

**FROM THE  
HOPPER**

BY HOP JR.

About this time every year we write a corny column (even cornier than usual) about how nice it is that September approacheth, the end of hot weather is in sight, the mornings are crisp and the evenings snappy, how great it is to be alive, and so on.

Actually, we think that we still feel the same way. Only now the trouble is that we've had the worst outbreak of hay fever in recent years. This bothersome and common malady is enough to take the real joy out of good living.

It's a mystery to us how those dozens of eruptive sneezes can lie dormant for so many hours and then burst forth in glory when you least expect them to.

To a certain degree, man has always been able to control the evidence of his afflictions. The fellow with a toothache that's killing him can grin like a Cheshire cat for a few minutes if he wants to make a pleasant impression on someone and they'll never know he felt more like crying than laughing.

And the sufferer of excess gastric acidity whose Tums haven't taken effect can stave off his groans momentarily and no one will be any the wiser of what's going on in the lower regions, regardless of what the ads say.

But take hay fever. What does the sufferer of this strange allergy do when it comes his time to throw a fit of sneezing? It just can't be controlled. In our case, an attack usually starts a burst of four or five sneezes so rapidly in succession that we can't speak a word, swallow, or hardly catch a breath.

Then we trail off into a sneeze here or there for a minute or two until we've blasted eight or nine times. That's the usual course. Then comes mop-up after the attack. The eyes require dobbing and the nose calls for blowing for about another five to ten minutes. Then all's quiet for an hour or so until the lid comes off again.

This is the typical hay fever fare and we have lots of company who will agree that one of the most noticeable traits of the malady is how it will suddenly grab you before you have time to bat an eye. Bumstead says husbands are a sorry lot, to which we will agree and add that hay fever sufferers ought to be included too.

They tell us that hyponochronics off on a trip who suddenly discover they've left their pull bottles behind are practically beside themselves with fright and are good cases for coronary reverberations.

Let us add that there's no fear like the clammy realization of the hay fever victim that he's away from home and among strangers without his trusty hanky. Discovering that he left this vital piece of equipment on the living room sofa after his last attack is enough in itself to set off another earth-shaking broadside of sneezes. And if you've ever tried to fight an attack barehanded, you know that these are about the toughest odds that have ever been invented.

Incidentally, for the true sufferer, the next worst thing to being without a hanky is to have some sympathetic (but unknown) friend offer a Kleenex when they discover your plight. Fighting a fit with a Kleenex is like stopping the Santa Fe Chief with a broomstick. Hay fever doesn't even know you're there, boy.

Some people who have had hay fever in rather severe doses have quite sensibly sought medical aid, and many of them have settled down to getting regular shots to control their allergy. We don't exactly look on this as the coward's way out, because for one thing it takes some spine to willingly submit to the needle.

However, in our case we've always felt that sooner or later our system will overcome this insidious invader. Probably there's no substantiation for this in the annals of the AMA, but we do know that as the years have gone by our suffering has been less acute. It comes and goes, all right, but it seems to us that as time passes we have progressively less trouble with hay fever.

Just what this may mean will be decided by time. Actually, there are already some other things coming up (Continued on last page.)

**One of These Twenty-Seven Pretty Girls Will Be "Miss Farwell" September 12**

**A-Day Plans Complete**

Farwell businessmen are planning a big day for patrons in their trade territory on the second Appreciation Day, September 12. The event is merchant-motivated and is spearheaded by the Chamber of Commerce.

Special promotions at various business houses, presentation of gift certificates throughout the day, a talent show, queen contest and free barbecue will be highlights of the promotion. Chamber of Commerce members decided Tuesday night that four \$25 gift certificates will be given away and one \$50 ticket will be presented to someone.

The talent show is planned about mid-afternoon, and "Miss Farwell" will be named in a special ceremony. Twenty-seven young ladies are now vying for the honor. The title holder will be official hostess of the Chamber of Commerce for the coming year. The contest is staged by Theta Rho chapter of ESA.

Winner of the talent show will receive a first place award of \$25 with \$15 and \$10 going to the next two top contestants. Members of the Chamber of Commerce are urging anyone with a special talent to enter the competition for the show by calling Jeanne Graham at IV 6-3681 or IV 6-3322 this week. More entries are needed.

**Receives Bike**

Edwin Lingnau, son of Mr. and Mrs. Otto Lingnau of the Oklahoma Lane Community was the recipient of the bicycle given away Saturday at Fern's annual bicycle give-away. The event climaxed the "back to school" promotion.

Mrs. Hershel Harding received a lingerie gift.

Six businesses are sponsors of the barbecue--Sherley-Anderson-Pitman, Security State Bank, Gifford-Hill Western, Worley Grain, Nickels Gin, and Farwell Fertilizer, says Wilfred Quickel, Chamber of Commerce secretary. The businesses are sponsoring the feed as a token of appreciation to area residents. Members of the Chamber of Commerce will serve the meal.

**EBB RANDOL REPORTED TO BE IMPROVING**

Ebb Randol, minister of the Farwell Church of Christ, was released from Clovis Memorial Hospital Friday after receiving treatment there for a week. Randol entered the hospital in serious condition on August 15; however his wife reports that he is improving rapidly and is able to be up at intervals during the day.

**Tickets Sell Well For QB Barbecue**

Farwell Quarterback Clubbers are already virtually assured of a successful barbecue, judging from ticket sales. Sales started only Monday morning, and after a check on Tuesday, over 100 tickets had been sold. More tickets were ordered printed and it appears that a good crowd will attend the affair.

The barbecue is set for 6 o'clock Friday evening. It was announced last week that the big feed would be on the football field, but plans have been changed, says Bob Hart, Quarterback president.

The event has been moved inside the school cafeteria. It is felt that having the barbecue inside would remove the chance of having a picnic spoiled

by bad weather, the food could be more easily served, and the field would not have to be cleared after eating to make way for the scrimmage game. The barbecue is a fund-raising event for the QB Club, which is low on money and needs to get its treasury rejuvenated before the season begins and expenses start in again. One of the heaviest expenses of the club is paying for the film used to photograph Steer games. Film for the movie camera is expected to cost around \$500 this year. The barbecue is also being timed to allow the community to have an opportunity to get acquainted with the new coaches, Dempsey Alexander

and Don Dendy. A final treat will be the first preview of the Steers for 1959. They will meet the Mule-shoe Mules in an informal scrimmage at Steer field immediately after the barbecue. Hart emphasizes that club members cannot possibly see all those who will be interested in coming to the barbecue, and he urges backers of the Steers who have been missed in ticket sales to come to the feed anyway, as provision will be made for extra plates and tickets will be sold at the door. The barbecue is \$1.50 per plate for adults and 75 cents for children. Beef will be served by Underwood's.

**Thad Phillips Has Plastic Surgery**

Thad Phillips, son of Mr. and Mrs. Glenn Phillips of Farwell underwent plastic surgery on his hands in El Paso Thursday. The little boy was severely burned in an accident last year and scar tissue had formed on his hands. His father stated that the little boy had been released from the hospital, but was remaining in El Paso with his mother until the bandages are removed on Friday. He reported that the doctors who performed the operation felt the operation was successful.

**Lazbuddie Pupils Register Aug. 28**

Regular classes at Lazbuddie Public School begin Monday, Aug. 31, with registration scheduled for Friday morning, Aug. 28. Approximately 375 students are expected to enroll. With less than a week remaining before opening day, three vacancies remain on the faculty. First and fourth grade teachers are needed in elementary while the

high school home economics position remains open. Buses will run Friday morning but children will be home by noon. Lunches will be served Monday in the school cafeteria. Students are urged to buy lunch tickets by the week or month to help make bookkeeping easier. Extensive repairs have been made to school facilities and the area in front of the buildings has been paved during the summer. Preceding the Friday registration will be a two-day workshop for teachers, to familiarize themselves with the school system and each other. (Continued on last page.)

