SIXTY-EIGHTH YEAR

Hire New Employees --

Farwell To Enforce City Dog Ordinance

In the Monday meeting of Farwell City Council it was decided the city would make a concentrated effort to enforce the ordinance concerning dogs running loose in town.

Dog owners were issued a warning that all dogs not kept in a fenced yard or kept on a leash or chain will be picked up, placed in the pound and kept there for three days for reclaiming by their owners. If the animals are not reclaimed in three days, they will be destroyed.

In related business it was voted to hire Berl Johnson and Charles Johnson as city employees on a permanent basis. It was thought by the councilmen that the services offered by the two men at the salaries they were willing to accept were more economical than hiring outsiders; so a decision was made to employ the two men.

One of the duties of Berl Johnson will be to pick up dogs found running loose in the city limits and to transport them to the pound.

Other major business attended to by the city fathers had to do with the city audit. Councilmen met with Mark Ryburn, city auditor, to discuss recommendations made

by the auditors at the last council session. Among those recommendations were the setting up of a more formal bookkeeping system and transferring money now in CD's into six-month Money Market Deposit.

The Council decided that it was best to go ahead and set up the new bookkeeping system and requested Ryburn to help Janie Bowery, city clerk, to set it up. No definite action was taken on the money

transferral recommendation. The audit made clear that the City of Farwell was in good, sound, financial shape.

Mrs. Bowery reported that Eastern New Mexico Rural Telephone Cooperative and Mountain Bell representatives are to meet with the Council on the 26th of November on a matter concerning a possible purchase of the Farwell franchise from Mountain Bell by E.N.M.R.

In further business, the

Council cast their 74 eligible votes for Gilbert Kaltwasser electing him as a board member of the appraisal district.

The need for a Civil Defense coordinator was discussed and it was decided to contact Joel White, city fire chief, about becoming the Farwell coordinator.

The need for a new pickup for the water department was discussed and the Council decided to advertise for bids

While the precedent was set several years ago when the government came to the financial aid of the Lockheed Corporation it will soon receive a massive magnification when the government puts a billion and a half bucks of its credit behind the Chrysler Corporation. When this happens the camel will be entirely in the tent and there won't be any room for the small businessman.

We cannot think of a more disastrous blow to the concept of free enterprise as we used to know it in this country. As part of the Chrysler reorganization plan we understand that representatives of the government and the labor union will be on the board of directors. It will then be a board of socialist planners, not a Corporate Board of Directors as we commonly understand the term.

The sad part of this mess is that supposed representatives of the free enterprise system are begging for this socialist takeover. Yes, in truth, our slide in a social economy will not come about from without but by the action of our business leaders from within.

The unmitigated greed of the mighty barons of business will forge shackles around the free enterprise system. Unfortunately for the millions of small independent businesses in this country they will be made of iron. The entrepreneurs of the megabucks industries will wear shackles of gold.

Sadly enough we cannot lay this state of affairs entirely at the Corporate Board Room door. Alfred Kahn, the President's inflation fighter, took one look at the UAW-Chrysler labor contract and exclaimed that they had to be out of their skulls. Here was a nearly bankrupt company entering into a labor contract that even exceeded the administration's lax wage raise guidelines.

Picture this: the employees of Chrysler, instead of taking a wage cut to protect their jobs, are asking for more -- from a company that has obviously been paying too much. The company in turn runs to the public trough to take money from our collective tax pockets.

Quick Henry, the upchuck bag -- We're ill thinking about this.

At this writing the President has just announced that this country will not import any more of Iran's oil. A few red corpuscles are showing through our white feathers. Also the freedom of our American citizens, according to the late news, is now imminent.

The hard part is yet to come. We must take stern measures against Iran when our people are finally released. If this affront to all civilized society in general and to the honor and prestige of the United States in particular is not severely punished the international roof will collapse on this country.

We will be forced to withdraw our representatives from literally dozens of nations around the globe. We will be virtually driven into political exile and even our now close allies will desert us, as well they should.

We cannot expect to survive as a political force in this world today if we allow ourselves to be based and cowed by any pipsqueak nation whose terrorist elements decide to kick us and our people around.

Unfortunately for Iran the die has been cast and we must respond in force. There is no other reasonable international or national alternative left to the country.

The question is: Does our present leadership fully understand this?

Let us think we are alone in our stern view of the Iranian imbroglio we will cite our two Texas Panhandle Congressmen, Kent Hance and Jack Hightower, as also perceiving

(Continued on Page 2)

Does This Mean Me?

Yes, Fido, if you are seen out roaming the streets of Farwell from now on, then you more than likely will be picked up and carted off to the city pound. The Farwell city fathers

decided at Monday night's city council meeting that the stray dog situation was getting too far out of hand and employed Berl Johnson to help enforce the city ordinance concerning

stray dogs. Johnson will begin picking up all dogs that are not in fenced yards or on chains or leashes. Owners will have three days in which to reclaim their dogs.

Effective Dec. 31 --

Judge Fortenberry Resigns From Post

Parmar County Judge Paul Fortenberry has submitted his resignation to the County Commissioners with the departure from the post to become effective December 31, 1979.

Names for a replacement will be presented at the Commissioners Court session and commissioners will vote on persons whose names are submitted. All commissioners must agree on the choice of the new judge before appointment.

In resigning from the County Judge's position, Fortenberry issued the following statement to the county news media and the people of Parmar County:

"On November 9, 1979, I

submitted my resignation as County Judge of Parmar County to the Commissioners Court of Parmar County, effective December 31, 1979.

"This was not an easy decision to make, as there is still three years to go on my present term. I fully intended, when I ran the last time, to complete this term. However, I now feel that I should retire at the end of this year. This decision was not made in haste; rather, I have been considering it for some three or four months.

"My reasons are strictly personal, and my health is okay except for the usual

problems that go along with being 62 years of age. There are a few things I would like to do, including enjoying our grandsons, while we have the abilities and time.

"I wish to publicly thank the people of Parmar County for the confidence they placed in me in 1974, and again in 1978. They gave me an opportunity to enter a field which was new to me, and was a great challenge to me. There is a great deal of difference in the grain business and County government, but I have enjoyed it. I am still very much interested in the grain business.

(Continued on Page 2)

Area Churches Schedule Thanksgiving Services

With the Thanksgiving holiday at hand, area churches have planned special services and various observances to give thanks to God for the abundant harvest and the other blessings afforded to this part of the world.

The First Baptist Church of

Texico is planning a special fellowship time at their church starting about 10:30 a.m. on Thanksgiving Day. For those persons who have no families to share their holiday meal, the church is having a get-together where all will come together, bring their food

and share the Thanksgiving feast as a group. There will be no special preaching service, just singing, fellowship and the meal.

First Baptist Church of Farwell, Hamlin Memorial United Methodist Church and Calvary Baptist Church held a joint Thanksgiving service at the Methodist Church on Wednesday, Nov. 14. Rev. Knowlton of the Methodist Church presented the Thanksgiving sermon and the combined choirs sang special music.

Oklahoma Lane Baptist and Methodist churches will have a combined community dinner for Oklahoma Lane residents at 5 p.m. Sunday afternoon, Nov. 18 at the Baptist Church. The affair is to be a basket lunch get-together to give the residents a time of fellowship and sharing.

St. John Lutheran Church of Lariat will have a special Thanksgiving service at 10 a.m. Thanksgiving day. The choir will be singing songs of Thanksgiving in conjunction with the service.

Spokesmen for other area churches were unable to be contacted to get a schedule of their Thanksgiving services; however, everyone is urged to attend the church of his choice during this season to participate in a worship service thanking the Lord for His bountiful goodness.

Commissioner, Pct. 3 --

Archie Tarter Seeks Re-Election To Post

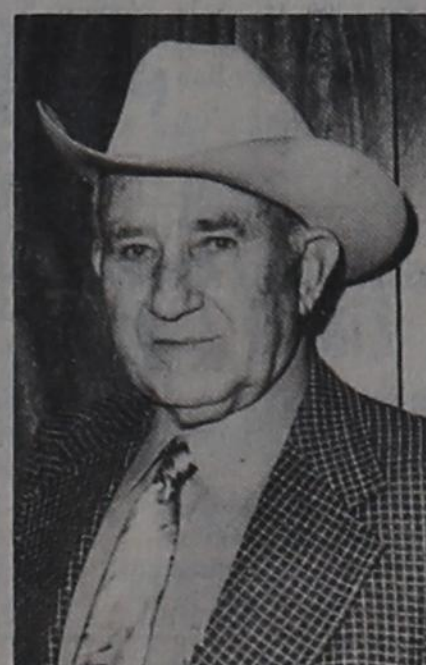

Archie Tarter, the present Commissioner of Precinct 3 of Parmar County, has authorized this newspaper to announce his desire to stand for re-election next year, subject to the Democratic primary.

In revealing his intentions to seek another term as Commissioner, Tarter said, "I believe that my past experience in County government has been valuable to the citizens of Precinct 3 while I have served them on the County Commissioners Court.

"I believe that I have managed the precinct finances in a prudent manner and in the best interests of all the precinct residents.

"I believe that my record as your Commissioners Court representative is worthy of another term subject to the

Democratic primary."
Archie Tarter

In Mountainair --

Wolverines Meet Mustangs In Semi-Final Showdown

Texico's top rated Wolverines take their show to Mountainair tonight (Friday) where the teams will battle it out for the right to play in the Class A state championship game.

The Wolverines, under the guidance of Coach Paul Topliff, take a 10-0 record into tonight's game

against the Mustangs whom Texico defeated 43-14 in the season opener.

Coach Topliff says that the Mountainair team "has really improved" since their initial meeting; however, most prognosticators are giving the nod to the Green and White in

this semi-final match.

Game time is 7:30 p.m. MST and the Wolverine players and coaches will leave Texico by chartered bus about noon. A bus of fans will be leaving at 2 p.m. for Mountainair and all interested persons are encouraged to go to the game.

'There Are Still Surprises' Says Sheriff

Parmar County Sheriff Charles Lovelace reports that in all the years that he has been a peace officer he thought that he had had nearly every kind of thing happen to him but a case this week proved to him that there are still a few surprises left.

Tuesday morning, three young people, a young girl with a baby, another young woman and a man, came to his office with a story that did not pan out as they first presented it to him.

Their story was that they were stranded and needed to get money from the county's pauper fund in order to get to their destination. Presumably one of the local churches had referred them to the courthouse.

Sheriff Lovelace proceeded to question the young people as he always does in such cases before dispersing any money, and at first things seemed to be as the youth presented them, he said. However, when the sheriff went to take the youths back to their car with

some gasoline things began to look "kind of fishy" and further investigation was made.

In actuality, the youths' car was a 1980 Ford El Camino pickup and it was parked in Texico. Upon arriving at the vehicle, Sheriff Lovelace found the pickup locked and the youths said they did not have a key as an older brother had gone in an opposite direction to obtain help.

As things began looking more and more suspicious Sheriff Lovelace had a license check run on the car and found the license to be one from a 1962 vehicle in Lubbock. The

sheriff then contacted Texico City Marshal, Mickey Fenn, and the two finally managed to get into the vehicle. A check on the vehicle identification number showed that the El Camino had been stolen from a Ford dealership in McKinney.

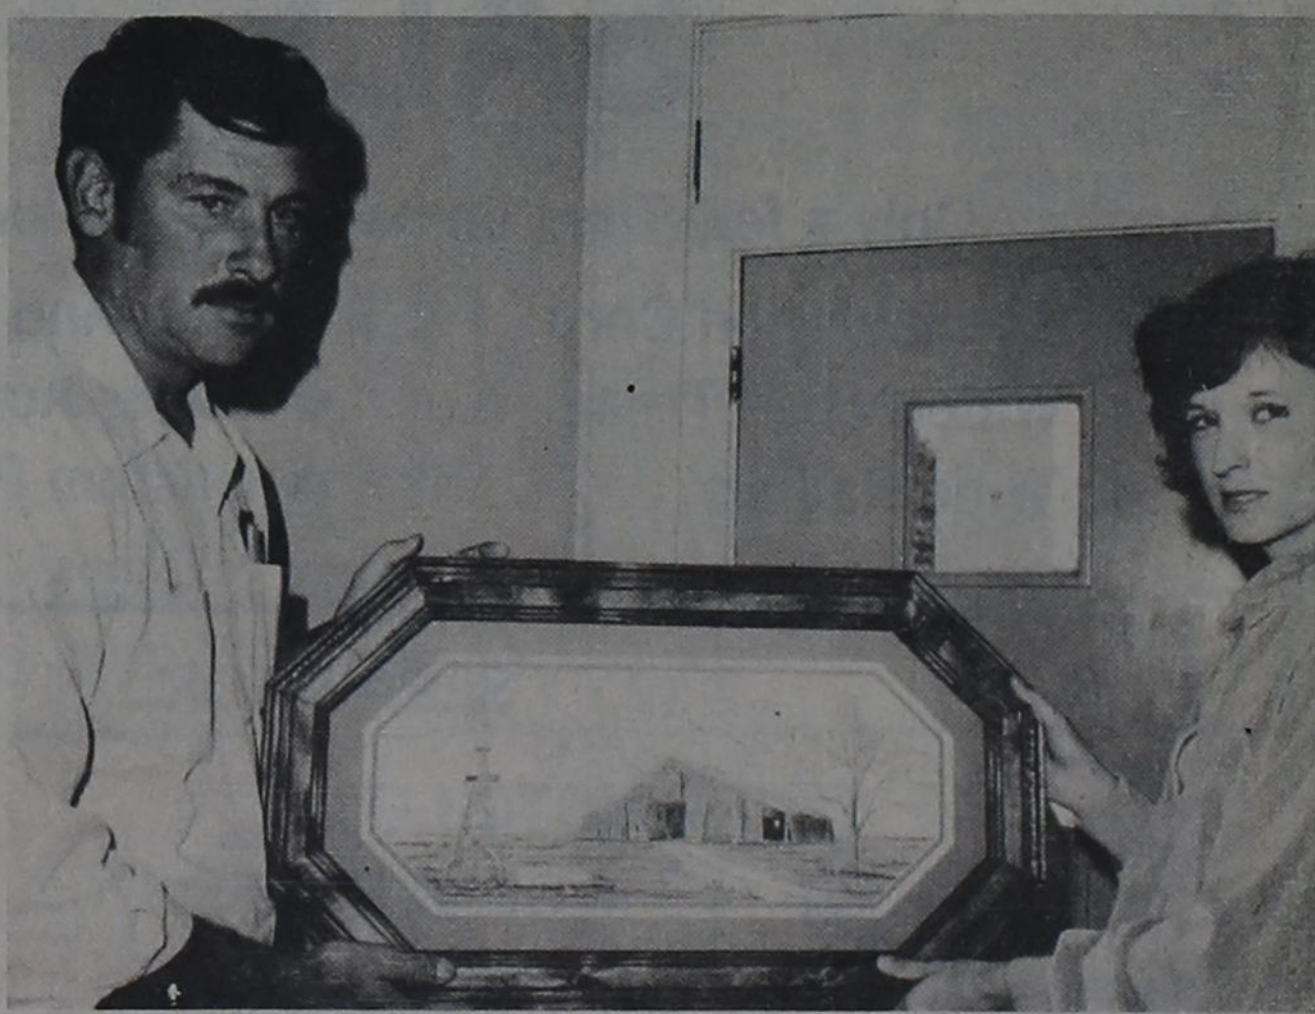

Needless to say, the youths were taken into custody by Marshal Fenn and transported to Curry County jail. The El Camino was taken to Big Country Ford in Clovis for storage until it can be released to the owner in McKinney.

