

The Grahams have a new addition to the family. This new member is of questionable background, but does seem to possess some degree of civility, even though he happens to be feline.

We say "he"—the truth is nobody ever bothered to check up. As a new addition to the Tribune force, any name other than "Copy Cat" would have been out of place, so Copy Cat he was.

Copy ambled into the office several weeks ago in search of a square meal, which, if loud squalls were any indication, he sorely needed. He also needed, we might add, some attention to his exterior dress, which looked somewhat bedraggled, to say the least. In short, Copy was an alley cat, and looked every inch the part.

As the premises have been known to harbor a mouse or two, it befell Copy's first duty to police the recesses of the shop and office during hours which were recognized as standard for rodent activity. The principal portion of his diet, we had planned, was to consist of these unwanted intruders.

However, as time soon proved, Copy was not altogether overjoyed with the opportunity we had made available to him inasmuch as the success of such an adventure would depend upon his alertness and finesse.

Alertness and finesse are two qualities which Copy is very likely never to possess, we have discovered through experience, and his chief talent seems to be his ability to remain motionless and undisturbed in sleep while all bedlam takes place around him.

As handouts of milk and meat were not forthcoming, Copy soon tired of his station and moved on to what he hoped would be greener pastures. We suspect that this is not the first time in his young life that he has recoiled from the prospect of earning a meal.

A description of his adventures from this point is conjecture, as we did not trouble to shadow him as he bade farewell to the dingy walls of the Tribune composing room, but it is fairly safe to suppose that he purveyed the trash barrels of one family after another down the alleys until he arrived at the one opposite our residence.

That, at least, is a fairly reasonable way of explaining how he suddenly turned up on the front doorstep one evening, ready to be re-admitted to the family, and we imagine he hoped, the kitchen.

The wife, softhearted thing that she is, fell under the spell of his woe-filled cries and anguished eyes, and accepted his petition for a spot by the family dining table.

The Little Man, we also might note, was delighted with his distinguished presence and treated him to a full round of abuse which included tail-pulling, eye gouging, whisker-twisting, and assault and battery.

This cat, like we have said, is the most nonplussed individual we have ever seen. He remained resolute through it all, even including when Ronny squeezed him around the middle until his eyes bulged out on stems and his tongue evidenced a purplish tint.

His place in the family seemed fixed until recent days, when we have noticed a bulge around his middle section which cannot be accounted for by three square meals daily.

This is something new and different, which has nothing to do with eating, we are afraid. In fact, our suspicions are most grave that we should change "his" name to Copie instead of Copy, and make provisions for a sudden increase in enrollment at the scrap pan.

Copie can't be blamed for this, however. After all, we forcefully ejected her nightly, against her better judgment, and some Tom may have caught her cat-napping.

More notes on the weather. Mrs. Mable Newberry of Bovina writes: "I saw in the paper you wanted to know when the first frost would be. If it comes 90 days after the first norther, it will be about the 1st or 2nd of October. The first norther was July 2."

She may have something there, we'll admit, but we can't say that we remember any cold weather back on July 2. Maybe there was, though.

Ovid Lawlis, ginner, says "November tenth." He later changed this to between November first and tenth. Then altered it to sometime in November.

The way this guy talks, he wouldn't know a freeze if he saw one.

Farwell Exes Plan Discussion Meeting

Farwell ex-students executive board and other interested persons will meet September 30 at the home of Smoky Gast, president, to make further plans for the annual homecoming which is to be the Friday after Thanksgiving.

Gast urges local exes to pitch in and help to make the reunion one to remember. "We need everyone's help to make an entertainment of this type successful," he says.

URGE WHEAT RE-ALLOCATION USE

Parmer County farmers who may not plan to use all of their 1955 wheat allotments are urgently requested to make arrangements to have their unused acres re-allocated to other county wheat growers who seek additional acreage.

An appeal was made by Aubra Ellison, Parmer County Farm

Bureau president, that farmers take steps as soon as possible in cases where they may have an allotment that exceeds their needs.

"By doing this, they will enable us to keep our allotment in this County," said Ellison. "When Parmer County doesn't get an allotment, you can be sure that

no county wheat grower will get one either," he added to emphasize the need for keeping up the county's history.

At the present time, there are more requests for re-allocated wheat than there are releases permitting unused acres to be re-distributed. Wheat acreage not

planted within the county will result in pulling down the county's planting history.

Farmers who release acreage are only "loaning" their allotments out to help others. Wheat growers releasing part of their acreage through re-allocation get full credit for planting, thereby protecting their individual histories.

"COULD HAVE RENTED TWELVE"

Mrs. Grace Sanders, Texico, discovered the readership of Tribune classified ads last week when she ran a "for rent" ad on her three-room apartment in Texico.

Response was immediate. "I could have rented a dozen apartments if I had them," she exclaimed.

Tribune classified ads have P-U-L-L because The Tribune has more readers. They're inexpensive and one of the most popular ways in the world to rent, buy, sell, find or get done whatever job you may have.

Texico Election Set for October 12

Calling for a special election to determine the public's wishes on a proposed water and sewer system building program were the Texico city commissioners Tuesday afternoon, who set the date for voting at Tuesday, October 12.

Approval of the measure would give the city government a green light to sell bonds in the amount of \$120,000 "or so much thereof as may be necessary," for installing a sewer system and disposal plant; in addition to making extensive additions to the water facilities such as drilling a well, putting up a tower, and improving the distribution system.

If the election is turned down, it likely will mean that Texico will be unable to sell its bonds and the improvements will be at least temporarily stalled.

Mayor Ira S. Levins, in announcing the election, took pains to point out "We want to be sure to stress that the taxpayers' private property will not in any way be obligated when these bonds are issued," he said.

Ballots are now being prepared. They will read as follows:

"Shall the Town of Texico, New Mexico, be authorized to construct a municipal sewer system, including, without limiting the generality of the foregoing, a sewage treatment and disposal plant, with all necessary lines, facilities, equipment and appurtenances, for the sum of \$75,000, or so much thereof as may be necessary, the construction cost thereof to be defrayed, together with the cost of extending, enlarging, and bettering the municipal water-works system, by the issuance of the Town's joint water and sewer revenue bonds in the aggregate principal amount of \$120,000, or so much thereof as may be necessary?"

Persons qualified as electors under New Mexico statutes will be eligible to participate in the election.

Steers Shade Longhorns 6-0, Take on N. M. State Champs

Remain Unbeaten In Three Starts

Meeting their toughest opposition so far this year, the Farwell Steers added a third to their string of early season victories Friday night as they triumphed over the Vega Longhorns 6-0.

A closely-matched contest all the way, the lighter Farwell squad managed to push across their winning touchdown midway in the third quarter as Halfback Truitt Hardage went around left end for seven yards.

It was a welcome play for the Steers, who had twice before come within scoring range only to fumble it away. An attempt to run over the extra point fizzled.

Farwell's biggest scare came on the last play of the game when Vega End Tom Bowling shook loose from a host of tacklers on the Vega 20 and moved all the way to the Steer 40. At that point, he lateraled the ball to Teammate Phil Price, who for a few seconds, appeared to have broken into the clear. He was hauled down on the Farwell 33.

Had Price scored, Vega would still have had a chance to try for the extra point, which could have resulted in defeat for the host team. A great cheer of relief went

Break-ins Reported At Bovina, Friona

Two after-hour break-ins were reported Thursday night, according to Sheriff Chas. Lovelace, who investigated both instances.

In Bovina, the Paul Jones Service Station was entered and an estimated \$100 worth of merchandise including cigarettes and a radio was removed.

During the same night, and thought to be connected with the Bovina job, the Elk Drive-In Theatre just west of Friona on Highway 60 was broken into.

Thieves took cigarettes and food concessions valued at \$150 from the second business place. Sheriff Lovelace said "a few" leads were being worked out, adding that four men who were being held in Ada, Okla., might be questioned on the subject.

up from the partisan fans as the gun ended the game with the halted Vega play.

Considering the statistics, the Steers appeared to have earned their win. They scored 14 first downs, compared with Vega's 8, and allowed the Longhorns within their 20 yard line only one time.

Although a comparatively light team, Farwell relied almost exclusively on ground plays, many of which depended on power through the line instead of deception.

In fact, during the first two quarters, Coach Smokey Cates' proteges ran not one pass play.

First Quarter

The Steers received the opening kickoff, and started a steady down-the-middle drive that netted four

first downs and moved to the Vega 15 before a fumble resulted in loss of the ball to the 'Horns.

During these plays, one Farwell score was called back from the Vega 23 for an offside penalty. Hardage had carried over. The Longhorns displayed a stiff forward wall that gave but little at a time, but it always seemed to yield just enough to allow the driving Steers one more first down.

Second Quarter

Vega, in possession, obtained little yardage against the Steer line and was obliged to kick out on their 41. Don Gerie, who took the ball on the bounce, made the longest run of the game when he dashed back upfield from his 30 to the

Three People Hurt In Farm Road Crash

Monty Joe and Bob Ballard, two brothers who live in Castro County, were injured Saturday morning, as was H. A. Hyde, farmer, who lives near the Hub community, when the three were involved in a pickup-auto collision.

The Ballard brothers, both in their 20's, were traveling west on Highway 86 when they collided with Hyde, who came onto the highway from a side road.

Bob's condition was listed as critical when admitted to the Parmer County Hospital in Friona last weekend, but at the first of the week he was reported considerably improved.

He sustained a broken jaw and bruises and cuts. A spectator reported that one of the vehicles had him pinned to the earth after the accident.

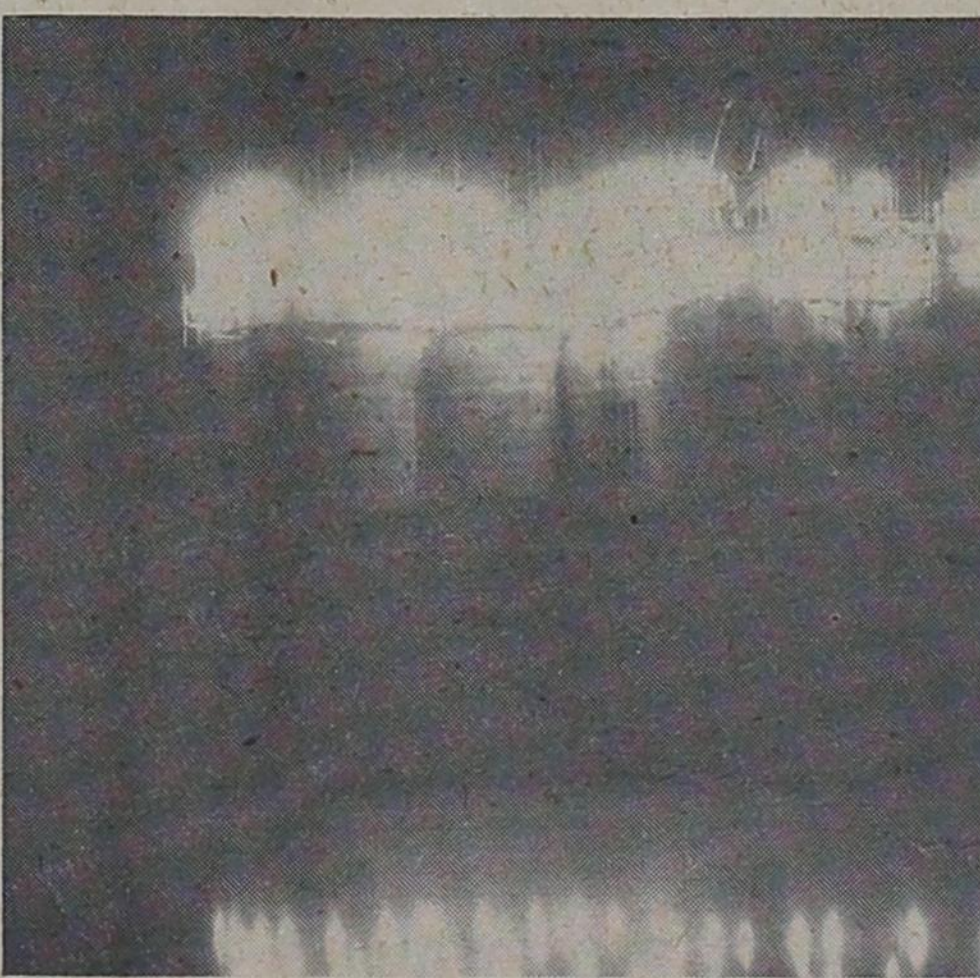

The other Ballard youth was not hurt seriously, nor was Hyde, both of whom sustained multiple lacerations.

Deputy Jim Roberts and the Highway Patrol investigated the accident.

TO MEET 30TH

Regular meeting of the Texico Cemetery Association will be held Thursday, Sept. 30, at 3 o'clock in the afternoon, Central time. All members are urged to be there by the president, Edward Engram.

WHAT IS IT?

That's a good question, all right. The answer is that this picture was taken Saturday night in eastern Farwell near Highway 70, where the new Sherley-Anderson elevator is going up. The picture was made with The Tribune's Polaroid camera, and this shot was exposed for 1 1/2 minutes. The second row of lights in the foreground is a reflection on the car top from which the camera was aimed.

