

Seniors Choose "Mountain Mumps"

"Mountain Mumps" the play to be presented by the Texico Senior class at the Texico school auditorium on Friday evening, November 2, 8 p.m. demonstrates the fact that the female of the specie is more courageous than the male.

A pretty girl walks into the most chaotic household one can imagine and accepts a responsibility that would make Sampson quake in his sandals. She shakes the pillars of the domestic temple of the mad Chilton family until it topples in ruins, but does she stop there? Not Patsy. A new castle must be built on a firmer foundation and this feat she accomplishes through the most ingenious procedure.

The play is made, thrilling, side-splitting, and yet perfectly consistent with a universal story that has particular appeal for everyone who has taken part in American home life.

Come and join the riot of laughter or you will be listening to a second hand story from those who did.

The cast includes: Peg Sothern (Patsy) . . . an unknown individual played by Carol White; Mrs. Margaret Holmby Chilton . . . a fascinating widow--Dianne Baldridge; Florence Chilton . . . the eldest daughter--Georgina Lambert;

The Farwell High School band which is led by Melody Coffman and directed by John McGee, is shown as they mark time waiting for the parade to get underway in Clovis last weekend. They will be taking part in the ENMU homecoming parade this weekend. Photo by Yarberry Studio.

To Have Openhouse

VFW Post #3015, in Clovis, will hold openhouse, Saturday, October 20, 9 a.m. until 2 a.m. Sunday morning.

All residents of the Texico-Farwell area are invited to attend with their families and enjoy the day.

Free popcorn will be given and cartoons shown to the children attending at 1 p.m. and 5 p.m. with a "Wildlife" film to be shown for children and adults at 3 p.m.

School Band In Competition

Farwell High School "Steer" marching band under direction of John McGee will be in Portales Saturday to participate in the ENMU homecoming parade where they will be in competition with bands from Olton, Morton, Lockney and Whiteface in Texas and Texico, Fort Sumner, Hagerman, Dexter and Tatum, New Mexico bands in the Class B division.

In the class A division, will be bands from Portales, Tucuman, and Lovington with bands from Clovis, Roswell, and Bel Air High School in El

Paso in Class AA competition. Several junior high school bands will be in Class C competition.

Parade time is 11 a.m. (CST) and all parents are invited to attend the parade and boost their bands. Farwell Steer band will be playing "March Grandioso". Judge for the marching competition will be Everett Maxwell from Abernathy.

In addition to taking part in the parade the band will be participating in the half-time and pre-game shows made up of all bands attending the ENMU-Colorado Western football game. Misses Dianne Lovelace and Susan Blair are entered in the twirling competition.

Friday Services For Mrs. Barna Armstrong

Funeral services were conducted at Pleasant Hill Baptist Church, Friday morning for Mrs. Barna Armstrong 76, who passed away in her home Wednesday morning.

Rev. Charles Jones, from Floyd assisted by Rev. Hugh Frazier conducted last rites and burial was in Pleasant Hill cemetery under direction of Stead Funeral Home.

Survivors include a brother-in-law and his family, Lee Armstrong, from Vernon, five nieces, two nephews and two sisters. Only one nephew, Clyde Finch from California, was able to attend the services.

Pallbearers were Clarence Brown, Glenn Singletary, Floyd Bocox, Clarence Smith, Orlie Taylor and B. A. Rogers. Honorary pallbearers were H. M. Hopper, John Hightower, Mason Neely, Clifford Kirby, Loren Wilson, and Lowery Winkles.

Texico Girls Win EPAC Tournament

Texico senior girls' softball team came home from the EPAC tournament with a championship trophy for their efforts, Saturday when they defeated House by a score of 13-2 placing them in the finals, where they played Melrose defeating them by a score of 12-2. Junior girls took a win from House 22-10 but were defeated by a Melrose team 17-14 bringing home a second place.

This is the first time in five years the Texico girls have won the tournament and Coach Johnny Green was high in his praise of the girls who played good ball all season. He says, the girls played good defensive ball in the tournament and were consistent with their batting. Season wins for the senior girls are five games with two losses and the junior girls have a season record of four wins and two losses.

Pauline Taylor attended to pitching chores for the Texico girls with her usual skill giving up only 11 runs for the two games. She gave up two bases on balls, both in the first game. Pauline also contributed her share to the scoring as she had three hits for four times at bat. Catching for the locals was Lucille Halsell, who turned in a fine performance.

