

ON THE LINE

BY DOLPH MOTEN

Those who missed the MOD telethon Saturday night missed a lot of fun. If we understand the story correctly, Farwell Fire Boys probably had the most fun of all.

Someway or another, the firemen talked three of their fellow firemen into going over to the TV station on some sort of errand. The three, Wilfred Quickel, John Scharum, and George Magness, had no more than left the fire station when a phone call was placed to the TV station by the remaining firemen. The phone message said that the trio was coming to the station to sing a song on the program and that year-much money would be contributed to the March of Dimes if such a performance came about.

And surprisingly enough, it did. Or, at least, such a pretense was made. If those three can sing, we can run the 100-yard dash in 10 seconds flat . . . and our high school track coach wouldn't even let us work out because he said it gave his athletes a superior attitude to compete against us.

A headline on a recent issue of a daily newspaper in this area: Wildcat Strike Halts Dam Work They said it; we didn't, thank goodness.

Frankly, we didn't know times were quite that bad . . . and really doubt that they are, but we received the following in the mail recently. If we're not mistaken this joke, if it could be called that, was popular some 25 years ago.

We know not who sent it and it's against our better judgement to print unsigned mail, but here 'tis:

Ike is my sheperd I am in want He maketh me lie down on park benches He leadeth me beside the still factories He restoreth my doubts in the Republican party He guideth me to the path of unemployment for the party's sake Yes, tho I walk through the valley of soup kitchens, I am still hungry I fear all evil for thou art against me Thou annointist my income with taxes And so my expense runneth over.

Surely poverty and hard living will follow me all the days of the Republican administration and I shall live in a rented house forever.

As we said, we don't know who bothered to send that to us, but we daresay he doesn't like you conservative Democrats, either!

A new feature release from The Cattleman magazine points out, "Isn't It About Branding Time?" As a matter of fact, that's the name of the story. The article tells the advantages of branding cattle. Thieves prefer unbranded when they go about their work because of brand inspections made at cattle markets. "More thieves have been caught with branded cattle than with unbranded cattle but this is because more unbranded cattle are stolen," the article says. "Percentage-wise, the number would be less."

"A long step forward in the continuing fight to suppress cattle thievery would be gained if all cattle were branded."

What percentage of cattle in this area are branded?

Representative Jesse M. Osborn, Muleshoe, state representative from this (96th) district, will serve on the following committees: Vice-chairman of committee on banking Member of committee on conservation and reclamation Member of committee on game and fish Member of committee on penitentiaries Member of committee on appropriations.

We picked up this Methodist joke from The Andrews County News:

A Camellite is a Baptist who has learned to read.

TIPTON HOSPITALIZED Percy Tipton, a medical patient in Clovis Memorial Hospital is reported to be doing well by the attending physician.

EIGHT PAGES

FORTY-EIGHTH YEAR

SECTION I

Gas Pipeline Being Laid

Construction of the final 10-mile segment of a new eight-inch natural gas transmission pipeline began last week in the Farwell-Lariat area.

The new line, known as "Line 196," is being constructed by Arey Construction Company, Pampa, under contract with Pioneer Natural Gas Company. It will be used to complete an exchange agreement between Pioneer and El Paso Natural Gas Company.

Line 196, also known as the El Paso-Lariat-Farwell line, will connect El Paso Natural's Dimmitt compressor station to the Southern Union Gas Company transmission system near Farwell.

Southern Union will purchase the gas from El Paso Natural at this point to serve its Clovis customers.

Upon completion of the new line, an exchange agreement between Pioneer and El Paso Natural will be completed, giving El Paso Natural Line 196 and Pioneer the existing Amherst-Farwell and Umbarger-Farwell "triangle" transmission lines.

Russian Tour Set For PTA

A tour of Russian schools is in store for members of Farwell PTA Thursday, February 12, at 8 p.m. in the auditorium.

Dr. Martin L. Cole, academic dean of Eastern New Mexico University, who visited a number of European school systems recently, will present an illus-

(Cont. on Page 8)

San Jon Wins From Wolverines

Eventhough they had a four point lead at the end of the third quarter, Texico's Wolverines dropped a heartbreaking, 56-53, basketball verdict to San Jon here Friday night.

The game was considered a toss-up and proved to be just that as first one team then the other was ahead in the scoring. The visitors led, 14-11, at the first stanza mark; at the half, Coach Paul Frederick's Wolverines had a commanding, 30-23 lead; and at the three quarters point, it was still Texico, 43-39.

The Wolverines were handicapped by the loss of Jerry Bowers, who was out with an injured leg. Also, Texico lost Raymond Hadley and Wesley Engram via the foul route. Hadley was sent to the bench late in the third quarter and Engram followed early in the fourth.

Jerry Reid was high scorer

Completion of this exchange agreement will make it possible for Pioneer to serve additional customers and provide better service in the "triangle" area of Deaf Smith, Castro, Parmer, Bailey and Lamb Counties.

Completion of the new line (Cont. on Page 8)

Harrison Sweeps Election

Rumors of a write-in campaign in Texico School Board election Tuesday failed to materialize and Paul Harrison, lone candidate on the ballot, swept the election.

Ninety-seven votes for and none against Harrison were cast.

Only one position on the board, created by the expiration of Murray White's term, was open.

Election officials were Mrs. Olan Schlueter, Charlie McDaniel, and Walter Freeman, judges, and Mesdames Russell Johnson and B. L. Harding, clerks.

Holder board members are T. T. Doolittle, Claude Curry, John Hadley, and Glenn Singleterry.

Harrison will take office March 5.

RECEIVES AWARD--Melvin Burns, right, Texico post office employee, was presented a Certificate of Award from the post office department by Mrs. Lucy Brown, Texico postmaster. The award was a surprise to Burns.

Burns Receives P. O. Award

Melvin D. Burns, Texico post office employee, was presented a Certificate of Award from the post office department Friday. Mrs. Lucy Brown, Texico postmaster, made the presentation.

The award was in recognition of a suggestion Burns made to the department while he was working in Clovis post office in regard to handling of mail.

A letter which accompanied the Certificate of Award read, in part:

"Dear Mr. Burns: I am happy to present to you with this letter a Certificate of Award in recognition of the adoption of a beneficial suggestion submitted by you. I am informed that as a result of your suggestion, a rail was installed on the city distribution flat case to permit the dumping of an entire sack of

mail on the ledge at one time. This will prove of value to the distributors working this case and will result in an over-all efficient operation. I hope you will continue to exhibit this type of thinking and that we shall hear from you frequently."

The letter is signed by W. D. Brewer, regional operations director.

Gigantic '42' Game Set

Curry County "42" League will have a tournament in Texico Monday night, February 16.

The gigantic domino playing will be in the old gym and will begin at 7, New Mexico time. Fourteen teams, with 12 players to a team, will participate. This makes a total of 168 players and 42 tables.

Trophies will be presented at the close of play that evening -- one each to the 12 individuals on the tournament-winning team, one each to the 12 players on the winning team of the season, and two cups to the high couple of the tournament.

The tournament is an annual affair. However, it isn't always held in Texico.

Texico Woman's Club will sell sandwiches, pie, and coffee.

The public is invited to attend the tournament and watch the players.

Motor vehicle license plates went on sale in Parmer County February 1.

Sale of the plates has been brisk, Lee Thompson, county tax assessor-collector, says, but he reminds vehicle owners that they must bring their vehicle title and last year's license receipt with them when they buy new plates.

It's a state regulation that we have these two things before we register a vehicle," Thompson points out, "and we, here in the office, have to comply with it."

Public School Week Planned Representatives of various civic organizations in Farwell and Bovina met in Bovina Thursday night of last week to discuss plans for Public School Week.

Public School Week is March 2-7.

MOD Drive Beats Last Year's Total

With totals not yet definite, Parmer County's effort in the annual March of Dimes drive, which was conducted during January, is expected to go well over the \$3000 mark, Cary Joe Magness, community chairman, reports.

Farwell's total is expected to be in excess of \$1000, according to Elmer Teel, community chairman here.

A telethon from Clovis' station Saturday night gave the drive a \$252 shot in arm.

Farwell merchants contri-

buted prizes to the telethon to be drawn for. Talent from here was Mrs. Erma Jobs Silhouettes, a girls' sextette, Farwell Fire Boys collected donations from individuals who called the fire station and reported they had money to give to the drive.

A Mothers' March, conducted in Texico and Farwell Friday afternoon, also added greatly to the drive. Members of ESA worked on the Mothers' March. Farwell's portion of the money collected was \$201.54.

Students of Farwell School contributed \$132.36. A "coffee day" at Texico Hotel Cafe netted \$26 for the fund.

On the county level, 4-H boys and girls staged a drive in rural areas and collected \$223.54, with the bulk of that figure coming from Lazbuddie area.

This year's total will greatly exceed last year's amount, \$1754.

Incomplete totals from across the county show Farwell, over-\$1000; Friona, about \$850; Bovina, about \$950; Black, \$202.93; and Rhea, \$168.05.

Magness expresses appreciation to those who helped make

Building Meeting Feb. 12

Residents of the area are urged to attend a community meeting at Oklahoma Lane Farm Supply Thursday, February 12.

Purpose of the session is to discuss possibility of constructing a community building. Hostesses will be members of Oklahoma Lane Home Demonstration Club.

