

The Big Spring Herald

Big Spring, Texas, Friday, November 14, 1924

By Jordan & Hayden

DEVELOPMENT IN THIS SECTION

Company Going After Deeper Development Campaign for This District

McDowell Well Shot
McDowell well No. 3, which is drilled by the Gulf Production Co., proved a disappointment to those who were expecting big amounts from the oil showing secured at 2600 feet last week. Well was given a short of 260 feet of nitro-glycerine about Saturday and as a result broke into the well. The Gulf promptly ordered the casing withdrawn and the well reamed for the eight inch casing. This is what the Gulf is going after at the 3780-foot mark. When they reach this depth it is believed they will tap the biggest oil in West Texas, by those who studied the formations encountered in McDowell well No. 4—a short northeast of the present well.

Firm Will Drill Fifty Wells

One of the major oil companies has started a program that provides drilling of fifty tests for oil in this section and other counties west of Big Spring. One of its directors is John William Wards, San Antonio operator, in Fort Worth a few days ago. The drilling will not be confined to Reagan County, but the tests in all probability in sections heretofore given little consideration by geologists.

Operations in Full Blast at the Hull Well

Operations in full blast at the Hull well and the boys are making good progress. Good progress is being made at the Douthitt well, 18 miles northwest of Sterling near the Parramore ranch. Another new well about 3960 feet east of the Durham wells is being considered by the leasee of several 10-acre tracts. It is also rumored that a deal for a new well in the vicinity of the J. L. Glass ranch has been made.

We Learn from Reliable Sources

That several big oil companies have pooled to drill 50 test wells on the Marathon Fold, and Sterling is spoken of being the first object of the efforts of these people. Operations in the McDowell field in Glasscock County, southwest of Big Spring have been renewed. There is no doubt but that the McDowell field will be a commercial one when a boni fide test is made and the wells are given a chance.

Later: Reports Came in from the McDowell Well

Yesterday the hole was found full of oil and that so far, the bailer had failed to lower the oil.—Sterling City News-Record.

District Court in Session

The case of the State of Texas vs. Jim Yell, charged with rape, was called for trial in the special session of district court which convened here Monday.

Only Six Jurors Were Secured from the Special Venue

That had been summoned to appear Monday and the sheriff was instructed to summon more men for jury service, they reported at 11 o'clock Tuesday morning. The jury was completed about four o'clock Tuesday afternoon.

The Hearing of Testimony Had Not Been Completed

When the Herald went to press Thursday afternoon.

Mrs. C. E. Russell Injured

Mrs. C. E. Russell was seriously injured Sunday afternoon when she jumped from an automobile near the home of Mr. and Mrs. Frank Harris on Jack street. She was hurled against an embankment and run over by the car. She suffered a fractured hip as well as painful bruises.

Mrs. Russell Became Nervous when Her Daughter, Mrs. Leland Stone, Started to Back the Automobile and Jumped out, and It Was Impossible for Mrs. Stone to Stop the Car in Time to Prevent the Accident.

Dr. A. R. Wetzel has been in Dallas this week attending the annual session of the American Dental Association.

BIG SPRING STEERS NOW GOING STRONG

Big Spring Steers to Meet Eastland Tigers This Afternoon—Tie Lubbock, Win From Rotan

Steers Play Lubbock to 6-6 Tie
Big Spring folks were certainly proud of the great game the Big Spring Steers put up against the Lubbock Westerners here on Tuesday afternoon.

Lubbock is a class A team and was a strong contender for the championship while Big Spring is in class B. The game the boys put up against the Westerners clearly proves that Coach Joe Ward has the making of a championship team in the next year or so. Except in a few instances when the team failed to work as a unit the Steers put up one of the finest games ever witnessed here.

Lubbock pulled one of the prettiest forward passes ever staged about two minutes after Big Spring scored her touchdown in the first quarter. Neither was successful in kicking goal.

Big Spring's line held like a stone wall, whereas the Steers could make steady gains thru the Lubbock line as was shown in their march down the field in the final quarter. Big Spring lacked but a foot or so of having the ball over the line for a second touchdown.

It was a great game and Big Spring should have won it even though Lubbock is a Class A team.

Lack of confidence or failure to heed orders caused our boys to lose a big advantage at several critical points in the game.

Anyway this game should encourage them to put up even a stronger fight against the Eastland Tigers here this (Friday) afternoon.

Big Football Game 3:30 Friday

One of the biggest crowds of the season is expected to gather at the baseball park in Big Spring at 3:30 o'clock Friday afternoon, November 14th to witness the football game between the Eastland Tigers and the Big Spring Steers.

Eastland has one of the best little teams in Texas built around Captain Ed Cox, all-state fullback. Cox has never yet failed to score against an opposing team and is almost as hard a problem for the tacklers as Red Grange.

The Steers showed their metal against Lubbock on Armistice Day. That game gave them the much needed confidence which will enable them to enter Friday's game with a bright hope of winning. The Big Spring boys are playing a real game of football now and our folks have every reason to be proud of the fine record they are making. They play a good clean game and play for all they are worth from beginning to end of each contest.

Our folks should turn out in force this afternoon (Friday) to prove they are back of the home team first, last and all the time. Come and enjoy some real sport for this is going to be a "battle royal."

Football

On Friday, November 7, the Big Spring Steers defeated Rotan on their grounds by the score of 19-0. This was one of the fastest and cleanest games of the season—not one penalty was drawn by either team. Rotan has eleven fast and shifty men. Two ten-second men are in the backfield, and they are a continual threat in every way. The speed and style of play was hard for the Steers to solve in the early minutes of the game, but with unusual snap and determination in tackling, our boys began to break through and smear the plays before they developed. Much credit is due each member of the team and the whole team as a unit for the successful termination of the game.

We are justly proud of the good sportsmanship shown by our team throughout the season, and this reputation is going out to all the adjoining sections.

Oil at Justiceburg

Post, Texas, Nov. 10.—Production estimated at 20 barrels a day is reported from the well being drilled in Garza County on the Boren farm at a depth of 2,440 feet. The well has not been drilled into the sand it is reported. The farm is near Justiceburg, 18 miles north of Snyder.

J. Hugh Smith has decided to quit the ranks of tenant farmers and has this week purchased land near the new town of Vestmoor, 20 miles north of Big Spring, which he will put in cultivation the coming year.

Lyceum Attraction November 20th

The tremendous popularity of Russian music and Russian artists in the United States at the present time is in itself the best evidence that the soul of music is eternal. Kings and Czars may become passe, governmental forms may change to their very roots, yet the song of the heart and the music of the masters will go on forever. Never has it been more clearly demonstrated that the soul of a nation finds its truest expression thru its music.

The Moscow Artists, Russian singers and players, who will appear here on the evening of Thursday, Nov. 20, at R. and R. Lyric Theatre bring to America a musical expression of the soul of Russia. They bring choice bits from the libraries of Rimsky-Korsakoff, Rachmaninoff, Tschalkowsky and other world-famed composers, and they also give to their audience music that is seldom heard outside the interior of Russia—the old folk-songs of the peasants, the rollicking songs and dances of the Cossacks, songs of Russian tragedy and songs of love. Many of these will be heard for the first time in America. Some of them were originally transcribed in Russia by Yasha Garcy, the tenor and composer, who heads the Moscow Artists.

Under the auspices of Home Economics department of the Big Spring High School.

C. H. Nowell to Big Spring

C. H. Nowell, for ten years in the men's clothing department of Baker-Hemphill Company, is leaving the firm to take charge of the men's department of the Albert M. Fisher Store at Big Spring. Mr. Nowell will leave Wednesday morning for Big Spring, moving his family to Big Spring later. Miss Julia Bess Nowell will remain here until about Christmas, residing with Mrs. Ella Funk on West Beauregard. Gordon, who is now with the Wooten Grocery Company, will continue here, residing with Mrs. J. P. Crews.

In going to Big Spring, Mr. Nowell will assume charge of the department in the Albert M. Fisher Company, formerly held by the late Sam Hill Brewer, who was killed recently in an automobile accident.

Mr. Nowell says he regrets very much to leave San Angelo, that he owns his home here, has many friends here and, of course, feels sad at leaving. Mr. Nowell has had many years of experience in the business and his friends here predict for him great success in the new venture.—San Angelo Standard.

Concerning Big Spring State Park

In an article in the Austin Statesman, under the heading of "Modern Argonaut Relates Adventures of Texas Park Board on Inspection Tour," Julia Buzby, describes their tour of West Texas in an interesting manner. She has the following to say in reference to the Big Spring State Park:

"We found Big Spring a lovely little town shining like a new pin with cordial hospitality. Big Spring's park offering 200 acres of its flat topped mountain. This curious formation rises like a gigantic billow and confronts the town in a sheer precipice. But on the opposite side it slopes away with a grade so gentle that our automobile climbed it with ease. The park which was secured thru the efforts of the City Federation, has been named the Big Spring Mountain Park."

Road to Reagan County Needed

When we get that road opened up to the Reagan County oil field we are going to have many more big oil men making Big Spring their headquarters.

With bus lines from Big Spring to Rest and Big Lake and good connections to Fort Worth over the Texas and Pacific, it is certain that this will be the quickest route to and from the oil field. The beginning of big developments in Sterling and Glasscock counties will also mean the coming of more oil men, and they will want connections with the oil field to the south of us.

We cannot afford to delay the work of cooperating with the citizens of Glasscock and Reagan counties in securing such a highway.

An Expert Publicity Man

The proposition of employing an expert publicity man for a period of three months came up before the directors of the Chamber of Commerce Wednesday.

The proposition was given favorable consideration and if the necessary funds can be raised in the next day or so a contract will be entered into.

PLAN GOOD ROAD TO REAGAN OIL FIELD

Lions Club Interested in Securing a Highway From Big Spring to Best, Oil Town South of Us

S. H. Hall was chairman at the weekly luncheon of the Big Spring Lions Club, Wednesday and caused this to be a meeting full of pep and interest to everyone in attendance, and the "feed" was surely extra fine.

The chairman called upon W. W. Rix to explain the need of our getting busy on a new road to the Reagan County oil field. Mr. Rix explained that he had been requested, thru several different sources, to aid in securing a highway to the new oil town of Best in Reagan County. He pointed out the fact that it was definitely settled that a big oil field was going to be developed in Reagan County. Oil men from Fort Worth and elsewhere would be continually making business trips to and from the field and would make substantial headquarters in nearby cities that would offer adequate accommodations and afford a way to make the trip in the shortest time. He pointed out that Big Spring was the nearest point to the oil field on an air line, could offer good rail connections to the larger cities and would reap big returns if we had a good highway from here to Best. An offer to establish a motor bus line the minute this line was opened had already been submitted. Mr. Rix also advised that S. H. Hall, T. H. Johnson and Y. B. Cauble had made a preliminary trip to confer with the County Judges of Glasscock and Reagan counties and had been given promise of a cooperative effort to secure the road which would benefit the counties thru which the road would pass. Mr. Rix called on the members present to aid in boosting this proposition as it deserved the active support of every one interested in the development of this section of West Texas.

A. B. Edwards talked football and told of the great game that was going to be played in Big Spring Friday, November 17th, at which time the Big Spring Steers will be pitted against the fast Eastland Tigers. He stated that we would be treated to a different class of football in this game. He pointed out that the home team was playing a wonderful game and deserved the unstinted support of our citizenship.

Chairman Hall stated that there was two sides to most everything and as hundreds of folks had asked concerning a certain member inhaling silverware he would appreciate it if Rev. Eteson would kindly explain the reason for his taking ways. Rev. Eteson requested a week's time in which to prepare an alibi.

