SECTION I

Players Named For Ball Teams

With the season getting into its third week, the rosters for Texico-Farwell's Little League and Babe Ruth League teams have just been released by Johnny Green. The 45 boys who compose the three teams include:

Little League Red Tops: Willard Hutsell, Tommy Beavers, Brian Burns, Greg Burns, Billy Bourland, Dale Camp, Larry Combs, Ricky Lunsford, Gary Han, Doug Harriman, Benny Lunsford, Greg Meeks, Roy McDaniel, Sammy Morton, Danny Pearce, Roddy Pearce, Dean Stovall, J. B. Taylor;

Little League Lions: Ardell Autrey, Doug Autrey, Johnny Autrey, Jimmy Birchfield, Steven Birchfield, Keith Cook, Tim Crume, Robin Mahaney, Kyle Sheets, Rickey Stanley, Donald Stone, Jimmy Webb, Marty White, Mark Williams; Babe Ruth League Lions: Emmet Autrey, Louie Bradshaw, Larry Burns, Arty Chesney, Hap Danforth, Carl Glenn Davis, Lee Halsell, Donny Morris, Floyd Morris, Charlie Morton, Tom Rickstrew, Bill Roberts, Johnny Schell, Mike Spearman and Keith Thomas.

Green requests that all the boys who tried out but did not make the teams, meet at the Texico swimming pool, Tuesday morning at 10:30.

Farwell Chamber To Meet Tuesday

Farwell Chamber of Commerce will meet in regular session Tuesday afternoon, June 26, at 5 in the bowling alley cafe.

Only routine business will be conducted, says Hurschel Harding, chamber president.

D'Rene Danforth To National Conven.

Miss D'Rene Danforth will be the official delegate from Delta Pi Chapter, ENMU, Portales, to the 26th National and 15th International Zeta Tau Alpha Convention in Hot Springs, Ark., June 25-30.

Miss Danforth, who is to serve her social fraternity as president next fall, is the daughter of Mr. and Mrs. Fred Danforth of Texico.

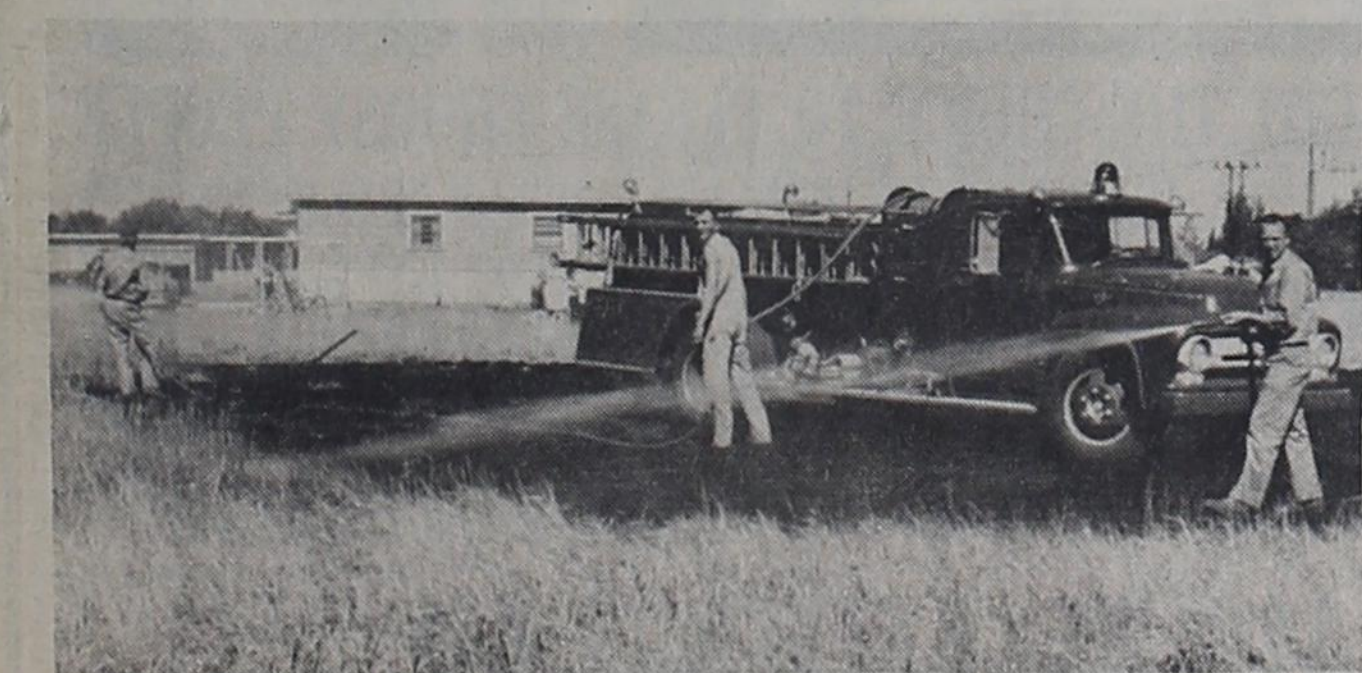

She will accompany her parents as far as Austin Friday and will fly from there to the convention site Monday. She will return to Clovis via plane June 30.

Formerly Kappa Delta Alpha, Delta Pi colony was organized this past winter on the ENMU campus and was installed this spring by delegates from Beta Nu Chapter, NMSU, and national officials.

Locale of the convention is the Arlington Hotel which is a handsome example of Italian architecture. Over 500 Zetas are expected to attend the week of business sessions, luncheons, banquets, district and province meetings, memorial service and several other meetings.

HUGH MOSELEY, director of the Farwell Post Office's campaign for the Salk Institute Building in San Diego, Calif., is shown at the Farwell Post Office ready to post the mailers which were to be delivered to families in the county this week asking for contributions. The \$15 million building, scheduled to open in 1963, will provide facilities for research work for some of the world's most eminent scientists, says Joe W. Jones, county chairman of the National Foundation. Contributions to the fund are to be returned to Moseley.

FARWELL'S VOLUNTEER firemen were summoned last Friday to extinguish a grass fire in the city limits. City residents, as well as farmers with wheat or wheat stubble are reminded to be extremely careful, since a fire could be a dangerous thing, especially on a windy, dry day.

Stuckey's Opens On Clovis Hi-Way

Stuckey's Pecan Shoppe, newly built business on the Clovis highway four miles west of Texico, is open this week and is planning its grand opening today, (Friday) Saturday and Sunday.

The candy shop, one of a chain of 115 in 25 states, specializes in pecans and pecan candies, but also serves quick snacks and offers unusual gifts.

During its grand opening, Stuckey's offers free samples of their pecan candies to customers. Visitors may also receive a Stuckey's Courtesy Card which entitles them to a 2-cent per gallon discount on gas at any Stuckey's shop.

With each purchase of 10 gallons or more of gas during the grand opening, Stuckey's is giving away a one-pound box of pecan divinity.

More details concerning the new business may be seen in an advertisement elsewhere in the Tribune.

Cemetery Dinner Successful

According to Mrs. E. G. Blair, spokesman for the Texico cemetery association the dinner Wednesday was a big success with \$150, profit.

The money realized from the dinner will be applied on the purchase of a mower to be used in the care of the cemetery.

Mrs. Blair says, "We wish to thank all who brought food, all who helped with the serving of the meal and to all those whose patronage made the dinner a success."

The parking areas in front of these businesses in east Farwell are getting face-lifting job this week. A construction crew was busy leveling ground in preparation for paving which will be in front of Wayne's Supermarket, Hughes Auto Parts, Farwell Plumbing and Live Longer Laundry. The project is hoped to be completed by the end of the week.

State To Widen Farwell Ave. A

A project that has been in the "talking stage" for approximately two years got underway this week in Farwell with the installation of curb and gutter on east Avenue A.

Widening of Farwell's Main Street from Seventh Street east past Sherley-Anderson-Pitman elevator has been in the planning phase for a long while, with the state having proposed to do the paving when and if the city could get property owners to pay for curb and gutter work in front of their property.

The improvement became a reality Tuesday afternoon when crews of workmen from Hodges and Tierney Construction Co. of Lubbock installed the first curb and gutter along the street (Highway 70-84). This company will also do the curb and gutter work for the city paving project which is also to get underway this week. It was not learned when the actual paving of Avenue A would begin.

Other construction work in the east part of town on the highway this week is the leveling and filling in of dirt on parking areas of businesses along the highway. To be paved are areas in front of Wayne's Supermarket, Hughes Auto Parts and Farwell Plumbing, as well as the areas north and west of the Live Longer Laundry.

This project was hampered by installation of the curb and gutter along this site and some curbing had to be re-installed in connection with this work.

It was hoped that the parking areas would be paved and ready for use by the end of the week.

June 27 is the deadline for the curb and gutter project, Dick Adams, project engineer stated. Persons wishing to discuss the project may contact Adams at PO-3-4056 or PO-3-9443 in Clovis or the Farwell city clerk.

