

The World's Worst

Having the world's best of something might be a feat worth telling the world about. But having something that is the world's worst is hardly cause for bragging.

If you know something that Texico-Farwell has that is the world's best, tell us about it and we'll print it. Meanwhile, as the search goes on for something commendable, allow us to point out what we seem to be the world's worst at:

Parking.

Some may think that parking is one problem we've little to worry about in a community of this size, but don't you believe it. The facts are that we have become so slovenly about our driving habits in town that if we didn't reform every time we went to a fair-sized city it would mean tickets by the fistfull.

Texico and Farwell were born with inadequate streets for the modern age of multi-lane transportation. We have a parallel parking system, and it is a lousy one; not enough room to do the job well if we all skillfully practiced the art (and we don't).

Texico has her sister city in Texas bested so far as parking uniformity is concerned. While, as we point out, there's not much for commendation on either side of the state line, the daily tangle at the Farwell post office is one of the most disorganized scenes involving civilized people in vehicles that we have ever seen.

We are lazy, careless, and downright inconsiderate of the needs of others when it comes time to getting the mail with the

least possible inconvenience and time to us. This usually means wheeling up to the post office curb on the wrong side of the street, parking with the door standing open and then backing up and disrupting both lanes of traffic trying to get back into locomotion.

The Farwell post office corner is a case of "first there, first served." That is because usually after one car parks in this unorthodox manner it spoils the chances for two or three more which might make it in if common sense prevailed.

A small item? Well, perhaps. As most all cars are traveling slowly, the actual danger to life and limb is pretty minor. But the ire that boils to the top in the mind of a man approaching a parking place in the correct manner only to have someone else cut across a lane in front of him to louse things up may some day produce a homicide on the streets of our fair community!

And we're not sure but what the jury would turn him loose.

Spending the weekend in the home of Mr. and Mrs. J. M. Goolsby were three nieces from Lubbock and Tucson. The Goolsbys visited her parents, Mr. and Mrs. Earl Miller of Lazbuddie Saturday.

Mr. and Mrs. John Spearman visited Saturday night in the home of Mr. and Mrs. Vaughan Keith in Lazbuddie.

Visiting in the home of Mr. and Mrs. L. R. Tally and Mr. and Mrs. Hubert Tally recently were Mr. and Mrs. R. F. Tally from Friona.

Bill Dane, father of Weldon Dane has moved to the Pleasant Hill Community from Plainview.

Other new residents are Mr. and Mrs. Leon Langford who moved from Milnesand, Langford is the son of Mr. and Mrs. Elmer Langford.

Mike Brown has returned after spending two weeks in Lawton, Okla., visiting his son, H. G. Brown.

Clarence Brown and his brother, Jim Brown from Tucumcari, made a business trip to Muleshoe recently.

Mr. and Mrs. G. C. Miller of Roswell were visiting in this community Sunday and attended church at Pleasant Hill Baptist Church.

Mr. and Mrs. Robert Servatius and family spent the weekend with her mother, Mrs. Janie Anderson in Anton. Mrs. Anderson came home with them to visit a week or ten days. Also visiting in the Servatius home Sunday night were Mr. and Mrs. Royce Hargrove of Lubbock.

Mr. and Mrs. Buck Taylor were in Friona Sunday night to visit his brother-in-law and sister, Mr. and Mrs. Bub Hand.

4-H GIRLS HAVE SEWING LESSONS

Pleasant Hill 4-H girls enrolled in clothing took sewing lessons at a Clovis firm Saturday. Participating were Marilyn Pounds, Bettie and Janice Clark, Lena Mae Brown, Janet Sharp, Diane Baldrige, Wanda Eshelman, and Glennis Fahsholtz. Leaders were Mesdames Edwin Fahsholtz, Alvis Clark, and Orris Eshelman.

Wayne Fahsholtz spent Thursday night with Steve Duddy at Claude to help Steve celebrate his birthday.

Jimmie Goolsby was an overnight guest in the home of Wesley Raulie Saturday night. Visiting Saturday night in the home of Mr. and Mrs. Jimmy Weatherford were Mr. and Mrs. O. L. Guthrie.

FARM BUREAU MEETS

Pleasant Hill Farm Bureau regular meeting was February 19 at the community building. Approximately 50 persons attended the program on civil defense. Doughnuts, coffee, and cold drinks were served.

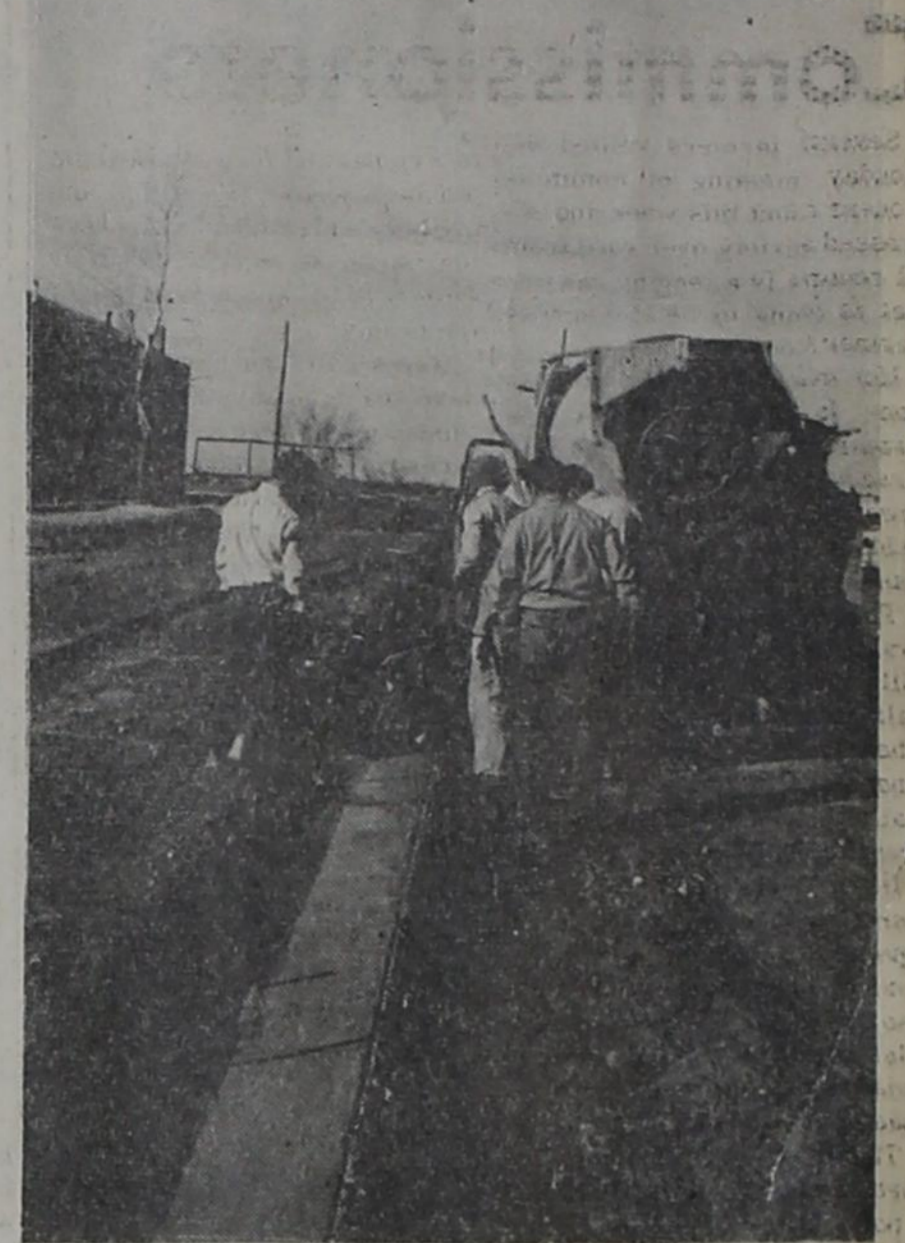

MRS. A. D. SMITH IN HOSPITAL

Mrs. A. D. Smith was admitted to Clovis Memorial Hospital last Wednesday for observation and medical treatment. She was reported to be improving early this week but it was not known when she would be dismissed.

Full Speed Ahead On Paving

RUNNING LINES on the last 10 blocks of the curb and gutter work of Texico's big paving project is this worker for Thomason Construction Company of Denver City. Forms are placed according to his calculations.

THEN COMES THE CEMENT in ready-mixed form. It is quickly molded to the contours of the curb forms and hand troweling finishes the job. A good curb and gutter job is essential to obtain the full benefits of any residential paving project.

OKLA. LANE

SISTERS HAVE VALENTINE PARTY

LaNell and Gwendolyn Christian were hostesses at a valentine social and chicken fry at the home of their parents, Mr. and Mrs. Wendol Christian, Friday, February 13.

Guests accompanied them from school and were entertained till meal time with games directed by Mrs. Harold Carpenter.