Inetter Morris, almost stole the show by knocking two homers in the first game, not to mention the grand slam homer, in the second game. Millie Autrey had a perfect afternoon with three for three.

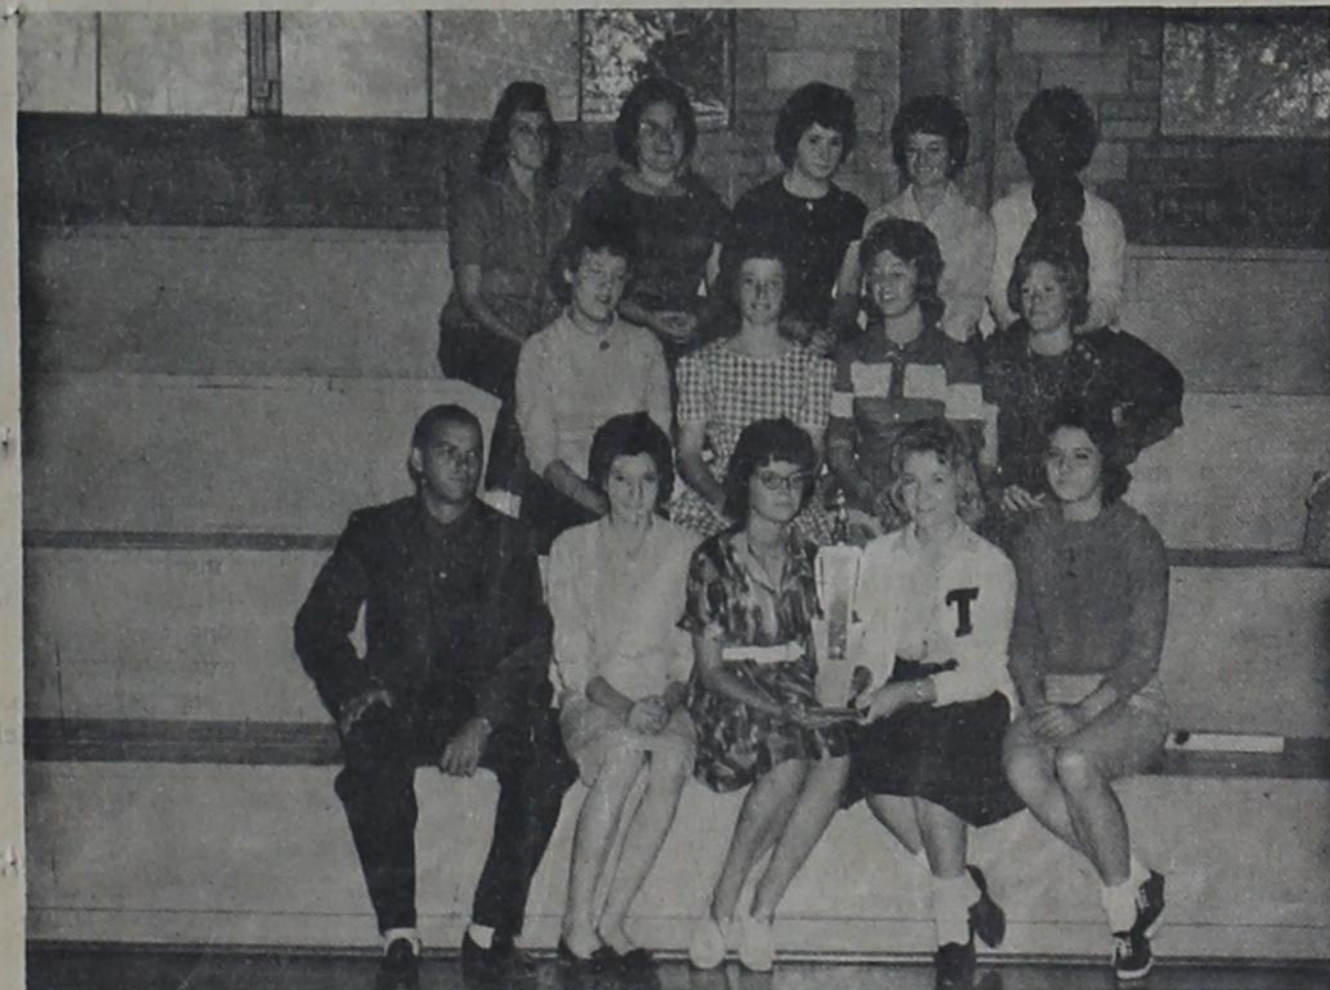

Both games were called at the end of five innings due to the 10 run rule. At the end of the Melrose game Texico had one out to go and had a girl left on base.

