

BY HOP JR.

Cheer up, maize farmers. Things could be worse. Like, you could be growing cranberries yet, with Thanksgiving only a week away and the market shot to smithereens.

The cranberry spectacle is a perfect example of the stupidity of the public at large. All of a sudden everyone in the nation is shocked to think that a few cranberries have a wisp of a strange substance which may (repeat, may) induce cancerous growth in rats, bats, and dogs.

The Agriculture Department itself admits that a man would have to eat cranberries three times a day for 10 years to ever get enough of the chemical residue in his system to approach conditions experimented with on other mammals in the laboratories.

No such person walks the streets, but all of a sudden everybody is incensed with the idea that it COULD happen.

I comment on this idiotic display of logic in the face of repeated, well-documented, warning from research laboratories in place after place that report an undeniable link between heavy cigarette smoking and lung cancer. Yet the public goes puffing away, apparently oblivious to the threat to their health brought on by the defiling, senseless habit.

At least three well-respected scientists have warned on the contamination of the upper atmosphere brought about by nuclear bomb testing. "Strontium 90" as the radioactive dust is classified, is capable of causing fearful mutations if the body receives an overdose, and the level of human tolerance may well have already been surpassed in many areas.

Puck said it right: "Ah, what fools these mortals be."

WSCS Dinner To Be Saturday

Members of the Woman's Society of Christian Service will hold their annual Thanksgiving dinner in the basement of the Methodist Church Saturday.

Serving will begin at 11 o'clock and will continue "until the food is gone." Turkey, dressing and all the trimmings will be featured on the menu.

A bazaar will be held at the same time in the church parlor and will also be under the sponsorship of the WSCS.

Coins Turn, Coaches Squirm IT'S STEERS 2-TO-1

Keeping an eye on a quarter, (25 cent piece) this week is a man who Las Vegas gamblers would hate to see come around. Owner of the magic coin is Dempsey Alexander, Farwell football coach, an old hand at flipping coins and winning.

The above is quite simple, when observed closely. Farwell, Sudan, and Kress all ended the District 3-A race tied for the crown. Kress had beaten Farwell, Sudan had beaten Kress, and Farwell had beaten Sudan.

A flip-of-the-coin would decide the district representative to the playoffs. But how many sleepless nights, moments of agony, times that butterflies cluttered the stomachs of the teams' coaches, were to be boiled down to one little flip of a coin!

Alexander had been through this before. In the past four years, the Steer mentor has "flipped" (speaking of deciding football winners) three times; each time for bi-district playoff representative.

Coach Alexander, along with assistant coach Don Dendy, athletic director Calvin Murray, and Farwell school superintendent W. M. Roberts, journeyed to Plainview early Saturday morning for the crucial odd-man game.

The four men gathered in a room in the Plainview High School building. They waited. An hour passed. They were the only ones there.

Then Kress coach Leo Fields showed up. He joined the quartet and they all waited. Finally, in about 30 minutes, Sudan's Hank Brown appeared. Now the odd-man game could finally be played.

They decided to put their coins into a cup, one coin for each team, and

have an outsider shake the cup, then dump the coins on the floor. Odd coin would be the winner.

You could sell pressure at a nickel a pound as Alexander dropped a quarter into the cup. Fields followed with a dime, and Brown added a penny.

The stage was set. Into the room came a member of Wayland's famous Flying Queens. She took the cup, rattled the coins vigorously, then dumped the change on the floor.

Murray was the first man over the coins. "The penny was tails up, the dime was likewise. The quarter lay closeby, with 'ole George' showing. Farwell had won.

Now Alexander flipped Idalou, (bi-district opponent from 4-A) for home team rights. Again he won, and Farwell will be considered the home team (use the west stands) in Plainview's Bulldog Stadium.

"I called my wife to tell her how we came out," the coach laughingly recalls, "and when I got home a couple of hours later she was still on the phone calling up people."

The coach says, "It seems funny that you can work for ten hard weeks, trying to win, and then come out on top just by flipping a coin."

"I was confident all week that we'd beat Springlake, and that Sudan would win. I thought we should win the flip, for I feel that we are the best team in the district," Alexander says.

He comments, however, that butterflies were creeping during the long wait.

HE'S GOT THE WHOLE DISTRICT IN HIS HAND. Farwell coach Dempsey Alexander proudly displays "Ole Lonesome George," the quarter that won the District 3-A flip game for the Steers. While opponents coins ended up tails, "Ole Lonesome George" came up heads, deciding the winner. Plans call for mounting the coin in the Farwell trophy case.

Home Plans Mature

Plans begun in 1954 for an old folks' home have finally matured for N. L. Tharp, Texico farmer and property owner. They reached fruition in the signing of a contract Thursday with a Lubbock contractor for construction of the home, at a 19-acre site near Clovis.

The act of philanthropy was close to reality a number of times since Tharp first revealed his intentions, but problems continuously arose that made the building of the institution not possible.

"We have finally gotten everything worked out," he said Friday, "and I don't know of anything that can possibly detain us."

The home will cost \$200,000 and will have 80 patient beds. Construction is expected to start next month. The site and funds for building the home are all being put up by the Texico man.

Meanwhile, construction continues on a 21-unit motel, the Nu-Tex, near Tharp's residence on the state line near Highway 60. A portion of the state line street leading northward from the railroad tracks was recently paved by Tharp and Joe Helton, local oil jobber.

SECTION 1

Uninjured In Crash With Train

Freeman Nichols of Muleshoe escaped with only a skinned face and other minor bruises after a run-in with a Santa Fe freight train early Sunday morning.

He collided with the slow-moving locomotive about 3:20 as he was making the five-track crossing between Texico and Farwell. Nichols was alone in his car at the time.

The Muleshoe man was headed west and the train southwest. The impact was a glancing one and the car was pushed along instead of being crushed. Oddly enough, the collision occurred in Texas, east of the state line about 40 feet. When the wreck was over, the car was in New Mexico and so was the locomotive.

Sheriff's department officers. (Continued on last page.)

DISTRICT 3-A CHAMPS AGAIN, Farwell's Steers copped the crown Saturday by a coin flip. The Steers, (first row left to right) James Ussery, Don Hendrickson, Errol Johnson, Dickie Gerles, Jim Hardage, Scotty Turner, and Jim Cain. Second row: Johnny Sprowls, Bill Owen, Mike Nelson, Charles Roberts, Jerry Lovelace, Bobby Atkinson, Jim Clements, Danny Johnson, and manager Pete Rolland. Third row: Manager Joe Hughes, Benji Dial, David Routon, Mike Billington, Rickie Cooper, Jerald Gober, Mike Paine, Joe Reed, Carrol Huggins, and assistant coach Don Dendy. Back row: Barthel Ford, James Burleson, David Lindop, Robert Carthel, Larry McDorman, Donald Dale, Jerry McCuan, William Dannheim, and coach Dempsey Alexander.

Texico Approves Bid On Equipment

Members of the Texico City Commission met for a regular meeting recently in the city hall.

Howe Fire Apparatus Company from Anderson, Ind., had low bid on apparatus for the new fire truck. Their bid of \$8279 was 5% lower than any other bid. They were the only out of state bid.

Other bidders were Thunderbird Sales, Albuquerque; Artesia Fire Equipment Com-

pany, Artesia; and Southwestern Fire Equipment, Albuquerque. Bids for the truck chassis will be opened at the next city commission meeting on December 5.

Other business at the meeting was the approval of two building permits. They went to John Adams for a garage and to Milton Autrey for a storeroom.

All bills for the month of October were approved and paid, and the town audit report was approved.

Wolverines Win Saturday, Lose To House Friday

Although the Texico Wolverines opened their 1959-60 basketball season with a loss at House Friday night, they came back Saturday to defeat the Grady Bronchos at Grady by a score of 58-46.

Friday night, the Wolverines couldn't seem to find the basket, as they scored only 23 points. Bobby Walker and Ursel Doran led the scoring for the losers, with eight points each. Wesley Engram had 4 points, and Kenneth Murdick with 3 completed the Wolverine's scoring.

Paul Frederick, coach, stated

that the game was close until the latter part of the third quarter when House scored 10 points and held the Wolverines scoreless.

Halftime score of the game was 13-9, and after three quarters the score was 20-19.

Saturday night, the Wolverine's experienced a much better night, both offensively and defensively. They scored 58 points and held the Grady team to 46.

Leading the Wolverines in scoring were Wesley Engram with 12 points and Ursel Doran with 11. Other Texico scorers were Charles Stockton, 8; Kenneth Murdick, 8; Don Johnson, 6; Bobby Walker, 5; and Tommy Standefor and Dwight Turner with 4 each.

The Texico team lead throughout the game, although the score was close all the way. At the half, the Wolverines were ahead 6 points and at the third quarter they lead 10 points.

"B" TEAM WINS
After two weekend games, the Texico "B" team has a

(Continued on last page.)

Kenneth Doolittle Much Improved

Kenneth Doolittle, who was seriously injured in an auto accident near Farwell on Nov. 7, is reported to be much improved by his mother, Mrs. T. T. Doolittle of Texico.

He has been hospitalized in Clovis Memorial Hospital since the accident, but may be released this weekend according to his mother's report. Friends may write to him at room 226 at the hospital.

NO BULL, IT'S BUNK!

Phillips Winner In Bowl Contest

Bunk Phillips with 79 points in the Tribune's Football Contest was the grand prize winner after the complete list of entrants was tallied and checked. Phillips missed only 19 games out of the total 98 in the contest.

He will be the recipient of two free tickets to the Cotton Bowl game in Dallas on New Year's Day, plus hotel, food and traveling expenses for the trip.

Winning second place was Bill Moss with 78 points, and in third place was Tommy Wurster with 77 points.

Other persons who entered (Continued on last page.)

PowderPuff Is Under New Management

The Powder Puff Beauty Shop located directly South of the Farwell Post Office, is now under the management of Jeanne Garton, a recent graduate of Hedrick's College of Beauty.

Mrs. Fred Carthel is the new owner of the shop, which will feature the 4-way method of haircutting, plus hairstyling and coloring.

The shop is now open for appointments.

For further information see an advertisement elsewhere in the Tribune.

Lee Holt has been hospitalized for the past month in the Veteran's Hospital at Kerrville, and will be there indefinitely. Friends who would like to write can write to Lee J. Holt, Veteran's Hospital, Kerrville.

His Biography Shows His Wit

An indication of the wit and humor of D. E. Scott, who will appear on the Farwell Ex-Students' program November 28, is shown by the following "biography" sent The Tribune in response to information on the speaker:

BIOGRAPHY
"Born. Farm reared with paddle and hoe. First and last novel to The Youth's Companion at age 9. Rejected. Eighth grade graduate. Printer, farm machinery store runner, radio fixer, civic sucker, three-time winner in matches with internal revenues, married, three children, six grandchildren (pictures available on or without request.) Crossroads Report six years old."