Attending were Carol Mast, Beth White, Vicki Vaughn, Vicki Letcher, Carolyn Johnston, Cecilia Denny, Sharon Cisco, Shirley Putman, Loy Beth Christian, Zeda Donaldson, Diane Stowers, Marjorie Carter, Linda Johnson, Cindy Gaunt, Patsy Compton, Margie Fuller, Con-

nie Vaughn, Carolyn Darnon, Linda Cisco, Phyllis Christian, Nancy Putman, Irene Thornton, and Bonnie Morris.

Joining the group for the chicken fry were Mr. and Mrs. William Thornton and Susan, Mrs. C. C. Christian, Mrs. Sterling Donaldson, Dorris, Jolene, and Roy.

MRS CARPENTER ENTERTAINS FARMERETTS

Mrs. Dee Brown showed movies of a recent trip to Hawaii and displayed material, clothing, jewelry, and other accessories from the islands when Farmerettes met Tuesday afternoon in the home of Mrs. Harold Carpenter.

Other guests were Mesdames Norwood and Nettie Johnson. Members present were Mesdames Louise Christian, Dot Roach, Joyce McGuire, Marjorie Watkins, Jeanie Garner, Lily Christian, Kathryn Hardage, Lois Billingsley, and Charlene Grissom.

The hostess served heavenly Hawaiian dessert with pound cake and coffee.

Mr. and Mrs. Joe McWilliams returned last Wednesday.

News From Pleasant Hill

By Mrs. Buck Taylor

Mr. and Mrs. Floyd Bocox visited their son-in-law and daughter, Mr. and Mrs. Hubert McAlvery, in Las Cruces over the weekend.

Mr. and Mrs. Lowery Winkles visited her brother and family, Mr. and Mrs. Vernon Lovett in Alamo last weekend. They also went on to Juarez and El Paso where they visited Mr. and Mrs. Jap Tost.

Returning Sunday after spending the weekend with their son and family, Mr. and Mrs. Paul Clark and children, were Mr. and Mrs. Maurice Clark. Karen and Linda Osborne spent Friday night with their grandparents, Mr. and Mrs. Buck Taylor, after attending a birthday party and appearing on a children's TV program in Clovis.

day from a two-week vacation in California. They visited friends and a deep sea fishing trip on which they caught about 60 pounds of fish and saw a whale, and visits to Disneyland, Knotts' Berry Farm, and Boulder City.

Mr. and Mrs. Vernon Jamison and Miss Wilma Norton returned Wednesday from Fort Gordon, Ga., where they had spent a week with the Jamison's son, Leon, who is stationed there with the army.

Mrs. Darrell Norton returned Sunday from Lone Wolf, Okla., where she had been visiting her grandmother who is ill.

Sunday visitors in the D. W. Carpenter home Sunday were Mr. and Mrs. Carl Jackson of Plainview, Mrs. Ella Mae Childers and boys of Hereford, and Mr. and Mrs. Lester Norton and boys.

Farmers Meet With County Commissioners

Several farmers visited the Monday meeting of commissioners court this week and expressed anxiety over what from all reports is a lengthy gas line that is going to be laid across Parmer County.

Not much concrete information is available, but the farmers say survey crews have already been at work up and down roadways and even into fields making what appears to be plans for the laying of the line.

This is reported to be the Trans-Western pipeline which will run from Panhandle to the California - Arizona border. Whether it is just in the planning stage or whether it is actually being built now has not been determined.

Its proposed path across Parmer County would extend from a point about two miles north of Texico-Farwell on the state line, northeastward about parallel with Highway 60, and then under the highway and the railroad near Bovina.

The line would then continue north and east until it reached a point about five miles south

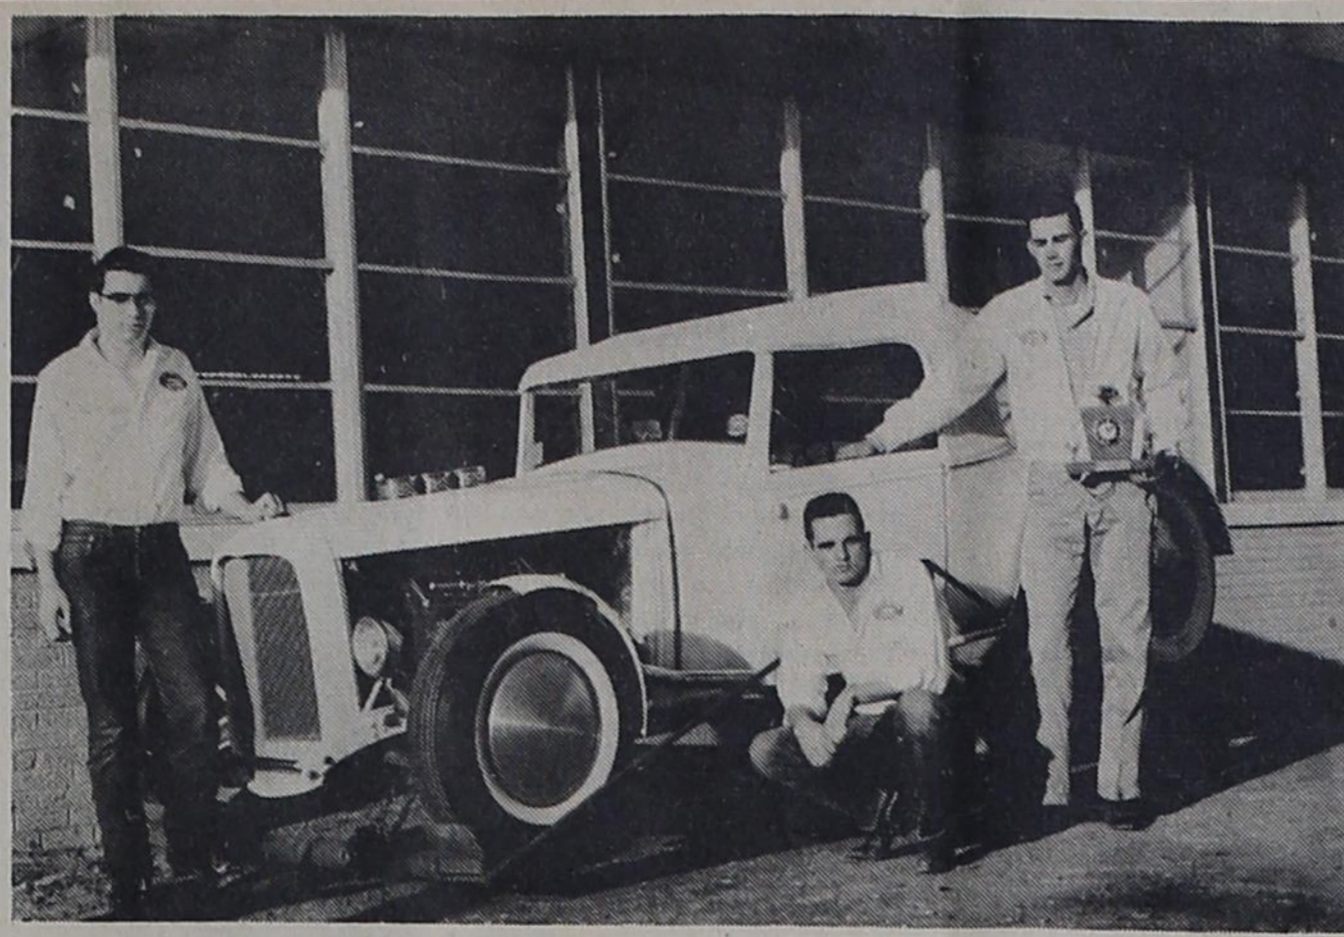

of Priona, and then would angle northeastward closer to the highway and railroad until passing south of Black. Shortly afterward it would pass out of the county.

The six to eight farmers who have made inquiry to the commissioners were seeking information and requesting that the county not grant permission to cross county roads.

No particular objection to the line itself has been expressed, but the farmers are concerned lest the digging and installing work be done at a time when irrigation and tillage of their farms would be necessary. They don't want their schedule disrupted.

Other business transacted at the meeting included the routine payment of bills and approval of minutes, and the authorization of repayment of a \$14,000 loan from Security State Bank.

The money was borrowed last year to meet the cash need for right of way purchases.

A REAL HOT-ROD is this 1931 roadster and the pride of its owner, Orle Jones. The snazzy car placed second at the Motorama Auto Show in Amarillo last week. Helping get the car ready for the show were Bruce Burton, left, and Bobby Lesly, center. Jones shows the trophy the entry won.

Local Hot Rod Takes Big Prize

Hot Rods do more than just burn up the drag strips. They have definite aesthetic values. At least that's true of the ones that are put together with the care and time given such a car as that owned by Orle Jones of Farwell.

Jones' 1931 hybrid roadster won first in its class and second in sweepstakes at the Autorama show in Amarillo last week. The show, sponsored by the Texas Panhandle Timing Association, drew entries from Texas, New Mexico, and Oklahoma. The Farwell rod was second best in a field of 52.

