

Artistry in design can be seen at the site of the construction of the new Texico school, where workmen have already completed the east portion of this eye-catching exterior. The lattice wall is the exterior of a covered walkway running the length of the building on the South or front side of the building.

Master's Degree To Albert W. Johnson

Receiving a Master of Science degree in mechanical engineering at Texas Tech, May 28, was Albert W. Johnson, son of Mr. and Mrs. Albert Johnson of Farwell. He is married to the former Jackie Kidwell of Vernon.

In 1960 Johnson received a grant-in-aid from the Ford foundation for his experiment in "Heat Transfer and Pressure Vessels." He also entered a project in an engineering show and demonstrated "Water Explosive devices for Metals" which was later sent to Austin where it took first place in a show. This project was presented to the college upon his graduation.

He is now employed by Chance-Vaught at Dallas as a mechanical engineer.

Speaker for the commencement exercises was Fred H. Moore of New York City, a Tech graduate who is now president of Mobil Oil Co.

Chamber Moves Forward With City Park Project

Farwell's Chamber of Commerce took steps to keep the ball rolling on the community park now under construction when they met for their monthly meeting Tuesday afternoon.

Members voted to proceed with building the first of a projected number of table-shelters, and to undertake this phase of the work immediately.

Right now grass which has seeded a week or so ago is just getting started and the park, which was reclaimed from a bramble of trees and weeds this spring, is beginning to "look like something." The grass is watered daily from aluminum pipe and if no snags develop the chamber should have things in good shape when it is due to turn the property over to the city for maintenance next year.

Other subjects brought before the members included paving, street signs, curb and gutter along the highway in East Farwell, and mercury vapor lights in the downtown district.

The chamber seeks to promote a paved connection between Highways 70-84 and 60 before they reach the railroad tracks at the state line. This has been in the works for a number of years.

Seventeen mercury-vapor lights are now on hand and soon to be installed by Southwestern Public Service Company. They will go up on the south side of Main Street.

Johnny Green, coach at Texico Schools, appeared before the chamber and outlined problems and possibilities of the summer recreation program.

This year three baseball teams have been organized and are participating in area leagues, but Green pointed out that with a limit of 15 boys to each team, the organized, competitive-type activities could keep only about 45 boys occupied. From 60 to 75 are turning out for the program, he pointed out.

Green made a plea for a developed program of summer activities to include boys who do not care for or cannot make the baseball teams, and also a program for girls. Suggested activities could be swimming, bowling, skating, or crafts such as basketweaving, ceramics, woodwork, and the like.

The instructor suggested a plan that would draw community-minded organizations from both Texico and Farwell into a central effort. This program, if organized now, could make it possible for the Twin Cities to have a much better rounded summer program starting next year, he pointed out.

Green volunteered to return to a chamber meeting this fall and help start the ball rolling in that direction if it was the wish of the group. Chamber members present expressed an interest in his ideas.

There were 10 persons at the meeting.

Dems Name Candidates Saturday

A group of tired candidates will sit down Saturday night but not to relax.

Probably, it will be well into Sunday before they know who has won and who has lost the Democratic runoff primary for important state offices.

Democratic voters will return to the polls again Saturday to make their final selections for their nominations for contested offices.

On the local scene, B. M. Nelson of Dimmitt and Bill Clayton of Springlake have been constantly on the move in an intensified campaign for State Representative of the 91st district.

John Connally and Don Yarbrough have battled it out for governor. James A. Turman and Preston Smith are the two tired men in the race for lieutenant governor, possibly the important job in state government. Waggoner Carr and Tom Reavley competed for attorney general. Woodrow Bean and Joe Pool were the busy men seeking nomination for Congressman-at-large, a statewide seat in Congress

which likely will be abolished within two to four years.

Following Saturday, they can rest a bit before taking up their campaigns against the Republican nominees who are expected to make the strongest bids since 1874 in the general election on November 6.

But no matter how the democratic primary and the general election turn out, Texas will have new men in the three top state offices beginning next January.

Lions Host Clovis Club Monday Night

Texico-Farwell Lions were hosts for about 15 visitors from the Clovis Noon-day Club Monday night. Accompanying the group was incoming district governor, Loyd Franklin.

The local group made plans for the convention in Ruidoso June 3-5, where Joe Helton will compete for the baby deputy district governor. The area includes Texico to Tucumcari and south through Jal and Eunice. Art Snyder of Tucumcari is also a candidate.

Delegates to the convention are Helton, Red Prather and John Getz. The local Lions are going equipped with campaign material to aid the candidacy of Helton, including election cards, "Vote for Joe" buttons and noisemakers.

In other business Monday, a report on the silver dollar shoot was given and members were reminded that about 250 light bulbs remain to be sold as a money-making project. Anyone wishing to buy bulbs is asked to contact Otis Huggins.

Local Lions are buying equipment for baseball Little Leaguers and Babe Ruthers, with the assistance of various civic groups and individuals.

Help!

"I could sure use some help" was the comment of Johnny Green, who has been directing workouts for the Little League baseball for Texico-Farwell and aiding in plans for the Babe Ruth boys.

As the situation now stands, a large group of boys are working out daily, but volunteers are needed to help direct the program. Green asks the help of anyone who can give some time in the afternoons for workouts or who can accompany the boys to games two nights a week.

The Babe Ruth boys play in Clovis and the younger teams will play in Bovina, probably.

Blacks Plan To Move Here

Tribune visitor Wednesday was Bradley Black who plans to join the business community of Texico-Farwell soon. He plans to lease the almost-completed Spur Restaurant from W. D. Howard. Black and his wife, who will assist in the business, plan to move here from Lubbock.

They had been in the restaurant business in Lubbock for several years, having had the Cliff House, Satellite and Sands restaurants. They have one son who is married and is a chemical engineer for Celanese Corp.

Workmen David and Zane Axe are shown here applying a fresh coat of paint to New-Tex swimming pool. The pool is scheduled to open at 1 pm today.

Program To End Bible School

Closing program for the Vacation Bible School held at Calvary Missionary Baptist Church in Texico will be tonight (Friday) at 8 o'clock, sponsors say.

Parents are urged to be on hand to view the handwork. Refreshments will be served following the program.

About 80 have been enrolled in the school with a theme of study entitled "Patriots For Christ".

LOCAL

Jerry Tillman of San Jon has been visiting in the C. B. Stockton home in Texico. Tillman and Charlie Stockton spent some time in Las Cruces attending to business this week.

Activity Minor For Officers

Little activity was reported by Farmer County sheriff's department last week with recovery of a stolen car and investigation of a one-car accident noted by Tom Atkins, deputy.

The driver of the stolen car was arrested here and lodged overnight at the county jail before officers picked him up and returned him to Lubbock where the offense occurred.

A young man from Cannon AIR Force Base lost control of his car Saturday night between Lariat and Farwell and officers investigated the mishap. No charges were filed.

Swimming Pool To Open Today

New-Tex swimming pool in Texico was being repaired and given a fresh coat of paint by the Axe Paint Co. of Texico early this week in preparation for the opening day which is scheduled for (today) Friday, June 1, at 1 p.m.

Johnny Green, assistant coach at the Texico school, will serve as manager of the pool this summer. He reports that a full crew of qualified life guards will be on duty at all times. Ronnie Madery and Patty Hammond will be life-guards at the pool.

Price of admission will be 25¢ for children and 40¢ for adults.

A senior life-guard course is being sponsored at the Potter Pool in Clovis by the Curry County Red Cross beginning Friday, June 1, at 12 noon. All interested persons who are 15 years of age or are sophomores in high school are invited to participate.

Dedication Wednesday For Sunset Terrace

In a brief and reverent ceremony conducted by the Texico-Farwell ministerial fellowship, the new Sunset Terrace Memorial Cemetery was dedicated in late evening Memorial Day. Rev. J. L. Bass, president, was out of town and unable to be present.

As community residents listened quietly, prayers were offered by Ebb Randol and Don Tarbet, Church of Christ ministers. Rev. Orville Brantley, minister of Texico Baptist Church, read scriptures for the service and Rev. Robert Tomlinson, Methodist pastor, formally dedicated the plot as Sunset Terrace Memorial Cemetery.

The open air service was performed at the back of the garden, with the expanse of lawn edged in evergreen trees, and flowers blooming in small plots throughout the area. The stillness of the 6 o'clock hour was broken slightly by the rustling of a small breeze in the wheat field adjacent to the park.

The new cemetery is located adjacent to the Amarillo highway a short distance out of Farwell.

"Gather around children it is song time," says Susan Patrick. The girl on the left is celebrating her eighth birthday.

Babe Ruth Boys Lose Two Games

It was rough sledding for the Texico-Farwell Babe Ruth Lions last week, as they lost two, in Saturday night's action, the Cannon Rockets slew the Lions by a lopsided score of 22 to 6. The six Lion runs were scored by Larry Burns, Lee Halsell, Emmitt Autrey, Lanny Doshier, and Tom Rickstrew off of hits by Rickstrew, Halsell, and Ronny Richardson.

Handling the pitching chores for the Lions were Charlie Johnson and Johnny Schell.

In Monday night's game, the Melrose Rebels blasted the Lions 21 to 6 to hand them their third straight defeat. Taking care of the pitching once again for the Lions were Johnson and Schell.

The Rebel avalanche began in the fourth inning when they collected a home run off of Lion pitching to start the ball rolling. An outstanding player for the Lions in this game was Chuck Norton. Members of the Lions are Burns, Halsell, Autrey, Leonard Hutsell, Doshier, Rickstrew, Richardson, Hap Danforth, Morton, Donnie Morris, Bobby Stuart, Johnson, Schell, Tommy Beavers, and Floyd Morris.

Jones Receives Degree at SMU

Dale E. Jones, son of Mr. and Mrs. Samuel E. Jones of Farwell, was awarded the degree of Bachelor of Science in civil engineering at commencement exercises at Southern Methodist University, Monday, May 28.

SMU has one graduating class per year, consisting of students who have completed their requirements for degrees in August, January and May.

While a student at SMU, Jones was on the Dean's List consistently. He is also a brother of Mrs. Bill Boling of Farwell.

