting will be in Farwell on April 2.

## Father Visits

Visiting in the home of Gladys Hardage in Farwell is her father, Ernest D. Smith of Weatherford, Tx. He has been here a couple of months recuperating from a knee injury suffered in a fall.

Also a recent visitor with Mrs. Hardage is her nephew, Gary Williams of Norwalk, Calif. Williams has also been visiting with the Jerry Bradfords who live north of Farwell.

## Marriage Licenses

Parmer County Clerk's office has issued one marriage license since the last report. It went to Buck Eugene Ellison and Dorothy Vernon Frazier.

Your chances of dying from a heart attack or stroke are 50-50.

At Idalou - -

# Steers Ready For First Track Meet

Farwell Steer thinclads will travel to Idalou today (Friday) for the first track meet competition of the 1979 schedule.

At presstime the Steer squad numbered 19, including five returning tracksters from the 1978 team which garnered numerous honors, including

the District 3-A championship. The sprint relay team won the regional contest and placed sixth in the state meet. Mark Owen and Max Lonsdale --

one-half of the prize winning squad -- are among the returning tracksters. Russ Jones and Vick Christian -- who completed the team -- graduated last year.

The Blue and White charges of coach Royce Baker have won the district title for the past two years. Others returning from the '78 squad are D.D. Foster, senior; Leonel Jaime, junior; and Chris Bristow, sophomore.

The remainder of the squad is composed of two juniors; four sophomores and eight freshmen.

Coach Baker says the Steers are "very young and green," but he expects them to improve with time and practice. Exact placings have not been determined yet, but the following is a probable lineup for this year's team:

Foster, weights; Lonsdale, sprinter; Owen, sprinter; Jaime, weights; Bristow, distance; Fidel Morales, junior, weights; Juan Diaz, sophomore; Ralph Piaz, sophomore; David Daniel, freshman; Darrell Goldsmith, freshman; and Roger Castillo, freshman, all distance;

Also, Raul Garza, sophomore; Richard May, sophomore; Blake Buchenau, freshman; Waverly Coates, freshman; Isidro Garcia, freshman; Craig Kaltwasser, junior; Emilio Piaz, freshman; and Alvin Lopez, freshman, all sprinters.

Other upcoming track meets are:

March 10 - Twin Cities Relays  
March 23-24 - Bovina  
March 31 - Friona  
April 6-7 - Amarillo Relays  
April 14 - Springlake-Earth  
April 20-21 - District Track Meet

Max Lonsdale made 47 total points for a 1.7 game average and 30 rebounds.

Robin Roberts made 80 points for a 2.9 average and 36 rebounds.

Kayle Watts had 347 total points for a 12.4 average and 197 rebounds.

Mark Owen made 220 total points for an 8.8 average and 85 rebounds.

Randy Gerles made 144 total points for a 5.5 average and 159 rebounds.

James Castleberry earned 159 total points for a 5.7 game average and 52 rebounds.

D.D. Foster made 108 total points for a 3.9 average and 119 rebounds.

Radney Robertson earned 75 total points for a 2.8 average and 58 total rebounds.

Varsity, Jr. High - -

# Farwell Tennis Teams Play First Matches

Farwell's varsity and junior high tennis players hosted Dimmitt Tuesday in first matches of the season. The varsity players claimed five wins to three for Dimmitt with one match ending in a tie. The junior high won two of three matches.

Varsity winners included the girls doubles team, April Coffman and Jana Berry who won 6-4 and 7-5.

"In their first match of the season they showed good spark and had many bright spots," commented coach Glen Morton, who is in charge of all the tennis teams.

James Castleberry, a junior, won, 6-0 and 6-3.

"James won rather handily against his younger opponent," Morton said. "I think we can expect a lot of good things from him this year."

Kevin Shults won 1-0. "With only time for one set Kevin's return volleys were much too powerful for his opponent," the coach said.

Doug Cole won, 6-0 and 6-3. "Doug's careful shot placement gave him many decisive points," Morton said.

Rowdy Chandler and Kyle Watts won the boys doubles match 6-2. "In spite of the blowing wind these two - after a few jitters - overpowered their opponents with good team work and blistering returns," Morton said.

Gina Eubanks tied her singles match 4-6 and 7-5. "Gina, playing their second best tennis player, came back strong and, if not for the Dimmitt girl twisting her knee, she (Gina) would probably have won the third set," Morton said.

Also in singles competition Tracy Williams lost 2-6 and 3-6. "This was Tracy's first varsity meet and she was playing a junior," he said.

Lisa Howard lost 0-4 in an abbreviated game due to the time and weather. "Lisa played Dimmitt's number one girl who was a regional finalist last year," Morton said.

Karyn Blain and Karen Magness lost 4-6 in the girls doubles bracket. "Again due to the cold and windy weather we were forced to abbreviate the game," Morton said. "Both girls played excellent at times and showed good court sense."

In the junior high division Leslie Castleberry won 8-3. "Leslie, a seventh grader, played the Dimmitt eighth grade girl and after a tense start, calmly and methodically put her opponent away," the coach said.

Allan Eubanks won 8-2 and 5-4. "Alan put on the best show of the evening by beating the seventh grade opponent and then playing the eighth grade opponent to a 5-4 win," Morton said.

Polly Turner lost 0-4. "Polly showed good promise in her first tennis outing," he said.

"After watching our first meet I can see some promise for this year," Morton said in commenting on all the games. "Everyone was not able to play because Dimmitt only brought a limited number of players," he continued.

"However, some people to watch this year are: Kayle and Rowdy, James, Jana and April, Gina, and Karen and Karyn. But our whole achievement was best expressed by James Castleberry who said, 'boy, coach, I need a lot more practice.'"

Varsity girls tennis players are April Coffman, Jana Berry, Janene Berry, Karyn Blain, Karen Magness, Tracy Williams, Lisa Howard, Lari Curtis and Gina Eubank.

First Meet Mar. 10 - -

# Eleven Tracksters On 1979 Steerette Squad

Eleven girls make up the 1979 Farwell Steerettes track team. Five girls are returning from last year's team, including Vicki Vinton, Yolanda Martin, Gina Eubank, Sharmy Christian and Lorrie Turner. The lady tracksters are coached by Larry McDorman.

