

Lions Sell Bulbs

Texico-Farwell Lions peddled 1900 light bulbs in their annual light bulb sale last week. Bulk of the selling was done Tuesday evening. Gross taken in from sales was in the neighborhood of \$415, a spokesman for the club reports. Still on hand, and for sale, are some \$35 worth of bulbs. These may be purchased by contacting any Lions Club member. For the sale, the club was divided into two teams. Elmer Teel and Cary Joe Magness were team captains. Net proceeds from the sale will be used to finance various Lions Club projects during the year.

L'buddie To Play Hart

Lazbuddie Longhorn fans will be seated in brand new steel bleachers Friday night when their team meets Hart in their third district game. In earlier district games the Longhorns defeated Vega 18-16 and Bovina 40-12. Their season record stands at five wins and three losses. Last foe in district competition will be Happy, the favorite, in a home game Friday, November 14. Installed last Saturday, the new bleachers will seat approximately 250 persons and were purchased by the PTA.

2 Fined for Tool Theft

Two Friona youths were convicted in county court Friday of theft of tools on two counts. On each count, they were fined \$1 and court costs and sentenced to a day in jail. Jerry Dennis Burnett, 18, and Leonard Ray Burnett, 19, cousins, were charged with theft of tools from James Collier and Ernest Osborn. The tools were returned to their owners.

"Uncle Billy" Alderson Dies; Funeral Today

Final rites for William Henry Alderson of the Rhea community will be conducted from the Methodist Church in Bovina at 3 p. m. today (Thursday) with the pastor, Rev. Davis Edens, officiating. Uncle Billy, as Mr. Alderson was known, died at the Parmer County Community Hospital at 6 a. m. Tuesday. He was born at Eldorado, Ark., January 17, 1871, and moved to the Rhea community from Oklahoma about 50 years ago. He was a farmer and rancher until ill health forced him to retire. Survivors, other than his wife, are a brother, Walter Alderson of Eldorado, and a sister, Jessie Anglin of Junction City, Arkansas. Honorary pallbearers will be A. D. Smith, Henry Reynolds, J. H. Floyd, Homer Martin. (Continued on last page.)

Democrats Win Election

Demos Lead Texico, 3-1

GENERAL ELECTION---Otis Huggins, foreground, had just received his ballot and was preparing to vote when this picture was made at the polls in Farwell Tuesday. Election officials shown are, left to right, Charlie Bieler, Mrs. Lexie Branscum, Mrs. Everett Christian, and Jess Coburn. Albert Smith, election judge, is behind Bieler.

Texico's vote totals were in favor of Democratic candidates in Tuesday's general election. A total of 203 voters used the voting machine in Texico town hall to mark their ballots. This was the third election for the machine to be used. For governor, Democrat John Burroughs led Republican incumbent Ed Mechem, 120-79. The vote split was more or less the same in favor of Democrats for other state and national offices, Charles McDaniel, election judge, reports. In close balloting, Texico precinct voted "approval" on two of five proposed amendments to New Mexico's state constitution. Amendments No. 1 and 4 were approved. No. 3 was defeated by a one-vote, 46-47, margin.

Parmer Voters Favor Demos

About half the eligible voters went to the polls in Parmer County Tuesday to mark their ballots in an "off" year general election. As they were expected to do, the voters wholeheartedly endorsed Democratic candidates and gave Republican nominees only a smattering of votes in each box. In voting as they did, county voters went along with the rest of the state. Roy Whittenburg, candidate for U. S. Senator, was the Republican making the best showing in the county. He got 275 votes out of the near-950 cast. Governor Price Daniel received 903 votes while 53 were marked in favor of his Republican opponent. Seven of nine amendments were passed by Parmer voters. The first two--annual sessions and county pensions--were thrown out on the local scene. Though the other amendments (Continued on last page.)

Banquet Planning Begun

Committees are working on plans for the annual Farwell-Oklahoma Lane-West Camp ex-students banquet to be November 29. Cards to be returned for reservations are being mailed this week. Speaker for the event, set for 8 p. m. in the school cafeteria, will be Dr. Jack Dunn, an ex-student. Entertainment will include music by Dorene McDowell and Annie Lee Chumley, Harold and Donnie Carpenter, and others. A short skit will also be featured on the program. Fried chicken with all the trimmings is on the menu and cost is \$2.00 per plate. Reservations should be made with Harry Sheets, president. Approximately 125 persons attended last year's get-together when speakers were Leo Forrest and Clayton Devlin, both former faculty members.

Sudan Game Decides District Championship

"They're going to be tough." That's what Farwell Coach J. D. Atwell promises about Sudan's Hornets, Steers' third District 3-A foe of the season. The teams square off in a game which will decide the district champion Friday night at 8 in Sudan. Both clubs have 2-0 district records. Sudan has whipped Springlake and Kress while Farwell has won from Kress and Anton. Winner of Friday night's game will have a 3-0 record and no matter how the season, continue to plague the Steers. Bruises were plentiful after the Friona game and Fullback Jerry Lovelace and End Owen Huffaker, who saw only limited action against Friona, are doubtful starters Friday night. Also adding to the worries of Coaches Atwell and Shelby Jobs is the sickness of Larry McDorman. He wasn't feeling well at mid-week and it was feared that he might have the flu. All three of the boys may be able to see action, but there's a good chance they won't, Atwell points out. On the brighter side of the picture is the fact that Doug Roberts, a starting guard early this year who has been out of action with a broken leg, is back out for practice. He is, however, still favoring the hurt leg and will not be in the starting lineup. For the season, Sudan has a 4-4 record. The Hornets have won over Amherst, Friendship, Springlake, and Kress while losing to Portales, Morton, Sundown, and Muleshoe.