Program in addition to the business meeting will be a film, "A Tenderfoot in Europe," shown by Cotton John of Farm and Ranch Department of KGNC at 7:30 p.m. Anyone interested in seeing the film is invited to come and bring the family. Refreshments will be served by the home demonstration club.

Farwell Election April 7

An election, to name a mayor and two city commissioners for Farwell is slated for Tuesday, April 7, Wilfred Quickel, city

(Cont. on Page 8)

Steers Still Winners

With just two regularly-scheduled district games remaining on the schedule, Farwell's Steers are firmly established as the district favorite with a 6-0 record and the girls team is battling for second place.

The Steers racked up another impressive win Friday night. This time the victim was Sudan. The score was 57-33.

Johnnie Lovelace and Dickie Williams led Farwell scoring with 20 and 15 points respectively.

Phillip Berry and Freddy Magness had seven each, Benjy Dial and Jimmy Martin made three apiece and Gerald Christian made two in the game which saw the Steers jump out front and stay there.

They led at the quarters, 11-7, 25-19, and 4-27.

Farwell's girls lost to the tall, talented Sudan team, which is undefeated in district play, 47-22.

June Ritchie with nine and Beverly Hubbell with seven were high in the scoring column for Farwell.

With Sudan way out front in the girls' portion of the district race, Farwell and the other three teams are closely grouped for second place. The second place winner can't be determined until after the district race is over, Coach R. B. Tucker believes.

In a pair of non-district games here Tuesday night, the Steers won from Nazareth, 59-31, while the girls lost a close thriller, 36-31.

After the second quarter, the Steers were never in trouble and the B team played the final period and part of the third.

Hereford Man Jailed Here

A Hereford man has been arrested and put in jail by Parmer County sheriff's department. He is charged with failing to comply with terms of his probated sentence.

Manuel Cavala is in jail at Farwell waiting for a hearing before District Judge Bill Street. He was convicted of theft in district court last March and was sentenced to two years and placed on probation.

He was convicted of stealing sheep in Parmer County.

The hearing is scheduled for the latter part of this week or next week.

J. D. Lane, the second part arrested in Bovina Implement Co. burglary case, has been turned over to Hale County Sheriff's department after his bond was set at \$3000 by Farwell Justice of the Peace J. R. Thornton. Lane is from Amarillo.

Junior Yates, who was arrested earlier in connection with the Bovina burglary, was also released to Hale County authorities after his bond was set at \$2500. The men are also charged with an earlier burglary in Plainview.

There is a warrant out for the arrest of still another man who is suspected of being an accomplice in the burglary.

Lovelace and Williams were again high with 21 and 14 points. Dial made seven, Martin and Bill Owen four, Carroll Huggins, Mickey Rundell, Owen Huffaker, and Phillip Berry had two each, and Larry McDorman one.

High scorers for the girls were June Ritchie, 17; Jeanette Lindop, 10; and Beverly Hubbell, four.

The teams play Springlake here Friday night and take on Anton here Tuesday night.

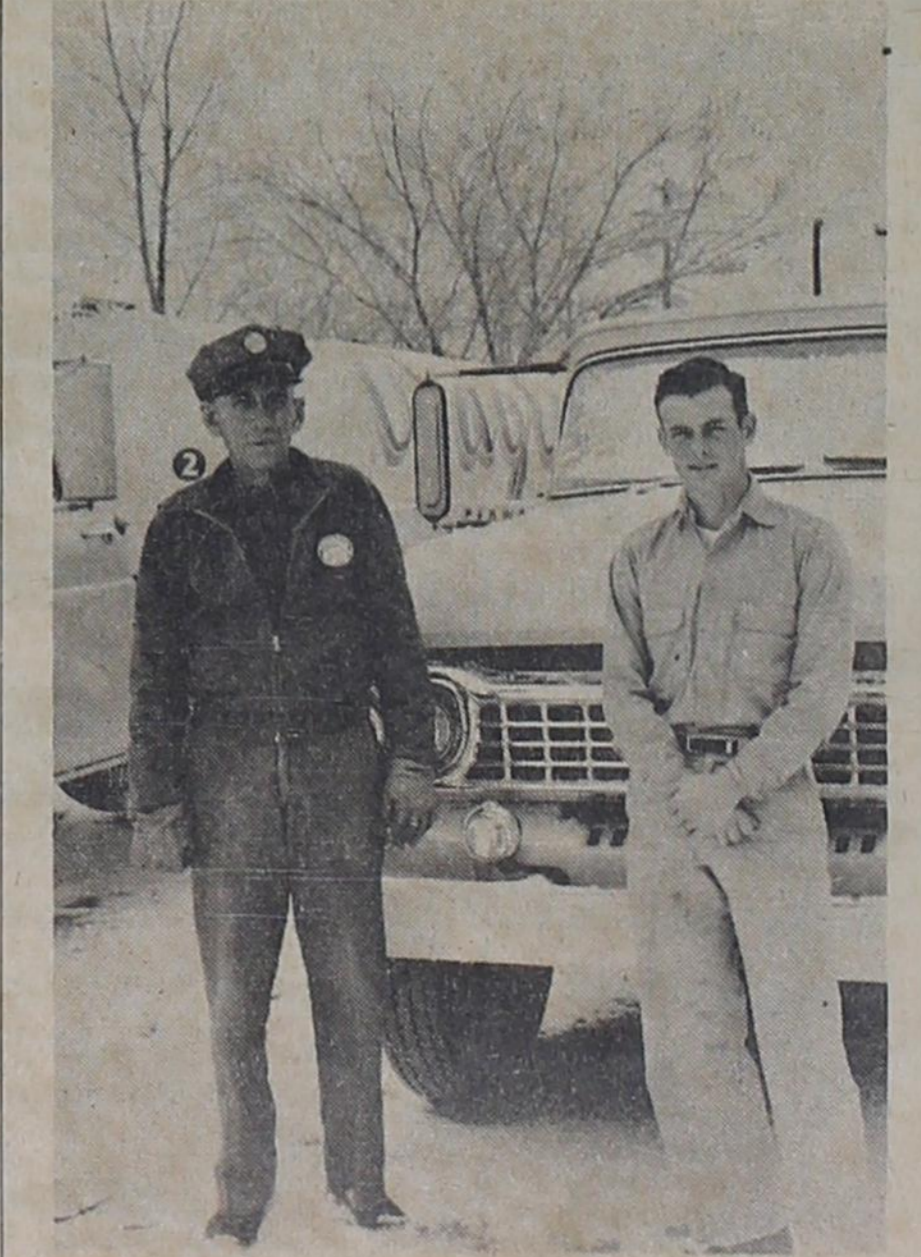

District 3 - A tournament, which will also be played in Farwell's gym, is scheduled for February 17-19-20.

Doran Candidate For AF Academy

Ursel Doran, son of Mr. and Mrs. Buck Doran, has been selected to compete for appointment to the Air Force Academy by Congress man Thomas G. Morris.

Doran, a Texico High School Student, will take a test soon with a number of other students from the area.

Watts Buys Bagley Oil Co.

CHANGE OF OWNERSHIP -- D. W. Bagley, left, has sold Bagley Oil Co. in Farwell to Billy Watts, right. The transaction was effective February 1. Name of the business has been changed to Watts Oil Co.

Billy Watts has purchased Bagley Oil Co. in Farwell from D. W. Bagley. The transaction was effective February 1.

The business consists of the Cosden gasoline dealership here as well as two service stations -- one on Highway 60 and one on Highway 170-84.

Bagley has been in the gasoline business in Farwell for the past 23 years. He says he has no immediate plans for the future.

Watts, who has been associated with his father, A. T. Watts in the operation of Watts Machine and Pump Co., says the products and policies of the business will continue to be the same. Also, personnel for the business will remain the same.

Name of the firm has been changed to Watts Oil Co.

An advertisement in this issue announces the change of ownership.

Revival Begins February 8

Rev. Autrey Dudley of Vernon will be evangelist at a revival beginning Sunday, United Pentecostal Church, Texico.

Services will begin at 8 p.m. and will feature special music and singing.

Social Events of Interest

Samples of the red and white Valentine motif to be used at a district meeting of Epsilon Sigma Alpha sorority here Sunday are discussed by members of planning committees. Mrs. Joe Helton, left, shows Mrs. Bill Prince a name tag and Mrs. Don Williams, second from right, and Mrs. Mitz Walling survey a Valentine tree which will dominate the centerpiece at the luncheon in Farwell School Cafeteria.

Claudia Cox, Roy F. Gamble Exchange Wedding Vows

Wedding vows for Miss Claudia Cox and Roy Frank Gamble of Muleshoe were solemnized at 8 p.m. last Thursday in the home of Mr. and Mrs. Edgar Blain. The bride is the daughter of Mrs. John Taylor of Texico, and the bridegroom's parents are Mr. and Mrs. Frank Gamble of Muleshoe. Rev. C. C. Morgan, pastor of Texico Baptist Church read the single ring ceremony. Miss Ann Spies was maid of honor and Travis Fudge of Muleshoe attended the bridegroom. The bride wore a two piece suit and carried out wedding tradition with a cameo pin be-

Chili Supper Well Attended

Officers of the young adult Sunday School Class of Hamlin Memorial Methodist Church were well pleased at the turnout for a chili supper sponsored last Wednesday night. The affair netted \$57.25 for the church building fund and the group wishes to thank the WSCS, the Wesleyan Guild, and the Methodist Men's organization for assisting. Members of the MYF served chili, pie, and coffee to the patrons.

