

FROM THE HOPPER

By Hop Jr.

Ches Fowler says declining farm prices wouldn't be so bad if:

1. The Tribune would cut its subscription price.
 2. The bank would lower its interest rate, and
 3. The barbers would charge less for haircuts.
- Money, the papers, and haircuts are things Ches claims he just can't get along without.

C. O. Peek of Indianapolis, Indiana, who, if our memory serves us, owns some land up around Bovina, wrote us recently wanting to get some information on the weather and farming conditions in general here on the Plains.

He accuses us, and somewhat justly, we must admit, of "almost forgetting the dryland farmers." It's true that about all we ever talk about anymore is irrigated farming, and we're sorry we get carried away with this subject so often.

C. O. wants to know, in particular, how the dryland wheat is holding out. Good showers of just the last few days have helped a lot, we're pleased to report, but this spring's wheat crop isn't in the bin yet — by a long shot.

Planting moisture was deficient in most dryland areas around here, and germination was either very late or scattered. The wheat that got up to a fair stand seems to be doing better than it has in recent years, indicating, perhaps, that some dryland wheat may make a little this year.

Dryland wheat, because it wasn't as advanced as the irrigated wheat, C. O., didn't take as hard a knock from the April freezes. And because it didn't offer as much "good chewing," hasn't been deluged with greenbugs like some of the irrigated, either.

In short, the dryland crop is in "fair" condition. It could be better — but it could be worse. Some spots are doing pretty well, some others are already done for. It depends on just whose field you're checking.

Right-Hand Man Dick Hapke, who tries to keep up to snuff on most everything that's doing in the Twin Cities, says the City of Farwell is coming out with a pretty ambitious budget this year.

That's sure good news. Things like budgeting and operating on a business-like basis are items that come painfully for small towns trying to grow up. But they're essential to progress.

A town seldom just "happens" to grow. Since it doesn't look like we'll strike oil any time soon, we might as well set our mind to the task of lifting ourselves with our own bootstraps.

Like anything else that's worth having, it costs money to have a town that people can be proud of. Budgeting and accounting procedures have been painfully inadequate in our previous history. A late start is better than no start at all. We're happy to see this trend.

Mention of an oil strike in the above comment has jogged our memory. Remember C. O. Foerster, the also-ran for the senate seat won by Ralph Yarborough?

When he called on us during his whirlwind campaign, he claimed to be (among other things), a promoter of wildcat oil tests. Even though his promise to return to this area and drill was made during an election campaign, we think we'll call the old boy's hand and see if he'll make good on his proposition.

Can we get a block of leases together around here? Is anybody interested in paving the way (paperwork) for a man who'll try to get somebody to speculate on a test?

Get in touch with us if you are. We're going to contact Foerster.

Farwell Chamber To Meet Tuesday

Regular meeting of the Farwell Chamber of Commerce will be Tuesday night in the City Hall, beginning at 8 p.m., Wilfred Quickel, Chamber secretary, reminds members.

Items up for discussion will be a Spanish course, the swimming pool, and the Highway 60 Association meeting in Amarillo, May 2. At the last meeting of the group, the possibilities of having a conversational Spanish course was discussed and the secretary has been attempting to find an instructor. Several have been contacted, but one has not yet been found to conduct the course, Quickel says.

In regard to the Highway 60 meeting, it has been requested that Farwell have a delegate there, says the secretary. Whether or not Farwell will have, will be decided at the meeting.

As for the Chamber-sponsored swimming pool, Jess Landrum, member of the Civic Improvement committee, will have several letters to present to the group, concerning the effectiveness of a certain-type filter system.

ALAN PRICE

BETTY SMART

Honor Students Are Named at Farwell

Alan Price and Betty Smart have been named honor students of the 1957 graduating class at Farwell High School. Price, the son of Mr. and Mrs. Dale Price, is valedictorian and Betty, daughter of Mr. and Mrs. Ben Smart, is salutatorian.

The two will give their valedictory and salutatory addresses at commencement exercises at the school on May 24. Alan topped the class with a 96.14 grade average during his high school years, and Betty compiled an average of 94.21.

Jack Williams, superintendent, reports that the senior class this year had several students who had better than a 90 average during their high school years.

Both the honor students have been active in various activities at the school. Since coming to Farwell three years ago Alan has been active in basketball for two years, baseball for two years, tennis for three years and track for one year. He was a class officer his freshman year, a past member of the school annual staff, last year was in the junior play, and this year was drum major in the school band.

Betty has been active in FHA and the pep club all four years in high school. She was a member of the basketball team her junior and senior years, a cheer leader and student council delegate her freshman and senior years, and this past year she was a student council officer.

Other activities include participation in both junior and senior class plays and a member of the chorus for three years. She was

Revival Starts At Texico Church

A revival is in progress at the Texico Assembly of God Church in Texico and the pastor, Rev. T. E. Simpson, extends a cordial invitation to everyone to attend the services which are being held nightly at 8 p.m.

Evangelists for the revival, which got underway Monday night, are Rev. Ernest Boatwright and Rev. Hoke Hunter, both of Kilgore, Tex.

Special music is being featured nightly and Rev. A. D. Hunter of Clovis, son of Rev. Hoke Hunter, is leading the congregational singing.

The church is located two blocks north of the fire station in Texico. Services will continue for about two weeks, says a spokesman for the church.

During the past three years, a thousand sewing machines were contributed by Red Cross societies to disaster-stricken countries enabling the making of hundreds of thousands of garments for disaster victims.

City Dads Facing Several Problems

When Farwell's new city commissioners have their first regular scheduled meeting next Friday afternoon at the City Hall, they will be confronted with what to do about constructing a fire station for the city.

Construction of the fire station and the purchase of a new truck and equipment were approved in a bond election last summer. Bonds voted for this purpose totaled \$20,000. Of that amount, almost \$14,000 has been spent for a fire truck and equipment, which have already been delivered here.

The latest to arrive was an alarm siren and it was mounted on the water tower last Friday. The fire truck and other equipment was delivered some time ago, and are presently housed at Hardage Motor Company.

Left for the purpose of building the station is a little more than \$6,000. What type and size building that can be built with this money is not known, but Sam

named girls state delegate in her junior year, elected carnival queen, and this past year she was named most studious student.

Both the students are planning to enroll in college next fall. Alan is presently applying for admission into the Naval Academy at Annapolis, and Betty plans to enroll in college but is undecided just where.

Farwell Third in League Standings

Farwell, the smallest school in the district, finished a close third in the interscholastic league contests, just recently completed. Final tabulations showed that Friona won the championship with 238 1/2 points.

Following them was Sudan with 207 and Farwell was close behind with 199 1/2 points. Morton finished with 95 and Springlake had 49.

The events which were included in the contests were literary, track and field, tennis, volleyball, and one-act play.

Tickets on Sale For Lions Feeds

Tickets to the annual Texico-Farwell Lions Club breakfasts are now on sale and may be purchased from any member of the club. The two breakfasts are being planned to raise money for the summer youth program.

Sale price of the tickets is 75 cents for adults and 50 cents for children under 12. The two feeds are planned on successive Sunday mornings, May 12 and 19, at the Farwell School Lunchroom from 7 to 9 a.m.

The proceeds from these two breakfasts will help determine the number of activities in this year's program, says a spokesman for the Lions Club.

LIONS HEADS — The above group of individuals will be heading the functions of the Texico-Farwell Lions Club during the coming year. They were installed at a meeting of the organization Monday night. Front row — left to right, Lenton Pool, second vice-president; Agrie Jones, director; L. B. Penick, tail twister; and Paul Wurster, secretary-treasurer. Second row—Al England, director; Carl Rodolph, installing officer; Robert Morton, president; and Tom Wagner, first vice-president. Back row—Joe Helton, director; C. B. Stockton, lion tamer; and John Armstrong, director.

Steers Blank Springlake, 1-0

A single by Johnny Lovelace in the bottom half of the seventh inning broke up a scoreless tie and gave the Farwell Steers a 1-0 win over the Springlake Wolverines here Tuesday afternoon.

It was the first conference game for both clubs and Donnie Carpenter of Farwell and Davis of Springlake locked horns in a magnificent pitching duel. Carpenter gave up two hits, both in the second inning, in facing only

22 batters in the seven innings. Davis allowed the Steers only three hits.

In the bottom half of the final stanza, Arlin Smith walked and Derrell Garner was safe on an error, before Lovelace dropped one over second base to drive in Smith with the lone tally of the game.

Prior to the game-winning single, neither team could get many runners on base. The Steers had runners past first on only two occasions and Springlake had base-runners only in the second and third innings.

The game had been originally scheduled for Springlake, but was moved to the Farwell field due to a flooded field at the Wolverine park.

Texico 4-H Clubs Plan County-Wide Program

Members of the Texico 4-H Clubs will be hosts to all Curry County 4-H'ers for a program in observance of 4-H Club Sunday on Sunday, May 5, at the Texico Baptist Church starting at 4 o'clock.

Rev. C. C. Morgan, pastor of the church, will speak at the meeting and all clubs throughout the county will be in charge of various parts of the program. The Texico group is in charge of the special music, all of which has not been arranged at this time. One number will be a solo, "He," to be sung by Miss Gale Hadley, accompanied by D' Rene Danforth.

Misses Hadley and Danforth will be in Clovis on Saturday to meet with other planners of the project to prepare programs and other material for Sunday's meeting.

75 Attend Annual Texico Barbecue

On hand for the annual Texico FFA barbecue at the Texico auditorium Tuesday night, were about 75 persons. Those attending were served a meal of barbecue, beans, and apricots.

Musical entertainment was provided during the feed by the Texico jive band, The Four Mistakes. Also, two turkeys were given away by the FFA Chapter. Winning the two hen turkeys were Buddy Franks and Fred Danforth.

