FROM THE HOPPER

BY HOP JR.

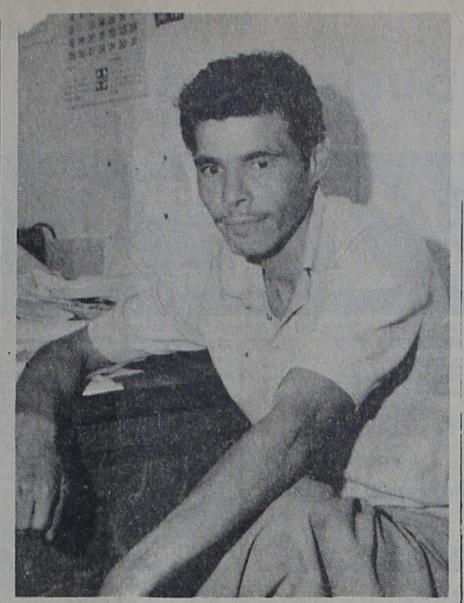

That gopher problem at the Grahams has been turned over to the Marines. And, to coin a well-worn phrase, they seem to have things well in hand. Dee J. Brown won't get any campaign ribbons for doing battle with the little rascals, but we're writing him up a free subscription to The Tribune. And, in times like these, what more could a man ask?

This newest phase of the gopher wars opened by surprise. The Grahams were surprised when Monday Dee J. stopped by to volunteer his services in trapping the varmits. The gophers were surprised a few minutes later when the Texicofarmer, attired in his old Marine fatigues and getting down to business as if he knew exactly what he was doing, began to probe their burrows and set traps.

Dee J. has been worrying about the gophers and the Grahams for several weeks. Since he's an old gopher trapper from way back, it was only a question of time until the temptation to come take a crack at our yard full would get the better of him.

The wet spell turned the trick. Dee couldn't finish his maize harvest or thrash peanuts either, so he turned to gopher trapping.

I've learned more about gophers from being around Dee for about half an hour than most city slickers learn in a lifetime. Dee locates the burrow by probing the ground with an iron rod. When he hits a pocket he can tell it by the way the rod feels. The next move is to slice the lawn turf neatly, lay it back, excavate about six inches or a foot to the burrow,

Chavez apparently used a heavy hammer to knock out the window glass to get into the building. When climbing in, the burglar accidentally cut his right hand rather severely on the broken window. Officers surmise that his liquor-induced instability was probably responsible. Blood was found near the window where the accident occurred.

Once inside, Chavez made free use of his hammer to gain entrance to county offices of Lee Thompson, assessor-collector; Hugh Moseley, clerk; Mable Reynolds, treasurer; and the sheriff.

Except for what he took from the sheriff's office, his loot was not too impressive. About \$5 and \$10 was missed by Thompson and Moseley, respectively.

The sheriff lost \$46.06 in silver, seven guns, and several bottles of liquor. All this merchandise had been picked up from time to time in raids and as contraband from apprehended thieves.

They'd dig like crazy for a minute or so, then stick thier nose down the hole, snort a time or two, and start digging again. This latter display I feel can be dispensed with.

The war on the gophers was dragging pretty badly for the topsiders until Dee J. put in an appearance. We had tried a number of remedies, but to no avail. Heinie Henderson figured we could poison 'em with a grain treated with anticoagulant.

Ernest Stewart suggested poison, too, in the form of a strichnined carrot. Susie Jesko offered to loan us her traps, but we didn't know how to handle them. We set our own special brand of "traps" hoping John Aldridge and Joe Jones would come catch the gophers for us, but they didn't take the bait. Until Dee showed up, things were looking pretty bleak for the Grahams. Dee had just the kind of a proposition I had been looking for all along.

For something old the bride wore a diamondset cameo belonging to her mother. Something new was her wedding attire and something borrowed was a Rainbow Bible belonging to her sister-in-law, Mrs. Robbie Foster. Something blue was her blue garter, a gift from a school mate, Judy Garrett Reed.

Attendants to the couple were Miss Anita Felts of Lueders and Tracy Byrd of Brady. The bridesmaid wore a light blue dress in matching material and design to the bride.

James Harvey, Sweetwater, and Bruce Land, Hawley, served as ushers.

Miss Betty Lemon of Memphis traditional wedding played music.

Following the ceremony was a reception in the church parlor. The table was spread with an Italian embroidered linen cloth, set with silver services, and centered with the wedding cake. Punch and coffee

THESE CHARRED TIMBERS tell the story of the Christian-Stone Motor Co. fire in Farwell early Saturday morning. The building, one of the oldest in Farwell was gutted by flames which required fire departments from Farwell and Texico to extinguish.