Mrs. Hapke Entertains

Mrs. A. E. Hapke entertained friends at a hostess party in her home Thursday night. Refreshments of coffee, cold drinks, and cake were served to Mesdames Elmer Bridges, L. C. Crump, D. W. Curtis, Alma Hendrix, F. S. Thigpen, Marvin Beemer and A. R. Cordy, and Misses Laurie Cooper and Verlene Thigpen. The hostess was assisted by her daughters, Misses Audrey and Dorothy Hapke. Mr. and Mrs. Bobby Crume are visiting his parents, Mr. and Mrs. Joe Crume. The younger man was discharged from the army in January and the couple plan to locate in this area.

Home Ec Students Go To Style Show

Home economics students from Farwell High School attended a cotton style show at Lubbock Tuesday, January 27. Sponsored by the School of Home Economics at Texas Technological College, the show in Lubbock Municipal Auditorium was entitled "Cotton Around the Clock." Mrs. Glenn Lust, home economics instructor, sponsored the field trip and other adults accompanying the group were Glenn Lust, Mrs. Everette Christian, FHA Chapter Parent, and H. R. Crook, bus driver.

Connie Tharp Texico Band Sweetheart

Coronation of Miss Connie Tharp, Texico Band Sweetheart, was last Friday night at half-time in the Texico San Jon basketball game. Escorted to the place of honor and crowned by Wesley Engram, band president, the queen was honored with a traditional number, "My Wild Irish Rose," played by the band. Drum majorette for the marching band this year, Miss Tharp has been a majorette for five years. She plays clarinet with the concert band and in the jive band. The junior student is the daughter of Mr. and Mrs. Ray Tharp.

Mr. and Mrs. Fred Dixon and children of Portales visited with Ruby Dixon and Laura Temple Saturday.

He is a nephew of the women.

ESA Unit District 1 Hostesses

Members of Theta Rho chapter of ESA will be hostesses for a district meeting of New Mexico State Council Sunday at Farwell school cafeteria. A Valentine motif is planned for the luncheon which begins at 1 p.m. Following the meal, a business discussion is scheduled with Mrs. Rosalee Wilhoit of Lovington presiding as district chairman. Business to be transacted includes discussion of possible changes in the state constitution. Over 20 ESA chapters are represented in the district; and representatives are expected from most of the groups. Mrs. Marion Courtney, state president, is expected to be present for the session. She is from Clovis.

Ted Glenn Jr. Given Party On Birthday

Ted Glenn Jr. observed his sixth birthday with a party in the home of his parents Dr. and Mrs. T. J. Glenn, Friday afternoon. Birthday cake and chocolate milk were served to Mike and Robert Fairman, Ronny Graham, Mark and Craig Zahn, Terri Edwards, Meredith Anderson, and Rhonda Robertson. Special guests were his grandparents, Mr. and Mrs. Victor Bollinger of Benton, Mo.

Old Religions WSCS Topic

"Revitalizing Old Religions" was topic of discussion last Wednesday when members of WSCS of the Methodist Church met in the home of Mrs. Johnny McDonald. Mrs. Albert Thomas was in charge of the program. Assisting her were other members of the circle, Mrs. A. D. Smith, Mrs. B. N. Graham, Mrs. J. R. Thornton and Mrs. W. H. Graham. Discussed were "Islam," a religion of submission; "Buddhism," a way of life; "Hinduism," a religion of compassion; and Christianity. The hostess served pie topped with whipped cream and spiced punch to the ones mentioned above and Mesdames Grace Sanders, Elmer Teel, Ruby Dixon, L. W. Atchley, Ralph Humble, Anne Overstreet, Miss Laura Temple, Mrs. C. C. Christian was a guest. Members of the group will be guests of Mrs. M. C. Roberts at her new home in Clovis on February 11.

Rebeccas Plan Class Project

Plans for buying new utensils for the church kitchen were discussed Monday night when Rebecca class of First Baptist Church, Farwell met in the home of Mrs. M. F. Green. Mrs. Sidney Cox presented the devotion. Cake and coffee were served to Mesdames Cox, O. C. Petree, Shirley Kesner, Bill Garrett, J. J. Boling, Shelby Jobs, John Williams, and W. E. Hardage.

Mrs. Caldwell Visits Daughter

Mrs. Webb Caldwell returned last Wednesday after spending a month in Wolf Point, Mont., with her son-in-law and daughter, Mr. and Mrs. Bill Garwood. The Garwoods became parents of a daughter, Tam-morah Jean, January 11. Mrs. Garwood is the former D'Tanis Caldwell.

Mrs. Burford Pleasant Hill Club Hostess

Mrs. Geraldine Burford was hostess at an all-day meeting of Pleasant Hill Extension Club last Thursday. A ranch style lunch was followed by a business meeting conducted by the president, Mrs. Ogetha Langford. Mrs. Lillie Mae Daughtery, Curry County Extension agent, presented a program on income tax. Members present were those mentioned and Mesdames Thelma Eskew, Elsie Neely, Barna Armstrong, Martha Heinz, Almeda Goolsby, Clara Belle Smith, Minnie Weatherford, Maurine Winkles, and Nora Boccox. Next meeting is scheduled for today (Thursday) in the home of Mrs. Corda Taylor. Program will concern planning a wardrobe around a basic suit or dress.

CLASS MEETING RESCHEDULED

Meeting of the Golden Circle Class of Texico Baptist Church which was postponed last Monday night has been rescheduled for Monday night, February 9. Members will be guests of Mrs. John Hadley at 8 p.m.

Guests in the home of Dr. and Mrs. T. J. Glenn are her parents, Mr. and Mrs. Victor Bollinger of Benton, Mo.

Mrs. Magness and Banks are sister and brother.

NEW MARY LEE TAYLOR COOKBOOK FEATURES PIZZA BURGERS

Mary Lee Taylor's new cookbook, "Sparkle In Your Meals," offers a wonderful variety of exciting uses for instant nonfat dry milk. The recipe for Pizza Burgers adds a bright Italian-American note to meal planning with a zesty hot dish that is ideal for fall and winter entertaining.

The new book includes recipes for light and luscious low-calorie whipped toppings and desserts for the weight-watcher and many new beverage uses for nonfat milk. To put sparkle in your meals Mary Lee Taylor has included recipes for simple-to-make meat, fish and cheese sauces and tempting salads.

PIZZA BURGERS

6-oz. can tomato paste
1/4 cup catsup
1 1/2 tsp. oregano
3/4 tsp. garlic salt
2 Tbsp. all-purpose flour
1/2 cup PET Instant (in dry form)
3/4 cup water
1 cup grated, process American cheese

In 1-qt. bowl mix tomato paste, catsup, oregano and garlic salt. Let stand until needed. Mix flour and PET Instant in 1-qt. saucepan. Stir in water gradually until smooth. Cook and stir over medium heat until thick, but do not boil. Take off heat. Stir in American cheese until cheese melts and sauce is smooth. Cook ground beef in hot shortening. Arrange sandwich buns on cookie sheet, cut sides up. Spread tomato mixture over each. Top with cheese sauce. Cover cheese sauce with cooked meat. Sprinkle Parmesan cheese over meat. Bake near center of 400 oven (hot) 12 to 15 min., or until bubbly hot. Makes 16.

The new cookbook is available, without charge, by addressing a card to "Sparkle In Your Meals," Pet Milk Company, 1625 Arcade Building, St. Louis 1, Mo.

GOLDEN WEST SEEDS

By PAT
My hat is off to the people who settled this country and had the courage to stick it out during the thin years. They were the hardy breed and we owe them the respect of their foresight. We were amused at the story Bill Hall was telling Thad Watkins the other day. According to Mr. Hall, there are so few of the old timers left that when he tells a big lie about the early days he can't find anyone to back up his story. Bill, I know how you feel; I have trouble getting anyone to believe my stories and I haven't been here many years.
Golden West Seed Company of Texico and Farwell has received a new shipment of veterinary medicine. If you are having trouble with your calves, hogs, or poultry, come by and check with us for Sulmet, auro-mycin and other very good remedies. One sick calf saved these days will pay for a lot of doctoring.
Farmers who have been in during the past week were Charles Seals, Darrell Norton, Vernon Symcox, and John McFarland of Farwell and Barney Harding, Roy Rickstrew, and John Hadley of Texico. We are always glad to have you stop by if it's for nothing but information and coffee. We feel that a satisfied customer is just about the best advertisement that a company can have.
Indications are now that the support for grain sorghum will be a little better than during the past year. One leading farm magazine has indicated that the national average might be as high as \$1.93, as compared with \$1.75 during the past year. However, it is the thinking of others that this will be cut to possibly a few cents higher than a year ago.
Come see us. The main comment we have heard about this column is, "Who is that ugly devil you have a picture of at the top?"
A man waiting outside a supermarket noticed a boy about eight in a car parked alongside. He was wildly twisting the steering wheel and uttering motor-like sounds.
The man watched him for a while, then leaned over and said, "Hey, bud, you better stick your arm out when you go around a curve or you'll get a ticket."
The boy regarded the man scornfully. "Look, bud," he said, "you stick your arm out of a space ship and you'll get it ripped off."

