

FROM THE HOPPER

BY HOP JR.

Dear Congressman Roger, Now that the election is over and you can get your mind back on the business at hand, I would like to appeal to your sense of justice and fair play and call to your attention a much-maligned minority group which is being deprived of its constitutional guarantees.

This group I refer to as the New Underprivileged. That goes right along with the New Frontier, mind you. I can tell you about them because I happen to be a member. They are not known as rabble rousers, and in fact, you probably haven't heard much at all from them since they are the type to sit and suffer in silence as long as hope still throbs in their breasts.

But I should like to warn you, Mr. Congressman, that there is considerable shuffling of feet amongst the New Underprivileged. If there is an uprising in the winds, I want to have my hands clean by having warned you of it in advance.

To understand what shoddy treatment the members of the New Underprivileged are receiving at the hands of the powers that be, consider me, I hold no rank or title in this group, but I think I am typical of the problem, and can speak for the organization. Just consider this, Mr. Congressman, I was born in a private residence, without the benefit of modern medical aids which are plentifully supplied to hospitals of the day through Hill-Burton funds. I am sure that I was fortunate to even live through this ordeal, although you can see how it might have warped my personality for life since I was at a very impressionable age.

Being born too late for the First World War and too early for the Second World War, I was one of those awkward few who never received the benefits of the Public Laws that gave ex-servicemen, regardless of where they served or what they did or didn't do for their country, a free college education. I had to work my way through and you know this surely retarded my mental development.

Since I didn't have any GI bill to help me buy a home or a piece of land or go into business, I had to root pretty hard to find myself a little running room. I am sure if I had not had this drag I would have been able to contribute more to the national economy, but I did the best I could under the circumstances.

There isn't any support price on advertising and news, and this makes it very hard on me, because there is sure an overproduction of both, let me tell you, I would be willing to draw up fewer ads and write a little less if you would help me get a little more for what I do produce. I would try to be reasonable about this.

I made the mistake of borrowing all my money from old-fashioned commercial banks, instead of the new government-type ones which I understand are the rage. Since I now owe the old-fashioned ones so much money, it's sure hard to change over to the new government-type ones so you need to look into this problem to help me make some adjustment. I don't want my credit hurt.

My wife and I bought our first house just a short time after we got married, and got off on the wrong foot by putting quite a bit of cash (I believe they call it equity) into it. That made it awfully hard to sell though we finally did work things out through a trade, but still find that through the years we have managed to own too much of our home so really aren't good candidates for the low-interest FHA loans that everybody is talking about these days.

I live in a town that is so backward the city government never even heard of urban renewal, so I guess we'll have to put up with that lousy downtown business section for years to come. We voted bonds and built a sewer system before we found out that the government would pay for half of it, so look what a sacrifice this has been.

Since there is no airbase or military camp nearby, the local taxpayers are having to foot the bill for the biggest share of the expenses at the school. This sure puts us all at a disadvantage with the people we

Parmer Votes Contrary To Results Over State

Farwell voters, contrary to the state trend, gave Republican candidate Jack Cox a tidy 3-2 advantage over winner John Connally in Tuesday's general election.

Farwell's vote in the governor's race was 210-141, a big

factor in pushing the county total in Cox's favor, 1,008 to 919.

Two other Republican candidates were given majorities by Farwell voters. Hometown candidate for the state senate, John Zahn, although defeated for the office by incumbent Andy

Rogers, carried the Farwell box, 205-165. Desmond Barry, candidate for the U.S. Congressional seat at-large, got a narrow 186-180 lead here.

Evidently there was a lot of split-ticket voting. Walter Rogers, incumbent candidate

for Congressman of the 18th Congressional District, had a 205-164 margin over Republican candidate Jack Seale at Farwell, and won the county, 1,125 to 883.

Bill Clayton, Democratic candidate elected to the state

legislature over Republican Frank Ford, had a narrow 199-171 total in Farwell, and took the county, 1,170 to 841.

Cox carried six of the county's eight precincts in compiling his edge. Connally carried only the Bovina precinct

(209-129) and Oklahoma Lane (77-70), as well as having an edge in absentee votes, 30-17.

Farwell and county voters gave the two Lubbock County candidates majorities. Preston Smith lieutenant governor-elect, had only a 192-176 lead

in Farwell, but won the county, 1,136 to 859 over Bill Hayes.

Waggoner Carr, who won the attorney-general post handily, had the county's largest margin, an honor he appears to have statewide as well. Carr took Parmer County, 1,338 to 667 over T. Everton Kennerly.

The Joe Pool-Desmond Barry vote for the county was 1,061 to 937 in favor of the Democrat. Democrats won the lesser state offices with ease, as they did throughout the state. (A composite box score of how the county voted appears elsewhere in the Tribune.)

County voters joined those throughout the state in turning thumbs down on proposed state constitutional amendment number 14, the "Trial de Novo" proposal.

There may have been some indecision about others on the bulky amendment agenda, but there was none on this one, as Parmer voters went against it, 1,116 to 263.

As a matter of fact, county voters went on record as in favor of only three of the amendments. They were number 2 (the welfare increase), by a 766-668 vote; number 4 (water storage), by 720-657 and number 8 (disability payments), 702-660.

The number of voters throughout the county set a record for an off-year election. White the number was somewhat below the 2750 that voted in the 1960 presidential election, but was practically double the 1958 figure, when there was only the state elections.

Zahn Bows To Rogers

Farwell's John Zahn, making his first political endeavor, was beaten by incumbent Andy Rogers in his bid for state senator of the 30th district.

Zahn, former Farwell postmaster, like most Republican candidates found the going rough in predominately Democratic territory.

Rogers, the Childress Democrat who has held the senatorial seat for 10 years, was re-elected by more than 2-1, 23,578 to 9,544.

The incumbent is a popular legislator, having worked for area farmers in their battle for irrigation gas rate legislation in the last session.

Change In Water Policy

In business transacted by members of the Farwell City commission, Friday a change in the water policy was made, with all bills to be declared delinquent on the 15th of the month and an extra \$1 added to the bill. If bills are not then paid by the first of the following month the water will be turned off.

Building permits approved for the month were; one to Gerald Kirkland for the erection of an office and shop on Ave A., one to R. A. Weiss for a residence on 3rd St.; and several permits were issued for persons to park trailers with one each going to Glenn Phillips, Leonard Hasehoff, Peggy See and Orval Hudson.

All other business transacted was routine with all bills for the month approved and ordered paid.

City To Retire Paving Bonds

Texico city dads meeting in regular session Friday made plans to retire ten paving bonds of project #1 and four bonds of project #2 as of December 1. Total of the bonds to be retired is \$14,382.50 leaving a total of \$4000 outstanding on projects one and two. Present plans call for the remainder of projects one and two to be retired as of June 1, which is well ahead of schedule.

A legal notice of the retirement of the bonds will be published in a newspaper, for three consecutive weeks, beginning next week.

Two building permits were issued for the month with one going to Mrs. R. A. Burris for the amount of \$15,000 for the erection of a brick home on State Street. The other permit went to N. L. Peyton for the construction of a bus garage on his property on Lamarr Street.

An agreement was reached between city fathers and Clayton Fuchs for the purchase and installation of a two-way radio in the city police car, and city dads also made a decision to have a liability insurance policy written on the police car. Leroy Faville is to draw up the policy for city approval.

A request from the city clerk, Mrs. Juanita Autrey, for the purchase of an additional adding machine for use at city hall was granted, with the machine to be purchased on the lease purchase agreement.

Attorney Harry Patton, was instructed to send a notice to one person, who consistently refuses to pay his water bill, to the effect that if the bill is not paid by Thursday noon, his water meter will be removed. If the bill is not then paid legal action will be taken against said party.

Sam Lewis, police magistrate made a report of all fines assessed by him during the previous month with fines collected in the amount of \$297.