Charge Hereford Trio With Theft In Friona

Three Hereford teenagers have made bond of \$1,000 each and are awaiting action by the Parmer County Grand Jury. Larry Carlson, 18, and Robert Useton, 17, were charged with felony theft, and Gary Tyler, 19, was charged with receiving and concealing stolen property, also a felony charge.

It is charged that Carlson and Useton took a manifold and a carburetor from a new car parked on the Reeve Chevrolet lot the weekend of June 9. Also taken were two sets of new exhaust pipes from the lot.

The property taken amounted to around \$150, according to Parmer County Sheriff Charles Lovelace. The trio was said to have admitted other thefts around Friona and Hereford involving stripping of automobiles.

Bond of \$1,000 has been set for Abel Gomez, who was arrested near Black last week and charged with forgery. Calvin Burris was fined \$46 in Judge Loyde Brewer's court on a worthless check charge.

Deadline Arrives For Curb-Gutter

Farwell property owners are reminded that today (Friday) is the deadline for requesting curb and gutter improvements to be done in connection with the current city paving program.

Persons wishing to have this work done in front of their property should notify the city hall before 5 p. m. today.

Work on the 32 1/2 blocks of paving was to begin this week and a construction company was busy putting in curb and gutter along Avenue A early this week.

When this project is completed, every house in Farwell will have paving in front of it, although not all property owners have signed up for the curb and gutter installation.

Silver Dollar Shoot Sunday

Texico - Farwell Lions are sponsoring a "silver dollar" target shoot this Sunday, June 24, from 1 p. m. until sundown. Fees are \$1 and \$2 and the shoot will be in east Farwell across from Farwell Fertilizer. Everyone is invited to participate.

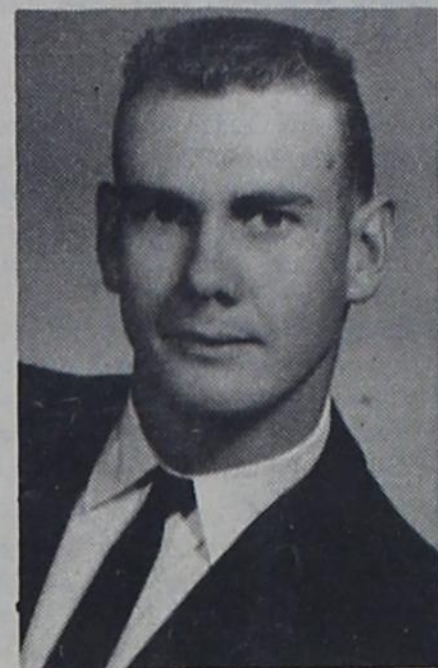

Wreck Hurts Magness

Willis Magness of Farwell is confined to Clovis Memorial Hospital recuperating from injuries sustained in an automobile accident Friday afternoon on Highway 70-84 at Lariat. Magness, who was driving east on a section line road, collided with a station wagon at the intersection of the highway and dirt road.

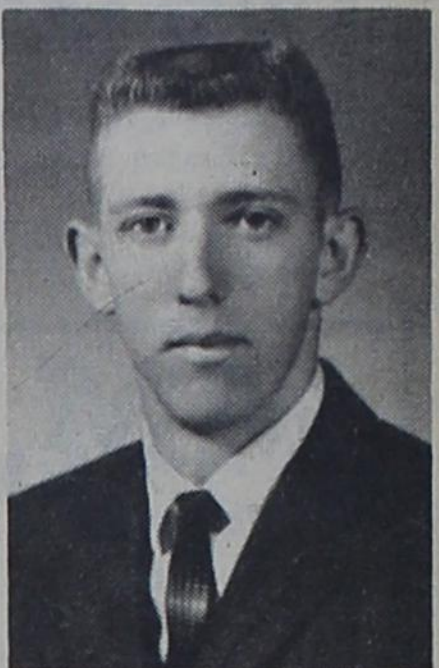

The station wagon, which was traveling west on the highway, overturned after the impact.

DANNY JOHNSON

ROBERT WHITE

MIKE NELSON

Local Boys Receive Star Farmers Degrees

With only two per cent of the 38,000 FFA boys in the state of Texas eligible to receive the Star Farmer Degree, three Farwell High school boys were approved by the state screening board early in June to receive the degree and will be presented with the awards at the state FFA Convention which will convene in Fort Worth July 18-20.

To receive the degrees are Robert White, Mike Nelson and Danny Johnson who all live in the Oklahoma Lane community.

Robert 18, the son of Mrs. Louella White and the late Bud White, graduated from Farwell High School in May where he was active in FFA work having served his chapter as secretary for the past three years. He was also a member of the dairy judging team which participated in several contests participating in state competition and Robert was high individual in dairy judging in a contest at Canyon in the spring.

He was a member of the senior play cast and a candidate for Mr. FHS and most handsome boy in Farwell High School during his senior year.

Robert has made approximately \$3500, from his projects which consisted of five acres of milo each year for the past four years, three acres of wheat each year for the past three years and three acres of cotton for the past two years. He has also raised pigs for pork selling approximately 25 porkers in the past four years. He also has three brood sows with which he plans to continue his pigs for pork projects when he takes over operation of 320 acres of the family farm in the fall.

Mike 18, the son of Mr. and Mrs. Bernard

Nelson has been enrolled in FFA throughout high school and has had as projects three acres of milo each year for the past four years and has raised pigs for pork selling approximately 20 porkers in the past four years. He has made approximately \$1100, from his projects and plans to use the money made to help finance his future education this fall when he will enroll at WTSC where he will study either landscaping or accounting.

He served his FFA chapter as vice-president for two years, was on the dairy judging team the past year and served on the annual staff and also a member of the senior play cast. He was also active in sports where he participated in football, basketball and track.

Danny 17, the son of Mr. and Mrs. Kenneth Johnson has as his projects five acres of barley, 10 acres of milo and two acres of cotton. He has entered his projects in county competition for the past two years winning third on his milo production yield in 1960 and first on his cotton production yield in 1961.

This year he is planning to broaden his projects by adding two registered poland china sows which he plans to show in district competition. He has made approximately \$1000, from his projects which he is saving to use to further his education.

Danny will serve the local FFA chapter as sentinel during his senior year.

Robert Morton, local agriculture instructor will be in Fort Worth for the state convention as will Charles Roberts and Charles Actkinson.

Pioneer Sent Proposal By Plains Gas Users

Bruce Parr, president of the Parmer County Irrigation Gas Users Association, revealed that the Plains Irrigation Gas Users Association has made a proposal to Pioneer Natural Gas Company for a substantial reduction in rates.

Parr said that David Burgess of Tulsa, president of the Plains organization, stated that pursuant to board action of May 31, he had written to C. L. Wall, president of Pioneer Natural Gas Company, presenting a proposal to reduce irrigation gas rates to a rate which would afford the company a 7.2 per cent return based on "fair value."

Burgess stated that the Board had previously requested Dr. E. A. Steinberger, rate consultant of the board, to prepare a list of proposed rates which would afford a 7.2 per cent return to the company, and that Dr. Steinberger, based on actual 1960 sales by the company, prepared the following rate schedule:

1. Minimum Bills	1.65
2. 2 Mcf in higher brackets	.825
3. 3-10 Mcf	.60
4. 11-50 Mcf	.55
5. 51-100 Mcf	.45
6. 101-300 Mcf	.30
7. 301-500 Mcf	.25
8. 501-1000 Mcf	.225
9. All over 1000 Mcf	.20

This would constitute a substantial reduction in rates, and would, in fact, be lower than the rates charged farmers prior to the February, 1961, rate increase, Burgess pointed out. Present rates charged by Pioneer Natural Gas Company for irrigation gas are as follows:

1. Minimum bills	1.65
2. 2 Mcf in higher brackets	.825
3. 3-10 Mcf	.60
4. 11-50 Mcf	.55
5. 51-100 Mcf	.50
6. 101-300 Mcf	.38
7. 301-500 Mcf	.32
8. 501-1000 Mcf	.28
9. All over 1000 Mcf	.27

Burgess stated that the proposal represents an exhaustive effort on the part of farmer members of the Association to work out a fair and reasonable compromise before seeking legislation, although the directors of the Association believe that the only permanent protection to farmers is legislation which would give farmers a right to have their rates reviewed by the Railroad Commission.

According to Burgess, spokesmen for Pioneer have stated publicly that they do not oppose or object to farmers having such right, while making it equally apparent in recent months that they are vigorously opposed to legislation which would give farmers the right to appeal to the Railroad Commission.

(Continued on page 8)

Oklahoma Lane Plans Picnic

Plans are being made for the annual Fourth of July picnic and social at Oklahoma Lane community.

Everyone in the area is invited to the get-together at the community building which will start with a ball game at approximately 2 p. m.

A picnic supper will be served at 7 p. m. and everyone is to bring a covered dish.