The award was made on the basis of workmanship, originality of design, and safety features. It is the biggest prize ever won by the local rodster.

Young Jones has owned the roadster three years and improvements have been made all along the line. His friends in the Dealers Club of Farwell and Clovis all pitched in to make the car meet-ready and that helps explain how well the car was rated.

The car, on a '31 Ford frame, has an Oldsmobile engine with triple carburetion. It displaces 324 cubic inches and develops

about 225 horsepower. Jones values the car at around \$3,000, although he says that if his labor is worth anything \$5,000 would be a more realistic figure.

The 15 members of the club shared in Jones' pleasure in the win which netted not only some nice shelf hardware, but a \$50 savings bond as well. Jones' sharp white roadster is proof that burned rubber isn't the only thing well built hot rods are good for.

R. E. CROOKS HOSPITALIZED

R. E. Crooks who was hospitalized last Thursday with a heart condition remains in Clovis Memorial Hospital. Family members say he will be confined for some time.

Of Public Schools

Lazbuddie Church Plans Recognition

Public School Week kickoff in Lazbuddie will be a community-wide public school recognition service in Lazbuddie Methodist Church at 3 p.m., Sunday.

Faculty and school board members will be honored and Rev. Bernard Seay, pastor of the Methodist Church, will direct the program assisted by Rev. Bill Curry of Lazbuddie Baptist Church and R. A. Hartsell of Lazbuddie Church of Christ.

Everyone in the community is invited to attend the program and reception following in the fellowship hall.

Subsequent Public School Week events will include a PTA

meeting Monday, March 2, at 8 p.m., and the annual parents' lunch and a special student program Friday, March 6. Lunch will be at 12:30 and the program on trends in education is scheduled for 1:30.

Parents are urged to visit the school during the week at their convenience, says Superintendent J. G. Ward, since the number of visitors at the Friday event will make it difficult to visit typical classes.

Invitations to the luncheon will be sent to all parents and they are asked to return the reservation slips promptly. Reservations need not be made to eat in the lunchroom during the first four days of the week.

School Census At Lazbuddie Shows Increase

School census figures at Lazbuddie show an increase of 22 students over last year's number. The annual survey showed 378 students as compared with 356 last year.

Beginning students registered total 43. Further breakdown shows 211 boys and 167 girls.

Members of the school board conducted the survey during January and Superintendent J. G. Ward compiled the results.

MRS. POWELL DISMISSED

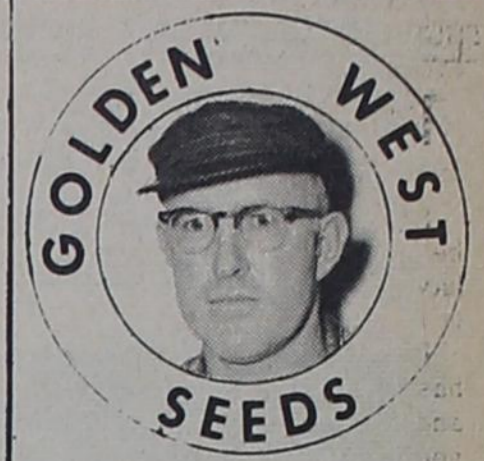

Mrs. Almer Powell was dismissed from Clovis Memorial Hospital Sunday. She had been receiving medical treatment since last Wednesday.

Completes School Methodist Church

Climaxing a month-long church-wide school of missions at Hamlin Memorial Methodist Church Sunday night was a fellowship supper preceding the final session of the school. "Christian Concern for Our Neighbors" was the topic for the program which featured a film strip and a discussion on Hawaii by Mrs. W. H. Graham Sr. Leading presentation for the young people's group was Mrs. Wilfred Quickel and Mesdames Bunk Phillips and Mark Fairman were in charge of the children's lesson.

Rev. W. H. Hardwick presented the last study of the book "Other Cultures" which was the basis for the series.

If one keeps his eyes and ears open long enough, he JUST has to learn a little. Now take this little piece of useful information that was gleaned from a recent edition of a daily newspaper -- "If you wish to check to see if your clothes are dry in an automatic drier, take out the corner of one piece and feel of it." Now don't you feel information of that type should be disseminated to all papers and the radio. How stupid can you get?

Golden West Seed Company has received their shipment of hybrid corn for this spring's plantings. The support price for corn has been pegged at \$2 per cwt. for the national loan. It is the thinking of some that our support price here should be around \$1.90. With corn slated at about 40 cents over milo, one might give some thought to planting corn rather than milo this year. If you do decide to go the corn route, we would like to take care of your hybrid corn seed requirements.

Have you ever thought about harvesting a crop of jack rabbits? They have been bringing \$4.50 per hundred in Colorado during the past winter. In talking to one of our dealers in that state recently, he stated the only money he had been making was in selling rabbits to mink farms in Minnesota. He hauls them by the semi load of approximately 35,000 pounds weekly to the mink farmers -- there must be millions of dollars running loose in Parmer and Curry Counties and we didn't know it.

There probably has been more crops of hybrid sorghums that exceeded 7,000 pounds produced in the coffee shops than in the fields. If you want to believe all the stories that are told that's your privilege. All companies are making big claims for this hybrid and that one, but most farmers have their own ideas. DeKalb, Amak, Pfister, and you-name-it are all good, but it is the opinion of this writer that 650,660, and 620 will yield with any of them. It isn't so much the variety as the kind of land, water, care and time of planting that makes a top yield. We will stand behind any hybrid that we sell and if you want our opinion on its potentiality, we'll tell you.

Come see us.

TEXICO BAPTIST CHURCH NEWS
 Rev. C. C. Morgan, Pastor
 A large crowd attended the morning worship service Sunday when Jerry Henson was guest preacher. Sunday School attendance was 127 and 60 were present for training union.

Home Missions was the topic of study for members of WMU which met Monday afternoon at the church. Participating in a book review were Mesdames Willie Wall, C. C. Morgan, D. J. Brown, and John Lockhart. Others present were Mesdames S. G. Billington, Joe Morgan, M. H. Poteet, J. O. Ford, and Olan Schlueter.

GREAT SOUTHERN'S 50th ANNUAL REPORT

Discloses a Year of Great Service and Progress

We measure growth in terms of service, rather than size. The promise of Great Southern protection became a consoling reality for the beneficiaries of 1,729 policyowners who died during 1958. These beneficiaries received \$5,680,852. An additional \$5,741,300 was disbursed to living policyowners under matured endowments, annuity payments, and cash equities withdrawn. Since organization Great Southern has disbursed the sum of \$177,538,670 to living policyowners and to beneficiaries. Great Southerners in the field last year wrote more than fifteen thousand policies for new life insurance totaling \$121,027,116.

MR. AND MRS. DON GERLES are living in Farwell following their wedding February 7. Mrs. Gerles is the former Miss Linda Williams, daughter of Mr. and Mrs. Modrel E. Williams of Clovis and her husband is the son of Mr. and Mrs. Dick Gerles. The bride is a junior student in Farwell High School and he is farming in the Lariat community.

Rev. E. K. Shepherd Talks
To Texico Seniors At Banquet

"The Abundant Life" was the topic discussed by Rev. E. K. Shepherd of Muleshoe, guest speaker at a Thursday night banquet honoring Texico seniors. Hostesses for the annual affair were members of WMU of Texico Baptist Church. Music, presented by Randal Goer and Miss Coraly Hicks of Muleshoe, was a duet. "How Great Thou Art," Goer also sang "Cherry Pink and Apple Blossom White" in keeping with the spring fantasy theme set by the decorations in the church basement. The colorful setting included a miniature flower garden in one corner and an arrangement of spring flowers on the table. Green runners on

the white covered table were strewn with artificial flowers. School officials and class sponsors were also guests. They included Superintendent and Mrs. Aggie Jones, Mr. and Mrs. Buck Doran and Paul Frederick. Seniors attending were Jerry Bowers, Raymond Hadley, Bobby Stover, Jerry Reid, David Lockhart, Monte Singleterry, Billy Thigpen, Billy Hammit, Johnny Hammit, Kenneth Doshier, Joe Watts, Ted Roth, Anita Moss, Ann Spies, and Darlene Day. Mrs. Nora Day is president of the sponsoring organization and welcomed the guests. Mothers of seniors prepared and served the meal.

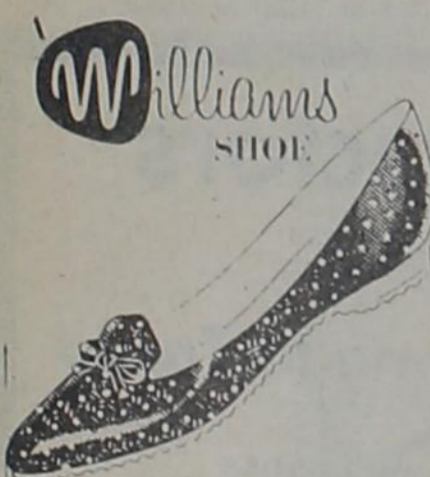

Young Women
Have Meeting

Young Women's circle of WMS of Texico Baptist Church met Tuesday morning for a business meeting. Mrs. Dot Camp presided. Elected temporary secretary was Mrs. Inez Stone. Next meeting will be with the older women's group March 6 in the church basement for a home missions program. A nursery will be available and all members are urged to come.

