

FROM THE HOPPER

BY HOP, JR.

Look who's back in the harness again!

After being turned out to pasture for a few months, I can honestly say that I have missed authoring a weekly column. Whether any readers have had any sympathetic emotions during the absence of The Hopper is another matter.

Editor Hapke is out barnstorming around the country. Just where I'm not sure. When he left the first part of this week all he knew (or told us, at any rate) was that he was "going west" to satisfy, I suppose, that desire that has burned hot in the heart of young breasts since Horace Greeley (reputedly) suggested it.

Editor Hapke enjoyed an exotic interlude in the Far East while doing his stretch with Uncle Sam a few months back, and the adventure and romance of that setting probably makes life in the Twin Cities a trifle tranquil for an unfettered male.

At any rate, Richard is on "sabbatical leave" for a few days, and he agreed to let me write my old column during the interim. Who knows, I may get the habit again.

No one enjoys being outdoors more than I, and the backyard dining room is supposed to be symbolic of the modern mode of "gracious living" that is all the rage in this country.

But there must be a point where graciousness leaves off and just plain old-fashioned rugged individualism begins in this backyard eating bit.

Mama Graham broke out the barbecue grill and redwood table (Christmas gifts—we hadn't tried 'em out) Monday night. This was her third sortie, the previous two having been rebuffed by a sudden norther that blew the charcoal briquets right out of the grill and a dirt storm that coughed up unexpectedly before preparations scarcely got underway.

But Mama isn't an early quitter and it was backyard charcoal steaks for the Grammys Monday evening. By time the eats got good and hot the sun had been down about 45 minutes and there was a nice nip in the air.

That probably only contributed to the zest of the occasion and we've no right to complain. Personally, I ducked into the house for my jacket. I'm substantially more of a realist and wasn't infected by the muse as were the others. They stuck it out, goosebumps and all, until the last bite.

The tempo of the times is pretty well reflected in what country editors talk about. At the Panhandle Press convention in Amarillo last week, about the only thing I could get fellow publishers to discuss (besides the woes of the business) was the John Birch Society.

Amarillo seems to be pretty much of a hotbed for the John Birch groups right now, and there's been plenty to read in both the daily and weekly press in our section of the country concerning the extreme right-wing activities of the organization.

I understand that there has been some luke-warm organization work done here in Parmer County. A good friend of mine and a former resident of this community who now lives in Amarillo has written me a time or two about this new anti-Communist effort. He says, essentially, that the society is much-misunderstood.

That may be so, and I will grant the John Birch group a consideration they have not always extended the targets of their accusations; I should like to know more about them before I place them in any category.

What they seek to do (eliminate Communism) is certainly laudable, so to start with they have this to their credit. But from that beginning the little that I know about them is pretty much negative.

I personally have looked upon clandestine or semi-secret organizations of any type as outside the veil of the good old American tradition of free and honest debate. If they, like the Communists, can convince substantial numbers of people that any end justifies the means, then we would be replacing Communism in America with something just as bad—if not worse.

Before I have anything further (Continued on page 8.)

This happy group earned almost all the trophies at the Twin Cities track meet finals here Tuesday night, winning first place in five of the 15 events held for a total of 77 1/2 points.

Lazbuddie Tops In Twin Cities Meet

A determined group from Lazbuddie captured the number one spot at the Twin City Invitational track meet this week. The Longhorn team led the field with 77 1/2 points, a 34 point margin over second place Texico's 43 1/2 points. Fort Sumner was third with 41 1/2 points, Farwell's 28 and one-third points put them in fourth, followed by fifth place Plains with 20 points.

Other schools and their points were: Tatum, 15 1/2; Bovina,

15; Springlake, 14; Clovis B, 12; Kress, 10; Happy 3 and one-third; San Jon 2 and one-third; Hale Center, 2; Logan 2.

Texico's Jim Halsell was the high point man with a total of 19 1/2 points. He won two first places by heaving the shot 52 feet, the discus 155'2 1/2" and tied with classmate Dwight Turner in the pole vault with a leap of 10-6. Dale Winsper of Texico won the broad jump with his 20'7".

Jerry Glover sparked the

winning Lazbuddie team as he won the high jump with a 5'11" jump and topped the high hurdles in the fast time of 15.8. Teammate Bill Hardage won the 440 with a time of 50.8.

Lazbuddie's two hard running relay teams won the mile relay and the 440 yard relay.

Another double winner at the meet was Don Fox of Fort Sumner winning the 220 yard dash with a time of 22.1, and the 100 yard dash clocked at 10.1. Other winners were: Hal

Hudson of Springlake taking the 880-yard run in 2:07.3, and Jerry Porter won the 180-low hurdles with his time of 20.6.

The finals were held Tuesday night in near perfect weather and the scoring was based on 7-4-3-2-1 for the first five places. The numbers were doubled for the relays.

Preliminary results were held last Friday and they were: 440 Relay: 1. Lazbuddie, :45.2; 2. (Tie) Fort Sumner

Clean-Up Campaign Drawing To Close

Tomorrow, Friday, is the last scheduled day a truck will make stops in Farwell to haul off tree branches and trash that has been piled in back alleys after the "clean-up, paint-up, fix-up" campaign.

The truck ran last Friday and again Saturday and Monday gathering up debris.

The clean-up campaign has been under the direction of the Farwell Study Club, with help from other civic organizations.

Mrs. Jim Terrell, president of the study club, and Mrs. E. G. Williams, chairman of the

drive, expressed their thanks to everyone who helped in making the project successful.

"We can tell a big difference

in the residential part of town, and are happy with the results of the drive," stated the two women.

Band Receives Three Rating At Contest

Farwell Band took part in the region 11 interscholastic league concert and sight reading contest held on the campus of West Texas State College in Canyon on Wednesday, April 12.

The band brought home two third division ratings, one in sight reading and the other in concert, with two individuals, Melody Coffman and Emalee Tucker, getting two ratings in student conducting.

More than 60 bands from the entire Panhandle region participated in the contest, with 6 sweepstake first division winners being named.

Jack Gray, Farwell band director, stated that he was happy with the showing the local band made at the contest, and well pleased that they received a higher rating than last year. Farwell was entered in the class A division along with 10 other bands.

Local Girl To Russia With Flying Queens

Plainview--Gay Ivey, Texico, N.M., will be one of the seven Wayland College Flying Queens who will be taking the court in Moscow on April 22, making up the nucleus of the team coached by Harley Redin, Wayland's Athletic Director.

These were chosen after the Flying Queens captured the 1961 National Women's AAU championship, their sixth AAU title in the last eight seasons. Five All-Americans chosen at the tournament from other teams will complete the roster.

Eight games will be played in Russia against outstanding teams. On April 22-23 they meet the USSR National Team in Moscow after three days of trying to learn International Men's Rules--rules under which their Russian foes play regularly.

On April 26 they meet the USSR National Junior team in Kiev and the following day the Ukrainian National team. Three days later in Tbilisi they meet the Junior National again, and on May 2 still in Tbilisi they play the Georgian National team. The following day they leave for Leningrad where after two free days they wrap up the schedule by playing the Latvian National team on May 6 and the Russian Federation team on May 7. From Leningrad they fly back to Moscow where they will be given a reception May 8, before leaving for New York on May 9.