Junior girls' battery was Frankie Lambert and Molly Burch with Teresa Luce, short stop, having four for four, one of which was a homerun, and Carol Holland having two homeruns in the first game. Nancy Brantley also had a homerun in the first game, which was called at the end of five innings due to the ten run rule.

In their second game the juniors were not so fortunate however; since they led until the sixth inning when Melrose scored eight runs putting them ahead for the first time.

This proved to be enough as the Texico girls were unable to score again.

Coach Green says, "Our luck just ran out."

Champions All could well be the caption of this picture. Shown are members of Texico High School girls' softball team who won the first place trophy, Saturday, in EPAC tournament play. Back row L to R Mary Creek, Hazel McDaniel, Lucille Halsell, Millie Autrey and Inetter Morris. Middle row L to R, Nancy Jones, Sandy Tipton, Vivian Duncan and Marilyn Franks. Front row L to R. Coach Green, Pauline Taylor, holding the trophy Georgina Lambert and Shirley Huber, and Susan Taylor.

Kress vs. Farwell For Keeps Tonight

Kress and Farwell tangle at 7:30 tonight (Friday) as the Steers open the curtain on their 1962 district football contest and start playing for keeps.

Sports scribes view it as a close one and the outcome of the game may set the tone for district play. Both teams are now considered strong contenders for the championship, although Kress was figured to lead the pack in pre-season forecasts.

Head Coach Dempsey Alexander says the Steers have had a good drill week, in spite of the damp weather. He forecasts

more trouble for the Steers if the rains return, though, because Farwell figures to do some passing against the visiting Kangaroos.

The reason is because Kress has been scored on only once on the ground, and appears a bit vulnerable to aerials.

Last week Kress handed Happy a 25-6 defeat. Happy has an extra-strong Class B team this year. Kress also beat Silverton 14-0 and Hart 31-0, but they dropped games to Turkey and Petersburg.

Coach Alexander figures the Kangaroos have a better line

than the one they fielded last year, which was a good one. Their backs are pretty good but he doesn't think Kress has the ability to break away on long-scramblers as they did last year.

The Steers are in "pretty good" shape except for Danny Lindop, who continues to nurse a bruised leg, and Barry McCuan, who bruised some ribs in the Plains game last week.

This is Homecoming for Farwell, and special pre-game festivities will honor ex-athletes of the Farwell Consolidated Schools.

To Crown "Queen and Pep Club Beau"

Highlighting homecoming activities tonight (Friday) will be the crowning of the "Homecoming Queen and Pep Club Beau." They will be crowned

in ceremonies scheduled to get underway at 6:45 p.m., at the football field just prior to the Farwell-Kress game which is to begin at 7:30 p.m.

A queen will be chosen from the three candidates, Mikala Austin sophomore; Shirlene Martin and Bonnie Cochran seniors; who were chosen by the football boys. The queen is to be crowned by football captains Leon Lovelace, Danny Lindop and Bobby Actkinson.

pep club beau will be presented with gifts.

During half-time ceremonies all ex-lettermen, who have registered prior to the game will be recognized. Their names and the year they lettered will be announced and they will come onto the football field from the north end and will parade across the field to the south end. Farwell High School band will also perform at halftime and it is expected that the Kress band will present a halftime show also.

Homecoming festivities began Thursday evening at 6:30 with a pep rally and bonfire, south of the football field, at which time the Kress Kangaroos were burned in effigy.

J. Lovelace Hurt, Ends Play

Farwell fans were disappointed and sympathetic to learn of an injury sustained by Johnny Lovelace, well-known ex-Steer football player and quarterback of the Texas Tech Red Raiders, in the Tech-TCU game Saturday night.

Lovelace broke a bone in one ankle, which in all probability will sideline him for the remainder of the season, and since he is a senior, this injury will probably end his college career.

Ironically, Lovelace proved most durable in his high school and college football fortunes up to Saturday night, having missed only a few plays in his career because of injuries from the hard contact game.

Lovelace retires with an

enviable record just the same. He leads the Tech team in total offense, and is sixth in the Southwest Conference. In 55 plays he gained 100 yards rushing and 147 passing for a total of 247. He averaged 4.5 yards per carry.

The Tech senior is the son of Mr. and Mrs. Charles Lovelace of Farwell.

