

**FROM THE  
HOPPER**

BY HOP, JR.

In chasing around over the country, I have noticed that in the larger cities, they are building drive-ins that remind me of the perennial cartoon setting of a tiny island in the Pacific, or of the lemonade stand in the midst of the sprawling desert. They set these drive-ins down in the middle of several acres of concrete and asphalt so that patrons can get at 'em from all sides. The popular thing is to build the drive-ins round, or nearly so, to facilitate this 360-degree service.

When the business is really stacking 'em in, things look quite normal; several acres of cars clustered around a central serving point. In off hours, the sight of a lonesome little place stranded in the middle of all that space looks a trifle foolish.

This is our idea of how the U. S. government ought to build—or order built—its post-offices, especially in smaller towns. Walking a half a block in a town the size of Farwell just to get the family mail is a veritable insult to local citizens. They will plug traffic, bash fenders, or park on the sidewalk to get around this outrage.

Here a while back John Zahn and his men put up signs near the back of the post office so they could get in and out with vehicles carrying mail to and fro. I have noticed with some amusement that these signs, which instruct the public to keep their cotton-pickin' wheels off of Uncle Sam's driveway, have been the frequent targets of bumpers.

The offensive miniature metal billboards have been scraped, nicked, bent, and plain whammed over by dozens of cars. It makes me wonder if all this sign crashing is accidental or, as the lawyers would say, "with malice aforethought."

SIX FARWELL SENIORS were recently presented with the gold cord of the National Honor Society by their advisor, Mrs. R. B. Tucker. The cord, which is one of the highest honors given a student, signifies that the recipient is an active member of the society, which requires an 89.5 grade average for eligibility. From left to right above are Ruby Hillock, Judy Jesko, Margaret Eggers, Mickey Rundell, June Ritchie and Janice Hillock Cain.

**Services Held  
Sunday For  
Mrs. Osborn**

Funeral services were conducted Sunday in the Farwell Church of Christ for Mrs. Leona Osborn of Lynwood, Calif. L. L. Jennings of Melrose was in charge of the services.

Mrs. Osborn was born at Abilene September 4, 1891, and moved to this area at an early age. She resided here until about 1945 when she moved to California after the death of her husband, Bart.

She had been in ill health for some time and passed away at her home in Lynwood Wednesday.

Preceding Mrs. Osborn in death was one son, Randol. She is survived by two children, a son, Wesley, of Groveland, Calif.; and a daughter, Mrs. Beatrice Williams of Lynwood. Also surviving are her father, Tom Randol of Farwell, two brothers, Ebb and Sam of Farwell; a sister, Mrs. Russell Johnson of Texico; three grandchildren and five great grandchildren.

**Bert Williams  
Gets Princeton  
Fellowship**

Bert Williams, 21-year-old son of Mr. and Mrs. Jack Williams of Farwell, has been named the recipient of a research fellowship at Princeton University, for 10 months study. The young man, who will receive his Bachelor of Science degree from Texas Tech May 30 learned of the honor after Easter.

He will begin study at the New Jersey school in September, and will further his education in chemical engineering. Williams applied for the fellowship.

A graduate of Farwell High School with the class of 1956, Williams was the highest ranking boy in the senior class in scholarship. He has attended Tech for four years with a major in chemical engineering.

BERT WILLIAMS

Williams will work toward his Masters degree while at Princeton. The fellowship is renewable.

**Court  
Reviews  
Business**

In business discussion by members of Commissioners Court Monday, the claim of G. W. Magnus for land and the moving of an irrigation well for U. S. Highway 70-84 was approved for payment.

Also the claim of Pioneer Natural Gas Co. in the amount of \$91.59 for moving a gas meter on FM road 1172 was okayed to be paid from the right-of-way fund. Members decided that funds received from the sale of automobile registrations since June 1960 would be divided equally between the four commissioners precincts as has been done in the past.

E. J. Hodges and Don Williams were given permission to place a 3/4 inch water line under a county road; Leon London was given an okay to place a natural gas line under a county road and permission was also granted a resident to put a 12" irrigation pipe under a like road.

**Census Report  
Shows Increases**

With all the "chamber of commerce" figures going down the drain in the three towns in Parmer county official reports from the district census director's office in Amarillo revealed that the total county population in Parmer will total 9,492.

This figure is still "subject to revisions" according to Clyde Cook, district census supervisor, but the changes that may be made will be minor ones.

This information was announced from Amarillo in a letter to County Judge Loyde Brewer Wednesday morning.

City populations in Parmer county are as follows for 1960--Friona--2,035; Bovina--1,032; Farwell--1,009.

Looking back at the 1950 figures for the county, and the three cities a drastic change can be noted.

