

FROM THE  
HOPPER

BY HOP JR.

It was a wonderful Father's Day. The wife left me with the kids and went to Houston for some running around at the state press convention. I don't know how I got talked into such a thing, but it was a real adventure. For me, I mean--not her.

Actually, it was a pretty good idea. I can say that, now that it's over. For a time there was some doubt. For one thing, I have some definite ideas on how a home ought to be run. Previously, I had some misconceptions.

As just one example, take our 15-month-old son. I had never thought much about it, but this lug is almost as big as I am, and still not house broken. Something is going to have to be done about that.

And what's happened to discipline in the home? Why, it's downright scandalous the way kids won't mind their parents these days. Believe me, there are going to be some changes around the Graham household. I am getting the wife set straight on some things. I have a plan all mapped out for her, if she'll just follow it through. I didn't have a chance to get it into operation over the weekend.

Really, I guess we got along pretty well. No broken bones or anything like that, I mean. But it was real disappointing to have Mama return. Was she glad to see us? I'm not so sure. All she said was, "Good grief. Look at this house."

Dick Hapke is back, which is about the best news I have been able to print in a long time. This is the Army's loss and the subscribers' gain, believe me.

He sure doesn't need any introduction around these parts, since he's a home-town boy. This will make him blush, but I am going to say he's one of the best boys this home-town has ever produced.

To be truthful, I think we're downright lucky to have him back on the staff. I suspected as much as I contemplated all the things he was doing and seeing while in Japan, but I didn't realize to what temptations he was actually exposed until he got back home and I coaxed him to tell me about those Japanese women.

If I wasn't getting gray-haired and didn't have so many mouths to feed, that big poster about Uncle Sam wanting me might be just too much to resist. Provided they'd send me to Japan, that is.

Anyway, I want to give a sincere welcome to Dick. He is very able for the job. As for me, I'm going to give the readers a respite by dropping out of print for awhile. The change will be a refreshing one, as you'll soon see.

SS Rep To Be Here

A representative of the district social security office will be at the county courthouse in Farwell on June 30 at 8 a. m.

Persons with any social security questions are asked to contact the representative.

SHOWING THEM HOW IT'S DONE are Walter Hardage and Herb Potts, co-owners of Farwell's newest entertainment facility, as they give pointers on how to operate a go-kart to two future customers.

# Go-Kart Track To Open In Farwell

The newest addition to the recreational facilities of the Twin Cities will possibly be open this weekend or early next week, according to Walter Hardage, co-owner of the go-kart track with Herb Potts. Both are local men.

The go-kart track, which will be about a quarter of a mile in length, has been staked, and owners hope to complete the installation in the next week.

Located across the Lubbock highway from Sherley Grain

company offices, the facilities will include the hard-surface

## NOTICE

A new phase in the summer youth program in the Twin Cities is scheduled, according to announcement by Jack Williams this week. Williams and his son, Dickie, will work with interested boys on gym games.

All boys who are interested in instruction are asked to meet at 5 p. m. Tuesday at the Farwell gym. The final program will then be planned.

track and an office. Plans are for the track to be open every day and night. Lights will be installed for night activity.

The go-karts were delivered Tuesday. Seven vehicles have arrived and the owners expect to have at least six in operation all the time.

Rates have not been set and will be announced later. Hardage and Potts will also be dealers for the go-karts.

## Last Rummage Sale Set This Saturday

The last in a series of summer rummage sale sponsored by Theta Rho chapter of ESA is planned Saturday afternoon at the Rose building in downtown Farwell, says Mrs. John Getz, president.

Two sales were held in early July, with funds going to ESA to be used for civic work. The sales begin at 3 o'clock in the afternoon and continue to past six.

Used clothing, household articles and other items are included in the stock.

## Three Texico Teachers Resign

Three vacancies have occurred in the Texico School system in recent weeks, according to school officials, and several applications have already been received for the positions.

Mr. and Mrs. Curtis Miller, who have been members of the Texico faculty for several years, have accepted positions at Zuni where he will serve as high school coach and she will teach in the pre-primary division.

Miller, who had taught here for nine years, was a member of the physical education teaching staff and also was instructor in social studies in

## Man In Custody In Arizona Case

Guy Carter, alias Nick Cathey, who has been wanted on burglary charges in Farmer County, is in custody in Arizona, says Sheriff Chas. Lovelace, and will be brought back here to face charges.

The 19-year-old was wanted for attempted burglary of Hughes Auto Parts and for the theft of a television set from the trailer house of Guy Ziegler

which is located near Farwell Wrecking Yard. The TV set was recovered, says Lovelace.

Lovelace says charges are pending on the young fellow in Tucson, so officers do not know when he can be returned here. According to Lovelace, Carter has served time in the penitentiary and has done time in Santa Fe for assault with a deadly weapon.

Richard Hapke

## Pat Patterson One Of Six Top Staters

Patricia Patterson, Texico's delegate to New Mexico Girls State, was selected as one of the six best citizens of Girls State. She was also elected Supreme Court Judge.

Patricia left with the delegation from Curry County June 12. When they arrived in Albuquerque, the group registered and were assigned to the various cities, counties and parties. Also that evening there was a get-acquainted tea, the meeting of activities and the first general assembly.

The highlight of the evening was the report on last year's Girls Nation by Roberta Cooper. Patricia was a resident of Cedar City, Lincoln County and the Federalist party.

At the closing of each day vesper services were held. Each morning the delegates awoke at 6:30 and took part in calisthenics.

Monday morning Girls State really got underway when the city election was held. Patricia was elected city councilman of her city. The Chief of the State

Police administered the oath of office.

Tuesday morning the party caucus met to choose the person they wished to run for the individual offices. Also that afternoon the separate party conventions were held where the candidates did their campaigning. The primary elections were that evening followed by a style show. Preceding the style show the election returns were read. Patricia won the election which made her eligible to run for the office of State Supreme Court Judge.

Wednesday the general election was held. The voting was done

## Area Men Go To NEA Convention

Three area men left this week for Los Angeles where they plan to attend the National Education Association meeting. Making the trip are Buck Doran, Texico superintendent, Paul Frederick, principal and A. D. McDonald of Clovis.

W. B. O'Donnell, academic dean at Las Cruces, N. M., is a candidate for president of the national organization, and the area men are interested in his candidacy as a representative of the state.

Also, the three men plan to attend the national AAU meet at Berkeley, Calif. Then on their return trip, they will see the Olympic tryouts at San Jose. The travelers plan to be back home in about 10 days. The NEA convention convenes for a week.

## Hapke New Editor

Richard Hapke, just home from a 21-month hitch with Uncle Sam including a tour of duty in Japan and other Far East countries, is back in civvies and will become editor of The Tribune next week.

The role will not be strange to him. He started working for The Tribune while a high school student, as a "printer's devil." He climbed the ladder of learning rapidly and was an accomplished Linotype operator by time college days rolled around.

Using his trade knowledge to good advantage, Hapke put himself through college at Eastern New Mexico by working in the university print shop. In college, he earned a bachelor of arts degree with a major in journalism.

During his college years he worked part-time at The Tribune, helping both in the mechanical and editorial phase of the business.

Beginning Monday, he will become editor and, for the first time, will also work with The Tribune's advertising accounts.

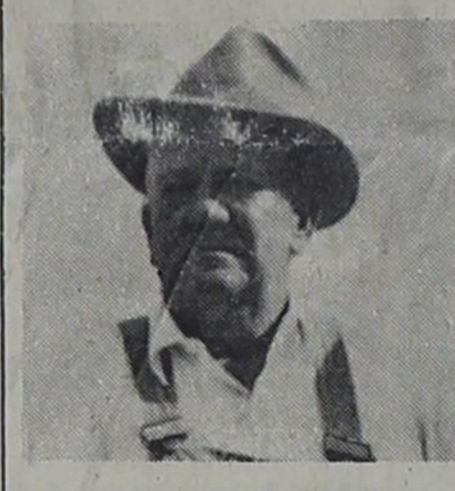

W. H. Graham, publisher, comments, "Richard is one of the most capable young newspapermen I have ever known. Jeanne (Mrs. Graham) and I feel we are very fortunate to

## Texico RA's To Play Progress Baseball Team

A baseball game Saturday afternoon at 2 will see the RA group from the Texico Baptist Church play the Progress RA boys.

The game will be played at the Texico school diamond. The Texico team lost an earlier game to Progress, and are looking for revenge. Last week they defeated a team from Clovis.

ROBERT S. HINES

## Final Rites Saturday For Robert Hines

Funeral services for Robert S. Hines, 72, were conducted Saturday, June 11, in Hamlin Memorial Methodist Church at 10 a. m. Officiating was Rev. Robert O. Tomlinson, church pastor, assisted by Rev. C. C. Morgan, pastor of the Texico Baptist Church. Interment was in Texico Cemetery.

Mr. Hines died of a heart attack Wednesday night, June 8, at his home in east Farwell. He had had a serious heart condition for about seven years.

Pallbearers were A. N. Walls, Glenn Phillips, John Porter, Donald Rolland, John Sharum and Johnny McDonald. Frank Elliott, Johnny Armstrong and W. T. Magness were honorary pallbearers.

Survivors include his wife, Nannie; two sons, Robert Hines of Dove Creek, Colo., and Samuel Hines of Lompoc, Calif.; three daughters, Mrs. Ethlene Bell of Texico, Mrs. Virginia Drager of Friona, and Mrs. Rose Walls of Lubbock; two step-sons, Walter Westbrook of El Monta, Calif., and Lynn Westbrook of Clovis.

Also surviving are two brothers, Bill Hines of San Antonio, and Ford Hines of Artesia, Calif.; 19 grandchildren and four great-grandchildren. One brother and three sisters preceded him in death.

Mr. Hines was born in Mississippi on December 31, 1888, and moved to Texas in the early 1900's. He was married to Nannie Harden in Crosbyton in 1922.