JAMES WHITFIELD, officer manager of the Lubbock County ASC office and former office manager here, chats with Prentice Mills (center), present office manager of the ASC, and Elizabeth Turner during Monday's open house for the new Parmer County ASC office.

Red Tops Lose Two Games

There were two games on tap in Little League action this week.

In Monday's encounter, Charles Oil Company of Bovina

came out on top of the Texico-Farwell Red Tops by a score of 13 to 3. Roy McDaniel was the losing pitcher for the Red Tops. Collecting hits for the home team were McDaniel with a double and single and J. B. Taylor with a triple and single. Crossing the plate for the three Red Top runs were McDaniel, Taylor, and Larry Combs.

The two Texico-Farwell teams collided Tuesday with the Red Tops coming out on the short end of a 15 to 4 score against the Lions. The winning pitcher was Tim Crume with the loss being charged to Dean Stovall. J. B. Taylor hit a triple and single for the Red Tops while Jim Webb was the big gun for the Lions with a home run and a triple.

The next game is slated for Thursday with the Lions playing the Parmer County Farm Supply.

Texico Faculty Has One Vacancy

At a meeting of the Texico Board of Education, Thursday night, Mrs. Emmitt Clifton of Portales was hired to fill the vacancy recently left in the elementary school by the resignation of Mrs. Lois Miller.

Mrs. Clifton is a resident of Portales where her husband is an art instructor in the junior high school. She received her MA degree from ENMU at commencement exercises in May. One vacancy, that of science instructor remains to be filled according to Buck Doran, superintendent. Joe Corrigan who had been hired for this position recently resigned.

The bid submitted by Allied Supply Co. of Albuquerque for the sale of equipment for the mathematics laboratory was accepted.

A notice of publication of the sale of \$40,000 of school bonds will be posted and an advertisement for bids on furniture for the new school building will be run in the county paper.

Next meeting of the board will be July 5 at which time bids will be let for the purchase of new band uniforms.

Hospital Notes

R. S. Tucker, who suffered a broken leg in a fall last week, is reported to be in good condition by family members. They report Tucker may be able to be dismissed from the hospital later this week.

Miss Juanita Range, a recent patient in Methodist Hospital in Lubbock, was in Lubbock for a check-up earlier this week and it is felt by family members that she is doing well.

Stan Herington, who underwent open hip surgery in a Dallas hospital last week, is reported to be getting along fine the middle of this week. Stan, who is 15 months old, is the son of Mr. and Mrs. Duane Herington.

LOCAL

Mr. and Mrs. Ansel Doolittle and daughters of Albuquerque were here this week visiting her mother, Mrs. Tena Roth, and his parents, Mr. and Mrs. T. T. Doolittle and other relatives and friends. They left Wednesday for Midland, and on their return will visit in Ruidoso and in Roswell, with Mrs. Doolittle's sister and family, Mr. and Mrs. Wayne Tucker and son.

Weekend guests in the Clyde Magness home in Farwell were their son and family, Mr. and Mrs. Cary Joe Magness and son, Ken, of Lubbock.

Junior 4-H Leaders See Filmstrip

The Parmer County 4-H junior leadership club met June 18 in the Oklahoma Lane Methodist Youth Center with the meeting called to order by Bobby Tomlinson, president.

Janice Billingsley led the 4-H pledge and motto after which plans were made for the annual 4-H picnic. Members are to meet at the courthouse in Farwell July 16 at 5 p. m. and then go to the Clovis park.

All adult leaders and two boys from each club are invited to a meeting to help with plans for the boy's camp which is to be in Holy Ghost Canyon.

Janice Billingsley introduced Deryl Coker who showed a film, "Safest Township." This was an especially good film and the club wishes to thank Coker for his time in showing the film.

Refreshments of crackers, cookies and pop were served by Betty Gossett to Bobby Tomlinson, Judy, Janice and Bruce Billingsley, Warren and Linda Gossett, Mary and Martha Coffer, Reba, Viane and Peggy Lesly, members, and several adults.

LOCALS

Mr. and Mrs. Russell Johnson and Mr. and Mrs. Hardy Jones and children, H. C. and Nancy, visited Sunday in Amarillo with the Cecil Dykes family. Hardy Jones is a nephew of Russell Johnson and has recently moved here from San Antonio. He is employed at KZOL as an engineer.

Mr. and Mrs. Scott McDonald and children, Mike and Katherine, of Maracaibo, Venezuela, will be in Farwell and Clovis for the next month visiting with Mr. and Mrs. E. E. Booth and Mr. and Mrs. Earl Booth. McDonald is a petroleum engineer with an oil company. Mrs. McDonald is the former Joan Booth.

Mr. and Mrs. Fred Danforth, accompanied by their daughter, D'Rene, and Mrs. Danforth's mother, Mrs. H. O. Rogers of Morton will attend the wedding of a former Morton friend, Miss Phyllis Spiller, in Brady, Tex. Saturday evening. The family will spend Sunday in Austin sight-seeing and Miss Danforth will leave Monday to attend the Zeta Tau Alpha convention in Hot Springs, Ark. Mr. and Mrs. Danforth and Mrs. Rogers will visit relatives in San Antonio. The Danforth son, Howard, will visit his grandfather in Morton for the week.

Helton Oilers Top Gold Lantern, 13-4

The Helton Oilers bombed Gold Lantern 13 to 4 last Thursday night in Clovis to remain undefeated in league play.

Helton tightened its hold on first place in the league with an 11-hit barrage behind the pitching of Ox Louis and Si Koenigs. Louis and Koenigs allowed Gold Lantern only four runs off four hits.

Helton won Tuesday night by forfeit when the opposing team failed to show.

The next game is Friday night in Clovis. Game time is 8 o'clock.

Abilene Services For Mrs. Nix

Funeral services were held at Elliott Funeral Home, in Abilene Friday for Mrs. J. O. Nix, with Rev. Estes of the Assembly of God church officiating. Burial was in Glenwood Memorial Park.

Mrs. Nix who had been in ill health for a number of years was a long time resident of the Farwell area where she and her husband were engaged in farming. They moved to Abilene approximately 10 years ago upon their retirement.

Survivors include her husband J. O. Nix, three sons Welch of Abilene, Roy of EL Monte, Calif., and Charlie of Lariat, one daughter Mrs. P. M. Eubanks of Red Lands, Calif. eight grandchildren, 12 great-grandchildren, and a number of nieces and nephews.

Attending funeral services from here were Mrs. Ann Smith, C. C. Christian and Mr. and Mrs. Lee Jones.

Mrs. Nix was 76 years of age.

Sinless Fibs

NEW YORK (UPI) — Tom Poston, on leave as panelist on television's "To Tell The Truth," describes the CBS-TV game show as one where "it's a scene to tell a lie."

Babe Ruth Boys Lose Last Week

The Texico-Farwell Lions had a rough time of it last week as they dropped two in Babe Ruth League action.

In Friday night's game the Melrose Rebels ripped the Lions 30 to 8. Handling the Lion pitching were Larry Burns, Mike Spearman and

Johnny Schell. The loss was charged to Spearman.

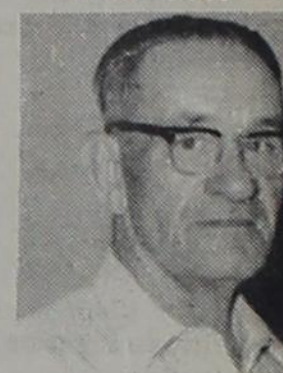

The Clovis Chiefs spilled the Lions 16 to 11 Monday night. The losing pitcher was Burns. Leading the Lion hitting were Charlie Morton, Keith Thomas and Arty Chesney with seven singles and a triple. Spearman and Louie Bradshaw got one single each. The next game is Saturday night when the Lions play the Cannon Rockets.

Social Fetes' Husbands

Oklahoma Lane Variety Club members held their summer social and chicken fry at the L. M. Grissom home in Bovina, Tuesday night. Special guests were husbands of club members.

Fried chicken and all the trimmings was served with home made ice cream and cake on the patio at the Grissom home to Messers and Mesdames G. T. Watkins, George Lindop, W. N. Foster, C. C. Christian, E. W. McGuire and J. H. West; Also, Misses Mikala Austin, Phyllis Christian, Carolyn Lindop and Mr. and Mrs. Wilbur Charles.

Uncle Ray's 'Hot Air'

"Mother," said little John, "today our teacher asked me whether or not I had any brothers or sisters, and I told her I was an only child."

"And what did she say?" asked his mother.

"She said, 'Thank Goodness!'"

"Here's the final installment on the baby's furniture."

"Fine. And how is the little fellow getting along?"

"Real good. He was tops in his high school class this year."

To have that extra money shop Uncle Ray's low low grocery prices.

Hadley-Smith Exchange Wedding Vows Saturday

In a formal ceremony by candlelight at First Baptist Church in Texico, Saturday, June 16, at 8 p.m., Miss Lavena Jean Hadley, daughter of Mr. and Mrs. John R. Hadley, and Eddie Brian Smith, son of Mr. and Mrs. Albert H. Smith, were united in marriage.