The sad part of the ending of the story is that the vehicle is not in the same shape as it was

when it was stolen; as somewhere between McKinney and Texico it was severely damaged on the left side by sideswiping something. The mirror and door handle are completely missing and there was damage to the door and fenders.

And Sheriff Lovelace is still scratching his head and pondering the question: Why did the lawbreakers come to his office for aid????

Moral of the story: Don't think you can put something over on a small town peace officer.

Donates Painting

Lee Hutchins, left, member of Farwell Volunteer Fire Department accepts a painting on behalf of the department from the artist, Robin Gregory. Mrs. Gregory donated the painting to the department for the purpose of getting donations towards the purchase of a

Jaws of Life rescue tool for the department. The picture will be on display at several local businesses and is now on display at Security State Bank in Farwell. Tickets for a \$5 donation can be purchased from any of the local firemen.

The painting will be given away Saturday, Dec. 8, at the annual pheasant hunt breakfast, sponsored by Alpha Rho Lambda chapter of Beta Sigma Phi Sorority. The breakfast is to be at Farwell School cafeteria from 5-8 a.m.

Holiday Changes News Deadline

Due to the Thanksgiving holiday the State Line Tribune has moved news and advertising deadlines up for the Friday, Nov. 23, issue up one day.

News deadline for that issue is at 10 a.m. Tuesday, Nov. 20, one day earlier than usual. The advertising deadline is Monday, Nov. 19, at 5 p.m.

Newspapers will be taken to the post office Wednesday afternoon, Nov. 21, as the post office will not be open Thanksgiving Day for mailing purposes.

 ness, as that is where I spent most of my adult life.
 "However, being County Judge has given me an opportunity to study and enter into fields that have been very interesting and rewarding. I have made many Judgements while in office, and I assure you that each one was what I believed to be right and just at the time. I have taken full responsibility for each decision.
 "There have been times when I became a bit discouraged, when it appeared that action taken was not appreciated or respected; then when someone responds in an affirmative way, I realized it was all worthwhile. It would be nice to be able to help everyone who needs help. Of course, this is impossible.
 "I must give special thanks to those good friends of my home area, who have stood by

me and my family in times of tragedy, as well as times of happiness and accomplishment. They are special friends to me, and I will always treasure their friendship. Their confidence in me lifted me up when I really needed it.
 "In closing, I would encourage everyone to become involved in government at all levels. It has reached the point, in the upper levels of government, that the person who pays the bill is given no consideration because most of us are too busy making a living to express our wishes to our representatives.
 "Write your representatives often and express your feelings about any subject. For instance; the SALT Agreement, the Panama situation, bussing, inflation, welfare, foreign policy, Cuba, defense, just to name a few. They will answer your letter, and probably inform you further about the subject. This way, we can all be better informed.
 "Again, thank you for your confidence and friendship over the years. I will always treasure it."
 James P. Fortenberry

Wins Weekly Prize

Terry Newell of Muleshoe, right, receives the top weekly check of \$7.50 for winning first place in last week's football contest. Presenting Newell with the prize money is Bill Wooley of Wooley-Hurst, Inc., of Muleshoe, one of the contest sponsors. Terry had 11 correct predictions and missed the tiebreaker by only 10 points to take the win. Also calling 11 correctly were Mark Liethen who missed the tiebreaker by 11 and Jim Berry who missed on the tiebreaker by 17. Doyle Ford still holds first place in the overall contest.

Sheriff's Department Investigating Thefts

Parmer County Sheriff's Department has investigated several cases since last report, according to Sheriff Charles Lovelace.
 James Poissant, 27, a transient, was arrested last Friday night for shoplifting at the local convenience store. Prior to that investigation the sheriff's department had been notified of the theft of tools and accessories from the vehicles of Robert Woodson at 105 Sandia, Farwell and Harold Travis of 103 Sandia, also of Farwell. The burglar had also attempted to get gas out of the Woodson vehicle but was unsuccessful. It is thought that the thefts took place some time Thursday night.
 A burglary of Lazbuddie school was reported late Monday. Investigation after the call from Superintendent Sam Barnes showed that approximately \$120 in cash and another \$120 in checks were taken from the Home Economics room, probably over the weekend. "There were no signs of breaking and entry," said Sheriff Lovelace, "so we

assume whomever did it had a key to the doors of the building and room." Further investigation is pending.
 A 1979 American Motors station wagon was reported stolen from the parking lot of Missouri Beef Packing on the night of November 7. The vehicle was located on the highway about three miles from the plant, stripped, abandoned and with the keys in the ignition.
 The department picked up a 24 year-old Friona man on a charge of removal of mortgaged property. A \$2500 bond has been set for Rick London pending a grand jury indictment in the case and London has posted bond.

Baptist Choir Plans Cantata

The choir of First Baptist Church, Farwell, will present a special musical production Sunday night, Nov. 18, beginning at 7 p.m.
 The group has prepared a 30-minute cantata, "All Day Singing and Dinner on the Ground," and everyone is cordially invited to hear this musical presentation.
 The "old-fashioned" night will be concluded with a chicken supper to be served about 7:30 p.m.
 Dudley Bristow, church pastor, says "y'all come."

Ford Still Leads --

Three Entrants Call 11 Games Correctly

No one managed to call all 12 games correctly in last week's football guessing game; however, three entrants did correctly predict the outcome of 11 games and took home the weekly prize money.
 Terry Newell of Muleshoe won first place and \$7.50 by calling 11 games right and missing the tiebreaker by 10.
 Mark Liethen was right in there with 11 correct guesses and 11 points off the tiebreaker for second place and \$5; and Jim Berry with 11 correct predictions was 17 points off the tiebreaker for third place and \$2.50.
 Both Newell and Liethen missed the outcome of the Friona-Olton game while Berry missed on the Vikings-Packers game. Several more persons would have had 11 correct predictions if they had not missed one or the other of those two games.
 Entrants calling 10 correct games in last week's contest were Marcia Cole, Lorine Dannheim, Reba Kirkland, T.J. Kittrell, Ann Liethen, Eugene Mathis, Wayne Spears, Wanda Walker, Leigh Ann Woods, Modine Whittington, Donald Jones and Maurice Smith.

Howard Rhodes Is New Oklahoma Lane Pastor

Rev. Howard Rhodes, his wife, Belinda, and their children have moved to this area where he has taken over the pastoral duties of Oklahoma Lane Baptist Church. The Rhodes have three children, a 10-year-old daughter, Amber, who is a fifth grader in Farwell Elementary Schools, and two sons, six year-old Jeffrey, who is in the first grade, and two year-old Greg. They have been in the parsonage about three weeks. Rev. Rhodes and Belinda were dorm parents at Boys Ranch prior to their move here. They had 20 boys in their dorm ranging in ages to seniors in high school to fourth graders. They stated that they enjoyed the work there and

even though it was demanding and confining it was also very gratifying. Rev. Rhodes said, "After the constant ins and outs and attentions of that many boys at one time we are really enjoying the peace and quiet out here in Oklahoma Lane."

Although the residents of Boys Ranch usually take their meals in a cafeteria, occasionally Belinda cooked for the boys of their dorm. Sometimes they had snack suppers and during the Thanksgiving and Christmas holidays there were a few boys who stayed at the ranch and shared the holiday meals with the Rhodes family.

They were both kept busy attending intramural or inter-

scholastic games in which "their boys" participated. Belinda said that the boys really got their feelings hurt if one or the other of their dorm parents was not present whenever they had some kind of sport activity.

Both of the Rhodes are originally from Friona so they feel as if they have moved back home. They both have families living in Friona and are looking forward to a "real family Christmas" this year.

Rev. Rhodes graduated from Friona High School, West Texas State University and received his seminary training at Southwestern in Dallas. He graduated from Southwestern in July, 1977.

New Pastor And Family

New residents at the Oklahoma Lane Baptist parsonage are Rev. and Mrs. Howard Rhodes and their three children. Rev. Rhodes is new pastor at the church and the family has

been here for about three weeks. From left are Mrs. Rhodes, six-year-old Jeffrey, 10-year-old Amber, and Rev. Rhodes who is holding two-year-old Greg.

Around The Twin Cities

Texico Woman's Club will meet Monday, Nov. 19, at 7 p.m. MST in the community building.

Farwell Hospital District Board will meet Tuesday, Nov. 20, at 8 p.m. CST at Farwell Convalescent Center.

The Board of Equalization for Farwell Independent School District will be held Friday, November 23, at 9 a.m. at the tax office, 705 Sixth Street, Farwell.

Lions Slate Turkey Shoot

Texico-Farwell Lions Club is having a turkey shoot at the Lions trap north of Texico on the State Line Road on Sunday afternoon, Nov. 18, beginning at 1 p.m. CST.

You sharpshooters get ready to join in the fun and perhaps win yourself a turkey this Sunday at 1 o'clock.

Schools To Dismiss Early

Texico schools will be dismissed at 2 p.m. MST on Wednesday, Nov. 21, for the Thanksgiving holiday. Classes will resume at the regular time on Monday, Nov. 26.

Farwell schools will be dismissed at 2:30 on Tuesday, Nov. 20. Wednesday is to be a teachers' work day but there will be no classes. Students will remain out of school until the regular time Monday, Nov. 26.

Questions Often Asked About Your Eyes

By B.W. Armistead & Steven D. Smith
Optometrists - Littlefield

Q: I failed the vision portion of my driver's license test. Why am I required to have my eyes examined by an eye doctor?

A: In Texas it is a state law that you must have an eye doctor examine your eyes if you fail the vision screening test given by the Driver's License office.

Q: After my eyes are examined by a licensed eye doctor, does this mean I can get my driver's license?

A: Not necessarily. If eye-glasses will improve your vision enough, the eye doctor will certify this and you must obtain a pair of eyeglasses and wear them while driving. However, in some cases vision can not be improved enough to qualify the driver for a license.

Q: What happens if I can not qualify visually for a license to drive?

A: The eye doctor merely certifies what your vision is, what is causing the problem, and if he thinks it will get better or worse. The Driver's License office makes the final decision as to whether or not you qualify to be licensed or not.

Q: Can any eye doctor make this examination?

A: Any licensed Optometrist or Ophthalmologist can make the examination and complete the necessary forms. Generally speaking, it is best to go back to your family eye doctor for this.

Q: Why is all this necessary, just to get a driver's license?

A: Nearly half of today's drivers have never had an official eye examination of any kind. But all new drivers license applicants in all 50 states now must pass at least some sort of test for visual acuity before being issued a driver's license. Forty-four states examine for color blindness, only 23 states check for depth perception, 15 check field of vision, a few test night vision and none check for glare resistance. Most everyone agrees that the driver who can not see properly is a hazzard on the road.

Q: To be a good safe driver, what vision skills are needed?

1. First of all, good distance acuity is a necessity. If you can not see good at a distance, naturally you would pose a hazzard on the road.
2. Depth perception is important. This is the ability to correctly judge distance between yourself and other objects -- especially those in motion.
3. A normal field of vision is

**No-Nitrite Meals
WATCH IT! THAT HOTDOG
MAY BE DIFFERENT**

Hotdogs, frankfurters, wieners - whatever you call that all-American favorite, take a moment next time you buy them and read the label. Why? Because the product may be different than the one you're used to buying. If the frankfurters are labeled "uncured," they don't contain nitrite and are more perishable than those with nitrite.

The U.S. Department of Agriculture recently approved the use of common names for nitrite-free frankfurters, bacon, corned beef, ham and other processed meat products. Under the rules, these no-nitrite products must be labeled "uncured" - "UNCURED FRANKS," for example - so you'll easily determine which ones you're buying. They'll be sold in retail grocery stores along with their familiar nitrite-cured counterparts.

Prior to this, nitrite-free frankfurters were labeled "uncured cooked sausage" and nitrite-free bacon could have been labeled "pork bellies" or "pork strips."

"Uncured meats - unless frozen or otherwise preserved - may not stay safe to eat as long as nitrite-cured ones," warns Ralph Johnson, chief food microbiologist in the department's Food Safety and Quality Service.

