

COME 'N GET IT!—These three large, specially-made barbecue ovens will get a tryout next Friday night when the Farwell Quarterback Club sponsors a big barbecue before the Steer-Morton game. The cooks lined up above (l to r) are Bill Prince and Adolph and Henry Haseloff, who figure to barbecue 300 chickens "like you've never tasted before." Prices are \$1.50 and 75 cents and proceeds will go to boost the Steers. Serving starts at 5 o'clock, so put the time and date on your calendar!

Steers Get Ready For Bovina Friday

Farwell Steers were whipping into shape for their encounter with their second Parmer County rival this week, with game time set at 8 p.m. Friday night in Bovina. The Steers were defeated in an upset ball game Friday night, 26 to 13, in Friona.

Coach Dempsey Alexander expressed pride in the boys this week, as he commented on their sportsmanship after last week's game. "The boys took their defeat in a gentlemanly manner," he says. "I was really proud of them." He explained that as far as he knew, none of the boys answered any comments or heckling from outsiders after the game.

Possibly three changes will be made in the defensive lineup this week, with Andy Ancira starting on offense; Darrell Crook playing strictly defense and Bobby Field listed as a starter as defensive half-back. Also Jerry Herrington

will be switched to defensive end in place of Alan Busbice, who will start offensively.

The boys seem to be in good spirits, says Coach Alexander. "They do need the 100 percent backing of the whole community, school and student body," he feels.

Two boys will be out of the lineup -- Roy Donaldson who is recuperating from a knee injury and Joe Costello who has an injured back.

According to Dolph Moten of the Bovina Blade, the Mustangs are weaker than usual with only three starters from last year's ball club which won second in district.

Farwell topped Bovina 18-14 last year and 6-0 in 1961. "Bovina hasn't won over Farwell since 1954" says Moten "and they'll work to win."

Hallie Gee is coach of the Mustangs and will have two boys out of the line-up this week--Donnie Dyer who is ill and Ronny Taylor, who suffered a broken thumb in the Springlake game. Bovina lost to Springlake 25-8 last week.

David Anderson is quarterbacking the Bovina team and strong points are Anderson's passing to Gene Pruitt and Al Shamblin and the running of Tally Kelso and Dennis Johnston.

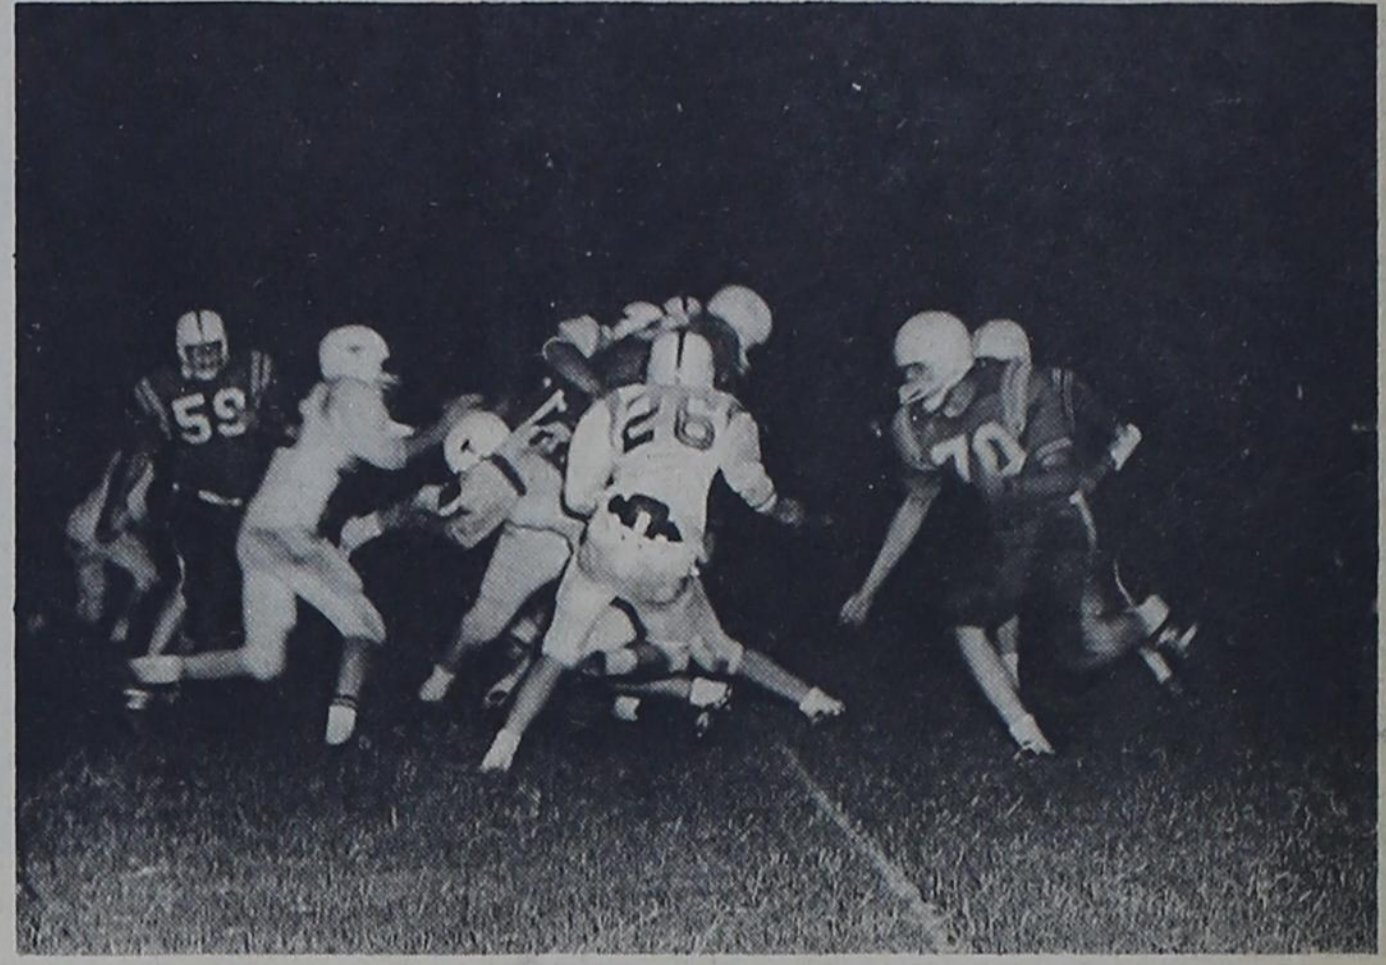

Commenting further on the Friona game, Coach Alexander states that the kickoff return after Farwell scored their first touchdown, was the turning point in the game. "Too, Friona probably won't be any higher for any one ball game than this one," he adds. He feels that Farwell offense looked as well as it has for the past two or three years.

The defense wasn't moving as fast on the ball as it should have, "that's probably the biggest mistake we made defensively" he says.

He felt that Farwell wasn't as ready physically as opponents, since the local team had maintained a one a day workout schedule. Most teams have had two a day, he says.