In the 1960-61 season the Flying Queens, coached by Redin, lost two games early, then won their last 15 consecutive matches, winning the National Girls' Basketball Championship, the 1961 National Women's AAU Championship and the places on the United States' team going to Russia. Among the seven Flying Queens is Laura Switzer, McLean, who was voted the "most valuable player in the tournament," and named All-American.

Flying Queens chosen to make the trip include one senior, Carla Lowry, Forest, Miss., and All-American; three juniors, Cindy Shelton, Avoca, Tex., Nelda Smith, Emerson, Ark., and Miss Ivey; and three sophomores, Glyna Masten, Sudan, Tex., an All-American; Betty Scott, Tonkawa, Okla., and Miss Switzer.

Though early this year it was announced that Wayland would disband the Flying Queens, the future of the team has been assured by Plainview and area businessmen, who are underwriting the expenses. Claude Hutcherson, Plainview, airplane dealer, is the team sponsor.

Life Is Worth Your Living

By Robert O. Tomlinson

God is love. No greater definition of God has ever been given, for God acts with love. If it is not love, then it is not God's action. The discovery that a Heavenly Father's love dominates this world is a great secret. It is the secret that is capable of explaining mysteries in every area of life.

An ignorant old woman of the African bush, upon hearing the Christian message for the first time in her life, turned soberly back to her little hut, smashed her idols, and said, "There, I always knew that somewhere there was a God like that!"

Something in Jesus explained to her, as well as it does to all devout men everywhere, the secret of world government and purpose. In the principal of Divine love, we have the secret which sometimes will explain the many mysteries that we do not understand.

Faith in God the Father will convince us that sometimes we will be able to find through the pain and burdens the purpose of the Eternal. We are to trust Him until we do understand.

The greatest truths, we know, did not come to us through ease, but with a great effort and much pain. Let us trust Christ as the true revealer of God, regardless of the situation we are in. When we do then we find life is worth living.

Gables To Norman For Funeral Rites

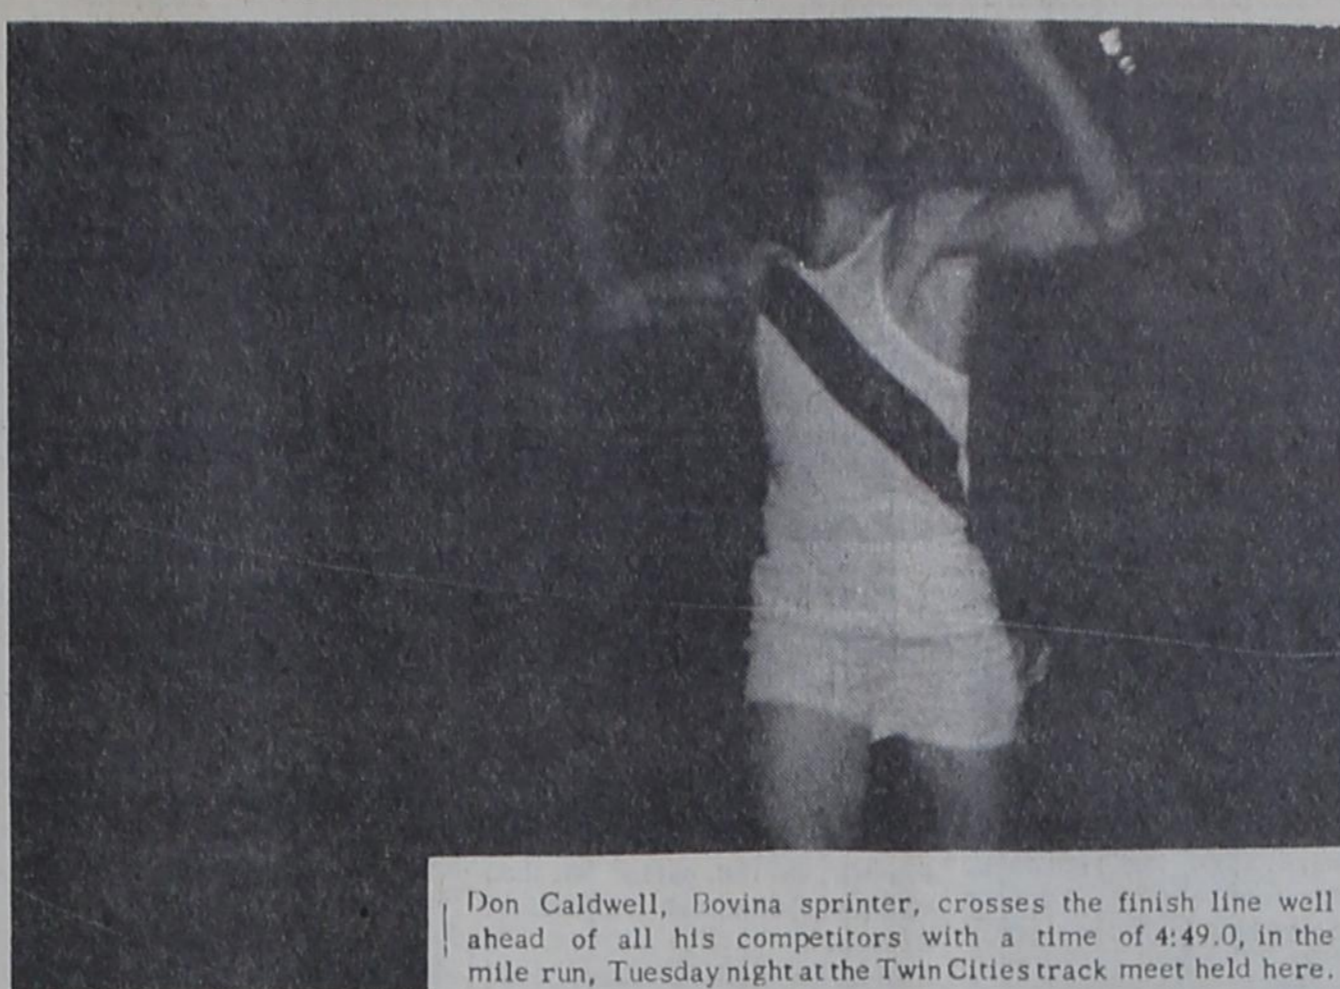

Funeral services for Clifford Huddleston of 2425 South Berry Road, Norman, Okla., were conducted Sunday at 2 p.m. in Norman under the direction of Primrose Funeral Home. Mr. Huddleston passed away in the Norman Municipal Hospital Friday after an extended illness.

He was born in 1912 at Davis, Okla., and served in World War II. He had lived in Norman since 1924 and was a member of the carpenters local for 19 years. Mr. Huddleston was employed by the physical plant at Oklahoma University.