"They seem to be improving as the season goes on," Atwell says. If McDorman and Jerry Lovelace are both out, Jimmy Hardage is expected to become a starter in the backfield. He weighs 140 pounds and will play right half, while Phillip Berry, regular right half, will shift to the fullback slot. Farwell will have a slight weight advantage. Sudan's starting lineup includes Lynch, 135, left end; Powell, 170, left tackle; C. May, 140, left guard; S. Fisher, 175, center; West, 145, right guard; E. Fisher, 170, right tackle; H. May, 165, right end; Galivan, 140, quarterback; Ballard, 145, left half; Cole, 155, fullback; and Humphrey, 145, right half. Cole is top runner for the Hornets while Ballard attends to their speedy ball carrying. Against Kress last week, Cole scored three touchdowns. Probable starting lineup for Farwell is Morris Reed and Jimmy Martin, ends; Larry Jesko and Robert Carthel, tackles; James Burleson and Joe Hughes, guards; Gerald Christian, (Continued on last page.)

Texico Jive Band Wins FB Contest

Named winner of Curry County Farm Bureau's talent contest last Thursday night in Texico School Auditorium was a 17-piece jive band from Texico High School. Directed by Fred Danforth, the band will appear at 2 p. m. Thursday, November 20, at Dixon Hotel in Roswell. Members are Charlie Stockton, Christina Bowers, D' Rene Danforth, Dwight Turner, Wesley Engram, Monte Singletery, and Mike Trower, saxophones; Gale Hadley, bass clarinet and piano; Connie Sharp and Pat Patterson, clarinets; Donald Gailouet and Kenneth Murdick, trombones; Don Johnson, David Lockhart, and Larry Richardson, cornets; Janice Adams, drums; and Raymond Hadley, bass viol and Sousaphone.

Friday of last week, Eldon Thatcher, Texico, plead guilty to burglary by breaking. He was given probation for a four year period. Farwell Fire Boys answered a call late Wednesday morning at Nickels Gin in east Farwell. On fire were cotton burrs in the gin's burr pin. The department snuffed out the flames in some 20 minutes of fire fighting. Flames were fanned by a strong north wind. Little damage was caused by the fire.

District Court Tries 5 Cases

Five cases were tried in District Court latter part of last week and Monday and Tuesday of this week. Included in the cases were four pleas of guilty and one of not guilty. C. L. Fultz, who pled not guilty, was charged with "knowingly passing a forged instrument (check) in writing." He was sentenced to three years confinement in the state prison. The check in question was passed at Williams Mercantile Co. in Bovina November 2, 1957. It was in the amount of \$31.60. Members of the jury for the case were U. S. Akens, foreman; Virgil Teague, C. A. Felts, Harold Travis, Deon Awtrye, Robert W. Read, Virgil Woodson, Clyde Sherrish, Jimmie Charles, Sterlyn Billington, R. L. Fleming, and Roy Coker. Junior Parks, Muleshoe, was sentenced to two years in state pen on a charge of burglary of Ellis Cafe in Lariat. This offense was committed October 15. Roberta Eafon was convicted of passing a forged instrument. Sentence was set at three years and was suspended. The check was passed at Hurst Department Store, Friona, August 16, 1958. Buster Patton was convicted of forgery and passing a forged instrument and sentenced to three years in state prison. The sentence was suspended.

Ernest L. Lokey was court-appointed attorney in all five cases. Funeral services for Mrs. Joe L. Kirkpatrick in Springdale, Ark., Monday morning were followed by graveside services at Morton Tuesday afternoon. Mrs. Kirkpatrick, who died Sunday following a heart attack Friday, was the mother of Mrs. Lawrence Cooper of Lariat. Mrs. Cooper flew to Springdale Friday and her husband and children followed by car Saturday. A former resident of the Morton area, Mrs. Kirkpatrick had lived in Springdale since 1945. She is survived by her husband, one son, four daughters, and eight grandchildren. Rev. Hugh Blaylock of Friona and Rev. J. R. Wood of Oklahoma Lane Methodist Church officiated at the services at Singleton Funeral Chapel in Morton. Burial was in Morton Memorial Cemetery.

Cemetery Group Clears Over \$200

Over \$200 profit for the upkeep of Texico Cemetery was realized from the cemetery association's annual dinner served Tuesday in Texico Woman's Club Building. Members contributed food and served pie and coffee during the afternoon as well as supper. Officers of the association wish to thank citizens who contributed food and patronized the dinner. Mrs. E. G. Blair, supervisor of the cemetery work, served as chairman of the dinner. Wesley Engram is president and Jim Bob Smart secretary-treasurer of the association.

FVFD Fights Fire At Nickels Gin

Farwell Fire Boys answered a call late Wednesday morning at Nickels Gin in east Farwell. On fire were cotton burrs in the gin's burr pin. The department snuffed out the flames in some 20 minutes of fire fighting. Flames were fanned by a strong north wind. Little damage was caused by the fire.

Lindop and Reed Harvest Royalty

In a do-it-yourself coronation ceremony at a Saturday night box supper at Farwell High School Jeanette Lindop and Morris Reed crowned each other Harvest Queen and King. Both are seniors. Mike McManigal was emcee for the program during which the titles of Ugliest Man and Prettiest Girl were awarded Jerry Don Utsman and Juanita Range. Raymond Martin was auctioneer and sold \$166 worth of boxes. Proceeds will be given to the school by the student council, sponsoring organization, and earmarked for new curtains for the auditorium. Attending the king and queen were candidates from the other classes. They were Martha Blair and Jimmy Hardage, juniors; Janice Routon and Bill Owen, sophomores; and Carolyn Routon and Jerry Lovelace, freshmen. Mark Williams and Beverly Jones served as train bearers and Marsha Lovelace and James Chadwick carried the crowns.

FIRST CUSTOMERS AT Texico Cemetery Association's annual dinner Tuesday were Wesley Engram, left, who is being greeted by Mrs. E. G. Blair, supervisor, and Jim Bob Smart, right, who is paying Mrs. Grace Sanders for his chicken dinner. Engram is president of the association and Smart is secretary-treasurer.