All bills were approved and ordered paid with the exception of one, which city fathers tabled for further discussion. Next meeting is set for November 16.

Citizens of the Twin Cities stepped up to the polls Tuesday to cast their ballots for the men or women of their choice in the New Mexico and Texas state general elections. Farwell citizens marked their ballots in the "old-fashioned" way while their Texico neighbors used the new "modern" voting machine which

in use throughout New Mexico. Shown marking his ballot in Farwell is Ed Blain right. Gale Doolittle is shown as he steps up to the voting machine to cast his ballot in Texico.

Play Attended

"Mountain Mumps", the play presented by members of the Texico senior class, Friday night, was well attended with gate receipts totaling \$110.50.

Especially fine performances were given by Carol White, as Patsy the unknown individual, and Weldon Walker, who played Calvin Chilton the no-good son of Mrs. Margaret Chilton, played by Dianne Baldrige. Judy Sharp as Sue Chilton, youngest daughter in the household also turned in a fine performance.

Other members of the cast included Georgina Lambert, Lynn Doshier, Hal Ed Helton, Vic Harrington, Shirley Huber, Latitia Harrison, Ernest Meier and James Hudson.

PTA Launches Project Xmas Card In Farwell

Farwell PTA launched "Project Christmas Card" this week, with members asking local residents to contribute funds usually used for greetings and postage locally, to a PTA fund, Mrs. Joe White, finance chairman, says.

The organization is planning to buy library books at the school.

Donors to the fund will have their names included in a giant Christmas card in The Tribune Christmas week, to wish all their local friends a Merry Christmas.

Money may be turned in at the city office to Mrs. Janie Bowery or to Johnny McDonald at McDonald Real Estate. Also, any officer of PTA will take the donations. Deadline for the project will be Dec. 15.

Steers vs Hornets 'Game of the Year'

A well-deserved rest after a jarring two-thirds season of play paid off in big and unexpected dividends over the weekend as the Farwell Steers rested on their laurels while the rest of District 3-A knocked heads.

When the dust settled, Kress has been knocked off their high perch by Sudan in a surprising one-point upset, 14-13. The Kangaroos, who lambasted Farwell three weeks ago 21-0, were thought to be invincible in district play down the homestretch, but the Hornets proved otherwise.

This turn of events opened up two distinct possibilities for the district crown which Farwell fans are eyeing in eager anticipation. If the Steers can beat Sudan tonight and take Springlake next week, they stand a good chance of being champions or co-champions of the district.

Dopesters figure this is a possibility worth hoping for because Kress has now been derailed as the obvious choice for the crown and they still must elude Hale Center. If Farwell loses only to Kress during the season, and Kress loses only to Sudan and Sudan loses only to Farwell, a three-way tie would result.

A flip of the coin would decide who would represent the district.

But if Farwell gets by Sudan and Springlake and Hale Center trips up Kress, then the Steers would be undisputed champs because they took Sudan. However, if Farwell nips Sudan and Springlake, but then Sudan loses another game, that would end in a Kress-Farwell tie but Kress would go to bi-district because they took the Steers in season play.

There are other possibilities, but they get even more complicated. Right now Coach Dempsey Alexander is thinking about only one thing, and that is beating Sudan tonight.

For years Farwell has maintained a football supremacy over their black-and-gold neighbors from Lamb County. Sudan has more than one reason to want to beat the Steers, not the least of which is the fact that tonight's game will be their homecoming.

The Hornets are the smallest team in the district but one of the fastest and scrappiest. "They are all little but resemble Danny Lindop," is one way Coach Alexander describes them. "Their linemen are faster than our backs."

Sudan runs a wide-open offense. Because of their lightness and speed they tend to run wide, but passing is no chore when the going gets rough on the ground as all three backs can throw.

"We are sure gonna have our hands full," says Alexander. "I think this will be the best game of the year."

Texico Residents Approve Campbell

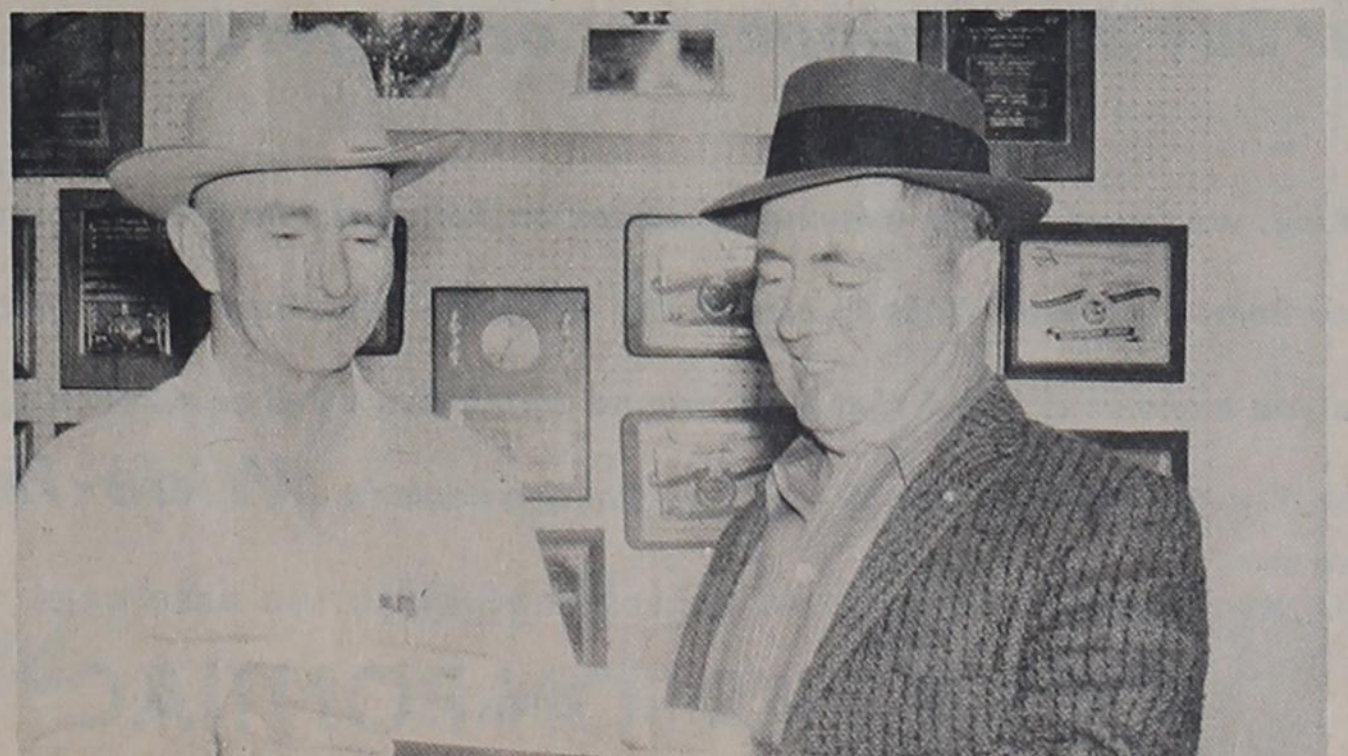

The election in Texico ran true to form with the rest of the state of New Mexico and Curry County with voters giving the nod to most of the Democratic candidates over their Republican opponents.

Voting in Texico was heavier than usual with 320 of the 515 registered voters showing up at the polls. Jack Campbell, Democratic candidate for Governor was given the nod, over Governor Edwin L. Mechem by a number of votes, with Campbell receiving 170 as compared to Mechem's 138.

Texico voters also gave Rep. Joseph M. Montoya a majority vote over Dr. Jack Redman of Albuquerque. Montoya received 172 votes locally and Redman received 130.

At Pleasant Hill voting was just about the same as any other off season year, according to officials at the polls, with 73 of the 111 registered voters showing up.