Bobbie Richardson Receives Award

Miss Bobbie Richardson, daughter of Mr. and Mrs. Jess Richardson of Texico, was awarded second place honors in the state-wide Young People Speakers Tournament held last week in conjunction with the state-wide Baptist training union convention in Roswell, N. M.

Bobbie, a sophomore at Eastern New Mexico University, spoke on "Every Christian a Missionary." First place winner was a contestant from Albuquerque.

Following the convention, Bobbie returned to the home of her parents to join them for a trip to Albuquerque. They returned home Saturday night and Bobbie returned to school at ENMU on Wednesday of this week.

Prof Morton Named Lions Club President

Robert "Prof" Morton was installed as president of the Texico-Farwell Lions Club at the regular meeting of the group Monday night in the City Cafe. On hand to do the installation was Carl Rodolph, a director of Lions International, from Clovis.

Rodolph was just recently elected to his international post, and last week returned from a directors meeting in Chicago.

Even though Morton and the other officers were installed Monday night, they will not take over the reins of the club until July 1. The early installation was conducted in order to have Rodolph on

hand for the ceremony. Other activities coming up in the next two months prevented the installing officer from coming at a later date.

The officers were elected at the last meeting of the Lions. Serving with the president for the coming year will be Tom Wagner, first vice-president; Lenton Pool, second vice-president; Paul Wurster, secretary-treasurer; L. B. Penick, tail twister; and C. B. Stockton, lion tamer.

Directors for the year include Joe Helton, Al England, Agrie Jones, A. E. Tatum, and John Armstrong.

Two Students Place In Literary Contests

Two Farwell High School students who participated in the Region I literary contests at Lubbock recently, copped honors in two of the events.

The local winners were Jerry Henson, second in extemporaneous speaking; and Juanita Range, third in typing. Also participating in the meet from Farwell was Sam Pool, poetry reading.

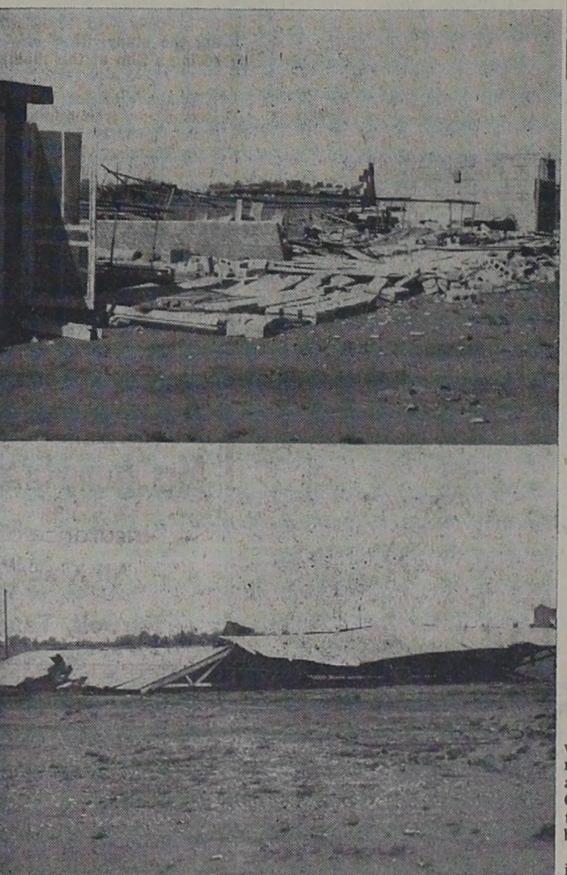

None of the local delegates qualified for the state meet at Austin, as only the first place winners were eligible.

In his short talk to the local Lions, Rodolph cited the duties of the club's leaders, and also gave a rundown on the scope of Lions International, saying that the organization was doing much to create better world relations.

Lions International has 13,500 clubs in 80 countries and geographical locations in the world. There are 560,000 members in the organization, Rodolph said.

During the business session the group made plans to visit the Portales Lions Club at noon today. About six members planned to be in Portales today for the meeting.

Other business included a report on the Lions-sponsored circus conducted here Saturday. John Getz, Lions secretary, informed the group that \$3.25 was derived from the show, which was hampered by rain and inclement weather. The Lions share of the proceeds was 10 percent.

Building Damaged At Gin

A strong wind which whipped across this area late Monday afternoon, resulted in considerable damage to a concrete-tile building at Nickles' Gin in Farwell. The roof was torn off and the walls were crumbled.

The extent of the damage made it appear that it was more than just a strong wind. However, the south side of the structure had been caved in by a previous wind, and it is believed that the caved-in wall created an air pocket and the force from the southwesterly wind Monday was enough to do the damage to the already weakened building.

Although several tornado funnels were reported around the area, none were reported in this vicinity and the local Ground Observers Corps was on duty at the time the damage was believed to have been done.

There were no witnesses, so it is not known the exact time that the debacle occurred. Doris Reeves, who left the Gin office at 4 p.m., says it must have been done between 4 and 8 p.m.

Estimated damage to the building, used to house Mexican Nationals during cotton-picking time, was between \$3,000 and \$4,000. Owner of the cotton gin is Guy Nickles.

DESTRUCTIVE FORCE — Here is some of the damage which was caused Monday by the strong wind. The top picture shows what was left of the west portion of a concrete-tile building at Nickles' Gin in Farwell and the bottom picture shows the roof which was blown off, landing about a 100 feet north of the structure. One wall of the building had been blown in by wind several weeks ago.

THE TRIBUNE'S EDITORIAL COMMENT

Sand Storms Aren't So Bad, After All

With the tornado scares that hit this area during the past week, it is apparent that sand storms, which this part of the country is usually plagued with, are really not so bad.

A common complaint usually heard from many people concerns the sand storms. The winds of gale-like force, which bring about the blowing sand, cause many local citizens to express the desire to move on to a more agreeable climate. With the tornadoes striking near here during the past few days, quite likely more were ready to "pack up and leave."

In looking around us, though, just where can one go to escape the few perils of nature? Certainly, there are some places where the climate is more agreeable the year around than in West Texas or Eastern New Mexico. But, we have come to believe that citizens of this immediate area are better off in regard to weather than people in many other parts of the country.

Take other points in the nation in recent years, or even the last few weeks, for instance. On the West Coast it has been the earthquakes; to the north and east, as close as 50 miles from here, the severe blizzards and floods; to the extreme east, the hurricanes; and closer to home, in most all directions, the tornadoes.

Even though Texico-Farwell was right on the edge of the blizzard several weeks ago and the tornadoes this past week, this area was untouched. The worst to hit here during both these sieges were sand storms.

All the above-mentioned weather conditions which have prevailed elsewhere, have been destructive forces, claiming lives and causing damage in the millions of dollars. What have we had here? Nothing that compares with them.

Just because we haven't been lashed by any of the more severe forces of nature, there is no assur-

ance that we will never be, but past history shows that this area has a comparatively moderate climate the year around.

We have a few quirks of nature which are disagreeable, but considering what other folks have been having, leads us to believe that people of this area are fortunate. This year, especially, when there has been more rainfall than in the past and the wind and sand storms have not been as numerous as in the last few years.

When we start complaining about the weather, maybe we'd better take note as to what other parts of the country are plagued with. If we do this, we'll probably find that these sand storms "aren't bad at all."

Texico Track Team To District Meet

The Texico Wolverines will be in Ft. Sumner Saturday for the District 6-B track and field meet. There are about 10 schools who will be participating and competition is figured to be strong in each event.

Expected to field the best teams are Melrose and Ft. Sumner. However, the Texico lads have a few pretty good boys in some of the events and should come up with some winners in most of the events will qualify for the state meet early in May.

In some of the events, qualifying marks have been set, and all boys equalling or bettering them will be eligible for state participation.

It is the final regularly scheduled meet for Coach C. B. Stockton's team, unless some of the tracksters qualify for state.

Billingtons Attend Funeral Saturday

Mr. and Mrs. Sterlyn Billington and children, Lavoyda, Katherine and Mike, returned to their home here Tuesday afternoon after attending the funeral of Billington's brother-in-law, W. A. Montgomery, in Downey, Calif., on Saturday.

The Billingtons left here last Wednesday. Also attending the funeral were Mr. and Mrs. S. G. Billington and Morgan Billington of Texico. The S. G. Billingtons remained in California to visit for an indefinite length of time.

Before returning home, the Billingtons made some sightseeing tours, including a trip to Hollywood. They also visited in Norwalk while in California.

Community Club Meets Monday

The Lazbuddie Community Club met last Monday night and elected the following new officers: Clarence Mason, president; E. A. Parham, vice-president; and Demp Foster, secretary-treasurer. The purpose of this club is to sponsor the Little League and Pony League in this community, and is carried on by donations only. The finance committee consists of Junior Matthews, Fred Wubanks, and Alfred Steinbock. Purl Tippie and John Bond will coach the teams.

NOTICE

Parents, remember Friday, April 26, has been set as visitation day for children who are entering school for the first time this fall. Bring or send your child so that he or she may become acquainted with school surroundings.

Elementary Grades Enjoy Outings

The elementary grades have been taking their field trips the past two weeks. These have been enjoyed to the fullest extent, not only by the students but also by the teachers and parents who accompany them. Both teachers and parents feel this has broadened the students' educations far more than books alone could do. Grade school rooms also had their an-

nual Easter egg hunts and parties Friday afternoon.

Mr. and Mrs. James G. Ward are the parents of a new son born April 17. The young man has been named Paul, and he has two older brothers, Mike and John.

Mr. and Mrs. Walter Hansen, Irene, Lynn, Elaine and David visited her mother, Mrs. Irene Wickson, in Lamesa on Sunday.

