

BY HOP JR.

Revival Dates Set

The United Pentecostal Church in Texico will begin revival services Monday night, August 6th, 8 p. m., with services to continue for at least one week.

Rev. Aaron Thames of Borger will be evangelist for the services and a cordial invitation is extended to the general public to attend these services.

NOTICE:

Texico city commission members are requested to meet at the city hall in Texico, Monday, August 6, 4:30 p. m. for the regular meeting.

The regularly scheduled meeting has been postponed due to the absence of the mayor, W. D. Howard who is away on vacation.

Revival Scheduled

Rev. Carl M. Coffey, pastor of Oklahoma Baptist Church, announces a revival in that church August 5-12.

Services will be held twice daily at 10 a.m. and 8 p.m., with the evening service to be preceded by a prayer service and booster band group meetings at 7:30 p.m.

Rev. T. J. Ozburn, pastor of the First Baptist Church, Plaquemine, La., will be speaker for the meeting and Clyde Earnhart, a student at ENMU in Portales and music director of the Elida Baptist Church, will direct the music. Mesdames J. B. Sudderth and D. L. White will be organist and pianist, respectively.

An invitation is extended to all to attend this meeting and hear this forceful speaker.

West Camp Baptist Schedule Revival

West Camp Baptist Church is planning a revival which will run August 5-12 with services twice daily, 8:30 a.m. and 8:30 p.m.

The church pastor, Rev. Raymond Quirk, will do the preaching for the services and Clyde Powell from Portales, music director at the Farwell First Baptist Church, will direct the singing.

Everyone is invited to come and enjoy the singing and hear the inspirational messages.

Band Rehearsals Begin August 20

Band rehearsals for the Farwell School Band, are scheduled to get underway August 20, at the high school auditorium. All seventh grade students who are interested in band work are asked to be at the school at 1 p.m. with the beginner students asked to be at the school accompanied by one parent at 2 p.m. High school students are to meet at the school for a daily rehearsal beginning at 4 p.m. August 20.

John McGee, band director for the school, says that any student who has been in band or is interested in band work is invited to be present and he invites the parents of band students to come to the rehearsals and meet him and observe the band in action.

Drum major tryouts are scheduled for 4 p.m., August 20, with Norvill Howell, director of the high school band in Clovis and Charles Higdon, director of Gattis Junior High School band as the judges.

McGee, says plans are being made for several band activities this year with tentative plans made for the band to participate in the Tri-State Fair parade at Amarillo, the South Plains Fair parade at Lubbock and the ENMU homecoming parade.

'Demos Out To Socialize America' - Barry

If President Kennedy has a two-thirds majority of Democrats in Congress in 1963, he will Socialize America, Desmond Barry warned a crowd at Lazbuddie High School Monday night.

Barry, Republican candidate for Congressman-at-large in the November election, told the gathering that he was dedicated to fight any such movement if he were elected to the U. S. House of Representatives.

"Kennedy has been unable to get any of his legislation passed this year because it is an election year and the congressmen are afraid for their jobs," stated Barry. "But in 1963 there won't be such a threat, and unless the people put some conservative representatives in

Congress, they'll get such legislation passed," he said. Barry, a Houston trucker who fought the Teamsters, the nation's toughest union, over the fact that his employees had the right not to join the union, says he is a "constitutional conservative."

"I'm a believer in the type of government our forefathers established in this land, built on the belief that a man has an inalienable right to freedom," said Barry.

The ex-Lieutenant colonel in the Air Force gave his stand boldly on many of the present issues. He was applauded by the enthusiastic crowd at many points of his speech, and received a standing ovation at his conclusion.

Barry isn't afraid to take a stand. He waged a one-man battle all the way to the Interstate Commerce Commission when Teamsters tried to force him to unionize in 1955 by boycotting his transferred freight as "hot cargo."

"I believe in individual freedom. You farmers ought to be able to farm for yourselves. The government has gotten too far into your business already," Barry said.

Barry said he wasn't interested in passing a lot of bills when elected to congress. "I just want to repeal several," he said.