Participating in the dedication services for the new Sunset Terrace Memorial Cemetery Wednesday afternoon were; left to right, Ebb Randol, Rev. Orville Brantley, Don Tarbet and Rev. Robert Tomlinson.

First Baptist Sponsors VBS at Mission Church

First Baptist Church in Farwell is sponsoring a Vacation Bible School this week each morning 8:30-10:30 at the New Light Baptist mission in east Farwell.

Girls from the First Baptist GA group and several ladies of the WMU are in charge of the classes.

A general program of songs, Bible stories and handwork is being carried out with Misses Vicki Moss and Sherlene Martin in charge of the music. Other workers are nursery, Mrs. Bob Dollar and Vicki Moss; beginners, Ms. Ralph Franse, Mrs. Alta Gerles and Sherri Austin; primary, Mrs. Otis Huggins.

Reba and Viane Lesly, Martha Coffey and Susan Patrick; juniors, Mrs. Joy Chadwick, Mikala Austin, Mary Coffey, Patty Tatum, Mrs. Mona Hardage, Susan Blair and Sherry Bass; and intermediates, Mrs. John Boling, Mrs. Rita Dollar and Maude Hicks.

Mrs. Roy Lovett is general superintendent of the school and Mrs. Bert Williams is in charge of refreshments.

Approximately 30 children are in attendance at the school. The general public is invited to attend the commencement exercises and handwork display tonight (Friday) 8 p.m.

Linda Dowdy Doing Well

Linda Dowdy, 14-year-old daughter of Mr. and Mrs. A. B. Dowdy, who underwent open-heart surgery in Children's Medical Center in Dallas last Tuesday, is still doing well, according to word received here Saturday by Rev. J. L. Bass of First Baptist Church, Farwell.

Linda had suffered a heart defect since birth and it is felt that she will now be able to lead a normal, active life.

For those wishing to send cards or write to Linda, her address is Linda Dowdy, Children's Medical Center, Maple and Wilburn, Dallas, Texas.

Helton Oil Second In Softball Meet

Members of the Helton Oil Company softball team won second place in the tournament sponsored by the Bovina Lions Club last week in Bovina.

In the first game Thursday night, Helton bounced the Oklahoma Lane Farm Supply by a score of 8 to 0. The winning pitcher was Si Koenigs, while the loss was charged to Don McMahan.

Friday night Helton defeated the Bovina Lions to the tune of 5 to 1. Once again, Koenigs received credit for the win while the losing pitcher for the Lions was Al Carter.

In the final game of the tournament, Saturday night, Helton met the Portales Furniture Mart team. Starting the game for Helton was Koenigs, who hurled until the fifth inning when he was relieved by Raymond Hadley. The Helton team

A traveling salesman walked into a restaurant one morning and told the waitress:
"Bring me two eggs fried so hard they're edged in black, two slices of burnt toast, and a cup of cold coffee. Then sit down and nag me -- I'm home-sick!"

JOTTIN'S By Jeanne

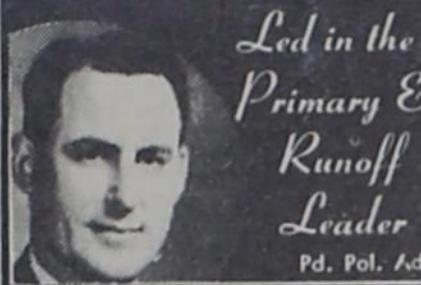

I'm glad the ministerial fellowship and those who are responsible for the beautiful new cemetery at Farwell decided to dedicate it as they did, and Memorial Day seemed a fitting time for the service.

I've never attended a service of this type before and it meant a great deal to me. In fact, I think that any time I pass the area now, that I will think of that moment of reverence last Wednesday when several persons paused for the brief ceremony at the end of the day.

weekend, I was a little slow getting the news together this week. I started Wednesday 30 minutes late and spent all day trying to meet my deadlines. It's nearly midnight and I'm nearly through with my work. All I lack, you might guess, is the remainder of this column.

Johnny Green needs some volunteers to help with the Little League and Babe Ruth League baseball that he has so diligently been directing. He's almost a one-man coaching staff for about 60 boys, and he certainly needs some help.

Court Minutes

Parmer County commissioners met in regular session Monday. Bills were presented and payment approved.

A motion that the commissioners court meet June 11, 1962 as a board of equalization was made and approved.

Motion was made by Guy Cox and seconded by Thomas Lewellen that petition for road signed by J. D. Stevens be accepted. Earl Stevenson, J. D. Stevens, G. D. Turner, E. O. Johnston and R. G. Sparks were appointed to serve as a jury of view.

News From LAZBUDDIE

BY MRS. C. A. WATSON

Rev. Bill Curry is a member of the graduating class at ENMU this spring and was in Portales to attend Baccalaureate services on Sunday. Rev. E. E. Mason was guest speaker at the First Baptist Church in Lazbuddie Sunday evening.

Birthdays greetings to Luther Gail Elliott, Vanetta Lesly, Gary Brown, Johnnie Mabry, Johnnie Lee Pruitt, Elaine Embury, Joe Tarter, Brent Tanner, Louise Agee and Gerald McGehee.

Visitors in the Rufus Carter home Friday were Mrs. Ethel McCurdy of Lazbuddie and Ellen Engram of Dallas.

Mrs. Buck Bradshaw of Farwell visited with her parents, Mr. and Mrs. Rufus Carter Sunday. The Carters accompanied by Mrs. Bradshaw visited in the Riley Goodnough home Sunday afternoon.

The Lazbuddie senior class accompanied by Mr. and Mrs. Scotty Windham returned Friday from a trip to points of interest in Texas and Mexico.

Mr. and Mrs. Fred Wilbanks and Paul left the first of the

week for a vacation trip to parts of Arkansas and Texas. Mr. and Mrs. Hubert Dykes of Sudan visited in the J. V. Bolen home Sunday.

Mr. and Mrs. Roy Murray, Virginia and Floyd and Sherry Ledbetter visited in the Charley Watson home Saturday.

In Muleshoe to attend the Sam McKenstry piano recital last week were Marsella Mayfield, Marianna Gammon, Frank Hinkson Jr., David Gupton, Charollette and Teresa Seaton. Mike and Jim Ward and Terry Parham are playing Little League ball in Muleshoe this summer.

Cynthia Harvey spent last week in Plainview visiting her grandparents Mr. and Mrs. H. A. Harvey.

T. O. Lesly is in an Amarillo hospital receiving treatment for a broken ankle he suffered Sunday when he was thrown from a horse while roping cattle.

Lena Ledbetter is in St. Mary's Hospital in Lubbock recovering from a gopher operation. The Ledbetters are new residents of this community.

Mr. and Mrs. J. C. Redwine were in Oklahoma on business the first of the week.

Mrs. Annie Pyrtz, 67, passed away in West Plains Hospital Monday. She was a long time resident of this community.

A group of 17 community children rode the train to Clo-

vis Monday where they enjoyed a picnic at Hillcrest Park.

Mothers accompanying the children were Mesdames Gene Fox, Wayne Hardage, Kenneth Hall, Richard Engleking, Roy Farley, Buck Crim, Paul Jesko and Don McDonald.

Junior and Intermediate girls of Lazbuddie Baptist Church were entertained in the home of Mrs. Weldon Sladen Friday night with a Hobo Party. Girls attending were Marsha Adudell, Sue and Kay Hassell, Jan Harvey, Marsha Johnston, Jan Mitchell, Peggy Carroll, Gail Ivy, Pat Peterson, Genet Slayden and Ragena Treider. Hamburgers and ice cream were served with pops to the girls and adult sponsors Mesdames Eual Mitchell, Clyde Redwine and Weldon Sladen.

Lazbuddie HD club met in the home of Mrs. Everett McBroom recently with 10 members and one guest, Rosemary Briggs present. A program on assessories for the home was given by Mrs. Adrian Weir. Next meeting is set for June 14, with Dr. T. J. Glenn to speak on diabetes.

Fellowship Hall at First Baptist Church was the scene of a lullaby shower honoring Mrs. Ronnie Briggs Thursday afternoon. Floral arrangements of pink and white were placed throughout the Fellowship Hall. Guests were registered by

Before you vote in the Governor's race Saturday ...

Study The Hard Facts About The Candidates!

JOHN CONNALLY

BACKGROUND: Native Texan. Born on farm in Wilson County, near Floresville. One of 7 children of J. B. and Lela Connally. Family Bible shows birth date as Feb. 27, 1917. Connally family in Texas dates back more than 5 generations. Connally family still lives in region settled by forebears in 1849.

FAMILY: In 1940 married Idanell Brill, daughter of Austin leather dealer. Sweetheart of John at University of Texas and elected sweetheart of University. The Connallys have three children—John III, 15—Sharon, 12—and Mark, 9. All three attend Fort Worth Public Schools.

EDUCATION: Attended public school in San Antonio and Floresville, graduating in 1933 as salutatorian. To help pay his way through the University of Texas, Connally worked part-time as a candy and chewing gum salesman and on a highway construction crew as a batch weigher.

Was elected president of the University Student Body in 1938. Received his law degree the same year. Was also president of his law class, assemblyman from the School of Law, chairman of the Students' Assembly in 1938-39, and chairman of Student Publication Board. Connally was dean of his legal fraternity, was elected to Friars in his junior year, and appeared in Who's Who in American Colleges.

RELIGION: Methodist.

MILITARY SERVICE: Volunteered for active duty in the Navy months before Pearl Harbor. Served in Atlantic and Pacific combat theatres. Was awarded numerous combat decorations, including the Legion of Merit and the Bronze Star for heroic performance under pressure of battle. Rose through ranks to lieutenant commander by time of his discharge at war's end.

GOVERNMENTAL AND PUBLIC SERVICE: Served as Secretary of the Navy in the Kennedy administration, for which he received public and official acclaim for outstanding leadership.

Following graduation from Law School, Connally became congressional secretary to then Congressman Lyndon Johnson. Also served as administrative assistant to Senator Johnson for 8 months in 1949.