Texico-Farwell Lions Set this Saturday For Opening Door-to-Door Campaign

"Operation Ac'cent" will be launched here Saturday, September 25, as the biggest fund raising campaign for community service in the history of the Texico-Farwell Lions Club, John Getz, president, announced today.

Lions club members will kick off their campaign Saturday, starting at 9 a. m.

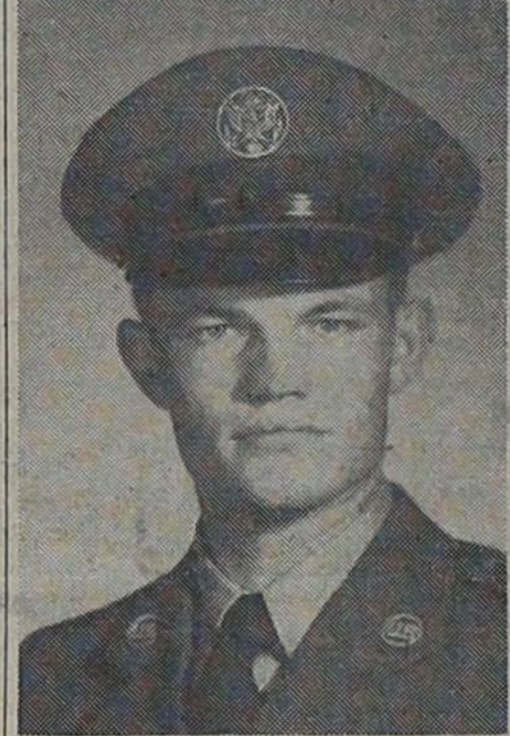

"Operation Ac'cent" is a project undertaken by the local Lions Club to raise funds for community service. Members of the club will conduct a door-to-door campaign

to sell a three-piece kitchen shaker set complete with a plastic rack, in addition to a full shaker of Ac'cent, food flavor accentuator, the set has a pair of matching salt and pepper shakers.

Net proceeds of the sale of the sets will go to the Lions Club to be used for community service projects such as the sight conservation program.

The third shaker sets are not available in retail stores and can be obtained only through Lions Club members. Refills of Ac'cent are available in local grocery stores.

Manufactured by International Minerals & Chemical Corporation of Chicago, Ac'cent brings out and intensifies natural food flavors without adding flavor of its own. It is especially effective when used with meats, poultry, fish, game, soup, sauces, gravies and vegetables. It has also been proved beneficial in adding flavor and as a preservative in canning and freezing foods, says Getz.

Kennard Harris To Go To Germany

A-3c Kennard Harris and his wife visited his parents, Mr. and Mrs. A. W. Harris of Texico the first of the week. The young couple will leave today for North Texas to visit relatives and friends, then will return to Waxahachie. Kennard will leave there Tuesday and fly to New York City for overseas assignment in Germany.

The local boy has recently completed a radar operator's course at Keesler Air Force Base in Biloxi, Miss. While in Germany, he plan to attend officer's candidate school. His overseas tour of duty is 18 months. Kennard has been in the service for six months.

Mrs. Harris will remain in Waxahachie for the present, but hopes to join her husband in Germany later. A-3c Harris is a former student of Southwestern Bible Institute in Waxahachie.

Mr. and Mrs. R. E. Crooks of Texico honored the visiting young couple with a Mexican supper in their home Tuesday evening.

Attending were Mr. and Mrs. A. W. Harris, Darral and Rex; A-2c and Mrs. H. B. Arnold; Mr. and Mrs. Aryle Crooks; Mr. and Mrs. Paul Crooks and A-3c and Mrs. Harris.

AsK For Bids On Building Farwell Clinic

A request for bids on building the new Farwell Clinic was issued by Johnnie Williams and others working on the project this week.

The building, which will be about 3200 square feet, is to be built northwest of the county courthouse on Third Street.

Complete plans and specifications for prospective contractors are available at the Watkins Real Estate office in Farwell, it was announced.

Mrs. Anderson Is Named To Committee

Mrs. Robert W. Anderson has been named committeewoman for the 30th District, of the Democratic executive committee of the state.

The appointment was made at the State Democratic convention in Mineral Wells last week.

Attending the convention were Mr. and Mrs. Anderson, Sam Aldridge, Pete Buske, Hugh Moseley, Sloan Osborn, Bill Sheehan, Joe Osborn and Bill Sherley.

ATTEND HEARING

Former Mayor Orville Francis and Attorney Otto Smith of Clovis were in Santa Fe to attend the hearing of a suit before the State Supreme Court. Fred Tharp, also of Clovis, accompanied them.

Mr. and Mrs. Muggs Magness of Mancos, Colo., are here visiting friends and relatives.

New CROP Drive Is Taking Shape

CROP (Christian Rural Overseas Program) workers met for breakfast Monday morning in the Friona Methodist Church Annex to plan immediate work of solicitation of grain sorghums and cotton to be shipped to areas where Protestant Church Missionary groups distribute to hungry, needy people.

The Department of Agriculture will ship 20 to 1 amounts of commodities contributed to CROP from surplus storage warehouses. "To those who would like to help provide for the unfortunate people of Europe and the Near East, or wherever they may be found, this is a golden opportunity. Besides the gift being multiplied by twenty, this is an opportunity for the producer to have a direct, personal part in disposing of surplus commodities," says a spokesman.

It is hoped by the committee that at least four or five carloads of milo will be contributed from Par-

mer County's abundant yield this year. Cotton is handled on the same basis; 20 to 1. If a farmer does not produce cotton, but wishes to help send it, a \$150 cash contribution sends 20 bales on this mission of mercy.

Attending the Monday morning meeting were Wilbur Charles, Bovina; D. C. McWhorter, Black Grain Co.; Floyd Schlenker, Rhea; J. L. Shaffer, Friona; Rev. U. S. Sherrill, Methodist pastor, Friona; L. K. Knight, Congregational pastor, Friona; and Raymond Euler, chairman of Friona's CROP committee. Wesley Foster and Hoyt Smith prepared and served the breakfast.

These men and others have pledged pads for directing contributions from the gin or elevator of the donor's choice; or the donor may just tell his elevator or gin man he wishes to contribute to the Christian Rural Overseas Program.

THE TRIBUNE'S EDITORIAL COMMENT

Is Glenn McCarthy Coming Out of His Financial Hole?

Some time ago, this newspaper, as did a number of others in the Southwest, carried a rather unusual advertisement. We ran it with some misgivings, wondering if we would ever be paid for it. We were.

But at that particular time, rumors were rampant that Glenn McCarthy, Houston's fabulous wild-catter, who built himself a far-flung fortune in oil concessions and erected the dazzling Shamrock Hotel, was in a financial hold, and not likely to get out.

In 1952, Equitable Life Insurance Society of the United States took over the operation of McCarthy's radio stations, motion picture studios, real estate, newspapers, and most of his hotel holdings "to protect the company's security" on a \$34,000,000 loan.

Things were looking dark indeed, but the indomitable McCarthy organized into Glenn McCarthy, Inc., and through newspaper advertisements, offered investors 10,000,000 shares at \$10 each to refinance his operations. He must have sold enough to keep going, because he was soon off for South America to continue his search for oil.

Only last week the Bolivian government announced he had brought in his first oil well, and is trying to develop a new field near the Argentine frontier.

So continues another colorful chapter in the life of one of America's most impetuous pioneers. Many people have been critical of McCarthy's way of doing things, and while it may be true that money has gone to his head, he nevertheless remains as one of the outstanding examples of what can be done in a land where free enterprise is given reign.

What's with This New Anti-Communist Law?

One of the most befuddling actions of the harried 83rd congress which rushed to a close a couple of weeks ago, was set of laws designed to "outlaw the Communist Party." Rushed through the house and the senate without administration backing, these laws probably will fall far short of doing what their authors intended for them to do.

The Communist Party has been outlawed. But it is no crime to be a member. Members are not to be herded into jail. No one is to be stripped of his citizenship and deported. The Daily Worker will continue publication.

What kind of a law is it then? About the only thing we can see that may prove to be beneficial is this: It is now possible to keep a reluctant court witness from withholding testimony by hiding behind the Fifth Amendment. He no longer will be

justified in saying that he may incriminate himself if he talks, because it is now possible for the judiciary to grant him immunity from prosecution. This should be a great aid to investigations, as all of us are only too familiar with the old "I refuse to answer on the grounds that I may incriminate myself" garble. It will certainly be a relief to have this done away with.

Yet, what of the rest of the law? Is the Communist Party really outlawed? No. Should it be outlawed? No, again. A startling answer? Perhaps. Why do we make such a statement?

Because since her birth, the United States of America has been the one country in the world where it was possible to live as we pleased, worship as we pleased, and follow whatever political philosophy that we pleased. To destroy these privileges would be to shatter the cornerstones upon which this country was built.

How to deal with a group that would stimulate violence against our government is indeed a problem. But to "outlaw" their credo would be a foolhardy move. We would simply make martyrs of those who would collide with the law, just as the underground resistance groups in Germany were made martyrs when their Bibles were torn from their hands and burned while their readers were hustled off to concentration camps.

You cannot legislate an idea out of existence, and it is a mistake to try to do so. We are not communist coddlers, yet we suspect that driving them underground with laws would result in more harm than good.

FIRST BAPTIST CHURCH

Rev. E. J. Keith, Pastor

Sunday is promotion day in Sunday School and Training Union, the pastor says, and he urges everyone to attend. At the close of the service, new officers and teachers in both Sunday School and Training Union, and the church officers, will be installed.

Rev. Keith returned Friday from Hart, where he assisted in a revival there. The Hart Church was the former church of the local man.

The Intermediates will be entertained with a party at the home of Clyde Magness tonight (Thursday) at 7:30.

After services Sunday evening, the young people and the Intermediates will have a fellowship hour. Ice cream will be served.

jottin's from jeanne

We had supper with the Wilfred Quickels Friday evening, and believe it or not, he is an excellent cook. We will vouch for it. He broiled the steaks and they were marvelous.

We asked his secret, and he divulged that he uses garlic seed and mustard to give the steaks that special flavor.

We were in Silverton over the weekend to attend the annual homecoming of the high school, and rubbed elbows with about 450 other exes who hoped to meet some of the old classmates. It was a gala occasion, but we found that the longer the people have been out of school the more interest is noted.

There were very few from our class—and of course, those were the people we most wanted to see. But such a project takes more work and planning than one would imagine.

One of the most ardent supporters of the homecoming at Silverton is Judge Daniel, who now resides in Floydada, we believe. He was a teacher there in 1893, and he was having the time of his life, visiting with his former pupils and friends.

Then there was Miss Anna Lee Anderson, or merely "Miss Anna Lee" as she has been affectionately called, for many years. She has been teacher of the second grade there since 1921, with the exception of only two years.

We wonder how many lives she has influenced as she began all the "little shavers" on the road of learning there. Many other teachers have been there, then gone to other positions, but she has remained and has gained a special niche in the community that no one else occupies.

Her pupils for the 31 years, recognized how much she had given to the community—and last year, presented her with a new automobile. Exes from everywhere joined in, with contributions.

As one ex remarked to us—"she must certainly love children."

NOW THEY HAVE pre-cut fashions. We noticed in an advertisement this week, that women can now buy dresses, blouses and other articles to sew, which have been cut out, and are packaged and ready to sew. Included in the pack is the thread, zippers, buttons, braid and any trim that might be necessary.

Simple instructions tell the purchaser how to complete the garment. That's what we need—something simple.

Since the number of employees at The Tribune has decreased, we have had a few moments of consternation, wondering if we would get the paper out in time on Thursday, and when we managed to get the last copy in the post office at three minutes until six Thursday.

all of us breathed a sigh of relief. But our husband informed us later, "no matter what happens, there is one thing for sure, you can't keep the darn thing from coming out." Maybe he has something there. No matter how far behind we are, we always manage to get everything done by deadline time.

Our young son thinks that anything that has a semblance of roundness in a bah (ball), and is always surprising the family by pitching oranges, onions and other grocery items, as well as the softball and tennis ball.

But Grandma was in a state of shock Monday when she heard Ronny yell "bah", then another sound—splut! She looked up to see what had been a tomato, oozing on the floor.

We finally got Mrs. Alfred Hapke's recipe for cherry cake, which her daughter tells us is delicious. If she hasn't told her mother, we pass this compliment along to you, Mrs. Hapke. This recipe is one that was handed down to the Texico woman from her mother.

Cherry Cake

- 1 cup sugar
- 3 eggs
- ¾ cup butter or shortening
- 2 cups flour
- ½ tsp. cloves, cinnamon and nutmeg
- 1 tsp. soda
- 2 cups drained cherries
- 2 tablespoons sour cream or cherry juice

Mix ingredients together, pour into two eight inch layer pans, bake at 350 F., until done. Ice with powdered sugar icing.

We have a feeling that Mrs. Hapke is one of those wonderful "dab of this and dab of that" cooks, who manages to have no cake failures.