At that time the county boasted a total of 5,787 persons. Friona in 1950 counted a total of 1,202 noses and Bovina

670. Farwell's was "estimated" at 1250 but was somewhere around 650.

The official census reports will be released at a later date according to Cook when the last non-residents have been accounted for and placed in their proper categories.

**Texico Play  
Day Friday**

Texico's annual play day, during which time a student body president is elected, will be at the school Friday. Candidates were nominated in a recent school assembly, with three in the running for the office. They are Glendon Moss and Gary Singletery, juniors; and Dwight Turner, sophomore.

Also scheduled for Friday will be the selection of cheerleaders for the coming year and an installation service for the National Honor Society.

FORTY-NINTH YEAR

SECTION 1

**Six More Arrested  
In Bovina Burglaries**

Six more young men--three of them juveniles--were arrested the past week, shedding further light on recent and older Bovina burglary cases.

Five were picked up simultaneously Thursday in Bovina. Buford Stanberry, 17, and Dean Wines, 18, have admitted participating in the burglary 11 months ago of Sherley Grain Company offices. About \$55 in cash was taken from a desk, Coke machine, and money changer. The gang gained admittance by an unlocked window.

Three other boys, ages 16, 16, and 15, were also picked up, admitted having a part, and they were turned over to Judge Loyde Brewer's juvenile court. In Texas, a young man 17 years of age is considered an "adult" and may be sentenced to the penitentiary.

Sheriff Charles Lovelace reports that he has had "some

trouble" previously with some of the boys who were arrested last week.

Bond for Stanberry and Wines was set at \$1000 by Judge Brewer, and the youths have been lodged in the county jail, awaiting investigation by the grand jury.

Rudolph Valverde, 17, was arrested Tuesday, and his ad-

mission clears up another Bovina burglary. He says he and Charles Blagg, 19, burglarized the farm home of Norvel Strawn five miles northeast of Bovina April 15. They took tools, a tire and wheel.

Blagg, who was arrested in Las Cruces two weeks ago, had implicated Valverde. The Latin American youth's bond was set at \$1000 and he is in jail.

**Terrell, Green  
Top Eighth**

Jimmy Terrell, son of Mr. and Mrs. James Terrell, and Bob Green, son of Dr. and Mrs. M. F. Green, were recently named valedictorian and salutatorian respectively of the eighth grade graduating class at Farwell.

Honor guards are Donna Ruedell, Mary Coffer, Johnny Ackkinson and Ronnie Smith. Ushers are Linda Phillips, Mikala Austin, Donna Dunn and Peggy Eason.

**Nine Texico Track Men  
Qualify For State Meet**

Texico's High School track team piled up five firsts tied for one and broke one district record Saturday in a fight for the district track crown, but fell short of the mark to be defeated by the Fort Sumner

Foxes. However, nine Texico lads qualified for the State Meet.

The Foxes won the meet for the sixth straight year by racking up 96 1/15 points by Texico's 78 2/3 and third place Tatum's 78.

James Halsell, strong Texico weightman, tossed the shot 50' 6" to break the former record of 48' 10" set last year by Willis of Ft. Sumner. Halsell will be hoping to break another of the Ft. Sumner lad's records this week end when he enters state competition. Willis holds the state shot record of 51' 1/2".

Halsell also won first in the discus with a throw of 130' 3" and tied for first in the pole vault with a 10' 6" leap. He qualified for state in both of the events, and also won fifth in the javelin.

Kenneth Murdick took first place in the javelin with a 165' 1" throw to qualify for state, and took fourth in the shot. Bobby Gooch won first in the 440 yard run with a time of 53.3, and Gary Singletery was first in the mile with a time of 5:10.9.

(Continued on page 5)

NINE TEXICO TRACK STANDOUTS are pictured above before beginning track workouts early in the week. The boys left about noon today (Thursday) for the state track meet at Albuquerque. Pictured from left to right, standing, are Leslie Dyer, Gary Singletery, Dwight Turner, and Bobby Gooch. Kneeling are Kenneth Murdick, Wesley Engram, James Halsell, Billy Hukill and Bobby Walker.

STANDEFER NAMED DISTRICT PUBLIC SPEAKING WINNER

Tommy Standefer, Texico senior, won first place in the district public speaking contest recently at Floyd. Standefer who is the son of Mr. and Mrs. Ralph Standefer represented the local FFA chapter.

Honor students at Lazbuddie Schools have been announced. Top seniors (above) are Glenda Robinson, valedictorian, and Derrell Jennings, salutatorian. She has a grade average of 96.5 for her four years of high school; his is 92.9. Baccalaureate services at the school will be Sunday, May 15 at 8 p.m., and commencement will be Thursday, May 19.