**Mrs. Dennis Injured in Wreck**

Mrs. Arthur Dennis was injured in a car-pickup wreck Monday morning. She was on her way to work at Aldridge & Aldridge, and was coming to town on the paved state line road south of town. Near the Farwell Feed Lots, Mrs. Dennis' car and the pickup of Henry Curtis collided. Curtis was examined by a doctor, but was released. Two toes on the right foot of Mrs. Dennis was broken, her mouth was cut, and she was bruised in several places. She is in Clovis Memorial Hospital. The Dennis car was severely damaged; the pickup less severely. Mr. and Mrs. Dennis live on a ranch in the sandhill area inside the New Mexico line.

**County Purchases New Oldsmobile**

Parmer County commissioners purchased the first motor vehicle owned by the county in many years Monday. They selected a Super 88 Oldsmobile from Parmer County Implement Company, Friona, priced at \$3639. The car was delivered Monday and will be used by the sheriff's department. It is white, but will not bear any special insignia, except the ordinary exemption license plates. Members of the court divided over the car that should be selected. They had been advertising for bids for about a month, and had received quotations from Parmer Implement, Friona Motors, and Reeve Chevrolet, all Friona businesses. Parmer Implement and Friona Motors submitted two bids (on differently equipped vehicles) each, and Reeve's (Continued on last page.)

**England Robbed Again**

A robbery in many respects similar to one occurring at the same place just last month resulted in a loss of \$212.98 from England Shamrock station on Highway 60 in Texico early Friday morning.

It also resulted in slight injury to Vernon Nix, station employee, who was slugged by one of two masked men who held him up at gunpoint.

The robbery occurred about 3 a. m. Friday. The men, with handkerchiefs over their faces, came into the business only a short time after T. L. McLeod, the town marshal, had left. Nix, who was alone, was told by the men to turn his back. One held him at gunpoint while the other took the money from the register. Nix was also ordered to take out his billfold, which he did. As the bandits started to leave, the one carrying the revolver struck Nix in the back of the head. The duo then dashed off up the state line in a north-easterly direction where they had parked their get-away car.

Nix, his head cut but only dazed from the blow, then pulled a gun and fired at the men as they fled into the darkness. The bullet did not find its mark but investigating officers, noting the tracks of the couple, report that the men were running hard to leave the scene. The tire marks of their car indicated they spun their wheels for quite a way.

The Curry County sheriff's department is checking out some leads on the robbery, but to date no arrests have been made.

**WORK CONTINUES ON FIRE HALL**

Work on the meeting and recreation room for members of the Farwell Volunteer Fire Department, is progressing, according to Otis Huggins, member.

**Faculty Complete For Farwell School Opening**

The faculty is complete and instructors were making last minute plans for the opening day of school this week at Farwell. The 1959 term will begin at 8:30 Monday morning with an assembly program in the auditorium, says W. M. Roberts, superintendent. Teachers will be introduced and announcements and instructions will be given. A full day of school is scheduled with buses making regular runs and lunch being served in the cafeteria.

The faculty was completed with the hiring of Mrs. O. J. Smith, as home economics teacher. Mrs. Smith of Portales, has taught at Melrose, Roy and Grants, N. M. and for two years was assistant home demonstration agent of Roosevelt County. She is a graduate of Eastern New Mexico University and has completed some work on her Masters degree. Her husband

is engaged in an aerial spraying service and is an instructor at Portales Airport. The family includes four children. In the high school, several new faces will be seen on the faculty. Roberts, who at one time was high school principal, returns to Farwell as superintendent. Amos Tatum is high school principal, and Jack Williams, former superintendent who suffered a heart attack in the spring, will serve as elementary principal.

Mrs. Winnie Bradley and Mrs. Mary Dena McWilliams are high school English instructors; Eugene Dew, science; Calvin Murray, athletic director, math and basketball coach; Dempsey Alexander, football coach and social studies; and Don Dendy, assistant football coach, junior high coach, math, and science in junior high; R. B. Mrs. Hattie Boling, fifth; Mrs. Tucker, girls coach, science; Robert Morton, vocational agriculture; Mrs. Smith, home ec;

Mrs. Thelma Alexander, junior high math and English; Mrs. Karolene Inman, English and math in junior high; Bill Bradley, band director and music; Norma Engman, commercial. Miss Maude Hicks and Mrs. Lucile Britain, sixth grades; Mrs. Margaret Kennedy and Mrs. Httye Boling, fifth; Mrs. Hattie Coffey and Mrs. Oleta Ford, fourth; Mrs. Lenora Tatum and Mrs. Isla Rhea Huffaker, third; Mrs. Lauretta Pool

and Miss Clara Florence, second; and Mrs. Elsie Cain and Mrs. Willie Daniel, first. Mrs. Alice Jay Tucker, school counselor, and Mrs. Katherine Lockhart, nurse, complete the group. Mrs. Georgia Lee Rundlell will serve as school secretary and custodians include Hazel Petree, Percy Tipton and J. W. Murdick. H. R. Crook is bus foreman and driver, and other drivers are Don Dendy, Larry Smith, Larry McDorman, Loyd Cain,

Joe Hughes and James Burleson. Mrs. Gladys Hromas returns as cafeteria supervisor. Aiding her will be Mesdames Thelma Black, Annabel Hillock, Dorothy Hubbell, Lillie Hughes, Freddie Harrimah and Bill Foster. Lunches are served for 30¢ for the first six grades and meals are 35¢ for the upper classes. School hours have been set from 8:30 a. m. to 3:30 p. m. says Roberts.

# Texico Enrollment Approaches 400

Texico School enrollment for the 59-60 school year was near the 400 mark after the first day's enrollment Monday.

Buck Doran, school superintendent, states that he expects the enrollment to increase during the week since several students were ill or out of town on registration day.

One hundred and eighty students were registered in the first six grades and 190 in junior high and high school. The sophomore class had the largest number with 40.