Under the remarks for the good of the order it was pointed out that W. W. Inkman and A. J. Gallemore were losing weight and Dr. R. L. Davis was requested to explain some of their appetites didn't indicate that they were flagging any "cats." Dr. Davis, after the liberal use of medical terms, came "down to cases" and explained that overwork or mental worry would tend to wear down most anything but a mule, but from his observation neither gentleman was ever known to strain a muscle nor tax their brain, so all he could suggest was to consult a veterinarian.

In closing Mr. Hall gave notice that a big Rodeo was being given in Big Spring Friday and Saturday, Nov. 28 and 29, as a benefit for the Volunteer Fire Department and urged the Lions to help put this over in a big way.

10,802 Bales of Cotton Received

Public Weigher T. W. Angel reports cotton continues to roll in at the rate of nearly 250 bales per day. The receipts up to Thursday evening were 10,802 as compared with 9,400 last Thursday. This makes the receipts for the week 1402 bales as compared with 1400 bales for last week. The price Wednesday was around the twenty-four cent mark. The receipts at Coahoma are now in excess of 3,000 bales. About 1800 bales were pressed at the compress this week for shipment. Mr. Angel expects to weigh 15,000 bales of cotton here this season. He reports much cotton is being brought here now from distant points on account of the growers being assured a better market here.

As the result of an automobile accident west of Big Spring last Sunday a Mexican child was killed. The automobile in which the family were riding crashed into a culvert. Funeral services were held here Monday.

Armistice Day Observance

Armistice Day was observed in Big Spring by the closing of the business houses throughout the day. Flag decorations were everywhere in evidence.

At the courthouse square beginning at 10:30 a. m., a program was carried out under the auspices of William Frank Martin Post No. 185, American Legion.

Following a thirty minute concert by the band, a splendid address was made and this was followed by another fine concert by the band.

At 11 o'clock everyone was requested to stand, facing the West while "taps" was sounded for the boys who lost their lives as a result of the World War.

Rev. D. M. Heard, pastor of the First Baptist Church, delivered the address on this occasion and it was one every citizen should have heard.

After telling why we should never forget to faithfully observe this day, and rededicate our lives to the service of our country, he paid a high tribute to the boys who gave their lives that we might continue to enjoy liberty. Patriotism in war, he stated, is a great virtue but patriotism in peace is equally as useful if our country is to continue to enjoy peace, liberty and prosperity. He pointed out that the greatness of any country rests on three things—the home, the public school and the church, and any agency that tends to weaken or disrupt either is an enemy that should be combated by every patriotic citizen.

Uniform Flag Decorations

Big Spring's new system of flag decoration was in use for the first time on Tuesday, Armistice Day, and the old town certainly looked more attractive as a result.

The C. of C. band is sponsoring and putting over the plan and while they have a good part of the business section covered they expect to extend this decoration system to the resident section.

In order that these flags shall show to best advantage, holes are to be bored in the sidewalks in front of the various business houses. These holes, when the flag is not flying will be stopped by a plug which comes flush with the top of the sidewalk, thus eliminating any inconvenience which might be caused by the holes. Pieces of pipe were installed as a temporary makeshift Tuesday.

It would certainly be fine if our citizenship would all join in securing uniform flags and poles so our city could be decorated from end to end on all national holidays or in honor of any special occasion.

See E. D. Kittinger, director of the band, if interested in securing a flag for this purpose.

To Attend State Teachers Convention

P. B. Bittle, superintendent of the Big Spring schools, and H. R. Debenport, superintendent of Howard County schools, are expected to attend the Texas State Teachers Association convention, which will be held in San Antonio Nov. 27, 28 and 29. Many teachers from this section will probably go to the meeting.

Dr. George A. Works and others who have been engaged in making the Texas School Survey will make addresses. The needs and conditions of Texas schools will be discussed, with a view to offering remedies for prevailing weaknesses.

San Antonio has arranged to entertain 5,000 visitors, and it is probable that the attendance will be the largest in the history of the association.

Service Car Line to Oil Field

Mrs. Mann of Best, the new oil town in Reagan County, spent Saturday here in conference with the Chamber of Commerce and interested citizens relative to opening a first class road from Big Spring to Best by way of Garden City and Stiles.

If this road is opened up she states she is ready to operate a service car line and will put on as many cars as needed to accommodate the patronage. She is ready to start this service the minute the road is completed.

Big Spring Girls Makes Team

Miss Janice Pickle of Big Spring is a member of the sophomore volleyball squad at the College of Industrial Arts and will take an active part in the tournament which will begin Monday, November 10th. She is the daughter of Mr. and Mrs. J. B. Pickle and is specializing in a literary course. Volley ball, always popular at C. I. A., is arousing intense interest this fall. The tournament will be held by the class teams.

How Do You Figure the Cost of Painting?

Do you figure according to the cost per gallon of paint or according to covering capacity, and years of wear?

You can buy paint that is cheaper by the gallon than the paint we sell but we'll guarantee our paint to cover a lot more surface, and last much longer than any CHEAP PAINT you may care to try.

And GOOD PAINT is the cheapest insurance against property depreciation that can be bought. Come in and let us show you our full line of Paints, Varnishes and Enamels. Color Cards and literature FREE on request.

One gallon of Shewin-Williams Paint covers 360 square feet, two coats.

Kansas Farmers Say Dairying Pays

For a steady, year-round income, one that is unaffected by drouth or flood and always means a handsome monthly pay check, dairying is the thing.

That's what 600 farmers within a radius of fifteen miles of Mulvane, Sumner County, Kansas, will tell you. And they know because they have been in the game fourteen years, long enough to prove it and to show you cases where utter failure in farming have been averted by milking cows.

Monthly milk checks of more than \$300 are being paid to farmers around Mulvane. That little town, on the Sedgwick-Sumner County line, twenty-five miles southeast of Wichita, is known all through the Middle West as the milk capital of Kansas, because there it was proved that dairying is the only sure thing about farming, and that a few milk cows, properly cared for, assure success on the farm when all other means might fail.

Mulvane supplies an excellent answer to the question of keeping the farmer on the farm. Business men there explain that when crops fail and wheat prices go down and time becomes generally bad the first thing the farmer wants is a steady income and he goes to the city to get it from the factory, the packing house or other industry.

A steady monthly income appeals to him. The irregular chance he takes with wheat forces him to seek quite often. Had he turned to dairying before it was too late he would have had that income, would not have had to move and could still enjoy the freedom and independence of rural life.

Around Mulvane one doesn't hear any talk of quitting the farm, and, although there is not a single instance of extreme wealth from dairying, one cannot help but notice the air of well-being and satisfaction throughout the countryside.

Take, for instance, the case of Frank and Will Muller, who live on their father's 425-acre farm on the northern edge of Mulvane. They own thirty-five head of grade Holsteins and milk an average of twenty-five cows the year round. Last year their total income from milking was \$4,000. This milk they sell to the Pet Milk Company condensary which was built in 1910.

They make use of only twenty acres of their large farm in raising feed for their cows through the winter months. In summer the cows are pastured on grass. African millet and cane are raised on this 20-acre tract and when fall comes the crop is cut up into ensilage and stored in a silo. One filling of the silo, together with alfalfa raised on the farm, is sufficient to carry the cows through the winter and well into the spring.

"We have been milking cows for the last fourteen years," said Frank Muller, the younger of the two brothers, "and we are well satisfied with the job. Our farm is completely free of indebtedness and we have the whole world ahead of us. We make enough money off the cows to live on and are able to save a little, too. What we make with our other crops is all velvet."

"Of course, I know it's a bit hard at first to get up at 5 o'clock in the morning to milk, but we use milking machines and it's more of a pleasure than hard work. We milk again in the afternoon at 5 o'clock and the milk company sends out and gets our milk."

Mr. Muller did not say that he holds the record of producing more milk than any other dairyman selling to the condensary. His check last month was \$310. That information came from the manager of the condensary.

The price paid for milk now at the plant averages about \$2.10 a hundred pounds, providing the milk contains 3.5 butter. Most of the milk has that much butter content. The Muller farm is producing an average of 500 pounds of milk a day.

Another highly successful dairyman who also farms a large acreage in addition to dairy work, is Fred Kersey, who lives one and a half miles south of Mulvane. Mr. Kersey has been milking cows for two years and now has his herd built up to twenty head. His monthly milk check varies between \$250 and \$300.

M. L. Howard, living four miles southeast of town, milks fifteen cows and gets \$200 a month from the milk company.

D. O. Schaper, three miles southeast of Mulvane, milks but a few cows, but he adds \$100 to his bank account each month.

W. E. Thompson gets the same amount, and he has only six cows. One month last summer his six cows made him \$165.

W. B. Sullivan, living west of town makes enough money to live on and saves \$100 a month from milking eight cows.

These names were selected at random among the farmer-dairymen of Mulvane who are weathering every season, good or bad, by spending a few hours each day in the dairy barn.

It is estimated that the 600 farmers living near Mulvane are milking 6,000 cows. The deposits in the two banks of the little city are bigger by \$480,000 annually because of the industry. More than forty persons are employed in the milk plant at Mulvane.—The Wichita (Kan.) Beacon.

Preserve the Weekly

We appeal to the people of Bellevue to take their home weekly as the first bet, and, if they want to keep in closer touch with the nation through market reports and other telegraphic news, next consider the daily publication. The greatest news paper men in the history of the state have been those who have edited weekly publications at one time or another. They have been pioneers in the newspaper field, and in this day and age, when people are looking for bigger things, they must not overlook the brilliancy of the writers of today who give their message weekly to the reading public. Those who are considering giving up a weekly and subscribing for a daily, should weigh very carefully their decision in this matter, for once the home community publication is eliminated through lack of support, it will be a serious loss to the locality. In smaller places where two or more weekly publications exist, there should be a merger, however, with a view of giving the people the very best weekly edition possible.

We do not hesitate to say that the weeklies in this country fill a place that the daily cannot fill. People take the daily because it gives the markets and the activities of the nation daily; but there is always lacking those close-up personal relations that are a part of the community life in the smaller cities and part of the village. Then again, what would the great state of Texas be if we were to eliminate the scores of excellent weeklies that are playing a major part in moulding public opinion. Each locality has its own problems to solve, and the daily publication, not being in close touch or understanding the issue, is utterly at sea in trying to take the place of the weekly. With all the arguments that are advanced in favor of the daily newspaper, still we contend that the weekly publications, not only in Texas, but throughout the country, are deserving of the whole hearted support of the public. We cannot forget the fact that years ago, the weekly was the pioneer, and out of that has grown the great daily of today. Many near-sighted writers feel that with the dailies covering the field there is little need of a weekly. This is a narrow view, to say the least.—Bellevue News.

The Dallas News will subscribe to all the Bellevue News says in the above reprint. The News does not compete, or wish to compete with any weekly paper, but seeks to be a general newspaper. It could not competitively enter the domain of the local weekly if it wanted to. There are a hundred reasons in every issue of the local paper why the paper should survive and prosper in its own field. The people of every community should patronize their home advocate before patronizing any other.—Dallas News.

Their Ears Burned

The parents of Cheyenne who had been permitting their young people, both girls and boys to attend parties at various resorts in and near that city had a real awakening one night last week when the police raided a resort known as Pine Grove and placed ten girls and twelve boys under arrest, charged with drunkenness and disorderly conduct. The kids were taken to jail, and soon the telephones began to burn with queries from anxious mammas who begged the privilege of staying in jail with their daughters until morning so the dear ones could not be contaminated by association with jail birds.