SHOWN IN A PRACTICE session preparing their entry for New Mexico State Farm Bureau's talent contest to be in Roswell November 20, are 17 members of Texico High School Jive Band, directed by Fred Danforth. They were judged the best entry in the Curry County Farm Bureau contest at Texico last Thursday night.

Our prediction on Friday night's football game: Farwell 22 Sudan 6 The host team will be fired up for this one, we feel sure. It's hard to play for the district championship without getting excited.

Steers Lose First, Friona Wins, 15-12

Halloween night was a sad one in Farwell. Friona's Chiefs, with a great second half comeback, blemished the Farwell Steers' otherwise perfect season record, 15-12, in Steer Stadium Friday night.

Save the score, it was Farwell's ball game. The blue and white jumped to a 6-0 lead early in the first quarter and increased it to 12-0 in the second quarter. Statistically, the Steers led in everything except passing. But, as the stunned Farwell fans kept reminding themselves after the gun had sounded, "It's the score that counts."

Turning point of the game came late in the third stanza.

Following a 15-yard penalty, the Steers gave up the ball on downs on Friona's two-yard line after knocking hard at the door of their third touchdown.

With their backs to the wall, the Chiefs made one yard with a play into the line. Then Fullback J. W. Baxter, easily the Chiefs' offensive star of the evening, charged hard over his left tackle, broke into the clear and was off on a 97-yard touchdown scamper. Friona kicked the extra point and added eight more points in the fourth quarter, but that was considered the game's big play.

Largest crowd of the year was on hand to see the two Farmer County rivals square off. Prior to kickoff time, the game was

rated a tossup. However, Farwell had the game under control until the Chiefs suddenly came to life in the third period.

The charges of Coaches J. D. Atwell and Shelby Jobs led in the first down department, 13-9, and in total yardage, 293-233.

Farwell was able to move the ball against Friona's top-rated defense. On only one occasion were the Steers forced to punt. And that punt never did materialize as Quarterback Johnny Lovelace, back to do the kicking, received a bad pass from center that made a punt impossible and ran for a first down.

Baxter's running and the needle eye passing of Friona

quarterback Jim Clements, turned the Halloween trick offensively for the Chiefs. Clements completed three of three passes from scrimmage and passed to Baxter for twopoints-after-touchdown.

Farwell's offensive machine started rolling early. Johnny Lovelace received the opening kickoff on his 10. With beautiful running and a multitude of downfield blocks, he returned the ball to the 29-yard line of the startled Chiefs. The Atwellmen picked up one first down and were on the 15 when the ball went over on the second series of downs.

Three plays netted Friona only six yards. Clements punted to Farwell's 40 and it was

returned to the 49.

Fullback Jerry Lovelace made 12 yards in two carries for a first down on Friona's 39. Halfback Phillip Berry ripped off 13 and another first down on the 26. Halfback Benjy Dial carried for one, Johnny and Berry made four each to bring up fourth down and one yard to go on the 17. A five-yard, offside penalty set the host team back to the 23. From that point, Johnny Lovelace passed to End Morris Reed who was all alone in the endzone and the score was 6-0.

A running attempt for the extra points was stopped.

Following the kickoff, Friona couldn't move and punted to Farwell's 33.

The Steers launched a 13-play drive, which included Johnny Lovelace's 34-yard fourth down run. After going to Friona's nine-yard line, the drive was killed by a fumble which the Chiefs recovered on their 10.

They made three first downs in succession and returned the ball to the Steers via the fumble route on Friona's 40.

Berry made one yard on a pitchout. Johnny picked up a first down by inches as he carried for nine. Jerry Lovelace went for six and then Johnny tossed to Reed from 24 yards out for the night's second TD.

A running attempt for extra points was again stopped.

The Chiefs had made two

first downs and were on Farwell's 48 as the half ended.

To begin second half play, Farwell kicked off. After making one first down, the Chiefs were forced to punt. Clements kick went to Farwell's 47.

Jerry Lovelace and Berry made six apiece and a first down on Friona's 41. Fullback Larry McDorman made two, Berry six more and Jerry stormed for 22 and a first down on the 11-yard line. Berry made nine in two carries to put the ball on the two to bring third down with one yard to go for a first down and two for a touchdown.

On the next play, the Steers drew a 15-yard penalty for holding to shove the ball back to

the 17. Berry made eight to the nine-yard line and Johnny, on fourth down, made seven to put the ball back on the two.

It went over at that point and two plays later Baxter was off on his 97-yard, game-changing run. Jon Roden kicked the extra point and the score was 12-7.

The Steers made one first down following the kickoff and then a fumble gave the anxious Chiefs the ball on Farwell's 43. After no gain and a five-yard penalty that moved the ball back to the 48, Clements passed to Halfback Carter for 19 yards and a first down on the 29. In three consecutive carries, Baxter made nine. Clements picked up the first down with a five-yard run to the 15. Baxter and Clements each went for no gain. Then Clements passed to Baxter for the six points. The same combination worked for the extra points and the scoring was over at 15-12.

The Steers got back to their 48 following the kickoff before they lost possession on a fumble. Farwell's determined defense allowed the Chiefs six yards in three downs and they punted to Berry on his two. He returned to the 10.