Scott's Crossroads Report is a daily short, punchy, and often acid comment on life in the world--most of the time as seen through his neighbors' eyes. It appears in numerous newspapers across the country, including dailies in this area.

Cary Joe Magness, president of the Exes, reported Tuesday that reservations have been slow in coming in. "We urge you to send in your cards now so that we can make plans for how many to feed," he emphasized.

"Also, if you want to come to the reunion but didn't get a card, that doesn't mean you're not welcome. We tried to send cards to everyone, but I know we were bound to miss some."

Bi-District Bout Features Old Foes Steers VS. Wildcats Friday At P'view

When Farwell's Steers engage the Idalou Wildcats in the Bi-District gridiron battle at Plainview, Friday night, both elevens will remember the same situation a year ago when the Steers owned the black side of the ledger at the end.

Turning all eyes and efforts to the Idalou contest, Steer coach Dempsey Alexander disclosed that the game should be a good one. Idalou will be "about our size" he adds, but "will carry more speed than we have."

"This could be a battle of the breaks," Alexander says, "with the lucky team ending up the winner." The teams have met two common opponents. The Wildcats slapped down Springlake, 22-0, and the Steers triumphed over the Wolverines, 32-18. Using these scores as comparative, Idalou would be favored by 8 points.

But to carry the contestants one game further, the Steers, in one of their better games whipped Morton 16-6, and Morton in turn handed the Wildcats a 6-0 setback.

This average would make the Steers favorites by 16 points. Overall, the Steers would be rated 8 points better than Idalou, by comparative scores, but as area football fans know, com-

ing these scores as comparative, Idalou would be favored by 8 points.

But to carry the contestants one game further, the Steers, in one of their better games whipped Morton 16-6, and Morton in turn handed the Wildcats a 6-0 setback.

This average would make the Steers favorites by 16 points. Overall, the Steers would be rated 8 points better than Idalou, by comparative scores, but as area football fans know, com-

parative scores have about as much value as the paper they are written on.

Idalou stopped Petersburg 20-6 for the 4-A crown, and they will definitely be "up" for the Steers. The winner of the fracas will meet the Stinnett-McLean winner in the regional contest, probably at Canyon next week.

Alexander expects the Wildcats to employ the T formation, but add a host of variations. They run a slot, or sometimes put both ends wide and halfbacks in the slots, to open up for their passing game, he

(Continued on last page.)

Deadline Early Next Week

Due to the Thanksgiving holidays, the Tribune will be published one day early next week.

All persons with news items are asked to call the Tribune office as soon as possible so that employees can have a Thanksgiving holiday.

News deadline for next week's paper will be Tuesday at noon and the advertising deadline will be Monday.

HOLIDAY STORES, INC., Farwell's newest business, will open Friday. This, the largest department store in Texico-Farwell and Farmer County, will be owned and managed by Tom Cobb, formerly of Lubbock. Hunter Construction Company, general contractor, finished the building about a month ago and fixtures and stock have just been moved in.

Pleasant Hill 4-H Does Outstanding Work During Year

Members of the Pleasant Hill 4-H club concluded their year's activities with an awards program last Thursday evening at the community center.

As a feature attraction of the evening, Cotton John's film, "A Tenderfoot in Europe" was shown by County Extension Agent, Phil Crystal.

Eighteen girls completed their projects and received the following award pins:

Lynell Lovett, eighth year; Donna Kay Pierce, seventh year; Judy Lovett, sixth year; and Dianne Baldrige, Della Crocker, Linda Crocker, Phyllis Kelley, Janet Sharp and Kathleen Smith, fourth year.

Receiving third year awards were Gwinett Lovett and Veda Wilson. Janie Clark, Judy Donahey, Wanda Eshleman and Glennis Fahsholtz received second year pins. First year pins were presented to Bettye Clark, Vicki Lovett and Marilyn Pounds.

In the boy's division a seventh year pin was presented to Dewey Pierce and a fifth year pin to Johnny Pierce. Wayne Fahsholtz and Leon Kelly earned fourth year pins, while second year awards went to Don Baldrige, Jimmy Goolsby, Terry Lovett and Leon Smith.

At the Curry County dress review this year, blue ribbons were won by Bettye Clark, Glennis Fahsholtz, Judy Donahey and Wanda Eshleman. Red ribbons went to Janie Clark, Dianne Baldrige, Gwinett Lovett and Veda Wilson. Dianne Baldrige also entered the public speaking contest and won third place.

Attending the county recreation camp in the Sacramento Mountains were Glennis and Wayne Fahsholtz, Dianne and Don Baldrige and Johnny Pierce.

Johnny Pierce and Wayne represented Curry County in the district tractor operators contest at Capitan where Wayne won the high point individual rating, and Johnny received a white

ribbon. Senior contestants at state camp in Las Cruces during the fall were Donna Kay Pierce, home economics judging; and Judy and Lynell Lovett, demonstrations.

Several ribbons were won by almost every member who entered exhibits in the Curry County Fair.

State fair winners were Lynell Lovett, leathercraft, Veda Wilson, embroidery; Donna Kay Pierce, textile painting; Phyllis Kelley, swine; Leon Smith, swine; and Jimmy Goolsby, leathercraft.

Both the boys and girls 4-H clubs arranged window displays in Clovis during National 4-H week, with the boys receiving a blue ribbon for their exhibit. It stressed correct tractor maintenance.

The club had several parties during the year as well as their eleven business and project meetings. During Valentine and Thanksgiving seasons the group sent cookies to two Portales children's homes.

Officers for the girl's club were Dianne Baldrige, president; Della Crocker, vice-president; Judy Lovett, secretary; Janet Sharp, reporter; Gwinette Lovett, song leader; and Donna Kay Pierce, council representative.

Officers for the boy's club were Jimmy Goolsby, president; Wayne Fahsholtz, vice-president; Johnny Pierce, secretary; Don Baldrige, reporter; Terry Lovett, song leader; and Dewey Pierce, council representative.

Adult leaders for the year were Mr. and Mrs. Ed Baldrige, Mr. and Mrs. Edwin Fahsholtz, Mrs. Alvis Clark and Mrs. Orris Eshleman.

Enrollment for the 1960 year and election of officers will be held at the December 3 meeting. It will be at the Edwin Fahsholtz home.

Of Interest To
THE WOMEN

LIGHTING THE FIRST CANDLE in a special CARE "Count Your Blessings" program at the Farwell Study Club meeting Monday night is Mrs. Calvin Murray, club president. Each member lit a candle as she gave her contribution to CARE.

Shower Given Mrs. Kittrell

Members of the Companion Class of the Texico Baptist Church honored Mrs. Truman Kittrell with a "pink and blue" shower Thursday night in the basement of the church.

The serving table was covered with a white lace cloth and was centered with an arrangement of fall flowers in a shallow bowl. Pastel tapers in milk glass holders flanked the arrangement.

Refreshments of individual squares of cake iced in blue were served with spiced tea, mints and nuts.

The gift table was centered with a miniature stork.