Club Meets
In Barry Home

Mrs. Jewell Barry was hostess to Oklahoma Lane Variety Club in her home in Bovina last Wednesday. The five members present did handwork and visited. The hostess served sandwiches, cookies, and punch. Attending were Mesdames Bessie Caldwell, Ina West, Pearl Grissom, Cora McGuire, and Miss Lola Grissom.

"Always Something
New"

James C. Schell And Bride
Residing Near Broadview

Mr. and Mrs. James C. Schell have returned from a wedding trip to Durango, Colo., and are making their home on a ranch at Broadview.

Mrs. Schell, the former Kay Mardelle Green, is the daughter of Mr. and Mrs. C. Elton Green of Clovis, and her husband is the son of Mr. and Mrs. Virgil Schell of Farwell. Scene of the February 14 wedding was Central Church of Christ in Clovis. Elaborate decorations in the church featured huge white hearts outlined with glowing red ruby glass candle lights and decorated with diagonal arrangements of white gladioli and red and white carnations against the red brick wall behind the altar.

Centering the altar was a low brick wall on which stood a tall Greclan urn filled with white gladioli and red and white carnations. Framing the immediate altar were three-branched candelabra holding white tapers. Variegated ivy was looped across the brick wall in the front of the church. Clusters of red and white carnations, red satin bows, and red open work hearts accented numerous seven-branched candelabra interspersed with huge woodwardia trees, stylized fern trees, and tubs of palms in the background.

Rev. Stanley Letcher Jr. heard the couple repeat their vows before an altar centered with a white wrought-iron predieu. Crushed velvet covered the bench and was held in place by a cluster of red and white

carnations and ivy.

A prelude of wedding selections and the wedding march were played by Mrs. Shelby Jobs. Solos were "I Love You Truly" and "Because" sung by Miss Patsy Sprows and "The Lord's Prayer" by Odie Echols of Clovis.

Maid of honor for her cousin was Miss Sherry Burnett of Bellview. Bridesmaids were Misses Pat and Jane Reeves of Fort Sumner and Miss Loretta King of Clovis.

They wore silk organza dresses with fitted bodices and cowl draped necklines. Three-quarter-length sleeves were complemented by short gloves and bouffant waltz-length skirts joined the rounded waistlines. The honor attendant wore white and bridesmaids red.

Janice Green, sister of the bride, was flower girl. Her white dress was styled similarly to that of the other attendants and she carried a miniature bouquet. Johnny Schell, brother of the bridegroom, carried the rings on a white satin, heart-shaped pillow.

Best man was Jerry Dee Owen and ushers and candelighters were Don Gerles, Jerry Venable, Jerry Don Utzman, Larry Burnett, and Jerry Beech.

Her father gave the bride in marriage. She wore a gown of imported peau de soie designed with an off-shoulder neckline enhanced by applied motifs of Alencon lace. The molded bodice had long sleeves tapering to points and termi-

nated in points at the waistline. Alencon lace motifs were applied on the sweeping skirt which ended in a chapel-length train.

Holding her finger-tip-length veil of illusion was a Juliet hat of peau de sole. She carried a cascade of orchids and stephanotis accented with loops of Swiss braid and tufts of French maline.

To carry out bridal tradition she used an old handkerchief belonging to the bridegroom's grandmother, her new wedding gown, a seed pearl necklace borrowed from Mrs. Edna June Osborn of Clovis, and a blue garter.

Mrs. Green was attired in a blue-grey imported silk ensemble with complimentary accessories. Mrs. Schell wore an off-white brocaded sheath dress with red accessories. Both had corsages of red cymbidium orchids.

RECEPTION

Red nosegays caught strands of smilax at the corners of the table covered with a white net floor-length cloth. In each corner was a tall sterling silver epergne arrangement of white snapdragons and red and white carnations. Decorated completely in white, the four-tiered cake centered the table. Red twisted tapers in crystal holders and the crystal bowl holding red punch completed the decor.

Mrs. T. K. Dunn registered guests. Assisting with serving were Mrs. Austin Eaton and Miss Juanita Hancock of Clovis, Mrs. Clinton Burnett of Bell-

MRS. E. T. TOLLISON of Clovis announces the engagement and approaching marriage of her daughter, Lois Ann, to Edward Rolland, son of Mr. and Mrs. D. O. Rolland of Farwell. The wedding will take place at 6 p.m. March 28 in the chapel of Central Baptist Church.

view, and Mesdames Jack Hitson and Phillip Reeves of Fort Sumner.

Guests were later invited to a second reception at Clovis Country Club which also honored the bride's parents on their 22nd wedding anniversary.

WEDDING TRIP

When she left on her wedding trip Mrs. Schell was wearing a two-piece suit of winter white wool with a mink collar. Her corsage was taken from her bouquet and her accessories were fuchsia.

Graduated from Clovis High School in 1957, Mrs. Schell attended New Mexico State University at Las Cruces. Her husband was graduated from Farwell High School and is a former student of Eastern New Mexico University.

Children Visit
R. R. Shanks

Recent visitors in the home of R. R. and Clyde Shanks of Texico were Mr. and Mrs. Mack Hancock of Clifton and M/Sgt. and Mrs. Judge Shanks of Fort Sill, Okla.

Others were Mr. and Mrs. Bert Shanks of Lubbock, Mr. and Mrs. Ivan Tarr, Jean and Fern, of West Camp, Mr. and Mrs. J. C. Shanks, Gerald and Donald, R. A. Shanks, and Mr. and Mrs. Charlie Gatlin and Mrs. Paul Ellis, all of Muleshoe, and Mr. and Mrs. Joe W. Jones and Bradford.

Doolittles Have
Get-Together

Home of Mr. and Mrs. T. T. Doolittle was scene of a family get-together Sunday.

Several of their children were here to visit with their son, Gayle Doolittle who is stationed at Fort Riley, Kan. He returned Monday after spending the weekend here.

Leaving Tuesday for their home in Rankin were the Doolittles' son-in-law and daughter, Mr. and Mrs. Keith Scott.

Mr. and Mrs. Jerial Doolittle joined the family Sunday and Kenneth and Leon Doolittle of the home were also present.

Sorority
Discusses
Convention
State convention plans highlighted the brief business session at a Monday night meeting of Theta Rho chapter of ESA at the home of Mrs. John Getz. Several members of the sorority plan to attend state gathering in Albuquerque in April. Candy to sell to build up the treasury was distributed to members and bridge games occupied the social hour. Individual cherry pies topped with whipped cream were served with coffee to Mesdames Wilma Limer, Mitz Walling, Ken Hanks, J. D. Atwell, W. H. Graham Jr., Don Williams, Bill Glenn, Mark Liethen, Joe Helton, M. C. Roberts, Bert Williams, and Miss Jimmie Lou Wainscott. Next meeting will be March 9 in the home of Mrs. Bert Williams.

Mrs. Richard Payne and daughters, Diana and Debbie, of Midland were weekend guests of her parents, Mr. and Mrs. Olan Schlueter.

"Hearts And Gowns" On Stage Tonight

Curtain goes up at 8 tonight on "Hearts and Gowns," a two-act musical comedy staged by Farwell Schools' music department.

Admission for adults will be 75 cents and for children 50 cents. The production will be in the auditorium.

Highlights of the annual presentation will be 12 musical numbers including seven solos and a style show. Dunn's Dry Good's Emporium is the setting and it's owner and his employees as well as the customers find themselves in some hilarious situations.

Soloists will include Martha Blair, Wilma Norton, Benjy Dial, and Jimmy Hardage. Supporting roles are played by Darlene Hromas, Joy Berry, Katherine Billington, Larry McDorman, Juanita Range, Joe Hughes, and James Ussery.

A CONVINCING PERFORMANCE--Benjy Dial, left, disguised as Mijs Vere de Vere, has Joe Hughes, center, and Larry McDorman vying for a dinner date in the second act of "Hearts and Gowns," a musical comedy to be tonight and Friday at 8 p. m. and staged by Farwell School's music department. A large number of other students participate in the dozen numbers in the department's annual operetta directed by Mrs. Erma Jobes.

Long, Iris Goldsmith, Carol Hukill, Fern Smith, Mary Anne Hardwick, Jean Reed, Carolyn Parker, Ruby Hillock, and Gwenda Parker.

Cain, Bob Carthel, Donald Crume, Van Crume, Max Field, Dickie Gerles, Roy Hammonds, Errol Johnson, Jerry Lovelace, Jerry McCuan, Michael Nelson, Jimmy Walker, Jackie Williams, and Charlene Duncan. Mrs. Erma Jobes is director

of the operetta and Fern's is supplying costumes for the entire cast as well as for the models. Backstage credits go to R. S. Tucker, Berggren, and Miss Smith. McCuan will be announcer.