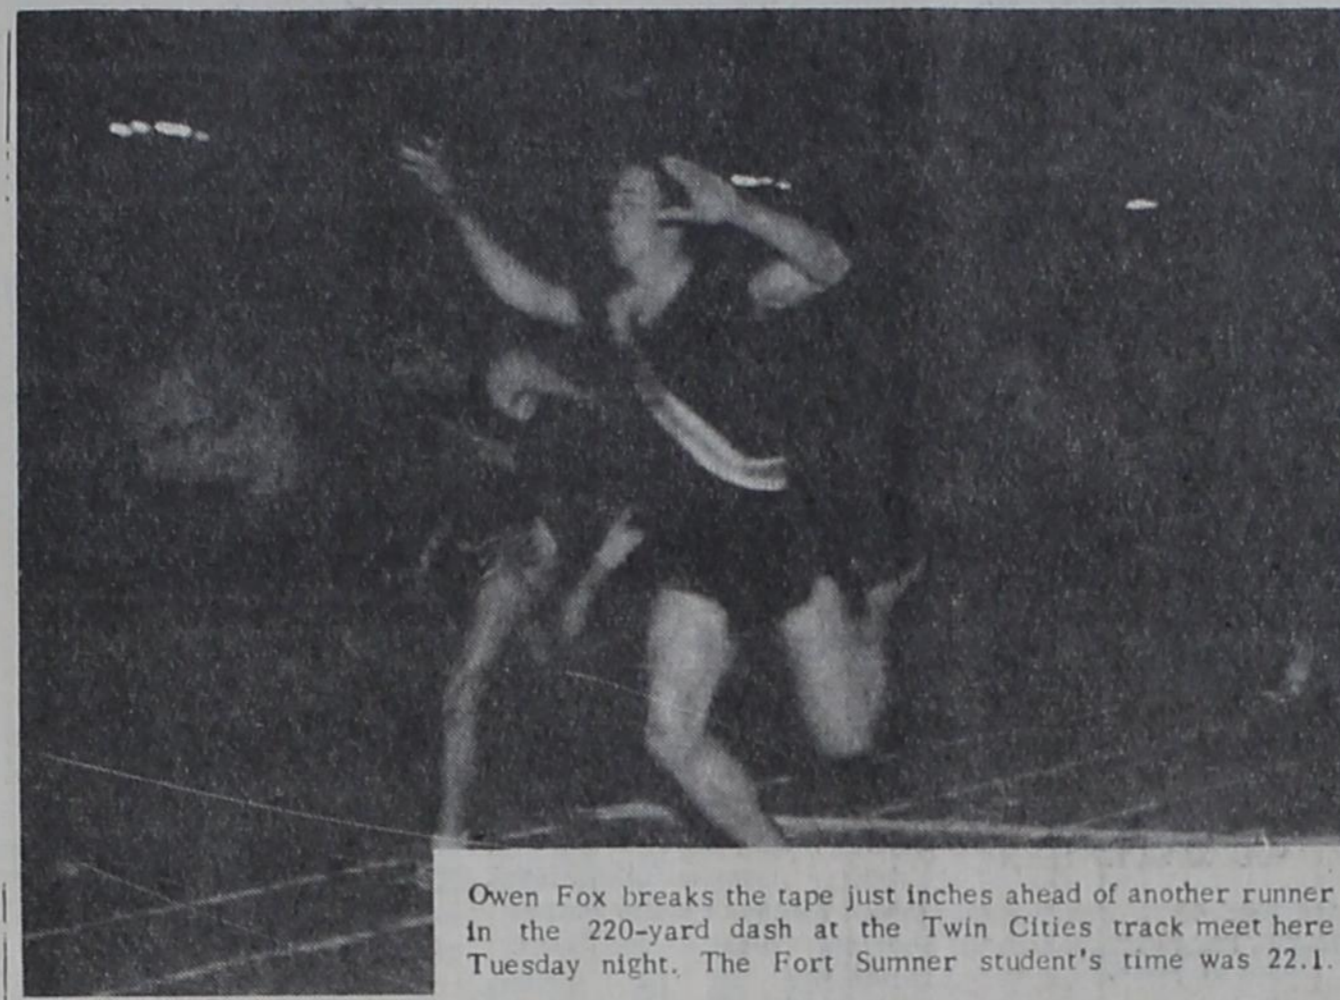

Survivors include his wife, Anna, two sons, Michael and Don; two daughters, Becky and Suzanne; his mother, Mrs. C. C. Huddleston; a brother, Lonnie; and a sister, Mrs. Cora Gable of route 1, Farwell.

Mr. Huddleston was buried in the IOOF cemetery at Norman.

When parents are able to answer the children's questions it's a sign that the kids are growing up.

Don Caldwell, Davina sprinter, crosses the finish line well ahead of all his competitors with a time of 4:49.0, in the mile run, Tuesday night at the Twin Cities track meet held here.

Owen Fox breaks the tape just inches ahead of another runner in the 220-yard dash at the Twin Cities track meet here Tuesday night. The Fort Sumner student's time was 22.1.

Longhorns Take Third District Track Title

Lazhuddle's Longhorn track team scored 202 points Saturday to rack up their third district track championship in the last three years.

All first and second place winners in the high school division qualified for the regional meet being held at the Texas Tech track field in Lubbock this weekend. Preliminaries will be Friday at 1:00, with the finals on Saturday.

Ten Lazhuddle boys qualified for the regional meet.

The Longhorns are the defending class B champions and could take the title again. Their squad is built around the 440 and mile relay teams.

Best times turned in by the teams are: 440 yard relay 45:2 and mile relay, 1:32. Freddie Savage, R. L. Porter, Odie Bradshaw and Billy Hardage are members of the teams, with Cooper Young and Odie Bradshaw alternating on the mile relay team.

Other entries in the regional meet from Lazhuddle will include: Odie Bradshaw--220 yd. dash and broad jump. Jerry Glover--high jump and high and low hurdles.

Norman Brantley--high jump. Billy Hardage--440 yd. dash. David Koelzer--pole vault. Donnie Smith--pole vault. Freddie Savage--100 yd. dash. Jimmy Seaton--high hurdles. Cooper Young--880 yd. run. Mike Bean--alternate for 440 yd. relay team. Coach Bobby Crooks and team manager, Tommy Ketchum will accompany the team to Lubbock.

Tech Football Coach Will Speak Here

J. T. King, Texas Tech's head football coach, will be the featured speaker at the Farwell High School athletic banquet to be held here April 29. Advance tickets are now on sale at the superintendent's office at the high school, \$1.50 a plate.

SALARIES of American public school teachers rose 72.4 per cent in the last decade, the Chamber of Commerce of the United States reports. In the school year 1950-51 the average salary was \$3,126. This year it is \$5,389.

Social Security Tips Given

If you are retiring in the near future, you can speed the delivery of your first check by bringing all necessary evidence with you on your first visit to the social security representative, so stated Hal Geldon, district manager of the Amarillo social security office.

Almost everyone who applies for monthly benefits must prove his age. There are many types of evidence which will prove age, such as a baptismal certificate, old insurance policy or poll tax receipt, family Bible, etc.

Evidence of recent earnings may also be needed to establish your monthly payment. The 1960 withholding tax statement (Form W-2) is the best evidence for an employee. The self-employed should bring a copy of last year's tax return and evidence to show that tax returns were filed with Internal Revenue Service.

"Pink And Blue" Shower Given Mrs. Raymond Jesko

Mrs. Raymond Jesko was honored Monday evening with a "pink and blue" shower in the home of Mrs. Smokey Gast. Hostesses for the event Mesdames Gast, Bill Craft, Joe Magness, Albert Sharp and David Bergmann, presented the honoree with a bottle sterilizer. She also received a unique corsage made from pink and white baby socks folded to resemble flowers.

Refreshments of coffee, mints and individual squares of cake iced in white and topped with tiny pink flowers and leaves were served.

Arrangements of spring flowers were used throughout the room for decoration, and the gift table featured a small lamb standing amid the gifts. Mrs. Jesko was assisted in opening the packages by her mother, Mrs. Merrill Turner, and her husband's mother, Mrs. Susie Jesko.