1962 governor's race is his initial effort to seek public office. Led the first Democratic primary, May 5, by 114,000 votes.

BUSINESS BACKGROUND: From 1949-1952 he was a partner in the law firm of Powell, Wirtz and Rauhaut in Austin. Formed radio station with veterans. From 1952 until appointed Navy Secretary by President Kennedy, Connally served as attorney for Richardson and Bass, independent oil operators in Fort Worth. An executor of the Richardson estate. Has participated in management of companies and corporations engaged in salt water control, carbon and carbon black, radio and TV, insurance and investments, and oil and gas. As Navy Secretary was responsible for an annual budget of 15.5 billion dollars. His personal and business life was checked and cleared by the FBI, Naval Intelligence, Central Intelligence Agency, and the Senate Armed Services Committee. Appointment was unanimously confirmed.

CIVIC AFFILIATIONS: Director, Southwestern Exposition and Fat Stock Show; honorary chairman, Gonzales Warm Springs Foundation; director, Boys, Inc., a charitable organization devoted to elimination of juvenile delinquency; member, executive committee, and councilman-at-large, Ex-Students Association, University of Texas.

PROFESSIONAL AFFILIATIONS: Member and director, Southwestern Legal Foundation, State Bar of Texas, Fort Worth & Tarrant County Bar Association, American Bar Association, American Judicature Society.

RANCH AND FARM AFFILIATIONS: Member, South Texas Hereford Breeders Association, Santa Gertrudis Breeders International and Galliceno Horse Breeders Association of America.

OTHER PUBLIC SERVICE: Served as attorney for organization of Texas Electric Co-ops. Served as director of the Lower Colorado River Authority, participating actively in extensive flood control and water conservation projects on the Colorado River.

DEMOCRATIC PARTY RECORD: Active in party affairs since childhood, when helped father campaign for election as Democratic county clerk of Wilson County; has attended every national Democratic convention since 1940, with exception of war years.

DON YARBOROUGH

BACKGROUND: Born in Louisiana on December 15, 1925. Moved to Texas in 1937.

FAMILY: Wife, Kay Edwards of Houston, newspaperwoman. One daughter, Inez, 14 months old.

EDUCATION: Attended school in Louisiana until 1937. After graduation went to University of Texas Law School, where sole achievements were membership in National Intercollegiate Debate Championship team and being assemblyman from the School of Law. Graduated from Southwest Louisiana Institute at Lafayette, Louisiana.

RELIGION: Episcopalian.

MILITARY SERVICE: Entered Marine Corps in 1945 after close of World War II. Was stationed in United States as Marine during Korean conflict.

BUSINESS BACKGROUND: Partner in Houston law firm of Yarborough, Brigman. In 1955 was elected president of the Houston Jr. Chamber of Commerce.

CIVIC AFFILIATIONS: Member board of directors, Hedgcock Hospital Auxiliary; board member, Big Brothers; United Fund co-division chairman.

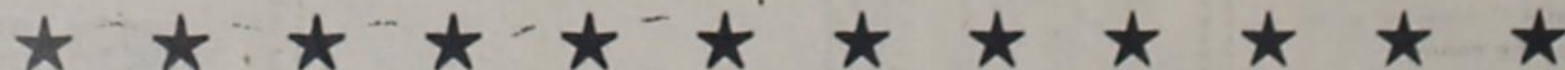

PROFESSIONAL AFFILIATIONS: Chairman, economics committee, Houston Bar Association; member, State Bar of Texas.

RANCH AND FARM AFFILIATIONS: ?

OTHER PUBLIC SERVICE: ?

DEMOCRATIC PARTY RECORD: Defeated for lieutenant governor—1960.

Hardings To Be Honored

Friends and relatives of Mr. and Mrs. N. R. Harding are invited to attend an open house, June 2, 2-5 p.m. at their home six miles south of Farwell, honoring them on their Golden Wedding anniversary.

Miss Burris Shower Honoree

Miss LaJune Burris, bride-elect of Clifton (Max) Gary was honored with a pre-nuptial shower at the First Baptist Church in Texico, Tuesday night with members of Ruth Sunday school class as hostesses. The bride-elects colors of pink and white were used throughout in room decorations. Miss Wanda Rae Burris, sister of the honoree registered guests at a small table laid with white and centered with a vase of pink rosebuds. Mrs. Judge Stone and Mrs. Guy Cox presided at the serving table which was laid with a white linen cut-work cloth over pink and centered with an arrangement of pink and white roses in a white milk-glass bowl. Pink mints, individual white cake squares, and pink punch were served from a crystal punch service. Miss Burris and her mother Mrs. Allie Burris were presented corsages made from small kitchen items and tied with a pink ribbon. Mrs. Burris assisted her daughter in opening her gifts and Mrs. D. J. Brown registered the gifts. Little Miss Zadene Burris, sister of the honoree placed the colorful bows in a net pillow. Approximately 54 persons attended the shower with many sending gifts who were unable to attend.

Terri Sue Boling Party Honoree

Terri Sue Boling, daughter of Mr. and Mrs. Bill Boling was honored on her fourth birthday with a party May 29. As guests arrived, they were taken on a "peanut hunt." After gifts were opened and displayed, other games were played. Refreshments of birthday cake, sandwiches, potato chips and punch were served to John Graham, Kent Gast, Karen Gay and Patti London, Debbie Burchel, Mark Zahn and the honoree, Terri Sue. Also attending were Mesdames Zahn and Burchel and the honorees' grandparents, Mr. and Mrs. J. J. Boling.

Club Members Have Reunion Saturday

It was with much laughter and reminiscing that 20 ladies, all ex-members or ex-county extension agents serving the Old West Camp community club, met in the home of Mrs. Willie Williams in Farwell, Friday afternoon for a reunion. Many of the ladies had not seen each other in 20 to 25 years.

It was in the late 1920's that the need for a club was felt in the West Camp community with the club first being organized to do quilting, sewing or hand work for the lady serving as hostess for each meeting. Sewing and food preparation was also done for needy families in the community and many persons with sickness in their family were helped by this cheerful group of ladies. The ladies called their group the "Pollyannas" when they were first organized.

In 1935 the first extension agent was secured for the club with Miss Alma Stewart, now Mrs. Hale of Monahans, serving the club until 1938. During her stay as extension agent a group of ladies from Bailey County went to the State meeting at A & M College and were successful in having Mrs. W. G. Kennedy of Progress elected as state president of the extension clubs. Mrs. Kennedy now lives in Grady.

Next agent serving the club was Mrs. Eula Newman who is now working with the extension service in College Station. Neither of the first two agents was able to attend the reunion. Miss Lillian Gentry was the third agent to serve the club and was there until her marriage to Jimmy Allman. She is now teaching home economics and journalism in the Texico

school system. Miss Grace Patterson, now Mrs. Henry Ivy of Lazbuddie, was the fourth and last agent to serve this group of ladies as their extension agent. Both Mrs. Allman and Mrs. Ivy were in attendance at the reunion.

Other ladies in attendance were Mesdames Gordon Murrah, Roy Sheriff, Hubert Gammons, Everett Roark, Mae Busbice, W. W. Couch, Effie (Sheegog) Gilley, Webb Watts, and Pershing Busbice, Muleshoe; Mesdames Everett Smith, Zula Thompson, and Jimmie Allman, Clovis.

Also Mesdames E. E. Hughes, Partin Austin, Ernest Kube, Johnie Williams, M. A. Snider Sr., Ivan Tarr and Willie Williams of Farwell, and Mrs. H. O. Ivy, Friona, and Mrs. H. C. Robertson, Littlefield.

Shown here are former members of the West Camp community club, which was an extension club. The ladies met for a reunion for the first time in 20 years Friday afternoon in the home of Mrs. Willie Williams. Shown on the back row from left to right are Mesdames Hubert Gammons, Lillian Allman, Gordon Murrah, Everett Smith, Everett Roark, Ernest Kube, Roy Sheriff, H. C. Robertson and Willie Williams; Middle row, left to right, Mesdames Partin Austin, Ivan Tarr, E. E. Hughes, Mae Busby, Webb Watts, W. W. Couch, and Henry Ivy; front row, left to right, Mesdames Pershing Busbice, Zula Thompson, Effie (Sheegog) Gilley, M. A. Snider Sr. and Johnie Williams.

Homemakers Recess For Summertime

Modern Homemakers Club of Texico held their last meeting, before recessing for the summer at the home of Mrs. Joe Camp in Farwell Tuesday with ten members present.

Next meeting is scheduled for the second Tuesday in September. Place of the meeting will be announced later.

A program on refinishing furniture was given by Mrs. Jamison from Nolan's Hobby Shop in Clovis. The ladies were shown how to antique, and marbleize their old furniture.

A report on the home nursing course was heard from Mrs. Gladys King, registered nurse who had taught the course. She reported that Mesdames Perry Winkles, Elward Combs, Paul Skaggs, C. H. Webb and Melvin Burns had completed the course.

Refreshments of spudnuts, pop and coffee were served to Mesdames Elward Combs, Preston Martin, W. E. Martin, C. H. Webb, Johnnie Hammitt, J. E. King, Perry Winkles, Paul Skaggs, Duane Herington and Elmer Teel.

Mrs. Doshier Party Honoree

Mrs. Dick Doshier, was honoree at a surprise birthday party Tuesday afternoon in the home of Mrs. Jack Watts when members of the Golden Circle Sunday School class of First Baptist Church, Texico met for an afternoon of informal visiting.

After Mrs. Doshier had opened and displayed her gifts refreshments of birthday cake and punch were served to Mesdames Johnnie Chappell, J. O. Morris, F. S. Thigpen, John Hadley, John Hill, Jack Watts and Dick Doshier. Sending gifts were Mesdames B. A. Kelley, Eric Pierce, Jesse Hudson, Allie Burris and Ray Stone.

Lingerie Shower For Miss Burris

Miss LaJune Burris, bride-elect of Clifton (Max) Gary was honored with a lingerie shower in the home of Mrs. Murray White Saturday afternoon, with Mrs. John Hadley and Mrs. Buddy Pearce as co-hostesses.