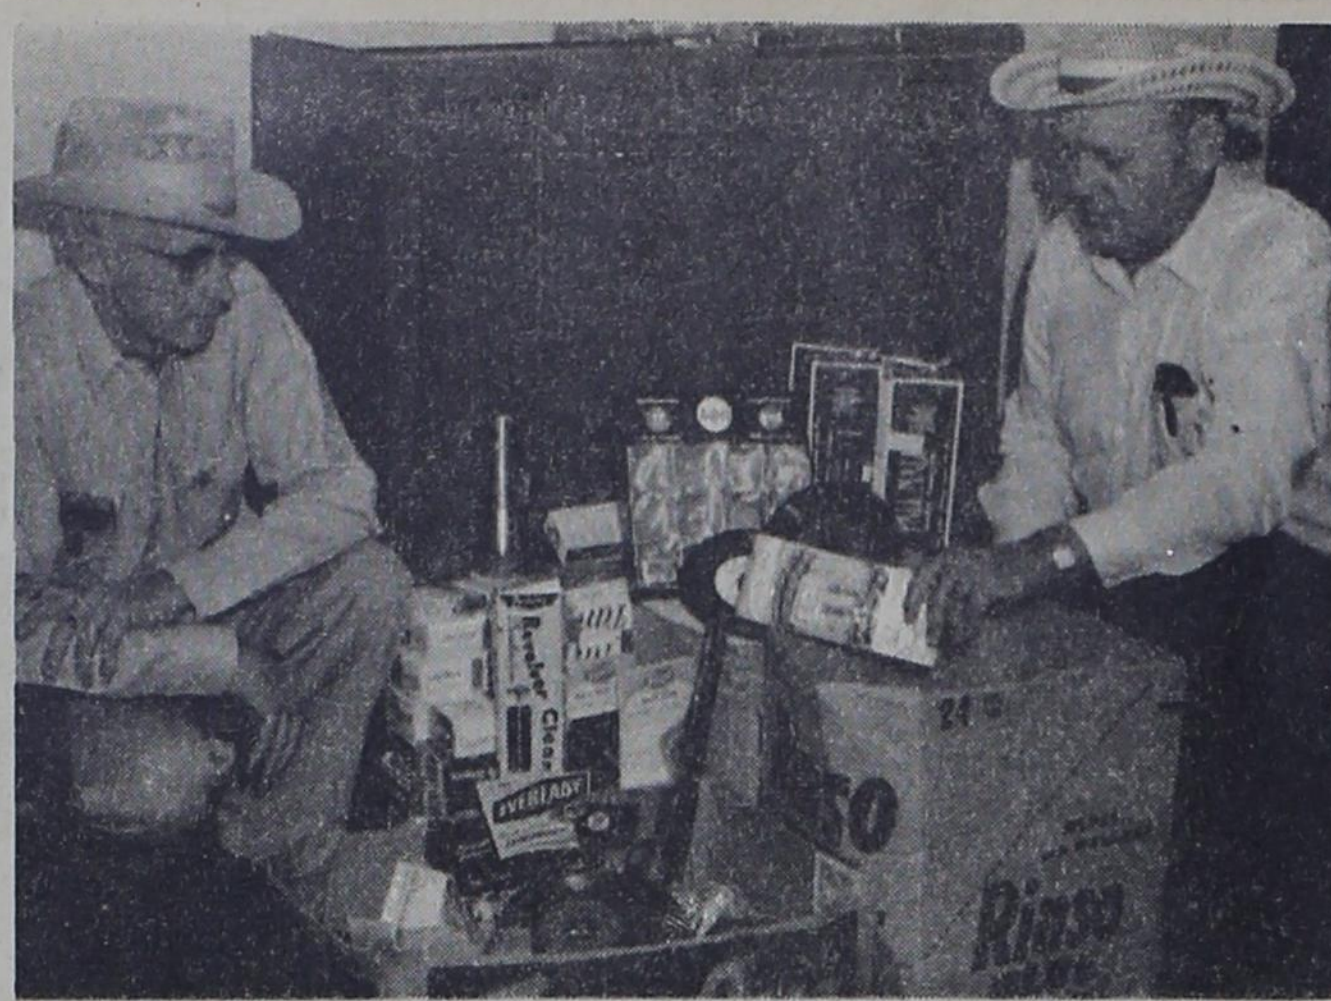

Classes met for a short time during the day while books and assignments were being issued. Lunch was served in the school lunchroom and school was dismissed at 2:30.

The school has been reorganized under the 6-6 plan with the seventh grade through high school departmentalized. Classes will be for one hour periods and a 20-unit graduation plan will be required.

Teachers on the grade school faculty are Mrs. Leroy Faville and Mrs. Viola Mitchell, first grades; Mrs. C. B. Stockton and Mrs. Gerald Wilkinson, second; Mrs. Curtis Miller, third; Mrs. Avis Patterson, fourth; Mrs. N. W. Peyton, fifth; and Mrs. B. A. Rogers, sixth. Mrs. Zelfa Younger will be the grade school principal.

In high school and junior high, the administrators will be Bob Teal, science; Pat Gill, English; Curtis Miller, junior high coach and social science; Mrs. Fred Danforth, commerce; Gerald Wilkinson, junior high math; Fred Danforth, band; Paul Frederick, high school principal and coach; C. B. Stockton, social science and physical education; John Adams, drivers training and foreign language; Mrs. Jimmie Allman, home economics; Jim Pearce, agriculture; Mrs. Buck Doran, teaching director of instruction; and Mrs. Paul Crooks, school secretary.

Custodians are Dutch Bell and Ernest Cain. Mrs. John Hightower is in charge of the school cafeteria.

RECORDS, SOAP, CIGARETTES--You name it, Deputy Tom Atkins and Sheriff Chas. Lovelace have it in this handsome collection of "loot," much of which was taken from Farwell businesses during the past week.

# Dog Barks And Jig's Up For Big Burglars

The barking of a dog roused Jim Fisher about 11:30 last Wednesday evening. Curious to see the cause of the disturbance, Fisher looked out the window and noticed a 1954 Mercury sedan being driven into the driveway of his father-in-law, Willie Hardage, in east Farwell.

From the car, three men emerged and walked swiftly eastward. The men and the car were strangers to Fisher.

The next morning, Sheriff Chas. Lovelace's telephone began ringing at an early hour, and messages poured in from all over town. Eight Farwell businesses had been struck by burglars during the night.

It was Fisher's description of the car which led to the arrest of three men suspicioned of the crimes, and their admission a few hours later that they had committed the burglaries. This broke one of the biggest--in terms of numbers--series of burglaries in the community's history.

Right now the three men are behind bars in the county jail, awaiting the call of the grand jury which will be some time next month. They are charged with the burglaries, and have signed confessions admitting them. Bond for each man is set at \$2500.

The men are: John Morse, 21, Clovis, a former Cannon Air Force base airman who has been out of the service about a month but who is not now employed; William Lease, 22, and Herbert Hopkins, 19, both CAFB airmen who come from Ohio and Georgia, respectively.

After Fisher told Sheriff Lovelace of what he had seen Wednesday night, an "all points" bulletin was issued to watch for the car the Farwell man had seen near his home. Clovis was checked out but failed to yield the looked-for vehicle.

Friday morning about 3 o'clock the break came when a deputy for the DeBaca County sheriff's department in Fort Sumner stopped a 1954 Mercury and the investigation was reported (through the Clovis sheriff's department, to Lovelace. Merchandise taken from businesses in Portales and Clovis was found in the car at the time.

This brought about the arrest of the trio. They waived extradition proceedings and New Mexico officers turned them over to Parmer County, Sheriff Lovelace began grilling his suspects. At first, all three denied

knowledge of anything they were asked about. Morse was spokesman for the group and appeared to be the "brains." Only he would do any talking.

Later, as the men were questioned individually, Lease changed his tune and implicated their actions. When all three were brought together again, they jointly conceded the crimes.

Morse took the sheriff to his home in Clovis (he is married and has one child) and brought out some records the men admitted taking from a juke box in the Midget Cafe.

Sheriff Lovelace then asked the man if he would permit the officers to look through his home. He refused and they said a warrant permitting the search would then be obtained, so he changed his mind and let the lawmen in. Once inside, most of the merchandise which had been taken over the past six weeks of burglaries in Clovis, Portales, and Farwell was easily found.

It consisted of almost everything imaginable, including records, food, underwear, cigarettes, lighters, a gun, flashlight, and dozens of small items. Very little of the cash stolen from place to place was recovered, it having been practically all spent.

The trio first came to Farwell Tuesday, August 11, in Lease's car. They hit Bill Moss' service station that night. Friday night they came back for some more raids on local businesses, breaking into the Watts No. 2 station.

Their "big party" was on Wednesday night of last week when they made a virtual clean sweep, hitting eight establishments in a single raid.

A run-down of who was hit and what was taken: City Cafe (broke glass in back door to gain entrance), \$8 cash from register and juke box, cigarettes, lighters; Midget Cafe (raised rear window), cash and records from juke box; Gulf Station (broke out rear window), pennies from unlocked register; Roberson Shamrock Station (cut hole in front door), flashlight and new batteries, a half-full box of combs; Watts No. 1 (broke rear window), money from jar contributed to queen candidacy of Carolyn Watts; Meeks Station (pulled air conditioner out), \$12 in cash from register; Buck's Superette (cut hole in rear door), \$64.98 in cash from register; City Cleaners (pulled out door and reached in to unhook), \$12.25 in change in a money bag.

Asked the reason for the burglaries, Lease told officers "just for kicks." They have been linked with 9 or 10 similar offenses in Clovis and three in Portales.