Early-Morning Fire Hits Christian-Stone

Firemen from the Farwell Volunteer Fire Department and the Texico Volunteer Fire Department were both summoned early Saturday morning when fire razed the Christian-Stone Motor Company in Farwell.

The alarm was sounded at 4:10 Saturday, and although the fire was extinguished within two hours by the combined efforts of both departments, extensive damage was reported by K. D. Stone, co-owner of the firm.

Stone stated Tuesday that Otis Huggins, Farwell fire' chief, theorized that the fire started from an electrical short in the wiring system, probably in the front of the building.

JOTTIN'S

By Jeanne

We are ready for the races -we've paid our poll tax!

We had forgotten what a big thrill the arrival of school pictures can be. Our first grader received his first packet in a daughter of Mr. and Mrs. Ernest series of at least 12 today. He Kube, freshman. was quite proud of the pictures, himself and the world in general.

He had failed to tell us that he had had a picture made, so it was really a surprise to mama. Actually he didn't look his "Sunday best," but the likeness was as he looks most often.

Anyway, he didn't talk too much to get us to keep the whole packet.

We visited briefly with the E. E. Booths over the weekend and also with their daughter, Blanche, who is visiting here. It was one of those "drippy" days and all of us enjoyed the crackling of the logs in the open fire place. There is something homey about an open fire place. Blanche seemed to like the atmosphere too, although she says they were using air conditioners when she left home.

Mrs. Booth tells us that Toby Booth, her grandson who formerly lived here, is now the father of two daughters.

Hoppers -

figured out that if Hal burns up a \$9.95 pair of shoes every two months, which is his present rate of consumption, that it will cost us a cool \$60 in a year just to keep him shod.

We're considering having him repossessed. We can't make the payments.

Previous to that time, only offices were latched, and the doors to the hallways stayed open, mostly as a convenience to travelers.

There are still a number of counties in the area which do not lock their doors, but Parmer is not one of them.

big race this week is Tommy Wurster with a total of 63 points. Others with high scores are Joe Camp, 62 and John Adams and Mitz Walling with 61. Winning first place in last

week's contest was Paul Wurster. He picked the winners of eight of the nine games and missed the score by only 4 points. Teams he picked to win were West Texas State, Tulane, Arkansas, Lazbuddie, TCU, Clemson, LSU and Texas. He missed the Anton-Springlake game. Mickey Rundell placed second and James Ussery was third. Both picked the winners of eight games, but Rundell was closer on the tie breaking score.

One of his first problems, as you might suppose, was getting local names straight. My advice went something like. this: "Wayne, you don't know the folks here in Texico-Farwell, so you'd best be very careful to get names straight and spelling correct."

When the paper came out last week, my attention was called to several lines of copy under picked 64 games correctly out Wayne's picture, which I had composed. Wayne Oeff, the cut-Taking second place in the lines said. His name is spelled

"If they notice a safety man backing up fast and deep on a punting down, chances are they will check and run a wide play," Alexander predicts.

"They did this twice against Kress and it paid off both times for good gains," the coach continues.

Gary West, a 140-pound halfback and Jackie Wilson, 145pound fullback, have been the big "sting" for the Hornets this year. Both are exceptionally fast and are expected to carry the bulk of the Sudan offense,

Singled out by Alexander for their defensive play against Anton, the Steers' last foe, were tackles Robert Carthel and Jim Cain. Carthel, a sturdy 200 pounder and Cain, who weighs in at 170, played their best defensive game of the year against Anton, he said. The Steer coach still feels that Anton will be the team to remove Kress from the leader's ranks, "They (Anton) were down last week, probably due to the fact that we beat them. I don't think they were at their best," Alexander says. (Anton was beaten 40-14 by surprising Springlake Friday night.) Farmers are being forced into efficiency by the low price of milo. As the price decreases, farmers produce more to maintain gross per acre.

Even though many maize growers are selling their milo, the crop was coming in to the elevators too fast last week and nearly all area grain companies have resorted to on-theground storage.

Friona Wheat Growers reported an average of 550 trucks a day were unloaded during a 12day period ending Oct. 28. Two Sundays were included in the average although no trucks were unloaded on those days.

All elevator managers and farmers contacted say the crop is definitely the best this area has ever had in both yield and quality of grain. One grain company manager said the milo was up near the weight of wheat,

Elevator operators found it difficult to name any particular individuals who had outstanding yields since nearly all were unusually high on both small and large acreage.