Attending were Mesdames Joe Magness, Earl Routon, John Getz, Bess Mansfield, Paul Wurster, Willie Dannheim, Dean Jones, Russell Johnson, John Guthals, Charles Koch, Ernest Kube, H. N. Turner, Karl Gast, Albert Sharp, David Bergmann, Chuck Sluder, Bill Craft, Susie Jesko, Merrill Turner, Smokey Gast and Misses Carolyn Routon, Jackie Gast and Candy Turner.

Sending gifts were Mesdames Ted Magness, Buster Gast, Bill Moss, Elbert Landrum, Fred Townson, Billy Watts, Clay Henson, Dora Johnson, C. G. Davis, Willie Hardage, Raymond Martin, Anne Overstreet, Paul Koeltzow, James Pruitt, Prentice Mills, Marvin Hamrick, Jim Curtis, Clair Lackey,

Charles Guthals and Guy Cox. Also Mesdames Herbert Potts, A. T. Watts, Clyde Magness, Duane Herrington, W. H. Spurlin, Mem Sprowls, Mose Glasscock, Jim Terrell, Carrie Hardage, Phil Cassidy, V. F. Schell, Gene Hardage, Clytie Dial, Alex Jesko, Adolph Guthals, and Donald Jesko.

Mrs. Coffey To Head Farwell Study Club

Mrs. Claude Coffey was named president of the Farwell Study Club for the coming year, when the group met Monday evening at the St. John's Lutheran Church at Lariat. Other officers elected to serve with Mrs. Coffey include, Mrs. Clytie Dial, vice-president; Mrs. John Boling, secretary; Mrs. Bruce Blair, treasurer; Mrs. Lucille Brittan, reporter; Mrs. Jack Williams, parliamentarian; Mrs. Calvin Murray, critic; and Mrs. E. G. Williams, historian.

In other business conducted at the meeting, members reviewed the town clean-up campaign, and discussed the adoption of a town flower. Mrs. E. G. Williams, who was chairman of the clean-up drive reported that several persons had spoken to her about the adoption of the red canna as the town flower. Mrs. Williams urged members to set out canna in their yards.

The club councillor gave a report on the coming state convention which is scheduled for May 1-3 at Midland.

Mrs. A. R. Sander was in charge of the program for the evening, and spoke on "Braille." Mrs. Sander does braille work, and used her equipment and several braille books in illustrating her talk.

Centering the refreshment table which was laid with a white cloth was a tiny house of sugar cubes cemented together with icing. Icing and coconut formed a roof, and a pretzel stick fence was used. Yellow candles flanked the arrangement. Refreshments of fruit punch, coffee, and a congealed fruit dessert were served.

Attending the meeting were Mesdames A. R. Sander, Asa Smith, Claude Coffey, John Boling, Calvin Murray, Clytie Dial, Jack Gray, Joe Crume, Bruce Blair, Lucille Brittan, Jim Terrell, E. G. Williams, and a guest Mrs. Ralph Franse.

Peggy and Allen Teel and Carol White were guests in the Elmer Teel home Sunday evening.

MRS. EVERETT WIDNER

Ceremony Unites Miss Wall - Everett Widner

In an informal wedding ceremony Friday evening, April 14, Miss Patsy Wall became the bride of Everett Widner.

The bride is the daughter of Mr. and Mrs. John R. Wall of Route 3, Clovis, and parents of the bridegroom are Mr. and Mrs. Luther Widner of 1201 Ross, Clovis.

Rev. Manzy Simms performed the quiet ceremony, which was attended by members of the couple's immediate families, at his home in Clovis.

Attending Miss Wall as matron of honor was Mrs. Tommy Townsend. Best man was Tommy Townsend.

For her wedding Miss Wall wore a dress of pink and white cotton designed with a fitted bodice and full gathered skirt. Rows of minute white lace accented the boat neckline of the

dress. Lace also adorned the skirt and puffed sleeves. She wore white accessories and carried a white Bible.

After returning from a short honeymoon to Carlsbad, the couple are residing at 115 East 9th in Clovis.

The bridegroom graduated from Clovis High School in 1959, and is employed by Meadors-Stewart. Mrs. Widner is a junior at Texico high school where she plans to complete her junior and senior years.

Companion Class Installs Officers

Members of the companion Sunday School Class of the Texico First Baptist Church met in the home of Mrs. Wilma Nell Whitner Thursday for a business and social meeting.

New officers were installed, with songs being used for the duties of each office.

A short business meeting was conducted before the hostess served refreshments of cinnamon rolls and coffee to Mesdames Dianna Echelman, Charlotte Pierce, Allene Pearce, Mary Lyn London, Olena Wilkenson, Pat Webb, T. E. Roth, and Margery Fought.

Class Meets In Brantley Home

The Orvel Brantley home was the scene for the April 11 meeting of the Golden Circle Sunday School Class of the Texico Baptist Church.

Mrs. Ray Sharp opened the meeting with a prayer, after which Mrs. Brantley gave a devotional using Psalms 121 as the theme.

During a short business meeting, a report was given that flowers had been sent to several persons in the hospital. A treasurer's report was also given.

Several members of the class brought canned goods for the class "needy basket."

Following the meeting, Mrs. Brantley served refreshments of coffee, pops, snack crackers, Jell-O salad with whipped cream, nuts and mints.

Twelve members, including Mesdames J. J. Hudson, Dick Doshier, Buck Hudson, Jess Hicks, F. S. Thigpen, Ray Sharp, Johnnie Chappell, J. O. Morris, John Hill, B. A. Kelley, Willie Wall and John Hadley, attending the meeting. Visiting were Richard Hadley, and Shirley and Sheila Jones.

Mrs. John Hadley will be hostess for the next meeting which is scheduled for May 2.

Russell Johnson was feted on his birthday with a Mexican supper at El Monterrey. Attending were Russell and Gladys Johnson, Don Johnson and Valeria Meier. The group attended a show later in the evening.

Wedding Shower Fetes Mrs. P. H. Worley

Mrs. P. H. Worley, the former Carl Lynn Crook, was feted with a wedding shower Tuesday evening in the parlor of the Hamlin Memorial Methodist Church.

A unique corsage made up of kitchen utensils was presented to the honoree by the hostesses, Mesdames Golma Hubbell, Kathy Phillips, Raymond Martin, Doris Morton, D. O. Rolland, Ann Smith, A. Milstead, Nelle Craig, Margie Meeks, Katherine White, W. N. Foster, A. N. Walls and Loyd Cain.

A crochet cloth covered the serving table which was centered with a crystal punch bowl. Candles flanked the bowl. Refreshments of punch, mints and individual squares of cake iced in white were served.

Guests included Mesdames W. T. Magness, Charlie Hromas, Millard Murray, Robert O. Tomlinson, Loyd Smith, H. R. Crook, Eugene Dew, Nelson Smith, J. O. West, Giles Williams, R. B. Tucker and W. H. Graham. Also attending were Misses Darlene Hromas, Sherry Kay Gast, Janice Meeks, Phyllis Burnes, Patricia Martin and Sherry Dew.

