

## FROM THE HOPPER

BY HOP JR.

Once again the socialistic crowbar is being applied to America in the guise of goodness, President Kennedy pleads for his medical care for the aged program in tones like Huey Long used to plead for pensions for "our poor old folks." If you raise any doubts about his program you are immediately branded as a selfish, grasping, soulless being—one without capacity for love of his fellow man in need.

Yep, the song sure has a familiar ring, and, softhearted Americans that most of us are, we are taken in. The steadily advancing age of our senior citizens naturally calls for more and more medical care. In fact, it was modern medical care that was largely responsible for the amazing longevity that has developed in the past 25 or 35 years.

However, the person who can see through Kennedy's shallow sales talk isn't necessarily the modern day Scrooge that a lot of critics would make him. He's just using his head.

The administration proposes to finance its program for medical care for the aged through the Social Security program. If you hadn't guessed, that will mean a bigger bite in taxes. The program is ALREADY scheduled to take a six-percent bite out of your gross (repeat, gross) income in the next few years. Where it will go from that point is a disturbing question. Nobody has offered answers yet.

This country is on an enforced do-good kick. By voting more medical care we are, supposedly, relieving our collective consciences. Only it doesn't work this way. Our responsibilities to our loved ones and needy neighbors are not discharged by passing laws and assessing our pocketbooks.

Getting down to fundamentals, I would like to point out that the medical care (as are all other socialistic wealth-distributive programs) is goodness by FORCE. It means that, under the program, you or I will be forcibly separated from our livelihood, and the monies derived therefrom will be distributed as the bureaucrats see fit.

You or I have no choice in the matter; no choice as to whether we wish to participate and no choice as to the distribution of the monies. Force—in the form of established governmental authority, the detention systems of the land and ultimately the police power of the civil and military branches — leave us no alternative.

So, in reality, our "good" government programs are good only superficially. They are made workable by force. Any goodness accomplished under threat of imprisonment is done by reason of fear and not out of the heart.

My remarks on Billie Sol Estes in last week's column are among the most unpopular things I have managed to say lately. It just goes to show you that the world is full of divergent opinions, and that mine are the divergent—est you can find. Anyway, in defense of myself, I don't think the critics read what I said as closely as I would have liked for them to.

(Continued on page 4.)

Area residents scurried to the scene of this thick, black smoke, thinking a major fire had started near Farwell about mid-afternoon Sunday. But the fire was at the Farwell dumping ground where hundreds of old tires and other accumulated trash was burning. Firemen answered the call, but did not attempt to extinguish the blaze when they realized what was burning.

## Paving Project Hits Legal Snag

Ralph Douglas, engineer for the proposed paving project in Farwell, reports this week that due to a legal technicality in advertising for bids the date of work on the paving has been postponed.

Douglas says that the city must re-advertise for bids and that as soon as this is completed, work will begin. It is hoped that actual labor on the paving can begin around the middle of June.

Approval of the project, which will pave all except 3 1/2 blocks of the City of Farwell, was made at a public meeting called by the city commission on March 23. The paving will be 22 feet wide and will not include curb and gutter.

## Rev. Bass Speaks To Farwell Seniors

Courage, curiosity and conviction as the attributes of success was the message of Rev. J. L. Bass in his address to the Farwell seniors at their commencement exercises Friday night, May 18.

Rev. Bass told the seniors that "the opposite of courage is not cowardliness, but conformity," and encouraged them to "have the curiosity to search for things that have not been discovered," and to have "the conviction that will make you individuals as God intended, and always be yourselves."

Errol Johnson was recipient of the coveted loving cup which is presented annually to the outstanding member of the senior class. The cup has been presented each year since 1928 and bears 37 names of winners. Basis for the award is citizenship, scholarship and athletics.

William Dannheim received the citizenship award and David Watkins won the John Phillips Sousa award presented to the outstanding band student.

Scholarships were presented to Peggy White, valedictorian, and Iris Goldsmith, salutatorian, and Bobby Tomlinson, highest ranking boy in the class.

Several other seniors received scholarships in scholastics and athletics.

Presentation of awards was made by A. E. Tatum, high school principal. A. H. Haseloff, president of the school board, presented diplomas to the 33 students.

These three senior boys won high honors at Farwell graduation. David Watkins, left, received the John P. Sousa award for outstanding band student;

William Dannheim, center, was recipient of the citizenship award; and Errol Johnson, right, took the outstanding senior loving cup.

DR. GAIL SHANNON

## Dr. Shannon Speaks To Texico Graduates

Speaking to the Texico graduating class in commencement exercises Friday night, Dr. Gail Shannon, Academic Dean at ENMU, told the class "you must stand for something—you cannot be a fence straddler and ever hope to accomplish much. The Lord gave you three important bones: 1. A wishbone, to make you wish for things to be better than they are now, 2. A jawbone, which makes you able to ask questions which will help you find the answers to help you make wise decisions, and 3. A backbone, which will enable you to work, stand up, and fight for the things you believe in. With all these bones working together you will be able to accomplish much."

J. Buck Doran, superintendent of schools, charged the seniors, "to continue to have faith, hope, and charity. Have faith in yourself, hope for the future and charity toward your fellowman; be the best person you can, be a good neighbor and live a good life."

Dwight Turner, valedictorian of the class, spoke briefly on "A Desire to Achieve," and Kit Doran, salutatorian, spoke on "Looking to the Future."

Barbara Raulle gave a brief history of the class and special music was presented by the school chorus, under direction of Harold Barnett, music director.

Diplomas were presented to the 34 graduates by John Hadley, president of the board of education. Rev. C. C. Morgan gave the invocation and Rev. Harvey Hudnall the benediction.

Misses Judy Tharp and Dianne Baldrige served as graduate escorts.

## Doug Tucker To California

Mr. and Mrs. Doug Tucker, graduates of Farwell High School, will be in Santa Barbara, Calif., this summer where they will study foreign languages at the University of California. They will return to Weatherford, Okla., in the fall to continue their studies at Oklahoma Southwestern.

Mrs. Tucker, the former Pat Aldridge, is an English major and Doug is majoring in bio-chemistry.

PATRICIA DURHAM

## Six Farwell Students Receive Scholarships

The six top ranking students of Farwell High School, all wearing the gold cords of the National Honor Society, are recipients of scholastic scholarships. These scholarships are in addition to the state awards to the valedictorian and salutatorian.

Mrs. Alice Jay Tucker, school counselor, reports that all recommendations were honored at all colleges and that in addition to the scholarships, several students were

awarded student loans and grants-in-aid. Recipients of these awards are Peggy White, Hardin-Simmons University; Iris Goldsmith, Abilene Christian College; Christine Paine, South Plains College; Patricia Durham, Texas Woman's University; and Bobby Tomlinson, Texas Council of Church Related Colleges. The six students plan to study medicine, art, nursing, library science, nuclear science, biology and English.

## Babe Ruthers Lose Tough One To Clovis

The Clovis Gophers bombed the undermanned Texico-Farwell Lions to the tune of 25 to 6 in the Babe Ruth League opener at Clovis High School park, Tuesday night.

The winning pitcher was Shopp and the losing pitcher was Johnny Schell. The inexperienced Lions couldn't seem to find the slot as the Gophers collected 25 runs off of three Lion pitchers in a three inning ball game that lasted over two and a half hours.

Accounting for the six Lion runs were Hap Danforth, Bobby

(Continued on page 4.)

## NOTICE

The public is cordially invited to attend a dedication service Wednesday May 30, 6 PM at Sunset Memorial Terrace Cemetery. Texico - Farwell Ministerial Fellowship will be in charge of the service.

## Community Plans Memorial Service

All interested persons are invited to attend the Memorial Day Service, and cemetery working at the Oklahoma Lane Cemetery beginning at 10 a.m., May 30. A short business meeting will be conducted prior to the service.

## Alex Steinbock Buried Tuesday

Alex Steinbock, a resident of the Lazbuddie area since 1925, died at his home following a heart attack on Saturday, May 19, at 7 a.m. He was 60 years old.

Funeral services were conducted Tuesday afternoon from the Lazbuddie Methodist Church with Rev. Roy Grote, pastor of the Littlefield Lutheran Church, officiating. Burial was in the Lazbuddie Cemetery with Singleton Funeral Home of Muleshoe in charge.