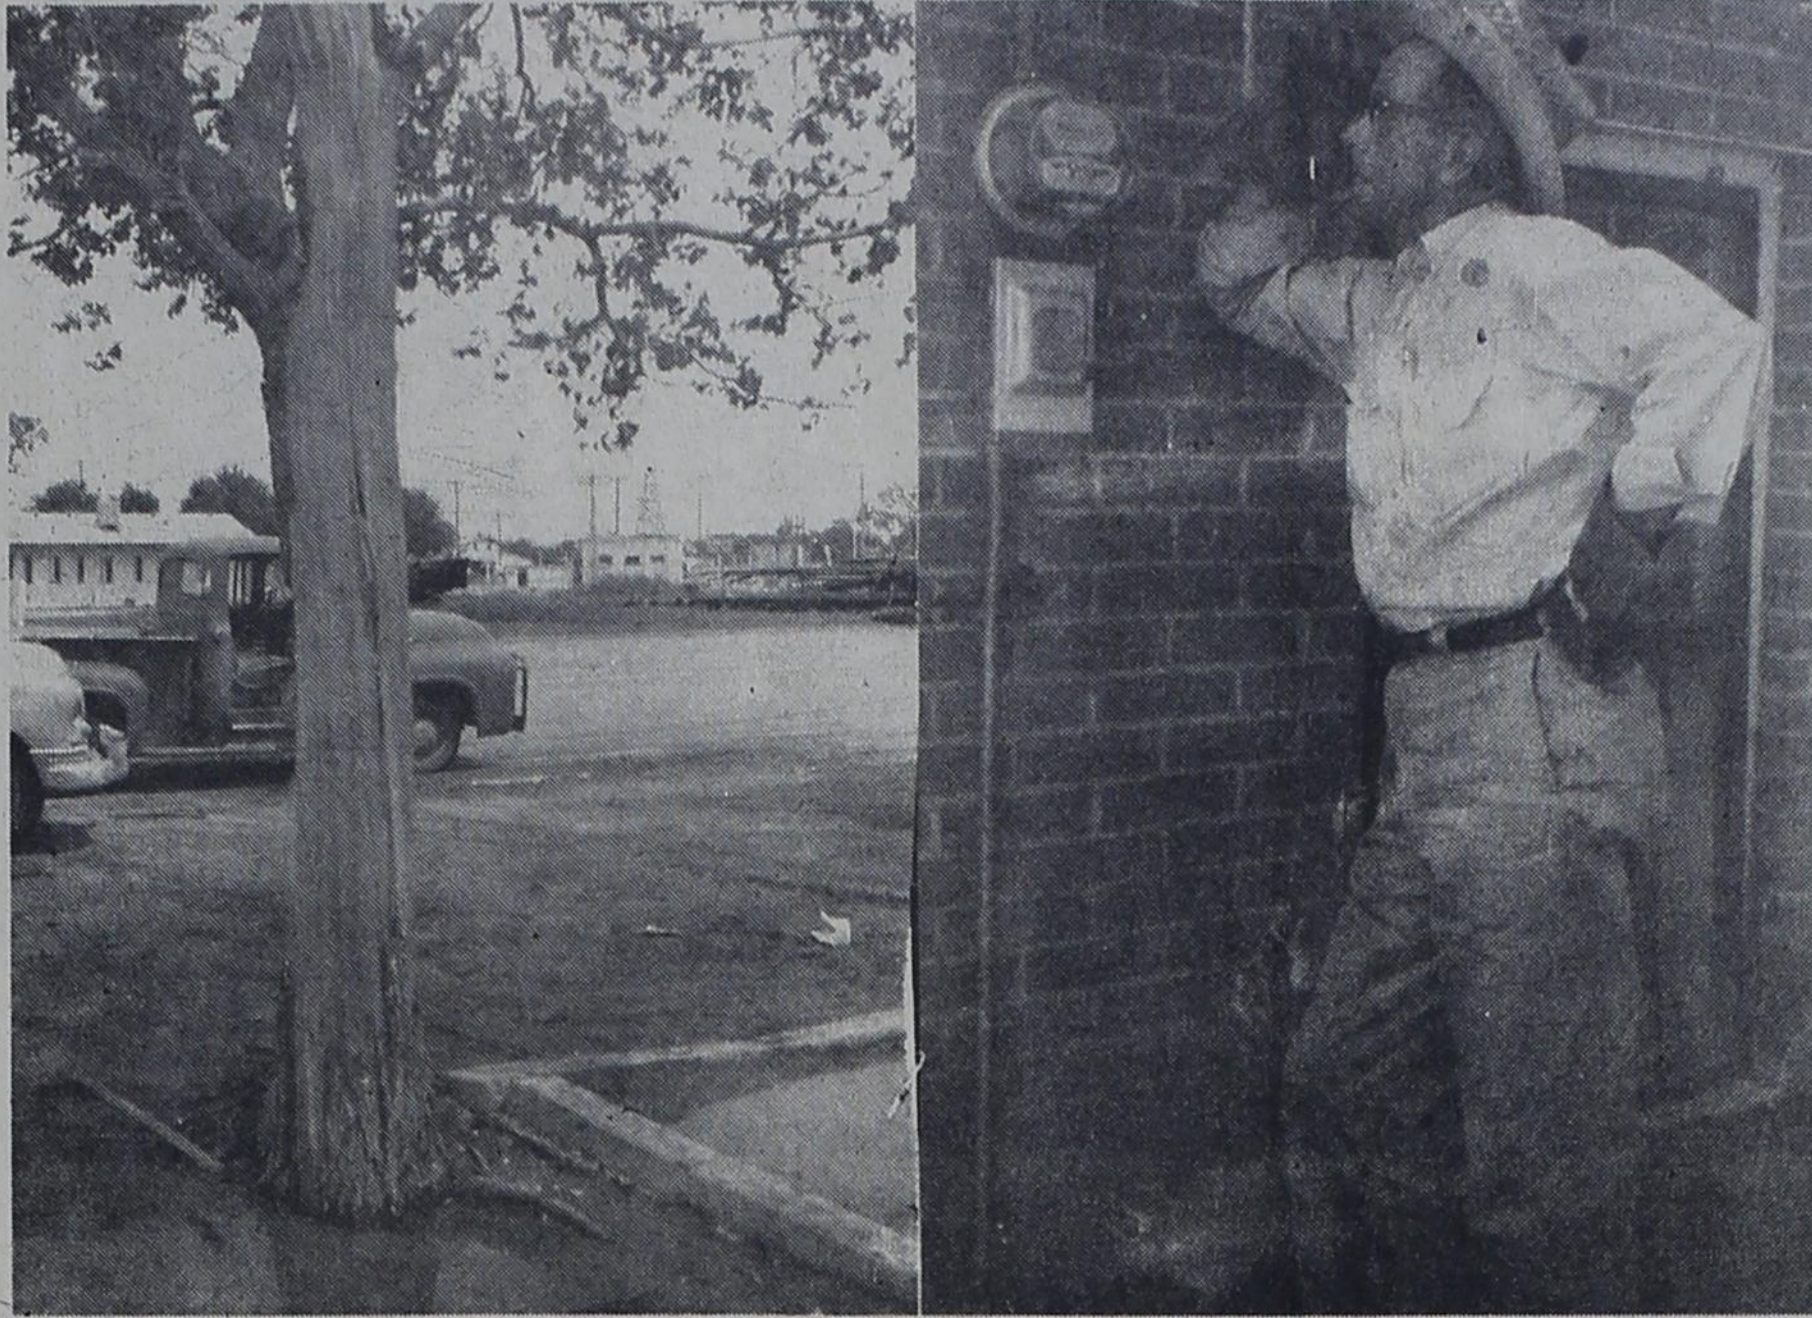

He pointed out that he didn't plan to go to Washington alone, but expected to take other Republican representatives with him from Texas and the other states.

"I got into this race with no political aspirations. I was scared and mad at what was going on," Barry said. He charged the Federal Government in being neglectful in leading in Americanism.

He stated "I don't trust Russia or anyone connected with them. I'm sick and tired of trying to buy friends with my money, when I don't like them in the first place."

He reminded the voters that in every political race there would be two men going up to the wire. "Let your conscience be your guide," he said. "Find out all you can about both candidates, then make up your mind."

DESMOND BARRY

WHAT NOW? asks Otis Huggins, local Southwestern Public Service employee, as he looks in perplexity at the light meter at Calvary Baptist Church in Texico, where the lights have been burning brightly since lightning struck the tree across the

street from the church during a severe electrical storm Saturday. The tree is shown in the picture on the left. Note how all the bark has been cut away and the tree trunk split by the lightning.

Steer Hopes Dim--Alexander

"We'll all have to put out at least 125 per cent to even make a showing this year," So says head coach Dempsey Alexander of the Farwell Steers' chances for success in the coming 1962 Class 3-A football race.

Alexander, starting his fourth year as head coach of the Steers, says that lack of experience and a tougher than usual schedule make the prospects for the Steers fairly dim, but that about 30-35 boys are planning to be out for practice and they all have a wonderful attitude and know they'll have to work hard.

Eight lettermen, including three starters, are all that's left of last year's squad. Ten were lost through graduation and a promising lineman, Jim Terrell, moved to Plainview.

Alexander says he'll be counting heavily on several boys from the B-team and that any of the following boys could move into

starting positions prior to the season's opener: Darrell Crook, Ronny Henson, Ala. Busbice, Jerry Herington, Bob Scott Anderson, Ronny Ussery, Barry McCuan and Clifford Nicholson.

Returning from last year are starters Bobby Actkinson, senior tackle; Leon Lovelace, junior quarterback; and Danny Lindop, junior half back. Other lettermen are Joe Reed, Kenny Smith, Alan Busbice, Ronny Henson, and Darrell Crook.

The coach says the Steer backfield will be as good as last years from an overall standpoint, but that there will be no particular standout. The line will be smaller and slower than last year's, and because of the personnel several changes are being planned in offensive formations.

Boys will start working out on their own on August 6 at 6 p.m. at the stadium, and equipment will be issued on August 20. From that date, practice sessions will be twice daily, 8 to 10 a.m. and 6 to 8 p.m.

Action for the Steers start September 7 when they are hosts to the Class AA Friona Chieftains, a team that has been pretty weak the past two seasons.

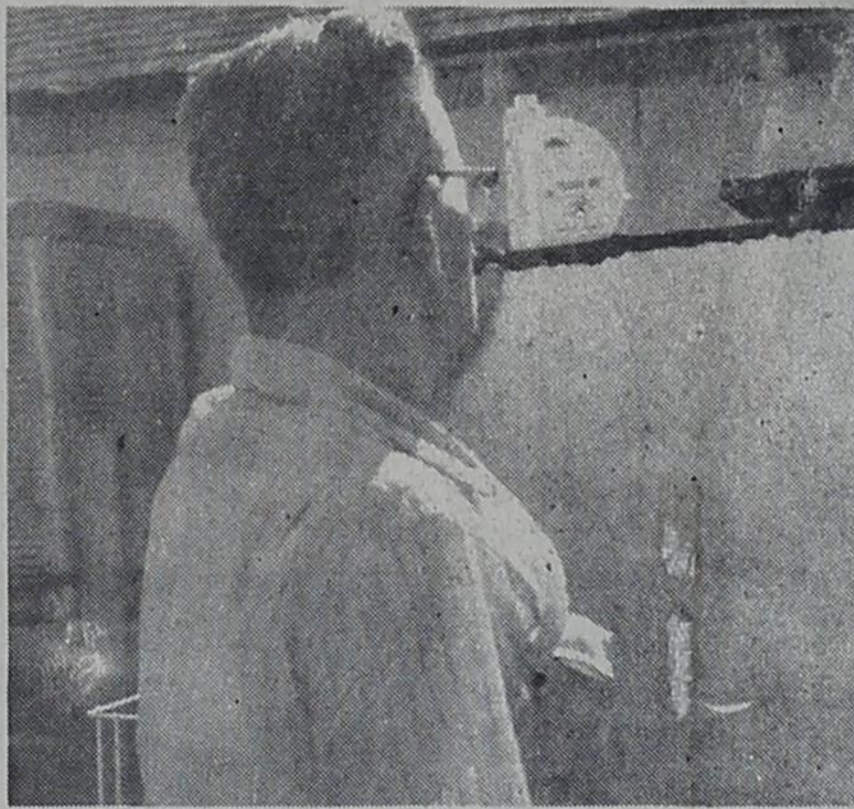

One of the tougher games scheduled will be the encounter with Seagraves who is rated the number two Class A team in the state.

Kress, last year's district champs who went to the quarter-finals, is picked to take district honors again this year with the other four teams being fairly evenly matched. Alexander says his pick for second place would be Springlake.

Besides Seagraves, the other change on Farwell's schedule is a game with Portales.

Always a tough game--the Bovina one--promises to be that again this year. Class B Bovina is supposed to have one of its better teams in several years, and that, along with the extreme rivalry between the two teams, will make the Mustangs hard to beat. Alexander feels the first

(Continued on page 4)

After one of the driest summers in years local rain gauges were filled to overflowing the past weekend with the heavy downpours Saturday and Sunday. Ray Mears is shown here as he looks with awe at his gauge which had measured 7.80 inches for the week.

SAYS IN SPEECH AT LAZBUDDIE MONDAY

Boy Injured In Tractor Accident

James Clamon, 15 year old son of Mrs. Thomas Smith of Farwell, was seriously injured Saturday afternoon during the rainstorm at Lariat.

James, who makes his home with his grandfather, C. F. Gibbs in Las Cruces, had arrived Friday night for a visit with his mother and was riding on a tractor being driven by Darrell Crooks, topping potatoes on a farm near Lariat. A severe rainstorm came up and when James moved to get out of the rain his clothing became tangled in the drive shaft of the tractor pulling his foot into the power lift causing it to be badly mangled. All tendons and nerves in the ankle area were torn away.

While Darrell was bringing his friend to town his car became stalled in water near Lariat, and Alvin Mace, who was passing, stopped to assist and brought the young boy to the office of Dr. Glenn in Farwell, who immediately rushed him to Clovis Memorial Hospital where emergency surgery was performed.

Drs. felt for sometime that James would lose the foot but believe now that unless some emergency arises the foot will be saved and James will have normal use of it.

Mrs. Smith says her son who is in room 117 at Clovis Memorial Hospital will be happy to have visitors.

BOVINA MAYOR

Tabor Sentenced On Embezzlement

Emmett Tabor, former mayor of Bovina, was given a 10-year probate sentence in district court Wednesday in Farwell.

Tabor, 58-year-old barber, received the sentence for embezzlement after pleading guilty. The sentence was passed by Judge E. A. Bills of the 154th Judicial District.

The Parmer County Grand Jury had indicted Tabor twice on four counts each in its session July 23. The indictments charged Tabor with theft, embezzlement, forgery and passing of a forged instrument.

The sentence covered only one of the counts. Judge Bills indicated that sentence on the other indictment was deferred pending Tabor's compliance with the probate sentence.

A shortage of \$13,055.21 was discovered in City of Bovina funds following Tabor's resignation as mayor in February. Restoration of the entire amount has been made, it was reported.

Tabor was charged with

felony theft following his resignation. He was released on \$1,500 bond following his arraignment at Farwell.

The forgery charge dealt with a \$231.60 check. Tabor admitted forging I. W. Quickel's name on the check.

A veteran member of the Bovina city commission, Tabor had served four years on the commission, including two as mayor.

Other trial cases were postponed, but will probably be heard in the next week to 10 days, according to District Attorney Jack Young of Muleshoe.