"Nitrite not only helps give the products their distinctive taste and color, it also helps preserve them," he said. "For example, you can keep 'uncured' frankfurters, bacon or corned beef in the refrigerator only four to seven days - not two to three weeks, which is safe for the nitrite-cured franks, bacon and corned beef. "But more important, nitrite helps stop germs - such as those that cause botulism - from growing in these meats. Botulism is so serious a food poisoning it can kill you," the microbiologist said.

The new rules for labeling uncured products also require the statement, "No Nitrate or Nitrite Added." And if no alternative method of preservation such as drying, thermal processing or pickling is used, the label must bear the warning, "Not Preserved - Keep Refrigerated Below 40° F At All Times."

"Don't let uncured bacon or frankfurters sit on the table or kitchen counter," said Johnson. "Bacteria thrive in warm temperatures. Food left at room temperature more than two hours - including preparation time - can result in food poisoning such as salmonella. "And don't use uncured meats in sandwiches for bag lunches unless you can keep the meat cold until lunchtime," he added. Johnston offers these tips for handling uncured meat products:

- Select the meat just before leaving the store.
- Bag meat and other cold foods together to keep them cool longer.
- Go directly home after food shopping and refrigerate the meat products.
- To freeze, leave meat in its factory packaging or wrap

tightly in moisture-resistant material, such as aluminum foil or freezer paper.

-Defrost meat in the refrigerator or - faster - immerse the package in its watertight wrapper in cold water.

-If the meat is to be cooked, cook thoroughly or according to package instructions.

-Refrigerate leftovers promptly and use them up within four days.

-For picnic outings, carry meat products in a well-insulated cooler with plenty of ice. Return leftovers to the cooler quickly and keep them on ice until you get home.

-To pack a safe bag lunch of uncured meat, use one of these methods: Prepare and freeze the meat sandwich the evening before. It will thaw by lunchtime. Or pack the sandwich in a small insulated container. Or double wrap the sandwich and pack it with a piece of cold fruit or can of cold juice. Or put a cold device into the lunch bag. The device might be a commercial freezer gel, a plastic bag filled with ice cubes or a cleaned-out margarine tub filled with water and frozen.

Hints**

For the smaller-than-average female, some sportswear manufacturers are adding a size two (2) to their lines, reports a clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Others are adding petite sizes 6 and 8, Beverly Rhoades adds.

Active Mother

Jeanette Ford, active mother of two teenagers and a helping hand to her farmer husband, Barthel, manages time to do beautiful needlepoint work to grace her home. Golfing and

going to the lake with her family as well as being active in Farwell School activities are among other activities that occupy her time.

A Delicious Snack Is Always Welcome

Everyone loves a delicious snack. And it really has its place in the American diet because a snack is one of the best ways to lift energy levels and spirits - either as a lunch box treat or as a between-meal energy booster.

Here is a recipe based on a classic American flavor combination - peanut butter and jelly. The bars are as pretty to look at as they are good to eat. They will provide lots of energy and nutrition, especially when accompanied by a glass of milk.

The golden brown "nuggets" that make these bars look so tantalizing are peanut butter chips, made of partially defatted ground peanuts. The chips, which hold their shape when baked, provide a concentrated peanut flavor, a nice contrast to the grape jelly. Another bonus is that peanut butter chips contain about the same amount of protein but fewer calories and less fat than peanut butter. It all adds up to a luscious bar that is welcome anytime.

PEANUT BUTTER CHIPS & JELLY BARS
(Makes 12 bars)

- 1 1/2 cups unsifted all-purpose flour
- 1 egg, beaten
- 1/2 cup sugar
- 1/4 cup grape jelly
- 1/4 teaspoon baking powder
- 1 cup Reese's Peanut Butter Flavored Chips
- 1/2 cup butter or margarine, softened

Combine flour, sugar and baking powder. Cut in butter until mixture resembles coarse crumbs. Add beaten egg; stir until mixture is smooth. Reserve one half of mixture; press remaining half of mixture onto bottom of greased 9-inch square pan.

Spread grape jelly evenly over crust in pan to about 1/2-inch from edge of pan. Sprinkle 1/2 cup peanut butter chips over jelly. Crumble remaining dough over chips; sprinkle remaining 1/2 cup chips over top. Bake at 375° F. for 25 to 30 minutes or until lightly browned. Cool; cut into 12 bars.

Frozen meat can be broiled without thawing. Just allow twice as much broiling time as for a fresh cut.

Portraying Area Homemakers

Mrs. Barthell (Jeanette) Ford of Farwell, our area homemaker this week, is an active woman who keeps up with the activities of two teenagers, works around the house and helps on their farm.

Jeanette and her husband were both brought up in the Farwell area. Their parents, Mr. and Mrs. Tom Lindop and Mr. and Mrs. Uvon Ford, reside in Farwell.

Kerry, their 17-year-old son, is a junior and on the Steer varsity football team. Their 15-year-old daughter, Darrisa, is a sophomore at Farwell High School.

Jeanette says she likes to golf in the summertime and the entire family enjoys going to the lake. Jeanette adds,

"I am the only one who doesn't ski." For indoor pleasure, she likes to do needlepoint, and has several pieces of her work gracing her home.

Our homemaker says she doesn't particularly like to sew or cook, but that she does lots of mending and, of course, with two active teenagers and their friends she gets lots of practice cooking whether it is her favorite hobby or not.

Jeanette is president of the Farwell Ladies' Golf Association and secretary-treasurer of the Farwell Booster Club. She helped construct the Booster Clubs' first place float that was entered in the Farwell Homecoming Parade this year. She and her husband are class

parents for the sophomore class at Farwell High School this year. The family attends Hamlin Memorial United Methodist Church in Farwell.

Our homemaker has consented to share these three recipes with our readers. She states, "They aren't fancy because we don't enjoy that kind of food, but these are simple favorites of ours."

TOASTED COCONUT PIE

- 3 beaten eggs
- 1 1/2 c. sugar
- 1/2 c. melted butter or margarine
- 4 t. lemon juice
- 1 t. vanilla
- 1 3 oz. can flaked coconut
- 1 unbaked pie shell

Thoroughly combine eggs, sugar, butter, lemon juice, and vanilla; stir in coconut. Pour filling into unbaked pie shell. Bake in moderate (350) oven 40 to 45 minutes, or until knife inserted halfway between center and edge comes out clean.

SEVEN-UP CAKE

- 1 1/2 c. butter or oleo
- 5 eggs
- 2 T. lemon extract
- 3 c. sugar
- 3 c. flour
- 3/4 c. 7-Up

Cream sugar and butter together, beating until light and fluffy. Add eggs, one at a time and beat well. Add flour, beat in lemon extract and 7-Up. Pour batter into well greased and floured Bundt pan. Bake at 325 degrees for one hour.

FRITO PIE

Brown two pounds ground beef in large skillet. Add one medium onion chopped. When onion has become tender, add mixture of 1/2 can El Monterey sauce mixed with 1 1/2 cups water. Simmer until thickened. Top with Fritos and grated cheese.

Cover and simmer until cheese is melted.

**The One-Bowl
Family Desserts**

Don't fret if time seems to be too short to prepare dessert for a deserving family. One-bowl desserts are the answer, and many of them take just about 30 minutes to set before serving.

For example, you can prepare Chocolate-Mint Delight the speed-set way by dissolving a 3-ounce package of lime flavor gelatin in 1 cup boiling water. Add 1 pint vanilla ice cream by spoonfuls and stir until ice cream is melted.

Blend in 1/2 teaspoon peppermint extract and 1 square semi-sweet chocolate, chopped. Chill until set, about 30 minutes.

If you wish, garnish with thawed frozen whipped topping to dress up this creamy lime flavor gelatin-chocolate treat that serves six.

Banana-Mallow is another speed-set dessert that serves six. Dissolve a 3-ounce package strawberry flavor gelatin in 1 cup boiling water; then add 2 cups ice cubes and stir until gelatin begins to thicken, about 3 minutes.

Remove any unmelted ice before adding 1 sliced banana and 1 cup miniature marshmallows. Chill until set, about 30 minutes. This is a good way to provide additional fruit in the family menu.

If you have yogurt fans in the family, plan on a one-bowl Yogurt Fluff dessert to make a simple meal seem special. It's a great snack between meals, too.

This speed-set recipe calls for dissolving one 3-ounce package raspberry flavor gela-

tin in 3/4 cup boiling water in an electric blender container. Cover and blend at low speed until gelatin is dissolved, about 1 minute.

Add 1 cup crushed ice; cover and blend at high speed until ice is melted, about 30 seconds. Blend in one 8-ounce container vanilla yogurt and pour into a serving bowl. Chill until set, about 30 minutes, before serving.

You should feel satisfied about serving this quick dessert because yogurt brings to the table the nourishing value of milk.

Count a blender as a helpful "friend" when you prepare a Quick Bavarian. This one-serving bowl dessert calls for combining one 3-ounce package of raspberry flavor gelatin in 3/4 cup boiling water in an electric blender container, covering and blending at low speed until gelatin is dissolved.

This takes about 1 minute; then add 1 1/2 cups crushed ice and 1 cup thawed frozen whipped topping. Cover and blend at high speed until ice is melted, about 30 seconds. Pour into a serving bowl and chill until set, about 30 minutes.

Here's a great recipe that serves eight, ideal for those times when junior brings home a friend or two for dinner on short notice.

The U.S. yearly average of household TV set usage per day increased from five hours and 30 minutes in 1965 to six hours and ten minutes in 1977.

Fat Walker's
Figure Perfection Salons International

**On the first day this holiday season
give yourself and your true love
a new you.**

Wow! Did Pat Walker do wonders for my wife! She had always had a weight problem and had tried everything - lose a few pounds, gain them right back. Frankly, I was ashamed to walk down the street with her. After she had lost a lot of weight, and we were discussing going to Hawaii, I was anxious to show her off. After all, not many men my age have a wife with a figure like hers. I say if Pat Walker can do a near miracle for her, they can do it for most anyone.

Harry Rider

Harry Rider tells it like it is (and was!)

Find a leveler you. Whether you want to win new admiration from your husband or want to lose weight simply for your own satisfaction, you can achieve your weight goal at Pat Walker's - pleasantly, privately, effectively and, most important, safely. Your success story can be as happy as Jamie Rider's, even if you're discouraged by previous failures to lose excess weight and keep it off.

Obese all her life, Mrs. Rider has lost 106 pounds and 120 inches. No wonder Harry Rider is so pleased by what he terms a "near miracle!"

We're a reducing salon - not a gym or spa. Put off by the noise, confusion and embarrassing group sessions you've encountered at gyms or spas? Pat Walker offers a delightful alternative - a place where you can reduce in a dignified manner in the relaxing atmosphere of a beautifully decorated salon.

Before After

At Pat Walker's, you acquire your perfect figure on your own individualized program, worked out especially for you after a confidential figure analysis. Best of all, the plan involves neither rigid diets nor strenuous exercises. Under the guidance of a trained professional counselor, you learn sensible eating habits that allow you to eat your favorite food - but within reason.

A Pat Walker exclusive
At our salons, you enjoy the advantages of passive exercise on the Symmetricon, equipment unique to Pat Walker's. While you relax, this exclusive unit gently provides all the exercise you need to trim away pounds and inches in all the right places.

Simultaneously, Symmetricon firms and tones your body tissue while it also improves your circulation and helps correct posture. Treatments are given in complete privacy, of course, and you can wear your regular street clothes. You get what you pay for - and at Pat Walker's you get a **proven** program of weight reduction.

Why wait another day to find out more about this exciting program that has benefited hundreds of thousands of people throughout the world over the past 26 years? Call NOW for your free treatment.

We'll be pleased to give you a courtesy treatment and figure analysis. There's no charge, no obligation. Just call or come by to reserve time for your courtesy appointment.

Farwell FTA Conducts Installation

The Jack Williams Chapter of the Future Teachers of America of Farwell High School had a formal officer

Penny Hughes

In Who's Who

Penny Renee Hughes of Farwell is among 38 Temple Junior College students selected for the 1979-80 edition of Who's Who Among Students in American Junior Colleges. Selection is based on academic achievement, service to community, leadership in extracurricular activities and future potential. Those selected are among the country's most outstanding campus leaders.

A 1978 graduate of Farwell High School, she is a member of the TJC women's golf team. She also is a member of Phi Theta Kappa national junior college honorary scholastic society.

Her parents are Mr. and Mrs. Walter Hughes of Farwell.

installation at the school library Monday evening, Oct. 29.

New members were recognized and new officers were installed. Officers installed during the ceremony were Donna Kalbas, president; Clay Williams, vice-president; Paula Hukill, secretary; Rhonda Dale, treasurer; Sharon Kalbas, historian; Lucretia Turner, reporter; and Keith Martin, parliamentarian.

Parents of the members, as well as former members and teachers, attended the installation. Refreshments of cake and punch were served following the ceremony.

Officers of the club attended a workshop at West Texas State University in Canyon earlier in October. They received new ideas for money-making projects and information on how to have more efficient, organized meetings.

Miss Dale Feted At Bridal Shower

Cindy Dale, bride-elect of Wesley Davis, was honored with a bridal shower on Saturday, Nov. 10, at the Oklahoma Lane Baptist Church.

The serving table was covered with a blue and white checked cloth over white. Decorations included a wicker

basket filled with greenery and flowers with a candle on each side.

Refreshments served to guests included punch, assorted breads, nuts and mints.

Special guests present were Mrs. Cyrus Dale, mother of the bride-elect; Mrs. R.C. Davis, Jr., the prospective bridegroom's mother; and Mrs. R.D. Dale, Mrs. Ernest Martin and Mrs. R.C. Davis, Sr., grandmothers of the couple.

Hostesses Lillis Garner, Avis Carpenter, Dorothy Brown, Dorothy Donaldson, Janell Verner, Julia Symcox, Bonnie Barrett and Wanda Coates presented Cindy with a set of cookware as the hostess gift.

