

From the top of his ten gallon Stetson to the bottom of his blue boots he is a "class" guy. Bum Phillips, the down-to-earth coach of the Houston Oilers, that's who. Last February 23 the town of Post, Texas, was fortunate enough to secure Bum as the speaker for their Chamber of Commerce banquet and needless to say he drew a standing room only crowd.

Phillips, as only a "good ole country boy" could, returned his speaker's fee to the local chamber officials. Bum, who signed several hundred program autographs before and after the banquet, wrote out the \$2,500 personal check at the banquet table while waiting his turn to speak.

He gave the local Chamber officials no advance notice of his plan to give back the \$2,500 fee which had been mailed to his Houston office in advance of his appearance at Post.

According to Jim Cornish, publisher of the Post newspaper, the tieless Phillips kept the crowd laughing with dozens of jokes, mostly about football. He told the crowd that he was "country," born in a town smaller than Post and had climbed from a Texas high school football coach to head coach of a professional football team. He said that this kept him moving through many places and left him with "little time to smell the roses and that he has missed the opportunity to get to know people well."

After the banquet, Chamber president Danny Shaw said the Chamber expects to establish a "Bum Phillips Scholarship Fund" with the money to help local youths in college having financial difficulties completing their education.

Truly, Post, Texas is a better community for Bum Phillips having passed through. He is a remarkable man indeed.

Folks in the 74th State Representative District are in a state of shock and confusion. It stems over the controversy swirling around our Representative Billy Clayton. At this moment it is all "leaked" news and conjecture. We will know more about it when Bill appears before a grand jury at a later date.

There are several comments we would like to make, one being that we personally will give Bill every benefit of any doubt concerning the incident. So far the poor guy is the victim of more innuendo than fact, so let's hold back on any "guilt or innocence" verdict until much more is made public.

Next, we have looked upon Bill Clayton as the last hope in the State Government circles for the economic welfare of rural Texas. If Clayton's effectiveness in the legislature is destroyed we can look for the big city politicians to feast on the tax bones of rural Texas. A chilling thought indeed.

Finally, we wonder why the Speaker of the House of Representatives of the State of Texas was chosen as the subject of an FBI scam directed out of Washington, D.C. Pursuing this line of thought opens some conjectures we will not put in print, but it leads us to the thought that Clayton probably was put upon for some devious political reason, so on down the line as events unfold it might be well to keep in mind who will be the principal beneficiary of Clayton's political demise. Time may tell us something.

A good question for the President of the United States and the heads of other nations to ponder: is there any connection between the over-running of the American Embassy in Iran and the subsequent world indifference and the present embassy-hostage situation in Bogota, Columbia.

**Random Burglaries Still
 Plague Sheriff's Dept.**

Parmer County Sheriff Charles Lovelace reports that the two men apprehended in Hobbs, N.M., last Tuesday, in connection with the breaking and entry of the Hubert Gohlke residence in Oklahoma Lane, are still being held in the Lea County jail in Lovington. Extradition proceedings are being processed so that they can be brought back to Parmer County, said the sheriff.

The two men, Robert Eugene Julian, 55, of Colorado and Millard Otis Bergland, 32, of Aberdeen, S.D., were surprised during their break-in by Gohlke and made a run for it. Gohlke managed to take the license number of their car and reported it to the sheriff's office. Only a few hours later they were apprehended in Hobbs.

Charges of breaking and entering a private residence will be brought against the two men. Julian is also wanted in Colorado on a violation of probation, according to Lovelace.

Other activity by the sheriff's department has included an increasing rash of random burglaries throughout the county.

Lunsford's Wrecking Yard in Farwell reported to the department that scrap iron had been stolen from that place of business. Investigation into the matter led to the discovery that two Clovis juveniles were responsible and that they had sold the goods. They made restitution to the owner.

Gregory Produce of Lariat has been broken into three times within a week and investigation into the thefts are still pending. The first of the thefts was on February 21 when a cutting torch, hose, gauges and a 20-foot aluminum extension ladder were taken from outside the business. However, the business was again visited on the 22nd and

the office was entered at which time approximately \$1,000 worth of office equipment, including an electric welder, was taken. The third break-in occurred on the 28th when the office was again entered and a small amount of office equipment was stolen.

Ray Tharp of Farwell reported that someone had stolen an antique Singer sewing machine from a boxcar near his home sometime within the last two months. No solid evidence has been collected by the sheriff's department in that theft.

Dickie Garner reported the theft of some batteries, oil and electric fence accessories from his place by the state line near Pleasant Hill.

Halo Drive-In reported some damage to an outdoor fluorescent light and a window in the driveway, but entry into the building was not made, according to Lovelace.

Mrs. George Crane reported the theft of a bronze flower pot from a grave at the Lazbuddie Cemetery. Estimated cost of the vase was \$65.

Both Farwell Farm Supply and Farwell Fertilizer reported vandalism of tractors estimated at \$300 each. Glasses were broken from the cabs of the tractors. One juvenile has owned up to the responsibility of the vandalism.

A spare tire was reported as missing from the pickup of Foster Watkins of Farwell. It is believed that the tire was removed sometime while the pickup was parked at Farwell High School.

Four cedar trees were reportedly stolen from the grounds of the New Light Baptist Church in Farwell. It is believed that they were taken sometime the 24th or 25th February.

The theft of three calves and three goats was reported to the sheriff's department by Don Bandy of Bovina. The animals were taken sometime last Saturday and investigation by the sheriff's department led to the location of the animals. Jessie Trevino and a juvenile allegedly had stolen the animals and sold them. Trevino has been arrested and placed in jail, the juvenile is still to be picked up. The pair also allegedly admitted to stealing a calf belonging to Ralph Wilson of Friona, according to the sheriff.

 New City Officials**

In what was termed probably the greatest turnout in many years, Texico voters went to the polls Tuesday to elect a mayor, two city councilmen and a municipal judge. A 67 percent voter turnout was registered as 134 of the 200 eligible voters went to the polls.