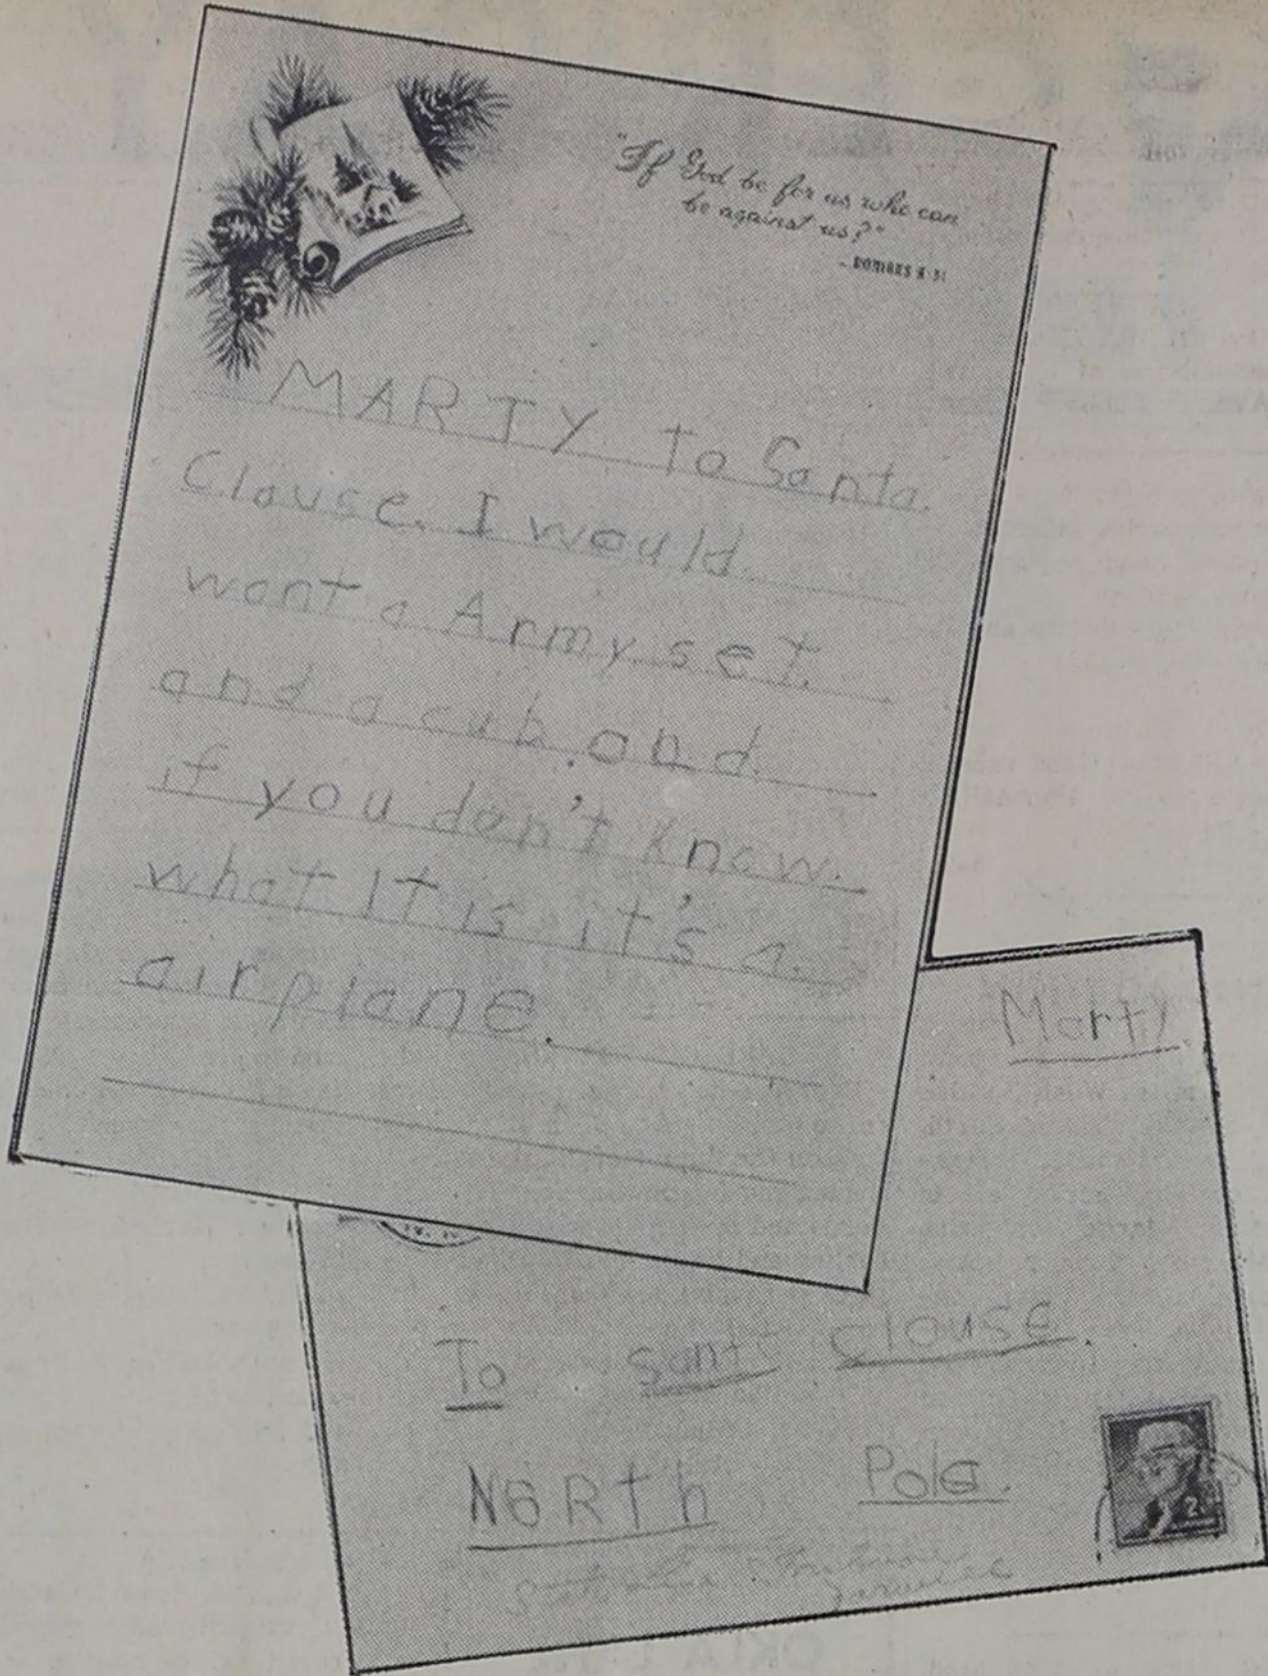

Those attending were Mesdames Rada Winkles, Mary Lyn London, F. S. Thigpen, Ruby Craft, Francis Boling, Margery Fought, Ysleta Kittrell, A. E. Hapke, and Pat Webb. Also attending were Misses Jerri Thigpen and Dorothy Hapke.

WSCS Meets In Church Parlor

The WSCS of the Hamlin Memorial Methodist Church met in the Church parlor on Nov. 11 for their monthly meeting.

Mrs. J. H. McDonald gave the devotion on the Ten Commandments.

During the business meeting plans for the group's annual dinner were made. It will be in the church basement on Nov. 21. A committee was appointed by the chairman to complete the plans for the dinner.

SANTA'S ALREADY GETTING LETTERS, and this is one of them that will be forwarded from The Tribune. This cute correspondence was the season's first for the newspaper, and who knows--maybe for Santa Claus too. At any rate, we're sure St. Nick will pay close attention.

Study Club Has CARE Ceremony At Meeting

Members of Farwell Study Club met in the Farwell home ec cottage Monday night. Roll Call was answered with happy thought for the day.

A special "Count Your Blessings" program for CARE was conducted. As each member lit a candle, she made a contribution to the fund. About \$10.50 was collected.

During the business meeting members voted to send \$10 to the TB association, and to send gifts to Wichita Falls to the state hospital.

A list of items needed by the hospital are, for men: combs, brushes, socks, scarves, ties, cigarettes, tobacco, smoking pipes, shaving cream, after shaving lotion, shampoo, bath powder, fishing equipment, baseball equipment, any wearing apparel, gloves, cuff links, and tie clasps.

Things needed for women are costume jewelry, rouge, lipstick, powder, cologne, hose, handbags, ribbons, scarves, bobby pins, hair pins, combs, brushes, deodorants, lingerie, compacts, flowers, and wearing apparel, evening gowns, boxed candy and cakes.

Each member of the club is asked to bring an item to the club's next meeting on Nov. 23. The meeting will be the annual Thanksgiving dinner, and husbands will be special guests.

The program on "Culture of Roses" was given by Mrs. Grace Snider. Lillian Aldridge gave an informative talk on "Government of the People, by the people and for the People." She brought out that each person has a job to do in the running of the government and gave several interesting pointers on governmental work.

The closing prayer was led by Mrs. Bill Hardwick.

Refreshments of lemon bisque and coffee were served to Mesdames Audrey Terrell, Joe Crume, Clytie Seale, Ann Glenn,

Jack Williams, Bill Hardwick, Sal Vincent, Edith Blair, Lillian Aldridge, Grace Snider, Alice Williams, Genie Murray and Grace Snider.

The serving table was laid with a white lace cloth and was centered with an arrangement of fall flowers in a shallow crystal bowl. Crystal candle holders holding tall white tapers flanked the arrangement. Focal point of the arrangement was a cake used in the "Count Your Blessings" program and a special gift box.

Chuck Sluders Have Daughter

Mr. and Mrs. Chuck Sluder welcomed the birth of a daughter in Clovis Memorial Hospital Thursday morning.

The little girl weighed 4 pounds, 13 ounces at birth and has been named Brendi Lee. She is the first child for the Sluders.

Grandmothers of the girl are Mrs. W. L. Sluder from Piney Flats, Tenn., and Mrs. Letha Morris from Banning, Calif.

Showing Of European Film Highlights Club Meeting

Members of Texico Woman's Club met in the club building Monday night.

The program included showing of films taken in Europe. Mr. and Mrs. Ellis Rogers of Clovis were special guests who presented the program.

Hostesses were Mesdames John Adams, Gerald Wilkinson, and Monty Parsons.

Refreshments of coffee, cookies and mints were served to Mesdames N. W. Peyton, Russell Johnson, C. B. Stockton, Buck Doran, Jim Moss, J. E. Stone, Jim Pierce, N. B. Nuttall, Perry Winkles, Ed Baldrige, B. A. Rogers and Leroy Faville. Guests were Mrs. Lola Standefer and B. A. Rogers.

The serving table was laid with a Thanksgiving cloth, featuring a border of turkeys. A centerpiece of fall flowers in a wooden

Dr. W. R. Houston, superintendent of the Clovis District, will speak at morning worship services at the Hamlin Memorial Methodist Church Sunday.

bowl centered the table and was flanked on each side by a miniature arrangement of fruit, fall flowers and turkeys. Thanksgiving napkins were used.

Mrs. Peyton presided at a short business meeting.

Inconsistency is the only thing women are consistent about.

Mr. and Mrs. Jerry Johnson who recently moved from Stillwater, Okla., to Borger spent the weekend in the home of his parents, Mr. and Mrs. Russell Johnson.

Mrs. James W. Ellis from Plainview is visiting in the home of her sister, Mrs. Chuck Sluder this week.

Mr. and Mrs. Jim Wallace from Quay visited in the home of Mr. and Mrs. Russell Johnson and with Uncle Tom Randol over the weekend.

TASA Study Group Meets At Farwell School Today

The Texas Association of School Administrators' study groups met for a monthly meeting in the Farwell Elementary School library (today) Thursday morning.

A coffee for the representatives was held from 9 to 9:30 in the library.

The welcome and introduction of the panel was given by W. M. Roberts, superintendent.

Each member of the panel had a phase of the guidance program to discuss.

The administrator's role in the guidance program was explained by Jack Williams, Farwell elementary principal.

Mrs. J. T. Lockhart, nurse at Bovina, Farwell and Lazbuddie Schools, gave a talk on the part health plays in the guidance program.

The first year's hurdles of setting up a guidance program were explained by Baker Duggins, counselor of Friona schools, who gave a resume of Farwell's guidance service.

A report of the Texas Curriculum Study Commission was given by Dr. Ramon W. Kirellis, professor and head of the department of health and physical education at Texas Tech.

The problems of health and physical education programs in large schools were given by Jess Cearley from Amarillo; and Charles Harmon from Vega reported on the problems of health and physical education programs in small schools.

Dr. Emmitt Smith, director of Teacher Education and Coordinator of public services at West Texas State College, was study group consultant.

The group, which included representatives from Potter, Randall, Swisher, Deaf Smith, Oldham, Castro and Parmer Counties, were guests of the Farwell public schools for lunch.

Women Visit In Orphan Home

Four women from Texico-Farwell Church of Christ were in Portales recently to visit the Christian Children's Home there.

The women -- Mesdames Ebb Randol, Lewis Tharp, John Holland and Lee Thompson -- did ironing and mending for the home. They took gifts of brownies and wash cloths from the local church.

MRS. BROWN DIRECTS QUIZ

Mrs. Lee Mason was hostess for a regular monthly meeting of the Deborah class with a devotional on Thanksgiving given by Mrs. Harold Carpenter. Mrs. Dee Brown directed a Bible quiz.

Members decided to bring toys at the Christmas meeting, with the toys to be given to needy in the community or sent for mission work. December meeting will be with Mrs. Wayne Hardage. Pumpkin pie and coffee were served.

Rev. and Mrs. Carl Coffey were called to Amarillo Saturday due to the death of her father, Joe W. Maples. Funeral services were held Tuesday morning and interment was in Oklahoma.

BAPTISTS HAVE VARIOUS MEETINGS
Winsome class met last Tuesday with Mr. and Mrs. Marvin Hugley as host and hostess. J. B. Sudderth gave the devotional and Marcella Verner directed games. Coffee and doughnuts were served.

Marjoni Verner Circle met last Monday in the home of Mrs. Frank Edwards for a community mission program. Mrs. Edwards gave the devotional on "The Promised Land."

Sista Givens Circle met last Monday for a community mission program.

Rev. B. C. Ancira of Lamesa spoke at Sunday evening services.

The Donald Mousers have transferred their membership to Oklahoma Lane.

Mr. and Mrs. T. J. Brantley attended funeral services for

Livestock Survey Begins Today

Farwell postmaster John D. Zahn announced Tuesday that rural carrier Nelson Smith will begin distributing livestock survey cards today to farmers and stockmen along his route.