The boys and girls arrested were taken before the Rev. B. J. Minort, state commissioner of animal and child protection, and accompanied by their parents they heard a stinging rebuke by Mr. Minort for the incident. Mr. Minort boldly charged parents with neglect and criminal carelessness in letting their children run wild after night finally terminating in the disgraceful drunken carousal. He said that the boys and girls had been staying out late at night seemingly without parental objection.

"The boy and girl problem is not a boy and girl problem, but a parent or father and mother problem. It is not the children that should be in jail, but the parents who contribute to the delinquency of their children," stated the officer.

The Cheyenne parents received some publicity that made their ears burn, and it is to be presumed that each home is now out-fitted with a good harness strap, and some wayward boys and girls are getting chastisement that has been neglected too long.—Torrington (Wyo.) Telegram.

The Store That Quality Built

America Lives from Hand to Mouth

The United States, richest of all Nations, is living from hand to mouth. It is a startling statement to make, but it is true. As a Nation, we fail to live up to the old injunction handed out to us by bankers, merchants and other business men to prepare for the proverbial rainy day. We produce our food and fiber and consume them within a brief season, depending upon another crop to meet our needs the following year. Any sign of a surplus production is a signal for a depression of prices, oftentimes below the cost of production. Yet, even a partial crop failure over our entire producing area would bring starvation to the doors of millions, and near total failure would mean disaster to those who count their wealth in millions.

The early Peruvians, it was discovered by venturesome Europeans, had great warehouses stored with grain against a possible time of need when crops failed. Other people of early times used the same precaution, but our chief aim is to dispose of one crop before the next harvest is ready.

Surplus is a menace to the producer and of but little benefit to the consumer. Our system of economy discourages a surplus. Providing for a "rainy day" does not enter into our calculations. We are rich this

year and poor the next. We may have plenty today and be begging for bread tomorrow, all because our way of doing business makes it unprofitable for producers to create a surplus of necessities as an insurance against want in times of crop failure. We store up ammunition and guns for use in some possible future war, but we trust to Providence or luck to provide us with plenty to eat and wear from one day to another. Fortunately, our diversity of climate and soil has thus far enabled us to meet our seasonal needs, but with increasing demands upon our producing resources, the time may come when we will wish we had provided a surplus without penalizing the farmers who produced it.—Farm and Ranch.

107,817 Now Lead of Mrs. Ferguson
Dallas, Nov. 12.—"Ma" Ferguson, democrat, had a lead of 107,817 over Dr. George C. Butte, republican, when complete returns from 223 of Texas' 252 counties had been tabulated today in the election for governor on November 4. No further figures will be issued until complete returns have been received from the 19 unreported counties. The totals to date are Ferguson 398,284; Butte 290,467.

Two counties added to today's total were Grimes with 1051 and 1402 for Butte and Ferguson, respectively, and Carson which gave Butte 499 and "Ma" 529.

M. H. Brasher of Abilene was here Wednesday enroute to San Angelo. Mr. Brasher served as superintendent of the Big Spring Schools for six years and has a host of warm friends here who are always glad to greet him.

Mr. and Mrs. B. C. Rix and daughter, Miss Ruth, attended the big "Tech" celebration at Lubbock on Armistice Day.

November 16-23 is the Week of Prayer and Self-Denial for Home Missions thruout the Southern Presbyterian church. On Monday the local Auxiliary will have a program at the church in observance of this week. The program used in the one sent out by our superintendent of woman's work and is full of bright and interesting numbers, interspersed with appropriate songs. Every member of the Big Spring Auxiliary is urged to remember the special topics for prayer provided in the program. These topics are as follows: Monday, Indians; Tuesday, Mountain Folk; Wednesday, Mexicans; Thursday, Negroes; Friday, Foreigners; Saturday, Jews. We plan to make the program at the church next Monday at 8 o'clock one of the most rousing and entertaining we have ever had. Come and bring some one with you. The program follows:

Subject—"Within Our Land."
Song—What Makes a Nation Great Prayer.
Scripture—Acts 17:22-31.
Reading. The Burden—Mrs. Barnett.
Hymn—Brotherhood.
Special Prayer—Mrs. Lane.
Late News from Stillman—
a. A Message from Dr. Brown—Mrs. Noble Read.
b. Two recent letters—Mrs. Bilberry.
c. The 1924 Conference for Colored women—Mrs. Dubberly.
Solo—Stillman Conference song—Mrs. Littler.

PICTURE GALLERY—One minute stories of five pictures from The Romance of Home Missions—
a. Stuart Robinson School—Mrs. J. I. McDowell.
b. Silas Bacon and his life—Mrs. Cunningham.
c. A wedding group—Mrs. J. O. Tamsitt.
d. Some western churches—Mrs. Barrick.
e. Miss Annie Shadden—Mrs. T. S. Currie.
Solo—Mrs. L. S. McDowell.
Closing Prayer.

"Ma" Wins by 279 Majority
Our attention has been called to the fact that we cheated "Ma" Ferguson out of 20 votes in reporting the vote for Howard County last week.

We made an error in adding up the column as "Ma" should have been credited with 932 votes instead of 912. This gives her a majority of 279 votes in Howard County.

STOP THAT ITCHING

Remember—You can depend upon it, that our prices for dependable merchandise are the lowest. We will not be undersold by any firm in West Texas. Try us and be convinced that we can save you money on Dry Goods and Clothing.

You Are Always Welcome At Our Store

The Grand Leader

Vic Mellinger, Proprietor
Mellinger Sells It for Less!

A Pointed Question
Why don't people owning lots build on them to accommodate the great number of people now coming to West Texas?

I think more would build if the city offered some inducements.

If the mayor and members of the city council lived on the south half of Nolan street, or rather where there should be a street, I think they would try to open it up. This should be a rather important street as it is only two blocks from the High School and about two blocks from the hospital.

Our city property taxes almost equals that of some towns having paved streets but here it appears that the street improvement fund is exhausted every time property owners put in a request to have a street opened.

What inducement is there to a land owner to build when they cannot have the third street east of the main street opened up?

The mayor is requested to try driving his auto from the north to the south end of Nolan street and see how fine the view is.

A Well Wisher of the Town.

Now's a Good Time to Sell

\$3.50 Ladies Silk Hose for \$2.50. Clyde Fox.

We Need Publicity
It would not injure us any if more folks were informed about our city and county, our resources and the opportunities we have to offer. There are a lot of folks in the United States who have never heard of Big Spring. There are a number of these same folks we could attract to this section if we had the vision to advertise our advantages.

We had a letter from Dawson, Ohio, this week which gives an idea of what folks who have never visited this section think of West Texas. Here it is: "I received the Herald Booster Edition and was indeed surprised to learn that Big Spring had grown to a city of 5000 population and also to learn that such a wonderful agricultural development had taken place throughout the county since I was there."

"I have shown the Booster Edition to many friends here at Dawson and have been talking West Texas as the coming country. Most of them were really surprised to learn that Big Spring or West Texas could be progressive, prosperous and delightful places to reside. They thought the West was inhabited by ranchmen, cowboys and Mexicans, as wild and wooley as usually represented by the motion picture Westerners."

Dressmaking
I am prepared to do both dressmaking and plain sewing at home. Call at 804 Jack street or phone 346. MRS. D. H. CLINGAN.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomet tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomet, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea or the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

REWARD OFFERED

For information leading to conviction of any party throwing trash and garbage on roadside in or out of the City Limits, we will give \$25.

There is a City Garbage Ground 300 yards South of the public road, about one mile east of Big Spring, and any and all persons are welcome to dump garbage there, free of any costs. But better not drop the trash near the public road.

Report violations to either City or County officials.
CLYDE E. THOMAS, Mayor.

Prevailing Religious Tendencies of Today

Ever since the World War broke out in 1914 there has been coming upon the world, and this is especially noticeable here in our own country, a universal breaking up of established customs. There has been and still is a general shaking up in business, in morals, in religion and in government. Nothing is going now after the fashion which things went before the war.

Religious beliefs are giving away. The old-time belief, reverence and respect for religion is passing away. Our people are in a state of doubt and unrest. We are passing through a period of reconstruction. What shall the results be? This all depends. If we plant our feet on the solid rock we shall weather all the storms and make the harbor safely.

No nation can long exist without Jehovah, God. There never has been a civilization in the world fit for a decent person to live in, built up without the influence of the holy Bible. The Bible is the one civilizing and uplifting influence of all ages. "By their fruits ye shall know them." "Righteousness exalteth a nation, but sin is a reproach to any people." "The wicked with all the nations that forget God shall be turned into oblivion."

Just now there is a widespread and growing influence in this country toward infidelity. Witness Dr. Charles W. Eliot's statement given to the world by the Associated Press dispatch, Oct. 13th, viz: "I believe that the modern youth rejects most of the tenets, dogmas and beliefs of the past. He does not believe in the creation in the Garden of Eden." Dr. Eliot is president emeritus of Harvard University and one of the most influential educators in the world. Dr. Eliot does not believe the Bible story of the creation of man. He does not believe in the genuineness, authenticity, credibility and inspiration of the holy Scriptures.

Skepticism in its various forms is deluging our country and it is engulfing many of our people. Skepticism is in nearly all of our institutions of learning. It practically has control of our educational system. Most of our text books are more or less saturated with it. Eighty per cent of the teachers in our higher institutions of learning are more or less skeptical in their bent of mind. Not a week passes but that the daily press gives some notice of skepticism. The great magazines are teeming with skeptical teaching.

We are reaping what we have sown. "We have sown to the wind and we are reaping the whirlwind." I have studied the Bible with a fair degree of diligence for fifty years. I have been a public proclaimer of the Gospel for more than thirty years. I have for a quarter of a century traveled in the United States, Canada and Europe. I have been a student of history and of human nature. My settled conviction is that there are two fundamental reasons why we fail to lead the people to a firm faith in God, Christ, the Holy Spirit and the Bible. They are a divided church and Christians mixing up with the governments of the world. Christ prayed and taught that his disciples might be one as he and the father were one; that the world might believe that God sent him. (John xvii, 11, 20, 21, 22, 25.) Christ said, "My kingdom is not of this world; if my kingdom were of this world, then would my servants fight, that I should not be delivered to the Jews; but now is my kingdom not from hence." (John xviii, 36.) A divided church never can lead the people to faith in Christ, neither can Christians accomplish anything for Christ by dabbling in politics.

No other truth was ever so plainly taught anywhere else in the world as the truth in the Bible that God's people should be one people and that Christ's kingdom has no part nor lot in the kingdoms (governments) of this world. The Christian religion suffers in influence because of the light in which it is presented to the world by the professed followers of Christ. Stripped of all humanism and let shine in his meridian splendor, Christ shines in the world as the only perfect and complete personality. He is Immanuel, God with us, the God-man, humanity perfected, divinity exemplified. The Bible is the only perfect book. The Christian religion is the only perfect system of living that has ever been given to the world; adapted to all the needs of man under all conditions and for all time. Like the sun that has been the only and perfect source of light in ages past and shall be for ages in the future as long as this world shall be, so Christ is the only perfect source of spiritual light for all time. —JOHN E. DUNN, in Dallas News.

RED CROSS DUTY TO AID VETERANS

Spends Nearly Four Millions in Year to Lessen Burdens of Disabled Soldiers.

SERVES 63,700 IN HOSPITALS

Every Case Is Given Individual Service—Assists Families of These Men Everywhere.