Sending gifts were Mesdames Clay Henson, Edwina Owens, Ysleta Kittrell, Beverly Obenshain, Billie Phillips, Ernest Black, Julia Symcox, Doug Nix, Johnesse Means, Curtis Birchfield, Dorothy Gast, B. N. Graham, Lorine Dannheim, Bob Hart, Carol Dean Huggins,

Trampoline Party Fetes Women On Dual Birthdays

Mrs. Bob Anderson and Mrs. Don Williams were honored with a surprise trampoline party to note their birthdays Wednesday morning at the home of Mrs. Harry Sheets.

To climax the party, white birthday cake decorated with blue was served with punch and coffee. Each of the honorees was presented with jewelry.

Attending were Mesdames Harry Sheets, Bill Prince, Glenn Phillips and Thad, Pike Jordan, Junioe Snider, Elmer Hargrove, W. H. Graham Jr. and boys, Alvin Mace, Jack Williams, Mitz Walling, Pauline Scott, Dan Truelove and boys and Bert Williams.

Those unable to attend the party were Mesdames Calvin Murray, Bob Hart and Marilyn Edwards.

Allen Teel, Johnny McDonald, Ella Ruth Williams, Ted Sheets, Charlie Lunsford, Vice Venable, C. L. Mahaney, W. H. Dollar, Joe Jones, W. M. Roberts, Lucile Britton, Misses Carolyn Watts, Carolyn Routon, Carolyn Birchfield, Linda Birchfield and Mesdames Kennedy and Grimes.

"Mardi Gras" Is Theme For Farwell Junior-Senior Banquet

"Mardi Gras" was the theme used when juniors of the Farwell school feted the seniors at the annual junior-senior banquet held in the Hotel Clovis Ballroom Saturday evening.

Streams of multi-colored streamers adorned the walls of the ballroom, and paper eye masks of various sizes and shapes were on the wall behind the speakers table. Colored balloons added to the festive atmosphere. The ceiling of the room was centered with a tissue paper box filled with multi-colored balloons which were released after the banquet.

Woman's Club Sees Slides On England, Scotland, Wales

Women of the Texico Woman's Club were taken on a tour of England, Scotland and Wales Monday evening, as Mrs. Esther Smith and Mrs. Otto Smith from Clovis, showed slides of their visit to the countries.

Mrs. Esther Smith gave a running commentary on the pictures and told of experiences in the countries during their trip last summer. The women also showed slides taken in New York City.

During a short business meeting members voted to have a clean up day for the city park in the near future. Other business included a discussion on the student college grant given each year by the club to a graduating senior.

Mrs. Perry Winkles, hostess, served refreshments from a table covered with a pink

damask cloth. Crystal and silver appointments were used on the table which featured an open Bible with "praying hands" in front of it. Squares of apple-sauce cake were arranged on a large crystal plate around a flower ring, and were served with lemonade to the women. Candles in crystal holders completed the table decor.

Family night will be observed at the May meeting of the club.

Hawaiian Slides Shown Patients In Nursing Home

Several members of the Ladies Auxiliary of the New Mexico RLCA visited Monday afternoon at the Melrose Nursing Home in Melrose.

Mrs. Loren Wilson, New Mexico Auxiliary president, has chosen her project--to visit the home twice a month this year--to coincide with one of the National RLCA Auxiliary's projects, "Life For Senior Citizens."

The women took magazines to the patients, and have been writing to them.

Entertainment was provided by Mrs. Buchell Dellman, Cameron, who showed colored slides of Hawaii, played the ukulele and sang for the patients.

A birthday party was given in honor of four patients having birthdays in April. One woman was having her 84th birthday and another her 94th. One man was 76 and the other 87.

Parmer County Has Top Grain Sorghum Index

In the county productivity indexes released last week by the state Agricultural Stabilization and Conservation office, Parmer County led the entire 23-county High Plains area with an average grain sorghum yield of 4,267 pounds per acre.

The average yields were released for establishing individual farm indexes under the new one-year emergency feed grains program.

It is from this average yield that community committees will figure the index for each individual farm, some of them as much as 120 per cent of the 4,267 pound average and some of them considerably below.

"It is something we can live with," said one man this week, even though the consensus of opinion among farmers was that the county average was several hundred pounds below what it actually should have been.

The averages were established by the Agricultural Marketing Service.

Second to Parmer County in the averages was Castro with a 4,088 index, and lowest on the Plains was Garza County with 885 pounds. Indexes for Parmer's neighboring counties were Swisher 3,998, Deaf Smith 3,920, Hale 3,724, Bailey 1,921, and Lamb 2,430.

Under the new law, a farmer who complies with the program can qualify for price supports on only the amount of grain he produces within the productivity index limits set for his farm.

Any portion of his production above the index set for his farm must be sold on the open market.

It is expected that most Parmer County farmers will comply with the new government program, which calls for at least a 20 per cent lay-out of his grain sorghum and corn acreage, grown during the past years.

"It's the only thing to do," said one county farmer, and

farmers are almost unanimous in saying that they will comply with the program.

The average individual yields for each farm are now being computed by local ASC committeemen in the county and each farmer will probably be notified of his index by the latter part of next week, says Prentice Mills, Parmer County ASC office manager.

He says that signing up for the program will start around the first of May and the deadline for signing up will be May 31. This will give each farmer about 30 days to decide whether or not he wants to comply with the new program.

The number of acres on which grain sorghum has been grown the past two years is 239,782, according to the statistics released by the marketing service. This is about 10 per cent lower than the 276,000 acres reported by county farmers when they initially signed up for the program last month.

It is expected that many farmers who overstated their grain sorghum acreage will probably report enough corrections to bring the overall total down near to the acreage listed by the marketing service.

Some farmers erroneously reported crops such as cane in

their grain sorghum base, and are already reporting corrected figures, Mills says.

Also, some of the farmers who reported grain sorghum acreage, which was planted after their cotton or wheat was hauled out last year, will want to reduce this acreage in view of the fact that they will once again plant this acreage into cotton and wheat this year.

They may find that their reported acreage was over and above what they will have room to plant after planting their allotted cotton and wheat.

When the total county acreage is allotted this year, it can't be but 5 per cent over the 239,782 acres reported by the AMS, Mills says.

The ASC manager this week made one correction on a statement he made last week at a couple of county-wide meetings on the new program.

It was first reported that farmers who had only grain sorghum acreage during the past two years would not be able to plant any corn if they complied with the program.

This has been changed, Mills says, and farmers can plant their allotted acreage to either grain sorghum or corn, no matter whether they had any acreage in the other crop or not.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

Here is something we think is vitally important to Texas and United States Citizens: There is a Senate Resolution No. 39 being promoted by some members of the Senate Foreign Relations Committee, and others. This resolution, if adopted by the Congress, would deprive the United States of her present right under the Connally Amendment to decide what cases concerning United States Citizens would be tried under the World Court.

Citizens interested in maintaining the freedom of the United States should write J.W. Fulbright, Chairman of the above committee, at the Senate Office Building, Washington 25, D.C. Remember that if the Connally amendment is repealed, U.S. cases would, at the discretion of the United Nations World Court be tried under that court. America could never have more than one judge on the court and Russia could have many because of the Communist Satellite U.N. members. Urge the committee to retain the Connally amendment!

Texas Farm Bureau membership is 102.29 per cent of the same period a year ago. Why don't you join in Parmer County?

Did you know that if you earned \$5,000 in 1946 you must

now earn at least \$7,844, or an increase of 57 per cent to stay even on pay you get to keep? This is the effect that inflation and taxation are having on you. Are you for or against inflation and increased taxation?