Officers were first notified of the crimes by Alton Milstead, who opened the door of his City Cafe about 4:50 Thursday morning.

Sunday guests in the J. R. Harris home were Mr. and Mrs. Kenneth Heady and Carl, Mr. and Mrs. Coy Hamilton, Donnie, Debbie, Rusty and Terry and Jack and Clifford Heady from Lubbock.

Mr. and Mrs. Leon Smith, David and Tonie and Mr. and Mrs. Jim Sibert and children together with Mr. and Mrs. J. C. Redwine, Clyde, Harold and Carol are vacationing in Colorado for a few days.

# Farwell Bills Are Approved

Bills for the month of July were approved at the last regular meeting of the Farwell city commission. They included, V. C. Venable, salary, 97.50; Dale Berggren, salary, 292.50; Dorothy Eason, salary, 243.75; Bennett's, office supplies, 12.95; Barnett and Sons, street repair and maintenance, 70.; The Texas Company, street repair and maintenance, 10.30; Watts service station, insect control, 25.17; Kemp Lumber Co., maintenance on city hall and fire department, 46.91; Continental Oil Co., diesel, 4.05; and Border Service Station, diesel, 2.

Also Farwell Hardware, maintenance on fire department, 2.75; Farwell Electric, maintenance on fire department, 95.; Armstrong Pest Control, rodent control, 3.; Farwell Waterworks, water bill, 6.54; Southwestern Public Service, street lights and bills, 67.36; Southern Union Gas, bill, 6.30; Mountain States Telephone and Telegraph Company, bill, 46.30; Davey Berggren, street repair and maintenance labor, 130.; and Dale Berggren, street repair and maintenance machine hired, 29.00.

### Gasoline and Good Grades Don't Mix

The teenager hot rod enthusiast or jalopy jockey is becoming recognized as a special problem in many high schools.

He often presents a hazard to life and limb in the school area. He often uses the automobile to escape from extracurricular activities which would be helpful to him. And all too frequently his automobile is responsible for poor grades. Sometimes it is responsible for his dropping out of school before graduation, according to an article in the NEA Journal, published by the National Education Association.

The issue came to the fore about a year ago when a high school principal at Rexburg, Idaho, found that in his senior class no straight A student drove an automobile to school, but 83 percent of the failures did. In between, 15 percent of the B students drove, 41 percent of the C students, and 71 percent of the D students. Other principals then found a similar correlation between grades achieved and student driving customs. In some instances, however, this was not true.

It appears that among the economically privileged students, for whom the ownership

and operation of an automobile presents no financial problem, a car is no particular handicap. It is a definite handicap, however, for the student who has to strain to find money for gas, oil, repairs and installment payments.

These students are apt to spend much time fussing over their automobiles to save money on repair bills, and they often drop out of school for several days at a time to get the money expenses. Some even drop out of school entirely to earn the money to support their automobiles.

When the financial problem is not present, other difficulties often arise. Joy riding during the lunch hour, hot-rodding after school, and even beer-drinking in the cars are some of the disciplinary problems mentioned by various principals.

### Mrs. Gill Fills English Vacancy

Mrs. Joe Gill was recently hired to fill the English teaching position at Texico High School. The position was left vacant when Buck Doran, former English teacher, was elected superintendent of the school.

Mrs. Gill is a graduate of Eastern New Mexico University and has previously taught in the Los Alamos school system. During her senior year at the university, Mrs. Gill did student teaching at Texico.

Mr. and Mrs. Gill are making their home at 700 Lamar Street in Texico. Her husband is a senior at Eastern New Mexico University and is a varsity football player.

Casey Jones, the famous engineer, in Jacksonville, Fla. Another tour they took was to the Florida Everglades and to Cherokee swamps.

At Daytona Beach, Fla., they drove their car on the beach where famous car races are held annually. Mrs. Davis stated that the drive down the beach was really beautiful.

The Davises left Farwell on July 26 and returned August 15. While on the trip, they toured in the Bahama Islands,

and eight states, including, Georgia, Tennessee, Florida, Alabama, Louisiana, Mississippi, Arkansas, and Oklahoma.

### TEELS HAVE SUNDAY GUESTS

Visiting in the home of Mr. and Mrs. Elmer Teel, Sunday were their daughter and family, Mr. and Mrs. Bill Glenn and Al from McCamey; Marion Teel, Portales; Mrs. Andy Brunson, Portales, and Mrs. Hilton Cole and Andy from Carlsbad.

By PAT

We have been eating high off the hog the past week or so. Our good neighbor, Dr. Green, left his garden in our care, and Joe Magness helped out with some good sweet corn. And I guess Leroy McDonald contributed some pinto beans even if he didn't know anything about it. They were good eating, too, Leroy, but they should have been—you got your seed from Golden West.

Now is the time to get phosphates on the ground for wheat. We delivered a load of 0-46-0 to Glenn Phillips this week and have had several people in who are interested. We can get 0-20-0 for you in the bulk if you desire and you do save money by using it that way. We believe that 100 pounds of 0-46-0 or 200 lbs. of 0-20-0 will make you plenty of money on wheat. Especially so if your land is on the sandy side. Remember though that this phosphate must be used with a nitrogen fertilizer or you are wasting your money and all this free advice.

Dove season opens next Tuesday so lock up all your chickens and keep the kids in the house; the city hunters will be out thicker than thieves in Farwell on a Wednesday night, I hope to be out, too, but I can tell a turkey from a dove if the sun is at high noon.

We got the binder twine and baler wire if you need it. And it is still time to treat those bindweed patches. And don't forget the best wheat you can buy is at Golden West Seed Company. We also do custom cleaning and treating of wheat. Let us figure with you on your custom cleaning.

Come see us.

### Davises Return From 3 Week Tour

Mr. and Mrs. C. G. Davis and Carl Glenn were among the more than 800 manufacturers and operators of Piggly Wiggly stores all over the United States who attended the annual Piggly Wiggly convention at Miami, Fla., recently.

After the convention, about 200 of the persons associated with Piggly Wiggly flew to Nassau in the Bahama Islands. In Nassau, the Davises took several tours, including a tour of the city in a cab and a boat excursion around the islands. While there, Davis and Carl Glenn went deep sea fishing.

On the return trip, the Davises spent a day in New Orleans, La., sightseeing. They also visited Silver Springs and took a tour on a glass bottomed boat.

In Florida, they went sightseeing in St. Augustine, the oldest city in the United States. They also visited the home of

### Vega, Texas, Man Reports— More Uniform Production of Quality Seed Wheat

C. G. Richardson, owner and operator of Richardson Seed Co., produces high quality, high germination seed wheat. Mr. Richardson says: "We watch all of the things that will give us higher quality seed—both grain sorghum and wheat. For example, we have a clean farm, free of weeds. We use the latest and best cleaning and handling equipment."

"And," he continued, "we use Phillips 66 Ammonia to give us more uniform and higher quality yields of seed wheat. We apply 100 pounds of ammonia pre-plant on wheat land; and we plow down 125 pounds of ammonia in the fall on our maize land."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested.

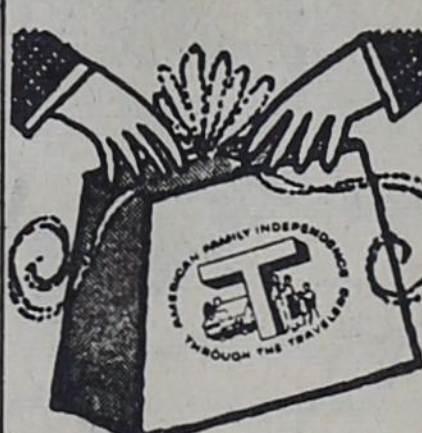

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

# Of Interest To THE WOMEN

Mrs. Pritchett  
Feted Monday

Mrs. Frank Pritchett of Clovis was honored with a surprise party in her home last Monday, when members of Theta Rho chapter of ESA honored her. Mrs. Pritchett is the mother of a new daughter. Guests presented the honoree with a new skirt and blouse and pop and cookies were served by Mesdames Bert Williams and Bill Prince to: Mesdames John Getz, Joe Helton, Ken Hanks and Tommy, W. H. Graham, Mitz Walling, Joe Jones and Miss Jimmie Lou Wain-scott, and the honoree.