Republican candidates were slightly favored over the Democratic candidates with Gov. Mechem receiving 42 votes as opposed to 27 for Campbell. Dr. Redman in his bid for representative received 44 votes at Pleasant Hill with Joseph M. Montoya receiving 25.

Asa Smith, of Sherley-Anderson Grain Co. in Lariat, smilingly presents Dale McCuan a check for \$5, for his first place winnings in the ninth week of the local Cotton Bowl football contest.

McCuan Calls Nine Right: Williams Leads The Field

Dale McCuan with nine games called right was winner of first place in the rocking chair quarterback club's football contest this week. Charles Dannheim with eight games called right was in second place and Bobbie McFarland was in third place for the second time in two weeks. She had called seven games right as did several

others; however she was only four points off on the tie-breaker score of the Sudan-Kress game.

With only one more week remaining in the contest Don Williams jumped into a one game lead. He has 56 right games for a percentage of 62.82 and

Letter To The Editor

Dear Hop and Friends,
I am sending for my paper for another year.
The 12th of this month, we certainly had a storm. We have such low wind velocity herethat things are not fixed for such a wind, but we were glad we were not hit as bad as many other

places.
Always glad to read news of my friends in the paper.
Hope all my friends and family there are fine, I send greetings to all.

Your friend,
Norma Short

Sabin Oral Vaccine Given 1203, Sunday

The SOS polio clinic held at the Texico High School Library the past Sunday afternoon, 12-5 p.m., far exceeded expectations according to Mrs. Margie Taylor, Curry County School Nurse. She says, 1203 persons showed up at the school for their first dose of the vaccine.

A make-up clinic will be held at the school this week to accommodate those who were unable to attend the clinic Sunday.

The Sabin Oral Polio clinic was endorsed by the New Mexico Medical Society, Curry County Medical Society and was under sponsorship of the Texico PTA, Texico High School Student Council and the Texico-Farwell Rotary Club.

Dr. Kradle, district health officer, with offices in Clovis was in charge of the clinic locally. Working closely with him on clinic plans were Mrs. Katherine Lockhart Parmer

County school nurse, and Mrs. Margie Taylor Curry County school nurse. They were assisted at the clinic by a corps of registered nurses and three pharmacists who prepared the vaccine. PTA members and Student Council members were in charge of registration.

A clinic to administer the second dose of the vaccine will be held at the Texico School Library, December 16.

Lunch was prepared and served, to all persons working at the clinic Sunday, but members of Texico Woman's club,

Mrs. Loren Wilson left, and Mrs. Paul Skaggs right, looks happily at the check presented to them by Russell Harrington, which put Texico over the 100% mark in the Curry County United Fund drive. Mesdames Wilson and Skaggs are members of Modern Homemakers Club, which made the drive locally.

United Fund Reaches 100 Per Cent In Texico

For the second year in a row, Texico was the first town in Curry County to go over the 100% mark in the United Fund Drive.

Quota for the county has been set for \$64,000 with Texico to raise \$500 of that amount. By early Thursday morning local drive officials reported a total

McCuan--

Champ Porter, Don Geries, R. S. Shuman and Loyd Smithcling to second place with a percentage of 61.71 or 55 games right.

Henry Hseloff is in third place with 54 games right. Seven persons have 53 games right; therefore it looks as if it is anyone's ballgame until the last entry is counted.

reached of \$536.50 and the drive is to continue for at least another month. Total per cent raised by the county to date is 41%.

Spearheading the drive locally was Mrs. Melvin Burns. She was assisted with the drive by members of Modern Homemakers Extension club in Texico, with ladies helping in the drive Mesdames Perry Winkles, Paul Skaggs, Elward Combs, Loren Wilson, Joe Camp and C. H. Webb.

Money collected in the drive is used by the Red Cross, New Mexico Boy's Ranch, Boy Scouts of America, Girl Scouts, polio chapter, disabled children's association, USO, Salvation Army, Eastern New Mexico mental health program, T. B. association, and the association for the

prevention and control of crime and delinquency.

Contract Let On Farm Road Construction

A contract for 4.5 miles of construction on FM Road 2397 in Parmer County has been awarded to a Lubbock firm, it was announced in Austin this week by the State Highway Commission.

James C. Kerr submitted the low bid of \$77,142 on the project. Grading, structures, base and surfacing from end of present FM 2397, eight miles southeast of Friona, east to Castro County line is expected to take 75 working days, according to Oscar L. Crain, District Highway Engineer at Lubbock.

Rhea E. Bradley, Resident Engineer at Littlefield will be in active charge of the project while it is under construction.

Hospital Notes

Mrs. Pike Jordan is resting well at the home of her parents Mr. and Mrs. Castor, following dismissal from Clovis Memorial Hospital, Monday.

Loy, daughter of Mr. and Mrs. Darrell Norton is recuperating at the home of her parents following a tonsilectomy, Wednesday morning.

Mr. and Mrs. Jess Hicks and daughter Debbie were in Mancos, Colo. over the weekend where they visited with Mrs. Stubbs, mother of Mrs. Hicks. Don Johnson, a student at ENMU in Portales was home over the weekend visiting with his parents, Mr. and Mrs. Russell Johnson.

Winterize Your Car Now Before Bad Weather Begins.

An extra-safe tire for the winter season

PHILLIPS 66 TRACTION TREAD

This modern, nylon cord winter tire with a patented, specially engineered tread, provides extra traction on ice and snow, in freezing rain, and on any slippery surface. Thousands of abrasive particles in the tread itself result in grip and traction on any road, in any weather.

During winter driving, the motorist with TRACTION TREAD conquers the problems of starting and stopping on icy surfaces.

For convenience and safety, consider these other extras...

- EXTRA DEEP TREAD—56% deeper than first line conventional tires—for greater traction, greater safety.
- SPECIAL TREAD DESIGN provides smooth, quiet performance—no humming or buzzing.
- THOUSANDS OF ABRASIVE PARTICLES give super traction on slippery streets.

Mount one winter tire on the spare, the other on an extra rim... this provides a quick changeover for different climatic conditions.

Local Girl Wins Third In International Contest

Beverly Purvis, 17 year old daughter of Mr. and Mrs. Louis Purvis, was notified this week by Major Samuel J. Martone, mess secretary with the USAF, that she was winner of the third place, \$100, for her entry in the essay contest sponsored by the International Food Service division on, "Why I Want To Be A dietician." She had previously won first place, which carried with it a \$50 War Bond, in state competition. The international contest had entries from all fifty states and Canada.

Beverly, who had attended school in Alaska, where she entered the contest, during her sophomore and junior years is a senior at Farwell. She is an active member of the band and FHA club which she serves as an officer and is currently enrolled in home economics, bookkeeping, speech, and office practice. She is also taking a course in civics from the University of Oregon. The money which she has won on the essay will be used by Beverly to further her education. She plans to attend college at Howard Payne or Hardin-Simmons college after her graduation from high school. She is not sure what her major will be.

Beverly says, "Strangely enough second place winners in both the state and international contests were boys." Winning first was a girl from New York, and second place a boy from Massachusetts.

Beverly ended her essay with an original poem entitled "The Dietitian" which follows,

Working in a hospital behind closed doors,
Or on an ocean liner far out from peaceful shores,
Your work will seldom seem like play,
And you'll keep busy every minute of the day
In the busy duties of your job,
Of planning and buying for such a mob.

Their future health is in your hands,
And modern society usually demands
That you help them keep up the pace
That is slowly destroying the human race.

People never stop to think
Of what to eat or what to drink,
They only grab a bite and hurry
And the rest of the day they

Beverly Purvis, proudly exhibits the \$100 check she received this week for winning third place in an international essay contest, "Why I Want To Be A Dietitian," sponsored by the international food service. She had previously won a \$50 War Bond for first place in state competition.

spend in worry.
Without the help of a balanced diet,
They often end up with face that's white.