We believe most of you farmers are interested in having HB 59 become law. All it lacks is the Governor's signature. He has a lot of pressure to get him to veto it. You can get him to sign it by writing him and asking him to. It is the law exempting seasonal farm trailers up to a gross weight of 12,000 pounds from registration and brake requirements when not used for hire. Just write and say, "I believe you should sign HB 59 to exempt farm trailers from registration and brake requirements because they are used for seasonal short hauls. Since the House and Senate have both approved the bill I believe it is reasonable." (Of course you can write what ever you want to, either urging him to sign or veto) Governor Price Daniel, Austin, Tex. You may also want to urge the Senate Affairs Committee in Austin to pass on SCR 27 which would suspend merit rating for insurance in Texas.

Rhea Farm Bureau had a good regular meeting last Friday night. Prentice Mills and Joe Jones were there to discuss the Administration Farm Bill for feed grains.

SOIL CONSERVATION DISTRICT NEWS

The Parmer County Soil Conservation District held the land judging contest Tuesday of last week. This is the first year that the district has sponsored this type of contest. The four high schools of the county were the only schools participating.

Each school was allowed four men to the team; however, only the top three scores from each team were counted.

The teams met at the Hub Community Center at 1:30 p.m. and from there went to the four sites to be judged. Bob Crozier, WUC of Friona, and Herb Bruns, soil conservationist of Here-

ford, both in the Soil Conservation Service, selected the sites. Herb Bruns served as judge.

Friona High School walked away with the top honors both as a team and individually. Lazbuddie High School took second place and Farwell High School placed third.

Individual winners were Bob Sanders of Friona, first; Floyd Reeve of Friona, second; Lynn

Baxter of Friona, third; and Tommy Massey of Friona, fourth.

In the final scoring Floyd Reeve and Lynn Baxter tied and Reeve won over Baxter by the flipping of a coin.

Plans are being made by the district to hold an invitational contest next year.

WAC SEED INC.

Box 948 Phone EM 4-1424 Hereford, Texas

The above picture of WAC 700 was taken in January 1961. During the second week in March, this hybrid sorghum was harvested with a combine in the normal way. More than 65% of the grain was saved.

WAC 700 is resistant to head smut and in addition has good standing ability, and is high yielding. In one test block near Hereford, it yielded over 9,000 lbs. per acre. In several tests in this area, WAC 700 yielded over 8,000 lbs. per acre under irrigation.

WAC 700 is 5 to 6 days later in blooming than RS 610 and is approximately 10 inches shorter in height.

WAC 750 is being released for the first time this year. It is a red seeded variety which is in the maturity range of 650. It has a good stalk and under ideal growing conditions it has exceptional high yield potential. We recommend that you try this hybrid if you are an irrigation farmer. Our tests in Mexico showed this seed to be very pure.

Potato, Carrot Growers Get Set For Another Year

Farmer County's potato growers, somewhat encouraged following a favorable year in 1960, have just about finished planting another crop for this year.

And, just as the potato planters pull out of the field this week, the planting of another vegetable crop, carrots, will

get underway in the Friona area. Some 350 acres of carrots will be planted this year (about the same as last year) by the 12 to 15 farmers who grow for Friona Growers and Shippers.

Potato acreage in the county will be up a little from last year, with 500 acres now being planted in the Friona-Summerfield area and more than 300 acres already planted at Lariat.

Both Kenneth Neill, manager of Friona Growers and Shippers, and Buck Gregory, of Gregory Produce in Lariat, say that last year was the best year for potato growers in the county since 1956.

It wasn't nearly as good as 1956, but the average price paid for the summer spuds was from \$3.00 to \$3.25 per sack. The erratic market did drop as low as \$2.00 once but it also reached a high point of \$6.

Average yield last year was about 175 sacks per acre and the quality of the potatoes was good, making the year, everything considered, fairly profitable for the potato growers.

With the vegetable market normally as unpredictable as the weather, it's naturally impossible for the growers to make any observations as to what this year will bring, but

Neill and Gregory say that there are some factors at the moment that make immediate prospects unfavorable.

They cite increased acreage, both in this High Plains area of Texas and in California, as being factors that may affect the market.

However, this is only one of several factors that could determine the market price, which is regulated completely by supply and demand.

The weather, and the date when the crop is ready for harvest, are conditions which have the greatest effect on the market.

When potato growers of the county plant their crop each year, they hope that it will be ready for harvest after the California harvest is completed and long before the crops are ready in the Midwestern states.

That's why the weather, both locally and in the other potato producing regions, is such an important factor.

When potatoes grown in this area do hit the market right between the harvest periods of the other two regions, and the quality and yields are both good, then it does make for an ideal situation.

Of course, this ideal situation seldom exists. Either the western potatoes are late, or the midwestern crop is early, and these situations do help to depress the market.

As for carrots, the market price for this crop is usually a little more stable, largely because the quantity grown throughout the country is only a small percentage of that of potatoes.

For the past two seasons, according to Neill, the average price on carrots has been from \$20 to \$25 per ton. This is low in comparison to what it has been in previous years, but production of the crop was still worthwhile as far as the growers were concerned.

Average yield has been eight tons per acre, which, figured on the \$25 per ton figure, would gross the grower \$200 per acre.

Farmers in the Friona-Summerfield area who are growing either potatoes or carrots for the Friona Produce firm, (or both) are John Renner, A. L. Black, Bob Jones, Hardy May, Ross Miller, Roy Botkin, Earl

POTATO PLANTING is just about over in Farmer County. One of the last farms on which the potato seed was being placed into the ground this week was the J. M. Wright farm south of Summerfield. In all, there will be more than 800 acres of potatoes planted in the county this year.

Lance, Bud Stengal, Bill Stengal, Max Wells, Harold Joe Wells, and Clyde Weatherley.

At Lariat, Gregory is the only large producer of potatoes, having 300 acres planted to the crop. This is an increase over the 210 acres Gregory planted last year.

Gregory says he doesn't know how many other farmers have planted potatoes in the Lariat area, but there have been a few

soon be out of the picture. Some wheat on stalk land is late and appears to be short on plant food, but as a whole the wheat is as good if not the best we have ever had at this time of year.

Keep in mind wheat and wind will likely require two tenths to five tenths inches of moisture a day over the next few weeks. Don't get caught short on moisture and let your crop hurt. You better plan to do a little digging in the soil to keep up with the moisture level. It normally takes about 27 to 30 inches of water to produce

The HAPPY HOMEMAKER

BY JUNE FLOYD

A few years ago homemakers would have never thought of serving corn flakes any way except in a bowl covered with sugar and milk. Then sliced fruit was added to this cereal and now there are numerous dessert recipes that call for corn flakes.

Some of them are being printed below.

Refrigerator Cheese Cake
4 cups corn flakes
1/3 cup soft butter or margarine
1/4 cup sugar
1 1/2 tablespoons unflavored gelatin
1/2 cup cold water
2 eggs, separated
1/2 teaspoon salt
1/2 cup sugar
1/2 cup milk
1 pound cottage cheese
1 teaspoon grated lemon rind
1/4 cup lemon juice
1/2 cup heavy cream

Crush corn flakes into fine crumbs. Combine with butter and sugar; mix well. Press 3/4 of crumb mixture into bottom of spring form pan. Chill.

