Texico School Dedicated Friday

With Governor Edwin L. Mechem bringing greetings and commendation from the state to the school and town of Texico and Wesley Quinn, Clovis Attorney as the guest speaker the new school building in Texico constructed for a cost of approximately \$155,000 was dedicated in ceremonies at the school Friday night.

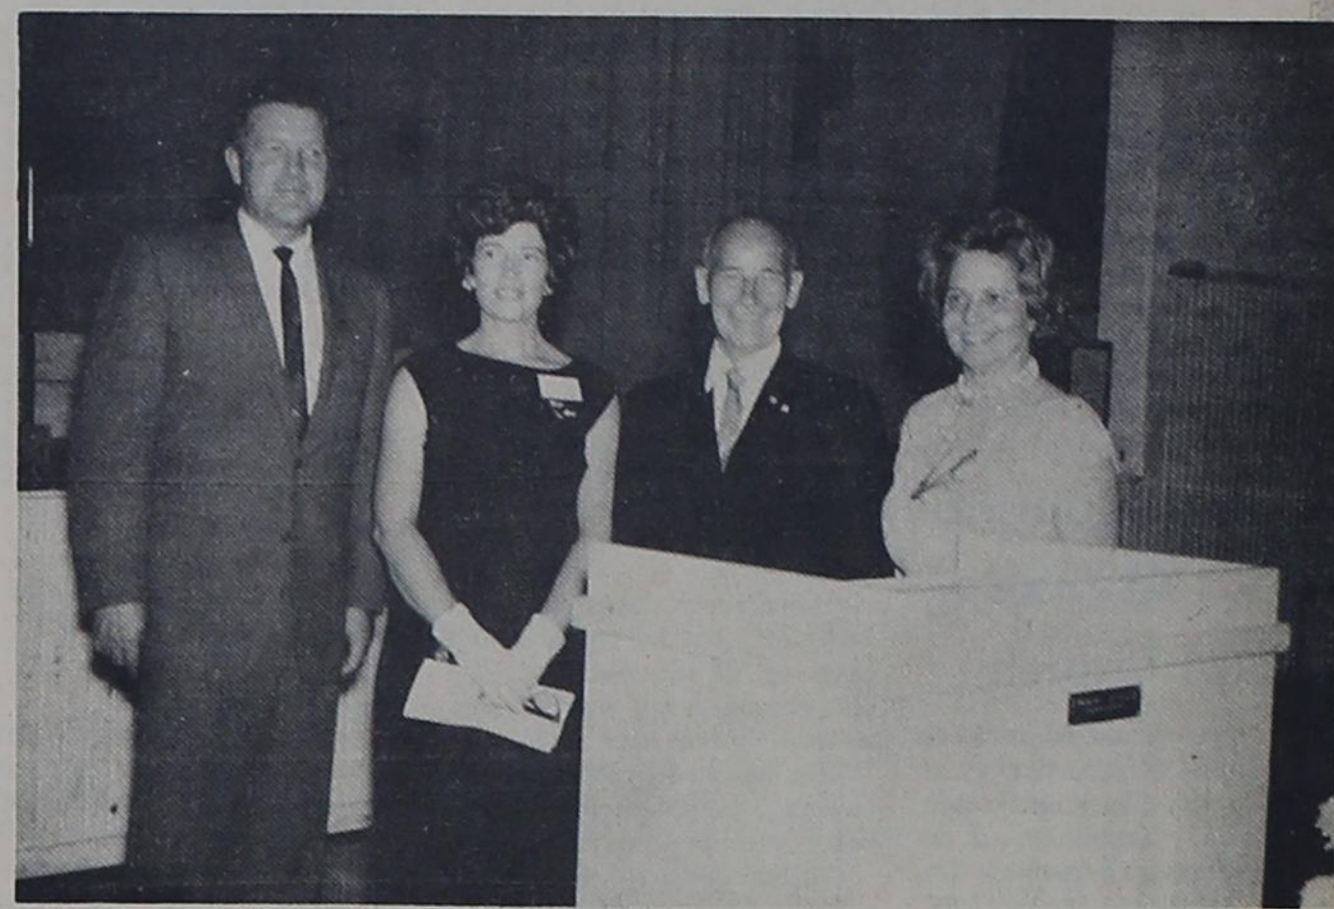

The invocation was given by Don Tarbett minister of the Farwell Church of Christ, after which Wayne Hudnall representing the Texico Student Council led the pledge of allegiance to the flag. Gary Stelting new music director was in charge of group singing and directed the school chorus as they sang the "Alma Mater."

Mayor W. D. Howard of Texico gave the welcome address and State PTA president and vice-president Mrs. Charles Stone and Ward Curtis respectively were introduced by Mrs. Melvin Burns local PTA president. She also introduced all local PTA officers as well as city councilmen and Mrs. Perry Winkles from the Texico Extension Club, who will be helping with the United Fund Drive soon to start.

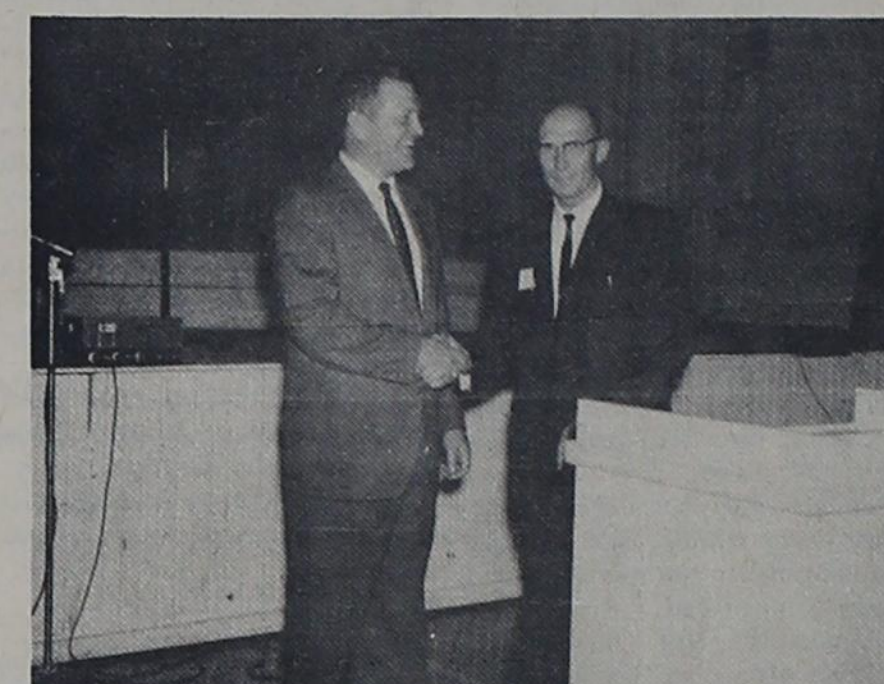

John Gott director of the finance department, Chris Anderson who is in charge of the textbook division, H. H. DeLozier State Auditor, Senator W. H. Duckworth and C. O. Greene representing the Clovis Chamber of Commerce were introduced by Superintendent J. Buck Doran. Members of the state and local school boards were introduced by John Hadley president of the local board and elementary teachers were introduced by Mrs. Zelfa Younger elementary principal and high school teachers were introduced by A.D. McDonald high school principal.

Mrs. Paul Harrison vice-president of the local PTA introduced the speaker, Wesley Quinn, and he spoke to the over two hundred persons in attendance on the constitution of the United States and also commended the people of Texico for their forward look.

All persons attending the open house were taken on a tour of the new building by PTA members with Mrs. Melvin Burns president in charge.

Governor Edwin Mechem is shown here with Mrs. Melvin Burns Texico PTA president, Ward Curtis state PTA vice-president and Mrs. Charles Stone state PTA president at open house for the new Texico school Friday night. L to R Gov. Mechem, Mrs. Burns, Ward Curtis and Mrs. Stone.

Governor Edwin L. Mechem is welcomed by Superintendent J. Buck Doran at the Texico School dedication Friday night.

Father of Local Men Buried In Tipton, Okla.

Funeral services were held at the First Baptist church in Tipton, Okla., Thursday, for R. M. Doshier 83, father of Frank and Dick Doshier of Texico who passed away in a Tipton hospital Tuesday morning where he had been a patient for only a few days.

Burial was in the Tipton cemetery with Pecinosky's Funeral home in charge of arrangements. Grandsons served as pallbearers.

Survivors include four daughters Mrs. Rena Bellisle of Oklahoma City, Mrs. Dora Ammons of Longview, Wash., Mrs. Faye Neugebauer of Manitou and Mrs. Mattie Mae Huff of Tipton, five sons, Frank and Dick of Texico, Elmer and Billie of Tipton and Arthur of Lubbock, two sisters, 37 grandchildren and 58 great grandchildren.

Attending the services from this area were Mr. and Mrs. Frank Doshier, Carmalta, Laney and Marilyn, Mr. and Mrs. Dick Doshier and Dickie Ray, Rev. and Mrs. Jimmie McGuire of Floydada and Mr. and Mrs. Harold Dean Doshier and Karen of Lubbock.

GORDON RUSSELL McCUAN

McCuan Dies, Services In Granbury

Funeral services for Gordon Russell McCuan, 72, were conducted at the First Baptist Church in Granbury Thursday afternoon with Rev. William F. Fowler, church pastor, officiating. Interment was in the Granbury cemetery.

McCuan, who had been in ill health for several years, passed away at his home in Granbury Monday morning. He moved with his family to Hood County when he was a small child, and attended school and later attended college there. He was married to Miss Ivy Maude Crites there and they came to Farwell in 1915.

He was engaged in farming until 1926 when he was elected to the office of county and district clerk of Parmer County, where he served until 1932. He then operated a variety store in Bovina.

Mrs. McCuan passed away in 1942 and Mr. McCuan moved to Farwell, where he and his daughter made their home for some time. He was married in 1947 at Vernon to Mrs. Ivy Holland and they returned to Hood County in 1954 where they have resided since.

He was a member of the First Baptist Church in Bovina, and a Past Worshipful Master of the Farwell Masonic Lodge of which he was an ac-

Farwell Rates Low In Bovina Contest

It will be the game of the week in the Panhandle tonight when a slight (yep, that's right) underdog Farwell Steer football team clashes with its arch rival, the Bovina Mustangs, at 8 in Steer Stadium.

The Mustangs haven't tasted of victory against the Steers in seven years, but this could well be the year that the long drought is broken.

Coach Hallie Gee's maroon-shirted Mustangs are big, rough and experienced (they haven't had senior starters back from last year's championship squad) and they will be out for revenge against a smaller, inexperienced Steer eleven that is facing a rebuilding year.

Farwell coach Dempsey

Towns Buys Lone Star Elevator

Announcement was made this week of the purchase of Lone Star Elevator in Texico-Farwell by Verney Towns, who farms in the Lariat-West Camp area.

Towns has purchased the facilities owned by Burrus Mills of Fort Worth, and has already taken over their operation. Bill Dollar, manager for Lone Star, has been retained by Towns. Other employees will include Olan Schlueter and Myron Hillock.

The name of the business will be changed to State Line Grain, Inc. The warehousing firm will be federally licensed and bonded.

State Line Grain is the only business in the Twin Cities that sits astraddle the state line. Its office is in Texas and the elevator is in New Mexico.

The elevator was built in the early 1950's by Gene Lovelace, who later sold to Burrus.

Alexander, who had nothing but praise for the surprising showing of his Steers against Class AA Friona last week, admitted that his team would have to be considered the underdog, but he added, "I think the game will be close."

"Bovina has us on experience and they have a slight weight advantage, so we know they're going to be tough to beat," he said.

Nevertheless, the Steer mentor wasn't selling his team short. "Even though we are inexperienced, and this is a rebuilding year for us, our boys displayed fine form and polish against Friona," Alexander said. "It was an all-out effort on everybody's part, right on down to the freshmen, that made us look good against Friona."

"Every boy carried out his offensive assignment perfectly, which is unusual for an opening game," the coach added. Alexander said he was sur-

prised that Friona didn't look any better than they did, but he was equally surprised that the Steers looked as good as they did.

"Friona appeared to be a little disorganized, and couldn't do anything right, while we could do no wrong," the coach said, in summing up the game.

Alexander said he was pleased with the line play of the Steers and he especially thought that the backfield performed well.

Danny Lindop, junior halfback was the Steers' big offensive gun as he churned out 186 yards rushing. Almost as impressive was senior halfback Joe Reed, who accounted for 137 yards on the ground.