To be tried are R. G. Sparks of Bovina, on charges of statutory rape and incest; Gary Green, worthless check; Abel Gomez, forgery and passing, Seth Large, Jr., Alvin Hollings and Wilkie Lee Alford, auto theft and burglarizing of Bovina Dairy Freezer; Joe Morris, forgery and passing; and Harold F. Robinson, forgery and passing.

Bovina Services For Mrs. Floyd Englant

Funeral services were conducted at the Bovina Baptist Church Thursday for Mrs. Floyd (Mary) Englant 46, who passed away in Clovis Memorial Hospital, Tuesday after a lengthy illness.

Rev. A. W. Harris of the Texico Assembly of God Church officiated. Burial was in the Bovina Cemetery under direction of Steed Funeral Home of Clovis.

Mrs. Englant, who grew to young womanhood in the Farwell area had lived in California for a number of years before moving with her family to Bovina some three years ago.

Survivors include her husband, Floyd N., one son Floyd Jr., of Bovina, one daughter Mrs. Charles Naslund of Bovina, her parents Mr. and Mrs. Lee Golaway of Crum, two sisters Mrs. Douglas Landrum of Farwell, and Mrs. Bill Douglas of Hawaii, four brothers, Charlie of Summertown, Ariz., Andres of El Cajon, Calif., Frank of San Diego, and James of Lamesa, Calif., a grandmother of Mrs. Mary Stanley of Crum and several nieces and nephews.

Little League Football Meeting

Boys interested in playing Little League football this fall are asked to meet at Farwell School in the auditorium, August 20, 7:30 p.m.

Any boy in Texico or Farwell who will be in the fourth, fifth or sixth grades at either school is invited to participate in this sport.

Boys are to be accompanied to the meeting by at least one parent, says Elmer Hargrove, spokesman for the group.

Any boy who would like to participate but is unable to attend the meeting may register at the New-Tex swimming pool with Johnny Green, pool manager.

School Budget Hearing, August 6

A budget hearing for the Farwell School district has been set for August 6 8 p.m. in the office of school superintendent, W. M. Roberts.

This is to be an open meeting and the general public is urged to attend.

The hail season isn't over, as any area farmer would rush to assure me, I am aware, but hailstorm reports are getting pretty few and far between, and although we have had plenty of weather, it isn't as violent as what usually prevails in the spring.

Through the season I have kept score, mentally, of the terms farmers, newspaper reporters, and the spit-and-whistle club uses to describe the size of hailstones.

The level of educations of these meteorologically-oriented folks seems to have little or nothing to do with their descriptive vocabularies. There is an amazing uniformity in the terms. (This suggests possible academic collusion and perhaps Mr. Kennedy will want to have Bobby look into it.)

This year the hen egg hail has won the contest hands down.

HOPPER--

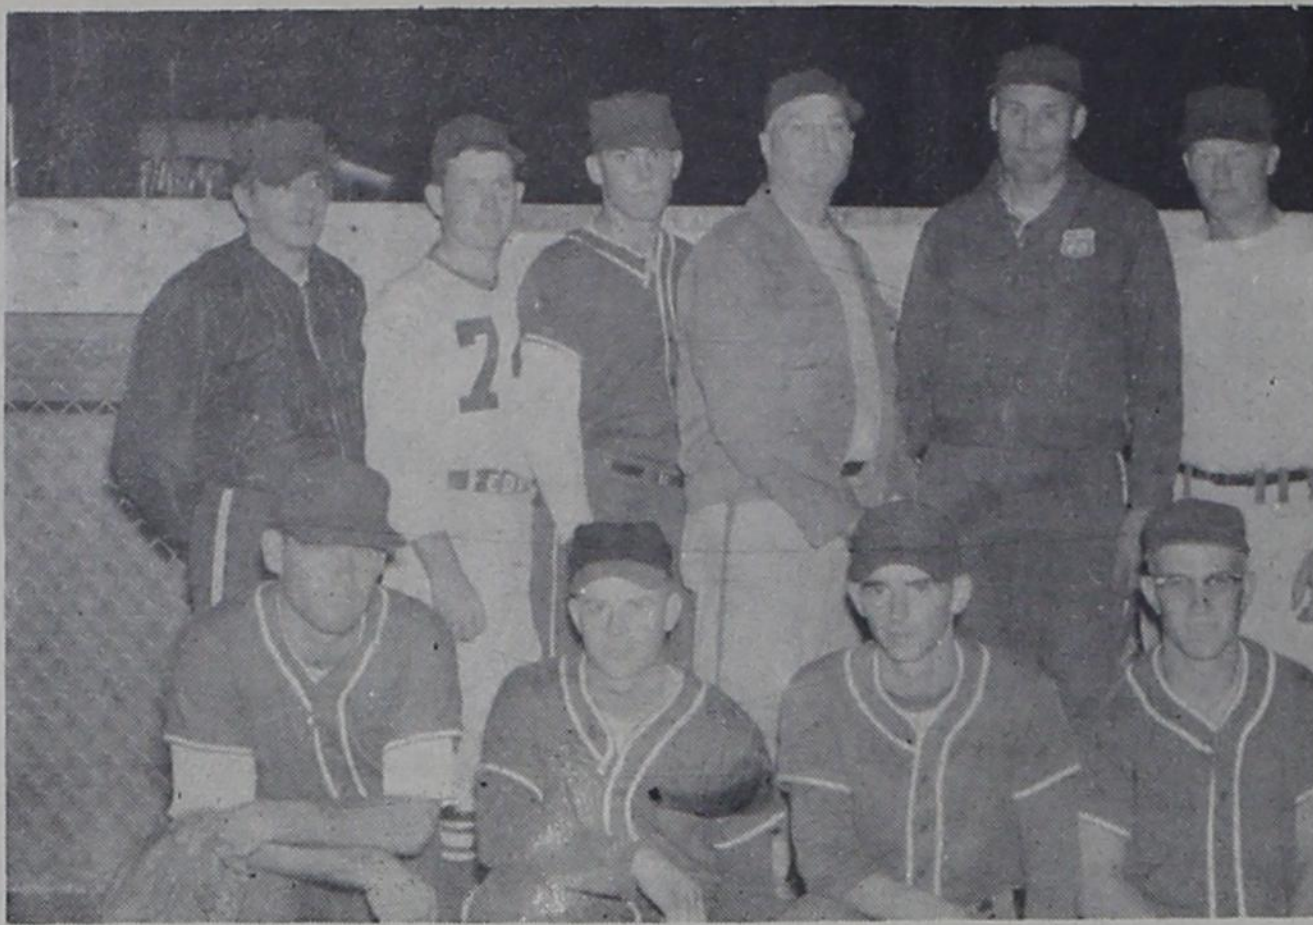

outdistancing such venerable adjectives as golfball and marble. Since any hen egg I have ever seen is more or less elliptical in shape, I have puzzled over the popularity of alluding hailstones to the barnyard pearl. But who am I to joust with the weatherexperts?

Usually there are a few scattered reports of baseball-size hail but I haven't heard any this year. Also, I expected to hear about mothball-sizes but didn't. A new one I hadn't heard of before is ping-pong ball hail, and I understood some fell down on the South Plains.

I would like to make a contribution to this colorful array of words, but the phenomenon which I witnessed seems to happen so rarely that probably the application of my new word wouldn't stick.

Once when driving between Sudan and Littlefield I got caught in a rough springtime thunder-shower. Things got so turbulent I couldn't see so I stopped the car and then came the hailstones. There were some peppery peanut-sized ones at first, and then came the thuds of some monstrous chunks of ice. None hit the car and I don't think they were very widespread, but I picked one up that hit about 20 feet away to get a look at it.

This hailstone was a couple of inches long and about an inch wide and had grotesque spines sticking out of three sides of it. I have named that porcupine hail. Have you ever seen any?

TO STATE TOURNAMENT -- Leaving Thursday for Albuquerque were members of the Helton Oilers softball team who will play in the state tournament in the Duke City this weekend. This picture was made at the Oiler-Air Base All Star game Tuesday night. In the front row from left to right are Bobby Graham, Harrel Fulcher, Jerry Henson, N. D. Kelso and Gene Echols. In the back row, left to right, are Bob Herrington, Eddie Smith, Hal Ed Helton, Ox Louis, Si Koenigs, Raymond Hadley and manager, Blackie Smith. Team members not pictured are Buddy Prince and Don Gillis.

Housing Discussed At Chamber Meeting

An inquiry from Cannon Air Force Base at Clovis, indicating that additional area housing facilities are needed for base personnel, has sparked discussion in the Farwell Chamber of Commerce, and was the subject occupying most of the meeting Tuesday afternoon.

With the president, Hurshel Harding, out of town only four persons turned up for the meeting. They were told of the request for housing from the base, and reports indicate occupancy of suitable housing that might be built as a result of the request is assured.

One plan being advanced is that a number of residents might join together to cooperatively finance multiple housing units. The plan is embryonic, such factors as location, number of units, and cost not yet decided.

Farwell in their reports that the town would benefit from the "publicity."

The Chamber has received a request from the Texas Historical Association, asking if there is a building or location in the area of significant historical interest. If a site is selected by the Association it will be marked with a plaque.

Six Farwell Boys In College Football

This fall six former Farwell High School football players will be playing college football on athletic scholarships, says Dempsey Alexander, Farwell High head football coach.

At Texas Tech Johnny Lovelace will be in his senior year, and his brother, Jerry, will be starting his first year.

Benjy Dial and Carroll Huggins will be sophomores at Eastern New Mexico University.

Jim Cain will be a freshman at New Mexico Military Institute and Floyd Trantham will begin his first year at Texas Western in El Paso.

Lutheran News

Sunday School teachers training class met Wednesday.

LWML will meet August 2. A film will be shown entitled "Song Of Ruth." Hostesses will be Mesdames Henry Haseloff and Gilbert Kaltwasser.

Waltham League will meet at the parsonage August 5.

Confirmation class will meet each Wednesday and Saturday mornings and the junior choir will meet each Friday morning.