GUESTS VISIT  
IN GRAHAM HOME

Mrs. Betty Penn and Karen of Amarillo were weekend guests in the home of Mr. and Mrs. W. H. Graham Jr. and family. Mrs. Penn and Mrs. Graham were high school friends and former college roommates.

Mrs. George Hill and family then visited overnight Saturday and Sunday with the group. The Hills reside in Hereford. Arriving late Saturday were Mrs. O. M. Dudley and Connie, mother and sister of Mrs. Graham from Silverton.

The entire group returned to homes Sunday. Mid-week visitors were Mrs. Vance Crume and daughters of Hereford.

Della Crocker, along with the C. O. Joplin family, were dinner guests in the home of Mr. and Mrs. C. A. Lamb.

Mr. and Mrs. Glenn Singletary, Gary and Monte, returned Saturday from a short trip to the mountains.

Mr. and Mrs. Lee Houston and children from Globe, Ariz., visited in the home of her parents, Mr. and Mrs. Mike Brown.

Overnight guests in the home of Mr. and Mrs. W. E. Crocker were Carylon and Bettice Hatton and Lucille Lamb.

Visiting in the home of Mr. and Mrs. Mike Brown Sunday was Mrs. Martha Fox of Clovis.

Gayle Potts has been a guest in the B. A. Kelley home this week. She is visiting Phyllis Kelley.

Mrs. Cecil Osborn and children visited with her parents.

## John Hicks Are Parents Of Boy

Mr. and Mrs. John Hicks of Amarillo welcomed the birth of a son Thursday in the Northwest Texas Hospital in Amarillo. The little boy has been named Michael Joe and weighed 7 pounds, 3 ounces at birth. He is the fourth child for the Hicks.

Maternal grandparents are Mr. and Mrs. George Storey of Texico.

## News From LAZBUDDIE

BY MRS. C. A. WATSON

### PENDERGRASSES RETURN FROM WEEKS VACATION

Mr. and Mrs. Jess Pendergrass and Susan and his sister, Stella returned Sunday from a vacation in Colorado, Wyoming, Utah and New Mexico. They were at Yellowstone Park soon after the earthquakes in that area and stated that earth tremors were still bad. They also visited in Salt Lake City, Utah, and took several tours in the city.

Mr. and Mrs. Olan Parker from San Diego, Calif., and Mrs. Ruth Tanner from Spring Dale, Ark., were guests in the Davis Gulley home last week.

Among those attending the Primitive Baptist Association meeting in Portales last weekend were Mr. and Mrs. E. A. Parham, Mr. and Mrs. T. Gleason, Mr. and Mrs. C. A. Watson, Y. B. Mayfield and Mrs. Josie Smith.

Mrs. J. R. Harris, president of the bowling association, reminds all members to attend a meeting of the association which will be held at 8 o'clock Thursday in the Bailey County courtroom. Speaker for the event will be the district representative from Amarillo. All ladies interested in bowling are urged to attend.

Mr. and Mrs. Wyle Bullock and Debra attended the funeral of their grandmother, Mrs.

Mr. and Mrs. Edward J. Whitmore of Summit, N.J., announce the engagement of their daughter, Edith Janet, to Thomas Laurence (Elmer) Thompson, son of Mr. and Mrs. Lee Thompson of Farwell. Miss Whitmore is a graduate of Maryville College and Rutgers University. Mr. Thompson attended Texas Technological College and was graduated from Abilene Christian College with a BA degree in history. For the past year he has done graduate work at Rutgers University. A November wedding is planned.

A. C. Henry, at Rule Tuesday. Girls in Parmer County who wish to enter in the Maize Days celebration are reminded to get in contact with Eva Miller by Sept. 7.

Mr. and Mrs. C. D. Gustin and Donnie and Jerry Don

Glover are in Hot Springs for a visit.

Mr. and Mrs. T. O. Lesley welcomed the birth of a son on Thursday, August 20. The little boy weighed 8 pounds 2 ounces at birth and was named David Ray.

## Pleasant Hill 4H Achievement Day Held Thursday

Members of the Pleasant Hill 4H club held their annual achievement Day Thursday at 7:30 in the community building.

Wayne Fahsholtz gave the welcoming address and Dianne Baldrige expressed the 4H club member's appreciation to the leaders and parents for their leadership and told of the year's achievements. Della Crocker narrated the style show.

Entertainment was furnished by Veda Wilson who played an accordian solo, "Whatever Will Be, Will Be", and Janet Sharp who played two piano solos, "Mocking Bird Hill," and "Poem."

Mrs. Lillie Mae Daughtery, county extension agent, introduced the achievement day judges, Sandra Marks, Doris Lee Thurman, Donna Carter and Mrs. Leon Marks, leader of the Cloverette 4-H club.

The event was sponsored by the Pleasant Hill Farm Bureau who served refreshments of pop, coffee and doughnuts during the evening.

Junior leaders who planned the program were Donna Pierce, Della Crocker and Judy Lovett.

Those winning ribbons were; Glennis Fahsholtz, blue ribbon in frozen foods; Veda Wilson,

red ribbon in embroidery; Betty Clark and Marilyn Pounds, blue ribbons in Home Living I; Janine Clark, Glennis Fahsholtz and Judy Donahey, blue ribbons in Home Living II and Veda Wilson, Dianne Baldrige and Gwinette Lovett, blue ribbons in Home Living III.

Janet Sharp received a blue ribbon on school appeal; Judy Lovett, blue ribbon in Baking IV, Vicki Lovett, blue ribbon in Home Beautification III.

In the gardening category, Wayne Fahsholtz, Lynell Lovett and Judy Lovett were given blue ribbons. Judy Lovett and Don Baldrige won blue ribbons and Janet Sharp received a red ribbon in Leathercraft I. Wayne Fahsholtz was given a blue ribbon and Lynell Lovett a red ribbon in Leathercraft II.

In the livestock division, Johnnie Pierce received a blue ribbon for his colt. Leon Smith received two blue ribbons and one red ribbon for his swine and Linda Crocker won a blue ribbon and two white ribbons on her rabbits.

Phyllis Kelley received two blue ribbons for showing livestock; Leon Kelley two red and one white ribbon for livestock and Gerald Weatherford received a red ribbon for swine.

## Pleasant Hill

BY DELLA CROCKER

Mr. and Mrs. Joe Richardson and children of St. Vrain, and Mr. and Mrs. Garland Screws and family of Midland visited in the home of their brother and family, Mr. and Mrs. Roy Richardson recently. The home of Mr. and Mrs. Travis Lloyd of Bovina was the scene of a family get-together Sunday. Those present were Mr. and Mrs. Barney Kelley and family, Mr. and Mrs. Homer Kelley, Mr. and Mrs. J. D. Kelley and family, Mr. and Mrs. Glenn Kelley and family, Mr. and Mrs. Bobby Englant and Mr. and Mrs. S. T. Lyon of Rindo Beach, Calif.

As seen in CHARM

STEER FANS AT THE BARBECUE will, after eating their fill, get a chance to see a sneak preview of the 1959 club. Here are three boys who will be Steer mainstays this year. Their buddies chose them to be tri-captains. Left to right: Jerry Lovelace, sophomore; Larry McDorman, senior; James Burleson, senior.