After living in Colorado for two years, Mr. and Mrs. Hines moved to Farwell where they have lived since that time. Except for nine months of the first year they were here, they have lived at their present home east of Farwell for 31 years.

A member of the Methodist Church, Mr. Hines was a trucker until his failing health prevented him from working.

MRS. W. H. McDANIEL

## Services Held For Pioneer Woman

Last rites for Mrs. W. H. (Anna) McDaniel were held Tuesday afternoon at Central Church of Christ in Clovis. Mrs. McDaniel, who came to Texico as a young matron in the early 1900's, had been in ill health for several years, and had been seriously ill for three weeks.

Claude Lorts of Kansas, former minister of this area, officiated at funeral services, assisted by Stanley Letcher Jr.

Mrs. McDaniel passed away Sunday morning at Memorial Hospital where she had received care for three weeks. Burial was in Texico Cemetery under the direction of Steed Funeral Home.

Survivors include two daughters, Miss Marie McDaniel, Albuquerque, and Mrs. Alta Lou Kimmons, Winston-Salem, N. C.; and three sons, Charles and Lawrence of Texico and Clyde of Clovis.

Other survivors are 13 grandchildren, seven great-grandchildren; a sister, Miss Laura Luchsinger, St. Joseph, Mo.; and a brother, Ira Luchsinger, Hemple, Mo.

Pallbearers were: V. O. Sharp, Archie Dougherty, Lewie Paul, James Gillean, Olan Schlueter and Ed Blain.

Mrs. McDaniel was born March 13, 1877 at St. Joseph, Mo., and grew up on a farm near Hemple. She made her home there until her marriage on December 25, 1900. The McDaniels were married in St. Joseph, Mo., then moved to a farm near Kansas City. They lived on farms in that area for several years before they settled in Texico on the present home place in December of 1908. They resided in a three-room house which is a portion of the present residence.

The McDaniel children attended Texico Schools and the family was active in community affairs. Mrs. McDaniel had been very active in Farm Bureau work and in 4-H activities until ill health forced her to slow down. She had been a member of the Church of Christ since 1930.

## Plan July 4 Oklahoma Lane Celebration

Oklahoma Lane community will hold its annual 4th of July picnic at community center.

The day's activities will begin at 2 o'clock with the junior boys baseball game. At 4 o'clock the single young men of the community will play the married men.

Various activities for all ages are being planned, and free lemonade and ice cream will be served throughout the afternoon. Games of ping-pong, volleyball and other group activities have also been scheduled.

A basket lunch will be served at 7:30 with the bread and ice being furnished by the community. Each family is asked to bring a basket lunch.

Memorial services will be conducted after the lunch, with a guest speaker bringing the message.

President of the community organization, Delbert Garner,

has appointed several committees to help prepare for the celebration.

Serving on the program committee are Mr. and Mrs. Wendol Christian, Mr. and Mrs. Edmond Kitten, and Mr. and Mrs. Gilbert Kaltwasser.

Those making up the recreation committee are Mr. and Mrs. Sterlyn Donaldson, Mr. and Mrs. Melborn Jones, Mr. and Mrs. Troy Christian, Mr. and Mrs. Henry Haseloff and Mr. and Mrs. Melvin Terry.

Serving on the refreshment committee are Mr. and Mrs. Grady King, Mr. and Mrs. Wayne Hardage, and Mr. and Mrs. Clarence Johnson; while Mr. and Mrs. Harold Carpenter, Mr. and Mrs. C. C. Christian and Mr. and Mrs. T. L. Kent make up the finance committee.

The day will be concluded with a fireworks display.

Everyone is invited to come and bring a basket lunch to the celebration.

BEFORE THE PAVING can be installed in Farwell's new improvement project surveying must be done to establish grades. Here a surveying instrument is in use on Avenue B. The project is "ready to roll" and construction will begin immediately.

**Letters to the Editor**

Dear Editor:

If you will be so kind as to give me space I have a few flowers that belong to a grand old man known as "Uncle Tom" Randol, who was 90 years old last week and speaking of flowers, orchids would look dull compared to the colorful life this man has lived in this community.

It is not often that I, nor any one else, has a chance to say anything nice in regard to a man his age. It has been my privilege to have known him for the past 50 years. He is the kind of granddad our kids wish we were.

I sometimes think, as I talk to him, that the best years of our lives are after we pass the 50 year mark and begin looking forward to the 100 year mark. Uncle Tom is a living example of this.

His neighbors and friends of the vanishing years have come

man Gleason last week end.

Mr. and Mrs. John Littlefield and Carrol attended the funeral of Mrs. Orene Rogers Friday. Mrs. Rogers was the step-mother of Mrs. Littlefield.

Mrs. Sid Bullock and Fay Precure entertained their father and uncle on Fathers Day. An ice cream supper was served in the E. D. Precure home in Muleshoe.

Jane Ann and Lewie Bradshaw from Farwell visited their grandparents, Mr. and Mrs. Rufus Carter last week.

Sharon Kay and Billy Don Bennit from Ralls are visiting their cousins Linda and Hazel Gay Lesley this week.

Birthday Greetings to H. H. Briggs, and Kathy Kocker, June 19; Donna White, June 20; Charlie Garazura and Janie Masters, June 22; Jill Mimms and Jane Nowell, June 23; Howard Watson, Narse Novalle and Doyal Smith, June 24; and Mary Ellen Garza, June 25.

The Lazbuddie Methodist Church held a Family Night recently, honoring the new pastor and family with a covered dish supper.

Lula and Jettie Crouse of Mineral Wells visited last week with their cousin and family Mr. and Mrs. A. M. Bradley.

Mr. Walter Broadhurst and sons, Jimmy and Charles, went fishing at Conchas Lake last week. Charles is the pastor of the First Baptist Church at Lockney.

Mr. and Mrs. Paul Templeton spent Fathers Day with his father J. L. Templeton at Amherst. The group had a barbecue dinner.

Mrs. Dalton Mimms is in the Friona Community Hospital this week for medical care.

Janie and Cynthia Harvey returned Sunday from a week vacation with their grandparents, Mr. and Mrs. H. A. Harvey of Plainview.

Caroyl Haskins of Levelland is visiting her grandparents this week, Mr. and Mrs. George Haskins. George Haskins Jr. and family from Muleshoe visited Fathers Day with his parents.

and gone and sometimes I imagine he feels very much alone with his thoughts of yesterday. With the philosophy of life that he believes in and has lived, memories need never be alone.

His friends and neighbors, I am sure, try among themselves to see who can show him the most kindness and he in return feels they are the grandest people on earth.

His children, because of his patient discipline and teaching, have made good names for themselves. He has been, and still is, a vital part of the human race. I give him great credit as a pioneer for making Eastern New Mexico and West Texas what it is today.

His influence will linger on in generations yet unborn. He certainly must have the serene assurance that a divine presence abides in his soul and that an unseen hand has guided his footsteps these past 90 years. He has fought this turbulent world to the point that nothing can stop him now besides his Maker.

He has the faith and courage that it takes to make our country great and his life has been an inspiration to me and many others. I feel very fortunate for having known him most of my life and feel it a great honor to have kept his friendship these many years.

Sincerely yours,  
Les Means

**Baptist Church Concludes VBS**

The Vacation Bible School of the Texico Baptist Church held its commencement services last night at 8:30.

The total enrollment of the school was 125 with an average attendance of 103. A total of \$12.37 has been taken in which will go toward the co-operative fund.

Mrs. Marie Wall was principal of the school, Phyllis Kelley served as secretary, and Mrs. John R. Hadley was pianist.

The intermediates of the church made wall plaques and did splatter painting, while the juniors made yard markers inscribed with their home address. They also made wall plaques.

The primary and beginner departments made various small things.

Mrs. Foster Visits Son

Mrs. Loucile Foster returned to her home in Bovina Saturday from Iowa City, Iowa, where she had been visiting her son and family, Mr. and Mrs. Robbie Foster and children.

Mrs. Foster made the trip especially to see her new grandson who was born April 2. Foster, who is attending Iowa University on a science scholarship, has been awarded a new scholarship to continue his study there.

JOTTIN'S  
By Jeanne

If you can stand with 1100 people in a jam-packed banquet room, with the vice-president of the United States and hear all those 1100 voices join in unison singing the "Star Spangled Banner," and fall to get a lump in your throat, you've lost something pretty special.

We had that experience over the weekend. We had forgotten how moving the words of our National anthem can be, when everyone sings and contemplates the words. After the song, the audience proudly sang "The Eyes of Texas" as a final note before the program proper began.

Joann Getz and this writer were in Houston to attend the Texas Press association meeting, and the highlight of the convention was Vice-President's Nixon's visit. We marveled at the stamina of the vice-president and his vivacious wife. They had arrived at the airport in early afternoon and were met at the airport by 5000 people with the Republican committee, then came to the press meeting, where they pleasantly shook hands with the 1100 attendees at the banquet.

They were most gracious and both smiled at each person, or so it seemed. After everyone was seated for the banquet, Nixon busily signed autographs for about 45 minutes. Then he was introduced, made a brief introduction, and for an hour and a half, answered spontaneous questions from the floor about governmental policies and decisions.

He was quick, forthright and adept. He obviously has a remarkable sense of humor. When he was presented his personal branding iron with his name inscribed in the brand, he quipped "Thought it might say LBJ".

And we too got his autograph. We plan to reprint it here. We must admit that we didn't get up to the ramp to get his signature, Joann Getz made the trip to the platform. We brought one back for the scrapbook of our niece, Judy Crume. But the one we are reproducing was signed for Joann.

Don't leave notes in letter boxes, doors and milk bottles with messages telling when you will return home.

Don't leave house keys under door mats or on top of door sills.

Don't leave money or other valuables in your home or apartment while you are away.