Patrons receiving livestock cards are requested to complete and return them to their mail boxes. The cards will then be forwarded to Austin to the Texas Crop and Livestock Reporting Service by the Post Office department.

Information received in this survey is used in estimating numbers of cattle, hogs, sheep, and chickens on Texas farms and ranches. Local farmers and ranchers will receive information compiled by the survey via newspapers, magazines, radio and television report, service statisticians say.

This annual survey had been a joint undertaking of the Post Office department and the Department of Agriculture since 1924, says Zahn.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars... and what they want most in their 1960 cars. Here's what the people tell us they want... and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid *thunk* of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Handling's always been Chevy's forte, and 1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: *value*.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came... **CHEVROLET**

WMU HAS MEETING
The WMU met Monday for royal service, with Mrs. Allen Grusendorf in charge. Those attending were Mesdames L. B. Hambricht, E. E. Mason, T. D. Reed, Thomas Carroll, Wesley Barnes, Luther Ham, Weldon Sladen, Allen Grusendorf and Mrs. Green.

LAZBUDDIE BIRTHDAYS
Happy Birthday this week to Barbara Mathews, Nov. 15; Judy and James Keolzer, Nov. 15; Mrs. Lawrence, Nov. 15; J. J. McDonald, Nov. 14; Scott Brown, Nov. 21; D. T. Reed, Nov. 18; and Ginger Ivy, Nov. 24.

Elder and Mrs. W. R. Dale and daughter Mary from Lubbock were guests in the E. A. Parhams home Saturday.

Mr. and Mrs. R. L. Foerster visited Sunday with their daughter and family, the W. R. Crabtrees in Levelland.

Mr. and Mrs. Billy Watts and daughter Cindy spent the night in the home of her parents, Mr. and Mrs. Finis Jennings Thursday.

Mr. and Mrs. Dee Brown and Gary Mack were in Hereford Sunday visiting her sister, and family the T. L. Carmichails.

Mrs. D. Warner from Adrain, Mo., Joy Dean Warner from Kansas City and Bob Jennings were guests in the Finis Jennings home last week. Bob who is on leave from the navy will report to his new assignment in Sanford, Fla., when he returns to duty.

Larry Treider played with the Charlie Phillips band in Broncho Saturday evening.

The Lazbuddie Longhorns were defeated by Happy in the championship game Thursday night. The score was 41-8. Both teams were undefeated in conference play until that time.

A football banquet was given in the school lunchroom Saturday evening, honoring the seventh and eighth grades. The queen and hero were crowned. They were Twalia Gallman and Paul Summersgill.

Teachers in the Lazbuddie School attended a teachers meeting in Lubbock Saturday.

Members of the Home Demonstration club met in the home of Mildred Redwine this week. The program was on security for the family. The club is planning a salad supper at the Hub Community building on December 19.

A pink and blue shower honoring Mrs. Don McGuire was given in the home of Mrs. Donald Jesko Monday afternoon. She received many gifts.

GREEN THUMB CLUB MEETS
At a meeting of the Green Thumb Club Friday, the name was changed to the West Plains Club. They met in the home of Mrs. E. C. Selferts. Dried flower arrangements were made during the demonstration period.

Officers for the coming year elected were Mrs. R. L. Foerster, president; Mrs. E. C. Selfert, vice-president; Mrs. Alton Wyly, secretary-treasurer; and Mrs. Grady King, reporter.

Next meeting for the club will be December 4. A representative from a Clovis nursery will give a demonstration on gardening hints.

The club has also been asked to furnish the flower arrangements for the Thanksgiving supper in the school lunchroom Monday.

Mr. and Mrs. Charlie Watson, Don, Benny and Leon visited the Preston Cargiles at Lariat Sunday.

Mr. and Mrs. John Littlefield and Carroll visited his mother, Mrs. Roxie Littlefield in Clarendon Sunday.

Joe Hutchens, superintendent of schools of San Marcos visited in the Less Bruns home over the weekend.

Mr. and Mrs. Kenneth Reeves from Dimmitt were visitors in the Arvil Lawrence home Sunday.

Mr. and Mrs. Finis Jennings and Mr. Mrs. J. B. Jennings attended funeral services for their cousin Olen Jennings in Littlefield Sunday.

Mr. and Mrs. Jess Pendergrass and Susan attended a banquet at the Meadow High School Saturday evening honoring the Class of 48.

Mr. and Mrs. Gene Annars returned Friday from Gallup, where they visited with her mother, Mrs. Lucy Martin.

Mrs. W. S. Menefee left Monday for a visit with her son, Joe Scott and his family in Corpus Christi.

Mr. and Mrs. Alvis Clark and girls were Sunday dinner guests in the Vernie Sharp home.

Mr. and Mrs. Jimmy Weatherford visited in Levelland Sunday with her mother, Mrs. H. R. McBride.

Mr. and Mrs. Doyle Vaughn visited in Hereford with her parents the Frank Bevners recently.

Marquetta Wall visited over the weekend with the Roy Richardsons.

Mrs. Edna Guthrie was given a surprise birthday party in her home Wednesday. Ice cream and cake were served. Those attending were Mr. and Mrs. Jimmie Weatherford and boys and Mr. and Mrs. Jaun Eskew and son.

Mr. and Mrs. Juan Eskew and Gary were in Springfield, Colo. recently to visit her mother.

Pleasant Hill
BY DELLA CROCKER

PLEASANT HILL HD MEMBERS ATTEND COUNTY BANQUET
Several members of the Pleasant Hill Home Demonstration Club attended the county banquet at the La Vista in Clovis last week.

A Hawaiian theme was used for the banquet, with each woman present receiving an orchid.

After the banquet, an installation meeting was held in the county courtroom.

Those attending the banquet were Mesdames Martha Heinz, John Range, Elmer Langford, Bob Servatius, Mason Neely, Lowry Winkles, Ed Baldrige, Orris Eshleman, Alvis Clark, Maurice Clark, Tom Burnett and Joe Edwards.

One In Courts During Week
Only one person appeared in justice of the peace cases at the courthouse during the past week of light activity in law enforcement circles.

E. G. Martinez, 51, Dumas Latin American, was fined \$20.50 on a charge of disturbing the peace. He was picked up by Sheriff Chas. Lovelace on Farwell's main street Sunday afternoon. He had been drinking.

He pled guilty in his appearance before Judge Roy Thornton Monday. Martinez paid his fine and has been released.

Another Latin American, Max Guzman, 32, of Edinburg, was picked up by the sheriff's department on a call from police in that South Texas city. They wanted him for allegedly writing a worthless check in the amount of \$200. He was arrested at the Bovina labor camp and was turned over to Edinburg authorities Saturday.

Weekend visitors in the Troy Lovett home were their daughter, Lynell from Wayland College; and Mrs. R. L. Bain, Mrs. Nancy Snow and Mrs. B. C. Lewis from Ranchvale.

Mrs. J. A. Moss celebrated her 85th birthday recently in the home of her daughter Mrs. Mary Kyler. She also had two other daughters present for the festivities. They were Mrs. Vernie Sharp and Mrs. Sumner Davison.

Dr. Waid Speaks At TTA Meeting
Dr. Guy Waid, associate professor in education at Eastern New Mexico University, spoke at the regular monthly meeting of the Texico Teachers Association when they met at the school Wednesday.

Dr. Waid joined the Eastern faculty last September after serving as high school principal in Carlsbad from 1954.

He received his bachelor's degree at Oklahoma State University and his master's and doctor's at the University of Oklahoma.

Mr. and Mrs. Bob Servatius, Arlene, Eugene, Pauline and Billie were in Lubbock Thursday for Arlene to appear on the KDUB anniversary birthday party. Thursday night they visited with her mother in Anton. Friday and Saturday they visited in the home of her sister and family, Mr. and Mrs. Claude Thomas.

Mr. and Mrs. Dwane Winkles spent the weekend with his parents, Mr. and Mrs. Lowry Winkles.

Mr. and Mrs. Roy Lovett and Tim spent Sunday and Monday visiting with her sister.

Vicki and Terry Lovett visited Sunday with Mr. and Mrs. Lowry Winkles.

Mr. and Mrs. Gene Boatwright left Sunday for Ft. Carson in Colorado Springs.

Mrs. O. E. Boatwright spent Thursday and part of Friday with Mr. and Mrs. Eric Pierce.

Mr. and Mrs. Gene Boatwright, Mr. and Mrs. Eric Pierce and Mr. and Mrs. J. W. Bell were dinner guests in the home of the D. K. Bells on Thursday.

George McLane is visiting in the home of his sister and family, Mr. and Mrs. Clarence Brown.

Sunday night guest of Johnny Pierce was Dale Brown.

Visitors in the Buck Taylor home during the week were Mr. and Mrs. D. C. Hand of Friona, Mr. and Mrs. Troy Lovett, Judy and Gwinette, and Mr. and Mrs. Cecil Osborn, Linda and Karen of Bovina.

Reception Honors Football Parents
Parents of Farwell football players were honored with a reception in the home of Mrs. Don Dendy after the game Friday night.

Mrs. Dendy and Mrs. Dempsey Alexander, coaches wives, were hostesses for the affair. About 40 persons attended.

RUBY DIXON RETURNED HOME
Ruby Dixon, who has been confined to Farmer County Community hospital in Friona, was returned to her home over the weekend and is recuperating well. She is allowed to be up some.

Steers Skin Wolverines 32-18 In Home Finale

Farwell's title hungry Steers nailed another conference hide to the door as they skinned the Springlake Wolverines 32-18, in an all-important District 3-A contest in Farwell Friday night, scrambling the race in a three-way tie.

The Steers won the crown in a flip of the coin Saturday, when coach Dempsey Alexander met with officials from Kress and Sudan, other district leaders. (For full details, see separate story.)

With the weather not conducive to football (the north wind was 25 mph and the temperature 17 degrees) the Steers vaulted to an early lead, then staved off the Wolverines as Springlake made their usual second-half spurt.

Carroll Huggins scored the first Farwell touchdown with 8:31 remaining in the initial period as Benjy Dial, on a

masterpiece of fakery to Steer fullback Jerry Lovelace, pitched out to the 170-pound halfback who skirted the flank from 12 yards out for the tally.

The score followed Farwell's kick-off as Springlake fumbled, recovering on its 2, then trying a series of line plays before end Tom Messer punted into the wind for a poor 22 yards to the Wolverine 29-yard line.

Dial's placement kick was wide, and the Steers led 6-0.

Springlake failed to move following Dial's kickoff, and Messer again punted 22 yards to the Steer 45. Jim Hardage burst for 38 yards on the first play to the Wolverine 17 for a first down, and Huggins and Lovelace added 8 and 7 to the 2. Hardage then broke through right tackle for the score, with 5:26 left in the stanza.