Mr. Steinbock was born in Frederick, Okla., April 12, 1900. He was a farmer and a member of the Lutheran Church.

Surviving are his wife, Lena of the home; two daughters, Mrs. Bobby Broules of Tishomingo, Okla.; and Mrs. Bert Williams of Princeton, N.J.; three sisters, Mrs. F. L. Oliver and Mrs. Anny Pyritz, both of Lazbuddie, Mrs. Dan Winn of Slaton; six brothers, Willie, Ed, Walter, Reinhold and Alfred, all of Lazbuddie, and Carl of Eugene, Ore.; and three grandchildren.

## Republicans Organize Club

Thirty-five persons met and were listed as charter members of an area young Republicans club which was organized at a Monday night meeting at Oklahoma Lane community center.

Harold Wilson was named chairman of the group and Clarence Mason was named vice-chairman. Mrs. Glenn Lust was elected secretary.

Speakers from the Amarillo Young Republicans Club showed (Continued on page 4.)

## Rev. Tomlinson Returned Here

Rev. Robert O. Tomlinson, who has served as pastor of Hamlin Memorial Methodist Church for the past two years, was returned to this church at the annual conference held in Gallup last week. Rev. Tomlinson and his son, Rev. Leonard Tomlinson of House, attended the church sessions, also going from here was Dr. T. J. Glenn.

Dr. Ralph H. Seiler is the new district superintendent for the Clovis district. He has served as pastor of Asbury Church in El Paso for the past five years.

Other appointments of in- (Continued on page 4.)

This metal rain spout was jarred loose from the house when lightning struck the television antenna at the Harold Travis home in Farwell, last Thursday afternoon. The hole in the cement foundation was also caused by the lightning, and seams in a metal rim around the top of the house were burned as if they had been welded.

The lightning shattered the television antenna rotor on the floor of the Travis home and burned out overhead lights and telephone wires. A fire under the house was caused by a gas line which burned into. Damage by the smoke and burns from the flash ruined carpet in the Travis home, but they feel they are quite fortunate that the damage was so light.

## Lightning Hits At Travis Home

Lightning struck the television antenna at the Harold Travis home in Farwell during a thunderstorm last Thursday about 6 p.m., burning out electrical and telephone wires at the home and causing a fire underneath the house.

A burned gas line started the fire which was soon put out by Farwell fireboys who had been summoned by a neighbor when she saw the flash of lightning as it hit the antenna.

The television rotor in the house was shattered by the blast and a metal rain spout down the side of the house was torn loose from the house. Carpeting was ruined by burns and smoke, but Mrs. Travis says damage was very minor considering what could have happened.

Travis had just unplugged the television set from the antenna a few moments before the lightning hit. Mr. and Mrs. Travis and Terry were inside the house at the time and Mike was playing in the garage.

The Travises expressed appreciation to the fireboys for their swift action and their considerateness following the fire.

## VBS At Texico Begins Monday

Vacation church school at First Baptist Church of Texico will begin Monday, May 28, and will continue through Friday, June 1, says Rev. Orvel Brantley, pastor, who will act as general principal of the school. Children from ages 3 through 16 are invited to the school which will be from 8:30 to 11:30 daily. A special commencement program is planned for Friday night at 8 at which time parents and friends are invited to see the work done by the children during the school.

Mrs. Buddy Pearce will be in charge of the intermediates;

Mrs. Orvel Brantley will be principal of the juniors; Mrs. Jack Eshleman will be in charge of the primary group; Mrs. Dee Brown will head the beginners group; and Mrs. Murray White will have charge of the nursery age group.

## Peggie Teel Receives Award

Miss Peggie Teel was recipient of the "Top Chaser" award when honors were presented at a special assembly program on the campus at ENMU Thursday. She is serving this year as editor of The Chase, school paper, and is business manager of Silverpack, school annual.

Peggie is the daughter of Mr. and Mrs. Elmer Teel of Texico and a sophomore student at ENMU where she is a Journalism - home economics major.

## First Aid Topic Of 4-H Meeting

Otis Huggins, Farwell fire chief, and Ray Magness, New Mexico highway patrolman, presented a program on first aid at the Monday night meeting of the 4-H Junior Leadership Club at the courthouse in Farwell.

Huggins and Magness talked about common emergencies where first aid is needed and showed films on the procedure of mouth-to-mouth artificial respiration, and traffic safety in New Mexico. The club expressed appreciation to both men for presenting the program.

Bobby Tomlinson, president, called the meeting to order and Mary Coffey led the 4-H pledge and motto. Reba Lesly gave a report on the district method demonstration contest held recently in Canyon.

Present besides the guest speakers were Tomlinson, Bruce and Janis Billingsley, Warren Gosset, Mary and Martha Coffey, Peggy, Viane and Reba Lesly, Leslie Cooper, Drexel Morris, George Magness, Ette Mustil, Daryl Coker, Mr. and Mrs. Leon Billingsley and Mr. and Mrs. U. L. Lesly.

## Singleterry Is Intern

Monte Singleterry, of Texico, who is a junior accounting major, at ENMU in Portales, will participate in an internship program in Albuquerque during the summer along with three other accounting students from Eastern. The program is set up in cooperation with the international CPA firm and includes academic credit and salary for the students.

They will be working in the firm of Peat, Harwick, Mitchell and Company.

## Awards Presented In Special Assembly

Perfect attendance, satisfactory attendance, scholastic awards and athletic letters were the order of the day Friday morning when the Farwell School held a special assembly to honor all students who received one of these awards.

Thirty-four perfect attendance awards were presented in the grade school to persons who had neither been absent nor tardy with ten presented in high school. Forty-two persons received certificates of merit for having not missed more than five days of school this year.

Seventeen scholastic awards were presented to the persons who had an over-all average of A- for the school year. Petty White and Iris Goldsmith received special recognition for being valedictorian and salutatorian of the senior class.

Twenty-six commercial awards were presented by Mrs. Woodward to the commercial students who had achieved 30 words, 40 words and 50 words a minute in typing and shorthand.

Forty-one athletic letters were presented to junior high students with 10 football letters to junior high boys, and eight volleyball letters to junior high girls.

Eleven varisty letters were presented to high school girls who participated in volleyball and basketball.

Twelve boys received athletic letters for having participated in two sports, 12 for having participated in one sport and one boy for having participated in three sports. Pete Rolland received a letter for being manager of the boys' basketball, baseball and football teams.

Leon Lovelace received an award for being a participant in all four sports.

Several other awards were presented at the commencement exercises Friday night.

## GOLDEN WEST SEED CO.

### 1. Offers Contracts On Castor Beans

Castor Beans can be planted on diverted wheat and feed acreages and still draw 30% of the minimum regular rate. If you are drawing \$40.00 per acre you can still get \$12.00 per acre and contract your beans at \$5.25 per cwt. We had yields in Parmer county last year in excess of 1900 pounds per acre. Investigate this crop it offers a good cash crop.

# Thirty-Four Names Now On Farwell's "Old Cup"

By MIKE GETZ

The 34th recipient of the time-honored loving cup at Farwell Schools is Errol Johnson. The outstanding senior of the graduating class is the son of Mr. and Mrs. Clarence Johnson of Farwell.

Errol has participated in all phases of school activities during his high school career. He has been a member of the FFA all four years and an officer for the last two. He has lettered in football, basketball, baseball, and track and has taken part in the junior and senior plays. Errol was active in chorus his freshman year, and during his senior year was on the annual staff and drove a bus. Errol plans to attend West Texas State College in Canyon for one or two years and then transfer to Southwestern State College in Oklahoma where he plans to study pharmacy.

The cup has been awarded since 1928 on the basis of good citizenship, ability to get along with others, school work, participation in school activities, and general good character. It is probably the most treasured award a senior can receive. A custom that was established when the cup was first given by the old Farmers Grain Company of Farwell was the presentation of \$25 along with it. The Roberts Seed Company of Texico made this gift for 33 years. This year, the award was made by the Student Council.

The cup is a traveling award. The recipient is allowed to keep the cup until it is presented the following year.

The year was 1928 when the shiny new cup was first presented to Paul Hicks, Paul attended the University of Texas and received his degree in 1932. He is now married and owns a wholesale janitor supply business in Midland.