The game could have gone either way, he feels. He cited Farwell's drive to the one-yard line on the second drive, when the Steers didn't score. "But we didn't make it," he continued.

"We'll have tougher ball games than that one" he predicts.

This is one play that didn't gain much for Friona, as the Steer line rose up to meet the oncoming Chieftain back. Players making the tackle are unidentified. With back to camera is Roy Donaldson (26). (Photo by Bill Ellis)

Steers Start Slow: Chiefs Win 26-13

It was a shocking evening for Farwell Steer football fans as they watched the opener of the season Friday night. A fired-up bunch of Friona Chiefs, with a 27-game losing streak around their necks like a millstone, came out fighting from the opening whistle and played like a Class AA football team in Texas ought to play. The result was that Farwell ended up on the short end of the score, 26-13.

The outcome was a great disappointment to Farwell fans, who had quietly been passing the word around that this was the "it" year for Farwell and the Steers were sure to go a long way. Pre-game polls showed not only Farwell fans expected a win, but Friona boosters figured the Steers were too much for the down-trodden Chiefs too. Entries in the Parmer County newspapers' football contests named the Steers to win--almost unanimously.

Looking back at the game, most fans are inclined to feel that Farwell didn't play too dismally, but that it was more the fact that Friona was keyed up to win. Their new coach, who was laying a good record

on the line when he went to Friona this year, apparently had the boys finely tuned for an upset, and they didn't disappoint him.

Friona took things in hand the minute the game began. They went straight down the field, after receiving the kickoff, to score on a 70-yard drive that consumed 12 plays.

This put lumps in the throats of Farwell fans, but they were reassured by an answering 55-yard march to a touchdown by the Steers, who ground up the yardage in the old-time football tradition and Leon Lovelace finally toted it over from a mere four yards out.

Farwell then converted to lead 7-6 and the fans were all smiles. However, the pleasure was short-lived. The Steers kicked to the Chiefs and little Milton Hargus (33) who was the star of the show for the Redskins all evening, grabbed the ball and outsped every Steer on the field for an 85-yard run-back to put the Chiefs back in command, 13-7.

Again, the Steers roared back, concentrating on their ground plays. They mashed out yardage to the Friona 8 where they were within easy striking

distance, but then failed to keep going and surrendered the ball on downs. Friona's line proved really tough and when cornered outcharged the more experienced Steer line all night.

A few plays later Hargus, the Friona ball of fire, was off to the races again. He popped through the Steer line into the secondary and turned on the speed. Aided by a key block that eliminated two Steer defenders, Hargus zipped 92 yards in all for another Friona score and this time Farwell could see they were in trouble.

When the half came Friona was posting a commanding 20-7 lead.

The Steers appeared to have their mind made up to get back into the ballgame in the third quarter. Apparently sensing they had to hustle to save the game, they made good yardage and once came to the Steer 18. Unfortunately, in an opening game that featured remarkably few ball bobbles, the Steers lost their chance on a fumble at this marker. That was the way the third quarter wound up and the Chiefs kept their secure lead.

Early in the fourth quarter the Steer defense dug in and the Blue and White had another chance of it, taking possession on the Friona 20.

This time they made good on their opportunity. Jerry Field made the touchdown, punching

Dads To Decide On Cable Soon

Farwell's city commission will decide who will get a franchise to serve the city with a TV community antenna system by Monday.

There is quite a clamor for the permit and three applicants have appeared before the local body to outline details of their propositions in the hope they will secure approval.

Friday the mayor and commissioners listened to Frank Sides of Sayre, Okla., make his proposal, and also heard a recap of offers from Ray Stone, local businessman, and R. L. Houston of Muleshoe Antenna

Company. The city feels that a 600-foot tower will be required for satisfactory service. The commission apparently has its mind made up that they will try to get only the best equipment available for the local franchise.

Sides, who asks for a 25-year franchise, says his deal will call for \$100 tie-on charge and \$5.50 per month service fee.

The city is insisting that if service is not begun quickly, or if it is interrupted for as much as 10 days, that the contract is terminated.

Sides feels he could have work begun within 45 days and finish before Christmas. Stone feels he could have a tower up within a year. Houston estimated that his firm could start work within 10 days and begin some service within 90.

The commission announced that they will notify the accepted applicant by letter no later than September 16.

Pee Wee Footballers Win Over Clovis

Farwell's Pee Wee football teams experienced two victories over Clovis West Side Saturday, September 7. The Junior players coached by Tom Lovelace and Prentice Mills were led to a 19-0 victory by Carl Goettsch, Danny Prince, and Greg Hargrove who each scored a touchdown. Robin Mahaney scored an extra point.

The Pee Wees coached by Bob Hart and Bill Garrett scored 13 points while keeping the West Side Pee Wees from scoring. Touchdowns were made by Craig Garrett and Garry Erwin. The extra point was made by Craig Garrett.

The next games for the Pee Wees will be played September 14 at Farwell against Clovis' East Side. The time of the games is still uncertain.

Marquitta Wall, 17-year-old daughter of Mr. and Mrs. Willie O. Wall of Route 2, Texico, smiles for the cameraman, after having been named as runner-up in the 1963 Curry County Fair queen contest. Marcella Moyer of Clovis was named queen. Marquitta is a junior student at Texico High School.

Football Contest Has 98 Entries

Annual football contest had a record beginning with 98 persons marking entries the first week. Mrs. Dorothy Bauer of Clovis, who was the only person in the contest calling nine games correctly, placed first. She missed on the Friona-Farwell clash, however, predicting Farwell would win 28-7. Friona tapped Farwell 26-13.

In fact, only one person named Friona over Farwell.

Second place winner was Don Gerles of Lariat, who missed only one game, naming Morton to top Sudan. He thought Farwell

would win over Friona 13-8. Jim Clements won third, missing the same game as Gerles. His guess at the Farwell game was 27-19 with the Steers on top.

Mrs. Bauer has entered similar contests, but this was her first try in the Trib contest, "and it's the first win I've ever had" she comments. Her husband makes calls in this community and the two had decided they would try the contest. He called five games right.

Mrs. Bauer received first prize of \$5, with \$3 going to Gerles and \$1 to Clements. Mrs. Bauer has nine points in the over-all contest and Gerles and Clements each have eight, with Gerles leading on the tie-breaker.

Others with eight points are: Johnny Actkinson, Glenn Phillips, W. M. Roberts and Don Williams.

The contest is sponsored by Sherley-Anderson-Pittman of Farwell and Sherley Anderson of Lariat, Piggly Wiggly, Worley Grain, Nickels Gin, Oklahoma Lane Farm Supply, Shuman-Haseloff Insurance and State Line Grain.

New contestants would still have a good chance to win the top prize of two tickets to the Cotton Bowl and \$50 expense money, adds John Getz, advertising manager of the Tribune.

Brother Of Rosa Roberts Dies

Rosa Roberts of Clovis, formerly of Texico, received news of the death of her older brother, E. W. Dozier of Madisonville, Kentucky. He died of a heart attack August 28.

Mrs. Roberts went to Kentucky for the funeral services.