News From LAZBUDDIE

Water conservation and types of fertilizer equipment were emphasized at two recent meetings for farmers at Lazbuddie High School.

Speaker at the first was Bill Broadhurst, chief hydrologist from the Lubbock office of High Plains Water District. He led an informal discussion on the present water situation.

The real problem confronting farmers, according to Broadhurst, is more efficient use of water rather than the possibility of exhausting the supply.

Water will not suddenly play out, he says, but it will gradually become more expensive to obtain. If, however, a farmer starts now with a well-organized plan for the future, he will probably see his grandchildren farming the land he is now farming.

First step should be in the direction of improving the soil structure through use of organic matter and efficient use of commercial fertilizers. The second phase outlined by the hydrologist is making use of all water pumped to the surface. Water that is allowed to run in the ditch or a lake does not pay

Student Teachers Work At Texico

Two student teachers from Eastern New Mexico University began work under Mrs. Agrie Jones in Texico business education classes this week.

Mrs. Jo' Nan Price of Tatum is teaching general business and typing two and Miss Ann Williams of Roswell has classes in typing one and stenotype.

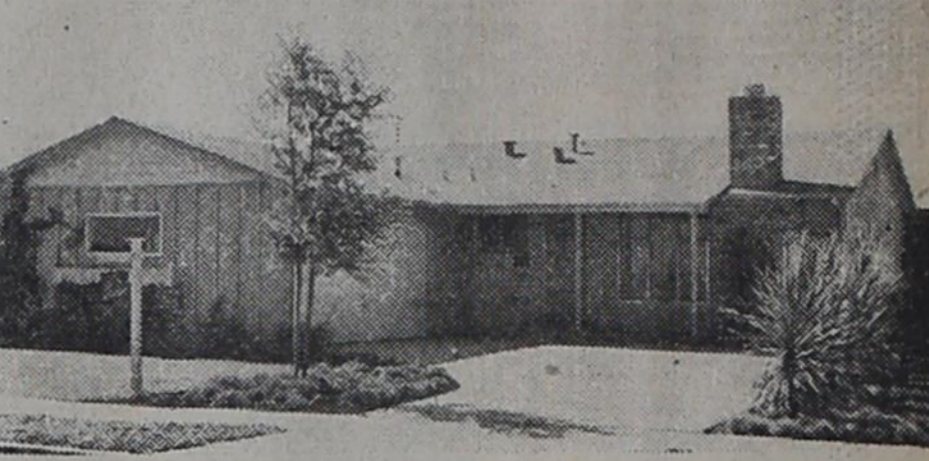

the cost of pumping.

Original cost of pumping such water is figured on the basis of a 200-foot lift. Tail water in a lake can be pumped back on the land for a lift of 10 or 12 feet.

Farmers who have special problems concerning new or old wells may contact the vocational agriculture instructor, Jack Black, and information will be secured from the district. Additional talks on specific problems by the hydrologist will be arranged if there is sufficient demand.

Weldon Cox of Elida, a representative of soils service organization, showed slides on latest types of fertilizer equipment at the second session. The organization tests soils and makes fertilizer recommendations for the farmer. Further information on the program and services can be obtained from Black.

Planned Exterior Colors

Scientifically-planned color on the outside of homes makes a better neighborhood as well as better houses.

This is one of the axioms of color consultants Albert and Nancy Rubey, a man-and-wife team who are leaders in their field in the San Francisco Bay area.

Talents and training such as the Rubey's offer is one reason California development builders are leaders in offering entire developments that are planned to be more pleasing to the eye and to the inborn good taste of most prospective home buyers.

The photograph shows an example of one of the Rubey's most recently color-styled homes. The house, priced at \$16,000 and located in a development of 275 homes in the East Bay area of Hayward, is simply styled with an asphalt shingle roof in sun-reflective silver gray,

with gray-stained wood siding and yellow trim.

The house next door, similar in style, looks different with its tan roof, peach stucco, and blue trim.

The Rubey's warn prospective development-home buyers to watch out for salesmen who promise any colors the customer thinks he wants. Too often the result is color disaster to the house and entire neighborhood.

The color stylists prevent this by providing choices of colors in individual models and planning entire neighborhoods in advance to keep one house from clashing with its neighbor next door or across the street.

The Rubey's point out that where exterior color is concerned the roof is the most vital area. "We can choose asphalt shingles from pleasing, tasteful colors that give us plenty of variety from rooftop to rooftop throughout the entire tract," says Nancy Rubey.

Phone IV6-3698

THE OLD JUMP SHOT is flicked away from the fingers of Center Johnny Lovelace as he leaves the floor uncontested in a field goal attempt against Kress Thursday night. He missed.

LAY UP FOR BENJY is good for two points against Kress in the district tournament. The sprightly Farwell forward is a good "drive" man under the bucket. Farwell won the game with comparative ease.

SHARON PEYTON ILL
Sharon Peyton, daughter of Mr. and Mrs. N. W. Peyton, was admitted to Clovis Memorial Hospital Monday for medical tests. Family members expected her to be dismissed by the middle of the week. The wise distrust the unknown.

Saturday guests of Mr. and Mrs. Jess Richardson were Mr. and Mrs. Bill Tinney of Lubbock. The Tinneys formerly lived in Friona. Mr. and Mrs. Buck Doran took their son, Urel to Lubbock to consult a specialist Monday. They were accompanied by their grandson, young

Kim Dunlap of Portales. Mr. and Mrs. C. V. Thompson of Fort Sumner spent the weekend in the home of her parents, the R. L. Days. Weekend guests of Mr. and Mrs. J. R. Thornton were their son-in-law and daughter, Mr. and Mrs. Rondal Price of Amarillo.

Brownfield, Tex., Man Reports—

2³/₄-Bale Cotton

L. H. (Howard) Wheeler, prominent Texas farmer, says: "I farm 1,840 acres. With that much land I have to maintain high yields, year after year. Phillips 66 Ammonia helped me to do that. This past year we watched our cotton carefully, then when conditions looked right, we went in and side dressed it with Phillips 66 Ammonia. The cotton came right on along, setting a high count of squares—and of course that meant a good yield, averaging 2 3/4 bales per acre. I use Phillips 66 Ammonia with excellent results on my maize, too."

Other successful Southwestern farmers have discovered that they make more profit per

acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain and ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be applied pre-plant or as a side dressing. It can be easily applied either by you or your distributor. See us today about your supply of Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Home Demonstration and 4-H Club activities have really been buzzing this past week -- 4-H especially. 4-H clubs all met this past week. My demonstration was on lights in bedrooms and waste paper baskets.

Plans were made at each meeting for the annual 4-H Achievement event at Hub Sat. night. Also plans have been made to set up exhibits in Friona, Farwell, Lazbuddie and Black. The County-wide Junior Leaders Club will set up an exhibit in the Court House at Farwell.

My demonstration this month to Home Demonstration clubs has been on dinner for the family using chicken. Since chicken is one of the less expensive meats that we buy we decided to find some different ways of preparing it. So I ended up doing two chicken main dishes. Some of you who aren't in Home Demonstration Clubs might enjoy these recipes too. They are:

SAUTEED CHICKEN

To serve 2-4 persons, use cut-up half, or quartered ready-to-cook small broiler-fryer. In large skillet, heat 3 to 4 tablespoons butter or margarine, or bacon drippings until bubbly. Add chicken pieces; brown quickly but well on all sides, turning with tongs. If desired, dust chicken pieces lightly with flour before browning.

When chicken is nicely browned, turn heat low. Salt and pepper chicken. Then add any of these seasonings to your taste: paprika, curry, minced or sliced onion, chives, or garlic; some minced green pepper, pimento, or celery; pinch dried thyme, rosemary, or basil; few sliced mushrooms, lightly floured; big pinch monosodium glutamate; smidgen celery, onion, or garlic salt.

Now cover skillet, and let chicken cook slowly until fork-tender -- 25 to 35 min. As chicken cooks, occasionally turn pieces over so they'll take on rich golden brown on all sides. If you like your chicken on the crisp side, uncover it during last 10 min. Just before removing chicken from skillet to hot platter, add

sprinkling of chopped parsley and paprika. Serve with pan juices over all. Try sauteed chicken with huge green salad, French bread or hot popovers, and lots of cranberry sauce.

I used salt pepper, lots of paprika, chopped onion and celery. It was real good, but try some of the other seasonings too. By the way, it is a good way to fix pork chops or spare ribs too.

SKILLET HERB CHICKEN

1 2 1/2 to 3 lb. ready-to-cook broiler-fryer, cut up
Seasoned flour
1/4 cup fat or salad oil
1 can condensed cream-of-mushroom soup, undiluted
1/2 cup milk
1 sliced medium onion
1/2 tsp. dried thyme
Coat chicken with seasoned flour. In fat in skillet, cook chicken until evenly browned. Add combined soup and milk; top with onion; sprinkle with thyme. Simmer, covered, basting often, 30 min., or until fork-tender. Condensed cream of chicken, tomato, onion or celery soup may also be used on these. Makes 4 servings.