The second name to be engraved on the cup was that of Earl Hanna. He received the award in 1929. He is now Lt. Col. Earl Hanna in the United States Air Force and is stationed at K. J. Sawyer Air Force Base in Michigan. Earl is married and has one son, 10 years of age.

In 1930, Verda Hanna became number three. Verda lived in Clovis from 1934 until she passed away, November 9, 1959. She was married to Charlie Summers and was the mother of four children.

In 1931 the winner of the cup was Mary Lovelace, daughter of Mrs. Willie Lovelace, Mary is Mrs. Dee Bilbry and has one son, David. She is teaching school in the third grade and is living in Albuquerque, N.M. Curtis Danner received the

award in 1932. Curtis is now with an insurance company in Portland, Ore. He is married and is the father of three children.

In 1933, the name of Julian Thornton was added to the cup's slightly tarnished surface. Julian is the son of Mr. and Mrs. J.R. Thornton and is a Lt. Col. in the United States Air Force. He is married and on the staff of the North American Air Defense Command at Ent Field near Colorado Springs, Colo.

The winner in 1934 was Hassler Strickland. Hassler is now married and is head of the Social Security Office in Roswell.

Grace Haley won the cup in 1935. She is married and is living in Amarillo.

The ninth person to receive the award was Nada Lee Martin in 1936. Nada is married and living in Fort Worth. Her husband is in the insurance business and they have three sons, the oldest of which graduated from high school this year.

In 1937, Jimmie Van Landis won the cup. Jimmie is living in Buffalo, N.Y. She is married and is the mother of four children.

Nora Lee Dotson was presented with the award in 1938. Nora is living in Tucson, Ariz. She is married and has three children. She is a teller at the Valley National Bank in Tucson.

In 1939, the award was made to Bonna Lee Rushing. Bonna Lee is living in Washington, D.C., is married and the mother of two daughters. She is employed by the government.

The winner in 1940 was Timmy Annette Dycus. No current information about this honoree is available.

The most outstanding senior of 1941 was Jacquetta Strickland. She is living at Cape Canaveral, Fla. She is married to Lee McDaniel and has four children. Her husband is an engineer at the Cape.

A. G. Acker was the recipient of the honor in 1942. A. G. is married, living in Houston, and is employed by a chemical company.

Another local man that won the cup was Smokey Gast. Smokey received the honor in 1943. He is married and living in Farwell. Smokey is the son of Mrs. Hedwig Gast and operates Karl's Auto Clinic.

The cup was beginning to show age when the name of Ronald Earl Booth Jr. was added to its now dull surface. Ronald won the award in 1944. He attended Texas University where he received his degree in three years. He taught the following

summer there. Ronald then obtained his Masters degree in music at Indiana University, and has studied under such great names as Sidney Foster and Dallis Franz. He then received a Fulbright grant to study in Italy. Ronald is currently working toward his P.H.D. at the University of Iowa. He is married and has two boys, ages two and four. Ronald is the son of Mr. and Mrs. Earl Booth of Clovis.

In 1945 the cup was awarded to Duane Sprawls, son of Aubrey Sprawls, of Oklahoma. Duane lives in Beaumont and is a field man for an electrical company. He is married and has two daughters.

The 19th name to be engraved on the cup was that of Donald Ray Summers, in 1946. Donald owns several filling stations in Beaumont, Calif. He is married and is the father of two children.

LaMoin Jones was named the most outstanding senior in 1947. She is now Mrs. Bert Williams and is living in Farwell.

Bob Hart of Farwell was the recipient of the award in 1948. He is married, the father of five children, and is engaged in farming. He also resides here.

Receiving the award in 1949 was Warlick Thomas, son of Mrs. Ethel Thomas. Warlick is a lawyer in Amarillo, is married and has one daughter.

The 1950 winner was June Christian. June is the daughter of Mr. and Mrs. C. C. Christian of Farwell. She is now Mrs. Bennie Darnell and is teaching home economics at Tascosa High School in Amarillo.

John Christian, who received the award in 1951, is working at the feed lots south of Farwell. He is married and has two children. John is the son of Mr. and Mrs. R. Christian.

The first tie in the school's history occurred in 1952 when Rex Pool and Katherine Magness tied for the cup. Rex is living at Phillips where he is employed as a laboratory technician at the Phillips Petroleum Company. Rex received his degree in math at E.N.M.U. He is married and the father of three children. Rex is the son of Mr. and Mrs. L. S. Pool of Farwell.

Katherine Magness is Mrs. Joel White and is living on a farm southeast of Farwell. She is the daughter of Mr. and Mrs. W. T. Magness.

Receiving the award in 1953 was Kayla Felts, the daughter of Mr. and Mrs. C. A. Felts. Kayla is married and lives in Burns, Ore.

Winning the cup in 1954, nine

years after her brother, Duane, won it, was Darlene Sprawls. She is married to a band director and living in Tucumcari, N.M. She is the mother of one son and one daughter.

The second tie occurred in 1955 when Jerry Poteet and Gloria Dial tied for the cup. Jerry is a Baptist minister in Fort Worth and is married. He is the father of one son. Jerry is the son of Mr. and Mrs. M.H. Poteet, now of Sudan.

Gloria Dial is Mrs. Tommy Hightower. She is living in Farmington, N.M. where her husband is an assistant coach. Gloria is the daughter of Mrs. Clyde Dial of Farwell.

Bert Williams was the 1956 winner. Bert is now attending Princeton University where he is working on his Doctors degree in chemistry. He is married and is the son of Mr. and Mrs. Jack Williams of Farwell.

The most outstanding senior of 1957 was Larry Cooper, son of Mr. and Mrs. Lawrence Cooper of Farwell. Larry received his B.A. degree from McMurray last year and is now attending Southwestern Medical School in Dallas where he is in the upper one-third of his class. He is also a laboratory technician at Baylor Hospital in Dallas. Larry is married and has one son two years of age.

The winner of the 1958 award was Larry Pike, son of Mr. and Mrs. C. S. Pike. Larry is married and is living in Amarillo. He is the service manager of the Baker Company there.

Gerald Christian received the award in 1959, eight years after his brother, John, won it.

Gerald is now studying accounting at West Texas State College in Canyon.

In 1960, June Ritchie won the cup. She is married and living in Lubbock. June is the daughter of Mr. and Mrs. R. L. Ritchie.

Benjy Dial won the cup in 1961. Benjy and Gloria were the third brother and sister team to win the honor. He is currently attending E.N.M.U. in Portales. Benjy is the son of Mrs. Clyde Dial of Farwell.

As the years go by, a large percentage of these people will not come in contact with each other again, but they will always have one thing in common: they have won the highest award that can be bestowed upon a graduate of Farwell High.

## Birthday Party For P-Hill Club

Pleasant Hill Community club met at the community center for an all-day meeting and birthday party Wednesday with Mesdames Elmer Langford and Edwin Fahsholtz as hostesses. All birthdays of club members are celebrated at this annual affair and at the noon hour, a birthday dinner complete with cake, was served. Members opened and displayed their birthday gifts after which a talk was given on "Insurance Facts for the Farmer" by Mrs. Alvis Clark and Mrs. Maurice Clark.

Next meeting has been set for June 7 at the community center with Mrs. Leon Webb as hostess.

Members in attendance were Mesdames Tom Burnett, Byron Burford, C. A. Bourlan, Floyd Boco, John Hightower, Leonard Kimbrough, John Range, Frank Meier, Eric Pierce, Leon Webb, Pearl Singleterry, Joe Heinz, Eual Hart, Frank Hemke, Mason Neeley, Alvis Clark, Maurice Clark and three guests, Mesdames Donald Rucker, and Misses Carolyn Langford and Juanita Range.

Mrs. Willie Doshier was dismissed from the hospital in Clovis last Thursday and is reported to be doing well.

Sen. John Ruggles of Maine, who led the fight in 1836 for Congressional action setting up the U.S. Patent Office, received its first patent. His invention was designed to add traction to railway-locomotive wheels.

## Hospital Notes

Miss Juanita Range, who was critically ill over the weekend in a Lubbock hospital, is reported to be improved this week. Her parents, Mr. and Mrs. John Range of Pleasant Hill, are at her bedside.