Top students of the Lazbuddie 8th grade are Gayla Seaton, valedictorian, and Twilla Gallman, salutatorian. They have grade averages of 5.79 and 5.40, respectively, out of a possible 6.0. Commencement will be Wednesday, May 8 at 8:15 p.m.

**C. J. Magness Heads Lions**

Cary Joe Magness, Farwell business man, was elected new president of the Texico-Farwell Lions Club at their Monday night meeting. Magness succeeds Hurshel Harding, Farwell attorney.

Elected to serve with him are Elmer Teel, secretary-treasurer; Cecil Dykes, tall twister; and Woodrow Lovelace, Lion tamer.

Elected to the board of directors for two year terms were Clay Henson and Calvin Murray. One-year directors are James Ussery and Dimpsey Alexander.

Officers will be installed at a special meeting later in the summer.

During the business session it was reported that approximately \$275 had been raised from the two pancake breakfasts given by the club. The money will be used to finance the summer youth program.

Members of the club extended their thanks to students from Texico and Farwell schools for their help in selling tickets for the events.

**Wolverine Variety Show Scheduled For May 17**

Texico's annual Wolverine Variety Show will be presented Tuesday night in the school auditorium. Climax of the show will be the coronation of the most handsome boy and most beautiful girl in the school.

The evening will be filled with various skits including a one act comedy "Love Errant." Characters in the play are Peggie Teel, D'rene Danforth, Bobby Gooch and Don Johnson.

Another feature of the evening will be a modern wedding done in syncopated rhythm. Characters are Travis Taylor, Trudie Lambert, Alfred Stover, Jerry Trower, La Nelda Wall, Bill Roth and Della Crocker.

Leslie Dyer is the featured performer in a pantomime, "The Tune the Salesman Played." Others in the cast are Barbara Chappell, Gale Hadley, Bobby Walker, Ronnie Sples, Bob Gooch, Koleta Doshier, Wesley Engram, La Donna Stewart, Pauline Servatius and Eugene Servatius.

The girls will appear in a novelty song and dance act entitled "Gypsy Dreams." Featured soloists are Jewelene Grizzle, Peggie Teel and Gale Hadley. Other dancers are Carmelita Doshier, Loretta Stapp, Vicki Lovett, Beth Peyton, La Donna Stewart, Betty Walton and Velma Martin.

The school five band will open the show with two numbers, "Stars Fell on Alabama," and "Sentimental Journey," which will serve as the processional for most handsome and most beautiful candidates. The school chorus will also appear.

Candidates for most beautiful and most handsome are Vic Harrington and Jean Hadley sponsored by the pep club; Larry Powell and Connie Tharp, FFA; Kenneth Murdick and Donna Kay Osborn, science club; Mary McDaniel and Travis Taylor, FFA; and Harlo Jean Wall and Terry Miller, choir.

D'rene Danforth and Don Johnson represent the press club, Christy Bowers and Wesley Engram are student council representatives; Gary Singletary and Sharon Thompkins are from the band, Carlene Miller and Willie Stover are safety club candidates and La Nelda Wall and Charles Stockton represent the business education club.

A low-cost way to control Johnson grass in cotton

It's DOWPON\*—the economical grass killer. Instead of chopping or cultivating all season, just apply Dowpon to your fields—in the spring before planting, or in the fall, after harvest—and you'll be rid of tough problem grasses. That's because Dowpon, sprayed on the leaves, kills the whole grass plant, from the tops to the deepest roots—at a rock-bottom cost per acre. Also use selectively in some crops.

It's not fantastic! And here is why:

	Using Phillips Ammonia	Without Ammonia
Fixed Cost Per Acre	\$75	\$75
Ammonia Cost Per Acre	\$5.60	
Yield Per Acre	847 lbs.	633 lbs.
Net Profit Per Acre	\$156.56	\$102.24
<b>INCREASED PROFIT PER ACRE \$54.32</b>		

Cotton at 28¢ lb. Example only. Results vary according to soil fertility, available moisture and cultural practices.

Only \$5.60 invested in Phillips 66 Ammonia returned an added net profit of \$54.32 per acre on cotton, after deducting the cost of ammonia. Just 75 acres of cotton like this means over \$4000 extra profit. You can buy a pretty good car for \$4000.

Ask your Phillips 66 Distributor to show you the ways this 82% nitrogen fertilizer can help you live better through higher profits per acre.

**The Poll Tax Has Got To Go**

The Texas poll tax is a hangover from Civil War days that is an antiquated remnant of things that no longer exist. It would be a quaint tradition worth preserving for mere historical reasons were it not for the fact that it is frequently a stumbling block to a fundamental American right--the right to vote.

Many names have been given the Texas poll tax, and many arguments have been advanced to preserve it. All have proved to be invalid and have passed away, but the state poll tax, which is little more than a nuisance tax, still holds sway. The idea of licensing voters originated as most licensing programs do; the object was to restrict and control the number and class of people who could cast a ballot. That is still the fundamental premise upon which the poll tax system is built.

