timers
5:15 P. M.--Introduction of Miss Farwell
5:45 P. M.--\$50 drawing
5:45 P. M.--Free barbecue
(The last five events will be at the Farwell
football field.)

FROM THE HOPPER

BY HOP JR.

Been run down by any motor scooters lately? If you haven't, it isn't because you haven't been exposed to the danger. Everybody who is anybody is on two wheels these days, and it looks as if you're chicken if you don't operate at full throttle 100 percent of the time. Also, you're looked on with disdain if you aren't equipped with "straights." We thought that the old Ford V-8's with their gutted mufflers made a lot of noise. Well, they're no match for three hot rod scooters digging out.

Actually, we're not against the younger set having scooters. When we were a good bit younger, we wished for one ourselves. As it turned out, we did end up with a Model A; so, we can understand how if we were entitled to Model A transportation and entertainment, scooter travel couldn't be much worse.

The difference in youngsters who drove old cars in the 1940's and youngsters who drive new scooters in the 1950's is their parents. The boys haven't changed. When we were in high school we liked to go fast just like today's teenagers do.

The difference was that when we did give in to that urge to floorboard it down Main Street the word soon reached the house and Mamma and Daddy had something to say besides "Good evening, son" when we got home for supper.

We seem to remember that other fellow hot rodders had the same trouble with their folks--at least the biggest part of them did. And another curious fact is that the ones whose parents didn't seem to care--the few of them that there were--still have adolescent tendencies 15 years later, and most of the "normal" children put away childish things when they have passed 20. The psychologists can probably explain this, but regardless of the theories, it does work well in practice.

Operators of any vehicle, be it a car, 15-ton truck, or motor scooter, are responsible to the public for the operation of these machines. The law provides that drivers must be licensed.

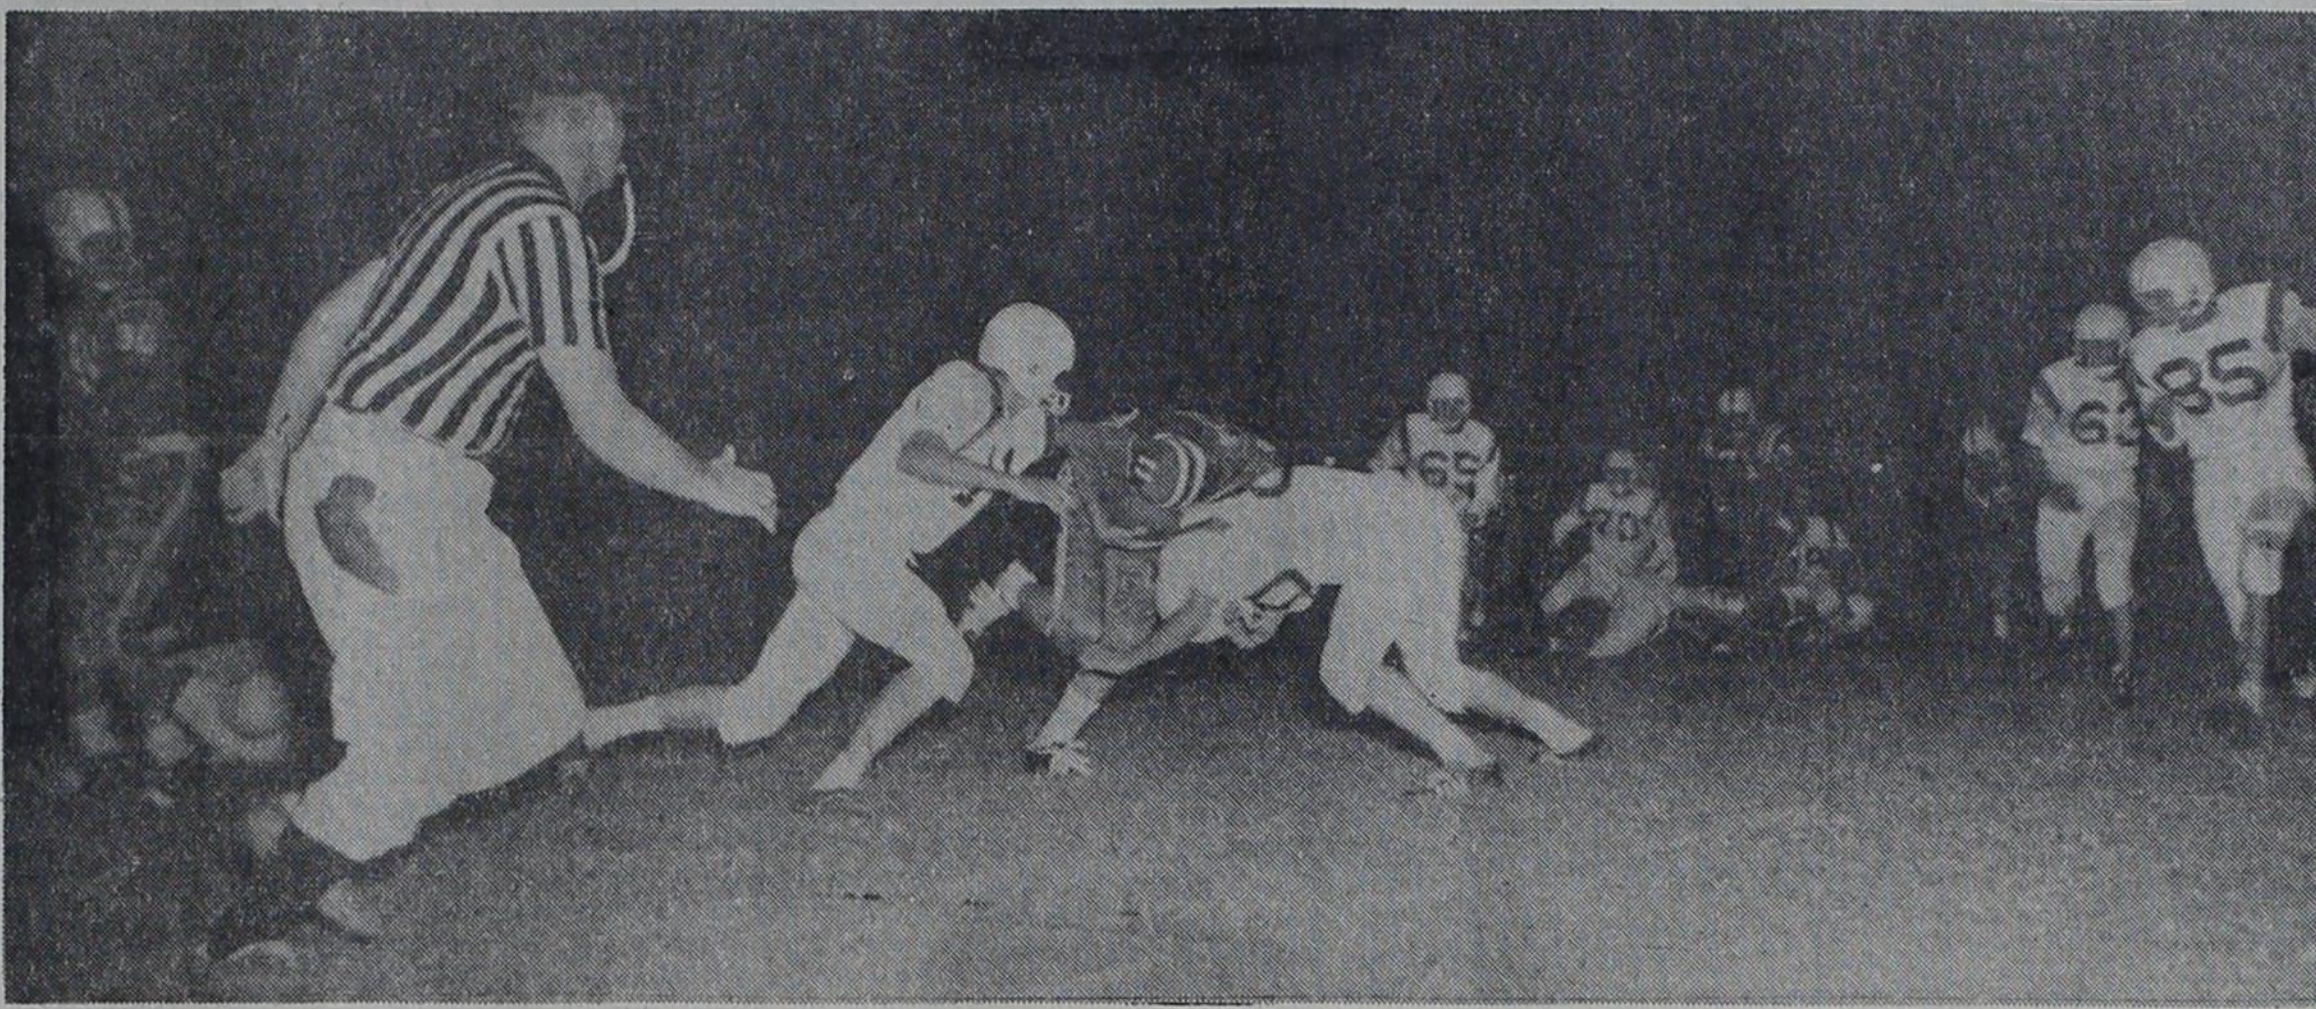

Personally, we're not so concerned with the licensing itself. A license in the hipocket of the town's most reckless driver doesn't make him one iota safer.

The thing we'd like to see is for the kids who have cars and scooters to start out right by learning first of all that they are at the controls of machines that can kill or maim themselves, their friends, or innocent bystanders. There will be some who will learn this lesson too late. To judge from the antics we see daily, these lessons are not far away.

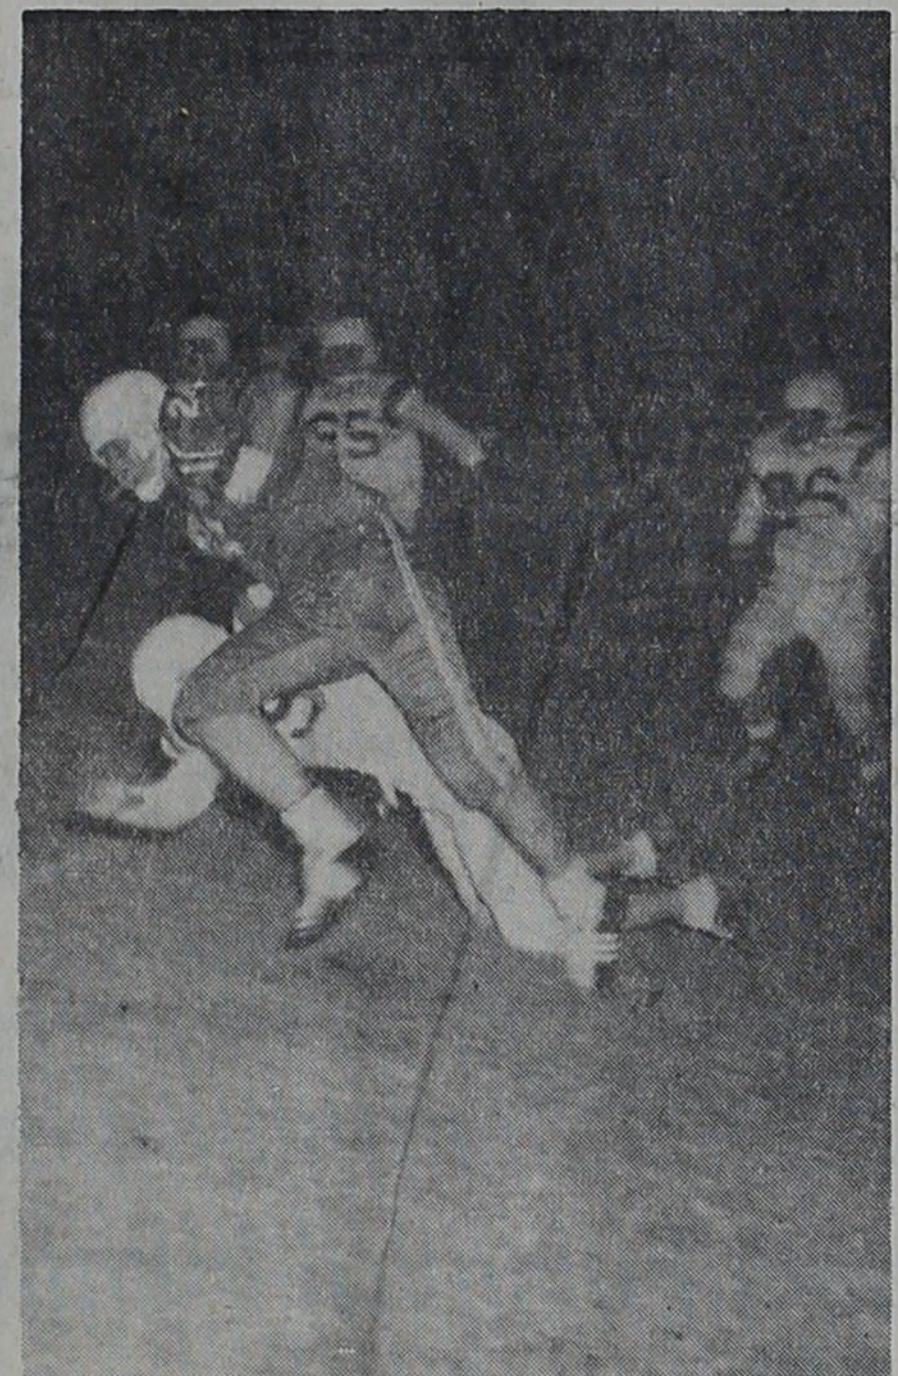

And if the kids are expected to be responsible for their cars and scooters, then the parents ought to be expected to be responsible for their kids. The "I don't care" curse which affects Americans in so many places is at its worst in parent-child relationships. The sooner we parents stop letting our children run the town the way they want to in their years of immature judgment, the closer we'll be to a civilized people again.