Mrs. Willie Doshier was dismissed from the hospital in Clovis last Thursday and is reported to be doing well.

## DAR Good Citizen To Be Honored

Betty Ruth Lockhart, daughter of the John Lockharts of Texico, will be honored along with other DAR good citizen award winners at the Flag Day luncheon in Clovis, June 14, sponsored by the El Portal Chapter of the Daughters of the American Revolution.

Miss Lockhart, who was graduated from Texico High School this month, received the good citizen award at a special assembly at the school last week. Making the presentation was Mrs. A. D. Smith of Farwell, representing El Portal chapter.

The award is presented annually to a senior girl in the New Mexico school and is awarded on the basis of dependability, leadership, service and patriotism.

Betty Ruth, who has been on the honor roll through elementary and high school, plans to major in history at Wayland College, Plainview, starting this fall.

Betty Ruth Lockhart

## Johnsons Have Third Daughter

Mr. and Mrs. Jerry Johnson of Canadian announce the arrival of a daughter Monday, May 21. She weighed 8 lb. 8 oz. at birth and has not been named at press time.

The Johnsons have two other daughters, Debbie and Ginger. Grandparents are Mr. and Mrs. Ival Hesser of Stillwater, Okla., and Mr. and Mrs. Russell Johnson of Texico, T. E. (Uncle Tom) Randol of Farwell is paternal great-grandfather.

## Club Plans Chicken Fry

Oklahoma Lane Variety club members met in the home of Mrs. W. N. Foster in Farwell Wednesday afternoon for a regular meeting with the members doing handwork for the hostess. Plans were made for the annual chicken fry which will be at the L. M. Grissom home June 19, 6:30 p. m. Husbands will be guests at this social. Refreshments were served to Mesdames A. Milstead, L.M. Grissom, J. R. Caldwell, G. A. Bandy, G. T. Watkins, J. H. West, G. H. Lindop, C. C. Christian and Miss Lola Jean Grissom.

## Natalie Dollar Party Honoree

Natalie Dollar was honored on her third birthday, Wednesday, May 23, with a party at the home of her parents, Mr. and Mrs. Bill Dollar.

Guests present to enjoy birthday cake and ice cream with the honoree were Della Dollar, Mike and Cheryl Woods, Teresa, Bull and Clyde Dollar, and Warlick and Polly Dollar. Mothers of the guests were also present.

MRS. CLAUDE COFFEY

## Mrs. Coffey Named Outstanding Woman

Mrs. Claude Coffey was elected outstanding woman of the year of Farwell Study Club when the club had a dinner meeting Monday night.

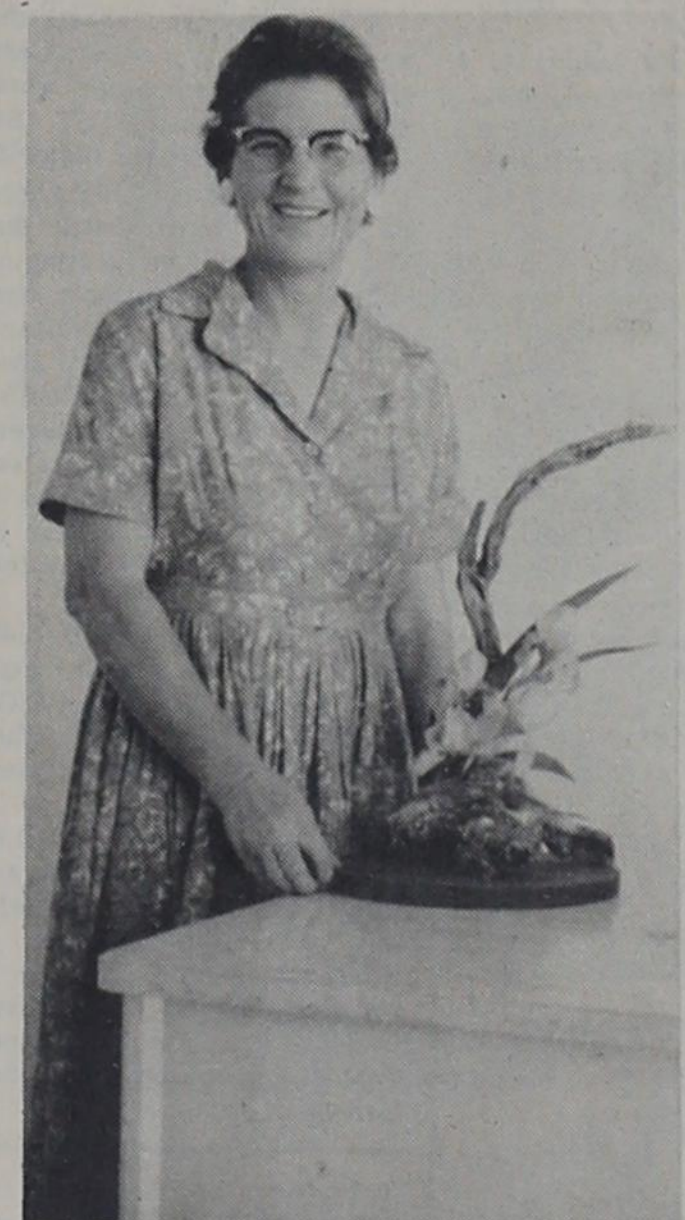

Runner-up for this honor was Mrs. Joe Crume who so successfully staged the style show presented by the club in March.

Mrs. Coffey served the club as president the past year and personally directed the Red Cross drive in Farwell. She did much to help establish "Clean-Up Week" in April as an annual community project.

The mother of two daughters, Mary and Martha, Mrs. Coffey has been instrumental in presenting the informative club studies on the threat of communism in our country.

A fourth grade teacher in Farwell elementary school, Mrs. Coffey is an active member of Delta Kappa Gamma, international honor society of key women teachers.

She, her husband, who is a farmer, and their two daughters are all active in various phases of church activities.

Mrs. Elmer Langford, left, is shown with one of her prize-winning arrangements which she entered in the spring festival flower show sponsored by the Clovis Council of Garden Clubs in Clovis last week. Mrs. Langford won sweepstakes in the artistic flower arranging division. On the right is Mrs.

John Tadlock who won first place in the horticulture division of the show. She is shown working in one of the many flower beds at her home on First Street in Farwell. Mrs. Tadlock is president of the Redbud Garden Club and Mrs. Langford is a member of the club.

## Local Women Win In Flower Show

Mrs. John Tadlock of Farwell and Mrs. Elmer Langford of Pleasant Hill were two of the top winners in the annual "spring festival" flower show sponsored by the Clovis Council of Garden Clubs last week. Both women are members of the Redbud Garden Club. Mrs. Langford won sweepstakes in the artistic division of flower arranging winning three blue ribbons, one third place ribbon and one honorable

honors with nine first places, one second place and one third place. In the horticulture division, Mrs. Tadlock took sweepstakes

NEWLY INSTALLED OFFICERS of Farwell Study Club are back row, left to right, Mrs. Claude Coffey, critic; Mrs. L. R. Vincent, parliamentarian; Mrs. John Boling, reporter; Mrs. Bruce Blair, Jr., secretary; front row, left to right, Mrs. John Aldridge, treasurer; Mrs. A. R. Sander, vice-president; and Mrs. Clytie Dial, president. Officers were installed at a dinner meeting Monday night with Mrs. Aldridge acting as installation officer.

## Farwell Study Club Installs Officers

Farwell Study Club met Monday night at a local restaurant for a dinner meeting to close the club activities for the year. Main items of business included the election of the outstanding woman of the year and the installing of new officers.

Mrs. Claude Coffey was named outstanding woman of the year and Mrs. Joe Crume was runner-up for this honor.

Mrs. John Aldridge, installing officer, used background information about the incoming officers in introducing them and then listed their duties to them. Installed were president, Mrs. Clytie Dial; vice-president, Mrs. A. R. Sander; secretary, Mrs. Bruce Blair; treasurer, Mrs. Aldridge; reporter, Mrs. John Boling; parliamentarian, Mrs. L. R. Vincent; critic, Mrs. Coffey; and historian, Mrs. E. G. Williams.

Mrs. Dial gave a tribute to the leadership of Mrs. Coffey and expressed her appreciation of confidence as she accepted the responsibility of club leadership for the coming year. She also named committees to serve with her.