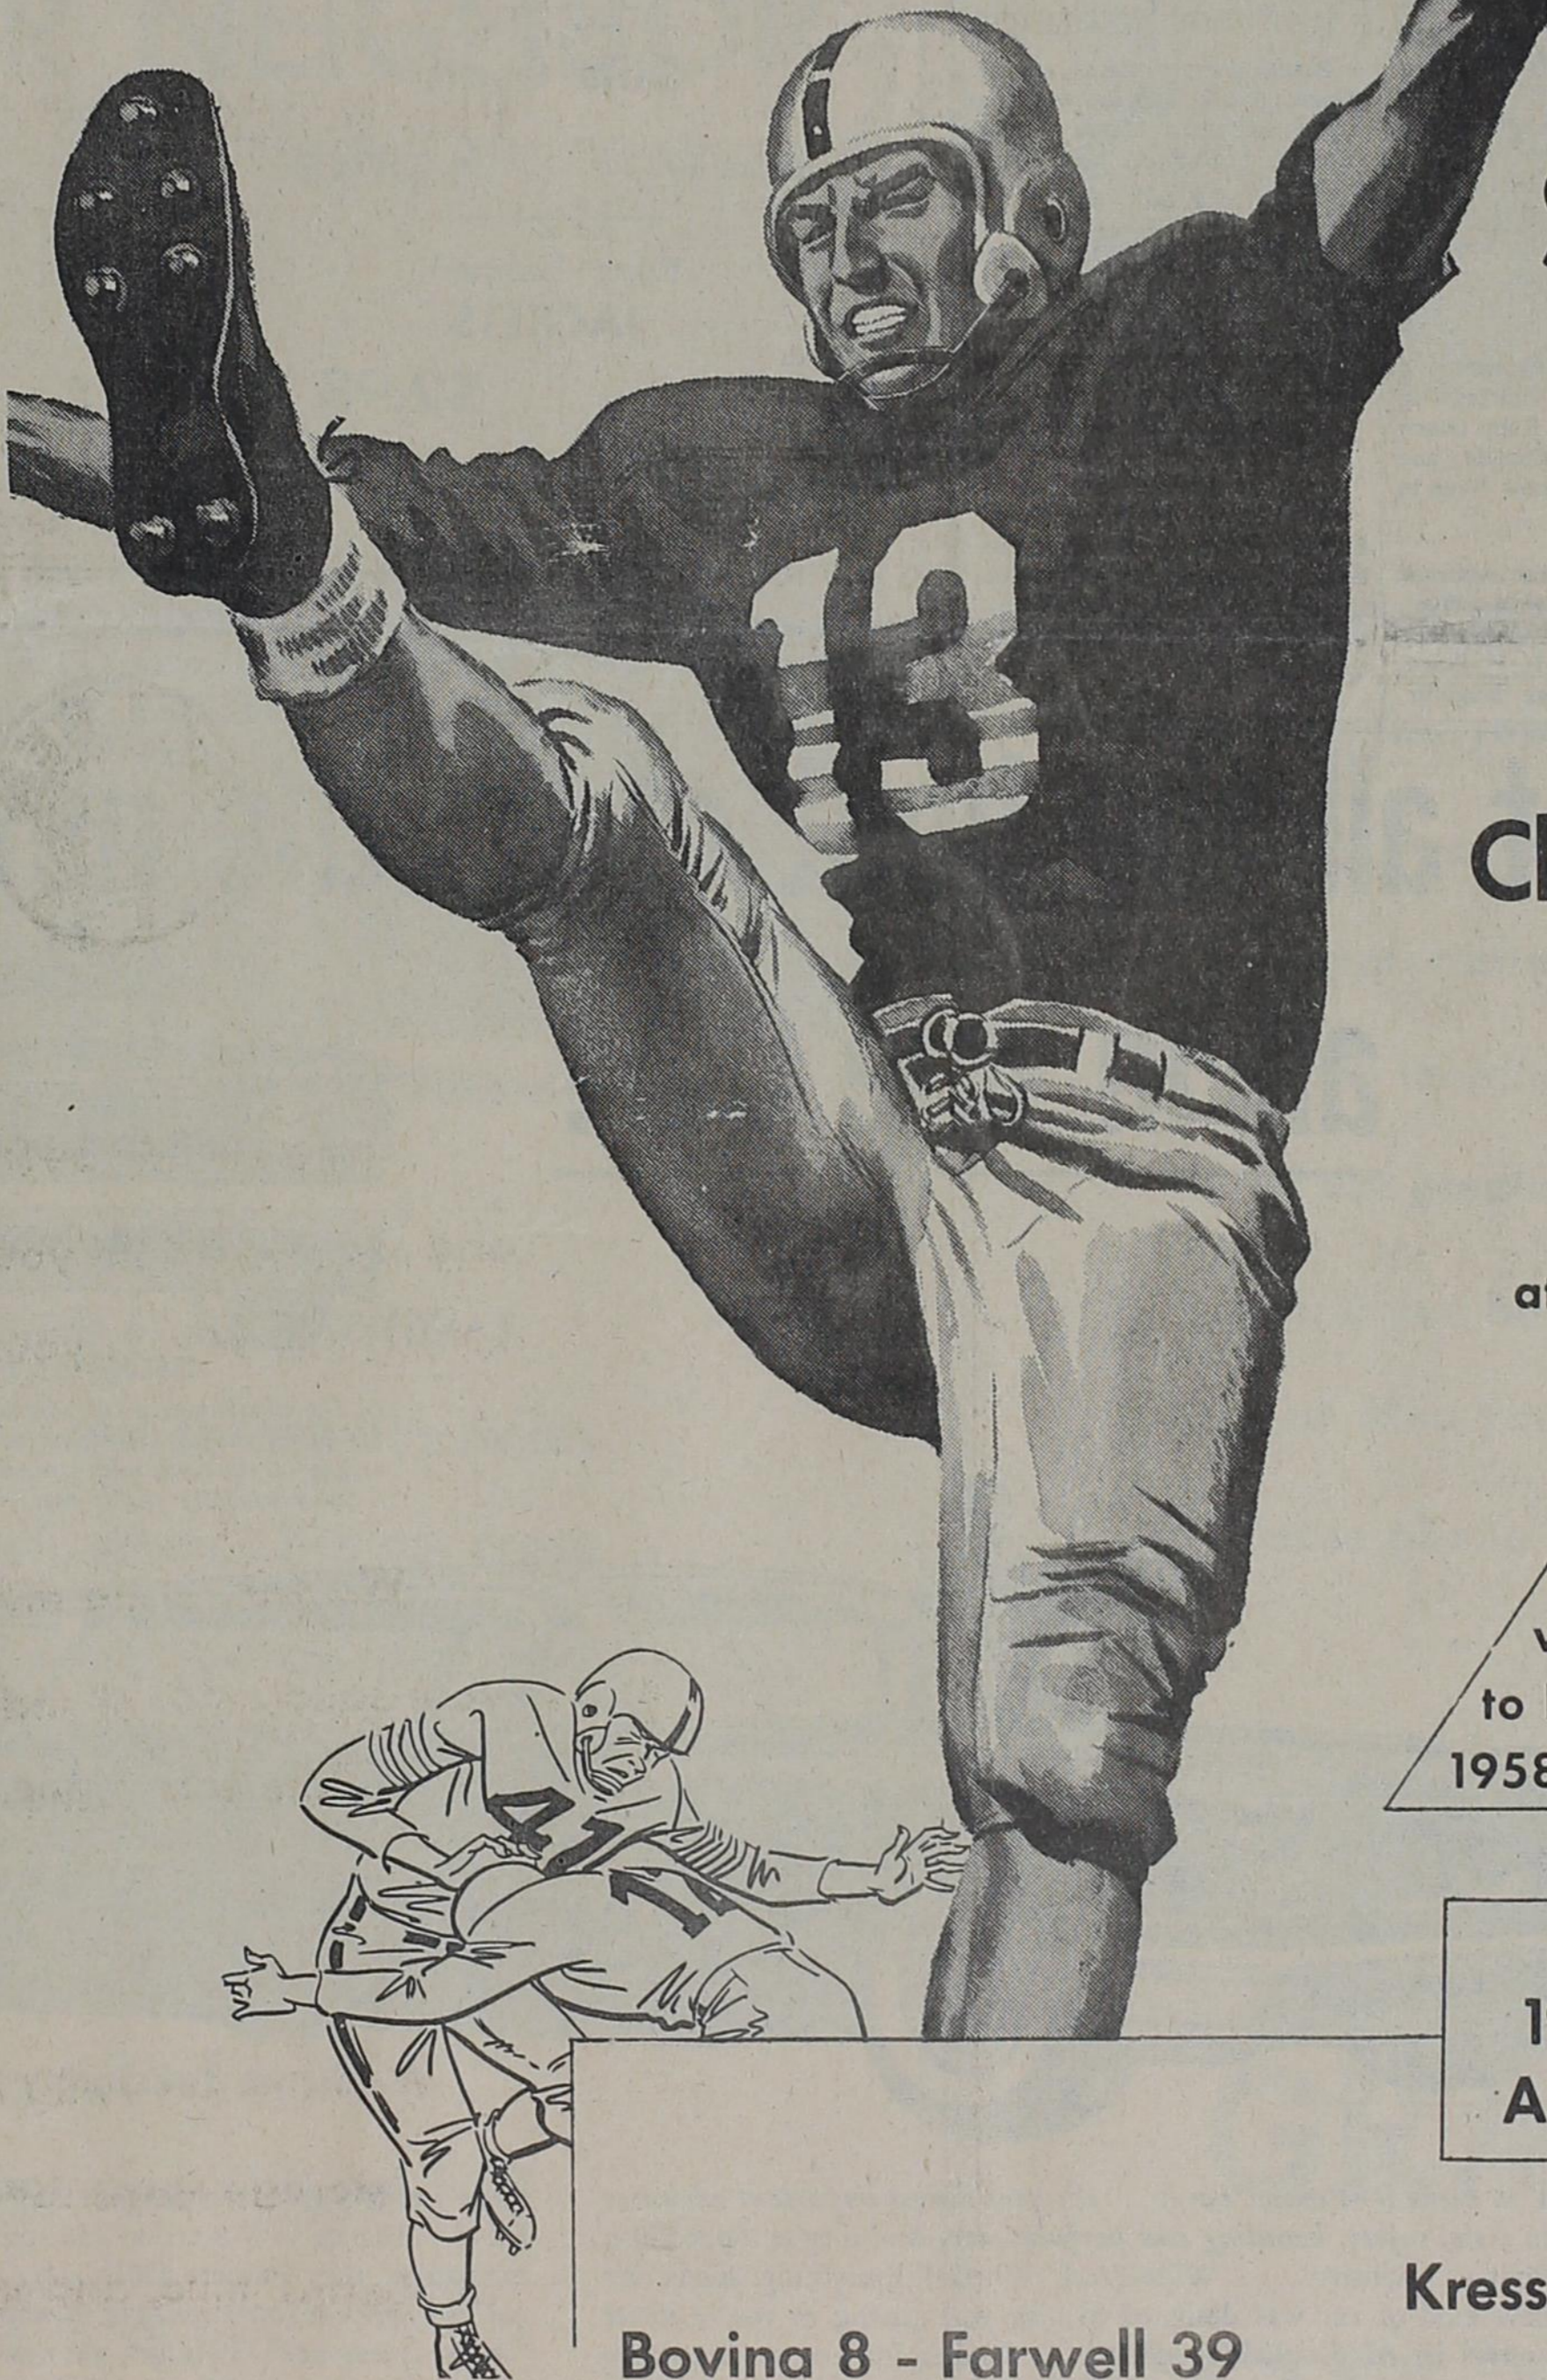

With time running out, Johnny Lovelace passed long in an attempt to regain the lead, but Gary Goetz, Chief end, intercepted the ball and two plays later the game was over.

Steers' record for the season now stands at 7-1. The win brought Friona's record up to 5-2-1.

This was only the second time this season that Farwell has been behind in the scoring. The other time was in the Plains game, which Farwell won 24-22.

1958 Harvest Biggest Ever

THE HIGH PLAINS FARM AND HOME

Well over \$13 million will be added to the gross receipts of Parmer County area farmers this fall, as they wind up history's most fruitful grain sorghum harvest.

The total production will be somewhere in the neighborhood of 15,000,000 bushels. The exact amount will never be pinpointed, but several barometers furnish the basis for very good estimates.

The most important one is the annual elevator-by-elevator contact made by Farm and Home reporters, who call on all warehousemen and ask them to supply information that will enable a total to be run.