Last season Vinton, then a junior, placed first in the 220 yard dash in the district meet and went to regional competition in the 220 yard dash and the 880 yard relay.

Other regional competitors in 1978 were Martin, 880 relay; and Eubank, 100 yard dash and 880 relay.

Coach McDorman said, "Yolanda will also help us in the shotput this year."

The Steerette tracksters have doubled in number since last season when only five determined girls made up the squad.

"We will have strength in numbers this year," McDorman went on to say. "I think we are quicker overall and we will have more field event people this year. The girls have a good, positive attitude and that is encouraging," he said.

"The leadership of the

senior girls is also very important to us this year," McDorman said.

Weather permitting, he said, time trials would be held this Friday to determine the team placings.

Others making up the 1979 Steer track team are Donna Meeks, Kay Geuther, Alice Cantu, Lana Turner, Tammi Lovelace and Ginger Ellison.

The Steerette 1979 track schedule is as follows:

March 10 - Twin Cities Relays  
March 23-24 - Bovina  
March 31 - Friona

April 6-7 - District Track Meet

There are goats in Tennessee and Mississippi that actually fall into a dead faint at any loud sound - a thunderclap, an engine starting up, even the clatter of a feed bucket. The cause is not cowardice, however, but an inherited nerve disorder.

Thank You to

Interstate Fertilizer, Worley Mills, Lariat Gin, Sherley-Anderson, Lariat, Farwell Championship Club for buying our pigs at the county stock show.

## Junior High Prepares For Track

Farwell Junior High track team, under the direction of coach Bill Phillips, have been busy working out and prepar-

ing for upcoming track meets. The 7th and 8th grade Yearlings will see their first competition today (Friday) at

Boys Ranch. Other upcoming meets include Bovina, March 22; and the District Meet, April 21.

The 7th and 8th grade girl tracksters will not compete in their first track meet until March 22 when they travel to Bovina. Their District Meet is also slated for April 7.

Members of the Jr. High track team are as follows: 7th boys: Alan Eubank, Raymond Sierra, Todd Christian and Jimmy Garza, 440 and 880 relay teams; Raymond Garcia, Bernie Mesman, Tommy Watkins, Paul Fulcher, Darin Simmons, Dustin Winter, Roger Hobbs, Jimmy Daniel, Alan Wolfe, Manuel Cantu and Jessie Reyna.

8th boys: Gary Haseloff, Gary Gouge, Mike Zaragoza, and William Garza, 440 and 880 relay teams; Tim Watkins, Jay Anderson, Wade Kent, Carlos Pena, Steve Schilling, Frank Cantu, Billy Myers and Tim Hughes.

7th girls: Leslie Castleberry, Suzahn Inman, Norine Jones, Erlene Rudd, Cassie Chavers, Tammi Goldsmith, Tonya Meeks, Cindy Spears, Leticia Anzaldua, Jane Ward and Josie Miranda.

8th girls: Tammi Obenshain, Jennifer Williams, Sandra Coates, Kelly Davis, Sandra Haight, Polly Turner, Sandra White, Shana Blain, Mary Helen Lucio and Eloise Miranda.

The following is a schedule of games for the remainder of the season:

The first game listed is played at 6 p.m. and the second game begins at 7:30 p.m.

March 6: Pacers vs. Cougars Stars vs. Nets

March 8: Stars vs. Pacers Nets vs. Cougars

March 13: Pacers vs. Nets Cougars vs. Stars

March 15: Nets vs. Stars Cougars vs. Pacers

The all star team for both junior and intermediate squads will be announced after the last game on March 15.

In order to finance the program, admission fees of 50 cents for adults and 25 cents for children will be charged.

Coaches for the Little Dribblers teams are Eddie B. Smith, Stars; Sammy Merritt, Pacers; Jerry Dee Owen, Cougars; and Billy Roberts, Nets.

Team members will be announced next week.

## Steer Coach Gives Basketball Statistics

"The 1978-79 Steer basketball season had a lot of good points to it," commented coach Mike Martin. "We played excellent ball at times, but also did not play up to our potential at other times. Being new to Farwell and putting in a new system may have

attributed to our lack of continuity at times.

"The young men on the Steer squad worked extremely hard and gave a good effort, every time they took to the court. Our finish was not what we set out to accomplish, but our district had some fine ball clubs. I've enjoyed working with these ball players and hope that the community is proud of their effort."

Martin provided the following team and individual player statistics:

The Steers made 604 field goals and 282 free throws for a total of 1482 points. They had 953 rebounds.

Rowdy Chandler made 302 points for a 10.8 game average and had 217 rebounds.

Some people have thought that playing a flute would bring fair weather.

**First In Tatum Tourney**

Texico eighth grade players display their first place trophy from the Tatum Tourney. Players in the games against Elida and Tatum are, from left, top row: Allan Hadley, Dennis Chavez, Tony Cavallero, Lynn Tubbs, Loyd Williams and Earl Bibbs; bottom row: Paul Salguero, Danny Reid, Doyle Duncan, Kevin West and Ronnie Dunsworth. (Texico School Photo)

**Texico's This, That And The Other**

by Tamara Lambert

Texico National Honor Society installed eight new members Tuesday, Feb. 27, in the Gymnasium. The new members installed were Schree Rucker, Ruthann Rickert, Waynette Louderback, John Kelley, Teresa Gollodge, Nikie McDaniel, Lisa Coffey and Carletta Fitz. Members and their parents were invited to a reception following the ceremony.

The National Honor Society selected two seniors, Tonye Harrington and Duwain Hill, to apply for a National Honor Society Scholarship.

Texico FHA will travel to Albuquerque in March to attend the New Mexico FHA/Hero convention. Delegates are Kerri Donahey, Teresa Doolittle, Cindy Taylor, Teresa Gollodge, Darlene Duncan and Rhonda Tharp.

The FHA had a poster contest during FHA/Hero week. Winners were Laura Horne and Teresa Gollodge.