Don't fail to notify your next door neighbors when you are going away on a trip and ask them to notify the sheriff's department if they notice any unusual condition or observe strangers in or about the premises.

It's quite an experience to see all the excitement that surrounds the visit of a dignitary. Policemen were everywhere--crowds were staggering, and we were in the midst of a live TV show, which was interesting and educational.

We wouldn't have missed it for anything.

We did miss part of the TPA program though. We didn't get into town in time to see Jayne Mansfield, movie star, Mickey Haggarty, ex-Mr. America, or Guy Williams, (Zorro), who were there Thursday night.

By Pat

*We would appreciate the opportunity to handle your wheat, all wheat stored with us for the past three years has been bought by our mill at a premium to the grower. Will buy or store*

THE FRIENDLIEST PLACE TO SHOP

### Of Interest To THE WOMEN

#### Scott And Harding Host Rebecca Class Meeting

Mesdames Elmer Scott and Nathan Harding served as co-hostesses when the Rebecca Sunday School class of the Farwell Baptist Church met in the home of Mrs. Harding Monday night.

The class meets on the first Monday in each month, but due to a conflict was moved up two weeks.

Mrs. Claude Coffey gave the devotional for the evening

on "Giving Others A Lift," after the meeting had been opened with prayer by Mrs. Asa Smith.

A salad supper was served during the evening, and sunshine friends were revealed.

Those attending the meeting were Mesdames E. G. Williams, Elmer Scott, Mable Reynolds, Claude Coffey, Clyde Magness, Asa Smith, John Boling, Willie Hardage and one visitor, Mrs. Nelson Smith.

#### TEXICO WMU MEMBERS MEET MONDAY

The WMU of the Texico Baptist church met Wednesday afternoon at the church. Mrs. S. G. Billington was in charge of the program.

Members of the WMU present were Mesdames Nora Day, J. O. Ford, Monte Parsons, C. C. Morgan, and S. G. Billington.

#### Della Crocker Pleasant Hill Weds Fred HD Club Meets Fahsholtz

In an impressive ceremony, June 12, Miss Della Crocker became the bride of Fred Fahsholtz. Miss Crocker is the daughter of Mr. and Mrs. Walter E. Crocker of Texico, and the bridegroom is the son of Mrs. Walter Hapke of Clovis.

The double ring rites were performed by Rev. Charles Jones, pastor of the Pleasant Hill Baptist Church.

Linda Crocker served her sister as maid of honor. She wore a blue street length dress.

Bridesmaids were Lucille Lamb of Plainview and Barbara Riley of Texico.

Doyle Stowles of Clovis, brother-in-law of the bridegroom, was best man. Ushers were Gary Singleterry and Gale Pierce.

The bride, given in marriage by her father, chose for her wedding a blue street length dress designed with a stand-up collar, three quarter length sleeves, and a full skirt. She carried a bouquet of blue and white carnations atop a white Bible.

Carrying out the bridal traditions, the bride wore a mother of pearl pin for something old, the Bible was borrowed and her dress was something new and blue.

Miss Sandra Lamb of Plainview sang "Whither Thou Goest".

A reception immediately followed the ceremony. The bride's chosen colors of blue and white were carried out in the table decorations.

Pauline Servatius poured punch and Lucille Lamb served the cake. Mrs. W. T. Magness of Farwell was hostess for the reception.

Mr. and Mrs. Fahsholtz are making their home in Clovis.

Children need models more than they need critics.--Joseph Joubert

#### Pleasant Hill HD Club Meets

Mrs. J. J. Armstrong was hostess for the recent meeting of the Pleasant Hill home demonstration club at the community center. A short business session was held.

Mrs. Elmer Langford gave a report on the State Home Demonstration meeting, which was conducted in Las Cruces last week.

A birthday cake, made by Mrs. Lowery Winkles, was presented to the hostess.

Members present for the meeting were Mesdames Martha Hines, H. M. Hopper, Larry Winkles, Clarence Smith and Elmer Langford. Guests were Mr. Kirby, and Mrs. McBride and her daughter, Joy.

The next meeting will be July 21.

#### Lutheran Church News

Vacation Bible School started June 20 and will conclude July 1.

Heads of the various departments are: nursery, Mrs. Gilbert Kaltwasser and Mrs. Walter Kriegel; kindergarten, Mrs. A. R. Sanders and Evelyn Lingnau; primary, Mrs. Fred Ramm and Margaret Haseloff; junior, Mrs. A. Haseloff and Miss Pat Kaltwasser; junior high, Mrs. Walter Kaltwasser and Miss Janice Neissen.

Ladies of the congregation will be responsible for the refreshments.

The closing program will be a sound film. Following the film the group will go to the Clovis park for a picnic. All parents and families of the children are invited.

The sermon topic for June 26 will be "The Man Who Looked Back and Lived".

The Sunday School training class will not meet during Vacation Bible School.

The choir will be recessed until September.

#### Deborah Class Meets With Mrs. Young

The Deborah Sunday School Class of the Oklahoma Lane Baptist Church met recently in the home of Mrs. Thomas Young for a regular meeting.

The devotional "In Search of a Crown" was given by Mrs. Avis Carpenter.

Mrs. Young served refreshments of sandwiches and lemonade to the following members, Mesdames Dee Brown, Sterling Donaldson, Delbert Garner, Jimmy McGuire, Nell Stewart, Harold Carpenter, and Jeter Garner.

#### WMU Meets

The Woman's Missionary Union of the Farwell Baptist Church met Monday afternoon at the church with Rita Dollar teaching a mission study book on "Educating Youth in Missions".

Members present were Mes-

#### Circus Motif Used At Party

A circus motif was used when Thad Phillips, son of Mr. and Mrs. Glenn Phillips of Farwell, was feted with a party on his third birthday Monday afternoon.

Friends of the little boy called at his home at 3:30 and played various games before being served ice cream and cake.

The serving table carried out the circus motif with the cake featuring a canopy above it, and miniature circus animals marching around the base.

Those attending the party besides the honoree's brothers and sisters were Sandy Hart, Shawn Sheets, Kevin Hargrove, Caroline Anderson, LeAnn

Williams, Leslie McFarland, Leslie Norton, David Snider and Deanna Williams.

Mr. and Mrs. Olen Green and son from Springfield, Mo., are visiting in the home of Mr. and Mrs. Elmer Langford of Pleasant Hill this week.

## Town And Country HD Club Has Annual Summer Party

Members of the Town and Country Home Demonstration Club feted their husbands with a party Friday night. The party is an annual event for the club, and was held at the Clovis Country Club, with swimming being the main event of the evening.

Members and guests attending were Messrs and Mesdames Gene Hardage, Lonnie Sharp, Billy Watts, LaVon Jones, Don Pool, Herman Gerles, Laron Fulton, Gerald Curtis, Donald Christian, Troy Christian, James Norton and Gerald Hardage; also attending were Sonny Gentry and Joy Redden.

### Local Women Are Delegates To Convention

State delegates from the American Legion and Auxiliary spent the past week attending the first annual Democracy Versus Communism Seminar held at Eastern New Mexico University.

The workshop, which compared the democratic system of government with communism, was sponsored by the University in cooperation with the National American Legion Auxiliary. The Auxiliary granted \$5,000 for the project which attracted 135 representatives from 25 states and several foreign countries.

Representing Texas at the national conference were Mrs. John Boling and Miss Maude Hicks, Farwell; Mrs. B. J. George, Beaumont; Joe L. Matthews, Ft. Worth; Emil Jaso, Refugio; and Richard Hood, Athens.

Educators and guest speakers from throughout the country took part in the five-day program which contrasted and analyzed the ideologies of democracy and communism.

this time on a voting machine. After the stunt night program, election returns were read. Again Patricia won, this time making her the Supreme Court Judge.

Thursday the formal dinner and inauguration was held Supreme Court Justice Compton administered the oath of office. Special guests and speaker for the evening were Governor John Burroughs, Lt. Governor Ed Meads and Governor of Boys State, Jay Higgins. A reception followed the inauguration.

The girls visited the capital building in Santa Fe on Friday. Girls who were elected to a state office were special guests of the state official whose office they were representing.

Saturday the nominations for delegates to Girls Nation were placed. These were narrowed down to seven and each gave a speech on "Our Responsibility to Our City, Our State and Our Nation." The girls had to prepare their talks in a very short length of time. This was a great turning point for the scoring. The two girls to represent New Mexico at Washington are Rose Ann Dominici and Nancy Nelson. Speaker for the final assembly was Dr. Floyd Golden. He spoke to the girls on Communism. It was following his speech that the delegation learned who would be representing them at Girls Nation.

The high state officials elected were Brenda Freeman, Hobbs, Governor; Nancy Nelson, Portales, Lt. Governor; Sharon Moore, Clovis, State Auditor; Caron Moore, Clovis, State Treasurer; and Susan Dillon, Clovis, Senator.

Patricia said, "I would like to express my appreciation to the American Legion Auxiliary and the Texico Woman's Club for making all this possible."

When asked what she thought of Girls State, Patricia said, "I think it's the most wonderful thing I've ever, ever, experienced. You can't explain it, you have to experience it."

**Swimming Lessons Begin June 27**  
Registration will be held Saturday at 1 o'clock at the Newtex swimming pool for swimming classes to be conducted by Jimmy Starkey, a qualified swimming instructor from Clovis.

The lesson will begin on June 27 with beginning classes from 10:30 to 11:00 and another beginning class from 11:00 to 11:30.

Intermediate swimming lessons will be given from 11:30 to 12:00. The lessons are free, with only pool admission of 25 cents for children and 40 cents for adults being charged.

Jay: "I'm looking for a beautiful girl."  
May: "Well, here I am."  
Jay: "Swell, you can help me look."