Other effects can make their mark.
You lose your vim and loving spark.
You're often tired and you don't know why.
Could be the vegetables you didn't buy!

People but with such little sense,
Trying in vain to save dollars and cents.
They need someone to keep their health
While they're so busy seeking wealth.
Sir Dietitian, this is your job,
To protect the health of the hungry mob!

Jamisons Have Son

Mr. and Mrs. Leon Jamison of Canyon became parents of their first child, a son, Thursday morning, November 1, in a Canyon hospital.

The little boy weighed 6 lb. 13 oz. on arrival, and has been named Jason Lyle.

Grandparents are Mr. and Mrs. L. L. Norton of Farwell and Mr. and Mrs. Vernon Jamison of Lariat.

-FARWELL-

SHOWN is a view of one table at the Methodist Church, when members of the Texico and Farwell senior classes were feasted with a banquet Tuesday night. Rockets were handmade by members of the WSCS. Note large rocket in the background.

Space Age Theme For Banquet

Dr. R. L. Willingham of Clovis First Methodist Church, was master of ceremonies, in the absence of Rev. R. O. Tomlinson, Tuesday night when members of the WSCS and Wesleyan Guild feted members of the Texico and Farwell senior classes and their sponsors with a banquet in the church fellowship hall.

A "Space Age" theme was used. Focal point of decorations was a huge gold rocket, made by Mrs. Joe Roark, which was placed on the platform and surrounded by green plants. Individual rockets were used as table decorations and place mats were made to represent launching pads. Nut cups were bear-grass seedpods painted gold.

Dr. Milton Chester, from the Wesley Foundation at ENMU, was guest speaker and used as his topic "Same Life-Different Rules." He told the young people present to be sure and find out early in life what faith

means and "Live by It." Approximately 76 seniors and sponsors were in attendance.

Wedding Date Set

Mr. and Mrs. Frank J. Musil of Stamford have announced the engagement and approaching marriage of their daughter, Ettie, to Pete Jesko, son of Mr. and Mrs. Joe Jesko of Friona. Nuptial vows will be read Saturday, November 24 at 4:30 p.m. at St. Ann's Catholic Church in Stamford.

Sixth Child For Robert Mortons

Mr. and Mrs. Robert O. Morton of Farwell became parents of their sixth child, a son, Tuesday, November 6, at 7:35 a.m. in Clovis Memorial Hospital. The little boy weighed 9 lb. 3 3/4 oz. on arrival. He had not been named at the time the paper went to press.

Morton is agriculture instructor in the Farwell school system.

Invitation

An invitation is extended this week, to all Texico-Farwell area residents, to attend the song services which are held at the Bovina Pentocostal Holiness Church, on the second and fourth Sundays of each month, 2-4 p.m.

J. W. Murdick of Texico is director of the song service.

PROJECT CHRISTMAS CARD

This year the Farwell PTA is Launching A Special Project -- The Purchase of Books for our School Library --

If you will donate the sum you usually spend on Christmas Cards to the Farwell Parent Teachers Association we will use the amount thus collected to buy badly needed books for our school library. We will publish your name in a Special Christmas Greeting Ad in the Tribune. It will be your way of wishing Merry Christmas to your friends and at the same time helping your children.

You may leave your funds with Mrs. Janie Bowery at the City Offices. Mr. John McDonald at McDonald Real Estate or any PTA Officer. Contribution must be in by December 15th.

Profitable pastures require a lot of plant growth which in turn requires a lot of plant food. With Wheat, oats, rye and other grasses it takes nitrogen to make good growth. Through research we can show you where it will be profitable to fertilize your crops or pasture. One improvement suggest another, and thus we get ahead. Check with us for your fertilizer needs. The Texas Seedman Convention being held in Lubbock this past week, has given us a broader view of seeds needed. Come by and talk with us on the latest prices of cane, hegar, sudan and millet. If you do not have anything to sell, come by anyway. We enjoy the company.

GOLDEN WEST SEED CO.

Lumber

Lumber for any building need at cut-rate prices. Arizona lumber in Douglas Fir and Ponderosa Pine. Our prices are the best in this whole area. All our lumber is graded and stamped by the Western Pine Assn. of Oregon. We have sold lumber for several houses in Texas, and will be glad to add your name to the growing list. For even greater savings, ask about our bundle prices.

Cubs Donate \$25 To Library Fund

In the first planning meeting for the new Cub Scout year, adult workers voted to donate \$25 to the Farwell PTA library fund. PTA is sponsoring organization for Cub Scouts.

Planning meetings are planned for the third Monday of each month with Cub Pack meetings to be the 4th Saturday at 6:30. Next planning meeting will be Nov. 19 at the W. H. Graham home.

Webb Gober, new Cubmaster, directed the meeting. Other officers are Buck Gregory, assistant Cubmaster, Lee Meeks, secretary-treasurer; Dr. T. J. Glenn, awards secretary; Bob Anderson, awards chairman; Harry Sheets, committee chairman; George Magness, institutional representative; and Muriel Stoffer and M. A. Snider Jr., committeemen.

Head-On Collision Kills Mrs. Carson, One Other

Funeral services were held in Friona Monday for Mrs. Fred Carson, 39, killed in a head-on automobile collision near the city last Saturday. Mrs. Carson and a Kentucky woman, Mrs. Maxine Spencer Banks were each killed when the automobiles they were driving collided on U. S. Highway 60, two and one-half miles southwest of Friona.

Mrs. Carson was returning from Clovis at the time of the accident; Mrs. Banks was en route to Portales, N. M. from Sanford, Kentucky, for a visit with her mother and a sister.

Services for Mrs. Carson were conducted at the Sixth Street Church of Christ, with Paul Smith, minister, officiating. Burial was in Friona Cemetery, under the direction of Claborn Funeral Home.

Pallbearers were Granville McFarland, Sloan Osborn, Rene

Snead, Charles Allen, Marty Martinez and Loyd Shackelford. Honorary pallbearer was Dr. George Anderson.

Survivors include Mr. Carson, retired farmer - rancher - banker, who was hospitalized and recovering from pneumonia at the time of the accident, a daughter, Mrs. Jack Fulgham of Friona and a stepson, David Carson of Friona.

Other survivors include her mother, Mrs. G. Farrington of Abilene; five sisters, Mrs. Hall Cutler of Pampa, Mrs. Perry Bennett of Anson, Mrs. Joe M. Downey of Nocona, Mrs. K. B. Blair of Dallas and Mrs. R. E. York of Monahans.

Two brothers survive, Jimmy Farrington and Kenneth Farrington of Abilene. A stepdaughter, Mrs. Vady Peters of Amarillo, also survives, along with several nieces and nephews.

Mrs. Carson was born Mildred Isabel Farrington in Denton, Texas, December 28, 1922. She was married to Mr. Carson in September of 1956.

Portales Rites For Fred Florence

Funeral services were conducted in Portales at Wheeler Mortuary, Saturday afternoon

for Fred Florence 50, who passed away in a Las Vegas Hospital Thursday afternoon. Burial was in the Portales Cemetery under direction of Wheeler Mortuary.

Bill Balch Dies, Burial In Tahoka

Bill Balch 57, brother of Mrs. E. G. Blair of Farwell, passed away in his home at New Home, Sunday morning following a heart attack. Funeral services were conducted from the First Baptist Church in New Home, Tuesday afternoon with burial in the Tahoka Cemetery.

Survivors include his wife Era, two sons, four daughters, nine grandchildren, four brothers, and one sister, Mrs. Blair.

Attending the services from this area were Mrs. E. G. Blair and Mr. and Mrs. Joe Blair and children.