To Wed In December

Mr. and Mrs. Elton Bass of Farwell announce the engagement and approaching marriage of their daughter, Valencia [Val] Yvonne, to Gail Blythe Faries, son of Mr. and Mrs. Virtle Faries of Perryton. The couple will exchange wedding vows on Thursday, December 27, at 6 p.m., at the Primitive Baptist Church, 617 South First Street, Muleshoe.

All friends and relatives are invited to attend the wedding and reception. Local invitations will not be sent. The bride-elect is a 1979 graduate of Farwell High School and is employed at St. Clair's Department Store in Muleshoe. The prospective bridegroom is a 1978 graduate of Perryton High School and is attending Texas Tech University in Lubbock.

Texico Women Hold Royal Service

The women of the Texico First Baptist Church met at the church on Wednesday afternoon, Nov. 7, for their regular Royal Service Program, with chairman Mora Schluter in charge. The program was opened

with Connie Elliott leading in singing "Give of Your Best to the Master." Mrs. Schluter accompanied her at the piano.

Names of missionaries having birthdays on that day were given by Mrs. Elliott followed

by prayer. Theme of the lesson was "Overcoming Barriers to Evangelism in Europe." Ladies taking part in the program were Helen Bowers, Mary Hill, Velma Kelley and Gracie Dane.

Mrs. Schluter briefly discussed the topic "Why Change My Life? - Because," before dismissing the group with prayer.

The seven members present were Connie Elliott, Mary Hill, Helen Bowers, Velma Kelley, Mrs. S.G. Jones, Mora Schluter and Gracie Dane.

Convalescent Center Chit Chat

Gil Patschke led church services at the Farwell Convalescent Center last Sunday afternoon. Mrs. Nancy Knoy played the piano.

Clay Henson's sister came to visit him last Monday. Visiting were Francille Price and Evelyn Thompson, both from Lubbock.

We are starting our quilt this week. The residents are really anxious to get started. We are also preparing the Center for our Thanksgiving family night.

We are going to have a family supper November 20th and all the residents' families are invited to come.

Nora Edens and Opal White are busy painting a Christmas tree skirt and hope to have it finished in time to use when we put up our tree.

Visiting Mr. and Mrs. E.T. Dunn this past week were Mrs. R.J. Cook and Mrs. Gussie Forr, both of Ft. Sumner; Gary Cook and his four children from Friona; Mr. and Mrs. Bennie Stockton and Connie Nash of Portales; and Mrs. Bud Fletcher and Mrs. Edna Bell of Melrose.

Center residents who are in the hospital this week are Dorothy Coke and Nina Dickenson. They are both in Clovis High Plains Hospital. We hope to see them back real soon. We really miss them.

We have a new resident and welcome her. Matias Lopez from Clovis has come to stay with us.

Two of our residents, Margaret and D.C. Melugin, left this week to move back home. We wish them well and hope they will come to visit us often.

Wedding Reminder

Cindy Dale and Wesley Davis, both of Oklahoma Lane, will exchange wedding vows on Wednesday, Nov. 21, at 6 p.m. in the Oklahoma Lane Baptist Church.

The bride-elect is the daughter of Mr. and Mrs. Cyrus Dale of Oklahoma Lane and the prospective bridegroom's parents are Mr. and Mrs. R.C. Davis, Jr., also of Oklahoma Lane.

All friends and relatives are invited to attend the wedding and reception. No local invitations have been sent.

Home On Leave

Lt. j.g. Robert W. (Will) Anderson arrived in Farwell last Friday to visit his parents, Mr. and Mrs. Robert Anderson, and other relatives and friends in the area.

Lt. Anderson left Wednesday to return to duty aboard a carrier ship for the next five months.

FOOD focus

Mae Martha Johnson
Extension Food Specialist

Dear Food Focus:
I have to admit that I make a great red cherry jelly. We usually give a large jar of jelly to our friends as gifts. Well, last year I sealed my jelly with paraffin and when we got them out for Christmas gifts, they had mold on the top! How awful! I can't afford that mistake this year.

Moldy And Mad
Dear Moldy:
Sealing jelly with paraffin is an acceptable procedure which works well only if everything is done right.

First, it is necessary to put the jelly in jars or glasses with straight sides so the paraffin can be removed easily. Jars with a smaller top may be used if they are filled to the straight part at the top. Most jars with screw tops are straight at the top for about one-half inch. Fill the jars leaving about one-fourth inch space for the paraffin. Use a one-eighth inch layer of paraffin.

The jars or glasses should be washed and sterilized by boiling for ten minutes.

After the jelly is cooked, it should have any foam skimmed off quickly so it can be poured up very hot. Then the jelly is immediately covered with a one-eighth inch thick layer of hot, but not smoking paraffin. Prick any air bubbles that appear in the paraffin. Bubbles will cause holes to appear, resulting in an imperfect seal.

Allow glasses to stand undisturbed until paraffin hardens, then cover the jars with metal lids.

Jelly can be sealed in regular canning jars and lids, also. Fill hot sterilized jars to one-eighth inch of the top with hot jelly. Wipe jar rim clean, place hot metal lid on jar and screw the metal band down firmly. This method may be used for jam and preserves while paraffin is only suitable for jelly.

Dear Food Focus:
It seems almost everyone in our area is advertising to sell fruit from their orchard or back yard tree. After I bought some, a friend gave me some more. What is the best way to store fruit if you want to eat it fresh.

Overrun with Fruit
Dear Overrun:
Berries, cherries, grapes and pineapple will not ripen after they are picked and should be refrigerated. Apples, pears and melons can be further ripened at room temperature then refrigerated when they reach desired softness.

Bananas can be left at room temperature until ripe then refrigerated for a few days. The skins will turn brown in the refrigerator, but the flesh keeps well for two or more days after ripening.

Apples and pears can be left at room temperature for a short time if the flesh is too crisp, but will keep best in the refrigerator.

Apricots, peaches and plums should be mature when picked or they will not have the desired flavor and sweetness. Do not buy this fruit green. They can be left out a short time to soften if necessary, then refrigerated.

In general, most fruits should be refrigerated and softer fruits should be used quickly. Hard fruits, such as apples and pears, may keep for several weeks, if properly refrigerated.

Readers may send questions to Mae Martha Johnson, Food and Nutrition Specialist, Box 3AE, New Mexico State University, Las Cruces, New Mexico 88003.

People have believed that diamonds can only be found at night.

Hospital Notes

Prentice Mills of Farwell was admitted to Parmer County Community Hospital in Friona on Sunday for medical tests and treatment. He was expected to be dismissed to return home Friday or Saturday.

Marriage Licenses

Parmer County Clerk's office has issued three marriage licenses since the last report.

Receiving the licenses were Bobby Stowers and Shirley Pittman; Domingo Villarreal, Jr., and Luisa Cruz; and Ronnie Dean Stone and Connie Eileen Stanberry.

WORD OF GOD

Fulfillment (New Testament)

Then Herod, when he saw that he was mocked of the wise men, was exceeding wroth, and sent forth, and slew all the children that were in Bethlehem, and in all the coasts thereof, from two years old and under, according to the time which he had diligently inquired of the wise men.

Then was fulfilled that which was spoken by Jeremy the prophet, saying,

In Rama was there a voice heard, lamentation, and weeping, and great mourning, Rachel weeping for her children, and would not be comforted, because they are not.

Matthew 2:16-18

Theta Rho ESA Sets Party Date

Theta Rho Chapter of Epsilon Sigma Alpha sorority held their regular monthly meeting Monday night in the home of Mrs. Dardanella Helton. Joyce Williams served as co-hostess. Discussion centered around the success of the Walk-a-Thon recently sponsored by the sorority. The members wish to thank all who participated in it and helped to make it such a success.

December 19 was the date set for the annual ESA Christmas party. It is to be held at Colonial Park Country

Club in Clovis on that date.

Refreshments were served to the following members: Judy Jones, Jeannie Norris, Alta Herington, Lillie Christian, Dot Christian, Gwen Corn, Leslie Lunsford, Pam Norton, Becky Norton, Margaret Aycock, La-Moin Williams, Joyce Williams, Deb Williams and Maxine Williams.

Also, Caren Spearman, Weslie Edwards, Dardanella Helton, Jan Marsh, Nell Walling, Rosa Roberts, Robin Gregory and Diane Atkinson.

Lubbock Jaycee-ettes Sponsoring Art Sale

The works of local artists, as well as artists throughout Texas and Oklahoma, will be featured at a Starving Artist Sale November 16-18.

Sponsored by the Lubbock Jaycee-ettes, the exposition will be held at the former TG&Y Building in Monterey Center. Nancy Morgan, publicity chairman for the sale, said "many kinds of art, such as jewelry, oil paintings, ceramics, macrame, and wire sculpture will be featured."

The sale will be open Friday, Nov. 16, and Saturday, Nov. 17, from 10 a.m. until 8 p.m. and Sunday, Nov. 18, from 12 noon until 5 p.m. Proceeds from the sale will go to charities.

Last year's proceeds from the sale went to the March of Dimes, Multiple Sclerosis So-

ciety, Family Services of Lubbock, Lubbock Area Foster Parents Association, Lubbock Area Children's Shelter, Lubbock Jaycee's Children's Shopping Tour and the Texas Jaycee Campus.

This will be the eighth annual sale the Jaycee-ettes have sponsored.

Yearlings Split Games With Kress

Farwell junior high football teams split games with Kress last week with the seventh grade team losing 14-6 and the eighth graders winning 20-8.

Kress jumped on the seventh grade team in the first half in a heavy rain and scored 14 points, but in the third quarter the Farwell team scored on a five-yard quarterback sneak by Roger Robertson.

Kress has a very large team and the Farwell coaches stated that they were proud of the way the 7th Yearlings hit in the second half.

The team played their last game of the season against

Kress because Vega doesn't have a seventh grade team. They finished 2-6 for the season but played well enough to have won more games, say their coaches.

Coach Larry McDorman stated, "Our little backs, Jesse Coburn and Brian White, played like they were big kids with big hearts. Roger Robertson and Sammy Sanchez played well also, at quarterback and fullback. We look for a lot out of our linemen next year as they are a growing bunch of kids. There are a lot of good future Steers in this bunch."

The eighth grade Yearlings played what was termed by their coach as "probably our best game of the year both physically and emotionally." Kress was a huge team that probably averaged 160 to 170 pounds per man but the Farwell team registered a 20-8 victory over them.

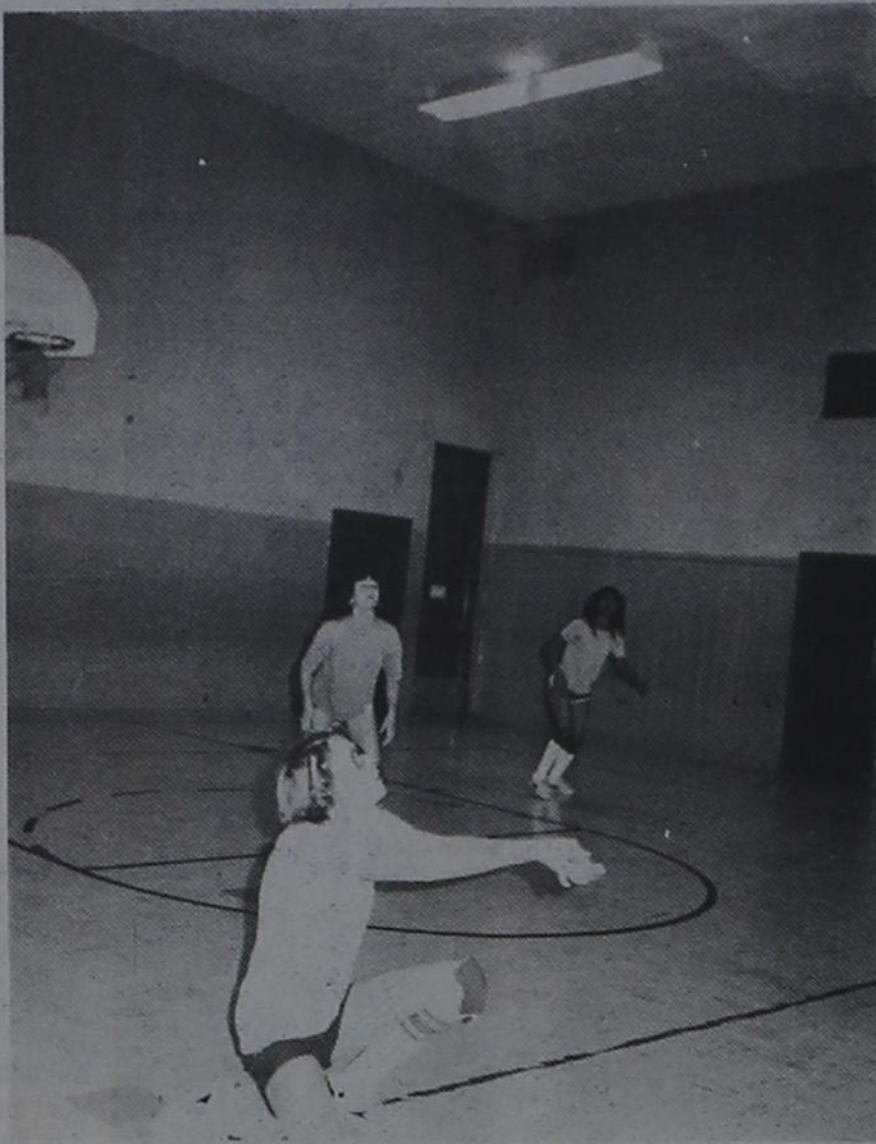

Farwell received the kickoff and from the first play they scored on an option pitch from Alan Eubank to Raymond Sierra that went for 50 yards. The extra point try was no good.

In the second quarter Eubank kept on a quarterback option and scored from four yards out. Manuel Cantu scored two points and the score was 12-8 at halftime.

In the fourth quarter, Raymond Sierra scored on a dive and made the score 20-8. Try for the extra point was no good. "Every player on the team played well," stated Coach McDorman.