I wish to announce that I have sold my business to Mr. Don Rierson and Mr. Danny Mitchell. I wish them well in the Rambler-Studebaker business.

To my many friends in Eastern New Mexico and West Texas I wish to express my heartfelt thanks for your patronage and support over these past years.

24 HOURS A DAY GAS SERVES WEST TEXAS

THE GAS MAN'S PLANNING HIS DAY. He's a Southern Union manager — head of the city's gas system, civic leader, businessman, employer. Right now, he's planning his day's work. Busy, experienced career men like this one keep your gas service modern and your city progressing.

HIS NEW WORLD IS COZY. Gas heat keeps it that way. Hospitals choose gas because it is fast, controllable and dependable. Wherever life depends on heat — hospital maternity ward or home nursery — the choice is dependable gas.

DAIRY'S HUMMING. Gas heat developed the steam that is sterilizing these milk cartons. Gas also provides this dairy super-high heat for pasteurization and plenty of hot water for sanitation. In practically every major industry, economical gas plays an important part in the production process.

BACON'S FRYING. Nine times out of ten, when you eat out, gas does the cooking. Short-order cooks and famous chefs alike prefer the speed and precision of gas. And proprietors go for gas because it keeps their bills low.

SOUTHERN UNION GAS COMPANY
an investor-owned, regulated utility

THE OLD ADAGE

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church: They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

An old adage, indeed, that "all work and no play makes Jack a dull boy." The "kids" on the farm are models of youthful efficiency. But they go afishin' whenever they can.

The business men, the housewives, the schoolchildren — they need their fishin' too!

But there is another way in which the old adage is true: ALL WORKING and no PRAYING leaves man a dull soul!

The God who created us never intended us to be able to get along without Him.

Our hands may sow seed, but they can't make it grow. Our minds may work out problems, but they can't solve the world's chaos. All of our efficiency hasn't brought us lasting happiness or firm hope.

But when we turn to our Christian faith, and seek its power through regular worship in our Churches — then we find the things we need and want most!

MRS. ALLEN HOMER ESTLACK JR.

Mrs. Palmateer Is Shower Honoree

Mrs. Ralph Palmateer Jr., the former Mary Lou Talley, was honoree for a miscellaneous shower at Oklahoma Lane Baptist Church Wednesday afternoon.

Hostesses for the affair were Misses Coretta Watkins, Brenda Mason, Peggy White, Doris and Jolene Donaldson, Linda Nelson and Mesdames Carl Coffey and Wayne Hardage.

Miss Linda Nelson played soft background music throughout the afternoon. Misses Doris and Jolene Donaldson sang "Because" and a short devotional, "For The Home," was presented by Peggy White.

Misses Coretta Watkins and Jolene Donaldson presided at the serving table which was laid with a white lace tablecloth over green and centered with a bouquet of pink flowers in a white milkglass bowl. Refreshments of white wedding cake, decorated with the names "Mary

Lou and Ralph" in green was served with green punch. Milk-glass appointments were used.

The honoree and her mother, Mrs. Floyd Talley, were presented with unique corsages made from small kitchen items tied with green and white bows.

Attending were Mesdames Lee Mason, Dee Brown, Laura Brown, D. L. White, Sterling Donaldson, Bernard Nelson, Delbert Garner, Donald Watkins, Frank Edwards, D. W. Carpenter, Vernon Symcox, Neil Stewart, Kenneth Johnson and Harold Carpenter.

First Child For Bill Bannisters

Mr. and Mrs. Bill Bannister are announcing the arrival of their first born, a daughter, Tuesday July 31, at 12:06 noon in Clovis Memorial Hospital.

The little miss weighs 8 lb. 3 1/2 oz. and is 20 inches long. She has been named Terri Babette.

Grandparents are Mr. and Mrs. A. T. Watts of Farwell and Mr. and Mrs. E. L. Bannister of Grants.

Visit Roberts Home

Major and Mrs. Harold Lee and children, Judy and Duane, from Bangor, Maine, visited in the Grayson Roberts home Wednesday.

Major Lee was formerly stationed at Cannon Air Force Base in Clovis and the family was here for a visit with friends made during their tour of duty.

Johnson Celebrate Thirty-eight Anniversary

Mr. and Mrs. Russell Johnson were honored with a dinner in the home of Mr. and Mrs. Hardy Jones in Texico, Friday, in celebration of their thirty-eight wedding anniversary.

Attending the affair were Mr. and Mrs. Johnson, Mr. and Mrs. Hardy Jones, Nancy and H. C. Jones and Ginger York.

The Johnsons were in Amarillo Sunday at the home of their daughter, Mrs. Cecil Dykes, and were again honored with a dinner. Attending this affair were Mr. and Mrs. Jerry Johnson and daughters of Canadian and Mr. and Mrs. Cecil Dykes and children.

Willow, Okla.; Mrs. S. A. Hodges, Jr., Greg and Brent, and Mr. and Mrs. John Irlbeck of Happy; Mrs. Edward J. Watson of Lafayette, Ind.; Mr. and Mrs. Harry Morckel, Floydada; Mr. and Mrs. Jerry Hawkins, Mr. and Mrs. Meridith Kendrick, Am. Bill and Bob of Groom and Tom DeLoch of Lubbock.

Son Born To Ronnie Howards

Mr. and Mrs. Ronnie Howard of Oklahoma Lane are announcing the birth of a son, Ronald Cris, at Farmer County Community Hospital, July 16.

The little boy weighed 9 lb. 5 oz. at birth. He has two sisters, Linda and Rhonda.

Grandparents are Mr. and Mrs. E. G. Howard of Bovina and Mr. and Mrs. J. C. Buntin of Petersburg.

Rowlands Announce Daughters Arrival

Mr. and Mrs. Jeryce (Jigger) Rowland are announcing the arrival of a daughter, Phylecia Marie, July 21, 8:14 p.m. in Clovis Memorial Hospital.

The baby weighed 7 lb. 11 1/4 oz. at birth.

The Rowlands have one other child a son, Allyn, three years of age.

Grandparents are Mr. and Mrs. H. H. Rowland of Hereford and Mr. and Mrs. Earl Stout of Gladewater.

Rowland is employed by Asgrow Seed Co. as a salesman.

LOCAL

W. H. Graham Jr. and John Getz were delegates from the local Methodist Church to Laymen's Retreat at Sacramento Methodist Camp the past weekend.

Dick Lockhart Have Son

Mr. and Mrs. Dick Lockhart of Albuquerque are announcing the arrival of a son, Richard Olan, July 31, 10:59 p. m. in Bataan Memorial Hospital in Albuquerque. Young Rickey weighed 5 lb. 3 oz.

Grandparents are Mr. and Mrs. George Hilpert of Albuquerque and Mr. and Mrs. John Lockhart of Texico. This is the first grandchild for the Lockharts.

Parties Honor Loyd Allen Cain

Mr. and Mrs. O. C. Sikes were guests in the home of Mr. and Mrs. Loyd Cain for a birthday dinner, Tuesday honoring the Cains' son, Loyd Allen, on his 20th birthday.

Loyd Allen was also honored with a birthday dinner in the home of Mr. and Mrs. Earl Thompkins at Rosedale, Tuesday evening.

Attending were Misses Sharon Thompkins and Donna Kay Osborn, and Tommy Wurster and the honoree Loyd Allen.

Kathy Lockhart has been visiting in the Paul Whitney home in Lubbock for the past two weeks.

Mr. and Mrs. Roy Lovett of Texico are announcing the engagement and approaching marriage of their daughter, Vicki Jan, to Irby Don Range, son of Mr. and Mrs. John Range of Texico. The wedding has been set for August 18, 8 p.m., in the First Baptist Church at Farwell. All friends and relatives of the couple are invited to attend the ceremony.

Rundells Attend World's Fair

Mr. and Mrs. Weldon (Pete) Rundell and children are back home from a 17 day vacation trip to points of interest in several states.

Leaving Farwell July 12, they traveled to Ventura, Calif. where they were guests of Mr. and Mrs. R. J. Cain, an uncle and aunt of Mrs. Rundell. While in Ventura they made visits to Disneyland, Knotts Berry Farm, visited Fisherman's Wharf Marine Land, where they took a one hour cruise down the coast-

line and saw many interesting sights, among which was a church made completely of glass.

From Ventura the Rundell family went to San Francisco where they visited Golden Gate Bridge, and crossed the Oakland-San Francisco Bay Bridge which is the longest suspended bridge in the world, and where they watched the ships coming into harbor. They also

took a ride in the tube which carried them under water from Alameda to Oakland.

After leaving San Francisco they traveled through Oregon making stops at the crater lakes and the national park. From here they went to Yakima, Wash., where they were guests in the home of Mr. and Mrs. Duane Sturtivant and Mr. and Mrs. Bob Nowland, former Farwell residents.

At Yakima they were joined by Mr. and Mrs. Sturtivant for a trip to Seattle where they spent some time visiting the World's Fair.

The Rundells especially enjoyed the science fair, and the food circus at the fair. They report that the science exhibit was based almost entirely on the space age. At the food exhibit, foods from all parts of the world were on display and could be bought and tried.

Also enjoyed by the local people was a trip in the space needle where they could see over the city of Seattle. They say that 70 persons could ride in the elevator to the top of the needle at one time and this was quite a thrill to them.

After leaving Seattle the Rundells returned home by way of Salt Lake City where they visited the Mormon Temple and several geysers.

"With all the wonders we saw, Farwell looked lovely and we are glad to be back home" say the Rundells.

Fifty-six Persons Attend Reunion

Fifty-six persons were in attendance at the third annual reunion of the Tipton family the past weekend when family members gathered at the Oklahoma Lane Community Center.

The oldest person in attendance at the affair was 62 year old, H. R. Orr of Hobbs, and the youngest person present was three months old, Monte Ray Kelley of Dumas. Family members came from Hobbs, Amarillo, Big Springs, Ranchvale, Texico, Farwell, Erick, Okla. and Great Bend, Kan. to attend the affair.