Texico High School band led by Marquitta Wall, and directed by Gary Steltig, is shown as they marched in the Cannon Air Base appreciation day parade in Clovis, Saturday. They will participate in the ENMU homecoming parade this weekend. Photo by Yarberry Studio.

Cowboys Lasso Steers, 18-10

Plains' Cowboys, living up to their post-game billings, handed Farwell's fighting Steers their third consecutive football defeat Friday night, 18-10.

It was a loss that was hard to take for fans who are hungry to see the Steers get back into the win column, but the local team is struggling with one of the toughest early-season schedules of any Class A team

in the state and the loss to Plains was anything but humiliating.

There was hope at times in the Blue and White ranks, especially in the early part of the game (which was played at Plains) when Plains fumbled in the first quarter on their 16 and Farwell recovered to set up a score. Joe Reed ran it over from the 3 several plays later and Leon Lovelace kicked the

extra point to put Farwell ahead 7-0.

The 7-point lead was short-lived, though, when Plains went straight for a score after receiving the kickoff early in the second quarter. They attempted to run for two extra points but failed and trailed 7-4.

Plains broke away for an 89-yard run again in the second quarter to take the scoring lead away from the Steers. Again,

their attempt to run for two points failed but they led 12-7.

In the third quarter the Steer defense was doing a good job of containing the hard-driving Plains backs, but a sudden pass play from the Farwell 45 clicked for the Cowboys and they scored another touchdown.

The Steers' only chance to get back into the game came after short and painful yardage in the fourth quarter, when Far-

well stayed on the ground all the way and finally hauled up to the Plains 5-yard line. At that point the Steers, on fourth down, lined up to kick a field goal.

Lovelace's boot was good, which meant that with only about three minutes left to play, Farwell considered it the best strategy to shoot for a tie. However, as it turned out, they could not muster another touchdown,

Perfect Score For Mrs. Shuman; Changes In Overall Contest Reception

The women outguessed the men in this week's armchair quarterback contest when Mrs. R. S. Shuman, came up with a perfect score, guessing all 10 games right and calling the score of the Farwell-Plains game within two points. This is the first time in the contest

than anyone has had a perfect score and Mrs. Shuman attributes her success to pure luck.

Loyd Smith, L. C. Herington and Dale McCuan called nine games correctly; however McCuan was out of the running for any prize money when he was off 14 points on the tiebreaker score. Smith missed the score by a scant six points and Herington missed it by nine points.

Changes were made in the overall picture when several persons who had been tied for first place called only a few games correctly and thus dropped to third place.

Champ Porter and Don Gerles, who have been consistent in calling several games right each week are now tied for first place with 41 correct games. Glenn Phillips follows closely with 40 correct games and seven persons are tied for third with 39 correct. Those in third place are Charles Dannheim, Dargin Bill Prince, Don Williams, Mrs. Glenn Phillips, Mrs. Dempsey Alexander and Mrs. R. S. Shuman, who got into the game again with her perfect score.

Among those with 38 correct games are John Green, Mrs. Albert Johnson, John Porter, W. M. Roberts, R. S. Shuman, and Loyd Smith.

ROSSELL VISITORS

Mrs. Ray Mears and Mrs. Georgia Lee Rundell were in Roswell over the weekend, where they visited with Jimmy Cain, who is attending NMMI.

They report that Jimmy likes college fine but finds it quite different from what he expected. He is a 1962 graduate of Farwell High School.

Screwworm Program Needs Help From County

"A screwworm-free Southwest will cost an estimated \$12 million," Jack McCracken, chairman of the county animal health committee, reported this week.

Of this, livestock producers and sportsmen will raise \$3 million and the rest will come from State and Federal sources, McCracken said.

The Screwworm Eradication Program entails the release of sterile screwworm flies by airplanes. The sterile male flies mate with naturally-occurring females, thus producing infertile eggs. The program

is a cooperative venture of the U. S. Department of Agriculture, the Texas Animal Health Commission, the Southwest Animal Health Research Foundation and agencies in other Southwestern States.

McCracken outlined the expenditures that are required to wipe out the livestock pest that does an estimated annual damage of \$100 million. From February 14, 1962 when the first sterile screwworm flies were released in Texas--until July 1, a total of \$1,850,000 was spent.