Poll tax taking has been used to great advantage by exponents of racial and religious intolerance. This is best shown by the states now still clinging to the medieval principal: Texas, Virginia, Mississippi, Alabama, and Arkansas. The fee is usually small (in Texas \$1.75), but even so modest an outlay as this disqualifies many voters in the lower economic brackets. However, the most effective use of the tax is for purposes of intimidation. It just somehow seems more pleasant, or more convenient for certain classes of people to pay their poll taxes. Certain other groups are made to feel very self-conscious whenever they approach the tax collector's booth.

The poll tax in Texas is an historic freak, as the American constitution is concerned. As a revenue-producing government activity, it does not do much better. Receipts from poll taxes fall far short of paying the cost of elections. Furthermore, the cost to administer poll tax programs is enormously disproportionate because of (1) the irregularity of the tax, and (2) its negligible per capita assessment.

The poll tax theory is defenseless insofar it does not belong here--or anywhere else for that matter. It should be outlawed.

Farwell's Steers playing their first game of the year in bi-district competition beat Spearman in a run away 10-1 game. No other schools in Farwell's district have baseball teams this year therefore Farwell was automatically district champion. Spearman was district 1-A champion.

The game was a pitchers duel until the bottom of the fifth inning when Spearman scored a run.

Farwell came back in the top of the sixth to score four runs. Mickey Rundell, pitcher, got in a tight spot in the bottom of the sixth, with no men out and the bases loaded, but pitched out of it by striking one man out and having the next two batters fly out.

Spearman changed pitchers several times in the sixth and seventh innings trying to stop the Steer attack, however they scored six more runs in the seventh.

Although the local crew got only three hits, singles by Mickey Rundell, Carroll Huggins and Jerry Lovelace; they made ten runs, mostly on errors by the other team. After Spearman's starting pitcher, Sam Cornelius had been pulled, errors, pass balls and wild pitches gave the game to Farwell. Cornelius was credited with the loss although he has only allowed one hit and walked one man before being pulled.

Rundell went all the way for Farwell, allowing only 2 hits. The locals made four errors during the afternoon, however they were not costly.

The Steers left early this morning for Kermit where they will play Sanderson champs of district 4-A for the regional crown. Sanderson formerly defeated Petersburg for the bi-district championship.

Starting lineup for today's game was Maurice Smith, short stop; Tommy Williams, third base; Mickey Rundell, pitcher; Benjy Dial, catcher; Jerry Lovelace, second base; Carroll Huggins, center field; Tommy Wurster, left field; Charles Roberts, first base and Van Crume, right field.

## Miss Smith Honored With Two Lingerie Showers

Miss Fern Smith, bride elect of Nathan Tharp, was honored with two lingerie showers during the past week.

Thursday members of the Young Women's Auxiliary of the Texico Baptist Church honored her with a shower in the home of Mrs. Buddy Pearce.

Silver and crystal appointments graced the serving table which was laid with a white lace cloth.

Dainty round sandwiches, pink punch and individual cakes iced in pink were served. White shower napkins were used.

## Mrs. Murray Has Charge Of WMU Royal Service

Mrs. Calvin Murray was in charge of the WMU royal service, held at the Farwell Baptist Church Monday afternoon. Theme for the service was "You Can Tell."

The service was conducted with the storybook theme "once upon a time." Assisting Mrs. Murray with the program were Mesdames Otis Huggins, Billy Dollar, James Terrell, R. T. Langston, Bruce Blair and Dora Johnson.

Background for the occasion was a trellis interlaced with roses, spiraea and iris. Women on the program sat in a semi-circle in front of the trellis, and started their particular study with the words, "once upon a time."

Approximately 14 members attended the meeting, which was closed with a prayer by Mrs. Sidney Cox.

## Blue And White Motif Used At Smith Shower

A blue and white motif was used Tuesday night, when Miss Fern Smith, bride elect of Nathan Tharp was honored with a bridal shower in the basement of the Texico Baptist Church.

Centering the serving table which was laid with a white lace cloth over blue, was a crystal punch bowl filled with blue punch. Tall blue candles in crystal holders flanked the arrangement, and crystal bowls with deep blue violets floating in them set at either end of the table.

The hostesses alternated in serving individual white cakes with punch and mints. Blue and white napkins were used.

A large bouquet of deep blue gladioli flanked by pictures of the honoree and the bridegroom-elect decorated the piano.

Hostesses for the occasion were members of the Golden Circle Sunday School Class. They presented the honoree with a corsage of blue ribbon and measuring spoons. Her mother and the bridegroom-elect's mother received corsages of white ribbon and small kitchen utensils.