Games of croquet, volleyball and forty-two were enjoyed and all meals were cooked and eaten at the community center.

Attending the affair with their families were Messers and Mesdames Billy Tipton, Jess Yell, H. R. Orr, Rex Miller, Elmo Tipton, Joe Yell, Bobbie Blair, Lee Doshier, Buck Yell, Elton Wallace, Neil Hendrick-

son, Percy Tipton, Bobby Kelley, Marion Kensey and Jim Tipton, Jimmy and Pete Doshier, Jimmy Doshier, Pete Orr, and Jackie Doshier.

The family will have its next reunion at the community center the last Saturday and Sunday in July 1963.

Heltons Tour Nine States

Mr. and Mrs. Joe Helton and son, Hal Ed, returned Sunday night from a 13-day vacation trip, during which they drove 5125 miles, making stops at points of interest in nine states and British Columbia.

Leaving here July 17, the Heltons drove through Colorado, Utah, Idaho, Oregon, Washington, Montana, South Dakota and Wyoming, making stops at Salt Lake City where they visited the Mormon Square, at Yellowstone and Glacier National Parks, Mt. Rushmore and the World's Fair at Seattle. At the Fair, one of the most interesting things experienced was a trip to the top of the Space Needle where they were served lunch.

The local people took a ride in a glass-bottomed boat to Vancouver Island and stopped in Cheyenne where they attended a rodeo. In Boise, Idaho, they visited briefly with the Willard Dykes family.

Schreefers Have Son

Word was received locally this week of the birth of a son to Master Sgt. and Mrs. Loyd Schreefer at Weisbaden, Germany, July 15.

The young man weighed 9 lb. 7 oz. at birth and has been named Brian. The Schreefers have two other children.

Maternal grandparents are Mr. and Mrs. Sam Randol and maternal great-grandfather is T. E. Randol.

Mrs. Schreefer is the former Hettye Nan Randol.

Hartzog, Estlack Exchange Nuptial Vows

Miss Helen Arline Hartzog became the bride of Allen Homer Estlack Jr. in a double ring ceremony Saturday afternoon at Bovina Methodist Church, Rev. Harold Morris, pastor, officiated.

Parents of the couple are Mr. and Mrs. A. L. Hartzog of Bovina and Mr. and Mrs. Allen Homer Estlack of Clarendon.

Given in marriage by her father, the bride wore a gown of white silk organza over cloud mist taffeta. The fitted bodice featured a scalloped scoop neckline of Alencon lace accented by butterfly sequins and seed pearls. The bouffant skirt was enhanced with a front panel outlined by appliqued lace and sequins and flowed into a chapel train. A single strand of pearls,

given her by the groom as a wedding present, complimented the brides ensemble.

Her fingertip veil of silk illusion fell from a Juliet cap of lace highlighted by seed pearls. She carried a cascade arrangement of stephanotis centered by a white orchid atop a white Bible.

Miss Dixi Hartzog, sister of the bride, was maid of honor and bridesmaids were Mrs. Doyce Graham Jr., Lubbock, and Mrs. Jerry Allen, Clarendon, sister of the groom.

They wore identical dresses of pink silk organza over slipper satin with fitted bodices which were accented by scalloped necklines and brief sleeves. Each added a headpiece of tulle caught to a single rose.

The attendants carried bouquets of pink roses on white lace fans.

Best man was Lt. Don Pitts of Clarendon. Groomsmen were Jerry Allen, Clarendon and Tommy Lane of Amarillo. Ushers were Doyce Graham and Bob Bell of Clarendon. They also lighted candles.

Ring bearer was Roy Hartzog, brother of the bride.

Traditional wedding selections were played by Mrs. John Wilson. She also accompanied soloist, Mrs. Jerry Strawn, sister of the bride.

A reception followed in Fellowship Hall of the church. For travel to points in New Mexico and Colorado, the bride chose a beige silk suit with matching accessories. She added the white orchid from her bridal bouquet.

The bride is a graduate of Bovina High School and Texas Tech and presently teaches in Clarendon School System. He is a graduate of Clarendon High School and Texas Tech and is employed by West Texas Utilities Company in Clarendon.

The couple will be at home in Clarendon.

Out of town guests at the wedding included Mr. and Mrs. Lee Bell, Sam Lowry, Clyde Price, Mr. and Mrs. C. A. Pitts, Mr. and Mrs. G. W. Estlack all of Clarendon, Mr. and Mrs. David Patterson, Hereford; Mr. and Mrs. Louis Peeler, Meadow; Mrs. and Mrs. John Underwood and Janice of

Daniel Suffdy Dies

Funeral services were conducted Tuesday afternoon, at the Elida Methodist Church, for Daniel Kalliel Suffdy 83, a former local resident.

Homer Reid, pastor of the Elida Methodist Church officiated assisted by Robert O. Tomlinson pastor of the Farwell Methodist Church.

Mr. Suffdy was born in Syria and came to the United States when he was 20 years of age, settling at Kingfisher, Okla., where he was naturalized in 1899. He was married to Miss Hortie Buckley at Roswell in 1907 and they homesteaded on a farm at Elida where he made his home until the death of his wife in 1950. He made his home in Farwell with a sister-in-law Mrs. Womble for a number of years.

Survivors include one son, Clifford Suffdy of Joshua Tree, Calif., one daughter Mrs. Irene Nuckols of Clovis, one brother McKool Suffdy of Sulphur Springs, Okla. and three grandchildren.

Combs Attend Funeral In El Paso Friday

Mr. and Mrs. Edward Combs and children, Larry and Cindy, of Texico returned home Sunday from El Paso, where they had been to attend the funeral of Gus Eminger, an uncle of Combs.

Mr. Eminger 83, passed away at his home in Anthony, Tuesday and was buried in El Paso Friday.

Enroute home the Combs family stopped for a short visit with the Charlie Parker family in Ruidoso. Combs and Parker are brothers.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 25 proposing an amendment to Section 60 of Article III of the Constitution of the State of Texas to provide for the creation of political subdivisions of this State to provide insurance for all employees; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation of the result thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 60 of Article III of the State Constitution, be amended to read as follows: "Section 60. The Legislature shall have the power to pass such laws as may be necessary to enable all counties and other political subdivisions of this State to provide Workman's Compensation Insurance. Including the right to provide its own insurance, and to provide for the creation of political subdivisions as in its judgment is necessary or required; and the Legislature shall provide said laws for the procurement of such insurance in the counties or political subdivisions of this State and for the payment of the costs, charges and premiums on such policies of insurance; and the Legislature shall have the power to amend this section."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the general election in November A.D. 1962. At such election all ballots shall have printed thereon: "FOR the Constitutional Amendment providing Workman's Compensation Insurance for all employees of all political subdivisions; and "AGAINST the Constitutional Amendment providing Workman's Compensation Insurance for all employees of all political subdivisions."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote independent of the other. In counties or other subdivisions using voting machines, the above provisions for voting for and against the Constitutional Amendment shall be placed on said machine in such a manner that each voter may vote on such machine for or against the Constitutional Amendment.

Section 3. The Governor shall issue the necessary proclamation for the election and have the same published as required by the Constitution and laws of this State.

Proposed CONSTITUTIONAL AMENDMENT NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 7 proposing an amendment to Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled, renumbering said Section, and providing that the amount paid out of state funds for assistance payments to the totally and permanently disabled may never exceed Two Million, Five Hundred Thousand Dollars (\$2,500,000) per year.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-b of Article III of the Constitution of the State of Texas, relating to assistance to needy persons totally and permanently physically or mentally disabled, be renumbered as Section 51-b-1, and the amount paid out of state funds for assistance payments to the totally and permanently physically or mentally disabled may never exceed Two Million, Five Hundred Thousand Dollars (\$2,500,000) per year.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to establish a ceiling of Two Million, Five Hundred Thousand Dollars (\$2,500,000) per year on the amount that may be paid out of state funds for assistance payments to the totally and permanently disabled; and "AGAINST the Constitutional Amendment to establish a ceiling of Two Million, Five Hundred Thousand Dollars (\$2,500,000) per year on the amount that may be paid out of state funds for assistance payments to the totally and permanently disabled."

Section 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Article VII of the Constitution of the State of Texas, relating to the manner in which the boundaries of any school district shall be changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinabove authorized may be in the amount or not to exceed the rate theretofore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 3-b providing that taxes or bonds previously voted in any independent School District, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."

"AGAINST the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 3-b providing that taxes or bonds previously voted in any independent School District, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective on and after the date of its adoption.

Section 3. The Governor shall issue the necessary proclamation for said election, authorizing the levying and collection of taxes on all taxable property in the district as changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted. In those instances where the boundaries of any school district are changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinabove authorized may be in the amount or not to exceed the rate theretofore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 3-b providing that taxes or bonds previously voted in any independent School District, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."

"AGAINST the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 3-b providing that taxes or bonds previously voted in any independent School District, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective on and after the date of its adoption.

Section 3. The Governor shall issue the necessary proclamation for said election, authorizing the levying and collection of taxes on all taxable property in the district as changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted. In those instances where the boundaries of any school district are changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinabove authorized may be in the amount or not to exceed the rate theretofore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ELEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 25 proposing an amendment to Section 49-b, Article III of the Constitution of the State of Texas, relating to the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans, to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of the State of Texas, be amended by adding thereto the following:

"The foregoing notwithstanding, any lands in the Veterans Land Fund which have been first offered for resale to veterans and which have not been sold may be resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law."

This Amendment shall become effective upon its adoption.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of the State of Texas, by adding thereto a provision authorizing the resale of lands of the Veterans Land Fund remaining unsold after having been first offered for sale to veterans, to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now provided by law, or as may hereafter be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution of this state.

