

FROM THE  
**HOPPER**

BY HOP JR.

Preachers, plumbers, and printers . . . are these the accursed professions? Somewhere in years past an old sage from one of these schools must have told us of the lurkings of this unfortunate tribe, and warned that we should never pursue their steps. But we did, so now we are remembering his predictions. "Everybody curses 'em," he told us. Probably it's so.

Anyway, we were sharing some of our misery (and enjoying the sharing of it) with Preacher Bill Hardwick this past week. You see, preachers these days are printers too, of a sort, and so they get cussings from two directions instead of one.

Preacher Bill called us up at home one day last week and said, "Say what's the initials of the new coach?" We told him we didn't recall for sure, but that the coach's first name was Dempsey. "That's it!" we heard Preacher Bill exclaim as he snapped his fingers. "Dempsey."

With that he thanked us, hung up the phone, and apparently went on with his business.

Before church Sunday morning we took a quick peek at the bulletin, and were surprised (and amused) to see that Mr. and Mrs. Dempsey Underwood were transferring their letter of membership to the local church. It sunk in on us that the preacher had failed to retain the last name of the coach, although he thought he was foggy on just the first name.

We rushed to warn Bill of this printed boo-boo, but he had already been put on guard and had, as a matter of fact, taken the precaution of telephoning the Alexanders in advance to tell them what had happened that he was sorry about it.

So, preachers get in trouble for trying to be printers, you see. One thing about it, though, and that is that printers usually don't find about their mistakes until somebody dumps the full load of bricks on them. That's an advantage the preacher had this week that is usually denied the printer.

This humorous occurrence set us to thinking about some of the typos which have gone into our little paper which, though usually not funny at the time, have sort of mellowed with the passing of the years and now provoke a smile when they are recollected.

Some of them we'd never intentionally print again for obvious reasons, but some are worth recalling. Most occurred in absolute, unadulterated innocence. Like Editor Richard Hapke's now famous 72-point headline: "School Needs To Be Aired Tonight." That one probably slipped by three-fourths of the readers, but the other four howled long and loud.

With its "Pardon, But Your Slip Is Showing" column, in Reader's Digest, newspaper errors have received such widespread publicity that their funniness is almost lost because of their repeated reprinting.

Here's one that hasn't made the Digest (we swiped it from Ray Erwin's column in Editor & Publisher, but since he swiped it from a West Texas newspaper, that ought to be excusable), but which we think tops the pile of the occasional headline that is tricky to read and deliberately written to be that way:

"Kermit 1, 21 to 0, But Monahans 0 to 1."

The free translation of this classic is, "Kermit Won, 21 to 0, But Monahans Should Have Won." If we had been smart enough to go that far, we'd have gone whole hog on figures and said, "Kermit 1, 21 2 1, But Monahans 0 2 1."

Which takes us one more step into literary fantasy, as we recall the intriguing story between two persons that went like this: "O. A. B. C. D. Q. T. S." And Able replied, "L. M. N. O. Q. T. S." To which the first rejoined, "O. S. A. R. C. M.?"

**REV HARDWICK GOES TO ARKANSAS**

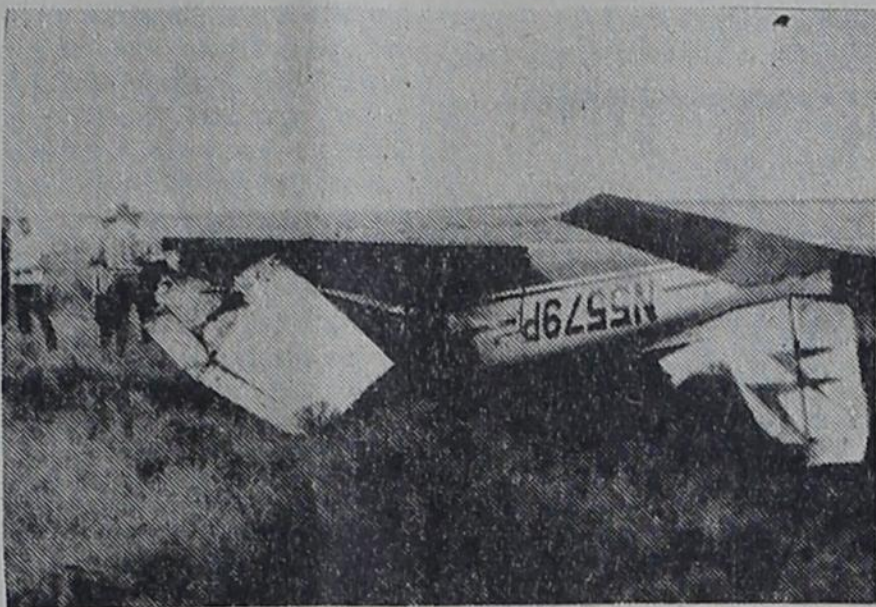

Rev. William Hardwick left Tuesday for Fayetteville, Ark. where he will attend the missionary conference of the South Central Jurisdiction of the Methodist Church.

He is to be in charge of the educational program of the district missionary secretaries of eight states.

The pastor planned to return home Friday.

The grim job of removing the body of J. B. Massey is done by ambulance attendants and Sheriff Chas. Lovelace (center) at the scene of the crash. The Piper Comanche rested on its back.

**Plane Crashes Into Draw**

Drizzly weather again proved itself the bane of private flying early Saturday morning, when it caused the crash of an expensive light airplane and the death

of a Clovis man. Only a few minutes after it had taken off from the new Clovis airport near Texico, the almost - new Piper Comanche smashed into rough ground in Running Water Draw three miles east and four miles north of Farwell.

The plane carried four Clovis residents and the pilot, J. B. Massey, 40, was killed instantly. His brother, W. L., 31, who was riding in the front seat with him, was seriously injured.

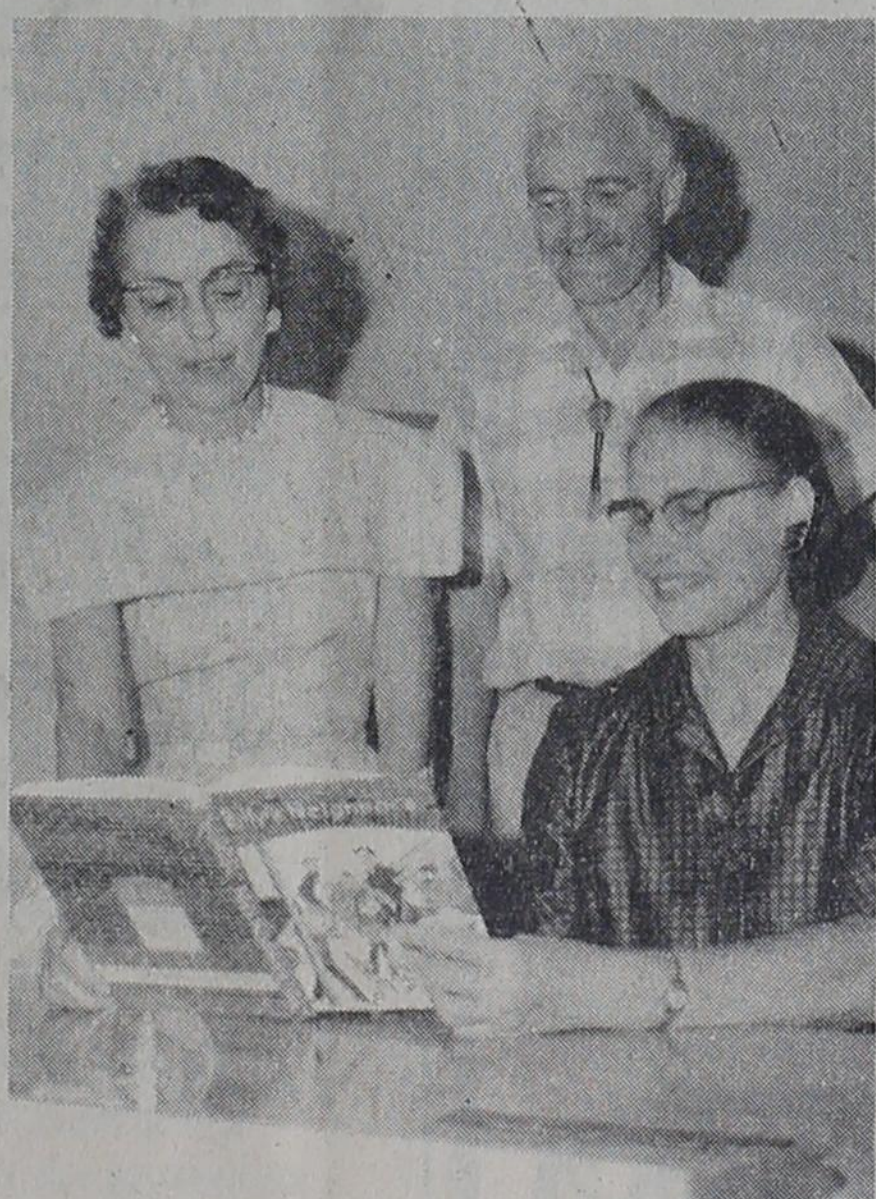

Mr. and Mrs. Richard Massey, 73 and 67, parents of the men, were in the rear seat and escaped with minor injuries. But it was a horrifying experience for them.

No one knew of their crash until the stout-hearted woman, who had to crawl from the wreckage and through wet sagebrush, walked three-quarters of a mile to the nearest farmhouse, where the John McFarlands live on the Sam Aldridge place.

The rain that had fallen the night before had rendered the rural telephones inoperative, so the woman was taken to town over slippery roads. McFarland got James Norton to

Mrs. Kimbrough, on tour of the classrooms in the new elementary building, remarked favorably concerning the roominess and natural lighting conditions.

Texico's facilities help teachers to give more individual instruction, the visitors agreed.

Mrs. Zelpha Younger, (right), Texico elementary principal, shows a classroom book to Mrs. Mildred Kimbrough, state director of elementary education. Looking on is Calloway Taulbee.

**Texico Council Members Return**

A delegation of members from Texico Student Council returned Friday from Silver City where they had received week-long instruction in a work shop on council duties.

The study course was highlighted by stunt night and various special activities for delegates.

Mr. and Mrs. Joe Helton furnished transportation for the group, and Mrs. Buck Doran was sponsor. Delegates were Ursel Doran, Christy Bowers, Mary McDaniel, Glendon Moss, Gary Singleterry, Patricia Patterson, Jean Hadley, Kit Doran, Dwight Turner, Hal Ed Helton and Vic Herrington.

While the young people were in study sessions, the Heltons went to Glenwood, N. M., where they vacationed before returning to Silver City to bring the delegates home.