Ten candidates filed for the four positions as interest ran high in the municipal election. John Hadley won in his bid

for election as mayor over the other candidate, Max Carter. Hadley received 114 votes to 18 votes for Carter. Incumbent mayor Manfred E. Turnbough chose not to run for re-election to that post; however, he did put his hat in the ring for one of the trustee posts.

In the trustee election, the citizens of the city voted in two new men to serve as their city councilmen. Truman Kittrell was top runner with a total of

71 votes followed by Donnie Morris with 56 votes, winning over incumbent Billy Thigpen who had 47 votes.

Six candidates vied for Thigpen's post and the seat vacated by trustee Marie Christian who did not seek re-election. Other candidates running for the two councilman seats were J. Howard Duncan who received 35 votes, Joe Caywood with 34 votes, and Turnbough with 15 votes.

The only incumbent to be re-elected was Howard Billingsley for municipal judge, over his only other opponent, Juanita Autrey. Billingsley received 89 votes to 43 votes for Autrey.

Trustees who are not up for re-election this year are Vane Doshier and Lewis Cooper. The newly-elected officials will be sworn in and assume their duties on Tuesday, March 11.

Beef referendum Is Rejected

Indications are that cattlemen voting in the beef referendum program throughout the nation have rejected a move to spend \$40 million to promote the beef industry.

Cattlemen throughout the country have been voting since February 19 on the "beef referendum." Ballots were sent to county offices of the Agricultural Stabilization and Conservation Service last Wednesday. Although final results have not been tallied, indications are that both Texas and New Mexico as well as many other states failed to pass the referendum.

Parmer County had 142 cattlemen to vote on the referendum, with 85 voting against and 57 voting for. In the State of Texas approximately 75 percent of the cattlemen voted "no" on the referendum.

Curry County cattlemen were just as much against the proposal with a vote of 82 for and 129 against. Out of the

2,295 cattle owners who registered to vote in New Mexico, only 1,880 cast their ballots; 1,218 against and 662 for.

Early polls indicated that only about 40 percent approval in such states as Oklahoma, Nebraska, Iowa, Kansas and Missouri, with slightly higher percentages in Arkansas and Colorado. Montana and Mississippi appeared to be strongest in favor with percentages of nearly 60 percent.

Initially, the program would have permitted cattle ranchers to contribute 20 cents per \$100 of beef sold to use toward the purpose of beef research, promotion and foreign market development. The United States Department of Agriculture estimate about \$40 million would have been raised had the referendum passed.

Since the referendum received such unfavorable support it is highly unlikely that the matter will be carried any further in the near future, according to ASCS officials.

Letters To The Editor

February 28, 1980
 Mr. John Getz, Editor
 State Line Tribune
 Farwell, Texas 79325
 Re: Mr. Larry McDorman
 Dear Mr. Getz:

It has come to my attention that several members of the Farwell Community have seen fit to question the ability of Mr. Larry McDorman to coach a winning basketball team. Let me point out that, in order to win, you must first have the material to work with. It's beyond me how these people can say the things they did and still look Mr. McDorman in the eye. Why, I'm sure some of these people have known him most of their lives!

Obviously, high school basketball has taken on proportions which far outweigh those of a man's self-image. Until Farwell High School becomes an Olympic training ground, I don't believe their actions can be justified.

However, my opinion of these people's action (which is very low, as is my opinion of the people themselves at this time) is not the point here. The point is: Is Mr. McDorman qualified and capable to coach?

I was fortunate enough to be under Coach Mac's instruction for most of my four years in high school. During that time, I ran in two regional track meets and was named to the honorable mention all-district basketball team. This speaks of no great athletic prowess, I realize, but that's just my point. I'm certainly no athlete. Coach Mac made me keep at a thing until I could accomplish it reasonably well, or at least was competitive in our district. As a matter of fact, he could make me perform any task to the best of my ability, in the gym or in the classroom. I admire him as a coach and a teacher, and consider him a good friend.

In conclusion, I believe a poor attitude led to the defeat of the basketball team, and not the coaching techniques of Mr. McDorman.

Sincerely,
 Rhonda Taylor
 Former Student

 Dear Editor:

We would like to take advantage of your column to air our views on a situation that affects not only one family, but the community as a whole. Coach Larry McDorman has been asked to step down from his position as girls varsity coach by a self-appointed few. We wonder if this was an emotional decision or was it based on sound logic? We realize that it's hard to be impartial where our children are concerned, but can we, as parents, judge the ability of our children as athletes, as well as a coach who has had

four or more years of training in this field? We would never discredit a parents' concern and support of their child, but again can we allow emotions to cloud our judgement on any issue?

The situation itself is not unusual, for we are all guilty of complaining about coaches, teachers, preachers, law enforcers, neighbors, city officials, etc. But there are proper channels through which we can vent our complaints. If this group had gone to Coach Mac to work out problems, it would have been different, but they wanted his job. This school has a competent and effective school board elected by the people. If parents can go directly to a coach and get his resignation, then what is the purpose of our school board? The board should decide the ability or lack of ability of a coach or teacher. We elected them so we must let them function.

We would like to know by whose standards this coach is lacking in ability and leadership? A coach can have all the leadership and ability in the world, but if he doesn't have the support and cooperation of the team and parents, he is lost before he has even begun. A coach must have a special incentive to start with and so must the members of the team. When parents support the team and the team supports the coach and all have the desire to achieve, things begin to happen.

A coach can teach basics and make game plans. He can lead, guide and direct. But he cannot score points, rebound and handle the basketball. A coach can spend hours upon hours in preparation, practice and mental attitude, but on Tuesday and Friday nights the girls play the game.

We are sorry we can't erase the damage that has been done to Coach Mac's pride and self-esteem, but we feel this is just another case of mouth in motion before brain is in gear. Mr. and Mrs. Carliss Woods

Dear Editor:

Concerning the problem of the varsity girls basketball program at Farwell High School:

Some of us are aware of a letter or petition that was being circulated about town which will probably be published in the paper and so are writing our version of the controversy.