Washington.—The need of individual assistance by ex-service men and their families from the Red Cross is as pressing today as it was immediately after the end of the World War. For six years this work has been foremost of all Red Cross services, and in emphasizing the steady public support of this work the Red Cross National Headquarters urges the largest enrollment this year during the membership campaign opening on Armistice Day, November 11.

Nearly four million dollars of Red Cross funds spent for disabled veterans and their dependents during the year ended June 30 last presents some idea of the magnitude of this work. The current year, it is estimated, will call for still further disbursements of funds for the reason that the Red Cross, through more than 3,500 Chapters in as many communities in the United States, has been called upon to help the ex-service men in making out their applications for the adjusted compensation granted in the so-called bonus law.

58,767 Soldier Cases a Month

The Red Cross work for the disabled soldier is designated "home service," for it gives individual attention to the man and his family approximating the interest and loving care of the home. Such service in the hospitals, camps, soldiers' homes and sanatoria, averaged 33,951 cases a month during the year. Assistance to ex-service men and their dependents averaged 58,767 cases a month. In addition, the Red Cross in the last twelve months provided 33,000 recreation and entertainment events in the hospitals and camps.

Thus the Red Cross, symbolized as the "Greatest Mother," still watches over these many thousands of men, comforts them, helps to lighten the tedium of their physical reconstruction, and in their homes lifts some of the burdens from their "own people."

Work in Communities Increases

The home service of the Red Cross was the most pressing duty of 2,609 Chapters, an increase of 152 communities where problems affected by the war veteran's condition required solution through immediate and intelligent assistance. The Chapters alone expended some \$2,000,000 in this work.

The transient disabled soldier, usually suffering from disability or tuberculosis, is almost everywhere a grave problem. From national funds the past year \$173,076.36 was expended in helping the Chapters to care for these wandering men.

According to government report there are 4,500 veterans in civilian institutions, and in the national homes for soldiers the complications are increasing. The large groups of patients whose claims have been disallowed, of veterans of foreign wars, and the great number of men permanently resident in these institutions call for Red Cross work which cannot be avoided nor denied.

Definite Service to 73,700

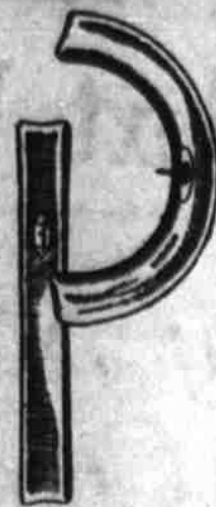

Of a total of 84,500 ex-service men in hospitals and other institutions 73,700 were rendered a definite and specialized service by the Red Cross. In a single month 4,185 new cases were presented and a total of 26,125 was acted upon—figures which serve to illustrate the magnitude of the information and claims service engaging the attention of Red Cross workers. New veteran legislation amending the War Risk act which extends many additional rights to disabled ex-service men will reopen thousands of cases and require still greater Red Cross service.

When Congress granted a charter to the American Red Cross it charged the organization with the duty to act as "the medium of communication between the American people and their Army and Navy." This responsibility to the enlisted men and their families is met every year without restriction.

Serves Men on Active Service

The extent of this Red Cross activity during the last year embraced a total of 195,246 cases. There were 36,995 separate soldiers' and sailors' claims; 20,316 investigations of home conditions; 11,421 cases related to discharges, furloughs, etc. Assistance was given in 39,658 instances for personal, business or family problems; 744,320 visits were made to the sick or disabled, and nearly 40,000 letters and telegrams dispatched to the homes of enlisted men.

From June to September at the numerous military training camps the Red Cross provided information and home service to the trainees, also instruction in First Aid and Life-Saving. The entertainment and recreation events at the various Army and Navy hospitals reached nearly 3,500 during the year, and occupational therapy in nine Naval hospitals gave constructive and beneficial results and occupied the time of patients in the making of useful and ornamental objects.

That's the Difference

MICHELIN Tubes are ring-shaped and fit the ring-shaped tire without being strained. Hence they last.

Other tubes are made straight, and must be stretched and wrinkled to go into the round tire. Constant strains wear out straight tubes quickly.

Michelin Tubes cost no more to buy and less to use than others.

Knights of Pythias Orphanage at Weatherford, Texas

Located at Weatherford, Texas, the pride of every loyal Pythian in Texas. On the right the boy's dormitory, in the center the administration building, and on the left the new proposed dormitory, which is to be erected at a cost of \$75,000.00.

The Knights of Pythia Home, Weatherford, Texas, as it will look when completed. The administration building, which was the first to be erected, occupies the center of the picture. This building was completed and occupied in 1907. The left wing of the picture is the Boy's Dormitory, completed and occupied in

1915. The right wing is now under way of construction and is to be used as a girl's dormitory. The present plant has a capacity of dormitory for girls will add one hundred more beds

The administration building is said to be one of the finest of its kind in the entire country. The boy's dormitory is modern throughout and the girl's dormitory will be a duplicate of the boy's building as to external appearances, with special features for the interior for use as a girl's dormitory.

Grand Chancellor Chas. E. Baughman is undertaking to carry this construction work to completion within the present year and Pythians

throughout the Grand Domain of Texas are all to have a part in the program which means so much to the Fraternity's membership and the posterity of the order.

In a measure the Home is an up to date school preparing its residents for entrance into any and all colleges and universities.

The Home has a Girl's Mandolin Club, pronounced one of the finest aggregations of string musicians in the entire country. They recently toured a portion of the state, playing to packed houses everywhere they went. Through the medium of the radio broadcasting, hundreds of thousands of citizens of the nation have been permitted to listen in on

their concerts.

In speaking of the matter, Grand Chancellor Baughman said it is indeed a piece of work for the States and our orders posterity, for indeed we are giving our boys and girls the very best there is in educational opportunities and sending them out into the world as citizens fitted and qualified to render a service for humanity and to make for themselves a name worth something.

The per capita cost of operation and maintenance is the lowest of any institution of its kind and the faculty employed cannot be excelled.

None but the children of deceased Knights, or their widows, are admitted to the Home.

Get Back Your Grip On Health... or NO COST!

Harley Sadler Coming Next Week

Howard County folks are looking forward for a big time next week for Harley Sadler and his own company will open in Big Spring Monday for a week's engagement. They are playing under the auspices of the Cemetery Association and a portion of the receipts of every entertainment will go toward that worthy cause.

Harley Sadler has won a warm spot in the hearts of our citizenship--he has a fine bunch of players, a good band, and presents good, clean plays and up to the minute specialties.

He can draw folks to fill his big tent when others make a failure. He has been playing this city for years and is considered homefolks--and that's why a big time is going to be in order when he opens here next Monday.

Just tell them Harley Sadler is the attraction and the crowds will flock in.

We Can Prove It

When better furniture is sold for less than we offer it to your it's our treat. Better get our prices before buying anything in the line of furniture, floor coverings, stoves, etc. W. R. Purser & Sons.

Entertain at Bridge and Rook

Mrs. Robt. T. Piner and Mrs. John Hodges delightfully entertained at Bridge and Rook on last Saturday afternoon.

The home of Mrs. Piner was tastefully decorated with chrysanthemums and the Thanksgiving idea was followed out in score cards and refreshments.

Fifteen tables of players thoroughly enjoyed the game of the afternoon and the delicious refreshments that were served at the close of play. The hostesses were assisted in serving by Mrs. Gordon Hatch and Miss Essie Duvall.

To Mrs. H. D. Hilliard went the honor of making high score of the afternoon

J. S. Humphries Dead

James Sands Humphries, one of our well known and highly esteemed citizens, was claimed by death at his home in this city about 9:20 o'clock Sunday night, November 9th.

Mr. Humphries, who was aged seventy years, two months and ten days old, had been in feeble health for the past year or two.

Up to the time of his illness Mr. Humphries held a position with the Texas & Pacific railway, was a faithful and efficient employe. He was of a generous and kindly nature, ever ready to make life's pathway easier and more pleasant for his fellowman and every one was better for having known him. Many friends mourn the passing of this good Christian gentleman.

Funeral services were conducted at the First Baptist Church in this city at 3 o'clock Tuesday afternoon, by Rev. D. H. Heard and the remains were laid to rest in Mt Olive cemetery.

He is survived by his wife and four step children, Mrs. S. I. Cauble of this city, Mrs. R. H. Piland of Fort Worth, D. Carter of Idaho and C. H. Carter of San Antonio and to the sorrowing ones is extended the deep sympathy of our citizenship.

The following were here to attend the funeral: Mr. and Mrs. C. H. Carter of San Antonio, Texas; Mr. and Mrs. W. R. Carter of San Antonio, Texas, and Mr. and Mrs. R. H. Piland of Fort Worth.

Something new for the children--SCOOTERS--Special price next week 39c. RIX'S.

Going Right On

Politics can now be laid on the shelf for a couple of years so folks can forget their differences for awhile. Even though our candidates may not have been successful, the country will manage to make it through until a candidate we can rave over is successful--Big Spring Herald.

Certainly, the country is going right ahead about its business despite the fact that there were some folks who thought everything would have to be stopped because a democratic president was not elected, and because Texas elected a woman governor. The fact of the matter is, they tell us that business is going to be better from now on than it has been on account of the fact that the uncertainty of the election has been settled.--Clip and Comment, in Abilene Reporter.

Special all next week--Scooters, a wonderful toy for the children, 39c. RIX'S.

Aaron Johnson is to sing at Station WBAP at Fort Worth on Tuesday, November 18th and many friends in Big Spring will have their radios tuned in on that date to hear his numbers. Aaron is now attending John Tarleton College at Stephenville

Preserves and jam highest quality cheaper than you can make them. P. & F. COMPANY.

It was a little chilly on Friday of last week, and we have had threatening weather a portion of two or three days but aside from that we have been enjoying ideal, springlike weather. This has been the finest season for harvesting crops that is on record.

Something new for the children--SCOOTERS--Special price next week 39c. RIX'S.

SHORTY BEARD'S

the best place in Big Spring to get Waffles, Hot Cakes, Chili, Coffee, Pie--or anything in the line of Short Orders. Prices reasonable. Drop in and let us show you.

Bumping the Publishers

M. E. Foster presents a very intelligent commentary on the pending recommendation of the Post Office Department that second-class matter be further penalized in the postal rates, raised perpendicularly during the war as a revenue measure and held at that figure in spite of the fact that others similarly mulcted in that bill have long since been cut back to pre-war figures. Says Foster, writing in the Houston Chronicle:

"Funny thing is that our great government maintains first class postage and parcel post deliveries at a terrific annual loss. They want the publications to pay the deficit. It's frequently much cheaper to use the express companies, baggage cars and trucks than to pay the government's price. They put the additional tax on us in the war revenue measure along with 10 other commodities. The other 10 have since been revised, as the war has been won for some time. Instead of lessening the burden on the publishing business, they are now planning to suggest a 75 per cent increase. Newspapers and magazines have joined together to fight this and to ask for a decrease rather than an advance. So you see this great game has its troubles, along with all other fun and glory.

"Incidentally, we are not fighting the postal pay increase. We simply want to know why we should be asked to pay such a big part of it instead of taxing the country as a whole. It takes five times as much work to handle letter mail as it does to distribute newspapers. We weigh all our bundles, put them in mail sacks and deliver them to the trains. A letter dropped into a mail chute downtown, called for by a carrier, distributed in the postoffice, taken by the government to the train, then distributed again in the postal car, and handled once more when it reaches the postoffice of its destination. Then it is delivered by another carrier. It goes anywhere in the United States and Canada for 2 cents. Newspapers pay according to the distance carried, just like freight or express. That's fair wherever the rates are made fair.