After gifts had been opened by Miss Burris assisted by her mother, Mrs. Allie Burris, refreshments of frosted pop were served to Misses Wanda Rae and Zadene Burris, Judy Sharp, Lattie Harrison, Betty Ruth Lockhart, Jean Hadley, Carol and Kathy White. Several persons sent gifts who were unable to attend.

LOCAL

Mrs. Lillian Allman, teacher in the Texico school was called to Lubbock Monday by the death of a brother Albert Q. Gentry. Gentry passed away in a Lubbock hospital Monday following surgery.

Lutheran Church

Vacation Bible School which began May 28, has been well attended. The closing program will be today (Friday) after the daily lessons have been finished. The program is expected to get underway at 11 a. m. Parents and friends are invited to attend. After the program the group will go to the park in Clovis for a picnic and recreation period.

St. John's Lutheran church takes this opportunity to thank all parents who have sent their children to study the Bible with us.

Saturday June 2, 7:30 p. m., Miss Evelyn Lingnau of Lariat and Tom Beal of Clovis will be united in holy matrimony at St. John's Lutheran church in Lariat. A reception will follow in the parish hall. Rev. Sander will have charge of daily devotionals over radio station KZOL in Farwell June 4-8; at 9:15 a. m. Comments will be appreciated.

LOCALS

John Gordan McCuan and Dale McCuan were in Dallas and Grandbury over the weekend where they visited with Gordan McCuan and attended to business.

Mrs. Sherron Stevens and children, Shawn and Brent from Amarillo were guests in the Leroy Faville home last week. Mrs. Stevens is the former Mikala Faville.

Mrs. Henry Ivy, left, of Lazbuddie and Mrs. Lillian Allman, Clovis, are shown at the reunion of former members and extension agents of the old West Camp Community Club. Mrs. Ivy was the last agent to serve these ladies before their group disbanded. Mrs. Allman was the third agent for the club and is now a teacher in the Texico school.

Wilma Liner Honored; ESA Names Committees

Wilma Liner was presented a trophy as "outstanding member" of Theta Rho chapter of ESA for the past year at the last meeting of the year Monday night. Mrs. M. C. Roberts, educational director, made the presentation.

Preceding the meeting, Mrs. Roberts was hostess for a Mexican supper, after which members returned to her home for a business session.

Perfect attendance awards were made to Mesdames Mitz Walling, John Getz, Pike Jordan and Liner and Mrs. Bert Williams, Jonquil girl, presented Mrs. Roberts with a gift of appreciation from chapter members. Mrs. Jordan, outgoing president, was honored with a gift, and she in turn presented the chapter with a cash box and ESA stationery.

Mrs. Walling, new president, announced her committee appointments for the new year. Mrs. Joe Helton will serve as chapter correspondent. Mrs. Roberts submitted new year-books. Topic of study chosen is "Government".

Members voted to earn \$10 each during the summer months by individual effort and a \$25 donation was made to the cerebral palsy fund and one to the cystic fibrosis foundation.

Members decided to plan one summer social, with the social committee to set a time and inform the group.

ESA state convention is planned in Clovis April 26-28 of next year and the local chapter has been asked to assist with plans.

Named Counselor

Miss D'Rene Danforth, daughter of Mr. and Mrs. Fred Danforth of Texico, and a junior student at ENMU has been appointed to serve as counselor in Curry Hall, girl's dormitory during the Sunshine Music Camp on the campus of ENMU June 3-16.

Attending the school from Texico will be Howard Danforth.

To California

Mr. and Mrs. Sterlyn Billington and Mike have gone to San Francisco, Calif. to attend the Southern Baptist Convention June 4-8.

From there, they plan to go to Seattle where they will attend the World's Fair. Accompanying them to California was their daughter, Mrs. Leonard Williams and her daughter, Lynn, who have been visiting here for the past two weeks.

LOCAL

Able Crume and Prissy of Hereford were Memorial Day guests in the W. H. Graham Jr. home. Prissy remained for a visit.

 - Babe Ruth league -- Lions vs. Gophers (west Clovis)

Showers Honor Mrs. Anderson

Mesdames Jim Bob Smart, Don Sudderth and B. L. Barnes were hostesses for a bridal shower honoring Mrs. Bud Anderson (Sue Martin) Tuesday night at the Woman's club building in Texico.

The brides chosen colors of pink and white were carried out in room decorations and refreshments. Mrs. Almer Powell presided at the serving table which was laid with white lace over pink and centered with a bouquet of pink rosebuds in a white milkglass bowl. White cake iced in pink with the names "Bud and Sue" inscribed in white was served with pink punch to approximately 16 guests.

On Thursday evening Mrs. Anderson was again honoree at a miscellaneous bridal shower in the Delbert Martin home in Texico with Mesdames Buck Taylor and Robert Servatius and Miss Pauline Servatius as hostesses.

White cake iced in pink was served with pink punch, nuts, and mints, to Misses Jeanette Duncan, Mildred Hukill, Lucille Halsell, Dorothy Hapke, Jean Morris, and Fay Martin. Also Mesdames Dollie Nally and M. D. Loworn.

Many persons who were unable to attend either shower sent gifts.

LOCALS

Mrs. Russell Johnson is in Canadian visiting in the home of the Jerry Johnson family.

Mr. and Mrs. N. H. Goldsmith and family were in Seagraves Tuesday and Wednesday visiting in the home of Mr. and Mrs. Willie Goldsmith.

Clothes Bank Started By Firemen's Aux

Texico Fireman's Auxiliary met at the firestation Monday evening with members bringing clothes for the clothes bank which is kept at the firestation to be distributed to needy families.

Plans were made to attend the state convention in Tucumcari, June 7-9.

An electric percolator was presented to the Don Fought family who recently lost their home by fire.

Next meeting was set for June 28 with Mrs. John Adams as hostess.

Refreshments of cake, ice cream and punch were served by Mrs. Snodgrass.

Soil Stewardship Noted This Week

"Good soil and sufficient water are two of our basic, God-given resources. Out of these basic resources have grown much of our State's wealth and power. They have been essential to the growth and expansion of our Texas economy and population. They will continue to be essential to future development," so said Governor Price Daniel in his opening greetings proclaiming the week of May 27-June 3 as Soil Stewardship Week in Texas.

He continued, "Every citizen bears responsibility for the good stewardship of these vital resources. The Soil Conservation Districts, Watershed Districts and all individuals and organizations interested in the conservation and development of our soil and water resources are making significant progress in this work. Soil and water conservation and development are important to the continued strength of Texas and the stability of the economy."

J. C. Phillips, Jr. chairman of the Soil Stewardship Committee, Association of Texas Soil Conservation Districts, and Lynn Pittard, soil conservationist for the Texas Agricultural Extension Service, reported that churches in every section of the

State have planned special services for the observance. They hope that all citizens will attend and participate.

Chairman Phillips said, "It behooves all Texas to pause in their busy lives and offer thanksgiving unto our Lord for the super abundance that we enjoy. All must be made aware that from Mother Earth all that sustains life has its beginning; that we must protect it, husband it, and enrich it so that future generations of Texans may not be in want. Truly the earth is the Lord's and we are but its caretakers and guardians."

Soil Stewardship Week is sponsored nationally by the National Association of Soil Conservation Districts.

Food Travels By First Class To U.S. Homes

Food travels first class between the farm and your refrigerator these days and the trip even seems shorter. Marketing researchers in the U. S. Department of Agriculture have helped arrange the service.

Take lettuce. Researchers have helped grower-shippers learn how to remove the field heat from lettuce before putting it into railroad cars or trucks. That makes it possible to ship lettuce across the country in top-quality condition. Other recommendations have pointed out how to select the type of box or crate that will protect lettuce during its travels; how to use handling methods that cut costs. They even help retailers trim the lettuce so that you only select from the best of the farmer's product, which even takes up less space in your refrigerator.

Take wheat. Everyone who uses wheat in any form benefits from marketing research recommendations that have shown how to handle grain more efficiently; how to use insect-resistant packaging for flour and cereal products; how to fumigate and condition grain better at country and terminal elevators; and how to sample grain for grading with less chance of error.

Tech Dedicates New Facilities

A large crowd is expected at Texas Tech Saturday during its annual Livestock and Meat Producers Day.

The dedication of new beef cattle facilities on the Tech Farm and a demonstration of the Agriculture Department's new dual grading system for livestock will highlight the event.

The one day program will begin at 9:15 a.m. in the Tech Union Building with seven reports on meats studies.

Guests to the event being held in conjunction with the annual meeting of the West Texas Chamber of Commerce will be welcomed by Dr. R. C. Goodwin, Tech president.

ON THIS DAY AND THROUGHOUT THE YEAR WE ARE THANKFUL FOR MOTHER NATURE'S BLESSINGS AND WILL CONTINUE TO PRESERVE HER TREASURES.

4-H Clubs Visit College Station

Parmer County 4-H Clubs will be represented at Texas 4-H Roundup in College Station, June 5-7. Linda Gleason, Linda Lesly, and Gary Foster will take part in the state method demonstration contest.

Linda Gleason and Linda Lesly won first place in the County Method Demonstration Contest, March 31. They presented a 15 minute demonstration "Good Light, Good Sight". They placed among the top two teams in the district contest in Canyon, April 28.

Gary Foster will participate in the Tractors Operators awards program. Gary placed among the top two in the district contest.

The 4-H girls team will be accompanied to 4-H Roundup by Mrs. T. O. Lesly, Mrs. Truman Gleason, and County Home Demonstration Agent, Miss Ettie Musil. Boys 4-H team will be accompanied by either Mrs. Ned Foster or County Agent, Deryl Coker.

Food Costs Less As Incomes Soar Ahead of Prices

There's an extra nickel left in your pay-day dollar these days after you buy your food according to economists in the U. S. Department of Agriculture's Economic Research Service.

The economists tell us the family grocery bill in the mid-forties was about 25 cents of our take-home dollar. Today we spend only 20 cents. Our incomes have gone up faster than food prices.