We met Mrs. Dave Moseley at the Friona Chamber of Commerce barbecue during the fair in Friona Tuesday and had a nice conversation with her—and was enjoying the talk even before she told us that she reads our column. But she said she doesn't get an opportunity to try all the recipes. The Moseleys get two papers, but

SALES PROGRESSING

Care to buy a magazine? If not, beware of all seniors, as magazine sales are going strong.

The seventeen members of the senior class began their traditional magazine subscription campaign Friday, September 10. To date, approximately \$330 worth of magazines have been sold. Receiving a camera for having sold the most on the first day was Patricia Morgan. She also was given a fountain pen for having sold the highest amount of 50% magazines, ending the first week. For being second highest salesman, the first week, Wanda Smith received a salesmanship trophy.

Sales are scheduled to end Friday, which will complete two weeks of competition between the two teams. Team captains are Bobby Richardson and Pat Morgan.

BROTHER-IN-LAW DIES

Band Declines Fair Invitation

Farwell band has declined an invitation to attend the fair in Lubbock the latter part of the month, Mrs. Shelby Jobs, instructor says. The decision was made to avoid too many extra-curricular activities for the group.

The band will attend all home and out-of-town football games with the exception of Eunice and Price College, two non-conference tilts.

IN VIRGINIA

John White has reported to Fort Belvoir, Va., where he is enrolled in the Corps of Engineers school there. His wife, Pat, is to join him there soon. She is the daughter of the Ed Engrams.

TO CONFERENCE

County Agent Joe Jones and Home Demonstration Agent Corinne Stinson, are to attend an extension conference next week at College Station, September 27 through October 1.

Texico School Active In Curry County Fair

Texico F. F. A. Club took third place in a booth, which they sponsored at the Curry County Fair. Exhibits showed that with proper care of the dairy lots and the proper feeding of dairy cattle, the cows will produce an average of one extra pound of milk per day per cow. This extra would amount to \$18,000 over a period of twenty years if the price remains the same.

The chapter had three boys entering sheep in the livestock division. Lester McDaniel took a first, second, third and fourth place on his entry. Dick Lockhart won a first and third place ribbon and Howard Leavell, a third and fourth place.

The school was also represented in the school booth division. This booth showed an exhibit from the band, chorus, drivers training, typing, history, journalism, and audio-visual. Also shown in the booth were exhibits of work done by students from grades 1-8.

Senior Class Has "Bunko" Party

"Bunko" was played at the senior class party, Sept. 7, in the home of Mrs. Agrie Jones, sponsor.

A short business meeting was held concerning senior activities for the remainder of the year. Refreshments were served and bunko was played for the remainder of the evening.

Those attending were: Mr. and Mrs. Agrie Jones, Mr. and Mrs. Glenn Smith, Georgina Weisler, Naomi Hapke, Bobby Richardson, Nadine Thornton, Shirley Stover, Pat Morgan, Allen Lockhart, Ronald Hutson, Howard Leavell, Kenneth Reid, Jimmy Don Moss, Rex Harris, Johnny Peterson, Marvin Pendergrass, Jerry Johnson, and W. T. Watson.

EDITORIAL

WHAT CAN YOU DO?

By Bobby Richardson

Can you imagine what it would be like not to be able to go to church on Sunday morning because your government looked upon the teachings of Christ as trickery?

What would it be like to not be able to come to school because your parents, already drained of all but the bare necessities of life, couldn't afford to buy your textbooks and the uniforms you were forced to wear. Then on top of all this, you turn on your radio or pick up your newspaper and hear and read nothing but how great and wonderful the soviet government is.

How would you like to be arrested for a crime and 26 hours later be shot by a firing squad without a trial or if you had one, with a Communist bribed jury? It happens in Communist ruled countries.

J. Edgar Hoover says that Christianity is Communism's greatest enemy. You say, "Well then, what do we have to worry about; America is a Christian Nation." Is it? Is a country that spent \$9,570,000,000 on liquor in 1950 and only 1/8 that amount on its churches, Christian? Is a country, where almost 75% of the people are on the church roll, but only 1/2 of that number in regular attendance, Christian?

Ignorance and poor education are two of Communism's greatest helpers. Sure, a high school education is free in America. But because some people tried to turn that statement around and make it "you are free from education in America," a law had to be passed to make it compulsory. Just passing a law hasn't taken care of voluntary ignorance among American people.

Still, high school students sit in history and government classes just because the credit is required to graduate. If nothing is learned; that's all right too. Maybe some are even determined not to learn anything. That's what Communism hopes.

What can you do about Communism? You can be a Christian; you can take advantage of the education offered you, and, consequently, wipe out the threat of Communism to America. Remember this, there is a threat as long as young people, the leaders and citizens of tomorrow, are indifferent.

Clothing Classes Hum With Activity

Cut, pin, baste, fit and sew! What do these words mean to you? They are very important to the 27 students enrolled in the Home Ec I and II clothing classes, under the direction of Mrs. Jimmie Allman.

Denim seems to be the favorite material in the Home Ec I class. Fay Autrey is making an orchid denim skirt and black broadcloth middie blouse. Ann Reed is going to make a yellow denim skirt and matching stole. Melba Doshier, Karen Brehm, Garlene Seale and Sandra Hall are making skirts and weskits.

Wilma Walton and Audrey Hapke are making cotton blouses and skirts. Armelda Cox has chosen navy blue orlon suiting for skirt and weskit. Molly Barnes will make a pink cotton dress while Gloria Johnson will make a cotton print jumper. Betty Matthews will make a black and gold check cotton dress.

A cotton princess style jumper will be made by Lillian Pichardo. Lanell Lovett is making a cotton tweed skirt and weskit. Shirley Branson has chosen a light blue rayon with black flakes and will make a dress.

In the Home Ec II class, Oneita Autrey, Betty Pendergrass and Mary Sue Stover are making orchid denim skirts and matching plaid weskits. Mikala Faville and Doris Harriman are making turquoise corduroy princess fit jumpers and tailored jackets. Novelty rayon tweed skirts and boxy jackets will be made by Verlene Thigpen and Joyce Gillean.

Mary Pichardo will make a brown denim skirt and weskit. Carolyn Curd is making a wool plaid jumper and cotton blouse. A grey rayon jumper and tangerine nylon blouse will be made by Betty Crawley. Lanell Howard is making a multi-colored denim dress.

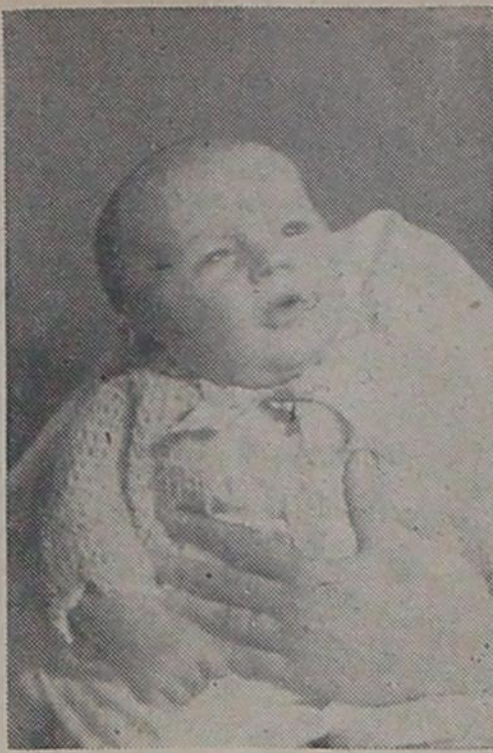

"These girls are getting valuable training in the selection of becoming designs, suitable colors, and in the development of skill in actual clothing construction," according to Mrs. Allman.

KENNETH REID HEADS BUSINESS EDUCATION CLUB

Kenneth Reid, senior, was elected president of the Business Education Club in the first meeting of the year. Other officers were as follows: vice-president, Jimmy Don Moss; secretary, Patricia Morgan; treasurer, Allen Lockhart; and reporter, Bobby Richardson.

Plans for stunt night, sponsored by the club, were discussed. Date and program committees for the affair were appointed by the president. Those serving on the date committee were Jimmy Don Moss, Allen Lockhart, Patricia Morgan, Barbara Caldwell and Rex Harris.

On the program committee are: Georgina Weisler, Darrell Smith, Shirley Stover, Jerry Johnson, and Susan Levins.

CAN YOU NAME THIS SENIOR

This 17 year old senior is enrolled in trigonometry, bookkeeping, American government, American history, chemistry, P. E. and band. In addition to this, he is vice-president of the senior class, treasurer of the Business Education Club, and FFA reporter.

His favorites are: pastime, thinking about girls; food, steak; sport, basketball; and subject, trigonometry.

When asked what he thought about being a senior he answered, "I wish to heck I was a junior again."

Can you name this senior?
 Answer: Allen Lockhart.

PATter

By Pat

Hi there, here we are again after a very busy two weeks. Honestly, the seniors seem to be on the go constantly, but we've really been having fun.

The other day, we received a lesson in honesty from one of the fourth grade students, Rosie Arnold, who returned a small sum of money which we had carelessly left in a notebook that we had presented her as a gift. It is our opinion that it is just as important to observe truthfulness in matters dealing with small sums of money as those in which large amounts are involved. Rosie's example is one which should be followed by all school students.

Thought you might enjoy a little thought for the day: "Children who are brought up in church will seldom be brought up in court." Also lying in with this thought we would like to see high school students setting a good example for those in the lower grades. You know, they are going to want to be just like those who are older, so let's be sure the example we set is one which we will not later be ashamed of!

The staff of the Wolverine's Tale would like to commend Susan Levins as "Good Sport of the Month". She has certainly shown excellent sportsmanship, particularly in suggesting that recognition be given in assembly to the girl chosen drum major, a position which she herself had sought. Susan has also shown good sportsmanship on the baseball diamond. Good going, Susan!

We're sure the journalism class really enjoyed Dr. Bucklew's talk on paper editing the other day. Made us more interested in compiling a good paper.

Say, students, something was brought to our attention the other day, concerning proper attitude, toward teachers. We should be able to take correction in the right manner and not expect to be able to do just as we please. Personally, we think our staff of instructors are "the best," so let's give them our full co-operation!

As we are barely making the deadline, guess that will be all the "patter" for this time. Pat

Texico Junior High Teams Win 3, Tie 1

Texico Junior High softball teams were victorious in three games and tied another Thursday afternoon.

On the home diamond, the junior boys defeated the Ranchvale boys 10-1, while the junior girls defeated the Ranchvale girls by a score of 19-14.

The eighth grade boys and girls played at Center defeating the girls 16-11 and tying the boys 8-8.

The boys' teams are coached by Curtis Miller while Paul Frederick coaches the girls' teams.

FOURTH GRADE REPORTS NEWS

The fourth grade boys and girls have enjoyed seeing several interesting films this week.

The following are enrolled in the beginner's band this year: Lynn Doshier and Ruper Johnson, drums; Glen Cox, baritone; Hal Ed Helton, Cornet; Judy Tharp, Kay Hall, and Jenness Weisler, clarinets.

Members of the class are grateful to Hal Ed Helton for the use of his globe in the geography class.

Barbara Tucker was a Portales visitor Thursday afternoon.

Orvel Branson attended church in Plainview, Tuesday night.

Texico Splits Softball Games With Grady

Texico High School's softball teams shared fifty-fifty with Grady on the home diamond Friday afternoon.

The Texico girls triumphed easily over the Grady girls 10-2 behind the pitching of D'Tanis Caldwell.

Even though the Wolverines were playing better ball Friday than they had all week, the Grady boys defeated them 9-3. Starting pitcher for the Wolverines was Joe Glaze with Kenneth Reid pitching the last innings.

Students Receive Physical Check-Ups

Texico Junior High and High school students received physical check-ups recently given by Dr. W. M. Lancaster, county health doctor; and Mrs. Margie Dixon, county health nurse.

These check-ups are given yearly to determine if the students are physically able to participate in competitive sports.

SEVENTH GRADE BUSY WITH FINGER PAINTING

Seventh grade pupils have enjoyed learning about oil painting and finger painting this week. They even tried a little of the painting and found it very interesting, according to members of the class. Beale Stewart, former Texico graduate, came over and helped the students with the painting. The best paintings were sent to the Curry County Fair.

The girls have cleaned up the upstairs dressing room for their own use in the athletic program.

Those who have been absent this week were Nancy Glaze and Lena Mae Steele.

Reading books has been a problem for this class as book reports are almost due.

MUMPS INVADE SECOND GRADE

A vacation was forced on Jim Landon last week when he was overcome by the mumps.

The children were sorry to lose Gene McKee and Lewis Carroll, but two new additions were Katherine Cohee and Alex Ortiz.

Winnie Weisler and Dorothy Pruitt brought flowers to brighten the room and make the day more cheerful.

The children are very happy with the making of 3D pictures and flowers, some of which they have made from egg shells.

Mrs. J. C. Temple and Laura and Mrs. Ruby Dixon returned Sunday from a visit in Albuquerque and Santa Fe.