"Kress had such a large team we were not sure we could move the ball against them, but they could not stop our options. Our eighth grade line blocked great and our defense was great. The kids deserved this win," McDorman added.

The eighth grade team was scheduled to play Vega at Farwell on Thursday.

Ready, Set, Volley

Farwell varsity volleyball girls have been industriously practicing and sharpening their skills in preparation of their up-coming Bi-District match in Lorenzo next Monday, Nov. 19. They won their district play-off game in Bovina and are looking forward to their next

game in hopes of getting into the regional playoffs in Leveland and state playoffs in Austin. "The girls have done really well considering this is only their second year of competition in this sport," said coach Glen Morton.

Area Schools Affected --

UIL Announces District Changes, Realignment

The Texas University Interscholastic League, which governs high school athletics in the state, announced new classifications and district alignments last week. All classes moved up one classification, from AAAA to AAAAA, etc.

Farwell, Friona, Bovina, Springlake-Earth, Hart, Kress, Vega, and Lazbuddie as well as other schools throughout the state were affected by this change.

The realignment moved Farwell and its previous District 3-A opponents in to District

3-AA. The Lazbuddie school which was in Class B will now be in District 2-A and Friona which was in District 3-AA will now be District 2-AAA.

Farwell did not lose or gain any schools in changing classifications as far as competition but Friona lost Morton from its district as Morton was placed into a lower classification and will compete in District 5-AA.

Lazbuddie gained Anton into their district but lost Borden County, which dropped to six-man classification.

Under the new classification there will be no Class B districts. Schools with enrollments less than enough for Class A classification will be eligible for six-man competition.

NEWS OF SAFETY

Skiing Safety

Sometimes they're called skiers.

All too often, however, they more closely resemble human projectiles that smash into snow fences, slide into snow-making machines, tumble into trees, slip off tow lifts and dodge runaway torpedoes that are sometimes called skis.

According to the U.S. Consumer Product Safety Commission, an estimated 84,000 persons were treated in American hospitals last year for ski-related injuries.

Aetna Life & Casualty, one of the nation's largest health insurers, offers some common sense advice to avoid skiing accidents this season.

Doctors like Aetna's Michael Mittelmann, an avid skier himself, point out that one of the best ways to avoid injuries on the slopes and cross-country trails is to be physically fit.

"Hiking, jogging, swimming, walking up and down stairs, being sure to get at least 15 minutes of exercise a day are good ways to prepare for downhill or cross-country skiing. Being physically fit can help prevent some of the most common ski injuries including sprains and strains," says Dr. Mittelmann.

Even the most physically fit skier, however, will find it difficult to remain injury-free if his equipment isn't adequate. Experts at sporting goods stores can help select the most up-to-date and safe equipment.

Whether you're a beginner or more experienced skier, taking lessons from a professional can both increase your enjoyment of the sport and lessen the chances you'll be injured.

Ski area professionals can also provide tips on the safest way to ski their particular slope and general tips that apply at all slopes, such as being aware of changing weather conditions, learning how to fall properly and

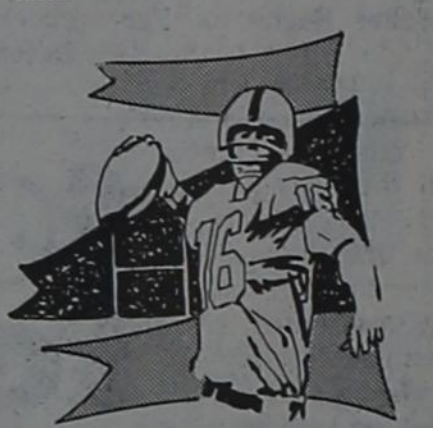

caring for injured skiers.

Above all, use common sense and be courteous, whether you're on an expert slope in Utah or a cross-country trail in Vermont.

Winter's a great time to be outdoors. It's not such a great time to spend in a hospital room with half your body in a cast!

SNOW FENCES were just one cause of the estimated 84,000 ski-related injuries treated in American hospitals last year.

THE MALE FACTOR

Man's Cologne 3.9 Fl. Oz. \$6.75

All male — and very sexy. A blend of citrus with the warm, earthy notes of herbs, spices, woods and a deeply musky undertone.

ROSE DRUG

Exercise Can Make You Feel Better

How much exercise do you get? If you're typical of most Americans, it's probably not enough.

We are a nation on wheels. We ride to work, school, shopping and even to the corner newsstand to pick up the evening paper.

While no regular exercise program should ever be undertaken without first checking with your family physician, most of us can add more exercise to our lives with little effort.

Carl Hines, M.D., CNA Insurance medical director, contends that in this automobile age we often overlook a simple, stimulating exercise that is a tonic to both mind and body. It's called "walking".

Walking, he says, is a good body conditioner using nearly every muscle. And walking is an excellent way to relieve nervous tension.

Running, swimming, bi-

cycling, handball and basketball also provide good exercise.

Dr. Hines says some sports such as golf, bowling, horseback riding, fishing and sailing offer limited exercise value.

Many medical experts recommend calisthenics to increase coordination flexibility and to tone up muscles.

And, don't forget numerous day-to-day activities around the home — cleaning, washing windows, painting — provide helpful exercise.

A Word Of Caution
Dr. Hines warns you should stop exercising immediately if you experience extreme fatigue, tightness or pain in the chest, abnormal shortness of breath, lightheadedness or nausea. See your doctor before resuming your exercise routine.

Also, never exercise when you are suffering from an acute infection, including a cold.

For District Title --

Kangaroos Shut Out Steers 17-0

by Virgie Rater

In a match for District 3-A championship last Friday the Kress Kangaroos shut out the Farwell Steers 17-0.

The game was Kress's homecoming and to help make the celebration a success Kangaroo halfback Eddy 'Magic' Johnson stepped off 148 yards on 28 carries and two touchdowns for his team.

In the first quarter of play Kress kicked a field goal to register the first three points of the game. After Farwell took possession they were unable to keep it for lack of a first down and Kress again took control.

With 6:47 left in the first quarter Kress fumbled the ball on a third and four situation and Farwell recovered the ball. The Steers were able to keep possession long enough to get one first down, but a fumble by quarterback Mark Owen was recovered by Kress on the Steer 42-yard line to stop that drive.

Kress was unable to move the ball and had to punt, but another fumble again cost the Steers the ball. Kress was within inches of scoring on a third down situation when the first quarter ended. The Kangaroos picked up a five-yard penalty for illegal motion and another five-yarder for delay of game. On a fourth and 10 situation, Farwell received a punt and downed it on the Kangaroo 45-yard line.

On a third and 15 situation quarter. Max Lonsdale, #42, closes in for an assist if needed.

James Castleberry caught a spectacular 57-yard pass, but the Steers were unable to get another first down and the ball changed hands again.

Kress played to a fourth and four situation and went into a punt formation but faked it and completed a pass for a touchdown but it was called back and nullified as Kress was penalized 15 yards for clipping.

The Kangaroos made a steady drive and finally got the ball across the goal. The P.A.T. kick was good and the score was Farwell 0-Kress 10 with 1:05 remaining in the first half.

Max Lonsdale received the kick but the next pass from Steer quarterback Owen was intercepted and Kress was

again in control of the ball. A 15-yard holding penalty, and incomplete pass and an unsuccessful field goal attempt kept Kress from scoring before the end of the first half.

Farwell received the ball at the beginning of the third quarter and on a third and 13 situation Richard Carpenter was unable to pull the ball out of the air for a first down so Kress again took over.

After picking up three first downs the Kangaroos fumbled the ball and the Steers were able to recover. However, another Owen fumble soon placed the ball back into Kress hands. After a steady drive the Kangaroos again scored a touchdown and the P.A.T. kick was good. The final points had been scored in the game and

the score was Kress 17, Farwell 0.

The remainder of the third quarter and the final quarter was plagued with fumbles, interceptions, incomplete passes and penalties on both teams. The Steers just weren't able to hold onto the ball long enough to put numbers on the scoreboard in the title match.

Craig Kaltwasser - 2 passes for 36 yards

Steers Of The Week

BYRON MAYFIELD

Byron Mayfield, the Steers' 191 pound junior tackle, was named by the coaching staff as Defensive Steer of the Week this week. Byron made 19 tackles in last Friday night's game against Kress. Also receiving awards were Max Lonsdale for the Big Hit Award and Waverly Coates for the Win Award.

JAMES CASTLEBERRY

James Castleberry won honors from the Steers coaching staff by being named Offensive Steer of the Week this week. James had a total of 43 yards on six carries in last week's game against the Kress Kangaroos. He also made a spectacular 57-yard catch on a pass from quarterback Mark Owen.

'Magic' Moments

Steers Byron Mayfield, #70, and James Castleberry stop Kangaroo's Eddy 'Magic' Johnson as he heads down field in the first quarter of last week's district championship game at

Kress. Johnson made good yardage but it was nullified by an illegal forward motion penalty against the Kangaroos on the play.

Good Crowd Attends Parent-Player Night

Some 80 Farwell persons attended the Player-Parent night sponsored by the Steers Booster Club Tuesday night.

Purpose of the event was to let the boys get acquainted with their fellow schoolmates and the parents. Likewise it gave the parents a chance to get acquainted with the boys and the other parents.

The coaches introduced each boy and in turn the boys introduced their parents to the group. Everyone enjoyed visiting after the introductions and a short program was given by Coach Randy Adrian and Jerry

Owen. The program was a film of a game between the 1947 six-man football teams of Farwell and Oklahoma Lane. Special notice was given that the next Booster Club meeting which is scheduled Tuesday, Nov. 20, will be held one hour earlier at 6:30 p.m. CST. The meeting will be at Clara's Restaurant.

District Hopes Dashed --

Steers Face Vega In Season Finale

Farwell Steers came home disappointed in their failure to capture the District Championship in their game against Kress last Friday night.

"The Steers just turned the ball over too many times and that is what beat them," said Farwell coach Randy Adrian. "The kids really got after it and did a good job. They never quit and played hard until the final buzzer," Adrian stated.

The coach cited the defensive squad as doing an exceptional job, especially considering they had to play nearly three quarters of the game.

Although the Steers were not able to capture first place in the district, they will be able to grab second place if they can beat Vega when they play them on home turf tonight (Friday).

Vega was beat by Hart last Friday night and at the moment is tied with Farwell for the second place berth.

Tonight is Parent's Night at Steer Stadium and the parents of the varsity team will be honored at the last Steer game of the season. For the seniors on the team this will be their last game even for the Steers, and they would like to put it on record as a winning one.

All Steer fans are urged to come to the game and show the team their support. Game time is 7:30 p.m. CST.

Coach Adrian stated that Vega has a good ball club that is well coached and well disciplined. "They have played good teams and they have played well this year," stated Adrian. "We are going to have to play one of the best ball games we have played this season in order to beat them," he added.

Upcoming Sports Events In Texico And Farwell

Farwell Steers will play their last regular season game tonight (Friday) on their home field as they host Vega for second place in district standing. Game time is 7:30 CST.

Texico Wolverines travel to Mountainair to battle it out for the semi-final championship in the Class A state playoffs. Game time is 7 p.m. MST.

Farwell varsity basketball girls will scrimmage New Deal on Saturday, Nov. 17, in Spade. Game time is 1:30 p.m. CST.

Farwell varsity volleyball girls will play for Bi-district championship against Lorenzo Monday, Nov. 19, at 6 p.m. Farwell lost the toss of the coin deciding the location of play so the game will be played in

Lorenzo. ***** Farwell JV girls basketball team will scrimmage Yucca in Clovis on the 19th at 7:30 CST. ***** Texico and Farwell varsity boys roundballers will scrimmage in Farwell on Wednesday, Nov. 21, at 1:30 p.m. CST.

Lionel Lane reports

Parmer Co. Results

Again this year Pioneer® brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

Parmer County farmers reported excellent performance and top yields from this hybrid again in '79. Bob Dollar at Farwell harvested 12,927 lbs./A. with 3360. Kim Rundell of Bovina reported a yield of 12,538 lbs./A. and Roy Donaldson of Farwell reported an outstanding yield of 11,342 lbs./A. 3360 has been a consistent performer throughout this area for several years and this year it showed a yield advantage again, averaging 10,690 lbs./A. in 35 hybrid comparisons in this area. A tall, semi-upright leaved hybrid, 3360 has outstanding head smut tolerance, excellent MDMV tolerance and better standability than most upright leaved hybrids.

In 37 tests in this area, 3311 averaged 611 lbs./A. more yield than competitive hybrids. Among farmers reporting outstanding yields for 3311 were Clyde Woodard who reported that 3311 topped his test; Bob Dollar of Farwell with 12,754 lbs./A., and Roy Kuper of Bovina with 10,621 lbs./A. 3311 has shown excellent drought tolerance and it will adjust kernel depth to match growing conditions. Outstanding head smut tolerance plus excellent MDMV tolerance helped make this hybrid a top performer for Parmer County farmers who grew it.

Wolverines Of The Week

Play Mountainair Tonight --

Wolverines Whip Tatum; Head For Semi-Finals

HERBERT BIBBS

BRITT CROOKS

Herbert Bibbs received kudos from his coach this week as Offensive Wolverine of the Week. Herbert scored four touchdowns against the Tatum Coyotes last week and had 195 on 30 carries. He has a total of 1,682 yards and 231 carries for 10 games.

Britt Crooks won honors of Defensive Wolverine of the Week as well as receiving the Specialty Teams Award for his tremendous efforts in last Friday's game. He had eight assisted and 15 unassisted tackles for a total of 23 tackles in that game. Coach Paul Toppliff stated, "Britt played as well as I've seen him play." Britt also kicked all the extra points and made one of two field goal attempts. He also made a two-point conversion. David Cavallero received honorable mention from his coach with his efforts of 16 tackles in the game. Cavallero was also awarded the Hardest Hit Award.

LOSING YOUR WATTS?

If your home is inadequately insulated, you're probably losing watts. You can lower your heating and cooling expense by installing the proper amount of insulation.