Soften gelatin in water. Beat egg yolks slightly; stir in salt, sugar and milk. Cook over hot water or very low heat, stirring constantly until mixture thickens. Remove from heat. Stir in softened gelatin. Cool.

Press cheese through a course sieve or beat with rotary beater until creamy. Combine with lemon rind and juice. Add to gelatin mixture, mixing well. Whip cream until stiff. Beat egg whites until stiff but not dry.

Fold into cheese mixture together with whipped cream.

a good wheat crop where plenty of plant food is available. Some of this comes as rain or snow, but in most years the major part must be supplied through irrigation.

Just as we suspected Farmer County came out on top when the per acre grain sorghum yields were established. We can be proud of this because it is a fact and of course, reflects the good farming practices being followed in this county. In case some of you have forgotten, our per acre cotton lint average for the 5 years prior to 1959 was the highest of any county on the Plains with an average of 683#. If wheat averages are ever figured up you can bet we will also be near if not on top. These things don't just happen, people make them happen, so let us all strive to continue putting the best known farming practices on our farms.

In deciding when to plant cotton let the soil temperature be your guide and not the calendar. The temperature should average at least 60 degrees at an 8 inch depth over a period of 10 days prior to planting. Work done at the, Lubbock station shows cotton planted after the soil warmed up to the 60 degree condition germinated and emerged in 5 to 9 days while at 55 degree it took up to 15 days. You should also consider planting on a slight ridge or near the ground level for a warmer seedbed.

The soil where the seed are placed is just a little warmer when it is not in a hole and is less likely to be covered up when rains come. Damage from wind, sand, and light blowing hail are the chief disadvantages of level or ridge planting.

Many farmers consider the advantages out weigh the disadvantages and are coming out of the hole just a little more each year. If you never have tried planting on a ridge take a good look at your neighbor who does and see how you like it.

When trying to decide just what land to divert for the feed grains program keep in mind it will make an awful good place to put wheat this fall. With this in mind you may not want to divert your poorest land as would be the first thought. The acreage in most instances should be divided among your wells just like your wheat, cotton, and grain sorghum is. The exceptions may be where you do not have a wheat allotment or have some noxious plants on ground you must clean up.

Spread in pan over crumb mixture; sprinkle with remaining crumbs. Chill until firm. Makes a 9 inch cake.

Raisin Cherryettes
4 cups corn flakes
1 cup sifted flour
1/2 teaspoon salt
3/4 cup soft butter or margarine
3/4 cup sugar
1 egg
1 teaspoon grated lemon rind
1 cup flaked coconut
3/4 cup golden or dark raisins
1/4 cup coarsely chopped candied cherries

Crush corn flakes into fine crumbs. Sift together flour and salt; mix with corn flake crumbs. Blend butter and sugar until light and fluffy. Stir in egg and lemon rind. Add dry ingredients; mix well. Stir in coconut, raisins and cherries. Drop by teaspoonfuls onto greased baking sheets. Bake in moderate oven about 15 minutes. Yields 4 dozen cookies, about 2 inches in diameter.

Chocolate Toasties Crust
1 package (1/4 pound) sweet cooking chocolate or 1/2 package (4 squares) semi-sweet chocolate squares
3 tablespoons butter
2 1/2 cups corn flakes
Melt chocolate and butter together over hot water and blend. Remove from heat. Add cereal and mix well. Spread on bottom and sides of buttered 9 inch pie pan. Chill until firm, then add filling and freeze as directed.

For a pound cake that is different, make this German Chocolate Pound Cake
2 cups sugar
1 cup shortening
4 eggs
2 teaspoons Adams Best vanilla
2 teaspoons Adams Best butter flavor
1 cup buttermilk
3 cups sifted all-purpose flour
1/2 teaspoon soda
1 teaspoon salt
1 teaspoon German sweet chocolate

Cook in 9" stem pan that has been well greased and dusted with flour, about 1 1/2 hours at 300 degrees. Place cake under a tight fitting cover while still hot and leave covered until cold.

FOOTSAVING EDUCATION

By James E. Edwards

What Is The Purpose Of The Round Heel Of Jumping Jack Shoes?

It is easier to explain the advantage of the round heel of the human foot. Few people realize that the heel of every human foot is round. Nature is very sticky about the subject. She goes all out for variety for the fronts of feet -- they are as different as faces -- and sometimes prettier -- but human heels are all alike, all round.

Walking has been defined as a process of falling forward. The first duty of the foot is to catch the weight of the falling body. For this purpose the round heel is as important to the foot as the round wheel is to the automobile and the soft cushion of the heel is as important in absorbing shock as the air-cushioned tire. Can you visualize the effect of equipping a car with square wheels and hard tires?

The roundness of the heel allows the foot to contact the ground with a smooth rolling motion. A flat heel would cause the forefoot to slip. Since twenty four of the twenty six bones of each foot are located forward of the ankle, slapping the forefoot is a flattening action similar to dropping a beanbag. The NATURAL action of the foot is a grasping, rising action and Nature is usually right.

Excess Acreage Could Be Problem

Farmers who sign up for the one-year emergency feed grains program this year may find that they have some excess acreage, other than the 20 per cent or 40 per cent laid-out acreage it takes to comply with the program.

The reason for this excess may be that during the past two years a farmer may have summer fallowed some land, planted it to barley, oats or some other crop, with the intention of planting this acreage to grain sorghum this year.

With the restrictions on grain sorghum acreage that will come about under the new program, farmers, if they plan to comply with the program, will have to devote this "excess acreage" to a crop other than feed grains, says Farmer County Agent Joe Jones.

The land can be planted to anything as long as it isn't cotton, wheat, grain sorghum or corn, Jones says.

Some of the crops that farmers may want to plant this extra acreage to this year are: Soy-

beans, Castorbeans, Sesame, Sweet Sorghums for bundles or Ensilage, Sudan for pasture or seed, or Sweet sorghum for seed. They may want to establish an alfalfa crop, plant a permanent pasture grass, pinto beans, peas, or vegetables.

In case farmers should want to plant vegetables, markets should be worked out before planting.

In explaining how a farmer may have some excess acreage this year, Jones gave the following example:

Say a farmer had 600 acres of land, on which he had a 60 acre cotton allotment and a 140-acre wheat allotment. During the past two years he summer fallowed 100 acres and planted 300 acres into grain

HD Agent's Notes

BY MISS ETTIE MUSIL

You know, we have been mentioning the latest fashion news in women's dresses and accessories, and haven't threatened a word about the men's fashion forecast.

The cool, neat look is favored for spring and summer fashions for the men. Suits of worsted synthetic blends of the wash-and-wear variety are to be very popular.

If you are wondering which colors will be the best, you can't go wrong with medium hues of color. Black is returning especially in lustrous mohair suits. The blues, from faded blue denim color to dark blended casts, will become the big color. Blues will replace the olive green that was so popular the last two years. But olive green itself is not out of the picture. It is seen in rain coats where it replaces the natural tones.

The vest and patterned jacket or sports suits is the newest fashion in men's wear. This would be good for the term used as "multimix suits." Reversible vests can match either the jacket or slacks. Often a second pair of pants in the jacket pattern can make the outfit wearable eight different ways.

Men should watch the size of the plaid or patterned suit, jacket, or slacks according to the size of the individual. Small plaids or solid colors may be worn by a man of large body build. Large plaids would make him appear larger than he actually is.