It's a good thing that The Tribune has its football contest going over so well. That's about the only kind of public relations effort that would be successful in the case of our football-fan friends.

We wounded them sorely in last week's paper by stating that the Farwell-Friona game would be played at 8:30. That caused a lot of folks to rush, rush at the last minute to make the opening kickoff, and a few (Continued on last page.)

BENJY DECIDED TO KEEP and clicked off four yards in the Farwell-Friona game Friday night. Diving in to nab him are Jackie Hight and Gary Bradley for the Chiefs.

LIKE HE HAD WINGS ON HIS FEET, Carroll Huggins, big but fast Steer halfback, skirts end for a nice gain against Friona. An unidentified Redskin brings him down.

Steers Clip Chiefs In Season Opener

Farwell's Steers, loaded last year, but supposed to be watered down heavily by graduation, rolled out their 1959 model Friday night and, to the surprise and delight of their fans and coaches, steamed past the AA Friona Chiefs with comparative ease.

It was revenge for the visitors from the county seat who last year were toppled by the Chiefs in a surprise attack at Farwell. Since it was the first game for both teams, there

wasn't much pre-game information in circulation, but few dopesters were picking the Steers to handle Friona so convincingly.

Farwell wasn't exactly bogged down in a running game, but it was their aerial attack that brought in the lion's share of the points, and speared the

Chief defense like daggers when the chips were down.

Benjy Dial, filling the big shoes of John Lovelace at quarterback, guided his club to within 11 yards of the goal in the second quarter after both teams had parried out strengths, and then tossed the ball to Carroll (Continued on last page.)

Hubbell Improving

Kerry Hubbell, 13-year-old son of Mr. and Mrs. Oris Hubbell, is reported to be improving following a motor scooter accident Monday afternoon.

The wreck happened at the Gifford Hill railroad crossing. The boy received several facial cuts and was suffering from shock. Kerry could not recall exactly how the accident happened.

The scooter, belonging to Billy Wayne McDonald, was slightly damaged.

Bussell Gets Life Sentence

John M. Bussell of Friona was found guilty of cattle theft and was also determined a habitual criminal in a case which was possibly the first a person has been tried in Parmer County on the latter offense.

The case was heard the first of the week in district court at Farwell with Bill Sheehan, district attorney, as prosecutor. A finding of guilty in a habitual criminal case automatically draws a life sentence, according to Sheriff Chas. Lovelace. Bussell was specifically

charged with stealing four calves from the ranch of W. D. Cooper, north of Friona, in April. The calves were taken to Memphis and sold. Lovelace says this was Bussell's fourth conviction in Texas and Oklahoma. Lovelace not only thinks that this is the first habitual criminal case ever heard in the county, but it is also probably the first life sentence ever imposed on a defendant. Bussell waived his sentence (Continued on last page.)

Texico Band Will Work As Slaves

A slave day and bake sale will be sponsored by the Texico School Band all day Saturday, according to Fred Danforth, band director. Proceeds will go to the organization to help defray expenses to the State Fair at Albuquerque, September 25.

Various jobs such as mowing lawns, ironing, cutting weeds, cleaning houses, baby sitting and washing cars will be performed by the band members, announces Charles Stockton, band president. Interested patrons may phone HU 2-3631 and leave their request. A band member will be on the tele-

(Continued on last page.)

Ownership Change Due At Farwell Feedlots

An ownership change for Farwell Feedlots will be effected October 1. Jewell Castor confirmed this week that he and Pike Jordon will have other persons in the organization soon. Castor has identified these as being Charlie Baxter of Clovis, Bill Baxter of Friona; and Lawrence Martin, also of Friona. All of the men expect to be active in management of the business.

Castor said Tuesday that there are some details to be worked out on the trade, and that it had not been decided yet, for instance, whether the business would continue to be operated as a partnership or whether incorporation would be effected.

But he did make it plain that both he and Jordon, who is his son-in-law, will stay in the business and remain active. "It's just that I'm trying to lighten up my work a little bit," he explained. "I'm under doctor's orders to slow down."

The feedlot operator indicated he still expects to continue sorting cattle and buying the feed. He's an old hand at this, Charlie Baxter will probably keep books and his brother, Bill, will probably be in the yard, Castor says. Jordon, who has been general manager, will continue in that role.

Castor built the feed pens

Selling Tickets To Ralls Meet

Wyle Bullock of Lazbuddie is distributing tickets to those who want to attend the Crosby County Farmer's Union meeting Sept. 22 at Ralls, he has announced.

To appear as speaker will be James Patton, national president of Farmers Union. He is also head of the International Federation of Agricultural Producers. Tony DeChant, national FU secretary, will also be on the program.

The banquet will begin at 7 p. m. and will be in the high school cafeteria. Already planning to go are Mr. and Mrs. Bullock, Mr. and Mrs. T. O. Lesley and Mr. and Mrs. Clayton Graef.

south of Texico-Farwell on the Texas side of the state line nine years ago. It was, and is, the biggest feeding operation in Parmer County and is the only "commercial" installation of its kind in the county. The lots survived the severe break in livestock prices of the early 1950's and continued to grow and expand. Present capacity is 8,000 head.

Castor and Jordon employ 15 persons for the pens and the farm that are operated jointly. The farmland, incidentally, is not involved in the transaction. Castor has 680 acres on the New Mexico side. Quite a bit of this cropland is devoted to producing commodities especially for the pen. This particularly applies to corn ensilage.

Walling Phillips Tie, 2nd Round Starts

The Tribune's first football contest for readers got off to a roaring start last week and ended the first round, surprisingly, in a tie.

From more than 30 entries, two contestants ended up not only picking all the winners, but selecting the same difference in points on the "tie-breaker" Farwell - Friona game.

Mitz Walling and Bunk Phil-

lips both picked Farwell over Friona, Lazbuddie over New Deal, Dimmitt over Perryton, Morton over Sudan, Canyon over Slaton, Clovis over Muleshoe, Tulla over Memphis, Dalhart over Tucumcari, Kress over Quitaque, and Sunray over Vega.

Then, in the selection that was supposed to settle any close races, Walling said Farwell (Continued on last page.)

The drawings will be at 10 a. m., 1 p. m., 3 p. m., and 5:45 p. m. The first three will be for \$25 each, and the last drawing will be for a \$50 prize pot. Drawings will be conducted at various spots up and down Main Street, but the \$50 one will be at the football field.

This last drawing will take place just after the results of the queen's contest are made known. "Miss Farwell" will be recognized and crowned by Clay Henson, Chamber of Commerce president.

The Miss Farwell contest is spearheaded by ESA sorority. The girl who receives the most votes (at 1 cent per ballot) (Continued on last page.)

Broom Sale Ready

Texico-Farwell Lions are ready with their annual broom sale. Stock arrived this week, and selling will get underway in earnest this weekend. Friday and Saturday are to be the big days.

Proceeds from sale of brooms will go into the Club's sight conservation fund.

Members will be out on the streets attempting to contact as many persons as possible, but they also request cooperation from businesses and households that may be missed.

"If you haven't been contacted by a Lion, just let us know and we'll send some brooms out your way," says Hurshel Harding, president.

LOCAL MAN INJURES FINGER WEDNESDAY

Bill Whitesides, who recently moved to Farwell from Bovina, was injured Wednesday afternoon while moving boxes at Sherley - Anderson - Pitman Grain Company.

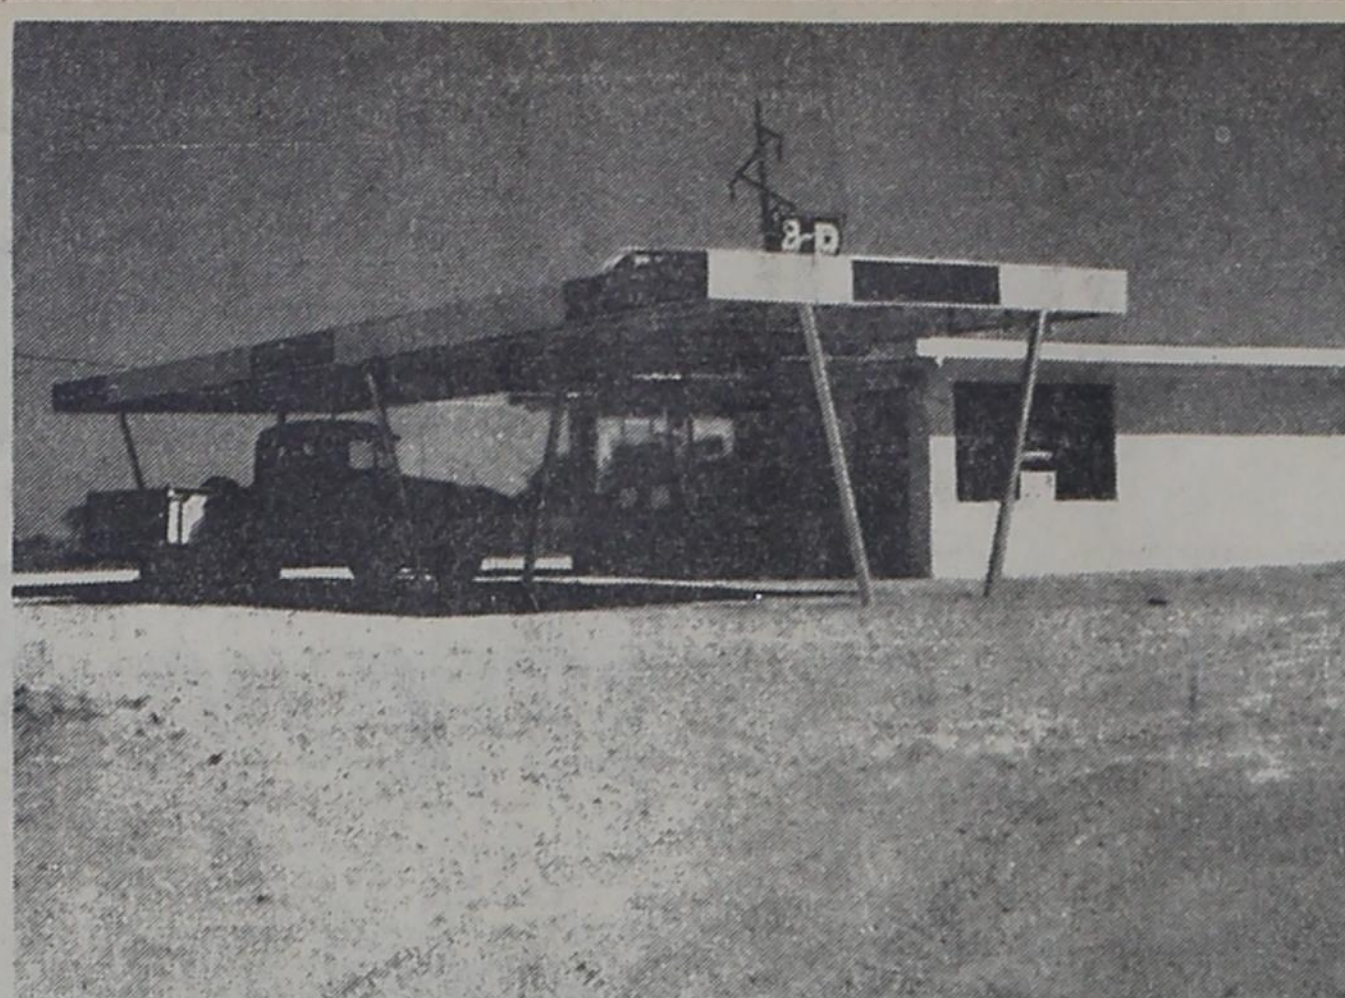

A pulley slammed down on his right forefinger mashing it severely. He was rushed to a doctor where the finger was amputated above the first joint. He is reported to be getting along fine by his wife.