Program officials expect expenditures of \$4,700,000 during the year July 1, 1962 to June 30, 1963. Broken down, this amounts to nearly \$1 million for meat, blood and honey to raise the sterile screwworm flies at

Mission, Texas; \$550,000 for fly dispersal; \$2,050,000 for salaries and travel; and \$1,100,000 for plant maintenance, utilities and other services.

After July 1, 1963, officials anticipate a cost of \$5,450,000 for final eradication and establishing of a barrier zone which will keep flies from entering the United States from Mexico.

Mr. McCracken said that if producers contribute on a basis of 50 cents for each head of dairy and beef animal and 10 cents per head of swine, sheep and goats, the remainder can easily be raised.

Donations can be turned in at either of the three banks in Parmer County or to McCracken at Bovina.

THE HIGH PLAINS FARM AND HOME

Farmers Told Of Choices Available For Wheat Crop

Parmer County wheat farmers can voluntarily reduce their wheat acreage from 20 to 50 per cent and receive a diverted acreage payment on the acreage not planted and receive a higher price support on wheat harvested, the ASCS reminded this week.

Prentice Mills, office manager of the ASCS, gave three examples illustrating courses farmers might take.

In the first example, if the farmer has a 100-acre allotment, and his normal yield has been established at 30 bushels per acre by the Agricultural Marketing Service and he plants his entire allotment and averages 40 bushels, he would expect to receive \$7,280, based on 4,000 bushels of wheat at the \$1.82 support price.

In the second example, assuming the farmer diverted 20 acres and the diversion payment was \$27 per acre, and averages 40 bushels, he would receive: \$5,824 for 3200 bushels at \$1.82; \$540 diversion payment; and \$132 for an 18 cent per bushel "participation premium" based on the established 30 bushels per acre, for a grand total of \$6,796, or \$484 less than the non-participating farmer.

For a third example, a farmer with an established yield of 60 bushels planting all 100 acres would receive a total of \$10,920 at the \$1.82 support price.

Diverting 20 acres, the farmer would get \$8,734 on his yield; a diversion payment of \$1,080; and \$864 for participation premium, or a grand total of \$10,680. This is \$240 less than the non-participating farmer.

Mills stated that the farmers would be mailed notices in about two weeks telling their

normal yield as established through the Agricultural Marketing Service, and the payment they might receive.

"Possibly one-half of our farmers will participate in the program. Those who have planted, fertilized, irrigated and have a stand of wheat no doubt won't care to participate," Mills said.

He added that the ASCS would hold at least one public meeting to discuss the program and give farmers a chance to ask questions on the subject.

FOOTSAVING EDUCATION
 by James E. Edwards

Would shoes cause corns on my baby's toes?
 In my experience as a shoefitter I have never seen a true corn on babies feet. Red marks which mothers refer to as corns never seem to have the hard center that causes the pain of adults' corns.

If babies cannot have corns the reason would probably be that the soft bones of the toes do not exert enough pressure against the tight shoes, socks or pajamas. The toes tend to conform to the encasement as readily as a child's teeth grow into the pattern of braces used by an orthodontist.

The foregoing is called "scare advertising" and it must be admitted that many children develop fine healthy feet in spite of misfit and outgrown shoes but when we see child after child, whose toes were once straight, develop enlarged joints and hammer toes we feel that a little scare is better than a lot of regret.

HD Agent's Notes

BY MISS LITTLE MUSIL

What's this we hear about an insecticide in cement? What next? It may soon be possible to keep a new building free from termites. Can you imagine! "How?" you ask. Simply by mixing an insecticide in the concrete foundations.

Research on this project has been done by entomologists at the University of Wisconsin in conjunction with the U. S. Department of Agriculture's Forest Products Laboratory in Madison.

They have found that dieldrin mixed with cement will poison the insects that crawl over the concrete. Termites absorb the poison through their feet.

Now we ask, "How long will the dieldrin last in the concrete?" This is now being investigated. They have found that after 18 months, concrete posts containing 16 percent dieldrin were still 100 percent effective after 10 minutes' exposure.

Testing of this treatment of concrete began in 1960 and will continue until 1965. If, at the end of this time, it is still effective, the practice will be recommended as a long-term control measure.

Here's more on research findings. Time was when cherry pits were good for nothing more than making wishes. This is not true any longer. Researchers have found that cherry pits make excellent charcoal briquets.

The researchers are now in-
I Get 5% Dividends On My Money At . . . FIDELITY SAVINGS & LOAN
 5th at Mitchell PO 3-5581 Clovis, N. Mex.

investigating to determine whether it will be economically feasible for back yard chefs to use the cherry seed briquets. Results of the study will influence the new market for cherry seed.