Attending and sending gifts were Mesdames Avis Patter-

Graduate escorts are Pauline Servatius and Jeanene Campbell.

Commencement exercises are set for May 19 at 8 p.m. in the auditorium.

### "Me, Too"--

the voters chose Jack Young of Muleshoe about four-to-three. Bailey elected Young about two-to-one, and about cancelled out Parmer County's vote for Sheehan, so Lamb was the deciding factor--and a big one.

Young, now Bailey county attorney, ended up with 4478 (unofficial but complete) votes, and the Parmer County candidate finished with 4026.

Parmer Countians gave a heavy endorsement to Jesse Osborn of Muleshoe, who needed it in his bid for re-election to state representative. The vote here was 1227 for Osborn, 290 for Bill Shelby of Hart, and 263 for Clarence Hamilton of Earth. The latter two are public school teachers.

In all the district (Parmer, Castro, Bailey, Lamb, and Deaf Smith), Osborn got 5331 votes. Hamilton drew 4312 and Shelby 3015, so, it will be Osborn and Hamilton in the June runoff.

In the county, Loyde Brewer, judge; Charles Lovelace, sheriff; Lee Thompson; assessor-collector; and Hurshel Harding, attorney, were re-elected without opposition to four-year terms.

guarantee that Bidder will enter into contract and execute bond and guaranty in the forms provided, within ten (10) days after written notice of award to him. Bids without the required check or proposal bond will not be considered. The successful Bidder must furnish performance bond and payment bond, each in the amount of one hundred (100) per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, and acceptable to the Owner. The City reserves the right to reject any or all bids, to waive formalities, and to accept the bid which seems most advantageous to the City's interest. Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions. The Board of Commissioners of the City of Farwell has ascertained and here specifies such general prevailing rate of per diem wages in said City and County to be as follows: Classification Minimum Rate per hour  
 Common labor 75 cents  
 Skilled labor \$1.00  
 One and one-half times the established hourly rate shall

be paid for all hours in excess of forty (40) hours per week and for all hours worked on Sundays and holidays. The days to be considered holidays are: January 1st, July 4th, Labor Day, November 11th, Thanksgiving Day, and Christmas Day. Information for Bidder's proposal forms, plans, and specifications are on file at the Office of the City Secretary at Farwell, Texas, and are open for public inspection. A set of such documents may be obtained from Ralph W. Douglas, Engineer, 403 LFD Drive, Littlefield, Texas, upon request. It is the intention of the Board of Commissioners to issue the time warrants of the City of Farwell for payment of a part or all of the contract to be made pursuant to this notice. The maximum amount of time warrant indebtedness to be incurred for said purposes shall be \$24,000.00. The maximum rate of interest such time warrants are to bear is 5% per annum, and the maximum maturity date thereof shall be December 31, 1963. Included in the General Conditions of the Agreement is a condition of National emergency whereby the contract may be terminated. No bid may be withdrawn after the scheduled closing for the receiving bids for at least thirty (30) days.

### THE PARMER FARMER

By W. H. Graham, Jr.

It's almost unbelievable the way that the wheat crop has sprung up since decent weather has finally arrived. Like kids, it seems that the wheat was only about "yna high" just a few moments ago, and now just look at it.

The law of averages says that we are going to have better luck with our wheat crop this year than we've been having in the past two.

In 1958 and 1959, we managed to raise plenty of wheat . . . you couldn't hope for much better . . . but getting it into the barn was something else again. The hail really came down a couple of summers ago, and it was even worse last year.

If averages mean anything (and they do) then our luck will have a change for the better in the next few weeks. Oh, sure, we will have the usual hail-outs. We always do. But we're entitled to escape wholesale slaughter.

The same goes for the cotton farmers. Most of the crop is now in and some is already sproutin'. If we just manage to hold this first planting and get good stands, we'll be off to a roaring start.

Of course, speaking of averages again, everybody is looking for an "on" year in the cotton business. Raising cotton here on this part of the High Plains has been an amazing business of up and down—with a two-year cycle pattern. A good year is followed by a bad; a bad year by a good. Stop and count back: 1954 was good, 1955 (late irrigation and an early freeze) bad; 1956

TYPICAL OF MANY High Plains farmers who are selling the milo they have stored in their barns most of the winter, is this farmer loading his truck for a trip to the elevator. Several dozen farmers in all of Parmer County were taking advantage of the slight increase in maize prices late last week. One elevator unloaded 175 trucks on a peak day two weeks ago.

was good, 1957 (drizzly fall) bad; 1958 was good (the best), and 1959 you don't need to be reminded about. The uniformity of this pattern is quite unique.

Speaking of this year only, we'd say most folks would be happy to see the cycle continue!