RICKY HUBBEL IS MUCH IMPROVED

Ricky Hubbell, son of Mr. and Mrs. Oris Hubbell of Farwell, is reported to be in good condition by his father. Earlier in the year, the boy was put to bed with a case of rheumatic fever and it was not known how long he would be bedfast.

The boy progressed rapidly through the summer months and when he received a checkup shortly before school began, his parents were told he could attend school this year although his activities would be limited.

dren, John, Jackie, Jerry and Janie, from Engliside; Mr. and Mrs. R. J. Klump and Mr. and Mrs. H. H. Carlyle, Muleshoe; Mr. and Mrs. Nathan Harding, Odessa; and J. T. and N. R. Harding.

A NEW FACE went into place during the past week for Dykes Drive-In. The metal awning provides shade and protection from the elements for customers, in addition to improving the appearance of the business.

**JOTTIN'S
By Jeanne**

One of our neighboring publishers was bemoaning the fact that in the final rush of closing up the last press run, some local news stories were left out, and the oversight was discovered after the paper was in the mail. One of these caused some ruffled feelings, headed, and some readers had the idea the story was left out on purpose, which it wasn't.

We had the same thing to happen to us not long ago, it was pretty upsetting. We agree with our friend, leaving out a local news story is not good practice, and we never do it intentionally.

But we never have a week that we don't have more stories than we have space. We just have to do the best we can in getting the more important stories into the paper. Sometimes we miss.

If last week was an indication of interest, the football contest now in progress by the Tribune has created more talk than anything we've done in a long time.

We refuse to divulge the names of those who thought Friona could beat us. But it is lots of fun, and some of those guessers came so close, we

wondered if they had a crystal ball. We think this contest will be more fun as the weeks progress.

If at first you don't succeed--you're about average.

We had a note from Lawrence and Ester McKillip, former local residents who now live in Excelsior Springs, Mo. We were so pleased to hear from the McKillips and to learn of the coming marriage of their daughter, Ina Jean.

The McKillips still take the paper and keep in touch with their old friends here. She says: "We really enjoy it, and feel close to Farwell when we read the paper. However, we like it fine here and think it's a wonderful place to live. People are all so nice and friendly. We have found just what we have wanted for years."

It won't be long now--fall is practically with us. And hot spicy punch is a treat after a football game, for refreshments at a club meeting, or for something special for the family.

We have several recipes for hot punch, but we found a new one this week and tried it. It passed the test--the spouse likes it.

HOT BUTTERED CRANBERRY PUNCH
3/4 cup brown sugar, packed
1 cup water
1/4 teaspoon salt
1/4 teaspoon nutmeg
1/2 teaspoon cinnamon
1/2 teaspoon ground allspice
3/4 teaspoon ground cloves
2 cans jellied cranberry sauce
3 cups water
1 qt., canned pineapple juice
Butter or margarine (if desired)
Cinnamon sticks (optional)
In large saucepan, bring to boil sugar, 1 cup water, salt, spices. In kettle, crush cranberry sauce with fork. Add 3 cups water; with egg beater,

beat till smooth. Add pineapple juice, hot syrup; simmer about 5 min. At serving time, heat punch over low heat; ladle into cups or mugs, add dots of butter if desired. Serve with cinnamon-stick stirrers for festive occasions. Makes 2 1/2 qts.

See An Error? Wanna Try It!

You think you have troubles. The Tribune staff estimates that there are about 122,880 chances to make a mistake in the news column in each typical 8-page copy of the paper. So, if the critics find some errors, they might do well to consider the odds.

This is figured by multiplying the 8 pages by the 8 columns on each page, by 20 inches to each column, times 8 lines to each inch, times 30 strokes to each line, for a total of 307,200. But since the advertising takes up a large percentage of space, the possibilities of news errors are cut down.

It would be almost impossible to figure the odds on the ads.

PICNIC HONORS VISITORS SUNDAY

Mrs. Joe Cox, Fontella and Clint of Holbrook, Ariz., arrived Saturday morning to visit with the Guy Coxes of Farwell and Juel Treiders of Lazbuddie. They plan to be here about 10 days.

Sunday they were honored with a picnic. The picnic also honored Mrs. Billy B. Sinclair of Salinas, Calif. Those attending were Mr. and Mrs. Juel Treider, Mr. and Mrs. Larry Treider and Tammy, Mrs. Joe Cox and children, Mr. and Mrs. B. E. Sinclair of Dimmitt, Mrs. James A. Cox, Mr. and Mrs. Walter Cox and children of Amherst, Mr. and Mrs. Bunk Phillips and children and Mr. and Mrs. Guy Cox.

Oklahoma Lane Methodist Mentions

Attendance at the Sunday morning worship service was 78. Rev. Bill Hardwick, pastor of the Texico-Farwell Methodist Church, brought the morning message, "Barnabas Fellowship." Attendance Sunday evening was 50. Larry Cooper, a student at McMurry College in Abilene and a former member of the church, brought the evening message.

A Junior MYF group was organized Sunday night and all boys and girls ages 9 to 12 are invited to join this group. Their director is Mrs. Melborn Jones.

A class was begun for children 6-9. They are to meet at 7:15 every Sunday night. Mrs. Merrill Rundell is their teacher.

A joint meeting of the Naomi and Ruth circles of the WSCS met at the church Monday afternoon. New yearbooks were presented and prayer pals were drawn for the new year. The program, directed by Mrs. Lee Jones, was entitled "There's a Light Upon the Mountain," Mrs. George Lindop gave the meditation.

Those present were Mesdames George Douglas, John West, George Lindop, J. R. Wood, C. C. Christian, R. E. Blaken-ship, Lawrence Cooper, Lee Jones, T. L. Kent, Melborn Jones, Merrill Rundell, Norman Head, Wendol Christian, Wayne Foster, Donald Christian and Troy Christian.

Rev. J. R. Wood, pastor of the church, is improving rapidly. He was released from the Methodist Memorial Hospital in Lubbock Friday, where he had been treated for encephalitis. Although he has improved some, it will be about 2 weeks before he will be able to sit up and move around.

Mr. and Mrs. Jim Moss and Glendon and Mrs. Jerry Henson visited Sunday in Portales with Mr. and Mrs. Jimmy Moss. Visiting in the home of Mr. and Mrs. Bob Hart during the week were Mr. and Mrs. Lee Johnson from Dallas.

By PAT

There is some talk around Farwell that Dolph Moten or Sonny Graham one should be in out of town. I'm all for it. The next time that a football game starts at 8:30 and I get there after the game has already started those two characters had better be out of town. By the way, if you didn't get to see the game with Friona you missed a good game and let's all join Bovina Friday night and let's betting the game doesn't start at 8:30.

Would you spend 10 cents to make a profit of \$8.10? Tests that have been conducted show that the treatment of wheat seed with ceresan will make an average of 4.6 bu. more per acre. You can expect better stands from treated wheat and no losses from smut at harvest time. We are equipped at Golden West to clean and treat your wheat for smut with liquid ceresan. During the past couple of weeks we have cleaned and treated a couple of loads for A. D. Kirk, four loads for Buel Jennings, a load for Roy M. Potts, a couple of loads for Leon Marks, and a load for Murray White. Check with Golden West for custom treating and we have eight varieties of certified wheat for sale.

If you live long enough, you just naturally should learn a little something new, even by accident. Now take this helpful information that I picked up from Bill Meeks the other day. To tell if a watermelon is ripe take a broom straw and lay on top of it crossways; if the melon is ripe, the broom straw will turn lengthways; if green, it will remain in the original position. Now this sounded like some witchcraft that Bill pickup up, or the sun got too hot on his head the last time he was at Conchas.

Of Interest To THE WOMEN

Bridal Shower Honors Miss Darlene Day

A traditional white Bible service was given Miss Darlene Day, bride-elect of Buford Watson, when she was honored with a shower in the Texico Baptist Church Thursday.

During the service she was presented with a white Bible by Mrs. Buddy Pearce, leader of the YWA of the Baptist Church. After the presentation, members of the class came forward to light candles of various colors from a central candle, and to wish Miss Day the happiness that the candle signified. Mrs. Murry White was accompanied by her daughter, Carol, as she sang "Bless This House."

Hostesses for the shower were Mesdames M. H. Potter, Jim Moss, J. E. Stone, Tena Roth, Olan Schleuter, Guy Cox, D. J. Brown, Anson Bowers, John Lockhart, L. A. Pearce and Al-lie Burris.

The serving table was laid with a white cutwork cloth over orchid and was centered with a bouquet of orchid flowers arranged in a rectangular white dish. The arrangement was atop a round mirror. Refreshments of orchid lemonade and cookies were served with nuts and mints. A crystal service and wedding napkins were used. Miss Day was assisted in opening the gifts by her mother and the bridegroom-elect's mother. They were each presented white carnation corsages tied with orchid ribbon.

Those attending the shower were Mesdames C. W. Stallings,

Delbert Watson, T. W. Watson, Ray Tharp, F. S. Thigpen, Glen Singleterry, Johnny Chappell, J. O. Ford, Jerry Henson, Jim Moss, Milton Henson, S. O. Billington, Marie Wall, Murry White, Russell Johnson, Avis Patterson, Lela Stockton, Tena Roth, Anson Bowers, Buck Doran, Troy Lovett, Edna Hockenhull, Rhea Cottle, L. D. Potter, Lloyd Spies, Bud Pearce and Lynette Thompson.

Also Misses Fern Smith, Gayle Potts, Koleta Doshier, Carmelita Doshier, Wanda Raye Burris, Yvonne Spies, Lynell Lovett, Carol Bell, Beth Ellen Peyton, Ann Spies, Jerri Thigpen, Pat Patterson, Pauline Servatius, Jean Hadley, Gale Hadley, Joyce Gillean, Verlene Thigpen, Barbara Chappell, Jo-anne Brown, Christy Bowers and Connie Tharp.

ESA Plans First Meeting Monday

The first business meeting of the new club year is planned Monday night by members of Theta Rho chapter of ESA, with Mrs. Bert Williams heading the organization.

Mrs. M. C. Roberts, educational director, will fete the group with a Mexican supper previous to the session and the meeting will follow in her home in Clovis. Members will meet at 7:30 at the restaurant.

Gleaners Class Has Meeting

The Gleaners Class of the Farwell Baptist Church met for a regular meeting Monday evening in the home of Mrs. Dale McCuan.

During the business meeting, officers and a teacher were elected for the coming year. They were president, Mrs. M. Walker; vice president, Mrs. Raymond Martin; secretary-treasurer, Mrs. Nadine Rundell; assistant secretary, Mrs. Bruce Blair; group captains, Mrs. Clarence Johnson, Mrs. Mem Sprowls, Mrs. Virgil Schell, and Mrs. Clay Henson; class ministriss, Mrs. R. T. Langston; social committee, Mrs. John Range, Mrs. Otis Huggins; teacher, Mrs. Clytie Seale; and assistant teacher, Mrs. Dora Johnson.

Refreshments of cookies, coffee and pops were served to Mesdames Mem Sprowls, M. Walker, Otis Huggins, Dale McCuan, Elmas Karnes, Asa Smith, Nadine Rundell, Bruce Blair, Dora Johnson and Raymond Martin.

Visiting in the home of Mr. and Mrs. John Adridge is Dr. Bernard Zimmel from Houston.

Susanah Class Has Meeting

The Susanah Class of the Ham-lin Memorial Methodist Church met for a regular meeting in the home of Mrs. E. G. Blair Tuesday.