Double ring vows were read by Rev. Walter C. Hadley of Shallowater, uncle of the bride, on her parents' 22nd wedding anniversary.

Centering the altar setting was a white kneeling bench entwined with ivy and white shasta daisies. Forming the background for the kneeling bench was a huge bouquet of white shasta daisies and gladioli. This arrangement was in the center of a spiral candelabra holding blue candles. Palms and seven-branched candelabra flanked the arrangement on either side completing the setting.

Family pews were marked with white shasta daisies and blue satin bows.

Miss Peggie Teel, organist, played soft background music preceding the ceremony and accompanied Miss Donna Williams, cousin of the bride from Hobbs, as she sang "Whither Thou Goest," "Because" and "Bless This House."

Misses Beth Ellen Peyton and Jackie Hughes, candlelighters, wore matching dresses of blue cotton voile styled with scooped cowl collars extending to a V in the back. They wore white feathered carnation corsages.

Miss Gale Hadley, sister of the bride, was maid of honor and Misses Carol Bell and Carmelita Doshier were bridesmaids. They wore matching

sheath dresses of blue silk and dacron with overskirts of embroidered silk organza. Their headpieces were made of blue dacron styled with short tulle veils.

They carried cascade bouquets of feathered white carnations with blue satin streamers.

Maurice Smith served his brother as best man, Groomsman were Darrell Reed of Bovina and Dean Summers of Clovis, cousin of the groom. Ushers were Raymond Hadley, brother of the bride, and Don Jones of Bovina, a college roommate of the groom.

The bride was escorted to the altar and given in marriage by her father. She was wearing a floor length dress of white tulle overlaid with lace and styled with a square neckline bordered with iridescent sequins and a basque waist extending to a point in the center front. Long sleeves tapered to petal points over her hands. The back of the skirt was accented with tulle ruffles extending to the hemline.

Her elbow length veil of nylon tulle fell from a tara of white pearlized orange blossoms. She carried a cascade arrangement of white rosebuds and stephanotis tied with lovers knots atop a white Bible which was a gift from her father.

Following tradition, she carried in her Bible a locket which had been worn by her mother at her wedding for something old. New was her dress and the traditional blue garter had been given to her by an aunt. For good luck she carried in her shoe a dime which her grandmother Hadley had given her.

Mrs. Hadley attended her daughter's wedding wearing a pale green embroidered dacron sheath dress with beige accessories. Mrs. Smith, mother of the groom, wore a beige sheath dress accented with shades of orange and beige accessories. Both mothers wore white carnation corsages.

Mrs. Raymond Hadley, sister-in-law of the bride, registered the guests at the church.

A reception was held in the church undercroft immediately following the wedding. The serving table was laid with a white lace cloth over blue and centered with the large three-tiered wedding cake which was decorated with wedding bells and lovebirds and topped with a miniature bride and groom figurine.

After the cake had been cut by the bride and groom, it was served with punch by Misses Donna Williams, Beth Ellen Peyton and Jackie Hughes. Crystal appointments were used.

When the couple left for a short honeymoon trip to Amarillo the bride was wearing a blue and white two piece dress

Jones Reunion In Steele Home

Members of the family of Mrs. J. A. Jones were together for the first time in several years when they gathered for a reunion over the weekend at the C. H. Steele home in Farwell. Mrs. Steele is a daughter of Ms. Jones.

Attending the affair were all the children of Mrs. Jones as well as several grandchildren and their families.

Here for the occasion were Mrs. J. B. Goforth of Delhi, Calif., Mrs. H.K. Burnett of Riverside, Calif., Mrs. G. W. Azar and children of Clinton, Maryland, Mr. and Mrs. D. C. Burnett and family of Ama-

rillo, Mr. and Mrs. St. Jones and Frank Jones of Texico, Mr. and Mrs. Edwin Goforth and family of Riverside, Calif. and Mr. and Mrs. Bob Lacy of Modesto, Calif.

Afternoon visitors were Mr. and Mrs. N. H. Goldsmith of Farwell.

Roberts Have Son

Mr. and Mrs. Gary Roberts of Long Beach, Calif., announce the birth of a son, Gary Dean, on May 30. He weighed 7 lb. 7 oz. at birth.

Grandparents are Mr. and Mrs. Gary Roberts Sr. of Eunice, New Mex., and Mr. and Mrs. W. T. North of Hawthorne, Calif.

The young man also has two great-grandmothers, Mrs. Claude Darr of Hawthorne and Mrs. W. T. North Sr. of Abilene.

Mrs. Roberts will be remembered here as Sonja North.

Move To Odessa

Mr. and Mrs. Jack McManigal of Canyon, formerly of Farwell, are moving to Odessa this week to make their home. To make their home with the McManigals there are her parents, Mr. and Mrs. W. F. Markham, who have lived here many years.

Mrs. McManigal was visiting in Farwell Wednesday.

Mrs. Eddie Brian Smith

Annual Reunion Held By Crume Family

Gathering at the Charlie Crume home Sunday for their annual Father's Day reunion were seven of his nine children and their families.

A day of informal visiting was enjoyed and a buffet luncheon was served at the noon hour.

Attending were Mr. and Mrs. Paul Crume and Chris of Dallas, Mr. and Mrs. Dick Crume and daughters, and Mr. and Mrs. Bill Crume and sons of Lubbock, Mr. and Mrs. Hayden Cason and family of Friona, Mr. and Mrs. Vance Crume and daughters of Hereford, Mr. and Mrs. Van Crume and family, Mr. and Mrs. Joe Crume and family, Mr. and Mrs. Bobby Joe Crume and daughter, and Mr. and Mrs. Phillip Crume all of Farwell, Mrs. Humphrey, mother of Mrs. Charlie Crume was also in attendance.

Unable to attend were Hugh and Junior Crume.

Second Son Born To Bill Engmans

Jeffrey Scott is the name given to the second son born to Mr. and Mrs. Bill Engman of Clovis. Jeffrey arrived May 23 and weighed 9 lbs. 1 1/2 ozs. Their other son, Mark Gregory, is 15 months old.

Mrs. Engman is a former commercial teacher at Farwell School and Engman is head baseball coach and assistant football coach at Clovis high school.

Bill Whitesides Have Daughter

Mr. and Mrs. Bill Whitesides of Farwell are announcing the arrival of their second child, a daughter, Friday, June 15, at Clovis Memorial Hospital. The young miss, who weighed 7 lb. 9 oz. on arrival, has been named Ruth Ann.

The Whitesides' son, Guy Harold, is two and one half years of age.

Maternal grandmother is Mrs. Elsie Block of Harrison, Ark.