**Hal Graham Feted On Fifth Birthday**  
Hal, 5-year-old son of Mr. and Mrs. W. H. Graham, was honored with a party on his birthday Wednesday. A cowboy theme was used and children were given party hats as favors. Boys received cardboard hats of cowboy design and girls received Cinderella hats. They were also given balloons inscribed with the message "Happy Birthday!"

After a skating party, the children returned to the Graham home where they were served sandwiches and potato chips in individual picnic sacks. They then ate ice cream and cake with punch.

The birthday cake was a rectangular design iced in pale yellow and dotted with green cactus, pink cowboy hats and accented by two bucking broncs carrying cowboy riders. The inscription read "Happy Birthday Hal!"

**Hospital Notes**

Linda Crocker was in the Clovis Memorial Hospital Friday for a tonsillectomy. She is home now and doing fine.

Mrs. Jim Moss who underwent eye surgery last Wednesday in St. Anthony's hospital in Amarillo is reported to be in good condition by members of her family. She is in room 106 at the hospital and will probably be released Friday.

## Blackwater Valley Radio Amateurs Meet

The Blackwater Valley Amateur Radio Club met in regular session in the home of the David Haebbers of Bovina Saturday evening, June 18.

All regular members were present: the J. W. Herringtons of Muleshoe, the Gene Fields of Farwell, the David Haebbers of Bovina and the Nelson Smiths of Farwell; with Mr. and Mrs. Pat Kent of Sudan as visitors.

After a brief discussion of field day the club held the annual election of officers. Gene Field of Farwell is president and Mrs. Claudia Field is secretary. Refreshments of coffee, punch and cake were served to the members and guests by the Haebbers.

Field day is observed by most "hams" in the nation and foreign countries. This is a set-up of all kinds of equipment in operation at some point in a community, and the Blackwater Valley Club will be operating from the Community Center of Oklahoma Lane on Saturday, June 25 and Sunday, June 26. They will operate on the call letters of J. W. Herrington of Muleshoe, the letters being W 5 D X T.

The club invites all interested persons to visit them at the Oklahoma Lane Community Center on field day and observe how an amateur station works. The club members will try to answer any questions and show all persons the equipment.

"Amateur radio people do not claim to be experts in radio or electronics, but they must know enough about it to pass a pretty stiff examination under the supervision of the F. C. C.," comments Nelson Smith.

**THE STATE OF TEXAS**  
**COUNTY OF PARMER**  
**SHERIFF'S SALE**

WHEREAS, on the 28th day of March, 1960, in Cause No. 2065, in the District Court of Parmer County, Texas, wherein Farwell Consolidated Independent School District, State of Texas, Parmer County and High Plains Underground Water Conservation District Number 1 were Plaintiff and Impleaded Party Defendants, recovered judgment against Anna Ware, Clara Williams, M. W. Gaither, G. W. Losey, J. W. Losey, C. H. Losey, and should any of said persons be married, his unknown wife or wives and her unknown husband or husbands, and should any of said persons be deceased their unknown heirs and legal representatives; John Getz and his wife Joann Getz; L. B. Hart and his wife Lurlene Hart, and K. E. Deaton, and all unknown claimants, Defendants, for taxes, penalty, interest and cost against the hereinafter described property;

WHEREAS, on the 20th day of June, 1960, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 20th day of June, 1960, seize and levy upon as the property of the above defendants the following described

property, situated in Parmer County, Texas, to-wit:  
**FIRST TRACT:**  
Lots 7, 8, 9, 10, 11, 12, Block 2; Lots 1, 2, Block 3; Lots 1, 2, 3, 4, 5, 6, 7, 8, Block 4; Lots 9, 10, 11, 12, 13, 14, 15, 16, 25, 26, 27, 28, 29, 30, 31, 32, Block 5; Lots 17, 18, 19, Block 6; Lots 5, 6, 7, Block 7; Lots 5, 6, 7, 11, 12, 13, 14, Block 8; Lots 1, 2, 3, 20, 21, 22, 23, Block 9; Lots 1, 2, 3, 4, 5, 6, 7, 8, 26, 27, 28, 29, Block 11; Lots 31, 32, Block 12; Lot 15 Block 17, all in the Hamlin Heights Addition to the Town of Farwell, Parmer County, Texas, as shown by plat of record in the Deed Records of Parmer County, Texas.

And I will on the first Tuesday in the month of August, 1960, the same being the 2nd day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell, Texas between the hours of 10:00 a. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, which ever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in said divisions than the whole.

DATED at Farwell, Texas, this the 20th day of June, 1960.

## White Unto The Harvest

Oh, mighty Plains!  
In summer's midst I see your great wealth  
unfolding from horizon to horizon.