### SOIL CONSERVATION DISTRICT NEWS

Soil Stewardship Week—Beginning the fifth Sunday after Easter and continuing through the following Sunday, the Soil Conservation District of America will observe Soil Stewardship Week. It is hoped that something be done or said that will be an influence to awaken man to his responsibility as a steward of the soil.

The Parmer County Soil Conservation District has purchased a film entitled "The Earth is the Lord's." This color and sound film plainly points out men's obligation as stewards of the land. This 13 1/2

minute film may be obtained free of charge by contacting any of the district supervisors.

In the near future a newsletter will be sent out on the subject of soil stewardship and will also give information concerning the film.

Material has been distributed to all churches in Parmer County by the district supervisor for information and use during Soil Stewardship Week.

Parmer County SCD supervisors held their regular monthly meeting last Tuesday. Among several items discussed there was one important thing that the supervisors want the people of Parmer County to know about. The district now has four 4 1/2 yard earth moving scrapers available to anyone at \$7.50 per day.

These machines are in the hands of the following supervisors: A. L. Black, T. O. Lesly, Robert Calaway and Bruce Parr.

## Prices Rise; Farmers Sell

With the slight rise in grain sorghum market prices, High Plains farmers are unsealing their barns and hauling last year's maize crop to the elevators.

Some grain dealers have not bought any milo; however, most have purchased some. Prices range from \$1.50 to \$1.60. Most elevators are buying for about \$1.55.

One elevator manager, commenting on the number of trucks on the road hauling, said it is almost like having a grain harvest in May.

During the peak season of last year's harvest, market prices fanged from \$1.41 to \$1.43. They never exceeded

\$1.45, a point below which price has not dropped recently.

Friona Wheat Growers has handled a large portion of this movement. Arthur Drake reported that the elevator had unloaded 175 trucks, two weeks ago today. He says about a dozen farmers were hauling milo to market.

An appointment with the dentist resulted in what is virtually a new living room for the Gavins. While waiting to see Dr. Wright, Ed read an article in a magazine

on simple living room improvements. You'd be amazed at the results. We now have a rock-walled planter and room divider, a photo mural, louvered-door storage closet to hide our new incinerator and water heater, and an easy-to-build plant shelf which we screwed to the underside of the window sill. The planter is supported by a butterfly bracket bearing against the wall. It's surprising how much you enjoy and appreciate improvements you do yourself.

JOE JONES

Get applications for wheat certification in now to Gene Cupp, State Department of Agriculture, 2814 34th Street, Lubbock, Texas. Application forms can be secured at County Agent's office. Applications for inspection must be made at least 45 days before harvest.

Johnson grass and bindweeds have begun to show up. Now is the time to begin control programs to get these two noxious weeds before they make seed. For bindweed control in small plants soil sterilants work best and have done a good job in the past. Soil sterilants work best on Johnson grass but because of the amount of land involved with Johnson grass it is much better to use chemicals other than sterilants in many instances. Be sure you understand the correct use and limitations of these chemicals or you may be disappointed and waste your money. I have several good research publications on Johnson grass and bindweed control that furnish information necessary to control these two noxious plants.

Early season insect control pays on cotton three out of five years. It insures early fruiting and maturity and results in higher quality cotton. It is time now to get the sprayers ready to go. Early season insect control should begin at the four-leaf stage or earlier. Many farmers have gotten started too late in years past to be most effective. Extension Bulletin 218 Texas Guide for Controlling Cotton Insects; come by and pick one up or go by your ginners, I am sending them all a supply.

All 4-H members planning to enter the cotton or grain sorghum production contest should get their entries in as soon as they know where their crop will be located on the farm.

Phosphate has been giving good results in the sandy area on grain sorghum. If you haven't used phosphate in the past you might like to try a little on a test plot of grain sorghum. Remember that phosphate should be banded before planting your sorghum or at planting time. Part of the nitrogen can be applied at the same time and a side dressing of nitrogen applied later. Split applications of nitrogen are not so important in the heavier soils but in the sand it seems to be giving good results. A good guide is all phosphate and one half the nitrogen preplant or at planting time followed by a side dressing of the other one half the nitrogen. A soil test is a good guide when fertilizing any crop. I have forms for sending these to the soil testing laboratory at Texas A & M along with instructions for taking the sample.

### WELL DRILLING STATISTICS FOR MARCH

see the off-set, cross-cut tooth arrangement on the ring. That's the secret of better weeding and cultivation at high speeds. Note, too, the shape of each tooth that delivers the stroke directly on the point. Here is a cultivator that is engineered for better soil disturbance.

### Better Cultivation Pays Off in Yields

The WINPOWER Rotary Cultivator is the best insurance toward a bigger safer harvest. The flexible sections, with off-set, cross-cut action knocks out weeds, breaks up crust and clods, and saves the moisture for growing crops.