FIRST GRADERS MAKE STUDY OF ANIMALS

"Zoo" is the repeated sound in the first grade room these days. The children have been studying animals at the zoo and have seen a movie about animals. Pictures from San Antonio zoo were contributed by Charleyrene Danforth. Trained animals were mounted on paper cups for performing platforms.

Four new pupils have been added to the class recently. They are Vicky and Virginia Knight, Sharron Houston, and Guyla Cohee.

BAND MARCHES IN FALL FESTIVAL

The Texico High School band marched in the fall festival parade in Sudan last Saturday.

After the parade, the band listened to a concert by the Dunbar High School, colored band, from Lubbock. Then they attended the carnival for the remainder of the afternoon.

The band received a participation trophy.

SCHOOLMASTER'S MEET AT CENTER THURSDAY

The entire staff of men teachers of Texico High School attended the Schoolmaster's meeting at Center, Thursday night.

The teachers were served a dinner by the ladies of the community which was greatly enjoyed by the group, according to Agrie Jones, superintendent.

After a short business meeting, the local teachers attended the Pioneer ball game at Clovis.

TEXICO SCHOOL PICTURES TAKEN

Starting with the seniors, the pictures of the school students were taken last week with the Morgan Studios of Spur, doing the work. The pictures are expected to be returned in about 30 days.

Each student will have the privilege of buying 24 pictures which measure 2 1/2 by 3 1/2 inches.

IN TRI-STATE PARADE

The Texico High School band marched in the Tri-State Fair Parade, in which 49 bands from this area participated in Amarillo, Monday.

The 44 band members that attended, spent the afternoon on the fair grounds and in the carnival.

N. W. Peyton drove the school bus, while Mrs. Ray Tharp and Mr. and Mrs. Edwin Hall took their cars and helped sponsor the group.

The letter "c" before a date stands for "circa," meaning approximately.

3-D POSTERS MADE

Fifth grade students seem to be about as busy as the proverbial bee, as evidenced by the number of activities going on in the room this last week.

3-D posters have been made covering the following subjects: "Don't Leave Toys on the Floor," "Don't Run Down the Stairs," and "Oil Cans and Fire Don't Mix."

Original drawings of buffaloes, and miniature adobe houses are also in the making.

In art, the students have made and designed stationery and then as part of their English work, have written letters on this stationery to their parents.

Safety posters were made in health class, which portray and illustrate health rules.

Fifth graders report the election of officers with Beth Ellen Peyton, president; Don Reid, vice-president; Gailum Brehm, secretary; Wayne Martin, treasurer; and Beverly Cassidy, reporter.

Mrs. Peyton says, "The room has been made more attractive since Gary Singleterry brought some guppies, and Sandra Pendergrass brought a geranium."

FHA CLUB ORGANIZES

Twenty-five high school girls met recently with Mrs. Jimmie Allman, home economics teacher, to organize the FHA Club for the coming year.

Officers were elected as follows: president, Sandra Hall; vice-president, Mikala Faville; secretary, treasurer, Doris Harriman; reporter, Carolyn Curd and song leader, Armelda Cox.

Serving on the refreshment committee for the coming year are Ann Reed, Sue Stover, Lanell Howard and Mary Pichardo. The program committee is composed of Joyce Gillean, Oneita Autrey, and Gloria Johnson. The game committee members are Betty Crawley, Melba Doshier and Audrey Hapke.

ROOM MOTHERS CHOSEN

Room mothers were chosen for the sixth grade. They are Mrs. C. E. Young, Mrs. W. L. Reid, Mrs. Robert Servatius, and Mrs. G. A. Singleterry.

Class officers for the sixth grade this year are as follows president, Jerry Thigpen; vice-president, Glendon Moss; secretary, Paulene Servatius; treasurer, Lee Spears; reporter, Patsy Young; social chairman, Eugene Servatius; and sergeant-at-arms, Billy Roth.

Junior class elected six students as officers. They are: Sue Reid, president; Sue Doolittle, vice-president; D'Tanis Caldwell, secretary; reporter, Shirley Doshier, reporter; Anita Tharp and Allen Kelley, student council representatives.

HELP THE LIONS RAISE MONEY FOR SIGHT CONSERVATION

A member of the Lions Club will ring your doorbell sometime during the next few days to tell you about an interesting offer on the famous Ac'cent Third Shaker Set pictured here.

Ac'cent is the third basic seasoning and is used along with salt and pepper to bring out the natural flavor of protein foods like meats, fish, poultry, and vegetables and salads.

Proceeds of the sale of Third Shaker Sets will go to the Lions Club Sight Conservation fund. If you miss a call by a Lion, please phone 8-6322 to get your Third Shaker set.

Help the Lions Club raise funds for their sight conservation program, and also treat yourself to a useful and attractive addition to your kitchen at the same time.

Miss Holland Weds Donald Joe Pipkin

A fall setting was used for the informal wedding ceremony of Miss Lila Holland and Donald Joe (Pip) Pipkin, both of this city, Saturday evening, at 8 o'clock. She is the daughter of Mr. and Mrs. L. G. Holland of Dublin and he is the son of Mr. and Mrs. O. B. Pipkin of Farwell.

The double-ring service was read by Rev. C. M. Fields, Friona Baptist pastor, at the home of Mr. and Mrs. Ed Hardage in Farwell, before a large picture window flanked by iron stands of yellow gladioli and daisies.

Given in marriage by her brother-in-law, Kenneth Fields, the bride was attired in a knit suit of forest green, accented by brown accessories. Her hat was brown velvet, and she carried a white Bible, topped with a bridal bouquet of white roses.

Maid-of-honor was Miss Rose Hines, who wore a brown dress of winter cotton, fashioned with fitted bodice and full skirt. Her accessories were avocado and she also carried a bouquet.

Traditionally, Miss Holland wore something borrowed, a pin belonging to Mrs. Joe White; new was her wedding assemblage; borrowed was her Bible from Miss Hines; and blue was a garter.

A reception was held immediately following the ceremony. Mrs. Joe White presided at the guest register, and Mrs. Ted Magness and Mrs. Kenneth Fields, sister of the bride, served punch and cake to the guests.

The lace-covered serving table was centered with an arrangement of yellow dahlias, with a seasonal bouquet on the buffet. Crystal candleholders flanked the table centerpiece. The three-tiered wedding cake, which was baked by Mrs. W. T. Magness, was topped with a miniature bride and bridegroom, and sprayed with minute yellow rosebuds. Greenery and yellow rosebuds encircled the cake.

Only close friends and relatives attended the ceremony.

The young couple left for a brief wedding trip to Santa Fe, and returned to their home at the B. N. Graham apartments Tuesday.

Mrs. Pipkin is a graduate of Dublin High School with the class of 1951, and has been employed in Farwell and Clovis for the past two years. The bridegroom was graduated from Farwell High School in 1952, and has been employed in Farwell. He recently returned from wheat harvest.

CARD OF THANKS

My recent illness leaves me with a grateful heart toward neighbors and friends, whose thoughtfulness was so comforting. All of the cards, flowers, visits and other kindnesses will always be remembered. I particularly wish to thank those who came to the hospital to see me and could not be admitted. May God bless each of you.

Miss Ysleta Brown Installed Recently

Miss Ysleta Brown, daughter of Mrs. Maude Brown, was installed as Worthy Advisor of the Bovina Assembly 158 Order of Rainbow for Girls Monday night, Sept. 13.

The public installation was held at the fellowship hall of the Masonic Lodge in Bovina. Other officers installed were Worthy Associate Advisor, Joe Elaine Magness; Charity, Gloria Dial; Hope, Judy Garrett; Faith, Phyllis Magness; Chaplain, Donna Hobdy; Drill Leader, Janie Alderson; Love, Kay Leake; Religion, Murlene Crooks; Patriotism, Becky Foster; Service, Lois Ellison; Confidential Observer, Bobby Routh; Musician, Sue Hoffer; Lillie Ellison is Recorder and Mrs. Verda Hobdy is Mother Advisor.

At the opening of the service, Misses Lois and Lillie Ellison sang "Bless This House." As a concluding number, Mrs. Doris Wilson gave a piano solo, "In The Garden."

Miss Brown then introduced her mother and presented her with a corsage, and Miss Sharon Williams was introduced as the mascot and presented a doll by Miss Brown. The Advisory Board was greeted and the Mother Advisor gave the girls the merit bars they had earned. The E. R. Barrys presented the assembly a hand-painted scarf in memory of Peggy Hardage.

Mrs. Lura Rundell gave Miss Brown a gift from the installing officers. They were: Installing Officer, Mrs. Don Williams; Installing Marshall, Mrs. Lura Rundell; Installing Recorder, Mrs. Gertrude Potts; Installing Chaplain, Mrs. Mae Porter; and Installing Musician, Mrs. Leola Williams. The Worthy Advisor presented each of the installing officers with an appreciation gift.

Rev. Keith Speaks To Women Monday

The first fall meeting of the Texico-Farwell Woman's Club was held Monday night at the Silver Grill.

Guests for the evening were Rev. and Mrs. E. J. Keith, Mrs. M. F. Green and Dr. Mary Leone McNeff.

The club voted to postpone the business session till Monday, Sept. 27, 8 o'clock, when they will meet at Mrs. W. W. Vinyards.

A most appropriate talk on the Bible was given by Rev. Keith. He spoke on the different aspects of the scientific facts, prophecy and many stories of love and devotion to be found in the Bible.

Members present were Miss Iris Thornton and Mesdames W. W. Vinyard, M. C. Roberts, D. W. Bagley, E. G. Williams, W. H. Graham, Agrie Jones, Claude Coffey, Clyde Magness, Jack McManigal, J. S. Williams, Bill Foster, and Jack Williams.

Make Plans

Farwell WMU met Monday to make plans for the joint installation of new officers planned next Monday. Mrs. Joe McWilliams gave the devotional. Others present were Mesdames Johnie Williams, Clyde Magness, Jack McManigal and E. J. Keith.

Mrs. Neice Honored With Stork Shower

Mrs. Loyd Neice, of Texico, was honored with a stork shower in the home of Mrs. Homer Dykes. Co-hostesses for the affair were Mrs. N. W. Peyton and Mrs. Dykes.

Mrs. Neice's chosen colors for the occasion were green and yellow. The table was set with a lace tablecloth and white candles on each side of a floral centerpiece.

Served to the guests was green pineapple punch with floating plastic babies, Ritz cookies and cheese, lemon slices and nuts.

Lula Daniel, cousin of Mrs. Peyton, registered guests as they arrived.

Those attending were Mrs. O. F. Storr, mother of the honoree, from Amarillo, Ruby Adams, Azlete Roberts, Wanda Faville, Lela Stockton, Gladys Johnson, Irene Dyer, Avis Patterson, Velma Seale, Johnnie Crawley and Mrs. John Rea.

Those sending gifts were Mrs. Joe Carpenter, Mrs. W. L. Roberts, Mrs. Ernest Foreman, Mrs. Ola Moore, Mrs. Ruby Stone, Mrs. W. A. Bilbey, Mrs. Buck Bradshaw, Mrs. Dorothy Eason, Mrs. James Spurlin, Mrs. Ann Francis, Mrs. Jimmy Clark, Mrs. Luther McDonald, Mrs. D. J. Brown, Mrs. Tom Finley, Mrs. R. O. Williams, Mrs. Peggy Clayton, Mrs. Ophelia Billington, and Mable Huber.

Skit Given By Miss Stinson

"The Tater Family" was the title of an informational skit presented by Miss Corinne Stinson for members of Town and Country Home Demonstration Club Tuesday afternoon in the home of Mrs. Ernest Kube.

Mrs. Adolf Haseloff was a new member. After committee reports, women discussed projects, and decided that they would be available to serve dinners for any auction sales, if they are contacted.

Mrs. Joe White will be hostess to a meeting October 12, with a demonstration on wood fiber flowers planned.

Attending were Mesdames Joe Magness, W. T. Magness, Joe White, Bert Williams, the hostess and the new member, and Miss Stinson.

Guests Visit In J. H. Ford Home

Visiting in the home of Mr. and Mrs. J. H. Ford are their daughter, Mrs. Maude F. Leird, granddaughter and her husband, Mr. and Mrs. James H. Rowan of Oak Ridge, Tenn., and their grandson, Ford Leird, who recently returned from France. He has received his discharge from the service.

Mr. and Mrs. John Hightower visited in Lubbock over the weekend, with her sister who is seriously ill.

IS MAJORETTE

MISS DARLENE SPRAWLS

Farwell Students Gain Music Honors

Miss Darlene Sprawls, daughter of Aubrey Sprawls, formerly of this city, has been named to the position of majorette with the Eastern New Mexico Band in Portales. Miss Sprawls entered the school as a freshman and is a 1954 graduate of Farwell Schools.

The local girl, who is majoring in music education was a majorette for five years with the Farwell band, directed by Mrs. Erma Jobs. She served as drum major last year, when she was a senior.

Miss Sprawls is not the first Farwell music student to gain distinction in college music. Miss Kayla Felts, was named a member of the Abilene Christian College Wildcat band her freshman year, and is again with the group this year. Howard Jenkins is with the marching band at ENMU for the second year.