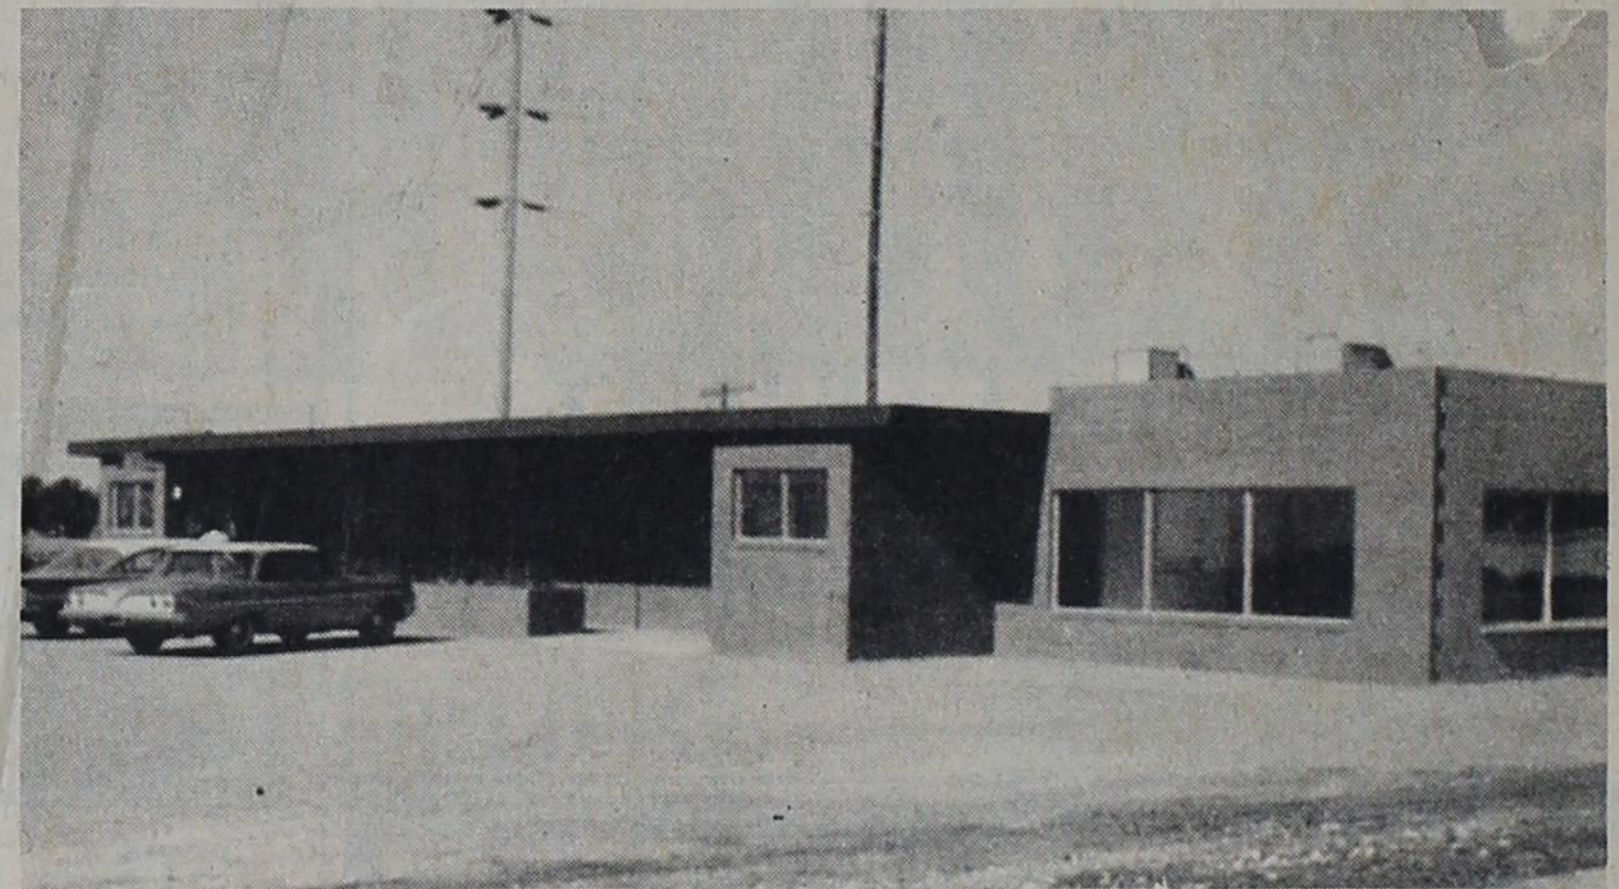

Maternal great-grandfathers are Emil Boesch of Harrison, Ark., and S. A. Worthington of England.

LOCAL

Mr. and Mrs. Ken Hanks, Tommy and Susie, of Roswell were guests in the W. H. Graham Jr. home over the past weekend. The Hanks family will move to Austin the latter part of August where Ken has accepted a fellowship to study science at Texas University.

Congratulations

SOIL CONSERVATION DISTRICT NEWS

Erosion will also maintain moisture near the soil surface. This is done by reducing the velocity of the wind, and shading the soil from the rays of the sun. The protection offered by these residues also will prevent the crusting of the surface soil.

The shading effect of crop residues can easily be determined by a simple process. A person needs only to place one of his hands on the soil surface under the residue, and at the same time place the other hand on bare ground to realize the difference. On days when the air temperature is around 100 degrees the temperature of bare ground has been as high as 135 degrees, when nearby under a good cover of residue the temperature showed a reduction of 50 degrees, or down to 85 degrees. Residues much like growing crops will maintain lower daytime temperatures and increase nighttime temperatures of the soil.

Fires are one of the causes of great losses to mankind, but the grain farmer who burns his stubble does not readily see this. The burning of stubble actually sterilizes the top portion of the surface soil each time the burning takes place, as well as leaving the soil exposed for wind and water erosion to start.

Each person should consider this question—"Is burning for your own personal benefit, such as your field may look clean, or be easier to go over with certain types of implements, or is leaving of crop residues on the soil

income from the better methods now in use. One of the greatest finds in agriculture is the now profitable use of cotton burs which in past years were burned or hauled away from gins and dumped. This is not done to any extent now, and is a very profitable part of the farming operation.

Do you have a good sound reason for burning stubble, or is it merely an excuse for doing something that you do simply because some one else does? Why not think for yourself.

A PLANT HORMONE developed at Long Beach (Calif.) State College can make the cocklebur bloom out of season and may be the trigger for the blossoming of many varieties of plants. It's called florigen.

PAY RESPECTS. . . Area ASC officials were guests at the grand opening of the Parmer County ASC Monday in Farwell. Left to right are James Whitfield, Lubbock (former manager of the Farwell office), Lamar Aten, Littlefield, Dale Carter, Plainview, and Prentice Mills, Parmer County Office Manager.

surface better, even though the benefits may be several years in showing the benefits?"

Crop residues are the natural by-products of farming and should not be destroyed, just to be getting them out of the way. Manufacturing concerns have spent much time and money in the past in searching for ways in which to use their by-products. Many of these businesses have found ways to use what had been formerly wasted, and now receive much of their

income from the better methods now in use. One of the greatest finds in agriculture is the now profitable use of cotton burs which in past years were burned or hauled away from gins and dumped. This is not done to any extent now, and is a very profitable part of the farming operation.

Do you have a good sound reason for burning stubble, or is it merely an excuse for doing something that you do simply because some one else does? Why not think for yourself.

A PLANT HORMONE developed at Long Beach (Calif.) State College can make the cocklebur bloom out of season and may be the trigger for the blossoming of many varieties of plants. It's called florigen.

THE HIGH PLAINS FARM AND HOME

Visitors Enjoy Parmer ASC Open House

The Parmer County ASC staged the grand opening for its beautiful new building Monday in Farwell.

Scores of visitors enjoyed coffee and doughnuts at the new location at 114 9th Street, a block south of the Sherley-Anderson Grain Company in Farwell.

"We are very proud of our new facilities," said Prentice Mills, office manager. The new building has 4200 feet of floor space, including eight office rooms, two rest rooms and a kitchenette.

The building is constructed of concrete block and brick veneer. The interior of the building is painted a pale green.

The ASC offices had been in the Carver building on Avenue A in Farwell since September of 1956, when they were moved from the county courthouse.

Mills has been office manager of the Parmer County ASC since 1956.

Monday's visitors included not only farmers and businessmen, but also ASC officials from Lubbock, Plainview, Littlefield, Hereford, and Swisher County.

The moving of ASC office equipment was completed last week, prior to Monday's public opening.

Lazbuddie 4-H Complete School

Completing the Lazbuddie 4-H club cooking school last week were Katie Blackstone, Janice Miller, Jill Mimms, Cheryl Ramage, Marsha Schumann and Shelia Vaughn. The school was conducted in the home of Mrs. Gerald Ramage.

At the final meeting, May 28, the girls prepared and served broiled wiener sandwiches, hot chocolate and pudding to guests, Donnie and Gary Coker, Danny Miller, Clay Mimms and Charles and Mark Ramage.

Members of this school have learned to make candy, cookies, biscuits, sandwiches, salads, drinks and many other things. They are now practicing in their homes preparing meals for their families.

Each one will exhibit a prepared food in the "Favorite Food Show" June 19 in the Hub Community building.

South Plains Fair Will Feature New Farm Exhibition

County 4-H chapters and livestock exhibitors are applying for entry into the 1962 Panhandle-South Plains fair at an ever increasing rate. Thirteen of the fourteen counties taking part in the county agricultural exhibition last year have already sent in application forms for this year's fair.

Another first at the fair this year which has been received with enthusiasm by vocational ag teachers throughout the area was announced by L. M. Hargrave, superintendent of the vocational agriculture department. This will be the vocational farm mechanics exhibition.

HD Agent's Notes

BY MISS ETTIE MUSIL

Wish you could have gone with me to all of the four precinct Refinishing Furniture Workshops last week. We all learned a lesson or two in buying as well as refinishing furniture.

Of the sixty-eight attending the workshops we had individual problems with each piece of furniture. You would have the shock

of your life to see what kind of wood was uncovered with the varnish remover.

I won't mention names but we had surprises in what we found that we didn't think we had bought. In other words, much of our furniture may have a completely different wood from the wood finish that was bought. I believe all attending the workshops will know the difference in wood finish and solid wood.

One homemaker had bought maple furniture for a maple wood price. After removing the finish she found pine or fir wood under the maple finish.

Another homemaker had a beautiful end table finished in shining dark mahogany. After the finish was removed she found a blond wood heavily finished with the mahogany color. You can't imagine what we found under the finish on the table top. None other than mas-onite. The grain and mahogany finish had been rolled on to look like wood grain.

We'll be hearing results of furniture refinishing of the ones who attended the workshops. I'm sure these will be showing others of you what they learned and what they found out about wood. We plan to have a furniture review later, possibly in September, to see all the beautiful "new" furniture.

If you have any questions about furniture refinishing, let me know. This is a favorite subject, so we'll see what we can learn together.