"One trouble is that second class postage is charged with all the free stuff that goes forth from Washington. How many pounds do you suppose are sent forth under franking privileges, including everything imaginable, from the Congressional Record to free seeds, and from your congressman's pet speech to pamphlets on the foot and mouth disease? Why should second class postage, for which publications pay, be taxed with the deficit caused by abuse of free delivery?"

Time was when newspapers were given partial treatment in postal rates. The post office's idea was that dissemination of information was not only directly helpful in increasing first class mail but to the interest of the country. That idea has given way to another--that publications should be made to pay all their postage will bear and make up

for the deficiencies incurred in operating other branches of the postal service. Increased circulation accounts for some of it, but the bulk of the 400 or 500 per cent increase in the Record-Chronicler's postage bill since 1917 is due to the higher rate put into effect as a war-time revenue measure. Some increases made therein were as much as 1,000 per cent. A further increase of about 75 per cent is now the recommendation of the department.--Denton Record-Chronicler.

Hemstitching 7 1/2 Cents Per Yard.

Am prepared to do hemstitching for 7 1/2 cents per yard and guarantee work to be satisfactory in every way. Workroom opposite postoffice--open from 8 a. m. to 6 p. m. Phone 200. MRS. CHAS. EBERLEY 4-tf.

We have a new and full assortment of comforts and blankets. RIX'S.

If folks only realized it, now is the best time in the world to lay in needed clothing and dry goods for winter. Prices are lower now than they will be later--and because of the big stocks and the continued warm weather merchants are eager to dispose of their goods at lowest possible prices. Cotton continues to advance in price as does wool and the manufactured articles will soon follow suit. Better take stock and buy your winter goods at this time.

Let us show you our beautiful fibre living room suites. RIX'S.

Card of Thanks

We extend heartfelt thanks to many friends for the many kindnesses shown during the illness of a beloved husband, father and grandfather. Your kindly deeds and expressions of sympathy were deeply appreciated and we shall ever remember same. May God bless you all in our prayer.

Is It Just Luck, or Brains and Industry?

Is Jones, your neighbor, who has better crops than you; who has good livestock, a comfortable home and is apparently prosperous; whose children are in school while yours are in the cotton patch, just lucky, or is he a better farmer? Just think it over. Look about you and pick out the most prosperous farmer in your community, or if not the most prosperous, because of his large holdings, the small farmer who seems to get along and prosper, then study him and his methods. You might learn something to your profit and advantage. You one-crop farmers who pride yourselves in your ability to grow cotton, if the weather is favorable and insects scarce, but who are prouder of the fact that you don't know how to grow anything else, and too important to milk a cow or fool with chickens, how do you stack up against the man who has a sensible farm program? How does your method of living compare with his? Ask yourself a few questions and try and give an honest answer to each. In your answers you may find the solution of some of your problems.

Oftentimes more of value is learned by using the eyes in observing the other fellow than there is in close application along the old beaten lines your father and grandfather worked. They were probably up-to-date farmers and far ahead of their fathers and grandfathers. Then the more reason why you should keep up with the times and work and think intelligently.

The good and sensible farm program conserves the fertility of the soil, builds up productivity, and makes more certain a good yield.—**Farm and Ranch.**

Fordson Demonstration November 20

Everybody is invited to come to the U. S. Experiment Station, just north of Big Spring, Thursday, November 20th to witness the Fordson Demonstration that will be held there on that date from 9 a. m. to 4 p. m.

This is to be an Agricultural and Industrial demonstration and in addition to showing you how the Fordson can efficiently and economically do the work of several men and half a dozen mules in plowing, harrowing, planting and harvesting; a demonstration will also be made to show the hundred and one uses a Fordson can be put to in an industrial way.

You should plan to come and spend several hours as this demonstration will be instructive and interesting, and well worth the time you spend there. Everybody is invited. If you haven't investigated the tractor as a means of lessening the cost of producing crops on the farm this will be an excellent time to secure some information along this line.

A luncheon will be served free to all who come—so make your plans to come and stay all day.

Power farming is proving the economical method these days and the demonstrations to be made next Thursday will cause you to stop and think.

Tell your friends about this demonstration. Everybody in the Big Spring country is cordially invited to attend.

Card of Thanks

We wish to thank everyone who has shown the kindness and thoughtfulness of the loving spirit of Christ. The those who gave time and attentive service, we extend our greatest gratitude. Those who never failed when passing to step in our home or those who came from afar to offer words of cheer to our devoted mother and grandmother. We thank with all our hearts, also those who furnished conveyances to bear friends to her last resting place.

We sincerely thank and pray God's blessing on each and everyone.

Modern Woodmen Celebrate Nov. 26

The Modern Woodmen of America will celebrate the forty-first anniversary of the order with a Turkey Supper in Big Spring, Thursday, November 26th. One hundred and fifty plates have been reserved, 75 at the Wigwam Restaurant and 75 at the Elks Cafe. An abundance of Texas turkey and all the necessary trimmings that just suit a Modern Woodman's tooth are assured.

Visitors from Lamesa, Knott, Stanton, Colorado lodges as well as from lodges in other West Texas towns are expected.

State Deputy Robert I. Vidler of Dallas will be the honor guest and will have charge of the initiation of a large class of new members secured by the different lodges for this special occasion.

A big time is going to be in order.

 In Mrs. John Pike Building.

Player of Bridge Gets Unusual Hand

Chicago, Nov. 6.—Mathematicians who got busy at the University of Chicago today after a member of the Quadrangle Club of the university was dealt thirteen diamonds in a bridge game, announced last night that he had one chance in exactly 635,000,000,000 of getting another like it. Another hand like it, the mathematical sharks said, was dealt about two years ago in New York City. In order to have a reasonable probability that another hand like it will occur in the next two years, they said every man, woman and child in the United States must play bridge two hours twice a week until November, 1926. The player who drew the hand became excited and bid seven diamonds.

Ramsay Balch sustained a serious injury

when his glove caught in a rip-saw at the H. H. Hardin lumber yard last Saturday. His hand was jerked against the back part of the saw resulting in his left forefinger being amputated and a deep gash cut across the palm of his hand. The injury is a very serious and painful one and it may be some time before he will be able to return to work.

The Bank Book Route Leads to Independence

FINANCIAL independence is the measure of your success. If you are one of those wise and courageous men who had set himself a goal of financial independence, we can help you.

You can attain your goal most quickly, most easily, and most surely through one of our savings pass-books.

If you will regularly deposit a definite part of your income, it will be but a short time before your money will be earning as much for you as you earn yourself. You will have the key to golden opportunity. You will be well along on the surest, shortest road to financial independence.

You Tell 'Em

Howard County is situated in the center of a fine cotton growing section.

Howard County soil cannot be surpassed, and is equal in production to the best black land in Texas.

Howard County has 1,000 prosperous farmers and there is room for as many more.

Howard County produces annually fine crops of cotton, milo maize, kaffir, sorghum, sudan grass, melons, peas, fruit and vegetables.

Howard County is peculiarly adapted to profitable stock-farming, dairying, and poultry raising.

Howard County has no boll weevil or other uncontrollable serious crop pests to destroy crops.

Howard County land can be bought at a low price on reasonable terms. One crop often pays the entire purchase price.

Big Spring, the county seat, is the gateway to the great South Plains country.

Big Spring has a population of over 5,000 and is the principal city in this section.

Big Spring has an altitude of 2400 feet. Here malaria and typhoid are unknown. Climate the finest.

Big Spring has the finest deep well water in Texas. It is noted for its purity and is fine for all domestic purposes.

Big Spring has the finest schools and churches. Two of the finest High School buildings west of Fort Worth.

Big Spring has one of the largest shops operated by the Texas & Pacific railway company with an annual payroll of \$800,000.

Big Spring has a well established Tourist Auto Camp, with conveniences for tourists. A 200-acre State Park and City Federation Park.

Big Spring is on three National Highways: Bankhead Highway No. 1, Puget Sound to Gulf Highway and Glacier to Gulf Motorway. Good, hard-surfaced highways.

BIG SPRING HAS THE FOLLOWING INDUSTRIES AND BUSINESS HOUSES:

- 1 Cotton Compress.
- 5 Cotton Gins.
- 1 Ice Factory.
- 1 Ice Cream Factory.
- 2 Bottling Works.
- 1 Mattress Factory.
- 3 Lumber Yards.
- 2 Wholesale Grocery Stores.
- 3 General Wholesale Stores.
- 3 Banks.
- 4 Hotels.
- 7 Restaurants.
- 4 Drug Stores.
- 3 Variety Stores.
- 8 Dry Goods Stores.
- 15 Grocery Stores.
- 3 Produce Supply Houses.
- 2 Bakeries.
- 3 Furniture Stores.
- 4 Hardware Stores.
- 7 Meat Markets.
- 3 Jewelry Repair Shops.
- 4 Millinery Stores.
- 7 Barber Shops.
- 4 Confectioneries.
- 2 Beauty Shops.
- 4 Tailoring Establishments.
- 10 Automobile Garages and Repair Shops.
- 2 Auto Wrecking Plants.
- 7 Automobile Agencies.
- 3 Coal and Wood Dealers.
- 1 Sheet Metal Manufacturing Plant.
- 1 Photograph Gallery.
- 1 Electric Power & Light Co.
- 1 Local Telephone Exchange.
- 2 Telegraph and Cable Companies.
- 1 Tire and Top Manufacturing Plant.
- 4 Battery Service Stations.
- 5 Wholesale Oil Supply Companies.
- 1 Fine Motion Picture Theatre.
- 1 Theatre Under Construction.
- 6 Live Real Estate Firms.
- 5 Good Insurance Agencies.
- 15 Gasoline Service Stations.
- 1 Hospital.
- 2 Cotton Exchanges.
- 1 Steam Laundry.
- 1 U. S. Farm Experiment Station.
- Auto Passenger and Transfer lines to all nearby cities and counties.
- 1 Live Chamber of Commerce that will give you any information you desire concerning Big Spring and Howard County.

Come to Howard County

Big Spring is the Gateway to the Great South Plains

Coahoma News Items

Leonard McDonald of Sillson, Wyoming, was a guest in our city last week.

Mr. and Mrs. J. W. Waits of Coleman made a flying visit in Mr. Grissom's home last week.

The Baptist Auxiliary met in the home of Mr. and Mrs. John Runyan Wednesday, Nov. 5th with 15 members present. After Bible study, lesson discussed, and business meeting, a delicious luncheon consisting of wafers and fruit-nut jello with a liberal allowance of whipped-cream. The next regular meeting will be with Mrs. Looney Fletcher Wednesday, Nov. 19th. All members are asked to be present.

Were all the pupils in Coahoma school as interested as Mr. Hageler's youngest son, there would be very, very few absent marks needed. Though he was sick most of Wednesday night, Thursday found him in the school room.

Otella Rice fell Thursday afternoon late and broke her left arm. She broke the same arm last year while at school one day.

The hunting party, Messrs B. R. Thomason, Elmer Long, Rowe and Wilson, brought home some venison. They had a delightful trip and their friends enjoyed the deer meat.

Mr. and Mrs. J. W. Shives spent the week end with their daughter, Mrs. Moffit in Colorado.

Elbert Echols, Johnnie Graham and Bethel Graham consummated a trade, result, Elbert has the dray and the land near Coahoma, while Bethel and Johnnie have the land near Stanton. We regret to have Bethel and wife leaving for Stanton, but want them to go where they will do best.

Jimmie Walker accompanied the Sudan-bound crowd Tuesday, Mary and Ruth Claunch did not go, as their mother did.