**Texico School Starts Monday**

School days for the new term will begin for young people in the Texico School District Monday, when officials and instructors will greet the students and begin classes at 9 a.m. Buses will run at the regular times, and lunch will be served in the cafeteria. "We are planning a full day," says Paul Frederick, high school principal.

High school registration is set for Monday morning and students will then attend classes for short periods and will be issued books.

Some changes have been made in the personnel in the past few weeks and for the new term,

the school will be set up on a 6-6 plan, says Frederick. This means that the first six grades will be considered the elementary division and the seventh and eighth grades will be organized along with the high school classes.

Mrs. Pat Gill, who did practice teaching at Texico two years ago, has been hired on a limited basis, but will be the school supervisor. Mrs. Gill was hired after officials learned the school is eligible for 22 instructors, the same number that the school had last year, Frederick says.

The Gills are making plans to move to Texico and he will

be enrolled at Eastern New Mexico University, says Frederick. Mrs. Gill is a graduate of ENMU and was at Los Alamos the past year.

In future years, seniors at the school will be required to complete 20 credits before graduation and the school is scheduling classes with this requirement in mind. The present class of seniors will need 18 credits to get a diploma; next year, 19 will be needed and the following year, the school will operate on the 20-credit plan, Frederick says.

(Continued on last page.)

**Celebration Has Good Response**

Mrs. Tena Roth, owner of Roth Grocery in Texico, says response of patrons at the annual anniversary sale was "good." This was the 11th such event.

Nine baskets of groceries were given away. Receiving the gifts were: James Hudson, Sam Lewis of Hereford, F. S. Thigpen, Willie Doshier, Mrs. Almer Powell, R. E. Crooks, Mrs. Marvin Beemer, Mrs. Sam Hukill and Ronnie Richardson.

FORTY-EIGHTH YEAR

SECTION 1

**Talent Show Entries Sought For A Day**

Chamber of Commerce directors met briefly Monday to review progress on plans for Farwell Appreciation Day set for September 12. This is the second annual special day designed by the local merchants to show their appreciation to customers.

Details are not yet complete, but activities are being set up for the entire day. A queen contest is now in progress to determine "Miss Farwell," who will be official hostess for the coming year and will be honored in a special program on Appreciation Day.

Prizes of \$25, \$15 and \$10 have been designated for a talent show scheduled for Saturday afternoon. All those wishing to participate in the show are asked to call Mrs. W. H. Graham at the State Line Tribune, IV 6-3681 by Monday, September 7.

**No Permits In August**

No building permits have been issued in the month of August by City of Farwell, according to Dorothy Eason, city secretary.

Three were issued in the latter part of July. On July 10, a permit was granted Hamlin Memorial Methodist Church for the first unit of a new plant, and Elmer Hargrove received permission to construct an 86x40 frame brick dwelling. Floyd Trantham was given a permit to park a trailer house beside Powder Puff Beauty Shop a short distance off Main St.

Honorary pallbearers included John Taylor, Truman Doolittle, Les Means, S. M. Dillehay, Albert King and F. A. Gossett. Interment was in the Mission Garden of Memories.

Christianity is the highest perfection of humanity.--Johnston.

**David Houghling Dies Wednesday**

Clarence David Houghling 68, died Wednesday afternoon at Clovis Memorial Hospital, where he had been a patient for two days.

Houghling, who had been a resident of this area for 19 years, lived two miles east of Texico on the Clovis Highway.

Services were held at 2:30 Sunday in the Chapel of Steed's Funeral home with Rev. William Hardwick, pastor of the Texico - Farwell Methodist Church officiating.

He is survived by his wife, Mrs. Myrtle Houghling, two daughters, Mrs. Helen Calliout of Texico and Mrs. Alice Lewis of Clovis. Five grandchildren, eight great-grandchildren, three sisters and four brothers also survive.

Pallbearers were J. B. Taylor, Travis Taylor, Paul Skaggs, Ronald King, James King and Jerry King.

Honorary pallbearers included John Taylor, Truman Doolittle, Les Means, S. M. Dillehay, Albert King and F. A. Gossett. Interment was in the Mission Garden of Memories.

**More Burglaries Plague Farwell**

Burglaries continued unabated at Farwell during the past week.

Tuesday night the Moss Texaco station on Highway 70-84 in east Farwell was entered and a small amount of change, estimated at from \$7 to \$8, was removed.

Burglars gained entrance by breaking a window on the west side of the station and reaching in and unlatching it. They took the money from an unlocked cash register and opened the

**BULLETIN**

What was probably Farwell's biggest outbreak of burglaries in history occurred last (Wednesday) night. Known to have been hit were City Cleaners, Moss Texaco, Robertson Service, Meeks Service, City Cafe and Midget Cafe, and Buck's Superette.

**Boosters Plan Big Barbecue**

To serve the dual purpose of introducing Farwell's new football coach and to raise funds for filming Steer football games for the year, the Farwell Quarterback Club has booked a big barbecue next Friday afternoon, August 28, at the football field.

Bob Hart, president of the club, announced this week that club members will start selling tickets for the big feed next week, and that an attendance of 200 or more is sought.

"We sure need to raise some money to buy film with," he said, "and this is about the only way we can do it."

Quarterbackers last year underwrote game filming, but ran short of money in midseason and as a result not all of the games were shot. This is one of the main objectives of the local club, and when they can record team action with a movie camera, the film serves as a

valuable coaching aid when reviewed by the coach and his players.

"We sure want to get all the games filmed this year," said Hart.

Tickets for the barbecue will be \$1.50 each for adults and 75 cents each for children. The feed is booked to get underway at 6 during the cool of the evening, and arrangements are being made so that boosters who attend can also get a chance to see the 1959 team work out.

In the past, Quarterback Club membership has been around 50 and it is the hope of club members that the number can be increased considerably this year.

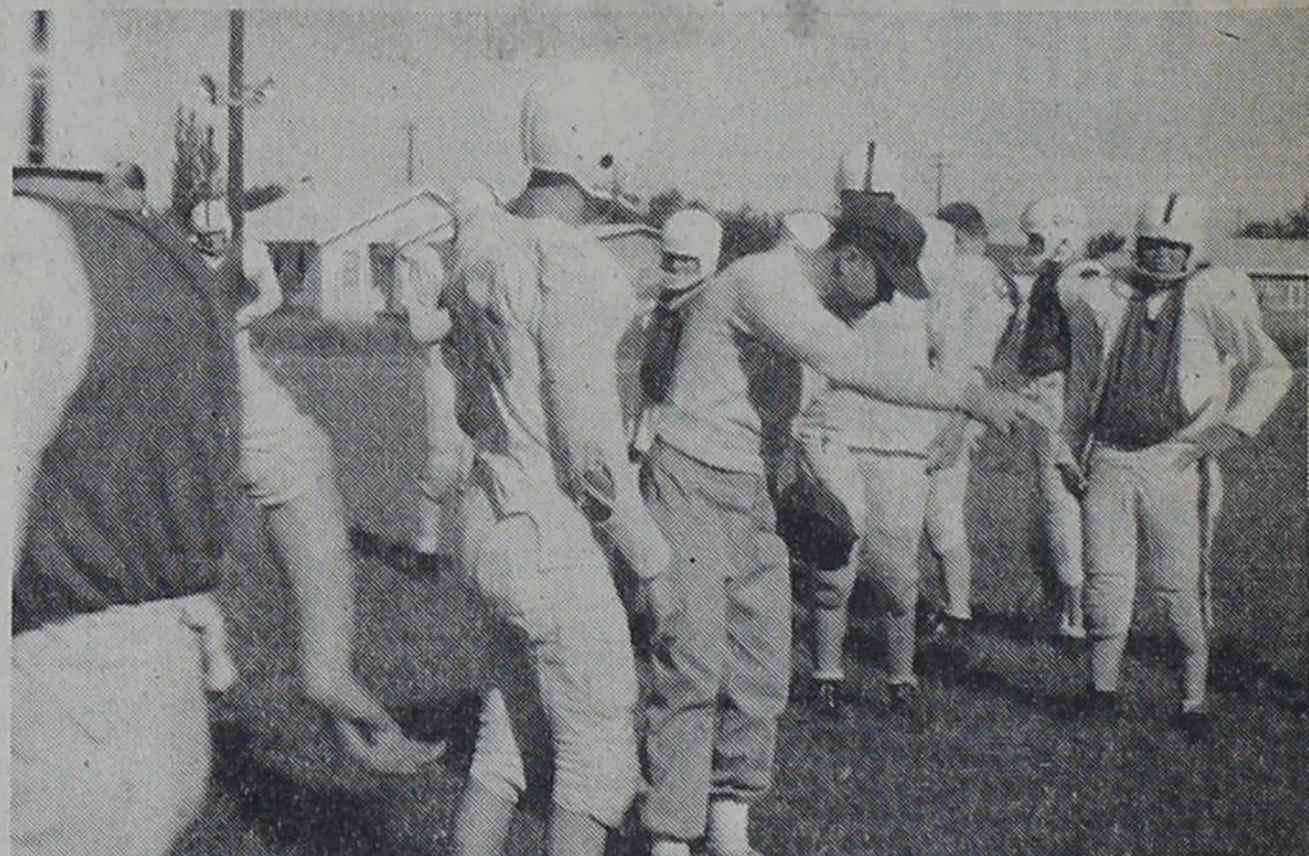

Word has been received that Mrs. Marvin Walton is home from an Amarillo hospital.