Texico FFA Takes Honors At Fair

Texico FFA members brought home over \$7000 in sales and prize money from Curry County fair last weekend, according to Eddie West, FFA instructor. The chapter received first on their fair booth depicting "A Corral for all Cattle Working Jobs", and received a plaque for a second place in the farm mechanics contest.

Harvey Winkles sold one pig for \$722, top price, bringing \$3.80 a pound. He purchased the animal from John McFarland May 16 for \$15 and took home ribbons for champion Chesterwhite barrow and also reserve grand champion barrow, the past week. He also entered a fruit bowl which he had made in shop class, and won a \$5 second prize.

Gary Skaggs, received first and second on fat steers, 1st on sow, 1st on branding chute, 3rd on pickup stock racks, 2nd in showmanship in beef for \$1374.69 sale money plus \$212 prize money.

Mike Spearman -- 1st and 2nd on steer, 1st and 2nd on Santa Gertrudis heifers, 2nd on bookcase, \$1172.50 in sales and \$200.60 prize money.

Dean Campbell -- 3rd and 4th on steers, \$1723.35 sales and \$80 prize money.

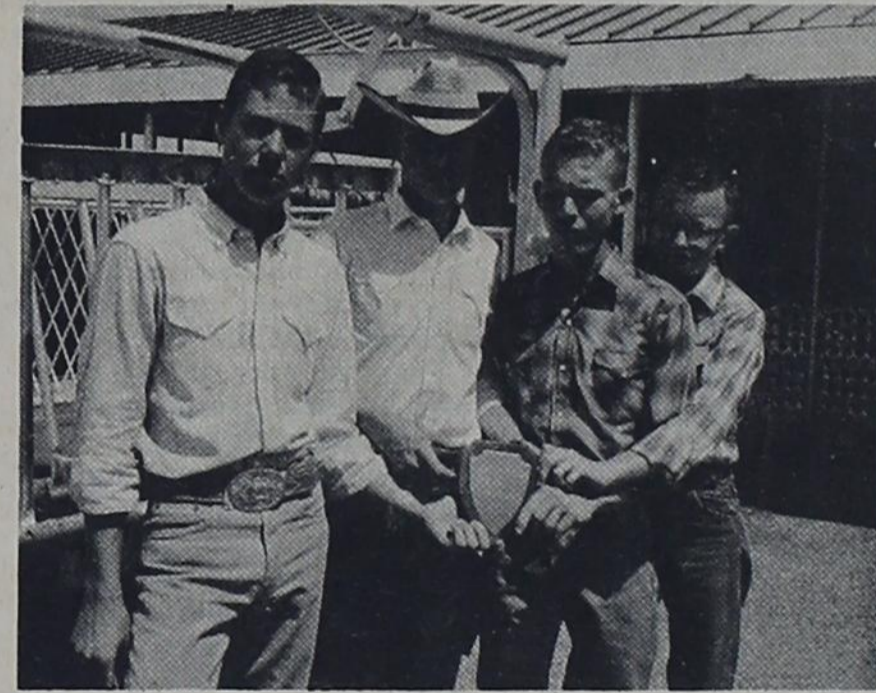

Johnny Burford -- Three firsts and one 3rd on Hampshire barrows, Champion Hampshire barrow, \$563.58 sales and \$26 prize money.

Jim Hill -- 2 firsts, 2 seconds and 1 third on Hampshire and Chesterwhite barrows; 1st on pickuu racks, \$316.24 and \$52.

David Duncan -- 1st on Hereford bull, also junior champ, two 4th places on Hereford heifers -- \$294 and \$55.

Dan Baldrige -- Sales \$283.05 and \$10 prize money.

A second place plaque was awarded Texico FFA in the farm mechanics contest at Curry County fair. Boys on the team were Mike Spearman, Jim Hill, Gary Skaggs and Harvey Winkles.

Texico Teams Meet Grady

Two of Texico's baseball teams played Grady at Texico Friday afternoon. The senior girls lost with a score of 18-6. Pitching for Grady was Diane Massey. Sue Starbuck was the pitcher for Texico. Scoring for Texico were Sandy Tipton, Vivian Duncan, Sue Starbuck, Brenda Brooks, Hazel McDaniel, and Lynelle Engram.

The senior high boys from Texico won 6-5. Bill Campbell was the winning pitcher. Tommy Northcutt pitched for Grady. Texico had three hits and eleven walks. The hits were scored by Wayne Hudnall, Campbell, and Emmett Autrey. Runs were scored by Ronny Curry, Ronny Richardson, Tom Rickstrew, Emmett Autry, and Mike Spearman.

Texico had Grady shut out until the sixth inning. Grady got one in the sixth and four in the seventh. Texico got two in the third, two in the fifth, one in the sixth, and one in the seventh. Johnny Green is coach.

Tuesday, the junior high teams played Grady in Texico. The girls won 11-5. The winning pitcher was Frankie Lambert. Juanita Ebel had four hits and Lambert and Alma

"Okay, you guys, even numbered plays to the right, odd to the left," explains Bob Hart, one of the local men working with 9-year-old football aspirants in Farwell. Early training in "Pee-Wee" football is one effort local boosters hope will keep talent coming up through the years to supply the Steers with their usual reserve of material -- which is a record not surpassed by many teams in the state in Class A.

Firemen and personnel of the sheriff's office rake out the last remnants of a burning mattress from the county jail about midnight Wednesday. "Nothing in the structure will burn except the mattresses," says Sheriff Chas. Lovelace, so little damage was noted after the cotton bedding caught fire. Smoke from the windows alerted passers-by who reported the fire. Seven prisoners were in the jail, but only four were in the area of the blaze.

Bovina Man Murdered In Clovis Fight

A Bovina farm laborer is dead and Les Alford of Bovina has been charged with murder as result of a family feud which came to a climax Saturday night near the Curry County fairgrounds at Clovis. The victim was Horace Lee Stevens, 22. Charged with murder by Clovis authorities is his father-in-law, Alford, 47. Both are negroes.

According to reports, Stevens was married to Alford's daughter, Dorothy Jean. Alford and his family, including the married daughter, had gone to the fair in Clovis. Stevens found them there and insisted that his wife return to Bovina with him.

A fight followed after the party reached the car which was parked near the fairgrounds. The fight ended with the shooting. Minter says the way he understands the story. Stevens ran more than 100 yards after being shot before falling dead.

The shooting was allegedly done with a small-caliber pistol.

Funeral services and burial were slated to be in Greenville, where Stevens parents live. Law officers here had attempted to help the family settle some of their troubles in previous weeks.

Alford's bond was set by Clovis officials Monday following his arrest. Amount of the bond is \$5000.

Texico Commission Meets Tuesday

The police magistrate report showed \$310 approved in fines for the month of August. It was brought before the council that many of the citizens are creating a garbage disposal problem by using unsanitary means of disposal.

Citizens are asked to dispose of their garbage in the proper manner so that it can be picked up.

HOSPITAL NOTES

Milton Lee Walling, son of Mr. and Mrs. Milton Walling, returned Sunday from Oklahoma City where he received treatment for allergies. He was given very good reports by the doctors there.