CHICKEN PAPRIKA

1 3 lb. ready-to-cook-chicken, cut up
1/4 cup fat or salad oil
1/4 cup minced onion
1 cup sliced mushrooms
1 can condensed tomato soup, undiluted
1 cup sour cream
1 bay leaf
1/2 tsp. salt
1/4 tsp. pepper
2 tsp. paprika
Lightly dust chicken with flour. In large skillet, brown chicken in hot fat until evenly browned. Add onion and mushrooms. Cook until lightly browned. Blend in rest of ingredients. Simmer, covered, stirring occasionally, 45 min., or until tender. Remove bay leaf before serving. Makes 4 servings.

Visiting in the home of their parents Sunday were Rodney Powell of Lubbock and Mr. and Mrs. Roger Powell and Mike of Tucumcari. The men are sons of Mr. and Mrs. Almer Powell.

The W. H. Graham Jr. family were guests of her parents, Mr. and Mrs. O. M. Dudley in Silverton Sunday. Ronnie Graham, who had spent the past week with his grandparents, returned and Hal Graham stayed for a longer visit.

PRETTY AND TUNEFUL are these six Farwell High girls who comprise The Silhouettes; vocal group under direction of Mrs. Erma Jobs. They entertained at the Farwell C-C banquet last week. Left to right: Wilma Norton, Juanita Range, Darlene Hromas, Carolyn Parker, Gwendolyn Parker, and Martha Blair.

PONTIAC NAMED CAR OF THE YEAR

"Pontiac with wide-track wheels is the best combination of ride... handling... performance and styling of any '59 car" —The Editors of Motor Trend Magazine

In making its annual automotive award, the staff of Motor Trend Magazine, leading automotive publication, tests and evaluates all new cars. Here are quotations from the April 1959 issue:

"The stability of the 1959 Pontiac is the outstanding automotive advance of the year. Everyone considering a new car should experience it."

"It's the best balanced passenger car in America. We firmly believe that in moving the wheels farther apart, to develop the widest stance of any American car, Pontiac has created an entirely new sense of balance and handling security."

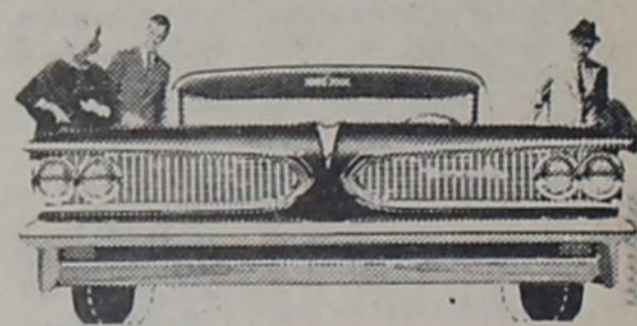

"Pontiac's lines are clean, simple and beautiful. It has a fleet look, a trim appearance. The wide wheel design contributes greatly to its

over-all integrated styling. Any comparison with narrower track cars readily shows the difference."

"For the economy-minded, an efficient new engine. The new 420E Tempest economy engine offers remarkable performance along with exceptionally high mileage while operating on regular grade gasoline."

"Pontiac is again tops in performance, based on our extensive road testing. Acceleration is outstanding, yet the engine is unusually quiet and smooth."

Your nearest Pontiac dealer will be glad to let you road-test this award-winning automobile on your own. You'll see why it's the year's most talked-about car!

THE ONLY CAR WITH WIDE-TRACK WHEELS

Wheels are five inches farther apart. This widens only the stance, not the car. Pontiac takes a better grip on the road, hugs tighter on curves and corners. Sway and lean disappear, ride is smoother, balanced, steadier. Handling is easier. You drive with a new confidence, a comforting security. Pontiac gives you roadability no "narrow range" car can offer.

FARWELL HARDWARE
THE HENSONS

HOPPERS

feeling sorry for those who have exceeded it.

It happened a good many years ago, but we believe we can still remember the story well enough to tell this one on the Pools:

Time was when Texico-Farwell wasn't nearly so civified. Jim Cleve Dixon had a part time job as a boy of taking everybody's cows out to pasture for the day and bringing them home in the evening.

That's off the subject, but it does serve to remind us that things used to be a little more like "down on the farm" right here in town.

Anyway, the Pool's cow was about to be a mother. Naturally, this was a great event for the family and for all the neighbors. Everyone thought that it was very exciting that Elsie (we'll call her) was having not only a blessed event, but was scheduled for a set of twins. Imagine the cry that went up when she sure enough did give birth to twin calves; both of them bulls!

One more thought on this having-boys business. We're trying to find time to paint us a sign to go up over the door at home. What will it say? Why, State Line Boys Ranch, of course.

PUBLIC SCHOOL

Completion of the program will be refreshments in the cafeteria.

The senior class will stage a talent show Friday night. Guided tours will be conducted all five days of the week by the student council. Or, if visitors prefer, they may visit the school on their own. They are, however, asked to register at the office of High School Principal Amos Tatum.

Lunch will be served to visitors Tuesday, Wednesday and Thursday. Cost will be 50 cents. Cafeteria guests are asked to call Mrs. Dick Felts at the superintendent's office.

The menu for visitors' day is as follows:
Tuesday -- Pork chops, candied yams, gravy, cooked cabbage, reception salad, apricot cobbler, bread, milk.
Wednesday -- Turkey and dressing, giblet gravy, green beans, cranberry sauce, chocolate pie and whipped cream, bread, milk.
Thursday -- Smothered steak, creamed potatoes, gravy, buttered English peas, tossed vegetable salad, hot rolls, butter, honey, milk.

Wolverines Divide With Capitan, Grady

Texico's seometimes - hot, sometimes - cold Wolverines closed out regular season play on a 50-50 basis over the weekend. They topped Capitan on the home court 33-24, but dropped a contest on the trail at Grady when the Broncos dusted them off 58-55 in a close one.

Friday night in the game with Capitan the Green and White were anything but that sometimes-hot ballclub. They hit only 23 per cent of their field goal attempts, "the lowest all year," says Coach Paul Frederick. Their average is usually

up around 30 to 40 per cent. As a matter of fact, both host and visitor teams were rather cold, and scoring was held to junior-high level. Texico led 9-4 at the end of the first quarter, which sounds more like a baseball game than basketball.

The Wolverines continued in the lead 20-13 at intermission time and still held an eight-point margin, 24-16, at the three-quarter mark. As both teams were playing a zone defense, this contributed even further to the low scoring.

Reed sunk 10 to lead the Wolverines' scoring and tie Lockhart of Grady for high point honors. Ingram and Stover both hit 8 and Hadley had 7. Kerr of Grady took 9.

In the preliminary, the Texico frosh squeezed past the sophs 33-32 in an intramural match.

The Grady game was Saturday night. Coffman of Grady led scoring with 19, followed by Reed of Texico who had 16. Northcutt, Grady, and Texico's Ingram bagged 13 each. Other Wolverine scorers were Hadley, 9; Singleterry 8; Stover, 4; Walker, 4, and Johnson 1.

Girls Lose No. 2 Slot To Anton

After coming from behind in the fourth quarter, Farwell's girls were outscored 53-47 by Anton in a playoff for second place in the district Monday night.

End of round robin play found Farwell on top but the playoff was necessitated when Anton defeated the locals in the recent district tournament.

Having trailed 12-16 at the end of the first quarter and 26-28 at the end of the first half, Farwell had snatched 40-36 lead at the end of the third quarter. But Anton again got out in front in the last three minutes and had dumped in enough goals for their final 53 counters.

Beverly Hubbell led the Farwell's scoring with 19. June Ritchie had 13, Karolyn Parker nine, Jeanette Lindop four, and Emalee Tucker two. Commended for their defensive games were Doris Rolland, Judy Hillock, and Judy Herington.

Wednesday -- Turkey and dressing, giblet gravy, green beans, cranberry sauce, chocolate pie and whipped cream, bread, milk.

Thursday -- Smothered steak, creamed potatoes, gravy, buttered English peas, tossed vegetable salad, hot rolls, butter, honey, milk.

If your tires are "showing" signs of trouble, don't wait. Check with us and avoid a bum steer. Whether you need a new tire or a repair, we're happy to serve you.

Shots At The Silverton Game

IN FABULOUS FORM until fouls took him off the court, Big John Lovelace, Steer Center, comes clean of all guards for a twisting jump shot that was successful against Silverton.

FLAILING ARMS didn't keep Lanky Dickie Williams from bouncing this one off the boards for an under-the-bucket field goal against Silverton in the bi-district playoff.

BOUNGING OFF THE FLOOR for an under-hand layup attempt, Jimmie Martin eyes the goal and rises to meet it as Silverton players look on. His aim was off slightly, though, and no score was made.