This year resulted in extra work for the seekers of information. They found that it was necessary to cover a lot more ground. Elevators have sprung up in the communities of Hub and Pleasant Hill this year. Last year an elevator

was built at Rhea. There are now 18 elevators. Contacted were the following:

BOVINA -- Macon Elevator, Sherley Grain Company, S. E. Cone Grain & Seed, Bovina Wheat Growers.

FRIONA -- Friona Wheat Growers, Continental Grain, TEXICO-FARWELL -- Worley Grain, Sherley-Anderson-Pitman, Golden West Seed Company, Lone Star Elevator.

PLEASANT HILL -- Worley Grain, Prewett Grain, Black Grain, Tri-County Elevator.

HUB -- Hub Grain Company. RHEA -- Rhea Grain & Fertilizer.

LARIAT -- Sherley-Anderson, Lariat Elevator.

Together, these commercial elevators make Parmer County a behemoth in the grain storage business. There are over 23,000,000 bushels of storage available--very probably more than any other producing county can boast for its country elevator capacity.

As of Tuesday, 12,915,000 bushels of grain sorghum had rolled across the scales of these area elevators. Their 1958 receipts should go well over 13,000,000 bushels by time the harvest is completed and all grain has come in from the farms.

Meanwhile, grain that is being stored permanently on the farms or which moves directly into market must be accounted for. That should be enough justification for the 15-million-bushel production figure that Farm and Home is publishing this week.

Although the price for Parmer County's biggest crop remains at a relatively low ebb, a surprising percent of the crop has been going straight to market this year, instead of into the government loan program (from which it seldom emerges).

Prentice Mills, ASC office manager, reports, "There is considerably more selling than in the past." He believes that about 20 percent of the county-wide crop has been moving immediately to market.

The support price this year is \$1.75 per bushel. Charges for storage and handling are now yielding the farmer a net of \$1.62 in the loan. Those figures are down about three cents from 1957.

Total loans made at elevators, plus grain placed in the loan but stored on the farm will not be known until sometime after the first of the year. Many farmers defer completing loan papers until then for income tax purposes.

Some odds-and-ends reports from the field:

Weldon Stringer, Hub Grain, reports that Ed Walters made 7,997 pounds per acre on a fairly good-sized field (from 30 to 50 acres). He farms west

of the Hub. J. P. Macon, Macon Elevator, says that Dean McCallum made 7,700 pounds per acre on 30 acres of broadcast-sowed milo north of town.

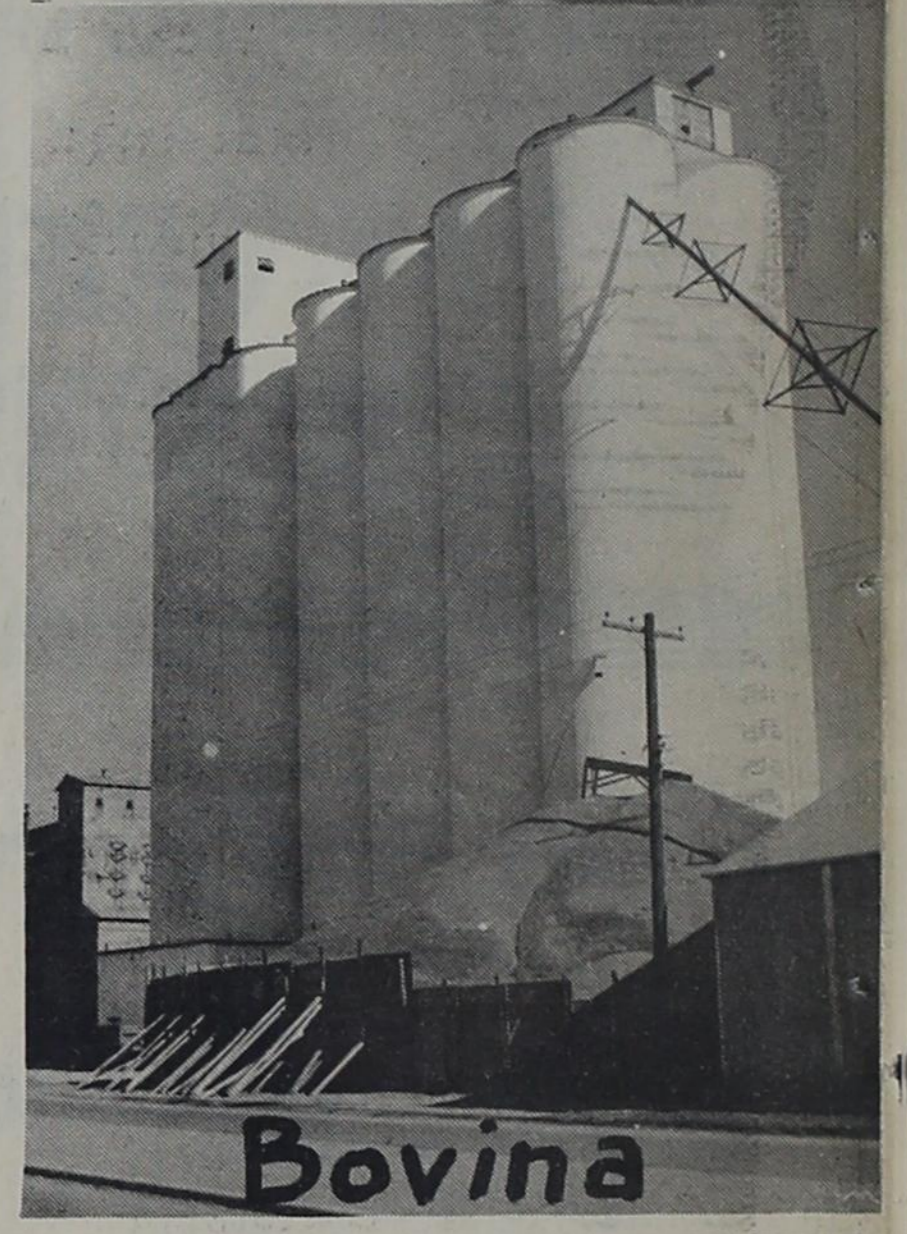

Joe Pinner, customer of Bovina Wheat Growers, averaged almost 5,000 pounds this year, reports Wilburn McLean, manager.