Mrs. John Boling, new reporter for the group, wrote the following sentences about the purpose of the club and about

some of the studies the women have enjoyed this year.

Farwell Study Club is a service club whose primary purpose is to study that which will keep each member informed on present day conditions in our community, our state and our nation, and how and why these conditions have been produced so that each member might make a contribution to preserve and further promote the best and to oppose that which is not wholesome.

## Martin-Anderson Vows Exchanged

With only close friends and relatives in attendance, Miss Carolyn Sue Martin, daughter of Mr. and Mrs. Delbert Martin of Texico, was married to Travis (Bud) Anderson in the home of the bridegroom's parents, Mr. and Mrs. C. D. Anderson, at House, May 21, in an 8:30 p.m. ceremony with Rev. Leon Bruce of the House Baptist Church officiating.

Serving her sister as maid of honor was Miss Fay Martin of Texico. Eugene Servatius of Pleasant Hill acted as best man for his cousin.

The bride chose a white sheath dress accented by gold

The club's activity this year has been ably directed by Mrs. Coffey, president. Some of the outstanding studies have been made in our country and how we may expose the subtle ways used by those propagating this theory as a way of life, and how we, as individuals, may block these inroads by knowing, appreciating, and alerting others to the freedoms we enjoy, and how best we can preserve these freedoms for our posterity.

## Newly-Weds Home In Clovis

trim and white accessories for her wedding. She carried a bouquet of pink carnations. The maid of honor chose a apricot colored sheath dress. Her accessories were white and she carried a pink carnation bouquet.

The new Mrs. Anderson is a 1962 graduate of Texico High School and Anderson is in the Navy, presently stationed at San Francisco where the young couple will reside following a short honeymoon.

## Newly-Weds Home In Clovis

Now at home at 1612 Wallace St. in Clovis after their recent marriage and short honeymoon trip to Winters are Gary David Worthington and his bride, the former Beverly Kay Reed.

The couple was married in a 9 p.m. ceremony at the parsonage of First Baptist Church in Farwell by the Rev. J. L. Bass, church pastor in a double ring ceremony Friday evening, May 18.

Parents of the bride are Mr. and Mrs. W. H. Reed of Farwell and parents of the groom are Mr. and Mrs. T. H. Worthington of Winters.

Choice of the bride, who was given in marriage by her father, was a white arnel two-piece suit accented with gold trim. She carried out bridal tradition by wearing in her shoe a penny minted in the year of her birth, her dress was new, borrowed was a necklace belonging to her cousin, Miss Joy Reed and blue was the traditional blue garter. Mrs. Reed, mother of the bride wore blue with white accessories.

The new Mrs. Worthington is a senior student at the Farwell High School, where she plans to continue her education and the groom is a 1960 graduate of Winters High School, and is presently stationed at Cannon Air Force Base, Clovis. The only attendants at the wedding were Mr. and Mrs. R. N. Reed.

MR. AND MRS. DONALD CALLIOUET

## Formal Church Ceremony Unites Adams-Calliouet

In a formal ceremony at 7:30 p.m. Saturday in First Baptist Church in Texico, Miss Janice Adams, daughter of Mr. and Mrs. John Adams, was married to Donald Calliouet, son of Louis Calliouet of Texico and Helen Calliouet of Albuquerque.

Double ring vows were read by Rev. Orvel Brantley, church pastor, before an archway intertwined with green ivy and centered with pink wedding bells. Four-branched candelabra with pink candles and large baskets of pink and white roses completed the setting.

Miss Betty Ruth Lockhart played traditional wedding marches and pre-nuptial music. Miss LaJune Burris sang "Because" before the ceremony and "The Lord's Prayer" as the couple knelt at the altar on a white kneeling bench which was intertwined with pink roses.

Serving as maid of honor was Miss Carol Bell a classmate of the bride. She was attired in a floor length dress of pink. She wore white accessories and carried long stemmed pink roses.

The bridesmaids, Carmelita Doshier and Ellen Ann Calliouet, sister of the groom, wore matching dresses of pink and blue pima mist and carried long stemmed pink roses.

Candlelighters were Mike and Cindy Box, nephew and niece of the bridegroom. Cindy wore a dress of blue styled similar to those of the bride's attendants.

Serving as ushers were Kenneth Murdick and Dickie Adams, brother of the bride. Bill Thigpen served his friend as best man.

Escorted to the altar and given in marriage by her father, the bride wore a ballerina length dress of white chandilly lace featuring a three-tiered skirt accented with a large bow at the back. The tiny Peter Pan collar was sprinkled with iridescent sequins and pearls and the long sleeves tapered to petal points.

Her fingertip veil fell from a crown of rhinestones and pearls and she wore a diamond necklace, a gift from the groom.

Streamers of white ribbon fell from her bouquet of white stephanotis and roses carried atop a white Bible.

Carrying out bridal tradition, something old was the Bible,

a gift from Christina Bowers; something new was her veil, something borrowed was the dress which her sister, Mrs. Larry Roubinson, had worn at her wedding; and something blue was the traditional blue garter, a gift from Carol Bell.

For her daughter's wedding Mrs. Adams wore a beige sheath dress and beige accessories. She wore a corsage of pink rosebuds. Mrs. Calliouet, mother of the groom, also chose a beige sheath dress and gold accessories. Her corsage was of pink rosebuds.

Immediately following the wedding a reception was held in the Woman's Club Building in Texico. The table was laid with white lace over pink and was centered with the three-tiered wedding cake on a mirrored base. The cake was decorated with lovebirds and pink rosebuds and was topped with a miniature bride and groom figurine.

After the bride and groom had cut the first piece of cake, it was served with pink punch by Mesdames Everett Widner and Bill Thigpen, classmates of the bride.

When the couple left for a short wedding trip to Ruidoso, the bride was wearing a pink suit with white accessories and a corsage taken from her wedding bouquet.

The couple are making their home at 419 Garwood street in Texico.

Mrs. Calliouet is a 1962 graduate of Texico High School and the groom is a 1961 graduate of the same school and is presently employed at Gifford-Hill Western, in Farwell.

Out-of-town guests here for the wedding were Mrs. Esther Wells and Mrs. Louella Kettle and Penny Jean from Rock Springs, Wyo.; Mrs. James Box, Cindy and Mike, Albuquerque; Helen Calliouet Albuquerque; Mr. and Mrs. Bob Vinyard, and Mr. and Mrs. Larry Roubinson and Wayne, Mr. and Mrs. Ralph Balfanz, all from Clovis, and Mrs. Ola Moore from Hale Center.

Otis Huggins of Farwell and Clive Huggins and son of Plainview enjoyed fishing at Conchas Lake over the weekend, bringing home 14 crappie, two bluegill and an 18-inch pike

# HD Agent's Notes

BY MISS ETTIE MUSIL

Much interest has been created in the county since the special training I had with the Friona Antique Club in refashioning furniture. We now use a penetrating sealer stain to make old furniture look like new.

This sealer stain not only seals the wood by penetrating into the wood but it can stain the wood in any color or finish that you desire. Come by the office sometimes when you are in the courthouse to see the new bulletin rack and high stool we refinished with a fruitwood sealer stain.

The sealer stain is applied with old nylon hose, so it is easy to apply and dries quickly. It is highly resistant to moisture and has a pleasing soft gloss. The sealer penetrates into the wood but leaves no film on the surface. Since it has no surface film it resists scratches and abrasion.

Another good quality about the sealer stain is the ease in patching worn spots. More sealer can be applied to a worn spot without having to remove the old finish. To do this, remove all wax or polish from the area, buff with steel wool and apply the new sealer.

If you would like to learn more about this furniture refashioning process, bring a small piece of furniture, certain needed supplies, and come to one of the four precinct meetings in the county the first two weeks of June. There are more details about the workshops in another news story in this newspaper.

This workshop will be conducted on a county-wide basis for all interested people. In the past three years that I have conducted this workshop a number of men have attended. Men, women, young boys and girls are all welcome to take part in the workshops.

Don't forget the pressure canner and canning workshops to be conducted next week in each of the four precincts. For your convenience we have scheduled these workshops in scattered locations in the county. Bring your pressure canner to be checked, no matter how old it is or how new. We found one new canner that registered one and a half pounds low on the gauge. Look in this newspaper for a detailed story.