Mr. Florence, the brother of Miss Clara Florence second grade teacher at Farwell, had been in ill health for some time, but had only been hospitalized for the past three months.

Survivors include three sisters, Mrs. Elmer Temple of Albuquerque, Miss Mamie Florence of Portales and Miss Clara Florence of Farwell; also several nieces and nephews.

Inez Services For Mrs. Westbrook

Funeral services were conducted at the Inez Methodist Church Wednesday afternoon, for Mrs. Anna Westbrook, 87, who passed away in Clovis Memorial Hospital, Monday, following a lengthy illness. Burial was in the Inez Cemetery near the body of her husband, Fred.

Mrs. Westbrook and her husband were pioneers in the Inez Community having moved there in 1906. She was making her home with her daughter, Mrs. Robert O. Tomlinson, in Farwell at the time of her death. Survivors besides Mrs. Tomlinson, are one son of Richmond, Calif., seven grandchildren and 12 great-grandchildren.

Farwell PTA Will Observe "Parents Night"

Farwell PTA will meet in regular session Tuesday night, November 20, 7:30 p.m. After a short business meeting parents will adjourn, to attend classes which their children ordinarily attend each day.

Classes will be set up on a 15 minute basis and parents will go through a day's schedule. The Farwell Student Council is in charge of making posters and helping parents with class schedules. Mrs. Bert Williams is program chairman. A booth will be set up to enable members of the PTA to receive donations for the project "Christmas Card".

The cook's best friend is her kitchen phone!

A kitchen extension phone brings your calls where you're cooking. Saves you time and steps. Up-and-out-of-the-way location conserves scarce counter space. Take your choice of colors: sunny yellow, white, beige or pink. To add the beauty and usefulness of a wall phone to your kitchen, just call our business office or ask your telephone serviceman.

MOUNTAIN STATES TELEPHONE

How can you serve a delicious dinner two hours after you've cooked it?

the modern answer is

gas

Meet the "keep-warm" oven. It's found on modern gas ranges — built-ins and other models, too. Because you can turn this oven down — way down to 140 degrees — it solves problems that are as old as cooking itself.

At the keep-warm setting, a fresh-cooked meal stays warm and moist for two hours or more. Even a roast that's been sliced keeps all of its juicy goodness. The low, low heat in the keep-warm oven is just enough to preserve taste and tenderness — but not enough to keep things cooking.

What does this mean to you? It means dinner can be delayed long into the evening and still be a raving success. It means you can cook way in advance, and enjoy your guests until time to serve. It means, too, that a 5-pound beef roast can be thawed in 4 hours — instead of about 15 hours at room temperature.

The keep-warm oven is one of many features that make modern gas ranges so popular with modern cooks. Your gas appliance dealer will be glad to help you make a trade.

Pee-Wee Teams Win Two Games

Texco-Farwell residents had a rare treat, last Friday night, when they were able to see the "Calves" and "Mavericks," Pee-Wee football teams, in action for the first time. Games for the season had been played on Saturday morning, which made it almost impossible for local residents to attend the games.
 Both teams came out on the winning side of the ledger with Calves, 9-10 year old boys, coached by Bob Hart and Pike Jordan, winning over an East Clovis team by a score of 14-0. This was the eighth win for the Calves and places them in the league playoffs which will be held Tuesday night at the local field, 7:30 p.m. (CST).
 Danny Prince scored both touchdowns for the Calves, one on a 5 yard run and the other on a 60 yard run. Greg Hargrove crossed the line for both extra point.
 It was the Mavericks night, also, with the 11-12 year old boys able, to scalp the undefeated Indians. This was the first loss for the Indians in 18 games, Al Phillips scored on runs of five yards, 30 yards and 45 yards, Milton Lee Walling scored on an 18 yard run. Final score was 27-7.
 All boys on the Maverick team turned in fine performances in the game with special praise being given to Willard Hutsall and Douglas Autrey for their tackling and blocking performances. Mavericks have a season record of six wins and three losses. Coaches for the Mavericks are Johnny Green and Glenn Phillips.
 Final games for both teams will be played against the "Colts" and "Ponies," team from Clovis West Side, Saturday 1 p.m., at the local football field.

Mrs. Murrays Father Dies

Word was received this week by friends of Mrs. Calvin Murray of the death of her father, who passed away October 9, in Oklahoma.
 The Murrays lived in Farwell for a number of years while he was athletic director at the Farwell High School. They now live in Panhandle and both are connected with the school system there.

LUTHERAN NEWS

LWML met November 1, with Mesdames G. Meissner and O. Lingau as hostesses. Officers were elected with Mrs. Fred Ramm president; Mrs. Ernest Ramm secretary; and Mrs. C. Trimble of Bovina vice-presi-

dent being re-elected. Mrs. Otto Lingau was elected treasurer to replace Mrs. Henry Haseloff and Mrs. Gilbert Kaltwasser was elected Christian Growth Chairman to replace Mrs. Walter Kaltwasser. Ladies of LWML will sponsor a Thanksgiving supper November 25, 6:30 p.m. Closing drive for world relief was November 5.
 Annual Mission Festival for

the church was held November 4, with Rev. Raft of Plainview as guest speaker. Ladies served a dinner at noon and sandwiches and cake for supper. The offering received was used for the World Mission of Lutheran churches in the Missouri Senate. A generous donation was received.
 November 6, board of directors met with important plans being made for the Yule sea-

son and other Sunday School matters were decided.
 November 7, Sunday School Training class met.
 November 11, Walker League will meet in the Lingau home. Confirmation class meets each Saturday morning.
 Dates to remember: Nov. 18, Amarillo, 3 p.m. Lutheran hour rally will be held with Dr. Hoffmann speaking in person. The rally will be held at the Muni-

cipal Auditorium and a 150 voice choir will render anthems. Public is invited to this rally.

THE HIGH PLAINS FARM AND HOME

RAD Program Defended By Parmer County Agent

County Agent Deryl Coker this week defended attacks on the Rural Area Development program (RAD) as unfair, erroneous and completely without basis.

The program, a part of the Agriculture Act of 1962, has been given to the State Extension Service for organization.

"There has been some adverse publicity on the program, which tries to say that the program will make for more Federal control, but this just isn't right," Coker charged.

As to Parmer County's participation in the program, Coker said that there would be a reorganization of the county's Program Building Committee.

"The committee will act for Parmer County like a county chamber of commerce. It will be the people's committee, and what they decide will be for the betterment of Parmer County."

"The committee can either vote yes or no on a matter, as they see fit, and I don't see how that involves federal control," Coker continued.

"To summarize," the county agent went on, "It is a democratic means by which representative local leaders can plan and carry out a course of action designed to fully develop and utilize the total resources of the

county with the assistance of local and outside organizations."

Coker emphasized that there will not be an RAD committee as such in the county, but that the program will be carried out by the regular County Program Building committee.