Another graduate of 1954, Mrs. Leon Ware, nee Shirley Smith, is to attend Tech in Lubbock and will major in music there.

Mrs. Camp Is New President

Mrs. Joe Camp will serve as new president of Companion Sunday School class of Texico Baptist Church.

Guests in the home of the J. H. McDonalds recently were daughters, Joy McDonald and Alma Cook, both of Lubbock and a son, Leroy, of Lazbuddie.

Joint Installation Planned for WMU

New officers for the WMU of four churches will be installed in special ceremonies at the First Baptist Church, Farwell, Monday at 2 o'clock in the afternoon. Churches to be represented are Oklahoma Lane, West Camp, Texico and Farwell and all ladies for the four churches are invited to attend.

Mrs. J. D. Hastin of Clovis will be installing officer assisted by Mrs. J. A. McCrummen, also of Clovis.

Freshman Initiation Planned by FHA Girls

Freshman initiation of new Future Homemakers of America for Farwell is to be September 28. Plans were made Thursday at the first meeting of the group.

Girls decided to have a parents-daughter banquet as an activity, and also a tea for mothers. Committee to plan the FHA assembly program includes Barbara Christian, Mona McDorman, Betty Curtis, Betty Hubbell, Marian Smith, Angela Williams, Vera Williams and Becky Foster.

FHA members will sell Christmas cards and personalized stationery as a money-making project. Secret pals were also selected. Doris Pond is pianist for FHA.

Twenty-eight girls are members of the group.

Mable Martin Is New President

Mable Martin has been elected president of the Esther class of the Farwell Baptist Church.

Other officers are Evelyn Curtis, vice-president; Viola Rundell, secretary-treasurer; Beulah McWilliams, teacher; Genie Murray, assistant teacher; and Jontha Mercer, Doris Johnson and Anna Spurlin, group leaders.

Mrs. Frances Fields was hostess to the class last week and served punch and cookies and Cheese Ritz to the above members except Mrs. Spurlin, who was unable to be present. Others attending were Billie Blain and Ruth Reed.

Mr. and Mrs. Calvin Murray and boys visited relatives and friends in Groom, and Delhi, Okla., over the weekend.

Once again, fall is here, and those youngsters will soon feel the chilly bite of north winds.

Make preparation for colder weather NOW by bringing in the kiddies for sweaters, coats, caps, gloves, shoes, boots, Levis, scarves, shirts, and many, many other items.

NEWS FROM LAZBUDDIE
 BY JANE BARTON

Lazbuddie Smashes Cotton Center, 51-24
 Lazbuddie High started off their conference football season with a bang, with a 51-24 victory over Cotton Center.
 In the first quarter, Leon Smith ran over two Lazbuddie touchdowns, and Robert Ivy ran over one. Cotton Center did not score. The second quarter found LHS still on top with Jimmy Oliver making the lone touchdown of the period.
 More action took place in the third quarter. Joe Briggs made the first Longhorn TD of the period, and Virgil Merriott passed for the extra point. Johnny Gammon made the next Lazbuddie touchdown. Cotton Center rallied and made their first touchdown, with the extra point no good. David White of Lazbuddie took over for another TD.
 In the last quarter, Cotton Center came alive. They made three touchdowns, but the extra point efforts failed. Leon Smith made the only Lazbuddie touchdown, and Virgil Merriott kicked for two extra points. Final score Lazbuddie 51, Cotton Center 24. The game was marked with fumbles and recoveries by Cotton Center, and some real playing by the Longhorns.
 At the half, the majorettes did a twirling exhibition with fire batons. They are Glenda Hall, head majorette, and Sherry and Nealy Steinbock.

Football Schedule Released For Season

Ivy, conducted the business meeting, and Mrs. Wylie Bullock gave a home demonstration using Mrs. Demp Foster as her patient. Mrs. Bullock showed how to bathe a sick person, and how to change bed linens having the patient turn only once. The next meeting will be in the home of Mrs. Leland Ivy Oct. 6, at 2:00 p. m. Miss Corinne Stinson will give a demonstration on Master-Mix.
 Refreshments of cake and punch were served to the following members: Mesdames H. L. Ivy, George Jesko, Demp Foster, E. A. Parham, John McGeehee, Leland Ivy, Wylie Bullock, Virgil Teague, Frank Hinkson, E. T. Ford, W. C. Williams Jr., Frank Hunt, Don Harkey and the hostess, Mrs. Herman White.

What Do You Know About America's Naturalization Law?

Most of us accept with little thought our American citizenship and the rights and privileges it bestows. We might do well to reflect upon what it takes to become a citizen of the United States under our present laws. Many of us would probably be unable to pass some of the requirements if called upon to do so.

One of these requirements is that the applicant for citizenship may be able to demonstrate to the satisfaction of the court a knowledge of the Constitution of the United States and the principles which it affirms. In addition, he must show a fairly comprehensive knowledge of the workings and organization of the American government.

But that is only a small part of the process of becoming a naturalized citizen. To begin with, an applicant for citizenship (if he is an ordinary case) must have been lawfully in the United States for permanent residence. Then he must be entered on the registry of the Commissioner of Immigration, acquire an alien registration card, and receive a certificate of arrival from the Immigration Department.

Some time later he will receive a letter from the government telling him where he must file a declaration to become a citizen—commonly known as "first papers." He may file this declaration shortly after he arrives in this country but not before he is 18 years of age.

After he has lived in the United States five years, and his first paper is at least two years old, the future citizen may file a petition for naturalization, known as "second papers." He must have lived in the state in which he filed for at least six months.

He will then be called for two hearings—one before the immigration authorities, and the second in federal court. At this time he must be able to speak and understand English, and he will be questioned regarding the Constitution, history of the United States and the government organization.

After 30 days the applicant will be notified to appear at the court for a final hearing on his petition. When the court grants a petition for naturalization, the applicant takes the oath of renunciation and allegiance—he renounces allegiance to the foreign state of which he is a subject or citizen, and promises to bear allegiance to the United States.

The court may deny the application. The laws relating to the granting of citizenship are strictly observed. Omissions, oversights, mistakes—all doubts in relation to the application in favor of the government.

Some classes of applicants are exempted from several of the usual naturalization requirements. Certain requirements are waived for aliens married to citizens of the United States; for certain veterans of the armed forces; for former citizens who lost their citizenship by serving in Allied armed forces during the two world wars, and others.

(This column, based on Federal law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.)

Workers Killed In Falls Numerous

CHICAGO—Some 450,000 American workers literally fell down on the job last year!

That's the number of workers who were injured or killed in falls while at work in 1953, according to the National Safety Council. "Accident Facts," the Council's statistical yearbook, just off the press, estimates that 2,500 of the injuries resulted in death and some 10,000 in permanent impairment.

Falls also accounted for half of the 29,000 persons killed in home accidents in 1953.

Natural Gas Soon To Serve Every State

Natural gas now serves every state in the union except five: Washington, Oregon, Idaho, Maine and Vermont. Within the next few years, however, it is expected to be used in all 48 states. Natural gas distributed by Southern Union is used now in four states.

Thirty years ago, natural gas was available only to those states and areas in or near gas producing fields. Since that time, pipeline transportation of the gas and the production of new areas has brought about a change in the servicing of areas and the progress in the industry.

In 1942, the far-reaching spread of natural gas pipeline was begun. From then until January 1, 1954, 55,000 miles of pipelines, involving four million horsepower in compressing units, with an estimated over-all cost of more than four billion dollars, have been established. The facilities required 20½ billion cubic feet daily of natural gas delivery capacity to individual pipeline systems.

In 1953, 6,800 miles of natural gas pipelines and 544,180 horsepower in compressor units were installed. At the present time, plans for 10,255 additional miles of line are being formulated which will require

compressor station units of 260,000 horsepower, at a conservatively low estimated cost of some \$644,000,000.

SCS Now in Federal And State Relation Group of USDA

Reorganization of the Department of Agriculture as announced last October and put into effect in November by Secretary Ezra T. Benson, affected the organization to some extent. The present organization of the Soil Conservation Service is now in operation to perform the functions delegated by Congress through the Secretary of Agriculture.

The new organization of the Department of Agriculture puts all of the service agencies of the Department under four main groups: (1) Federal-States Relations; (2) Marketing and Foreign Agriculture; (3) Agricultural Stabilization; and (4) Agricultural Credit. The Soil Conservation Service is included in the Federal-States Relations group along with the Agricultural Research Service, Forest Service, Federal Extension Service, Agricultural Conservation Program Service, and Farmer Cooperative Service. The close working relationship of all of these agencies is evident. The Soil Conservation Service will continue as the Department's technical service agency in the field of soil and water conservation and flood prevention.

Donald Williams is the administrator for the Soil Conservation Service. Besides a deputy administrator and an assistant, the Washington office includes an assistant administrator for field services including Divisions of Planning, Engineering and Plant Technology; an assistant administrator for soil survey; and an assistant administrator for management.

The administrator also has five field representatives, one for each of the five geographical areas of the United States. Texas is in the Great Plains Group, under T. L.

Gaston, along with New Mexico, Colorado, Oklahoma, Kansas, Nebraska, North and South Dakota and Wyoming.

There are several technical specialists located in different places throughout each of the geographical areas who work under the field representatives. The seven field cartographic units, one located in Fort Worth, are under the Washington Cartography Division. The seven field Engineering and Planning units, one of which is also located in Fort Worth, are under the Washington Field Services Engineering Division.

Each state and Alaska and Puerto Rico have a State Conservationist directly under the Administrator in Washington. The State Conservationist for Texas is H. N. Smith and the State Office of the SCS is located in Temple. Paul H. Walser is the Deputy State Conservationist. There are three Assistant State Conservationists, each working in a different section of the state.

National Grange Fights Against Litter

Herschel D. Newsom, Master of the National Grange, has officially aligned his nationwide farm group with the anti-litter campaign of KEEP AMERICA BEAUTIFUL.

In a letter to New York headquarters of the new anti-litter organization, Mr. Newsom formally accepted membership for the Grange on the KAB Advisory Council. He said the Grange has "a real interest" in KEEP AMERICA BEAUTIFUL because it "intends to do something about litter."

Mr. Newsom recalled that the Grange has always been concerned with keeping America beautiful in the broadest sense, because its members are interested in their country and want to see it become "an ever-better land in which to live." Moreover, as rural people, they are personally involved in the litter problem because they are close to it, Mr. Newsom said.

"Not only does highway litter often wind up on their property, where it is unsightly and unhealthy, but some forms of litter cause damage to farm animals and machinery," he declared.

National Grange representation on the KAB Advisory Council brings farm men and women in State Granges in thirty-seven states into the national fight against litter.

They are already active in several states, such as Virginia, where the Grange took the lead in organizing a state anti-litter program last year. The Virginia Anti-Litterbug council recently completed a successful anti-litter campaign in thirteen counties and expects to expand it to the rest of the state this fall.

Formal Grange participation in the national program brings to 25 the number of public service organizations officially represented on the KAB advisory council. Similar groups are cooperating with the KAB through the Council, which assists the Board of Directors in determining policies and

programs.

These call for a long-range educational campaign in every state in an attempt to change the habits of people who litter. Its target is the prevention and eventual elimination of litter from America's highways, parks, beaches and other public areas.

More Accidents Occur On Weekends

CHICAGO—Driving somewhere? Then take advantage of reduced accident rates by traveling on Monday, Tuesday or Wednesday.

"Accident Facts," the National Safety Council's statistical yearbook, just off the press, shows that nearly two out of five fatal motor vehicle accidents occur on Saturday and Sunday and the fewest occur on the first three weekdays.

The Greatest Gasoline Development in 31 Years

New Conoco Super Gasoline with TCP*

Since this announcement was first published just one year ago, more than **8,000,000** motorists have proved the astonishing benefits of TCP in their own cars. Today, the greatest gasoline development in 31 years has become the greatest gasoline success in history!

- Boosts power as much as 15%!
- Increases spark-plug life up to 150%!
- Gives you extra gas mileage, too!

Here's the most revolutionary advance in motor fuels since the introduction of tetraethyl lead in 1922—new Conoco Super Gasoline with TCP, brought to you by special arrangement with Shell Oil Company. TCP is Shell's trademark for the remarkable additive first developed for aviation fuels.

Now you can actually enjoy the benefits of an engine tune-up—just by changing to new Conoco Super Gasoline. Chances are, by the time you've finished your second tankful, you'll feel the increase in power. And you'll keep that extra power just as long as you use Conoco Super.

For Conoco Super with TCP is a new kind of gasoline. It overcomes the greatest single cause of power loss affecting most of the cars on the road today. Now, you can enjoy all the power that was built into your car.

Why you need Conoco Super Gasoline with TCP

In the average automobile, the by-products of fuel combustion constantly build up deposits on spark plugs and in combustion chambers. These deposits can "cheat" you of power in two ways. First, they actually short-circuit your spark plugs. This causes mis-firing. Second, deposits in the combustion chamber get red hot and cause the fuel to ignite before it should. This is called pre-ignition or "wild ping." The effect of fouled spark plugs and pre-ignition is a loss in power and a waste of gasoline.