News From Pleasant Hill
By Mrs. Buck Taylor

BAPTIST CHURCH NEWS
Several additions to the church have been made in recent weeks. They include Mr. and Mrs. Robert Walker and their three children and Roy Taylor from Bovina.

Approximately three inches of snow fell in the Pleasant Hill area early this week.
Visitors in the home of Mr. and Mrs. Dewey Pierce Friday night were Mr. and Mrs. Alvis Clark, Betty and Janine, Mr. and Mrs. Vaudie Pierce, Mr. and Mrs. Pat Gant, Dana and Lyle from Clovis, and Mr. and Mrs. Muggie Pierce and Susie from Carlsbad. The group played games and refreshments of coffee and cake were served.
Mr. and Mrs. Jimmie Weatherford and boys visited in the home of Mr. and Mrs. Juan Eskew Sunday.
Mr. and Mrs. Juan Eskew and

Gary visited in the Ranchvale community Thursday night. They were guests of her nephew and niece, Mr. and Mrs. Don Marler, and her brother-in-law and sister, Mr. and Mrs. Haney Tate.
Pleasant Hill women who participated in a basketball game between Pleasant Hill women and the Texico Bloomer Girls Friday night were Dorothy Pierce, Lorado Servatius, Minnie Weatherford, and Hazel Eshelman.

A staid gentlemen, honorary judge at a horse show, was upset by the dress of some of the girls. "Just look at that young person with the poodle cut, the cigarette and the blue jeans," he decried to a bystander. "Is it a boy or a girl?"
"It's a girl. She's my daughter."
"Oh forgive me, sir," apologized the old fellow. "I never dreamed you were her father."
"I'm not," snapped the bystander. "I'm her mother."

THE HIGH PLAINS FARM AND HOME

FUN ON THE FARM can still be found by the younger generation when they're looking for it. Patti Jon Talley is held up by her mommie to grasp a long icicle hanging invitingly from the eave of the Talley farm home.

SOIL CONSERVATION: DISTRICT NEWS

Last week the SCS technicians were busy getting jobs underway that will be done during 1959. Surveys were made and information gathered on two proposed waterways. One is located on the J. J. Harper farm east of Friona, and the other on the D. T. Patterson farm in the same locality.

Ellis Tatum is planning to start a leveling job on the Guy Caldwell farm north of Friona. As soon as he has finished staking the field the SCS will make a survey and determine the yardage to be moved.

Several farmers wanted assistance to improve their methods of irrigation. They were Sloan Osborne, Tom Beauchamp, E. M. Jack, Owen Maulden and Homer Horner.

New cooperators with the District are T. O. Lesly, Tom Beauchamp, Artchie Tarter, R. Q. Silverthorn, Edmond Schlabs, Elmer Lowrie and D. Clark & Eubanks.

SCD and SCS are different although their initials are somewhat similar. The Soil Conservation District (SCD) and the Soil Conservation Service are distinctly different agencies.

An SCD is a specified area in which a group of farmers and ranchers have banded together in a democratic fashion to practice soil conservation.

The SCS is a federal agency which lends technical assistance to members of an SCD. The District or SCD elects its own officers and administers its own affairs.

The SCS renders its services free upon request from land owners or operators submitted through the District Board.

Soil like freedom is not appreciated until it is endangered.

Interest Rate Increased By FHA

Farmers Home Administration has increased its interest rate to private lenders under the insured farm loan program from 3-1/2 to 4 per cent. Walter T. McKay, the agency's state director, advised that this change was made to encourage more lenders to advance funds for insured loans in order to meet the needs of qualified applicants throughout the nation.

The insured farm loan program encourages the use of private capital in place of direct government loans. Through this program private lenders can advance funds to eligible farmers for the purchase of land, for building and land improvement, and for domestic and irrigation water systems.

In addition to the 4 per cent paid the lender, the borrower pays the government 1 per cent for insuring and servicing the loan. Although the amortization period of the loan may be up to 40 years depending on the purpose for which the loan was advanced, the lender, at his option, may have the note redeemed by the government at any time after five years. The note, held by the lender, is negotiable and may be assigned to another investor at any time.

"The insured farm loan is an attractive investment for private lending institutions and individuals and has been well received here in Texas," McKay states.

"In fact, 928 of our more recent real estate loans totalling \$8,926,000 were made from funds provided by private credit sources. We anticipate that raising the rate of interest to lenders to 4 per cent will result in a substantial increase in lender participation and thereby enable Farmers Home Administration to meet the credit needs of more farm families."

1959 Cotton Quality Bests 1956, Pfeiffenberger Says

Quality wise, the 1958 - 59 Texas High Plains cotton crop was one of the best on record, George W. Pfeiffenberger, executive vice president of the Plains Cotton Growers, reports this week as he released the seventh and final quality report on cotton statistics.

Out of the two million bales harvested on the High Plains -- statistics show that white cotton accounted for 71.3 per cent of the crop with 59.2 per cent strict low middling white and above.

"Light spotted cotton totaled only 25 per cent and 16.5 per cent of that was middling light spot and better. Full spotted cotton was only 2 1/2 per cent," Pfeiffenberger said.

The average staple length on the Plains 1958 crop was 31/32 inch with 25 per cent measuring one inch and longer. Only 8 1/2 per cent fell below 15/16 inch.

The micronaire average was

4.0 with 81 1/2 per cent above the tenderable micronaire limit of 3.5 and the majority of the crop, or 51 per cent fell between 4.0 and 5.0.

The Pressley fiber strength averaged 74,600 pounds per square inch with 44 per cent testing between 75,000 and 90,000 pounds.

Pfeiffenberger says that uniformity in grade, staple, micronaire and Pressley makes this crop much better than even the quality crop of 1956 and one of the best ever produced on the Plains.

The only sure thing about luck is that it will change.

Cotton Plan Discussions Scheduled

Three meetings have been scheduled in Parmer County to discuss A and B plans which cotton farmers are being offered this year.

Prentice Mills, manager of ASC, and Joe Jones, county agent, will conduct the meetings. "We'll try to be prepared to answer all the questions farmers have to ask," Mills says.

The first meeting will be at Lazbuddie Thursday, February 12. It will be in the school auditorium and will begin at 2.

The second session will be at Hub community building Monday, February 16. It, too, will begin at 2.

The third and final meeting will be at the school in Bovina. It will be Monday night, February 16, and will begin at 8 p.m.

Mills says it is hoped that all farmers in the county will have an opportunity to attend one of the three centrally-located meetings.

The ASC manager also reports that he hopes to have the support price on maize by February 16.

MONEY IN THE BANK--and it's there because of the efforts of Parmer County 4-H Clubbers. Cooper Young, above, deposits \$233 to the MOD account at Security State, as Doris Ford happily makes receipt. Cooper, a Lazbuddie 4-H Club boy, served as secretary of the county-wide charity effort.

became a new member of the club. Others present were Janice Hillock, Pat Chitwood, Barbara and Virginia Rea, Judy Billingsley, James Billingsley, Cooper Young, Joe Jones, Richard Chitwood, Steve Young and Pat Obrien. The meeting was held in the home of Joe Jones.

4-H MEMBERS HELP IN MOD CAMPAIGN

A number of rural homes throughout the county were canvassed by members of Parmer County 4-H Club Saturday, January 24, for the annual March of Dimes campaign. They visited farm homes which had not been contacted by other means. Mrs. Gene Rea, Bovina, who

THE PARMER COUNTY IMPLEMENT CO. NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, February 4, 1959

Mr. and Mrs. Hoyt Smith and son, Danny, left Friona by train the first of the week for Lansing Mich., where the Smiths will pick up their new Oldsmobile. They will visit in Chicago a few days and then go to Erie, Mich., for a short visit with Mrs. Smith's sister before they drive home.

International trucks have an exceptionally long and useful life. One of the reasons is the availability of genuine IH replacement parts. For the best kind of repair service call the Parmer County Implement Company at 2091 in Friona.

Extra happy parents are the W. H. Awtreys, who have a new baby boy in their family of three girls, and the A. W. Anthonys with a new baby girl added to two boys. Also the Dale Houlettes, who have their son home to stay. He had been staying at the hospital until his weight reached five pounds.

Congratulations to Clarence Martin. Clarence was the Parmer County winner in the pounds of DeKalb raised per acre.

Arthur Drake is driving his fifth new Oldsmobile purchased at the Parmer County Implement Company. Arthur says it takes more money "to boot", now to buy a new car than it did "for cash" when he bought his first Oldsmobile. Of course, he's sure got more car now, too.

Mr. and Mrs. Dan Ethridge and Lois Norwood were in Lubbock Friday for an insurance meeting.

From The Man Next Door: If the old-fashioned family doctor has disappeared from the scene, perhaps it is because he's out looking for the old-fashioned family.

Science has, at last, determined the completely safe time to criticize your neighbor's children -- when yours are grown.

Farm equipment is our business and we'd enjoy helping you get the most out of yours. If it's parts you need, we've got them. If you're thinking about a new tractor, we can help you there, too. Why not stop in next time you're in town. Let's talk equipment.

Lonnie McFarland from Pierre, S.D., has been visiting here with his mother, Mrs. J. B. McFarland, and with other relatives and friends. Also with his son and family, the John McFarlands of Farwell.