Texico 4-H Club will have its annual Parent-Member Dinner next Monday at 7 p.m. at Texico Community Center. Officers will be installed and members will receive mem-

bership pins. Each member is to bring a "covered dish" for the buffet meal and all parents of 4-H members are invited.

Jr. High and High School science students will set up their science projects in Gym #2 on March 10. The projects will be viewed on March 12 by the schools. Every student in the 6, 7, and 8 grades are required to have a project.

At this time, the top student in Typing I is Alan Hall with 86 wpm. Kerri Donahey is the best student in Typing II with 90 wpm. Liz Rojas received honors for Typing III with 103 wpm.

Texico Elementary enrolled two new students this past week: Catherine J. Chavez in the fourth grade and Benjamin I. Chavez in kindergarten.

Some fourth grade students are learning chisanap which is a system of math using the fingers.

First graders are planning a field trip to Black Water Draw, near Portales. Mrs. Richmond's first graders are competing in free reading with a special book "worm." The young reader who reads the most and makes the most

contributions to the growth of the worm will be the winner.

Junior high students will be selling Texico Wolverine t-shirts March 27. The shirts are white with green trim and will sell for \$4.50.

Texico Men's Outsiders Tournament will be March 26-30. Sixteen teams are entered with a single elimination.

Second grade students wrote stories to send to the Weekly Readers contest.

The annual Spring Concert will be Sunday, March 11, at 3 p.m. (MST) in Texico High School Gym. All bands will participate. Admission is \$1.00 for adults and 50c for students.

High school band members are making plans to travel to Six Flags during Spring Break. They will leave March 17 and return March 19. Members have been selling candy to make money for the trip.

FFA members attended the First Baptist Church in Texico on the first day of National FFA Week. Following the church service, they ate at a Clovis restaurant.

On Monday night, the Greenhands hosted the regular

**Advance To Regional - -**

**Wolverines 2nd In District Tourney**

Texico Wolverine varsity girls blasted two of three opponents last week to finish second in district and to cinch a berth in this week's regional tournament in Mountainair. The Green and White tangled with the host team Tuesday night, but results of the game were not known at press time. Texico beat Elida, 57-35, in the first round of tournament action last Wednesday in Dora. They added another

victory when they defeated Melrose last Thursday, 46-33. However, the varsity girls failed to make it three in a row when Floyd trounced them Friday, 47-31. Tonye Harrington with 19 points and Lisa Coffey with 16 were high point girls in the first game. Others scoring were Lori Harrington, 10; Schree Rucker and Ruth Scott, 3 each; Jana Jesko, Tracy Dobbs and Teresa Turner, 2

each. "Tonye, Lisa and Lori shot well from the outside in this game," commented coach Roy King. "When we are hitting from the outside we can beat anyone in our district. We started slow, but began playing better after we got over our nervousness. We have one eighth grader, one ninth grader and three sophomores on the team in addition to the juniors and seniors."

Against Melrose, T. Harrington scored 20 points. Also scoring were Turner, 10; Scott, 7; Coffey, 5 and Jesko, 4. "This was the biggest win of the year because it cinched a spot for us in the regional tournament," King said. "The first 12 minutes when we led 25-10 was the best we have played all year. The girls were sky high for this game. Tonye played another great game as she scored 20 points, made 15 rebounds and stole the ball repeatedly. We completely dominated the boards with Tonye, Lisa and Ruth. I don't think there is a better eighth grade player anywhere than Ruth," said the coach.

**Game Reports Not Available**

Both the 8th and 9th Texico boys fared well in last weekend's Tatum Tournament with the 8th finishing first and the 9th taking second. No other report or comments were available from coach Cecil Davis.

The Wolverine varsity boys played Grady Tuesday night of last week but no statistics or comments were available from coach Billy Carlyle.

Texico was to play Elida Thursday night in Dora for their first match of the District 6A boys tournament. The local boys are seeded third.

**Ninth Grade Boys Bow To Grady JV**

Texico 9th graders came out on the short end of the score last Tuesday night as the tough Grady Junior Varsity squad defeated them, 83-51. The young Wolverines had hopes of avenging an earlier seven point loss on Texico soil, but their win-minded opponents refused to go along.

At the end of the first quarter it was 14-8 in Grady's favor and by the end of the first half they had stretched their lead to 45-19. A bright spot in the game occurred in the third quarter when Texico outscored their opponents, 24 to 7; however, it wasn't enough as Grady still held a commanding 52-43 lead.

Texico completed 19 field goals, 13 of 22 free throws and 31 fouls. Todd Geris was the leading scorer with 13 points. Also scoring were Jeff Dunsworth, 12; Jeff Day and Craig Horne,

6 each; Mike Arnold, 5; Tony Tubbs, 4; James Kelley, 3; and Willie Bibbs, 2.

Individuals who performed well despite the loss were Todd Geris and Jeff Dunsworth, offense; and Jeff Dunsworth and James Kelley, defense," commented coach Cecil Davis.

The first true skyscraper using a steel skeleton for support was the Home Insurance Company Building, built in Chicago in 1885.

**Second In Tournament**

Players on the Texico ninth grade basketball team are, from left, top row: Tony Tubbs, Todd Geris, James Kelley; middle row: Jeff Day, Jeff Dunsworth, Ronnie Landis, Mike Arnold; first row: Joe Steward, Willie Bibbs, Craig Horne, Kent Harding and Jeff Johnson. The ninth grade received second place in the Tatum Tournament, after beating Elida and losing to Tatum. (Texico School Photo)

### Honor Society Inductees

Eight new members were inducted into the Silver Stylus Chapter of National Honor Society at Texico High School on Monday morning. New members include (seated) Carletta Fitz, Schree Rucker, Lisa Coffey (standing) Mrs. Juanita Hadley, sponsor; Ruth Ann Rickert; Teresa Golledge, John Kelley, Nikie McDaniel, and Waynette Louderback. New members and parents were special guests at a reception following the induction. (Texico School Photo)

## Irrigation Gas Users May Face Curtailment

Gas Company of New Mexico has cautioned the Federal Energy Regulatory Commission (FERC) that if some regulations it is now considering are adopted, irrigation gas users served by the company will face natural gas curtailments, even though such curtailments are unnecessary.