When Larry McDorman started coaching the varsity girls last year and the girls did not win a game, we wondered whose fault it was, and thought he deserved a second chance although there were many fans and supporters who thought there should have been a change at that time. The school board saw fit to give him that second chance and he coached the varsity girls during the past season. Most of these same girls had been on the junior varsity teams that won the district championship playing against the same girls.

After having another 0-10 district record, we thought that our girls then deserved a second chance.

When we discussed the decent and proper way to go about expressing our opinions, we decided to go to the athletic director, who by his recommendations to the school board indirectly hires the coaches. The meeting with Coach Randy Adrian and Coach McDorman was set up.

At the beginning of the season just past, Coach McDorman admonished the girls not to go home and tell their parents about their problems because he didn't want "a bunch of mommas" up there getting onto him. For this reason none of the concerned parents went to Coach Mac during the season.

Coach Adrian handled the meeting in an objective and efficient manner. It was a calm, well-organized meeting where we faced Coach Mac to express our opinions. No one raised his voice or got angry and at no time was any remark made concerning his personality or moral character - the only question that was relevant was his coaching ability.

Ever since this meeting took place we have received anonymous and harassing phone calls and have been severely criticized for going to the coach and athletic director in this manner. We thought that this was the proper way to do things since we wanted to do nothing behind Coach Mac's back.

Persons who are not involved in the school athletic program and those who have not supported the program by attending the games during the past two years are the ones who have been most vocal in

their criticism of our meeting with Coach Mac and Coach Adrian.

We feel we have given the team loyal support for two years while some of these other persons have not attended any games and are not qualified to know what kind of material or what kind of attitude was present.

We feel that we do have good material for the varsity girls basketball program and that Coach Mac has had two years to prove himself and now they should be given an opportunity to play for someone else.

In any other field of endeavor if a person is not producing in his job, he is asked to resign or to change his job. Why should it be any different in the teaching and coaching field?

Dear Editor:

Concerning the girls varsity basketball coach at Farwell High:

Much criticism has recently come forth by some shooting arrows, so to speak, at concerned parents of our varsity girls basketball program. We as parents and fans of this basketball team have a burning desire for our girls to grow out of their high school years being winners. We believe winners are taught to be winners and do not come into such by being "just good losers."

Our varsity girls have not won a single district game in the last two years. Is it all just that the girls are not talented enough? We hardly think that we have the very worst basketball girls in the weak district in which Farwell participates. We also think that even though our talent may be the weakest in the district (again we can't bring ourselves to believe such) that somehow we should have squeezed out some wins in the last two years of district play.

When the past season ended the problem came up as to what could be done to improve our program. When a business fails, we think it's only right to confront the leader of such business. When a basketball program fails we think the leader should be confronted. This we did and with respect for Coach Mac's livelihood.

None of us think he is or has been anything but good, character-wise, to the girls. None of us want to condemn

anything but results. This we wish to change to a much brighter picture.

Time is of the essence as these girls will soon pass out of high school (some did this year) and we hope the school board and athletic director will see fit to give our girls a change and not continue this fuss about whether they are receiving the leadership they deserve as to basketball finesse. If we're wrong our kids will suffer the most. We are sincere in not wanting to continue with Coach Mac.

Thanks for letting us print our story.

Dear Editor:

I do not feel that a coach or a teacher that cannot encourage a kid to do the best he or she can whether or not he feels this kid is qualified should remain as a coach. A kid needs encouragement. No sport or coach is important enough to destroy a kid's self confidence or self esteem.

This sport or coach is a once in a life time deal ... and should not be allowed to discourage or destroy this kid's self confidence for the rest of their lives. They are at a very impressionable age and need this time in their lives for encouragement.

Texico Chess Team Is Being Organized

Any Texico student from elementary, junior or senior high is eligible to join a chess team, sponsored by Ronnie Warmuth high school math instructor. Anyone interested in joining should contact Mr. Warmuth immediately.

The team, which consisted of the top six players, completed at the Portales Invitational Tournament on March 1. Next on the schedule will be the Regional Tournament at Roswell on March 25.

Since Texico will probably be the only team in the A-AA division, it will automatically advance to the State Tournament in Albuquerque on April

Team members that attended the Portales Tournament were David Hughes, Jay Duncan, Paul Salguero and Robert Meier. There are still vacancies.

Lazbuddie Church Of Christ Sets 50th Reunion

Lazbuddie Church of Christ, which had its beginnings in 1929, is celebrating its 50th reunion this weekend and will continue to observe the occasion with a series of meetings scheduled for next week.

On Sunday, Mar. 9, at 9:30 a.m. a Bible study will be conducted to be followed by the morning worship services at 10:30 with Brother Wallace from Hereford to speak at both services.

Lunch will be served at the church and the afternoon singing will begin at 2 p.m. and will be followed by the evening worship service at 5 p.m.

Meetings will be nightly next week at 7:30 with a different speaker for each night. Monday night Bro. Simmons of Friona will speak with the following speakers scheduled through the rest of the week: Tuesday, Bro. Eckman of Earth; Wednesday, Bro. Cox of Muleshoe; Thursday, Bro. Lynch of Sudan; and Friday, Bro. Wells of Dimmitt. Jack Baker of Muleshoe will be leading the singing for the

entire meeting. Everyone is cordially invited to come and take part in all of the sessions.

The idea of forming a Church of Christ at Lazbuddie was planted in the minds of a few families who had been meeting with a group at the Cracker Box school house.

Some of the families who met were the Clarks, W.J. Coffman, John Crims, Ottie York, Joe Jarmans, W.H. Gammons, Roy Daniels, Lawrence McKillips, Cecil Wylies, Roy Carrs, Mrs. Anna Templar and others that were not on record.

W.M. Thompson held a meeting for us. There had been complaints from the teachers and children that some books had been misplaced and the desks rearranged. Bro. Thompson said, "This will not do, brethren, you will have to get a place to worship of your own. You can if you want to badly enough."