The placement by Dial was

good, but the Steers were off-side, and 5 yards back on the 8, Dial passed incomplete to Huggins on the replay, and the score stood 12-0.

Springlake picked up a first down following Dial's kickoff, moving from the 23 to 35, before James Ussery nailed Hal Hudson for a 6-yard-loss to the 29, clogging up the Wolverine offensive machine.

Messer then kicked to Huggins, who fumbled the ball on the Steer 35 but tackle Robert Carthel recovered for the Steers on Farwell's 40.

Six plays later the Steers had another touchdown, picking up a pair of first downs in the drive. Hardage skirted right end for 10, fumbled when hit but Jim Cain was "Johnny on the spot" and trapped the pig-skin 6 yards downfield on Springlake's 44.

Lovelace picked up 5, then Dial, carrying out another "you tell me who's got it" fake, sailed to the Wolverine 9. Lovelace drove for 4, then Dial again baffled the defenders and skirted left end for the tally with 5:20 on the clock.

Dial carried on the same play for the extra points, and Farwell owned a 20-0 lead at the quarter.

Springlake decided this nonsense had gone far enough, because in the first period they had failed to move the ball past their own 35 yard line. They promptly carried the oval 69 yards in 9 plays, aided by three 5-yard penalties for their first score.

The big play in the series was a Hudson-to-Messer pass, which Farwell's Dial made a great play on the 49 yard aerial to the Steer 16. Dial and Messer caught the ball simultaneously, tumbling to the ground as they did, but the rules read that in a situation such as this the offensive team retains possession.

Fullback Norman Clayton roared up the middle for 4 yards and the touchdown. A pass for the extra points failed, and the score read 20-6 with 10:09 left in the half.

Guard Jim Clements covered Messer's kickoff on the Steer 33, but a 15-yard penalty and Hardage being stopped for a minus 2 set the Farwell eleven back on its 13.

From here, Dial wheeled another touchdown gallop, bolting past the line of scrimmage, then dancing around a host of hopeful tacklers, and raced 87 yards for the tally. The extra points pass failed, and the score stood 26-6 as 8:57 remained.

The battle was even for the remainder of the quarter. The crowd of 22 in the stands departed during half-time, and it was a lonesome radio announcer who had the bleachers to himself for the final half. Car seats, however, were at a premium during the contest.

The second half had just gotten underway when Lovelace pranced 44 yards for the Steers' final touchdown. Huggins, who had gained 22 yards earlier in the 70-yard march, was called on for the extra points, but numbed fingers can't be nimble and Huggins fumbled in the try.

The score was 32-6 with 9:48 left in the third canto.

THE OKLAHOMA LANE COMMUNITY BUILDING was near completion last week, when bad weather forced workers to stop work. The building is located four miles east of the Oklahoma Lane crossroads, on land donated by Robert Rundell.

OL Community Building Under Construction

A dream is finally coming true for persons in the Oklahoma Lane Community, as the construction of the community building has finally begun.

During the spring, the idea of having a community building was brought up at a meeting of the community held in the Oklahoma Lane Farm Supply, and the process of working out details was begun.

The Oklahoma Lane Farm Supply, contracted the job to build a Timber Rib building. It is 40 by 100 feet in area, and has a concrete floor, and tin roof. The front portion of the building will be partitioned off to house a kitchen and two restrooms, and the rest of the floor space will be used for a recreation room.

A large east door and two smaller doors and several windows will be installed in the

building. It is located four miles east of the Oklahoma Lane Crossroads, on the south side of the road, and faces east. Land for the building was donated by a community farmer, Robert Rundell.

Plans have not been completed on the management of the building, but usage will be free to community residents. Workers were hard at work on the building last week, when bad weather forced them to stop for several days. Part of the tin roofing has been put up and the rest will be put up soon.

Work has been progressing rapidly on the building, but planners are making an appeal to persons who have made pledges to contact them, or deposit their contribution at the Security State in the Oklahoma Lane community building fund; so work will not be slowed down on the building.

Uninjured

plus the Texas Highway Patrol unit from Dimmitt, investigated the crash. Nichols was given a citation for not stopping while the signal was blinking its warning. Tuesday he had not appeared in court on the charge.

The driver, who was traveling alone, was taken to Clovis Memorial Hospital but released a short time later when it was found that his injuries were not serious.

Home Plans

This will provide access to Tharp's and Helton's business property in addition to linking Highway 70-84 and 60 on the state line.

Morgan Billington is foreman for the work on the motel, which is of brick veneer construction similar to the first units put up some time ago. Tharp says he hopes to have the new business in operation next spring.

From here on in, all the action belonged to the Wolverines, as they amassed 7 first downs, a pair of touchdowns, and had Farwell fans pulling their hair before fumbling on two other occasions.

Hudson scampered 6 yards with three seconds left in the third period, but Jim Cain blocked the placement attempt as the Steers lead had been cut to 32-12.

In the final quarter, Robert Cortez, Wolverine quarterback, heaved a 55-yard touchdown pass to Messer to end all scoring for the night at 9:22 left in the fray.

The try for points failed, and the Steers, after piling up the early lead, staved off the Wolverines as both elevens battled between the 30-yard lines in the closing minutes.

Phillips Winner

the contest each week, and their placements are: W. M. Roberts, fourth place with 76 points; Joe Camp, fifth place with 75 points; Mitz Walling, sixth place with 74 points; John Adams, seventh place with 72 points; George Magness, eighth place with 70 points; Mrs. Jim Moss, ninth place with 66 points; and C. L. Mahaney and Bobby Hapke tied for tenth place with 63 points.

Sponsors of the Cotton Bowl trip are Lone Star Elevator, Golden West Seed Company, Graham - Magness agency, Security State Bank, Helton Oil Company, The Cover Shop, Christian Stone Motor, Sherley-Anderson-Pitman Grain Company Inc., and The State Line Tribune.

In last week's contest, W. M. Roberts was the winner of the \$5 prize. He picked the winner of all 9 games correctly, and guessed the score to be 20-18. Teams he picked to win were Dalhart, Texas Tech, Sudan, Rice, Oklahoma, Arkansas, Southern Calif., Happy and TCU.

Winning second in the weekly contest was Bill Glenn, and Dale McCuan was third. Both men picked the winners of eight games, but Glenn was closer on the tie-breaking score.

During the 11-week contest, only one person won first place more than one time. George Magness was the winner of first place and \$5 the second and tenth weeks of the contest.

Other weekly first place winners were: the first week, Bunk Phillips and Mitz Walling, a tie; third week, Joe Camp; fourth week, John Adams; fifth week, Carlton Newell; sixth week, Mickey Rundell; ninth week, Paul Wurster; and the final week, W. M. Roberts.

A total of 95 persons entered the contest at least one time with 22 of them winning cash prizes.

Wolverines

2-0 record. Friday night they beat the House "B" team by a score of 29-14 in their first game of the season. Leading the scoring for the "B" teamers was Leon Kelley with 11 points.

Saturday night they again proved themselves superior as they defeated the Grady "B" team by a 36-21 margin. Bill Reid lead the team scoring with 10 points.

Bi-District

says. They will throw a lot of passes, Alexander believes. Neither Idalou nor the Steers are newcomers to bi-district battle, for the two met last year at Littlefield in the same situation. The Steers walloped the Wildcats 40-18, all the more reason that Idalou will be ready for this one.

This is the third time in four years for the Steers to move into bi-district play. In 1956 they whipped the Hale Center Owls 27-14 at Plainview, only to lose to Stinnett 32-0 in the regional contest as the Rattlers rolled on to the state title.

Then last year, the Steers faced the White Deer Bucks in the regional contest, and fell 28-16. White Deer also became eventual state champion.

Plainview was selected as the bi-district site by mutual agreement. Original choice was Littlefield, but Littlefield was playing at home this weekend ruling out that stadium.

Alexander comments that Plainview has an excellent new stadium in good shape, and the battle will be about even as far as the home advantage is concerned.

Game time is 8 p. m., with admission prices set at \$1.50 for adults and 75 cents for students.

Alexander was pleased with the Steers performance against Springlake, though disturbed by the letdown in the second half. "We can't do that against Idalou," he says.

"It was Benjy's (Dial) best night of the year," says the coach. "He rushed for 167 yards, had 7 unassisted tackles, and his fakes on the belly series were the best ever."

The mentor lauded Jim Cain, Scotty Turner, Jerry Lovelace, and Larry McDorman, each with 9 unassisted tackles, as a great defensive effort. McDorman was nominated for area line-man of the week. Barthel Ford also had seven tackles for a good defensive game.

Lazbuddie Girl's 4H Club Meets

Members of the Lazbuddie girls' 4-H club met in the fifth grade room Tuesday for a regular meeting.

The 4-H motto and pledge were recited to open the meeting.

During the business meeting the 1960 4-H calendars were given out. Jenny Steinbock, president, presided at the meeting.

The program on "Health" was given by Jimmie Lou Wainwright, Farmer County Home Demonstration Agent.

on maize ground.

Lesley planted about May 20 after fertilizing with 100 pounds an acre of anhydrous ammonia in March and pre-watering. He irrigated three times in the period from July 15 to Sept. 1.

Using 40-inch rows, Lesley says he had no trouble with insects or lodging. He put the crop in the loan.

"I sure believe we will have better yields next year."

COUNTY 4 H NEWS

LAZBUDDIE 4-H NEWS

By Buddy Embry

The meeting was called to order by President Steve Young. Eugene Vaughan read the minutes. Joe Jones took over the meeting and talked to us about demonstrations.

The following are giving demonstrations at our Dec. meeting: Ronald Ashford and Gary Graves, Soil and Water; Lloyd and Eugene Vaughn, Tractor Safety; Max and Gary Eubanks, Electric Wires; and Buddy Embry and H. W. Moore, Soil and Water.

LAZBUDDIE 4-H NEWS

By Craig Schumann

The meeting was called to order by Joe B. Jennings. The 4-H members elected a new reporter, Craig Schumann.

The boys who have barrows to show in the spring show are: James Koelzer, Timmy Foster, Ronald Mayfield, and Bobby Gleason.

The following boys are going to give demonstrations: Hoppy Jennings and Craig Schumann, Safety; Timmy Foster and Terry Prahm, Soil and Water; Mike Hinkson and Bobby Gleason, Fire Safety; Danny Miller and Mike Ward, Soil and Water; and Bobby Redwine and Larry Davis, Electricity. Johnny Marrow is going to give one on Tractor Safety.

FARWELL SR 4-H NEWS

By Jimmy Terrell

The Farwell Sr. boys 4-H Club was called to order the 12th of November by Joe Jones. Roy Donaldson was elected president, and Mike Carthel was elected secretary. Others elected were Jimmy Terrell, reporter; and Bruce Billingsley, vice president.

Dudley Roberson and Steven Hillock will give a demonstration on raising hogs at our next meeting.