**Over 200 Attend Grand Opening**

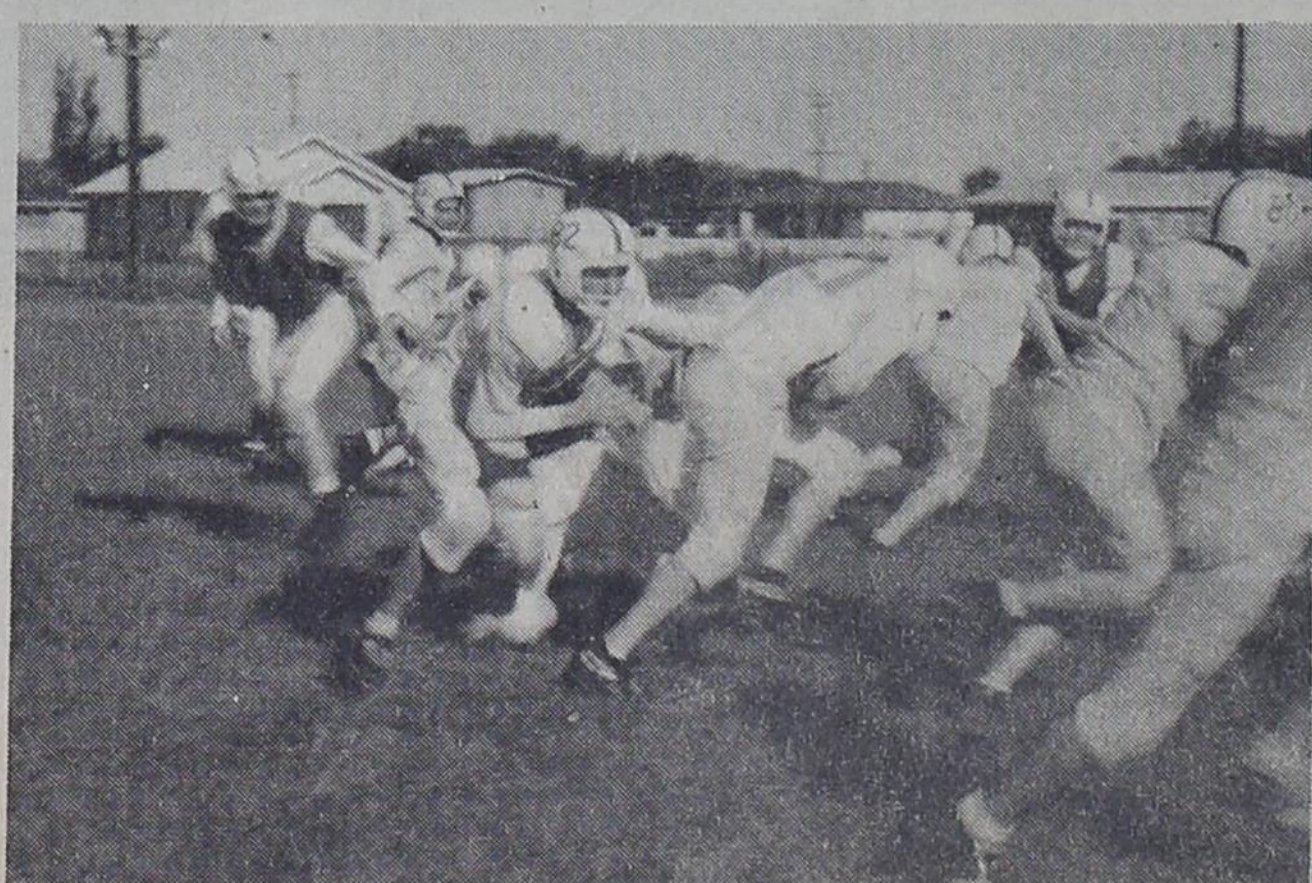

Fred Cornelius, owner and manager of Texico Hotel Cafe, reports "wonderful response" at the grand opening of the business the past Saturday. Located in the Texico hotel building, the cafe served free coffee and doughnuts to customers all day.

Cornelius estimates that over 200 people were on hand to help celebrate the opening. The business has been remodeled with all new furniture and equipment installed.

The manager says 5¢ coffee will be featured and the cafe will be open "every day in the year." An advertisement in this issue thanks patrons for their Saturday response.

"You can do three things with that ball," Coach Dempsey Alexander is telling Quarterback Benjy Dial and Jerry Lovelace at the Steers' pre-season workout Tuesday morning. (Below) Up the middle charges Lovelace as Dial stabs the ball into his middle, following Coach Alexander's suggestions.

**Armstrong Goes To Seattle Bay**

SEATTLE, WASH. (FHTNC) -- Robert F. Armstrong, engineer second class, USN, son of Mr. and Mrs. John R. Armstrong of Farwell, Tex., serving aboard the radar picket submarine USS Rock, participated in the West Coast's annual Sea Fair Parade, Aug. 6, in which ships of the U. S. First Fleet entered Elliott Bay, at Seattle, Wash., in formation.

The parade of ships was followed by a two-day recreational visit to the Sea Fair's exhibits and displays along with witnessing the small boat races.

The hypocrite pays tribute to God that he may impose upon man.

Of Interest To  
**THE WOMEN**

MR. AND MRS. ERNEST BILLINGSLEY

**Earnest Billingsleys Celebrate Anniversary**

Fiftieth wedding anniversaries aren't exactly common occurrences, and they always generate a lot of excitement, but two folks who went right through all the festivities without a sign of a fluster Sunday were Mr. and Mrs. E. U. (Ernest) Billingsley of Lariat.

"All this is the kids' idea," said Mrs. Billingsley, modestly, but the beam on her face hinted of a deep inner glow, and it was apparent to all watchers that the long-time residents were thoroughly enjoying themselves on their special day.

Questions by friends and guests, offered in fun, put the couple to thinking back half a century to how it all began. The first time they met was when Mrs. Billingsley, then Minnie Duval, came riding up on a horse in company with a group of her girl friends.

The girls passed the Billingsley home and Ernest, who at that age had more than a passing interest in the opposite sex, was out where he could see and be seen. The gaze of Ernest and Minnie met, they were soon formally introduced, and the courtship got underway.

All this happened about 51 1/2 years ago in Delta County, near Pecan Gap. That is near Paris.

Ernest and Minnie courted steadily for about a year and a half, and finally they set the date, August 15, 1909. They were married in her home. A little fun preceded the holy union, however.

Ernest was not of age (19 then) and his father had to help him get the license. The kids today tease Ernest that his dad wouldn't hear to the wedding and that the poor boy had to bribe his sister with a hard-to-come-by twenty-five cent piece to help him convince Mr. Billingsley that the marriage was a wise thing. This probably isn't true, but it serves as a good family joke.

After the wedding, Ernest and Minnie set up housekeeping near Pecan Gap and started farming 60 acres of black prairie land. They raised cotton and corn, with a few kids thrown in for good measure.

The Billingsleys lived in Delta County until the winter of 1924 when the itch to go West hit him. Ernest and Minnie and their four children pulled up stakes and hit out for the Rolling Plains.

They landed in Hall County and raised cotton and cattle there for five years.

One more jump was made

westward in 1930 when they climbed the Caprock and settled down for a long stay atop the High Plains. They moved to the farm on which they now live, about two miles south of Lariat.

Children born, and the dates of their birth, include Rayborn, 1910; Clark, 1912; Johnnie May, 1916; Lou Ellen, 1920; and Scott, 1925.

Relatives came from several states to help the couple celebrate their anniversary. Included were Mr. and Mrs. John W. Ogletree of Monterrey, Calif.; and Mr. and Mrs. D. W. Vaughan of Yuma, Ariz. The women are daughters. Sons and their families present were Mr. and Mrs. Clark Billingsley, Rayburn Billingsley and Mr. and Mrs. Scott Billingsley of Muleshoe.

Others were Mrs. Oma Hawkes of Bokchito, Okla.; Mrs. Bertie DuVal, Citrus Heights, Calif.; Mr. and Mrs. T. L. Billingsley and Mr. and Mrs. C. C. Billingsley, Pecan Gap; Mr. and Mrs. J. T. Bryant, Abernathy; Mr. and Mrs. J. D. Fields, Chillicothe; Mr. and Mrs. C. C. Quisenberry, Plainview;

Mr. and Mrs. Duane Vaughan, Yuma, Ariz; Mr. and Mrs. H. R. Billingsley, Monterrey, Misses Toni, Sandy and Sherry Billingsley and Phillip and Bradley Billingsley of Muleshoe and Karen and Gary Ogletree, Monterrey.

Teddy Ray and Terri Lyn Billingsley, Monterrey, Richard, Kevin and Cindy Vaughan and Wesley Tod Easley of Yuma, great-grandchildren; Mr. and Mrs. T. C. Quisenberry and children, Donna, Mark and Mike of Tulia, Mr. and Mrs. Ray Quisenberry and Rena of Muleshoe, Mr. and Mrs. C. W. Bryant and Cathy, Cookie and Larry of Abernathy;

Also Mr. and Mrs. P. W. Quinn, Lubbock, Mr. and Mrs. E. A. Austin, Abernathy and Mr. and Mrs. Eli Denham, Clovis.

Others calling were Mr. and Mrs. Joe McWilliams, Mr. and Mrs. Dick Gerles, Mr. and Mrs. Ernest Kube, Clyde Shanks, R. R. Shanks, Mr. and Mrs. Myron Hillock, Mr. and Mrs. Sam Randol, Mr. and Mrs. John Porter, W. H. Graham, Mr. and Mrs. Ivan Tarr and daughters and Mr. and Mrs. Bunk Phillips and children,

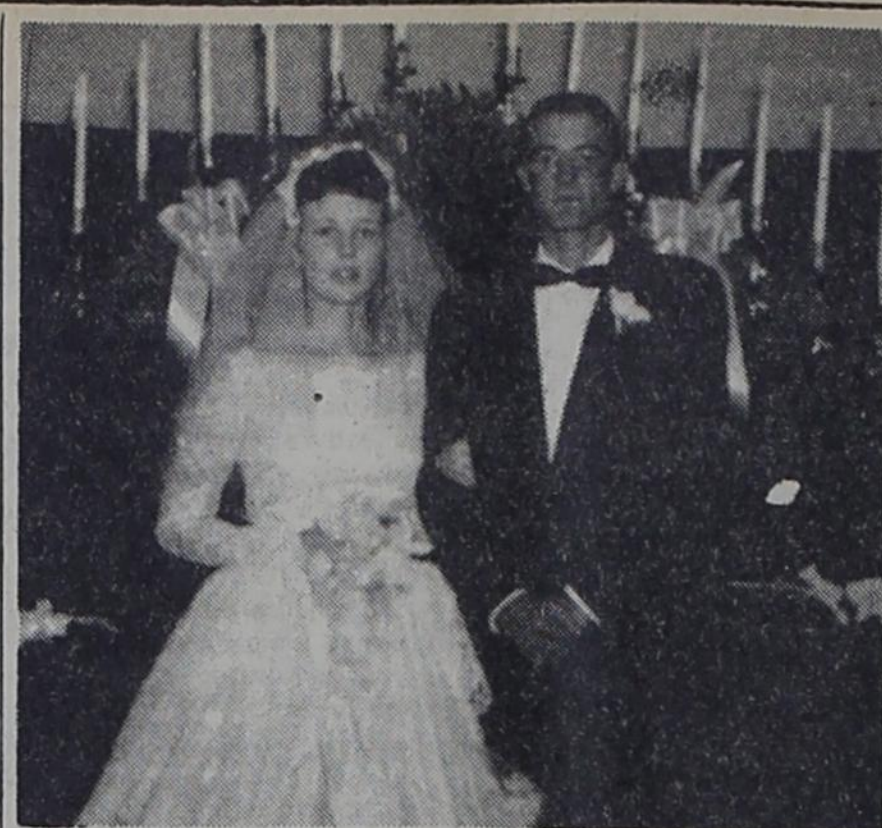

Farwell;

Mr. and Mrs. O. L. Winkle, Texico; Mr. and Mrs. Joe Simanacher, Mrs. M. E. Lawson and Mr. and Mrs. Don Bruns and daughters, Muleshoe; Mr. and Mrs. Charlie Felts, Mr. and Mrs. Martin Kriegel of Lariat; Mrs. Maxine Brown, Clovis; Mrs. Lucille Taylor, Mrs. Loraine Thomas and children of Amarillo; Mrs. Maggie Robertson Jr. and son of Hurlwood.