If you're in the market for a new home, make sure the one you buy is an ENERGY EFFICIENT HOME. An Energy Efficient Home uses energy saving construction methods to keep the heat where it belongs.

Whether they win or lose in the semi-final play-off game tonight (Friday) in Mountainair, the Texico Wolverines can be proud of the record they have set this season.

After 10 games the Wolverines remain unbeaten and have impressive numbers on their record.

In a score by quarters roundup of the 10-game winning streak the Wolverines have only allowed 20 points to be scored against them in the first quarter of play while scoring 75 of their own.

Texico has 157 points in their second quarter scoring against only 20 points from their opponents. The Wolverines have completely shut out all their opponents in third quarter of play and have 95 points showing from them in that time slot.

With 99 points showing in the Wolverine records for fourth quarter scoring and only 40 points in their opponents' fourth quarter scoring, the totals add up to 426 points for the Wolverines and 80 points for their opponents.

That leaves an average of 42.6 points per game for the Texico "Mean Green" and only an eight point average per game average for their opponents.

Texico has an average of 384 total yards gained for the ten games and their opponents have only 159 yards per game average. These averages are due to the outstanding efforts of such players as Herbert Bibbs who has made 231 carries for 1682 yards; James Hadley who carried 70 times for 361 yards, and Robert Thornton with 65 carries for 226 yards, as well as the other offensive players on the team.

Defensively, David Cavallero, Britt Crooks, Ron Kirby and Shawn Perkins have led the way for the success of the Wolverines. Cavallero has a total of 119 tackles, Crooks has

114, Kirby has 96 tackles, and Perkins has made 75. Several of the other defensive team members have over 50 tackles to their credit.

In comments on tonight's game against Mountainair Wolverine coach Paul Toppliff said that it will be a very physical game and probably a low scoring game. He says he believes that 21 points will win the ball game for whichever team can get that score.

Toppliff also stated that in theory the Wolverines will be going into the game as the underdog because of the disadvantage of having to play away from home and also because of the size of the Mountainair Mustangs; they have one tackle who is 6'3"

and weighs 246 pounds.

Toppliff indicated that the Mustangs had improved over the past 10 weeks since Texico last played them and that they are now a fine team. "They are really an outstanding ball club," he stated.

Toppliff said that he hopes his boys and the Wolverine fans go to the semi-finals with the realistic attitude that they cannot rely on last week's performance and that they will have to get in there and fight this week's battle to come out on top.

In comments on last week's quarter-final game against Tatum, Toppliff stated that the Wolverines probably played the worst first half offensively that they had played all

season. "We had to really make some adjustments at half time in order to keep the Coyotes from walking off with the victory," said Toppliff.

The Wolverines and Coyotes were tied seven-all at half time and Toppliff attributes penalties, dropped punts and poor team attitude as the reasons that nearly got them beat.

"Tatum really played rough and beat us up badly," Toppliff related. We suffered sprained ankles, bruised thighs and one of our wide receivers suffered a concussion," he added. He said the boys "tended to take the Coyotes for granted because they had defeated them only two weeks before and all that got them was a bad whipping."

"I'd like to go on record as saying that I was a little embarrassed by the boys' performance in the first half," stated Toppliff, "but, they came out and played a good second half because they made the adjustments mentally and physically that were needed to win."

The Wolverines were down three to one in penetrations at half time and had they not been able to score well in the second half they could have lost the game because of that statistic.

The team will leave on a chartered bus at noon today (Friday) for Mountainair. A booster bus will leave at 2 p.m. carrying loyal fans of the Wolverines to the game.

"I'd like to thank all the people who came to the Tatum game and would also like to encourage all who can make it to tonight's game to please come and show the boys that you are behind them all the way," stated Toppliff.

White Stuff Can't Stop Janet!

Indy Star Guthrie Joins Snow Set

The snow flies and so does Janet Guthrie as the first woman to qualify for and finish the Indianapolis 500 auto race puts a sleek new 1979 high-performance snowmobile through its paces. Guthrie drove the parade lap for the Eagle River (Wisc.) World Snowmobile Championship race and also was filmed for NBC SportsWorld's upcoming TV segment on snowmobiling.

There'll be a lot of new Janet Guthrie automobile racing fans from among the snowmobiling crowd when the first woman to qualify and finish the Indianapolis 500 hits the Indy and stock car ovals this season.

Guthrie, who finished ninth at Indy in 1978 and is going after bigger finishes at Ontario, Calif., Indianapolis, and other events in '79, was a hit among snowmobile racing fans at the Eagle River (Wisc.) World Snowmobile Championships this winter.

Appearing in behalf of Ski-Doo snowmobiles, Guthrie developed writer's cramp autographing photos and made a myriad of new friends discussing racing. She drove the parade lap for the Eagle River World Championship race and was filmed for NBC SportsWorld's upcoming segment on snowmobiling.

Janet's auto-racing sea-

son gets underway at College Station, Texas, in a USAC stock car event in March. Guthrie has a competitive Indy "ride" with a top owner, Sherman Armstrong, and a talented teammate, Tom Bigelow. There's no question she's enthusiastic about the Indy car scene and the Texaco Star entry she will drive with Cosworth engine and Lola chassis.

She's also looking forward to an opportunity to spend more time on the Ski-Doo snowmobiles. With lots of snow across the country, there's a good chance she'll be on one again in her spare time . . . even though she makes her home in Miami, Fla.

"There's no way I want to race snowmobiles but they're great fun to ride," says Janet. "I love snowmobiling. It has become one of America's fastest-growing participation sports — and I can understand why!"

Texico Thumps Tatum In Quarter-Final Game

by Jeff Tharp & Rusty Jameson

from scoring in 12 consecutive downs. When the Wolverines once again took control of the ball, Crooks kicked a 31-yard field goal to end the scoring.

When the game was over, the Wolverines had racked up 32 points to Tatum's 7. Texico intercepted three of Tatum's 18 passes, while Tatum intercepted only one out of 19 Texico passes. Texico forced Tatum to punt 14 times for 114 yards, while Texico was never forced to punt.

The victory was Texico's 10th consecutive win. Only three other teams remain in the race for the State Class A crown: Mountainair, Reserve, and Hagerman. Hagerman is scheduled to meet Reserve at 2 p.m. today (Friday), and the Wolverines will encounter the Mustangs at Mountainair tonight at 7 p.m.

By Monday evening Texico fans already had reservations for all seats on a large, chartered bus, sponsored by the Booster Club, to take fans to Mountainair. The Booster Club bus will leave at 2 p.m. A pep rally is scheduled at 11 a.m. in the Wolverine gym, before the football team departs at noon today for their trip to Mountainair.

Plans were announced Wednesday to take a student school bus if enough students requested it.

For fans unable to attend the game, KICA Radio in Clovis will provide full play-by-play coverage of the game, with their broadcast from Mountainair beginning at 6:45 p.m. MST.

The Texico Wolverines took one more step towards their goal of a state championship last Friday night by downing the Tatum Coyotes 32-7, but the real show didn't start for the Wolverines until the third quarter.

This win in quarter-final action advances the Wolverines to semi-final action this Friday night against the number-three rated Mountainair Mustangs at Mountainair.

The first quarter was a defensive quarter with both teams' defensive lines holding the other team's offense in check. Neither team scored in the first quarter.

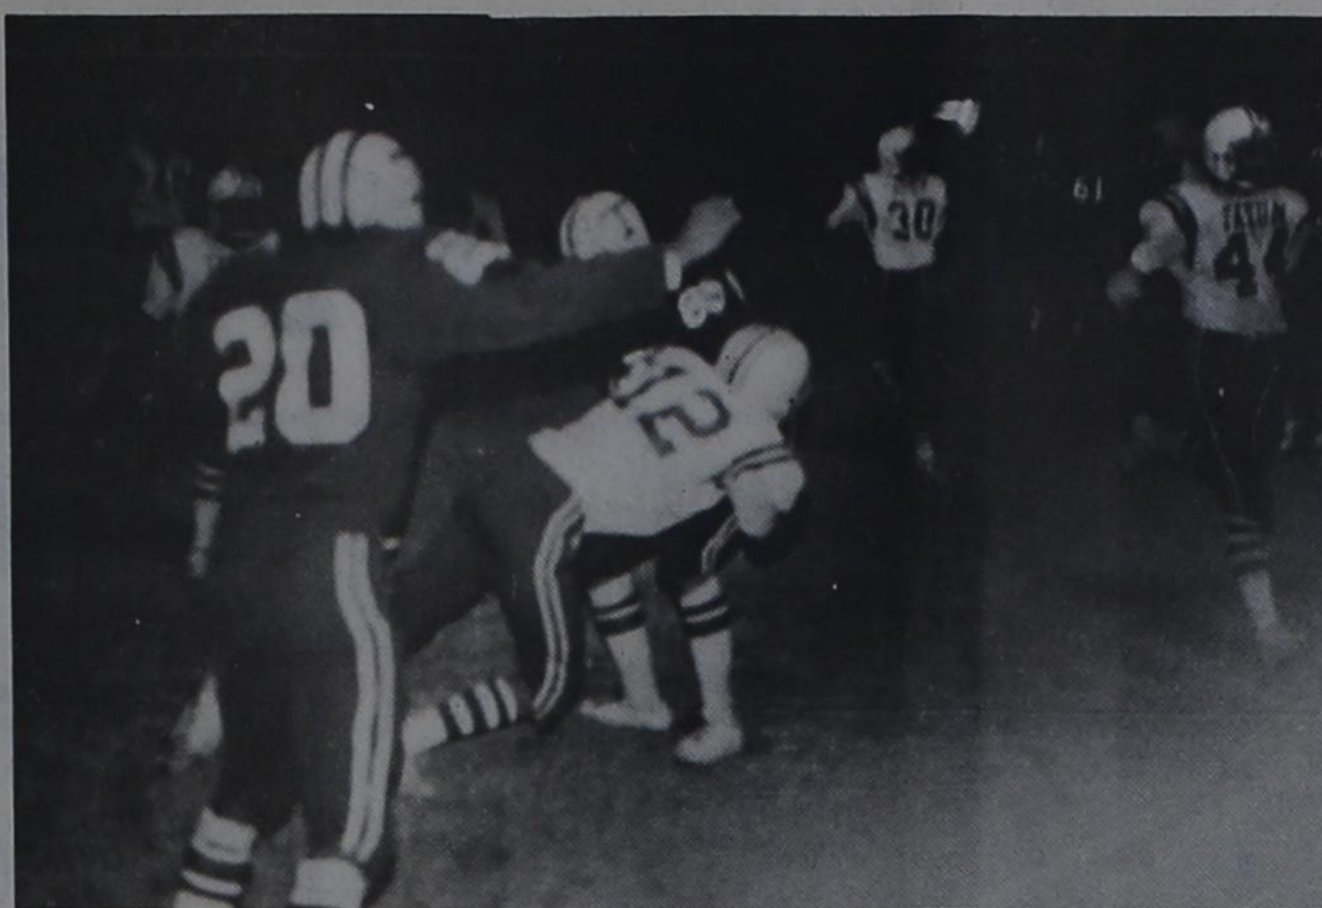

The Wolverines were the first to reach the goal line on the first play in the second quarter with Herbert Bibbs going in from the one-yard line. The P.A.T. kicked by Britt Crooks was good.

After the kickoff, Tatum held the ball 14 consecutive downs until Tatum's Kevin Bonds went in from the one-yard line for Tatum's only score. The Coyotes' P.A.T., kicked by Brack Morrow, tied the game 7-7 at halftime, for the Wolverines' lowest-scoring first half this season.

When the Texico squad came back out after half-time it took 11 downs before Texico's H. Bibbs made a 15-yard run to add six more points to the Green and White score. The P.A.T. kicked by Crooks was good.

After the kickoff, on the Coyotes' second down, Texico's Shawn Perkins intercepted a pass and ran it in from the 27-yard line. The P.A.T. was a pass from quarterback J. Hadley to Britt Crooks. With the clock still showing time in the third quarter, Texico kicked off again but the Wolverines' Ron Kirby knocked a fumble loose on the Coyotes' 32-yard line. On the next play H. Bibbs went in on a 32-yard run, with Crooks kicking the P.A.T. The Wolverines led at the end of the third quarter, 29-7.

On the fifth down in the fourth quarter, Texico's kicker Crooks tried to boot a 42-yard field goal, but the attempt failed. After Tatum took possession of the ball, the Texico defense held Tatum

last Friday night in Tatum. Other Wolverines on the scene are David Cavallero [#20] and in the right background Clyde

Bibbs [#61]. The Wolverines trounced the Coyotes 32-7 to advance to the semi-finals this week. [Photo by Steve Kittrell]

Texico's This, That And The Other

by Journalism I Class

Twenty-five Texico FHA/HERO members attended the 1979 District meeting at Clovis High last Friday. Sharlet Taylor, a freshman, was elected vice-president of Devotions, and Tammy Landis, also a freshman, was elected vice-president of recreation for District F.

In the elementary migrant class, Mrs. Rebecca Topliff is reviewing her students with reading sheets which emphasize a Thanksgiving theme. They are also watching slides about the First Thanksgiving.

Mrs. Kay Singleterry's fourth grade math class is working

with multiplication puzzles.

Tina Geries, a 1979 graduate, has been selected for the cast of "Swanee," the E.N.M.U. annual musical show.

First and second graders viewed a film last week entitled, "Fat Albert."

Mrs. Ann Pearce's second grade students have been making decorative turkeys for Thanksgiving, and they have also written stories called "Turkey Tales."

First graders in Mrs. Rita Dunsworth's class are learning how the Pilgrims lived. One of their projects has been to churn and make butter. Their arts and crafts projects now are also geared to a Thanksgiving theme.

The first junior high basketball games were scheduled for Thursday, with the girls hosting Gattis and the boys traveling to Gattis. Their games will usually be played at the same time.