Sixteen members and one visitor were present for the meeting. Mrs. B. N. Graham gave the devotional on the "Ten Commandments," and Mrs. N. G. Tharp led the prayer.

Refreshments of banana cake and ice cream were served by the hostess to Mesdames Ruby Dixon, Anne Overstreet, Elmer Teel, G. W. Atchley, E. E. Booth, Jess Newton, Claude White, Ralph Humble, Lena Yoder, James Cox, Roy Thornton, B. N. Graham, N. L. Tharp, Albert Thomas, Bill Foster and Miss Laura Temple.

Steak Supper Fetes Randols

A family get-together was held on the patio of the Ebb Randol home Thursday evening. Char-coal broiled steaks and all the trimmings were served with ice cream and cake. Hugh Edwards from Clovis, who has a neighborhood reputation for cooking good steaks, served as chef.

The occasion was to honor Glenna Ruth Davis, who left Sunday afternoon for ACC in Abilene where she will enter her senior year. The party also honored Dennis Dean Edwards, who will leave this weekend for Albuquerque, where he will enter his freshman year at the University.

Also, the get-together was in honor of Mrs. Wessie Edward's birthday.

Those attending were Mr. and Mrs. Hugh Edwards and Dennis Dean from Clovis, Mr. and Mrs. Carl Davis, Glenna Ruth and Carl Glen, Mr. and Mrs. James Spurlin, Vickie and James Randol, T. J. Randol and Mr. and Mrs. Ebb Randol.

Emalee Tucker Drum Major

Two majorettes and a new drum major have been elected for the coming year at Farwell High School. Emalee Tucker, daughter of Mr. and Mrs. R. B. Tucker, was elected drum major of the band, after trying out for the position for two days. She is a senior.

Donna and Sue Cole, sisters who recently moved here from Hereford, were elected to fill the majorette vacancies left by graduation. They had been twirlers in the Tullia school system.

Other twirlers will be Carolyn Watts and Sharon Coffman. Sharon will also serve as assistant drum major.

The Variety Club will hold their regular meeting in the home of Mrs. Bill Foster Wednesday, September 16. Members are asked to bring their own work.

LOOKING FOR A NUMBER in the new Mountain States Telephone book is Mrs. J. T. Lockhart of Texico. The directories were issued last week and serve the entire area surrounding Clovis.

Yearly Telephone Books Issued Here Last Week

Once again as September rolls around, a new telephone directory is issued in the Twin Cities. The directory serves Texico, Farwell, Arch, Bellview, Causey, Dora, Elida, Floyd, Grady, Milnesand, Oklahoma Lane, Portales, Clovis, Pleasant Hill, Ragland, Ranchvale, South Clovis, and Weber City.

In the local area, including Oklahoma Lane, Texico and Farwell, a total of 619 in 1958.

Each of the three local communities have more phones connected than last year.

Oklahoma Lane has 149 compared with 146 last year; Farwell 335 compared to 323 and Texico, 160, compared to 150 in 1958.

By using the total number of phones in Texico-Farwell as a basis an estimated number for the population of the two cities has been set at 2061.

Lutheran Ladies Missionary League Has Meeting

The Lutheran Women's Missionary League met for a regular meeting September 3 in the parish hall of the Church.

The opening hymn and prayer was led by Mrs. Gladys Kaltwasser, president of the league.

Marvin Waltons Have Baby Son

Mr. and Mrs. Marvin Walton became the proud parents of a boy on August 7. The little boy, born prematurely, weighed 4 lb. 10 oz. at birth and has been named Timothy Lester.

Grandparents of the little boy are Mr. and Mrs. E. F. Walton of Texico and Mr. and Mrs. Marshall Palmateer of Clovis.

Mrs. Walton had been involved in a wreck four days prior to the baby's birth and is reported to be in much better condition now. She suffered a broken right wrist and a crushed right knee cap.

Mr. and Mrs. Roy Fox and daughter were visitors of The State Line Tribune and Mr. and Mrs. W. H. Graham Jr. Saturday. Fox is co-publisher of the Colorado City Record and his wife teaches in the schools there.

The family was enroute to Santa Fe and Taos for a visit to points of interest over the weekend.

Singleterry Receives Scholarship To ENMU

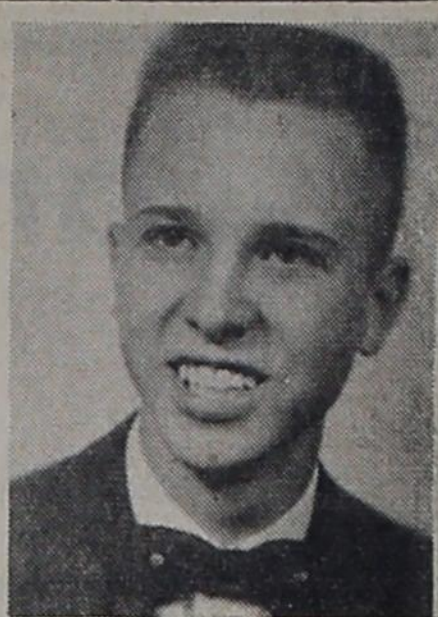

Monte Singleterry, son of Mr. and Mrs. Glenn Singleterry, of Texico has been notified that he is the recipient of a second scholarship to ENMU.

Earlier in the year, Monte received a \$100 tuition scholarship from the University. It will be renewed each year if a high grade average is maintained.

Last week, he was notified that he would receive another scholarship to the college. The scholarship for \$250 was awarded by New Mexico Petroleum industries. He was recommended for the scholarship by the University after careful study of his previous school records.

Singleterry, a 1959 graduate of Texico High School, has been

active in all phases of school work. He was valedictorian of both the eighth grade and senior class, was awarded the outstanding typist award by the Underwood Typewriter Company, was given the M. C. Roberts award, was elected best all-around student and lettered in softball, basketball and track. He was also a member of the student council, band and business education clubs.

Lloyd Means Takes Over Station Master Duties

A NEW FACE you will be seeing in Farwell during the weeks to come is that of Lloyd H. Means, station master at the freight depot.

Lloyd H. Means recently took over the job of station master at the freight depot in Farwell. He has been working there about a month and reported that he was well pleased with his new job.

Means is no newcomer to this area having been associated with the Santa Fe in Bovina, Clovis and several other area towns. He was born in Clovis and during his early childhood moved to Waynoka, Okla., where he grew up.

About eight years ago, Means was employed in Farwell with the railroad; therefore, the job was not completely new to him. He has had 17 years of experience with the railroad, all of it with the Santa Fe line.

Although Means, his wife, Betty, and son, Mark are living in Clovis now, they are making plans to build a home in Farwell in the near future. Their 11-year-old-son, Mark, is enrolled in the fifth grade at Farwell. He is their only child.

Mean's parents, Mr. and Mrs. C. C. Means live in Clovis and he has a brother, Maurice, who lives in Hereford. He also has a sister who lives in Vancouver, Wash.

SANDY HART IS DOING FINE

Sandy Hart, small son of Mr. and Mrs. Bob Hart, suffered a concussion when he fell at his home Monday of last week. The lad went into shock following the accident but after regaining consciousness he improved rapidly and suffered no after effects.

Mr. and Mrs. Raymond Yoder of Minco, Okla. visited in Texico over the weekend with his mother, Mrs. Lena Yoder and a brother, Edward. They were overnight guests Sunday in the home of Mr. and Mrs. Monty Parsons.

Texico — Farwell Bands Organize

Both schools in the Twin Cities report that approximately 50 persons are enrolled in band this year.

Fred Danforth, director of the Texico band, reports that in the high school band there are over 50 enrolled. In the intermediate band there are 20 and 10 are enrolled in the beginners band.

Plans are for the group to appear at the Tri-State fair in Amarillo and at the New Mexico State Fair in Albuquerque.

Miss D'rene Danforth will be drum major this year. She is the daughter of Mr. and Mrs. Fred Danforth. One new twirler has been chosen, Carol White, daughter of Mr. and Mrs. Murry White. Other twirlers are Connie and Judy Tharp and Beth Ellen Peyton.

Danforth also reported that he has over 40 persons enrolled in chorus this year, and is well pleased with the progress they have made thus far.

Bill Bradley, director of the Farwell High School band, reported that the band will make their first public appearance on September 18 at the first home football game.

Several changes are being made in the marching procedure this year. The band will be spaced in squads with each squad containing four persons. Drag turns, pivots, 270 degree turns and whip turns are some of the new steps the director hopes to use.

JIMMIE WAINSCOTT ATTENDS FUNERAL

Miss Jimmie Lou Waincott was in Olney Sunday to attend the funeral services for her uncle, George Williams. Williams died last week. He was 87 years of age.

Pleasant Hill

Members of the Clark family attending a family picnic held at Clovis Park Saturday night were Mr. and Mrs. Paul Clark and daughter, Alamogordo; Mr. and Mrs. C. M. Clark, Mr. and Mrs. Maurice Clark and family, Mr. and Mrs. Alvis Clark and family all from Texico; and Mr. and Mrs. Donald Clark and family from Clovis. Also Mr. and Mrs. W. D. Gattis and son, Leon Baumgartner, Seattle, Wash.; Mrs. Lena Goodman and girls and Mrs. Faye Baumgartner.

Mr. and Mrs. Troy Lovett and girls made a trip to Lubbock and Plainview Saturday. They enrolled Lynell in her sophomore year at Wayland Baptist College.

Mr. and Mrs. Walter Crocker and children attended the wedding of Aline Crocker and Kenneth Waide Sunday at Beth Baptist Church in Portales.

Mr. and Mrs. Donald Lee and family from California and Mrs. Dewey Pierce and boys were dinner guests of Mrs. Pierce's parents, Mr. and Mrs. Forest Lee of Clovis.

Mr. and Mrs. M. C. Duffey from Tahoka visited with their daughter and family, Rev. and Mrs. Charles Jones Tuesday.

Mr. and Mrs. J. E. Wall of Clovis were Sunday visitors in the Roy Richardson home.

Mr. and Mrs. Larry Spears of Portales were Monday guests in the Glenn Singleterry home.

Mr. and Mrs. Warn Tuckness and Bryan from Amarillo visited her brother and family, the Glenn Singleterry recently.

Pleasant Hill Cottage Prayer meeting was at the R. M. Walker home Saturday night. Della Crocker brought the devotional. Games were played and refreshments were served to Rev. Charles Jones; Monte and Gary Singleterry; Loyce, Boyce, Lena Mae, Carol and Dale Brown; Lucille and Sandra Lamb; Della and Linda Crocker; Mr. and Mrs. Troy Lovett, Judy and Gwintet; Mrs. Grace Dane, Marjorie, Jackie, Mary and Johnny; and Mr. and Mrs. R. M. Walker, Jerry, Weidon, Sarah Beth and Bobby.

Mr. and Mrs. Clayton Turner and family from Mesa, Ariz., visited in the Bob Servatius home recently.

Mr. and Mrs. Bob Servatius and Mr. and Mrs. Clayton Turner and their families were in Anton to attend the Anderson family reunion recently.

Mr. and Mrs. Clarence Brown and family were in Tucumcari to visit with his brother and family, the Jim Browns, recently.

Mr. and Mrs. Buck Taylor and Mr. and Mrs. Cecil Osborn were in Anton recently to attend the Anderson family reunion.

Supper guests in the Bob Servatius home Friday were Mr. and Mrs. Clarence Anderson, Bud and Marrison.

Mr. and Mrs. Jim Owens from Tulla spent the weekend with her sister and family, Mr. and Mrs. B. K. Bell and family.

Mr. and Mrs. Barney Kelley, Mr. and Mrs. Homer Kelley, and J. D. attended funeral services for Otis Branscum Friday.

Weekend guests in the Floyd Bocox home were Mr. and Mrs. M. M. Spencer and sons from Guymon, Okla., and Mr. and Mrs. L. E. Bocox from Borger.

The Pleasant Hill 4-H club will meet Thursday night. Members are reminded to bring record books to work on.

Guests in the Vernie Sharp home recently were Mr. and Mrs. R. D. Keeney and family from Albuquerque.

Sunday visitors in the Hubert Talley home were Mrs. Jodie Martin, Mrs. Pearl Anthony, Pearl Talley and Bill Jo Anthony.

Steve Hurst, and Vicki and Don Lovett visited with Donna Kay Pierce in Plainview, Sunday.