The coach also had praise for his big quarterback, Leon Lovelace, who he said "called a real good ball game and did an exceptionally good job on

(Continued on page 2.)

Organizational Meeting For Texico-Farwell Jaycees Set

All Texico-Farwell men between the ages of 21-36 are invited to attend an organizational meeting for Jaycees at the bowling alley in Farwell, Tuesday September 18, 7:30 p.m.

Bob Echols president of the Clovis Jaycees and Charles Guthals vice-president of the Clovis group will be in charge of the meeting and hope to have enough interested men in attendance at the meeting to organize the local chapter at this first meeting. Their aim is twenty members and they hope to have a local chapter ready to charter by November 2.

For those who are not familiar with the work of the Jaycees says Guthals, spokesman for the group, "Our aim is community development, with emphasis on the youth program." One of the main projects sponsored by the Jaycees is the yearly "Soap Box Derby" and the selection of a junior champion boy or girl by the National Jaycees organization.

The Clovis chapter also sponsors a contest each year for the selection of "Miss Clovis," who is entered in competition with other girls from New Mexico for the title of "Miss New Mexico" and the chance to participate in the "Miss America" contest.

Texico Softball Teams Split Pair With Grady

Texico boys and girls softball teams played hosts to the Grady teams the past Friday and the boys came out on the long end of a 12-11 score with the girls losing to Grady by three points. Both games went eight innings.

Winning pitcher was Bill Campbell and Tommy Northcut was the losing pitcher for the boys game. Vernon Thigpen first baseman for the locals had a perfect afternoon at the plate with five for five and Wayne Hudnall shortstop had four for four with three other players Hal Ed Helton, Skippy Tipton and Vic Harrison each getting three for five.

In the girls game Pauline Taylor was the losing pitcher and

Matlock was the winning pitcher. Lucille Halsell caught for the locals. In the sixth inning Pauline Taylor hit a homerun with two on base to tie the game up 11-11. Grady came back in the first half of the seventh to make five runs with Texico doing likewise to tie the game up at the end of the seventh 16-16. In the upper half of the eighth Grady came roaring back to make four more runs and Texico was only able to get one run, thus ending the game.

Several girls for the locals turned in fine performances with Susan Taylor having a perfect afternoon at the plate with three for three and Mary Creek, Vivian Duncan, and Pauline Taylor having four for five.

In games at Grady Tuesday afternoon Texico junior high split a pair of games with the girls coming out on the short end of a 19-6 score and the boys winning by a score of 23-7.

Senior high boys and girls will play host to the Logan High School teams Friday afternoon with game time set at 2:30 p.m. The junior high teams will travel to House Tuesday afternoon for games with the junior high there.

Coach Johnny Green, says he is well pleased with his high school teams and is expecting much of them after they get adjusted to the new positions, as most of his players are young and are playing these positions for the first time.

Kirk, Prince, Smith Tops First Week

The business-sponsored Tribune football contest was off to a roaring start last week with the winner of last year's trip to the Cotton Bowl as top man the first week of competition for the 1963 trip. Dargin Kirk missed only one prediction, by calling Morton over Sudan. The game was a tie.

None of the record number of contestants guessed the outcome of the Sudan-Morton tilt however, Kirk had guessed that Farwell would top Friona 20-7. Score was 39-0.

Bill Prince was second place winner. He also named the top team in nine instances, but was off 27 points on the Farwell-Friona score. He guessed Far-

Littlefield Services For Mrs. Hukill

Funeral services were held at the Fieldton Baptist Church, Wednesday afternoon for Mrs. J. W. Hukill 83, mother of Charles Hukill of Farwell. The body was taken overland to Gainesville for funeral services and interment, by the side of her husband who had preceded her in death several years ago, Thursday. Hammond Funeral Home of Littlefield was in charge of arrangements.

Survivors include four sons, Charles of Farwell, Frank of Littlefield, Ed of Fort Worth and Roy of Dallas, two daughters Mrs. Marvin Qualls of Littlefield and Mrs. A. L. Cavin of Crowell. Also three brothers and one sister, 13 grandchildren and 18 great-grandchildren.

VERNEY TOWNS

So, while maybe this is mostly the domain of big shots, I think there ought to be a move to protect the privacy of some of us little shots too. I am at the moment particularly outraged at some of the crap that has been coming in the mailbag. One mailing list my name turned up on last week brought me some literature which was particularly offensive and repulsive to me. It was advertising merchandise of the type ordered through the mails "in plain packages," and usually obtainable from low-grade, sensational magazines.

I'm sure I wasn't the only one in town so honored, and actually, this is what bothers me the most. Since I'm on a first-name basis with the postmaster, mail clerks, and office girls, it bothers me no end to have one of them hand me one

Revival September Farwell Rates-- 16-23 At Texico Baptist Church

A series of revival services is scheduled to get underway at First Baptist Church in Texico this Sunday, September 16 to continue through September 23.

Two services are planned daily with the morning service at 7 a.m. and the evening service to begin with a Sunday School service at night at 7:30 p.m. and the evangelistic service at 8 p.m. A nursery will be provided for the night service.

Evangelist for the series of services is Raymond Quick, pastor of the West Camp Baptist Church, and singer is Ladson Worley from Friona.

McCuan--

well would win 26-14. Loyd E. Smith, who was among the top contestants last year, missed the tiebreaker 33 points. His guess was 20-14, Farwell. He was third place contestant.

Sponsored by business people, the contest continues for 10 weeks.

clutch plays.

"Lovelace's passing was a little off, but he really didn't have to throw much because our ground game was working so well," Alexander said.

The Steer quarterback did, however, complete four of five pass attempts for 57 yards.

Getting back to the Bovina game, Alexander said he knew the Steers would field a better team against the Mustangs this year than they did last year.

He recalled that last year the Steers had several key men out with injuries (including both quarterbacks) but were still able to beat the Mustangs, 6-0.

"Considering that Bovina should be stronger, and that the Steers will be in better shape than a year ago, it should be a top-notch game," Alexander predicted.

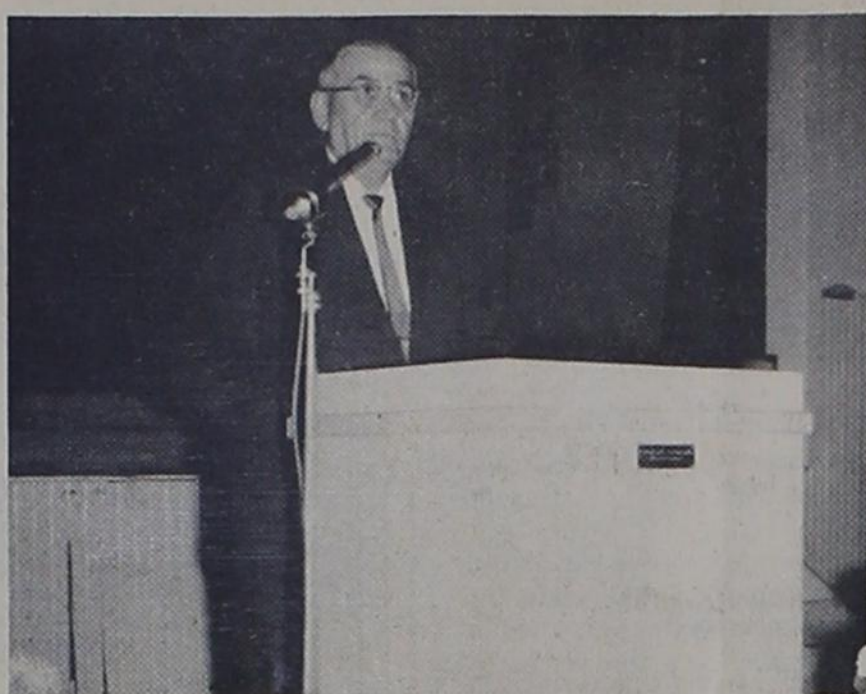

The Steers will have one starter out on the injury list, but other than that they should be in top shape.

On the disabled list is right end Jerry Childs, and he will be replaced in the starting lineup by Ronny Reed.

Directing the Bovina offensive attack will be its capable senior quarterback, Don Cumpston, who looked impressive in the Mustangs 20-14 win over Springlake last week.

In the line the Mustangs will average 167 pounds, compared to Farwell's 162, and in the backfield the team was about even, with Bovina averaging 171 pounds per man and the Steers weighing in at a 170 average.

The game has top billing among all the games in the Panhandle-South Plains region and is expected to have widespread area interest.

Wesley Quinn, Clovis Attorney is shown here as he spoke to over 200 persons assembled for the open house on the Constitution of the United States, telling them it is one of the greatest documents ever drawn up and we must fight to preserve the rights therein.

Kirk, Prince

tive member.

Survivors include his wife, Mrs. Ivy McCuan; one son, John Dale McCuan of Farwell; one daughter, Mrs. Mable Gordon Williams of Hereford; one sister Mrs. Jack Pearce of Palo Alto, Calif.; three stepsons, J. C. Holland of Stamford, Raymond Holland of Ellis, Kansas and Leo Holland of Lubbock and also five grandchildren.

Pallbearers were John Porter and Claude Rose of Farwell, J. C. Wilkinson of Iowa Park, John Cruise, Lee Perry and Pres Williams of Granbury. Honorary pallbearers were George Jones, Herb Dickson and Norman Strain of Granbury.

Attending the services from here were Mr. and Mrs. Dale McCuan, John Gordon, Jerry, Bruce and Barry McCuan and John Porter and Claude Rose.

Science Briefs

Undersea Genius

The porpoise, or bottle-nosed dolphin, has a more complex brain than human beings do. Navy researchers have found. Furthermore, it has a language of its own. One scientist is trying to teach several of them English.

Seasonal Dip

Lung cancer is found least often during the four summer months, a Czechoslovakian scientist reports from a study of hospital records. The same seasonal pattern has been noted in pneumonia and other respiratory infections.

Calling All Cats

A virus that causes many kinds of cancers in laboratory mice is also widespread among house and field mice, three government scientists have found. The source of the infection seems to be contaminated grain bins.

Called To Father's Bedside

Guy and Partin Austin have been called to the bedside of their father W. A. Austin 86, who suffered a serious heart attack last week. He is confined to a Lubbock hospital and the local men report that no change is noted in his condition.

Acreage Survey Starting

Postmaster Albert H. Smith announced today that Rural Mail Carriers will begin distributing 1962 Acreage Survey Cards to patrons on their routes about September 13.

The Post Office Department assists U.S.D.A. in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1962.

To be sure this community is well represented in the survey, Postmaster Smith urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: Lee Meeks, Route One and Melvin Burns, Route Two.

The husband of a woman who recently learned to drive was dismayed upon returning home and seeing the car in the living room.

"How in the world did you land our car in here?" he asked.

"Nothing to it," she replied. "When I got to the kitchen I simply made a left turn."

STEEL KITS CUT BUILDING COSTS

NEW YORK—One of the fair-haired markets for steel these days has been fashioned by the rejuvenated pre-engineered metal building industry.

Technological developments coupled with new designs over the past few years has pushed the industry's sales figure to around \$200 million a year, doubled its 1955 peak. Moreover, sales by 1970 are expected to be three times current levels.

Steelways, official publication of the American Iron and Steel Institute, said the growth of this industry is in response to the growing demand for faster and cheaper construction methods that combine both style and flexibility.

The publication noted that the metal building industry, which consumes some 350,000 tons of steel a year, produces what may be described as giant-type "erector set" kits that builders can assemble in any shape, size and manner within a matter of days.

This industry, once supplier of pre-engineered farm buildings, tool sheds, warehouses and the Quonset huts of World War II fame, has now designed and developed structures enabling builders to achieve distinctive styling in commercial buildings like bowling alleys, community recreational facilities and auto dealerships.

In addition, the wide variety of pre-engineered parts offered in a package permits the builder to use masonry, glass and other curtain wall or facade materials for use in the event the builder wants to "marry off" the basic building shell with other architectural materials.

BEST WISHES AND CONGRATULATIONS

To the City of Farwell on the completion of your new paving program covering approximately 30 blocks.

We would like to express our appreciation to the City Commission for their very cooperative spirit in carrying out this project.

It is very unusual for a community the size of Farwell to have such a high percentage (95%) of its streets paved. We think this is a commendable civic mark, and we are proud to have had a part in making the improvements possible.

MRS. DERRELL LYNN JENNINGS

Glenda Robinson, Derrell Jennings Wed In Lazbuddie Ceremony

In an afternoon ceremony at the Church of Christ in Lazbuddie on Sunday, September 9, Miss Glenda Joy Robinson became the bride of Derrell Lynn Jennings.