Ten years ago, for example, an hour's work bought 2.3 pounds of chuck roast; today we get 3.3 pounds. In the early postwar years an hour of work was worth 22 eggs; it's worth 43 eggs today. Yesterday 24 pounds of potatoes; today 29. And the same thing is true for poultry, milk, bread, and most other foods.

Keeping tabs on the national food budget is one way the USDA provides information needed for efficient management, whether it's balancing the family budget, operating a marketing firm, or running a modern farm.

These figures help to keep our agricultural economy and marketing system running smoothly.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

"We don't want to give them (growers) a tremendously profitable price, but let's let them get just enough to keep them working as hard as they have in the past so consumers can continue to enjoy cheap turkeys." This is a quote from a USDA official, dated January 11, 1962, regarding plans for control of turkey producers.

The Senate has passed the administration farm control bill and it is now ready for the consideration of the House. Farm Bureau urges you, if you are opposed to the bill, to write your opposition to your representative to strengthen his opposition. If you favor the bill, concern will be sufficient for its passage.

The powers that be are exerting every effort to bring you under this producer management program that would give you completely regimented operation procedures. It is well to remember that this program would not necessarily be administered by farmer committeemen elected by you and your neighbors. The Montana case of the firing of the elected ASC committee man and their replacement by appointment by a USDA employee should be enough evidence of this truth.

The Farm Bureau Weed Committee and many volunteer workers cooperating have plotted blind weed patches in the county within the last two weeks. Individual farmers, highway department personnel, railroad personnel and others will be poisoning these patches soon in an effort to prevent the spread of this weed. If you do not know a bindweed when you see it, see your county agent, an FFA boy, or ask your neighbor. Don't let them grow on your property.

Mrs. Nell Davis, your office secretary, attended a meeting in Amarillo last week where other secretaries and agents met to find methods of serving you more efficiently. You will find Nell anxious and courteous in helping you with any service Farm Bureau offers, from gas tax refunds up, or down.

Your directors will meet in regular session next Monday night, June 4th. You, as usual will be welcome to attend if you would like to. Harry Hamilton, president, urges all directors to make every effort to attend.

CONSIDER THIS: The curse of the Lord is in the house of the wicked; but he blesseth the habitation of the just. Proverbs 3:33

Soil Testing Still Active

Through April, the number of soil samples being submitted to the three laboratories operated by the Texas Agricultural Extension Service at College Station, Seymour and Lubbock came in record or near record numbers.

During January the laboratories tested 1,589 samples, said W. F. Bennett, extension soil chemist. The total for February fell just short of doubling the January total when 3,020 samples were tested.

During March and April the laboratories handled 4,330 samples but neither month came up to the February totals, Bennett added. The laboratory at Lubbock handled 1,328 samples in March for its highest single month since it began operations. The March total, 402 samples, was also a new high for the Baylor county laboratory.

Bennett said five counties in the State submitted more than 100 soil samples during March and April. They were Baylor, 212; Houston, 165; Lubbock, 155; Terry, 147; and Harris, 124.

To further emphasize the role that soil testing now plays in present day farming, Bennett said that samples during the March-April period were received from 173 of the State's counties; that 151 samples came from Mexico and 5 from Nicaragua to add the international flavor and that samples were also tested from Colorado, New Mexico and Oklahoma.

It isn't too early to make plans for taking and submitting soil samples from soon to be harvested small grain fields, Bennett said. The slack season for the laboratories will mean that results will be returned to the senders within a few days and plans can then be completed for the fall fertilizing and soil improvement and management programs.

If information is desired on soil sampling, Bennett suggests a visit with the local county agent.

HYBRID SORGHUM SEEDS

FROM

RICHARDSON SEED FARMS

POPULAR CERTIFIED HYBRID VARIETIES GROWN, STORED, & PROCESSED ON OUR CLEAN, WELL ISOLATED FARMS

R.S. 610 (7078 x male-sterile combine Kafir) Texas 610 is a 7078 early hybrid. The large semi-dry head is very light red and medium soft in texture. Texas 610 which has shown good increases in yield over several varieties such as Redbine-60 and Martin, has proven to be one of the most popular varieties under all farming conditions.

TEXAS 601 (Tx 04-A Martin cross x male sterile combine Kafir) A good early maturing, dry-headed hybrid. This light red grain has shown good yield increases over Redbine-60 and earlier varieties.

TEXAS 660 (Caprock x male-sterile combine Kafir) Texas 660 is a medium-maturing hybrid. Texas 660 has made many outstanding yields under irrigation. Its uniform combine height and semi-dry head with the high yield potential has made it the most popular variety for irrigation.

R.S. 608 (7078 x MS Martin) A newer variety, probably the earliest of the Texas Hybrids—it has excellent combine characteristics. It out-produces Martin and matures a few days earlier. We recommend R.S. 608 especially for late planting on either irrigated or dry land.

B. Harvesting Cost	
Hand harvesting & hauling 950 lbs. @ \$1.75	16.62
Strip & haul to gin 1,500 lbs. @ \$.55	8.25
Ginning 2,450 lbs. @ \$.65 per hundred	13.47
Bagging & ties & fees for 1 1/4 bales	7.50
HARVESTING COST	\$45.84

C. Products Sold	
Seed 1,000 lbs. @ \$.38 per ton	\$19.00
Ling 625 lbs. @ 29.5 middle light spots	184.37
A B-C equals \$107.78	

Rent would be \$41.25 leaving \$66.53 if farmer rents, owner paying 1/4 fertilizer, insecticide, ginning and bagging.

Prepared by C. James Murphrey, area farm management specialist.

Earl J. Nelson in a letter to the Denver, Colorado, Post said, "If the REA cooperatives still need help, I would be willing to give it. But, most REAs are in perfectly sound financial condition. Many of them still apply for their 2 per cent government loans on one hand and then invest surplus funds in government securities which bear a higher interest rate. This is exasperating to a taxpayer. . . This is kicking a gift horse in the teeth."

STRENGTH FOR THESE DAYS
from The Bible

The work of righteousness shall be peace.
—(Isiah 32:17).

Love, understanding and good will in the hearts of individuals are an absolute necessity before there can be love, understanding and good will among nations.

Screwworm Fight Results Announced

"Though we are just getting started, I believe we are now on the road toward eradication of the screwworm in the Southwest." This statement by R. L. Murphree, DeWitt county, expresses the feeling of officials of the Animal Disease Eradication Division, U. S. Department of Agriculture, Texas Animal Health Commission and Southwest Animal Health Research Foundation.

"I have had only one screwworm case up to mid-year," Murphree continued. "Normally I would have had 15 to 20 cases. Though part of this may be due to the winter freeze, I have found several blows or egg masses which have not hatched. They have just dried up and indicate the release of sterile flies in the area is helping now."

Gillespie County ranchman Clint Hardin, Willow Springs, described how he found a baby calf with its navel covered with screwworm eggs. It was not doctored but the eggs did not hatch. This section has been a hot spot for screwworms in the county, according to County Agent C. A. Stone.

USDA officials explain the apparent leveling off of screwworm cases in many counties during the past week is just a preview of results that will be obtained once the new 75-million-per-week sterile fly production plant at Mission goes into operation. Production has been increased to almost 30 million flies per week at the temporary facilities at Kerrville, but this has not been sufficient to do the job.

Progress of construction at the Mission plant is another reason for the favorable outlook, the officials explained. Work is ahead of schedule, and the plant should be completed by mid-June. Fly production will be underway by July 1.

Eventual eradication of this costly livestock pest will come from a combination of the release of sterile flies and work by livestock owners. Stockmen should adhere closely to good screwworm management practices to protect their herds and help reduce screwworm popula-

tion in order that maximum results can be obtained from the sterile fly releases. "We hope that no one had the idea that there would be no screwworms in Texas this first year," commented Claude McCan, Victoria county ranchman and a member of board of trustees of the SWAHRF. "Although we have had fewer cases than in the past in many areas, it is a question of each individual stockman staying with the fight."

McCan added that they had just dehorned and castrated the third round and have had only two screwworm cases. Normally, at this time of the year, they expect 100 to 150 cases. "Since Victoria county is in real screwworm country," he said, "you could normally expect almost 100 percent infestation when working or dropping calves at this time of the year."

Every case of screwworms put out of commission now prevents thousands of cases three to five weeks later. In turn, this helps make more effective use of the limited supply of available flies and will speed up eradication, explained the officials.

Officials stressed that stockmen should now follow a regular preventive spray program using Co-Ral or Korlan, following closely the instructions on the labels. These sprays give protection for two to three weeks.

Cattlemen in Texas are due praise for the support already given but officials of the cooperating agencies stressed that no one should let up in his responsibilities to the program now, the officials said.

These responsibilities include the regular spray program, close and frequent observation of all animals, pre-treatment of all wounds before they become infested with screwworms, early and intensive treatment of screwworm-infested animals and frequent retreatment. Also the collection of 10 worms from each wound for positive identification. These worms should be delivered to the local county agent or livestock inspector.

HD Agent's Notes

BY MISS ETTIE MUSIL

Want to know what's brand new on the food market? In the USDA Utilization Laboratories, located in the four regions of the country, scientists are working on several new food products. They are experimenting with sweet potato flakes, parboiled wheat product called "bulgar", a bean powder that does away with soaking and boiling, whole egg powder, vegetable chips, and dried honey.

We have a new method of food preservation. Freeze-dried foods are already on the market although they are sold mainly to outdoors men and institutional users. The foods have been dehydrated under vacuum while frozen. These foods can be kept without refrigeration for long periods of time. Then when they are prepared for meals they are just as good as in the beginning.

These dehydro frozen foods should offer a considerable savings in marketing costs and a big savings in freezer space, since it is about 50 percent of its original weight and bulk. To use dehydrofrozen foods simply add water, thaw and cook. They taste much the same as other frozen foods.

Here's a help for you who have ever washed coloring crayons in with children's clothing. What a mess! Try this for a possible solution to remove the coloring stains. Use one cup low sudsing detergent, hot water in a washer, and add two tablespoons of Drano. Mix the wash water and solution before adding the stained clothes. Be sure to rinse thoroughly as for all washings.