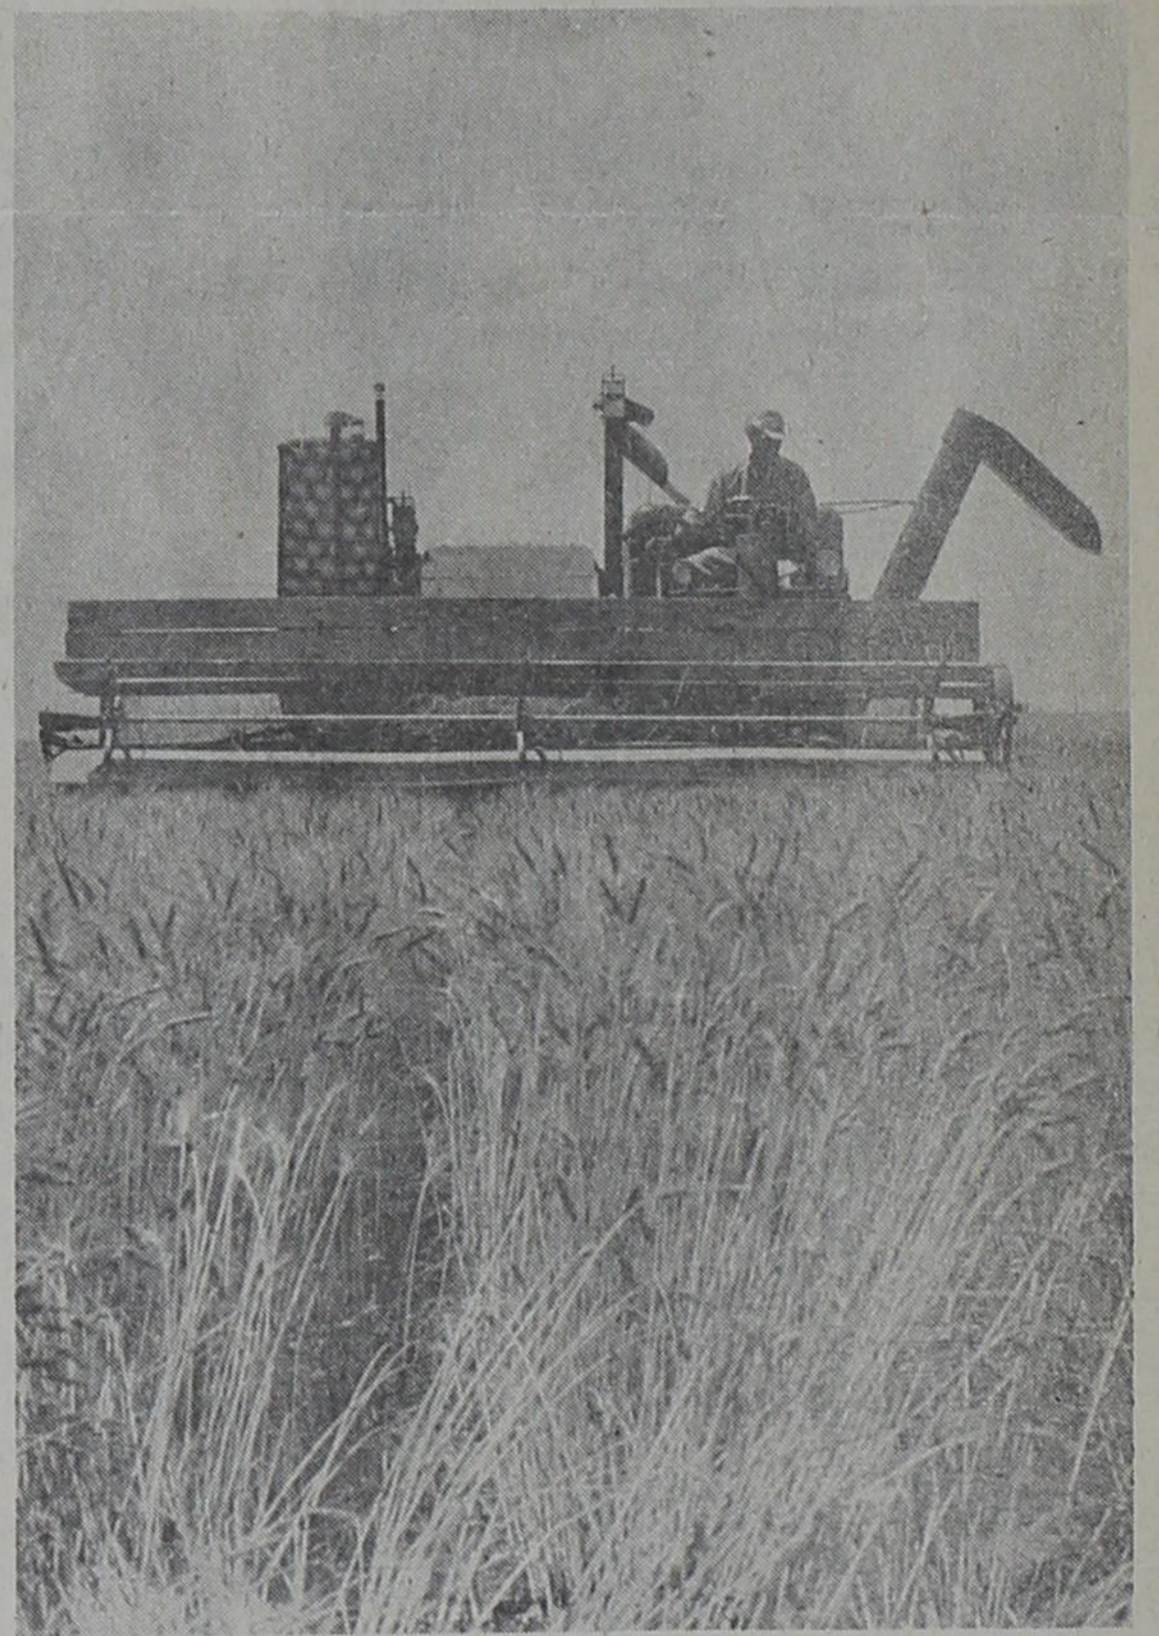

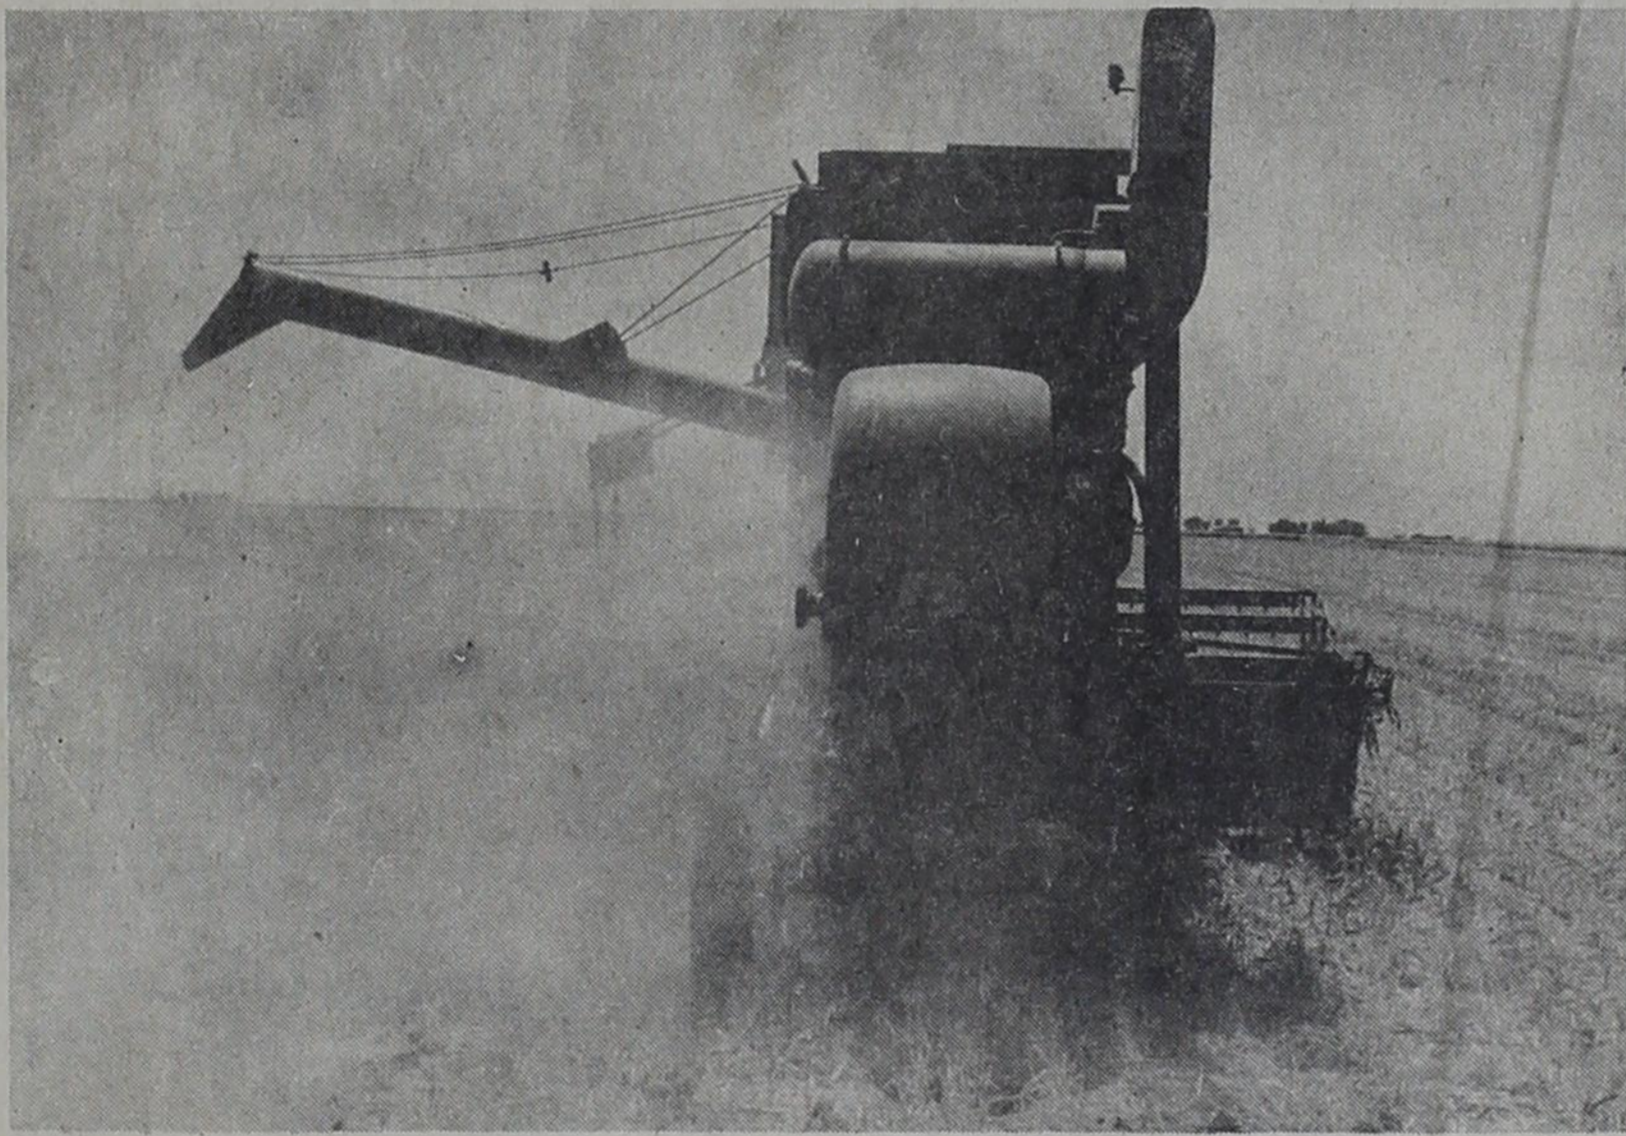

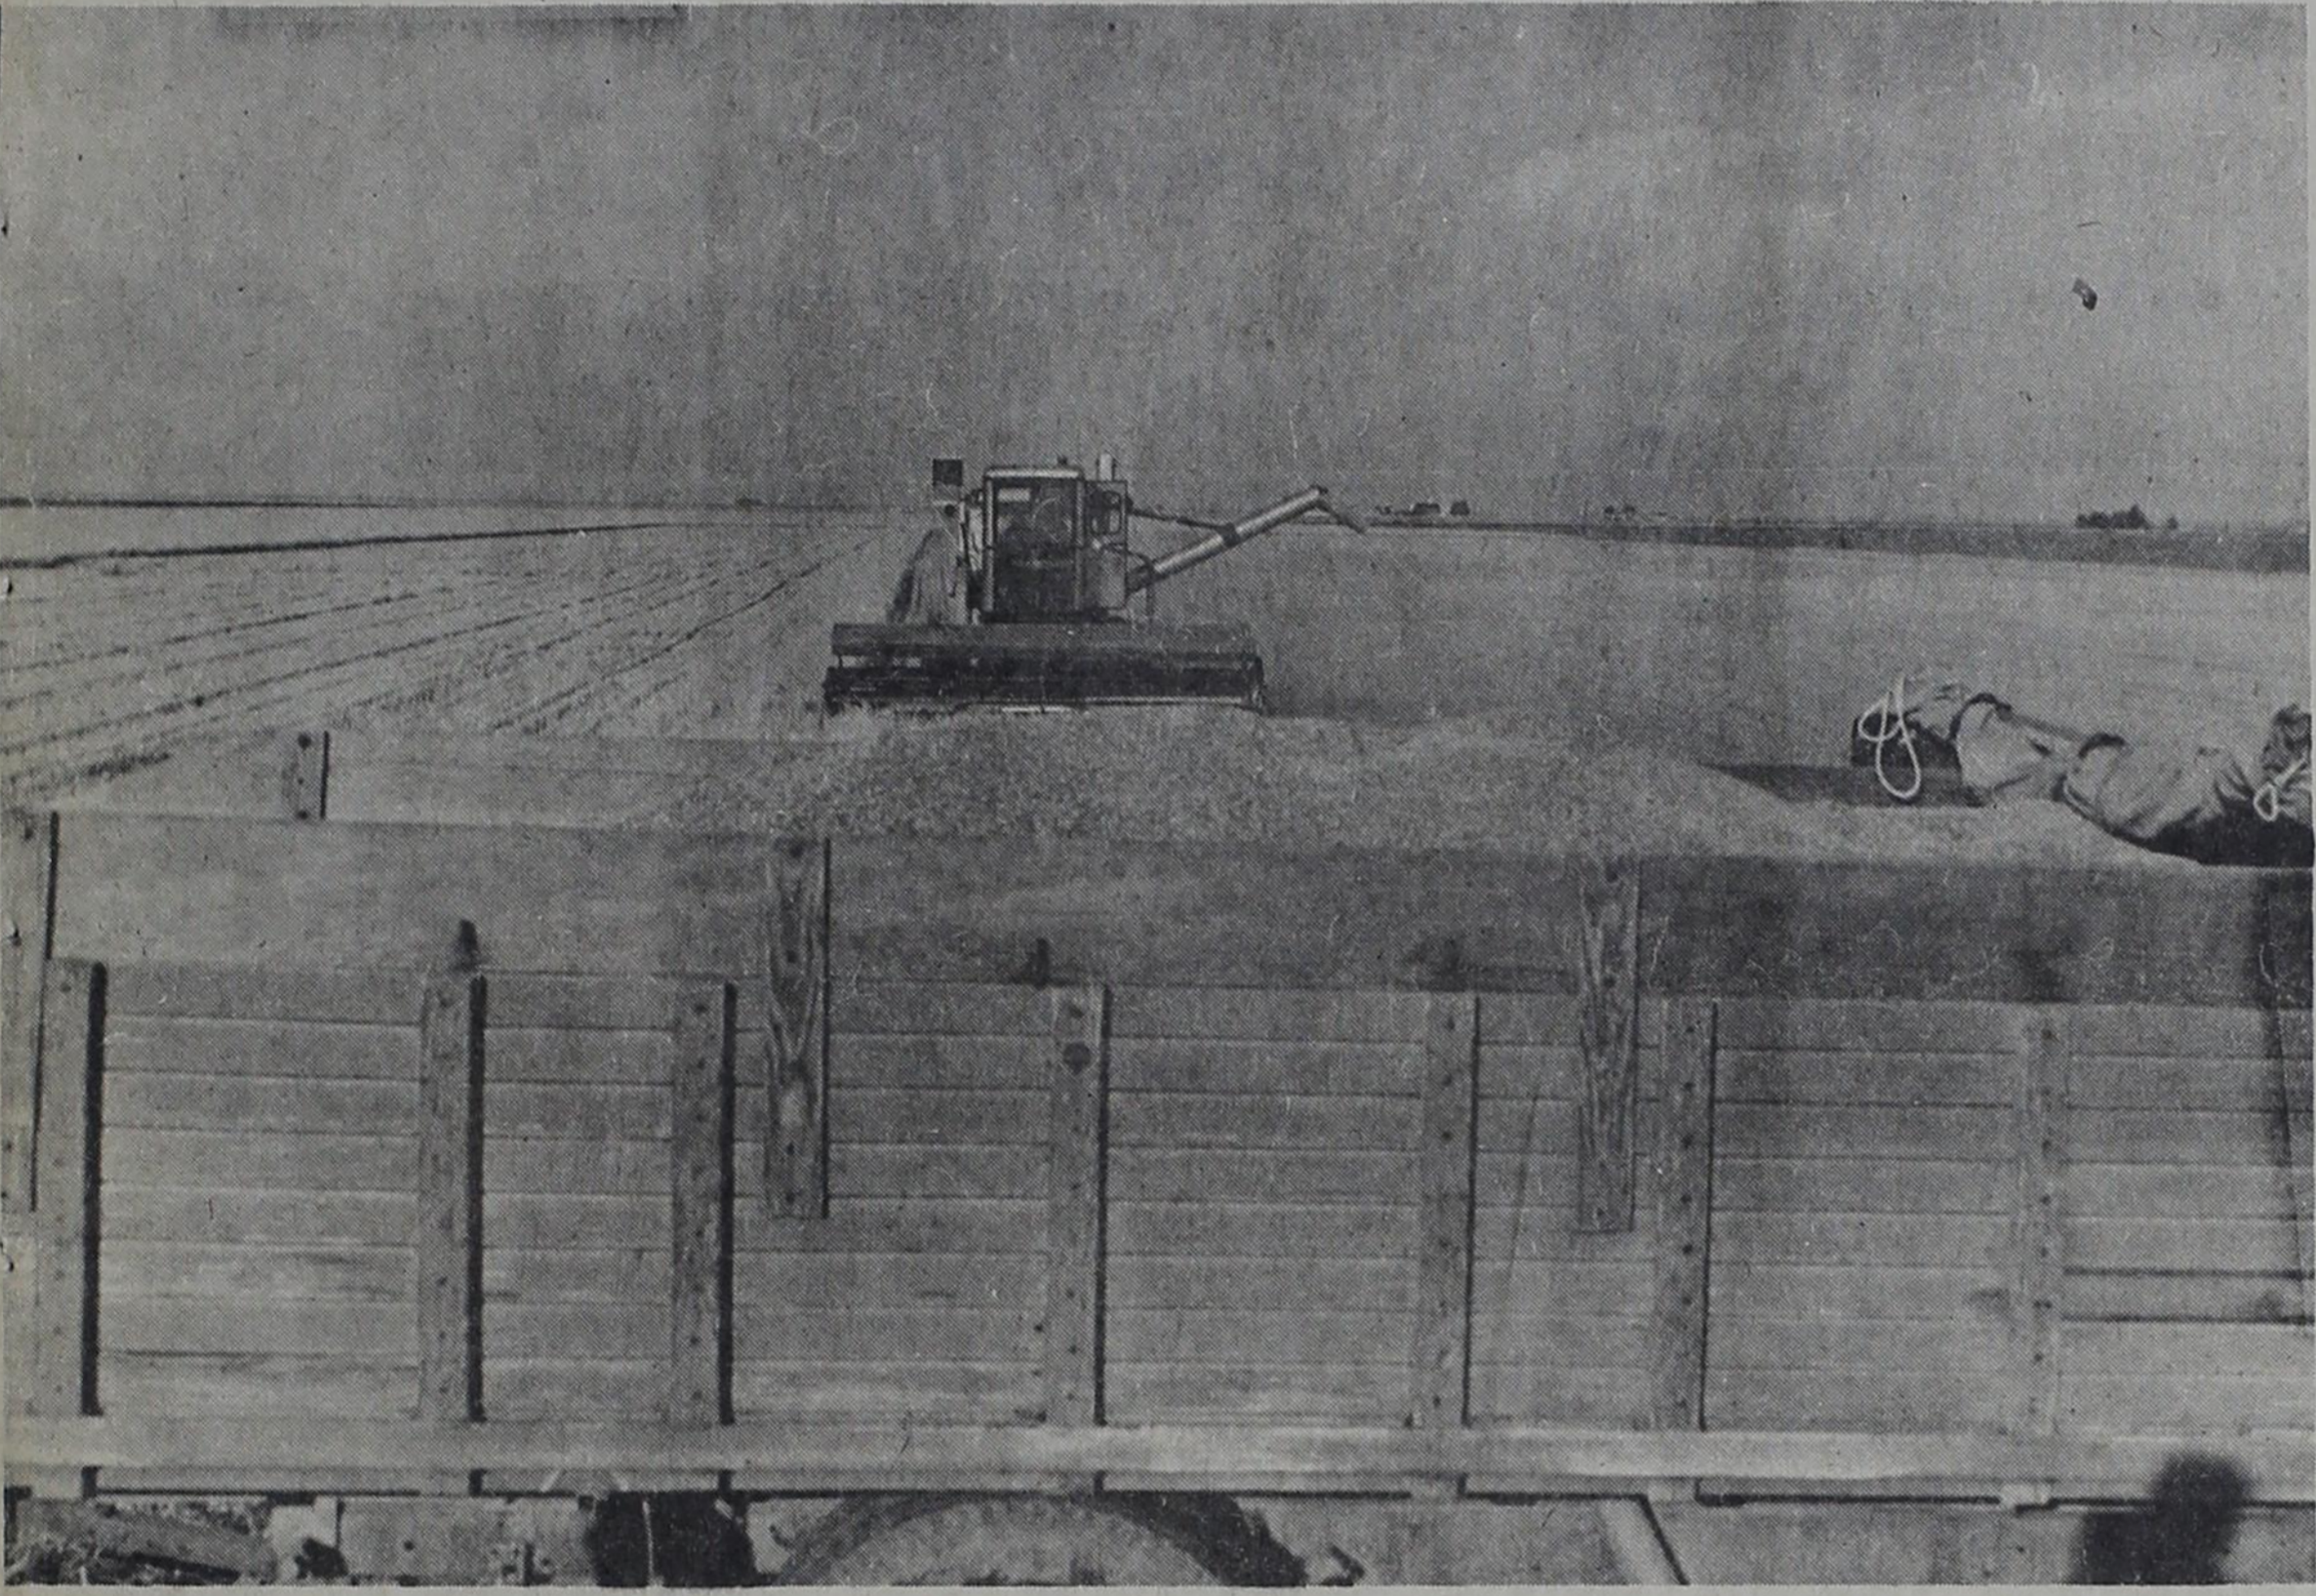

Seas of shimmering, golden grain  
Adorn your crown, glint in the afternoon  
sunlight

As men and machines struggle in the dust  
And heat of noonday  
To unlock your golden store.

Surely nowhere else, save  
Heav'n itself  
Can man and nature tune for greater concert  
than upon thy shoulders!

# Area Wheat Harvest Now Going Strong

Wheat harvest is in high gear throughout the High Plains as grain trucks roll day and night carrying their precious cargo of golden grain to area elevators.

Farmers were just getting started good on their wheat cutting at the end of last week. Some irrigated wheat and barley is still too green and wet to cut, and it will be sometime next week before this late grain can be harvested.

From all indications, the yield and quality of wheat will be high. Only a few had cut enough to tell what their yield would be. One farmer in the Bovina area reported a yield of over 60 bushels an acre—on irrigated wheat.

Farmers and elevator operators are optimistic about this year's crop. Most feel that it will be better than was expected.

Two Parmer County elevators reported taking in a large amount of the small grain Saturday. Friona Wheat Growers received over 100 truckloads. More than 85 had been recorded there by 1 p. m. Saturday.

Sherley Grain in Bovina also reported good quality and yield. Some irrigated wheat was coming in but both elevators reported that most of the wheat being harvested was dryland. Over 45 truckloads were received by the Bovina elevator by 1 Saturday afternoon.