Barnes Family Has Get-Together

The family of Mrs. Perry Barnes enjoyed a picnic and get-together at the park in Clovis, Sunday. Those attending were Mr. and Mrs. Perry Barnes Jr., Johnny, Ronnie and Valinda, Mr. and Mrs. Wesley Barnes, Maudine, Wynell, and Royce Wayne, Mr. and Mrs. Jimmie Seaton, Jimmy Dale, Charlotte, Theresa, and Ricky, Mr. and Mrs. J. S. Menefee, Leslie Keith and Carolyn who are here visiting from Corpus Christi, Mrs. Perry Barnes, and Lois Vanlandingham.

Mr. and Mrs. Herbert Clay treated the community children to an Easter egg hunt Sunday afternoon in the wheat patch by the store.

Mrs. Bill Collins from Floyd, N. M., visited her parents, Mr. and Mrs. G. L. Splawn, over the weekend.

Sunrise Service Is Held Sunday

A Sunrise Easter service was jointly sponsored by the Methodist and Baptist churches at the Methodist Church Sunday. The auditorium was decorated with

lilies and palms with a three foot satin covered styrofoam cross in the center of the altar. A large Bible lay on a table beneath the cross and this was lighted with a blue spotlight. Besides the spotlight, a large candelabra on each side of the choir furnished the light. Appropriate songs were sung and the reading of the crucifixion and resurrection was given.

Sunday afternoon guests in the home of Mr. and Mrs. James Robinson and girls were Mr. and Mrs. George Crain, Mr. and Mrs. Jay McDonald and Kim, and Mr. and Mrs. Mike Langford and girls from Dimmitt.

Mr. and Mrs. J. P. Stine, Ben and Bob of Plainview visited in the home of Mr. and Mrs. David Johnson, Ronnie and Don on Thursday afternoon.

Rudolph Pyritz Dies Wednesday

Funeral services will be conducted Friday at 2:30 p. m. in the Lazbuddie Baptist Church for Rudolph Pyritz who died at 7:20 a. m. Wednesday, April 24, in the hospital at Muleshoe. Mr. Pyritz had been hospitalized with a heart condition since the latter part of March.

A farmer in the Lazbuddie community for the past 32 years, Mr. Pyritz moved to Parmer County from Frederick, Okla., in 1912. He was born December 7, 1886, in Feing, Germany, and came to the United States when just a young man. He was a member of the Lazbuddie Baptist Church.

He was married to Anna Steinbock in 1911, and is survived by three sons, Clarence of Cheyenne, Wyo., LaVern of Enid, Okla., and Clifford of Odessa; one daughter, Mrs. Gertrude Haran of El Paso; and three grandchildren.

Interment will be in the Lazbuddie Cemetery.

Group Enjoys Trip To Lubbock

Mr. and Mrs. Max Steinbock, Mr. and Mrs. Andrew Brown, Mr. and Mrs. Gene Smith, Mr. and Mrs. Ralph Broyles and children, Mr. and Mrs. Bobby Broyles and children, Mr. and Mrs. Richard Barnett, Mr. and Mrs. Jackie Loooper and children, Mr. and Mrs. Beardean Broyles and Becky, Kaye Anne Smith, Rex Steinbock, Troy and Delayne and Betty Monett all were in Lubbock for the drag races on Sunday, but due to the weather the races were called off, so all enjoyed the afternoon in the park. They reported seeing Mr. and Mrs. Ted Treider and Mr. and Mrs. Joe Cox there also.

Wilson's Visit In Oklahoma

Mr. and Mrs. A. H. Wilson spent several days recently in Oklahoma City visiting his mother, Mrs. A. H. Wilson Sr., his sister and family, Mr. and Mrs. Harvey Smith, and their granddaughter and family, Mr. and Mrs. Ray Melton. On their way home they visited their daughter, Mrs. Mary Knowlton, who lives in Broken, Okla., and another daughter and family, Mr. and Mrs. David Robertson and family at Amarillo.

Guests in the home of Mr. and Mrs. James H. Jennings on Sunday were his sister and family, Mr. and Mrs. Cecil Malone, Ronnie and Agatha, of Hereford, Miss Jan Carthel from Plainview and his parents, Mr. and Mrs. O. M. Jennings.

Misses Joy Smith and Juanita Scott spent the weekend in Amarillo shopping and visiting their aunt, Mrs. W. E. Pugh.

At Canyon

Mr. and Mrs. John L. Seaton visited during the weekend in Canyon with his mother who has been ill for quite some time. They report she is some improved. While there they got to visit his sister and family, Mr. and Mrs. J. H. Marsh, Sherry Lee, Virginia Kay and Neta from Texline who were also visiting her mother.

Word has been received that Leonard (Chunk) Smith has been sent to Ft. Ord, Calif., for his basic training.

Mr. and Mrs. David White visited her parents, Mr. and Mrs. Alfred Steinbock, Jenny Lynn and Buster, on Sunday.

Shower Planned For Cantrells

Members of the WSCS of Hamlin Memorial Methodist Church met for a regular meeting at the home of Mrs. N. L. Tharp on Wednesday afternoon.

The group decided to sponsor a miscellaneous shower for Rev. and Mrs. R. C. Cantrell and family who will be leaving here soon to make their home in Portales. Rev. Cantrell has been pastor of the local church for the past two years.

The shower is to be held at the church on Wednesday evening, May 1, starting with a pot-luck supper at 7:30. Everyone is cordially invited.

A WSCS spokesman says that persons whose last names begin with letters from A through G are to bring meats; names beginning with letters from H through M are to bring vegetables; those beginning with letters from N through S are to bring salads; and those beginning with letters T through Z are to bring desserts.

Mrs. B. N. Graham presided at a short business session at Wednesday's meeting and announced that a zone meeting is to be held on Tuesday of next week at Clovis.

Mrs. Curtis Jones led the day's study on "Our Plus Becomes a Cross." She was assisted by Mrs. B. N. Graham, Mrs. E. G. Blair and Mrs. W. N. Foster who discussed mission work at home and in foreign fields.

Assisting Mrs. Tharp with hostess duties was her granddaughter, Kathy Bell. They served refreshments of angel food cake, ice cream topped with strawberries, and tea or coffee to Mesdames W. J. Matthews, Lena Yoder, Ralph Humble, Shorty Milstead, E. G. Blair, J. R. Thornton, W. H. Graham Sr., A. D. Smith, E. E. Booth, Albert Thomas, G. W. Atchley, Curtis Jones, W. N. Foster, B. N. Graham, Grace Sanders and one guest, Mrs. Mable Porterfield of Topeka, Kans., sister of Mrs. Smith.

Woman's Club Plans Game Night Activity

Adults of this area are invited to a "42" and bridge game night at the Texico Woman's Club building on Saturday evening, April 27, beginning at 8 p.m. Admission to the game night will be \$1 per couple and persons may play all evening for this price. Refreshments of pie, cake, coffee and pops will be available. Each club member is reminded to bring a cake or pie to the club building not later than 7:30 p.m. on Saturday.

The usual Teen Center is not being held for the youth this week as the game night has been scheduled for the adults, says Mrs. Fred Danforth, club president.

Funds derived from this project will be used to pay for folding chairs for the building. Mrs. Danforth urges each club member to attend and to bring a guest.

Next meeting of the club will be Tuesday evening, April 30, at the home of Mrs. Curtis Miller at 8 o'clock. Mrs. Frank Doshier will be co-hostess with Mrs. Miller for this meeting.

Agrie Jones, Texico school superintendent, and Scotty Levins, mayor of Texico, will discuss the summer youth program at the beginning of the meeting. The business session of the club will be last on the agenda for the meeting.

Mrs. Danforth wished to express appreciation from the club to Mrs. Bob Anderson who donated a couch to the club building.

If our kids were in school, we'd be getting a little fidgety about PTA right now. The Tribune, in a sense, has supplied the president for that organization for the fourth straight year, and we might be wondering whose name would come up next.

It all began four years ago when Joann Getz served her term of office at the head of PTA. She did such a good job that her husband, John, was voted into the prexy's chair the next year. We feel he is a member of The Tribune family.

He was vice-president last year, and after the resignation of the president, his duties placed him in top position part of the time.

And the new president was elected last week. Guess who—Audrey Terrell, one of our staff members.

We think it has about run its limit. There is just no one else on our staff who will be eligible for the job next year.

We appreciate the calls from you people who are interested in buying stationery for graduation gifts. We ordered a nice assortment of stationery this week and the order should be here by the first of next week, so we can show you what is available.

All proceeds from the sale of the cards or stationery will be put into the swimming pool fund. So far, we have quite a lot tied up in the stock for the cards and hope to have \$25 to \$50 to contribute to the fund by the end of the summer.

From there, we'll just keep trying. On most of the assortments we have, 40 cents profit is derived, so for each \$1 box that you buy,

40 cents goes to recreational facilities.

The foot doctor that we've been seeing about the state of our feet at least tried to make us feel good about the standard shoe we'll be wearing for the rest of our life for work. He informs us that they don't have to remain white—they just dye beautifully, and any color, too.

These pretty days have people talking about many things, such as the summer youth program, the proposed swimming pool, gardens, and yards.

And we've never seen so many boats in a "high and dry" area. All sorts of plans are being made for the summer, from vacation trips to vacation Bible schools, to just putting the air conditioner up.

People seem to come out of their cold winter shells too, as they begin gardening and visiting over the back fence with their neighbors. We particularly like this time of year.

Something a little different that you might want to try is cranberry swirl. And if you use a cake mix to stir it up, there is nothing to it.

Use a white mix or yellow would

do just as well, we think. Prepare two 8" layer pans, then beat batter as label directs. Turn batter into pans.

With a fork, mash up 1 cup of canned cranberry sauce and sprinkle it over the batter. With the broad side of a small spatula, make a zig-zag line through the batter, about two up and down strokes. Bake as directed. We served ours plain with whipped cream, but it seems that it would lend itself well to coconut frosting.