In comments filed with the FERC, Southern Union Company, parent of Gas Company of New Mexico, pointed out that curtailments would result from certain provisions of the proposed regulations and not from any shortage of gas.

Noting that irrigation customers "cannot withstand what-soever," the Gas Company stated that if its interstate pipeline supplier were required to strictly follow the terms of the proposed regulations, irrigation gas users served by Gas Company of New Mexico would be irreparably injured by the imposition of curtailments to which they would not otherwise be exposed.

Irrigation gas is classified under Priority 2 of the curtailment plan of the pipeline which supplies Gas Company of New Mexico the natural gas which it provides to agricultural users here.

The company said its pipeline supplier is not currently projecting any curtailment whatsoever in Priority 2 during the period from March 9 through October 31, 1979, covered by the proposed regulations.

"Thus, rigid application of the interim regulations . . . would have the effect of causing curtailment that would not otherwise occur," the Gas Company told the FERC.

The company's statement said it does not believe that the Commission's regulations were intended to produce such a result.

"The entire thrust of the proposed regulation addresses a situation where the currently effective curtailment plan would cause a curtailment of essential agricultural uses. Since its pipeline supplier's latest projections of demand and supply show that no such curtailment is in prospect, but that introduction of the interim regulation into its supplier's curtailment plan would cause curtailment, it would seem appropriate for the Commission to include in its interim regulation a provision permitting a pipeline to request waiver of the require-

ments to amend its tariff if it does not expect to curtail essential agricultural uses during the interim period," the company pointed out.

The granting of such a waiver by the FERC would be based on a showing by the pipeline that no curtailment of essential agricultural uses is expected during the interim period covered by the regulations.

The company's comments emphasized to the FERC that the use of natural gas for irrigation pumping is one of the single most important factors in the economy of the region it serves. It pointed out that its service areas are, with the exception of a handful of the metropolitan areas, primarily small towns in agricultural regions and the agricultural users themselves who form the basis of the rural economies of Texas, New Mexico, Arizona and Oklahoma.

"Since these rural areas are noted for their lack of rainfall, agricultural productivity is vitally dependent on the availability of irrigation water pumped from underground reservoirs, principally the Ogallala Formation," the company said.

Funeral services for Roy M. Craig, 69, prominent Jones County newspaperman and retired publisher of the Stamford American, were conducted February 15 in Stamford.

Mr. Craig, father of Hamlin Herald Publisher Bob Craig, died February 11 at the Stamford hospital where he had been a patient two weeks.

Born July 26, 1909 in Indianapolis, Ind., Mr. Craig came to Texas in 1929 looking for work because of his father's health. When he found a job as a Linotype operator and printer in Edinburg, his family joined him.

He worked on other papers in the Rio Grande Valley before moving north in 1933 to become publisher of the Turkey Enterprise in Hall County.

He married Dorothy Ehrhardt in San Antonio, June 28, 1941.

They lived in Corpus Christi until Sept. 1, 1944 when he purchased part interest in the Longview Lens. The family moved to Stamford Sept. 1, 1945, when the Stamford American was purchased.

Mr. Craig was past president of West Texas Press Association and served on both the advisory board and editorial board of Texas Press Association, which he helped to reorganize after World War II.

Mr. Craig and his newspaper received numerous honors during his lifetime. Most recently he was honored by Texas Press Association for his 50 years of service to journalism during the association convention in January 1978.

He had served as souvenir program chairman for the Texas Cowboy Reunion since 1949.

Mr. Craig was physically involved in establishing a day care center for Stamford and served on the board of directors.

He was past president of Stamford Rotary Club and aide to the past two district governors and was past president of Stamford Chamber of Commerce and recipient of the Chamber's 1977 Man of the Year Award. He was also named an honorary Lone Star Farmer by the Stamford Future Farmers of America.

He was responsible for establishing the Stamford Housing Development Corporation of which he served as president. He was in the process of helping establish more units for this project and consulted with others working on the project even after he was hospitalized.

A veteran of World War II, he served in the Signal Corps. He was an elder and trustee of Central Presbyterian Church.

Burial was in Highland Cemetery in Stamford.

Survivors include his wife, Dorothy of Stamford; one son, Bob of Hamlin; three daughters, Mrs. Pem (Celeste) Rocap of Montgomery, Ala.,

Mrs. Stephen D. (Bernie) Briggs of Willcox, Ariz., and Jennifer Craig of Burleson; two brothers, Lester of Stamford and Paul F. of Grosse Pointe Woods, Mich.; one sister, Mrs. Gladys Starkey of Phoenix, Ariz.; and seven grandchildren, including Beth Craig of Houston, Dr. Darrell Craig of Little Rock, Ark., and Rick Craig of Lubbock.

## Glenn M. Ezell Rites Conducted Wednesday

Funeral services were conducted Wednesday afternoon for Glenn M. Ezell, 62, of Portales who died there Sunday of an apparent heart attack.

Rites were at the First United Methodist Church of Portales with Rev. Hardin Atkins III, pastor, and Rev. B.C. Goodwin, former pastor, officiating. Burial was in the Portales cemetery under the direction of Wheeler Funeral Home.

Mr. Ezell, who was born September 6, 1916, lived for several years in Farwell and was graduated from high school at Bovina. He moved to Portales in 1948 where he became manager of the Roosevelt County Electric and Telephone Company.

He was a member of the First United Methodist Church of Portales and was a past master of the Portales Masonic Lodge, number 26.

Survivors include his wife June of the home at 710 W. Sixteenth Lane in Portales; one son, Glenn Ezell of Por-

## Bovina Church Slates Annual Sausage Dinner

St. Ann's Catholic Church of Bovina will be serving its annual German Sausage Dinner on Sunday, Mar. 11, from 11:30 a.m. until 2 p.m.

Price of the meal will be \$3 for adult plates and \$1.50 for children under 10 years of age.

The meal will consist of homemade German sausage, homemade sauerkraut, home canned green beans, mashed potatoes and gravy, gelatin salad, relish plate, applesauce cake, carrot cake, French bread, butter, coffee and tea.