The serving table was laid with a lace cloth and the centerpiece featured a miniature bride and bridegroom encircled with a large golden wedding band. The three-tiered cake was decorated with wedding bells and appropriate designs and topped with bridal figurines. Crystal and silver appointments were used.

Mr. and Mrs. Clark Billingsley had dinner for 57 relatives at their home preceding the reception.

Mrs. Walter Potts, mother of Paul Frederick, of Texico Schools, is reported to be seriously ill in Clovis Memorial Hospital. She was stricken with a heart attack last Thursday.

MR. AND MRS. BILL MCGUIRE

**Bill McGuires Plan To Make Home In California**

Mr. and Mrs. William Robert (Bill) McGuire who were married Sunday at the First Baptist Church in Lazbuddie, will make

their home in Redlands, Calif. The bride is the former Carolyn Sue Scott, daughter of Mr. and Mrs. Glenn Scott of Lazbuddie. Her husband is the son of Mr. and Mrs. Clifford McGuire of Redlands, California.

Rev. Jimmy McGuire, uncle of the bridegroom, read the double-ring vows before an altar setting of white gladioli and greenery. The candelabra in a pyramid design were flanked by tall baskets of cut flowers with hues accented by mammoth blue bows.

Best man was Johnny Lovelace of Farwell; and maid of honor was Miss Sussie Car-

penier of Lazbuddie. For the wedding, Miss Carpenter chose an ensemble of blue silk taffeta with a lace basque. She carried a white lace fan with attached blue roses.

Serving as candlelighters and ushers were Bobby Lesley and Frank Hammond, both of Farwell.

Mrs. Wayne Moore played pre-nuptial selections and the traditional wedding marches and was accompanist for Mrs. Charles Stafford, vocalist, who sang "Walk Hand in Hand With Mr." "Forever Darling" and "Wedding Prayer." Mrs. Stafford is a sister of the bride.

Given in marriage by her father, the bride was attired in a ballerina-length original gown of Chantilly lace, tulle and taffeta. The scalloped edge of the sabrina neckline was accented by iridescent sequins and seed pearls and the basque bodice was enhanced by a billowing skirt terminated in a scalloped hemline and draped to form a chapel train.

The sleeves came to a point over the hands. Her veil of French illusion was attached to a tiara of seed pearls and she carried a heart-shaped bouquet of white orchids nestled in white roses and blue tulle, with streamers of ribbon completing the design.

For her daughter's wedding, Mrs. Scott chose a blue dress of embroidered linen, with pink accessories and a corsage of white roses. The mother of the bridegroom was attired in an ensemble of beige combed cotton, accented by brown and beige accessories and a cor-

Anita Moss Marries Jerry Henson Sunday

MR. AND MRS. JERRY HENSON

By PAT

MR. AND MRS. L. E. McKillip of Excelsior Springs, Mo., formerly of Farwell, announce the engagement and approaching marriage of their daughter, Ima Jean, to Homer Dean Stone, son of Mr. and Mrs. Homer E. Stone of Braymer, Mo. The 7 p.m. ceremony will be performed in the Church of Christ on September 4. A reception will follow.

Mr. and Mrs. Otis Huggins and family returned Sunday from a vacation trip through Conchas, Santa Fe, Holy Ghost Canyon, Cowles and other points in New Mexico.

bride and groom figurine. A crystal service was used and napkins inscribed with the names "Anita and Jerry" completed the table decor. Punch and mints and nuts were served with the wedding cake.

Traditionally, the bride carried a white silk handkerchief belonging to the bridegroom's great-grandmother for something old and borrowed. New were pearl earrings and she wore a blue garter. A penny minted in the year of her birth was worn in her shoe.

Attending Henson as best man was Douglas Isham of Clovis, former classmate of the bridegroom. Ushers were Jimmy Don Moss, brother of the bride, and Paul Crooks, brother-in-law of the bridegroom.

Mrs. John Carson of Texico played traditional marches and pre-nuptial selections and accompanied Miss Patsy Sprowls of Farwell as she sang "The Lord's Prayer" and "Because."

For her daughter's wedding, Mrs. Moss chose a two-piece brown suit with a beige blouse and matching brown and beige accessories. Mrs. Henson wore a flowered cotton silk sheath ensemble in hues of blue, with matching blue accessories. Both mothers wore corsages of white carnations.

A reception was in the church undercroft. Misses Patricia Patterson and Christy Bowers presided at the serving table and Miss Darlene Day registered guests. They wore identical sheath dresses of mint green and yellow, fashioned with boat necklines and tiny cap sleeves. Their corsages were of white carnations.

Serving table was laid with an ecru lace cloth over mint green and was centered with a bouquet of yellow asters and gladioli. Tall yellow tapers in crystal holders flanked the arrangement.

The three-tiered cake was decorated with minute wedding bells of yellow and matching roses and was topped with a

DEAR PAT: I recently bought some spray material for my yard to kill insects. It did not kill them but ran them off my rose bushes and now they are in the house. Do you have any suggestions on how to kill them. Mrs. VLP

DEAR MRS. VLP: Burn your house down. Pat

DEAR PAT: I used some Triple X weed killer that was recommended to me by the county agent to control bindweed. I used a ton per acre over my entire farm 10 years ago and have not been able to grow even one weed since. I now owe the bank \$200,000.00 and the grocery man a bill that is 10 years old. Can you help me? JOE WEEDKILLER

DEAR JOE WEEDKILLER: I suggest you go live with your county agent. Pat

DEAR PAT: Last year I sold all my wheat seed and bought some off my neighbor. This seed was not cleaned or treated and now I find that I also have bindweed and Johnson Grass on my place. What should I do? STUPID

DEAR STUPID: How stupid can you get? Didn't you know that Golden West Seed Co. has eight varieties of certified seed wheat and that they can also do custom treating and cleaning. I would suggest you go by and look over their wide selection of seeds and while you are there, check with them on any of your other seeds and supplies.

Some have asked about price of milo for this harvest. At the present time it is being sold in Central Texas at \$1.40 to \$1.50. I do not look for it to exceed the \$1.50 price in this area at harvest time.

Binder Twine! We have it. Come see us.

Donnie Carpenter, Don Pool, Jerry Don Utzman and Jerry Venable vacationed briefly in Red River, N. M.

Previously Owned by a Little Old Lady.."

Surprisingly, that gentle little old lady who never drove over 30 miles an hour was really tough on her car's motor. The fact is that start-and-stop driving at low speeds means the motor doesn't warm up enough for its own good. Sludge forms in the motor oil. Damage to the engine will result.

Most of us do a lot of start-and-stop driving these days, and that's why it's wise to protect with Phillips 66 Trop-Artic\* Motor Oil. It flows quickly in a cold engine . . . resists sludge formation . . . then keeps on protecting your motor on long, hot drives.

Trop-Artic is an all-season oil. Get it from your Phillips 66 Dealer.

Ruth Carson Has Surprise Party

Mrs. Ruth Carson was honored with a surprise birthday party in her home Thursday. The party was given by her husband.

Party games were played and refreshments of birthday cake, ice cream and pop was served to the guests.

Those present were Mr. and Mrs. Paul Crooks and Mr. and Mrs. Milton Henson of Texico; Mr. and Mrs. Earl Burns, Mr. and Mrs. Roy Wilson and Mr. and Mrs. Gene Phillips of Clovis; Mr. and Mrs. Hugh Alexander of Lariat and Beth and Ann Stansell and James Carson, all of Olton.

CAPT. PORTER VISITS PARENTS

Capt. JeDon Porter, son of Mr. and Mrs. John Porter, was here Tuesday for a brief visit with his parents. He was enroute to Carmel, Calif., where his wife and daughters have been visiting while Capt. Porter has been enrolled in the University of Nebraska.

Mrs. Porter and children will return to Omaha with him, and he will continue his work on a degree in general education and military tactics at the University. Their address is Box 50 at the University of Omaha.

WOMEN INVITE RHEA HD TO ANNUAL PICNIC

Annual picnic for members of Oklahoma Lane Home Demonstration club was August 7 with four couples and families of the Rhea Club as special guests. About 60 persons were present for the games and picnic lunch.

Next meeting of the Oklahoma Lane group will be September 10 in the home of Mrs. Gilbert Kaltwasser.

RUNDELLS GO TO WEEKEND REUNION

Mr. and Mrs. Sam Rundell were in Walnut Springs over the weekend to attend the family reunion of the Glenn family. They left here on Friday and returned to their home Monday.

Relatives gathered from several states for a weekend of visiting, says Mrs. Rundell.

Weekend guests in the home of Mr. and Mrs. Jack Watts of Texico were Mr. and Mrs. John Watts of Olustwe, Okla., Rev. and Mrs. Euell Watts and Linda, Mr. and Mrs. Cletus Gibson of Miltonvale, Kansas; Mr. and Mrs. Norman Gibson of Nara Visa, N. M.

Weekend guests in the home of Mrs. Effie Johnson included Mr. and Mrs. Alec Marsh of Spur and their daughter and her family, Mr. and Mrs. Alton Barker, Curtis, Dianne and Susie of Westlaco, Mrs. Johnson and Mrs. Marsh are sisters.

Mr. and Mrs. Jack Hamilton and family spent Sunday afternoon with the Hoppers.

Miss Anita Moss, daughter of Mr. and Mrs. Jim Moss, was married at mid-afternoon Sunday to Jerry Henson, son of Mr. and Mrs. Milton Henson, in vows in the Reorganized Church of Jesus Christ of Latter Day Saints in Clovis.

The double-ring ceremony was performed by Elder Gene Phillips before a background of woodwardia palms and asters. White aisle roping was caught by nosegays of mint green and yellow asters, at the tops of white aisle posts at intervals on either side of the central arrangement.

Focal point of the altar design was a large urn of yellow asters and gladioli.

Mrs. Paul Crooks was matron of honor. She chose a ballerina length costume of mint green taffeta, designed with a boat neckline which extended to a V in the back. A wide gathered cummerbund circled the waist and fell into streamers down the back of the billowing skirt. Tiny cap sleeves completed the design. She wore a small crown of rhinestones and carried a bouquet of feathered yellow carnations entwined with yellow ribbon and net.