End sections fold up. Coupling is adjustable for close turns. Hitches can be reversed for transport and crust breaking only. Construction is rugged, for years of trouble-free service.

Come in and see for yourself how this WINPOWER Rotary Cultivator will make money for you. It's the cultivating tool that gives your crops a faster, cleaner start to the biggest yields ever.

## Sesame, Corn Outlook Told

While sesame prospects are good, outlook for corn in the Parmer County area is only fair, the two county dealers report.

"We think our acreage of sesame will be equivalent to last year," says C. M. Henderson, farm store operator in Farwell.

"Our corn acreage is going to be considerable less than last year," he says.

"It is a little early to tell about the appearance of the crop, because most of it is not up."

"We have a lot of hopes about this sesame," Henderson feels the outlook will be more definite in about three weeks when the crops are up.

In Friona, at Cummings Farm Store, Doyle Cummings also sees the prospects to be poor on corn.

"I don't think there will be much difference on the acreage of corn," he says.

"Up to now, about 1500 acres of sesame will be planted."

"It is a little early to tell yet, but if the weather is favorable to cotton, it will be to sesame also."

## THE HAPPY HOMEMAKER

BY JUNE FLOYD

This season it seems that the popularity of one dish meals is growing along with the trend toward simplicity in everything from children's playclothes to furnishings for a new house.

A casserole, which may be prepared ahead of time, a do-it-ahead-of-time dessert, a quickly tossed salad, a drink and brown 'n serve rolls or garlic toast makes a good meal for guests or just the family. If well planned, the meal may be served with a minimum of time and effort.

This trend has caused homemakers to experiment with many variations of old recipes and come up with a lot of new ones.

Martha Mason of the Mid-

way Home Demonstration club likes this recipe for Baked Beans With Hamburger.

- 1 lb. lean hamburger
  - 1 tablespoon fat
  - 1 cup diced onion
  - 2 tablespoons salt
  - dash of pepper
  - 1/2 cup tomato catsup
  - 1 tablespoon vinegar
  - 1 tablespoon Worcestershire sauce
  - 1 tablespoon prepared mustard
  - 2 cans (21 oz.) pork and beans
- Brown meat in fat, add onions and simmer until tender. Add remaining ingredients and mix. Pour into 2 quart casserole, cover and bake 35 minutes at 325 degrees.

A green bean casserole favored by Mrs. John L. Ray, who is a farm homemaker and member of the Northside Home Demonstration Club is prepared as follows:

- Cook two packages frozen green beans and drain. Place in casserole and dot with butter. Sprinkle with salt and pepper. Spread 1 can mushroom soup over the top and bake 20 minutes uncovered in 350 degree oven.
- Arrange over this 1 can French fried onion rings and bake 10 minutes. Serve warm.

A good old American favorite, stuffed peppers, goes well with the Glen Mings family. Cherry Ann, an active worker in the Hi-Point Home Demonstration Club, prefers the following recipe:

- 1 lb. cooked ground beef
- 1 lb. American cheese grated
- 1/2 cup cooked rice
- 2 tablespoons butter

- 1 small onion
  - 1 beaten egg
  - 4 medium green peppers
- Mix meat with cheese and rice. Salt to taste. Cook onion with butter until done. Add to cheese - rice mixture. Add beaten egg. Slice stem ends from peppers. Parboil peppers 2 minutes in salt water, stuff with meat mixture, replace pepper caps and bake 30 minutes in 350 degree oven.

Mrs. Lee Campbell contributed a potato casserole recipe to What's Cookin' in Parmer County. It will make a delightful addition to any cook's recipe collection.

### WHIPPED POTATO CASSEROLE

- 6 medium potatoes, cooked or left-over whipped potatoes
  - 1 teaspoon salt
  - 1/8 teaspoon pepper
  - 3 tablespoons butter
  - 1/4 cup hot milk
  - 1/3 cup chopped green pepper
  - 1/3 cup chopped onion
  - 4 strips bacon
  - 2 eggs
  - 1/2 cup cheese
- Broil or fry bacon until crisp. Using 2 tablespoons of the bacon drippings, cook onion and green pepper until tender. Place potatoes, salt, pepper, butter and milk in large bowl. Begin beating at medium speed and gradually beat faster until light and fluffy.
- Add eggs and cheese to chopped onion, green pepper and bacon. Beat for 1 minute. Bake in buttered casserole at 350 degrees for 30 to 35 minutes.

Very soon now fresh rhubarb will be plentiful. Mrs. Dee Brown, a member of the Midway Home Demonstration Club especially likes this recipe:

- RHUBARB AMBROSIA

### BUYING SPORT SHIRTS FOR SUMMER?

Make every penny count when you buy sport shirts. You can, if you will keep some important buying guides in mind, according to extension clothing specialists of Texas A&M College System.