**Lovelace Plays With Sodbusters**

Johnny Lovelace, son of Mr. and Mrs. Charles Lovelace, was among the 24 outstanding players from the area's smaller schools to play on the Sodbusters team in the second annual Sodbuster -- City Slicker game held at Price College Stadium in Amarillo, Saturday. The City Slickers team was composed of athletes from the area's larger schools. Lovelace along with the other players on the Sodbusters team had been working out at Price college since August 17. The team was coached by Jack Barry, former Midwestern University and New York Giant footballer. After a thrilling climax to the game, the score read 12-6 in favor of the City Slickers. However, football fans from the area report that it really was an enjoyable game except for the score. Among local residents seen at the game were Mr. and Mrs. Woodrow Lovelace and Dianne,

Mr. and Mrs. John Getz and Mike, Mr. and Mrs. Gene Lovelace and Tommy, Mr. and Mrs. Darrell Norton, Mr. and Mrs. Joe Helton and Hal Ed, Mr. and Mrs. Dempsey Alexander, Mr. and Mrs. Charles Lovelace, Leon and Jerry, Charlie Christian, Jimmy Clements, Tommy Williams, Dicky Williams and Gerald Christian.

Lovelace, who has been an outstanding football player in high school, recently signed a letter of intent to play football with Texas Tech. He received a four year athletic scholarship to the college.

**REV. HARDWICK BACK FROM ARKANSAS**

Rev. William Hardwick, pastor of the Texico-Farwell Methodist Church returned recently from Fayetteville, Ark., where he attended the missionary conference of the South Central Jurisdiction of the Methodist Church.

He was in charge of the educational program of the district missionary secretaries from eight states.

Mr. and Mrs. Jim Moss and Glendon were Sunday visitors in the home of her parents, Mr. and Mrs. Fred Barker Sr. in Friona.

Visiting in the home of Mr. and Mrs. Felix Monroe last week were their daughter and her family, Mr. and Mrs. H. A. Hamm, Gary and Sharon from

Ft. Smith, Ark. Mrs. Dolly Nally is in Amarillo at the bedside of her sister, Mrs. J. N. Brewer, who is reported to be in serious con-

dition. Mr. and Mrs. R. D. Dale and daughter, Mrs. Yaunda Martin recently spent a week vacationing in Wheeler and Shamrock

and Erick and Oklahoma City, Okla. The J. B. Jennings family is vacationing in the mountains of New Mexico this week.

Mr. and Mrs. Andy Brown, Mr. and Mrs. Albert Clark and Mr. and Mrs. D. V. Ivy and Christy left Friday for a trip to Ruidoso.

**County**

made five. The bid selected was the highest of the group.

"The court felt that it was the best buy because of the equipment and everything considered," said Judge Loyde Brewer of the decision. He presides over the court and had the unusual role of voting to decide a tie.

The Oldsmobile is a four-door sedan equipped with automatic transmission, air conditioning, power steering, power brakes, and other accessories. The other Parmer implement bid was slightly lower for a car less completely equipped.

Reeve's bid was \$2905.70 for an Impala Chevrolet. The two bids on Fords were \$2841.28 and \$2691.28. A difference in air conditioning equipment was the main reason for the two bids from Friona Motors.

Sheriff Chas. Lovelace has been furnishing his own car for the duties of his office for many years. He has been paid mileage on his driving by the county. The court recently decided the county could own its own car as cheaply as pay mileage on the sheriff's, so a decision to invest in a car was made.

This is not the first time the county has owned a sheriff's department car, but it is the first time in recent years.

E. G. Phipps, Friona commissioner, motioned that the court take Reeve's bid. His action was seconded by Charlie Jefferson of Bovina. The motion was defeated by J. H. McDonald of Farwell, G. W. Crain of Lazbuddie, and Judge Brewer.

The motion that passed was made by McDonald and seconded by Crain. Phipps, Jefferson dissented and Judge Brewer affirmed.

In other business, the county made a \$27,369 transaction with Paul Davis of Midland, oil leasee. Involved was 354 acres of county school land in Gaines County, the lease being \$103.07 per acre. Term of the lease was five years.

The first credit union law in Texas was passed in 1913.

- Texico - Farwell -

STOP THE BAD ONES--A worker in the Gregory Produce shed at Lariat picks damaged potatoes and other foreign material that shouldn't go into the shed from the conveyor that takes the spuds from the water trough inside the shed to be graded and sacked.

## Potatoes Near Harvest Finale

Potato harvest at Lariat and Friona is drawing to a close with about one week to go at Lariat and two or three at Friona.

This year has seen the price dip under the profit line of about two dollars per hundred and stay there most of the year, which means that growers have generally marked this one off as a loss. Currently, No. 1's are selling for about \$1.85. Price has been as low as \$1.50 but growers have been reluctant to harvest them for anything under \$1.75.

Buck Gregory, owner of Gregory Produce in Lariat, says his shed will finish operations next week. The shed was closed for a period of two weeks recently because of an illness in the Gregory family. About 50 acres have yet to be harvested.

Gregory says the spuds have been in the ground so long that they now require "color wax"

before leaving the shed. Also, the ground has become so hard that it breaks into clods and the potatoes have to be gathered by hand.

"Growers can't make a profit selling potatoes at the price they've been all this season," Gregory says. "Most of them will lose money."

Yield in the Lariat area has been better than expected. Hail severely damaged the crop early in the summer and the vines recovered slowly. About a half crop was expected but Gregory says his crop turned out about 150 sacks per acre so far.

Friona Growers and Shippers have about three more weeks harvest to process. But carrots, which started coming into the shed Wednesday of last week have already taken the lime-light away from low-priced spuds.

John O'Haughterty, salesman

for the Friona concern, says this yield will apparently be good and the early harvested ones have been selling for \$20 per ton, which although it isn't top price, still leaves the grower room to make a good profit.

There are about 600 acres of carrots in the Friona area.

## THE PARMER FARMER

by W. H. Graham Jr.

The government has forecast a 10 to 15 percent decrease in the nation's production of grain sorghums this year (as compared with 1958), but to judge from the appearance of the crop on the Plains, our 1959 production will exceed considerably even last year's big crops.

One cannot help but wonder as he drives through the area, just where all that feed will go when it begins to come from the fields in a brownish-red torrent.

You may have noticed that during the past few weeks we have carried several articles

in this Farm and Home section devoted to the feeding of livestock on the farm. We plan to have more stories along the same line.

This is definitely an established trend, and it makes sense from several standpoints. We have the grain, and we can't sell it at a high price, so the idea is to "convert" it into eggs, poultry, pork or beef. Naturally, the success of this idea depends altogether on market conditions for these commodities into which the grain is converted.

In recent years (the past two especially) the low price of feed and the relatively high prices of beef products has made the practice worthwhile for red meat producers. And, feeding is definitely on the increase and will continue to grow in importance as the years roll by. The West Texas Chamber of Commerce conducted a survey which indicates that only about two-thirds enough beef is being produced in the Plains area to supply our own needs. . . the rest being "imported" from other parts of the nation. Clearly this is a situation that should be--and will be--corrected.

But, it will take time, and while this revolution in agriculture is taking place, what do we do with the three million acres of grain sorghum we'll have on the Plains this year? A good question. And there aren't any good answers. At least we haven't found anyone who thinks they have this problem figured out.

The result will be another year of low prices with Uncle Sam being the biggest customers.

"You don't mean to say you went to that expensive place to have your photograph taken?"

"But, my dear, they take marvelous photographs. Molly went there and you couldn't recognize her!"

# THE HIGH PLAINS FARM AND HOME

## Further Cotton Irrigation Will Damage Quality

Farmers will have to stop irrigating their cotton soon, regardless of the number of bolls it has put on to now, in order to harvest a crop of quality lint according to County Agent Joe Jones.

Jones says August 25 was the date cotton irrigation should have stopped, but if the first frost comes later than usual, irrigation might increase yields slightly. "Farmers can't hope for very

high yields and high quality both on cotton that was hailed out and had to be replanted late in the season," Jones says. He advises them to shoot for high quality since efforts for top yields will probably be nipped in the bud by winter.