"It may be 10 days or so before they can harvest some of this irrigated wheat," says Harry Johnson of Sherley Grain Co.

Wheat farmers and workers in the harvest also have high hopes. Although it is too early to estimate an average yield, many feel it will be above average.

T. I. Bursleson, who farms five miles south of Friona, says he has not cut enough wheat to know what his yield will be, but that the grain is very high quality. He raised the Crockett variety this year.

"I haven't had much trouble with lodging or anything else," says Bursleson.

"As a rule they say the wheat is making more this year than was expected."

Cecil Winegeart had finished cutting 47 acres of barley on his farm one mile east of Oklahoma Lane Saturday. He planned to start harvesting wheat on Monday.

A combine operator on the Kenneth Johnson farm one mile east of Oklahoma Lane reported that not enough wheat had been cut to tell what the yield would be, but quality was high. He said he would guess the yield to be about 50 bushels an acre.

Carl Coffey was harvesting wheat for farmers in the Bovina area last week. He says one field yielded 50 bushels to the acre. Coffey was cutting dry-

land barley on Delbert Garner's farm, but he said it would not record a very big yield.

D. M. McGuire, harvesting wheat on his uncle's farm ten miles south of Friona, says it is too early to tell what the yield will be. He reports that the grain is of high quality. He says the

ground is still a little wet on B. L. McGuire's 27-acre wheat field.

"It's going pretty slow," said Lloyd Shulk, who was cutting irrigated barley last Saturday for Roscoe Ivy.

"This is the second barley

I have ever cut and it doesn't seem as good as wheat."

Several more farmers were harvesting in the south part of Parmer County Saturday, although there appeared to be little difference in the wheat and barley in any part of the country.

## Five Rural Accidents In Parmer County In May

Five rural traffic accidents were investigated by the Highway Patrol service of the Texas Department of Public Safety in Parmer County during the month of May, according to Sergeant Roger W. Sosebee. In making this announcement, the sergeant reported three property damage accidents, two injuries, and no fatal accidents. These wrecks caused a total property damage of \$3,060. This brings the total for the year in this county to three killed, 12 injured, and property damage of \$51,955.

"During the first five months of this year, traffic deaths decreased 11 per cent over the same period of 1959; however, the most dangerous part of the year accident wise is still ahead of us," the sergeant said. "In Texas, about 40% of all traffic deaths are usually recorded during the first six months of the year; about 60% in the latter half. With the Fourth of July holiday, we start the busiest season of the year traffic wise, and we continue through the summer harvest

season, the summer vacation season, the Labor Day holiday, school opening and school activity, the fall business season and the Thanksgiving and Christmas-New Year's holiday.

"Some of our motorists have done a magnificent job thus far, but unless we pull out all the stops and realize that obedience to the traffic laws is necessary to stay alive, then some new death records are in store for our state."

Holiday and vacation traffic accidents take a costly toll throughout the state. The tragedy on top of tragedy is that accidents could have been avoided. According to the veteran officer, if everyone will check their own driving, take time to be careful and be alert for the careless driver, vacations can be accident free.

Milk is a well-rounded food wrapped up in a single package. This nutritional package sells for half of what the nutrients would cost in other common foods.

## 1959 TEXAS LIVESTOCK PRODUCTION UP

Texas' livestock production for 1959 showed a sizeable increase over 1958 production, according to Lloyd Bergsma, extension livestock marketing specialist.

Mohair production in Texas set a new record in 1959. An increase in the average mohair price coupled with an increase in production resulted in this new record, the specialist explained. During 1959 Texas accounted for 97 per cent of the U. S. mohair production.

Texas again outranked all other states in beef production. Although cash receipts and total poundage for Texas showed an increase in 1959, Iowa exceeded Texas in gross income from cattle and calves. Bergsma ex-

plained that Iowa's larger gross is the result of the intensive cattle-feeding industry in that state and in shipments of cattle and calves.

Hog, wool and sheep and lamb production in Texas all showed an increase in 1959 over 1958.

In commenting on the market outlook for 1960, Bergsma said heavy market supplies of most classes of cattle have forced the market lower, thus making for a delicate market which reacts quickly to adverse weather or other unfavorable factors. Marketings of stocker and feeder cattle will continue heavy, and this could reduce expected heavy runs this fall. Lower priced feeders will fill the feedlots, the specialist added.

Reduced hog slaughter will result in a strong seasonal price advance, and efficient producers will be in a good position to take advantage of this increase.

Larger supplies of slaughter lambs will dampen the effect of a seasonal price advance. Increased competition from lower priced beef will influence the lamb price downward, the specialist concludes.

Reduced hog slaughter will result in a strong seasonal price advance, and efficient producers will be in a good position to take advantage of this increase.

Larger supplies of slaughter lambs will dampen the effect of a seasonal price advance. Increased competition from lower priced beef will influence the lamb price downward, the specialist concludes.

### SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Good topsoil is full of life. Worms, insects, bacteria and millions of microscopic organisms live and die within the soil and enrich it with their bodies. Their food comes mostly from plants that have decayed.

This process is called soil organic matter which is a very important ingredient in a money making farm. Crop residues, such as wheat stubble, are very important in supplying the necessary food to the soil organisms.

When soil was in its native and original condition, it was in its most productive state. At this time the soil was filled with grass roots, decaying organic material and millions of both microscopic and small visible soil organisms.

When this soil was plowed for farming it was loose and productive. It had the organic material and soil organisms that were necessary for breaking down these residues into plant food for growth. The soil was also open and porous and the organisms could do their work in the process of air and moisture which are necessary for their survival.

If crop residues are burned, the food needed not only by these organisms, but for future crops, is taken away. Burning also directly destroys these organisms that are present in the soil thus making the condition more serious.

It is easy to touch a match to wheat stubble to get a clean bare field for plowing, but, when a farmer does, he is sacrificing future gains in production for immediate reduction in cost.

Productive surface soil cannot exist for long without protection. Uncover it and the wind and rain may blow or wash it away. Keep it covered and you will lose less of it and less of the moisture in it.

Whatever is in any way beautiful hath its source of beauty in itself, and is complete in itself; praise forms no part of it. So it is none the worse nor the better for being praised.—Marcus Aurelius

## Expand Research On Cotton For Irrigation, Fertilizer

Research in cotton irrigation and fertilizer levels is underway for the third year at the High Plains Research Foundation at Halfway. The number of irrigation methods under study have been increased from six to nine for 1960.

These methods include application of water compared to dryland cotton with water applied by the following methods:

- (1) preplant only;
- (2) preplant plus first bloom and mid-bloom;
- (3) preplant plus first square and peak bloom;
- (4) preplant plus first bloom and peak bloom;
- (5) preplant plus peak bloom;
- (6) preplant plus first bloom, mid-bloom and August 20;
- (7) preplant, first square, first bloom, and peak bloom;
- (8) preplant plus whenever soil moisture content drops to 50% as determined by moisture blocks; and
- (9) preplant plus first square, first bloom, peak bloom, and August 20.

All irrigation methods are being metered, and moisture blocks will determine soil moisture during the growing season.

The September watering test has been discontinued, since this last irrigation has been found to reduce both quality and yield of cotton.

Fertilizer applications have been and will be made in the following proportions: 40-80-0, 80-80-0, and 120-80-0. These will be compared with results from no fertilizer applied. Gregg, Lankart 75, and Blight-

master cotton varieties will be used in this test.

The most profitable irrigation application in 1958 was preplant, mid-bloom, and August 20; and in 1959, preplant and peak bloom application.

Conducting this test are Shelby Newman of the Texas Agricultural Experiment Station, Lubbock, and James Valliant, assistant water engineer, of the Foundation.

## THE ELECTRIC CO-OP MEANS

## TO RURAL TEXANS

The hands that hold the phrase above could be those of most any citizen who shared the darkness of rural Texas 25 years ago. For it was then that rural people organized the first electric cooperative... borrowed money at interest and built the rural electric system that no one else would build.

Today principal and interest on these loans are being repaid... in many instances well ahead of schedule while the rural community enjoys the countless blessings electricity has brought.

Modern electric systems, efficiently managed, offer top flight service to remote areas of the state.

The electric cooperatives are keeping pace with rural development with heavier lines and improved service.

The electric cooperatives that mean "so much" today will mean even more in the future.

# Don't Take Chances When Storing Chemicals

Safe storage of agricultural chemicals is vital to farm safety, says the Texas Farm and Ranch Safety Council.

One recommendation the Council makes for safe storage of chemicals is to always use properly labeled containers. Chemicals may look like other compounds such as sugar or soft drinks. Without a label it is impossible to distinguish between a dangerous substance and one that is safe.

Agricultural chemical labels not only explain how the material is to be used but also the safety precautions that should be observed.

The Council lists these Commandments of Chemical Storage:

- Have an organized place for storage.

- It is best to use or dispose of small amounts of left-over chemicals.

- When chemicals of any kind are stored, be sure the label

is kept intact.

Keep chemicals stored in a dry place away from fire or other sources of ignition.

Keep the chemical storage place locked to keep out children and others who are not responsible.

Store highly toxic chemicals, those having skull and cross-

bones on label, high enough to be out of reach of children should they get into storage area.

Never stack one chemical on top of another.

Check label for instructions so that chemicals that should not be stored together are separated.

## FUTURE BRIGHT FOR 4-H CLUB MEMBERS

An estimated 15,000 jobs are awaiting June agricultural college graduates offering a variety of challenging careers in modern farming, science, research, sales, services, education, journalism and marketing. Some of these jobs will be filled by former 4-H members whose work with club projects helped them decide on an

agricultural career.

The million farm youths now enrolled in the 4-H Agricultural program already are benefiting from special training in crops, soil conservation, entomology, livestock production, forestry, tractor operation, and the like. This work is under the direction of the Cooperative Extension Service of the U. S. Department of Agriculture and the state land-grant colleges.