The Friona 4-H Club girls were trained last Friday morning in baking two crust fruit pies and sweet milk biscuits. This meeting was the last in a series of four trainings for the Lazbuddie 4-H Club, Rhea 4-H Club, Farwell 4-H Club, and Friona 4-H Club girls for the County Bake Show.

In the training the girls learned how to mix master mixes for pastry and biscuits. Master mixes save so much time in baking morning biscuits or fruit or cream pies. I have a few extra copies of the recipes used for these mixes and delicious recipes for pineapple, cherry, apple, berry, or fresh peach pies.

Attending the training in Friona were Risa and Darla Howell, Pat and Sherri Tannahill, Cecilia Salz, Jan Shirley and Mrs. Charles Howell. The county 4-H Bake Show is scheduled Tuesday, August 7 in the Community Room of the Friona State Bank.

Last Saturday morning I attended an interesting program during the regional Texas Home Economics Association meeting in Amarillo. According to the business meeting we were informed that we have 180 known home economists in this upper Panhandle region.

It was interesting to visit with home economists of different professions. Attending were home economics teachers in high schools and colleges, dietitians, counselors in home economics, home service advisers with electric and gas companies, and home demonstration agents.

During the program we saw an interesting style show of good and poor results of laundering. For example one model wore a faded print dress that had been laundered in hot water with too much detergent. The other model wore another print dress of the same print and color, but her dress was brightly colored and appearing like new.

We saw a perfect example what happens if pockets are not checked before laundering. One model wore a pair of slacks and blouse that had been laundered with a tissue in one pocket. Extra brushing would be required to clear the lint from the slacks.

We also saw results of dingy white clothes that had been washed with colored garments. The other model wore pure white sports clothes that had been laundered with white items only. We all know sad stories of garments that had been washed in too high temperatures, too much detergent, not sorted into colored or white loads, or prepared for laundering by emptying pockets or removing stains.

There just isn't any end to the things we can learn that will make us better homemakers and make our work more enjoyable. Even though a lot of home work is the same thing over and over again year in and year out, there are new things to learn every day in every phase of our work.

Right now would be a good time to learn some new methods of preserving and processing vegetables and fruits, which will soon be plentiful in our area, for future use.

If you don't have up-to-date instructions on the canning, freezing and preserving and processing vegetables and fruits, contact your county home demonstration agent's office for booklets and leaflets on the subject.

There are also a number of new techniques for cooking just about anything you want to cook. If you haven't tried some of the newer methods, there is a treat in store for you.

In addition to increasing your knowledge of skills you already possess, you can always add new ones. If you don't sew, paint, knit, crochet and do other kinds of hand work, why not learn how?

Many homemakers derive a lot of pleasure from doing hand work and others enjoy growing

houseplants, outdoor flower and vegetable gardens or both.

Or, if none of these things interest you, you can pursue just about any subject you want to study with very little investment except interest and time.

Like any other project, whatever you accomplish in the future is determined largely by what you do NOW.

For a quick and easy Pizza Pie, try the following: Prepare biscuit dough by your usual method and spread over bottom of baking dish. Cover with sausage, ground beef or a combination of the two.

Pour tomato sauce to which has been added a dash of salt, pepper and oregano over the layer of meat and bake in a slow oven. When meat is thoroughly cooked and biscuit dough is brown on the bottom, remove from oven and sprinkle

with grated cheese. Place in oven until cheese is melted. Serve hot or cold with tossed salad, vegetables and dessert.

Here's a simple strawberry dessert that you will surely want to try.

**Strawberry Charlotte Dessert**  
 2 envelopes unflavored gelatin  
 3/4 cup sugar, divided  
 1/4 teaspoon salt  
 4 eggs, separated  
 1/2 cup water  
 2 ten ounce packages frozen sliced strawberries or the equivalent in fresh strawberries.  
 2 tablespoons lemon juice  
 2 teaspoons grated lemon rind  
 8 lady fingers  
 1 cup heavy cream, whipped  
 Mix gelatin, 1/4 cup of the sugar and salt thoroughly in top of double boiler. Beat egg yolks and water together. Add to gelatin mixture. Add 1/2 the strawberries.

Cook over boiling water, stirring constantly until gelatin is dissolved and strawberries have thawed (if you are using frozen berries), about 8 minutes.  
 Remove from heat and add remaining package of strawberries, lemon juice and rind. Stir until berries are thawed. Chill in refrigerator or in bowl of ice and water, stirring occasionally until the mixture mounds when dropped from spoon.

Split lady fingers in half and stand around edge of an 8 inch spring form pan. Beat egg whites until stiff. Beat in remaining 1/2 cup sugar. Fold in gelatin mixture.

Fold in whipped cream. Turn into pan and chill until firm. Remove from pan and garnish with additional whipped cream and strawberries.

Speaking of running water in farmers' houses in an 1962 article, an author wrote: "It is water stagnant in a lead pipe which causes mischief, so that every faucet should be allowed to run the water waste for at least one minute the first thing in the morning, especially in the kitchen."

# The HAPPY HOMEMAKER

BY JUNE FLOYD

In all probability there isn't a reader of this column who really wants to "get old". Have you ever stopped to consider why you detest the idea? If we analyzed our feelings on the subject, we might be able to grow older without "getting old."

Growing older is inevitable, so whether you do it gracefully or otherwise depends largely upon YOU. Of course, none of us want to be the kind of older person who is mean, cranky, hard - to - please, demanding, disagreeable or unpleasant.

Someone once said that the way to keep from getting old was to keep learning. Homemakers have a decided advantage of persons in any other profession as far as learning is concerned.

There just isn't any end to the things we can learn that will make us better homemakers and make our work more enjoyable. Even though a lot of home work is the same thing over and over again year in and year out, there are new things to learn every day in every phase of our work.

Right now would be a good time to learn some new methods of preserving and processing vegetables and fruits, which will soon be plentiful in our area, for future use.

If you don't have up-to-date instructions on the canning, freezing and preserving and processing vegetables and fruits, contact your county home demonstration agent's office for booklets and leaflets on the subject.

There are also a number of new techniques for cooking just about anything you want to cook. If you haven't tried some of the newer methods, there is a treat in store for you.

### FOOTSAVING EDUCATION

by James E. Edwards

Is it a good idea to buy two pairs of shoes of the same size for a child?

It depends on the age. When youngsters go out of their way to slosh through puddles and during the time when the puddles are of their own manufacture, it is almost necessary to have two pairs of shoes. It can be demonstrated that excessively long shoes weaken the arch, so it is better foot-health to have two pairs of the correct size than one pair which the child may or may not grow into before they are worn out. Later in childhood growth seems to be concentrated in the summer months.