Parents of the couple are Mr. and Mrs. James R. Robinson and Mr. and Mrs. Joe Bates Jennings, all of Lazbuddie. Dennis Smith, minister of the church, officiated at the double ring rites before an altar arrangement of seven-branched candelabra flanking a large bouquet of white gladioli. Other baskets of white glads were on the outer sides of the setting.

Attending the bride as maid of honor was Miss Mary Bryant of Lamesa. Other bridal attendants were Misses Beverly Smith, Maudine Barnes and Sherry Robinson, all of Lazbuddie, and Mrs. Gayle Hawkins of Muleshoe. Miss Robinson and Mrs. Hawkins are sisters of the bride.

The bride was given in marriage by her father. She wore a full length bridal gown of white silk organza over imported net, fashioned with brief sleeves, a Sabrina neckline, and fitted satin bodice which dipped to points in front and back. Sprays of re-embroidered alencon lace sprinkled with pearls trimmed the bodice and full organza skirt which featured a deep border of Bomanize at the hemline and flowed into a chapel train.

Her tiered illusion veil was attached to a cabbage rose of white crystalline and multiple layers of imported French silk illusion. She carried a triangular bouquet of pink roses and white stephanotis.

For something old the bride wore her mother's original wedding band. Something new was her dress, something bor-

rowed was a petticoat, and something blue was the traditional garter. She carried in her shoe a penny minted the year of her birth.

Mrs. Robinson attended her daughter's wedding in a dress of beige lace with bone colored accessories and a pink camellia corsage. The groom's mother wore a dress of brown lace with brown accessories and a bronze colored mum.

Fellowship Hall of the Methodist Church in Lazbuddie was the scene of a reception immediately following the ceremony. The room was decorated with large wedding bells and white streamers. Baskets of white gladioli were placed at each end of the reception table which was covered with pink lace over gold from a table beautifully laid with a gold cloth and centered with an arrangement of white carnations centered with three golden candles in a crystal footed wedding bowl. The floral arrangement was flanked by a crystal punch service and cake. White napkins inscribed with the names "Pop and Mom" in gold completed the table decor.

Mrs. Joe Craddock of Lubbock, cousin of the bride, and Mrs. Clyde Redwine, presided at the table. For wedding trip to Colorado the bride wore a beige sheath dress, beige hat, bone colored shoes and the corsage taken from her bridal bouquet. After September 15 the couple will be at home at Lubbock Mobile Lodge, Lubbock. The bride, who attended Texas Tech one year, is training to become an x-ray technician at Methodist Hospital and the groom is a junior mathematics major at Texas Tech. Both are graduates of Lazbuddie High School.

Mr. and Mrs. W. H. Spurlin

Spurlins Married Fifty Years

Mr. and Mrs. W. H. (pop) Spurlin were honored with an open house reception Sunday September 9, in observance of their golden wedding anniversary which they will celebrate this Saturday.

The 140 guests who attended the affair were served golden punch and white cake iced in gold from a table beautifully laid with a gold cloth and centered with an arrangement of white carnations centered with three golden candles in a crystal footed wedding bowl. The floral arrangement was flanked by a crystal punch service and cake. White napkins inscribed with the names "Pop and Mom" in gold completed the table decor.

Floral arrangements and gifts from well wishers were displayed throughout the entertaining rooms. Hosting the affair were the Spurlins children, Mrs. Doyle Crow, Mrs. Walter Hardage, Mrs. Joan Fenn and James and Walter Ray Spurlin. Serving as floating hostesses were Mrs. Ed Hardage, Mrs. Gene Hardage, Mrs. Sam Rundell and Miss Janice Prince.

Miss Mary Thomas of Grandin, Missouri and William Hir-

am Spurlin of Little Rock, Ark. were married in the home of his brother Walter Spurlin September 15, 1912, by Rev. Simpson the Baptist preacher at Little Rock.

The couple first met in 1911 when Mary rode a train on which W. H. was the fireman from Little Rock to Ma Mill Junction to visit in the home of her sister; however it was not until 1912 that the couple began to date when Mary returned for a longer visit with her sister. They relate that they became engaged on the second date and were married a short time later.

Spurlin continued to work for the railroad for the next twenty-two years after which time the couple moved to Oklahoma where they were engaged in farming for a number of years going from there to Louisiana where they continued to farm until 1942 when they came to Lariat and made their home on a farm.

In 1943 they moved to Clovis where they resided for one year returning to Farwell in 1944. They have made their home here since that time and W. H. was engaged in service station work until his retirement some two years ago.

Mr. and Mrs. Spurlin are the parents of six children Mrs. Doyle (Violet) Crowe of Clovis, Mrs. Walter (Fern) Hardage of Lubbock, Mrs. Joan Fenn of Amarillo, James Spurlin of Ollton, Jack Spurlin of Boulder, Colo. and Everett Spurlin of Belen. The Spurlins also reared a nephew, Walter Ray (Sonny) Spurlin whom they took upon the death of his mother when he was one week of age. All of the Spurlin children with the exception of Jack and Everett were in attendance at the celebration. The Spurlins also have twelve grandchildren and five great-grandchildren. Three of the Spurlins grandchildren were in attendance at the affair and telegrams of congratulations were received from others.

ASC Workers Attend Convention

Prentice Mills, Mr. and Mrs. Bob Dugan, Martin Chandler and Mrs. Smoky Gast all from the local ASC office accompanied by Smoky Gast were in San Antonio from Thursday to Sunday of last week where they attended the Texas convention of ASC workers.

Speakers at the meeting included Woodrow Jones state president of NASCOE, William Young with the Agricultural Workers Insurance Co. spoke to the group on insurance and Thomas Miller from the ag-

ricultural department in Washington D. C. also spoke to the group about ASC work.

A banquet was held on Saturday evening with Mr. Godfrey from the agricultural department in Washington being the guest speaker.

Study Club To Have Salad Supper

Farwell Study Club will meet at the Farwell Home Economics building for a salad supper Monday night, September 17, 7:30 p.m. with prospective members as guests.

Mrs. Bill W. Davis of O'Donnell, district president will be in attendance at the meeting. Program topic for the year is "Stairway To The Stars" and the Monday program will be "Stairway To Strength Through Federation."

Visitors In Thornton Home

Colonel and Mrs. Julian R. Thornton from Colorado Springs, are here for a short visit in the home of his parents Mr. and Mrs. Roy Thornton and Mr. and Mrs. I. W. (Dutch) Quikkel.

The Thorntons will leave Wednesday, for Albuquerque where they will visit with Mrs. Thorntons parents.

Hills And Mrs. Ribble Visit

Guests in the home of the W.H. Grahams Friday afternoon were Mrs. George Hill and chil-

dren of Hobbs and Mrs. Graham Ribble of Portales. The Hills are former residents of Texico, where he was band instructor. Hill is now associated with a music store in Hobbs.

Honor Society Meets

National Honor Society members at the Farwell School met Tuesday, with their new counselor Mrs. A.C. Clark. Officers were elected for the year with those to be installed; Dorris Donaldson president; Bobby Atkinson vice-president; and Paula Winegart secretary-treasurer.

Other members are seniors, Pat Landrum, Barbara Bieler and Barry McCuan; juniors Janice Meeks, Jane Bradshaw, Sherri Austin, Reba Lesly, Janice Prince and Alan Busbice.

Craigs To Present Program At Church

Mr. and Mrs. James Craig will be in charge of the evening service at Hamlin Memorial Methodist Church this Sunday evening at 7:30 p. m. They will present a program on the growth of the church in the west as they saw it through churches and Christian Institutions visited by them on their recent trip throughout the west and into Alaska.

Program topic is "Toward the Going Down of the Sun," slides will be shown and the program narrated by Mrs. Craig. The regular song service will be held and MYF groups will meet at their regular time.

Members Talk About Projects

Coming projects were discussed when members of Theta Rho Chapter of ESA met in the home of the president, Mrs. Mitz Walling, Monday evening.

Present were Mesdames Joe Roark, Pike Jordan, M. C. Roberts, W. H. Graham Jr., Bobby Crume, Joel Tankersley, Joe Helton, Don Williams, John Getz, Wilma Liner and the hostess.

Mrs. Crume volunteered to serve on the telephone committee and Mrs. Helton will serve on the social committee to replace Mrs. Jack Kirkland who will be a member at large. Annual rummage sales were discussed with further plans to be made at the next business meeting. Other money-making projects were reviewed. Next meeting is planned Sept. 24.

JOTTIN'S By Jeanne

A weekend for two little girls can be pretty exciting with the novelty of staying together overnight for the first time, but Mina Watts says daughter Cindy is still talking about her trip to Clovis with Deana Williams and her parents. "Big deal" it was for the 3-year-olds who not only got to spend the night together in a big motel, but they went swimming, saw the zoo and even had a few rounds on kiddie rides. And after all the fun and excitement of the day before, what really impressed the little girls was room service. Breakfast was never like this at home.

Mrs. Bobby Crume Shower Honoree

Friends surprised Mrs. Bobby Crume Tuesday afternoon when they arrived at her home bringing gifts for the Crumes new daughter Karen Lynn.

Attending the affair were Mesdames John Getz, Joe Helton, Pike Jordan, Ben Pritchett, Milton Walling, Gilbert Watkins, Bert Williams, Don Williams, Joel Tankersley and George Wubben.

Gifts were received from Mesdames W. H. Graham Jr., John McFarland and Wilma Liner.

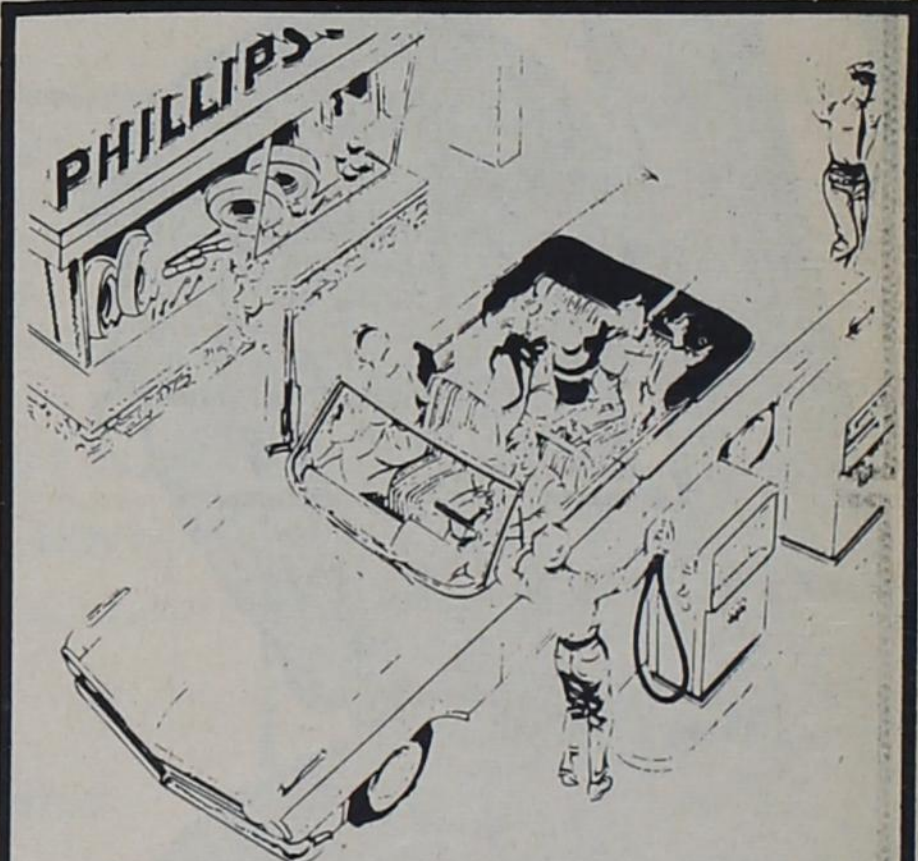

Smiths Return From California

Mr. and Mrs. Albert Smith recently returned from Corona, Calif. where they visited in the home of Mr. and Mrs. H. L. Summers. Summers is a brother of Mrs. Smith.

The Smiths were joined for the trip by Arlin Lee Smith, their son, who had just received his discharge from the army at Fort Ord.

Civil Service Jobs Available

Applications are now being accepted for the 1963 Federal Service Entrance Examination the United States Civil Service Commission has announced. This examination, open to college juniors, seniors, and graduate students regardless of major study, as well as to persons who have had equivalent experience, offers the opportunity to begin a career in the Federal Service in one of some 60 different occupational fields. A written test is required.