A-Day

will be declared winner. Miss Farwell will receive a bevy of attractive gifts, including a gift from Fern's, compact from ESA, plant from Flowerland, stationery from The Tribune, and cosmetics from Nell Walling.

She will be official hostess for the Chamber of Commerce during the coming year.

Proceeds from the contest will go into the sorority's Christmas fund, which furnishes kiddies a Yuletide party in the Twin Cities each season.

A talent show scheduled to be Saturday afternoon was cancelled for lack of interest.

All votes for the queen's race must be turned in by 6 Friday afternoon.

Before the coronation, the Farwell High School band, under the direction of Bill Bradley, will play. All of this activity will take place at the field where a stage is being prepared for the presentation.

Charlie Phillips and his Sugartimers have agreed to appear as a special entertainment feature.

Young ladies who are competing for the title of Miss Farwell are Darlene Hromas, Joan Hubbell, Sharon Coffman, Ruby Hillock, Fern Smith, Joan Potts, Jolene Donaldson, Jeanette Lindopp, Pat Sprowls, Bonnie Cochran, Judy Billingsley, Martha Blair, Carol Hukill, Carolyn Watts, Karen Schell, Zell Billingsley, Jo Potts, Carolyn Rounton, Janice Hillock, Belva Christian, Alice Ramm, Shirlene Martin, Iris Goldsmith, Dianne Barnes, June Ritchie, Katherine Billington, and Carole Latham.

Right alongside the queen's contest as a big event of the day will be the free barbecue, which will start at 5:30 and which will be served by members of the Chamber.

Six sponsors are footing the bill for the barbecue, and preparations are being made to serve up to 1000 people. As this is the first time a free barbecue has been offered in recent years in connection with such an event, C of C leaders aren't sure what to expect, but they say they'll be ready.

Businesses paying for this special A-Day feature include Shirley - Anderson - Pittman, Security State Bank, Gifford-Hill Western, Farwell Fertilizer, Nickel's Gin, and Worley Mills.

Scouters will cook the barbecue, which will feature beef, beans, onions, cole slaw, bread, pickles, and drinks.

and will be transported to the state penitentiary right away, says Lovelace.

Contest

would win 21 to 7, and Phillips said the Steers would win 22 to 6. The guessperts picked different scores, but their errors amounted to the same difference!

This confounded The Tribune, which judged the entries, but it was decided to join the second and first place cash awards, name a tie for first, and give both men \$4 in prize money. It was not expected that the crystal-gazers would be so accurate, but they have displayed their skill in opening games.

Jim Terrell came in third. He also picked all nine winning teams but predicted the Farwell-Friona score at 13 to 8.

MEXICAN SUPPER WILL BE AT WOMAN'S CLUB

The United Pentecostal Church of Texico is sponsoring a Mexican supper at the Texico Woman's Club building tonight (Thursday) at 6. The complete supper is \$1 a plate.

Texico Softball Teams Win Season Openers

Texico softball teams began the 1959 softball season in style Friday night when they defeated both Logan teams.

The girls team, backed by the pitching of Connie Tharp and Joan Brown, walloped Logan to the tune of 32-6. The team was never in trouble throughout the game as they scored 9 runs during the first inning and 8 in the second. The Texico lasses had 17 runs before Logan scored. Valeria Meier knocked the only home run of the evening. Connie Tharp allowed only 2 runs while on the mound and Joan Brown allowed 4.

The boys team had trouble getting started and at the bottom of the third inning, Logan had surged ahead of the local team 6-5, but in the fourth inning they came back to add 3 tallies and hold their opponents to only 1, making the score read 8-7. In the fifth inning, they added 7 more points and were in no trouble during the remainder of the game, winning by a score of 18-11.

Ursel Doran and Larry Powell shared mound duties for the team.

The teams traveled to Logan on the newly purchased activity bus. The bus is large enough to carry both teams and will also be used for band trips and other school activities.

Schedule for the high school teams will be September 11, Grady at Texico; Sept. 18, Texico at House; Sept. 25, junior high and senior high girls at Melrose; Oct. 2, Texico at Grady; Oct. 6, and House at Texico.

Tomorrow night's game will be played at the Clovis softball park at 7:30. No admission will be charged for the game.

Dates for the softball tournaments will be October 9-10, girls softball play day at Grady. Only one trophy, a sportsmanship trophy, will be awarded at the girls tournament.

The boys tournament will be a week later, Oct. 16-17 at Logan.

Hops -

fans to actually miss some of the first plays.

We apologize to one and all for this boo-boo. We could offer an alibi in a weak effort at self defense, but at this stage of the game it's useless. You will note that there is no mention of game time appearing in the Farwell-Bovina story this week.

We will now point out that the kickoff will be at 8 p. m. Since nobody believes what they read in this column anyway, we feel safe in making this statement.

Band -

phone duty all day to relay the job orders to members.

Farwell

Play Bovina Friday Night

STORY STARTS ON FRONT PAGE

Huggins, the Steers' big, but fleet halfback, who charged through for first blood.

Farwell failed to convert--a deficiency they exhibited on three other occasions during the evening, but they managed to lead by six points at the half.

The Steers relinquished their margin for a short time in the third quarter when Ronnie Casleberry of Friona scored the Chiefs' lone TD on a pass. Then the Redskins pushed over their extra point to lead 8-6.

Palpatings of home town fans simmered down within a few minutes, though, when Farwell regained composure and scored for the second time before the third quarter ended.

This time Dial exhibited his passing arm, whipping it to Bill Owen, left end, who scored and put Farwell ahead again.

Diminutive Jimmie Hardage, the scrappy halfback whose stature is more fit to shortstop than passing back, proved he could throw too, in the third quarter. He arced one to Huggins for the Steers' third touchdown.

Huggins was again under the ball as it came down from a 12-yard flight in the fourth quarter, this time from the arm of Quarterback Dial. He danced over for the score, which salted down the guests' win and was the last score of the game.

Farwell easily outpointed their hosts on statistics as well as scoring. The Chiefs gained only 90 yards rushing, while Farwell's horsemen rolled up 252. The Big Blues garnered 14 first downs to the the Reds' 9.

Dial led in ground gaining with 72 yards. His average carry was 6 yards per try. Jerry Lovelace, the Steers' bruising tailback, was hot behind with 70 steps, and his average was 4 1/2.

Coach Dempsey Alexander was high in his praise for all his boys after the game. "I thought they were all very good... every boy put everything he had into it," he said.

Farwell's stonewall defense lived up to advance billing against Friona, letting only one score slip through--and that one by air at that.

"Our defense still looks good to me," remarks the coach, "but our offense is coming along and catching up with our defense." He indicated he was glad to be able to say this, not detracting from the extraordinary resistance of the defenders, but rather bringing the offense up to a station alongside them.

Coach Alexander conceded that he has some anxieties about Farwell's apparent inability to convert. He partly explained this by pointing out that so far this year all the emphasis has been on scoring, and what to do after the goal line has been crossed hasn't been the main problem.

Farwell's good luck held out against the Redskins in the injury department. Everyone on the team is still hale and hearty after the first game.

The Steers play Bovina of the Class B loop this week, but aren't looking for any soft touches. Pre-season hoopla doesn't have it that the Mustangs will be loaded this year, but in view of the lively rivalry that always exists between the schools, this can be mostly discounted anyway.

Of Bovina, Coach Alexander says, "I know very little about them. They have thirteen returning lettermen. I know they will have a good backfield, but they may be a little short in the line."

The Steer-Mustang game will be played in Bovina.

Farwell, Tex. - Ph. IV 6-366

WE HAVE ALREADY LOST FIVE ON THE HIGHWAYS—Don't be the sixth, warns Clyde Anderson, head of the District Drivers License Safety Division, as he gives a passing tourist a pamphlet about traffic safety.

LOCAL BOYS RETURN FROM 3500 MILE TRIP
 David Lockhart and Billy Smith returned Sunday from a 3500 mile tour in the southeastern United States. The boys left Texico-Farwell on August 30.

Farwell boy, Wyatt Deloney in Ozark, Ala. They also spent several days on the beach at Panama City, Fla.

They enjoyed fishing, swimming and sight seeing and were impressed with the beauty of the country.

Lockhart left for school at Baylor yesterday.

Labor Day Safety Stop Held At Port Of Entry

The Port of Entry, located a mile west of Texico, took part in the state-wide campaign to lower New Mexico traffic deaths over the three-day Labor Day weekend.

Volunteer citizens and state policemen took turns during the three day period to hand out

pamphlets with information concerning deaths on the highway on them.

Heading the pamphlet was the warning, "by driving courteously and defensively, you will avoid a funeral in your family." Further stated was that an estimated 450 persons would die on New Mexico Highways this year and that statistically speaking, if you had two children, one will be killed or seriously injured in a traffic accident in his lifetime.

Each day approximately 6000 cars were stopped, and warned against fatigue and speed on the highways. The day was divided into four shifts with the morning and evening shifts passing out about 1500 pamphlets apiece, the afternoon shift about 2000 and the late evening shift, 1000.

A reminder at the bottom of the pamphlet further stated, "We don't want your money in the form of fines, we want to save your life!"

News From LAZBUDDIE

BY MRS. C. A. WATSON

SHOWER FETES ROSEMARY AGEE
 Miss Rosemary Agee, bride-elect of Ronald H. Briggs, was feted with a miscellaneous bridal shower Wednesday in the parlor of the Lazbuddie Baptist Church.

The room was decorated in the bride's chosen colors of orchid and pink. The serving table was centered with a crystal punch bowl surrounded by a garland of orchids and flanked by crystal candleholders holding orchid and pink tapers. Refreshments of orchid punch and pink angel food cake were served.

Miniature orchid umbrellas and cut flowers accented the piano arrangement.

Mrs. Walter Steinbock presented a bridal program, and Mrs. Jewell Treider presented two vocal selections, "Till the End of Time", and "Wedding Bells are Breaking Up That Old Gang of Mine." She was accompanied by Mrs. Ralph Cox. Mrs. F. W. Green and Mrs. Vergil Teague led the prayers and Mrs. Walter Steinbock read "Togetherness."

Hostesses for the shower were Mesdames Wesley Barnes, Jack Black, Raymond Houstin, Walter Steen, Ralph Cox, Bert Gorden, Walter Broadhurst, Frank Hinkson, Calvin Clark, J. D. Carpenter, Vergil Teague and Howard Carpenter. They presented the honoree with an aqua electric skillet.

Mrs. Leon Smith, Mrs. Oma Sigman and Stanley Sigman from Hereford visited Mrs. Smith's brother, Cecil Sigman at Ft. Smith, Ark., last week.

FHA CLUB HAS MEET
 The first meeting of the Lazbuddie FHA girls was held Wednesday. Officers for the coming year were elected; president, Glenda Robinson; first vice president, Geraldene Broadhurst; second vice president, Maudene Barnes; secretary, Beverly Smith; treasurer, Coretta Watkins; parliamentarian, Janice Darling; historian, Patsy Marrow; pianist, Donna Redwine; songleaders, Glenda Mason and Mary Fay Regney.

FFA CHAPTER HAS MEETING
 The Lazbuddie FFA chapter met last week for the first meeting of the year. Officers elected were: president, Roy Max Miller; vice president, Bill Hardage; secretary, Eddie Morris; treasurer, Jimmy Broadhurst; reporter, James Brown; sentinel, Jimmy Dale Seaton.

Greenhand officers elected were: president, Sammie Parker; secretary, Leroy Cox; treasurer, Jerry Entelking; reporter, Calvin Mason; and parliamentarian, Glendale King.

FFA Sweetheart was Judy Brown and Plowgirl, Janice Darling.

Boys entering animals in the tri-state fair are Clyde, Harrol and Carrol Redwine.

C. M. SPLAWN BURIED THURSDAY
 Funeral services for C. M. Splawn, resident of the area since 1933, were conducted at the First Baptist Church in Muleshoe Thursday, Rev. E. K. Shepard, M. E. Robinson and Paul Robinson officiated at the services.

Burial was in the Bailey County Memorial Cemetery. Pallbearers were Chet Horsley, Lee Mason, Robert Kimbrough, Dee Brown, T. L. Glasscock and G. W. Garrett.