FARWELL JR 4-H NEWS

By Mike Watkins

The following officers were elected at a recent meeting: Doyle Johnson, president; Larry Gregory, secretary; Michael Watkins, reporter; Randy Robertson, vice president; and Richard Trantham, pledge leader.

We talked about demonstrations and the following will give demonstrations at our next meeting: Charles Wade Norton and Glenn Kersey, "Safety with Fireworks," and Richard Trantham and Charles Morton, "Safety with Electricity and Wires."

Jones Sounds Warning On Cottonseed In Milo

Parmer County and all of the High Plains is becoming increasingly dependent on Pacific Coast markets for grain sorghum. In fact, it is from the west that the most promising market development for this, the major cash crop of the area, is coming.

California is quite strict on its agricultural imports, however, and one of the things that has been bothering them is the recurrence of cottonseed in grain sorghum shipments. County Agent Joe Jones says there is a danger that the big Pacific Coast importer may even place an embargo on grain from this area unless the condition is remedied. Besides that, contamination with cottonseed is very expensive to correct. He makes these suggestions (which were directed to all elevator operators last week):

Perhaps all of you are aware of the quarantine California has on cottonseed from pinkboll worm areas entering that state. This same quarantine holds for grain sorghum containing cottonseed. The tolerance of cottonseed in a load of grain sorghum is "ZERO", if one seed is found in a truck load or freight car load it must be fumigated. This cost is born by the shipper and usually cost \$50 to \$100 per load. California is our best market for grain sorghum and precautions should be taken by farmers, elevator operators, truckers, and the railroads to insure cottonseed free grain going West.

From October 1, 1958 through Sept. 30, 1959, 5,321 certificates were issued for grain sorghum passing through Farwell going west. Every means should be taken to keep this market open. California continues to threaten us with an embargo if they continue finding cottonseed in grain. Even though they require fumigation of all loads found to contain cottonseed in them they realize it is impossible to detect cottonseed in every case and are letting some unfumigated seed in.

Contamination can occur in many ways so I'll list only a few of the most common: farmers hauling cottonseed and grain with the same truck, storing cottonseed and grain in the same barn, elevators located near cotton gins where grain is stored on the ground, grain cars or trucks not being properly cleaned before being loaded with grain. Grain cars and trucks are usually cleaned before loading, but in most instances by people who do not understand what we are up against on this cottonseed contamination problem. Farmers must also become more conscious of this problem and see to it that their grain does not get contaminated.

I feel sure you can think of many other ways cottonseed could be mixed with grain sorghum so let us always be conscious of this problem and do our best to prevent such occurring.

With the 1959 maize harvest over in the Parmer County area, farmers are looking forward to an even bigger year in 1960. This year's crop was the biggest in history.

Farmers report that higher quality seed and utilization of proper cultivation practices have accounted for the increases and will result in even larger yields in the future. Most farmers say their yields are higher now than they have ever been. Farmers reporting

yields, all feel that the overall average is about 4500 pounds an acre or even higher.

Some were selling, but most farmers were putting their grain into government loan. Nearly all raised maize on land used for the same purpose last year.

L. D. Pope of Friona, says his 105 acres of maize averaged better than 4000 pounds an acre. He reported a 54-acre plot that averaged 4523.

"It's going to run 4000 or

better," he says of the overall area average.

The crop of 660 variety was planted on May 10 and was raised on land that grew maize last year. Pope says he pre-irrigated and his planting rate was around 7 pounds an acre. "I think eight would be better."

Pope used 100 pounds to the acre of anhydrous ammonia fertilizer before pre-watering and planted normal 36 inch rows.

He says the crop was harvested from Nov. 5 to 7.

"I put it into the government loan."

Irrigation dates on the Pope crop were April, June 1 and June 20. Pope's farm is one mile northeast of Friona.

He forecasts the price to be about the same next year with even better yields.

Clyde Hays, whose farm is two miles south of Black, reports his crop averaged 6000 to 7400 this year.

"The yield is more than any I have ever had."

The 7400 was made on 34 acres and 6000 on an 130-acre plot. The maize on maize land was planted the last week in May.

Hays pre-watered and irrigated three times after planting during a period from July 15 to Sept. He used 100 pounds an acre of anhydrous ammonia and planted 7 to 9 pounds to the acre using 40 inch rows except for a 34-acre

PCG Adopts \$174,000 Budget

More than 500 delegates and visitors attending the third annual meeting of the Plains Cotton Growers, in Lubbock, heard directors reelect W. O. Fortenberry as president, and adopted a 1959-60 budget of some \$174,000.

Fortenberry, in announcing the PCG budget, pointed out that the budget includes \$10,000 for an educational program based on quality, \$5,000 for the PCG's monthly publication, \$10,000 for national promotion and advertising of area cotton and \$2,500 for an all-cotton style show.

Cotton research is earmarked for \$46,000, including \$20,000 for fiber and spinning research of the area crop at the pilot plant at Texas Tech College. Other grants include \$10,000 for cotton breeding, \$5,000

for fertilization studies, \$7,000 for crop production practices, \$2,500 for water conservation studies and \$1,500 for a harvesting economics study.

Also included in the budget are \$76,700 in operating expenses, \$2,000 for a crop quality survey, \$2,500 for tests.

THE FARMER COUNTY IMPLEMENT CO.

NEWS

"The Place Where Most People Trade" Friona, Texas Wednesday, November 18, 1959

Mr. and Mrs. M. L. McFarland of Pierre, South Dakota, are visiting relatives here. They left South Dakota ahead of a reported snow storm because they were bringing a trailer with four horses behind their car.

In Nebraska, however, they ran into a snow and ice storm and at every steep hill the horses were unloaded, led to the top of the hill, then the car and trailer were brought up, the horses were re-loaded and the trip was resumed.

To build the right truck for the right job has long been a philosophy behind the world's most complete truck line. That's why International trucks offer you the model with the ability to do your job best. See our International trucks and pick-ups before you buy. International trucks cost less to own.

Human nature remains always the same. Anthropologists have unearthed some old stone tablets with laws passed during the reign of Hammurabi, who was a king of Babylonia 2000 years before the birth of Christ. One of the laws sets the prices of basic commodities such as oil and grain.

If you ever buy your Christmas fruit cakes, you might like to know that members of the Modern Study Club are selling deluxe fruit cakes -- even better than mother makes. These cakes are baked in Corsicana, Texas and are really delicious. If you would like to have one, call 2481 or see any member of the club.

Two new home owners were pleasantly surprised over the weekend. Friday night friends of the Newman Jarrells, junior, that is met at their home for a housewarming. Saturday night Mr. and Mrs. J. P. Sims were surprised with a house-warming for their new home.

End winter driving woes. Get more traction in snow, mud or where it's needed. For any road, any weather, use the Goodyear new suburbanite. Get yours at the Parmer County Implement Company today -- and check your anti-freeze. Better have too much than too little.

Save your tractor from abrasive wear. Check your oil filter elements -- pre-cleaners -- fuel tank cap -- exhaust caps -- air intake cap -- oil breather cap. We have genuine IH replacement parts. Come in soon.

The auxiliary of the Parmer County Community Hospital wishes to express their appreciation to all the people who helped with the rummage sale. To all the workers and to all the folks who donated rummage they send their sincere thanks. This organization plans to hold another sale next fall and asks that you save your rummage for that sale.

We're headquarters for Farmalls -- right for any job, this tractor really eats up the acres, but is easy on fuel. Phone or come in soon and see this really great tractor for yourself. We'll be glad to

give you an on the job demonstration.

It takes over 3,000 bolts to hold an automobile together and only one nut to scatter it all over the landscape.

Goodyear tires are tailor-made for your tractor. That's why they give such outstanding service and performance at such big savings. Come in soon and choose your Goodyear tires from our complete line.

"What's wrong?" cried the wife when her husband belatedly followed from the bathroom. "My razor -- it won't cut!" "Oh, don't be silly," she responded, "Your beard can't be tougher than the linoleum."

Anti-freeze is one of the necessities for farm machinery. Be sure you have plenty on hand. We carry the best kind of anti-freeze at the best prices.

New passenger car registrations in Friona for the first seven months of 1959 were Oldsmobile, 29; Pontiac, 11; Chrysler, 1; DeSoto, 1; Dodge, 1; Mercury, 3; Buick, 1; Chevrolet, 34; Ford, 36; Plymouth, 1; Rambler, 1; and one other for a total of 121 new cars. The county registration of new cars was Oldsmobile, 44; Pontiac, 31; Chrysler, 1; DeSoto, 1; Dodge, 7; Mercury, 7; Buick, 8; Cadillac, 11; Chrysler Imperial, 4; Chevrolet, 67; Ford, 76; Plymouth, 10; Rambler, 6; others, 7, for a total of 270.

A FEED MILL nears completion in Friona. Cumming's Feed Store is building the new unit to facilitate grinding and mixing of feed for area cattle feeders. The store already has a small unit in operation to process feed for hogs. The new mill has a molasses mixer.

Wanna Grow Garlic?

The reported production of garlic in the U. S. was over 20 million pounds in 1958, and sold for an average of \$10.72 per hundred-weight. During the same period approximately 35 million pounds were consumed. The difference of 15 million pounds was made up through imports.

Latest acreage estimate for Texas was 300 acres in 1952. Since many areas of the state are well-adapted to garlic production, this acreage could be profitably increased. Through the use of good seed and proper cultural practices each acre could be expected to produce

Delegates Being Picked For Farmers Union Meet

Seven delegates have been named from the Lazbuddie community, and others are due to be selected from Farwell, Bovina, and Friona, to attend the state meeting of Farmers Union in Fort Worth December 4.

T. O. Lesly, county FU president, says that O. D. Spitzer, Fred Bunch, Duane Darling, J. R. Harris, Clayton Graef, C. C. Matthews Jr. and Wayne Clark are the Lazbuddie men who have been picked.

SOIL CONSERVATION DISTRICT NEWS

The Soil Conservation Service has received information and applications from the Texas Game and Fish Commission in Austin for anyone who is interested in ordering quail for his farm. Price of the quail is 50¢ each and the principal requirement is that the applicant have a suitable quail habitat. If you are interested come by the SCS office for the application.

Here is some information sent down from WUC Don Newman in Hereford that may be of interest to you.

Mr. Luther Lesly, cooperor of the Tierra Blanca SCD (Deaf Smith County), has 22 acres of Blackwell Switchgrass in 38" rows which he uses for irrigated pasture. About April 1, Mr. Lesly stocked the grass with 49 head of calves whose average weight was 510 pounds, plus about 50 head of sheep. The only water the grass received was on spring watering, rainfall and tail water. On July 27, Mr. Lesly supplemented the grass with 5 pounds of rolled barley per head per day. The 22 acres were divided into two pastures so he could practice rotational grazing.