Texico Boys Attend Science Workshop

Six junior high students and one freshman student from Texico Schools attended a Science Fair Workshop for the southeast region of New Mexico last Saturday, Nov. 10, on the ENMU campus. The workshop was sponsored by ENMU and New Mexico Military Institute. Cecil Davis, sponsor, accompanied the Texico youths to Portales.

The workshop was to promote Science Fair participation and science education, with the main objectives being to provide Fair information to the students and sponsors, and to provide help in terms of project ideas, how to conduct scientific investigations, availability of material and project displays.

During the workshop sessions students and sponsors

met in small groups divided by Fair categories of behavioral and social sciences, biochemistry and chemistry, botany, earth and space sciences, engineering/physics mathematics and computer science, medicine, health and microbiology and zoology.

Professional scientists in a variety of fields served as group leaders. The workshop was held in the ENMU Science Building.

One of the highlights of the visit was the tour the boys got to make of the new computer room and of the solar room at the University.

Texico boys attending the workshop were Mark Meeks, John Thomas, David Jones, Jesse Garcia, Chris Curry, Doug Thornton and Johnny Torres.

Texico-Farwell Boys Roundball Teams Scrimmage Wednesday

Texico and Farwell boys varsity basketball teams will scrimmage on Farwell's court on Wednesday, Nov. 21, at 1:30 CST.

Texico coach Cecil Davis stated, "We are looking forward to the scrimmage because we know Farwell has good talent and an outstanding coach."

Farwell coach Mike Martin recently went to Texico and lectured the Texico boys about the four-corner offense. "He was a good speaker and we will use the four corners in our offense," said Davis.

If both Texico and Farwell can win in the Lazbuddie tournament which will be December 6, 7, and 8, they will play each other in the finals.

Coach Davis has released the following comments about the Wolverines who are already suiting out for practice. The other players are still involved in football and have not suited out yet.

RUSTY JAMESON is developing as a strong rebounder. He is 5'11" with good jumping ability. He gets good rebounding position and really goes for the ball.

STEVE KITTRELL is a good shooter from 15 to 20 feet. He will be very effective against the zone defenses. He really likes to play one on one.

JEFF THARP is really a hustler. He goes after all the loose balls. His performance is outstanding when we are pressing full court.

NEAL HAILE has a good outside shot and is a good jumper. His vertical jump is 26 inches.

JEFF DAY is an exceptional dribbler and ball handler. If the defense allows him to shoot from outside, he is deadly. He penetrates to the basketball well to shoot or pass off. He attended the summer basketball camp in Clovis and this camp brought out latent talents.

CRAIG HORNE really works at drawing the offensive charge. He has a lot of courage and the ability to scramble. He just makes a lot of things

happen. He really wants to be great and he has the intelligence to develop into a quality player.

TONY TUBBS has outstanding jumping ability with a lot of good offensive moves under the basket. Tony loves basketball and will really be outstanding when he is a senior. Tony has speed, quickness, and the necessary height to dunk the basketball, he just needs to develop his timing.

MIKE ARNOLD is really a fine sophomore. He performs all the fundamentals with ease. He practices as much as anyone and is always in the

gym. Mike is an expert rope jumper.

SAMMIE GARCIA can score from far out. He has good jumping ability. His speed and quickness are also above average.

BRET CROSS transferred from Clovis. He really loves the game of basketball and is the quarterback type player with good dribbling skills and a high percentage of outside shots.

TERRY CURRY has good height for a sophomore. His soft outside shot is his strong point. Terry is productive at the free throw line.

Local Delegation 'Brands' County Panel At Texas A&M

The search is on throughout Texas for outstanding cattle brands to include on county panels at the Kleberg Center's "branded stairway" at Texas A&M University.

L.A. Maddox, chairman of the unique branding project, said that some 3,500 brands, or more, are expected to be printed on the 254 "county oak panels" in the University's new \$9.5 million Robert J. Kleberg Animal and Food Sciences Center.

"County Extension agents are working with their local beef cattle committees to select eight brands per county, and with historical societies to select other brands for the panels," Maddox, Texas Agricultural Extension Service beef

cattle specialist, said.

Recently, a delegation from Parmer County added local brands to the county's oak panel. Participating were James Dixon, and his two sons Milon and Mendan of the Rhea community; B.K. Buske, his wife Janet, and his mother Myrl of Friona; Jacquelyn Langford, daughter of Leon Langford of Farwell; and Seth Ralston, CEA, Parmer County.

There are some 200,000 brands recorded in Texas and one file with the Texas and Southwestern Cattle Raisers Association in Fort Worth. This is the state's most complete record.

The "branding" was an idea of Dr. O.D. Butler, for many years head of Texas A&M's

Animal Science Department and now associate vice-president for agriculture and renewable resources. He said that not only are cattle brands a rich part of Texas livestock history but also are a prized possession of ranchers in identification of their cattle.

"We felt that the branding ceremonies would bring about a closer tie-in between cattlemen and our animal science facilities on campus as well as with research and educational work throughout Texas," Butler said.

Maddox said that branding ceremonies will be conducted by Extension district groups until "all panels are branded."

Add Parmer's Brands

These Parmer Countians recently were in College Station to add their cattle brands to the "branded stairway" in the Kleberg Center on the campus

of Texas A&M University. Participating in the venture were from left, B.K. Buske, Janet Buske, Myrl Buske,

Milon Dixon, Mendan Dixon, James Dixon, Jacquelyn Langford and Seth Ralston, CEA, Parmer County.

Commissioners Receive Judge's Resignation

In a meeting held Friday of last week because of the Veteran's Day holiday on the regular meeting day Monday, Nov. 12, Parmer County Commissioners received a formal letter of resignation from County Judge Paul Fortenberry.

Fortenberry gave personal reasons as his cause for his resignation which becomes effective December 31, 1979. The resignation will not be officially accepted by the Commissioners Court until a replacement has been selected and appointed.

In other business the court

paid bills and canvassed returns of the Texas Constitutional Amendment election held last Tuesday.

Ballots on the Appraisal District board were made by the commissioners and they gave consideration and approval of a resolution allowing the county depository bank to change bonds that had been put up for the county account.

Several senior citizens from Bovina met with the court to discuss a possibility of getting building funds from Precinct 2. The commissioners decided that money from Precinct 2 could be allotted for this purpose. The group is to receive \$3,000 for their building needs.

A representative from Argus Burnett was present at the meeting to review the activities of the Pan Am Community Action group.

A general discussion on county activities was held by the commissioners before adjournment.

brands imprinted on the Parmer County panel were:

- the XIT XIT
- the Rafter S, from Owen Seamonds
- the Flying V from Pete Buske's Randh (father of B. K. Buske)
- TY
- L Bar 7 from Leon Langford
- 99 from Bob Fillpot
- 69
- Spear from Frank Hinkson
- Half Circle from Bev Buchanan
- H↓
- the Cloverleaf from Carl Schlenker

Regional Seminar To Explore Uses Of Feedlot Manure

Potentials and considerations for using feedlot manure for fertilizer and fuel will be the topic of a regional seminar for farmers and feedlot operators to be held at Dimmitt Wednesday, Nov. 28.

The seminar will begin at 1 p.m. at the Castro County Exposition Building, two blocks east and two blocks south of the county courthouse. It is being sponsored by the South Plains Development Program, Panhandle Economic Program and the Texas Agricultural Extension Service.

The agronomic value of feedlot manure and recom-

mended application rates will be discussed by Dr. H. Dale Pennington of Lubbock and Dr. Frank Petr (cq) of Amarillo. Pennington is area soil chemist and Petr is area agronomist with the Extension Service.

The use of manure on problem soils and high rate application of manure on irrigated lands will be discussed by Dr. A.C. Mathers. He is a soil scientist specializing in soil chemistry and fertility at the U.S. Department of Agriculture Southwestern Great Plains Research Center, Bushland.

Weed problems and control

methods will be explored by Dr. Rupert D. Palmer, Extension weed specialist from College Station.

Hauling and spreading feedlot manure will be a topic of Dr. John M. Sweeten, Extension agricultural engineer -- waste management, from College Station.

Sweeten also will discuss the conversion of feedlot manure to energy.

A panel of producers will discuss the utilization of feedlot manure. The discussion leader will be Charles Hottel, Castro County Extension agent.

FIRE CALLS

Neither the Texico nor the Farwell Volunteer Fire Department received any fire calls last week.

The Farwell ambulance responded to two calls on November 8. The first call was to 507 Seventh Street, Farwell where they transported C.J. Huffaker to Clovis High Plains Hospital.

The second call was to Farwell Convalescent Center where they transported Mrs. Poudre, a resident of the Center, to a Muleshoe hospital.

Texico ambulance made no runs.

Accident Investigated In Texico

New Mexico State Policeman Otis Foster and Texico City Marshal Mickey Fenn investigated a two-car wreck at the

intersection of Wheeler and Garwood in Texico last Wednesday.

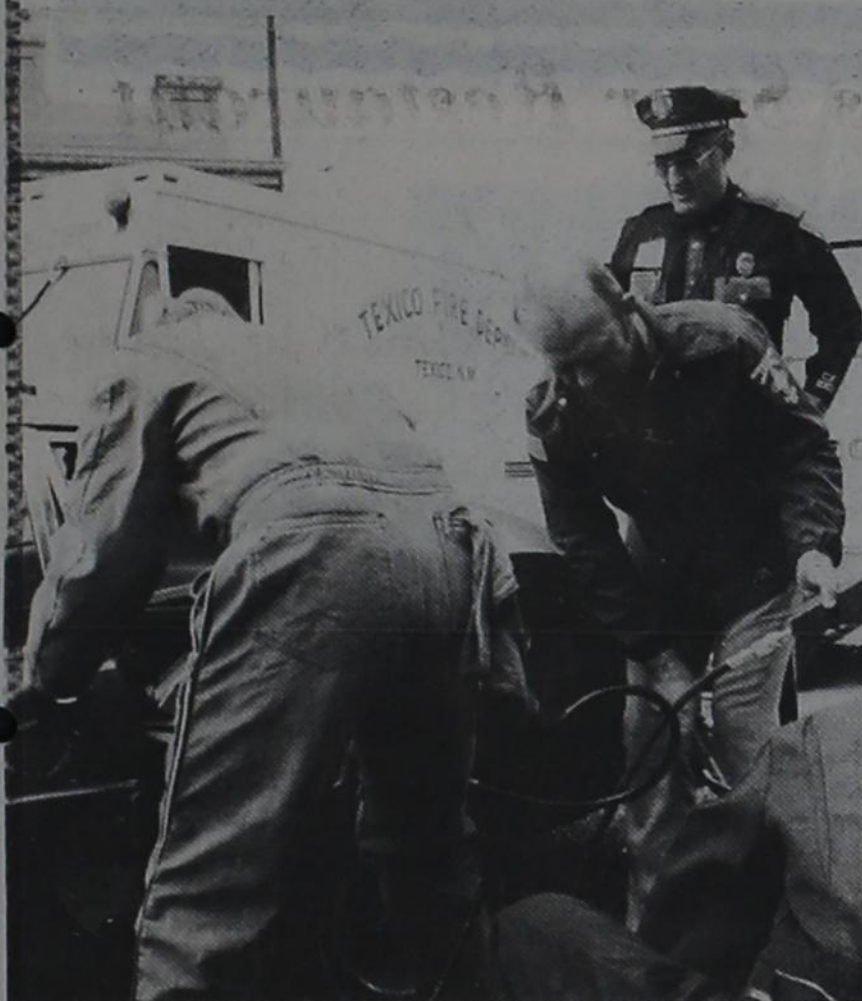

A driver of one of the cars,

identified as Gloria J. Askew of Texico, was pinned in her car for a short time while members of the Texico Volunteer Fire Department tried to free her by prying open the door on the driver's side.

Ms. Askew was in some pain and was unable to exit from the door on the other side of the car. After getting the door open the volunteers placed the victim on a back board and transported her by ambulance to Clovis High Plains Hospital. However, after examination the woman was not admitted to the hospital for treatment.

The driver of the other car was only identified as a juvenile and the only information given about him was that he was issued a citation.

"So long as you are secure, you will count many friends; if your life becomes clouded, you will be alone." Ovid

Rescue Operations

A New Mexico State Police officer looks on as Texico City Marshal Mickey Fenn and members of the Texico Volunteer Fire Department attempt to pry open the door of a car that was involved in a two-car wreck at the intersection of Wheeler and Garwood in Texico last Wednesday. The driver, identified as Gloria J.

Askew of Texico, was trapped in the vehicle while the men worked to free her. She was transported by the Texico Fire Department ambulance to a hospital to be checked for possible injuries, but was released after examination. The driver of the other car, a juvenile, was not injured.

Board of Equalization Farwell Independent School District

Notice is hereby given that the Board of Equalization of the Farwell Independent School District will meet November 23, 1979, at 9:00 A.M., at the Tax Office, 705 6th Street, Farwell, Texas, and will meet from time to time thereafter for the purpose of determining, fixing and equalizing the value of all taxable property in Farwell Independent School District for the year beginning January 1, 1979. All persons having business with the board are invited to make an appointment to appear. By order of the Board of Trustees, Farwell Independent School District.

Signed: Wilbert Kalbas, President Board of Trustees

accent on food

Celebrations are part of the season, and what's a celebration without dessert! All of these desserts taste as good as they look, and the handy cupboard and freezer ingredients provide the shortcuts that every homemaker welcomes.

Dream Pies Make Holiday Magic

Desserts -- festive and traditional -- are part of the season's very special qualities. Since pie is a holiday favorite, Mincemeat Pumpkin Pie or Praline Delight Pie should enjoy a favored spot at your dining table.

Both of these pies contain just the right "traditional" seasonal ingredients to make them perfect for entertaining. They are easy to prepare because they are made with the help of whipped topping mix and instant pudding and

pie filling. The combination of the two creates the light, creamy texture of the pie filling, a delicate complement to the other flavors.