Do you know how to change a fuse? People often joke about the man who's so handy he can't even change a fuse. Actually this is no joke. Many people don't know how. Here are a few simple steps for your and their protection in changing a fuse.

First, disconnect the lamps and appliances in use when the circuit went out. Then open the main switch to cut off the current while you work at the fuse box. Replace the fuse with a new one of the proper size. For your safety keep a dry board at the fuse box to stand on while you work and, of course, be sure your hands are dry. Close the main switch and restore the current. Be sure to always check the supply of spare fuses and buy more if necessary for emergencies.

Just a reminder for you not to forget the Refinishing Furniture Workshops to be conducted in each of the four county precincts. For your convenience these workshops have been scattered over the county with four meetings scheduled.

Communities, Tuesday, June 12 at 2:30-5:00 is the schedule for the second workshop to be held in the American Legion Building in Bovina for Rhea and Bovina Communities, Wednesday, June 13 at 2:00-5:00 come to the Oklahoma Lane Community Center for Farwell, Lariat, Oklahoma Lane and Midway Communities. The last workshop will be held Friday, June 15 at 2:00-5:00 in the Black Community Center for Friona, Black, Northside and Lakeview Communities.

Of course, you are invited to attend any workshop that will meet your schedule and location. We had to designate certain communities for certain locations so as not to get fifty for one workshop and only ten or twelve in another workshop. But I hope you feel welcome at any workshop even if you have to drive fifty miles.

This is a county-wide workshop for everyone in the county who is interested in refinishing old furniture to look like new. Many men and young boys and girls are interested in this detailed work, and are invited.

We do hope everyone brings a picture frame, salad bowl, small stool or small piece of wooden furniture to refinish during the workshop. You learn so much more if you actively participate, and remember the procedure for a long, long time. Check another news story for more details for a list of supplies that you need to bring.

For any coffee percolator, top-of-stove or electric, a new King Coffee Filter is said to eliminate the possibility of sediment or rancid oils no matter how many times the brew is reheated. County Judge
Parmer County, Texas

Credit, Advice, And Hard Work Help Thousands

Credit, management advice and hard work have opened the door to success for thousands of farm families using the Farmers Home Administration, an agency of the U. S. Department of Agriculture.

Since 1935 nearly \$5.5 billion in loans have been made to farm families and others in rural communities. The loans have helped them finance farm operations, buy and develop farms of their

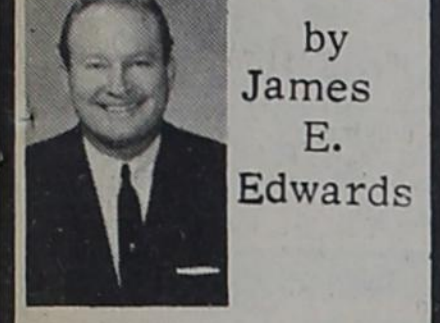

own, and save their farms after such natural disasters as floods have caused heavy damage. Credit also is available to help farmers and other residents of small rural communities do a better job of soil conservation, build water supply systems for farm and home use, and construct housing. In all cases, borrowers are unable to obtain funds needed from regular sources, such as banks or farmer cooperatives.

Typical of many FHA borrowers is a young Minnesota couple who in 1952 were earning less than \$1,500 a year as hired hands.

Their loan financed the livestock and equipment they needed to start farming. Expert advice from the agency helped them manage their farm efficiently. With additional credit, they now operate a livestock farm with a net income of \$4,500.

Some 1,470 Farmers Home Administration offices serve all rural counties in the Nation. Professionally trained in agriculture, the agency's county supervisors spend much of their time on farms of borrowers, advising them on how to do the best possible job of farming.

FOOTSAVING EDUCATION

by James E. Edwards

Is it likely that a shoeman would tell me that my children's shoes still fit?

It is good for the shoeman's business as well as for your budget and the child's foot health to keep the child in shoes that are not outgrown.

It is good foot health because shoes fit best just before they are too short.

It is good for your budget because periods of slow growth help keep shoe spending down so the money will be there when rapid growth knocks most budgets reeling.

It is good for the shoeman's business because word of mouth advertising is the best kind there is and the best word of mouth advertisers are parents who come for shoes and learn that the child's present shoes are good for another month or six weeks.

DERYL COKER

There is a lot of interest in irrigated grasses and a lot of farmers are considering planting some this year. There are several types of irrigated grasses that will furnish a lot of grazing after they are established such as Switchgrass, Indian grass, Kaw bluestem, side oats, Midland bermuda and others. At the present time nobody has any grazing or production records on any of these grasses, so I could not recommend one over the other. Regardless of the type you like, the secrets of successful irrigated grass production are: 1. good establishment, 2. fertilization and 3. irrigation. Pastures are a cash crop and they should be treated as such. The average US consumer will eat the equivalent of 33 hogs, 10 lambs, 8 steers, and 4 veal calves in his lifetime, and livestock production will move where it can be done the cheapest, so a farmer needs to figure the expense in growing an irrigated pasture, so as to

know if it would be profitable. Midland bermuda is quite popular at the present time, but any bermuda requires a lot of water and fertilizer. If a farm has a shortage of water, it might not be profitable to grow.

Some farmers are having trouble getting bermuda growing after it is sprigged. Any grass should be watered often enough to keep the soil moist until the grass has a good start.

Grass is a big user of nitrogen. Some 30 pounds should be put on before or after planting to give the grass a good start. For best results and maximum grazing, Jim Valentine, Soil Chemist, who runs the A&M Soil Lab., recommends 300 to 400 lbs. nitrogen and 60 lbs. P205. Nitrogen should be divided into 3 or 4 applications during the growing season immediately after grazing and before irrigating. A soil test every 2 years is a good practice. Below is two tables that will show fertilizer requirements and per cent protein.

Crop, Production per Acre, Requirements #N, #P205, #K20 are as follows:
Bermuda--8 ton hay, 300#, 70#, 27#.
Grain Sorghum--5,000#, 90#, 27#, 20#.
Water use efficiency is af-

SKIP-ROW GUIDE 1962

Total Net Operating Income ⁴	\$7,120	\$8,130	-\$10,050	\$15,890	\$22,390	\$23,345

1. Spur Experiment Station yield data. (6 year average)
2. Lubbock Experiment Station yield data. (2 year average)
3. Estimated yield data. Actual yield data on skip-row planting with adequate irrigation water not available.
4. Total Net Operating Income based on 30c per pound for cotton, \$1.70 per cwt. on grain sorghum and above the following costs:
Dryland cotton production and harvesting cost on solid cotton \$35.00 per acre; on skip-row cotton \$40.00 per acre; grain sorghum @ \$12.00 per acre.
Limited irrigation cotton production and harvesting cost \$85.00 per acre plus \$6.00 per acre of fallow land for skip-row cotton; grain sorghum @ \$42.00 per acre.
Irrigated cotton production and harvesting cost \$92.00 per acre plus \$10.00 per acre of fallow land for skip-row cotton; grain sorghum @ \$48.00 per acre.

This information has been prepared in cooperation with the Texas Extension Service and the Lubbock Experiment Station. For more detailed information on skip-row planting and inter-planting of cotton and various crops contact your local county agent. Additional information is also available from the Lubbock, Spur, and Big Spring Experiment Stations and the High Plains Research Foundation.

Wheat Harvest Starts Early

One of the earliest wheat harvests in history is underway in the Texas Wheat Belt as a result of hot, dry, windy weather over most of the wheat producing counties.

Latest reports on area conditions received by this office are as follows:

Dallas: Harvest is well underway with wheat averaging 26 bushels per acre. There is no shortage of men or machines.

Childress: Wellington, Paducah, Clarendon, Memphis, Guthrie and Matador: Harvest operations are in full swing. Wheat is averaging 15 to 17 bushels per acre. No shortage of men or machinery.

Crosbyton: Harvest underway on dry-land acreage with yields averaging 13 to 18 bushels per acre. Harvest on irrigated acreage should begin about June 1 with normal yields expected. No shortage of men or machines.

Jayton and Spur: Harvest is well underway with low yields. No shortages expected.

Plainview, Floydada, Lockney, Silverton and Tulla: Above

average yields are expected when harvest starts next week. Scattered hail has been received in Hale County with moderate to heavy damage in the southwest part. No shortage of men or machines expected.

Littlefield, Muleshoe, Friona, Farwell, Dimmitt and Hereford: Dry-land acreage is expected to produce from 6 to 15 bushels per acre when harvest begins about June 4. Irrigated acreage is expected to yield from 30 to 50 bushels per acre when combining starts June 11. No shortage of men or machines is expected.

Amarillo, Panhandle, Claude, Vega and Canyon: Harvest should begin about June 4. Dry-land acreage is expected to yield from 10 to 15 bushels per acre and irrigated from 20 to 30 bushels per acre. Some hail

damage has been received in Armstrong, Randall and Oldham Counties. No shortage of men or equipment is expected.