Functions of the committee will then be broadened to include the following:

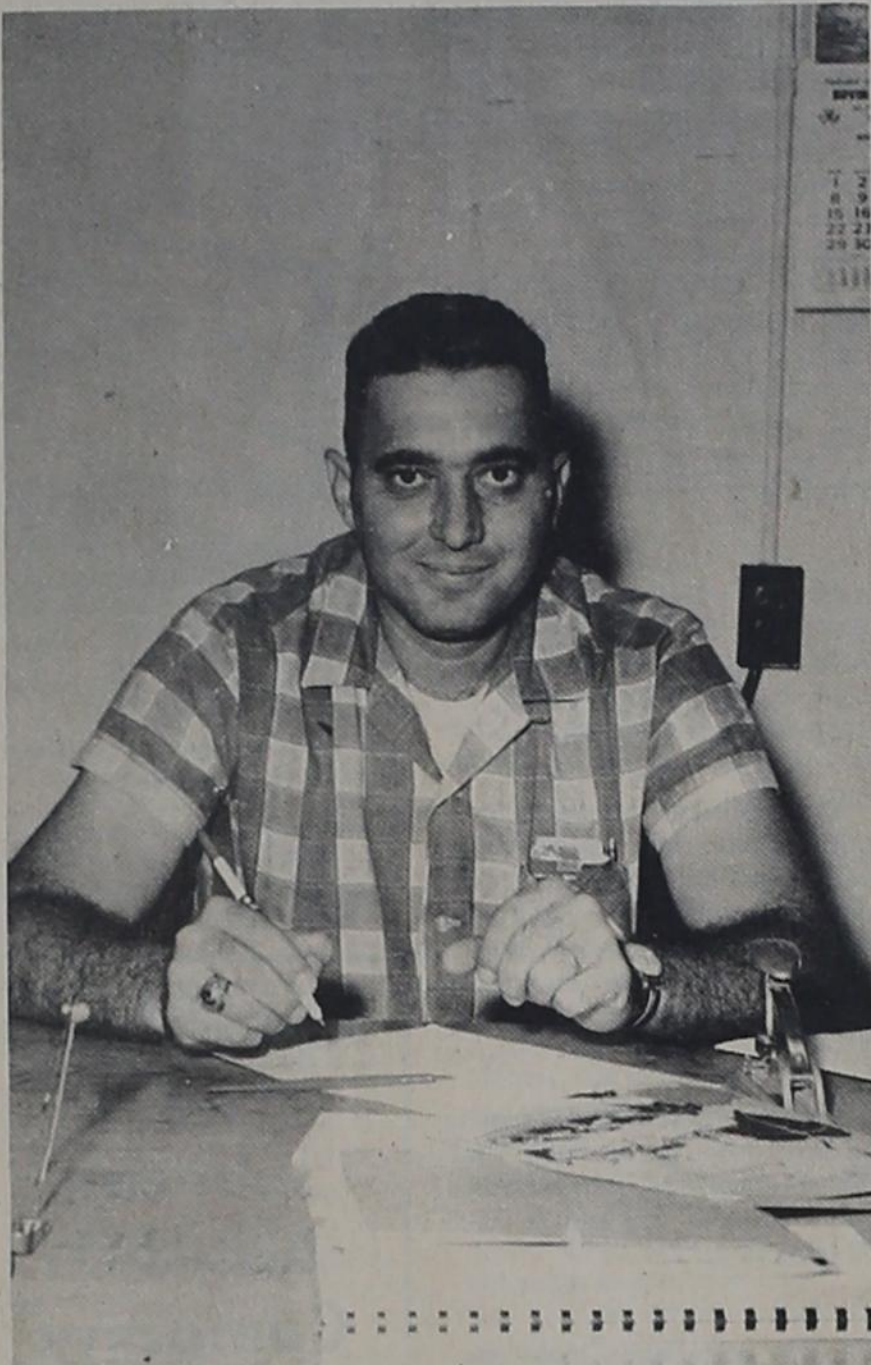

1. Analyzing and interpreting the county's situations and trends.
2. Identifying the county's problems.
3. Estimating long-range objectives.
4. Determining priorities.
5. Preparing from the above a county program aimed at total resource development.
6. Providing leadership and assistance for program implementation.

"The program should be an ideal means of giving the Extension Service and other Department of Agriculture agencies an idea of what we should work toward," Coker concluded.

4-H Achievement Program Saturday

The annual 4-H Achievement program will be held Saturday, November 10 at 6:30 p.m. at the Hub Community Center. A covered dish supper will be served for all 4-H Club members, parents and guests.

After the meal, 4-H Achievement award medals will be presented to all eligible members who entered their record book in August for judging. Following the awards, each of the community 4-H Clubs will present talent skits.

DERYL COKER
... Defends Attacks

Sterile Fly Program Changes Announced

Extension of the sterile fly release area and changes in the fly release rates were announced by officials of the Southwest Screwworm Eradication Program last week. The

latter will put a heavier burden of responsibility on individual livestock producers, Deryl Coker, Parmer County agent said.

An additional 10,000 square miles are being included in the fly release area in western Texas and the number of flies released will be stepped up in some areas and reduced in others. While definite release rates have been designated for all areas, this will tend to vary according to the number of confirmed screwworm specimens sent to the Mission laboratory for identification. Thus, says Coker, the producers, themselves, will largely determine how many flies they will get each week.

The additional area is composed roughly of the territory encompassed by a line running west from the old line along the Sutton - Schleicher County line, passing just south of Ozona and Sheffield and continuing westward until it intersects with a line coming north from the U. S. - Mexico border and passing through Sanderson. This line could vary somewhat, officials have said.

Extension Agents Attend Annual State Conference

Parmer County Extension Agents, Miss Ettie Musil and Deryl L. Coker, were among the one thousand Texas Extension Service employees attending the Agents and Staff Conference held October 29 through November 2 at College Station. Theme for the conference this year was "Pursuing Excellence."

Speeches were presented by Administrator E. T. York, Jr. with the Federal Extension Service in Washington, D.C., who spoke on "Achieving Ex-

cellence in the Cooperative Extension Service." Other speeches included "Achieving Personal Excellence," "Identifying, Motivating and Developing Leaders for a Program of Excellence," "Citizenship Responsibility in a Democracy," "Creating an Image of Excellence for Cooperative Extension," and "Concept of Excellence in American Family Life."

It was stressed in the speeches that Extension Service personnel must broaden work with clientele beyond whom they now work with. Programs in consumer education are most important. According to statistics 40 per cent of the brides are 19 years of age or younger. Many programs based on the use of money rather than family income are needed.

Both of the extension agents said they found the conference educational, as well as inspirational and challenging.

ECO-lube

DIP INTO REAL DRIVING CONFIDENCE

... the kind that results when you give your car adequate protection. It's as simple as regular use of Shamrock Motor Oil. Shamrock Motor Oils come in different categories as engines do. Your Shamrock dealer will recommend the right one for your car. You'll notice a strong family resemblance in Shamrock's new motor oil cans! There's an even stronger one in their quality... quality you can measure by your car's performance.

NOTICE

SPECIAL MEETING

Of Membership of The

WEST TEXAS RURAL Telephone Cooperative, Inc.

COMMUNITY CENTER

Hereford, Texas

NOVEMBER 8, 1962

7:30 P.M.

All Cooperative's Members Urged To Attend This Special Meeting.

Membership To Discuss Rate Schedule Of Multi-party and Five-Party Plant Modification.

Delegates To Adopt State Policies At FB Convention

Delegates to the 29th Texas Farm Bureau convention at the Granada Hotel here November 11-14 will adopt state policies for the coming year and make recommendations on national policies.

Bureau members and their families, which would make this the largest convention in TFB history, are expected to attend. The 200 organized county Farm Bureaus are eligible to send more than 750 official voting delegates.

The 39-member state resolutions committee will meet here November 7 to draft tentative resolutions for consideration by voting delegates on the last two days of the convention, November 13-14. Hundreds of recommendations on scores of

issues have been received at the TFB state office in Waco from county Farm Bureau conventions. Adopted resolutions on state-level issues will become the policies of the Texas Farm Bureau next year. Approved resolutions dealing with national matters will be forwarded to the American Farm Bureau Federation convention which will be held December 9-13 in Atlanta.

agriculture and government will address the convention as guest speakers. They include: Radio News Analyst Paul Harvey; Roger Fleming, secretary of the American Farm Bureau Federation; Senator John Tower of Texas; Wayne Tyler, manager of the AFBF's American Agricultural Marketing Association; and the Governor-Elect of Texas, either John Connally or Jack Cox.

Registration will get underway at the Granada Hotel at 2 p.m., Sunday November 11. A talent find and talk meet for Farm Bureau young people will be held that afternoon. On Sunday evening, Dr. Herbert R. Howard, pastor of Park Cities Baptist Church, Dallas, will be speaker at a vesper service.