In addition to the meal, bulk sausage will be on sale for \$2 per pound. Door prizes will also be awarded.

This is the house that Jack built...

### Poor Jack!

When he moved in, he bought the best fire insurance available...the trouble is that was 15 years ago and neither Jack or his agent bothered to update his policy. Well, you know the rest — Jack's property increased in value over the years and when fire struck, he found out the hard way that his insurance was inadequate. Poor Jack. Don't you be a poor Jack — see us today for a free evaluation of your insurance.

# Lockett 77

## Cotton like you've never seen!

This great new variety was introduced for wide-area planting only one year ago. And already it's becoming one of the most popular cotton varieties in the Southwest! Farmers who've seen it are excited about its performance. Here's what they liked about Lockett 77:

- "Disease was not a problem." Multiple disease tolerance includes protection against the fusarium wilt-nematode complex.
- "It came out of the ground real fast." Excellent seedling disease escape and cold tolerance provide good early-season vigor.
- "It fit my conditions exactly." Early maturity makes Lockett 77 a good choice for short season production.
- "The lint tested out real well." Fiber qualities are outstanding with good strength and uniformity ratings.
- "Lockett 77 was a beauty in the field." Foliage is sparse on short- to intermediate-size plants. Short, close-fruited branches make Lockett 77 ideal for stripper harvest.
- "The field looked white with my narrow-row planting." An excellent stripper cotton.

If you weren't among the farmers who planted Lockett 77 last year, talk to your ginner. If he doesn't have a supply on hand, he can get it for you. You're going to be really excited about the first field of Lockett 77 you see. It might as well be yours.

**PIONEER**  
BRAND  
SEEDS

PIONEER HI-BRED INTERNATIONAL, INC.  
Southwestern Division  
Plainview, Texas

Lockett 77 is a U. S. protected variety (Plant Variety Protection Certificate No. 7500084). Unauthorized propagation and unauthorized seed multiplication prohibited by law. This variety of cotton planting seed can be sold by variety name only as a class of certified seed. It is unlawful to sell non-certified seed of this variety.

## If you smell gas, remember this:

We add a distinctive odor to natural gas, so it's easy to recognize.

If you smell a strong odor of natural gas indoors, take these steps. Get everyone out of the building.

Open nearby doors and windows. Extinguish open flames. Don't flip any light switches, or use any gas or electrical appliances. And don't light matches. Go to a neighbor's phone, or a nearby pay phone to report the leak to us. We'll be right out.

### Outdoors? Please report it.

We need your help in spotting outdoor leaks, too. Please call us if you suspect a leak. Even if it's on someone else's property, or on a public street. Until we get there, ask everyone to stand back. Don't smoke in the vicinity. And don't start car engines.

### Faint odor? Check your pilots.

A faint odor of natural gas may mean something as simple as an unlit burner on your gas range. Or a pilot light that's been extinguished accidentally. If it's anything more complicated, give us a call.

### Not sure? We're here if you need us.

We're available to locate gas leaks 24 hours a day. So jot our number down with your other emergency numbers. And if

you ever smell natural gas, indoors or outdoors, please give us a call.

We'll be right out. And we'll appreciate your help. Because stopping leaks prevents possible danger and helps conserve valuable natural gas.

It's one more way we're working to keep natural gas the energy you can live with.

Phone Number: 762-3371

## Funeral

# Air Ambulance Service To Obtain New Aircraft

Hermann Hospital, located in the Texas Medical Center in Houston, in June will be expanding its present three helicopter Life Flight air ambulance service to include a patient transport fixed wing aircraft.

William F. Smith, executive director of Hermann, made the announcement recently after Governor William P. Clements signed the proclamation for "Life Flight Over Texas Week", to be observed March 26 through April 1.

"With the addition of the fixed wing aircraft, critically ill or injured patients throughout Texas and the surrounding regions now will have access

to transportation which is part of Hermann's already established air ambulance service. As with the three helicopters, the Life Flight fixed wing will at all times be fully equipped for medical emergencies," Smith said.

The Life Flight program began in August of 1976 with one helicopter to serve as an emergency vehicle for the critically ill and injured. Two more helicopters have been added to the program due to the increased need of such service within the Houston and surrounding 30-county area.

"The Life Flight helicopters will continue to serve a 130-mile radius from Hermann Hospital as an airborne emergency vehicle, complete with a physician and registered nurse on board each flight," Smith said. "However, the fixed wing aircraft will be used mainly for the transportation of the critically ill outside the 130-mile radius.

"But, the fixed wing aircraft will be available as an emergency backup for our three helicopters in times of need," he added. It could be possible for the Hospital, in conjunction with the faculty at The University of Texas Medical School at Houston, to transport disaster teams, comprised of surgical and medical physicians, to major disasters which occur within the fixed wing's air travel range. The addition of the plane, a

Merlin II-A turbo jet, will expand the 130-mile radius of the Life Flight service to a 15-state area, Mexico, Central America, and South America. The aircraft is capable of traveling 1,200 miles without refueling and cruises at 300 miles per hour.

The plane has the capacity of carrying three patients and two medical team members in addition to the pilot. A co-pilot will also be on long distance flights and will be an aircraft mechanic.

A registered nurse, specially trained in comprehensive emergency care and with flight nursing experience, will be on board each flight. A physician will also be available to fly with any patient if there is a need or request for a physician.

The aircraft will be fully equipped with emergency equipment such as cardiac monitors, oxygen, suction, intravenous fluids, splinting equipment, mechanical ventilators, and complete emergency medications. A pressurized cabin in the aircraft will allow the transportation of cardiac patients.

The Life Flight aircraft will be stationed at William P. Hobby Airport in Houston. The plane will have complete radio equipment, and can be in contact with the hospital at all times.

Any physician, hospital, or private individual may request

the use of the fixed wing aircraft. Patients can be transported from a location to any area which has proper landing sites. Fees for the use of the Life Flight fixed wing will be: \$100 take-off fee; \$1.35 per mile; and a \$35 per hour charge for the registered nurse. Physician fees will vary and the patients will be billed separately for such fees.