For us in Parmer County, we have a few sour cherry trees, so we'll have to just wait for the large cherry canning industries. It would certainly be a slow process to save the one pit we usually find in every cherry pie. Just a thought.

Now here's something that needs investigating by each of us. The approach of cool weather means harvest time, hunting season, and warm glowing fires and heaters. And heaters and open flames mean the return of the annual problem of sweating walls and windows.

When open flame heaters are burned a considerable amount of moisture is given off. When this moisture contacts cold walls, windows, doors or any cold surface, it condenses to a liquid that we call sweating.

To solve this problem all gas stoves, floor furnaces, central heating systems, gas refrigerators, dryers and water heaters would be vented. If these appliances have been installed in an old house without built-in vents, it is sometimes possible to vent space heaters through a closet or old chimney. Still some con-

New & Rebuilt Electric Motors
 For All Purposes
 Electric Motor Rewinding General & Starter Service
Crown Electric
 PO 3-5433 1320 W. 7th Clovis

densing of the moisture will occur if the open flame heater is used.

Check your instructions for the appliances to show you how they may be vented properly to prevent mildew and sweating in the house where the excess moisture occurs.

Mrs. Bullock Presides Over Demo Women's Coffee

Democratic women of the 30th Senatorial District held a coffee Tuesday, October 9, to discuss their role in helping to elect their party's nominees November 6.

In charge of the program was Mrs. Wyle Bullock of Lazbuddie, committeewoman representing the 15-county 30th District on the State Democratic Executive Committee. The committeewoman said approximately 75 per cent of the counties in the district were represented at the Tuesday morning meeting in John Connally headquarters at Plainview.

Special guests for the coffee were State Senator and Mrs. Andy Rogers of Childress. Among those on the program was Mrs. Dorris Harvis, former committeewoman from the district, who briefed the group on local organization. Also on the program was a

discussion by comparison on five areas of the Democratic and Republican platforms. The comparisons were by Mrs. O. G. Hill, Sr. of Hereford on Industrial Growth and Development; Mrs. Ed Johnson of Muleshoe on Education; Mrs. O. D. Spitzer of Muleshoe on Agriculture; Mrs. Pat Bobo of Muleshoe on Law Enforcement, and Mrs. J. A. Ballard of Estelline on Health and Welfare.

Mrs. Freeman Davis of

Muleshoe concluded the program with a discussion on "Women's Activities."

"I felt we had a very informative program and we had very enthusiastic women in attendance," said Mrs. Bullock.

The 30th District is comprised of Armstrong, Bailey, Briscoe, Castro, Childress, Collingsworth, Deaf Smith, Donley, Floyd, Hale, Hall, Lamb, Motley, Parmer and Swisher counties.

Payments Are Available

Only about one-half of the payments on the 1962 Feed Grain and Wheat programs have been made to Parmer County farmers.

Those farmers who have not collected their payments may come by the Parmer County ASCS office in Farwell and pick them up, reminds Prentice Mills, office manager.

Wheat Grazing Is Clarified

Wheat planted on this year's diverted acres may now be grazed, according to Prentice Mills, office manager of the Parmer County ASCS.

This does not apply to volunteer wheat on diverted acres, however, Mills points out, nor to barley or oats.

All diverted acreage may be grazed after November 1.

ULTRASON

Berkshire has taken nylons into the space age with Ultrason! For the very first time a stocking has been created with all the favorite qualities of nylon, combined with the comfort of natural fibers. Ultrasons are luxuriously soft, with extra resiliency to guarantee perfect fit.

ULTRASONS GIVE YOU THESE FOUR OUTSTANDING FEATURES . . .

1. Perfect fit - they shape themselves to fit your legs with every step you take.
2. Softness - the first nylons with the feel and the luxury of silk.
3. Comfort - cooler in the summer and warmer in the winter due to greater absorbency.
4. Matte look - fashioned right to permanently eliminate the sheen of regular nylon.

The first nylons fashioned with sound waves.

\$1.65 Exclusive with Berkshire.

Texico "FBLA" Installs Officers

Officers and new members of the Texico Chapter of Future Business Leaders of America were installed by an installation team from ENMU, Portales, Tuesday evening at a dinner meeting at a Texico restaurant.