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 22 proposing an amendment to Article IX of the Constitution of the State of Texas, by adding a new Section thereto, to know, and as described in Section 11, providing that the Legislature may authorize the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the limits of such county, authorizing the levying and rates of taxes; providing for the acquisition of land and properties for hospital use, as well as the maintenance and operation of the same; and authorizing the issuance of tax bonds for the purpose of the purchase, construction, acquisition, repair or renovation of improvements; and further providing that any enabling acts proposed shall be invalid because of their anticipatory character.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article IX of the Constitution of the State of Texas is amended by adding thereto a new Section to read as follows: "Section 11. The Legislature may by law authorize the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the limits of such county. "If any such district is created, it may be authorized to levy a tax not to exceed Seventy-five Cents (75c) on the One Hundred Dollars (\$100) valuation of taxable property within the district; provided, however, no tax may be levied until approved by a majority vote of the participating resident qualified property-tax-paying voters who have duly rendered their property not taxable. The maximum rate of tax may be changed at subsequent elections so long as it does not exceed the maximum limit of Seventy-five Cents (75c) on One Hundred Dollar (\$100) valuation.

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following: "FOR the Amendment to Article IX of the Constitution permitting the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the limits of such county; and "AGAINST the Amendment to Article IX of the Constitution permitting the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the limits of such county."

Section 3. The Governor shall issue the necessary proclamation for said election, and the Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Rains Leave Parmer County Farms Well-Soaked

BENEFITTING FROM the rain in Parmer County during the past week were many fields, such as the cotton field above, west of Bovina. Most farmers were ready for warm weather again after heavy falls during the week.

Some Damaging Hail Reported In Area

Parmer County farmers, for the first time this summer, had "enough" rain this week, with general rains blanketing the entire county during the past week.

A few farmers received damaging hail along with the rains last weekend, with estimated loss in some instances approaching the 100 per cent mark.

But everyone--it seems--got rain, from as little as one inch in parts of the county, to more than eight inches in other parts.

The heaviest fall reported was on the W. F. Gable farm six and one-half miles northeast of Farwell, where eight inches had been measured in the past week as of Monday.

The biggest concentration of hail apparently was east of Hub parallel to and south of Highway 86. The Eddie Hall farm, two miles east and a mile south of Hub, was one of the hardest hit, with heavy damage both to his place and that of his father, Luther Hall.

W. H. Awtrey, three miles east of Hub, had his quarter-section south of the highway almost completely ruined, while that on the north side wasn't damaged much.

Others in the area reporting hail included Wayne Garth, M. J. Stacy and Deon Awtrey. The Hub area also received a heavy rain along with the hail, from three to four inches in most cases.

Gene Ellis, who lives five and a half miles east of Hub and also farms a place two miles east, said his hail damage was relatively light, and he received from two to three inches of moisture on the two places. "It was our first rain to amount to anything this year," he said. Other hail damage was reported in the Lazbuddie area, where Jimmie Seaton and T. L. Gleason were reported as having extensive damage.

Another area with hail damage was west of Bovina and north of Farwell. Herman Gerles reportedly was the hardest hit in that area. He farms about 13 miles north of Farwell.

Others around Farwell reporting hail were Dale McCuan, Lester Norton, Troy Lovett and James Ensor. There was also an area damaged south of the Oklahoma Lane-Lariat area.

Some of the larger rain measurements in the Farwell area included 4.90 inches for Ray Tharp, five miles north on the Stateline Road, John Lovelace's farm had five inches of rain through Saturday.

The John Hadley farm five miles south and two west of Texico-Farwell measured four inches of rain through Saturday. Melvin Burns, two miles west and one north of Texico reported two inches of rain.

The Rhea community in northwest Parmer County didn't have as heavy a fall as other parts of the county, but received good showers both Saturday and Sunday.

In Cripple Creek, Colo., somebody put up a homemade sign on Bennett Avenue: "Caution, Rader controlled." Bill Rader is the police chief

A BATTERED FIELD of cotton on the W. H. Awtrey farm east of Hub showed the damage left by hail in the area from last Saturday's storm. Several farmers in the vicinity reported damage.

THE HIGH PLAINS FARM AND HOME

Blackstone Represents County In District Contest

The Parmer County 4-H Dress Revue was held Tuesday evening, July 24 at 8:30 p.m. in the Hub Community Center with approximately 160 friends, parents, and participating girls attending.

Katie Blackstone placed first in the senior division of the advanced dresses. She was to represent the county in the District 4-H Dress Revue in Amarillo Wednesday, August 1, at the YWCA. She made and modeled a brown cotton hand-screened print shirtwaist dress with black accessories.

Twenty-eight garments were entered in the judging Tuesday morning at 9 o'clock in the Hub Community Center. After the judging the girls modeled their garments for the public in the evening dress revue.

Ribbons were awarded to each of the twenty-eight girls by Miss Ettie Musil, County Home Demonstration Agent, and Miss Cella Patton, Junior Assistant Extension Agent.

Winners in each of the garment divisions are Ann Blackstone, first, and Janie Watkins, alternate, in the elastic gathered skirts division for first year girls. Sharon Martensen was first and Shirley Schuel-

er was alternate in the simple blouse division.

In the pleated skirts and blouses division, Karene Milner placed first and Kathryn Gober was alternate. Placing first was Marsha Schumann in the simple dress division. Terri Sue Mabry was the alternate in this division. Judy Koelzer had an alternate-rated advanced dress in the senior division.

Farwell 4-H Club girls were in charge of the punch for refreshments. Each of the other girls brought a dozen cookies that they had made for the refreshments. Judy Billingsley served as narrator. Charlotte Davis played piano during the modeling.

Others participating in the judging and dress revue with high rated garments were: (Elastic Gathered Skirts)--Vicky Kaltwasser, Patcine Broyles, Tina Rundell, Debbie Burch, Karen King, Sharon Martensen, Linda Gossett, and Kathy

Coker. (Simple Blouses) -- Cheryl Ramage and Shella Vaughan. (Simple Dresses) -- Jill Mimms. (Pleated Skirts and Blouses) -- Peggy Lesly, Patricia Tannahill, Sherri Tannahill, Janis Billingsley. (Advanced Dresses) -- Viane Lesly, Mary Coffey, and Reba Lesly.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Bureau Presidents.
"Loss of faith in God is our nation's most serious problem. When men lose God, they turn to State. Thus they have to 'destroy' God to make Communism succeed. Unless we Americans are able to change some of our values we will lose freedom of choice with respect to life's values. Our forefathers fought, bled and died to create on this continent the greatest civilization in the history of man, the greatest freedom for the greatest number of people, the most opportunity, the highest standard of living. They bequeathed us the greatest freedom document ever devised by man: the Constitution of the United States."

We believe this quotation from Tom Anderson of Farm & Ranch should command the attention and consideration of every American who considers his responsibility as a citizen of this great country of ours. We are happy to have our office secretary, Nell Davis back from the Annual Farm Bureau Institute in Corpus Christi. She says she had a good time and enjoyed the fellowship of the three hundred or so people who were there.

CONSIDER THIS: There is no wisdom nor understanding nor counsel against the Lord. Proverbs 21:30.

Pat's Film Debut

HOLLYWOOD (UPI) — Pat Suzuki, who scored in the New York stage production of "Flower Drum Song" makes her film debut in "Judo," an Allied Artists picture. Frank Blair, New York television actor, has signed for a key role in the film.

HD Agent's Notes

BY MISS ETTIE MUSIL

Ordinary waxed papers, household aluminum foil and cartons from cottage cheese and ice cream or milk should not be used because they are not moisture - vapor-proof or resistant. Hot water must be used to wash most of the milk bacteria left in empty milk or ice cream cartons. This hot water melts the wax coating, which leaves only the paper of the cartons. Regular paper is not resistant to below zero temperature of the freezer.

Bags and sheets of moisture-vapor-resistant cellophane, heavy aluminum foil, polyethylene, or laminated papers are suitable for dry-packed vegetables, fruits, and meats. The popular polyethylene bags are less costly for the initial cost but should be used only once. Even a tiny pin-point hole that cannot be seen with the eye will cause freezer burn or decrease the quality of the food.

Select fresh, tender vegetables right from the garden for quality food products. Vegetables and fruits that are over-matured are not good for freezing nor canning. During hot weather harvest vegetables in the early morning before they become wilted or absorb much heat from the sun.

It's canning and freezing time! Vegetables, vegetables, everywhere good, fresh vegetables! Many homemakers are taking advantage of this abundant supply by freezing and canning a family supply for the winter and early spring months.

Every year I get many questions about proper freezing of vegetables. You may be among the many who comment each year, "We just couldn't eat the black-eyed peas and beans I froze last summer. I just don't know what happened."

Properly frozen foods slowly change in quality in storage and will not keep indefinitely. Proper handling before freezing, good packaging material used, storage temperature, and quality and kind of food stored are all most important for successful freezing of foods.

Packaging materials should be moisture-vapor-proof to prevent evaporation and to retain the highest quality in frozen foods. Glass jars or soft plastic containers are good for fruit, vegetables, or prepared foods. The initial cost is fairly high, but these containers can be used over and over until a crack or tiny hole ruins its use.

If it is necessary to store vegetables for a short time after harvesting before canning or freezing, spread them out loosely in a cool, well ventilated place, or pack loosely in the refrigerator. The best practice is to freeze or can without delay after the harvesting. Wash the fruits or vegetables thoroughly in cold water, drain and sort; peel, trim and cut as directed for each vegetable.

We have an excellent bulletin

for you free upon your asking. Many good instructions are available for freezing fruits, vegetables, meats, and prepared foods. Call us, write, or come by for a copy. Then follow these instructions to the letter for successful freezing. We also have a bulletin for home canning of fruits and vegetables.

It is most important to heat vegetables before freezing to slow or stop the action of enzymes. Until vegetables are ready to grow and mature. After that they cause loss of flavor and color. If vegetables are not heated enough, the enzymes continue to be active during frozen storage.