The 1958 harvest is about like last year in the Black area, says Pete Braxton, manager of Tri-County Elevator. The irrigated average is from 4,000 to 4,500 pounds. Harvest will wind up this week.

Preach Cranfill, manager of Continental, says that Walter Reithmeyer averaged 5,400 pounds on 300 acres. He farms the Ed Boggess place. "Looks like this year was best average acre yield I can remember," says Cranfill.

"Good run. Good and better than last year's crop. Quite a few have brought in averages over 5,000 pounds on large acreages," says D.C. McWhorter, manager of Black Grain. Some of them are Ivan Adkins, Clyde Hays, Jerry Bell, Sam Bailey--all farmed over 400 acres each.

Unusually good harvest marked by good weather on the

Bovina

whole, says Loyd Prewett of Prewett Grain. Better yielding, mostly hybrid varieties planted. Albert Roland averaged 8,315 bushels on 6 1/2 acres west of Friona.

The hospital auxiliary had two sewing bees lately. One was at the home of Mrs. A. W. Anthony Sr., and the other at the J. T. Gee home. Several sterilizing wraps, two as big as wagon sheets, were made and a bolt of toweling was cut and hemmed for the operating room.

PCICN The frail old lady fell downstairs and broke a leg. The doctors put it in a cast and warned her not to walk up or down stairs. After several months of slow healing, the doctor took off the cast. "May I climb the stairs now?" asked the old lady. "Yes" replied the doctor. "Goodie!" she chortled. "I'm sick and tired of climbing up and down the drain pipe."

RIGHT TRIM ADDS "STYLE FLARE"

The right kind and amount of trimming adds interest and individuality to a costume. Too much can be distracting and confusing, according to extension clothing specialists.

The secret of effectiveness in trimming lies in discriminating use. Self covered buttons and belts, or those that blend with the garment, can be used without danger of a spotty or overdecorated effect. Self trim of this type becomes part

of the design of the garment and gives more leeway in choosing other accessories. If you plan for contrasting trim, study your figure carefully to determine where to place the emphasis. In other words, "accentuate the positive." Make certain the trim is appropriate to the garment and the occasion for which it will be worn.

Shop for ideas that are different. Study garments displayed in exclusive dress shops and adapt ideas to your own purse and personality.

A final word. When in doubt, leave that extra trim off. It's better to trim too little than too much.

AFTER SCHOOL SNACKS SHOULD BE NUTRITIOUS

Most school children are hungry when they get home from school. Well planned between meal snacks help complete the daily needs for food. Soft drinks, candy and other sweets cannot fill this need, remind extension foods and nutrition specialists.

The wise mother provides various kinds of fruit and vegetable juices, milk, fresh fruits, sandwich spreads, carrot sticks and celery curls for hungry youngsters. These are easy to prepare, appetizing and nutritious.

Some tasty snacks suggested

by the specialists include: Cheese and olive sandwiches and milk. An apple and a glass of milk. Orange juice and carrot or celery sticks. Tomato juice and assorted crackers. Peanut butter and raisin sandwich, grapefruit and pineapple juice. Banana, lemon drop cookies and milk. Snacks will not spoil the child's appetite for a good evening meal, if they are eaten immediately after school or mid-afternoon, and if servings are kept moderate.

Long Staple Pays Off

Almost all of the Parmer County area farmers are pleased with their cotton this year, but one farmer should be especially happy. He is Bob Hart of Farwell.

Hart, who farms the Bar Aldridge place north and east of Farwell, has 38 acres of Acala long-staple cotton this year. Picking started last week and reports coming from the gin where the cotton was taken are little short of phenomenal.

The first picking yielded 47 bales, of which 43 were middling 1 5/32", with a price of \$38.64 per hundred. Two bales were 1 3/16" strict low middling worth \$34.70. The others were strict low middling 1 1/8" and middling 1 3/16" bringing \$37.79 and \$39.25, respectively.

Woodrow Fleming of the gin says, "I've been in the cotton business since 1938 and it's the best list of cotton I've ever seen."

A machine picker (not stripper) was brought in from the Texas Lower Rio Grande Valley for harvesting. Another picking is due soon.

Long staple cotton didn't do so well on the High Plains last year but it is paying off well, apparently, for Hart in 1958.

THE PARMER FARMER

by W. H. Graham Jr.

By the time this issue is in the mails, the 1958 grain sorghum harvest will be history. Cotton is rolling to the gins in a steady stream as the strippers make short work of the snow-flecked fields. The wheat harvest, of course, was finished long ago.

That means that the Parmer County area has about completed another farming cycle and, as always, the farmers will be anxiously peering into the future to see what may lie ahead.

Harvest time is traditionally a time of happiness for the High Plains farmer. Most are enjoying the fruits of a reasonably good season and are in fair or good spirits.

So, we don't want to put a damper on an otherwise pleasant scene, but as we contemplate what lies ahead for next year, there is cause for some serious thinking. For each of the three main commodities that the farmers of our area produce, there are great problems of supplies, markets, and prices, none of which—at the present time at least—seem to be going in the farmer's favor.

Overproduction of wheat has been much greater this year than had been anticipated. That was primarily because of greatly improved weather conditions in the Great Plains states. This unusually large production is compounding a surplus condition that has been a problem in the nation for several years now.

Grain sorghum is also in abundant supply and, again, the 1958 production far exceeds what has been moving into market channels under normal conditions. There is also a large corn crop, which adds to sorghum problems. Cotton has its problems with an over all abundance (although some stocks are in short supply) and the government has initiated for the first time, a "split deal" to try to improve production and marketing.