"As the population increases in the cities of Texas and the rest of the nation, immediate emergency care and trans-

portation will continue to be paramount," Smith said.

"The addition of the fixed wing aircraft denotes a trend in emergency treatment as specialized care is extended to all Texans and persons within the range of air ambulance service," he concluded.

Hermann Hospital, a private non-profit institution founded in 1925, is the primary teaching hospital for the University of Texas Medical School at Houston, located in the Texas Medical Center.

## New Patient Transport

This Merlin II-A turbo jet will be added to Hermann Hospital's Life Flight air ambulance service this June. This patient transport fixed wing aircraft will be used to transport critically ill or injured patients throughout Texas and surrounding regions. The plane has the capacity of carrying three patients and two medical team members in addition to the pilot. The aircraft will be fully equipped with emergency equipment. The Life Flight aircraft will be stationed in Houston. March 26-April 1 will be observed as "Life Flight Over Texas Week."

## Air Ambulances

Hermann Hospital, located in the Texas Medical Center in Houston, presently operates its three helicopter Life Flight air ambulance service. To expand the present operation, a patient transport fixed wing aircraft will be added in June. Recently, Governor Bill Clements signed a proclamation declaring "Life Flight Over Texas Week" to be March 26-April 1.

## Worley Mills Receives Top Report Card

Worley Mills of Clovis received an interesting piece of news recently.

Their company was informed by government officials that based on their performance the last three years they were tied for First Place among livestock feed manufacturers.

According to a government regulatory agency in Arizona which surveyed results of their program which measures live-

stock feeds to insure that the feeds meet guarantees that are claimed by the producing company, Worley Mills tied for the top position.

In a tongue in cheek letter to Worley's from the Office of

State Chemist in Arizona the following warning was issued: "You are hereby warned that such performance, if continued will result in less work for this office and higher benefits to the consumer."

Some South American Indians believe that eclipses are caused by a huge jaguar attacking the sun and the moon.

This I Know - - -

by Leonard Harper

Minister

Fairwell Church of Christ

GREAT EFFORT is being made to separate Christ and his church, but, from the standpoint of Bible truth, no such separation can be made.

THE LORD'S CHURCH IS a divine institution or establishment, because Christ established it.

THE CHURCH IS an organization, because it is organized according to God's revealed pattern.

THE CHURCH IS an organism, because it is living and growing.

THE CHURCH IS GOD'S KINGDOM on earth. (Matt. 16:13-18; Col. 1:13-14). It is the family of God, the house of God, the pillar and the support of the truth. (1 Tim. 3:15). It is God's building. (1 Cor. 3:9).

CHRIST IS THE FOUNDATION. (1 Cor. 3:10-11). He is the head. (Eph. 5:23a). He is the savior. (Eph. 5:23b). He purchased the church with his blood. (Acts 20:28). He gave himself for it. (Eph. 5:25). The church is subject to Christ. (Eph. 5:24).

WE ARE BAPTIZED INTO CHRIST. (Rom. 6:3-4).

WE ARE BAPTIZED INTO HIS CHURCH. (1 Cor. 12:13).

THE LORD ADDS BAPTIZED BELIEVERS TO THE CHURCH. (Acts 2:47).

OUR PURPOSE FOR BEING is to glorify God. (Isa. 43:7). It is in the church that we fulfill this purpose. (Eph. 3:21).

IT IS THE WORST KIND OF SIN to reject the church; to bemean it; to neglect it; to belittle it; and to refuse to be a faithful member of it.

## Fortenberry Appointed Veteran Service Officer

Parker County Commissioners decided Monday during their regular meeting that Judge Paul Fortenberry would serve as the county's veteran service officer "as the need arises."

They also decided to purchase a typewriter and stand for the probation officer's office at a cost of \$412.50.

Commissioners granted a request by Five Area Telephone cooperative to install 2870 feet of underground cable in the northern half of section 37 beginning at the northeast corner of Block H.

Laura Jacobs, assistant extension agent, gave a report on her activities. Seth Ralston,

county agent, was in Houston this week for the livestock show.

The assessment ratio value for the 1979 tax roll was approved as submitted by Hugh Moseley, tax assessor-collector.

Commissioners discussed salaries of county employees, in particular those of justices of the peace, but decided to implement no changes for the current year.

They also approved the pledge contract of securities as presented by the Friona State Bank, the county's depository for the next two years.

**Artist At Work**

Shirley East, Farwell High School teacher, thoughtfully studies a picture she is painting for a wildlife magazine. Besides teaching, Mrs. East is a commercial artist in her spare time, preferring to paint wildlife pictures best of all. The May-June 1978 issue of New Mexico Wildlife magazine features this picture of a rainbow trout on its cover.

**Displays Art Work**

Shirley East, who teaches at Farwell High School, is pictured with several pieces of artwork which she has completed during the past few years. She is holding the January-February, 1970 issue of New Mexico Wildlife magazine which featured her illustrations for the white tail deer article. In the background are drawings of a pheasant, porcupine and two other issues of New Mexico Wildlife Magazine featuring Mrs. East's covers.

## Shirley East - -

### Farwell Teacher Adept In Commerical Artwork

Shirley East, who has taught science at Farwell High School for the past five years, is a commercial artist in her spare time. She also teaches art at the local school.

She has painted or drawn several magazine covers, including two for New Mexico Wildlife, published by the Game and Fish Department. The May-June 1968 issue features her pen/ink drawing of a prairie chicken, and the May-June 1978 issue features her water color of a rainbow trout.

Mrs. East has also designed the Game and Fish Department trout stamp which will be utilized through 1981. The stamp is affixed to fishing permits.

The January-February 1970 issue carries Mrs. East's illustrations of an article concerning whitetail deer. At the time, she was associated with the project as a biologist. It was her graduate research project, part of her master's requirements.

Mrs. East has also prepared numerous covers and illustrations for other magazines. She did the illustrations for the Paleo-Indian Institute in Portales and several anthropology publications.

She said she has always been interested in art, and especially likes to do wildlife pictures. She received her art training under Professor Vernon Acker at Eastern New Mexico University, Portales.