Jay Hendrix and baby girl have both been sick the past week.

The baby of Mrs. Wheat has been sick for two weeks, teething and fretting.

Mrs. J. W. Myers, Myrtle Myers, Mrs. Schultz and Elmer Williams left for Spur Tuesday to attend the funeral of Mrs. Leslie Greer, a sister of Mrs. Myers and Elmer Williams. Mrs. Greer died of pneumonia. She leaves two children, aged 5 and 8 years.

The Baptist ladies are going to serve a turkey dinner Thanksgiving. Let us all patronize them.

Mr. and Mrs. Frank Acker accompanied by Miss Lula Jenkins, left Friday for Mason, where Mr. Acker's parents live. They returned Sunday, bringing both father and mother home with them.

The M. E. ladies held their regular meeting at the church Saturday afternoon. Though the attendance was not as full as was hoped for, the lesson was well prepared and the devotional hour was a blessing. They have recently changed the day of meeting from Monday to Saturday. Their next meeting will be two weeks from Saturday the 8th. The study is found in Deut.

Ed York of Frost is in our midst this week. His wife preceded him here by ten days. Her visit with relatives and friends will be cut short by her husband's arrival, for he expects her to accompany him home. Her friends had hoped she would stay several weeks yet.

R. B. Hood's father of Colorado was up to see him and Mrs. Birkhead Friday and Saturday.

The Junior C. E. met at 2:30 p. m. Sunday, Nov. 9th, with ten members and three visitors present. House was called to order by president. The visiting committee has been busy, as a report of 13 visits were given, with only four lunches sent. The lookout committee had seen 12 absentees or would-or should-be members. The minutes were read and approved, then followed the roll call all present answered with a verse, most of them using verses beginning with "A." Under new business it was decided to compete with the Intermediate in the greatest number of verses being read between now and the C. E. convention at Fort Stockton. Many are in line for the gold C. E. pin, with several working for the silver one. Lexie Hall substituted for Grady as leader. Every part was given, the same on program were absent. The Juniors had ninety per cent of members present. The following is the program for Juniors, Nov. 16th.

Song.
Subject — "Promises" — Psalms 105:41-45.
Leader—Dorothy Wheat.
Sentence prayer.
What is a promise? — Pauline Thomason.
Name three promises made to parents—Flora Madison.
Name three promises made at school—Gladys McCann.
Promise to pray daily—Thelma Mullikin. Psalm 5:1-3.
Why promise to read Bible daily? How does it help build character? Mention six reasons—Bama Hale.
Duet—Addie Pearl and Nettie Earl Fletcher.
Story—When one tries—Lexie Hall

How will the thought "Would Jesus do the thing I am about to do?" affect one's life—Jerry Hart.
Why keep a promise—Grady Robinson.
Toll story of Abraham and Isaac—Frances Thomason.
Song.
Mizpah.
Will Robinson had a birthday last week and a birthday dinner Sunday. That table groaned beneath its load. After the thirty-two guests had been served there was still much to spare. It would be next to impossible to mention all of the menu. Suffice it to say turkey and all the needed accessories, pies of different fruits, and no-tops too, and cake, too many to mention, save the cake, which made the centerpiece. It was a fruit cake, with "Robinson" spelled in frosting around it. On the top of it were 58 candles. These Mr. Robinson had to blow out. Mr. Robinson has four children and 13 grand children. All were present Sunday but his one daughter, Mrs. Elmer Hull, and her family who live at Stanton. The nicest of his remembrances was a signet ring presented by his wife.
The Junior B. Y. P. U. met at 3:15 Sunday afternoon. The superintendent being out of the city, the superintendent of the Junior C. E. substituted for her. C. H. DeVaney, a Junior C. E. member led for them. The program was carried out in full. Nettie Earl Fletcher was the pianist. The lesson was of Palestine and surrounding country, which was very instructive.
Uncle Johnnie Hale and wife have been enjoying a real outing. They went to Snyder, Stanton and Ballinger.
Dewitt Shives went to Abilene Sunday on Sunshine Special and home on the westbound Sunshine.
Mrs. Crosett of Big Spring spent last week with her daughter, Mrs. S. P. Echols. Alvin Graves, Mrs. Echols' brother in law of Fort Worth, and nephew, Adolphus Halman of El Paso were guests at the same time.
The Intermediate C. E. met at 2 p. m. Sunday, Nov. 9th with 95 per cent of its members present. After two songs, the reports of committees showed that our Intermediate C. E. members are at work. There had been four visits made, four lunches sent, and 15 spoken to about attending the C. E. Under new business it was decided to compete with the Junior on scripture reading. The program was well rendered. Every assignment was given and all seemed to be interested. There is one I. C. E. working to be a C. E. E. Next Sunday's program will be an open forum with the superintendent in charge. The subject is Samuel. Everything possible learned and spoken of him. The sentence prayer is to be, that God may give to these members the grace Samuel had.
Cleve Holden moved the dry goods and shoes from his general merchandise store on the east Main street to one of the new buildings on the west side. He will retain his grocery store where it has been all the time. His new stock of goods is pleasing to the eye in the new brick.
The Sr. C. E. held an interesting meeting Sunday night. The program was well rendered.
The fixtures for the new drug store have been ordered and the owners, Messrs Jess Collins and DeWitt Shives are anxiously awaiting the arrival.
The baby of Mrs. Pat Roberts has the chicken pox.
Cattle for Feeding Experiment
Forty-five choice white face yearling steers were purchased from W. B. Currie for the feeding experiment to be conducted at the U. S. Experiment Station under the auspices of the Extension Department of the Texas A. & M. College and the U. S. Department of Agriculture.
These cattle were delivered last week and now being put in trim for the experiment. The work of branding and dehorning the calves has been completed and they will soon be ready to be placed in the feed lots.
Those who have inspected the calves say they are a better bunch than the calves used in the test last year.
Watch our window display for special prices on cooking utensils needed in cooking your Thanksgiving Dinner. RIX'S.
The First Baptist Church Sunday school 9:45 a. m. Preaching 11 a. m. and 7:30 p. m. Mid-week service Wed., 7:30 p. m. Church phone 460. Pastor's residence, 1411 Scurry. Pastor's residence phone 492. D. H. Heard, Pastor.
Special all next week—Scooters, a wonderful toy for the children, 29c. RIX'S.

How will the thought "Would Jesus do the thing I am about to do?" affect one's life—Jerry Hart.

Why keep a promise—Grady Robinson.

Toll story of Abraham and Isaac—Frances Thomason.

Song.
Mizpah.

Will Robinson had a birthday last week and a birthday dinner Sunday. That table groaned beneath its load. After the thirty-two guests had been served there was still much to spare. It would be next to impossible to mention all of the menu. Suffice it to say turkey and all the needed accessories, pies of different fruits, and no-tops too, and cake, too many to mention, save the cake, which made the centerpiece. It was a fruit cake, with "Robinson" spelled in frosting around it. On the top of it were 58 candles. These Mr. Robinson had to blow out. Mr. Robinson has four children and 13 grand children. All were present Sunday but his one daughter, Mrs. Elmer Hull, and her family who live at Stanton. The nicest of his remembrances was a signet ring presented by his wife.

The Junior B. Y. P. U. met at 3:15 Sunday afternoon. The superintendent being out of the city, the superintendent of the Junior C. E. substituted for her. C. H. DeVaney, a Junior C. E. member led for them. The program was carried out in full. Nettie Earl Fletcher was the pianist. The lesson was of Palestine and surrounding country, which was very instructive.

Uncle Johnnie Hale and wife have been enjoying a real outing. They went to Snyder, Stanton and Ballinger.

Dewitt Shives went to Abilene Sunday on Sunshine Special and home on the westbound Sunshine.

Mrs. Crosett of Big Spring spent last week with her daughter, Mrs. S. P. Echols. Alvin Graves, Mrs. Echols' brother in law of Fort Worth, and nephew, Adolphus Halman of El Paso were guests at the same time.

The Intermediate C. E. met at 2 p. m. Sunday, Nov. 9th with 95 per cent of its members present. After two songs, the reports of committees showed that our Intermediate C. E. members are at work. There had been four visits made, four lunches sent, and 15 spoken to about attending the C. E. Under new business it was decided to compete with the Junior on scripture reading. The program was well rendered. Every assignment was given and all seemed to be interested. There is one I. C. E. working to be a C. E. E. Next Sunday's program will be an open forum with the superintendent in charge. The subject is Samuel. Everything possible learned and spoken of him. The sentence prayer is to be, that God may give to these members the grace Samuel had.

Cleve Holden moved the dry goods and shoes from his general merchandise store on the east Main street to one of the new buildings on the west side. He will retain his grocery store where it has been all the time. His new stock of goods is pleasing to the eye in the new brick.

The Sr. C. E. held an interesting meeting Sunday night. The program was well rendered.

The fixtures for the new drug store have been ordered and the owners, Messrs Jess Collins and DeWitt Shives are anxiously awaiting the arrival.

The baby of Mrs. Pat Roberts has the chicken pox.

Cattle for Feeding Experiment
Forty-five choice white face yearling steers were purchased from W. B. Currie for the feeding experiment to be conducted at the U. S. Experiment Station under the auspices of the Extension Department of the Texas A. & M. College and the U. S. Department of Agriculture.
These cattle were delivered last week and now being put in trim for the experiment. The work of branding and dehorning the calves has been completed and they will soon be ready to be placed in the feed lots.
Those who have inspected the calves say they are a better bunch than the calves used in the test last year.
Watch our window display for special prices on cooking utensils needed in cooking your Thanksgiving Dinner. RIX'S.

Our Pension Burden

The wars in which the United States has engaged since 1790, not including the world war, have cost the tax payers the sum of 6,936 million dollars, which is just one angle to the huge burden imposed by war.

The war between the states cost over six billion dollars—6,427 millions, to be exact. Our Indian wars cost only 25 millions in the form of pensions, while the war of 1812 cost 46 millions. The War of the Revolution cost 70 millions in the form of pensions, the Mexican War cost 56 millions and the Spanish war 126 millions.

We're not through paying yet. The country is still paying pensions earned in the war of 1812, most of it going to widows who as young women married aged veterans of that conflict.

Perhaps there are some persons drawing pensions who are not entitled to them; but on the whole the government debt is not only deserved but absolutely essential to the welfare of the beneficiary. It would be a rash man who would rise and say that the pension system is all wrong and ought to be abolished.—Abilene Reporter.

Saturday special this week—a guaranteed 50c butcher knife, special price 29c. RIX'S.

Will Turpin, Arlo Forrest and Cecil Horton had a narrow escape from serious injury last week when the Ford car driven by Forrest turned over on Runnels street, as they were enroute from school. Turpin suffered a broken collar bone, a scalp wound and bruises, while Forrest and Horton escaped with minor injuries.

We have just received some beautiful candle sticks and book ends. RIX'S.

Improvements on the State National Bank building and the new theatre, adjoining, are now nearing completion and these two attractive structures are being handed many compliments.

Entertain at Bridge

Mesdames James T. Brooks and Drennan Oxshear entertained twelve tables of players at Bridge Tuesday afternoon.

Crysanthemums were lavishly used in making the interior of the home more attractive for this delightful occasion.

Favors were peanut dolls attired in attractive tissue paper costumes.

Twelve tables of players took part in the ever interesting games and enjoyed the delicious refreshments served in two courses at the close of the period devoted to the games.

To Mrs. Fred Stephens went the honor of making top score.