Take fabrics, for instance. They come in many fibers, new blends and with new finishes. Do you know what to expect from dacron, nylon, orlon, or even cotton that has been treated with a special finish? Unless you ask for a label that gives this information, or depend upon a sales person you know well, you may be disappointed by the wearing qualities of the shirt.

Quality is not always a matter of price alone. It pays to check construction features, such as pleats or gathers over shoulder blades to give ease; buttonholes, cuff finish and stitching along the front panel.

Color makes a difference, too. Colors appropriate for the individual, the occasion, and the other parts of the ensemble, make for a better appearance.

"Buying A Sport Shirt," a leaflet, written by extension clothing specialists, elaborates on these and other suggestions that will help you make a better choice.

Get a copy from your county home demonstration agent's office.

### CHOOSE ACCESSORIES WISELY

Have you ever brought home a bargain hat or bag-or shoes of a delightfully "different" color only to find that they didn't go with a thing you had? In that case, they may have been expensive accessories after all.

To get the most for your money, plan carefully before you buy—remembering the color and design of your basic dresses of suits. Accessories should accent or complement a costume, according to extension clothing specialists of Texas A&M College System. They can add spice to a simple solid color dress or suit, or supply the unifying note with a striking print dress or plaid suit.

Avoid using too many different colors in one costume. The eye jumps from one spot to another, and you lose the effect of unity. A general rule for the use of contrasting color, texture or pattern in accessories is never to repeat more than three times—generally two are smarter; for example, shoes, bag and gloves, or shoes, bag and hat, or bag and hat.

Intensity of the color is important. Don't overdo it. The most brilliant or intense the color, the smaller the area it should cover. Unusual colors draw the eye just because they are complex in makeup. Use them with care.

Basic colors in accessories, namely black, brown or navy, are always in good taste and easy to use.

Color in shoes is a fashion to be used with caution. It calls attention to the feet and ankles. Be certain yours can stand the spotlight.

A final suggestion: Look smart but not extreme. Don't over-dress. The best dressed women are often the most simply dressed.

Accessories Around The Clock, a special bulletin written by extension clothing specialists, give lots of ideas and suggestions. Get a copy from your county home demonstration agent.

### TRY DIFFERENT SEASONINGS FOR VEGETABLES

Sometimes it is the seasoning that makes a dish so good the family calls for second and third helpings. Extension foods and nutrition specialists of Texas A&M College System say a variety of seasonings will make fresh vegetables more popular—and plenty of vegetables means improved diets.

Try these simple seasonings to give those vegetables new life:

Cook a tablespoon or two of minced onion, green pepper, or parsley with snap beans or yellow squash.

Cook a few mint leaves with

## NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"I am going to raise my children to know that the United States Government never has, does not now, and never will, owe them a living. According to the Bible, and the American way of life, they are supposed to earn their living 'by the sweat of their brow,' and I want to be sure they understand that."

The foregoing is a statement made by R. L. McMillan, Abilene Life Insurance man at the Farm Bureau agents meeting in Waco last week. We concur and hope that the majority of Americans still believe in this philosophy, too.

Mr. and Mrs. Herman Gerles and Mr. and Mrs. Harry Hamilton, president and legislative director respectively of your Farm Bureau, attended an appreciation dinner for Walter Rogers, congressman, in Amarillo a couple of weeks ago. We were gone when it happened, and that's why we are late in reporting it. Rogers has been helping Farm Bureau in its efforts to get a wheat program to prevent a drastic cut in acreage for the 1961 crop.

Texas Farm Bureau Research and Promotion Bureau observes that although most of the upland cotton program determinations will be made by the present secretary of agriculture, if the

Point up the flavor of cooked vegetables by seasoning with flavorful fats such as bacon drippings, butter or margarine, or salad oil to which lemon juice, horseradish or a whisper of garlic has been added. If you use bacon drippings, add bits of crisp bacon. These are especially good with greens.

new secretary is more liberal than the present one, it would be possible for him to establish a price support for the 1961 crop of cotton at far above the 70 per cent of parity floor. Let's hope . . .

We believe many people become confused between states rights and the so-called civil rights legislative measures, because of the similarity of sounds of the two terms. Farm Bureau is, and always has supported states rights, which its members believe are supposed to be guaranteed in the constitution of the United States. Civil rights, as they are being referred to in present legislative areas, appear to be more in the interest of giving the minority groups majority power over the majority groups. Farm Bureau does not support this type of thing.

CONSIDER THIS: "Every word of God is pure: he is a shield unto them that put their trust in him. Add thou not unto his words, lest he reprove thee, and thou be found a liar." Proverbs 30:5-6.