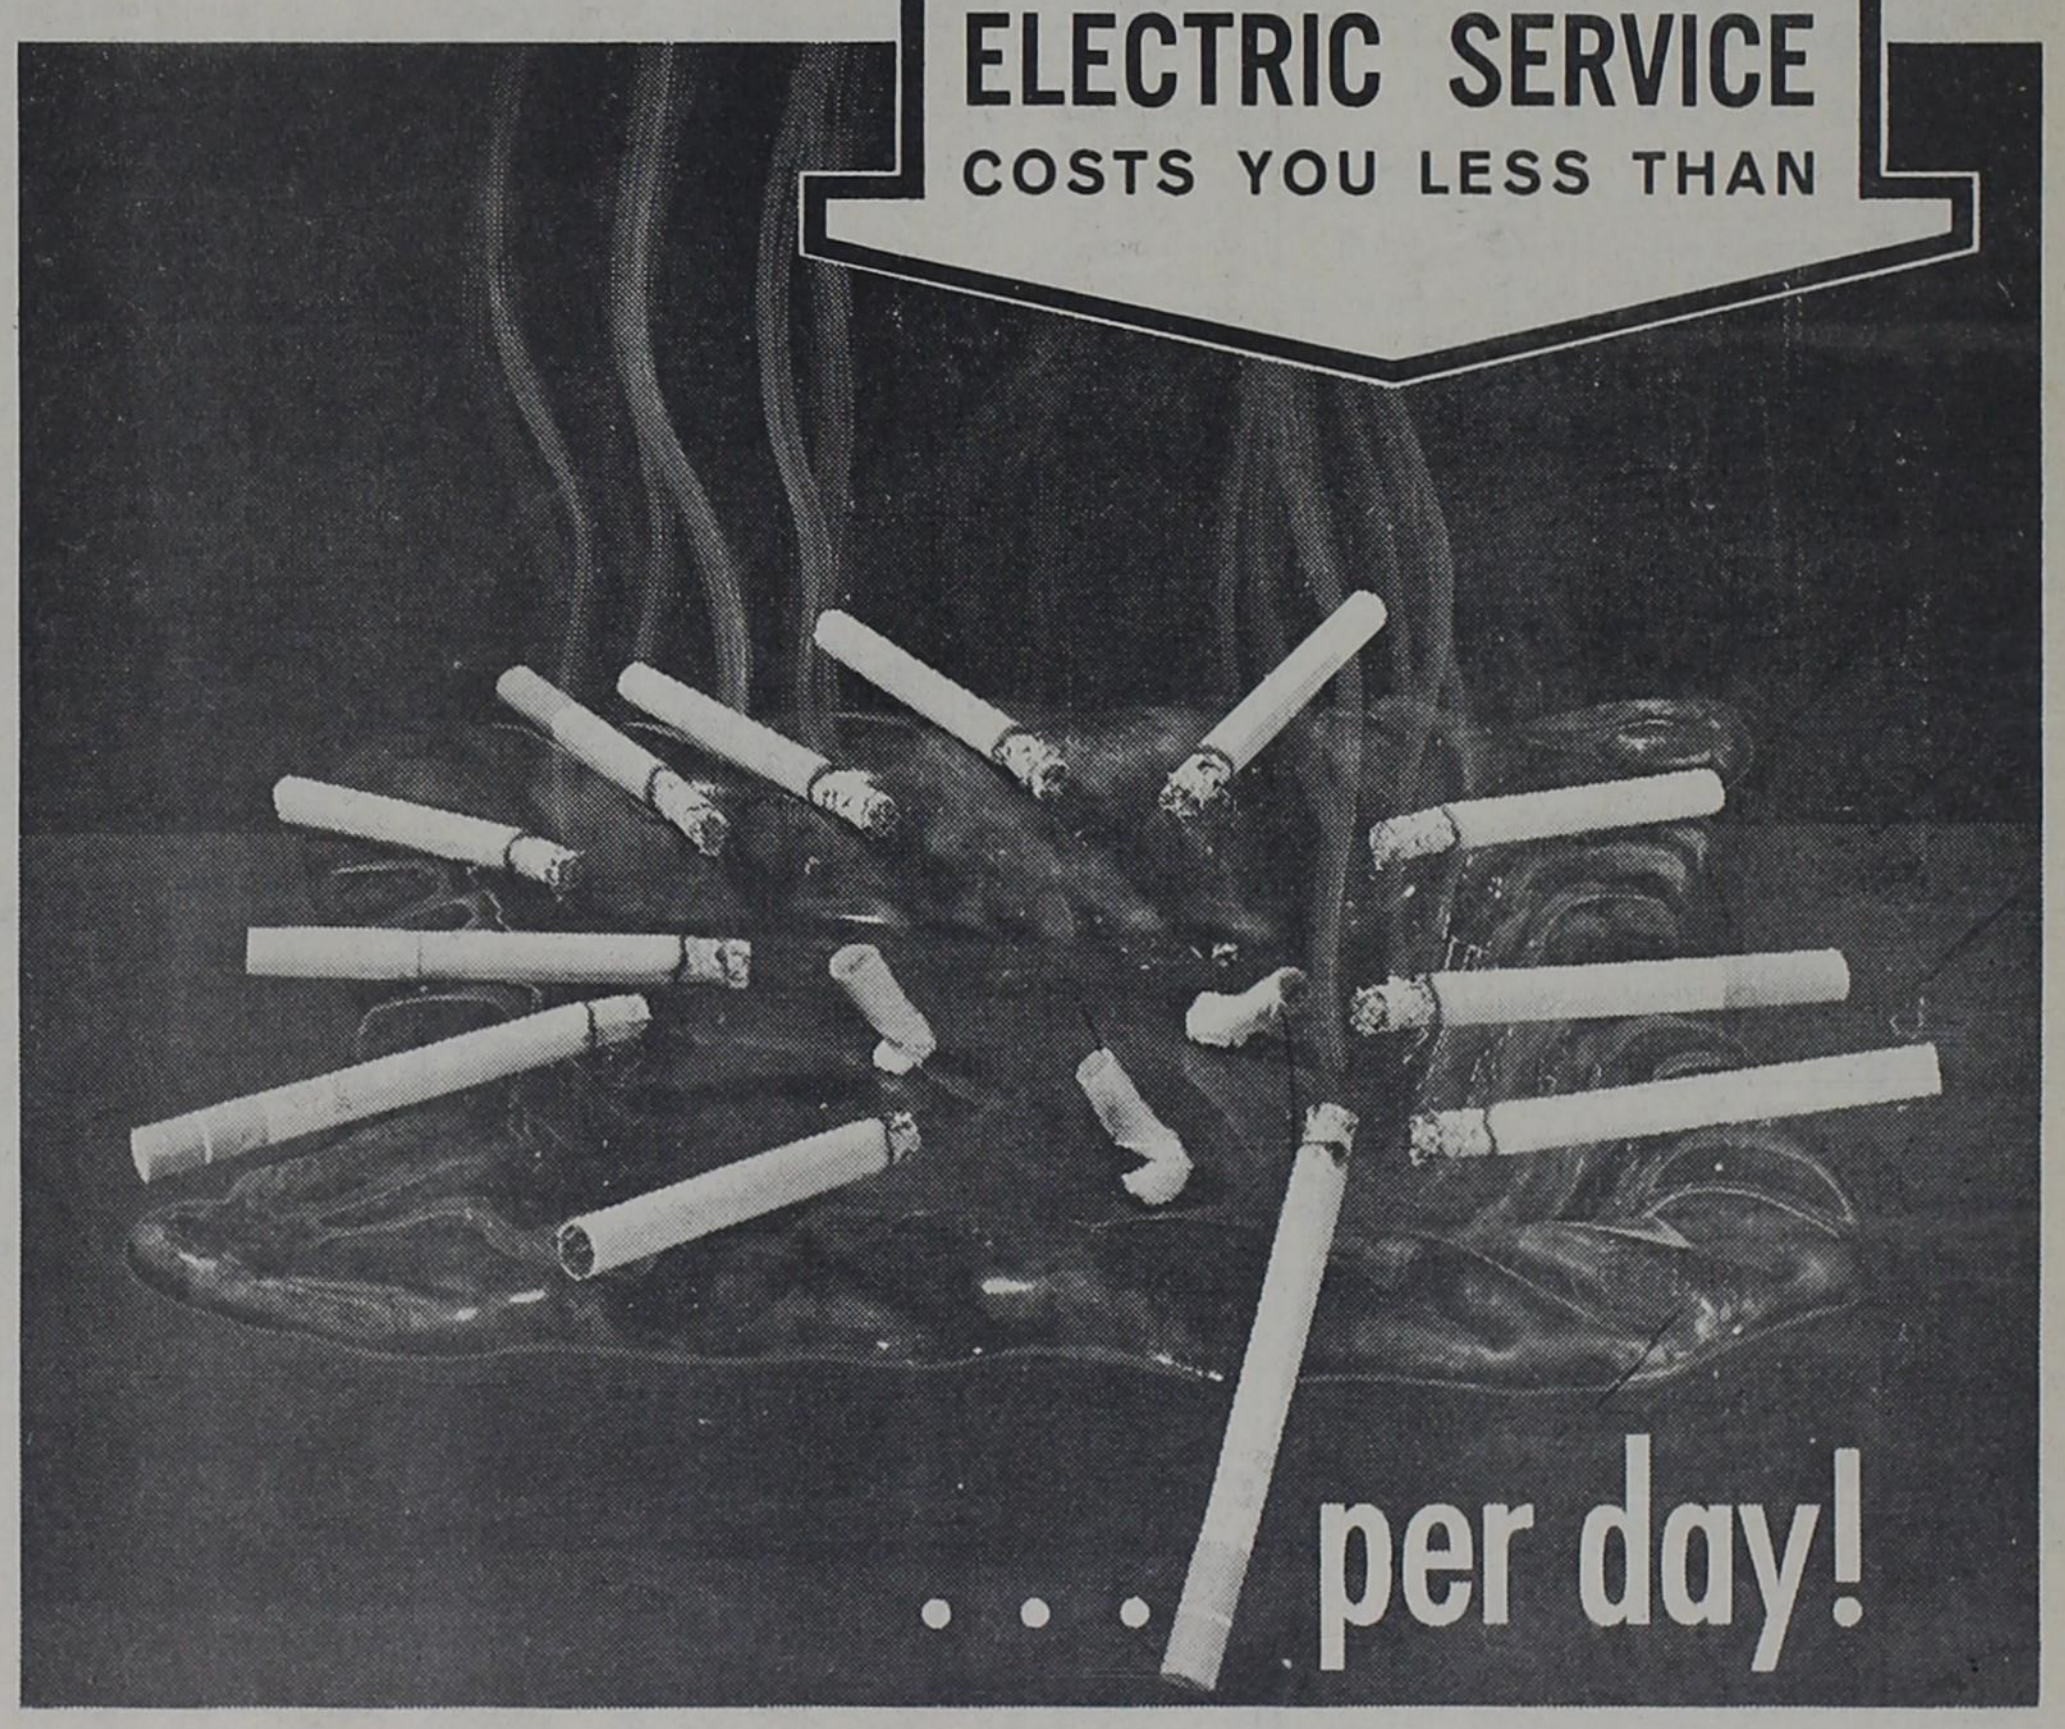

In the fall when a child has outgrown all of his pairs I recommend one pair to be worn for everyday and Sunday. If the parents want another pair, I suggest that they wait four to six weeks at which time the shoefitter can tell whether the second pair should be the same size or a half size larger.

## WITH THE COUNTY AGENT

DERYL COKER

Most everyone has a stand of cotton and we are off to a good start this year, compared with the average of the last several years.

A lot of farmers used in Dyston this year, and if you did you shouldn't have to worry about early season control as much as usual, but you should check the cotton 2 or 3 times a week anyway to see if the Dyston is doing any good.

If you didn't use a systemic insecticide you should be on the look-out for early season insects that could hurt or delay its maturity. Each year there always seems to be some reason why we need more time at frost to get our cotton matured. Early season damaging insects could be one reason.

I was looking at some results on different insecticidal control systems south of us, and where cotton was sprayed every week it made less pounds of cotton than where it was sprayed when it needed it, so it is my belief that a person should check his cotton to keep tab on the insect situation and spray only if you need to. Every farmer should know how to make insect counts, and be able to recognize the damage caused by the different cotton insects.

A farmer should always have at least a 30 day period between the last spraying for early season control and the first spraying for bollworm control. Some types of insecticides tend to invite boll-

worms.

Listed below is what the 1962 cotton guide says on early season control. If you don't have an insect guide it might be a good idea to cut this one out and keep it where you could use it if needed. Guides are available in my office.

**THRIPS:** Heavy infestation of thrips on young cotton may delay plant maturity for a few days to a few weeks. Thrips normally cause heaviest damage from the time of plant emergence until early squaring. Serious damage may continue for longer periods. The first sign of thrips damage on newly emerged cotton is wilted, wrinkled blackened leaves and terminal growth. The number of thrips and time of occurrence varies from season to season.

**FLEAHOPPERS:** Fleahoppers usually begin damaging cotton as soon as fruiting starts and continue throughout the season. Control measures should be based on infestation counts and the apparent loss of small, terminal forms as cotton fruiting progresses. The first forms should be protected to allow the cotton to produce early fruit.

Fleahoppers damage only the small squares and do not cause the shedding of the larger squares or bolls. After plants have set more fruit than the cotton is capable of maturing, under a given set of growing conditions, it is not advisable to continue fleahopper control

because additional forms ordinarily will be shed by the cotton plant. Protection of small forms later in the season, which do not have enough time to mature before frost, is a waste of insecticide. The above conditions vary, depending on the age of the plant, time of first freeze and factors which determine the potential yield.

**CUTWORMS** and certain armyworms--  
A. Toxaphene-DDT (4 lb.-2 lb.) --1 1/2 pt. to 1 1/2 qt.  
B. Dieldrin (1.5 lb.) 1 qt.  
C. Strobane-DDT (4 lb.-2 lb.) --1 1/2 pt. to 1 1/2 qt.  
D. Sevin (80% W.P.) .7 to 1.3