*Trademark owned and patent applied for by Shell Oil Company.

CROSS SECTION OF TYPICAL SPARK PLUG

Combustion deposits form here, causing mis-firing and loss of power. TCP neutralizes these deposits, giving top power and performance.

How TCP works

TCP is a special chemical additive which is added to Conoco Super Gasoline. It was specifically developed to overcome the loss of power and fuel caused by combustion deposits. TCP neutralizes harmful deposits on spark plugs—your plugs spark as they should. It prevents deposits in the combustion chambers from causing pre-ignition—"wild ping" is controlled. Thus, every time you fill up with new Conoco Super, it's like getting your spark plugs cleaned and your engine tuned-up.

TCP helps your car, whether new or old

If you are driving a new car, with a high-compression engine, you need Conoco Super Gasoline to keep your car delivering all the power that was built into it. It will actually increase spark-plug life up to 150%. If you drive an older car, with tens of thousands of miles on the speedometer, Conoco Super can restore much of the "new car" performance and power you've been missing.

Yes, a great new era in motoring is here for you. Drive into your Conoco station today and fill your tank with new Conoco Super Gasoline with TCP. You'll feel the difference by the second tankful!

Now—at your Conoco dealer!

Proper Care Is Important To Range

The sparkling new appearance of your gas range will last for years with proper care. Cleaning the range is easy if you begin by following a few simple suggestions for correct use.

For example, flat-bottom pans will not tip as easily as others, therefore avoiding upsets and spill-overs. Flat-bottom pans utilize heat more efficiently. Warped pans tip frequently and also cause uneven cooking. Pans that are too small for the contents will cause boil-overs—so will too-high temperatures. As soon as liquid comes to a boil reduce flame to simmer, both for cleanliness and economy of fuel and food.

Should an accidental spill occur, wipe the smudge at once with a dry paper towel or cloth. Many food liquids have an acid reaction that will dull the finish of your range if not removed. Discolored ovens are also the result of too small

pans and too high temperatures, for spilled food will scorch. Many ovens have linings which may be removed in sections for easy cleaning. Wash them as you would a plate whenever there's a spillover.

To soften greasy food coatings and make them easier to remove, place a saucer of household ammonia in the oven and leave overnight. Next morning wash oven linings with warm, soapy water, wipe with a cloth moistened in clear water, then dry.

A creamy cleaning substance is recommended by economists and engineers as doing an excellent job without affecting the enamel finish of your range. This cleaning substance is generally available in grocery stores.

The broiling pan can be kept clean easily if you remember not to tuck it back into the broiler compartment immediately after use. Just let the pan cool while you eat, then soak it in hot, soapy water. This makes the washing no chore at all.

What Does It Cost To Run Water In Open Ditch?

By W. B. Broadhurst

On July 8 and 9, a test was made on the Joe D. Unfred farm near New Home in northwestern Lynn County to determine the loss resulting from running water in an open ditch from his irrigation wells to his field. Two wells were used in the study: well No 1 is in the southwest corner of the quarter section and well No. 2 is 1,250 feet east of Well No. 1. Water from the two wells was discharged into the ditch connecting the wells and was diverted from the ditch to a field at a point approximately midway between the wells. Sparling flow meters were used to measure the discharge from the wells. A Parshall-flume, which was furnished by the Soil Conservation Service, and a two-foot rectangular Weir were used to measure the discharge from the ditch to the field. The wells had been pumped 7 days and nights continuously into the same ditch before the test was started.

Well No. 1 is equipped with a 6-inch deep-well turbine pump and well No. 2 is equipped with a 4-inch deep-well turbine pump. The pumps are driven by small Allis Chalmers engines using butane for fuel.

Well No. 1 produced 250 gallons a minute. The motor used 2.5 gallons of butane per hour. At 8 cents a gallon, cost for butane was 20 cents per hour or \$4.80 for 24 hours. This unit used 1 quart of motor oil at 35 cents per quart and one pint of drip oil at 5 cents per pint. Total cost for butane and oil was \$5.20 per day. Two hundred and fifty gallons a minute for 1,440 minutes in a day is 360,000 gallons a day at a cost of \$5.20 equals 1.44 cents per thousand gallons.

Well No. 2 produced 185 gallons a minute. The motor used 2.18 gallons of butane per hour. At 8 cents a gallon, cost of butane was 17 1/2 cents per hour or \$4.20 per day. This unit also used one quart of motor oil at 35 cents per quart and one pint of drip oil at 5 cents per pint. Total cost for butane and oil was \$4.60 per day. One hundred and eighty-five gallons a minute for 1,440 minutes in a day is 266,400 gallons a day at a cost of \$4.60 equals 1.72 cents per thousand gallons.

The combined discharge of the two wells (250 and 185) was 435 gallons a minute. Four hundred and thirty-five gallons a minute times 1,440 minutes in a day is 626,400 gallons in a day divided by 326,829 gallons in an acre-foot per day pumped. In other words, the pumpage from the two wells was sufficient to cover 1.92 acres to a depth of one foot.

The total flow from the 1,250 foot ditch at a point about midway between the wells was 366 gallons a minute. This indicated that evap-

oration and seepage loss from the ditch was 69 gallons a minute (5 1/2 gallons a minute for each 100 feet of ditch). Three hundred sixty-six gallons a minute times 1,440 minutes in a day is 536,040 gallons a day divided by 326,829 gallons in an acre-foot equals 1.61 acre-feet per day delivered to the field. The difference between the amount pumped (1.92 acre-feet per day) and the amount delivered to the field (1.61 acre-feet per day) was 0.31 acre-foot. The loss from this 1,250-foot ditch was 0.31 acre-foot or 3 3/4 inches over one acre every 24 hours.

The cost of butane and oil was \$9.80 per day to pump 1.92 acre-feet of water. The cost of pumping the 0.31 acre-foot that was lost was only \$1.58 per day, but in 120 days it would amount to \$189.60. This however, is only an insignificant part of the loss.

Mr. Unfred reported that the two wells were pumped an average of 120 days a year. If each day he loses from this 1,250-foot ditch enough water to put 3 3/4 inches on one acre of land, in 120 days he will lose enough water to put 12 inches on 37.5 acres. If the 37.5 acres would produce 3/4 bale of cotton per acre, that means a loss of 28 bales of cotton. If the cotton would net \$50.00 a bale, it means a loss of \$1,400 a year.

If we add the \$189.60 for butane and oil plus the \$1,400 we did not produce, plus the extra wear and tear on the equipment, plus the costs of maintaining the ditch, plus the inconvenience of not being able to cultivate the field while the ditch is full of water, plus the additional time required to irrigate the field, the loss of 69 gallons a minute from the quarter mile of open ditch may exceed \$2,000 a year.

Wouldn't it mean extra dollars in your pocket and at the same time conserve water for future use if you would substitute a closed distribution system in place of the open ditch?

OPPORTUNITY AHEAD

The gas industry has a great opportunity ahead. A recent survey completed by the American Gas Association Bureau of Statistics showed that there is a potential market in the United States for 59,000,000 gas ranges, water heaters, and gas heating units in the five year period from 1954 through 1958, if consumer purchasing power remains at present levels.

Sales of gas ranges in 1953 were 2,225,000 units—2 1/4% higher than 1952 sales. Automatic gas water heaters sales rose to total 2,150,000 units in 1953, more than 11 1/2% over 1952 sales. Gains in gas house heating customers were reflected in increased sales of central heating units, which totaled 820,000 units in 1953, more than 12% over 1952 sales.

The Constitution requires that the census be taken every ten years.

TIRE INFLATION

One of the most common causes of excessive wear on the tires of your car is under-inflation. And when a tire does not have enough air in it, it will heat, "heel over," and break down the vital sidewalls. Under-inflation should be watched at all times with a regular weekly check.

Over-inflation, on the other hand, is also detrimental to the life of your tires. It will cause the tire to wear in the center of the tread.

One thing to watch for is over-inflation during warmer weather. This will fool you. If your tires indicate they are over-inflated after you have driven them a long way, don't release any air until they have a chance to cool off. Then check the pressure again.

Farwell Band Invited to Fair

LUBBOCK—The Farwell High School Band, along with other high school bands from throughout West Texas and Eastern New Mexico, has been invited to enter the competition for \$600 in cash prizes which will be offered in conjunction with the gala Parade of Bands marking the opening day of the Panhandle South Plains Fair here Sept. 27.

Letters have been mailed to approximately 50 schools in the area inviting the bands to participate in the huge parade. In addition, each school has been invited to enter floats which will follow the school band in the cavalcade. Judging of the many bands will be according to regular Intersch-

olastic classifications—class AAA, AA, A and B. The first place winner in each class will receive \$100 and the second place band in each class will win \$50. This will be the first time such cash awards have been offered by the Fair.

This year's parade, opening the 37th annual Fair, will begin at 10 a. m. Sept. 27 and move through downtown Lubbock to the Fair grounds. Awards will be presented immediately following the parade at ceremonies in the new 5,500-seat Fair Park Coliseum.

The opening day will also be School Day for thousands of school children throughout the area. Every school student will be admitted to the grounds without charge. This is the first time School Day has been observed on opening day and came after requests for such a plan received from many school superintendents. Last year's opening day Parade

of Bands attracted between 60,000 and 75,000 persons—the largest crowd ever gathered in Lubbock for a single event.

Prof. D. O. Wiley, band director at Texas Tech, and Paul Branom, director of the Lubbock High School band, are co-chairmen of the parade. The Lubbock bands will be hosts for the event and will not compete for the prizes.

Of the men and horses involved, only one horse survived the Custer Massacre.

Distinguished Guest Visits The Langers

The Elton Venables and the Joe Langers were pleasantly surprised Saturday afternoon when they were hosts to a distinguished guest. Senator Will Langer of Bismark, North Dakota and his friend, Mr. Ford, stopped briefly. They were enroute to Topeka, Kansas.

It had been 42 years since Langer had seen Senator Langer.

Bovina Supply Dealers For Western Pumps

Announcement was made this week that Bovina Supply has been appointed dealer for Western Deepwell Turbine Pumps, according to Roy Horn of the firm.

In addition, Bovina Supply will handle Chrysler engines and Amarrillo gearheads, and arrangements are being made so that they will be able to offer "turn-key" irrigation well installations, including drilling, casing and outfitting the well.

Bovina Supply is the only pump dealer in the immediate area.

Reed Passes Good For TD's, but Happy Beats Mustangs

Darrell Read, Bovina fullback, threw two touchdown passes for the Mustangs Friday night, but the Happy Cowboys outscored them 27-13, to win the non-conference game.

The Happy team led all the way, running the score up to 27-0 before the Mustangs began their aerial attack in the fourth quarter.

The Cowboys made two touchdowns in the first period, both on ground plays. Extra points were good for both counts. The third touchdown was in the second period with the score standing 20-0 at the half.

ASSIGNED TO GERMANY

SEVENTH ARMY, GERMANY—Pvt. Jerry D. Ellison, whose wife, Katie, and parents, Mr. and Mrs. H. D. Ellison, live in Bovina, recently was assigned to Seventh Army's 27th Anti-Aircraft Artillery Battalion in Germany.

Combat units of Seventh Army form a major part of the strong cordon of American defense forces stretching across the U. S. Zone of Germany.

Ellison, a member of the battalion's Battery C, entered the Army last March and completed basic training at Fort Bliss.

Much Interest Expected Friday Night As Mustangs Play Host to Friona Chiefs

In a game that is expected to draw as much interest as any that will be played this year for either team, the Bovina Mustangs collide with the Friona Chiefs here Friday night.

Both teams have been beaten, and both will be out for a win. Friona has lost to strong teams from Vega and Portales, and Bovina was defeated last weekend by Happy. They previously had won over Springlake, however.

The Mustangs will be keen to even a score of 6-0 handed them at Friona last year in a defeat which resulted in their losing the conference crown.

The Chiefs have moved up a notch to class "A", and although this time it will be strictly a non-

conference matter, interest will be lively anyhow.

Coach Clovis Ratliff said he hoped Bovina would be ready for the Chiefs, since the Mustangs came out of last week's game without any injuries. Erith Hawkins, end, has a bad cold but is expected to be able to start.

The starting lineup: Don Owens, 144, senior, and Erith Hawkins, 144, junior, ends; Lynn Isham, 234, junior; and Don Sudderth, 209, junior, tackles; Jerry Newton, 140, senior, and Don Barron, 146, senior, guards; Alfred Moody, 170, senior, center.

At quarterback will be Neil Smith, 128, sophomore; Edmund Hobdy, 160, senior, and Darrell Read, 156, junior, halfbacks; and Larry Ezell, 168, junior, fullback.

All of the above, except Hobdy are lettermen. Isham and Ezell are co-captains.

Reserves include Don Lloyd, Sonny Brito, Junior Williams, George Baca, James Stevens, Julius Bradshaw, Dickie Steelman, Charles Haney, Billy Richards, and Donnie Springs.