Given in marriage by her father, Miss Moss wore a gown of pure silk taffeta fashioned with princess lines and extending to intermission length. The sabrina neckline terminated in a V at the back and was outlined in tiny lace appliques. Matching appliques adorned the softly flaring skirt. Fitted elbow length sleeves were accented by short white lace mitts.

Her full circular fingertip veil of imported silk illusion fell from a crown of tiny seed pearls and iridescent sequins. Streamers of white ribbon cascaded from the bridal bouquet of white feathered carnations and stephanotis carried atop a white

# THE HIGH PLAINS FARM AND HOME

## Swine Production Pays Even With Price Low

"We utilize about 200,000 pounds of home grown grain in our swine feeding operation," says Ellis Tatum, whose farm is north of Friona.

Tatum has found pork, even when the price is low, usually brings in better returns for the grain than can be obtained by direct sale of the grain.

Presently, hogs are selling at the rate of about 14 cents per pound and Tatum feels sure his pork producing program will show a profit for this year, despite the low price. He says he "broke even" feeding 11-cent hogs on two-dollar grain several years ago.

Tatum has installed new equipment recently and will expand his operation as soon as all the "bugs" are worked out of his farrowing and feeding facilities. His present operation involves 26 sows, five of which have litters now. His expansion will boost the number of sows to 50.

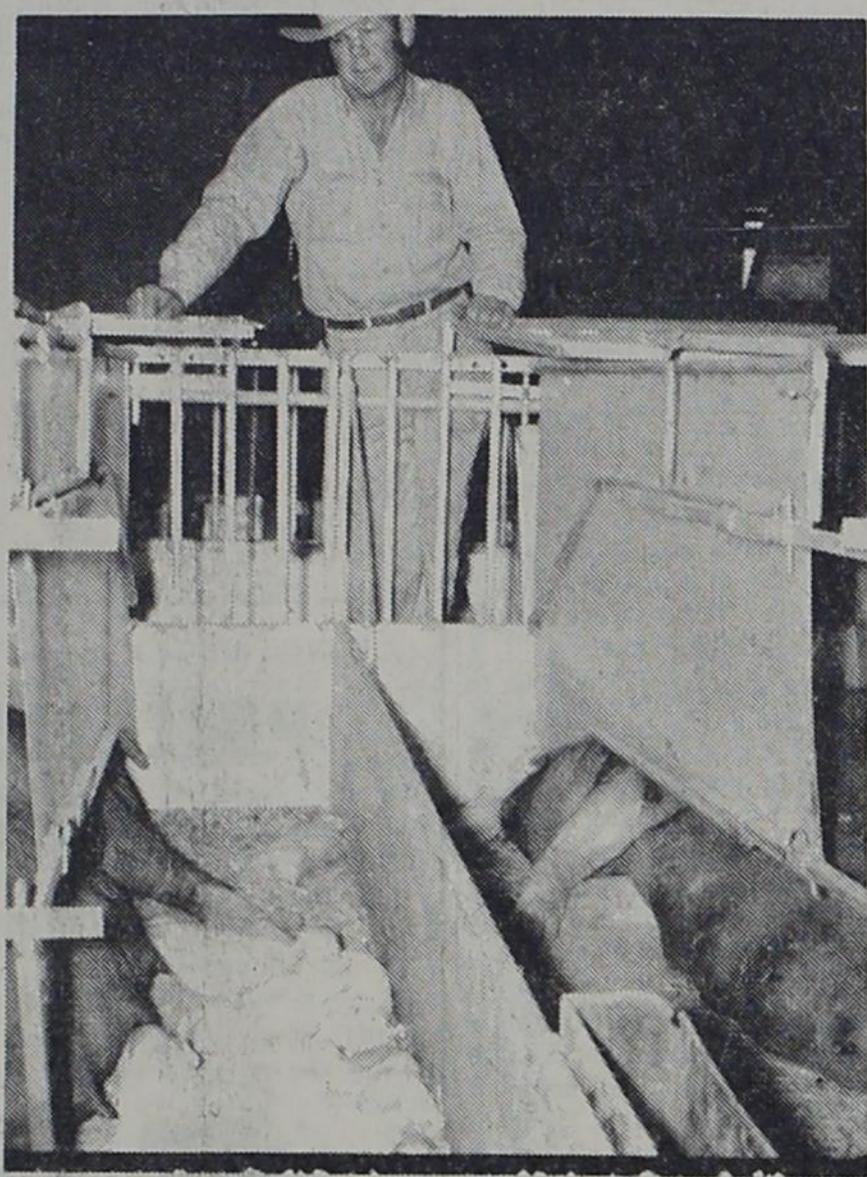

His feed lot currently contains 170 head. Their ration is grain sorghum and supplement. It is changed about once every two weeks.

Breeding stock, not including sows with litters, gets a ration of 20 per cent supplement and 80 per cent grain. They also pasture on alfalfa. Tatum has had some trouble keeping his sows from getting too fat.

A grinder and mixer process grain that Tatum grows himself. It is elevated from bin to mixer so the procedure is relatively easy.

Sows are kept in farrowing pens that prevent them from turning around or moving about, except for getting on their feet to eat and drink. The "cages" are all-metal and were made in a welding shop.

Tatum says they enable the sows to raise more pigs, since it eliminates most of the crushing caused by sows lying on pigs. Also, the litter is more

SAVE MORE PIGS--These farrowing pens in use on the Ellis Tatum farm help the sows raise more pigs. The tin shields on each side of the sows' head blind them and make handling the pigs easier.

uniform because the sow lies in such a position that each pig has an equal chance at meal time.

The farrowing house has no cooling, but is well ventilated so the temperature is usually low enough for the sows and pigs to be comfortable in summer time. Heating in winter is by lamps attached to a rod that can be moved about to put heat where it is needed or keep it out of the way when it isn't

needed. Sows and pigs stay in the farrowing house six weeks after the litter is born. Tatum says most of the sows show no ill effects from having been kept from exercising that long.

When Tatum increases his herd to 50 sows, he will have to conduct a careful breeding program to keep from having more litters than the 12-unit house can care for at once. He says he may increase the number of sows still more and start keeping them in the "cages" only two weeks.

To cool his "pig parlor," Tatum has a perforated hose strung under the roof that puts a fine mist on the fattening

hogs. Hog prices are low now. They could go lower but a rise seems more likely, at least to swine producers. Tatum believes he can operate for the smaller profits feeding hogs will make when the price is low and really beat \$1.32 milo when the price goes up.

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

Since pickle making time is here, we feel sure that homemakers in the area will be interested in trying a new recipe for making pickles. That is, if you want to make sweet pickles.

Mrs. L. B. Blake, who lives northwest of Friona, was kind enough to bring us a sample of her pickles. Although we haven't had an opportunity to taste them yet, they surely do look pretty and we're anxious to do so.

The name of the pickle recipe is:

**PERFECT SWEET PICKLES**  
2 gallons cucumbers  
6 pints vinegar  
5 pints sugar  
1/3 cup pickling spices

Wash cucumbers and place in stone jar. Add 1 cup salt and 1 gallon water. Let soak in brine seven days skimming daily. On eighth day, pour off brine and add 1 tablespoon alum and 1 gallon boiling water.

Pour off on ninth day and add fresh alum water. On tenth day heat to boiling point vinegar, sugar and spices and pour over cucumbers. On eleventh day pour off vinegar, add two cups sugar and heat to boiling and pour back over cucumbers.

On twelfth day add one cup sugar. Heat cucumbers and vinegar to boiling and seal in sterilized jars. These are very good and do not get soft as a lot of homemade pickles do.

For a fish dish that is different and very tasty, try this recipe.

**SALMON PUFFS**  
1/2 cup sifted flour  
1/4 teaspoon salt  
pepper  
1/4 cup shortening  
1/2 cup boiling water  
2 tablespoons chopped pimiento  
2 tablespoons chopped green pepper  
2 eggs  
Sift together flour, salt and pepper. Melt shortening in boiling water over direct heat. Add chopped pimiento and pepper and dry ingredients, all at once,

## Waste It Not

Waste of underground water should be a matter of utmost importance to each individual making his home in the Texas High Plains.

There is a great quantity of water in storage beneath the southern High Plains. However, the fresh water-bearing formations underground receive only a negligible amount of recharge. Because this is true, the water pumped from these formations is mined in a similar manner to oil or gas.

By law, underground water in Texas is private property. Recognizing this fact, one would think that water users throughout the state would feel a great personal responsibility to conserve water. Generally, this is true. Unfortunately, however, we in the High Plains have our share of those who hold no regard for the future but think only in terms of the present -- and not much about it.

The board of directors and county committees of the High Plains Underground Water Conservation District are urging irrigators who have irrigation waste water problems to face these problems realistically.

The irrigator should ask himself how much longer will the citizens in other sections of Texas stand idly by while High Plains' underground water runs down bar-ditches to wet-weather lakes from which it mostly evaporates or is used by weeds?

How much longer before they band together in such force that they will become capable of changing the law so that underground water becomes public property rather than individual property? If the law were changed, then where would we be? Probably standing in line waiting for a permit to pump sufficient water with which to irrigate about one-fourth of our land.

High Plains irrigators do not want this kind of thing to befall them, and yet many will not take hold of the problem as individuals and solve it.

There are some farms where complete control of irrigation water at all times would be next to impossible, but they are few. Most cases of irrigation waste water with which the High Plains Water District is confronted are by no means in this category. There are few farms where simple and inexpensive conservation methods could not be employed to save water.

Of course, each farm is somewhat different from the next, consequently, each must vary the conservation methods used according to the problems encountered on that particular farm. Things like the slope of the land, the quantity of irrigation water available and soil texture must be taken into consideration. On some farms a combination of conservation procedures should be used.

For the most part, however, simple measures should be considered for conserving water -- things like shortening lengths of irrigation runs, use of smaller siphon tubes, pulling up borders at the lower end of rows, or planting a crop at the lower end of the field perpendicular to the rows coming down the slope.

In more extreme cases, where the farm land has a greater slope, methods such as "bench-leveling" might be considered. Or perhaps, the use of a re-circulating pump in a sump located at the lowest point of the farm could prove successful in preventing the escape from the land of irrigation water.

These things would admittedly require an immediate outlay of cash, but they would in most cases pay for themselves through water savings in a few years.

stirring constantly. Cook until mixture leaves sides of pan in a smooth compact ball.