It's delicious with coffee.

Sam, the littlest angel in the Prof Morton home, likes to say grace at the dinner table, and has his own prayer.

He is a child of a few words, and the blessing expresses a small boy's expression of praise. He sits at the table, bows his head, and says rapidly, "God is great! Amen!"

Visiting with Mr. and Mrs. Austin Jones during the weekend were her daughter and family, Mr. and Mrs. A. C. Henneman and daughter of Amarillo, and her son, Ronny Dial, of ENMU, Portales.

In your "Home Sweet Home" make sure there is no room for falls.

Cadillac

Listen to What Its Silence Says!

Ever hear a motor car tell its own story?

Well, just get behind the wheel of a new 1957 Cadillac—head for your favorite stretch of highway—and listen!

Of course, the truth of the matter is that you won't actually hear anything. For a 1957 Cadillac in operation is as quiet as human skill and ingenuity can make it.

But imagine, if you will, all the wonderful things the car will be telling you through the voice of its own silence!

First of all, it will speak—and most eloquently so—of the soundness of Cadillac styling. For the car is so scientifically designed that even the onrushing wind is reduced to a gentle whisper.

It will tell you of the genius of Cadillac engineering. For every aspect of the car's brilliant performance goes about its work in soundless harmony.

And it will reveal the care and the skill of Cadillac craftsmanship. For even when it travels the most neglected of byways, the car remains wonderfully silent.

If you have yet to sit at the wheel of a 1957 Cadillac and hear this wonderful story for yourself, then we urge you to delay no longer in doing so.

We hope you will visit your Cadillac dealer soon—spend an hour on the highway—and listen to the most eloquent message a motor car ever delivered on its own behalf!

NP's Must File For Commissions

Parmer County notaries public were reminded this week by Hugh Moseley, county clerk, that they must re-qualify themselves between June 1 and June 10th if they want to keep their commissions.

Secretary of State Zollie Steakley has announced that he will reappoint persons now holding commissions, but they must file a new oath and bond with the county clerk in that period.

Steakley emphasized that notaries should not send requests directly to him. The law requires the county clerks to approve notary bonds.

Any Parmer County person not now a notary who desires appointment should apply to Moseley. Prospective notaries must be at least 21, and a resident of the county in which he is appointed.

GOC Has Weather Alerts

Members of the Texico-Farwell Ground Observers Corps were alerted on three different occasions during the past week to report severe weather conditions. The group was first on duty Saturday from 2-9 p.m. to notify the GOC headquarters and local people if any tornadoes were seen approaching the area.

Also, they were summoned out Sunday night from 9-12 p.m. and on Monday from 9 a.m. to 7 p.m. No tornadoes were spotted in this immediate area, although some were seen at nearby points.

Members who participated in the alerts were Wilma Limer, Billie Kittrell, LaMoin Williams, Wilfred Quickel, John Armstrong, Dick Hapke, Bill Quickel, Jimmy Armstrong, Paul Wurster, Herbert Potts, Otis Huggins, Lex Huggins, Mem Sprowls, and Jim Keith

Farwell Host To District Meeting

Farwell was host to the district FFA meeting last week. Fourteen of the 16 schools in the Littlefield district were on hand for the last meeting of the year and the students and instructors had separate business sessions.

Business for the instructors included checking of applications for Lone Star Farmers. Farwell did not have any boys applying for the state degree this year, says Robert Morton, instructor.

Main item of business for the students was a public speaking contest. The winner, who was a Friona lad, will represent the district in the state meeting.

Texico Auto Service Has New Building

The Texico Auto Service moved to a new location this week, following completion of a new building across the street from Roberts Seed Company. The new 30 x 40 structure has been under construction for the past several months.

The old location of the business was east of the Camp Fire Drive. In. Howard Rogers is owner of the firm.

Commissioners Canvass Ballots

At the regular meeting of the Parmer County Commissioners Court Monday, the ballots of the past county school trustee elections were canvassed and the results approved. Also, the possibility of calling an election to increase the tax rate was discussed. Other business was routine.

No action was taken on the election, as the group is awaiting the return of several petitions, which are being circulated, concerning the calling of it. When called, Parmer County voters will be asked to vote on the tax increase of 25 cents per \$100 valuation, to increase the right-of-way fund.

Present at the meet Monday were A. D. Smith, judge; J. H. McDonald, E. G. Phipps, Charlie Jefferson, and H. L. Ivy, commissioners; and Hugh Moseley, clerk.

Texico Competes In County Meet

Texico's two track teams, the junior high squad and the Wolverines, were in Clovis last Wednesday competing for honors in the County track and field meet. The junior team placed third and the Wolverines came in fourth.

Coach Chas. Stockton's Wolverines placed in eight of the events. Winning Texico's lone first place was Alex Brown, who heaved the discus 108 feet, 7 inches. The top individual performer for the Texico team was Raymond Hadley, who placed in three events.

Hadley won second in the 100-yard dash, and fourth in the javelin and 180-yard low hurdles. Others who copped points for the locals were Joe Glaze, third in

the 120-yard high hurdles and a tie for fifth in the high jump; Jerry Reid, fifth in the mile; and Jerry Bowers, tie for fifth in pole vault.

Copping top honors in the meet were the Clovis Wildcats, who compiled 81 points. Second was Melrose with 79, followed by Floyd 20, Texico 17, Field 5, and Grady 4.

Leading Coach Curtis Miller's junior high squad was Leslie Dyer, eighth grade speedster. Dyer won the 220-yard dash in 24.9, finished second in the 100-yard dash, third in the 50-yard dash; and third in the 120-yard low hurdles. He compiled 15 of Texico's 21 points.

Other Texico lads who placed were Wesley Engram, third in the 220; and Jerry Wyman, third in the 440-yard dash; Also, the 440-yard relay team finished third.

Winning the meet were the Clovis Kittens with 91 1/2 points. They were followed by Melrose 32, Texico 21, and Floyd, 20 1/2.

FFA Judging Teams To Area Meeting

Five judging teams, composed of Farwell ag students, will be in Lubbock Saturday participating in area contests. The area is comprised of 160 schools and about 1,600 boys will be participating in the contests, says Robert Morton ag instructor.

The top 10 percent of the boys in each contest will qualify for the state contests on May 4. Fifteen boys will represent Farwell at the meet, which will be conducted at Texas Tech. The boys will leave Friday afternoon and will return Saturday afternoon, Morton says. The five divisions which Farwell will be entered in are poultry, land, dairy cattle, dairy products, and meats. The boys who will make the trip from Farwell were to be named today.

Anthrax appeared in Ohio this year on a pasture on which hogs developed anthrax in 1952. The disease in 1952, was presumably transmitted to the hogs from contaminated imported bone meal. The 1956 outbreak in cattle is the first known reports of anthrax re-appearing on fields contaminated from that source.

Civil Service Test To Be Given May 11

All interested adults and high school seniors of the Texico-Farwell area are reminded that a civil service test will be given Saturday, May 11, starting at 8 a.m. in the typing room of the Texico School.

The examination is being given by representatives of the personnel department of Clovis Air Force Base.

Mrs. Agrie Jones, commercial teacher at Texico School, made arrangements for the test to be given locally.

Trib News Story Wins First Place

The State Line Tribune was among four Texas weeklies to win certificates of merit in a contest sponsored by the Texas Tech Chapter of Theta Sigma Phi, women's honorary journalism fraternity.

The award winners were announced at the society's annual Matrix Table banquet recently. The Tribune won first in the news story division. The winning story, written by W. H. Graham Jr., concerned a local forgery case, and was carried in the paper last January.

Other winners were the Tulia Herald, the Big Spring News, and the Seminole Sentinel. Judges for the contest were members of the faculty of the Tech journalism department.

City Commission Facing Problems

Continued From Page 1)

1, 1958. This will be gone over by the commissioners and voted on in the near future.

The proposed budget calls for an expenditure of \$21,431. The total estimated city revenue, based on ad valorem taxes, sewer fees, garbage fees, franchise fees, and city hall rentals, is \$21,911.12.

In regard to the property valuations, the mayor did not say just what would be done. However, he did say that he favored exact valuation of homes in Farwell. He was referring to a clause in the statutes which states that no home will be valued at more than \$10,000.

The meeting time for the commission's regular meeting will be the first Friday of each month, beginning at 5:15 p.m. The mayor says that this regular meeting date was arrived at so as to not interfere with other meetings and

functions at night. "Most people get off work at 5 p.m. and that will give them a few minutes to get to the meeting should they like to attend," Aldridge says. He sited various other meetings which take place at night and would interfere with a city meeting in the evening.

The new commissioners who are just taking office are Aldridge, Smokey Gast, and L. E. McKillip. They were elected to their posts in a city election on April 2.

Post Office To Continue 8 1/2-Hour Window Service

Service at the Texico-Farwell post offices was back to normal this week, except for the 8 1/2-hour window service. The two local offices were open this past Saturday and will be open every Saturday in the future, and rural mail carriers will once again make their runs on Saturdays.

The above three cut backs in service were the only ones to go into effect locally before the appropriation of more funds in the postal department. The shortened services were those ordered by Postmaster General Arthur Summerfield. The 8 1/2 hours which local post offices will be open are from 8:30 to 5. They had previously been open from 8 until 6.

CORRECTION

Last week The Tribune carried a story listing the names of the girls who won letters in athletic events at Farwell this past year. Two freshman girls were omitted from the list. They were Carol Hukill and Judy Jesko.

Mrs. Kate Phillips To Have Surgery

Mrs. Kate Phillips will undergo surgery at Clovis Memorial Hospital Friday of this week, say family members. Mrs. Phillips entered the hospital on Thursday of last week and reports were that she was "feeling pretty good" Wednesday afternoon.