Tim Crume, son of Mr. and Mrs. Van K. Crume entered Clovis Memorial Hospital, September 3 with a virus infection. He returned home on Monday and will remain there several days before entering school.

Mose Glasscock entered Lubbock Methodist Hospital for diagnostic studies Saturday. A report on his condition was not available at press time.

Glendon Moss has returned to work after being dismissed from the hospital on Friday. He suffered from both pneumonia and asthma.

Mrs. Joyce Coffman entered Clovis Memorial Hospital Saturday with asthma.

Chris Moss went to the doctor Wednesday and received excellent reports. She is recovering rapidly from eye surgery.

FALL FERTILIZING

COLLEGE STATION, Tex. (UPI) — Fall applications of complete fertilizer before the first expected frost has been suggested by a pasture specialist at Texas A&M College as a key to producing pretty grass laws.

E. M. Trew says an application made 30 days before the first expected freeze will keep grass green longer in the fall and give it an earlier start the following spring.

over from the one. The Steers failed to convert, and with a score of 20-13, it looked as if a tie was the most Farwell could hope to get.

However, the host Chiefs weren't in any mood to let victory slip from their fingers and they put the heat back on. Once again Hargus proved his fleet feet, scoring from the Steer 49. He ran for the corner and went over standing up, cleanly outracing the Farwell backs.

The Chiefs didn't convert, but it mattered little. They put the game on ice 26-13. What's more, that score broke the Steers' spirit and they never threatened again. In fact, Fri-ona was driving for their fifth touchdown of the evening when the game ended.

Texico FFA booth placed first at Curry County fair, and will be exhibited at the state fair in Albuquerque next week. Eddie West is FFA instructor.

Farwell School Board Meets

Several items of business were discussed when members of Farwell School board met Monday night for a regular session. Members decided to return the driver's education car to Gateway Auto in Clovis. The auto-

mobile was used for summer classes, but the course is not offered during the regular school term.

Plans were made to purchase an army surplus car for school use, if arrangements can be made. Named to serve as substitute bus drivers for boys who play football were: Monte Lesly, Jimmy Armstrong, Roy Lindsey, A. E. Tatum and W. M. Roberts.

The 1963 tax roll was approved and on a motion by Buck Gregory and seconded by J. T. Ford, board members decided to sell the west 1/2 of Garden lot 42, Sect. 31, located east of town, to Jerald Kirkland for \$2000. The 1963-64 school budget was approved.

Texas Tech quarterback Jim Ellis was valedictorian of his Monterey (Lubbock) High School class.

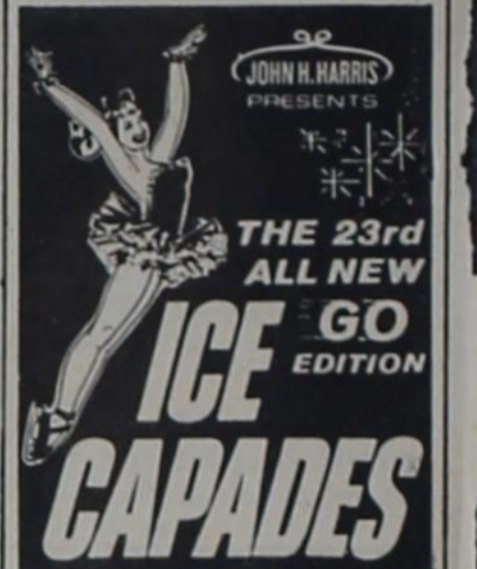

Texas Tech halfback David Rankin is the son of Walter (Bull) Rankin, former Tech and Chicago Cardinal gridders.

CHRISTIANITY Is The Bulwark of Our Way of Life

J.L. Bass

HOW CLOSE DO YOU LIVE TO GOD?

Scripture Matthew 5: 29-30

We should want to be Christians with a positive influence for Christ. A boy said to his mother, "When I grow up I'm going to be a Christian just like dad. Nobody knows whether he is a Christian or not." Surely our spiritual aims should reach higher than that.

The sermon on the Mount in the fifth, sixth and seventh chapter of Matthew speaks of the principles of the Christian life. The beatitudes deals with being rather than having or doing. What you are usually always determines what you do.

The twenty ninth and thirtieth verses of the fifth chapter of Matthew speaks of cutting off an arm or plucking out an eye. Jesus was trying to impress on the disciples and us that it is important to live close to God. He said that anything that hinders this relationship ought to be moved out of the way. I know that cutting off an arm or plucking out an eye will not produce moral and spiritual regeneration. But Jesus was teaching a lesson that we Christians should learn carefully and well: if you find yourself caught up in moral and spiritual difficulties, no price is too high to pay for full restoration of fellowship with God.

The boy that wanted to have a religion like his dad's that no one knew about was taking the easy way. The Bible says if we are children of God we ought to obey him. "And why call ye me, Lord, Lord, and do not the things which I say?" Luke 6:46

Mrs. Gene Usrey

Peggie Teel-Gene Usrey United In Candlelight Ceremony

Miss Peggie Irene Teel, daughter of Mr. and Mrs. Elmer Teel of Texico, and Gene Usrey, son of Mr. and Mrs. Doyle Usrey of 600 N. Avenue J, Portales, exchanged wedding vows in the Methodist church of Farwell, September 8, 1963, 7:30 p.m., in a candlelight ceremony.

Rev. Gerald L. Hill, brother-in-law of the bride and pastor of the First Presbyterian church of Sand Springs, Okla., officiated at the double ring ceremony.

A central pyramid candelabra flanked by two seven-branch candelabra and entwined with white gladioli and greenery, and tied with white satin bows, formed the background for the vows. Palms and emerald greenery framed the kneeling bench which was placed in the foreground.

Organist was Jane Phillips. Soloist, Kathy O'Dell, sang "O Perfect Love" and "I Love Thee."

Serving as ushers and candle-lighters were Wiley Teel of Portales, cousin of the bride, and Joe Teel, Texico, brother of the bride.

Maid of honor, Valeria Meier of Texico and a sorority sister of the bride, and bridesmaids, Mary Garland Tipps of Portales, also a sorority sister of the bride, and Linda Usrey of Portales, sister of the groom, were attired in pale blue taffeta brocade of matching shades. The dresses had short jackets and bell skirts. Their veils were short and of blue net, secured by a spray of white organza roses. They carried single long-stemmed white mums.

The bride was given in marriage by her father. Her dress was of white slipper satin with a bell skirt and a short fitted jacket. The skirt was decorated with lace appliques and sequins. The formal gown was designed by the bride's mother. Her veil was elbow-length of white illusion, extending from a halo crown of pearls and tear drops. The bouquet was of white rosebuds with satin streamers and placed on the bride's white Rainbow Bible.

Something old was an English sixpence in her shoe, which was used by her friend, Mrs. Jack Miller in her wedding. Something new was her dress. Her pearls were borrowed from her sister, Mrs. Gerald Hill. Blue was the traditional garter, made by Mrs. Jack Miller.