Remove from heat and cool 1 minute. Add eggs 1 at a time, beating vigorously after each addition until mixture is smooth again. Drop by rounded tablespoon fulls 1 1/2 inches apart on greased baking sheet. Bake in hot oven at 450 degrees for 10 minutes, then at 400 degrees for 20 to 25 minutes. Cut opening in top of puff and fill with filling.

**CREAMED SALMON FILLING**

1/2 cup chopped celery  
1 tablespoon chopped green peppers  
1 tablespoon chopped pimiento  
7 tablespoons shortening  
6 tablespoons flour  
3 cups milk  
2 cups flaked salmon  
1 teaspoon salt  
1/8 teaspoon pepper  
Pan fry celery, pimiento and green pepper in 1 tablespoon shortening. Melt 6 tablespoons shortening in top of double boiler, add flour and mix well.

Gradually add milk, cook until thick and smooth. Place over hot water and add salmon, salt, pepper and the celery mixture. Cook for 5 minutes. Fill puffs and serve.

An easy, economical way to increase calcium intake is by using "double milk." ... For example, add 4 tablespoons of dry milk to one cup of fluid milk for a delicious, cool, refreshing "double milk" beverage. Your favorite fruit or flavoring may be added to this. For variety of flavors try molasses, maple, spice or honey.

The teacher decided the students in her class should write to a girl or a boy in a foreign country and little Willie was handed the name of a girl from Holland for his pen pal. That night he shocked his mother by saying, "Guess what, Mom, I got a girl in Dutch."

PCICN  
Corn harvesting is just around the corner. Prepare

and Debonnaire." Now, doesn't that sound interesting?

Anyway, the purpose of this column is to encourage some of our readers to help us come up with a good slogan for some new things--like sesame. So far as we know nobody has. We've some ideas, but we don't want to divulge them just yet. How about some hints from the readers?

Incidentally, the wife brought home a box of those "Sesame Stix" the other day and we wonder if we got the genuine article. They were made in Dallas, or at least the box said so. The thing that makes us wonder about their authenticity is the blurb on the back of the box that tells the customers what they have just bought.

The old, old story of All Baba and how he would say, "Open Sesame" to his hideout was warmed over, which we thought was a good idea, but the thing that hit us was that the blurb went on to tell about how sesame was grown in the Middle East and South American countries. Not the slightest hint was made that sesame is an important crop to a county or two very near to Dallas and of course is raised in profusion here on the High Plains. This is downright insulting! And it may help explain why we didn't like the taste of the stix either.

One more thing on sesame. We are talking it up with the ad boys of the Farmer County papers, and think we can work it out so that our grocerymen can push sesame sales all they want to in their ads and it won't cost them a cent.

Two eggs in the daily diet will supply the following percentages of needed food elements: vitamin A, 22; thiamine or B1, 7; riboflavin or B2, 16; vitamin D, 24; protein, 17; iron, 22; phosphorus, 13; calcium, 5; and for good measure the old hen adds some vitamin B12. Eggs are considered a complete food, points out Marshall Miller, extension poultry marketing specialist.

## Mose Glasscock New Committeeman

Maurice (Mose) Glasscock of Farwell is the new member of the Farmer County committee for the Farmers Home Administration. He succeeds Gilbert Kistwasser of the Oklahoma Lane community whose three-year term expired June 30.

Glasscock has farmed in the county for 25 years. He operates a 640-acre irrigated farm with about 200 head of sheep. Billy R. Boling, local county supervisor for FHA, says "Glasscock's practical experience will enable him to make a right contribution to the county committee's actions when they review loan applications."

Serving with him during the coming year will be Richard Rocky of Black and Earl Stevenson of Bovina.

There is a Farmers Home Administration county committee serving every agricultural county in the country. All loan applications must be approved by the committee before funds can be advanced. The committee also helps the county supervisor adapt the agency's loan policies and services to local conditions.

The FHA makes loans to farmers

to buy livestock and machinery, to finance annual operating costs, to improve buildings and fences, and to purchase land.

The agency also lends money to farmers or their non-profit associations to establish and carry out approved soil and water conservation practices, as well as for installing and improving irrigation and farmstead water supply facilities.

About 5 per cent of the soil and water conservation loans to purchase land, and loans to improve and enlarge farms are made from funds advanced by private lenders and insured by the agency.

Holding summer rainfall on the land where it falls can mean additional income through better crop and pasture yields, says Jack Barton, extension soil and water conservation specialist. Terraces, farming on the contour and the use of mulches are methods which will help hold rain where it falls. Cover on the land will also aid in holding the moisture.

## SOIL CONSERVATION DISTRICT NEWS

The Farmer County Soil Conservation District Board of Supervisors held their regular monthly business meeting on Tuesday, August 11, 1959. Those present were Chairman A. L. Black, Carl Schlenker, County Agent Joe Jones, Bob Crozier of the SCS and Steve Messenger -- District book-keeper.

The Board made plans for the annual District Banquet. It is to be the night of September 8 at Farwell provided arrangements can be made for the school cafeteria.

Also, a tour will be planned for the afternoon of September 8.

Chairman Black made arrangements for Soil Conservation District to buy the first sheet of the soil conservation stamps that go on sale August 27 in Farmer County. The newspaper will be notified for the observance.

Bob Crozier reported that a film entitled "Bobwhit through the Year" will be shown at a wildlife meeting on September 1. The Public will be notified as to the time and place when arrangements are made.

The committee to pick outstanding conservation farmer of the year was appointed by the Board.

As most of you know by now Robert G. Zetzche has resigned from the Soil Conservation Service. His resignation became effective last Friday. We hate to lose Robert as he has done a good job for soil conservation here in the District. However, we wish him luck in his new job.

Persons wanting "first-day" covers containing the world's first soil conservation stamp should send addressed envelopes to the Postmaster, Rapid City, S. D., within the next few days.

The 4-cent, 3-color postage stamp in the commemorative series goes on sale in Rapid City August 26 at the annual meeting of the Soil Conservation Society of America.

The stamp will go on sale in local post offices August 27, the day following its issuance at Rapid City.

The Rapid City Postmaster, upon request and receipt of properly addressed envelopes and a remittance to cover cost of the stamps, will place the new soil conservation stamp on envelopes, cancel with a special cancellation mark used only on that day and at the place.

## Tile, Bindweed Control Main ACP Measures

The Farmer County ASC committee is composed of Archie Tarter, chairman; Tom Beauchamp, vice-chairman; Louis Welch, member, and Joe W. Jones, county agent.

An outline of the work accomplished by the Farmer County ASC committee, and Farmers, with the assistance of federal cost-shares in 1958 is shown below:

305 Farmer County farmers installed irrigation tile on their land in 1958 for the purpose of conserving irrigation water. There were 395,457 feet of irrigation tile installed which will conserve, or save for future use, 21,000 acre feet of water per year.

It is estimated that the cost of installing irrigation tile in this county in 1958 was \$442,911 of which \$121,343 was paid by the government through the Agricultural Conservation Program.

48 Farmer County farmers applied soil-sterilants to 306 acres of bindweed infested

areas in order to control this pest and conserve the soil for the future. This was done by the assistance of the government through the ACP.

Other practices carried out by farmers through the ACP are grass seeding, legume seeding, land leveling, establishing sod waterways and terracing of

land. Farmers who desire to carry out an approved conservation practice during the months of October, November or December, should make application during the month of September as the program is conducted (in this county) on a quarterly basis, says Prentice Mills.

## Further Decline Seen For Hogs

In view of prospective supplies, prices of hogs in the winter of 1959 and early 1960 can be expected to be lower than a year earlier, said John G. McHany, extension economist and T. D. Tanksley, Jr., extension animal husbandman. Production, they say, started upward last year, and may continue upward this fall and well into 1960. For this reason there is little room for optimism for hog prices in 1960.

According to the June pig crop report released by the Agricultural Marketing Service, the 1959 spring pig crop totaled nearly 60 million head. This is 12 percent more than was produced in the spring of 1958 and is the largest spring pig crop since 1951, said McHany and Tanksley. This means that we are going to have more hogs on the market in the fall of 1959. If producers' fall farrowing intentions materialize, the 1959 fall pig crop will also be large and will probably be exceeded only by the fall pig crop of 1943.

On June 15, 1958, the farmers of Texas received an average price of \$20.70 per 100 pounds compared to \$15.30 on June 15, 1959. This year's prices are expected to remain considerably below those for

last year. This outlook information does not warrant the dispersing of commercial breeding herds as has been done in the past by many Texas producers facing similar price situations, they stated. But, it does mean that Texas hog producers should re-examine their individual hog production program for the possibility of improving the efficiency of their operation. The inefficient hog producer will be the one hardest hit as prices decline.

Producers should consider these points, say the specialists: Make sure that they can either produce or obtain the needed grain at reasonable prices, in view of the price outlook; sell market hogs at lighter weights (around 200 pounds--as soon as they reach market top); cull down to the most productive sows and gilts (but retain sufficient numbers to make most efficient use of equipment and labor); consider selling heavy sows and keep young gilts; and hog producers should examine their feeding program to be certain that the largest possible number of pigs per litter are being raised and the most efficient feed lot gains.

### FOOD AND NUTRITION BRIEFS

When the price of fresh fruit strains your budget, try stretching the fruit with canned fruit cocktail. Fresh strawberries, raspberries, apricots, cherries and other summer fruits combine well with the five luscious fruits from one can. Fruit cocktail saves preparation time, too.

For easy summer dessert, chill canned cling peach slices or halves in the freezing tray of your refrigerator until they are partially frozen. Arrange the peaches in serving dishes, top with a scoop of lime sherbet and sprinkle with flaked coconut.

Add richly-flavored apricot whole fruit nectar to lemonade prepared from frozen concentrate for a delicious cooling drink on a warm day. Serve over cracked ice in tall glasses, garnishing each serving with a sprig of mint.

Luscious canned fruit cocktail heated with a few crushed mint leaves and then chilled, makes a delightful topping for summer desserts such as ice cream, custard or pudding.

On an extra hot day, enjoy a delicatessen supper and relieve yourself of cooking chores. Buy cold meats, fresh tomatoes to slice, potato salad and a crusty loaf of bread. Make the potato salad taste

homemade by dressing it up. Add a little instant minced onion moistened in an equal quantity of water, some big wedges of ripe olives, sliced celery and chopped pimiento for a colorful and delicious salad. Ice watermelon is the perfect dessert.

One of the best chicken salads combines halved grapes, cubes of Calavo avocado and celery with the chicken. Serve in lettuce cups along with ginger sandwiches and whole spiced peaches.

Raisin bread sandwiches make an energy-rich afternoon snack. Combine cream cheese with orange marmalade and finely-chopped candied ginger. Spread over slices of raisin bread and cut into strips.