If you wish, I can order a bulletin "Furniture Restoration" for you for the cost of fifty cents. It will be ordered from out of state. Our Texas bulletins are free but many states charge for their bulletins. This bulletin has many pictures and simple instructions to follow for repair, care, and restoration.

Free bulletins that we have should be of help to you now. They are available upon your asking. You may want copies of "Freezing Poultry For Home Use," "Frozen Foods -- How to Freeze, How to Cook," "Home Canning," "Salads," "Vegetables," "Quick Meals," "Home Lawns," "Controlling Insects on Vegetable Crops," and "Eat Well For Less."

WORLD'S LARGEST nuclear tests reactor will take three years to build at an Atomic Energy Commission site in Idaho. The new reactor will have an operating thermal power level of 250,000 kilowatts, compared with 175,000 kilowatts for the next-largest test reactor.

Reports Show Lower Yield, Weather Damage To Wheat

Farmer County wheat farmers, already faced with lower yield prospects than they had a year ago, are still playing a "beat the clock" game with the weather, as the harvest moved into its final stages this week.

Some farmers received extensive hail damage in the Sunday night storm that concentrated on the Friona-Black area, and still others said their wheat was hurt considerably by the high wind of last Friday and Saturday.

The bulk of hail damage reported in the county was directly west of Friona. The strip hit was about four to five miles west, and was heavier near town.

Clarence Martin, who farms four and one-half miles west of town, said his wheat was pretty well shattered, with grain covering the ground. He figured the damage would amount to at least 10 per cent, and possibly 20 to 30 per cent.

"The damage in my field ranged from none at all in some places to around 40 per cent in others," Martin said.

Marion Fite, one mile west of Friona, said he would estimate the damage to his wheat at from 35 to 40 per cent. Fite's damage also varied. "The south end of the field was hit harder than the north end," he said.

Roy Clements, whose place is between Martin's and Fite's, reportedly believed damage to his wheat to be heavier than that on either side.

Rainfall received along with the hail measured around an inch to an inch and one-half. Its immediate worth could not be told, since young row crops were also damaged.

"It knocked the top out of the cotton and maize," said Fite, who added that it was too early to ascertain the extent of damage to those crops.

Most farmers agreed that with dry weather the rest of the week, the wheat harvest could be pretty well wrapped up. Those who received rain were cutting again by Monday afternoon.

The rain was so spotted Sunday that many farmers were

not interrupted in their harvest. Hardly a trace was recorded two miles south of Friona. Bovina's precipitation was light, as was Farwell's.

No rain at all was reported in the Rhea, Hub or southern portions of the county.

Rosco Ivie, who farms three and one-half miles northwest of Black, measured 2-1/2 inches of rain with light hail Sunday. Bruce Parr, a mile east of Black, said it rained "barely enough to settle the dust."

The wheat that has been harvested has ranged all the way from "good" to "sorry." Friona Wheat Growers Elevator had seen average yields all the

way from 15 bushels to 50 bushels per acre, weighing from 47 to 64 pounds per bushel. Last year's crop had some averaging 70 bushels and more.

Arthur Drake, manager of Friona Wheat Growers Elevator, said it was his opinion that the deficit in this year's crop was due to hot dry wind which came this year at a critical stage in the wheat's maturing process.

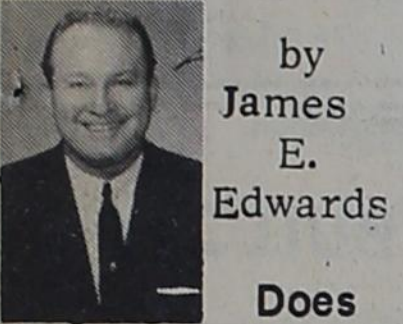

Preach Cranfill of Continental Grain agreed that the hot days in May probably hurt this year's crop a good deal. He said that the top yield by anyone he's been in contact with has been 60 bushels per acre.

FOOTSAVING EDUCATION

by James E. Edwards

Does Over-Weight Increase the Danger Of Flat Feet?

It is said that the only person who knows all of the answers about foot-health is a shoe clerk who has been selling shoes for three weeks. From then on, if the shoe clerk is observant, he will notice that the things he knows "for sure" are forever being contradicted.

I was sure that overweight babies would develop flat feet but experience has proven me wrong. It seems that the foot is so well engineered it can handle far more weight than it usually does. To add to the confusion, thin children seem to be weakfooted more consistently than overweight ones.

I would not give a definite answer to the above question, but I am pretty sure that the reverse is true -- weak feet increase the danger of overweight. The foot weakness causes the person to toe out; toeing but causes poor posture and a protruding tummy is usually a noticeable feature of poor posture.

Sixty-Eight Attend Course For Furniture Refinishing

Sixty-eight homemakers, men and boys took part in the four county-wide precinct Furniture Refinishing Workshops just completed. All workshops were conducted by County Home Demonstration Agent, Miss Ette Musil.

Workshops were conducted in Hub Community Center, American Legion Hall in Bovina, Oklahoma Lane Community Center and Black Community Center on June 8, 12, 13, and 15. The workshops were requested by the County Program Building Committee.

A variety of furniture or woods were refinishing with penetrating wood sealer or boiled linseed oil. These pieces included lamps, salad bowls, picture frames, gun stock, night stands, end tables, coffee tables, ash tray stands, radios, and drawers from chest of drawers.

Miss Musil commented that many of the homemakers had stated, "Surely wish we had known how to do this before refinishing our furniture a short time ago." Homemakers were amazed how easy it was to apply penetrating sealer with old nylon hosiery. No additional varnish, lacquer, or shellac is needed over the sealer stain.

Steps used in refinishing furniture with penetrating wood sealer are simple. First, old varnish or paint should be removed with good varnish and paint remover.

Next, smooth wood surface with fine sandpaper, garnet paper, silicon carbide abrasive paper, emery screening, or 3/0" steel wool. Clean wood pulp or dust with clean cloth or cloth dampened with denatured alcohol.

After wood has been thoroughly cleaned, first coat penetrating wood sealer should be applied with old nylon hose or lintless cloth. Do not let a heavy, glasslike coating of sealer build up on the surface. Wipe off any excess that is not absorbed. Allow the first coat to dry for twenty-four hours before second coat is applied.

Before applying next coat, and before every succeeding coat, smooth the surface gently with 3/0 steel wool. This removes bubbles and "makes tooth" for the next coat. Wipe surface with a dry cloth. Apply sealer as for first coat. Rub sealer on, in, and off. After second coat dries, repair any small cracks, or glue wood.

For additional coats, apply sealer as for previous coats. Apply several coats to undersides of table leaves and inside of drawers. Allow each coat to dry 24 hours in good drying weather, 36 hours or more if humidity is high. Then rub the surface lightly with 3/0 steel wool. Wipe with a dry cloth.

Continue to apply succeeding coats until no dull spots appear. For an even, satinlike smoothness and a hard finish, apply three to five coats on chairs or legs of a piece. Apply nine to 21 coats on finish on dining and coffee tabletops, depending on degree of smoothness you desire and the intended use. Let final coat dry one week.

WITH THE COUNTY AGENT

DERYL COKER

Wheat harvest is in full swing now and with hard wind each day, there is a great deal of danger of wheat burning or the straw burning after the wheat has been harvested.

Since our organic matter content is low to very low in Farmer County, let's try to save that straw. Burning is the easiest way out for now, but we will regret it some time! We always have a problem in getting our soil to take-up water as fast as it should, and burning the straw will make it worse, but if we work the straw back into the soil, we will maintain or build up the organic content of the soil which will help in keeping the rainfall and irrigation water on our land.

Some farmers last year sprayed a liquid nitrogen on the straw and they say that it helped a great deal in the decomposition of the straw.

V. R. Smith, of the US Fish and Wildlife Service was in the office and plans are being put together to eradicate the prairie dog towns in Farmer County. This treating of the dogs is a free service and if anyone has a prairie dog town please let our office know and we will put your name on the list.

Plans are to start treating the dogs in August and we would like to treat all the towns while he is in the county. Several farmers of the Rhea Community have already signed up and are responsible for getting this program started. Prairie dogs can do a great deal of damage, and ruin our pastures.

Several farmers are sending in applications to secure a permit so they can spray weeds in grain sorghum with 2-4-D. Farmer County has a herbicide law that requires a farmer to obtain permission to use 2-4-D if he is to treat 10 acres or more. These permits are available in our office.

Studies conducted at the Bushland Experiment Station indicate that Wheatland sorghum or a hybrid sorghum with wheatland sorghum as a parent are extremely susceptible to 2-4-D injury. It would be advisable for farmers to know what the parents of his hybrid are, before he sprays with 2-4-D.

If a farmer plans on using 2-4-D each year it would be advisable for him to plant a variety that does not have Wheat-land sorghum as one of the parents. However, injury to Wheatland or Wheatland hybrid will be minimized if only one half pound of 2-4-D is applied when the sorghum is at least 10 inches tall. The 2-4-D applications should not be delayed much after this stage, however, because weeds will have already robbed the crop seriously for moisture and nutrients.