Joe Jarman, W.H. Gammon and some of the men checked around for a possible location.

Bill Sherley offered two acres north of the Lazbuddie school. This location was chosen as it was in an established community.

A lumber yard in Muleshoe was given the contract for a building and a down payment was made. This building would seat 150 people with a classroom on either side of the pulpit.

The new building was completed and was opened in May 1930 with Bro. W.M. Thompson of Oklahoma holding a meeting for them. There was an all day meeting with "dinner on the ground and singing in the afternoon." Many visitors from the community and surrounding areas came and enjoyed the time.

Many of the families from Cracker Box came to Lazbuddie to worship. A few families near Jesko school house met there for a while because of the distance and ways of travel.

The building was heated by a pot-bellied stove in the center of the auditorium. The first one to arrive built the fire. When it was especially cold, all met around the stove for the lesson. On one Sunday, Joe Jarman was the teacher and had been especially eloquent. Joe taught many good lessons in his good old homespun way. One lesson especially apt was on being faithful in attendance. "You can be absent once and it will not bother your conscience. The second time, it will bother you some and by the time you are absent three times, you are ready to go fishing." Joe was a faithful Christian and an inspiration to everyone.

In the 1930's, several families moved into our community. Some of these families were the Benton Burtons, Ralph Dishes, Clyde Carter, Ab Carol and his father, Sam, Jessie Vaughns, Luther McKillips, Elbert Ropers, Garvin Thorns, George Crains, Frank

Wagnons, Happy Wagnons, I.G. Roberts, Jim Moodys, the Sartens, the Vinsons, John Gammons, Cecil Simms, Mrs. Mahon and her daughters, the Armstrongs, Hershel Brawleys, the Eckridges, and the C.C. Matthews.

The lumber yard that built the house sold. They said they would discount the note if the remaining money could be raised and it was.

Since there was no preacher's house, preachers came from the area towns. Among these were Bro. Chapin, who had a grocery store in Friona; Ebb Randol, a store owner in Farwell; Lewis Cox, who worked for the railroad in Clovis; and Houston Biggerstaff. There were some of the best preachers and others who were just learning.

During the summer there was always a two-week meeting. At least one Sunday was an all-day meeting with dinner and singing. The house was always full and times were enjoyable.

Some of the preachers who came our way for meetings were Bro. Turner, W.L. Wallace, R.A. Hartsell, Wallace Thompson, Mid McKnight, Virgil Trout, Walter Bostick, Roy Cogdell, Duward Lee and others.

In the 1940's Edd and Calvin Clarks, Ray Lahons, J.M. Bakers, Shanks Ivys, the Clevengers and Roy Whites joined the number. Joe Jarman, Frank Wagon and W.O. Burford served the church as elders.

A house for a preacher was planned. The material was purchased and Bro. Eskridge, who had some building knowledge, helped the men build a two bedroom house. The women helped with the painting and papering of the new house.

Harley Stone and his family were the first occupants. Then John Wilson from Oklahoma

preached for a time before going on to do evangelistic work. Leroy Thompson, a son of W.M. Thompson worked with us until 1947. He taught in the Lazbuddie school system and was basketball coach.

The church showed steady progress.

Howard Stubblefield was the next minister. Then L.L. Freeman came and was here for several years. During this time three classrooms and a baptistry were added to the church building and another bedroom added to the preacher's house.

In the late 40's and early 50's, Pete Mimms, Neal Bradshaws, Duane Darlings, Willie Waddells, Riley Goodnoughs, Frank and Joe Bozemans, Lloyd Brandons, the Choates, and the Hartises moved into the community and church.

Many of the young people married and established homes in the community. These were D.B. Ivy, Orbie Jarman, J.W. Gammon, J.J. McDonald, Everett McBroom, Andy Brown, Albert and Wayne Clark, Dalton Mimms, Joe Briggs, Billy John Thorn, Max Steinbock and Junior Matthews.

Condy Billingsley, Loyd and LaVerne Vaughn, J.C. Scruggs, Sal Tiptons, Homer Mangum, E.H. Hall, Frank Hunis, Marvin Mimms, James

Wards, Everett Maxwells, Fred Burchs and the John Bonds began worshipping here also. There were others of whose names could not be recalled.

With the encouragement of the Lazbuddie congregation, Condy Billingsley became a minister of the gospel.

Denton Thompson, another son of W.M. Thompson, preached and he and his wife and family were a great help to the church and community.

R.A. Hartsell from Kouawa, Okla. was the minister when a new auditorium was added. The old auditorium was divided into classrooms and a new preacher's house was moved in to replace the old one. During this time, John Gammon, Duane Darling and Roy Daniel were appointed elders. Pete Mimms and Harold Wilson were added later.

Dennis Smith and Glenn Annear were the next preachers. Then came Gaither Vandivear and family who encouraged the church to be involved in Bible correspondence courses. When he left he went to Sao Paulo, Brazil.

The church has been involved in helping mission work in Mexico, Brazil, Australia, Greece, Ireland, as well as work in the states and helping

and encouraging young preachers.

The preachers following were Willie Hamblen, Barry Jones, Curtis Brown and Andy Rogers who is the preacher at this time.

Elders serving now are Wayne Clark, Duane Darling, Pete Mimms and Willie Waddell.

The church is currently involved in mission work overseas and in Mexico.

Listen to Your Nose.

Wonderful instrument, your nose. It can tell you when supper's ready, or when you're near a desert rose. And it can even spot a potential problem like a natural gas leak.

That's because we add a unique aromatic chemical to natural gas that alerts your nose to a leak in or around your home.

So if you detect the faint odor of natural gas, first look around. It could be as simple as a pilot light out or a partially open burner valve.

But, if the odor is very strong, open a window, leave your house and leave the investigating to us.

We're available 24 hours a day to locate gas leaks and we'll be right out.

But don't use the telephone in your home and don't operate any electrical switches. Be sure to extinguish any open flame and never, never strike a match.

Help us keep natural gas one of the safest energies available. If you smell gas, indoors or out, listen to your nose.