Assistants at the reception were Mmes. Irene Dyer, R. O. Tomlinson, James Craig, James Pierce, and John Green, Jeanne Carruthers, a sorority sister, registered guests.

The parents of the groom were hosts to a rehearsal dinner. The tables were decorated with portable gas lights and fall flowers. Twenty-one were present for the roast beef dinner.

After a wedding trip to Roswell, the couple will be at home in Las Cruces where he will attend New Mexico State University.

The bride's traveling outfit was an avocado green wool suit with brown accessories. The suit was also designed and made by her mother. The blouse was made by her sister, Mrs. Hill.

The bride, a 1960 graduate of Texico High School, served as part Worthy Advisor of the Portales Assembly Order of Rainbow. She is among those listed in Who's Who and Betty Crocker Homemakers of Tomorrow in Texico. She attended Eastern New Mexico University, majoring in home economics and journalism. Mrs. Usrey served as managing editor for two years for the "Chase."

Mr. and Mrs. Ted Roth

Wedding Vows Read For Kathryn Elliott-Ted Roth

Miss Kathryn Earlene Elliott, daughter of S-Sgt. and Mrs. George C. Higgins of 1100 in Clovis, and Teddy Eugene Roth, son of Mrs. Tena Roth of Texico, exchanged wedding vows Saturday night at 8 p.m., August 31, in Texico Baptist Church.

Background for the ceremony featured cathedral windows designed in white leatherette, with red satin bows emphasizing color hues, and minute wedding bells at the peak of the arches on the flanking windows. Seven branch candelabra entwined with woodruff fern and red bows were placed in the foreground and woodruff fern trees completed the design. Pews were marked with white satin bows and a white aisle carpet was used.

Rev. Leroy Hunton of Clovis read the double-ring vows and Carol Thompson of Clovis provided background music. She accompanied Jimmy Hunton of Clovis who sang "Always" and "I Love You Truly".

For her wedding, the bride chose a formal gown of nylon taffeta, designed with appliques of brocade lace and sequins and pearls. The sweetheart neckline was embroidered with seed pearls and lace and the long fitted sleeves extended to points over the hands. The fitted bodice was buttoned at the back to the waist and the full skirt extended to a chapel train.

Her elbow length veil of illusion was attached to a crown of seed pearls, and she carried a bouquet of white butterfly roses and stephanotis. Her only jewelry was a cultured pearl and diamond pendant, a gift of the bridegroom. She wore pennies minted in the years of their births in her shoe. The pennies were something old, her wedding dress was new and her garter was borrowed and blue.

Ushers were Bill Roth, brother of the bridegroom, and Donnie Curry of Clovis. Douglas West of Clovis served his friend as best man.

Patricia and Teresa Higgins, sisters of the bride, were candlelighters, and wore embroidered cotton ensembles trimmed in white lace. The dresses featured round necklines, cropped sleeves and full gathered skirts.

Miss Shirley Owens of Clovis, maid of honor, wore a ballerina length dress of red taffeta, with a softly rounded neckline, short sleeves and a fitted bodice. She chose a short veil attached to a floral halo. Her bouquet was of red and white

For her wedding, the bride chose a sheath dress of beige lace, with beige satin trim and three quarter length sleeves. Her accessories were bone and green.

Mrs. Higgins wore a beige ensemble with short sleeves and rounded neckline and brown accessories. Both mothers wore corsages of red and white carnations.

Darla Bolen of Clovis registered guests. A reception was held immediately following the ceremony in the church basement. The serving table was covered with a lace cloth over white and a fan-shaped arrangement of red and white carnations centered the table. The four-tiered wedding cake was edged with minute wedding bells and icing ropes and topped with a miniature bride and groom.

Mrs. Ansel Doolittle, sister of the bridegroom, served cake and Pat Bolen and Bess Gibson of Clovis presided at the punch service. Nuts were served from a red-velvet partitioned crystal dish, in keeping with the chosen colors of the bride, red and white.

Crystal and silver appointments were used. The young couple left for a trip to Carlsbad. For going away, the bride chose a two-piece ensemble with a softly pleated white skirt and a brilliant floral short jacket edged in matching white. Her corsage was of white roses.

Mr. and Mrs. Roth will be at home in Midland at 1106 A Parker.

He is a graduate of Texico High School with the class of 1959, and attended University of New Mexico in Albuquerque. He is now enrolled in Midland Commercial College and is studying drafting.

Mrs. Roth is a 1962 graduate of Clovis High School and has been employed in Clovis previous to her marriage.

Mrs. Tena Roth was hostess to the rehearsal supper in the basement of the Baptist Church Friday night preceding the wedding. The serving tables were arranged in a T-shape and centerpiece was a mock wedding cake made of white pleated paper and topped with silver bells and edged with silver rope. White tapers in crystal holders flanked the cake.

FOOTSAVING EDUCATION

by James E. Edwards

Foot Care For Children # 4

Principle # 3

Sheets and blankets that are tucked in too tightly may cause foot and leg trouble by holding your child's feet in an unnatural position causing him to "toe-out" when walking. There are frames for the foot of the bed to help avoid this.

Principle # 4

First socks and booties should be chosen with care. Be sure both socks and booties extend beyond the longest toe. Allow plenty of room for movement.