For a savory dinner bread try this. Spread sliced French bread lightly with mustard flavored mayonnaise mixed with a little grated Parmesan cheese. Sprinkle with instant minced onion and heat in a hot oven until lightly browned. Moisture-free onion is always ready to use right from its container. This bread also is good for outdoor suppers. To prepare, just wrap in foil and brown over coals.

Use olives, capers and anchovies to make salads interesting. For a patio supper salad, add their zesty flavors to chilled diced cooked potatoes and canned green beans, which have been marinated overnight in an olive oilvine vinegar dressing. Add tuna chunks to make it a whole-meal salad. Serve with chilled sliced tomatoes and garnish with ripe olives that have been rolled in a little oil so they'll keep their glossy shine.

CAGED LAYERS--J. T. Hammonds checks his 1000 layers for signs of disease or other stress periods that can cause a drop in egg production. The hens think it is feeding time and have poked their heads out of their cages to see what they're getting.

# Poultry Feeding Outlet For Grain

Egg prices are at their lowest point in years but J. T. Hammonds still manages to make a profit by feeding his 1000 layers locally grown milo which he grinds and mixes at his poultry house north of Bovina.

"Efficiency in production is the most important thing for a poultryman to remember," Hammonds says. "Price is also important but efficiency enables one to make profits in years like this."

Hammonds has been in the business since 1956 and has always managed to make some profit.

medium. The next year, still more of the poultrymen give up and egg prices shoot up.

Milo is as good as corn for feeding poultry Hammonds and other poultry men think. "We make no difference between the two," he states.

State egg grading laws that went into effect recently have helped egg producers by placing a premium on quality. The new laws make it unlawful to sell ungraded eggs in Texas.

Currently eggs are selling for from 15 to 59 cents per dozen in retail stores. Producers who consistently produce top grade eggs can get enough for them to keep their program in the black.

Hammonds has his layers caged and is convinced this is the best method. He says eggs are kept cleaner because they aren't sat upon by the hen after they have been laid. "When an egg gets warm, the shell expands and admits bacteria," Hammonds explains. In the cage system the egg rolls down out of the hen's cage into a trough where it is kept cool and clean.

The 1000 hens in Hammonds' program require about two hours each day to feed, water and gather eggs. Hammonds works on a regular job, sells seed and has a dry-land farm in addition to tending the chickens.

He feeds the hens by hand and has automatic watering troughs.

"A poultryman needs to see the hens often to anticipate stress periods caused either by weather conditions or disease," says Hammonds. The best way to sense something is wrong with the flock is to keep a careful watch on the size of eggs. When the eggs begin to be smaller, it is a sign laying will soon cease if something isn't done to remedy the situation.

Expanding his flock is in Hammonds' plans. He says 2000 hens would make it profitable to install automatic feeders. He is convinced after three years experience with caged layers that this is a profitable business.

Hammonds figures he feeds about 75,000 pounds of locally grown milo per year, or about one car load. This amount may be doubled soon when he expands.

## Big Losses From Careless Hauling Of Livestock

Careless hauling and handling of livestock can cost producers a lot of money, says U. D. Thompson, extension animal husbandman. A recent USDA study shows the loss from careless hauling of livestock amounts to about \$100 million annually for the nation.

Four major causes account for most of this loss, says Thompson.

First, almost a fourth of all trucks hauled either too many or too few livestock. Animals shouldn't be crowded but the load needs to be fairly snug to avoid shifting. Marketing agencies and most truckers have charts which tell how to load according to type of animal and available floor space.

Second, only half of the loads were partitioned by type of animal. Horned cattle were seldom partitioned, resulting in much bruising and crippling. Partitions need to be put up between animals of different sizes and types, the husbandman says.

Third, almost 30 percent of the trucks had little or no bedding, leaving the danger of animals slipping or falling. Floors need to be "slip-proofed" with sand, shavings or

sawdust, and a straw covering should be used to absorb moisture.

And fourth, the animals weren't handled properly when loaded and unloaded. Some truckers--and farmers to--used clubs, shovels and sticks. More than half the hogs and a fourth the cattle were mishandled as a result. Thompson says the only proper way to urge livestock along is with canvas slappers or electric prods, as clubs will injure the flesh.

In order to avoid losses, Thompson urges growers to make sure their livestock are hauled by reliable truckers. And be on hand when your cattle, hogs or sheep go into and out of the truck.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Several Parmer County men were in attendance at the Annual Policy Development meeting in Lubbock Tuesday of this week. This is where legislation and other points of concern to farmers are discussed with a view to preparing resolutions in the county organizations for

See Stan for Precision Machine Work or your needs on GEAR HEAD REPAIR DRILLING B-J PUMPS

Parmer County Pump Company -FRIONA-

presentation at annual conventions. There, the members discuss and vote on the resolutions they believe will be most helpful to farm people. Next week we will try to give some information on the above mentioned meeting.

Senator Andy Rogers, of Childress, was the youngest senator ever to be President Pro Tem and Governor for a day in Texas. (July 9, 1959) He has been one of the best and most influential friends Texas farmers have had in Austin, having introduced and fought for many bills of prime importance to the farmers future.

John T. Flynn, noted economist and commentator, has listed some findings regarding Socialism versus Capitalism that we think may be of interest to you. Since the end of World War II, this has happened: Real wages in Socialist Britain have risen 11 per cent. In Capitalist West Germany they have risen 99 per cent. Industrial production in Britain is up to 70 per cent. In West Germany it is up to 254 per cent. In 1958, Britain produced 100,000 automobiles. West Germany produced 950,000. Output of all goods and services rose 15 per cent in Britain; 115 per cent in West Germany. Last, but not least, top bracket taxes in Socialist Britain amount to 92 per cent. In Capitalist West Germany they are 55 per cent.

To qualify for non-recourse price support payment in excess of \$50,000, wheat farmers must reduce acreage by 20% below their 1959 acreage. It is possible the same requirement may be made of those raising other

fall seeded crops, including grain sorghums. The USDA will decide.

CONSIDER THIS: As coals are to burning coals, and wood to fire; so is a contentious man to kindle strife. Proverbs 26:21

### H. D. AGENT'S CORNER

Jimmie Lou Waincott

Judy Billingsley, Farwell, who was winner of the county 4-H dress review, represented Parmer at the District style show at Amarillo August 7.

Judy modeled her tailored dress to good advantage.

She was accompanied to Amarillo by her mother, Mrs. Leon Billingsley and my self. The show was held in the Blue Flame room of Pioneer Gas Co.

There's something about a sale that seems to arouse a sense of adventure in women--an expectant sort of feeling that has to do with "getting a really good buy."

Right now, many stores are featuring sales of winter fabrics, and summer dresses, and other items. Extension clothing specialists of Texas A&M College point out that as a careful shopper, you can make the most of these special prices to fill gaps in the wardrobe, or add some needed pieces.

Here are some tips offered by specialists for analyzing the situation before you buy a certain fabric or clothing item on

sale or otherwise: Keep your total wardrobe plan in mind. Buy only those items that fit in with your budget, color plan, accessories and activities.

Consider lines, color and texture of the garment. Are they really suited to your type? Are they extreme or high fashion--likely to look wrong next season?

Look at the label carefully... Get as much information as possible on care and cleaning. Other suggestions for stretching clothing dollars are given in the extension bulletin, "Wardrobe Dollars and Sense." Principles given in the publication apply to all family members.

Ask for a copy of the bulletin from your county home demonstration agent's office.

Are some of your varnished pieces dull looking, sticky or soiled? If so, here's a "face-lifting" and cleaning suggested by Charlotte Tompkins, extension home furnishings specialist:

In a double boiler combine 1 qt hot water 1 tablespoon gum turpentine (to cut the dirt) 3 tablespoons boiled linseed oil, or lemon oil (to lubricate, feed and polish the wood)

Keep the mixture hot in a double boiler while you work. Dip a soft cloth in the solution, wring out excess moisture and apply to furniture doing only one part of the piece at a time. Rub the wood, keeping moisture away from the joints as much as possible. Fine steel wool may be used to rub the solution on badly soiled surfaces. Wipe the surface immediately with a dry cloth. Polish with a woolen

cloth.

For variety, try serving home-grown green beans in a tasty bean salad. . . With 2 1/2 cups cooked beans combine 1/2 teaspoon salt, 1/4 teaspoon minced parsley, dash each of oregano, rosemary, basil and marjoram 2 tablespoons olive oil and 3 tablespoons vinegar. Chill and serve in lettuce cups.

Celery stuffed with peanut butter is good on a relish tray. . . Combine 1/4 cup peanut butter 1 tablespoon mayonnaise, 1/4 teaspoon Worcestershire sauce and 2 teaspoons minced sweet pickles. Pile lightly in crisp celery cut in serving pieces. Chill before serving.

Cheese on cauliflower makes a tasty combination. . . Place frozen cauliflower in a baking dish with 1/4 cup water. Add a dash of salt and pepper and sprinkle with Parmesan cheese. Bake covered at 350 F. for 1 hour and 15 minutes.

For a subtle flavor difference, try this: Add sliced canned water chestnuts to fresh or frozen peas or green lima beans; season with salt, pepper, butter or margarine and simmer until vegetable is tender and flavors blended.

Place ten-ounce package of frozen asparagus in a 1-quart baking dish. Add 2 tablespoons butter or margarine, 1/4 teaspoon salt, 1/8 teaspoon pepper, 1/2 teaspoon celery seeds and 1 tablespoon lemon juice. Cover and bake at 350 F. for 1 hour.

Cattle grubs have been successfully controlled on non-lactating dairy cattle at the Tyler substitution of the Texas Agricultural Experiment Station with a systemic insecticide, Dow ET 57.

# Washer\* DISHWATER HANDS

Lovely hands, aren't they? So different from dishwasher hands. When you wash dishes by hand--they should be in 150° water for two minutes--think what that does to your hands--even with gloves on. You end all this with an electric dishwasher--it takes the hot water in stride inside the cabinet. Your hands will be smoother, softer, lovelier. Manicures will last longer, too. Don't have dishwasher hands--have lovely dishwasher hands.

ATTENTION! HUSBANDS

Remember how lovely her hands were before you made a dishwasher out of her? Well, don't let her be a dishwasher--buy one! Reddy's wages to run it will be 1/3c a day.

John is a graduate of Farwell Schools, where he was outstanding in band work.**

### Farwell Officials Give School Plans

Officials at Farwell Schools are completing plans for the opening day August 31, according to W. M. Roberts, superintendent. Activities begin Wednesday with a faculty meeting and orientation and upperclassmen begin enrollment over the weekend.  
 Elementary students will not be officially enrolled until the start of school, according to Jack Williams, principal, but grades 1-6 will be open for any visitation by parents in regard to enrollment procedure, grade placement or other questions on the following schedule: Friday, and Monday, August 21, and 24, 9-11:30 a.m. and 1:30-3 p.m.; also Saturday, August 22, 9-11:30 a.m.  
 Roberts also announces that he has received word from Bill Bradley, new band instructor, that he will arrive here

some time next week. "As far as I know, rehearsals for band will begin the first week of school," Roberts says.