Mrs. Deke Kendrick was in Lubbock Tuesday for a meeting of the membership nominating committee of the Carrock Girl Scout council. Mrs. Kendrick is chairman of the committee.

We're headquarters for Farmall. Right for any job, this tractor really eats up the acres, but is easy on the fuel. Phone 2091 or come in soon. We'll show you what we mean.

Saturday night at eight o'clock in the high school auditorium Don Lewis and the Collegiates from Midwestern University at Wichita Falls will present a musical variety show. Tickets may be pur-

chased at the door and reserved seats may be purchased from any member of the senior class.

The new truck tire by Goodyear, Hi-Miler X - tra grip, gives x-tra traction, x-tra mileage, x-tra quiet, x-tra utility, and x-tra safety. It's better for mud and snow. Ask about our trade-in prices.

Don Wallace of Kimberly, Idaho, thought up an easy to carry syphon tubes. He slung an old truck inner tube over his shoulder and found he could carry 70 or 80 syphon tubes in this handy sling. Rubber keeps the tube from slipping and distributed the weight evenly.

Several Friona folks were on the TV March of Dimes program over KICA at Clovis Saturday night. The ones we saw were Janet Mings and Tinker Dunn tap dancing; Sharon Reeve and her grandmother, Mrs. F. W. Reeve, playing the flute and piano; Nancy Outland, Pamela Roden, Sue Baxter, and Mary Jane Grubbs twirling batons, and the boys quartet, Kim Caffey, Bobby Daniel, Floyd Reeve, and Johnny Miller, singing.

Nonchalance is the ability to look like an owl when you have behaved like an ass.

Before you buy a tractor, new tires or tubes, grease guns, syphon tubes, a pick up, a fan belt, spark plugs, battery, air cleaner, anti-freeze, tractor heater, brake lining, or beautiful new Oldsmobile, better check the prices at the Parmer County Implement Company.

May Measure In Advance

Any farmer who wants to be entirely sure of compliance with his cotton allotment for 1959 may have the acreage measured in advance of planting. This service which is offered to all producers of cotton is called "premeasurements," says

Prentice, Mills of the county ASC office.

Every year there are some farmers who either exceed or underplant their cotton allotments through inaccurate measurement on their own part or because of incorrect information about the size of permanent fields.

In the case of overplanting, this can often cause unnecessary expense for fertilizer, seed, and soil treatment. Underplanting could cause loss of farm income.

A farmer who used premeasurement service on his farm pays to have the work done by regular ASC performance reporters. The premeasured acreage will be accepted as the official measured acreage for all ASC purposes provided the farmer plants within the measured area. A later trip will be made to the farm to determine that these require-

across the board pay raise of \$800 per year for all Texas teachers. It would also extend the school year from nine to nine and one half months with the districts having the option of extending the term to ten months.

To this writer, extending the school term is rather foolish when holiday periods generally are being increased each year.

Of particular interest to all rural Texans is the bill to give equal rights for electric co-ops to service rural areas, and in other fields where they have established service not formerly available.

Ever since we can remember, Texas Farm Bureau has been trying to get a tax bill passed on natural resources, namely, natural gas. The bill, as introduced, would provide an additional \$41 million revenue to the state.

If you favor this bill, it would be well to write your senator and representative of that fact. The natural gas lobby has strong representation against it. Write

Senator Andy Rogers and Rep. Jesse Osborn. Farm Bureau has representatives there, but they will need lots of help on this one.

There is a bill intended to take funds from the permanent school fund, which is like selling a quarter of land to pay the taxes on the other three quarters. Farm Bureau from every county opposes this proposal. . . . Division of commissioner's precincts by population is also being pushed with Farm Bureau opposition. We hope you will keep up with doings in Austin this session. Some people are planning some things that may do irreparable damage to Texas citizens.

CONSIDER THIS: "Confidence in an unfaithful man in time of trouble is like a broken tooth, and a foot out of joint. Proverbs 25:19.

"Does your husband talk in his sleep?"

"No, and it's terribly exasperating. He just grins."

4-H CLUB NEWS

The Friona Junior and Senior 4-H Club met Tuesday, January 23, Dewain Phipps, president, called the meeting to order, and then the meeting was turned over to Joe Jones, county agent.

Mr. Jones called on James Mabry to explain the tractor maintenance program. Then Mr. Mabry handed out slips to enroll the boys in the program. Then we elected two committees -- one was to set a date for the inspection of the projects. The other was for the March of Dimes campaign. Reporter Joey Taylor

ments have been met, but in most cases an additional survey will not be required. Premeasurement may be requested by application to the county ASC office by not later than March 15. The farmer will be asked at the time of application to deposit sufficient funds to cover the cost of the work.

The fee for premeasuring cotton acreage in Parmer County is \$12 for the first plot premeasured plus \$4 for each additional plot.

Those pretty evergreen trees on so many Parmer County area farmsteads don't pop up as if by magic. They require a little elbow grease. Showing how to apply some (it's really an iron-bearing solution to nourish the tree) is Mrs. James Mabry of the Hub community. The Mabrys have used Red Cedars obtained from the Great Plains Field Station at Woodward, Okla., to beautify their already-attractive farmstead.

Tree Order Deadline Draws Near

The approach of an order deadline, plus a shortage of seedlings this year, has prompted County Agent Joe Jones to urge residents to get orders in now for evergreen trees to be planted on their farmsteads this spring.

Official deadline is March 1, but the supply of trees may be exhausted before that time.

The use of evergreens as functional and beautifying additions to farms is on the increase. Their cost is very low, and the effort required to raise them is repaid many times over for the years of service and beauty that they provide as they grow.

Order blanks can be obtained from the county agent's office. Cost of the trees is only \$1.25 per hundred. Austrian Pine, Red Cedar, and Ponderosa Pine are the varieties available.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Texas' legislative session is getting well underway with such a full slate that it appears they will be in session most of the first half of 1959. Nine bills supported by Farm Bureau to improve the Texas animal health situation have been introduced. These bills cover several

phases that would take too much space for explanation in this column. If they are passed, they will protect out of state markets for Texas livestock, which is important to every farmer as well as livestock producers.

H.B. 22, by Hale, McGregor and Spears, if passed, would cost the state an additional \$80 million per year, and the local districts \$20 million a year. This bill would provide an

The judge was lecturing the village drunk for the umpteenth time.

Grain Sorghum Research Conference Scheduled

What promises to be one of the most significant meetings in the history of Great Plains agriculture is scheduled March 3, and 4, at the Herring Hotel in Amarillo.

A grain sorghum research and utilization conference designed to bring together researchers and development scientists from throughout the nation, who are studying the utilization of grain sorghum through livestock, industry and export outlets, is the attraction.

Being held in connection with the two-day conference are meetings of the National Grain Sorghum Research Committee, the Grain Sorghum Utilization Committee and the annual meeting of the Grain Sorghum Producers Association.

A list of some of the nation's leading agricultural researchers will attend, according to Bill Nelson, vice president of the Grain Sorghum Producers Association, who is

chairman of the two-day program.

It is expected that the material presented by the researchers and grain industry leaders will be used as background material for the Association's domestic and foreign market development activities.

There is little arguing about the importance of grain sorghum to the Farmer County area. It is farmed on more

than a quarter million acres in the county and is not only by far the biggest crop acreage-wise, but also produces more cash gross than any other crop -- somewhere around \$13 million.

No official figures are available for accurate comparisons, but judging from the most reliable estimates available Farmer County is the leading county in the state (probably in the nation) in the production of grain sorghum.

American farmers ahead of every other agricultural region in the world.

Yet by a curious quirk of events, the mechanization of our farms at times seem to be more of a bane than a blessing. Speaking literally, the tractor is not responsible for the astronomical increases in farm production that have taken place within the past decade.

Improved seed, the practice of commercial fertilization, the application of irrigation water to supplement natural rainfall, a big improvement in transportation and hauling -- these and many other factors play a hand in making the farmer of our nation the most efficient producer on earth.

However, for symbolic purposes, the silhouette of the big, powerful tractor flashes in the mind of the person who thinks of American farm productivity. The tractor is the central machine around which all other marvelous farm devices orbit.

The invention of the reaper, and the invention of the cotton gin are in bold type in the pages of history. It is true that these devices mastered specialized motions that had been wedded to hand labor ever since the dawn of civilization and that the problem of power was already "solved" by horses and mules in the field and by water and steam at the mill or gin.

However, that doesn't prevent today's farmer from judging his success as a tiller of the soil by the kind of tractor he owns. Urbanity has its counterpart in the rural phenomenon in that the city-dweller judges the success of himself -- and his neighbors -- by the kind of a car he drives, even though in absolute terms a car is nothing more than transportation.

Within the past 10 years there has been much upgrading in the manufacture of American tractors. Each year's models produces more power than those of the former years. More than just brute strength, however, has been added a host of features that have put tractor driving out of the "man-killer" class it sometimes used to be.

We have known farmers to seriously injure their health as they stayed with the day-in, day-out pounding of the Iron Mule. Others sound themselves physically unfit to even attempt

the jarring job of guiding the machine over a rough field for hours at a time.

Today's tractor, though, is a far cry from the three-wheeled "torture machines" of not too many years ago. The biggest difference is the improvement in the ride itself. The demand is almost universal for an independently mounted and balanced seat that isolates the jar and pitch of the machine from the operator.