Applications will be scheduled for the written test to be held on October 13, 1962. Six additional tests have been scheduled during the year. The dates are: November 17, 1962 January 12, February 9, March 16, April 20, and May 11, 1963.

The closing date for acceptance of applications for Management Internships is January 24, 1963. For all other positions, the closing date is April 25, 1963.

The positions to be filled from the FSEE are in various Federal agencies and are located in Washington, D. C., and throughout the United States. Depending on the qualifications of the candidate, starting salaries will be \$4,345 or \$5,355 a year. Management Internships with starting salaries of \$5,355 or \$6,435 a year, will also be filled from this examination. Applicants who apply by Sep-

tember 27, 1962, will be scheduled for the written test to be held on October 13, 1962. Six additional tests have been scheduled during the year. The dates are: November 17, 1962 January 12, February 9, March 16, April 20, and May 11, 1963.

Details concerning the requirements, further information about the positions to be filled, and instructions on how to apply are given in civil service announcement No. 287. These announcements may be obtained from Mr. Pratt, located at Clovis, New Mexico, Post Office, civil service regional offices, or from the U. S. Civil Service Commission, Washington 25, D. C.

Pleasant Hill

BY MRS. BUCK TAYLOR

Mr. and Mrs. Elmer Langford and Carolyn were in Memphis over the weekend to visit in the home of their son Delvin Langford and to make the acquaintance of their new grandson Paul Delvin.

Mrs. Buck Taylor visited with her daughter and family in Plainview Wednesday and Thursday.

Sunday guests in the home of Mr. and Mrs. Weldon Dane were their daughter and her husband, Mr. and Mrs. Charles McClure from Whiteface.

Guests in the home of Mr. and Mrs. Marion Walker Sunday were Mr. and Mrs. A. O. Mitchell from Threeway.

Sunday guests in the Buck Taylor home were Mr. and Mrs. Earl Hardy from Whiteface, Mr. and Mrs. Bub Hand from Friona, and Mr. and Mrs. Clarence Anderson from House.

Robert and Earl Servatius returned home Sunday from Washington where they had been visiting in the home of Mr. and Mrs. Will Servatius. They also visited in Mesa, Ariz. with Mr. and Mrs. Amos Shockley and Myrtice.

Bobbie Walker, left for Las Cruces, Monday where he will be a junior student at New Mexico University.

Recent visitors in the home of Mr. and Mrs. Clarence Brown were Mr. and Mrs. Jim Brown from Tucumcari, Mrs. Freddie Anderson and children from Roswell and Mrs. Ida Jean House from Clovis.

Sunday guests in the home of Mrs. J. J. Armstrong was Mrs. Earl Servatius.

Mr. and Mrs. Jim McCullough accompanied their daughter Ginger to Lubbock Monday. She is attending beauty school there.

Pleasant Hill WMU met at the church for a Royal Service program Tuesday with nine members present. Mrs. Jessie Lee Taylor was in charge of the program. Mrs. Noma McCullough accompanied at the piano by Mrs. Alvis Clark, brought a message in song and Mrs. Frances Webb led the opening prayer.

Others helping with the pro-

4-H Club Has Achievement Day

Jackie Fahsholtz taking home three blue ribbons each. All other contestants took home at least one blue ribbon and several red ribbons with Carolyn Langford, Wayne Fahsholtz and Johnny Burford taking home two blue ribbons each.

Other 4-H members with exhibits were Dianne Baldrige, Pat Fahsholtz, Janine Clark and Glennis Fahsholtz.

Several members of Pleasant Hill 4-H Club had exhibits at the Curry County Fair the past week and several ribbons were brought home by club members with six members winning first place ribbons, seven members winning second place ribbons four winning third place ribbons, and several bringing home fourth and fifth place ribbons.

Four of the Pleasant Hill Club members were in the Quadrille at the queen contest Wednesday night and will also perform with the Quadrille at the state fair in Albuquerque September 21-22-23.

Members of Pleasant Hill 4-H Club held their annual achievement day August 25, at the community center with the extension club members as special guests. Mrs. Perry Winkles and Miss Hazel McDaniel of Texico were judges for the event. While the judges were making their decisions the 4-H members presented a short program. Those participating in the

program were Veda Wilson, Kathleen Smith, Glennis Fahsholtz, Betty Clark, Johnny Burford, Marilyn Pounds, Dianne Baldrige and Janet Sharp. Janet was the winner of five blue ribbons and two red ribbons on her exhibits copping top honors for club members. Taking home four blue ribbons were Veda Wilson and Janet Wilson, with Betty Clark and

Farwell School Band Performs At Ballgame

Farwell high school band made its first official performance of the season at the Friona-Farwell football game the past Friday night with the audience

being well impressed with the 35 piece half time band.

John McGee, band director says his parade band has fifty young, enthusiastic members in it who will participate in the Tri-State Fair parade in Amarillo Monday. They will also attend ENMU Homecoming at Portales October 20, and will be in competition with other bands throughout New Mexico and Texas and also participate in the half time show. They will also attend all out of town football games.

Plans are underway for a band week in the spring when the band will be presenting concerts as well as having a project by the band to help with finances.

McGee wishes to thank the patrons of Farwell for their fine support and encouragement of the band, and wishes also to commend the band for its fine attitude and cooperation.

Band Boosters Make Plans

Band Booster Club of the Farwell School met, at the band hall, Wednesday afternoon with Mrs. Walter Kaltwasser president in charge of the meeting. Both Mrs. Kaltwasser and John McGee, band director, were well pleased with the interest shown by members and plans were made for future meetings, with the next meeting set for October 3, 2:30 p. m. at the band hall.

McGee says that anyone who was not contacted in reference to the community calendar project and is interested in having his name placed on the calendar may get in touch with him at his home or the school or with Mrs. Kaltwasser at her home or call her at 825-2141.

SCHOOL DAYS—Classic tartan plaid is a high fashion cotton for back-to-school wear this fall. Worn by Little Miss Cotton herself, Sherry Rogers of Jackson, Miss., this dress features a ruffled bib-front effect and wide cummerbund. It's a Bow-Age design.

School Menu

MONDAY: ranchburger, chili beans, tomato slices, apricot cobbler and milk.

TUESDAY: fried chicken, cream gravy, creamed potatoes, jell-o fruit salad, hot rolls, butter and milk.

WEDNESDAY: ham shanks and beans, sweet relish, spinach, cornbread, butter and milk.

THURSDAY: hamburgers, cheese slices, potato chips, banana pudding and milk.

FRIDAY: rolled roast with dressing, creamed potatoes, cranberry-grapefruit salad, hot rolls, butter and milk.

Hidden Treasure

Little known facts about the earth's mineral treasure
POTASH IS ESSENTIAL TO LIFE... WITHOUT IT NOTHING COULD GROW

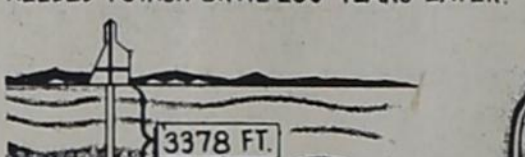

THE FIRST AMERICAN SETTLERS FOUND INDIANS USING WOOD ASHES WHICH CONTAIN POTASH, AND FISH TO FERTILIZE CROPS. SCIENTISTS DIDN'T DISCOVER THAT PLANTS NEEDED POTASH UNTIL 200 YEARS LATER.

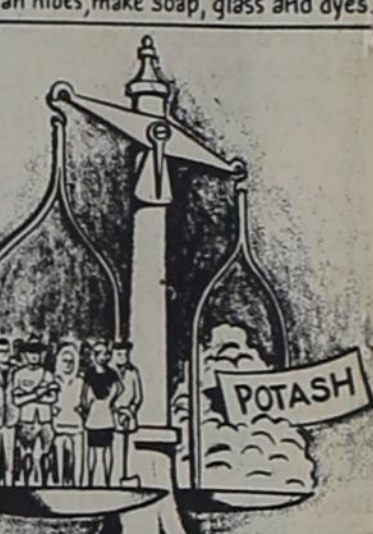

The first U.S. patent, signed by President Washington in 1790, was for a process to make "pot-ash" by soaking wood ashes in iron pots. The chemical was used to tan hides, make soap, glass and dyes.

Maurice Smith To Army

Maurice Smith 18 year old son of Mr. and Mrs. Albert Smith left Farwell September 5 for six months training with the armed services. He was to report to Fort Polk, La.

Potash is now made from an ore found far underground. To open a new deposit in Canada this year, International Minerals & Chemical Corp. (Canada) Ltd. sank a shaft more than twice as deep as the Empire State building is tall.

THE WORLD'S FARMERS NEED GREAT QUANTITIES OF POTASH. THE TOTAL WEIGHT OF POTASH TAKEN EACH YEAR FROM THE /MC MINE--THE LARGEST IN THE WORLD--WILL EQUAL THE WEIGHT OF THE TOTAL POPULATION OF CANADA.

SOMETHING TO THINK ABOUT
Take time to work--it is the price of success.
Take time to think--it is the source of power.
Take time to play--it is the secret of youth.
Take time to read--it is the foundation of knowledge.
Take time to worship--it is the highway of reverence and washes the dust of earth from our eyes.
Take time to help and enjoy friends--it is the source of happiness.
Take time to love--it is the one sacrament of life.
Take time to dream--it hitches the soul to the stars.
Take time to laugh--it is the singing that helps with life's loads.
Take time to plan--it is the secret of being able to have time to take time for the first nine things.

Steers Seek "County Title" After Blanking Friona, 39-0

The Farwell Steers will be gunning for the "Parmer County Championship of 1962" tonight when they host Bovina in the second game of the season.

Farwell overran Friona in the season opener last Friday, 39-0, as the Steers showed a bit more polish than their class AA rivals.

The Steers were in command practically from the flip of the coin. They elected to receive the kickoff, and proceeded to march for a touchdown.

Leon Lovelace, junior signal-caller for Farwell, returned the opening kickoff to the Farwell 23. Halfback Joe Reed, the game's top ground-gainer took over from there. Reed carried the ball six times in the opening series of plays, including a 23-yard scamper to the Friona 23 yard line.

Lovelace gave the Steers a first and goal situation on the 10-yard line with a six-yard gain on the keeper, then two plays later, he broke the scoring ice with a three-yard run, and kicked the point for a 7-0 Farwell lead with 6:33 remaining in the first quarter.

Fullback S. D. Balze scooped up the kickoff and returned it 15 yards to his own 41-yard line, but the Chiefs couldn't move the ball. An offside penalty called back a pass from Gary Renner to Gee, which might have changed the Chiefs' offensive showing for the game. As it was, Friona had to punt, and Farwell drove for another score.

The Steers put the ball in play on their own 40-yard line. On the first play, Reed broke away to the Friona 19-yard line. Only a last-ditch tackle by Tommy Baxter kept him from going all the way.

Reed carried three more times, to the Friona four, and after Harrington failed to gain, Lovelace took it over, and added the point with a kick for a 14-0 lead.

Renner picked up Friona's initial first down with a 16-yard scamper, but again the Chiefs were forced to punt. With the ball on the Farwell 40, Lovelace hit Jerry Childs on a 35-yard pass play, and Reed and Lovelace carried the ball to Friona's 14-yard line.

There a penalty slowed the drive, and Friona took over on the 33. This time the Chiefs didn't get away with just a punt on fourth down. The snapback was fumbled, and as Balze tried to kick, the Steers broke through to block the kick, and the ball rolled through the end zone, giving Farwell two more points on a safety.

Friona's kick was returned to the Chief 43. From there, Reed and Harrington advanced the ball, and with a 15-yard penalty against Friona for piling on, Lovelace scored his third touchdown of the night from the five. The point after made it 23-0.

Friona put the ball in play on their own 32 yard line. Renner ran 15 yards for another first down, and then hit Balze with a pass good for 16 yards to the Farwell 20. But Bob Anderson intercepted Renner's next pass as the half drew to a close.

Doug Dodd gave Friona a first down as the second half began, but another intercepted pass put a crimp into the Chief offense. Lindop grabbed off the pass, and ran it all the way to the Friona four yard line. Lindop then carried over for the TD, and Lovelace's kick made the score 30-0.

The ball changed hands a couple of times without either team making a score.

Farwell reserve quarterback Jerry Field guided the Steers to the Friona six, but the sophomore back fumbled on third down after being rushed on a pass attempt, and Friona recovered.

Reemer, whose total yardage would have been much higher except for his pass protection, was nailed for a nine-yard loss, and then had another pass interception at this point.