All of these factors add up to one ominous note: apparently the low prices for the farm products which our farmers produce will continue through 1959. This outlook, painted against a background of increasing prices for almost everything which farmers must buy, is not a very cheering one.

There will be some irrigated farmers of the area who will

continue to do well in their operations through next year, but for those who have been having difficult times the past two or three years, the outlook is not much improved.

Alternatives are not very encouraging, either. The Parmer County area vegetable production, off to a brash and optimistic growth in the early part of this year, is closing out with very few farmers showing a gain for their efforts. The years are few and far between when all of four or five vegetable crops do poorly, but 1958 has been one of them.

Such unfortunate developments are not much stimulus to further explorations into the highly specialized production of truck crops. In fact acreage may be curtailed in our area.

The Grain Sorghum Producers, our local commodity group, has just undertaken an effort to move sorghum directly into international trade. The measures they are taking are drastic, but the problem needs drastic action. The cotton industry is struggling with changes that will, it hopes, improve its plight.

These measures may or may not be effective and of benefit to the local farmers. Even if they are beneficial, their effect will probably not be immediate. Such changes take years to work out. Meanwhile, the farmers, who live from year to year, have current problems.

Each week, according to the National Safety Council, 81,000 persons are injured in home accidents—an average of an injury every eight seconds. More than four million persons are hurt in home accidents annually, and about 28,000 persons are killed.

Small grain producers lost an estimated \$15,471,000 due to plant diseases in 1958. Harlan Smith, extension plant pathologist, said rusts accounted for most of the losses but that blights and smuts also were of considerable importance. A combination of seed treatment and crop rotation can reduce these losses and small grain

varieties with resistance to the diseases should be planted in areas where adaptable.

Studies show that families can cut food expenses by producing more of their food needs at home. And, says Cecil Parker, extension farm management specialist, they may be better fed by doing it.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Wild life in Parmer county depends on soil, trees, grass and grain for its support.

Looking at it from that standpoint, the way the farms and ranches are managed have a major bearing on the quality of the wildlife.

Odd areas such as narrow or sharp field corners that are not being cultivated make good wildlife areas.

Old gullies that are too deep

to stop by engineering means could be fenced off and left for wildlife cover.

Waterways make very good wildlife areas in addition to transporting excess water without erosion.

Field windbreaks that were planted away from the farmstead for livestock protection are very good for wildlife.

The natural lakes in this area are always good for waterfowl. Cover around lakes and ponds should be protected from grazing.

All wildlife areas must be protected from fire and grazing to afford adequate cover for wildlife.

The Soil Conservation Service will assist any farmer or rancher in establishing suitable wildlife areas if desired.

Now that frost has killed most of our outdoor flowers and plants, many of us will be trying to grow potted plants and making plans for early flowers next spring.

If you like flowering houseplants which can be transferred to the yard in the summer, try growing miniature roses.

Growing plants, like any kind of pet are sure to present some problems along with the pleasure you receive from them.

Legislative suggestions will be presented in the state legislature, and the majority of them will become law.

Other resolutions, national in scope, will be presented to delegates to the American convention in Boston in December.

Even though none of the decisions reached are likely to be exactly what any individual farmer might want, in detail, all of them will have been reached after discussion, debate, and vote.

Business sessions have, in the past, begun on Tuesday morning, after open sessions of resolutions. Due to the increase in interest and the number of resolutions that must be acted upon, caucuses will begin on Monday morning and business will be conducted throughout the three day convention.

Farmers will be glad to know that the railroads have a man who is interested in helping all he can with the eradication of noxious weeds by treating them on the RR right of ways.

Consider this: "A poor man that oppresses the poor is like a sweeping rain which leaveth no food." Prov. 28:3

buy dormant plants in the winter and pot them in a clay pot on a mixture of soil that includes pebbles to assure drainage and humidity.

Another favorite in the flowering plants is a geranium. There are many kinds of geraniums and the novel kinds are fun to grow.

The most important things that a grower should learn about houseplants are, where to put them, what kind of soil to use, what kind of pot is most suitable, the proper amount of water to use, what the humidity should be, the right kind of fertilizer, and how to control insects.

When the cakes are ready for storing, wrap them tightly in Saran Wrap, then in aluminum foil. Do not freeze until after they have been properly aged.

Our favorite fruit cake is spicy, dark, and moist for good keeping. It is Black Beauty Fruit Cake.

1 cup seedless raisins 1 cup currants 3/4 cup chopped pitted dates 3/4 cup citron 3/4 cup chopped candied lemon or orange peel

1 1/2 cups walnuts or pecans 1 1/2 cups sifted all purpose flour

1/2 teaspoon baking powder 1/2 teaspoon soda 1/4 teaspoon salt 1/2 teaspoon each cinnamon, allspice, and nutmeg 1/4 teaspoon cloves 1/2 cup soft shortening

north of house or under trees or shrubs, out of the wind. If sunk in moist vermiculite, sphagnum, or peat moss, they'll need watering only once a week by a neighbor.

The suggested amount of time for "ripening" fruit cakes is four to six weeks, so it isn't too early to be making plans for Christmas fruit cakes or for actually baking Thanksgiving cakes.

For glazing the cakes, let them cool thoroughly then brush generously with hot light corn syrup and decorate with fruits and nuts. Cakes may be frosted with butter-powdered sugar frosting, if you desire.

Storage space for the above-mentioned items, which are part of every family's possessions, should be planned in new homes and provided in some way, if possible, in older ones.

1/2 cup firmly packed brown sugar 2 eggs 1 cup dark molasses 1/4 cup grape juice or coffee Combine fruits and nuts in large bowl. Coat with 1/2 cup of the sifted flour.

One homemaker expressed the lack of storage space in her new home this way, "Our two car garage is simply not big enough. After all the bikes, tools, tires, trunks, boxes, etc. are stored, there's no room for the cars."

Storage space for the above-mentioned items, which are part of every family's possessions, should be planned in new homes and provided in some way, if possible, in older ones.