LAZBUDDIE BIRTHDAY CALENDAR
 Happy birthday this week goes to A. C. Ketchum, Sept. 6; Odie Bradshaw, Sept. 10; Sandie Brown, Sept. 8; Debbie Jennings, Sept. 9; Gerald Wayne

GWENDOLYN CHRISTIAN HAS BIRTHDAY PARTY

Gwendolyn Christian, daughter of Mr. and Mrs. Wendol Christian was surprised with a party in honor of her 12th birthday at her home Friday.

While Gwendolyn was riding the bus home from school, Mrs. Christian met her classmates at school and they were at the Christian home to surprise Gwendolyn when she arrived.

Barbecued hamburgers, birthday cake and ice cream were served in the back yard of the Christian home.

Those attending were Marjorie Carter, Carolyn Damron, Patsy Cumpston, Brenda Pruitt, Carla Mechem, Bonnie Morris, Linda Johnston, Linda Cisco, Irene Thornton, Cindy Gant, Phyllis Christian, Trummie and Charles Christian and her sisters, Loy Beth and LaNell.

Mr. and Mrs. Troy Christian and Mrs. Bennie Darnell and Ray of Amarillo also attended.

BIRTHDAY PARTY GIVEN THURSDAY

The D. B. Ivy home was the scene of a birthday party Thursday honoring Christine Ivy and Sondra Brown. Those attending were Hazel Gay Lesley, Linda Hodges, Terra Scott, Cindie and Sharon Gammon, Susie McBroom, Sidney and Walter Bond, Clay Mimms, Karon Scott, Dud Winters and Wayne Clark. Refreshments of cake and ice cream were served.

SLUMBER PARTY GIVEN THURSDAY

Susan Pendergrass entertained with a slumber party in her home Thursday night. Those attending were Linda Monk, Kathy Wilson, Marsha Aduddell, Linda Burford from Idalou and Rea Lynn Tittle from Muleshoe. Refreshments of barbecued chicken, birthday cake and ice cream were served.

MR. AND MRS. W. J. WALKER, Helen, Jr., and Thomas Leona were among those attending the Walker reunion at Clarendon last Sunday. About 400 attended the get-together.

About 60 members of the Woman's Bowling Club met in the Bailey County Court room Thursday for a special meeting.

Mr. and Mrs. Jim Sibert and children visited with her parents recently.

Mr. and Mrs. Harvey Allen, Gwen and Sharon were guests in the homes of the Leonard and Hubert Elliotts this week.

Mr. and Mrs. Lacy Hardage were honored with a housewarming at their new home Thursday. Over 64 guests were present to enjoy the refreshments of ice cream and cake.

Mr. and Mrs. J. B. Jennings returned recently from a vacation in Red River and Colorado. Jane and Jerry Bruns visited in the home of their sister and her husband, Mr. and Mrs. Joe Patti last week.

Mr. and Mrs. Loyd Vaughn toured in the northwestern United States last week.

CHICKEN FRY GIVEN FOR SCHOOL BOARD

Mr. and Mrs. Wendol Christian entertained members of the Bovina School Board and their wives with a chicken fry in the backyard of their home on September 1.

Those attending were Mr. and Mrs. Dean McCollem, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. Jack Clayton, Mr. and Mrs. J. D. Kirkpatrick, Mr. and Mrs. Bob Wilson and Mr. and Mrs. Warren Norton and Janice.

Members of the Knick-Knack club are reminded a meeting of the club will be in the home of Mrs. George Lindop in Farwell at 2 p. m. Sept. 17.

Members of the Oklahoma Lane Baptist WMS are urging all ladies of the church and any others who are interested to join with them at 2:30 each afternoon of next week for an hour of prayer and study for the State Mission Work. Mrs. Wayne Hardage will direct the programs which are entitled, "More Like The Master."

Mr. and Mrs. Virgil Harmon of Tulsa visited with their son-in-law and family, Mr. and Mrs. Sterling Donaldson Saturday.

Mr. and Mrs. Jim Sutherland and family from Durango, Colo., visited last week with Mr. and Mrs. Donald Watkins.

PARSONS ATTEND RECENT WEDDING

Mr. and Mrs. Monty Parsons of Texico were in Roswell recently to attend the wedding of their daughter, Leona Judd, to Duane Hall of Roswell.

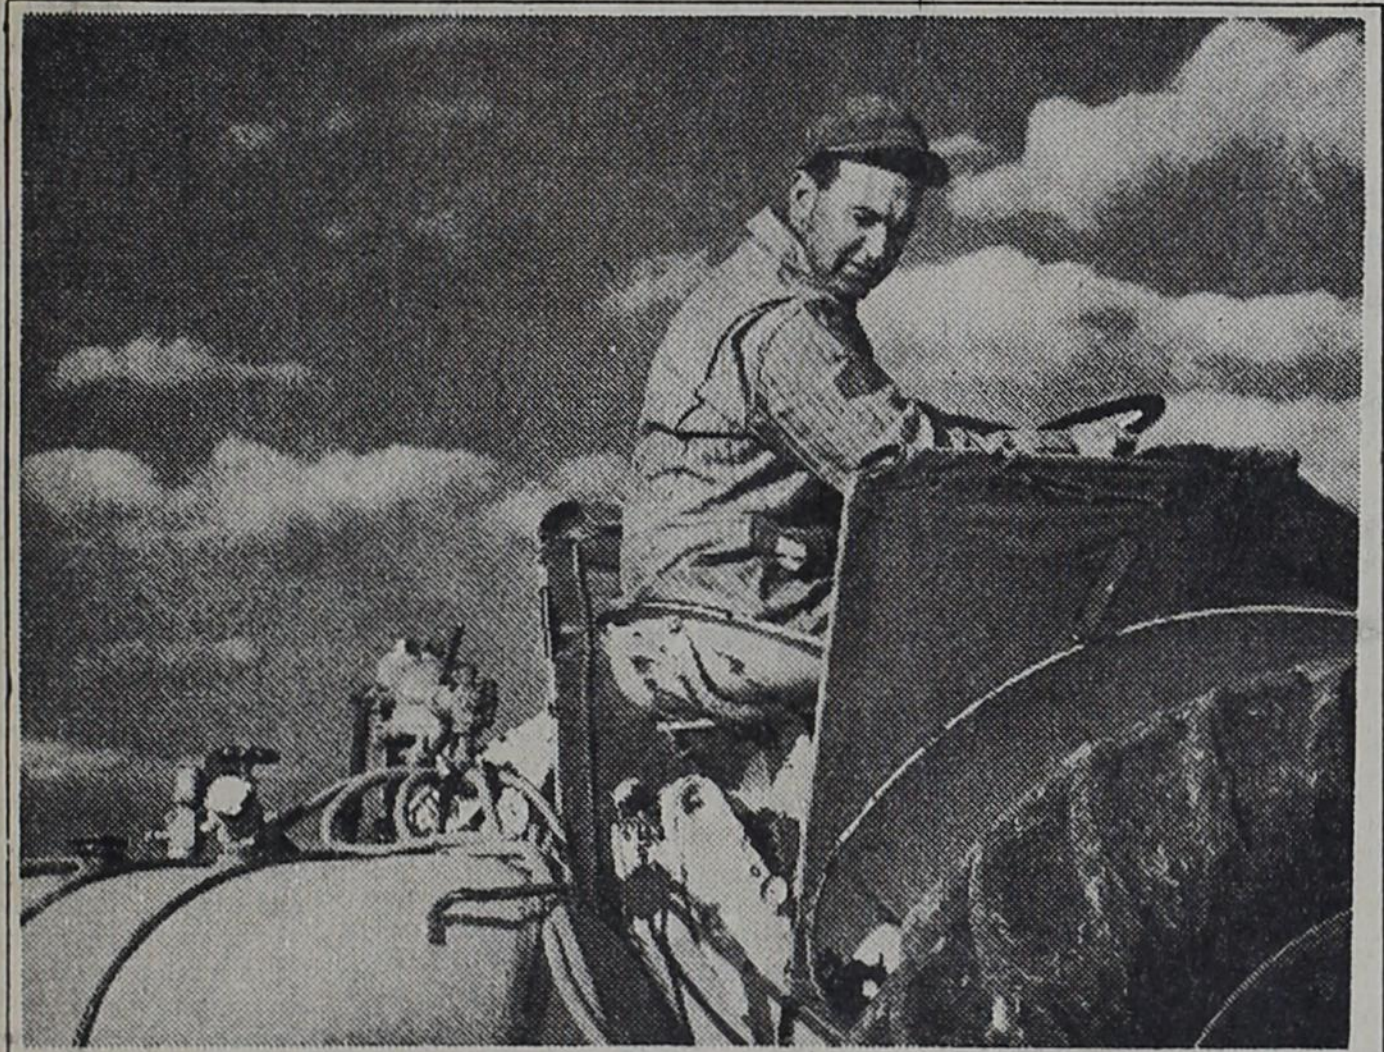

Rev. Melvin Prather, assistant pastor of the Roswell Methodist Church performed the double ring ceremony. Only close friends attended the wedding.

After a short honeymoon trip to Ruidoso, the couple will be at home in Roswell, where both are employed.

Vega, Texas, Man Reports — 42-bushel Average on 165 Acres of Wheat

Kenneth Robinson, successful young West Texas farmer, says: "I have been using Phillips 66 Ammonia for three years on wheat, and for that period my average is 42 bushels per acre. I've watched these yields carefully, checking each year's yield against the amount of ammonia applied. I'm raising my rate of application from 65 pounds to 100 pounds of Phillips 66 Ammonia on my wheat, in order to further increase my yields.

"My grain sorghum has responded profitably to Phillips 66 Ammonia, too. Last year, my yield average was 4,800 pounds per acre, with one field running 6,000 pounds."

Other successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin... yields of sorghum grain or ensilage are increased... profits on wheat and small grains are increased through higher grain yields and improved forage... more marketable vegetables are harvested.

Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia... it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

THE HIGH PLAINS FARM AND HOME

County Maize Crop May Hit 18 Million

The 1959 grain sorghum crop in Parmer County is the biggest ever.

That is the certain prospect even though more than just sample harvest activity is several weeks away.

Acreage is up slightly from a year ago, when another record crop was harvested, but

the increase, which is estimated by County Agent Joe Jones to take the total to around 18 million bushels this year, is due mostly from per-acre yields.

This has been an outstanding season for growing grain sorghum. Weather has been favorable for almost all of the growing period, and only once

did a mid-season drought threaten the crop. That was in late July and early August. However, it was short-lived, and the shower pattern that means the difference between a "good" and a "bumper" crop has been generous enough to allow irrigation wells to push fields to maximum yield capacities.

Of the 400,000 acres of irrigated farmland in Parmer County, probably 260,000 or slightly more is devoted to grain sorghum production this year. A good growing season, more fertilizer, better varieties, and more intense farming methods have combined to push the expected yield up considerably this year.

Irrigated yields run all the way from 3000 to 7000 pounds per acre, but the average has been coming up yearly and is approaching the 4000 mark. It probably will hit around 3800 pounds this year. That would account for about 16 million bushels, and the dryland acreage, which will "make" this year, could easily help round out Jones' 18-million-bushel prediction.

Grain sorghum has been a front corner in Parmer County area farming since the late 1940's and early 1950's. It has been grown ever since land was broken out on this part of the Plains a half century ago, but long held the position of "just a feed crop" and wasn't thought of as a staple cash crop until fairly recent times.

The high grain prices of wartime stimulated its production, and dwarf-type "milo" became very popular. When it was discovered that it responded very well to water from the new irrigation wells, it became firmly entrenched in the modern farming economy of the Plains. Relatively high price supports kept milo moving profitably

from area farms until the 1954-1955 period, when government supports began a slackening trend, and the price of the crop followed down accordingly.

By 1956 and 1957, grain sorghum prices had dropped to about half of what they were during the period of high prices following the war, and there was much talk generated about replacing milo with other crops if a better price could not be obtained.