A feature of the convention on Monday night will be the finals of the state-wide Farm Bureau queen contest when 13 district queens will compete for the title of Texas Farm Bureau queen and an expense-paid trip to the AFBF convention.

KEEPING FIT should be fun especially for those over 30 years of age, according to Dr. Warren S. Guild of Harvard Medical School. The doctor, a former marathon runner, suggests that exercises such as hiking, cycling, swimming, rowing, mountain climbing and running are excellent for attaining physical fitness.

Classing Offices Report Slight Increase In Quality

The Lubbock Cotton Classing Office reported 28,500 samples classed for the week ending November 2 and had a carry-over of 3,500 samples. The Lamesa office classed 7,600 samples with a carry-over of 1,000 samples. The Brownfield office classed 9,200 samples with a carry-over of 1,500 samples.

To day 142,600 samples have been classed in the three offices. Last year on November 2 473,000 samples had been classed and the three offices had a total carry-over of 50,000 samples.

There was a slight improvement in the quality of the grades classed this week. Forty-six per cent of the samples classed were white qualities as compared to forty-one per cent last week. Middling Light Spotted accounted for 45 per cent and Strict Low Middling accounted for 25 per cent of the cotton classed.

The average staple length remained the same as last week - 30.4 thirty-seconds of an inch. Staple length percentages were distributed as follows: 7/8 and shorter .5; 29/32, 9; 15/16, 57; 31/32, 27; 1 inch, 5; 1-1/32, 1; and 1-1/16 and longer .5 per cent.

The movement of cotton on the Lubbock market continued to increase this week, with the Lubbock Cotton Exchange reporting 16,800 bales purchased for the week ending November 2. This was 5,800 bales more than the previous week and compares with 33,600 bales reported for the same week a year ago.

The Spot Cotton Quotations remained the same this week with Middling 1 inch quoted at 32.30. Quotations for the predominant grades and staples are: Middling 15/16 31.30, Middling 31/32 31.80, Strict Low Middling 15/16 30.20, Strict Low Middling 31/32 30.90, Middling Light Spotted 15/16 30.30, Middling Light Spotted

31/32 31.00. Strict Low Middling Light Spotted 15/16 29.50, and Strict Low Middling Light Spotted 31/32 29.75.

Farmers Need Good Records For Benefits

There are cases each year where a farmer's monthly social security benefits are delayed because he has not kept good farm records, Hal Geldon, District Manager, of the Amarillo Social Security Office, said today.

Complete and accurate records are necessary not only for good farm management but for getting proper and continuous protection for social security benefits as well, he said.

Geldon explained that farm operators are required to make accurate reports of wages for their hired hands and to report their own earnings to the Internal Revenue Service for social security purposes. Good farm records assure prompt and accurate payments of social security payments to the farmer, he said.

These records do not have to elaborate, Geldon added, but they should show the various types of farm income and expenses.

Information on becoming eligible for social security benefits may be obtained from the Amarillo Social Security Office, 1006 Adams Street.

Remember that the plant you may call impatiens, sultana or impatiens is not hardy. It must be potted and taken indoors before frost if it is to survive the winter. It makes just as good a house plant as it does a garden plant, but needs sun indoors if it is to bloom.

The HAPPY HOMEMAKER

BY JUNE FLOYD

If you still have a variety of vegetables in your garden that need to be preserved for good eating this winter, try the two following relish recipes.

- Green Sweet Relish**
 1 quart green tomatoes, ground
 1 quart onions, ground
 1 dozen green peppers, ground
 1/2 dozen red peppers, sweet
 6 large cucumbers
 1/3 cup salt

Grind all vegetables with fine blade of food chopper. Mix with salt. Let stand overnight. Drain and stand with cold water. Allow to stand two hours. Drain again, then add

- 6 cups sugar
 1 quart vinegar
 2 tablespoons celery seed
 2 tablespoons mustard seed
 1 teaspoon turmeric
 Combine all ingredients and cook 20 minutes. Add green food coloring, a few drops at a time, until desired shade is obtained. Keep simmering. Place in hot sterilized jars and seal.

- Hogan's Special Relish**
 1 gallon ground green tomatoes
 1/2 cup salt
 Let stand overnight. Drain. Boil in accumulated liquid and drain again. Add the following ingredients:

- 1 quart ground sweet pickles
 1 quart ground cabbage
 1 quart ground onion
 5 red peppers (chopped fine)
 5 green peppers (chopped fine)
 1 quart chopped celery
 1/2 package celery seed
 1/2 package white mustard seed
 1/2 package turmeric
 6-8 cups sugar
 2 quarts vinegar.

Mix thoroughly and bring to boil. Seal in hot sterilized jars.

If you plan to make stuffed toys for the smaller persons on your Christmas gift list, remember to save all old nylon hose. These can be cut in strips and used for stuffing.

Also, if your patterns call for embroidery on faces, try cutting small shaped pieces of mending tape in various colors for eyes, mouths, or noses. These may be applied on if you like.

Smaller children especially enjoy playing with finger paints. A very good substitute for paint may be made by combining 2 cups water, 2 tablespoons laundry starch and food coloring.

Boil the first two ingredients until about the consistency of paste then add food coloring or small amount of dye. The paint may be stored in small bottles and one recipe may be divided so that you have several colors.

An empty match holder makes an attractive purse holder for threaded needles, pins or other small objects you want to have on hand at all times.

For a pretty easy to make dessert dish, try

- Cherry Dessert**
 26 marshmallows
 1 cup milk
 Melt the above ingredients in double boiler, then cool. Then add 1 cup cream (whipped). Crush two dozen graham crackers and mix thoroughly with 1/4 cup butter.

Make a layer of the cracker mix. Cover with one #2 can cherry pie filling, add marshmallow mix then top with remainder of cracker mix. Chill before serving. This dish may be prepared a day ahead if desired.

BAG TRICKS

DECORATING TIP - Got an old chest in the attic? Turn it into a handsome piece of furniture by covering it with cotton feed or flour bags. To give your room a coordinated look, cover window shades with the same fabric. Instructions from the National Cotton Council, Bag Dept., Box 9905, Memphis 12, Tennessee.

Savings Bond Sales Top Goal In County

Frank Spring, Chairman of the Parmer County Savings Bond Committee has announced that Savings Bond sales in Parmer County totaled \$14,159 during September. This put the county over its goal of \$90,000 with a grand total of \$97,704.

Texas Savings Bond sales for the first nine months of 1962 totaled \$111,734,186. This figure represents 67.7 per cent of the state's 1962 goal of \$165.1 million.

"I have been happy to note that sales of Series E Savings Bonds in the \$25, \$50, \$100 and \$200 denominations con-

tinue to rise. These are the bonds purchased primarily by employees who buy bonds on the Payroll Savings plan. This simple plan for buying bonds offers thousands of employees an opportunity to save for their own and for their country's security. If employers in this area are interested in further information about the Payroll Savings plan they may write the Savings Bonds Division, Room 500, 708 Jackson Street, Dallas 2, Texas, and complete information and free materials will be furnished them, Chairman Spring concluded.

Farm Facts

Some 20 years ago only about 50 basic farm chemicals were in use. Today there are about 200 basics available and perhaps as many as 50,000 formulations of them.

"Without the fruits of research put to work through the industrial machine," comments Director George L. Mehren of the Giannini Foundation of Agricultural Economics, "production of broilers, turkeys, eggs, red meat, and dairy products could never have reached today's levels, simply because disease losses would have prevented it."

"Present methods of producing important truck crops, such as tomatoes and potatoes, would not be possible."

"Had not such pests as the Mediterranean and Mexican fruit flies been controlled by chemicals, our peaches, cherries, citrus, apples, and pears might now be luxuries."