### Local People Go To Camp Meeting

Attending the annual camp meeting of the United Pentecostal Church in Amarillo the past week were several delegates from the local church.  
 Among those going from here were Rev. and Mrs. B. L. Barnes, Mr. and Mrs. Jim Bob Smart, Mr. and Mrs. Jack Watts and family, Mrs. E. R. Stewart and Rev. and Mrs. Euel Watts.  
 Mr. and Mrs. Leroy Stewart and family of Alamogordo were also there. Stewart is a son of the E. R. Stewarts.

The Clyde C. Finch family from California visited with his aunt, Mrs. Armstrong.

### If It Has WHEELS or HAIR

It'll Get The Best In Service At Bill Moss' Station

AN UNUSUAL WASH JOB was being administered by Preston Cain Saturday at Bill Moss' service station in Farwell. What's so unusual about this picture? Well, that windshield Preston is cleaning doesn't belong to a car, it's an airplane! The plane, with folding wings, belongs to J. D. Kirkland, local well driller. On account of its compactness, the plane can be treated just like a car in many respects.

**Burglaries—**

front door from the inside and left that way.

Bill Moss, station owner, discovered the burglary at 6:30 Wednesday morning when he came to work, noticing the front door unlocked. The station closes about 11 o'clock at night, so the burglars visited at a late hour.

Watts' No. 1 station on the Amarillo highway near the state line was another break-in victim Friday night. Here burglars described as obviously "amateurs" by the sheriff broke a window in the store-room on the west side and crawled in.

They took tools from the storeroom and used them to pound the cash register, Coke, candy and cigarette machines in the station office. They succeeded in opening only the Coke machine and took a small amount of cash from it.

Jim Hughes, station employee, discovered the burglary when he came to work Saturday morning. The station stays open until about midnight.

Five Mexican nationals showed up in Judge Roy Thornton's JP court in Farwell Monday to face charges of gambling and drinking. They were picked up after complaints had been made of their conduct at the Bovina Labor Camp. Sheriff Lovelace and Deputy Henry Minter made the arrests.

The nationals pled guilty as charged and were all fined \$24.50 by Judge Thornton. They paid their fines and were released.

Marvin King, 40, Lazbuddie, was fined \$50.50 in Judge Thornton's court on a charge of simple assault on his wife. He entered a plea of guilty also.

**Texico School—**

One other change has been made in the faculty that has not been previously announced. Mrs. Viola Mitchell, who has been a first grade instructor, has resigned to accept a position in Amarillo where her husband is employed. She has been replaced by Mrs. Jimmy Starkey of Clovis. Mrs. Starkey, the daughter of former superintendent, Agrie Jones, is well-known in the community. She is also a graduate of Texico Schools.

Buck Doran, superintendent, is beginning his first year as administrative head at the school. Mrs. Zelpha Younger is the new grade school principal.

**Plane Crash—**

down to get under it. That was when the crash happened.

Spectators at the scene were at first puzzled. The wheels of the plane were still retracted, and evidence indicated the craft hit the ground under power, removing the possibility that Massey might have been seeking an emergency landing.

It was raining at the time the plane took off, but the clouds were diminishing. If the trip had been delayed about three hours the crash probably would have been averted.

The plane was fully instrumented and it was considered unlikely that the readings would have failed to show the pilot he was so near the ground if he had checked them. The plane had been in flight for only about 10 miles and Massey's flight plan called for an altitude of 7500 feet.

Observers feel that the pilot "panicked" when flying into the cloud and made his fatal descent.

**OKLA. LANE**

By Avis Carpenter

The Dan Routon home was the scene of a reunion for the family of Mrs. Routon Sunday, with a ham and turkey dinner served to attendants.

Here were Mr. and Mrs. Lewis Guy of Amarillo; Mrs. B. E. Gregory and children, Burch Horton, Lubbock; J. L. Fudge, Hamlin; Mrs. Bessie Tyler, Abilene; Mrs. J. D. Hicks and Don, Goree; Mr. and Mrs. Kenneth Johnson and family, Mrs. Lily Green, Mr. and Mrs. Loyd Routon and family, Mr. and Mrs. Glenn McDorman, Mr. and Mrs. Earl Routon and Carolyn and Mr. and Mrs. D. A. Fudge.

Afternoon callers were Mrs. R. O. Gregory and children, Muleshoe; Gregory Burris, Elida, N. M.; Mr. and Mrs. Derrell Garner and Twala, Mr. and Mrs. Virgil Vaughn and Mr. and Mrs. Loyd Vaughn of West Camp.

**"SCHOOL" IS PARTY THEME**

Sheree Rundell, daughter of Mr. and Mrs. Merrill Rundell, celebrated her sixth birthday Friday with a party at the family home. The traditional cake was a miniature school house and school bus with the school name inscribed on the delicacy. Sheree begins school in September.

Friends attending were Bobby, Linda and Sandy Hart; Carrie Dean and Ted Young, Gwendolyn and William Rundell; Donna and Jean Kirk; Raymond, Manuel and Ina Quitiana; Bobby, Buddy, Jack and Ken Foster; Kenny and Kathy White; Trummie and Loy Beth Christian; Ruth Ann Blankenship; Jerry Steinbock; Debra, David and Donnie Garner; Condy, Harold Lee and Larry Jones; Bruce, Johnny and George Pruitt; Also Gail Cunningham of Selma, Ala.; Dianne, J. P., Walter and Dale Sanders of Kileen and the sisters of the honoree, Tina and Gay. Special guests were Mrs.

Annie Jones, great-grandmother, and her two grandmothers, Mrs. Luella White and Mrs. Robert Rundell. Other ladies present were Mesdames A. D. Kirk, Bob Hart, Thomas Young, Jeter Garner, W. E. Rundell, Pat Quitiana, Cyrus Dale, David White, Wayne Foster, Clo Ann White, Jasper Sanders of Kileen and Melton Barners of Ft. Worth.

**TROY CHRISTIAN HOME**

Troy Christian was permitted to return home Saturday, after having been confined to the Clovis hospital for treatment of blood poisoning. Christian was bitten on the foot by something while attending a Methodist Men's Retreat at Cota Canyon, and developed the illness.

Family members say doctors were unable to determine what insect caused the trouble. Christian was hospitalized a week.

**CHILD IMPROVED**

Little Weldon Embry, 3, son of the Floyd Embrys, entered the hospital for three days last week for treatment. His mother reports that he is home and improving.

The Hershel Cummings of Selma, Ala. visited last week in the Melborn Jones home.

Visitors in the home of Mrs. Luella White the past week were Mrs. Maude Sanders of Mangum, Okla., Mr. and Mrs. Jasper Sanders of Kileen, Mrs. W. C. Pruitt and children, Odesa, and Mrs. Claude Pruitt of Muleshoe.

Bro. and Mrs. Garland Billingsley and son of Oklahoma visited last week in the Sam Billingsley home. He is conducting a revival in Floyd, N.M. this week.

Mr. and Mrs. Lester Norton, David and Wade, accompanied the Tom Massongills to Conchas Lake last week for a few days of boating and fishing.

Mr. and Mrs. Adams of Amarillo visited their son-in-law and daughter, Rev. and Mrs. Carl Coffey, last week.

The R. R. Terrys of Rotan spent the weekend in the Harold Carpenter home. They are former residents. He was at one time manager of the Oklahoma Lane Gin.

"I use him when the grease lift is broken."

**ALTON BERRY IN DENVER HOSPITAL**  
According to word received by relatives this week, Alton Berry is beginning treatment at the Veterans Hospital in Denver. For friends who would like to write, Berry's address is: David Alton Berry, Veterans Administration Hospital, 1055 Clermont St., 6th Floor West, Denver 20, Colo.

**Uncle Ray's Free (Hot) Air**

Say, little feller, if you're figuring on going to school this year, it's high time you were getting your business in shape and your school supplies in order.

We'll let you tend to your own business. Where we want to come in is on the school supply part. We've got 'em. And lots of 'em.

You can find everything at Uncle Ray's in the way of school supplies -- from satchels to scissors.

So tell your Mom to "Let's go by Uncle Ray's and get my school supplies this year."

If you'll do that, you'll find our prices in line and our stocks complete.

We're looking for YOU!

Stop and see Uncle Ray; He's right on the way!

-- Uncle Ray

BY MRS. C. A. WATSON

**ROBERT IVY WEDS EARTH GIRL**

In a double-ring ceremony, Miss Lanell Boyles became the bride of Robert Ivy, August 9 at 3 p.m. in the home of Mrs. G. C. Green of Earth. The bride is the daughter of Mr. and Mrs. L. L. Boyles of Aspermont.

Mrs. Ivy is a graduate of Aspermont High School and also a graduate of Isabell's School of Beauty in Lubbock. She is owner and operator of the Rainbow Beauty Shop in Earth.

The bridegroom is the son of Mr. and Mrs. D. D. Ivy of Lazbuddie. He is a graduate of Lazbuddie Schools and attended Arlington Junior College. He is now serving with the U. S. Air Force at Fort Bliss in El Paso.

**BRIDAL SHOWER FETES MISS SCOTT**

A bridal shower honoring Miss Carolyn Scott was held in the Fellowship hall Friday afternoon, with 36 guests calling. Miss Katherine Smith registered guests. Blue and white were used in the decorative motif and refreshments of lemonade and cake were served.

Hostesses included Mesdames R. G. Treider, Raymond Houston, Frank Hinkson, Howard Carpenter, D. Carpenter, John Aduddell, Virgil Teague, Alex Steinbock, John Agee, Claud Watkins, H. H. Briggs, and Barney Floyd.

Many gifts were sent by those who were unable to attend.

**CHOSEN QUEEN**

Miss Sondra Broyles was crowned Farm Bureau queen of Bailey County from 16 contestants. Cotton John Smith, master of ceremonies presented the crown and a check for \$25 to Miss Broyles.

Smith is from KGNC Amarillo. Miss Broyles is the daughter of Mr. and Mrs. Edgar Broyles of Lazbuddie.

**HOUSEWARMING FETES REDWINES SATURDAY**

The J. C. Redwines were surprised with a housewarming Saturday evening.

Attending were Mr. and Mrs. Raymond Houston and Eugene, Mr. and Mrs. T. O. Lesley.

**Pleasant Hill**