As long as irrigation continues, the cotton will continue to put on new bolls and the old crop will mature more slowly than if hot dry conditions prevail. A cooler-than-usual summer with heavy rainfall have combined with the fact the crop was started late to make the time between now and the first freeze a cruel race.

"Any square put on after September 1, will not have time to make an opened boll," the county agent says. This statement is based on his experience in Parmer County, and information supplied by the Texas Agricultural Extension Service, which conducted experiments on the experiment station east of Lubbock.

According to a report published by the extension service, from 132 to 165 days are required for cotton to progress from planting to emergence. Included in this period are 50 to 65 days required for white blooms to become open bolls

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

President Roy V. Miller and Legislative Chairman H. P. Hamilton attended the District II Policy Development meeting in Lubbock last week. Reports on the Educational Forum in Salt Lake City a few weeks ago were heard. Aside from these reports, the meeting was devoted to working out means of getting people of local Farm Bureaus to express themselves in the coming annual meetings so that resolutions coming from these groups will actually represent the membership. These methods will be used in the October convention of Parmer County Farm Bureau which we hope all farm members will attend.

Following is information about an educational contest we are sponsoring locally: The United Nations has 18 initialed agencies and affiliates operating, plus 3 or 4 others being proposed by UN promoters.

We doubt that there are 1/2 dozen people in Parmer County who know the descriptive titles indicated by the initials of 1/2 dozen of these 18 UN agencies. We doubt that those who do, could give any idea of the stated objectives of those agencies they might name, to say nothing of the apparent non-stated objectives being promoted in the various fields of Internationalism, as opposed to Nationalism, which includes Americanism, through the United Nations.

Remember that it is through the UN that most of America's domestic and foreign decisions are being made. (The U. S. Supreme Court has frequently referred to the United Nations Charter in making final decisions) and that this is an important and powerful agency that is determining your future, and that of coming generations in America. We hope you will seriously evaluate its worth as

you consider it in the light of traditional Americanism.

We feel that we will be doing an educational service if we can encourage some study of this little-understood organization. We hope we find that someone know a lot of the answers, but you may win by answering just one. We hope there will be a lot of response from you, the people. To the man or boy, and woman or girl who gives the most correct answers to the questions below, we will gladly give a nice, new Timex Wrist Watch.

HERE ARE THE SIMPLE RULES OF THE CONTEST:

1. Give your name, Parmer County Address and age.
2. Mail or bring your written or typed paper to the Farm Bureau Office in Friona not later than October 1, 1959.

Here is what we would like to have you tell us:

1. How many times is the word CHRISTIAN and the name GOD, mentioned in the UN Charter or Creed?
2. Below are listed the 18 initialed, officially operating agencies of the United Nations, and one proposed additional agency.
  - A. Give the full title indicated by the initials.
  - B. Briefly state the intent or purpose of the agency.
 The agency initials are: 1. IAEA, 2. ILO, 3. FAO, 4. UNESCO, 5. WHO, 6. BANK, 7. IFC, 8. FUND, 9. IACO, 10. UPU, 11. ITU, 12. WMO, 13. IMCO, 14. GATT, 15. UNICEF, 16. UNHCR, 17. UNSF, and 18. UNEF. (19., SUNFED, is a proposed additional agency for which funds have not been appropriated).

and 20 to 25 days for bloom to become full grown bolls. A cool damp September could slow maturing and make even more blooms, and squares stop short of good quality cotton. So as farmers cut off their irrigation motors they can start hoping for a break in the relatively cool, shower punctuated weather that can cut this year's production drastically.

Old lady to little girl: "When I die, I'm going to leave all my money to my cat." Quickly the small child asked, "And when you die, will you please leave your cat to me?" PCICN

# THE HAPPY HOMEMAKER

BY JUNE FLOYD

With the beginning of school most homes in which school age children live will be keeping better schedules than have been kept during the summer. This is generally good and especially so from the standpoint of having regular hours for sleeping.

Most of us do not realize the importance of proper amounts of sleep for every member of our families. It is true that we can go for a period of time without enough sleep, but most medical authorities tell us that it is very unwise to do so. In a recent magazine article, written by a medical doctor, dealing especially with the health problems of older people the following statement appeared: "A person never outgrows the need for eight hours sleep and three pints of milk every twenty-four hours."

One of our favorite publications is Round Up of Oven Meals presented by Reddy Kilowatt. This pamphlet, published by the home service department of Southwestern Public Service Company, is available at any local office of the company.

If space permits, we plan to give you one complete oven meal

each week for the next few weeks. The first one consists of pork chops with olives, spicy onions, fresh frozen broccoli, nut bread, molded Waldorf salad and banana Betty.

**Procedure:** Place pork chops in a covered baking dish on the lower rack. Place onions in a covered casserole on the lower rack. Place frozen broccoli with 1/4 cup of water in a covered pan on either the lower or upper rack.

Place the nut bread, uncovered on the upper rack. Place banana Betty, uncovered, on the upper rack. Prepare salad in the morning. Just before serving unmold and garnish.

### PORK CHOPS AND OLIVES

- 6 pork chops
- 1/2 teaspoon salt
- dash of pepper
- 1 1/2 tablespoons shortening
- 1 5-oz. jar stuffed olives chopped (save liquid)
- 3/4 cup hot water
- 4 large potatoes, peeled
- 1 large onion, chopped

Sprinkle chops lightly with salt and pepper, and brown slowly in melted shortening in a heavy skillet. Add olives, olive juice and water and simmer for 10 minutes. Cut potatoes into fourths and place them in an oiled baking dish.

Sprinkle with onion and arrange chops on top. Pour liquid remaining in skillet over all. Cover and bake at 375 degrees for 50 minutes, or with an oven meal.

### SPICY ONIONS

- 12 medium onions
- 1/2 teaspoon salt
- dash of pepper
- 1/2 cup catsup
- 1/2 cup honey

Parboil onions 5 minutes.

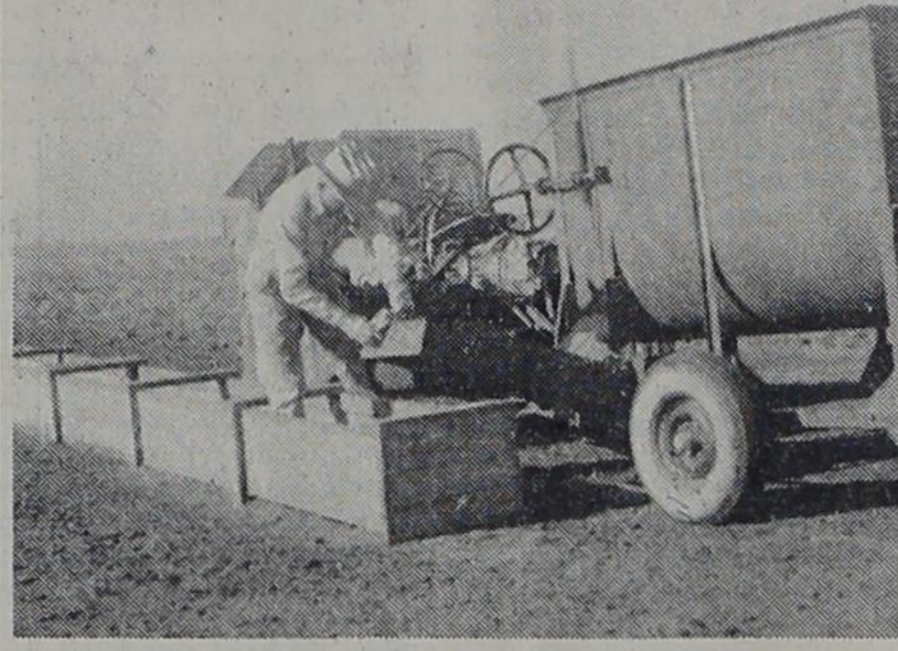

ANOTHER CATTLE FEEDING OPERATION is successfully engaged in by Joe Blair, who farms south of Texico-Farwell near the state line. Above is a bird's eye view of him at work giving his mixed herd of steers their "breakfast" of rolled oats and hulls. Below, he makes an adjustment on his home-made machine that takes the hard work out of getting feed to the stock. Blair fed about 100,000 pounds of grain last year, says he'll increase the use of this locally produced commodity this year. He has the herd on a quarter section that was once all in cultivation but since has been seeded back to grass and pasture (sudan) especially suitable for this.