In 1959, several sorghum varieties or hybrids were treated with two pounds of 2-4-D ester per acre when the crop was five inches tall or when the sorghum was about 18 inches tall. For comparison, other plots of each variety were left untreated. The most injury occurred when 2-4-D was applied to five-inch sorghum.

In view of the large difference in 1959, a similar study was conducted in 1960 in which more varieties were included. As in 1959, the 2-4-D applied at two pounds per acre was much more injurious at the five-inch stage than at the 18-inch stage.

In another test conducted concurrently to learn more about 2-4-D susceptibility RS 610 was compared to Wheatland. One-half and two pounds per acre of 2-4-D ester were applied to separate plots when each variety was four inches tall, eight inches tall, and 18 inches tall. Yields of RS 610 were not reduced when one-half pound per acre was applied at any of the stages of growth. Two pounds per acre reduced

yields about two-thousand pounds when applied to at the four and eight inch stages. At the same time, Wheatland's yields were reduced two-thousand pounds by only one-half pound of 2-4-D per acre at the four and eight inch stages of growth. When two pounds per acre of the 2-4-D was applied to Wheatland, severe yield reductions occurred at all stages of growth. The yield reductions in both varieties were caused by both decreased numbers and smaller heads of grain.

Cotton "Topping" Test Results In Good Yield, Grade

Cotton growers in the High Plains are continually striving to improve both the quality and yield of their cotton. Tests on one of the methods, mechanical topping of cotton, were conducted by Jim Valliant, Agricultural Engineer, at the High Plains Research Foundation last year.

The two varieties of cotton used in the test represented both open boll and stormproof cottons. On September 14, the cotton was topped with a topping machine. The cotton plant was cut just above the topmost mature bolls, eliminating top foliage, small bolls and square.

The net return per acre for the untopped stormproof was higher (\$168.18) than the topped cotton of the same variety (\$155.15). However, the reverse was true for open boll variety.

LEGAL NOTICE

THE STATE OF TEXAS
TO: J. H. Arline and Mrs. J. H. Arline, A. A. Arline and Mrs. A. A. Arline, J. E. Arline and Mrs. J. E. Arline, and J. E. Arline, all of whose places of residence is unknown, and if deceased, then their unknown heirs, assigns and devisees and legal representatives, all of whom are unknown, and all of whose places of residence is unknown, the residences, addresses and whereabouts of each and all of the aforesaid named parties are unknown, and all unknown claimants, all of which parties are hereinafter designated Defendants, GREETING:

You and each of you are hereby commanded to appear by filing a written answer to Plaintiffs' Petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, same being Monday, the 16th day of July, A.D., 1962, at or before 10 o'clock A.M., before the Honorable District Court of Parmer County, Texas, at the Court House of said county in Farwell, Texas.

Said Plaintiffs' Petition was filed in said court on the 31st day of May, A.D., 1962, in this cause, numbered 2293 on the docket, and styled, "A. V. WARREN, ET US, Plaintiffs vs J. H. ARLINE, ET AL, Defendants."

The names of the parties to this cause are as follows: A. V. Warren and his wife, Bonnie Warren, are Plaintiffs; and J. H. Arline and Mrs. J. H. Arline, A. A. Arline and Mrs. A. A. Arline, J. E. Arline and Mrs. J. E. Arline, and the unknown husband or husbands and wife or wives of J. H. Arline, A. A. Arline, and J. E. Arline, all of whose places of residence is unknown, and if deceased, then their unknown heirs, assigns and devisees and legal representatives, all of whom are unknown, and all of whose places of residence is unknown, the residences, addresses and whereabouts of each and all of the aforesaid named parties are unknown, and all unknown claimants, are Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiffs bring this suit in trespass to try title, alleging they are the owners in fee simple of Lots 1, 2 and 3, of Block 38, of the Original Town of Farwell, Parmer County, Texas, as fully shown by plat of said town of record in the Deed Records of Parmer County, Texas, and that on or about the 21st day of May, A. D. 1962, that Defendants entered unlawfully upon said land and premises and ejected Plaintiffs therefrom, and wrongfully withheld possession from said Plaintiffs of said property, as is more fully shown by Plaintiffs' Petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law and make due return as the law directs.

ISSUED and given under my hand and the seal of said court at office in Farwell, Texas, this 1st day of June, A.D. 1962.

ATTEST: Hugh Moseley, Clerk, District Court, Parmer County, Texas. Published in The State Line Tribune June 8, 15, 22 and 29, 1962.

Hal Graham Has Seventh Birthday

Hal Graham, son of Mr. and Mrs. W. H. Graham Jr., was host to several neighborhood children Friday when he celebrated his seventh birthday with a party.

Games of tag, ball, and "hide and seek" were enjoyed after which Hal opened and displayed his gifts.

Center of attraction for the children was a birthday cake made in the shape of a city with a background of grey and blue with "Superman" flying over the city.

The cake was served with punch to David Dannheim, Johnnie Boling, Stanley Milstead, Terry Joe Craft, Virgil Gossett, Gary and Terry Kirkland and the honorees brothers Ronnie, John and Andy Graham.

Party Honors Will Anderson

Seven friends of Will Anderson gathered at his home June 15, to help him celebrate his eighth birthday. The boys went to Hillcrest Park in Clovis where they enjoyed a trip to the zoo and a picnic lunch. They returned to the Anderson home where refreshments of birthday cake and peppermint ice cream were served.

After Will had opened his gifts, the boys went to the Border Theater where they saw "Babes In Toyland."

Attending were Mike Travis, Jack Kirkland, Bref Hargrove, James Magness, Mickey Lunsford, Eddie Meeks and Stanley Austin.

Farwell 4-H Enjoys Picnic

Farwell 4-H club met at the City Hall in Farwell, Thursday, at 5:30 p. m., for a short business session after which the group went to the Ed Blain home to see his fallout shelter. From there they went to the Guy Austin home at West Camp to see the Austins fallout shelter.