Power steering is popular on autos but it's selling good down on the farm, too. Time was when a rock, clod, or some other obstruction in the path of the front wheels would transmit an arm-wrenching shock to the driver, sometimes almost knocking him from his perch. Better linkage improved this a lot and power steering, where used, has eliminated the problem.

Many a farmer has risked frostbite to his fingers and toes riding a tractor on a cold day here on the Plains, and drivers are still anything but immune from the effects of the weather. However, the covering and heating gadgets now commonly applied to tractors at least makes the conditions bearable, if not comfortable.

The buying public has gone hog-wild over automatic transmissions in cars and the idea seems to be taking hold on the farm, too. Torque converting mechanisms are receiving great play in the sales pitches of machinery manufacturers.

Auxiliary units called "power take-offs" have been with us for many years, but have become more useful, more flexible, with each passing year. A farmer can just about do anything he wants to with a tractor, if he's willing to pay to get the machine properly equipped.

Prices of manufactured products are going up all the time, and that includes the price of tractors. This is the only fly in an otherwise very nice jar of ointment.

It would be a mistake, though, to judge today's tractor against the one made 10 years ago -- or, for that matter, five years

ago. Today's machine is far more productive.

Although price is a major consideration in the contemplated purchase of any item, farmers should apply the logic of businessmen (and farmers ARE businessmen) to the matter of price:

"It isn't so much how much a machine costs. The important thing is how much it is worth."

Mechanization is the touchstone of High Plains agriculture.

Martin Best DeKalb Raiser

Clarence Martin of Friona has been presented the first place award for Farmer County in DeKalb's 1958 national sorghum yield contest.

This award presentation was made to Martin at DeKalb's annual yield award banquet held

January 29, in the Hilton Hotel in Plainview. Winning official yield was 8263.74 pounds per acre made with DeKalb Variety F-62a.

The corn state winner was Gene Ezell of Bovina with a yield of 136.49 bushels per acre.

The national DeKalb winner was Roger Heim of Modoc, Kansas with a yield of 11,988.99 pounds per acre with DeKalb F-62a. (Irrigated).

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Have you made snow ice-cream this year? The snow this week was ideal for making very good cream. It even freezes real good. My recipe is as follows:

SNOW ICE-CREAM
1 egg
1 small can evaporated milk
3/4 cup sugar
1/2 t. vanilla

Beat the egg until thick and fluffy. Add the other ingredients and beat until well mixed and the sugar dissolved. If you wish you can use a can of sweetened condensed milk instead of the condensed milk and sugar. Add enough snow gradually until it is thick and fluffy. Beat with the mixer the entire time.

A training meeting was in my office last Thursday on "Growing Shrubs and Trees from Cuttings." Each Home Demonstration Club was to have one

or two leaders present. They will give the demonstration at their club during Feb.

Those present were Mrs. Windbourn Hardage, Mrs. Edmund Kitten, Mrs. Mable Newberry, Mrs. T. J. Hopingardner, Mrs. Billy Dean Baxter, Mrs. Doyce Barnett, Mrs. Howard Elmore, Mrs. Bill Carthel, Mrs. Sam Bailey Jr., Mrs. Raymond Milner, Mrs. Wesley Hardesty, Mrs. W. E. Stringer, Mrs. O. D. Bingham, Mrs. Dee Brown, Mrs. J. D. White, Mrs. M. H. Brooks, Mrs. W. M. Massie.

I made cuttings of roses, mahonia and forsythia showing how to make the cuttings and then planted them. Then the care was discussed. They are to be planted in sand or unfertilized soil and watered once a week. If you are interested in doing some of this then write or call me for the bulletin on this subject.

COOKING FOR WEIGHT WATCHERS
Any weight watchers in your family? If so, you, the cook, can be a big help by planning and preparing foods to cut calories.

Here are some suggestions offered by extension foods and nutrition specialists:

- Use non-fat, dry milk solids for cooking. Reconstituted dry milk solids heated and combined with vegetable liquors are good in soups.
- Keep desserts simple. Serve fresh fruits or canned and frozen fruits packed in water or juice -- not syrup.
- Roast or oven or pan-broil meats, poultry and fish instead of frying in fat. Avoid "bread-ling" and use of egg batters on foods. Trim extra fat from the meat.
- Serve salad materials plain

DRILLING BJ PUMPS
Parmer County Pump Company
Friona

-- or use low-calorie seasonings or salad dressings. These can be made with tomato juice, herbs and lemon juice or vinegar.

- Prepare food without added fat, sugar or flour whenever possible.
- Tempt appetites with herbs and spices instead of rich seasonings, sauces and gravies.
- Serve low-calorie items for nibbling or appetizers. Try celery, cabbage wedges, carrot sticks, or other low-calorie vegetables or fruits.

Avoid high fat foods such as cream, butter, gravies, sauces, nuts, potato chips, oil, pastries, rich salad dressings; sweet foods, such as cakes and cookies; rich puddings, candies, fountain drinks and sundaes, carbonated drinks and alcoholic

NORTH PLAINS LAND

320 ACRES: 1-8" well on natural gas. This half is nearly perfect. \$150.00 per acre, \$12,000.00 will handle it.

640 ACRES: 1-8" well, 240 acres of wheat, \$75.00 per acre, terms to suit buyer.

Choice 640 Acres: clean land, extra good 8" well, lays on pavement, 200 acres of good wheat. Priced at \$150 per acre. \$46,000 down, balance in 10 years, terms, 5% interest.

640 ACRES: unimproved with extra good 10" well, land lays from level to sloping, 233 acres of wheat. Priced \$135.00 per acre, terms can be arranged.

320 ACRES: unimproved with a good 8" well, all perfect but about 20 acres has some slope. Close to Sunray. Priced \$175.00 per acre. Another 160 acres available adjoining this 320 with an 8" well.

beverages; and starchy foods, such as macaroni, dry peas and beans.

You get a lot of food value at low cost in dry beans and peas. A pound of dry beans, for example, will provide seven to nine hearty servings, according to extension foods and nutrition specialists.

Beans and peas go well with meat and other foods. They are easy to store and use. With different seasonings, they make an almost endless variety of tasty dishes.

Look at the food values they offer. Rich in carbohydrate content, which your body uses for energy, they also contain some B vitamins, and are good sources of calcium and iron. And along with all of this, they provide useful protein.

To get the most good from the bean-family foods, plan to serve with some grain food, like bread, or some meat, cheese or other animal protein. Baked beans with brown bread, pork and beans, and chili con carne are popular flavor combinations.

Save time, if necessary, by using a pressure cooker to cook dried beans or peas.

THE PARMER FARMER

Farmers, Here's Facts About COTTONSEED DELINTING

By the wet acid process you need to know!

Your seed can be fuzzy, Flamed, gas delinted, saw delinted or wet acid delinted.

We recommend the wet acid process.

Here's Why:

1. Seed stays in contact with the acid for a period of only 30 seconds or less.
2. Water is used to neutralize.
3. Does not eat the bags.
4. Wet or green seed can be safely delinted.
5. Can be safely stored and used for a period of several years.
6. Does a more thorough job on angular leaf spot and other seed borne disease prevention and control.
7. Heat is used only to dry washed off.
8. Planting 12 pounds per acre, the cost is less than 10 cents per acre more than using the regular acid process.
9. More uniform planting.
10. More even stand.
11. Quicker emergence.
12. Plant faster
13. Get bigger yields.
14. Gravity table floats out the weak seed
15. Treating prevents seed rotting even in cold damp weather.
16. No sticks, stems, or lint to clog up the planter.
17. In warm soil seed will sprout in 12 hours--a stand can be had in 4 days.
18. Less moisture required for germination.
19. For only one lb. of lint cotton per acre you can have your seed delinted using the wet acid process--the safest of all types of delinting.

A phone call will get you complete details

is February 14 and Mesdames Louise Christian and Jeanne Garner were appointed to serve on the planning committee.
Mrs. Billingsley served sandwiches, rainbow cake, coffee, and cold drinks to Mesdames Dot Roach, Joyce McGuire, Avis Carpenter, Dot Christian, Charlene Grissom, Lillie Christian, Marjorie Watkins, and those mentioned above.
Mrs. Carpenter will be hostess to the club in February.

The Troy Christian home was scene of a quail supper last Monday night. Attending were Mr. and Mrs. Dean Jones and son, and Mr. and Mrs. James Norton and son. After the meal, the group played "42."

Johnny Ginnings of Atoka, Okla., spent Wednesday night in the home of Mr. and Mrs. Jack Roach.

Mr. and Mrs. James Roach and family were in Amarillo Thursday to attend to business. They also visited relatives.

LOCAL MEN RECEIVE AWARDS

Attending a banquet in Plainview last Thursday night were Mr. and Mrs. Melborn Jones, Calvin Meissner, and Mr. and Mrs. Wendol Christian. Awards were given to the three highest DeKalb grain producers in the county and district. Christian received a second place and Jones a third.

Mr. and Mrs. Olan White of Amarillo and Mr. and Mrs. Frank Edwards were dinner guests in the home of Mr. and Mrs. Harold Carpenter Sunday. Afternoon visitors were Mr. and Mrs. Sterling Donaldson and girls and Mr. and Mrs. Wendol Christian and family.