Drain, season and place in an oiled baking dish. Combine catsup and honey and pour over onions. Cover and bake at 325 degrees. Yield 6 servings.

### NUT BREAD

- 1 tablespoon shortening
  - 1 cup sugar
  - 1 egg
  - 2 1/2 cups sifted enriched flour
  - 3 teaspoons baking powder
  - 1 cup milk
  - 1 cup chopped nuts
- Combine shortening, sugar and egg and beat well. Sift flour and baking powder together and add alternately with milk to the egg mixture. Add nuts and pour into an oiled loaf pan. Let stand for 20 minutes. Bake at 350 degrees for 50 minutes or with an oven yield.

**BANANA BETTY**  
4 medium bananas  
3 tablespoons sugar  
1/2 teaspoon cinnamon  
1 1/2 cups graham cracker crumbs (20 crackers)  
1/4 cup butter or margarine  
1 9-oz. can crushed pineapple  
few drops lemon or lime juice  
3 tablespoons honey

Peel bananas and slice 1/4" thick. Add sugar and cinnamon to crumbs and blend with softened butter. In a well oiled baking dish arrange alternate layers of crumbs, pineapple and bananas. On each layer of bananas add a few drops of

lemon juice and a little of the honey. Top crumbs: dot with butter. Bake at 350 degrees for 30 minutes. Serve plain or with lemon sauce.

**MOLDED WALDORF SALAD**  
1 package lemon gelatin  
1 cup hot water  
1/2 cup cold water  
1 1/2 cups diced red apples  
1/2 cup chopped nuts  
2 tablespoons sugar  
2 tablespoons lemon juice  
1 cup diced celery  
1/4 cup diced sweet pickles  
Dissolve gelatin in hot water. Add cold water and chill until

it begins to thicken. Combine apples, sugar and lemon juice; then add the remaining ingredients and fold into the gelatin. Pour into lightly oiled molds and chill until firm. Yield: 6 servings.

Add extra "zip" to green beans this way: In a 1-quart baking dish place 1 ten-ounce package frozen French-style green beans or fresh beans and 1/2 cup water. Cover and bake at 350 F. for 1 hour. Drain and pour over beans 2 tablespoons melted butter or margarine combined with 3 tablespoons chili sauce.

The Atlantic Ocean has an average depth of 12,880 feet. The Pacific Ocean averages 14,048 feet in depth.

# Parmer, Castro Continue To Lead in Irrigation

Parmer and Castro Counties continue to lead other counties in the High Plains Water District in acreage under irrigation. A survey recently completed by D. W. Sherrill, district irrigation agent, shows that Parmer farmers have 400,000 acres of land under irrigation and that their neighbors in Castro water 407,393 acres.

These figures were obtained in cooperation with county agents who keep close tab on the number of wells, the well output, and other factors on irrigation on the local level.

Statistics obtained from all over the district can be noted in the tabulations accompanying this story. Some things that need explanation or emphasis:

Parmer County is shown to have only 2,400 irrigation wells. This is considerably smaller than other counties which irrigate large acreages, and can

be accounted for by the comparatively large output of our wells on an individual basis.

That is, most Parmer County irrigation wells still pump a full 8-inch pipe. To the east and south, in many cases High Plains farmers have found it necessary to drill additional wells to maintain the pumping capacity once available with only one well. For example, notice how the number of wells in Lamb and Lubbock Counties is double that of Parmer.

Notice how a diminishing supply of water in the eastern counties, particularly Floyd, has encouraged recharge wells. (It also should be pointed out that much of the District's original recharge well emphasis began in the eastern counties.)

Also, the reduced supply available apparently has encouraged a much greater net-

work of underground concrete pipe in some counties, particularly Lamb and Lubbock.

## SOIL CONSERVATION DISTRICT NEWS

### OUR SOIL ★ OUR STRENGTH

Arrangements have been made for a wildlife meeting in the community room of Friona State Bank September 1st at 8 PM. A film entitled "Bobwhite through the Year" will be shown by Bob Cozier of the SCS. In this film, remarkable close-up photography allows the spectator to watch from a distance of only a few feet, a year in the life of a covey of bobwhite quail.

Beginning in the spring, a pair of quail hatches a brood of chicks and brings the strongest to adulthood by winter. It shows the importance of food and cover to quail and the benefits the birds get from the farmers' soil and water conservation measures.

Everyone interested in preservation of wildlife is invited to attend. Information on how and when to order quail will be available at the meeting.

The quail, pheasant, dove, rabbits and other wildlife grown on farms and ranches provides most of our hunting. Even big game such as deer, antelope, and wild turkey comes from privately owned lands.

Most of our wildlife crop is grown and harvested on land used mainly for cultivated crops and livestock. This means that farmers and ranchers are the key to abundant wildlife. Therefore, the land use decisions of farmers and ranchers can cause an abundance or a scarcity.

4-H COOKS pose with their products during the judging of the Parmer County 4-H bake show held in Farwell Monday. They are left to right Sherri Tannahill, Terry Sue Mabry, Pat Tannahill, Susan Blair, Patsy Chitwood, Judy Koelzer, and Carol Miller.

## Judy Billingsley Wins Bake Show

Judy Billingsley, daughter of Mr. and Mrs. Leon Billingsley of Farwell took first place honors at the county 4-H bake show held Monday at 9:30 at the Parmer County Court House. Her entry was banana nut bread and cookies. She will be the Parmer County entry at the Tri State Fair in Amarillo on September 19.

Miss Billingsley recently won first place in the county dress review and took part in the district contest in Amarillo.

Winning second place was Janice Billingsley, daughter of Mr. and Mrs. Leon Billingsley of Farwell and third place winners were Patsy Chitwood, daughter of Mr. and Mrs. Dee Chitwood of Lazbuddie and Judy Koelzer, daughter of Mr. and Mrs. B. N. Koelzer of Lazbuddie.

Entries this year were quick loaf bread, rolled cookies and 4-H food record books. They were judged by Mrs. Janie Fletcher, county Home Demonstration Agent from Carson County.

The girls served coffee and some of their bread and cookies to the county commissioners during the day to show how good "4-H cooks" really are.

Those entered in the contest were Marianna Gammon, Judy Koelzer, Carol Ann Miller, Marsella Mayfield, Katie Nell Blackstone, Linda Gleason, Sherri Tannahill, Patricia Tannahill, Susan Blair, Judy Bill-

ingsley, Janice Billingsley, Pat Chitwood and Terrie Sue Mabry, cookies and quick breads division; and Jeannie Blair and Judy Shirley in the quick bread division.

**IS YOUR WATER HEATER A DRIP?**

Do you wonder when that drip is going to turn into a geyser and your water heater is going to blow off like "Old Faithful?" You do? Well, you're in the market for a modern water heater — an electric water heater. Electric water heaters are just about childproof. They're insulated all over — the elements are inside out of sight — and they're flameless. Speed? Quick recovery electric water heaters will top any water heating method for speed. So if you want safety, speed, efficiency, cleanliness — and the hottest water inside with the coolest feeling outside — you want a quick recovery electric water heater.

**ASK ABOUT LOW WATER HEATING RATE!**  
You get real economy with Reddy's big bargain water heating.