**THRIPS** -- Begin control measures as soon as damage is apparent on seedling plants. Damage is characterized by wilted, deformed and blackened leaves. Silvering of the lower leaf surface also is common. Apply sprays at 7-day intervals. If difficulty is encountered in controlling thrips, substitute methyl parathion (0.25 lb.) 1 pt. per acre for DDT.

**FLEAHOPPERS**--After cotton is old enough to produce squares, examine the main stem terminal buds (about 3-4 in. of top of plant) of 100 cotton plants at

several representative points in the field. As cotton reaches the fruiting stage, apply control measures when 15-20 fleahoppers are found per 100 terminals. As plants increase in size and fruit load, larger populations may be tolerated without serious damage. Later treatments should be based both on numbers of fleahoppers and on damage as indicated by excessive loss of small squares. Apply sprays at 7-day intervals.

**COTTON APHIDS**--Dusts are effective, but sprays are considered more practical and economical under early season conditions.  
A. Malathion (5 lb.) 1 to 1 1/2 pt.  
B. Methyl parathion (2 lb.)--1 to 1 1/2 pt.  
C. Parathion (2 lb.)--1 to 1 1/2 pt.  
D. Demeton (2 lb.)--1/2 to 1 pt.

### NEWS FROM THE

## FARM BUREAU

BY RAYMOND EULER

Texas Farm Bureau, early in May, exerted particular effort to get letters from interested people to Washington urging early initiation of hearings on the extension of Sugar legislation. Hearings began Tuesday, May 15, and Farm Bureau was to testify on Thursday, May 17. It appears that some improvement in the outlook for domestic producers will result. At the same time, Farm Bureau was exercising maximum effort to prevent the Administration Farm Bill from being passed out of the House Agriculture Committee. This effort was unsuccessful. The bill being passed out by a vote of 18 to 17. Both Texas Congressmen voted for its passage.

Farmers and ranchers, who will operate under complete government regimentation if the bill becomes law, are urged to write their congressman in opposition to it.

Other people in other lines of business, who see this bill as the beginning of the end of our competitive free enterprise system should also be writing letters to their congressman. Political pressure that is being applied in the effort to get this legislation passed will be whipped only by a strong expression of opposition from American citizens.

Even though some of the worst features were eliminated from both the House and Senate bills, there are so many objectionable features that the only real solution is the elimination of

the bills themselves. One original provision of the bill would have empowered the Executive Branch of the government to turn surplus United States agricultural commodities over to the United Nations for distribution.

Apparently even the most liberal committee members could not stomach this feature. All commodities distributed under this system would lose their identity of having been produced in the United States, as well as depriving the United States of the privilege of saying who was to get them.

Appreciation is due Lloyd Killough and his crews of the Texas Highway Department for their prompt attack on bindweed on right of ways this season. We hope very farmer will attack each bindweed plant he discovers on his land or adjoining right of ways. County Commissioners have allocated money to furnish the sterilant if you will use it on right of ways.

We have stakes provided from

the ASC office for marking bindweed plots if you need them. They're real handy.

New members continue to come in. You will be welcomed, as a new member.

CONSIDER THIS: A high look, and a proud heart, and the plowing of the wicked is sin. Proverbs 21:4

From Newsweek: "... government advisers now expect the first quarter GNP to fall well below \$550 billion, several billion behind "schedule." And this meant, officials admitted, that the chances of a \$570 billion GNP for the whole year were now small indeed. It would take a huge spurt with a fourth-quarter rate of some \$590 billion, to attain that level. One government economist said flatly: "We'll do well to hit \$560 billion." Such a \$10 billion plunge below forecasts would cost the Treasury between \$2 billion and \$3 billion in tax revenues and would end all hope of a budget balance."