Solid colored shirts will not distract from the design of a plaid or patterned suit. Neckties and socks should be well chosen to blend with the colors of the suit or slacks if worn without a jacket. You may choose light colored shirts to give a lift to a dark suit or slacks.

A designed necktie, striped skirt, and plaid slacks or suit worn together may make you

sorghum.

This year his cotton and wheat acreage is the same and he decides to comply with the new feed grains program, which stipulates that the farmer lay out 20 per cent of the 300 acres of grain sorghum.

The diverted acreage, which he would have to devote to a soil conservation practice, or plant to one of the four oil seed crops, would be 60 acres, leaving 240 which he could plant to grain sorghum.

The 240 acres, plus 60 acres of cotton, 140 acres of wheat and the 60 divert acres totals only 500 acres.

If the farmer plans to continue his normal practice of summer fallowing 100 acres, he will add 40 acres to his 60 diverted acres, and still have 60 acres on which he may want to plant one of these other crops.

tired quicker because of the design in the clothes you are wearing. There's much psychology to your moods with the colors and designs in the clothes you wear. These clothes combinations have effect on your friends with whom you are with. Can't you just imagine how any of these designed garments and accessories could be worn with solid colors? Then you will be the well-dressed man in town and have friends who are less moody, while they are with you.

Truly, a study was made recently on the psychological effects of colors, designs, fabrics, and garments for certain occasions. I have not heard the results of all the survey or test that was made.

Newest wash and wear fabrics in men's fashions for summer include seersucker, crease-holding versions in dacron-cotton blends. These fabrics come in muted plaids, stripes and checks in medium dark tones.

Now to change the subject from fashions to cleaning for spring. If you've been dreading the job of washing pillows, here is good news. They can be laundered successfully in your auto-

matic washer.

Wash two pillows at a time for a balanced load. To be sure that no feathers fly, examine ticking carefully and mend any tears or open seams. Wet pillows before placing them in the washer. Otherwise, they will float. To do this, make a two-inch opening on each end, then close it with a loose basting stitch.

This allows water to enter but prevents feathers from escaping. Place the pillow in a pan of water and knead gently until it is thoroughly soaked. Then wash in warm water for about five or six minutes. Allow the washer to complete the rinse cycle.

You can follow the same procedure in washing foam rubber pillows. But they must be washed in a pillow case. Close the end of the pillow case with a basting stitch before soaking the pillow. Dry thoroughly, foam rubber in shade but in a breeze or by a fan. Feather pillows may be dried in dryer on warm, not hot, heat.

Delegates Named For Boys, Girls State

IRIS GOLDSMITH

Boys and girls state delegates were named this last week at Farwell, with the honors going to Iris Goldsmith and Dickie Gerles. Alternates are Peggy White and Jimmy Walker.

No information has been received by the delegates as to when boys and girls state will be held or where.

Miss Goldsmith, who is the daughter of Mr. and Mrs. Nobel Goldsmith, is a top student at the school, and is a member of the Farwell chapter of the National Honor Society.

She is vice-president of the nurses club, a member of the pep club, and received honorable mention for the all-district basketball team. She works in the school office at the switchboard.

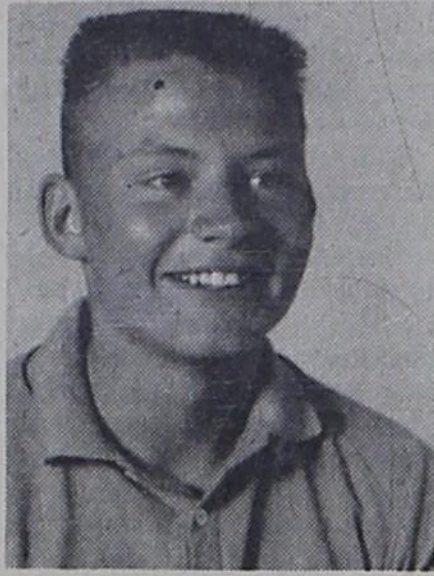

Miss Goldsmith stated that she tentatively plans to attend college at North West Texas and become a nurse.

Dickie Gerles, an all-around student at the school, is the son of Mr. and Mrs. Dick Gerles.

He is vice-president of the junior class, vice-president of the FFA club, and was recently elected to serve as vice-president of the student council for next year.

Gerles lettered in football this year as a guard, and played one of the leading roles in the junior class play. Last year he was a candidate for Mr. FHS.

Peggy White, who attended Farwell school for the first

DICKIE GERLES

year this year, is the daughter of the D. L. Whites.

She is a member of the school FHA club, and was recently elected president of the organization. She will be a delegate to the State FHA convention which will be held in the near future. She is also a member of the Future Teacher's organization.

Miss White took part in basketball activities at the school, although ineligible to play in competition.

Jimmy Walker, alternate for Boys State, is the son of Mr. and Mrs. E. A. Walker.

Walker is parliamentarian of the local FFA club, and served as manager for the basketball and baseball teams. He also took part in the interscholastic league contest competing in spelling and number sense.

Farwell Drops Season Opener

In the season opener against Lazbuddie last Thursday, the Steers baseball team dropped a 4-1 decision in a dust blown game at Lazbuddie. Outitting the Longhorns 4 to 1, the Steers threatened repeatedly, but couldn't get a hit in the clutch.

With track still in full swing the team is shy several lettermen from last season. Returning lettermen playing are Tommy Williams, Maurice Smith, Mike Billington, Charles Roberts, Bobby Atkinson, with Benjy Dial and Jerry Lovelace expected after track season is over.

New players on the Farwell squad are Robert White, Ronny Reed, Phillip Billingsley, Jackie Williams, Champ Landrum, Billy McDonald, Errol Johnson and Joe White.

Traveling to Nazareth on Tuesday the Steers dropped another close game 5-4. Farwell again outit their opponents but left several men on base in the close game. Smith and Williams each knocked home runs for Farwell.

Calvin Murray, coach of the baseball team, commented that Tommy Williams had been doing outstanding pitching in both games but several miscues in the field were costly for the team.

Steers To Regional

The Farwell thinclads will go to the regional meet at Lubbock Friday and Saturday April 21 and 22. Boys who have qualified to participate in the event

Hotel Changes Hands

Mr. and Mrs. Bob Lebow of Dumas, have purchased the Texico Hotel and cafe from Fred Cornelius and have started a remodeling project in the hotel cafe.

Present plans call for reopening the cafe about the first of May. The Lebows are former resident of the immediate area having owned other cafes in Texico several years ago.

Mr. Cornelius says he plans to "just rest" for a while when the announcement was made of the sale.

County Wrecks Total Three Last Month

The Highway Patrol investigated three rural accidents in Parmer County during the month of March, according to Sergeant R.W. Sosebee, Highway Patrol Supervisor of this area.

These wrecks accounted for a total property damage of \$2,780.

This brings the total for 1961 in this county to one killed, five injured, and a property damage of \$10,253.

"Knowing and obeying traffic laws is a must in traffic safety," the sergeant added. "If all motorists would obey

traffic laws, our accidents and fatalities would decrease sharply."

"For instance, the driver of a vehicle about to enter or cross a highway from a private road or driveway shall yield the right-of-way to all vehicles approaching on said highway. The driver can safely perform this maneuver by waiting until he can enter the roadway without interfering with other vehicles and accelerating immediately to the normal safe driving speed and blend with the flow of traffic in the area," the sergeant explained.