CONSTANT REBOUNDING has enabled Farwell to control the ball the majority of the time not only under their own goal but their opponents' as well. Phillip Berry demonstrates his altitude-getting form when going after one.

WHAMMO!

The ball down the court and make two tries for goals, but they could not beat the clock to the punch.

The bi-district contest was the closest-called one in which the Steers have participated this year. Heavy fouling occurred on both sides, and three players fouled off.

Farwell's loss of Center Johnny Lovelace in the third quarter was noticeable. However, the Owls were hurt by foul losses, too. They lost Starter James Brown even before the half, and later saw Gene Stephens leave the court

for the same reason.

The Steers led 23-22 at the close of the first quarter and began to show what Farwell fans thought was their superiority at the end of the first half when the margin widened to 31-25. The third-quarter score was 40-37.

From midway in the third quarter the Briscoe county team more than matched the Steer sharpshooters. No matter what the Blue and White pulled, Silverton anted up--and then some.

The call of the late-game foul which finally gave Silverton the edge seemed tough for some of the fans to bear. It, however, was only the last of many calls made against both sides which

set the tenor of the officiating: impartial but very rigid.

Silverton employed a man-to-man defense over the entire court for much of the game which resulted in noticeable interceptions and loss of the ball to the Steers. Offensive screening which often breaks the team with the ball into the open for layups was ineffective as the Owls checked off and covered up with the look of a well-trained team.

Silverton will represent the bottom half of the Panhandle area at the regional games this weekend. They probably will play White Deer.

Knox Running Texaco Station

C. B. Knox is operating the Texaco station owned by Tom Finley and located west of Sheets & Son Blacksmith and Welding. He leased the station from Finley effective last month.

Knox and his wife have moved here from Las Cruces, and have named the station Knox Texaco.

He is operating the station alone now but will soon be adding help as the tourist season approaches, and says it will become an all-night business.

Mabrys, Chitwood Dominate Contests

Jimmy and Johnny Mabry and Richard Chitwood dominated the crops contests sponsored by the Parmer County Cotton Improvement Association and the Parmer County Grain Sorghum Producers.

Awards were given the boys Monday night at the Hub Community Center. The contest is in its third year and annually attracts interest from young farmers all over the county.

Both 4-H and FFA groups participate in the contests and winners in cotton and grain sorghum are picked from each organization.

Little Johnny Mabry, son of Mr. and Mrs. James Mabry of the hub, topped grain sorghum yields with 8511 pounds, raising Texas 660. He applied 14 tons of cotton burrs, and planted June 10 with 16-10 wheat drill in 10-inch rows. He re-planted June 19, getting a very heavy stand the second time. Johnny used 140 pounds of anhydrous ammonia as fertilizer and watered his crop four times. He was from the 4-H group.

Leading the FFA contestants was Jimmy Mabry, son of Mr. and Mrs. Walter Mabry, also of the Hub. The boys are cousins. Jimmy planted De-Galb F-62A in 10 inch rows in summer fallowed ground that ad 14 tons of burrs applied. He also used 140 pounds of anhydrous ammonia and watered four times. The second irrigation he used 50 pounds of anhydrous ammonia in his water. His yield was 8015 pounds.

Jimmy doubled up to win the FA cotton growing contest also. He obtained a yield of 015 pounds lint cotton with ankart 611 variety. He planted May 1 on land that had 60 pounds of anhydrous ammonia applied the previous fall. He cultivated twice and watered three times.

Richard Chitwood, son of Mr. Mrs. Dee Chitwood of Lazbuddie, won the 4-H cotton growing contest and topped all comers in yield. He got 1269 pounds with his Georgia Empire. Richard planted on cotton land May 15 in 38-inch rows.

The land had been broken to a depth of 10 inches, and 250 pounds of 0-20-0 fertilizer applied. No pre-watering was necessary, and 60 pounds of anhydrous ammonia was used to keep the crop coming.

The cotton was rotary hoed, received two cultivations, and was irrigated on July 22 and August 18.

Plaques, ribbons, and cash awards ranging from \$40 down to \$5 were handed out by officials of the sponsoring organizations. Wes Long presided as master of ceremonies.

Here are other contest winners:

- 4-H GRAIN SORGHUM**
 2--Mike Ellis, Texas 660, 7098 pounds.
 3--Johnny Miller, Texas 660, 6720 pounds.
 4--Troy Ray, F-62A, 6229 pounds.
 5 -- Carrol Redwine, Texas 650, 6072 pounds.
 6 -- Tommy Tatum, Texas 660, 6014 pounds.
 7--Harold Balls, Texas 620, 5981 pounds.
 8--Bobby Daniel, Texas 660, 5944 pounds.
 9 -- Harrol Redwine, Texas 650, 5938 pounds.
 10--Gary Lou Renner, F-62A, 5010 pounds.
 11--Buddy Embry, no record, 4842 pounds.
 12--Richard Chitwood, Texas 620, 4533 pounds.
 13--Randy Price, Texas 660, 4276 pounds.

- 4-H COTTON CONTEST**
 2--Tommy Tatum, Empire, 1166 pounds.
 3--Johnny Mabry, Empire, 1141 pounds.
 4--Jerry Cass, Paymaster 54-B, 1132 pounds.
 5--Johnny Miller, Paymaster 54-B, 1063 pounds.
 6--Randy Price, Paymaster 54-B, 960 pounds.
 7--Steven Young, no record, 990 pounds.

- FFA GRAIN SORGHUM**
 2--Derrell Jennings, RS, 76-19 pounds.
 3--Jerald McGehee, Texas 620, 6845 pounds.
 4--Billy Strawn, Texas 620, 6096 pounds.
 5--Bomar Stacey, 6013 pounds.
 6--Jon Riddle, 6000 pounds.
 7 -- Jerald Gober, 4706 pounds.
 8--Roger Ezell, 4543 pounds.
 9 -- James Clayton, 4500 pounds.

- FFA COTTON**
 2--Jerry Don Glover, Lankart 611, 874 pounds.
 3--Duane Rea, Paymaster 101, 863 pounds.
 4--Jerry Wright, Paymaster 54-B, 760 pounds.
 5--Jon Riddle, Lankart 611, 758 pounds.
 6--Arnold Kriegel, Empire, 723 pounds.
 7--Clyde Redwine, Lankart 611, 711 pounds.
 8--Arnold Kriegel, Northern Star, 527 pounds.

OUTSTANDING 4-H CLUBBERS recognized at the awards meeting Monday night at Hub were (back row, left to right), Harrol Redwine, Richard Chitwood, Tommy Tatum, Troy Rea, Mike Ellis, Harold Balls; (front row) Cooper Young, Buddy Embry, John Rea, Ken Jerry Cass, and Johnny Mabry.

 And All Candidates For Independent District Trustees From Farwell, Bovina, And Lazbuddie
 Must File Written Applications At Office
 Of County Judge Prior To March 4, 1959
 In Order To Have Their Names Placed On Ballot
 For Election To Be Saturday, April 4, 1959.

Loyde A. Brewer
 Parmer County Judge

WHAT IS THE LAW AFFECTING FEED GRAINS ?

"Beginning with the 1959 crop, price supports shall be made available to producers for each crop of oats, rye, barley and grain sorghums at such level of the parity price therefor as the Secretary of Agriculture determines is fair and reasonable in relation to the level at which price support is made available for corn, taking in consideration the feeding value of such commodities in relation to corn and other factors."

What Are The "Other Factors"?

1. The supply of the commodity in relation to the demand.
2. The feed value in relation to corn.
3. The availability of funds.
4. The perishability of commodity compared to corn.
5. The importance of commodity to the National economy.
6. The ability to dispose of stocks.
7. The ability and willingness of producers to keep supplies in line with demand.

Now, How Could The Secretary Lower The Price Support On Grain Sorghum...

1. When the total government stocks of grain sorghum is ONLY 721 MILLION bushels compared to 3.9 BILLION bushels of corn?
2. When feeding value of grain sorghum is at least 95% of that of corn?
3. When grain sorghum will store as well or better than corn?
4. When grain sorghum consumption was gaining both on domestic market and on the export market?

The Secretary Of Agriculture apparently ignored the factors involved and set the support of grain at the lowest level the law would allow !

FARM BUREAU'S RECOMMENDATION was "since corn and other feed grains compete for the same market, support prices for all feed grain should be comparable after adjustments for feed value and other factors and support price on any commodity should not be left completely to the discretion of the Secretary of Agriculture."

HAD FARM BUREAU RECOMMENDATIONS BEEN CARRIED OUT to the fullest extent, grain sorghum support should have been \$1.90 cwt. compared to the announced support of \$1.52 cwt.