Pvt. Preston Cain Visiting Relatives

Pvt. Preston Cain arrived here Friday night, April 19, for a visit with Mr. and Mrs. Ray Mears and family and other relatives and friends.

Cain has been stationed at Camp Carson, Colo., and will report for duty at Albuquerque, N. M., on Friday, May 3.

Class of '42 Has Reunion

"Dearie, Do You Remember When?" was the topic of conversation Saturday night, April 20, when the Oklahoma Lane High School graduates of 1942 held a reunion at a Clovis restaurant.

Nine of the 11 graduates of that year were present, including Mrs. Allen Bryant (nee Mary Christian) of Amarillo, Mrs. Marvin Brazil (nee Ida Jean Berry) of Canyon, Mrs. Edsel Paden (nee Oleta Thompson) of Fort Worth, Mrs. Bill Harmon (nee Paula Jenkins) of Dimmitt, and Mr. and Mrs. Lloyd Gober (who were the only two classmates to decide "it was love" and the only class members who still call Oklahoma Lane "home"). Mrs. Jay Boone (nee Ruth Donaldson) of Clovis, Joe W. Hromas of O'Donnell and Ed Foster of Clovis.

Attending with their wives were Allen Bryant, Edsel Paden, Bill Harmon and Jay Boone.

Members of the class unable to attend were Mrs. Herman Henson Jr., (nee Frankie Hammonds) of Cotton Center, and Austin Young of Salem, Va.

After the dinner, the group went to the Boone home for further reminiscing. There they discovered that not only had all of them been graduated from school at Oklahoma Lane, but they all started together at that school.

Class members decided that "old acquaintance should not be forgot" and plans are in the making for another get-together next year.

Carrol Foster Has Birthday Party

Carrol Foster, five-year-old son of Mr. and Mrs. Murrill Foster, celebrated his birthday on Monday, April 22, with a party at the home of his parents.

After several games were enjoyed by those attending, refreshments of birthday cake and punch were served. Favors of party hats and horns and bubble gum were presented to the guests.

Attending were Loy Beth Christian, Pamela Grissom, Trummie Christian, Debbie and Gary Gober, Greg and Roddy Hromas, Tina, Sheree and Gay Rundell, Buddy and Bobby Foster, Ricky, Vickie and Artie Kunselman and Neda Foster.

Also present were Mesdames Wendol Christian, Scotty Gober, Glenn Hromas, Donald Christian, Merrill Rundell, Wayne Foster, Leon Grissom and Nelson Foster.

Mr. and Mrs. Delbert Garner and family visited the first of this week in Littlefield and Merkel.

Mrs. Dee Brown was in Canyon on Friday of last week to be with her sister who underwent surgery.

Margaret Verner, Barbara Garner and Robert Hukill, all of Lubbock, visited during the Easter holidays with their parents in this community.

Rev. and Mrs. Irving Looney and family visited Monday in Leveland.

Hubert Payne was a dinner guest in the E. H. Young home on April 21.

Mr. and Mrs. Murrill Foster and family were Sunday dinner guests in the home of Mr. and Mrs. Frank Wilson.

Knick-Knack Club Has Meet Thursday

Mrs. R. E. Blankenship was hostess to the regular meeting of the Knick-Knack Club at her home on Thursday, April 18. Members spent the afternoon making dish towels and pillow slips for Boys' Ranch.

Refreshments of sandwiches, date bars and pink lemonade were served to Mesdames Tom Lindop, Lora Brown, George Douglas, L. D. Rundell and Kim, Eva Nelson and son, Dorothy Brown, Dee Brown, Owen Patton, and one guest, Mrs. George Lindop.

Jones Home Is Site Of Egg Hunt

The home of Mr. and Mrs. Melborn Jones was the scene of an Easter egg hunt on Sunday afternoon. Present for the occasion were Mr. and Mrs. Weldon Rundell and Gwendolyn, Mr. and Mrs. Merrill Rundell and daughters, Mr. and Mrs. Wayne Foster and sons and Mr. and Mrs. Wendol Christian and daughters. After the hunt, the group enjoyed refreshments of homemade ice cream and cake.

From Hospital

Mrs. Dan Routon, who recently underwent surgery at Clovis Memorial Hospital, returned to her home last Friday and reports are that her condition is steadily improving.

BAPTIST CHURCH NEWS

Rev. Irving Looney, Pastor
The church's spring revival came to a close at the Sunday evening service. Thirteen additions were made to the church during the revival, including nine by letter and four on profession of faith and baptism. Sunday School attendance on Easter Sunday was 165. Training union attendance was 58. Special music was presented by the choir members who sang, "He Arose."

Ruby Parker Circle of the WMU met at the home of Mrs. E. H.

One out of every six work accidents are due to falls. About 3,000 persons are killed on the job every year because of falls.

Young on Monday afternoon. The meeting was opened with prayer by Mrs. Young and Mrs. Harold Carpenter directed the study from the book, "The Great Prayers of the Bible." Others present were Mrs. Frank Edwards and Mrs. Howard Garner.

Mrs. Dee Brown and Mrs. Harold Carpenter attended a vacation Bible school clinic in Lubbock on April 19.

All young people and intermediates of the church and those who do not attend Sunday school elsewhere are urged to attend services at this church on Sunday, April 28, when the youth groups will be in charge of all services except the preaching.

METHODIST CHURCH NEWS

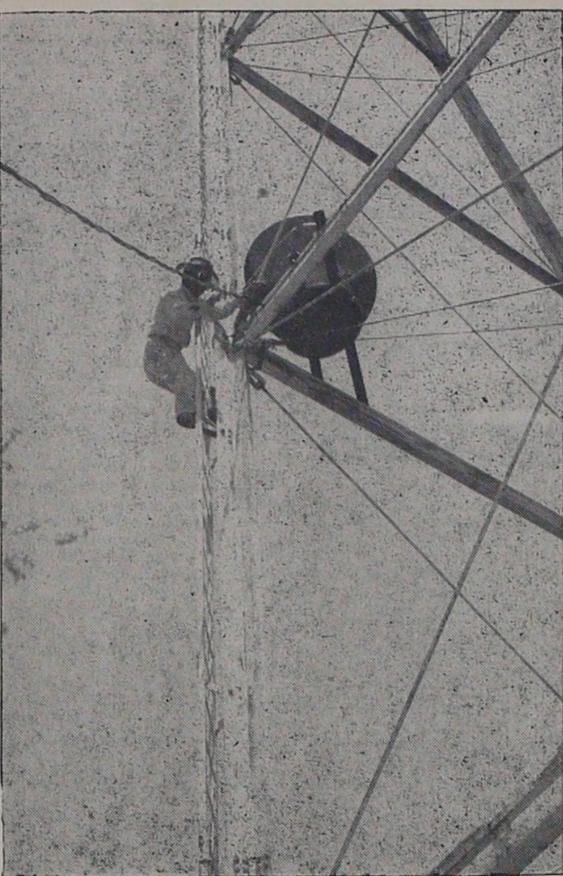

Rev. Vernon Willard, Pastor

Attendance for Sunday School on Easter Sunday was 124. David Willard furnished special music as he played "The Holy City" on the piano.

B. J. Foster surrendered for the ministry and Melvin Sudderth surrendered for full time Christian service.

B. J. Foster was speaker for the evening service and used St. Matthew 28:16-20 for his text.

Wendol Christian will speak at the Sunday morning service on April 28 in the absence of Rev. Willard who is conducting a revival at Sterley, east of Plainview. Rev. Rex Newkirk is pastor of

that church. B. J. Foster will speak again at the evening service on April 28.

Among the visitors present for the worship services on Easter were Mrs. Loucile Foster, Robbie

and Rebecca of Abilene, Mr. and Mrs. C. W. Grissom and family of Taiban, N. M., Ernest Foster Sr., and Mr. and Mrs. Ernest Foster Jr., and family of Clovis, Mr. and Mrs. Earl Cole and family of Panhandle, Miss Clo Ann White, Miss Sandra Patton and LaVon Jones of West Texas State College, Canyon.

Ruth circle of the WSCS met Thursday night, April 18, at the church. Mrs. Lawrence Cooper directed the study of "Youth in a Responsible Society." Others participating on the program were Mrs. Vernon C. Willard and Mrs. Wendol Christian. Mrs. B. J. Foster gave the meditation.

Those present besides those mentioned above were Mesdames Merrill Rundell, Donald Christian, Wayne Foster, Howard Hunter, Melborn Jones and James Roach.

Meeting Monday afternoon, April 22, at the church were members of the Naomi circle of the WSCS. The opening song was "In Christ There is no East or West" which was followed by prayer by Mrs. R. E. Blankenship.

Mrs. T. L. Kent directed a study on "Paul's Letters to the Churches." She was assisted by Mrs. Lee Jones and Mrs. V. E. Willard.

Mrs. C. C. Christian presented the devotional taken from the 12th chapter of Romans. The program was concluded by prayer by Mrs. Claude Primrose. Mrs. Curtis Jones and Mrs. Sam Billingsley were also present.

The Couples Class of the church enjoyed a social at the fellowship hall of the church on Friday night, April 19. Mrs. Donald Christian presented a devotional on "Bigger and Better Elephants."

Games and refreshments were enjoyed by Mr. and Mrs. Floyd Embry, Mr. and Mrs. Donald Christian, Mr. and Mrs. Merrill Rundell, Mr. and Mrs. Wayne Foster, Mr. and Mrs. Howard Hunter, Mr. and Mrs. Melborn Jones, Mr. and Mrs. Vernon C. Willard, Mr. and Mrs. Troy Christian, Miss Becky Foster, Robbie Foster and LaVon Jones.