Farwell was forced to punt for the only time in the game, Friona punted the ball in return, then got it back when Gee recovered a fumbled pitch - out on fourth down.

At this point the Steers scored their second safety in the game,

DANNY LINDOP, Steer halfback, is shown during a 41-yard punt return against Friona in the fourth quarter of last week's season opener. Lindop also had an intercepted pass return of 41 yards, which set up a Farwell touchdown in the 39-0 win over Friona. The Chiefs' Mickey Wilson misses a shoestring tackle, and Doug Dodd (40) tries to head Lindop off.

when Renner faded back from his own 11 yard line, and a swarm of Steers forced him into the end zone.

Following the Friona kick, a 28-yard pass play, going from Field to Lindop, was good for the game's final score, as Love-

lace's kick made it 39-0, Farwell.

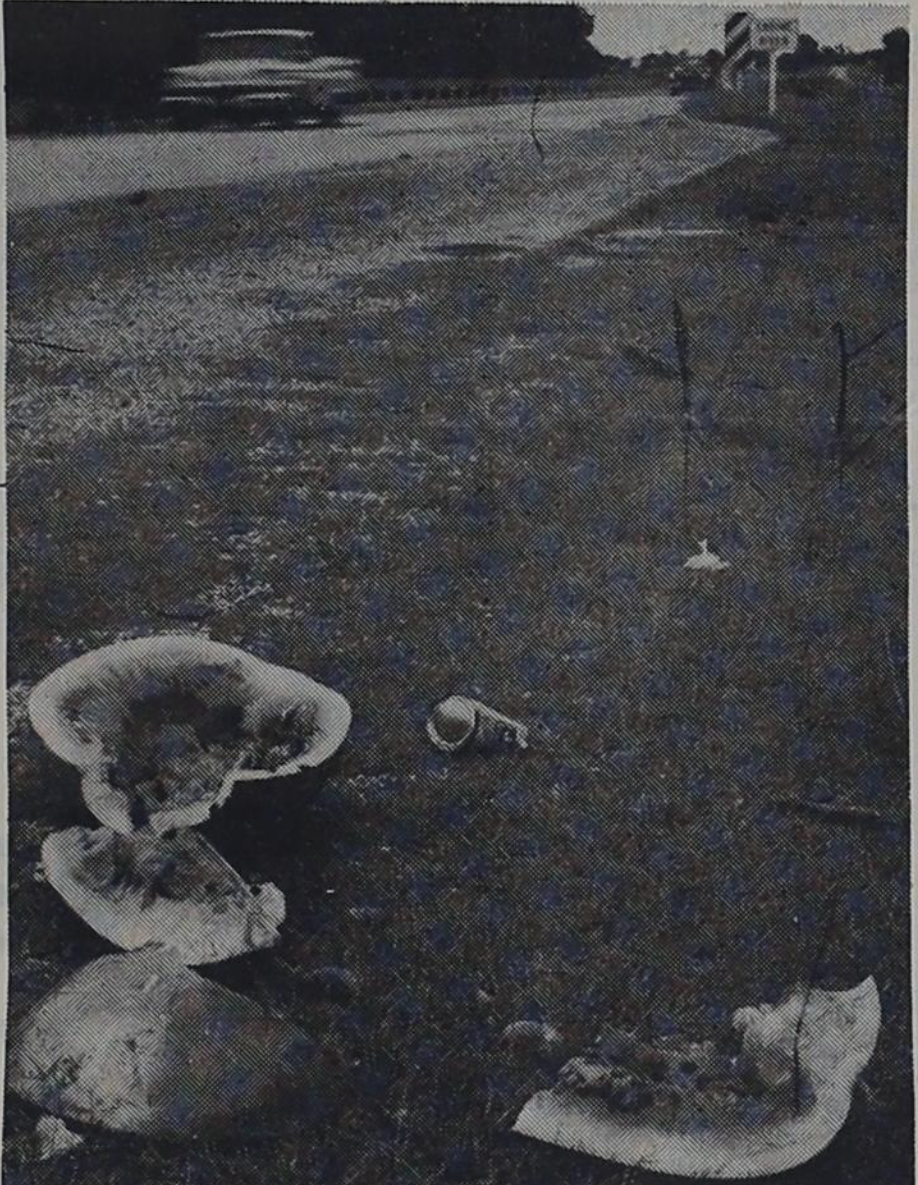

At this point Friona made a last-ditch effort to get on the scoreboard, with Gee, the converted end, sparking the drive.

Gee picked up eight yards and a first down the first time he carried the ball. A moment later, after a 15-yard penalty set Friona back, Gee gained it back with a 17-yard run. Following a 15-yard penalty against Farwell, Gee ran for 11 more yards, and Tommy Baxter's gain of six put it on the 20.

But time and fate were against the Chiefs. A penalty rubbed out another 15-yard gain by Gee, which would have put the ball on the five. Renner tried three desperate passes in the final 30 seconds, but they fell incomplete and that was the game.

Both teams were well-penalized. The Steers picked up 125 yards in penalties, and Friona lost 84 yards by the red flag.

Reed was the leading rusher for the game, with 149 yards on 19 carries. Farwell had 16 first downs to Friona's eight, and 344 net yards to 115. (pick up statistics)

Let's Go Fishin'
BY BOB BREWSTER
Outdoor Editor,
Mercury Outboards

Far up in the North Country, in the waters of northern Canada and Alaska, lives a truly noble fish. It will live only in the purest, coldest, clearest water, usually in streams, and while it doesn't get very big in size, it has the heart of a tiger.

I'm speaking of the Arctic grayling, Thymallus arcticus, one of the most beautiful fish in the world. With its blue-bronze head, back of purple and blue that blends into a silver on the sides, and dorsal fin of light greenish hue it is a striking sight.

And when it tears into a fly it does so with an abandon that brings joy to the heart of any fisherman. Got a chance for some grayling fishing last summer, hitting the McKinley River where it flows into Great Slave Lake, in Canada's Northwest Territories.

We revved up our Merc 250 and ran from the fishing camp to where the river pours its bounty into the lake, then parked our boat and went ahead on foot, climbing over low brush and hundreds of rocks, tumbled about as if somebody's marble sack had broken.

The deep holes in the river were full of grayling, rough, tough, sonsofguns that were extremely reluctant to leave their Arctic home. We took them on light flyrods, casting Black Gnats to the upstream end of the pools, then letting the flies roll with the current, giving them a slight twitch ever so often. To tell you the truth, grayling were fighting each other for a chance to snap up our flies.

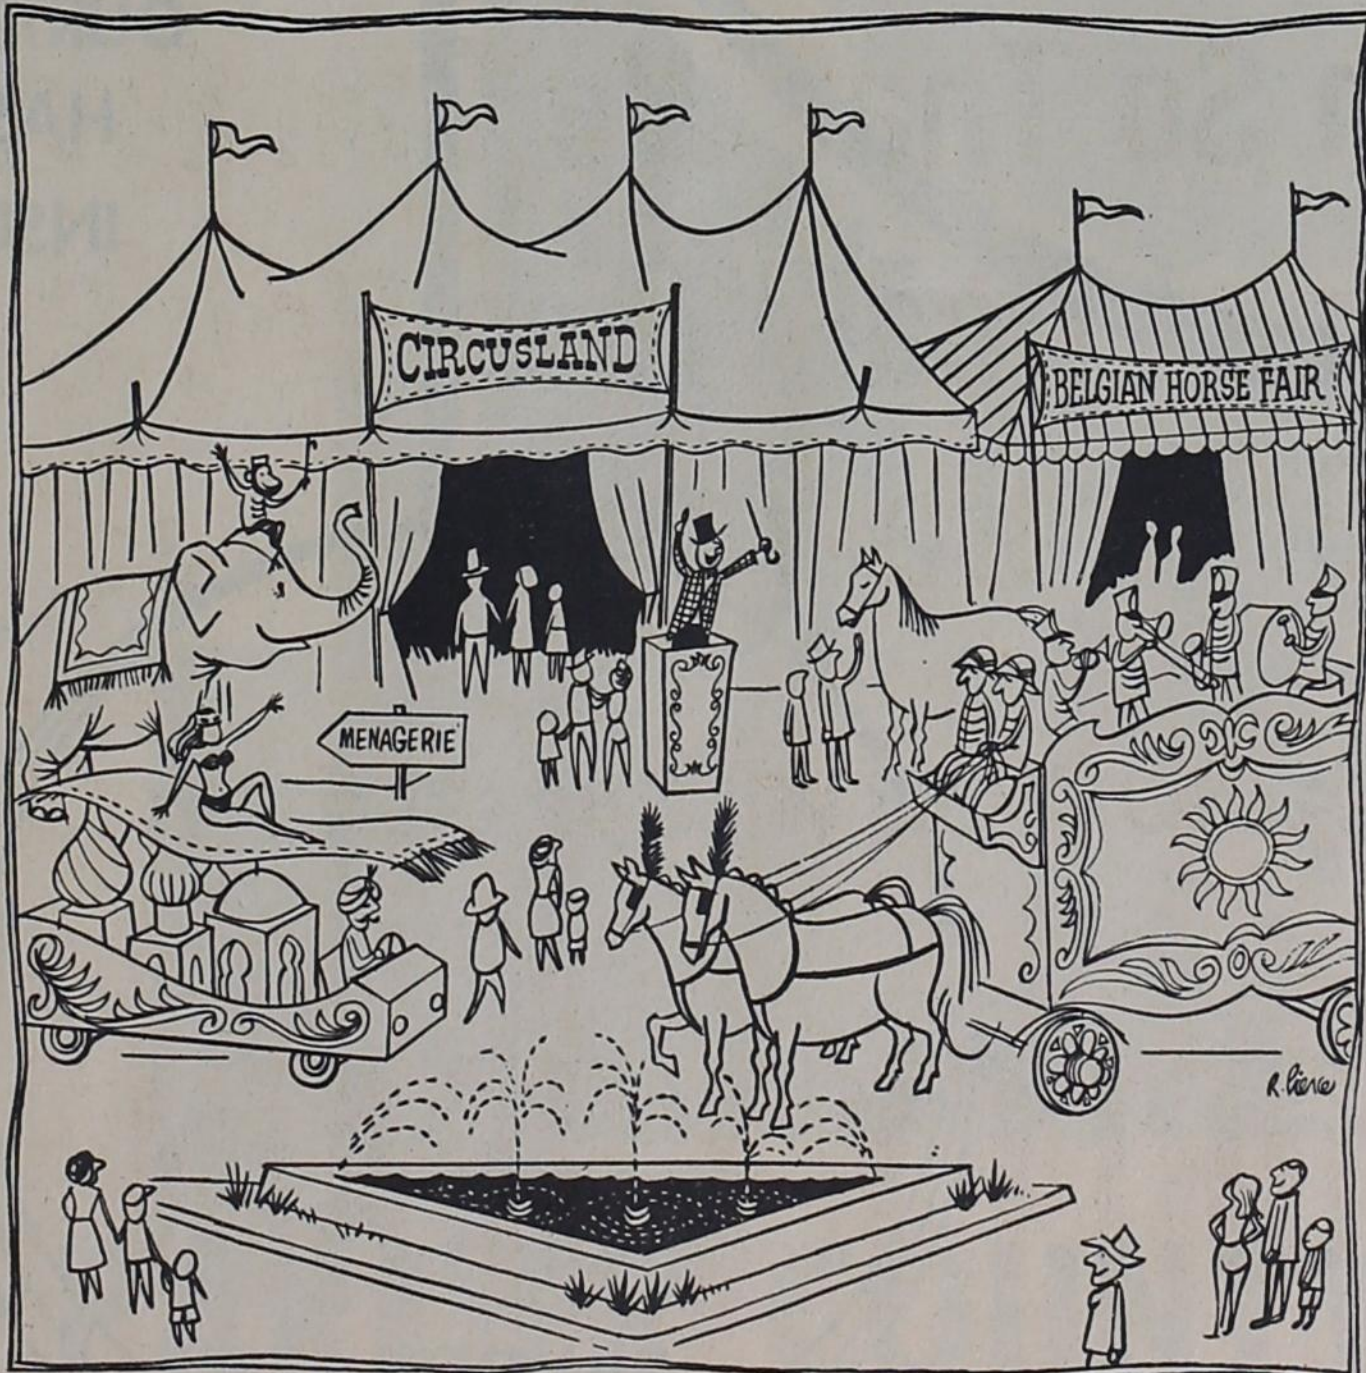

We saved about a dozen for a shore lunch and released the others as we took them, silvery-blue beauties that never stopped fighting, from the strike to the net.