The Farwell teacher has designed the New Mexico Lions Club state pin for the past several years, 1976 through 1979. In one of these years, the New Mexico pin was judged the best among all Lions Club pins in the United States. The New Mexico pin is in the shape of a road runner, the state bird.

Mrs. East teaches chemistry, physics, physical science, photography and art at Farwell High. She is also in charge of the school annual and the school newspaper.

## Kindergarten - -

### Farwell Elementary Slates Registration

Registration for the 1979-80 kindergarten session at Farwell Elementary School is

slated for next Thursday, Mar. 8, at 1:30 p.m. CST in the elementary library, announces Jerry Yows, principal.

The kindergarten has two sessions with the morning classes scheduled from 9 a.m. to 11:45 a.m. and the afternoon session from 12:45 p.m. to 3:30 p.m.

In order to be eligible to attend kindergarten during the next school year a child must be five years old on or before September 1, 1979, Yows stated. He asks that all parents bring their child's birth certificate and immunization records when they come for registration. Immunization requirements include three polio, three DPT, one rubella (three-day measles), and one rubeola (red measles), Yows said.

Since the ratio of boys and girls in each kindergarten session must be as evenly balanced as possible, Yows said they will accept preferences for either session on a "first come, first served basis."

## EMGY TEAM!

THE SPEEDIEST AUTO REPAIR ON RECORD OCCURRED IN 1974 WHEN A BRITISH TEAM TOOK OUT A MINI-CAR ENGINE AND REPLACED IT IN 52 SECONDS!

SPEEDY AND EXPERT AUTO REPAIRS ARE MADE BY MEN AND WOMEN IN THE U.S. ARMY WHERE THERE ARE OPENINGS FOR THOSE WHO QUALIFY FOR TRAINING AS AUTOMOTIVE REPAIRMEN!

In the past, old Eskimos would take in a new name, in the hope that it would give them a new lease on life.

## OUR THANKS . . .

We wish to express our appreciation to the Farwell Volunteer Fire Dept. for their prompt action in extinguishing our garage fire last Sunday night.

# STATE LINE TRIBUNE

Producer Count - -

# Bureau Of Census Launches Campaign

Farm or ranch operators who have not been counted yet in the 1978 Census of Agriculture still have an opportunity to be included, according to the Bureau of the Census, U.S. Department of Commerce.

Uncounted operators are urged to write for a farm census report form to (WYC), Bureau of the Census, 1201 East 10th Street, Jeffersonville, Ind. 47132. The census has been underway since January 1, 1979.

Bureau officials remind farmers and ranchers that the census will include producers of many commodities not often thought of as agricultural.

Among these are rabbits, goats, honey and honey bees, fish in captivity, worms, and ducks, pheasants, quail, and pigeons or squab. Greenhouse and such nursery products as sod, mushrooms, greenhouse vegetables, cut flowers, and bulbs are also on the list as farm and ranch products.

Any commercial producer of these commodities should fill out a census report form. Bureau officials also remind farm operators that the quicker report forms are returned to the Bureau the less it will cost in follow-up work to complete collection of census data.

## On The Farm In Parmer County

By **SETH RALSTON**  
County Agent

A robust weed population in dormant bermuda grass or St. Augustine grass lawns is not only unsightly but can delay recovery of turf grasses for several months.

Clover, chickweed, henbit and dandelions are common weed problems in lawns during winter and early spring months.

According to a specialist, homeowners can take several steps to control winter weeds in lawns.

Application of a pre-emergence herbicide such as Dacthal or Balan in October will prevent many winter weed problems. However, if you missed that opportunity, there are other methods to keep winter weeds in check.

Close mowing following periods of mild temperatures in February and March will greatly improve the appearance of a weedy lawn and will promote early recovery of turf grasses. However, mowing will not eliminate the weeds. Systemic herbicides (chemical weed killers) such as Wipeout (Greenlight), Weed-B-Gon (Ortho) and Systemic Weed Control (Ferti-lome) will successfully control most broadleaf weed problems if used according to label instructions. Two applications of these materials about 14 days apart may be required for complete control of broadleaf weeds.

These chemicals will not control grassy weeds such as annual bluegrass and rescue grass. Pre-emerge herbicide treatments in the fall are required to control these weedy grasses.

Systemic herbicides can be applied with a two-gallon

pressure sprayer or a hose-end sprayer. Use care to apply materials uniformly at the recommended dosage when temperatures are above 60 degrees F.

If herbicides are applied properly, broadleaf weeds will begin to shrivel a few days after the first treatment and will turn brown after the second treatment. Close mowing several weeks after the second treatment should remove all traces of the broadleaf weeds and should promote recovery of desirable grasses.

Mention of a trademark or a proprietary product does not constitute a guarantee or a warranty of the product by the Texas Agricultural Extension Service and does not imply its approval to the exclusion of other products that also may be suitable.

## Tour Lazbuddie Dam Site

Parmer County Commissioners Court, Soil Conservation Service officials and ASCS officials toured the Lazbuddie Flood Prevention Dam during the recent final completion check. At left is Don Ramsey, Soil Conservation Service construction inspector. Members of the Commissioners Court are, from left, Archie Tarter, Raymond McGehee, Judge Paul Fortenberry, Jack Patterson, and Ernest Anthony. At right is Mack Mauldin of the SCS office. Prentice Mills of the Farwell ASCS office and Tony Parham, former ASCS county committeeman, also toured the site, but were unavailable for the picture.

## Texas Cotton Crop Could Hit 20-Year High

AUSTIN--Texas' farmers are expected to plant the largest cotton crop in over two decades, while acreage for other 1979 crops is predicted to drop, the Texas Department of Agriculture has reported.

Commenting on the latest Texas Crop and Livestock Reporting Service data on 1979 prospective plantings, Agriculture Commissioner Reagan V. Brown said cotton plantings were expected to total 7.2 million acres, up four per cent from last year. This would make this year's acreage the largest since 1954.

"The report also indicates a large reduction in corn acreage this year," Brown continued, "down 16 per cent, and sorghum is to drop to 5.2 million acres, a nine per cent decline."