Donald Chandler president, accepted the gavel from Miss Beverly Cassidy, outgoing president and graduate of last spring. To serve as vice-president will be Latitia Harrison; secretary, Carol White; treasurer, Dianne Baldrige; reporter, Howard Danforth and

Linda Palmateer and Judy Tharp will serve as historian and parliamentarian respectively.

"We feel extremely fortunate in having an installation team from Eastern present to install officers and members and on behalf of the Chapter I want to express appreciation to them and to their sponsor, Darrell Bulls, state Chairman of "FBLA" for helping us", says Chandler. The gavel which was used in the ceremony had been hand-made and presented to the chapter by Lloyd Har-

rison, a Texico junior. Invocation and benediction were given by Marquitta Wall and James Watts. Blue programs in the shape of the "FBLA" emblem with gold letters "FBLA" and yellow place cards carried out the organization's colors. Centerpiece for the table was an arrangement of bronze mums grown by and presented to the chapter by Earl Roberts. Background for the installation was a map of New Mexico showing the location of the nine chapters in this state.

Present for the dinner and installation were Donald Chandler, Carol White, Latitia Harrison, Howard Danforth, Dianne Baldrige, Cynthia Spence, James Watts, Marquitta Wall, Dwayne Billingsley, Ellen Calhoun, members; Mrs. Fred Danforth sponsor; Barbara Raulie, Beverly Cassidy and Hazel McDaniel former members; and the team from ENMU, Misses Pat Cherry, Carolyn McCoy, Judi Cole, Judi Pulice and Glen Cole and Derrell Bulls, sponsor of the group.

Shown here are officers of FBLA of Texico High School, who were installed in ceremonies at a Texico restaurant Tuesday evening. In the picture L to R Carol White, Latitia Harrison, Dianne Baldrige, Donald Chandler, Howard Danforth, Glen Crane and Derrell Bulls. Crane was a member and Bulls was sponsor of the installing team from ENMU in Portales.

Study Club Hears Book Review

Farwell Study Club met in the parlor of the Methodist Church Monday night, in a regular meeting.

Mrs. Clytie Dial presided over the short business session, in which the club decided to sell fruit cakes and also sponsor an enchilada supper on October 26, prior to the football game with Hale Center. Serving hours are 5:30-7:30 p.m.

The program of the evening was a book review by Mrs. Walter Kaltwasser, of J. Malls book "P. S. I Love You". It was beautifully given and deeply appreciated by club members.

This was a charming story of a minister and his wife, who having no children of their own, opened their doors and hearts to many homeless children. There was the one child who had been taken into 14 different homes but seemed to fit no where, then, there was the little girl who bore marks on her body of having been mistreated. Though the ministers wife lost her housemaid, when the family increased to five in so short a time, she could not resist the impulse to mother the neglected and forsaken child.

Members of the Federated Study Clubs of Friona were special guests. Those attending were Mesdames A. W. Armstrong, A. H. Boatman, Edgar Carney, Wesley Hardesty, S. L. McLelland, Sloan Osborn and Frank Spring. Local guests were Mrs. Amos Tatum, and her mother Mrs. Pearl Crow and Mrs. True Bell, a candidate for membership.

Members attending were Mesdames John Aldridge, Bruce Blair, Claude Coffey, Joe Crume, Clytie Dial, Ralph Franze, M. T. Glasscock, J. L. Bass, A. C. Clarke, A. R. Sander, Elmer Scott, R. S. Shuman, E. G. Williams, Jack Williams, and the hostesses Miss Maude Hicks, Mrs. Mabel Reynolds and Mrs. John Boling.

Senior Class Sponsors Chili Supper, Tonight

The Farwell Senior class is sponsoring a chili supper at the high school cafeteria, tonight, Friday 5-7:30 p.m., just prior to the Homecoming Football game with Kress which will start with homecoming festivities at 7:30 p.m.

Price of the chili supper, which will include chili, crackers, a dessert and drink is 75¢ for adults and 50¢ for children 12 years of age and under.

Safety Program Presented Before Woman's Club

Otis Foster, New Mexico state policeman presented a safety program to members of Texico Woman's club, Monday night, when they met in regular session.

Foster, who showed a film and conducted a question and answer session was introduced to club members by Mrs. James Pierce, club president. He stressed the fact that too many of our highway accidents are avoidable if only a little caution were taken. He says that a large percent of the accidents are caused by the driver who is fatigued, the driver who feels that just one drink won't hurt and continues to take another and another, and by pure carelessness on the part of all drivers. He says, also that the showoff is the cause of a great number of accidents each year.