And when fried, about an hour later, and eaten with fried potatoes and a can of cold beans, they were delicious. So good, in fact, that four of us ate a dozen grayling, and wished we had saved a few more.

Giving thanks always for all things.—(Eph. 5:20)

The giving of thanks is so rewarding that we all want to take an active part in thanks giving. If we have an experience that makes us happy, let us tell God that we are thankful.

A nostalgic tour through "Circusland" will be waiting for visitors to the 1962 State Fair of Texas, October 6 through 21. The new free exhibit area, to be located behind the Garden Center, will display circus art, posters, relics and miniature models "under the big top," in a real circus tent. Outside the tented exhibit: circus floats, a tooting calliope, a live menagerie and the Belgian Horse Fair. Cool fountains of leaping waters will mark the Circusland exhibit for fairgoers.

News From
LAZBUDDIE

BY MRS. C. A. WATSON

Mr. and Mrs. James Harvey attended the funeral of an aunt and uncle, Mr. and Mrs. P. J. Smaistralia, and a cousin Pat Morris who were killed in a car wreck Wednesday.

Mr. and Mrs. Ray Hutto and Mrs. Mabel Griffin of San Diego have been visiting in the Davis Gulley home.

Mr. and Mrs. Davis Gulley and children returned from a vacation in the mountains of New Mexico Saturday.

Mr. and Mrs. Ted Treider have been vacationing in Ruidoso.

Mr. and Mrs. Orvil Burnett and Mr. and Mrs. W. E. Burnett Jr. and children have been vacationing in Pagosa Springs.

Jane Burnett of Plainview spent last week in the Orvil Burnett home.

Cooper Young has returned to school at Baylor in Waco and Dick Chitwood has returned to A&M where he will study agriculture.

Mr. and Mrs. Les Bruns were in attendance at a breakfast for Dennis Taylor in Lubbock Thursday.

Mr. and Mrs. Frank Hinkson, Mr. and Mrs. Les Bruns, The Ray Precures, Kenneth Precures and Harold Wilsons attended a barbecue honoring Jack Seale in Amarillo last week.

Belva Lawrence, third grade teacher in Bovina visited in this community over the weekend.

Leon Smith and David Smith visited with Mr. and Mrs. Dee Smith at Troop last week.

Mr. and Mrs. L. M. Hardage accompanied Mr. and Mrs. Billie Hardage to Abilene Friday. The younger Hardages will attend Hardin-Simmons this year.

Rev. and Mrs. A. E. Jennings and children spent several days visiting with his parents the Finis Jennings last week.

Mr. and Mrs. Billy Watts of Farwell visited in the home of her parents Mr. and Mrs. Finis Jennings, Sunday.

Mr. and Mrs. T. O. Lesley and children visited in Hollis, Okla. over the weekend.

Lazbuddie Longhorns lost their game to Wilson, Friday night but they have a promising team this year and we are hoping for the best.

An organizational meeting for Farmers Union will be held at Hub community building, Thursday night. Jay Nayman, president of the Texas Farmers Union will be guest speaker.

Several young people from this community were presented with plaques at the SCD banquet Saturday night. US Representative of the 18th district was guest speaker.

Injured In Fall From Horse

Mrs. Alton Milstead was painfully, but not seriously injured, Thursday afternoon when the saddle on a horse she was riding turned with her throwing her to the ground, and injuring her back.

She was taken to Cannon Air Force Base hospital where she was kept under observation for several days. She was released from the hospital Tuesday morning and is recuperating at her home in Farwell.

Uncle Ray's "Hot Air"

A real gentleman today is a chap who gives his seat to a lady -- when he gets off the bus.

Boss to steno: "Now we're getting somewhere. If that letter isn't in the wastebasket, that narrows the search down to the file cabinet."

You can narrow your shopping down to one place -- Uncle Ray's big little store.

THE HIGH PLAINS FARM AND HOME

HD Council Schedules Special Program For September 19

Farmer County Home Demonstration Council met in a re-scheduled meeting Wednesday, September 5 in the Community Room of the Friona State Bank. Mrs. J. D. Sanders, council chairman, presided at the meeting.

Mrs. Joel White of Oklahoma Lane HD Club led a potato relay as opening exercise. Mrs. Edmund Kitten, secretary, read the minutes of the June meeting and they were approved as corrected. Mrs. Ellis Tatum, treasurer, reported the financial statement since the July meeting.

A special citizenship program has been planned by Mrs. Dee Brown, Citizenship Committee chairman, on Wednesday, September 19 at 2 p.m. in the Oklahoma Lane Community Center. Rev. J. Frank Peery, Methodist pastor from Muleshoe will show slides of his recent trip to Russia and will speak on "Communism and Socialism." The public is invited to attend. All home demonstration clubs will bring cookies

for refreshments.

All HD Clubs are requested to turn in yearbook suggestions to Mrs. Herbert Schueler, chairman of the Yearbook Committee, Friday, September 28 at 9 a.m. in Community Room of Friona State Bank has been set as an all-day meeting of the yearbook committee. All club yearbook committee chairmen are urged to attend this important meeting.

In old business motions were made, seconded, and carried to pay necessary expenses. County delegates and visitors will leave Amarillo, September 18 at 8 a.m. to attend the meeting of the Texas Home Demonstration Association in Dallas.

Plans were made for a salad luncheon to be held Monday, October 1 in the Oklahoma Lane Community Center. Each club volunteered assistance for the annual luncheon. Everyone is invited to attend the regular HD Council meeting at 10 a.m. followed by the luncheon at 11:30. Delegates to the THDA state meeting will present summaries of their trip.

Charles Allen invited each of the clubs to set up window exhibits during Maize Days. Window exhibits must be set up by Wednesday, September 12. Theme for the Maize Days is "World Wide Use of Maize."

Home Demonstration Agent, Miss Ettie Musil, announced that a series of furniture tours would be conducted during the first weeks of October. Everyone is invited to attend. More details will be announced later.

Mrs. Herbert Schueler, Mrs. Ellis Tatum, and Mrs. Walter Cunningham were appointed to serve on the nominating committee. Election of new officers for 1963 will be elected during the October Council, October 1.

A New Jersey manufacturer has announced three new cleaning compounds especially suited to the automotive field:

Aluminum cleaner--for safe, effective use on all common metals and aluminum alloys. It dissolves easily in warm water or cold for dip-cleaning methods.

Steam- or machine-cleaning liquid--removes oil, grease and other soil from metal or painted surfaces. The completely soluble liquid is non-toxic, non-corrosive and non-flammable.

Heavy-duty alkaline cleaner--removes aged rust preventives, mill oils, etc. from steel parts. For soak method, it prepares aged steel for electroplating, enameling or phosphating.

SCD Honors M.A. Black As "Farmer Of The Year"

M. A. Black, who farms north of Friona, was named "Conservation Farmer of the Year" for Farmer County at the eighth annual Soil Conservation District banquet Saturday night at Lazbuddie.

Black, 75, was given the honor over three other county nominees. The other nominees were

Burt Williams, who won the plaque for the Farwell School District area; John Littlefield, Lazbuddie, and Tom Caldwell, Bovina.

Mr. Black who has farmed in the area since 1907, was cited for his conservation efforts in connection with the 2,000 acres of farmland he owns, supervising operations on about 1,400 acres himself.

The pioneer farmer, who came to Farmer County in 1945,

completed his lake irrigation system this year, and is able to catch tailwater from all the irrigation wells on his place for re-use through the lake system.

Also recognized was Roy M. Crawford, vocational agriculture instructor, who is chairman of the district's annual essay contest, in conjunction with the Fort Worth Press awards.

This year's essay contest

winner was Patricia Ann Crawford of Bovina. Terry Darling of Lazbuddie was second, and John Agee of Lazbuddie third.

Black is a staunch believer in the conservation of our underground water. "The present generation may not feel the pinch, but their children and grandchildren will. It is our duty to start now to see that they still have irrigation water," Black said.

Ed Dean Added To PCG Staff

George W. Pfeiffenberger, executive vice president of the Plains Cotton Growers, Inc. of Lubbock, has announced the addition of H. E. (Ed) Dean to the PCG staff. Dean will work closely with High Plains ginners and cotton producers in the areas of field service and farm labor relations along with other duties as a PCG staff member.

Dean, a native of Lamesa in Dawson County, graduated from Sul Ross State College, Alpine, in 1949. After completion of his college work he served with the Soil Conservation Service in Sherman, Texas and later with Western Cottonoil Company in Pecos, before moving to Lubbock in April of 1960 to become the secretary of the WTAEG. This is the position he held until his recent resignation to join the staff of the PCG.

Dean is well recognized in the field of agricultural labor and is currently serving as secretary to the National Farm Labor Users Association.

In making the announcement, Pfeiffenberger explained that the addition of Dean would fill an existing vacancy created by the resignation last year of Conrad Loehofer. Other members of the

M. A. BLACK, Farmer County's Conservation Farmer of the Year, is shown with a few of his Angus cattle on his farm north of Friona. Mr. Black has farmed in Farmer County for 18 years.

present staff are Donald Johnson, Executive Assistant, James S. Parker, Textile Industry Relations, and Dorothy Dooze, Office Secretary.

"With our working staff once again at full strength we feel that we are in an excellent position to carry out and expand the PCG program of research, service, and promotion," concluded Pfeiffenberger.

Bill Collector: "But why do you let your wife spend more money than you make?"

Henpecked Husband: "Because, Mister, if you want to know the truth, I'd rather argue with you than with her."

Can A Well Fitted Shoe Cause A Blister?

Yes, even more readily than a shoe that is fitted so poorly that it might cause a bunion. A heel blister is caused by the rubbing of the back of the shoe against untoughened skin. The rubbing is caused by the fact that the foot bends when we walk and the sole of a new shoe does not bend easily until it is broken in. Imagine that a shoe had a wooden sole and visualize the slipping at the heel when the person strides forward. A new shoe acts similarly but to a lesser degree.

Many parents, when buying shoes, are so afraid of shoes that slip a little at the heel that they force the shoe clerk to fit the child too short or too narrow. A little care in breaking in the correct size would prevent a blister. Even when the need for new shoes is so urgent that the child has to put them on and wear them all of the time, I would take the proper size and the risk of a blister. When blisters get tough they are just callouses that don't even hurt but when bunions "get tough" they can lay you low.

Hearing Announced For Sugar Beet Acreage

The U.S. Department of Agriculture today announced an informal public hearing, at which requests for acreage from the sugar beet acreage reserve, as provided under recent amendments to the Sugar Act, will be received with respect to the current and the 1963, 1964, and 1965 crops. The hearing will also afford interested persons the opportunity of submitting data, views, and arguments with respect to such requests.

The hearing will begin at 10 a. m., E.D.T., on Sept. 25, 1962, in the Auditorium of the Natural History Building, Smithsonian Institution, 10th and Constitution Avenue, N.W., Washington, D.C.

The Sugar Act, as amended this year, directs the Secretary of Agriculture to reserve annually for expansion of the domestic sugarbeet industry enough acreage to produce 65,000 tons of sugar. This reserve, which may be accumulated from year to year if not used, is to be taken out of the acreage required for producing the sugarbeet area's sugar quota. It is to be used primarily to permit new growers to enter the industry, and its allocation is to be preceded by informal public hearings called by the Department.

To allow sufficient lead-time for growers and the sugarbeet processing industry to plan for

the erection of new processing facilities or expansion of existing facilities, the Department is asking that applications for acreage from the reserve submitted at the Sept. 25 hearing, and argument in support of the applications, be based on use of the cumulative acreage to be reserved for the 1962-65 crop years.

Notice of the hearing, which is scheduled to appear in the Federal Register on Aug. 31, sets forth the items of information that should be submitted with requests for acreage. These include:

1. The location of the processing facility to be expanded or built;
2. The acreage being requested and the sugar equivalent;
3. The crop year for which the acreage is being requested;
4. The daily slicing capacity of the new facility or the extent of expansion of the existing facility;
5. A description of the arrangements made for financing;
6. Proof of suitability of the area for producing sugarbeets;
7. The need for a cash crop or a replacement crop in the area;
8. The accessibility of the facility to sugar markets; and
9. Breakdowns of acreages that would be supplied to the facility by specified categories of growers.

The notice also contains the applicable provisions of the Sugar Act and pertinent excerpts of legislative history. Mimeographed copies of the notice which is to appear in the Federal Register are being mailed to persons who have indicated a direct interest in this subject. Additional copies may be obtained upon written request to the Director, Sugar Division, Agricultural Stabilization and Conservation

Service, U.S. Department of Agriculture, Washington 25, D.C.