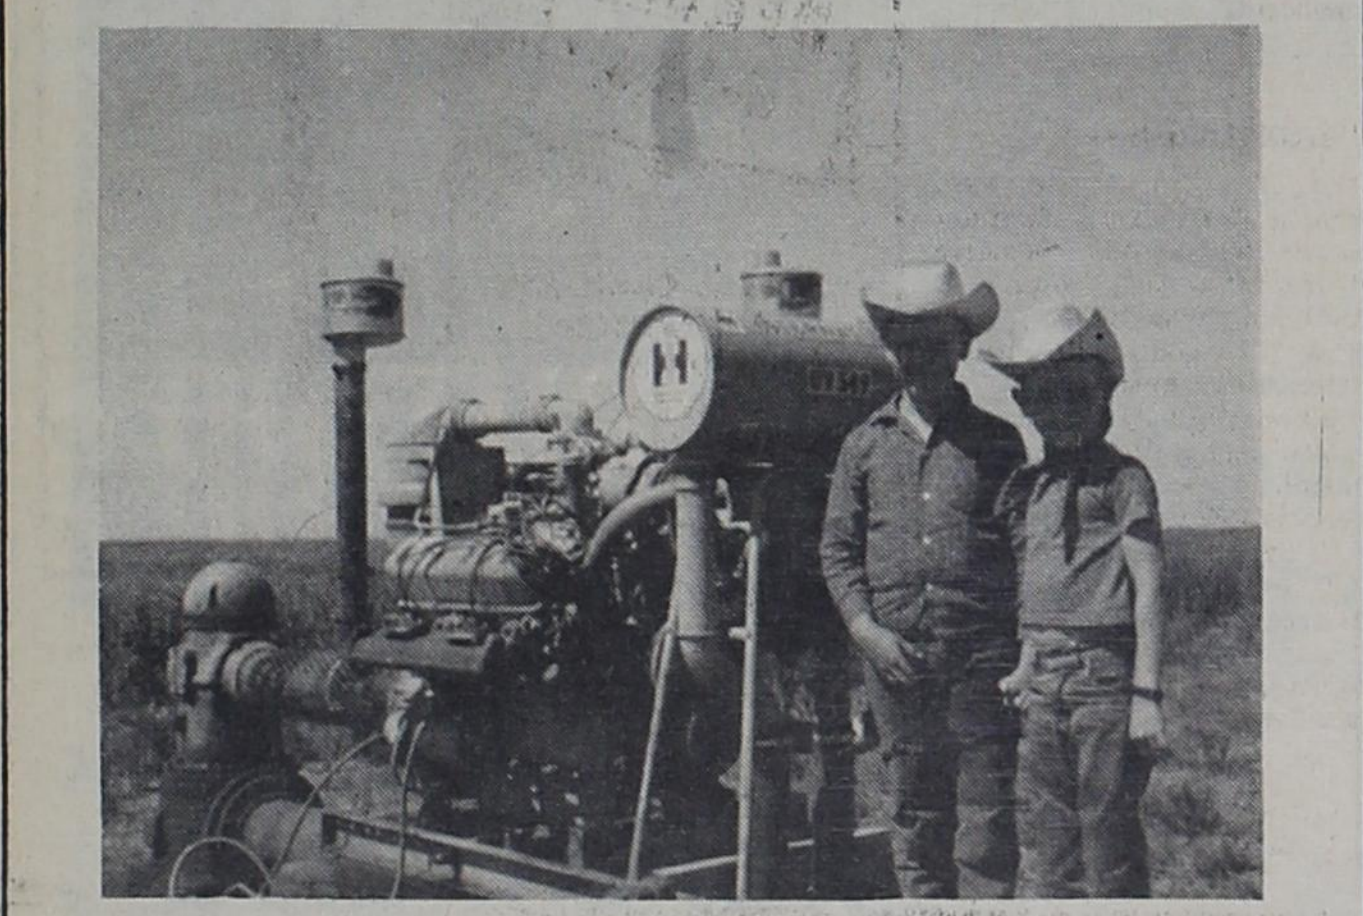

Pampa, Wheeler, Shamrock, Miami, Canadian and Lipscomb: Average to slightly below average yields are predicted when harvest begins about June 1. No shortage of men or machines is anticipated.

Borger, Dumas, Channing, Dalhart, Stratford, Spearman and Perryton: Crop conditions in this area are very spotted with some abandonment of dry-land acreage in the northwest part reported. Combining on dry-land acreage will begin this week and irrigated acreage should begin about June 11. Extensive damage in Hansford, Ochiltree and Lipscomb Counties occurred last night as a result of tornadoes, wind, hail and rain.

Grass is a heavy user of water. With average rainfall for maximum results 24 to 30 acre inches of irrigation water should be used.

The necessary points for success are:

1. No grazing the first year.
 2. Grazing must be controlled, this can be done by a rotation system.
 3. Rest plants for regrowth, especially just before frost.
 4. Graze while grass is in palatable and in nutritious stage.
 5. Use plenty of fertilizer and irrigation water.
- Hybrid sudans or plain sudan grass in summer and small for winter and spring is a pretty hard combination to beat. Management is the biggest factor in the success of irrigated grass.

LEGAL NOTICE

NOTICE TO BIDDERS OF CITY'S INTENTION TO LET CONTRACT OR CONTRACTS FOR THE CONSTRUCTION OF STREET IMPROVEMENTS IN AND FOR SAID CITY AND TO ISSUE TIME WARRANTS NOT EXCEEDING \$37,000 IN PAYMENT OF ALL OR A PORTION OF THE COST THEREOF

SEALED PROPOSALS addressed to the Mayor and City Commission of the City of Farwell, Texas, will be received at the office of the City Clerk, City Hall, Farwell, Texas, until 2:00 o'clock P. M., on the 9th day of June, 1962, for furnishing all labor, materials and equipment and performing all work required for constructing street improvements in and for said City, including drainage, curbs and gutters, in accordance with specifications and plans approved by the City Commission, on file in the office of the City Clerk, and at such time and place all such proposals will be publicly opened and read.

PLANS AND SPECIFICATIONS may be examined without charge in the office of the Engineer, RALPH W. DOUGLAS, 403 LFD Drive, Littlefield, Texas, and may be procured from said Engineer upon a deposit of \$10.00 for each unit, as a guarantee of the safe return of the plans and specifications. All of the deposit will be returned to each bidder immediately upon the return of plans and specifications in good condition and to all non-bidders who return their plans and specifications to the Engineer in good condition at least five days before the bid date. Copies of general plans, specifications and other contract documents are also on file with the City Clerk and are open for public inspection.

A CERTIFIED OR CASHIER'S CHECK, or an acceptable bid bond, in an amount not less than five per cent (5%) of the total bid shall accompany each bid as a guaranty that, if awarded the contract, the bidder will promptly enter into contract with the City of Farwell, Texas, and furnish bonds on the forms provided.

THE SUCCESSFUL BIDDER will be required to furnish a Performance Bond and a Payment Bond, each in the amount of the contract, written by a responsible Surety Company authorized to do business in the State of Texas, and satisfactory to the City Commission, as required by Article 5160 V.A., T.C.S., as amended by H. B. 344, passed by the 56th Legislature, Regular Session, 1959.

Bidders are expected to inspect the site of the work and to inform themselves of all local conditions.

Attention of bidders is directed to the provisions of House Bill No. 54, Chapter 45, passed by the Forty-third Legislature, at its Regular Session, requiring that not less than the general prevailing rates of per diem wages for work of a similar character in the locality where the work is performed, shall be paid all laborers, workmen and mechanics employed in the construction of public works.

IT IS THE INTENTION of the City Commission of the City of Farwell to issue time warrants to the contractor or contractors in payment of all or a portion of the cost of the abovementioned improvements, not to

exceed the principal sum of THIRTY SEVEN THOUSAND DOLLARS (\$37,000), said warrants to bear interest at a rate of not to exceed SIX PER CENTUM (6%) per annum, and to mature serially, the maximum maturity date to be not later than December 31, 1967.

The City will make arrangements for the contractor to dispose of the warrants herein mentioned at their face value, and the contractor must agree to deliver the warrants at face value to the party with whom the City has made such arrangements.

The City reserves the right to reject any or all bids and to award the contract to that bidder or bidders, who in the opinion of the City Commission, offers the proposal to the best interest of the City.

Sam Aldridge
Mayor, City of Farwell, Texas
(City Seal)
Published in the State Line Tribune May 25 and June 1, 1962.

NOTICE TO BIDDERS

Notice is hereby given that Farmer County Commissioners Court will accept bids at the office of the county judge in the courthouse in Farwell, Texas, until 10 A. M., June 11, 1962, for the purchase of one used motor grader to be in A-1 condition, not less than 115 h.p. to be equipped with hydraulic shift, 14 ft. moldboard with 2 ft. extension, Scarifier attachment, and 14:00 x 24 tires front and rear. Farmer County will offer in trade one Gallon Model 118 motor grader with all standard equipment, which may be inspected at Farmer County warehouse at Oklahoma Lane, Successful bidder will also be required to furnish labor and parts to change snowplow to Caterpillar Model 14 motor grader. Usual rights reserved by Farmer County.

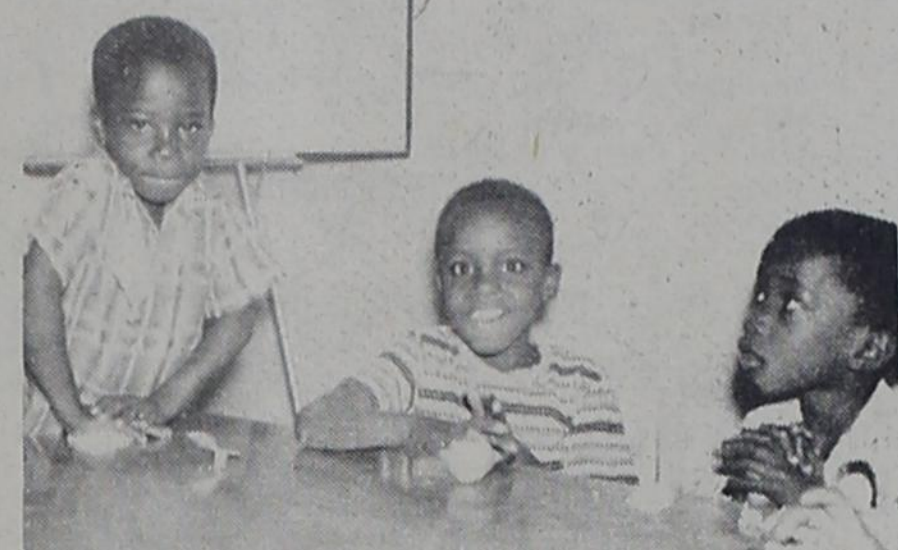

Loyde A. Brewer
County Judge

Published in The State Line Tribune May 25 and June 1, 1962.

Boss: "When will your husband's leg be well enough so that he can come back to work?"
Wife: "Not for a long time, I believe."
Boss: "Why?"
Wife: "Because compensation has set in."

These three little boys pause to discuss their handwork project with this reporter.