Meanwhile, at Friona, the Chiefs continued stiff workouts in the hope that they could earn their first win of the season. In Friday night's game with Portales, Warren Brooks, tackle, suffered a bruised leg, but he is the only casualty on the Friona squad. He is expected to start against Bovina, however.

The Chiefs' starting lineup:

Don Reeve, center; John Thomas, left guard; Keith Battey, right guard; Warren Brooks, left tackle; Gary Panzer, right tackle; Phillip Weatherly, left end; Joe Allen, right end.

At quarterback will be Wesley Barnett. Halfbacks are Jerry Houlett and Harold Taylor, followed up by Chiles at fullback.

Bovina Widows Club Recalls School Days

School was a bit late in beginning for The Bovina Widows Club Thursday, September 16, at the home of Mrs. Maidee Brown and Miss Loula Smith.

"And never a lesson did we have until we had a most delicious 'cafeteria style' lunch," says the reporter.

Ladies then whizzed through kindergarten, grade school, junior high, and were ready to graduate by the end of school day; only they didn't get caps and gowns.

Women drew and cut out trees, had a spelling match, drew a map of Texas and located Bovina, which kept moving around over the state. "We are really glad that we finally found out that we still live in Parmer County, instead of south of El Paso," the reporter continues.

An old-fashioned Friday afternoon literary society meeting without the benefits of "Robert's Rules of Order," included a reading (nursery rhyme), a duet, a nursery play, questions and a physical education period in which attendants discovered they were not as supple as they had been led to believe.

The next meeting will be with Mrs. J. G. Charles and her sister, Miss Ellen Remmsnider Thursday, Oct. 21.

AT BEDSIDE

Mr. and Mrs. J. W. Gooch returned home Sunday from Arkansas City, Kansas. They have been at the bedside of Mrs. Gooch's mother, Mrs. Etta B. Jeffreys, who underwent an operation Wednesday of last week.

TO LIVE IN LUBBOCK

Yvonne Moody Weds Oakley Stevenson

Yvonne Moody, daughter of Mr. and Mrs. E. H. Moody and Oakley Stevenson, son of the Earl Stevensons, exchanged wedding vows Wednesday, Sept. 15, at 2:30 in a simple double-ring ceremony at the home of Mrs. Azzie McGill of Clovis. Maid-of-honor was the bride's sister, Sue Moody. Best man was Larry Berry.

The bride chose a mauve-colored suit, trimmed in navy blue and wore blue accessories. She wore a corsage of white rosebuds.

The maid-of-honor wore a dusty-rose taffeta dress with rhinestone accessories and a corsage of pink rose buds.

The bride carried out the tradition of something old, bracelet belonging to her mother; new, wedding clothes; borrowed and blue was a garter belonging to Mrs. Patsy Meil.

Rev. Virgil Goodwin of Bovina Baptist Church read the vows. A honeysuckle vine over double windows formed an arch which was trimmed with rosebuds. On each side of the windows were two large bouquets of multi-colored dahlias.

A reception was given immediately following the ceremony in Mrs. McGill's parlor. The guests were served frosted punch, with the three-tiered wedding cake. The cake was trimmed with tiny red rosebuds.

The couple left after the reception for their home in Lubbock. The groom will attend Tech for his third year, majoring in agriculture. Both are 1952 graduates of Bovina High School.

Guests at the wedding were Rev. and Mrs. Virgil Goodwin, the Earl Stevensons, the E. M. Moody's, Mr. and Mrs. J. R. Sublett and sons of Clovis and Mrs. Azzie McGill.

TO CONVENTION

Mr. and Mrs. H. T. Reynolds left last week for Corpus Christi, where they will attend a Treasurer's Convention. They will also visit a daughter and family in Houston, the Herbert Millers.

PLACES AT FAIR

Roger Ezell, son of the Gene Ezells, won third place with a boar and fourth with a gilt in the Junior Swine Breeders Class at the Tri-State Fair in Amarillo, Monday.

Class Has Social Tuesday Night

The Friendly Circle Class of the Bovina Baptist Church had its monthly social Tuesday night at the church with a covered-dish supper.

Betty Hawkins entertained the group with two vocal selections with Mary Looney, accompanying at the piano.

After supper, a business meeting was held and new officers were elected. Mrs. Glen Kelley was elected president.

Members present were Mrs. Cecil Edwards, Mrs. Bonnie Vickers, Mrs. J. D. Kelley, Mrs. Glen Kelley, Mrs. Bobby Englant, Mrs. D. C. Looney, Mrs. Harold Hawkins, Mrs. Rose McCain, Mrs. Charles Don Smith, Mrs. H. N. Turner and the hostesses, Mrs. Don Garret and Mrs. Bill Horton.

Is Surprised

Elton Venable was surprised Thursday with a birthday party in his backyard by his wife. A picnic supper was enjoyed by Mr. and Mrs. Bass Elliott and children, Mr. and Mrs. Tommie Bonds and Tommie Keith, Mr. and Mrs. Bob Johnston, Linda and Joe Karol, and Mr. and Mrs. Venable, Margaret Jo and Radford.

Hot dogs, potato salad, caneloupe, angle food cake, and fruit salad were served.

Many lovely gifts were presented to the honoree, after the supper.

To Hereford

Attending the annual Tierra Blanca Associational meeting, Tuesday, held at the First Baptist Church of Hereford were Rev. and Mrs. Virgil Goodwin, Mrs. J. W. Gooch, Mrs. Arvin Glasscock, Mrs. Bill Bradshaw, Mrs. Bob Williford, Mrs. P. A. Adams, and Mrs. Allan Cumpston.

BURRS DISAPPEAR

Members of junior and high school had a grass burr picking party Tuesday night, cleaning the football field of grass burrs.

The boys brought ice cream and cake and the girls brought sandwiches.

TO SELL CARDS

Girl Scout troop III met at Mrs. Bill Whitesides for their first meeting in September. Present were nine Scouts, and one new Scout and two visitors.

Girls elected a new reporter, Dianna Henson. Girls agreed to sell Christmas cards to raise funds for the treasury and to earn subscriptions to the American Girl Magazine.

From Ft. Worth

Guests in the Joe Langer home and the Elton Venable home Monday were Mr. and Mrs. Walter F. Pruessner of Ft. Worth.

Mr. Langer and Mrs. Pruessner are brother and sister. It had been eight years since they had seen each other.

BOVINA BUTANE SERVICE PRESENTS KNOW YOUR NEIGHBORS

Here is a family that needs no introduction to many people of our area. They are Mr. and Mrs. Howard Ellison and Mickey, 4; and Dennis, 2; who live on the Buck Ellison place five miles west of Bovina.

We chose them as our first "Know Your Neighbor" feature not only because they are some of our nicest customers, but because they are long-time residents.

Mrs. Ellison is the former June Jester, daughter of Mr. and Mrs. Randolph Jester of the Pleasant Hill Community, who now make their home in Clovis.

She and Howard (the Buck Ellisons are his folks) were married Dec. 19, 1948, in his parents' farm home. Since that time, they have lived on the home place with his folks, except for one year which was spent on Howard's grandfather's place to the southeast.

Although tragic to recount, perhaps one of the most vividly remembered happenings in the Ellisons' lives was shortly after she and their first-born son, Mickey, had returned home from the hospital.

He was only 19 days old at that time, and she was bathing him. The baby upset a bottle of rubbing alcohol into a nearby stove and for a few terrible instants, the scene was engulfed in flame.

Although severely burned herself, June managed to protect Mickey, and the little fellow escaped completely the ravages of the hot fire. June remained in the hospital for 13 months before her recovery was complete. The accident happened in May of 1950.

The manner in which the family overcame this calamity has been an inspiration for the entire community.

The Ellisons have been good customers of Bovina Butane Service for a long time. Howard has had his irrigation well down for about a year, and operates not only it, but a tractor as well on LP gas.

In addition, he plans to convert the farm pickup and the family car to butane operation. Butane is also used in the home for the kitchen range, the furnace, hot water heater, and other items. We would like to add YOU to our list of satisfied customers.

Rams Take Chiefs 25-0 Friday Night

Although shut out 25-0 by Portales Friday night, the Friona Chiefs are looking much better, says Coach Raymond Cook, as he expressed encouragement over the way the boys are shaping up this week.

Portales, a school much larger than Friona, visited Chief field Friday night in a non-conference tilt.

"We should have scored at least two times," commented Coach Cook, noting that once Friona "fouled up" within five yards of the Ram goal line.

Scoring for Portales were Larry Sanders with two touchdowns; and Charles Gregory, also two touchdowns. The boys scored two touchdowns each in both the first and last quarters, spreading the point drives to the first and last of the game.

September 26, is Church School Rally day, and promotion day. Every class in Sunday School should set a goal for record attendance. A. W. Anthony Sr. is attendance chairman.

The Institute on Alcohol Education was held in the Polk Street Methodist Church Tuesday. Rev. J. Frank Peery, secretary of the conference board of temperance, was in charge.

From September 26 to October 3 is Christian Education Week. The theme of the week is "The Bible In The Home."

The commission on missions met Monday night at the sanctuary. Members are Mrs. Howard Ford, Mrs. James Boyles, Mrs. A. A. Crow, Ernest Osborn, A. W. Anthony Jr., J. T. Gee, Arthur Hilton, Mrs. A. S. Grubbs, Mrs. J. H. Shaffer, Doris Jane McFarland.

The Methodist Church Homecoming anniversary will be Sunday, October 31, for all members and ex-pastors of the Friona Methodist Church.

Pickup Turns Over, Two Youths Hurt

Hospitalized as a result of the turning over of a pickup truck this week in Friona were Cotton Renner and Gaylen Rhodes.

They and two other young men, Charles Kirk and Billy Parker, were headed out of Friona on Highway 60, and were near the eastern city limits when the accident occurred.

Renner, driver of the pickup, swerved to avoid hitting a bus after passing another car, according to reports, and lost control of the 1951 Chevrolet vehicle. It rolled over three times.

Kirk and Parker were only shaken up, and were not hospitalized.

Retail Credit School Coming Next Week

Announcement that retail credit school would be in Friona next week was made today by Mrs. Lucy Jones, manager of the Friona Retail Merchants Association.

To be on hand to conduct classes on Monday through Thursday evenings, Sept. 27-30, will be Heinz Ulrich Jr., retail credit specialist at the University of Texas.

His school functions under the University of Texas Division of Extension, and the appearance in Friona is sponsored by the local association.

Mrs. Jones said, "Everyone I have talked with shows an interest in the series," as she indicated that good attendance was expected for the school. It is the first school of its type ever to be held in Friona.

Mrs. Jones stressed that the series is not limited to members of the Friona Retail Merchants Association. "Every merchant in the area is welcome to attend if they have an interest," she said.

Cost for the four nights of schooling is \$3. This fee goes for the purchase of materials that will be used in the classes.

The school will be held at the high school, with classes starting each evening at 7:30.

Fair Finances Work Out Okay

Bill Sheehan, secretary-treasurer for the Parmer County Fair, reported financial matters as "okay" for the 1954 fair, which for a time appeared likely to finish in the red. Sheehan, freshly returned from the state Democratic convention in Mineral Wells, raised the money "without going out of town," he said.

A total of \$1368 was raised, which, in his estimation, will pay for the 1954 fair, as well as the junior livestock show in the spring.

Plans to start work early on the 1955 fair were already being made he said, adding that organization work will soon begin on that phase.

Local Group Attends FB Queen Contest

Several local people went to Lubbock last weekend to attend the Farm Bureau District contest. Representing Parmer County in the contest was Miss Phyllis Fairchild, daughter of Mr. and Mrs. Carl Fairchild, who took their daughter to the contest. She was in competition with 13 other Panhandle and South Plains queens.

Others attending were Mrs. Letha Turner and Virginia Jennings, Bruce Parr, Raymond Euler, Gilbert Kaltwasser, Leslie Bruns and family, Aubra Ellison, Ernest Anthony, and Ralph Smith.

New Warehouse At Carl McCaslin

Foundation work for a 30x80 warehouse for the Carl McCaslin Lumber Company was moving ahead this week, and Harry McCauley, yard manager, estimated that the structure would be completed "within three weeks."

Principal reason for the addition, he added, was to make room for increased stock of building materials. The yard will now have on hand several large items that formerly were ordered from out-of-town suppliers.

Carter Reunion Held in Lubbock

The annual Carter reunion was held Sunday at McKenzie Park at Lubbock. At the noon hour, they served a basket dinner, and later had a watermelon feast.

Those present were Mr. and Mrs. C. C. Carter and James, Mr. and Mrs. Art Carter and three boys, Mr. and Mrs. Roy Carter and daughter, Mr. and Mrs. Grover Carter and baby, Mr. and Mrs. Horace Carter and daughters, Mr. and Mrs. Odell McQueen and sons, Mr. and Mrs. Carl Singly and sons, Mr. and Mrs. Clint Carter, Mrs. Marrow, all of Raton;

Mr. and Mrs. Roy Carter and baby of Snyder, Mr. and Mrs. Budge Carter of West Point, New York, Mr. and Mrs. Harvey Gage, of Brownfield, Mr. and Mrs. Jack Carter and daughter, of Hobbs, N. Mr. and Mrs. Kenneth Heady and son, Mrs. Carol Dean Dunn of Lubbock, Mr. and Mrs. Clarence Martin and children, Mrs. C. D. Carter, Mr. and Mrs. W. S. Crow and children, Pat Cranfill, Mr. and Mrs. J. M. Bradley, all of Friona; Mr. and Mrs. H. C. Carter of Anson, Mr. and Mrs. Boots Deatridge and sons of Miami and Jimmy Cox of Happy.