Miss Helen Carr of Sweetwater distributed score cards while Misses Dorothy Oxshear and Catherine Bettle relieved the guests of wraps. The three young ladies also assisted the hostesses in serving.

Moslah's Fall Ceremonial

Fort Worth, Texas, Nov. 10.—Plans for the holding of Moslah Temple's fall ceremonial, which will be held, Saturday, November 22 have been completed and only awaits the time for the holding of the ceremonial to arrive.

Imperial recorder Benjamin W. Rowell of Boston, Mass., Ralph Budd, private secretary to Imperial Potentate Chandler and Mrs. Chandler will also be in the Imperial Potentates party, when they arrive from Wichita Falls Saturday, November 22 to attend the ceremonial.

The Coliseum where the ceremonial will be held has been decorated in gala attire while the scenery and lighting effects for the staging of the ceremonial proper defy description for they are on such a large scale. The potentates palace in the north end of the Coliseum and the oasis in the south end are works of art and are worth coming miles to see.

Masons and their friends are especially invited to attend an open house which will be held Monday evening, November 24, when the Coliseum will be thrown open to them to view this wonderful stage setting and lighting effects. Moslah Temple band, patrol, drum corps and chanters will stage a program during the evening.

For those who come to Fort Worth Friday, there will be a dance held in the crystal ballroom at the Texas hotel and again Saturday morning there will be a get-together meeting at the same place. An orchestra will be provided for those who wish to dance from 10 o'clock until noon. Various organizations of the Temple will be on hand during the morning to help entertain the visitors. Novices will be registered both Friday and Saturday at the recorders office that may be enabled to attend the entertainment being planned for them during the ceremonial.

The big street parade will be held Saturday afternoon at 4 o'clock after which the Nobles and Novices will immediately leave for the Coliseum where the big feed will be spread. Immediately after the feed there will be entertainment furnished until time for the grand entry of the Imperial Potentate and party which will take place at 7:30 o'clock sharp according to announcement by Potentate Frank Taylor. Nobles are urgently requested to be in their seats by that time.

Visiting ladies will be entertained during the late afternoon and evening Saturday by the Ladies entertainment committee who will register them at the Texas hotel and give them the program for the day.

Farm For Rent

350 acres in field, good water pumped in corrals and pasture by windmill, small house for hands, barn, plank corrals—everything convenient. Will build 5-room bungalow on place. Want to sell teams and equipment and rent on third and fourth. See P. E. LITTLE, Big Spring, Texas. 3-tr

Don't buy Congoleum art squares until you call and see what we have to offer. Big Spring Hardware Company. 8-2t

Ackerly Notes

The hearts of this community were saddened Monday morning, Nov. 3rd, when it was learned that Grandmother Froeman had passed away at 11:30 o'clock Sunday night. Although she had been ill for several months, her going was mourned by all who knew her. She was born in Mississippi in 1843; in a few months she would have reached the age of eighty-one years. She leaves three children, Mrs. Houston Bostick of Ackerly and two sons in California. The funeral services were conducted in the Methodist Church at 1:30 o'clock by Bro. T. R. Mauldin, and the remains were laid to rest in Ackerly cemetery. To those who mourn for one so dearly beloved is extended the heartfelt sympathy of this community. The out of town relatives that were here to attend the funeral were: Mrs. Henry Boatler and daughter, Mrs. Anderson Bailey and daughter, and Miss Betty Bostick, all of Big Spring. R. F. Lyons made a business trip to San Angelo last week.

Carl Fambrough is the guest of Mr. and Mrs. Henry Fambrough this week.

There has been 1133 bales of cotton ginned at Ackerly up to date.

Bro. Terrell, the new Methodist pastor, conducted services at the Methodist Church Sunday at eleven o'clock and Sunday night.

Mr. and Mrs. Eddie Green are the proud parents of a baby boy, born October 24th.

Mrs. J. B. Burns is the new manager of the City Cafe. She has made considerable change in the fixtures and is doing a nice business. She invites you to eat with her when in Ackerly.

Earl Castle of Knott is erecting a new residence in Ackerly.

W. F. White is erecting a new bungalow in the south part of town.

Mrs. L. M. Brown is teaching a subscription school in the Methodist Church. She has quite a number of pupils, and they are all doing nicely.

Mr. and Mrs. A. D. Brown have recently purchased the W. A. Earnest home, where they will move in a short time.

Miss Baker of San Antonio is the guest of Miss Mary Campbell this week.

ANSWER THE ALARM

Big Spring People Should Not Delay.

If your kidneys are inflamed, Don't stand around and do nothing. Like a fire it will soon be beyond control.

You will get the alarm in time—Backache, or dizziness or disorders of the urines.

Give your kidneys a rest by living more carefully.

Use Doan's Pills to help stamp out the cause.

Profit by a Big Spring man's experience.

B. J. Campbell, 107 Deming St., says: "I am glad to recommend Doan's Pills, for I have used them and they have brought me fine relief. When I was troubled with a touch of kidney trouble, my kidneys were acting too freely, but Doan's brought me good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Campbell had. Foster-Mulburn Co., Mfrs., Buffalo, N. Y.—(advertisement.)

Resolution of Condolence

Since God in His infinite wisdom has seen fit to call Max Weisen, husband of Susie Weisen, our beloved sister and co-worker, we the members of the Altar Society desire to extend our sincere sympathy to the bereaved family in this their hour of sorrow.

Be it resolved that this resolution of condolence be inscribed on the minutes of the Altar Society and a copy sent to the family and a copy to be published in the local paper.

Signed,
 Rosalin Austin
 Annie Vines
 Catherine Currie

The Future of Cotton in Texas

Texas farmers planted approximately 15,000,000 acres to cotton in the spring of 1924 and have produced about 4,200,000 bales. This production is more than a third of the probable crop of the Nation, but considering the acreage planted, is it an agricultural accomplishment to be proud of? Fifteen million acres of good cotton land should produce 7,000,000 bales under favorable weather conditions, and not less than 5,500,000 to 6,000,000 bales in seasons such as we have just experienced.

Thoughtful persons who see a constantly increasing cotton acreage in Texas with a decreasing acre yield are beginning to study the industry from a different angle. They are asking: "Just what percentage of the 15,000,000 acres planted to cotton in Texas in 1924 produced cost plus?" "How many of these 15,000,000 acres should have been planted to other crops?"

It is undoubtedly true that millions of acres planted to cotton in Texas every year are unfit for cotton and do not pay the cost of seed and labor; that other millions of acres, formerly good cotton land, are becoming impregnated with root rot and producing fewer pounds of good staple from year to year because of single cropping. If the present system of farming is continued, what will be the result?

If Texas is to continue the leader among States in agricultural production values, we must either continue to increase our cotton acreage at a loss to the individual farmer, or we must adopt a safe and sane farm program. It is hard to believe that even the most confirmed cotton grower can continue to produce at a loss, and therefore we are hopeful of better and safer farming in Texas in the future. The distressing feature lies in the fact that in all probability the present generation of cotton growers will either die or go broke before any appreciable change is made. There is hope, however, in the rising generation of boys who are being taught the value of crop rotation and soil building.

Texas should never be forced out of the leadership in the production of cotton. While there are millions of acres of land unfitted for a profitable production of the staple, there are also many millions of acres, when properly handled, that will make a profit for the grower. Cotton should only be planted on soils suited for its best development, and these soils should be taken care of through a system of crop rotation which includes legumes in the program. All other lands should be devoted to grasses, grains, fruits, nuts, and pastures. Let those grow cotton who can do so profitably, but only on soils best adapted to it. It is the only way in which cotton can be continued definitely as a money crop. It is the best way to develop the agricultural resources of Texas and bring contentment and prosperity to the people.

There never was a time in the history of Texas when there was more need of a safe and sensible farm program. County agents have preached it and farm papers have endorsed it, but converts have been few. Old Mother Nature, however, is forcing the issue. If we are to continue farming, we have got to quit robbing the soil and use more good commonsense in the business of production as well as in marketing. The man who says that he knows how to grow cotton, but knows nothing else about farming, is going to be crowded off the land. His place will be taken by one who appreciates the value of cotton as a crop, and who can produce more of it on fewer acres because he understands its needs and provides for them.—Farm and Ranch.

A Costly Report!

Reports to the Dallas News indicate, according to a study made of them by the Wall Street Journal, that no West Texas county will make more cotton than last year.

The Commercial World is no authority on cotton production; but the Commercial World is assured that, if the West Texas cotton crop be no larger than last year, the Texas crop will fall far short of the last government estimate.

Should this be true, it will mark another time that the government report has cost the Southern farmer money.

Showing an estimated production of more than 500,000 bales above what had been expected, the last government report resulted in a depression of cotton prices to the extent of 3 cents per pound, or \$15 per bale. This means a loss to the Texas farmer of some \$60,000,000—or considerably more than his profit on the crop. If it shall result that Texas cotton is far short of the government estimate, there should be such a wave of indignation sweep that state as will forever put a stop to the issuance of crop reports in the interest of the spinner and miller and against the interests of the farmer.—The Commercial World.

Herald want ads

Fourteen Points on Killing a Church

1. Don't come.
2. If you do come, come late.
3. When you do come, come with a groan.
4. At every service ask yourself, "What do I get out of this?"
5. Never accept office. It is better to stay out and criticize.
6. Visit other churches about half of the time to show your pastor that you are not tied down to him. There is nothing like independence.
7. Let the pastor earn his money, let him do all the work.
8. Sit pretty well back and never sing. If you have to sing, sing out of tune and behind everybody else.
9. Never pay in advance, especially for religion. Wait until you get your money's worth, and then wait a bit longer.
10. Never encourage the preacher. If you like the sermon keep mum about it. Many a preacher has been ruined by flattery. Don't let his blood be on your hands.
11. It is good to tell your pastor's failings to any strangers that might happen in; they might be a long time finding him out.
12. Of course you can't be expected to get new members for the church with such a pastor as he is.
13. If your church unfortunately happens to be harmonious, call it apathy or indifference or lack of zeal or anything under the sun except what it is.
14. If there happens to be a few zealous workers in the church, make a tremendous protest against the church being run by a clique.—Ex.

BIG SPRING ABSTRACT COMPANY, Room 4, West Texas National Bank Building. 18-1f.

Pull Together in Service to Texas.

Now that the election is over, bitterness and strife should be laid aside and every Texan should do his utmost to gain for Texas the most that can come from the free discussion we have had and to get for the State the greatest benefit that can come under a new administration that has the people's mandate for a term of service.

The Fergusons have a great opportunity. The election of Mrs. Miriam Amanda Ferguson is a matter of national interest and concern. The close relationship that James E. Ferguson will maintain to the gubernatorial office brings him also in the national limelight.

The mandate of the people to the Fergusons is clear. The people want progress with economy. They want Texas to go ahead, not backward. They want petty political matters subordinated to big issues of import to the State and its people.

Both Governor-elect Ferguson and Former Governor Ferguson have a remarkable chance to advocate and work for progressive legislation that will make for them not only a State-wide, but a National, reputation.

They are to be congratulated on the fight they have made. Even those who opposed them most bitterly should wish them well and help them work for the advancement of the State and the benefit of its people.—Fort Worth Record.

Bucks Stoves Are Best

A carload of Bucks famous heaters and cook stoves just received. Any style and lowest prices. You can find one to suit you. Price \$2.50 to \$150. W. R. Purser & Sons.

Government's Estimate Jumps Again

Washington, Nov. 8.—Another jump in the estimate of cotton production in the United States this year was announced today by the department of agriculture.

The department's forecast is 12,816,000 equivalent 500-pound bales.