Principle # 5

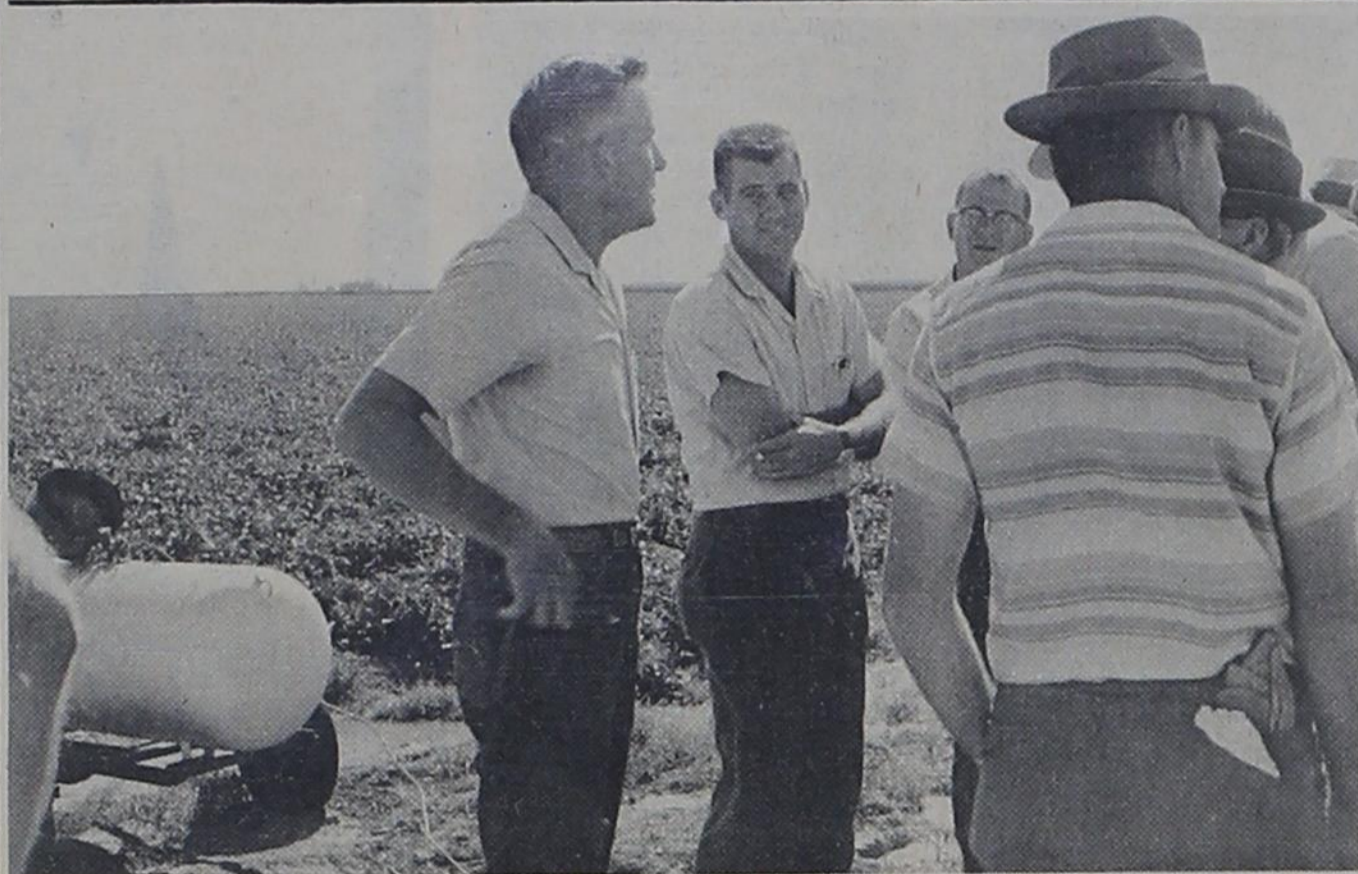

When your child shows an inclination to stand for a long time, that is the time for soft-soles. Be sure they are very roomy. You will be surprised how rapidly little feet grow.

Bell Named Conservation "Farmer Of The Year"

Approximately 65 persons attended the annual Farmer County Soil Conservation District Tour last Thursday.

Durward Bell, who farms nine miles north of Farwell and seven miles west of Bovina, was awarded the "Conservation Farmer of the Year" plaque at the conclusion of the tour.

"We were highly pleased with the turnout," said Jimmy Smith, Work Unit Conservationist with the Soil Conservation Service.

The group assembled at the Hub Community Center, and returned to the center for refreshments and presentation of the Conservation Farmer award. An addition to the tour was the observing of light midge infestation on one of the farms visited.

The company saw a representation of irrigated pastures, tailwater systems, irrigated grasslands and outstanding row crops on the tour.

NEWS FROM THE

FARM BUREAU

BY RAYMOND EULER

At their last monthly meeting, Farm Bureau directors voted to hold the 15th Annual Parmer County Farm Bureau Convention in the Friona High School Cafeteria at 8 p.m., October 7.

This is the time of year that members who receive fifty per cent or more of their income from agriculture or ranching have the opportunity of voting for or against policies affecting their freedom and income.

Letters of invitation will be mailed to all eligible voting members. No one is barred from attendance, but if there is a close vote on any controversial issue, qualifications will be checked.

Members of the Policy Development, Legislative and Nominating Committees met Monday night to complete their respective duties. This is, however, in no way conclusive.

If you have a nomination, resolution, or anything else you wish considered that is not pre-

sented at the convention, you will be urged to make your wishes known and you will be given full recognition and consideration.

We hope you'll be there. This is the one time and place that you can be assured that your suggestion will receive full consideration of a majority of the farmers in the county. If those present agree with you, then your suggestion will be given consideration at the state convention in Ft. Worth in November. If your suggestion gains support there, it will go on to the National Convention in December.

One and one half million members will be behind you in the legislative halls if your suggestion gets approval by delegates to that convention. That's the way it works, statements to the contrary, notwithstanding. Come and see.