Then use your head... call the gas company and keep this number handy:

Living Splendor

Mrs. Billy [Glenda] Thigpen of Texico puts her heart into raising the house plants that grace her home. A 16-foot split-leaf philodendron which reaches to the ceiling and climbs along the wall is just one of the plants which prove

that Glenda's love and care pay off. This specimen is her pride and joy among the plants she has raised as a hobby and is always a source of conversation when people see it for the first time.

'Gratifying Hobby' --

Texico Woman Enjoys Raising Indoor Plants

Hobbies and the extent to which they are carried out vary from person to person, and many of the residents of the Texico-Farwell area are involved to some extent in some kind of hobby or collection.

Mrs. Billy (Glenda) Thigpen of Texico has a love of house plants that goes back to her early childhood days. She attributes her green thumb to the training she received from

her mother, Mrs. Howard Billingsley, who is also an indoor gardener. She says she got most of her plants from cuttings taken from her mother's plants.

"I love them and get a thrill out of seeing a small cutting grow and turn into a lush, beautiful plant," she said.

Although she had to give up some of her plants because they got too big and took up too

much space, Glenda still has lots of proof of her horticultural expertise gracing her home.

"I like to give other people cuttings off my plants to help them get started growing plants and some day I'd like to have a small green house so I could really try my hand at growing some of the more difficult flowers," Glenda said.

Her two daughters, Sonie, 16, and Schree, 9, have both shown interest in the hobby as well. Although Sonie has more or less given up her interest in plants for other activities, Glenda says she is still conscientious about watering the plants properly and she also helps wash the leaves occasionally.

Schree is the more avid gardener of the two girls and has always had her own private garden plot in the backyard every spring.

"The most important trick to success with house plants is to know what kind of soil and how much water each different type of plant requires," Glenda said.

"It takes some reading and studying to grow plants with any kind of success," she adds.

Keeping the leaves clean so that the plant can breathe is another key to success with the greenery, according to Glenda.

Glenda advises that the wandering jew and ivy are the most easily grown plants and says an advantage to growing wandering jew is the adaptability to the outdoors by certain strains of the variety.

"Gloxinias are the prettiest flowering plants, but they are the most difficult and time consuming, also," Glenda said.

"African Violets are my personal favorite, because they are so pretty and dainty and come in so many different colors. They are really nice to use in arrangements and adapt to lots of color schemes with their different colored blooms," she added.

Among her favorites, Glenda takes pride in her Swedish Ivy which her family gave her four or five years ago, and a 16 foot split-leaf philodendron which is also four or five years old.

Wardrobes that "really work" can be expensive, but maintaining them should not be -- a vital issue for salaried women.

Employed women in the United States spend well over \$6 billion a year on clothing -- 9-12 percent of their disposable income.

A wardrobe is an investment, so an initial expenditure is necessary in order to get a return.

WARDROBES SHOULD BE ...
A career wardrobe should project an image that says you're organized, neat, professional, flexible and aware of the world around you.

It will be appropriate for the office and yet take you out to dinner, to a party or into casual weekends.

A wardrobe should reflect current fashion, but the serious-minded career woman will want to give the impression that she is working -- not a "fashion freak."

Career wardrobes should fit well, be good quality, versatile, comfortable, classic and easy to care for.

For the woman who travels, clothes should be packable.

Also, a wardrobe should reflect a woman's age. Allow your dress to show the charm and wisdom of your years. Don't try to camouflage it -- the attempt is generally unsuccessful.

WARDROBES MIGHT BE ...
Before planning a wardrobe, first analyze what you have, along with your figure assets.

Plan clothing that will coordinate with what you have and enhance your assets. Concentrate on separates which coordinate with each other.

A versatile outfit can dress up or dress down with the simplest changes.

Choose some favorite colors to dominate throughout the wardrobe. It's helpful to make a swatch or color card of current wardrobe items to carry with you in shopping.

WARDROBES ARE ...
A functional wardrobe includes a skirted suit in basic color and a quality fabric.

A skirt and blazer or jacket, combined with a tailored blouse, pumps or boots and appropriate jewelry create a professional look.

Make sure skirt hemlines are below the knee at an attractive length on the leg.

For some job situations, less "dressy" attire may be appropriate.

Ensembles of blouses, sweaters, vests, pants and skirts are very serviceable.

Or choose one- or two-piece dresses in classic styles. For greater professionalism, add a blazer or jacket.

'WORKING' ACCESSORIES
Accessories add versatility -- and all should project the same basic mood.

Scarves vary in fashionability. Currently you can wear them many ways -- at the neck, twisted around the head, tied at the waist, or wrapped at the hips.

Also, have lots of belts, both wide and narrow, including, chains, leathers (hard or soft), sashes, macrame and ropes.

Keep your jewelry 'wardrobe' simple, such as a few earrings (that will not hinder telephoning), gold or silver chains and tubular chokers.

CARE 'MUSTS'
Consider care and upkeep of all wardrobe items.

Choose clothes that don't wrinkle easily and those with easy-care features.

Look for washable fabrics, permanent-press finishes or wrinkle-free blends.

Remember that dry cleaning adds extra expense to wardrobe maintenance.

'IMAGE MAKERS'
GO TO WORK

Now that you're armed to create an "image-making" wardrobe that really works for you, remember all guidelines are just that.

Only you can assemble a wardrobe that says, "THIS IS ME."

A farmer seedsman who has field seeds for ALL your crops.

Fun's in store for Nancy Hutchins after losing 38 pounds.

Privacy is the rule

Nancy Hutchins knows babies can bring a little something unexpected into your life: extra pounds. Weight that's tough to get rid of when you're busy caring for children -- cooking for them, nibbling at the food they don't finish. By the time she'd had two babies, her weight had really become a problem. She was up to 151 pounds, more than her 5'6" frame could handle.

"My husband was too kind to say anything outright," Nancy says, "but he started dropping quiet hints like, 'You don't really need to eat that, do you?'"