On August 27, Mr. Lesly sold the calves at an average gain of 248 pounds per calf or 550 pounds of beef per acre in

POLITICAL CALENDAR

WORKERS STRIP COTTON on the J. D. Kirkpatrick farm, two miles west of Bovina on Highway 60. Three strippers were running at one time last week. The harvest is expected to reach its peak next week. Observers believe this is one of the best fields of cotton in the county.

NEWS FROM THE **FARM BUREAU**

BY RAYMOND EULER

Our sympathy is extended to the family of J. A. Kaltwasser, who died last week in his home in the Oklahoma Lane - Lariat Community. He was the father of former Farm Bureau Presi-

dent, Gilbert Kaltwasser, and a former director, Walter Kaltwasser, of that community.

Those who attended State Convention in San Antonio last week were President Herman Gerles of Bovina; former president Gilbert Kaltwasser, Ernest Kube, a member, and Vernon Symcox, all of the Farwell-Oklahoma Lane community; and Raymond Schlabs, director, and John Henderson, former director, of the Black Community. Symcox and Kaltwasser returned early because of the death of Kaltwasser's father.

These six constituted the authorized voting delegates for Parmer County, the president and one for each additional one hundred members plus twenty five. We have not had a complete report from these delegates, but expect to have it to pass on to you next week.

We do know that it was the best attended convention in the history of the organization, with more than a thousand voting delegates registered besides interested persons visiting. We hereby express our appreciation to KGNC's Cotton John for his direct reports from the convention site each morning. He

had "Goose" Ramey with him throughout the convention to provide the humorous side of things.

Texas Farm Bureau membership was 79,414 the first of November. This was just 586 short of the goal of 80,000, an increase over 1958 of 3,382. We are not sure yet whether this makes Texas fourth in size or not. We know that 80,000 would have for sure. Texas Farm Bureau has grown steadily, annually, since 1952, when membership was 48,650.

THE PARMER FARMER

by W. H. Graham Jr.

Safflower, the oilseed crop that everybody had their hopes up about this year, turned out to be pretty much of a "flop crop" so far as the irrigated Plains is concerned. It does appear to have promise as a dryland crop, but its response to both water and fertilizer has been very disappointing.

We chanced to fall into conversation with a friend visiting in the family over the week who is from Montana. He works at the Montana state experiment station at Havre, which is in the north-central part of the state.

Eventually, our talk got around to crops, and we happened to ask about safflower. It turned out that we had bumped into a man from a part of the country where safflower production is very heavy. He figures there must be around 100,000 acres of safflower in his home county.

That's an awful lot of safflower -- or at least it would seem so to us. Consider, for example, how much safflower we'd have if we had a patch of it equal to every field of wheat in Parmer County. That'd be about the same thing.

Ken says the average yield (dryland) in that part of the

KEEP COTTON DRY, LOOSE, CLEAN says Plains Cotton Growers, who have run extensive tests to determine ideal harvesting conditions. "The condition of seed cotton at the time it reaches the gin largely determines the final grade of the lint in the bale," they say. Here is a chart that will be helpful to cotton farmers of the High Plains.

country runs "about 20 bushels an acre." That would be somewhere in the vicinity of 1200 pounds, which was a yield our farmers were hard-put to match even with their irrigation and fertilization.

He reports that there are a number of oil mills in the area and that safflower has been grown in those parts for a long time. It is increasing in acreage

in recent years, he says, and that is mostly because of reduced wheat allotments.

Ken also tells us that a big money crop for Montana farmers in his neck of the woods is canary seed, of all things. He says that the big boom in parakeets as household pets has pushed the demand for canary seed to new records, and that the farmers have been cashing in on this trend.

According to him, the yield (on a poundage basis) is very low, but the price is high enough to make it well worth a farmer's efforts to grow the unusual crop.

Why not birdseed in Parmer County? Strange things have happened!

One thing that we've noticed about other parts of the country is that they usually speak of their crop yields in bushels rather than pounds. Montana isn't any different. When we asked about the corn yield, it was given in bushels (which is customary), but when we in turn supplied yield information for grain sorghum, we found ourselves speaking in terms of hundred-weights when he was accustomed to bushels.

By the way, this mix-up of measurement terms occurs in other departments, too. Ken told us of hooking a 7 1/2-pound trout. We have always thought of trout sizes in terms of length, rather than pounds. Bass we figure in pounds, but trout in length only. He wasn't sure of the trout's length, but estimated it was around 27 inches. Any way you look at it, that's a good-sized fish.

.....
A story we're working on and will have out in a week or so concerns "dry edible beans"-- which to most of us gringos around here means pintos. The

bean crop is pretty disappointing in the area this year, at least from a yield standpoint, but the future on pintos seems worth looking into.

Apparently, the main reason for this is the rapidly expanding Mexican market. Mexico is lifting itself rapidly up the scale of economic progress, and its fast-expanding population is eating more and more. "Frijoles" are still the mainstay of the Mexican diet, even though Jose has a few more pesos in his pocket these days.

On that account, the demand for beans is growing much faster than the Mexican domestic bean production. The Agricultural Marketing Service of the USDA notes that bean exports to Mexico have jumped from nothing in 1952 to just under a million bags yearly. That is phenomenal expansion in anybody's market.

And here's what gripes us. Those U. S. beans that are going to Mexico are coming right through our back door from Colorado, Wyoming, Idaho, and some other "Yankee" states. If the Mexicans want to eat U. S. beans, then how come we Texans and New Mexicans don't grow them?

There's a support price on beans, but it's so far under the market that it doesn't have any effect on their movement. Last time we checked the market was around \$7 for pintos. The support price is only a little over half of that.

With the price good and the market expanding for pintos, maybe we'd better get busy and learn how to grow them. If they can grow pintos in Colorado, surely we can do the same here . . . more and off earlier too.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

"EAT" OR DRINK SOME MILK DAILY . . . You can eat your milk as well as drink it, says Louise Mason, Extension food and nutrition specialist of Texas A&M . . . So there really is no excuse for not getting enough of this important food daily.

Dairy foods, such as cheese and ice cream and dishes made with milk, can bring milk's important nutrients into your meals. Everyone needs milk. It's an excellent source of protein -- the same kind of protein found in red meats. And, it's very important for riboflavin, one of the B-vitamins, as well as many other food values. Milk's major contribution, however, is calcium; it accounts for nearly three-fourths of the total in average diets. Grown-ups as well as children must have calcium to keep their bones and teeth strong and healthy.

Adults need about 2 cups of milk a day, or other foods that give the same amount of calcium. Children need at least 4 cups . . . Youngsters in the family go for such combination refreshers as - milk shakes, floats or other drinks made from milk and ice cream.

Recipes for some tasty milk drinks and dishes are given in the extension bulletin "Get More Good From Milk."

You can get a copy by writing or calling your county home demonstration agent's office.

MAKE THE MOST OF PLENTIFUL PORK . . . Pork is a thrifty food buy these days because it's in plentiful supply. What's more, it's versatile and easy to prepare in simple or "dressed-up" dishes, says Marie Tribble, extension foods and nutrition specialist of Texas A&M College.

Pork shoulder, both fresh and cured, for example, can be used in many thrifty ways. The two shoulder cuts commonly sold at meat counters are the picnic and the Boston Butt. Either cut can be roasted whole or cut in slices for pan frying or braising. A shoulder containing bone furnishes 2 to 3 servings per pound, while one with bone removed furnishes 2 to 4 servings per pound.

Fresh pork shoulder - either "butt or picnic - with bones removed can be roasted and stuffed for an attractive and flavorful main dish. Here is the recipe for this special treat.

Select a 5 to 6-pound shoulder. Have butcher remove the outside skin and the bones. Make a bread stuffing. Sprinkle salt and pepper on the inside opening of the meat and pile in some of the stuffing. Begin sewing the edges of the shoulder together to form a pocket and

gradually work in the rest of the stuffing but do not pack tightly. Sprinkle the outside with salt and pepper, and, if desired, with flour. Place roast, fat side up, on a rack in a shallow pan. Do not add water and do not cover. Cook until tender at 325 degrees F. (slow oven). Allow 4 hours for a 5-pound shoulder. Turn the roast occasionally for even cooking. Remove strings used to hold in stuffing before serving. Make gravy with the pan drippings. Remove strings used to hold in stuffing before serving. Make SAVORY STUFFING. Ingredients for a 5 to 6-pound shoulder: 1/4 cup chopped celery and leaves; 1 tablespoon chopped onion; 1 tablespoon chopped parsley; 2 tablespoons fat; 2 cups soft breadcrumbs; 1/4 teaspoon savory seasoning; salt and pepper to taste.

To make: cook the celery, onion and parsley in the fat for a few minutes. Then add the breadcrumbs and other seasonings and stir until well mixed and hot.

WHAT ABOUT BETWEEN MEAL SNACKS? . . . Ever stop to think how much you eat or drink between meals? . . . And even more important perhaps - what KIND of food or beverage are you adding to your food intake this way?

Between-meal nibbling and snacking accounts for as much as one-fourth of the daily food intake in some instances, according to Maeona Cox, extension foods and nutrition specialist of Texas A&M College. This may not be bad if such eating provides good nutrition - not merely "empty calories," say the specialists. Sweets, potato dips and carbonated beverages are "empty calories." They provide little or no nutrients.

Snacks after school, during late study hours, at the party or after the show can be tasty as well as nutritious. If you are on the heavy side or want to maintain your normal weight, eat foods low in calories or energy value. Fresh fruits and vegetables are excellent, carrot sticks, celery curls, cucumber slices, radish roses, and a variety of fresh fruits are always on hand.

For between-meal beverages try fruit juices -- plain or in combination. Milk is an excellent beverage containing many nutrients. Serve it plain or combined with fruit juices or

flavorings. Cheese, like milk, is a good source of calcium. At snack time, arrange a tray of various kinds of cheese slices, open up jars of cheese spreads or make a cheese dip. Serve with crackers or strips of vegetables like celery or carrots when the gang drops by after school.

Nothing can be done to improve the quality of an egg after it is laid, but much can be done to maintain its original quality, says Marshall Miller, extension poultry marketing specialist. He suggests a visit with the local county agent for details on a quality maintenance program for eggs.

The 1959 Yearbook of Agriculture -- Food -- has been released by the U. S. Department of Agriculture. Distribution is mainly by Members of Congress. Copies can be bought at \$2.25 each from the Superintendent of Documents, Washington 25, D. C.

Plant breeders of the Texas Agricultural Experiment Station have released a new cream pea, Texas Cream No. 8, which is adapted to all sections of Texas. It has many advantages over varieties now grown. A new lettuce variety, Valverde, has also been released. It is especially adapted to the Lower Rio Grande Valley. Leaflets are available on both from the Agricultural Information Office, College Station, Texas.