Several years ago when a student at Southern Methodist in Dallas, some people were quite proficient at flipping pennies with a fingernail file into a nickle, dime, or quarter slot.

By shooting them in extra fast, the pennies would "bong" through just like bonafide silver. This kind of tomfoolery is sort of like watermelon stealing. Just about everybody does it.

in & around FRIONA with the gang

Jimmy Baxter up at the hospital reminds us that the Friona Progressive Study Club is going to have a benefit pancake supper Friday night, Oct. 1, to raise money for the new hospital building.

This supper will be served from 5 until 8, which should catch a lot of football fans. That's the night that Friona plays Farwell here, so everybody come by for a good supper and take in the game. Place will be at the school cafeteria.

It's more than a little amusing to find out how some people have been penny pinching the telephone companies. And it goes to show that no matter how ingenious may be a device for getting the customer's money, human devilment will often triumph.

Let's embarrass some folks, there'll be no name-calling, but you may be sure that the following examples are authentic.

One lady confesses that every once in a while her mother takes a trip, and of course, the daughter is always anxious to hear that her mother arrives at her destination safe and sound.

To relay this information at the least possible expense, the mother will telephone home, say from Dallas, placing a person-to-person call to her "sister."

Of course, her "sister" is never at home, but the local lady knows when she answers the telephone that everything is safe and sound at the other end of the line, although she never hears her mother's voice.

Another keen way of getting around small tolls was explained to us by an individual who said he used to have a one-party business phone in his office (not in Friona, by the way), but when the rates were raised, he changed it to a pay phone installation.

When he was at the office and wanted his wife, he would call home. When his wife picked up the phone, a buzzing commenced, and would let up only when he had put in his nickel.

However, this man just hung up. A few seconds later his wife would call back with a "Yes, dear. What

was it you wanted?"

Several years ago when a student at Southern Methodist in Dallas, some people were quite proficient at flipping pennies with a fingernail file into a nickle, dime, or quarter slot.

By shooting them in extra fast, the pennies would "bong" through just like bonafide silver. This kind of tomfoolery is sort of like watermelon stealing. Just about everybody does it.

No businessman or ranking employee should miss the chance next week to attend the retail credit school. It is here that they will find the most practical solutions to a problem that has plagued small business ever since the word "put it on the cuff" originated.

Certainly, we cannot do business without credit. And certainly, there are few of us who would not want to do business without credit. But the handling of accounts—or rather the mishandling of them—has caused many a business to fold in a short time.

Ask some friend to come with you, Mr. Businessman. This school is for YOUR BENEFIT.

Stopped in at Ethridge-Spring Monday to talk with Bill Stewart. "He's gone to Amarillo to see about some glasses," said his secretary, casually adding that "at least, he SAID he was seeing about some glasses."

Further discussion revealed that the young lady strongly suspected her boss of excusing himself for a day at the fair.

She's only partly right, we think. Old Bill probably picked up some new glasses on his way to the fair grounds so he could see the girlie-girlie shows better.

October 3, is Rally Day. It will be a day when everyone in church school will endeavor by their presence to reach the attendance goal of 200. Only one other time in the history of the Bovina Methodist Church was this goal ever reached, and that was on dedication day of the new church. To reach this goal, everyone is being asked to attend.

Workers Conference

The Workers Conference for the Church School met last Monday evening at the church. Thirteen teachers of the church school met to discuss ways and means for planning the school's next quarter's work and activities. J. T. Hammonds, chairman of the commission on education presided at the meeting. One of the highlights of the conference was the panel discussion by Hammonds, Mrs. Walter White, Mrs. Buck Lloyd, Mrs. Earl Richards, and Robert Wilson on the topic "What Are the Qualities for a Good Church School Teacher." Refreshments were served by Mrs. Robert Wilson. Those present were Mrs. H. J. Charles, Mrs. Earl Richards, Mrs. Eddie Redden, Mrs. Billie Sudderth, Mr. and Mrs. J. T. Hammonds, Mrs. Margaret Caldwell, Mr. and Mrs. Robert Wilson, Mrs. Buck Lloyd, Rev. and Mrs. Walter G. White.

Temperance Institute

The Plainview District of the Methodist Church is having a Temperance Institute at First Methodist Church in Plainview today, Thursday, Sept. 23. Also this evening, the Adult Workers of the district will be meeting at the same place.

Fish Fry

Saturday, October 9, from noon on, Rev. and Mrs. Walter G. White will be having a fish sandwich dinner for anyone who wishes to come in order to raise money for the talent campaign on the Mile of Dollars goal. Remember, don't eat at home that day, but eat with the Whites at the White House.

NEWS FROM THE FARM BUREAU
By RAYMOND EULER

C. H. DeVaney, vice-president of Texas Farm Bureau emphasized in closing his talk to members at Lubbock last Saturday, that though we must give careful consideration to economically feasible elements of our farm and other industrial programs, there is a much more important phase of life we must remember. This phase is the moral and Christian responsibility of every American to protect and uphold the heritage that has been bought for us by our forefathers. There is no denying that there are active forces in this great country whose objective is the destruction, by any means at their disposal,

of our democratic form of government and the freedom and opportunity it offers its citizens. "A man's life consisteth not of the things he possesseth is a statement that has been proven time and again in the centuries since it was spoken and recorded, and will hold true as long as time exists.

Man cannot provide the necessities of a full, free life with the aid of a pencil and paper and a calculating machine. Our government officials, even when that is their earnest desire, cannot provide the kind of country men need unless they lean heavily upon God, who provides everything that is provided for His creation.

By this same token, we believe it is equally or more important for us to listen for the moral ethics of our candidates for public office, than the dollars and cents promises they may use to gain our vote. Finally, but not by any means least, we should remember that we have a great responsibility to this same God, when we deal with our fellow man, in every vocation we pursue.

The name, "Farm Bureau" means nothing if it does not indicate an interest in something much more important than material gain for its members and the nation and world as a whole.

Phyllis Fairchild performed well in the district contest. Nobody seemed to think the judges would have gone wrong, had they select-

More Men Involved In Car Accidents?

CHICAGO—Who are the best drivers—men or women? The ladies may be gratified to learn that the National Safety Council's yearbook, "Accident Facts," just off the press, reveals that 10 times as many men as women drivers are involved in fatal accidents.

But just a minute, ladies! "Accident Facts" goes on to say that while 41,700 men and only 4,100 women were mixed up in fatal accidents last year, more than twice as many men were driving, they drove farther per driver, and they drove more in all kinds of weather and conditions than the women.

"So," the Council says with evident relief, "no one can really tell who's the best driver, a man or a woman."

Don't Loaf Yourself To Death, Is Advice

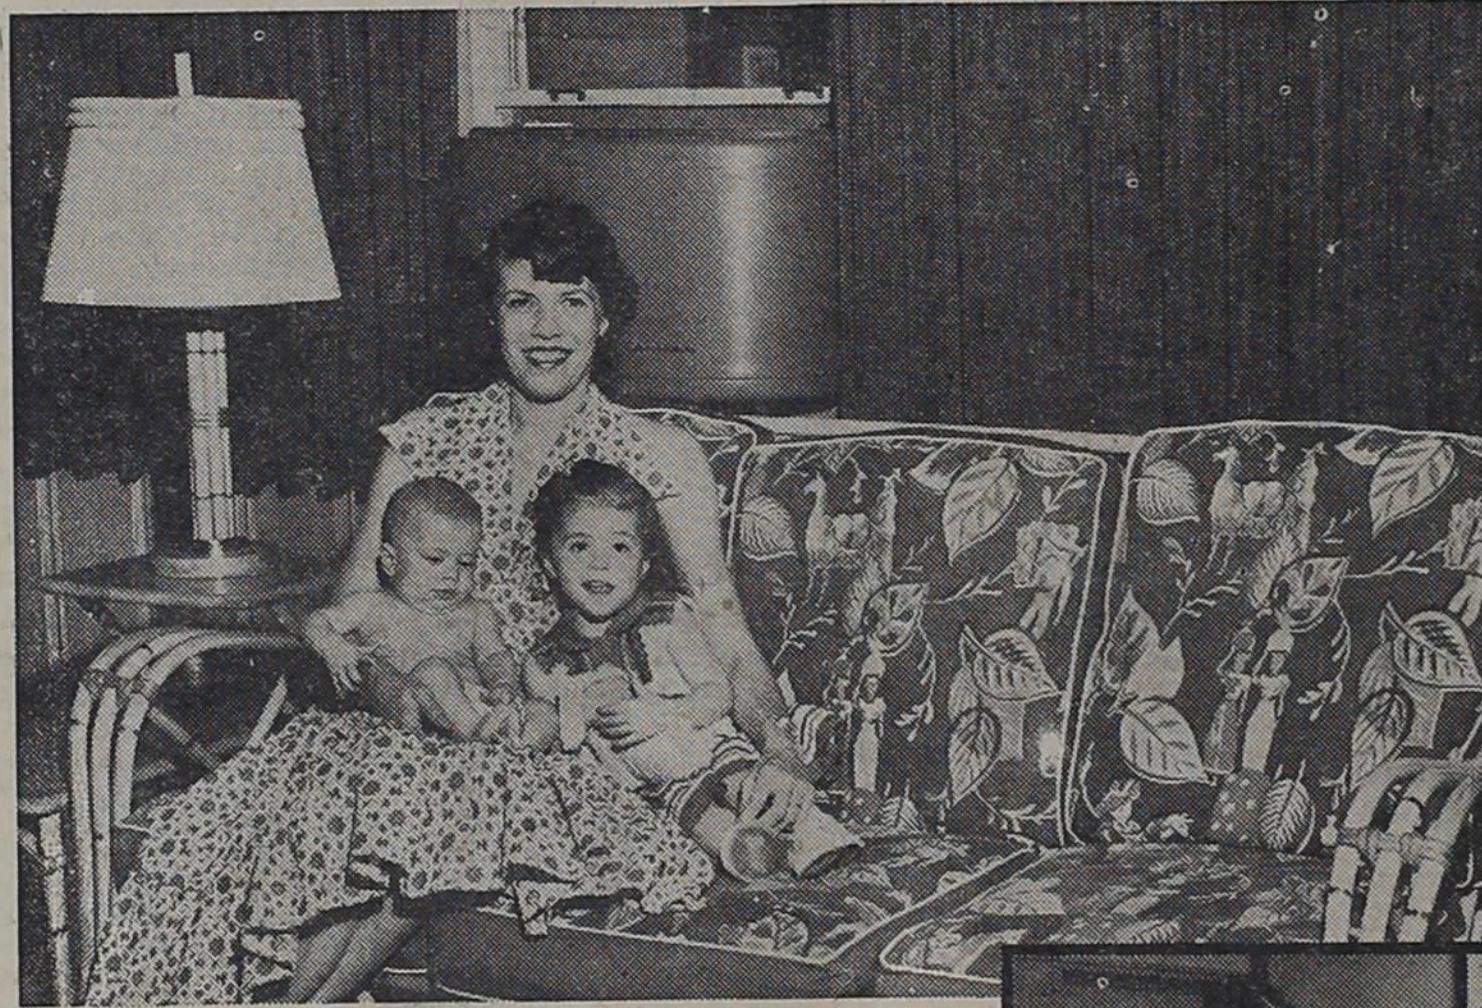

CHICAGO—You are not as likely to work yourself to death as you are to loaf yourself to death, the National Safety Council suggested today.

"Accident Facts," the Council's statistical yearbook, just off the press, shows that off-the-job accidents killed 32,000 workers in 1953, while 15,000 were killed on the job.

"I am a graduate home economist as well as a busy homemaker, and I really appreciate the value of electric appliances in saving time with everyday homemaking. I have owned my electric clothes dryer just a few months, but I've had time to appreciate the freedom which it gives me to enjoy my home and my family."

It's the freedom of **ELECTRIC LIVING**

that appeals to **MRS. PAT BOONE, JR.**

"I love to cook, and I chose electric cooking when we built our new home. We do a lot of entertaining, and I chose the two separate ovens in order to bake and broil at the same time for my guests."

"My washer and dryer give me more time for preparing food and the other things I enjoy doing. Convenience—and time-saving—just naturally follow when you use electric appliances."

"My laundry is so soft, even better than when drying in the sun. I often do my laundry after the children have gone to bed. Electric service lets me do my laundry at any hour, day or night."

The homemaker who wants to "boss" her daily tasks, such as cooking and clothes-washing and drying, rather than having the tasks boss her, wants to use automatic electric appliances. See your Reddy Kilowatt Dealer now and find the electric appliance that will bring you homemaking freedom.