Mr. and Mrs. Henry Young of Floydada and Miss Bonita Heckman of Lubbock were weekend visitors in the home of Mr. and Mrs. E. H. Young and family.

Sunday dinner guests in the home of Mr. and Mrs. James Roach on April 21 were Ernest Foster, Sr., Mr. and Mrs. Ernest Foster, Jr., all of Clovis, Mr. and Mrs. Earl Cole and family of Panhandle and Mr. and Mrs. Bill Hubbell and family of Farwell.

Jimmy Derrell Puttman, 10 year old son of Mr. and Mrs. Delbert Puttman, spent the Easter holidays with his parents. Jimmy is attending the Texas School for the Deaf in Austin.

Mr. and Mrs. Benny Darnell of Amarillo were Saturday night supper guests of Mr. and Mrs. Donald Christian.

Rev. and Mrs. V. E. Willard and Ginger spent Thursday in Amarillo visiting Rev. Willard's father who is in the hospital there. The elderly Mr. Willard will undergo surgery when his condition permits.

Elmer and Tommy Snodgrass of Tulia returned Mrs. Alice Snodgrass to her home here on Saturday. Mrs. Snodgrass had been visiting her children in Childress and Tulia for some time.

Easter Sunday dinner guests of Mr. and Mrs. C. C. Christian and Phyllis were Rev. and Mrs. V. E. Willard and Ginger, Judy Billingsley, and Mr. and Mrs. Wendol Christian.

Mr. and Mrs. B. J. Foster and sons and Mr. and Mrs. Donald Christian and Trummie were dinner guests in the home of Mr. and Mrs. T. L. Kent on Sunday, April 21.

Mrs. Flora Hicks of Gorce, Tex., is visiting in the home of her parents, Mr. and Mrs. Dan Routon.

Mr. and Mrs. Vernon C. Willard and Terrie visited with relatives in Amarillo on Easter Sunday.

Mr. and Mrs. John Turlington of Clovis visited Sunday, April 21, in the home of Mr. and Mrs. E. W. McGuire. Also visiting the McGuires on Sunday evening were Mr. and Mrs. Clyde Perkins.

Mrs. Walter Verner and Mrs. Glenn Underwood are spending this week in El Paso.

Faith and the Atomic Age

Electronic Brains—Earth Satellites—Rockets to the Moon—just thinking about them makes your head swim. Ten years ago this sort of thing was only in science fiction. Ten years from now—or even less—everyday realities.

Even as we read of these fantastic possibilities, a small, still voice insists on being heard . . . "Where do I fit into the Atomic Age?"

The answer will not be a simple one.

But out of the promises and the perils, the strength and daring of our forefathers that have made America

great will speak out again—clear, true, forthright:

Those of us who have founded our lives on the bedrock of Faith will find our answers—and live peacefully by them. From our churches and synagogues we will draw the courage to make the Atomic Age an age of promise and fulfillment.

We do not know what the future lives of our children will be. The best we can give them now is the security of Faith. Whatever your beliefs, start now to build your life and that of your family on a firm foundation of truth and Faith.

Build a strong, richer life . . . worship together every week!

Pig Parlor Is Factor In Swine Production

By Fred Reagan

At least in the business of swine production, Melvin Sachs is a pioneer in his own right. Sachs is the possessor of something comparatively new in this section of the country, a "pig parlor."

A few years ago, perhaps, not a person in this area, or elsewhere for that matter, would have conceived the thought of associating the two words "pig" and "parlor." Nowadays, however, it's a differ-

ent story. In fact, as far as Sachs is concerned, the two words go together as well as "ham and eggs."

The pig parlor is "the latest thing in raising swine" and Sachs is one of the first farmers in this area to give it a try. And now, after marketing six of his parlor productions at a favorable price, he isn't in the least sorry that he tried it.

Probably the most notable factor in Sachs' parlor is the absence of

the old ankle-deep "hog wallow," which people used to think was the very thing on which pigs thrived. Research, however, has proved that the filth and mud in which pigs have lived is conducive to disease. And disease is conducive to red ink in the money column. Thus the pig parlor.

Now the pigs never see the wallow. They are raised on hard, clean concrete. In fact, the whole plant at Sachs' farm is as unlike the old pig-producing facilities as anyone could imagine.

The plant looks something like this: It's about 20 by 40 feet with a roof, and a semi-wall on the lower half. The floor is concrete. In this "house" Sachs' pigs spend their lives.

Last week, six of the animals were marketed at a nearby livestock market at a favorable price. According to Sachs, the plant is

yet incomplete. Improvements are needed and will be made soon. When it is complete, the parlor will be "a saver of time, effort, and money."

The parlor necessitates cleaning twice a day, in the mornings and evenings. This presents a relatively simple problem. The concrete floor is sloped. Refuse is pushed in the bottom of the slope and disposed of from there.

"All in all," Sachs says, "it's a real improvement on the old method. The diet of the pigs is not changed. They require even less care. Figuring the investment and the cost involved, comparative profit is more."

This is the first year for Sachs with the pig parlor. In previous years, he has raised swine on a moderately small scale. Now he is expanding and plans to continue to do so.

He adopted the plan due to the dropping of various grain prices. He feels that many farmers will be forced into the meat producing business if grain prices continue to remain low. "I look for a lot more cattle to be raised this year than last," he says.

As to the pig parlor idea, Sachs is noncommittal. "It is only a year or two old," he says. "People won't go into it on a large scale until it has been tried and found successful."

Brown patch is a rather common lawn disease in Texas. Extension Plant Pathologist Harlan Smith says most lawn grasses are susceptible, but that San Augustine lawns are more often attacked. The disease first appears as small brown spots in the lawn but spread rapidly. Smith says avoid over-watering of the lawn and should a serious outbreak occur, fungicides should be applied.

FANCY PIGHOUSE — Doyle Cummings shows what a modern-day "pig parlor" looks like from the outside. The open construction provides good ventilation, yet the pigs are protected from the weather.

Cotton's Problems To Be Discussed

The total market for U. S. cotton can dwindle to eight million bales or grow to 16 million bales in four or five years.

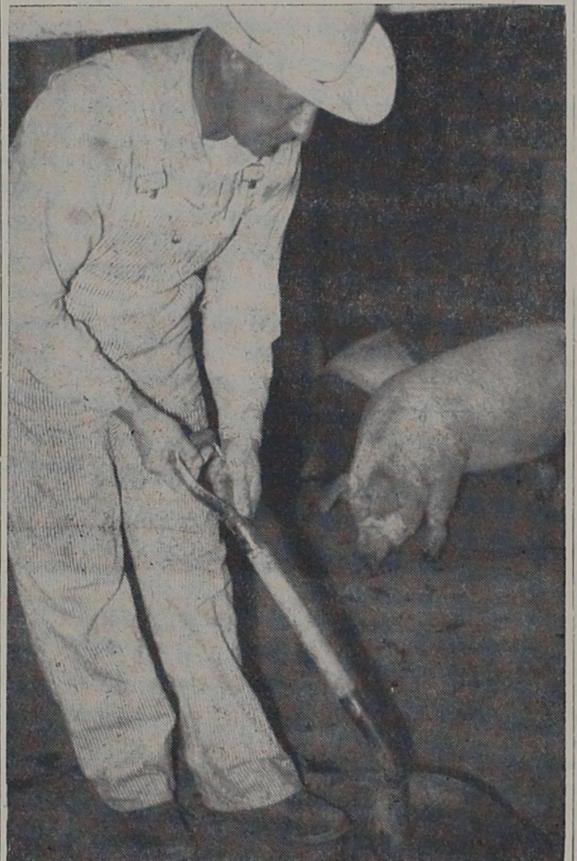

Facts supporting this statement will be discussed at a special meeting of cotton industry members at Bovina School Auditorium Monday, May 6, and at Friona School Auditorium Friday, May 10. Both meetings will be at 8 p.m.

The meetings are of a series being held in the major cotton growing counties of West Texas. It follows a recent meeting at Bovina where a representative group of Parmer County cotton farmers, ginners, and others listened to

basic information on cotton's problem program, and potential presented by staff members of National Cotton Council. It was recommended by the group at Bovina that the information be taken to a wider cross-section of the cotton industry through similar county meetings.

The local planning committees for the meetings are headed by Ovid Lawlis, Leo Ruzicka, Joe M. Brown, and Earl Chester. Speakers at the meetings will include Earl W. Lean, Robert Love, and Dale Anderson.

County farmers are invited to attend their choice of the two meetings.

"COME INTO MY PARLOR" says Melvin Sachs as he putters around in his pig parlor, the "latest thing in raising swine." The parlor, located at Sachs' farm in the northwest corner of the county, is a relatively new development in the pig production business. Sachs' is one of the first in this area.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Cotton socks are being used in a new way by Gilbert Kaltwasser in his irrigation plan. He says they work real good as suppressors on his aluminum outlet ports to prevent erosion where the water comes out. The cost is no higher than some other things such as sacks, and they last longer and are less bulky, he says. Now you may want to try this trick.

We have a few good quality canes on hand. We had one to begin with, which was given to us at a Farm Bureau meeting in Fort Worth a few months ago. An elderly gentleman tried it one day, and it was so superior to the one he had that he kept it and threw the old one away. They are light but strong. So if you know anyone who needs a good cane, we will furnish

it, free of charge.

Senate Bill S. 646, by Mundt of South Dakota and HR 5244 by Poage of Texas need the voice of opposition from ranchers and farmers we believe. It is known as a livestock "check-off" system to provide funds for promoting sale of livestock of all kinds. The check-off fee would be up to 10c for cattle or calves, 5c for sheep or lambs and 5c for swine. The charge would be made to every producer, but those who did not wish to contribute in the first place would be allowed a period of 30 days to request a refund. The request would have to be made after each sale.