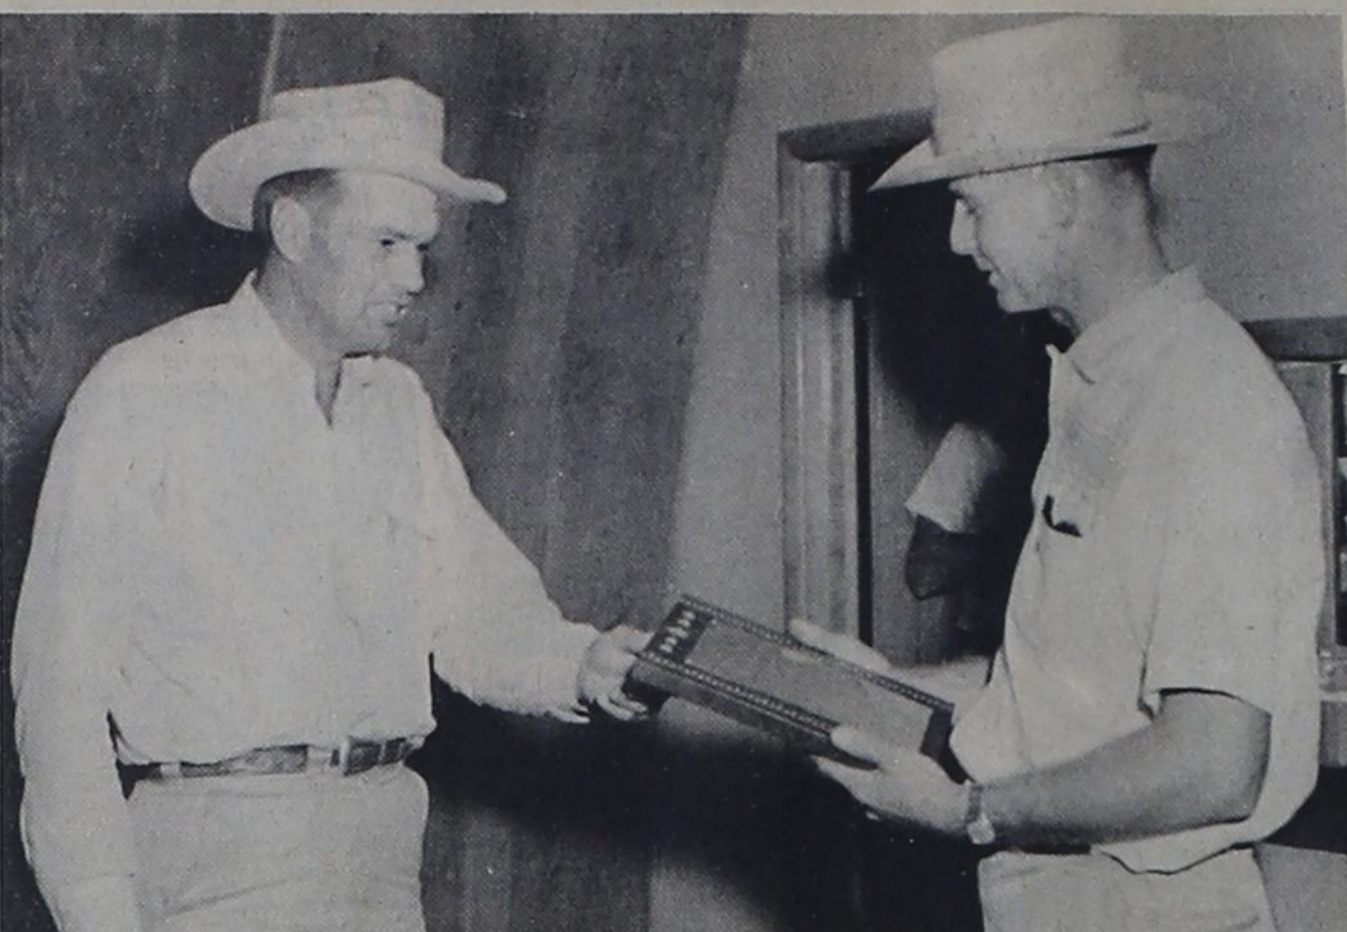

A total of 369,000 more farmers have gone out of business in the last two years while the USDA budget has been upped to \$8.5 billion, the highest in history. USDA spent \$2,945,829.00 MORE in July 1963 than it spent in July, 1962.

FHA Loans Available For Water Development

Loan funds are available to eligible Parmer County farmers who wish to develop water supply systems for irrigation, household use and livestock, reports Harold Carpenter, chairman of the local Farmers Home Administration county committee. Carpenter points out that these funds can be extremely useful in developing the water and land resources of the community. Each dollar used wisely in developing and conserving water and land resources, helps prevent crop failures, boosts farm income and increases the value of local property.

Parmer County farmers may obtain water development and conservation loans to drill wells and otherwise improve water supply systems for irrigation, home use, and livestock; purchase pumps, sprinkler systems, and other irrigation equipment.

Loans may also be used to level land; carry out basic land treatment practices including fertilizing, seeding or sod land for waterways or permanent pastures.

In addition, loan funds may be used to obtain plans and pay fees for legal, engineering, and other technical services.

Farmers pay five per cent interest on water development and soil conservation loans, according to Carpenter. And he said that loans to individual farmers in Parmer County are usually scheduled for repayment over a period of 10-15 years but that loans may be made payable over periods up to 40 years if necessary.

Loans to individual farmers in Parmer County will vary considerably in size, Carpenter said, because of the wide range in the needs of borrowers. However, he said that a farmer may borrow up to \$60,000 depending on how the funds are to be used and property available for security.

To be eligible for a water development and soil conserva-

tion loan, a farmer must be unable to obtain the necessary credit on reasonable terms from private and cooperative lenders.

Further details about water development and soil conservation loans may be obtained from the Farmers Home Administration office located in the Courthouse in Farwell.

Carpenter states that Farmers Home Administration also makes loans to purchase and develop farms, buy livestock and equipment and pay farm and home operating expenses, build and improve rural homes and essential farm service buildings, develop watersheds, and to meet emergency credit needs of farmers suffering from a natural disaster such as hail, flood, or drought.

Malathion Formula Controls Insects

Small amounts of a new formulation of malathion has proven effective in the control of grasshoppers in field tests, says the U. S. Department of Agriculture.

Entomologists of the USDA's Agricultural Research Service say that the new form of the nonpersistent insecticide malathion requires only nine ounces per acre when applied by airplane for effective control of the pests. Results with other formulations of the insecticide using one pound per acre were erratic.

The tests with malathion are of interest to those concerned with the agricultural use of insecticides for two reasons. First, the nonpersistent nature of the new formulation means that its residues last only a few days after application and it has a low toxicity level for warm-blooded animals. Secondly, the small amount of the material that will do an effective job of grasshopper control, about one quart of liquid per acre, fits in well with recommendations to use as little insecticide as possible in spraying operations.

Another benefit seen for the new chemical is that smaller amounts can threaten large areas and thus smaller airplanes can be used in spraying applications.

AG IS BIG BUSINESS
Agriculture is big business in America, says the USDA. Its 6.9 million workers exceed the combined employment in transportation, public utilities, and the steel and automobile industries. Its \$214 billion assets are equal to nearly two-thirds of the market value of all corporation stock on the New York Exchange and amount to a production investment of \$24,000 for each farm worker.

FU President Urges Farmers To Defend Cotton Program

At a meeting of Parmer County Farmers Union at Hub Monday night, State Farmers Union President Jay Naman urged South Plains cotton farmers to gird themselves to defend their cotton program from an onslaught by the "same crowd" that attacked and successfully defeated the wheat referendum.

"The same crowd", said Naman, "that deceived wheat farmers with promises of a new and better wheat program," are now looking with covetous eyes at

the cotton program; and, confident after their victory in the wheat referendum, will be ready to take on the cotton referendum in December.

"The Congress will be watching carefully the vote registered by cotton farmers in December to help them to determine the future of cotton programs. If the cotton farmers want to produce cotton at the world market price like some people say they do, the Congress will, I am sure, be happy to accommodate them just like it looks like it will accommodate wheat farmers.

"It is time that cotton farmers and the bona fide organizations that represent them in Texas unite in support of the legislation now before the Congress that will help alleviate the problem of underconsumption that now faces the industry.

The paying of an equalization

payment to the domestic mills as is provided for in the Cooley Bill will go a long way toward solving this problem. This is the practical and immediate way to stimulate domestic consumption of cotton, so that the acreage in the traditional growing areas can be maintained along with the present support levels.

"Farmers Union was the first general farm organization to represent cotton farmers in Texas, and we are proud to follow in our tradition of leadership in this field. Because of my concern for cotton farmers, I feel that I must warn them that they must take positive action to protect the program that has benefited them these many years. Indeed, they must continue to implement this program with refinements that will permit the program to work better for them."

New Publications for the local Extension Office is the new house plans catalogue, MP-663. These plans are developed by the Extension Agricultural Engineer of A & M College in cooperation with housing specialists and others in the Home Economic field.

These are available without cost to individuals planning new homes, lumber yards, material dealers and other interested persons. The series of plans are on the use of "research-based" space recommendations

in planning a house. One series of plans has focused attention on specific problems of housing for the aged, and the hand-capped. With increasing longevity, much interest has developed in providing suitable housing for the aged. As in the case of all house plans, the basic needs of the family to use the house should guide the planner.

This is a service available through the Extension office and we hope you that are planning new or remodeled houses will come by the office in the Court House for further information.

Treatment Helps Cotton Material

Treating cotton with acetylene probably makes it more reactive to wash-wear and other fabric modifying processes, says the U. S. Department of Agriculture.

Research to be conducted by General Aniline and Film Corporation under contract with the

USDA will seek to determine if the reaction of cotton with acetylene will produce a more reactive fiber. The work will also attempt to determine whether cotton, which is essentially cellulose, should be treated as loose fibers, yarn, or woven fabric.