If vegetables are not blanched or heated for the exact time for the vegetable they will develop off-flavors in a few months and may discolor or toughen. Heating also wilts or softens vegetables and makes them easier to pack. Too long a heating period will result in softening of texture and an unnecessary loss of water soluble vitamins and minerals.

Use a large kettle that can be covered. Use a fine-mesh wire basket, blancher, or large, loose cheesecloth bag to hold just enough vegetables for one pint or quart size bag. Too much of the vegetable will cool the water quickly and will not properly heat the vegetables. As soon as the vegetables are lowered into the water, cover with the lid and begin counting the time for the size and kind of vegetable.

Follow exactly the time given for each vegetable. Cool vegetables quickly and thoroughly to stop the cooking. To cool the vegetables, plunge the basket of vegetables immediately into running cold water or a large container of iced water. It takes about as long to cool the food as it does to heat it.

Remove the cooked vegetables and package according to directions on the container. Close the containers immediately and freeze. Put them in the freezer or a few packages at a time as they become ready, or keep packages in the refrigerator until all are ready.

Put no more frozen food packages into a freezer than will freeze within 24 hours. Usually this will be about two or three pounds of food per cubic foot of freezer capacity. Overloading slows down rate of freezing, and foods that freeze too slowly may lose quality or spoil.

For quickest freezing, place packages against freezing plates or coils, and leave a little space between packages so air can circulate freely. After fruits, vegetables and meats are frozen, store them at zero degrees F. or below.

If you have any problems in freezing good quality foods, let me know. These free bulletins should be a great help. Before freezing read most of the introductory information for best results.

OLFS Schedules Bidder's Bonanza

Oklahoma Lane Farm Supply, Case dealer, announced today that they will hold a "Bidder's Bonanza" community auction August 6 through August 11. As the name "Bidder's Bonanza" implies, those attending will have the opportunity to submit sealed bids on both new and used items of all kinds.

All farm and utility tractors and equipment will be on display, and ready for inspection throughout the six-day program. Bids may be submitted at any time from August 6 to noon on August 11. Then on Saturday afternoon, August 11, the sealed bids will be opened and the successful bids announced.

One of the novel features of

Oklahoma Lane Farm Supply's "Bidder's Bonanza" is the fact that those attending may bring their own items of all kinds and put them up for bids as well. Because of space requirements, this is limited to one item per family.

A strong community benefit is contained in the "Bidder's Bonanza" as participants may donate a portion of the proceeds to local clubs, schools or charities. All items up for bid will carry a card indicating terms and conditions, and those eligible for charity will specify the percent to be donated. Customers bringing items for the bidding are invited to name the charity of their choice.

Census Department Has A Never-Ending Job

Contrary to popular belief, the U. S. Census Bureau does not fold its tents and fade away between the big 10-year population and housing counts, according to Director James W. Stroud of the Bureau's permanent regional field office at Dallas, The Dallas region covers the states of Arkansas, Louisiana, Oklahoma, and Texas.

Mr. Stroud points out that nine major censuses will be conducted between now and the next decennial census in 1970. The first of these major censuses will be the 1962 Census of Governments which is conducted every five years. Then comes the five-year Censuses of Business, Manufactures and Mineral Industries. These will be taken in 1964 and 1969, covering business operations in 1963 and 1968 respectively. The Census of Agriculture will be conducted in 1964 and 1969.

In addition to these major censuses, the Bureau carries out a wide variety of current surveys on a monthly, quarterly, and annual basis. Topics covered in the current surveys include employment and unem-

ployment, population characteristics, health, housing, retail and wholesale trade, manufacturing, and related subjects. The purpose of the current surveys is to supplement and keep up to date the detailed information collected in the major censuses.

The Current Population Survey, conducted 12 times a year, is probably the best known Census Bureau interim activity since it provides monthly information on employment and unemployment. Information obtained by interviews in 333 sample areas of the country is combined to furnish statistics for national estimates. Information on migration, income, school enrollment, and other pertinent subjects is collected from time to time in the Current Population Survey in addition to the facts on employment and unemployment.

Approximately 35,000 households throughout the country are included each month in the Current Population Survey. These households are selected at random under the Census Bureau's scientific sampling program to provide a representative cross-section of all classes of the population, and all types of areas of the country - large cities, small towns, rural areas, and so forth.

The health of Red China's 600 million people is in the hands of "perhaps the most undertrained, medievally oriented, and politically infected medical profession in the world." That's the view of Arturo F. Gonzalez, Jr., of The Asia Magazine, which is published in Hong Kong. Writing in Today's Health, he says that Western-trained physicians, the cream of the country's medical profession, were summarily ordered, in 1958, to revert to traditional Chinese methods of treating patients. These methods include lancing the skin, muscle or other tissue with a long silver needle, the use of herbs which are supposed to cure everything from appendicitis to fractures, breath control, and shadow boxing.

SET TO LEAVE on the 4-H retreat are three of the adult leaders. From the left are Truman Gleason (top), County Agent Deryl Coker and Carl Schlenker.

Broilers Suggested As Barbecue Main Course

For aromas do a better job of whetting jaded summer appetites than those coming from a backyard barbecue. The backyard chef has a wide array of meats available but because of very favorable prices, F. Z. Beanblossom, poultry marketing specialist for the Texas Agricultural Extension Service, suggests broilers.

In addition to the broilers for chick-n-queing, the specialist says you'll need to plan a complete menu. Potato salad or corn-on-the-cob go good with chicken and a mixed green salad, an appetizer tray, sliced bread or rolls and a beverage will make for eating suited to the taste of just about anyone, adds Beanblossom.

The sauce used during the chick-n-queing process is mighty important. If you don't have a favorite recipe, the specialist suggests you pick up a copy of MP-312, "Let's Have

a Chick-n-que" from your county extension office and try the sauce he likes. The publication also contains other information which outdoor cooks can use to advantage.

And this final reminder from the specialist, don't cook the chicken too fast. Allow plenty of time for the job and when it is finished, you'll put a product on the table that you and your guests will enjoy and discuss for weeks to come.

The HAPPY HOMEMAKER

BY JUNE FLOYD

Many homemakers feel that there is nothing exciting about cooking. There really isn't any phase of homemaking that offers more opportunity for learning than does meal preparation. In a way it also offers a great challenge to a person who is interested in widening her experiences.

Of course, anyone can follow directions printed in simple recipes, but there is a lot more to being able to turn out an attractive meal that is nourishing than meets the eye. Then, too, it is necessary to know the exact meaning of a lot of words that are not used in everyday conversation.

In a recent issue of a U. S. Department of Agriculture pamphlet entitled "Family Fare," several pages are devoted to explanations of meanings of various cooking terms.

Many of these terms would have been absolutely useless to our grandmothers and will probably be indispensable to our grandchildren. For the benefit of cooks of all ages, we are re-printing this portion of the book.

COOKING TERMS

BAKE-To cook in an oven or oven-type appliance. Covered or uncovered containers may be used.

BARBECUE-To roast slowly on a spit or rack over coals or under a gas broiler flame or electric broiler unit, usually basting with a highly seasoned sauce. The term is commonly applied also to foods cooked in or served with barbecue sauce.

BASTE-To moisten food while cooking by pouring over it melted fat, drippings, or other liquid.

BOIL-To cook in water or liquid mostly water, at boiling temperature (212 degrees F. at sea level). Bubbles rise continually and break on the surface.

BRAISE-To cook slowly in a moist atmosphere. The cooking is done in a tightly covered utensil with little or no added liquid. Meat may or may not be browned in a small amount of fat before braising.

BROIL-To cook uncovered by direct heat on a rack placed under the source of heat or over an open fire.

PAN BROIL-To cook in a lightly greased or ungreased heavy pan on top of range. Fat is poured off as it accumulates so food does not fry.

CARAMELIZE-To heat sugar or food containing sugar until a

brown color and characteristic flavor develop.

CREAM-To work a food or a combination of foods until soft and creamy, using a spoon, wooden paddle, or other implement. Most often applied to fat or a mixture containing fat--for example, shortening and sugar.

FOLD-To combine two mixtures or two ingredients, such as beaten egg white and sugar, by cutting down gently through one side of the mixture with a spatula or other implement, bringing the spatula along the bottom of the mixture, and then folding over. This motion is repeated until the mixture is well blended.

FRICASSE-To braise individual serving pieces of meat, poultry or game in a little liquid--water, broth or sauce.

FRY-To cook in fat without water or cover.

PAN-FRY (OR SAUTE)-To cook in a small amount of fat (a few tablespoons, up to 1/2 inch) in fry pan.

DEEP-FRY or **FRENCH-FRY**-To cook in a deep kettle, in enough fat to cover or float food.

GRILL--Same as broil.

KNEAD-To press, stretch and fold dough or similar mixture to make it smooth. During kneading, bread dough becomes elastic, fondant becomes smooth and satiny.

MARINATE-To let foods stand in a liquid (usually mixture of oil with vinegar or lemon juice) to add flavor or make more tender.

PARBOIL-To boil until partly cooked.

POACH-To cook gently in liquid at simmering temperature so that food retains its shape.

POT-ROAST-To cook large pieces of meat by braising.

RECONSTITUTE-To restore concentrated foods to their original state; for example, to restore frozen concentrated orange juice to liquid form by adding water.

REHYDRATE-To soak or cook or use other procedures to make dehydrated foods take up the water they lost during drying.

ROAST-To bake in hot air (usually oven) without water or cover.

SCALD-To heat liquid to just below the boiling point.

SIMMER-To cook in liquid just below the boiling point, at temperatures of 185 degrees to 210 degrees. Bubbles form slowly and break below the surface.

STEAM-To cook food in steam, with or without pressure. Food is steamed in a covered container, on a rack or in a perforated pan over boiling water.

STEW-To boil or simmer in a small amount of liquid. Meats are stewed at simmering temperature.

4-H DRESS REVUE winners were (l) Marsha Schumann (simple dress); Karene Milner (pleated skirt and blouse); Katie Blackstone (advanced dress); Sharon Martensen (simple blouse) and Ann Blackstone (elastic gathered skirt).