Last year six outstanding young men who had successfully completed agricultural projects were rewarded with \$400 scholarships to start them on the first leg of their career -- a college education. The scholarships were provided by International Harvester, and will be offered again to the 1960 national champions.

Other incentive awards are expense-paid trips to the National 4-H Club Congress in Chicago early next December and handsome medals of honor.

Club members enrolled in the agricultural program are between 10 and 21 years of age. To be eligible for a state or national award the 4-H'er must have successfully completed at least three years of club work and be over 14.

Additional information about 4-H can be obtained from the local Extension agent or the State Extension office.

## Rules On Herbicides

A reminder to Texas farmers and ranchers was given today by Agriculture Commissioner John C. White reminding them that the use of hormone herbicides is regulated by state law and that each applicator must obtain a permit before application.

White said the hormone herbicide is more popular than ever, and while it is a good chemical, it can be highly injurious to broad leaf crops, especially cotton. White urged the applicator to be sure he understands the nature of the herbicide he uses, the physiology of the weed as well as the crop plants he is treating, and the various methods of application available.

Approximately 300,000 acres of crops and brush will be sprayed this spring and summer including such crops as milo and wheat. Herbicides are also used to kill unwanted brush.

Herbicides usually are classed as one of three types depending on how they affect the weeds and crops being treated: (1) contact herbicides, (2) translocated herbicides and (3) soil sterilants. A single chemical may be classified in more than one way depending on the method or rate of application.

Riboflavin in milk is essential for growth and contributes to health and vigor in adult life.

Guar, a drought resistant dual-purpose summer legume, is well adapted to the climate of Texas. Three varieties--Texsel, Groehler and Mesa--are recommended. Guar is resistant to cotton root rot; is a dependable producer of high yields of forage and seed and is a valuable livestock feed and soil conditioner.

Mother is the name for God in the lips and hearts of little children.--Thackeray

*DON'T "MINE IT"!*

Turkey producers should watch government hatchery reports, says Marshall Miller, associate extension poultry marketing specialist, because the size of the poult hatch between now and July will have a very strong bearing upon total turkey production for 1960.

Hot weather is also horn fly weather. These insects, says C. F. Garner, extension ento-

logist, will be one of the chief pests of livestock from now until fall. They can be controlled and Garner recommends that producers check with their local county agent

for the best practices and control measures.

Golden hours of vision come to us in this present life when we are at our best.--Dole

## WITH THE COUNTY AGENT

JOE JONES

Seedling disease, thrip, sand and wind has our cotton looking pretty bad over the entire county. With this past week's rather warm and dry weather, much improvement has been shown in the cotton. In most all instances where a stand can be maintained the cotton should net more money per acre than any crop that could be used to replace it.

With a good insect control program and good timely irrigation most cotton could produce well. This is not to say it has not been hurt but to say it can still produce a good yield with favorable weather. If growing conditions are right it only takes a few days for cotton to set a good crop.

With our present moisture, cotton should not need water until it begins blooming. For the first watering it is usually a good plan to begin watering cotton so you will be half through when the first bloom appears. This way you will be just a little early on some of your cotton and just a little late on the other but it hits just about as near the ideal time as can be worked out where any sizable acreage is being irrigated.

In the future farmers who want the county to pay for the chemical to be used for blind-weed control on county right-of-ways are to meet with the commissioners court. The court meets on the second and fourth Mondays of each month.

James R. Banner with the Fish and Wildlife Service, Santa Rosa, New Mexico, informs me it will be late July or early August before fish deliveries will be made to this county. I have order blanks for those of you who still desire to order.

Bill Nickles, treasurer of the Farmer County Game Management Association, sent off an order for 298 pairs of Bob White Quail last Thursday.

These will be delivered to about 30 cooperators very shortly.

Farmers planning to use a hormone-type herbicide are reminded that a permit is required. I have application blanks and most all farm stores also have these blanks. Application is made to Gene Cupp, State Department of Agriculture, 2814 34th Street, Lubbock, Texas. His phone number is SH-4-8610.

Let me remind you again the tolerance of 2-4-D type herbicide on corn and grain sorghum is zero. This was set by the Pure Food and Drug Administration and has not been changed to date. The recommended time of application to be sure to meet this tolerance has been set as pre-emergence use only.

If anyone needs a small carry-all for doing land leveling or filling around the farm, contact one of the Soil Conservation District Supervisors. The district owns four carry-alls that can be used with farm tractors. Bruce Parr at Black, T. O. Lesley between Hub and Clay's Corner, Robert Calaway, Bovina, and A. L. Black, Friona, have charge of one each. They are for farmers' use at a rental charge of \$7.50 per day and have a four and one-half yard capacity.

## DON'T DO IT!

Wheat stubble makes a crackling good fire, but agricultural authorities warn of the consequences that can come from destroying organic material that the soils of the irrigated Plains so badly need. These pictures were made at night on a Farmer County area farm.

### NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

BY RAYMOND EULER  
Agricultural people have long been perplexed as well as dissatisfied with the fluctuation of prices paid to the farmer for raw products while retail prices on these products remain virtually unchanged.  
Retail prices usually rise when the farm market price advances, but seldom do retail prices decline when farm commodity prices decline, even quite drastically.

It seems that advances in retail prices operate on a kind of ratchet, going up when the raw products go up--holding steady until another temporary increase in raw product prices comes along, and advancing another notch.  
A few months ago, American Farm Bureau organized the American Agricultural Marketing Association, designed to help coordinate the activities of state and regional marketing--bargaining associations. This is not a "forced bargaining effort," but an effort based upon improving the quality and stability of our markets.

We are happy to note that every Texas Congressman who voted, voted against the House Federal School "Aid" Bill. And it looks like they all voted. In fact, there were only ten votes for the bill in the Southern region, and this gives us new confidence in some of our congressmen.

You hear a lot about the disappearance of the "family farm" these days, and some-

times you almost begin to believe it. But since 1910, the percentage of family workers has decreased only a little more than one per cent. And the highest percentage of family workers is shown in 1950, when it was 76.5% compared to 73.9% in 1959. Between 96 and 97 per cent of the farms in the United States are family operated units now.

in the bill. We do not know if the president has or will sign it or not.  
Labor unions in California are causing fruit producers to loose lots of money by picketing farms where national laborers are standing by to work, but where unions insist on a minimum wage of 1.25 per hour, among other things that are prohibitive to the producer's pocket book.  
CONSIDER THIS: "Open thy mouth, judge righteously, and plead the cause of the poor and needy." Proverbs 31:9

## Lawn Mower Can Be Lethal Weapon

Did you know a rotary power lawn mower blade travels at speeds up to 150 miles per hour and is capable of throwing sticks, stones, or other objects at comparable speeds? Imagine what would happen if you were hit by one of these fast-flying objects.  
Power lawn mowers are now in the majority both in town and among farm people. Along with their increased use has been a closely related increase in accidents involving both operators and bystanders. Most accidents have been due to carelessness or lack of knowledge on the part of the individual.

W. L. Ulich, extension agricultural engineer, offers these suggestions on how to operate your rotary power lawn mower safely and efficiently.  
Always disconnect spark plug wire before working on the blade.  
A clean sharp blade does a better cutting job and requires less power.  
Never operate mower with safety shields removed.  
Make sure all rocks and debris are removed from the

area before close mowing.  
Do not refill the gasoline tank when engine is hot or running.  
Run mower as slow as possible to do good work.  
Keep children and pets away from mowers.  
Always be certain of sure footing when mowing on steep slopes.  
Never leave engine running when mower is unattended.  
Make sure mower is steady and under control before starting engine.  
Always be aware of the hazards involved when you are using a power mower. Don't get caught napping.

Don't relax your efforts in the production of high quality milk. That's the advice to dairymen from A. M. Meekma, extension dairy husbandman, who adds that seasonal jobs may take more attention now but herd management and production of top quality milk must always be prime considerations.  
According to A. M. Meekma, extension dairy husbandman, studies of consumer food expenditures show that 18 to 20 per cent of the family food budget goes for milk and milk products. For this expenditure, he says, they get from 23-26 percent of their calories, 40-45 per cent of their protein, 75-84 per cent of their calcium, 59-76 per cent of their riboflavin, 35-39 percent of their Vitamin A, 18-19 percent of their thiamin and 5-6 percent of their iron and niacin.

## H. D. AGENT'S CORNER

Jimmie Lou Wainscott

MILD IS BASIC FOOD--EVERYONE NEEDS IT... It's June again--and the spotlight is on milk and dairy foods. Actually, milk provides so many good nutrients, it's almost impossible to have an adequate diet without it, remind extension foods and nutrition specialists of the Texas A&M College System.

If you don't drink some milk in addition to using cheese and other dairy foods, chances are you're not getting enough calcium, specialists add.  
We Americans depend on dairy products for three-fourths of the calcium in our diets. This mineral is the chief material of our bones and teeth. Without enough of it, children cannot develop good teeth and strong bones. Adults need calcium for upkeep of boney structures. It's also needed for contraction and relaxation of muscles and the carrying of nerve messages in the body.  
All dairy products provide some calcium, but it takes more than one serving of some to equal the calcium you get in a cup of fluid milk. So eat some dairy foods, and drink milk, too.  
Use milk in cooking. Specialist suggest liberal use of creamed soups, scalloped dishes, milk puddings, custards, and ice cream.

# NOW

IS THE TIME TO DO SOMETHING ABOUT NEXT WINTER'S HEATING!

Now, when you don't need heating, your obsolete heating system can be shut down or removed while you install a fine, modern heating system... a healthful heating system. Of course, it's electric! There's an electric heating application for every situation... single room to complete home heating. There's a new, low special heating rate, too. Ask about it.

RADIANT CEILING CABLE      WALL HEATER      BASEBOARD HEATER      HEAT PUMP\*