Provision for submitting additional written arguments and briefs relating to requests for acreage from the reserve will be announced at the hearing.

Farmers Asked To Sign Up For Beets At Friona Bank

Representatives from Holly Sugar Company will be at the Friona State Bank Community Room all day Thursday, and all farmers in the area who think they would be interested in growing sugar beets are urged to come discuss the matter with the experts.

The representatives will take a poll on the number of acres which they could expect to be planted in beets should the U.S. Department of Agriculture act favorably on the proposal to build a processing plant at Hereford.

"Nothing is binding in the registration," said Bill

Nichols, agriculture representative of the bank. "It is merely an indication to the sugar company so they will know what to expect."

Nichols said that the company would present the figures it compiled in this area to the Secretary of Agriculture, who has called a public hearing to decide on the surplus sugar beet acreage for September 25.

"We would like to see 12,000 to 15,000 acres pledged for sugar beets in the county," Nichols said. He indicated that the area as a whole needs to pledge 40,000 to 45,000 acres.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Farm Bureau directors, officers and committees are busy this month getting ready for the annual convention to be held in the Bovina Cafeteria on Monday night, October 1.

The executive committee, composed of Harry Hamilton, President, Calvin Meissner, Vice President and Vernon Symcox, Secretary, is preparing the program. There will be no speaker, only some pre-business entertainment and light refreshments following the business session.

Herman Gerles and Grady Nelson are responsible for arranging for the meeting room and refreshments.

M. T. Glasscock and Roy Miller were appointed to audit the books for the year. John Henderson, Resolutions Committee Chairman called his members, John Armstrong, Raymond Schueler, and James Norton together last Monday night to work our proposed resolutions for consideration of the membership October 1. They also invited members of the Legislative Committee to meet with them. They are Herman Gerles, Franklin Bauer, and Frank Hinkson.

Nominating Committee, headed by Claude Osborn, chairman, Ernest Kube and Raymond Schlabs have a meeting slated for Thursday night, September 13 to select nominees for the following offices: President, F. D. Carter, Bovina Director; Claude Osborn, director for north of Friona; Grady King, Lazbuddie area; Ernest Kube, Farwell area Director and Raymond Schlabs, Black Director. These men are up for replacement or re-election. There will be two nominees for each place. If you have a nominee in mind please let these men on the committee know of them, or be present to nominate them from the floor.

There will be a called meeting of the directors on September 25 to clear up all business before the convention. We think this is a pretty busy month, and hope you will respond by bringing your family to the convention in Bovina October 1.

CONSIDER THIS: He that covereth a transgression seeketh love; but he that repeateth a matter separateth very friends. Proverbs 17:9.

Farmers Reminded To File For Federal Tax Refund

Want to add a nice chunk of cash to this year's farm income? Farmers who do are reminded that they may now submit claims for federal gas tax refunds, according to C. H. Bates, farm management specialist, Texas A&M College.

The refund may be received for all gasoline used for agricultural purposes on a farm or ranch, Bates says. Claims should include fuel used by the operator himself or by custom operators working for him, he added. However, fuel used in vehicles on roads and highways is not eligible for refund.

The claim for federal refunds must be made from July 1 to September 30 on gasoline used between July 1 of 1961 and June 30 of 1962. The procedure is simple and all farmers who filed claims last year will receive Form 2240 in the mail this year. Farmers who did not file last year may obtain the forms from their county agent or from the Internal Revenue Service, according to Bates. He also suggests that a copy of Publication 308 of the Internal Revenue Service may be of help to the applicant.

The federal gas tax refund should not be confused with the state refund which is for a shorter period of only six months, explains Bates. This refund involves a more complicated process and additional information should be obtained from the State Department of Avenue in Austin.

Also, Bates reminds that any points that are uncertain should be checked on before the claim is filed and that farmers should keep their records to verify claims submitted.

Discovery May Aid In Boll Weevil Fight

Cotton boll weevils will feed on almost anything that has been dipped in a newly discovered extract of the cotton plant. According to the USDA, the substance that makes the cotton squares appetizing to boll weevils was found in a water extract for the first time by two U. S. Department of Agriculture entomologists.

The extract, when applied to cork stoppers, green beans, wood, and other unlikely substances attracted the weevils that normally feed on only cotton squares and bolls. The scientists call the substance an "arrestant" and say that though it will not draw weevils a long distance, they feed on anything close to them containing the extract.

Tests are now underway to see if the substance can induce the weevils to feed and to

lay their eggs on plants other than cotton. If this can be done, it may be possible to substantially reduce the boll weevil population, because weevils have rarely been known to survive on any plant except cotton.

Also, chemists are carrying on research to identify the arrestant chemically which might make it possible to produce a synthetic substance or breed cotton which does not contain the substance.

Scientists believe that this discovery could lead to a new method of controlling this insect that annually adds 5 to 7 cents per pound to the price of producing cotton. The number one pest of cotton, it has caused an estimated \$10 billion worth of damage since it first entered the U. S. in 1892.

HD Agent's Notes

BY MISS ETTIE MUSIL

This is dove hunting season and soon will be season for quail, deer, and wild ducks. It's amazing how many hunters love to hunt wild game and birds, but seldom eat their kill. If you dislike the gamey flavor of the catch, you'll find good news in a new publication, "Wild Game - Care - Cooking."

The quality of game meat depends to a large extent on how the game is handled from the time of kill until it is served. This new publication describes with detail and illustrations the proper care of small game, big game, and game birds while in the field, in camp and at home.

For the homemaker there are many methods of cooking big game. It also has many tricks for tenderizing mature and tough game. Small game cookery and care is also explained.

You may want to get some tips on the freezing and storage of all types of game. For this dove season the publication has recipes for braised doves and dove pie.

Later you may want to try some of the recipes for preparing venison. Some of the recipes include broiled steaks or chops, venison roast, venison stew, venison sausage or swiss steak.

Just come by the office in the Courthouse for a copy of this new bulletin or write me and I shall be happy to send you a free copy.

Here's some news for you who use pecans in your holiday cooking. Texas pecan crop this year will be about 15 per cent below that of last year. Damage from Hurricane Carla and heavy insect infestations are blamed

About 2 million U.S. families own some form of vacation retreat or weekend home, according to Allied Chemical's Barrett Division.

for the short year.

Don't forget to submit your claims for the federal gas tax refund, September 30 is the deadline to mail in your claims. Be sure to use the special Form 2240 that you can get from the Internal Revenue Service or in our office. You must keep your records to verify the claim. We'll be glad to send you a copy of the form.

September really came in with a whirlwind of activities for everyone. Just take five minutes to relax when you are retired. Just five minutes will do wonders for you. We don't want you to appear in the statistics column.

Yes, many home accidents are caused from fatigue and from too much go, go, go. It is when a person is tired that things go wrong. Your hands fumble, feet trip over things, and eyes fail to see possible dangers.

Put first things first when you plan your work for the week and for the day. Cut out the unnecessary jobs and combine jobs whenever possible.

Keep your equipment in good working order. More accidents are caused by trying to use a dull knife or the wrong knife than a sharp knife or the right kind for the job to be done. Usually you are more careful with a sharp knife and do not get cut as often as you do with a seemingly "safe" dull knife.

The Citizenship Committee of the Home Demonstration Council have planned a county-wide special program. Rev. J. Frank Perry, Methodist pastor of Muleshoe, will show slides of his recent trip to Russia, and will speak on "Communism and Socialism". You are invited to hear this program Wednesday, September 19 at 2 p.m. in the Oklahoma Lane Community Center. Home Demonstration Clubs members will serve refreshments.

Importance Of American Farmer Told By Rogers

"The stability of the economy of Parmer County is one of the number one issues of our time," Representative Walter Rogers, featured speaker for the annual Soil Conservation District banquet told a crowd at Lazbuddie High School Auditorium Saturday night.

"The greatest victory Khrushchev could own would be a depression in the United States, and the quickest way to start one would be to tamper with the economy of the farm people," Rogers said.

Rogers discussed the farm situation, the foreign situation and federal spending in his address.

He told the gathering that the strength of the nation was vested in the home-type farm.

Rogers said that farmers have been the brunt of a lot of things. "The government is criticized in the metropolitan press for being maternal toward farmers because of the farm programs," Rogers said. "The

truth is that the subsidies received by others such as big business makes what farmers received seem like a drop in the bucket," he continued.

"No one would like to see the government completely out of farming more than I would," said Rogers, but added parenthetically that there would have to be some means of protecting the farmers' income first.

"If we can do that, let's do it and get the government out," Rogers said. Until then, he said, we must do our best to see that the American farmer isn't overridden.

On the world situation, Rogers accused Russia of continuously stirring up "trouble spots." But he said he wasn't afraid of the USSR taking America.

"They will do well to hold onto what they now have," he said, referring to the Communists. Rogers said the Berlin wall is a monument to the dismal failure of Communism,

since the Reds had to build a wall to keep their people from fleeing to something better.

Rogers said that our intelligence on Cuba is much better now than it has been in the past. He said the Cuban situation isn't at a danger point because they don't have any long-range missiles, although they have technicians.

"When the time is appropriate, we should act," he said. He acknowledged the fact that Cuba was a big problem, because of the repercussions possible, and the example Russia would use to Latin American countries should the U. S. invade the island.

About Federal spending, Rogers said the defense structure of the nation requires 75 cents of each tax dollar. While defense is necessary in our day and age, he said, "You can't defend a country with dollar bills."

Rogers commented on the beauty of the crops in the county and area, and remarked how the "Great American Desert," as the Plains were once called,

was now the "Treasure Chest for the United States."

"I think the pioneers who stuck it out in this area had as much courage as today's astronauts," Rogers commented.

Scotty Windham, vocational agriculture instructor at Lazbuddie, served as Master of Ceremonies. Superintendent of Schools James G. Ward gave the welcome. T. O. Lesley introduced Rep. Rogers.

A. L. Black, chairman of the Board of Supervisors for the Parmer County Soil Conservation District, made some remarks. County Agent Deryl Coker recognized winners of the essay contest as well as winners of the soil judging contest.

ASCS To Conduct Referendum For National Wool Council

The Agricultural Stabilization and Conservation Service (ASCS), is conducting a referendum on advertising and sales promotion for lamb and wool, for the National Wool Council September 10-21.

Ballots will be mailed to each sheep-raiser in Parmer County around September 10. They are to be returned to the ASCS office before September 21, the date on which they are to be tabulated.

The issue at stake is whether the Agriculture Department shall continue to deduct from payments to producers for the financing of advertising and sales promotion for sheep and the wool industry.

Currently, one cent per pound for shorn wool and five cents per 100 pounds of unshorn lambs is deducted from the payments producers receive annually from the USDA.

The National Wool Act of 1954

was amended last year extending the period of marketings on which payments may be made under the Act for four additional years, or through March 31, 1966.

The American Sheep Producers Council, Inc., has submitted a new agreement to the Secretary of Agriculture under which deductions would be made from the payments for the four additional years (1962, 1963, 1964 and 1965 marketing years) to finance the Council's advertising, sales promotion and related market development activities for lamb and wool.

The new agreement is similar to agreements made as of March 17, 1955 and October 23, 1959, under which deductions have been made from the payments for the first seven years of the wool payment program to finance the Council's activities.

Because deductions from wool payments for financing the program are based upon the volume of wool and unshorn lambs sold by each producer, producer approval will be based primarily on volume of production as it was in the referendums of 1955 and 1959. Thus, the new agreement will not be put into effect unless producers, owning two-thirds of the sheep and lambs represented by votes in the referendum, approve.

Homemakers Reminded Of September Plentiful Foods

Planning September menus can be easier if Texas homemakers take advantage of the abundance of current farm-produced foods, suggests the Texas Agricultural Extension Service.

The official list of September plentiful foods is an excellent guide for best buys in the back-to-school month, the Service

What to Expect

CHICAGO (UPI) — Housewives who have long complained about the bag which doesn't "tear here for easy opening" or the jar or can which is tough to open may take heart in the forecasts of R. Bruce Holmgren, editor of Package Engineering here.

Some of his predictions: Oil put in paperboard cartons with foil laminated to the paperboard, instead of the traditional can or bottle; tin cans with a pull-tab opening which removes the lid; and a billable bag containing a complete dinner with no need for the housewife to bother with messy pans.

says. The list is developed by the Agricultural Marketing Service in cooperation with producers and the food trade.