## Lazbuddie Dam

Pictured is one of the concrete spillways of the recently constructed Lazbuddie Flood Prevention Dam. The dam is 56 feet high and contains 411,260 cubic yards of fill. The main spillway contains 1396 cubic yards of concrete along with 260,000 pounds of reinforcing steel. Water in the dam will cover 453 surface acres and will contain 4427 acre feet at draw down stage. There are four emergency spillways, each about 200 feet wide. Parmer County Soil and Water Conservation District and Parmer County Commissioners Court are the local sponsoring organizations. The dam was designed and built by the Soil Conservation Service.

Performance proves...

# The top 8 corn hybrids on the Irrigated Plains are all from Pioneer.

That's a pretty bold claim, we admit. But in farmer's fields, county agent test plots, wherever they're grown, these Pioneer brand corn hybrids consistently out-perform competitive hybrids year after year. Each hybrid has its own particular strong points that make it especially well suited for certain environmental and management conditions. When thoughtfully selected and properly managed to meet the conditions, each of these

hybrids delivers top performance... winning performance that's head and shoulders above the competition.

Don't take our word for it. Ask your Pioneer dealer about yield data in your area for the last several years and see for yourself. The consistent performers... the top 8 performers are all from Pioneer!

Short Supply **3195**

High-yielding, full-season powerhouse! 3195 gets off to a good start with high seedling vigor, then makes the most of High Plains growing conditions. High test weight grain is hard textured and dries down fast. Ideal for grain or silage.

NEW **3183**

Contest winning yield potential with excellent disease tolerance makes 3183 an ideal companion for 3184. It also has excellent seedling vigor plus good standability and stay-green qualities.

**3305**

A silage grower's dream come true (even if your plans change mid-season)! Tall with good standability and a high grain-to-stover ratio. Adapts well to the high plant populations required for top silage yields. And if your plans change, excellent grain yields make it a profitable grain crop, too.

Short Supply **3184**

Steady corn maker, popular for excellent yields and consistent performance. Strong stalks, good roots provide outstanding standability.

**3780**

The corn you can manage almost like sorghum. Total fertilizer, water and insecticide requirements similar to sorghum. Maximum water use period makes it an ideal companion crop to cotton. Yield average of more than 7,800 lbs./A in four years of High Plains production at 96 locations.

NEW **3311**

A new hybrid you can trust like an old friend! It delivers top yields and is an outstanding companion for 3195. It silks earlier than 3195 and performs better under stress.

**3541**

Very early silking, a long kernel fill period, and fast drydown help 3541 produce extremely high yields for its maturity. Give 3541 the management it needs, and it could easily be your top income producer. Excellent standability, ear retention and head smut tolerance.

**3360**

Plant this one for your banker! It has the consistency to be the high-yielding workhorse hybrid you can rely on. Outstanding early season vigor. Excellent for silage on the Irrigated Plains.

Ask your Pioneer dealer about them **NOW.**

# TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES. BERHAM BIBLE SOCIETY CHICAGO, ILLINOIS 60635

## "DEAD FAITH"

Nothing in the Bible is stated more clearly or with greater emphasis than the blessed Pauline revelation of justification by grace, through faith, without works.

Rom. 4:5: "To him that worketh NOT, but believeth...his faith is counted for righteousness." (Eph. 2:8,9: "For by grace are ye saved, through faith...it is the gift of God; NOT of works, lest any man should boast." Tit. 3:5: "NOT by works of righteousness which we have done, but according to His mercy He saved us.")

Yet James states just as clearly that "faith if it hath not works is dead, being alone" (Jas. 2:17). He challenges professing believers: "Show me thy faith without thy works, and I will show thee my faith by my works" (Ver. 18), and declares that "by works a man is justified, and not by faith only" (Ver. 24), since "faith without works is dead" (Ver. 20).

Some have imagined a contradiction here, while actually there is none. There is a dispensational distinction, for to Paul had been committed "the dispensation of the grace of God" (Eph. 3:1,2). His was "the preaching of the cross" (I Cor. 1:18), offering salvation by grace through faith alone to all who would

trust Christ as Savior. James, on the other hand, was an apostle of the kingdom, proclaiming the kingdom rights of Christ and offering a changed way of life on earth which had already been experienced by the disciples of Judaea (Acts 2:29-32, 44:47, 43:35).

Hence with James the emphasis is on works, not because good works can save or even help to save, but because true faith inevitably bears fruit and we can judge true faith only by the fruit it bears. Our Lord said: "By their fruits ye shall know them." Hence James' epistle abounds with such phraseology as "ye see," "show me," "I will show you," etc.

What we must be careful to remember is that according to both Paul and James, faith comes first, then good works. Faith is the root, good works the fruit. The absence of fruit indicates that the root is dead, that while there may be an intellectual assent, there is no true heart faith, and "without faith it is impossible to please God" (Heb. 11:6).

The source of justification is grace; the basis, Calvary; the means, faith and the evidence, works. Think this through, accept God's grace and trust the Lord Jesus Christ as your Savior. He will help you to produce good fruit.

## Student Of The Week At Texico School

Elias Orozco, son of Mr. and Mrs. Elias Orozco, is this week's "Student of the Week." He is a seventh grader at Texico Junior High and is the seventh grade boy's manager in football, basketball, and track. Elias is a member of the Catholic Church, Texico 4-H Club, plays the drums in the 7th grade band, and is working on a science fair project. He attended school in Clovis before transferring to Texico this year.

[Selection of "Student of the Week" made by anonymous committee.]

## Brown Notes Cotton Crop Restrictions

AUSTIN--Agriculture Commissioner Reagan V. Brown cautions all farmers who applied insecticides under emergency permits to cotton last season that cotton is the only crop that can be grown on the land this year.

The insecticides Bolstar, Ambush, Pounce, and Pydrin, previously

unregistered, were granted emergency registration last year because of severe bollworm infestations in certain areas of the state, Brown said.

Because of uncompleted research on the longevity of these insecticides, no other crops except cotton may be planted in these fields.

## ENGY TRAK