Foster says that in giving driving tests a policeman can tell the minute he gets into a car with a teenage driver, whether or not the driver has

had "Driver Education". He feels that the course is quite beneficial and likes the idea of a person learning the proper way to drive from a licensed instructor.

The film shown is available for any organization to use and may be obtained by a member of the organization desiring to use it, calling the police office in Clovis and making an appointment to use the film at a specified time.

In a short business meeting members made plans for a money raising project, to be announced later. Mrs. Harvey Hudnall was welcomed to the club as a new member.

Attending the meeting were Mesdames James Pierce, Buck Doran, Leroy Faville, C. B. Stockton, Gerald Wilkinson, Jim Moss, Elmer Teel, Harvey Hudnall, Rip Snodgrass and the hostesses Mrs. John Hadley, Mrs. Avis Patterson and Mrs. Johnny Green.

Twin Daughters For Walshes

Mr. and Mrs. Bill Walsh of Wilson, Conn. are announcing the arrival of twin daughters, October 10. The girls are identical and have been named Bonnie Sue and Teresa Ann. Bonnie Sue weighed 6 lb. 1 oz. on arrival and Teresa Ann weighed 4 lb. 14 oz.

The Walshes have another daughter Sheryllyn, age two and one half years. Mrs. Walsh will be remembered here as Melba Doshier.

Grandparents are Mr. and Mrs. Dick Doshier of Texico and Mr. and Mrs. W. O. Walsh of Windsor, Conn.

Rummage Sale

The ESA sponsored rummage sales which started last Saturday in the old cafe building next door to the post office in Farwell, were well attended and members of the organization wish to thank all who have helped by contributing articles of clothing, dishes or bedding; however the sales are to continue for another two weeks and since the supply of dishes has been depleted anyone having others to contribute, may contact any ESA member and they will pick up the articles.

The sales start at 3 p.m. and continue until 6 p.m., each Saturday. All money derived from these sales will help to make a merrier Christmas for unfortunate families of the area.

Candidate To Speak Oct. 25

Mrs. Edward McKay, candidate for the state board of education, is scheduled to be in Farwell Oct. 25 for an informal coffee at the Farwell home economics building. Hostesses are Mrs. T. J. Glenn and Mrs. John Zahn. for the 7 p.m. occasion.

Mrs. McKay was to be in Bovina that afternoon for a speech and the two local women decided to plan a meeting to give local persons a chance to meet the candidate. Those interested in attending the coffee are urged to be present. Mrs. McKay is slated to discuss the purpose of the state board of education at 7:30.

The hostesses particularly urge parents to attend the coffee.

Mrs. McKay is a graduate of Oklahoma City University with a BS in Education, and was a teacher in Oklahoma City schools for two years. She is active in youth work in the Presbyterian Church, in schools, the American Field Service exchange student program, and is the mother of four children, ages 17, 19, 21 and 25.

MRS. EDWARD MCKAY

Softball Tournament Set This Weekend

Texico boys softball teams took a couple of easy victories over the weekend from the badly outclassed Dora teams. Senior boys won their game by a 22-6 score and the junior score was 7-5.

Texico boys will be playing in the EPAC tournament in Clovis Jaycee Park this weekend with the locals scheduled to meet the winner of the Logan-Grady game at 12:15 p.m. (CST), Saturday.

Garry Burris was the winning pitcher in the junior game; although he split pitching chores with David Duncan. The team was ahead when Duncan took the mound for the locals. Handling the catching chores was Larry Burns.

Joe Patterson was star of the afternoon with two homeruns for three times at bat. He also had a single for the afternoon. Joe's first homerun came in the third inning with one on base and his other came in the fourth when the first batter up, Larry Burns knocked a homerun with the next batter getting a single and Joe hitting a homerun to clear the bases.

Texico juniors had 14 hits for 24 times at bat and scored seven runs with Dora having seven hits for 24 times at bat and scoring five runs.

In the senior game Skippy Tipton and Weldon Walker each had five for five and Vernon Thigpen had a homerun in the second inning with the bases loaded.

Winning pitcher was Bill Campbell with Clois Jefferies being charged with the loss. He gave up 15 hits and walked 21 batters.

Husband: "What did the man say was wrong with the tire?"
Wife: "He said the air was beginning to show through."

EXCITING! GO '63 CHEVY II
Nova 4-Door Station Wagon
SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES
What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see—but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's. **CHEVROLET** the make more people depend on