Frozen orange juice, fresh pears, fluid milk, grapes, late summer vegetables and salad oils make up the list and all are in good supply this month. Grocers will probably feature these foods so that consumers may take advantage of their abundance.

An ideal item for school-day breakfast is one of the many frozen orange juices on the market this fall. Fresh pears and grapes offer unlimited possibilities for adding appeal to fruit cups, salads and desserts, and make delicious additions to school lunch boxes.

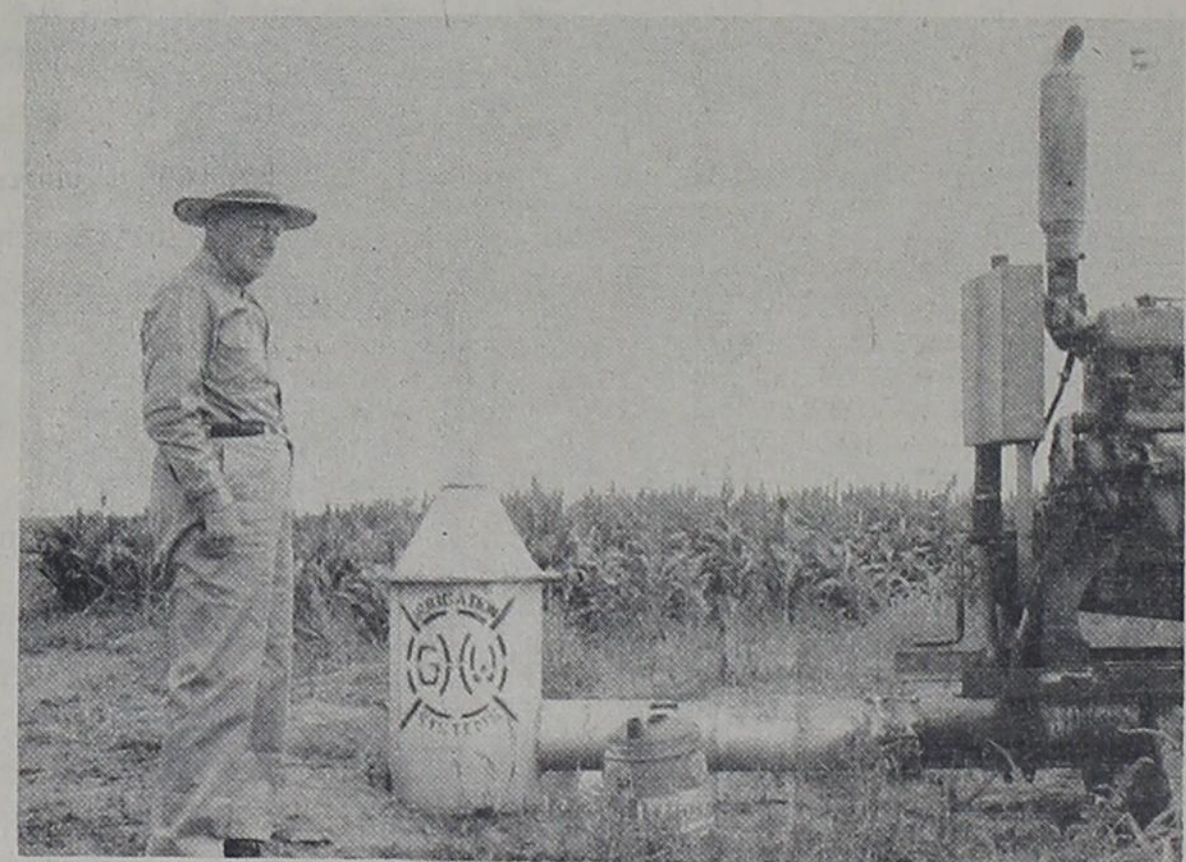

The current abundance of fluid milk is a good reason for serving it with all meals and snacks. Fresh vegetables add color, flavor and nutrition to all menus, the Service says.

Also in huge supply this year are finished vegetable oils like salad oils and cooking oils and baking and frying fats.

Production Credit Association Predicts Another Peak Year

Another peak year for the Plainview Production Credit Association, with a bumper harvest in sight, has been forecast for 1962 by officials of the agricultural credit organization.

The nation's largest Production Credit Association, the Plainview association had a total loan volume of \$37,000,000 in 1961, highest in the association's 28-year history and ranking it first among nearly 500

ington, D. C. He was manager of the Federal Land Bank Association of Muleshoe from 1941 to 1960, except for three years in the military service, and was assistant administrator of Brackenridge Hospital in Austin from 1961 until accepting his new post this summer.

During World War II, Woodley served with the U. S. Navy and is a retired Lieutenant Commander in the USNR.

He is married to the former Mary Elizabeth Jameson and they have one daughter, Mrs. Sue Ann Hanks of Burbank, California.

Woodley was active in civic affairs while in Muleshoe. He was a past chairman of the board of the Muleshoe Methodist Church, a past president of the Muleshoe Lions Club, a past director of the Chamber of Commerce and a past president of the Muleshoe Country Club.

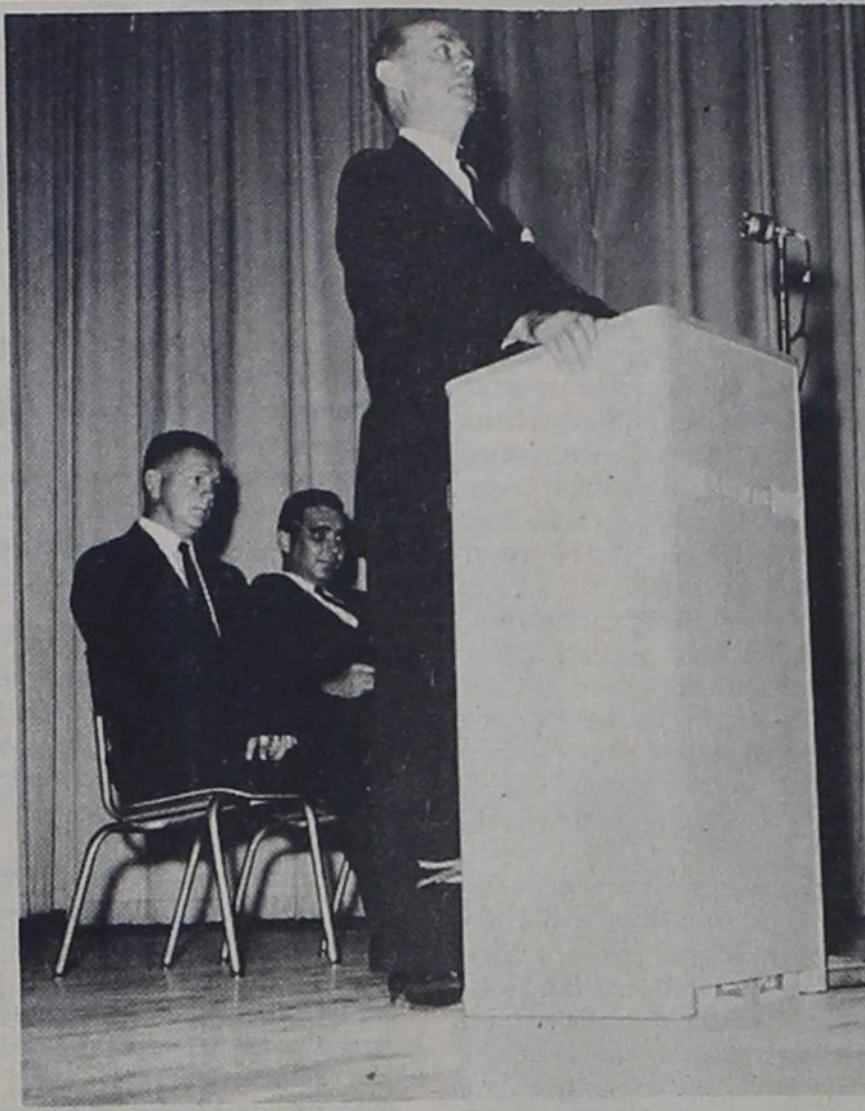

"Our association has but one function," Woodley said, "and that is to provide dependable agricultural credit and service at the lowest possible cost."

The importance of the association's ranking as the nation's largest is important only because it reflects the efforts of the association and its officials to provide low-cost agricultural credit to qualified borrowers throughout the high plains area.

The Plainview Production Credit Association serves Farmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale and Floyd Counties, and operates offices in Friona, Dimmitt, Tulla, Silvertown, Muleshoe, Littlefield, Floydada, Olton and Plainview.

Serving with President Durham on the association's board of directors are Vice President Henry Hayes of Route 3, Plainview, D. S. Anderson of Muleshoe, Grady Shephard of Hale Center and Don Garrison of Silvertown.

The farmer had driven his team of mules to town and was late returning. "What took you so long?" his wife demanded. "Well, on the way back," the farmer explained, "I had to give the minister a ride, and from there on, them blankety-blank mules didn't understand a thing I said to 'em."

WALTER ROGERS, representative for the 18th Congressional District, was caught in this emphatic pose during his address at Lazbuddie last Saturday.

County Farmers Praised By Writer

Farmer County farmers received favorable mention in the latest issue of "The Cross Section," monthly publication of the High Plains Underground Water Conservation District.

Quoting from "The Editor's Inkwell," the article said: "It has been said that farmers in the Southern High Plains of Texas are the most progressive of farmers to be found anywhere. We know that this is true, and to indicate the manner in which they adopt progressive suggestions, we submit the following:

"Five years ago, it was virtually impossible to find a guard on an irrigation well pumpdrive-shaft. You could locate one now and then, if you searched diligently enough, but most farmers didn't even know what a guard looked like.

"However, the situation has changed during the past five years. One day this month, Tom McFarland, Manager of the Water District, came in and said that while in Farmer County, near Friona, he started counting wells with guards and comparing the number against those without guards.

"Tom said that after following this procedure for several miles

he found that about 70 per cent of the wells that he counted were equipped with guards.

"The folk around Friona are to be congratulated for their consideration for the safety of not only themselves but of others."

"We've been told that civic and farm organizations throughout the Southern High Plains have been selling guards in order to make money for their clubs. It's reported to be a profitable venture as well as a helpful one to the community."

NOEL WOODLEY

Production Credit Associations serving the United States.

Indications point to a new loan volume record for 1962, officials reported, due to the bright crop prospects and the administrative leadership of Noel Woodley, new general manager and secretary-treasurer of the association.

Woodley, 51, formerly of Muleshoe, was recently named general manager of the home-owned and operated association, which serves more than 1,600 farmers and ranchers in an eight-county area of the high plains.

"We are extremely pleased to have obtained the services of Mr. Woodley," said Leroy Durham of Plainview, association president. "His background, experience and ability will provide the executive and administrative leadership necessary for the continued growth and expansion of our association."

Woodley is a native of Shamrock, Texas, and graduated from Shamrock High School. He received his B. S. degree from West Texas State College and his M.B.A. degree from George Washington University, Wash-

WITH THE COUNTY AGENT

DERYL COKER

There are two annual field days coming up within the next ten days, which will be very informative to us in Farmer County, because the kind of research they are conducting. The first annual field day will be held at Halfway September 14 between 1:30 and 5:30 p.m.

Mobile field tours will be held during the afternoon and a free barbecue dinner will be served at 5:30 p.m.

Dr. Earl Butz, former Assistant Secretary of Agriculture will be the guest speaker at the evening program. Everybody is invited to attend.

The experiment station is located 14 miles west of Plainview on Highway 70.

The second field day will be held at Substation 8 on September 18 between 1:00-5:00 p.m. Substation 8 has made a great number of contributions to our area and this year's field day should be one of the most informative agriculture meetings of the year. Substation 8 is located 7 1/2 miles north of Lubbock on Highway US 87. If you possibly

can make one of these field days, it should be time well spent.

With the price of machinery and with our large investments it certainly pays to prevent machinery from rusting. It takes only a small amount of time in a year to prevent rust. Here are two simple ideas by Extension Agricultural Engineers at Texas A & M College to help cut down on rust damage.

1. Use rust preventive on soil polished parts of plow, disk, or cultivator. Do not use old crankcase oil, as it is usually contaminated with oxides and acids from fuel consumption and is not a good preventive.

2. Chains that operate in dust or fertilizer are very vulnerable to rust. Remove them, rinse in kerosene, dip in oil and store in dry place.

In speaking for the Farmer County 4-H Clubs, I would like to thank the Security State Bank of Farwell, and the Friona State Bank for the contributions they made to the 4-H Recognition Committee.