BURL NIXES PARENTS OF DAUGHTER

NORTON ESCAPES SERIOUS INJURY

Darrell Norton narrowly escaped serious injury to his left eye last Friday when he was shelling corn on his farm. A cob flew from the shelling machine and hit him in the eye. He was rushed to a Clovis physician for treatment of a hemorrhaging pupil. Bandages were removed Monday and he is doing well.

Mrs. Ponce Billingsley and Judy accompanied Miss Jimmie Lou Wainscott and Mrs. Joe Jones to Lubbock Tuesday night to attend a program entitled "Cotton Around The Clock" presented by the School of Home Economics at Texas Tech. The program was in the municipal building.

MRS. CLARENCE HENDERSON CELEBRATES BIRTHDAY

Mrs. Clarence Henderson celebrated her 70th birthday with relatives and friends calling Saturday afternoon and evening. Mrs. Aubrey Willard of Santa Fe was hostess for the affair.

Callers included Mr. and Mrs. Rochelle Christian and Gerald, Mr. and Mrs. Bill Christian and James Steven of Clovis, Mr. and Mrs. Clarence Christian and Phyllis, Mr. and Mrs. Troy Christian, Mr. and Mrs. Lee Jones, Mrs. Ann Smith and Kenny and Murrell, Charles Edward Christian, Mr. and Mrs. Melborn Jones and sons, Mr. and Mrs. Wendol Christian and family, Mr. and Mrs. Donald Christian and family, Mr. and Mrs. Everette Christian and Belva and Miss Patsy Sprows, and Mr. and Mrs. Aubrey Willard and family of Santa Fe.

Mr. and Mrs. Delbert Garner and family were dinner guests Sunday in the home of Mr. and Mrs. Jack Roach.

Freddie Mac O'Hair, year-old son of Mr. and Mrs. Fred O'Hair, entered a Muleshoe hospital Sunday for medical treatment. He is suffering a severe cold, but his mother reports that he is improving.

Mr. and Mrs. Neil Stewart and sons visited relatives in Levelland and Brownfield Sunday.

It's a sure sign of advancing years if you are continually magnifying minor ills and using such phrases as "when I was young" and "in the good old days." To stay young, think and talk young. Fortunately, more people are taking more interest in youthful recreation, in young ideas, and in youngsters around them.

We are definitely a growing race. Before World War I the average man's suit size in the U. S. was between 38 and 39. By 1942, it was just under size 40; in 1949, it was 40.5; and in 1957, it was 41. Americans are taller than they were 30 years ago. Diet, health habits, and accent on youth and even clothing have helped in this growth. We have produced more and better food through better farming and food preserving and handling methods. Our livestock is healthier through improved nutrition, breeding and sanitation. New additives to feed have developed healthier livestock faster.

There are also well-known feeding practices which have helped produce good stock for many

years. Farmers who raise prize hogs add lye to swill to neutralize harmful acid. Lye solutions—4 can to 50 gallons of water or 1/4 teaspoon to a gallon—also increase the digestibility of oats and barley hulls.
In the kitchen—a small inexpensive saw is a handy kitchen tool for cutting packages of frozen vegetables, fruit and meat. Season your meat before cooking. That way the seasoning penetrates the meat more completely, giving it a uniform flavor.
For gravy, fill a custard cup or small foil pie pan with flour and put it in the oven while roasting meat. The flour will brown slowly and evenly, and be ready for making rich brown gravy when the meat is roasted.

A young man was serving for the first time as usher at a large and fashionable church and his self-consciousness amounted to a bad case of stage

fright. As a result of his nervousness some mistakes were made. Among others, a wealthy old lady marched down the aisle unaccompanied and seated herself inadvertently one row in front of her usual position. The perspiring young usher tiptoed up to her and whispered hoarsely.
"Mardon me, padam, you are occupying the wrong pie. May I sew you to another sheet?"

A motorist, driving through Boston, drew up to the curb and asked one of the natives: "My good man, could you tell me where I might stop at?"
"I would advise," said the native coldly, "stopping just before the 'at.'"

WITH FAITH
—you're never alone

There was a man who trembled at the frowns of Fortune . . . until, reaching up, he touched a guiding hand.
There was a child who used to cry against the unknown terrors of the night . . . until an ever-shining light dispelled them.
There was a wrinkled woman wracked with anguish at her numbered days . . . who found warmth and comfort in the shawl of prayer.

Despair comes easily in solitude. But with Faith, you're never alone. God is your constant companion. He helps you find the courage, security and hope you need to bridge your trials.

His help is yours for the asking. You have reason to ask. So worship with your family at your church

What Is A FARMER?

That Depends entirely On Where You Stand:

- TO HIS WIFE, he's a big eater, a heavy sleeper, and a worry.
- TO HIS MINISTER, he's a believer in God and in nature.
- TO A POLITICIAN, he's someone you talk about during campaigns.
- TO A BANKER, he's a depositor and a user of money.
- TO A BUSINESSMAN, he's a customer.
- TO HIS NEIGHBORS, he's a friend.
- TO HIS CHILDREN, he's a man who always has a chore for them.
- TO HIS DOG, he's the man with a quiet voice.
- TO THE GROCER, he's a God-send.
- TO THE INSURANCE AGENT, he's a big risk, but a welcome one.
- TO THE MECHANIC, he's a mechanical wizard.
- TO THE DOCTOR, he's a physical wonder.
- AND TO HIMSELF, chances are only he can tell you that---but he probably won't.

And To Farwell Hardware, he's one of our most important customers.

FARWELL HARDWARE

THE HENSONS

JOTTIN'S By Jeanne

Well, Little John finally arrived -- not little Jill! He wasn't quite on schedule but was accompanied by such an endearing personality, we didn't mind waiting for the little fellow.

One thing about the third son in the Graham household -- we hope we can keep him well fed. He is truly 7 1/2 pounds of hungry pangs; he had no difficulty getting adjusted to his diet -- all he wants is lots of it.

Harassed mother to small daughter: "Every time you are naughty I get another grey hair."

"Gosh Mom, you must have been a holy terror when you were little," answered the girl, "cause just look at Grandmother."

Our little Johnny can't read, but he has a built-in timetable. He announces that four hours is completed and it's time for another jug, regularly and without fail.

If you have trouble getting your small son out of bed in the morning, here is how one mother does it.

"I just open the door and throw the cat on his bed," she told a troubled neighbor.

"How," asked the other mother, "does that awaken him?"

"He sleeps with the dog."

Ernest Joiner of the Rails Banner, always has something to say -- and he says it!

This past week, he was giving his views on Social Security,

Regardless of how you feel about the program, we think you might agree that he has some thoughts that all of us might consider.

He says: A pitiful man is the one who worked and saved all his one-dollar dollars so he could retire in 1959, only to find that his hard-earned savings are worth only 50 cents on the dollar. The next most pitiful figure is the dream-eyed wage earner who visions himself retiring on his Social Security at 65, and living the rest of his life in ease and in joy. Social Security is a gigantic lottery in a country that refuses a national lottery system on grounds it's immoral. I live in a state where it is a criminal offense to wager two bucks on a horse's nose in an attempt to win some security from the landlord on Saturday night. Now take a look at how the biggest gambling racket of all works. For Social Security you are forced to pay 2 1/2% of your entire income as a premium, and your employer must pay another 2 1/2%. For what you're going to get, that's 5% of everything you'll ever make, which is one hell of a lot more than the numbers racket or at the race track. For this you may collect something, and you may not. It is possible to pay all your life and get only \$200 to get buried with. If you don't pay your property will be seized. The money taken in isn't put into a fund, it's spent. In the Social Security kitty is not one thin dime -- just a piece of paper which says IOU so many billions of dollars. On the other hand, you can pay Social Security for a year and hit the jackpot full of benefits. But it all depends on Congress. It makes the rules, and it frequently changes them. It can elect to pay you nothing. There is no guarantee that when your number comes

up there will be any money to pay you off. No man alive can tell you now what you may be, or may not be, entitled to when you're 65. This is SECURITY? In a crap game you know what the odds are. Your guess is as good as the next guy's at a greyhound race. Your chances are probably 1 to 2 that you can pick the winner of the Rose Bowl, and it won't take 5% of your life savings to retire by betting such odds. Your Social Security money may be making things cozier for the natives of Zambesia, but if you have any dreams of retiring to a South Seas island at 65 when you hit the big lottery, and die happy within earshot of native music and dancing girls, we suggest the best insurance is a good poker game with no limit and the joker wild.

RUSSIAN TOUR--

trated lecture on his trip. In addition to the program a brief business meeting will be conducted. Election of a nomination committee tops the agenda.

Hosts for the meeting will be John Getz, chairman, and C. C. Christian, Loyd Cain, Jim Terrell, A. F. Phillips, W. H. Hardwick, Calvin Blain, and Guy Austin.

Longhorns Lose Three Out Of Four

Lazbuddie varsity basketball teams lost three out of four games Tuesday and Friday nights. Nazareth was their first opponent and Bovina furnished the competition Friday night. All games were played away from home.

Nazareth boys fell to the Longhorns 42-40 and Nazareth girls took a 76-59 win over Lazbuddie. High scorers were Ronnie Briggs and Norman Brantley with 12 for the boys and Rosemary Agee with 18 for the girls.

In the Friday night fray Bovina Mustangs dumped in 42 points to the Longhorns' 35. Darrell Jennings was leading scorer with 14. Dean Watkins made 10.