Although she realized she had to do something soon, she wasn't sure what. When she heard about Pat Walker's from a friend, she was skeptical.

Could it possibly work for her?

Results tell the story

Before long, Nancy was a believer. "When I began to notice how big the waistlines in my clothes were getting, I really got excited! I started out a size 14, and now I'm a 7. And let me tell you, I just love buying new clothes. My husband doesn't even complain when I buy another new dress -- he likes me so much!"

Now thirty-eight pounds and 52 1/2 inches (total) smaller than she was, Nancy Hutchins is delighted with her new look. You'll like yours, too.

Free figure analysis

The best way to find out what Pat Walker's can mean to you is to make an appointment for a free, no-obligation consultation at a Pat Walker's salon. We'll tell you in detail about the entire program... how much you can lose, how long it will take, how much it will cost. And we'll treat you to a session on the Symmetricon unit, so you can see how relaxing it is.

Come on. Call us. As Nancy Hutchins says, "If Pat Walker's can do it for me, they can do it for you!"

Wolverine Girls Win Regional Championship

by the Journalism Dept.

Texico's varsity basketball girls this past weekend traveled to Weed, N.M. to take on three other teams in the Region D. Tournament. On Friday night they took on the host Weed Bulldogs and were victorious, 41-36. This win advanced them to the championship game where they took on the Elida Tigers in a repeat of the District Championship. "This time the tables were turned," as Texico won by the score of 48-43.

"On Friday night the Wolverines faced a do or die situation," said Coach Roy King, when they faced the Weed Bulldogs on their own floor. The Wolverines had to win to advance to the state tournament.

Texico started out very slow and trailed 10-6 at the end of the first quarter. The Wolverines turned the ball over numerous times during the quarter. "I think there was more pressure on this game, than any other game this year," commented Coach King. "The girls knew our whole season was over if we lost this one," added Coach King.

During the second quarter, the Wolverines began to get closer and with Tracy Dobbs' basket at the buzzer, they only trailed 18-17 at the half. Lisa Coffey scored 6 of her 14 points during this period.

The third period was the big turning point in the game, as the Wolverines outscored their opponent 15-8 to take a 32-26 lead. Ruth Scott finally came alive in this period with 7 points.

During the final stanza the Wolverines were outscored 10-9, but this wasn't enough, as the Wolverines won 41-36 and earned their second straight appearance in the state tournament.

The Wolverines were led in scoring by Ruth Scott with 16 points. She was followed closely by Lisa Coffey with 14 points, Lori Harrington and Tracy Dobbs with 4 each, and Schree Rucker with 3 points.

Leading rebounders were Scott with 13, Coffey with 11, Dobbs and Harrington with 4, Rucker with 3, and Jo Hill with 1.

"We were real nervous for most of the game," commented Coach King. "We probably had 30-35 turnovers for the game. We have to improve on this area of our game if we plan on doing as well as we did last year."

"We were able to get the ball inside to Lisa and Ruth and they played exceptionally well tonight," added King.

For the game the Wolverines hit on 17 of 42 shots for 40.5 percent and connected on 7 of 16 free throws for 43.8 percent.

Texico, playing in the championship game of the regional tournament for the second straight year, avenged an earlier loss to Elida by beating them 48-43.

The Tigeresses from Elida were prepared to stop Lisa Coffey and Ruth Scott from Texico, but they forgot about the other three starters for the Wolverines. Scott and Coffey were held to 4 and 2 points, but Tracy Dobbs exploded for a game high 22 points, and Lori Harrington and Schree Rucker scored 10 points each for the Wolverines.

During the first period the

Tigers stalked Coffey and Scott where ever they went. This seemed to work because the other Wolverines were missing on their shots in the first period and Texico found itself trailing 7-6. A technical foul by the Elida coach ignited the Wolverines during the second period. Tracy Dobbs then connected on both shots and the Wolverines never trailed after that. Rucker, Harrington and Dobbs took turns on hitting outside jumpers as the Wolverines outscored Elida during the second quarter 18-10 to take a 24-17 lead at halftime.

Both teams battled on even terms during the third period with each team scoring 12 points to make the score 36-29 after three periods.

With Dobbs handling the ball most of the last quarter, the Wolverines went into a controlled-type offense. Dobbs was repeatedly fouled and she calmly sank 6 of 8 free throws during this quarter.

"Elida's strategy in the last two games we have played them has been to play a three-man zone and have two girls guard Lisa and Ruth," commented Coach King. "It worked in the district tournament because we could not connect

from the outside, but in this game Dobbs, Rucker and Harrington connected on 16 of 32 shots, mostly from 20 feet out.

"I think the whole reason for our success this year is that our girls pick up the slack for each other. When someone is not scoring, then someone else makes up for her," added King.