4-H Girls Honor Mothers With Tea

Texico 4-H girls honored their mothers with a tea at the home economics cottage at the Texico school Thursday afternoon with the "Modern Homemakers Club" assisting them. Marquita Wall gave the welcome to the mothers and Miss Karen Land answered on behalf of the mothers present. Demonstrations were given by several girls with Jean Love, giving a demonstration on "Sewing Equipment," Beverly Winkles gave a demonstration on "Plackets," Jill Billington gave a demonstration on "Proper steps in Hems" Karen Land presented a demonstration on "Flower Arranging" and Marquita Wall made a talk on "Accessories."

Courtesy presentations were made to the girls by Mrs. Paul Skaggs on behalf of the club members.

The refreshment table was laid with a white lace table-

cloth and centered with an arrangement of white roses in a milk glass bowl flanked by American flags and 4-H club flags.

Those in attendance were Mrs. Morgan Billington and Jill, Mrs. Sam Hukill, Betty and Linda, Mrs. Clara Land and Karen Land, Mrs. F. E. Autrey and Jeanne Love, Mrs. Clyde McDaniel, and Hazel, Mrs. T. J. Tipton and Sandy, Mrs. Willie Wall and Marquita, Mrs. N. W. Peyton and Sharon, Mrs. Perry Winkle and Beverly also Arlene and Myrle Arnold, Mrs. Paul Skaggs, Miss Marjorie Robinson, Mrs. C. H. Webb, Mrs. Elmer Teel and Mrs. Melvin Burns.

Hospital Notes

Alan Halle, son of Mr. and Mrs. Donald Halle was dismissed from Clovis Memorial hospital Tuesday after having his tonsils removed. He is doing fine, according to family members.

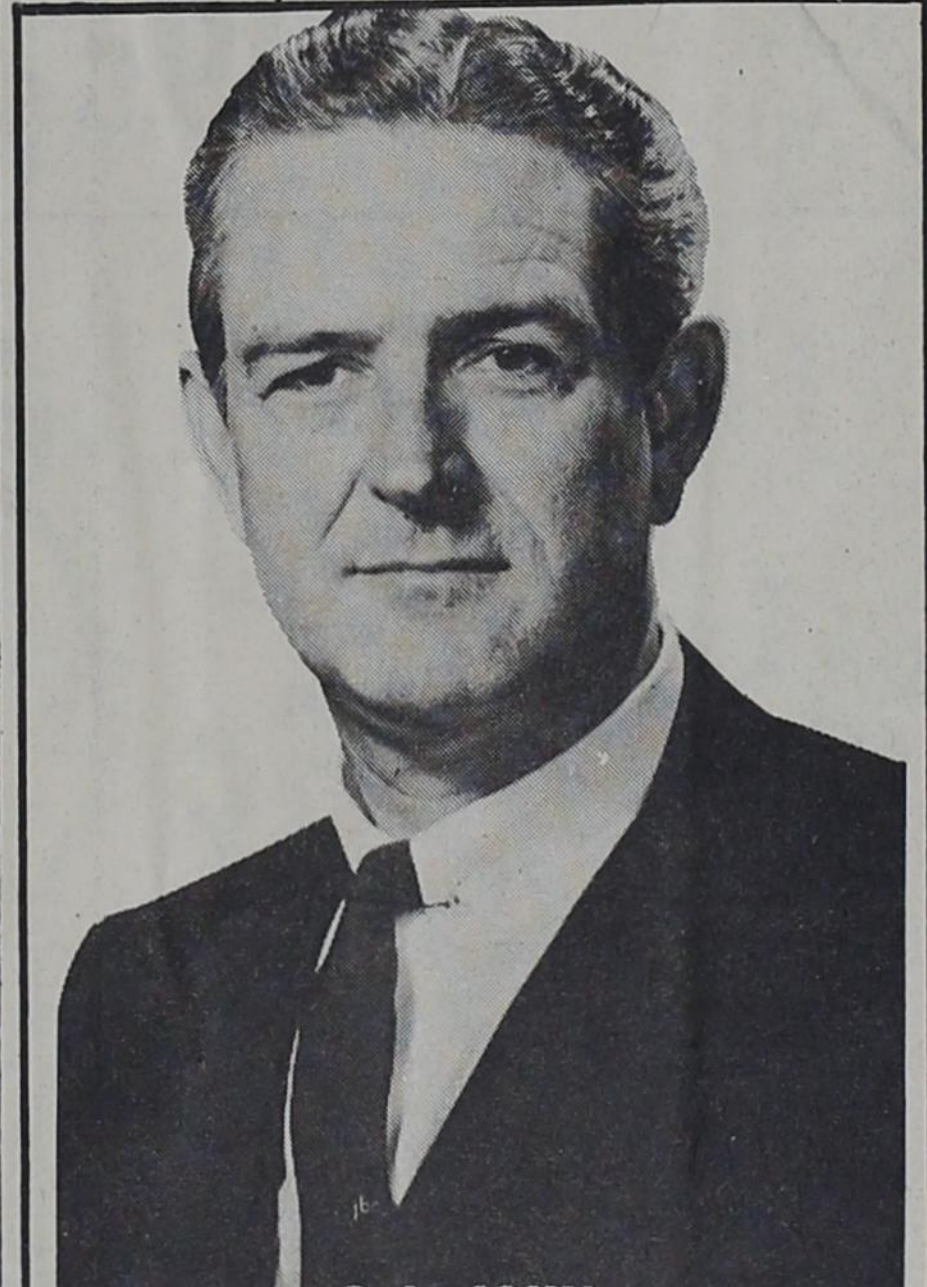

Mrs. J. W. Hulsey, a recent surgery patient is resting well in Clovis Memorial hospital. Lewis Pierce, a recent surgery patient is at home and doing fine, according to family members.

Lazbuddle--

Mrs. Ted Treider with Mrs. Sammy Cox giving a short devotional and program. She read "What is a Boy," "What is a Girl" and "What's in a Name?" Mrs. Clyde Redwine read a letter to "Mom and Pop."

Pinwheel sandwiches and pink punch were served to approximately 45 persons. Many who were unable to attend sent gifts. Hostesses were Mesdames Clyde Redwine, Raymond Houston, Jim Burgess, Jimmie Loux, Wayne Moore, Charley Walton, Jimmy Ivy, Ted Treider and Sammy Cox.

Be patient today - not a patient tomorrow.

THE CHURCH FOR ALL

ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DAD'S GRADUATION

It wasn't Dad who burned the midnight oil... or crammed for exams... or struggled with term papers... or won a letter in baseball... or a prize in home economics.
Dad just wrote the checks... and the encouraging letters... and boasted to the office forces about his "kids" in school.
But this is really Dad's graduation. For he planned this day many years ago. And all these years he has struggled to give his boy and girl the kind of an education he never had.
Something else he has given them—something he did have; a sound Christian faith, manifested in loyal devotion to his Church's worship and work.
Better than a diploma is Dad's reward today; the reverent, joyous certainty that, not only in their education, but equally in their spiritual development, he has recognized the needs of his children... and has seen them through.
Are you planning your children's future—every Sunday?

Helton Oil--
couldn't pull this one out of the fire however, lost 5 to 1. Eddie Smith, Helton shortstop, tied for the highest batting average of the tournament with a man from the Cannon Air Force Base team. Cannon won consolation.

The lineup for the Helton team was as follows: Bobby Graham, catcher; Koenigs, pitcher; Hadley, pitcher; Buddy Prince, 1st base; Jerry Henson, 2nd; Eddie Smith, shortstop; N. D. Kelso, 3rd; Gene Echols, right field; Harrell Fulcher, center field; and Hal Ed Helton, left field. Others playing were Ducky Isham, Doble Gillis, and Arlin Lee Smith, all fielders.

Visitors in the John Porter home Tuesday were Mr. and Mrs. Troy Davis and Martin of San Angelo and Mrs. Mary Davis of Littlefield, Miss Donna Davis who had been visiting here with the Porters returned home with the group.

Carol Huggins Joins Fraternity

Carroll Huggins, student at ENMU and son of Otis Huggins, of Farwell is one of thirty-four male students who have formed the Phi Alpha colony toward the ultimate goal of securing a charter from Sigma Alpha Epsilon, national social fraternity.

BOUGHT BY LOCAL MEN

According to news releases received here this week Louis Singletary of Clovis has purchased White Rose P292048, a junior yearling registered milking shorthorn heifer from F. E. Kopley of Farwell. Aldridge and Trimble have purchased four Aberdeen-Angus cows from Steven Ray Simms of Tulla.

J. L. Bass Family To World's Fair

Mrs. J. L. Bass, Sherry, Joyce and Jana accompanied by Peggy Martin plan to leave here Monday for Pacific Grove, Calif. where they will be joined by Rev. J. L. Bass who has been holding a revival there for the past week. From here, they plan to attend the World's Fair in Seattle.

While gone, they will also visit with the Leroy McDonald family in Mesa, Ariz. The McDonalds have recently moved to Mesa from Farwell.

Mr. and Mrs. Judge Stone are in Oklahoma for a short vacation, visiting with friends and relatives.

Texico School Names Top-Ranking Students

The names of Texico's top ranking students were released this week from the office of high school principal, Paul Frederick.

Each year grades are compiled in the high school classes to find the student with the highest average. The name of the top students are engraved on the honor plaque which is kept in the school trophy case.

In calculating the scores, an A plus is 12, A is 11, A minus is 10, B plus is 9, and B is 8.

Susan White, daughter of Mr. and Mrs. Murray White, was the highest ranking student this year with an average of 11.6. She was the seventh grade representative.

Other names appearing on the plaque are: eighth grade Veda Wilson, daughter of Mr. and Mrs. Loren Wilson; ninth grade, Sarah Beth Walker, daughter of Mr. and Mrs. Marlon Walker; tenth grade, Wayne Hudnall, son of Rev. and Mrs. Harvey Hudnall; eleventh grade, Linda Palmateer, daughter of Mr. and Mrs. Marshall Palmateer; and the top ranking senior was Donna Kay Osborn, daughter of Mr. and Mrs. Elmer Osborn.

The school annuals were presented Monday night with an autograph party at the school.