WE FEEL THAT WE DID NOT GET FAIR OR REASONABLE TREATMENT. WE HAVE TIL JUNE TO GET SOMETHING DONE. WE MUST WORK TOGETHER AND PRESENT A UNITED FRONT AND SPEAK AS ONE VOICE. TEXAS FARM BUREAU AND AMERICAN FARM BUREAU FEDERATION ARE PLANNING ACTION TO REMEDY THIS SITUATION AS SOON AS POSSIBLE. THEY HAVE THE FULL SUPPORT OF

COUNTY 4-H CLUB NEWS

Lazbuddie Junior 4-H Club
By Ronald Ashford
The meeting was called to order by Hoppy Jennings. Buddy Embry read the minutes and

Lloyd Bradshaw lead the pledge. Tommy Foster and Gary Matthews gave a demonstration on lambs. Mike Hinkson and Hoppy Jennings gave a talk on leading a calf. Joe Jones talked about 4-H Clubs. Hoppy Jennings, Lloyd Bradshaw, Mike Hinkson, Craig Shoeman, and Buddy Embry are on a committee on a

project for 4-H Club Week. February 21 the achievement program will be at Hub Community Center. Next meeting John Mitchell, Larry Morrow; Lloyd Bradshaw, Ronald Ashford, Gary Eubanks, and Buddy Embry, are going to give a demonstration.

Lazbuddie Senior 4-H Club
By Gary Brown
The meeting was called to order by Harrol Redwine. Carrol Redwine led the pledge. Eugene Houston read the minutes. Steve Young gave a report on the March of Dimes Program.
The meeting was turned over to Joe Jones. He talked about the March of Dimes. Then we talked about the tractor program. Gary Brown and Glendale King are going to give a demonstration at the next meeting.

By Mike McKown
The meeting was called to order by Dale Gober. Jerry Field read the minutes. Larry Donaldson gave a report on the March of Dimes. It went very fine and we would like to thank the people who gave money.
Most of the 4-H members are going to Hub Community Center to the Tractor Program. Some of the boys will get badges. The Fat Stock Show will be in Friona April 3-4. We discussed how to train pigs for the show. Jim Morton and Mike McKown is going to give a demonstration at the next meeting also Larry Gregory and Mike Roberts.

Farwell Senior 4-H Club
By Jimmy Armstrong
The meeting was called to order by Roy Donaldson, the president. Billy Field read the minutes of the last meeting. The new and old business was taken care of. We talked about a National 4-H Club Week exhibit.

Jimmy Terrell gave a report on the achievement program for Saturday night, February 21, at Hub Community Center.

Roy Donaldson gave a report on the March of Dimes. Bill Quickel and Jimmy Curtis gave a farm safety demonstration on how gasoline fumes are heavier than air and that fumes can ignite from a distance. Barry McCuan gave a demonstration on how to put out rat bait on the farm.

Roy Donaldson will give a demonstration on how to feed a dairy calf on the bucket at our next meeting. Billy Field and Alan Busbice will give a demonstration on how to fill a grease gun and grease a tractor.

Friona Junior and Senior 4-H Clubs

Dwain Phipps called the meeting to order and gave a report on last week. Our Pledge leader led us in the 4-H pledge. We decided when to have a tour on the projects.

On the March of Dimes the grand total was \$228.00. February 21, at the Hub Community Center there will be a program. Cotton John will be guest speaker. Mr. Mabry gave another report on the Tractor Maintenance Program. The 4-H stock show will be April 3-4.

electric clothes drying's a breeze!

★ We'll all agree, to dry clothes you need a breeze — and breezes come in two styles. There's the outdoor breeze that tears clothes, covers them with dust particles, and chills you to the bone. Then there's the indoor breeze which is gentle as a lamb on the clothes and on you. An electric clothes dryer is the way to get that soft and fluffy breeze, and it's the way to have the sweetest, whitest wash in town. Make clothes drying a breeze — electrically.

Breeze down to see your Reddy Kilowatt Electric Appliance Dealer and see the appliance most wanted by most women. It's the electric clothes dryer.

CONGRATULATIONS . . .

JOHNNY MABRY OF HUB

Winner of the
Parmer County
Grain Sorghum
Producers Association's
Annual 4-H
Acre Yield Contest
with an
Average Yield of
8511 lbs.

Johnny Mabry of Hub Community planted Texas 660 seed on his contest land this year preparing the land with 14 tons of burrs per acre and he used 140 pounds of anhydrous ammonia. The seed was planted using 16-10 wheat drills in 10 inch rows on June 10. The land was re-drilled on June 19 and had four waterings and a total average yield of 8,511 pounds of grain per acre.

DOUBLE WINNER was Jimmy Mabry, here receiving his grain sorghum prize from Gwen Holcomb. Jimmy won first place in both milo and cotton production contests in the FFA division.

TOPS IN GRAIN SORGHUM is Johnny Mabry, who stepped up for his first prize plaque in the 4-H milo contest. Handing over the hardware is Gwen Holcomb, and everybody seems happy about the result.

PUT 'ER THERE says J. G. Ward, Lazbuddie superintendent, who congratulated Richard Chitwood as the winner of the 4-H cotton growing contest. Ward was representing the Farmer County Cotton Improvement Association.

Kick-Off Banquet Monday

Parmer County Farm Bureau will launch its tenth annual membership drive with a kick-off banquet in the Friona School cafeteria Monday night, March 2, at 8 according to Jack Patterson, vice-president and membership chairman. President Gilbert Kaltwasser will preside at the meeting. About 100 workers and a number of guests are expected. J. H. West, president of Texas Farm Bureau, will be the speaker. West is a farmer and grain dealer from Bishop. He is a member of the National Cotton Council and the Cotton Council International, and has contributed much to the agricultural people of America and the world. He will show a film, Freedom

in Action, depicting the importance of individual citizen participation in local, state and national politics.

Following the banquet program, community membership workers of the county will assemble and plan for their work of contacting people for membership during the week.

Membership in the county organization now is 610, with about 200 coming up for renewal in March. About 100 March renewals have already been received by mail, according to Patterson, in response to early billings to cut down on personal work in the drive.

She: "Have you noticed Joan's new bathing suit?"
He: "No, I haven't. What does it look like?"
She: "In most places it's a lot like Joan."

THE PARMER FARMER

by W. H. Graham Jr.

Area farmers are understandably disturbed over the announcement last week that grain sorghum price supports will be reduced drastically this year.

Rumor of a substantial reduction leaked out a few weeks ago but was denied by USDA officials.

It now appears that the cut has been "cooked" for some time and that it wasn't any surprise to anybody in the know in the government.

Forgetting for a moment the economic implications of such a change, let us point out the great moral injustice of this particular administrative ruling (and that's what it is: there's no basis in law to back it up).

For years the administration has strived to encourage

farmers who grow feed grains to lessen their dependence upon government programs to keep their farms profitably in production.

Many farmers have wanted to do this and have taken steps to make it possible for them to enjoy greater economic freedom, in exchange for reduced prices and increased risks to profits.

The culmination of this trend came late last year when corn growers voted off controls in a national referendum. That ended acreage restrictions. The result of this action was supposed to bring about an overall support program for all feed grains . . . not just corn, not just milo, not just barley or wheat or oats and what have you, but for EVERYTHING.

The philosophy given such widespread publicity was that this would end the discriminatory treatment that antiquated farm programs had accumulated through the years. It would be a just, equitable, and workable program.

The Agricultural Act of 1958 provided for these new features in clearly spelled out language. The disparity between feed grains now read into the program by the administration is clearly beyond the intent of the law and what's more is probably beyond the law's most rigid restrictions.

This occasion may serve to remind us how unjust even the best laid-out plans can be when the administrative branch of the government is permitted to have

such broad powers of interpretation.

It is at times like these that we fall to wondering if perhaps the gnarled old cattlemen country aren't just about the shrewdest operators left in the business of producing feed or fiber.

They have as little to do with the government as possible. Nearly every year they beat off propositions from less successful operators that the government put a price support on live cattle. This agitation becomes very noticeable when the tides of fortune are running against the cowman.

Just a few short years ago (six or seven) the cattlemen was getting some mighty hard licks. The past year the worm turned and he's back on top of things again.

That's how it is, and that's how he expects it to be. He seems to want to keep it that way.

On the other hand, look at the producers of feed grain crops. Like a man whose body gets to depending on powerful drugs, these farmers each year find controls rising and profits shrinking, but they have gone so far that they can't get along without supports. Can't live with 'em, can't live without 'em.

The 1959 grain sorghum support price is, considering the information put out shortly before the turn of the year, grossly unfair. It is a good thing that we have time to get it changed, and we should work to

do so. But this sort of a situation is what nearly all of the present farm plans seem to be coming to.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL IS OUR STRENGTH

WHO IS A DISTRICT COOPERATOR?

A cooperater with the Parmer County Soil Conservation District is a man who plans his farming operations. He plans to stay in business -- in a business that faces as many uncertainties as the next one; fluctuating prices, floods, drought and insects, all in a world troubled with universal unrest that he knows affects him, too.

A good conservationist knows what it means to plan farming operations well in advance. Not like dreamers who consider only the harvest and the new car it will buy, but like businessmen who take a complete inventory, check and evaluate past performance and measure the future before striding forward