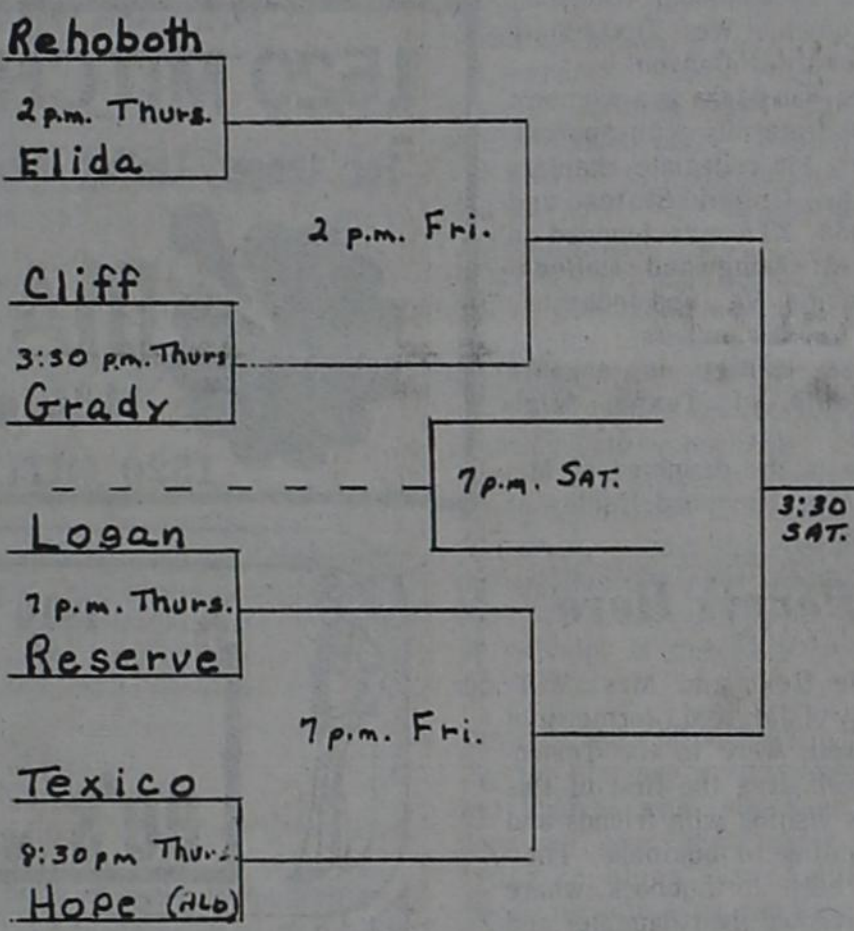

"We got a big boost from our fans. Our cheerleaders and administrators arrived just before our game with Elida and this really picked our girls up. We have had good support all year, especially from our parents, and we expect a good crowd at Ruidoso this weekend," commented King.

Texico was led in rebounding by Rucker with 9, followed by Scott and Coffey with 7 each, Dobbs and Harrington with 3 each and Becky McDonald with 1.

The Wolverines hit on 18 of 43 shots from the floor for 41.9 percent and connected on 12 of 20 free throws for 60 percent.

The Wolverines were to meet Hope High School from Albuquerque on Thursday night at 8:30 in the opening round of the State tournament at Ruidoso.

Monreal placed second in the 400 with 61.0 and teammate Danny Silva had a finish of 61.2 for third.

In the 300 hurdles, Evaristo Sanchez placed fourth with 53.5 and Noe Gonzales was sixth at 51.0.

In the 220, Danny Silva earned fifth place with a time of 28.3.

In the 1320, Rafael Gonzales placed fourth with 4:37.

Field competition saw Lazbuddie win two third places, one fourth, and one sixth.

Franky Garcia placed third in the discus throw with 99'1".

In the long jump Monreal placed third with a 15'3" jump.

Tony Waddell was fourth in high jump with a leap of 4'10".

Randy Cantrell had a shot put distance of 35 feet.

This was the first meet of the season for the Junior High Horns, and if things keep going as they have started, the young tracksters should have a fine year.

High school competition at Meadow was cancelled on Saturday due to inclement weather.

UIL EVENTS SOON

Elementary and junior high school students are already trying to decide which UIL Literary event to enter, as sponsors' names and a listing of the activities were given out this week.

Among some of the listed activities, there will be number sense, ready writing, spelling, oral reading and others.

Charles Beam, principal of the Elementary, will be coordinator for the events, and is hoping to repeat the success that the youngsters had last year when Lazbuddie brought home the trophy as the highest scoring school.

For those students who have not made up their minds, the deadline will probably be soon ... the district meet will be March 28 in Sundown.

JESKO TRIUMPHS

Frank Jesko, freshman, and son of Ettie and Pete Jesko, was awarded a Division One on his class III baritone sax solo, "Deep River," when he competed in UIL Solo Ensemble contest held recently in Lubbock.

The next round saw the local team defeat the Dimmitt bank team 51-38. Crawford scored 25; Stovall, 10; Susan Crittenden, 3; Harris and Curtis, 13 each; and Lori Hartley, 2.

In the overtime match with Hart to take the first place tournament trophy Curtis led the scoring with 28. Crawford had 24 and Stovall put in 20.

The team will soon be participating in the Muleshoe Optimist Women's Tournament; however, the date has not been decided. Coaching the team are Leslie Curtis and Doug Crawford.

Helton Oilers Lose Games

Helton Oiler men's basketball team found the going a bit tough in a weekend tournament played at Hart.

The local squad lost in the first game 91-46 to the Hart Agri-Sprayers. Billy Roberts was high scorer for the Oilers with 10.

The following night the Helton team was defeated 57-46 by a team from Plainview. Kevin Hardage scored 17 for the losers.

The Oilers will be competing this weekend in the Muleshoe Optimist tournament and will also be playing in the upcoming Texico Outsiders tourney.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM, PRES. BERAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

"THE REVELATION OF JESUS CHRIST"

The last great book of the Bible opens with the words: "THE REVELATION OF JESUS CHRIST," and from these words it derives its title: "THE REVELATION." In this book St. John deals largely with the return of Christ in glory to judge and reign.

II Thes. 1:7,8 tells us that one day "THE LORD JESUS SHALL BE REVEALED FROM HEAVEN... in flaming fire taking vengeance on them that... obey not the gospel of our Lord Jesus Christ." This is what the book of the Revelation deals with.

But this phraseology is also used in Paul's epistles, for in Galatians 1:11,12 he says: "I certify you, brethren, that the gospel which was preached of [by] me is not after man, for I neither received it of man, neither was I taught it, but by THE REVELATION OF JESUS CHRIST."

Surely this is not the same "revelation of Jesus Christ" of which John wrote. St. Paul refers not to "the revelation of Jesus Christ" in glory, but to "the revelation of Jesus Christ" in grace while He delays the judgment, not His revelation to the world in person, but His revelation to and through Paul, the chief of sinners saved by grace.