The estimate two weeks ago was 12,675,000 bales.

The report showed 9,694,920 running bales, counting round as half bales, of this year's crop had been ginned prior to Nov. 1. Last year, 7,556,042 bales had been ginned at that time the year before and 8,139,215 in 1922.

The condition of the crop on Nov. 1 was 55.9 percent of normal, compared with 54.7 on Oct. 18, of this year.

Final ginning returns last year showed total production was 10,130,671 bales.

The condition of the Texas crop is 54 percent and the crop, as usual, is the biggest with 4,450,000. Oklahoma is second with 66 and 1,300,000; Arkansas third with 62 and 1,150,000; Mississippi fourth with 61 and 1,120,000, and Georgia fifth with 51 and 1,030,000.

J. A. Coffman of Coahoma was a visitor in Big Spring Tuesday.

Longworth—West Texas Utilities Company constructing transmission line from Roby to this place to supply town with power and lights.

Fort Worth—Four cars helium for ZR-3, shipped to Lakehurst, 20 more cars to follow.

Wortham—Snowden McSweeney Longbotham No. 11 well comes in making 5,000 barrels daily.

Cumby—\$40,000 water bonds approved.

Kerrville—Streets to be paved.

Dalhart—Presbyterians to build annex to church.

Dallas—Plans completed for construction of new \$500,000 auditorium in Gaston Park.

Camp Wood—New school building under construction.

Card of Thanks

We wish to thank our friends for their many kindnesses and expressions of sympathy when we were called upon to part with our beloved husband and father. We also wish to thank them for the beautiful floral offerings. May God's richest blessings rest upon each and everyone of you is our prayer.
Mrs. S. N. Laws and children.

If our population continues to increase Uncle Sam will surely be compelled to give us a Federal building. Even though the holiday rush has not started there are many times when it is a job to wade thru the lobby of the postoffice on account of the crowds waiting at the General Delivery and Postal Money Order windows. An extra heavy mail is coming to the local postoffice now, and with the usual holiday increase, we can expect a "jam" at the postoffice during the month of December.

Revive United Charities Association.
It would certainly be better in every way if we could keep our United Charities Association alive and in a position to render assistance to those actually in need. We could well afford to do this, and eliminate the vast number of mendicants, many of whom are professionals, from making store to store and house to house canvases. A great majority of the regular beggars now travel in automobiles—parking their machines in the outskirts of the city, while they do the panhandling act.
If we would all "kick in" to the United Charities Association, all beggars could be referred to some one appointed by the association to investigate each case, and the unworthy could be discouraged while aid could be rendered those actually in need.
The number of calls for aid will continue to increase with the approach of winter and steps should be taken to handle this situation in a sensible and systematic manner.
G. W. Cunningham has been unselfishly serving as chairman of the United Charities Association and he should be continued in this position and given ample funds to meet the many worthy calls for charity that are sure to be made upon us this winter.
Some of Big Spring's best people will soon be living in Beautiful Fairview Heights. Get you a lot before they are all gone.

THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas

Most people, and all candidates except Coolidge, talk too much during political campaigns. In fact over-talking appears to be a national fault, and people who talk much are likely to say things at times that should not be said. This is especially the case in the heat of a political fight, and as we are not out of one campaign in Texas before we are starting on another, much unnecessary bitterness is created and kept alive. Elections in this State are held too often. There is no good reason why changes should be made in offices about the time office-holders begin to get acquainted with the duties of their positions. Campaigning for any office has become unduly expensive, and after all, the people have to bear the expense. Aside from the saving in money that would result from fewer elections, there would be a wonderful saving in good dealing among the people.

The recent election may not have gone entirely to suit you, but those who have been elected will be your officers whether your choice or not, and as good citizens it becomes your duty to support them as wholeheartedly as if you voted for them. You can do this without endorsing any wrong-doing on the part of any of them, for good citizenship does not demand that you should support even your closest friend in a wrong act whether it is private or public. But most of us are inclined to be too critical of those whom we have opposed for public position, and in that way render their public service all the harder. The thing for all of us to do is to quit talking and give our newly elected officers, from the highest to the lowest, to understand that we are supporting them and have confidence in them, and then let's expect that confidence to be well placed.

Most people, even office-holders themselves, are inclined to over-estimate the authority and power placed in those elected to office. They are merely public servants and as such are amenable at all times to public opinion. Every citizen helps to create and maintain public opinion, which those in office must respect. As a citizen you are equally responsible with your neighbor and with me for that public opinion. Therefore you and your neighbor and I are the real governors and officers, and those whom we have elected are merely representing us temporarily. If their official conduct does not conform to public opinion, at least measurably, public opinion holds them in check. Our duty clearly is to do our full share in maintaining a correct opinion.

From the news reports the triangular territory between Shreveport, La., and Marshall and Carthage, Texas, promises to become the greatest natural gas field in the Southwest under proper development, and if so the wealth of that section will be increased immeasurably. The points adjacent to the territory will profit by the gas field exactly in proportion to the use they make of it. Shreveport is a live, wide-awake place, and is quick to grasp every opportunity for self-advancement. Marshall will likely prove a strong competitor in the utilization of the natural gas taken from Texas territory, even though it is handicapped by having less capital and a smaller population than Shreveport. Other near-by places are favorably located to receive much benefit, if only they have the enterprise and spirit to profit by what nature is doing for them.

The best way to judge a "hick" town is by its newspapers, and the advertisements in the papers are the sources from which opinions are formed. If the merchants are wide-awake progressive dealers, they invariably carry a good amount of advertising in their local papers and show an interest in constantly increasing their trade and trade territory. Where the advertising is lacking, everybody except the merchants themselves, knows that the best trade of the territory is going to the more enterprising neighboring towns and cities, and that the capital of that territory is steadily being drawn from it to other places. The best of towns can be killed by a non-enterprising set of business men who are merely "store-keepers," and not merchants of a kind that are constantly building up a trade territory through modern methods.

SINCE WOMEN HAVE BROKEN INTO POLITICS

Say, folks, we know that you have heard politics cussed and discussed for a long time, but did you ever see Old Man Politics on the stage? And did you know that he has a wife and a whole bunch of Little Tickks? And did you know that the old fellow is even more henpecked than Jiggs? No? Well, all we've got to say is that you have a lot to learn about him. Now, keep this under your hat, and don't talk about it unless you're by yourself or with somebody—if you want to catch a glimpse of the whole Polly Tickk family, be in the R. & R. Lyric Theatre, Tuesday, night, November 25th. We don't know whether they are Democrats or Republicans, but we have heard it rumored that Mrs. Tickk has gotten the upper hand and is planning to start a Woman's Party with the avowed intention of taking the trousers away from the men and making them wear dresses while their wives strut around with the captured breeches! On their arm? Of course not! They're going to wear them. Can you imagine Mrs. So-and-So coming prancing down the street with her hubby's Sunday trousers on? Well, that's just what we understand the women are planning to do. They are to start their campaign Tuesday evening. We understand they are to have a very distinguished speaker from Oklahoma who will address a political meeting that night and explain why the men should not wear the breeches.

But if Madam Rumor does not play us false, they will meet with some very stiff opposition on the part of the men. We also understand they have banded themselves together and are planning some very desperate steps in order to protect their inalienable right to wear pants. Just what their plans are and how successful they will be, remains to be seen. It promises to be a very exciting meeting and as the women are very anxious to present their arguments to as large a crowd as possible, they have requested us to urge everybody to attend. If you are not there you will regret it. Remember the date.

If folks knew just how many people are in our city each and every day seeking rent houses, apartments and furnished rooms, we are certain some of our folks would get busy and build a few needed structures. A big modern apartment house in Big Spring would prove a paying investment, and steps should be taken to interest some one in erecting such a building here.

The Game of Health

Children all over America are playing the "Game of Health." They have been started in this new game by the Junior Red Cross, which is the children's department of the American Red Cross, and they are very enthusiastic over the game and its results, according to reports. In the Southwestern Division of the American Red Cross many of the schools are working enthusiastically for advancement in this health game and some have reached a standard of excellence which is attracting wide attention. The purpose of the game is to build strong and healthy bodies and therefore keen minds. The children are weighed and measured at regular intervals and their record is kept on a health chart. The credits are also kept on the chart with reference to observing the health rules which are as follows:

- Drink a glass of water before each meal and before going to bed, drink milk, no tea or coffee.
- Bathe twice a week.
- Eat some vegetable and fruit every day.
- Sleep long hours with windows open.
- Brush teeth thoroughly twice a day.
- Wash hands before every meal, keep finger nails cut short, and clean them every day.
- Keep fingers, pencils, money, and everything that might be unclean out of the mouth and nose; and at all times keep hands away from the face.
- Use your own drinking cup at school and when away from home.
- Cover nose and mouth with hand-

kerchief when sneezing and coughing; take 30 or more slow deep breaths of fresh air a day; ten breaths in the morning; ten at noon and ten at night.

Try to sit up and stand straight with shoulders well thrown back; to eat slowly; and to attend to toilet and each need of the body at its regular time.

Try to get father and mother and everyone in the home who does not go to school to play the game of health with you and keep each rule.

With two oil bearing formations in the McDowell section, twenty miles south of Big Spring, now definitely assured there is ever reason to expect quite a bit of development in that territory. The Gulf Production Company will test out that tract in a thorough manner and other big oil companies will soon be actively developing their holdings in the McDowell country.

The bringing in of a commercial oil field on the McDowell ranch, twenty miles south of Big Spring and another to the southeast of us in Sterling County would not be a bit bad as it would mean the making of our city. The Reagan County oil field is only seventy-one miles distant from Big Spring. We should speed up the task of securing good roads to the Glascock and Reagan County oil fields.

Cole's Hot Blast Heaters mean comfort in coldest weather. We have one to meet every need. Big Spring Hardware Company.

New El Paso-San Antonio Record Made

A new record was made Friday between El Paso and San Antonio over the Bankhead and Glacier to Gulf Highway by an Essex Six. This car made the run, over the roads, between the two cities in 16 hours and 53 minutes. The Essex left El Paso at 12:01 a. m., Friday, central time, and checked in at the postoffice in San Antonio at 4:54 p. m. the same day.

The car was started in El Paso by mayor R. M. Dudley and checked in at San Antonio by D. E. Colp, manager of the Glacier to Gulf highway.

The route was as follows: El Paso, Sierra Blanca, Van Horn, Pecos, Midland, Big Spring, San Angelo, Fredericksburg, Boerne to San Antonio, a distance of 880 miles.

The car was the property of the Crockett Automobile company of San Antonio, Hudson and Essex dealers in that city.

It was first driven to El Paso and checked over by the Lone Star Motor company, Essex dealers here.

Calvin Lankford, of San Antonio, drove the car all the way through, with Joe Hernandez as his mechanic.

Arrangements were made with the postmaster in El Paso to carry a sack of mail consigned to San Antonio. This mail was delivered to the postoffice at destination several hours faster than the mail train schedule, in fact the Essex beat the fastest time of the Sunset Limited between the two points.

The car was a regular stock model and carried no special equipment

other than an extra gasoline tank. Only one stop was made on the a pause of three minutes at Big Spring for replenishing gasoline oil.

Home and School Club Entertained
Mrs. Creola Richbourg delightedly entertained an audience at the auditorium of the High School last Friday night.

In her portrayal of the cowboy, the Irish, Scotch, Negro, Italian and other characters she proved to be a real artist and her performance enjoyed many hearty laughs. Several vocal numbers were also enjoyed.

This entertainment was under the auspices of the Home and School club.