RESOLUTIONS

The basic underlying reason that farmers are seldom able to earn more than half of a parity income is their largely defenseless bargaining position in the administered-price, and administered-production general economy, which requires the farmer to sell for what he is offered and to buy at the price that is asked of him. We recognize that the strong bargaining power of industry, organized labor, and food processors has been acquired by their strenuous efforts to expand domestic and export demands and by adjusting market supply of commodities and services

A. GRAIN SORGHUM, CORN, AND OTHER FEED AND FORAGE CROPS:

1. We favor setting up a parity income program for producers of grain sorghum, corn and other feed grains and of forage along the following lines:
 - a. Allot each feed grain and forage producer a feed grain and forage acreage allotment of not less than 60 per cent of plantings in previous 8 years adjusted for abnormal production conditions such that the national total allotment will equal the total production, with average yields, that will be consumed in the year ahead with price maintained at the parity income equivalent level for the different feed grains and forage by operation of this program could not be used for commercial production of other farm commodities during the crop year.
 - b. The farm prices of grain sorghum, corn, and other feed grains should be maintained at the parity income equivalent level by means of price support loans, purchases and purchase agreements.
 - c. WE URGE REPEAL OF LAWS APPLYING THE SLIDING SCALE TO FEED GRAINS; and we urge immediate classification of all feed grains as "basic crops" and their support at parity of income.
 - d. We also urge that commercial storage handling charges and storage rates be maintained at a fair and competitive level.

B. COTTON:

1. We regard the recent Federal legislation pertaining to cotton as being more favorable to processors than to family farm producers. THEREFORE, WE URGE IMMEDIATE REPEAL OF THE LEGISLATIVE AMENDMENTS PROVIDING THE QUOTA ALTERNATIVES KNOWN AS PLANS "A" AND "B". Viewing with disfavor any scheme to promote greater production for lower returns, we urge the early establishment of a comprehensive cotton program conducted along the following lines and designed TO KEEP SUPPLY IN LINE WITH EFFECTIVE DEMAND AND THUS TO RAISE PRICE TO A PARITY-OF-INCOME LEVEL:
 - a. Allot each cotton producer a marketing quota for domestic U. S. use with return to producer maintained at the parity income equivalent price by means of incentive payments to build up market prices to the price goal. The domestic marketing quota should be set to equal the volume of cotton that will be consumed in the United States at the competitive market price.
 - b. Allot each cotton producer a marketing quota for export with return to producers maintained at the price goal by means of export subsidies. The export marketing quota, should be set to equal realistic export needs, considering world conditions and an International Cotton agreement, when such is set up.
2. WE ASK THE REPEAL OF THE LAWS APPLYING THE SLIDING SCALE TO COTTON and that Congress enact legislation to provide for full income parity protection. We urge that basis be established on 7/8 inch middling cotton, and that "plus" cotton should be considered as a separate grade and that it have a separate price rate.
3. We urge the installation and use of machine sampling devices at all gins and the universal adoption of machine grading as soon as possible. We request our Texas Farmers Union officials to write to Texas' two U. S. Senators and all House members in Congress, urging a rapid solution to the perennial cotton classing problem. In view of losses from classing delays, amounting to several million dollars annually to Texas cotton producers, all possible measures should be considered including offering of additional incentives to attract more individuals into the cotton classing profession and the further encouragement of machine classing.

In order to eliminate the inequities in marketing cotton on the "green card" class, we urge that a system be initiated under which the only date appearing on such card is that entered by the ginner on the date of ginning.
4. WE URGE THAT THE FARMERS UNION PROMOTE A MORE ACTIVE PARTICIPATION OF THE INDIVIDUAL PRODUCER IN A COTTON RESEARCH AND PROMOTION PROGRAM AND URGE THAT CONTRIBUTORS REMAIN ALERT TO SEE THAT FUNDS ARE USED ONLY FOR PROMOTION AND RESEARCH.

C. WHEAT:

1. We favor setting up a parity income program for wheat producers by amending the existing wheat price support program along the following lines:
 - a. Allot each producer a marketing quota for domestic U. S. use with return to farmers maintained at the parity income equivalent price by means of incentive payments to build up the market prices to the price goal. Such program to be financed by a wheat milling tax. Domestic marketing quotas would be set to equal the volume of wheat that will be consumed in the United States at Parity income equivalent prices.
 - b. Allot each producer a marketing quota for export with return to the producer maintained by export subsidy payments. The export marketing quota would be set to equal realistic export needs in relationship to the International Wheat Agreement.
 - c. The individual producer would be informed of his domestic marketing quota and his export marketing quota prior to planting time. If the individual producer chooses to produce and sell more wheat than the total of his domestic plus his export marketing quotas, he would be required to purchase overquota marketing certificates for his excess sales and would not be eligible to receive incentive payments on his domestic quota nor export subsidy payments on his export quota.

D. FARM-TO-MARKET ROADS:

We favor the farm-to-market roads program as it is presently constituted. We will strongly oppose any attempt to divert these funds to any program other than new farm-to-market road construction.

E. RURAL ELECTRIFICATION:

1. We urge the continuation of the Congressional investigation of the power field and request that Congress authorize a large scale investigation of monopoly in the electric and power industry.
2. We urge that REA be continued as presently constituted with adequate administrative and loan funds.
3. No electric or other utility should be allowed to count as cost in rate making and expenditure for tax deduction purposes, the money they spend, either directly or indirectly, to influence political action at any level.
4. We urge continuation of efforts to block implementation and enactment of Administration's power policy.
5. WE ARE STRONGLY OPPOSED TO ANY INCREASE IN THE INTEREST RATES OF REA LOANS.
6. We favor adequate funds for REA loans and administration.

F. WATER

1. We favor the placement of agricultural use of underground and surface water second only to domestic use as distinguished from industrial use.
2. In recognition that soil and water conservation cannot be separated, we urge adoption of a program of proper land use and land treatment as a part of any overall state water program.

RECOMMENDED BY THE LAZBUDDIE FARMERS UNION

to effective demand, THEREBY CONTROLLING PRICES AND MAINTAINING PROFITS. We feel that farmers in self-protection must learn to build and use similar devices, such as a workable proration system involving both farmer-controlled private and public commodity marketing operations. We, therefore, adopt the following resolutions at the local level as a means of accomplishing this kind of control over the market supply and price of our products. THE LAZBUDDIE LOCAL OF FARMERS UNION RECOMMENDS THE FOLLOWING RESOLUTIONS:

G. FARM WATER:

We feel that each farm should be allowed to store within its boundaries at least 200 acre feet of water for irrigation purposes as well as other uses on the farm without prior approval from any board, body, or commission.

H. NOXIOUS WEED CONTROL:

We urge each Texas Farmers Union Local to pursue noxious weed control methods in their respective counties with attention directed to the present State Laws which allow noxious weed control districts supported by a small tax on land included in the district or county.

I. FARM TRAILER LICENSE.

Present law requiring licensing of trailers over 4,000 pounds gross weight should be amended to provide exemption of farm trailers up to 12,000 pounds gross weight.

J. TAXES:

1. We urge enactment of an additional \$1,000.00 per student of personal exemption for parents of children in college.
2. As additional sources of State Revenue are required in order to provide the kind and quality of services in education, welfare, highways, conservation of natural resources, and protection comparable to that supplied by other states of the union, we favor tapping the following sources of state revenue in the order listed:
 - a. Natural Resources Tax
 - b. Corporate Profits Tax
3. WE ARE UNALTERABLY OPPOSED TO ANY FORM OF STATE OR NATIONAL SALES TAX.
4. We believe that the internal revenue department should accept the fact that underground water for irrigation purposes in the southwest is being fast depleted, therefore, we ask that a fair value for such water be established on each farm and that it be depreciated over a reasonable period of time.
5. Farmers should be allowed to average their incomes over a five year period and pay income taxes on the basis of this average.
6. We recommend the amendment of the Federal personal income tax law to (a) eliminate exemption of profit corporation stock dividends, and (b) RAISE PERSONAL EXEMPTIONS FROM \$600.00 TO \$1,250.00.

K. STATE GAS TAX REFUND:

1. To carry on mechanized farming at present high costs, we recommend that gasoline tax refunds be continued. We urge repeal of the law prohibiting gasoline dealers from handling and filing exemption certificates as a service to the farmer. We oppose any additional tax on gasoline and recommend that the state limitation of six months on gas exemption certificates be extended to 12 months.

L. SEEDS, FEEDS, FERTILIZERS, AND INSECTICIDES:

We urge that the State Department of Agriculture be financed to the extent that it can more effectively enforce the Certified seed laws and other laws governing purity, safety, and labeling of production items such as feeds, fertilizers, and insecticides. We further recommend better supervision of seed cleaning and sacking plants.

M. SURPLUS SALE:

We recommend that the Secretary of Agriculture be restrained from selling surplus crops in CCC storage immediately before, or during, the harvesting season for such crops. This practice has had much to do with depressing prices during the harvest.

N. POSTAL COST

We oppose any additional increase of regular first class mail and parcel post rates and urge elimination of the Federal subsidy for unsolicited advertisements and propaganda.

O. POLL TAX:

We urge that the Locals in Texas Farmers Union immediately start a campaign to get all citizens to pay their Poll Tax and to vote; and that every County Farmers Union put on a Poll-Tax Drive immediately. We recommend that a voter be required by state law to register his party affiliation.

P. LABOR RELATIONS:

1. We commend labor organizations for their efforts and progress in contributing toward raising the standard of living of the working man. We support the efforts of all those who work for employers to obtain Federal and State Legislation to protect their rights to organize, bargain collectively and protect their organizations.
2. We urge the establishments of a National policy to eliminate illegal immigration, while at the same time modernizing the legal immigration quota system.
3. The child labor law as applied to farmers should be changed to make parents or the guardian of underage children share equal responsibility with the farmer who hires them.
4. Because agricultural mechanization is not keeping pace with the diminishing supply of American "stoop" laborers, we feel we must temporarily continue to import foreign labor. As long as the importation of foreign labor is necessary, we favor the "bracero" program as presently constituted and urge the U. S. Department of Labor and other appropriate Federal agencies to negotiate with the Mexican government a contract impartial both to the worker and employee. We feel that the Mexican workers should be willing to share the contracting insurance and transportation costs because the privilege of contracting is equally advantageous to both parties. Realizing that the "bracero" program only makes available a temporary emergency work force, we urge that each individual producer take part in an accelerated and continuing project to completely mechanize cotton and those other crops presently requiring hand laborers.

FINALLY,

WE URGE EACH FARMERS UNION LOCAL TO INITIATE A CONTINUING PUBLICITY AND PUBLIC RELATIONS CAMPAIGN AMONG THEIR CITY NEIGHBORS, DESIGNED TO EDUCATE CONSUMERS OF FARM PRODUCTS ON THE FARMER'S PROBLEM, AND ON THE SPREAD BETWEEN THE FARMER'S MARKET PRICE AND THE CONSUMER'S PURCHASE PRICE.

READ THESE - STUDY THEM CAREFULLY