In verses 15,16 of Galatians 1, the apostle says: "... it pleased God... TO REVEAL HIS SON IN ME." What a revelation of grace to a sin-cursed world when God saved Saul, His blaspheming enemy! He tells about it in I Tim. 1:13-16, where he says: "I was a blasphemer, and a persecutor, and injurious... Howbeit, FOR THIS CAUSE I OBTAINED MERCY, THAT IN ME FIRST JESUS CHRIST MIGHT SHOW FORTH ALL LONG-SUFFERING, FOR A PATTERN TO THEM WHICH SHOULD HERE-AFTER BELIEVE ON HIM TO LIFE EVERLASTING."

This is why Paul says: "... it pleased God... TO REVEAL HIS SON IN ME." By saving the chief of sinners [as Paul calls himself in I Tim. 1:15], God would show us that He is willing to save any sinner. "FOR WHOSEVER SHALL CALL UPON THE NAME OF THE LORD SHALL BE SAVED" (Romans 10:13).

Texico's This, That And The Other

by Members of Journalism I

Several members of the Spanish class attended a Mexican folklore ballet in Amarillo recently. They were accompanied by Mrs. Juanita Hadley, the instructor, and Mrs. Chuck Sluder, the bus driver.

George Herrington, elementary principal, attended three days of the Legislative Session in Santa Fe during February. He joined the New Mexico senators and representatives and others who were lobbying for school funding. Mr. Herrington stated that there will be an average 14 percent increase in school income next year. Among other accomplishments were a 12 percent wage increase; however, he observed that there will be a 20 percent increase on utility costs for the schools next year.

Members of the Junior Class operated a concession stand at a local farm sale recently. Profits will be used for the annual Junior-Senior Banquet, May 1.

The Seniors will be honored at an annual banquet sponsored by the Texico First Baptist Church at 7 p.m. on April 1. Senior sponsors are Mrs. Sylvia Burgett and Mrs. Paula Leighton. Senior parent sponsors are also invited to attend.

Texico kindergarten students are studying various letters of the alphabet each week. They also have a "Show-and-Tell" period every Friday.

The Farwell High School Band, under the direction of Lynn Burton, performed in a concert for the Texico students last Thursday. The band played several numbers that they will be performing for contest this spring.

During February, students in Mrs. Ann Pearce's second grade class read books and wrote stories about Lincoln and Washington.

The rifles team will have 12 rifles next year, and the flags will have seven members, reported Mrs. Ann Southard, sponsor. These teams will perform at the May concert.

The rifles team will go to West Texas State from June 8-13.

The team will elect a captain of rifle team, and flag group in May.

Texico Bleacher Bums are now selling wooden plaques, pennants, and family name shingles ranging in prices from \$5.00 to \$7.50. In 77 comparisons over the last four years against competitive hybrids, 3184 has shown an average yield of 183.7 bu./A. with a yield advantage of 14.3 bu./A. over competitors. Bred with outstanding drought tolerance, 3184 can adjust ear size and kernel depth to match growing conditions. And strong stalks keep 3184 standing straight for speedy harvest. It's just what High Plains farmers need in a dependable, high-yielding corn hybrid. And its maturity makes it a good companion for 3183.

Push this one for highest yields! In 43 comparisons on the High Plains in 1979, this hybrid averaged 192.1 bu./A. A sampling of yields from 1979 includes 216 bu./A. for Sheldon Rapp at Hooker, Oklahoma . . . 210.4 bu./A. for Larry Kemp of Muleshoe . . . and 196.7 bu./A. for Doyle Underwood at Dimmitt, Texas. 3183 has demonstrated very good standability and ear retention in this area. Excellent drought tolerance helps 3183 maintain outstanding consistency year after year. And it has been especially impressive on gray soils. Plant 3183 along with 3184. Spread genetic risks and get top performance, too.

Texico Spelling Bee Winners Announced

Two Texico students were scheduled to compete in the Curry County Spelling Bee Thursday. The students became eligible after winning the Texico elementary-junior high Spelling Bee on Tuesday, Feb. 26.

Lori Harrington, fifth grade student and daughter of Mr. and Mrs. Pete Harrington, was the only speller still standing at the end of the contest. To establish her win, she spelled "emotional" correctly. The second place elementary student and elementary alternate is Jeff Horner. The fourth grader won on the word, "emblem." Jeff is the son of Mr. and Mrs. Ted Horner.

Top speller in the junior high division was Chris Curry, sixth grade, son of Mr. and Mrs. Lonnie Curry. Runnerup was Elayne Horner, a seventh grade student, and the daughter of Mr. and Mrs. Ted Horner. Chris was seated on the word "combative" and Elayne fell on the word, "Corroly." Only two spellers may enter from each school in the Curry County Bee.

In the local bee, Mrs. Nona Holloman and Mrs. Gina Colvin were the pronouncers. Mrs. Wanda Turnbough provided

definitions and Dale Schwartz was the recorder. Coordinators were principals Kenneth Shaw and George Harrington.

All participants in the Texico contest were awarded certifi-

cates, and the winners received plaques.

Others who competed included: Mike Day, Billy Richmond, Tripp Townsend, Brenda Moser, Robin Pierce, Lisa Quintana, Tonia Topliff, Brette

Southard, Tim Harmon, Tim Meier, Loretta Gonzales, Coy Jo Burk, Cheryl Scott, Gary Jones, Karen Snodgrass, Karen Anders, Ronnie Duns-worth, Jeff Holland and Valda Cavallero.

Public Urged To Attend Hearing

Parmer County sportsmen, businessmen and any other interested persons are urged to attend the public hearing of the Texas Parks and Wildlife Department on Tuesday, Mar. 11, at 10 a.m. in the county courthouse.

It is at this hearing that the department will seek to gather

information concerning proposed hunting, fishing and trapping regulations within the county.

Chuck Cosper, game warden for Parmer, Deaf Smith and Castro Counties, urges that a good turnout be present for the hearing so that the people can express their views on the

regulations for the taking of wildlife in the county.

Cosper says that often persons complain about certain regulations, but that they never come to a hearing to

express their opinions concerning them. And, he says, that is the purpose of the public hearings -- to have the department and the people get together to discuss what can be done to improve the regulations for the wildlife resources.