Bovina's Fillies defeated Lazbuddie girls 56-50 with Janice Richards contributing all but 20 of her team's points. Agee was high again for Lazbuddie with 29.

Next game was to be with Hart Tuesday night. Results were not available at press time.

Grade School Shows Increase

With the second semester at Farwell Schools well underway, little change is noted in either enrollment or class schedules, say school officials.

A slight increase has been noted in the grade school enrollment and number of students attending high school is down a little this semester.

Asked about holidays, Jack Williams, superintendent, says that barring bad weather that would change the schedule, Easter holidays will be from Friday through Monday.

Administrators have noticed quite a bit of illness in the school, through the recent cold weather. Bad colds have been prevalent among students.

The new school building which is under construction, is progressing reasonably well, according to Williams. The heating system, which has not yet arrived, has been the holdup on progress. It was to be shipped this week, he adds.

FARWELL ELECTION--

secretary, announces. No names of candidates have yet been filed, Quickel reports. To file a candidate's name, a petition, bearing the signature of six qualified voters, must be submitted to the city hall, or a candidate may file his own name.

The terms of present city officials, Mayor Sam Aldridge and Commissioners Smokey Gast and L. E. McKillip, expire this spring.

Election officials will be named at the March meeting of the commission.

GAS PIPELINE--

is scheduled for February 6. Immediately after the project is finished, Pioneer will begin replacing 21 miles of existing six-inch pipe between Sudan and Muleshoe on the "triangle" line.

Pioneer will also construct an additional five miles of 10-inch line to connect the line near Muleshoe to the Friona-South transmission line.

Moved

Mr. and Mrs. Buck Bradshaw have moved to their new home in the Hillcrest Addition. The Robert Nabors family has moved from Texico to the McDorman rent house in Farwell. Mr. and Mrs. Gene Burson have moved into the Felix Monroe apartment.

New residents include Mr. and Mrs. Chuck Sluder who moved here from Clovis. Mrs. Sluder, the former Miss Billie Faye Heckman, lived here before her marriage last year.

Mr. and Mrs. Joe Cox have moved to Arizona.

Carrol O. Barber Receives Promotion

FORT MYER, VA. -- Carrol O. Barber, 20, whose wife, Shirley, and parents, Mr. and Mrs. John W. Barber, live on Route 2, Muleshoe, recently was promoted to private first class at Fort Myer, Va., where he is assigned to the U. S. Army Service Center for the Armed Forces.

A light-vehicle driver in the center's Headquarters Company, Barber entered the Army last May and completed basic training at Fort Carson, Colo.

He is a 1952 graduate of Muleshoe High School.

COUNTY SUPERINTENDENTS DISCUSS CAFETERIAS

Superintendents of the four school districts in Parmer County met in Bovina Wednesday to discuss their respective cafeteria programs.

A regular monthly affair, the superintendents meet to discuss problems found with each of the schools and best meet these problems.

Those attending included Dillie Kelley, Friona; Warren Morton, Bovina; James Ward, Lazbuddie and Jack Williams, Farwell.

Hukill Serving Aboard USS Bremerton

SEVENTH FLEET -- Robert C. Hukill, radarman seaman, USN, son of Mr. and Mrs. T. C. Hukill of Route 1, Farwell, is serving on the staff of the Commander of Cruiser Division Five in the Far East aboard the heavy cruiser USS Bremerton with the U.S. Seventh Fleet. The Bremerton left Long Beach, Calif., January 15 and during her tour in the Western Pacific expects to visit Subic Bay, Philippine Islands; ports in Japan and the Hawaiian Islands.

ON HIWAY 70-84 FARWELL

Broadhurst To Speak At Lazbuddie

William Broadhurst of High Plains Underground Water Conservation District will be guest speaker at meeting for county farmers at Lazbuddie School at 8 p.m. tonight (Thursday).

First in a series, the session will be followed by a discussion of fertilizer management next Thursday, February 12, and a welding school February 16-18. Welding session will begin at 8 p.m. Monday and Tuesday, February 16 and 17, and last for two hours. However the final session on Wednesday has been scheduled for 1:30 and will be four hours long.

Jack Black, vocational agriculture instructor, is in charge of the meetings and invites all interested county farmers to attend.

The controversy raging over inflation reminds us of the two Oklahoma farmers trading horses. One said to his neighbor, "What will you take for that horse?" When he was told \$100, the farmer promptly said, "Sold."

Then the seller began to worry, "Maybe he knows more about that horse than I do," and went to the buyer with an offer of \$150, which was accepted. Whereupon the first farmer feared that he had been deceived and bought the horse back for \$200.

This went on until the price got up to \$1,500. When a man from another county finally came in and bought the horse for \$2,000, the first farmer said, "Now, what did you want to go and let him get away for? We were both making a good living out of that horse."

When the hospital was brand-new, one little cockroach was telling another little cockroach about it over a midnight supper in a lady's kitchen.

"The whole place just shines!" said cockroach No. 1. "No dirt anywhere, all bright chromium, clean, white tile and glass, neat as a pin."

"Pul-eeze!" cried cockroach No. 2. "Not while I'm EATING!"

TEXICO BAPTIST CHURCH NEWS

Rev. C. C. Morgan, Pastor
Bad weather cut attendance Sunday. Sunday School attendance was 103 and 34 were present for training union.

Preliminary plans for the annual banquet honoring Texico High School seniors were discussed at a Monday afternoon meeting of WMU. Date set for the event is February 19. Present were Mesdames Nora Day, S. G. Billington, J. O. Ford, and C. C. Morgan.

SPRAYING SAVES LABOR

Masking tape, a few newspapers, and a good quality spray gun make painting storm windows and doors easier and faster. Tape the newspapers carefully over both sides of the glass or screen, and spray away. A garage with the door left open makes a good spray "booth."

Local Man's Mother Dies

Funeral services were scheduled for this afternoon in Portales for Mrs. R. F. Richardson, mother of Jess Richardson and grandmother of Miss Laurie Cooper.

The 75-year-old pioneer resident of Roosevelt County, N. M. died early Wednesday in a Clovis nursing home. She had been in ill health for several years.

Her husband preceded her in death in 1957. She is survived by the one son and three daughters, Mrs. M. M. Cooper of Portales, Mrs. Bobbie Sanders of Whitarral, and Mrs. L. E. Hutson of Roseburg, Ore., and ten other grandchildren.

Income TAX FAX

Questions and Answers About Your Individual Income Tax Report for 1958, as Presented By the Texas Press Association.

What form shall I use for my 1958 federal income tax return? You have a choice. Form 1040-A, short form 1040 or long form 1040.

The card return form 1040-A for 1958 filing has been revised to cover employees with incomes up to \$10,000.

The new card form may be used by any individual with total income of less than \$10,000, consisting of wages reported on form W-2 and not more than \$200 in dividends, interest, and wages not subject to withholding.

By using form 1040-A, you automatically claim the standard 10 percent deduction allowed by law for personal expenses such as contributions, interest payments, medical expenses, and the like. If your allowable deductions for these items is in excess of 10 percent of your income you must use the regular form 1040 to claim them.

Since the law does not permit this choice to be extended to income up to \$10,000, taxpayers having \$5,000 or more income must figure their own tax and remit with the return 1040-A.

1010 SHORT FORM
If your adjusted gross income is more than \$10,000 and your itemized deductions are less than 10% of your adjusted gross income, you should use short form 1040.

1040 LONG FORM
If your adjusted gross income is over \$10,000 you must use this form. If your itemized deductions are over 10% of your adjusted gross income, it will be to your advantage to use this form.

To assure any benefits of the split-income provisions, you and your wife should file a joint return. Both you and your wife must sign a joint return. One spouse cannot file a long form 1040 and take all the deductions and the other spouse file a form 1040-A or take the standard deduction or use the tax table.

You are expected to pay your income tax on the basis of the lowest figure possible; therefore, you should choose the form that results in the lowest tax for you.

Since the law does not permit this choice to be extended to income up to \$10,000, taxpayers having \$5,000 or more income must figure their own tax and remit with the return 1040-A.

1010 SHORT FORM
If your adjusted gross income is more than \$10,000 and your itemized deductions are less than 10% of your adjusted gross income, you should use short form 1040.

1040 LONG FORM
If your adjusted gross income is over \$10,000 you must use this form. If your itemized deductions are over 10% of your adjusted gross income, it will be to your advantage to use this form.

To assure any benefits of the split-income provisions, you and your wife should file a joint return. Both you and your wife must sign a joint return. One spouse cannot file a long form 1040 and take all the deductions and the other spouse file a form 1040-A or take the standard deduction or use the tax table.

You are expected to pay your income tax on the basis of the lowest figure possible; therefore, you should choose the form that results in the lowest tax for you.

WE SALUTE OUR FARMERS
They're hard-working and progressive!

As suppliers of Texaco products to farmers in this area, we know better than the average citizen the terrific job they do in feeding the nation and the many difficult problems they handle in stride.

We're glad to provide them with on-time, neighborly delivery of the Texaco products they need in farm operations... Texaco Fire Chief gasoline for real lively power and low cost operation of farm equipment... Advanced Custom-Made Havoline Motor Oil for longer engine life... Texaco Marfak lubricant for top protection of bearings.

We'd like to serve more of our farm friends in this neighborhood. Phone us, or drop in -- the welcome mat is always out!