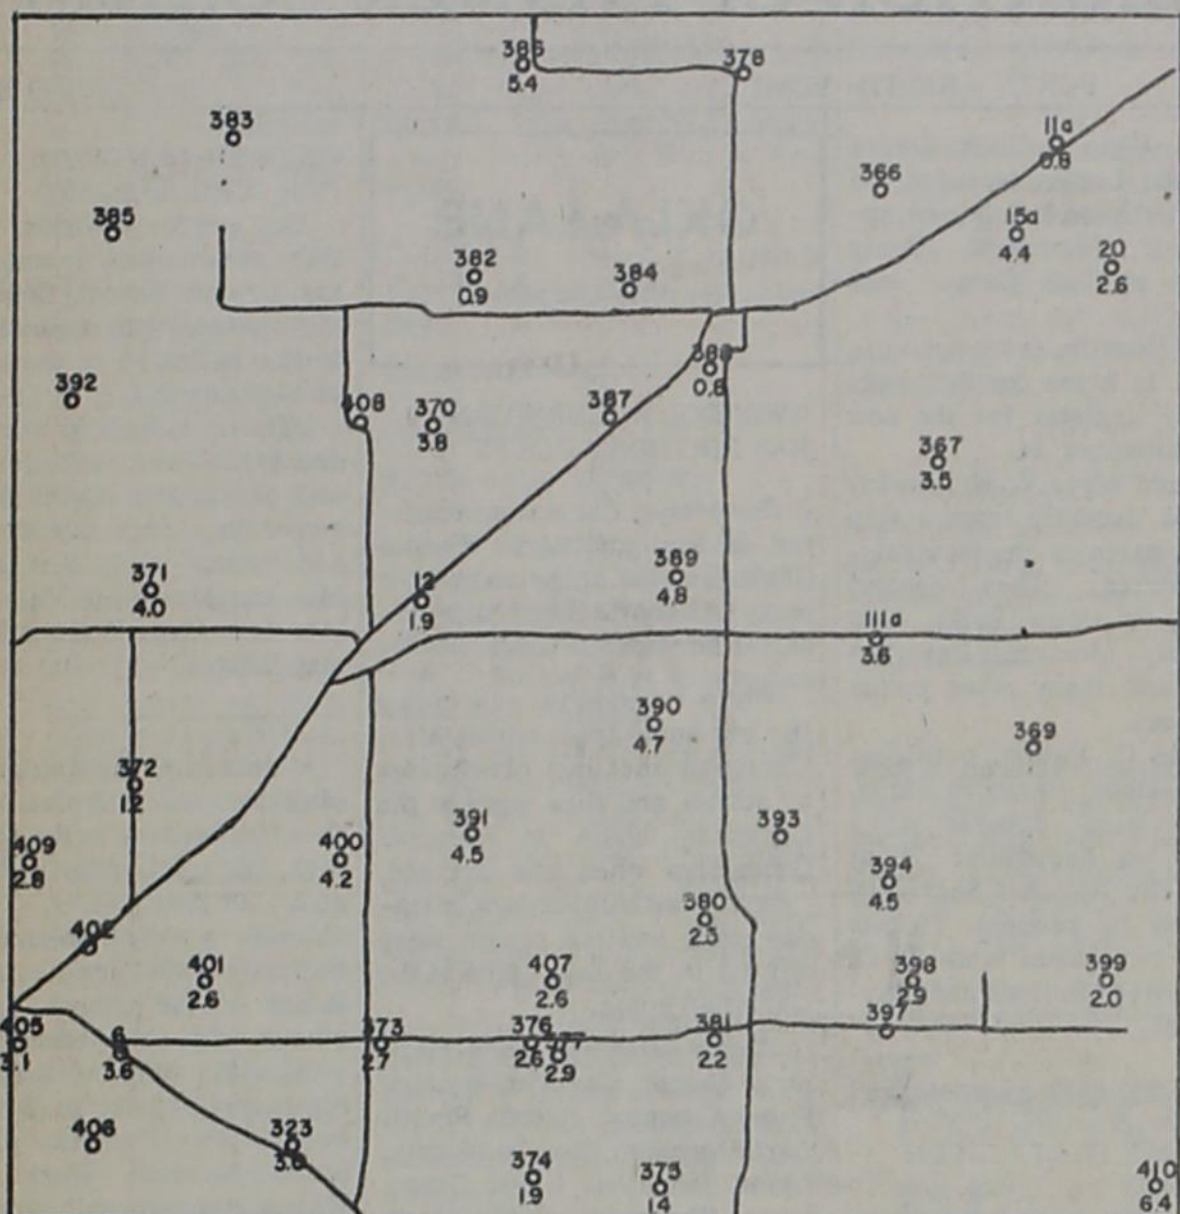

However, talking is about as far as this idea ever got, and the onslaught of "new" crops such as sesame, corn, safflower, vegetables, and the like failed to make even a dent in the big milo acreage. Minor crops have successfully established themselves, but none can compare with grain sorghum for sheer volume.

In fact, most farmers took the route of trying to main-

tain a decent income from their sorghum acreage by increasing yields and lowering unit costs. Records show they have been successful in pushing yields up, but as for maintaining adequate levels of profit, the pattern is spotty indeed and success seems to be an individual thing, separating better operators from those who were either less talented or whose luck ran hard.

Many farm observers who have access to reliable information feel that this will be the last really big year for grain sorghum growing if prices don't go up. But then the same cry was heard in 1956 and nothing of the kind came to pass, and with prospects for switching other crops about the same that they were in 1956, no sweeping resolution can be looked for.

The USDA set its support levels at the lowest point in history this year \$1.32 a hundred. Milo price fortunes go up and down like other commodities, but to judge from present indications, the price will be at or only slightly over loan again this year, which is about the same story as in the last four years. Prices were over \$2 in the spring, but traditionally the bulk of the crop is marketed in the "rush" period following harvest because of the cash situation of the typical producer. So he doesn't benefit by seasonal variations.

(Continued on next page.)

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Whether you are a firm or passive reader of news items, you are, we are sure, aware of the fact that Farm Bureau is actively opposed to U. S. Secretary of Labor Mitchell's writing into the national registry the labor regulations he claims to have jurisdiction over. These include farm and retail dealer employees.

They will, unless something is done to prevent the registration standing as Mitchell intends, mean that you, the farmer, or retail dealer, will come under the minimum wage and hour law that covers industry. The exclusion of such coverage, obtained by Farm Bureau years ago, and constantly defended by Farm Bureau since, has been accepted as justifiably reasonable because of the peculiarity of seasonal farm operations.

Now then, if you are not in favor of Federal Regulations when you hire an employee and use him, it is high time you write your congressman, representative and Mitchell and let them know how you feel. You can be sure that Farm Bureau representatives in Washington are working and standing ready for hearings that will be held before the final and lasting decision will be made.

You will recall the meeting arranged by Texas Farm Bureau several months ago in San Angelo, which some people

called a publicity seeking maneuver. Since that time, the Texas Legislature sent a concurring resolution to the Congressmen in Washington objecting to the act just concluded by Mitchell.

We hope those of you who receive the Texas Agriculture will read the last issue you received and see if it will help you see the importance of strength that can be gained by your getting your neighbor's membership.

We believe it is more important than ever this year that you make definite plans to attend your Annual County Farm Bureau Convention in October. Up to now this has been the only place your voice and desires have been able to be recognized in Austin and Washington; witness the many state and national legislative matters that have originated in Parmer County and Texas through Farm Bureau. Most counties in this area are up in membership. There is no reason why this county should not have as much strength as its neighbors in forming farm policies that will affect all farmers and ranchers.

CONSIDER THIS: Be not a witness against thy neighbor without cause; and deceive not with thy lips. Proverbs 24:28

An elderly man entered the hospital for treatment. One of the first meals served to him included a bowl of quivering gelatin which he refused to eat.

Pressed for an explanation, he replied, "I'm not going to eat anything that's more nervous than I am."

THE PARMER COUNTY IMPLEMENT CO.

"The Place Where Most People Trade" Frona, Texas Wednesday, September 9, 1959

Friday, September 11, the women of the Methodist Church will serve their annual Maize Days dinner in Fellowship Hall at the church. You are invited for ham, turkey, dressing, peas, beans, corn, salad, etc., and all the home made pie you can eat with iced tea and coffee.

PCICN Here's the theme song of the grade children. Maybe we'd better all sing it for all we're worth for the success of Maize Days. It goes to the tune of "School Days."

"Maize Days! Maize Days! Dear old golden Maize days! We plant it and plow it and watch it grow, so we can take part in our Maize Days show. It's not the hue, it's not the size that makes it important to you and me. But the wealth that it brings to us each year is the reason that the season is dear."

PCICN Let us show you how you can save more of your corn with McCormick pickers or corn units that convert your harvester-thresher to a picker-sheller. Whatever your needs in harvesting machines, see McCormick first and stay ahead in time and money.

PCICN Some folks have been accusing Mrs. O. J. Beene of being rough on the children in her first grade--to be specific, of kicking some of them. Mrs. Beene says it isn't so, that her sore toe was caused by a spider bite.

PCICN Twenty three acres of cotton stripped clean in a single day. How's that for big capacity stripping? You can do it with

a new McCormick cotton stripper from the Parmer County Implement Company.

PCICN Overheard at club: "There is positively no substitute for brains but silence will do."

PCICN We're glad to have new neighbors in our block and sorry to lose the Wesley Fosters. The Jay Claborns have bought and moved into the Foster home. The Fosters moved to Mr. Truitt's house formerly occupied by the Leonard Coffeys. Leonard and Thelma moved into the house the Raymond Whatleys vacated when they moved to Clovis recently.

PCICN Larry and Garry, twin sons of the Ben Moormans, have always had fun with teachers and friends about who's who, but this time the joke was on them. Larry, or was it Garry, came home all aggravated and told his mother, "Just look at this arithmetic paper. I made an A for Garry and he just made a B for me."

Larry is the twin who was seriously injured when he lost control of his scooter the day before school started. His condition is much improved, now, and he has hopes of being in school soon.

PCICN Harvest more grain and forage crops from every acre with McCormick harvesters, threshers and field harvesters. You'll finish your harvesting chores much quicker and reduce your costs. Come in soon to see our line of harvesting equipment.

PCICN As you probably know if you read our column, (and you

should--after all we have to make a living, too) this month marks the 14th anniversary of the publication "Parmer County Implement Company News." We mailed out 500 of that first copy to our friends and customers. Soon we were mailing 2700 copies every Wednesday.

Then about three years ago we began publishing our column in the Farm and Home Section of the Parmer County Newspapers. We are always grateful for our readers and especially appreciate your business throughout all these good and lean years. If we be of help to you or your community, just let us know.

PCICN "To build the right truck for the right job" has long been the philosophy behind the world's most complete truck line. That's why International trucks offer you the model trucks offer you the model with the ability to do your job best. See these trucks now at the Parmer County Implement Company.

PCICN Want to hear about the BEAUTIFUL NEW 1960 OLDSMOBILE? Then drop in this week and talk to Douglas Connelly. He made a trip to San Francisco last week to attend the dealer showing of the new Oldsmobile and he wants you to know they are the world's best buy in automobiles.

PCICN Eat your Maize Day dinner at the Methodist Church Friday. Eat all you can hold. The food is always good and the Methodist Church needs the money.

CHOCOLATE CREAM PIE
 1 1/3 cups sugar
 2/3 teaspoon salt
 2 2/3 tablespoons cornstarch
 1 1/3 tablespoons flour
 2 2/3 cups milk
 3 egg yolks
 2/3 tablespoons butter
 1 1/3 teaspoons vanilla
 2 squares semi-sweet chocolate

Mix sugar, salt, cornstarch, flour and chocolate in pan. Stir in the milk. Boil for about 3 minutes and then add the egg yolks. (Mix a little of the hot mixture in your beaten egg yolks before adding to the other ingredients.) Cook until the mixture begins to thicken.

Remove from heat. Add butter and vanilla. Cool. Pour into cooled, baked pie shell. Top with meringue. Brown in oven.

Alfalfa Is A Many Purpose Crop

Alfalfa is a crop of many uses, says E. M. Trew, extension pasture specialist. It is important for hay, seed, pasture, soil improvement and as a honey crop.

Trew says the supply of high quality alfalfa hay never seems to be adequate. It is an excellent pasture for hogs, but is used mostly in mixtures with grasses for cattle and sheep. It is one of the best soil improving crops and is used extensively for this purpose.

Alfalfa does best on fertile, well drained, neutral to alkaline soils of medium texture. With applications of lime and plenty of fertilizer it is being grown on some acid, sandy soils of East Texas.

The most widely adapted for Texas are the "common" varieties -- Texas, Southwestern and Barstow. They are the best forage producing varieties north of a line running east and west through College Station and San Antonio.

Lahontan and Zia are two new varieties resistant to the spotted alfalfa aphid and are adapted for use in the same area as the "common" varieties, he notes.

Ranger and Buffalo are grown in the Rolling and High Plains for seed production, but have no advantage there over the "common" varieties from the standpoint of forage production. The prostrate varieties of alfalfa have not been successful in Texas, he says.