"Modern methods of finishing livestock for market would not have developed and we would not have so abundant a supply of tasty as well as nutritious meat as we now enjoy."

"Six major parasites of cattle, hogs, sheep, and poultry would add about \$100 million annually to the nation's food bill, if we did not have the drugs to control them."

COMBINING SOYBEANS on the R. B. Seaton farm at Lazbuddie is Seaton's nephew, Jimmy.

ONE OF THE FARMERS in Farmer County who harvested soybeans this fall is R. B. Seaton of Lazbuddie, Seaton is shown with some of the results of his harvest.

HD Agent's Notes

BY MISS ETTIE MUSIL

We in District 1 of the Panhandle of Texas are very proud of our District 4-H Dress Revue winners who competed in the State 4-H Dress Revue recently. We just received word of the results.

Linda Jean Holt of Hansford County won first in the state and will attend 4-H Congress in Chicago with an all-expense paid trip sponsored by the Simplicity Pattern Company. We are so proud that Linda won in a group of 40 contestants.

Another District One 4-H girl won honorable mention in the Dress Revue. Phyllis Marie Dalsing of Gray County placed fourth in the state and Mary Ann Edlin of Hartley County won ninth place. Just think, we had three of the four girls who represented District 1 to place among the top nine in competition with 40 girls.

Yes, 4-H club work has provided much leadership and skills for many boys and girls. We shall have our County 4-H Achievement Awards Program in the Hub Community Center, Saturday, November 10. At this time achievement awards will be presented to several of the 4-H boys and girls entering their record books in judging for these awards.

In many of the awards programs only one, two, or four boys or girls are eligible for the award. Therefore, other hard working boys and girls will receive completion year pins. We hope all parents and friends will attend to back these youth in their development as future citizens.

Had you ever thought about buying time? All of us buy time in one form or another. First, do you have all the time you need? Perhaps you should give more consideration to "Buying time."

Did you ever think that time can be bought in a variety of forms? For example, a long-distance telephone call may save days of travel. A telephone call to a local home furnishings center can provide information about items a homemaker wants, and possibly save visits to other stores to find the articles.

Each time we mail a letter or a parcel we are buying time, since the postal department takes over for a few cents an errand which might take hours or days for us to do. We also buy time when we have tools sharpened or equipment put in good condition so we can work more efficiently.

When a homemaker hires someone to do many kinds of chores, she is buying time. The purchase of instant foods, such as baking mixes, instant beverages, and frozen meals at the grocery store is another method of buying time.

To make the most of our investment in the time we buy, we must use careful planning. By giving conscious thought to the matter, and by watching our opportunities, we can buy more time than we do now.

We also have a way you can get time off your mind. First, know what you want to do. Then make a mental or written plan of putting first things first. Stick by your plan. Then study your present methods of work -- are there changes you need to make? Are you doing necessary things?

Are you sharing the family living responsibilities with other members of your family? When family members share in the home responsibilities, they feel more a part of the family. They feel necessary to the smooth running of the household.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain, trash, feed sacks or other seed or debris for insects. It is a good practice to "sweep down" the cell-

Ammonia Applications Necessary, Profitable

"Fall-winter application of anhydrous ammonia is being increasingly recognized as necessary and profitable in the West Texas Plains area according to reports from distributors of this 82 per cent nitrogen fertilizer material," said Jack F. Criswell, Memphis, Executive Vice President of the Agricultural Ammonia Institute, today.

Criswell said that "agricultural authorities have long recognized the crop growing advantages and savings of ammonia application at this time; and it is pleasing to find that the more progressive farmers of West Texas are seeing the advantages of these benefits."

Agencies like the Agricultural Extension Service and Texas Research Foundation have well proven that application at this time will lock ammonia in cool winter soils where it will be ready to promote early spring crop growth. Extensive research and years of successful field jobs have shown that fall-winter application increases crop yields as well as or better than later nitrogen fertilization, Mr. Criswell points out.

The chief reason given for the need of application at this season, said Mr. Criswell, is that it puts farmers way ahead of their spring work load jams to give them savings in time, labor and dollars.

In the fall and winter farmers are certain that adequate supplies of ammonia and equipment are available just when they want them. They thereby eliminate the fear that supply shortages or a late, wet spring will hinder putting on the nitrogen which is an essential element of profitable sized yields today.

The West Texas Plains area uses better than 10 per cent of the total agricultural ammonia consumed in the United States and local distributors would be hard pressed to supply such amounts in the spring alone, according to Mr. Criswell. Most farmers now recognize that no

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

A vesper service, conducted by Dr. Herbert R. Howard, Pastor of Park Cities Baptist Church, Dallas will be the first full participation activity of the Texas Farm Bureau Convention Sunday, November 11. We hope you'll be there. We plan to take our whole family, the first time since children have come to live with us.

Although we don't know all who are going from Farmer County, we are reasonably sure of the following: Earnest Kube and M. T. Glasscock of Farwell, Harry Hamilton of Friona and John Henderson of Black. These are the ones who have said they plan to go. We know there are others, but don't know who they are yet.

The annual address by President J. H. West will be the main event of the day Monday, followed in the evening by the queen contest. Important commodity meetings will be held throughout the afternoon.

Tuesday, November 13 will be a full day, with Roger Fleming, AFBF Secretary-Treasurer of Washington, D. C., and address by the governor-elect of Texas (Jack or John) and address by Senator John Tower. At one thirty in the afternoon the business session for delegates will get underway with the reading of minutes and consideration of resolutions (including those from your county) until 5 p.m.

Paul Harvey, Radio News Analyst and columnist of Chicago, Illinois, will be the speaker at the annual banquet Tuesday night. If you are there and don't have tickets, check with us or any other Farmer County folks to see if we have any left for you. You won't want to miss the banquet program.

Wednesday morning, work will continue on the consideration of resolutions until they have all been taken care of, and the convention will be adjourned.

If you are not among the five hundred forty one members of Farm Bureau in Farmer County, why don't you become number five hundred forty two?

CONSIDER THIS: The way of the wicked is an abomination unto the Lord; but he loveth him that followeth after righteousness, Proverbs 15:9

Need Good Storage Methods For Quality Cotton Seeds

It is time to think about next year's cotton plant-seed. Some growers, reports Fred C. Elliott, cotton specialist for the Texas Agricultural Extension Service, have already placed in storage seed of good quality. Others will do the same as the harvest moves into their areas.

To those who have not yet saved planting seed, Elliott suggests a first class house cleaning job for the storage facilities. Cottonseed, he points out, should be stored only in bins that have been cleaned thoroughly of waste material such as old grain, trash, feed sacks or other seed or debris for insects. It is a good practice to "sweep down" the cell-

ing and walls and clean the floor of the bin to remove hidden waste. Use builder's molding to cover cracks to eliminate seed collecting in them, he explains. Waste grain, seed and other materials beneath and near bins should be destroyed.

For those who have stored seed, Elliott suggests that regular checks be made of the seed and facilities to make sure insect pests haven't moved in. Insects, he adds, are more likely to become a problem if a large percentage of the seed are cracked and if stored in bins which harbored insects at the time the seed were placed in storage.

The specialist says several chemicals are recommended for use in and around the storage bins before seed are stored. Others may be used as a dust to treat the seed when they are placed in storage while other insecticides can be used to fumigate cottonseed which may have become infested with stored grain pests.

Seed treated with chemical dust should not be crushed or used for feed, emphasizes Elliott. Use caution, he adds, in fumigating cottonseed which will be used for planting purposes. Under certain conditions fumigants may lower the germination of the seed. Studies indicate that germination of seeds fumigated at high temperatures -- 80 degree F, or above and at high moisture content -- 11 percent or above may be reduced. Because the use of chemicals involve hazards, Elliott suggests that the local county agent be contacted for complete details on what and how to use recommended insecticides.