Good things to eat are part of the holiday mood, and both of these pies will enhance the festivities.

MINCEMEAT PUMPKIN PIE

1 cup prepared mincemeat
1 baked 9-inch pie shell, cooled
1-1/4 cups cold milk
1 envelope whipped topping mix

1 package (4-serving size) vanilla flavor instant pudding and pie filling
1 teaspoon pumpkin pie spice
1 cup canned pumpkin

Spread mincemeat evenly over bottom of pie shell. Combine milk, whipped topping mix, pie filling mix and spice in deep, narrow-bottom bowl. Beat slowly until well blended. Gradually increase beating speed and beat until mixture will form soft peaks, about 3 to 5 minutes. Blend in pumpkin. Spoon into pie shell over mincemeat. Chill about 3 hours. Garnish with prepared whipped topping, if desired.

PRALINE DELIGHT PIE

1/2 cup butter or margarine
1/2 cup firmly packed brown sugar
1/2 cup chopped pecans, walnuts or almonds
1 lightly baked 9-inch pie shell
1 package (6-serving size) vanilla flavor instant pudding and pie filling
2-1/2 cups cold milk
1 envelope whipped topping mix

Combine butter, brown sugar and nuts in saucepan; heat until butter and sugar is melted. Spread in bottom of pie shell. Bake at 450° for 5 minutes, or until bubbly; cool. Prepare pie filling mix with 2-1/2 cups milk as directed on package for pie. Measure 1 cup filling; set aside. Pour remaining filling into pie shell. Prepare whipped topping mix as directed on package; blend 1-1/2 cups into the measured pie filling. Spoon into pie shell; chill about 3 hours. Garnish with remaining whipped topping and pecan halves, if desired.

The addition of whipped topping mix creates a luscious taste and texture -- and pies to fit the holiday mood.

BUTTER PECAN-BANANA CAKE

1/2 cup mashed banana
1 package (2-layer size) yellow cake mix*
1 package (4-serving size) butter pecan flavor instant pudding and pie filling
4 eggs
1 cup water*
1/4 cup oil
1/2 cup finely chopped pecans (optional)

*Or use pudding-included cake mix; reduce water to 3/4 cup.

Combine all ingredients in large mixer bowl. Blend; then beat at medium speed of electric mixer for 4 minutes. Pour into greased and floured 10-inch tube pan. Bake at 350° for 50 minutes or until cake tester inserted in center comes out clean and cake begins to pull away from sides of pan. Do not underbake. Cool in pan 15 minutes. Remove from pan and finish cooling on rack. Top with Confectioners Sugar Glaze and garnish with banana slices and pecan halves, if desired.

Confectioners Sugar Glaze. Gradually add 1 tablespoon (about) hot milk or water to 1 cup sifted confectioners sugar. In high altitude areas, use large eggs, add 1/4 cup all-purpose flour, increase water to 1-1/2 cups and reduce oil to 2 tablespoons; bake at 375° for 50 minutes. (With pudding-included cake mix, use 1 cup plus 1 tablespoon water.)

(Continued on Next Page)

Light, melt-in-your-mouth goodness makes this cake the perfect choice for any company occasion.

Highlight On The Cake

The buffet is an effective alternate to the sit-down meal, and this Butter Pecan-Banana Cake is an excellent choice for the dessert finale. It is a variation of the ever-popular pudding cake -- the addition of instant pudding mix to a cake mix -- the result, moist, delicate texture and added flavor. As an added plus -- it can't be beat for ease of preparation.

Butter pecan flavor instant pudding and pie filling combines with yellow cake mix, mashed banana, eggs and chopped pecans, all prepared

in one bowl with hardly any time-consuming effort. The cake is delicious as is; for festive occasions, top with a Confectioners Sugar Glaze, arrange banana slices around the outer rim and garnish it with pecan halves.

STATE LINE TRIBUNE

Frozen whipped topping enhances the mixture of instant pudding and pie filling and cream cheese in this layered dessert that is quick and easy to prepare.

On-Hand Easy Desserts

Informal entertaining is part of the holiday season, and a good time to focus on desserts for these special occasions. Keeping freezer and cupboard stocked with versatile food items is an ideal way to create a special treat for company situations. A container of non-dairy whipped topping provides instant, easy garnishes for a variety of exciting desserts. Fold the topping into instant pudding and pie filling, prepared with a few added ingredients, and you have these Lemon Cheese Squares, a dessert that looks as if it took hours rather than minutes to assemble. The final serving touches come at the table when you top each square with a generous spoonful of canned cherry pie filling and a dollop of whipped topping.

- 1 package (8 oz.) cream cheese, softened
 - 1-1/2 cups cold milk
 - 1 package (6-serving size) lemon flavor instant pudding and pie filling
 - 1 container (4 oz.) frozen whipped topping, thawed
 - 1 can (21 oz.) cherry pie filling
- Arrange 9 of the cracker halves in bottom of 8-inch or 9-inch square pan, cutting crackers, if necessary. Beat cream cheese in bowl until very soft. Gradually add 1/2 cup of the milk, blending until smooth. Add remaining milk and the pudding mix; beat as directed on package. Fold in 1 cup of the whipped topping.

Spread half the pudding mixture over the crackers. Add another layer of crackers; top with remaining pudding mixture. Chill at least 30 minutes. Cut into squares. Top with cherry pie filling and garnish with remaining whipped topping. Makes 9 servings.

LEMON CHEESE SQUARES
9 whole graham crackers, halved

Deadline November 23 For Christmas Parade

The Llano Estacada Civic Club of Muleshoe wants to remind everyone that the deadline for entries in the 20th Annual Muleshoe Christmas parade is nearing. The deadline is November 23, 1979. Theme of this year's parade is "The Old Fashion Christmas." Cash prizes will be given for the top three floats. The parade will be held on December 1, 1979 at 2 p.m. Entrants will need to be at the Boy Scout grounds by 1 p.m. Anyone interested may con-

tact the Muleshoe Chamber of Commerce, at 104 East Ave. C or phone 272-4248 from 8:30 a.m. to 5 p.m., or contact Delores Kelton, phone 272-3574 or Hazel Cunningham, phone 272-3092. The publicity committee says, "We would like to make this the best parade Muleshoe has ever had. We would like to have your bands, floats, antique cars, riding clubs, club sweethearts, or anything else that will add to the spirit of our Christmas parade."

SPS Sponsors Solar Repowering Project

A half-million dollar solar repowering study for the Department of Energy (DOE) by Southwestern Public Service Company and General Electric to determine the feasibility of a solar powered electric generating unit has been launched. The project could result in the installation of an \$80 million solar-powered unit at SPS's Plant X near Earth.

In recent years, as the search for feasible alternatives became more intense, Southwestern Public Service Company began an effort to assess those options that might have practical utility application. Solar power was one of the alternatives selected for consideration. As early as 1975, Southwestern became an active participant in a solar program called the Southwest Project. The objective of this study was to examine the technical, economical and institutional barriers to the rapid implementation of solar energy.

Southwestern's second solar project involved participation in a General Atomic study (sponsored by DOE) of a 100 MW Line Focus Solar Central Power System (LFSCPS). General Atomic's Fixed Mirror Solar Concentrator tracks the motion of the line image of the sun. Southwestern provided information on utility load profiles, the present and future worth of conventional power generation, utility requirements that could affect the

design of the LFSCPS and performed an assessment of the limitations of the proposed system configuration.

The repowering of existing plants, both for electric generation and industrial use, is a relatively new idea and is being developed more as a fuel saver than an alternate fuel source. The proposed plan calls for about 60 percent of the thermal energy of the retrofit unit to be supplied by the sun, and, if feasible, could save approximately 1-billion cubic feet of gas annually. It could also increase or recapture the life of an existing plant. By adding an alternate fuel supply to an existing plant, that plant could last beyond the use of restrictive fuel supplies.

The solar portion of the plant would consist of a mirror field, a central receiver mounted on top of a 300-foot tower, a liquid sodium heat transfer system and three steam generators. The mirror field would include approximately 5,000 steerable sun-tracking mirrors called heliostats, occupying 276 acres.

The central receiver of the system will be cooled by constantly flowing liquid sodium, which will maintain a constant temperature. GE has been interested in the use of liquid sodium for many years and has found it to be a highly efficient source.

Other factors DOE will be considering are efficiency, price and geographical location, for amounts of sunshine.

Funding Approved For Local Highway Repair

The State Highway and Public Transportation Commission has approved the 1981 Special Rehabilitation Program for the rehabilitation and improvement of 1,040.3 miles of State and U.S. Highways and 260.5 miles of Farm to Market Roads. This makes a total of \$197,020,400, with some 210 projects statewide. Included in the above pro-

gram is \$7,631,000 for District Five. According to George C. Wall, Jr., District Engineer, of Lubbock, the local area projects are as follows:
Parmer: US 60 Fr. New Mexico S/L, NE. to FM 2290 in Bovina, 12.6 Additional Surface \$1,127,000.
Parmer: US 60 Fr. E.C.L. of Bovina, NE. to SH 214 (N.) in Friona, 12.4 Additional Surface \$1,098,000.

WORD OF GOD

Seek The Lord
If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God.
Colossians-3:1

The Speaker Reports

by Bill Clayton

AUSTIN—Protecting the rights of privacy and the freedom of the press are two very important matters that concern us all. During the last session, the Legislature dealt with both these matters before finally passing two new pieces of legislation concerning search warrants.

SB 1202 delegates that only judges of statutory county courts, district courts, the Court of Criminal Appeals, or the Supreme Court have the authority to issue search warrants for property or items which would serve as mere evidence that a person committed an offense. Previously, the search warrants could have been issued by any magistrate. Thus, by limiting the number of judges who can issue search warrants, a warrant would be more difficult to obtain and thus would tend to be used with careful discrimination and only in cases of specific need. Also, under the new law only judges who are lawyers will now have the authority to issue search warrants.

The other piece of legislation, HB 2091, is important to the preservation of the freedom of the press. This bill effectively limits the circumstances in which a search warrant may be issued to search a news media office. A recent ruling by the United States Supreme Court gave leeway to states to create such legislation. This ruling failed to declare unconstitutional police searches of news rooms or the property of reporters

who are not suspected of any criminal activity. Specifically, this new law provides that evidentiary search warrants can not be issued for the search of a news related office.

There is always a balance that must be maintained between preserving personal rights and certain freedoms and seeing to it that such rights and freedoms do not become unintentional handicaps to law and order. I believe that both these new laws preserve this important balance.

Rural women still choose traditional roles

COLLEGE STATION — A six-year regional study, based on 1,268 interviews with women and men in Texas, Louisiana, Alabama, Georgia and North Carolina, reveals that women in rural areas still choose the traditional roles of nurse, teacher, secretary and housewife.

The women's movement seems to have had no effect on career choices for rural women, claim sociologists Dr. J. Steven Picou and Arthur G. Cosby of Texas A&M University.

The researchers believe there is a definite need for better occupational guidance in these rural areas. Calling disadvantaged southern rural youth the forgotten minority, Picou contends that "Rural females just haven't had the role models of successful women that are so often apparent in the cities. They see only what they have access to — women in their traditional jobs."

CUSTOM MUFFLER WORK FOR CARS - TRUCKS PICK-UPS - RV'S

DRIVELINE

The first auto traffic law in Texas was passed in 1907 . . . It required motor vehicles to have a bell or some other item that would give notice of approach.

DID YOU KNOW? Nearly 100,000 American children are injured every year in car accidents. Of these, there are over 800 fatalities occurring to children under five. Now isn't that good enough reason to slow down and buckle up?

Ego Plate Department . . . Some of the 100,000 personalized Texas license plates:

I C GOOD, belonging to Lone Star Optical in Dallas . . . STORK 1, on the truck of a maternity clothing store . . . LAVERN and SHIRLY are both running around Waco . . . Then there's I M OK RU? Best one we've seen lately is on the bumper of a Toyota: AHHSO . . .

Q: "How do I get a personalized license plate in Texas?"

A: Applications are available at your county tax collector-assessor's office. The requirements are these: no more than six characters on a plate; no duplication of an already registered plate; and the word or message cannot be "objectionable." A personalized plate costs only \$10 extra in Texas. In New Jersey and Tennessee the surcharge is \$50. In Hawaii it's \$100.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

CONTINUE THOU

"Evil men and seducers shall wax worse and worse . . . but continue thou" (II Tim. 3:13,14).

These were among the last words of the great Apostle Paul, written in view of his approaching martyrdom, to Timothy, his beloved son in the faith.

Circumstances, outwardly, were anything but encouraging. It seemed that the last days of the dispensation of grace were indeed at hand. The apostle had borne many "persecutions" and "afflictions" and now "suffered trouble, as an evil doer, even unto bonds." There were those who, like Jannes and Jambres, had "resisted the truth" (verse 8). "Alexander the coppersmith" had done him "much evil" and had "greatly withstood his words" (4:14, 15). "Evil men and seducers" had risen on every hand and were to "wax worse and worse, deceiving and being deceived" (3:13).

There was even defection among his own brethren in the faith, so that now, from his Roman prison, he had to report: "All they which

are in Asia have turned away from me. . . Demas hath forsaken me. . . only Luke is with me" (1:15; 4:10,11).

And what, now, is his parting advice to young Timothy? Does he say: "Perhaps I have been too intense. My methods have made many enemies. I advise you to be more diplomatic and tolerant than I have been?" Hardly, for the records show Paul to have been of all men most tactful and considerate. His sufferings were not the result of a contentious spirit, but of his faithfulness in proclaiming that message which so embarrasses and enrages "our adversary, the devil," that message which is God's gracious response to man's need and His answer to Satan's slander -- the gospel of the grace of God.

Thus it is that the Apostle urges Timothy: "Continue now. . . be not ashamed. . . be strong." He well knew that in this sin-cursed world the only hope for the individual is to be found in God's offer of salvation through faith in the redemption wrought by Christ at Calvary.