There are several objectionable features to the bills, but here are the principle ones: They would cause auction barns and other such agencies to have to set up expensive bookkeeping extensions,

the cost of which would naturally be passed on to the livestock producer. Also there is the possibility that the cost of present retailer's and processor's advertising, which amounts to more than a hundred million dollars per year would be transferred to the producer. It would also jeopardize the continuation of the National Livestock and Meat Board's program, which has been doing an outstanding job in the field for 33 years. So Farm Bureau recommends that you join them in writing to Congressman Poage and Rogers in opposition to the bills. Where freedom or dollars are concerned, it is hard to gain a man's favor in giving freedom precedence.

Parmer County Has 17,230 Acres in Bank

With the signup deadlines for the 1957 reserve agreements past, a report from the Parmer County Agricultural Stabilization and Conservation office shows that 17,230 acres of cropland have been placed in the soil bank for this year.

County farmers have placed the largest number of acres in the 5 and 10 year conservation reserve programs. A total of 65 farms have acreage in the conservation reserve, totaling 10,483.4 acres. Rental payments for the year at \$10 per acre will give county farmers an income of \$104,834.

Practice payments for 1957, to help get the land in grass, will

be \$47,173. The total practice payments for this year and next, which should be all that is required to get the land in grass, are \$83,864, says Prentice Mills, local ASC manager.

Placed in the wheat acreage reserve this year are 6,133.5 acres under 73 contracts. Payments for placing wheat acreage in the soil bank will be \$59,949.85.

There are 30 contracts in the cotton acreage reserve program, tying up 613.5 acres. Total payments to farmers in this program will be \$34,145.50. The reason for the small number of acres in the cotton reserve, is that most farmers believe they can make

house in Farwell.

Six clubs were represented at the meeting with eight members of the council present. Mrs. Dee Chitwood, president, called the meeting to order and the reading of the minutes was given by Mrs. Floyd Rector who presided in the absence of Mrs. Walter Kaltwasser.

A discussion on a county-wide mosquito control program was held and it was decided that the council would sponsor the project and "get the ball rolling." Everyone is urged to check local newspapers for dates of various activities and reports that will be given by the council on this project.

Mrs. Joe Brummett reported on the recent district meeting which was held in Amarillo. Following the report of the council, given by Mrs. Gertrude Renner, the meeting was adjourned.

Silver Tea Is May 10

Friday, May 10, has been set as the date for the annual Silver Tea of the Parmer County Home Demonstration Council and will be held at the Friona Club House.

Plans were completed for the date and place of the tea at a meeting of the council on Monday, April 22, at the Home Demonstration Agent's office at the court-

more money by raising the cotton, Mills says.

In all three of the practices put into effect in Parmer County, total payments will be \$282,793.35.

THE PARMER FARMER

A sight to sicken the heart of any irrigation farmer is one that you can see most any day you want to tour the country around Lubbock. Take a look at the wells. See how they're producing. Rather, see how they're NOT producing.

Just a week ago, we drove from Lubbock north through New Deal, Abernathy, and Hale Center. New Deal farms used to have what people called "the finest irrigated country in the world." Eight and ten inch wells were commonplace.

Matter of fact, there are still quite a few eight inch wells. But the eight inch streams of water are about done for. It chills the spine to drive up to a well, hear the motor laboring away, and watch the discharge pipe dribbling out less than half the pump's capacity.

The open space from the water to the top of the pipe looks like a yawning cavern whenever the water drops to less than half a pipe. If they can't get any more water than this to start off the season, what will be the yield of these wells when the summer sun burns down and everybody is on the pump as hard as they can go?

The southeastern parts of the irrigated district are running out of water. This is a stark fact which has become impossible to ignore. Our irrigation water resources are not "unlimited"—far from it!

Why then, do we waste our water so willfully? We cannot understand it.

It's hard to believe, but planting time is here again. Some corn and sudan, and even some grain sorghum, is already in the ground, and a little bit is even up.

The big push is weeks away, of course, but it's amazing how time can slip by. Before we know it, it'll be time to cultivate that crop—and here we haven't even planted it yet!

Even at this late date, some farmers are still "on the fence" about what to plant some of their acres to. Sesame and hybrid corn are being eyed by many. C. M. Henderson says that from 2,000 to 2,500 acres of sesame appear likely to be planted in the Texico-Farwell area.

Doyle Cummings at Friona reports that from 1,200 to 1,500 acres may go in the northeastern part of the county. That'll be considerable acreage, compared to last year.

Corn acreage is anybody's guess, apparently. There was probably around 8,000 to 10,000 irrigated acres last year.

THE HAPPY HOMEMAKER

In a recent issue of a Santa Fe magazine we read a recipe that sounded very appetizing; however, we would never have thought of combining sweet potatoes and crushed pineapple. The name of the dish is somewhat unusual, too.

DISTAFF DIVERSION SWEET POTATOES, TROPICAL STYLE—Mix together in a 1½ quart casserole, 4 cups of mashed cooked sweet potatoes, 1 cup of drained crushed pineapple (14-oz. can), ½ cup of brown sugar, and three tablespoons butter. Add a dash of ground cloves. Bake in a 350 degree oven for 25 minutes or until bubbly hot. Makes 6 to 8 servings, and is a flavorful accompaniment to most any meal, especially ham, pork, or chicken.

Are you a chronic worrier? According to the opinion of leading psychiatrists, the habit of worrying is one of the easiest habits we can form and one of the hardest to break away from. If you worry needlessly, perhaps it would be a good idea for you to conscientiously make an effort to refrain from doing so.

One expert put it this way, "Reasonable worry is fine and good if it is constructive, but needless worry can make a wreck out of a person quicker than most of us realize." The only effective way to overcome any undesirable habit is to recognize that you have the habit, then constantly work to overcome it.

Homemakers should be the happiest persons in the world and should never allow themselves to develop any habits which will cause them unhappiness. There are so many interesting things to do and to learn that we should be constantly doing and learning.

Why don't some of you promote the idea of having baby showers after the baby is born rather than before? The difference in the apparel of boys and girls is growing wider with each season. If the shower came after the baby, the person buying the gift would have the added pleasure of buying a gift for "him" or "her" instead of for "it." Then in the event of twins, gifts could be duplicated so that each baby would have an identical wardrobe.

The days of dressing infants in whatever clothes you happen to have are rapidly fading into history. No well dressed baby boy wears clothing designed for girls and vice versa. Within the next few years even the diapers, knit undershirts, and socks will be different.

We really don't have to do things in a certain manner just because they have always been done that way, but it seems our methods of doing things are always slower to change than those of the promoters of ideas for commercial reasons. We aren't slow to change once the pattern of doing a certain thing is changed, so why don't you plan the next baby shower you are helping with after the baby's arrival?

Of course, this has been done occasionally for a number of years. The mothers we know who have been thus honored have been very appreciative of the thoughtfulness of the hostesses, so maybe it is time to start a new custom.

If you dislike rolling pie crust, try this No-Roll Crust. It can be used for any kind of pie but is suggested for a pie which you bake in the shell.

1 cup sifted all-purpose flour
¼ teaspoon salt
1 tablespoon sugar
½ cup butter
1 egg slightly beaten
Sift dry ingredients into bowl. Cut in butter with pastry blender. Blend in beaten egg. Pat mixture evenly over bottom and on sides of pie pan. Set aside until filling is prepared.

An unusual filling called Golden Gate Pie may be made by using the following recipe:

GOLDEN GATE PIE
1 cup sugar
4 egg yolks, slightly beaten
½ cup orange juice
2 tablespoons butter
2 teaspoons grated orange rind
2 cups flaked coconut

Gradually blend sugar into beaten egg yolks. Stir in orange juice, butter, and grated rind. Cook in heavy saucepan over low heat. Sprinkle 1 cup of the coconut over prepared crust. Pour orange filling evenly over coconut. Sprinkle with remaining cup of coconut. Bake in moderate oven 30 to 35 minutes. Cool in rack. To serve, garnish with orange slices.

Significant reduction in the spread of bovine mastitis infections should follow if the udders are regularly washed with 880 parts of sodium hypochlorite solution to a million parts of water, followed by drying, and by immersion of the tips of the teats in a 5 per cent iodine tincture for 20 seconds.

Wheat Damage Possible

April freezes which accompanied unusual weather that brought even snow to some parts two weeks ago may possibly have injured the tender irrigated wheat, agricultural observers believe.

However, to what extent the damage—if any at all—will go, leaves farmers and observers alike scratching their heads. "I don't know of any way to tell whether the wheat is hurt, yet," says County Agent Joe Jones.

"We'll just have to wait until the heads come out and see if they fill with grain—or if they don't." Irrigated wheat has been making excellent progress this year, as farmers concentrate on increasing yields with fertilizer, better watering methods, and other beneficial practices.

Whether the wheat had advanced too rapidly and consequently was "nipped in the bud" by the cold weather is problematical.

Greenbugs, which were a threat for a while, appear to be through for this year.

Farmers apparently figure warm weather is on the way once more. Some are already planting cotton, says Jones.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

As some of the area weather news forecasters say, "we have been having some real fine type weather lately." We have checked the soil temperature in several places in the district lately and it was around 54 degrees F. This tells us that it won't be long until planting time. In fact some have already started planting corn and spuds. Grain sorghum won't be too far behind. Farmers we have talked to have really got the planting fever.

The district supervisors held their regular monthly meeting in Farwell last week. The essays were received from Friona, Bovina, and Farwell that the district is sponsoring. Outside judges have been selected to judge these and place them in order of first, second and third. We should know the results in a couple of weeks.