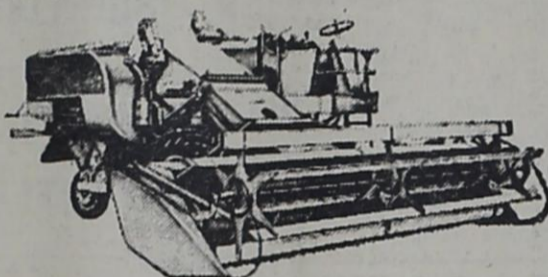

Fall is the best time to seed alfalfa and the seedbed should be firm, clean and moist. Seed may be planted in dead stubble in areas where wind or blowing sand is likely to damage young plants. Use plenty of phosphorous and potash and be sure you have enough calcium. A soil test will determine these needs, Trew adds.

When seeding alfalfa you should drill 15 to 20 pounds

HERE'S THE BIG DEAL ... AND THE BIG COMBINE!

SAVE

on Massey-Harris 92 SP Combine. The finest in the field. Width of cut—12-, 14-, or 18-ft. 60-bushel tank. Models available for rice and corn. Also hillside model.

THE PARMER FARMER

by W. H. Graham Jr.

Moisture isn't exactly the topic of the day, but in a contemplative mood recently we fell to thinking about the relative values of the terms "rain" and "showers".

When does a shower leave off and a rain begin?

In the reference material around our desk we don't find anything that would shed any light on this question, although we are sure there must be an authority for it someplace or another.

Doubtless the meteorologists have agreed among themselves when a shower becomes a rain, but we don't know what the dividing line is.

So far as we can tell, the popular notion has grown up among farmers of the Plains that a shower is what happens when the moisture comes quickly and usually amounts to less than an inch.

A rain is what we call it when we receive amounts that run over an inch, or when the precipitation is extended over a considerable length of time. The one-inch-barrier, so to speak, is understandable, but this factor doesn't seem to hold much logic. Just the same, it is definitely to be reckoned with.

On several occasions, we can recall spells of damp, drizzly weather that hung on for many hours, perhaps even several days. Often, these soggy sessions don't produce much moisture, and yet we've heard almost invariably the word "rain" connected with the .40 or so that may come during these times.

A dashing .75 that falls in the late afternoon during the

summer, though, is still a shower. So, there doesn't seem to be much doubt about the part that duration of the fall plays, although it's hard to understand why. The effect seems to be altogether psychological.

Southern Agriculturalist reminds us that cattle prices have been at 100 percent of parity. They call this "a good example of what happens when supplies are in line with demand."

Cattlemen made good money the last couple of years without benefit of price supports, production controls, marketing quotas, direct payments, or export subsidies.

The statisticians at the water district office in Lubbock have come up with a figure as an answer to a question we've often wondered about. They tell us that municipal and industrial use of water on the High Plains is "less than two percent of the total annual amount pumped in the area for all purposes."

Presumably, if we subtract domestic and industrial use from total consumption, that would mean that agriculture is accounting for the other 98 percent of the water pumped.

We have had no idea what the ratio of agriculture to all other uses of water on the High Plains would be, but it doesn't take much of a mathematician to figure out that the crops of the area get a whole lot more water than do our bathtubs, electric washers, thirsty boys, and front yards.

Towns the size of those in Parmer County use about a million gallons of water a day. Figure on that basis, one 8-inch well could easily supply the requirements. For an extra margin of safety, let us suppose that six 8-inch wells will supply the water for Bovina, Friona, and Texico-Farwell. Compare this with the 2500 that are in use on our area farms.

In case you're wondering, our towns DO have more than one or two wells each, but they are traditionally smaller yielders than the typical irrigation well. For one thing, they have

to push water another 100 feet high to put it in a storage tank.) Nobody has liked the idea of Lubbock's big pipeline to the sandhills in Bailey County. But even that monstrous project is dwarfed by a few sections of irrigated Bailey County farmland.

Still on the subject of water, we have received a note from Paul Rettman of the U. S. Geological Survey office in Plainview that the survey on ground water storage won't be ready for release for another year.

We haven't had an inventory of water supplies since 1953 and we have been after the USGS to give us some dope on where we stand in this vital category.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

Need extra storage space in your kitchen? If so, you will like the ideas presented in a bulletin by Charlotte Tompkins, extension home management specialist of Texas A&M College.

The bulletin entitled, "Kitchen Storage Devices You Can Make," illustrates ideas in clean-cut sketches so even an inexperienced home carpenter can follow through. Only simple tools are needed, and many of the cupboard accessories can be made from wooden boxes, scrap pieces of lumber, or inexpensive softwood.

Ideas for narrow shelves that fit between the counter top and upper cupboards are illustrated. Removable step-shelves, and hanging shelves are also shown. Different types of cutlery racks, files for pans, sliding trays, towel racks, and drawer dividers also are pictured.

Get a copy of this bulletin from your county home demonstration agent's office and make plans for improving your kitchen storage.

If you can't afford a new fall hat, give the old one a new look with careful brushing and cleaning, suggest extension clothing specialists.

Start by careful brushing. This may show up spots and stains that need special treatment.

Try using the sandpaper method first. With a piece of No. 0 sandpaper, begin at center top of crown and gently sand in the same direction around the crown, side crown and the brim.

If this fails, use naphtha or other cleaning fluid. Dip a small brush, as nail brush, in the cleaning fluid, shake out excess liquid and brush hat until the soiled spots disappear. Remember to work outdoors when using cleaning fluids.

White or light colored felt hats may need special treatment. Saturate corn meal with naphtha or other cleaning fluid. Rub the mixture into the felt with a clean stiff brush. When fluid has evaporated, brush out the corn meal and air the hat before storing.

You will find food prices little changed from week-ago levels as most markets hold about steady. Savings will be on featured items. Take time to study ads and look for specials in your local stores.

Pork supplies continue heavy in most parts of the state. Look for values in rib roasts, loin and roasts, and Boston Butt. Bargains are still available in processed lines, too—notably ham and bacon. Poultry continues a top market value. Fryer chickens and small size turkeys are attractively priced.

Peach supplies are good in many markets. Nectarines, both white and red grapes and Bartlett pears are plentiful.

Economically priced vegetables are carrots, cabbage, sweet corn, and southern varieties of peas. Locally grown sweet potatoes, Gold Rush variety are now on some of our markets.

Don't forget the dairy counter—Milk and milk products lend themselves beautifully to so many types of food preparation, including the cold as well as the hot forms.

Interested in a friendly food? Try eggs! Nutritionists all over the country agree that eggs are a complete food, but Marshall Miller, extension poultry marketing specialist, believes they are something more. He calls them the friendly food.

Eggs are friendly to your pocketbook because they are so inexpensive. They are friendly to your taste because they add that extra something that makes pies, cakes and other dishes really good. Eggs provide so many essential vitamins and minerals besides the protein that it's unbelievable—Vitamin A, Thiamine, Riboflavin, Vitamin D, iron, copper, phosphorus, calcium and lots of others. The old hen even adds a dash of Vitamin B-12 for good measure.

Miller thinks eggs can be one of your best food friends if only you will get to know them better. Actually, this is a good time to give them a try because egg prices are more competitive now than they have been since the early '30's.

If you want more information on eggs and how to use them, contact your local county agent or home demonstration agent. They have extension publications that you will want to get.

I have a new supply of the "Home Canning of Fruits and Vegetables." If you are canning this year be sure and check with me. The time has been changed so that many of the products are easier to can. For instance for snap beans, the procedure is as follows: preparation—wash; trim ends, snap or cut into 1 or 2 inch pieces, pack tightly to 1/2 inch of top of jar. Cover with boiling water, leave 1/2 inch space at top of jar, close and process at 10 lb. pressure; pint jars 20 min. or 40 min. in pressure sauce pan. Quart jars, 25 min. at 10 lb. pressure.

Its easier and you have a much better product. Remember to ask for the bulletin on Home Canning of Fruits and Vegetables, No. B-194.

Technique is important in pressing. In general, the specialist says, work on the wrong side of the fabric. Occasionally this is impossible and you may have to press such things as pocket welts on the right side. For this, use a press cloth. Always smooth material carefully under the iron and press on the straight grain of the fabric whenever possible.

In sewing cotton or linen, press when well dampened or use a steam iron with high heat. Press woollens with a damp cloth between iron and dry woolen, or use a steam iron. Use high heat for wool, but don't press too dry. To shrink out ease, pat with hand to hold steam in the wool fibers.

Press silk or rayon with steam iron or use a pressing cloth, dampening cloth as you work. Use medium heat and press with a light touch. Open seams with point of iron lightly before using press cloth. Be careful not to water-spot the fabric.

Press velveteen, corduroy or velvet with a turkish towel over the ironing board or stand an iron on end, cover it with a damp press cloth and draw the wrong side of fabric back and forth over the steaming cloth. Brush lightly while steaming to remove stubborn marks.

To get a really professional look, "press as you go," says Nena Roberson, extension clothing specialist of Texas A&M College. Begin by pressing the creases out of your fabric before cutting, and carefully press after each step. The time and effort will be well worth while. The most meticulously handled dart or seam can look "homemade" if not properly pressed.

4H Council Officers Elected

The Parmer County 4-H council met Saturday morning at the courthouse to elect officers for the coming year. Those elected were chairman, Richard Chitwood, co-chairman, Linda Gleason, reporter, Roy Donaldson, pledge leader, Jimmy Terrell, girl council delegate, Judy Billingsley, boy council delegate, Cooper Young.

An exhibit for Friona Maize Days was planned. Mrs. Joe Jesko from Lazbuddie and Mrs. Leon Billingsley of Farwell will work on the exhibit.

Those attending the meeting were Cooper Young, Joe Jones, Richard Chitwood, Danny Miller, Gary Koker, Steve Young, Bruce Billingsley, Roy Donaldson, Jimmy Terrell, Judy Billingsley, Pat Chitwood, Terri Mabry, Janice Billingsley, and Linda Gleason.

Councilors present for the meeting were Miss Jimmie Lou Wainscott, Joe Jones, Mrs. Joe Jesko, Mrs. Leon Billingsley, and Roy M. Miller.

Sesame Growers Plan Field Day

Texas Sesame Growers will hold its second annual field day and barbecue at Muleshoe September 17 for the sesame and grain farmers of the High Plains. Special guest for the field day will be Dr. L. M. Pultz, Beltsville, Md., chief of the oilseed and industrial crops research of the USDA.

The field day will begin at 10 a. m. with an inspection of USDA's regional sesame yield tests which are being conducted here in cooperation with the sesame production and marketing organization.

Farmers attending the field day and barbecue will see results of USDA's comparative yield tests with sesame, as well as fertilizer, row and plant spacing and other tests with more than 200 individual strains of sesame.

Sesame and grain handling and storage facilities will also be open for inspection to show expansion and progress made within the last year, Robert L. Parker, executive vice-president, announces. More than 85 percent of the nation's commercial ses-

ame is produced in the irrigated areas of the Panhandle, and a large portion of the crop is processed through the facilities at Muleshoe. The organization's grain elevator and grain storage warehouses provide an additional service to the farmers of the area.

A barbecue luncheon will be served to field day guests at noon at the plant.

Let 'er blow! You're safe from windstorm damage with a LOK-RIB STEEL BUILDING

Greater Strength - There's a big difference between light metal sheathing and LOK-RIB's heavy-duty 18 or 20-gauge steel panels bolted together. Let the wind howl - let the snow pile deep - let lightning strike - you can still enjoy peace of mind with your LOK-RIB.

Exclusive V-Rib Construction - This exclusive LOK-RIB feature provides the extra strength that lets you stop worrying while the weather plays havoc with ordinary buildings.

Quick Erection-Low Cost - The LOK-RIB Building goes up fast and easy - eliminates high framing costs because the LOK-RIB panels are both framing and sheathing. In 24, 32, 40 and 48 foot widths.

See us for all the facts on LOK-RIB Steel Buildings.

... does your water heater

GROWL AT YOU?

Old water heaters often get so ornery they do growl at you - and, in the middle of the night, that can shake you up a little. If you have a rumbler at your house, replace it now with a rapid recovery electric water heater - the hottest thing inside and cool as can be outside. Safe, too, with insulation all around and the elements inside. Put it anywhere at all - it has no vents because it has no fumes. No growls nor rumbles, either.