Bollworm Control Recommendation Stand

College Station, July--Is the cotton bollworm becoming tougher and more resistant to insecticides in Texas? Because some farmers had trouble controlling bollworms last year, it seems they might be developing a tolerance to commonly used chemicals.

But, according to test results contained in Progress Report 2236 of the Texas Agricultural Experiment Station, bollworms show no resistance to the insecticides used for their control.

Bollworm larva for the tests were collected over the state and reared on cotton leaves and an artificial diet. They were then treated with various insecticides at different dosages and the rate of kill recorded.

The insecticides used were DDT, endrin, Sevin, toxaphene-DDT (2 to 1 ratio), and Strobane-DDT (2 to 1 ratio).

The bollworms collected in El Paso, College Station, Eagle Pass, and Laredo showed a good rate of kill from the treatments. However, there was some evi-

dence of tolerance to DDT in bollworms from LaGrange and Rosebud, and Eagle Pass during August. But these data do not show a real resistance of the bollworm to DDT according to the report.

During the study, it was found that the population of tobacco budworms was unusually high and therefore data were kept on both insects as both attack cotton in a similar manner. Comparative toxicity tests with the bollworm and the tobacco budworm showed the bollworms are harder to kill than cotton bollworms.

The study indicates that bollworms may be controlled with the usually recommended insecticides but if tobacco budworms are present DDT alone will not provide sufficient control.

For more information on the study write the Agricultural Information Office, College Station, and request a copy of Progress Report 2236.

Early steam traction engines, pioneers in mechanization, often weighed more than 45 thousand pounds and developed more than 120 horsepower.

Early attempts to develop gasoline tractors were sparked by the need to reduce the size of threshing crews.

GSPA Has Mid-Year Director's Meeting

Thirty officers and directors of the Grain Sorghum Producers Association from throughout the High Plains Area, participated in the mid-year Board of Directors meeting of the Association, in the X I T Room of the Herring Hotel, Amarillo, recently.

Elbert Harp of Abernathy, President of the Association, and Frank Moore of Plainview, its Legislative Vice President, recounted the organization's position and activities in connection with the many varied farm bills affecting grain sorghum which have been before Congress this year. It was pointed out that "officers and staff of Grain Sorghum Producers Association worked with the Department of Agriculture and administration officials, as well as with leaders of other farm organizations to get 'the best possible deal for grain sorghum' as new bills or amendments were presented."

The Board directed the continuation of such policy but with added efforts to seek an extension of the basic provisions of the current Emergency Feed Program for 1963. This would allow for a continuation of the approximately \$1.75 per hundred farm price for grain sorghum which is 76 per cent of parity instead of returning to the 65 per cent parity level which will be mandatory unless further Congressional action is taken.

In other business, plans were made for continuation of As-

sociation membership in the U. S. Feed Grains Council reported on his participation in the World Staff Conference of the U.S. Feed Grains Council which he attended in Rome, Italy in mid-June, as well as his analysis of the effect of grain programs within the European Economic Community, on grain sorghum.

GRASSROOTS OPINION
LENOX, S. DA., INDEPENDENT: "Small business, like farming, is always a risk and is always a political football in election years. We remember a bright young candidate telling us that something must be done about helping small business. So what has been done, the same old cure has been prescribed -- make more government loans. But it occurs to us this hasn't gotten many results. Ten per cent more businesses went broke in 1961 than in 1960 and now the proposal has been made to raise postal rates, raise social security payments, raise wage scales, raise taxes, lower tariffs, but keep prices down to avoid inflation and meet foreign competition. Now just how a struggling business can make a go of it to repay a loan if burdened down by more expenses and less income, we don't know."

BIG AND BRAUNY

The International 660 Diesel And the #48 Wing type Disc Harrow

With 82.93 horsepower on the pto, 74.3 hp* at the draw-bar, the International 660 Diesel deals a knockout punch to your biggest, toughest jobs. It would be seldom that any of your field work would be big enough to say "no" to this mighty six-cylinder power.

Pulling the 21Ft, 4900 Lb #48 Disc Harrow

Here's the kind of capacity that makes short work out of big jobs and lets you use the power your large tractors were made to deliver. Twenty-one feet of cutting, churning action digs in to thoroughly work your soil even in toughest, trashiest conditions. And, you'll work with the precise control and ease of handling you're used to with much smaller disk harrows. Dual wheels carry the harrow high for transport, let you pinpoint working depth from hub-deep to just scratching the surface.

HURST'S

FRIONA

WITH THE COUNTY AGENT

DERYL COKER

The time for fertilization of wheat to be planted this fall will soon be here so we should start

planning now. In planning a fertilizer use program for wheat to be planted this year you should consider having your soil tested to determine the fertilizer needs. Soils in Farmer County vary considerably in their ability to supply nitrogen and phosphorus. A soil test together with information on cropping history, water supply, and anticipated yields gives the best information available for profitable fertilization practices.

Nitrogen, often called the key nutrient element in wheat production, is likely to be the element in shortest supply. 50 bushel of wheat removes in the grain about 60 pounds of nitrogen. If grazed, additional nitrogen will be removed in the forage. The organic matter as measured by soil tests is a guide in determining nitrogen needs, but other factors such as the quantity of last year's residue, the physical condition of the soil, and grazing practices must all be carefully considered.

Phosphorus deficiency may be cutting down your profits from wheat production. Response from the use of phosphorus has been common for many years in mixed lands and more recently excellent response has been shown on hardlands by both research and field demonstrations. Deficiencies are more likely to occur on soils that have been intensively farmed under irrigation with high rates of nitrogen. The soil test is an excellent tool for evaluating the soil's supply of available phosphorus.

To get the most for the dollar spent on phosphorus it is important that the material be placed preplant in the seedbed where it will be within reach of permanent roots. Unlike N, this element moves very little from point of placement. We have sample containers and information sheets for your use.

At the present time most all cotton fields are in good shape insect-wise. At the present time in the majority of fields beneficial insects outnumber harmful insects. Out cotton is not so far along, but that fleahoppers and bollworms could cut our yields. So it would be advisable to continue to check field insect conditions.

Four-H Club Camp is being held July 30 through August 2, so will not be in my office until August 3.

Overloaded or frayed and worn wiring can cause a fire or electrical shock. Before an accident happens, have your home wiring inspected for safety.

USDA Announces 1962 Crop Grain Sorghum Support Rates

The U. S. Department of Agriculture June 26 announced 1962 crop grain sorghum county and terminal support rates.

These rates are based on the national average support price announced Jan. 9 at \$1.93 per hundredweight for 1962-crop grain sorghum grading No. 2. The national average support for the 1961 crop was also \$1.93 per hundredweight.

The method followed in determining individual county and terminal rates is the same as that used in setting rates in previous years. While the 1962 national average support price is the same as for 1961, Gulf and California terminal rates were increased 1 cent per hundredweight for 1962 to reflect changes in market price relationships.

For most producing areas, as in the past, county support rates reflect terminal rates less the freight and handling charges needed to get the grain sorghum to terminal markets.

County and terminal rates are further adjusted by premiums and discounts for grade and quality to determine support prices for individual producers. For 1962, a premium of one cent per hundredweight is included for Grade No. 1 grain sorghum and the basic support rate will be for Grade No. 2 only instead of Grade No. 2 or better as in the past.

The discount schedule is un-

changed except for elimination of the discount for discolored grain sorghum.

Revisions in grain sorghum grade standards which become effective Aug. 1 will be used for the 1962 support operation. Grain sorghum producers who participate in the 1962 feed grain program will be eligible for price support on their 1962 production.

Under legislation authorizing the program, there will be quantitative limitation on the 1962 production of grain sorghum that can be put under support from eligible farms. The eligible quantity will be equal to the farm's 1959-60 average per acre yield times the 1962 grain sorghum acreage, both as determined by the county Agricultural Stabilization and Conservation (ASC) Committee. The provision was in effect under the 1961 feed grain program.

Producers who do not participate in the 1962 feed grain program will not be eligible for price support on 1962 grain sorghum production.

The Farmer County loan rate on 1962-crop grain sorghum is \$1.90 per cwt. The 1961 support rate in Farmer County was \$1.89 per cwt.

A schedule of premiums, discounts and storage charges are as shown below:

| | |
|---|----------------|
| Premiums: | Cents per Cwt. |
| Grade No. 1 and containing not in excess of 13% moisture. | 1 |
| Grade No. 3 and containing not in excess of 13% moisture | 3 |
| Grade No. 4 and containing not in excess of 13% moisture | 5 |
| Smutty | 5 |
| Mixed Grain Sorghums | 3 |

Schedule Of Deductions For Storage Charges For Maturity Date Of March 31, 1963

Amount of deduction (cents per hundredweight) Date the storage charges start are as follow:

21--Prior to May 28, 1962
20--May 28 - June 11, 1962

19--June 12 - June 26, 1962
18--June 27 - July 11, 1962
17--July 12 - July 26, 1962
16--July 27 - Aug. 10, 1962
15--Aug. 11 - Aug. 25, 1962
14--Aug. 26 - Sept. 9, 1962

CASE.

BIDDER'S BONANZA

AUGUST 6 THROUGH 11

Just imagine! A treasure trove that includes new and used farm and utility equipment, grandfather's clock, maybe even grandmother's rocker... any of it yours for the price of a winning sealed bid. Starting Monday, August 6th, we're taking sealed bids on many items in our stock of new and used tractors and equipment... a real opportunity to get your machinery needs at a bargain price. And "Bidder's Bonanza" is a two-way street! You and your neighbors are invited to bring any useful item (one per family) and put it up for bids. If you like, a percentage of the sale of your equipment or household items can be set aside for a local club, church, school or charity of your choice.

Opening of Bids... Saturday, August 11, with refreshments for the entire family. Don't miss this day above all!