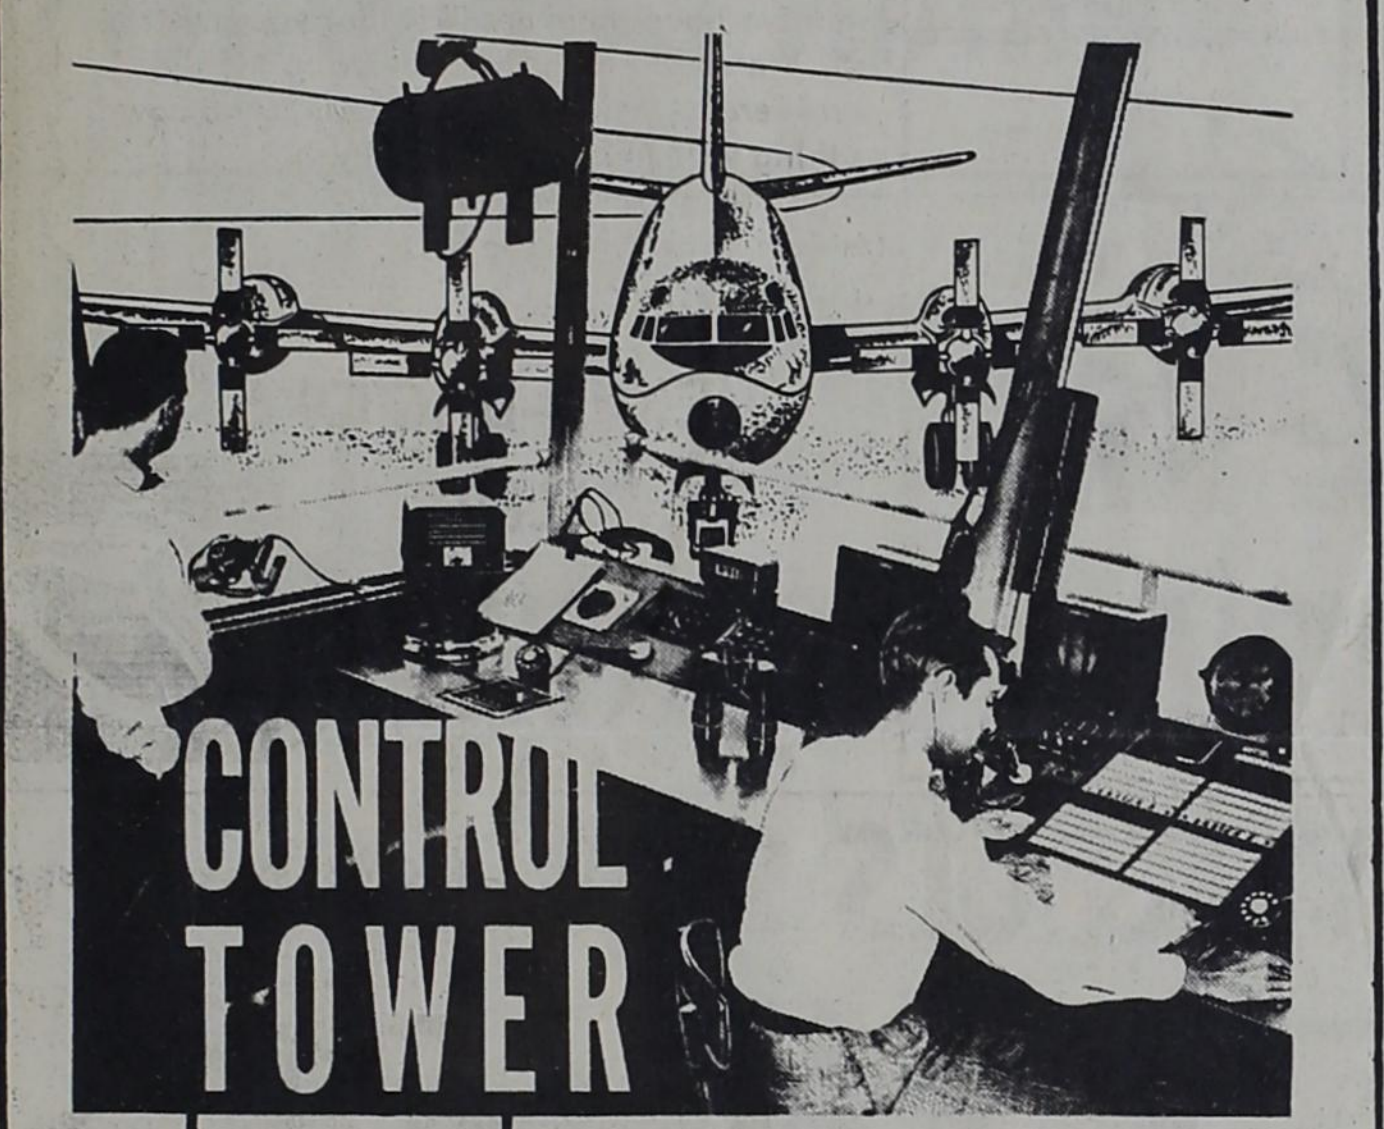

From the Austin home members were taken to the park in Clovis where they enjoyed a picnic supper. In charge of arrangements for the food were Janice Billingsley and Peggy Lesly.

Accompanying the 30 4-H members were Mrs. U. L. Lesly, Rev. and Mrs. Douglas Gossett, Mrs. Gilbert Kaltwasser, Mr. and Mrs. Deryl Coker and Miss Ettie Musil.

CONTROL TOWER

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Clearance, weather information, assigned altitudes and airways, landing instructions... we take these for granted. We simply fly from point to point, our progress and safety undergirded by an intricate web of scientific communication.

Perhaps that's why, today, so many assume that some celestial system ought to assure everyone comfort, success and happiness.

But the control tower can operate only because every pilot respects its purpose and has faith in its instructions.

Our moral progress and our spiritual security are the constant concern of the Church. Its worship and guidance undergird the lives of all who respect its Purpose, and have faith in the truths of God which it teaches.

Farwell Waterworks Increases Rates Effective With June Meter Readings:

NEW RATES ARE AS FOLLOWS:

First 2000 Gals. Minimum of \$2.00
Next 2000 Gals. 1.00
All Excess Gals. used .25

There has been no increase in Farwell Waterworks rates for the past 15 years, and on account of an increase in population of the City and the demand for water our two pumps are being run almost steadily night and day. If the present demand continues or increases another well will have to be drilled and equipped; also a new overhead storage tank is needed at present.

FARWELL WATERWORKS, INC.

"our Tempest is such a lively, silky, sweet-running V-8"

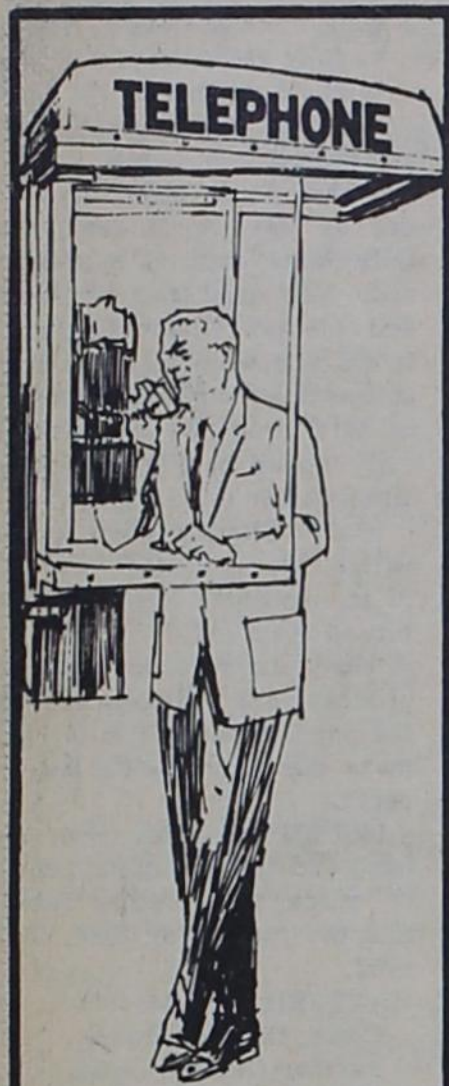

"it's a 4, darling... a 4!"

Besides having a 4 that scoots around acting like twice its size—except at the gas pump—Tempest has a price tag that makes other compacts seem downright expensive. Go check one out. Have fun! **Pontiac Tempest**

MOUNTAIN STATES TELEPHONE

It Runs In The Family

Twice within the last few days members of the Lee Doshier family have suffered painful, but not serious injury to their hands.

On Friday, Lee, while cutting a piece of plywood with his pocket knife, let the knife slip, cutting his thumb so badly that it required six stitches to close the wound. Monday, Mrs. Doshier, while preparing the noon meal, let a meat saw turn too quickly, and you guessed it! A finger was cut so badly that several stitches were required on the cut.

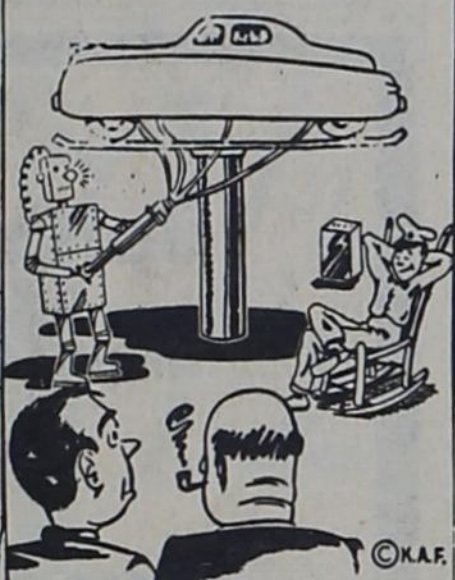

Nice thing about it though is that the wound to Doshier is on the left hand and her's is on the right so working together they can still do a good day's work.

Flatten Wrinkles

ITHACA, N.Y. (UPI) — For best appearance, wash-and-wear cottons require some touch-up ironing, research at the New York State College of Home Economics at Cornell University shows.

The textile scientists also suggest keeping wash-and-wear garments on a hanger until ready to launder to eliminate some wrinkles.

Phillips Tips Red Prather

"It's his super lubricator."

We do SUPER lubricating, to be sure. We know where - we know how - and we know what to use. Drive in for that regular lubrication... for gasoline, too.

Tomlinsons Honored

Grace Circle of WSCS of Hamlin Memorial Methodist Church is sponsoring an old fashioned pounding to honor the pastor, Rev. Robert O. Tomlinson and family, on Tuesday, June 26, at 8 p. m. at the church.

All members of the church are especially urged to attend.

Singing Guide

STANTON, Mo. (UPI) — Leo Busch is believed to be the nation's only singing cave guide. Busch sings the state songs of visitors to Meramac Caverns here, accompanying himself on the guitar.

Pioneer--

be rejected by Pioneer. Burgess pointed out that although the membership of Plains Irrigation Gas Users desired legislation since it was their only permanent protection, they wanted to make it clear to Pioneer and the public that they were willing to go "more than half-way" in trying to reach an agreeable solution to the gas rate problem. The Association believes that the rate would certainly be advantageous to the company since it allowed a 7.2 per cent return. If subject to review by the Railroad Commission, only a 6.5 per cent return based on "fair value" would be permitted.

"It is the hope of the Plains Irrigation Gas Users Association," Burgess concluded, "that this proposal will be accepted by Pioneer and that it will not be necessary to seek legislation at this time."

News From LAZBUDDIE

BY MRS. C. A. WATSON

By Mrs. C. A. Watson Mr. and Mrs. Hayden Carter, Gay and Tommy accompanied by Mr. and Mrs. Allan Carter and Cindy from Paragould, Ark. were weekend visitors in the Clyde Monk home.