Also on the supervisors' agenda was making final plans and preparations to observe Soil Stewardship Week which will be the week of May 26 through June 2. The district is making available without cost to the churches in the county covers for church bulletins. Most of the churches have already

informed the district how many they are going to need. The people who live in subdivision 5, which is the Lazbuddie community, have a new supervisor in the place of Matt Jesko who recently moved to Hereford. The new supervisor is George Crane. We want to welcome him to the board and know that he will be able to contribute much to the big job of getting conservation on the ground in the Parmer SCD.

We can't help but observe as we travel over the district the great improvements that have been made in the past several years in the delivery systems on a large number of the irrigated farms. We have also made great strides in utilizing crop residues and the use of fertilizers.

When we look at the lower ends of many of the fields, however, we lose all joy we had over the progress we have made in these things. We are still many years behind in the important job of water control. We just haven't seemed to make much progress here. Wasted water runs down the barrow ditches more than it ever has. There is nothing to point to here with pride and say, "Look at the progress we have made."

We have said a lot about this in the past and will have more to say in the future. We don't have a thing to brag about until we have done and are doing a complete job of conserving our most precious natural resources.

Guess we are all apt to pull at least one "boo boo" a week, but when your attention is called to two, in one column, it makes the world seem a little dimmer. At least for a little while.

First off, the "little brick wall" around the home of Mr. and Mrs. O. W. Rhinehart turned out to be a concrete edging and sidewalk. Another was the mowing of the green grass in Bovina. Had no more than completed last week's column than we were informed that Glen Hromas mowed his lawn week before last and Joe Moore tells me the lawn over at Sherley Elevator is due "any day."

Spring slipped us a couple of nice days last week and we were among many people in town that got busy with transplanting of volunteer flowers. Petunias, verbenas, holly hocks, and dragon heads were all on our list.

Mr. and Mrs. Bill Tritsch spent several evenings of last week working in their strawberry patch.

The Tritsches also have a very fascinating sprinkler. Seen from our dining room window, it turns (Continued on Next Page)

Control Insects Early, Cotton Meet Theme

In an effort to coordinate the work toward controlling cotton insects, a meeting of Parmer County bankers, ginners and a few farmers was conducted Thursday night of last week in a Bovina restaurant.

Raymond King, who is now with Lubbock Cotton Oil Co. and is a former county agent of Castro County, presented the program.

The importance of early season control of cotton insects was stressed by King. In explaining the economy of early season control, King told the "nucleus of Parmer County farmers' informants" that one boll saved every 10 feet by early season control will pay the cost of spraying.

Also, he pointed out that the only way to determine if cotton is being damaged by insects is to inspect the plants. "And that can't be done from the seat of a pickup," King said.

"If a farmer isn't going to inspect his cotton for insects, he'd better hire someone to do it for him," King went on. "If a farmer is smart enough to irrigate, he's smart enough to learn about cotton insects."

Slides were shown as King discussed early season control of the flea hopper, thrip and plant lice. Too, he discussed late season insects and diseases but his main point was early season control.

Early season control will enable beneficial insects to get off to a better start and they will play a major role in protecting against late season insects, he said. "A rule of thumb is to practice early season control the last three weeks in June," King said.

Too, he discussed proper methods of applying insecticides and hauling cotton to the gin.

All county farmers are scheduled to have an opportunity to hear

the program May 28. Meetings are being planned for Farwell, Bovina, and Friona. Morning, afternoon, and night sessions will probably be held with one session at each of the three towns.

Details concerning the May 28 meeting will be announced later, County Agent Joe Jones says. Jones was master of ceremonies at the meeting.

Prior to the program a meal, courtesy Parmer County Cotton Improvement Association, was served. Arlin Hartzog, representing the association, spoke following the program. He urged those present to encourage farmers to sign their MQ31 forms at the ASC office in Farwell so that Parmer County may be assured of its share of acreage allotments.

GREEN THUMB—

(Continued From Preceding Page)

to the right about four times, then to the left about four times, then back again. Crowding close to the alley fence between us, we could see no difference in the make of it to ours. Would certainly like an explanation of its actions.

While visiting recently with Mrs. Lee Sudderth, she told us that giant astors do well in this area. The main reason that many plantings aren't successful, blossom-wise, according to Mrs. Sudderth, is that they are left too thick. An astor, she says, should be allowed about 24 inches to spread. She plants a small bed and transplants her "thinnings" after a good stand comes up.

While weeding, don't overlook the elm seedlings that are bound to show up any and everywhere. Be sure to water the soil around them well and then pull them up. If the seedlings are cut off with a hoe, the root just enlarges and

sends up that many more sprouts—and then you ARE in for trouble. Watch your iris plants for miniature green bugs and lice. "An ounce of spray can prevent a pound of damage," to quote an old adage loosely.

Don't cut off the leaves of your tulips until they are completely dead, says Mrs. Elsie Block. The leaves are feeding the bulbs for next year's blooms. Also, there is no need to transplant and divide the bulbs for at least the first three years.

Wilbur Charles was out in his yard the other day killing weeds the novel way. He was using a "poison gun" that, when pressed into the center of the weed crown, squirted out a mixture of 2, 4-D. The poison is one that will kill only wide leaved plants and he reports good luck with it. He says it has also slowed the dandelions down around his house.

The Charleses front lawn is very smooth and pretty, and the big surprise to us was that it is completely native grass. After living

on the farm for many years, Mr. and Mrs. Charles' opinion of other (domestic) grasses falls far short of the native. He says it doesn't take as much care, or water, as other types popular here.

Now that most of your flowering shrubs are just about through for the season, take time out to prune them back. Usually, pruning out one-fourth to one-third of the older growth keeps the shrubs not only neater and more attractive, but will make them grow more and bloom heavier next spring.

A hint for your plants indoors: Coat inside of pottery vases and plant containers with melted paraffin wax to prevent moisture seepage onto window sills and furniture tops. Have the container perfectly clean and dry; heat wax until thoroughly melted, but not hot, and pour into pot and turn from side to side for complete coverage of sides and bottom.

Plains Cotton Men Affiliate with ACPA

LUBBOCK — Directors of the Plains Cotton Growers, April 16 voted to affiliate with the American Cotton Producers Associates of Memphis, Woodrow Fleming, Parmer County director, reported this week.

Fifty-three directors and guests heard proposed plans of the ACPA explained by George Pfeiffenberger, executive vice-president, and W. L. Edelman, Friona, who attended a recent meeting of the ACPA in Memphis.

The directors also voted to send Pfeiffenberger, Edelman, and Ben Dopson, Lamesa, to Memphis again to an ACPA meeting which was held April 18.

Twelve principals of the ACPA cotton program that were adopted by the Plains growers were to be presented to representatives of all segments of the cotton industry for approval at the April 18 meeting.

The ACPA has obtained a hearing in Washington May 7 for presentation of this industry-wide program to congress.

- The principals are:
1. Prepare the 1956 loan stocks for sale as soon as possible after August 1, 1957.
 2. Adjust the export program after August 1, 1958 to improve marketing and still keep it competitive.
 3. Curtail the soil bank program drastically.
 4. Permit a reasonable increase in acreage annually for the next five years.
 5. Continue acreage allotments and marketing quotas for the purpose of preventing unlimited acre-

age increases but adequate to provide for demand.

6. Continue a loan program for orderly marketing thus giving stability to the price structure.

7. Extension of Public Law 480, which provides for sales of surplus stocks for foreign currency or trade.

8. Intensified research and quality improvement program be an essential part of any long-term program.

9. Opposition to any form of discrimination within the framework of any farm program.

10. Opposition to any form of cross-compliance or of total compliance in any farm program.

11. Urge passage of the Smith bill or textile labeling act.

12. Support of the Stennis bill, which re-defines the original intent of Congress of the wage and hour bill concerning agricultural workers.

mint sprigs to the hot prunes. Cover closely and let stand overnight. . . . Wonderful to use in salads and for garnishes.

Rice Pudding Gone Modern

Try this easy apricot version. Heat to full boil a 12-ounce can apricot whole fruit nectar mixed with 1 tablespoon lime juice and ½ teaspoon cinnamon. Stir in 1 1/3 cups quick cooking rice. Cover, remove from heat and let stand 10 minutes. Stir in ¼ cup sugar, cover and let stand until cold. Fold in stiffly beaten sweetened whipped cream and serve in sherbet dishes.

Fish Stick Sandwiches

Fish stick sandwiches make a satisfying luncheon when you put 2 hot fish sticks inside a long hot dog roll. . . . Dress with mayonnaise mixed with chopped fresh tomato, green pepper, sliced green onion and chopped ripe olives. Garnish with whole ripe olives.

Dress Up Broccoli

Dress up frozen chopped broccoli with sour cream and slivered toasted almonds. Cook the broccoli until barely tender, drain and stir in a little sour cream. Sprinkle with almonds. Makes a pretty, easy-to-serve vegetable for a buffet supper.

Interfacing can help give a more professional look to your home sewing, according to extension clothing specialists. It gives additional body to fabric and is a "must" with many pattern designs. The secret is in knowing where to use it, and what kind of interfacing to use.

Interfacing is most likely to be needed at edges where buttons and buttonholes are to be placed, according to the specialists. Collars, cuffs and pocket flaps often need interfacing to give them body and the crisp, perky look that adds style to a garment. Peplums, yokes and the lower portion of fitted jackets also are in need of some additional body for a professional look.

Skirt waistbands may need a single thickness of interfacing to prevent the waistband from stretching. It also helps to keep the waistband from rolling or wrinkling.

There is no hard and fast rule to follow in the selection of interfacing fabric. It should blend in weight and texture with the outer fabric to give the amount of stiffness or softness desired.

If you expect to wash the garment be sure to choose an interfacing that is washable. For the quick drying synthetics, use an interfacing that has similar properties so that all sections of the garment will dry equally fast.

Psittacosis (Parrot fever) occurred 90 per cent more frequently in man during 1956 as compared to the incidence in 1955.