In the tests cotton will be treated with acetylene and suitable catalysts under high pressure. Samples will then be exhaustively tested to determine their chemical and physical properties.

The research is part of the USDA's constant effort to find new uses and new markets for agricultural products.

First ESA Meeting Held In Clovis

Mrs. Rosa Roberts, educational director, was hostess for the first fall meeting for Theta Rho chapter of ESA Monday evening in her home in Clovis. Preceding the meeting, she feted members with a Mexican supper at a Clovis restaurant.

Mrs. Joe Helton, President, presided at the business session, and Mrs. Mitz Walling presented Mrs. Roberts with an ESA jewel pin from the members.

Attending were Mesdames Hugh Moseley, Joe Roark, Pike Jordan, John Getz, Don Williams, Joel Tankersley, Bobby Crume, W. H. Graham and Bert Williams, and Mesdames Helton, Walling and Roberts.

Members decided to entertain husbands with a progressive dinner at the next regular session Sept. 23.

Mrs. Roberts presented yearbooks to members, with a brief discussion explaining the yearly study. Rummage sales were planned for three consecutive Saturdays, and workers were named for each day.

Members planned a benefit coffee for cystic fibrosis, state ESA project, to be held Tuesday morning, 9:30-11 a. m. in the parlor of the Methodist Church.

Discussion was also held on social plans for the chapter. Mrs. Getz was named to the ways and means committee to replace Mrs. Frank Pritchett, who moved during the summer.

Vicki Moss Attends State Conference

Vicki Moss, daughter of Mr. and Mrs. H. M. Moss, attended the Attorney General's Youth Conference held in Austin, August 17-18.

Vicki went from Lubbock to Austin by bus. There were two chartered busses from Lubbock carrying South Plains junior and senior students to the conference. Attorney General and Mrs. Waggoner Carr met the students at the bus terminal in Austin.

The purpose of the conference was to study new ways for curtailing youth crime. Attorney General Carr has developed a new concept for this curtailment--a concept in which Texas youth would bear the responsibility. This new Texas effort is not designed to replace any existing program but will serve as a "clearing house" for young ideas and a focal point for rallying local government and private agencies to "pull together for prevention."

Delegates were to be stimulated to return to their communities determined to "put their shoulder to the wheel" in co-operation with local authorities.

Professional counselors were on the staff for the entire conference at all times, however, Texas youth conducted all the workshops, seminars and all other programs in cooperation with adult community leaders.

The delegates attended the General Assembly of the House of Representatives, had lunch on the Capitol grounds, a barbecue supper at the Barton Springs Rock Garden, an evening assembly at Zilker Park Hillside Theater, a chuck wagon breakfast at Zilker Park Rock Garden, and several other activities.

Over 1200 students attended the conference.

Vicki's favorite address was one made by Bernard Suttler, Inspector for the Federal Bureau of Investigation. Vicki reports the conference as being a success and hopes to see more activity of this kind in the future.

Sophomore Class Has Swimming Party

Mr. and Mrs. N. W. Peyton were hosts to a swimming party for the Texico sophomore class. The party was held at the Peyton home.

Those attending were Peggy Hughes, Karen Land, Linda Hudson, Lynell Ingram, Darlene Bell, Lena Mae Brown, Ella Mae Brown, Mike Hitson, Wesley Raulie, Harvey Winkles, Jimmy Hill, Chuck Longo, Joe Patterson, Terry Lovett, Larry Fought, Gary Meier, and Leon Smith.

Bill was out with the boys one evening and before he realized it, it was the next day. He was a bit frightened to call home but after considerable thought, he phoned.

When his wife answered he shouted, "Don't pay the ransom, Honey, I escaped."

Benjy Dial Plays For ENMU Greyhounds

Head Coach Carl Richardson of the Eastern New Mexico University Greyhounds has announced his probable starting lineup for the Hounds opening game Saturday in Las Cruces against New Mexico State.

The lineup will include five seniors, three in the line and two backs; two juniors, three sophomores, and one freshman. In the backfield will be sophomore Benjy Dial, 6-1, 180, Farwell. He is the son of Mrs. Clytie Dial.

Benjy is in the number one quarterback spot. Dial understudied Sonny Wiginton in 1962. Wiginton was one of the all-time Eastern greats.

"Dial is looking real good and has improved a lot," Richardson said. "He has a great deal of hustle and drive."

Behind Dial in the backfield are Pete Jaquess, Roswell, and Norman Nelson, Dimmitt, halfbacks, and Butch Anderson, Carlsbad, fullback.

Oklahoma Pastor Preaches Here

The general meeting of the Methodist WSCS was held in the church parlor Wednesday.

Tuesday, Oct. 1 at 7 p. m. is the next meeting of the Methodist Men's Fellowship Supper. The men's group will be host to the men teachers and board members of the Texico-Farwell public schools.

Rev. Gerald Hill was guest preacher Sunday. Rev. Hill is pastor of the First Presbyterian Church of Sand Springs, Oklahoma and is the son-in-law of the Elmer Teels. He officiated the wedding ceremony for his sister-in-law, Peggie Teel.

News From LAZBUDDIE

BY MRS. C. A. WATSON

Monday, Sept. 9, the FHA girls met at the school then went to five different houses in the community to study a progressive meal which contained five courses. They returned to the school for a regular meeting.

The freshman FHA girls are getting acquainted with Home Economic work by learning what they will be studying this year. They have started work on home experiences and making their junior dresses.

The sophomores are studying

clothing and material appropriate for social events and children's clothing. They also are learning to choose patterns and have started wardrobe planning.

In the Home Ec. III, the class has been studying on chapter degrees and home experiences. They are also studying synthetic materials and man-made fibers.

Birthday greetings this week to Sammy Harlin, Maria Raymon, Lynal Ashford, Louise Roton, Sandy Peterson, Junia Ketchum, Stanley Burrison, Larry Davis, Bobby Gleason, Silbea Domenguez, Mack Holt, Tommie Wilson, Romiro Domenguez, George Flores and Sharron Harris.

The Midway H. D. Club met Sept. 2, in the home of Louella White. Louella opened the program by reading the poem, "Blue Bells," in the 5th grade McGuffeys reader. After the roll call, new officers were elected. The president is; Paulene Houston; vice president, Nell Rannels; secretary, Elsie Williams; treasurer, Dorothy Mason; representative, Elzada Gulley; parliamentarian, Dorothy Brown; and council delegate, Nina Redwine.

Mr. and Mrs. Cary Latham of Springlake were honored with a wedding shower in the home of the Davis Gulley's Sunday afternoon after church services. Fifty were present for the occasion. The shower was held in the spacious back yard of the Gulley home. Individual gifts were given. Cake and ice cream was served.

They left for a trip to California after going to Amarillo from here.

Mr. and Mrs. Theron Vaughn celebrated their wedding anniversary Sept. 9th.

Jackie Smith took the 30th district paintings to the State Exhibit in Alvarado last week.

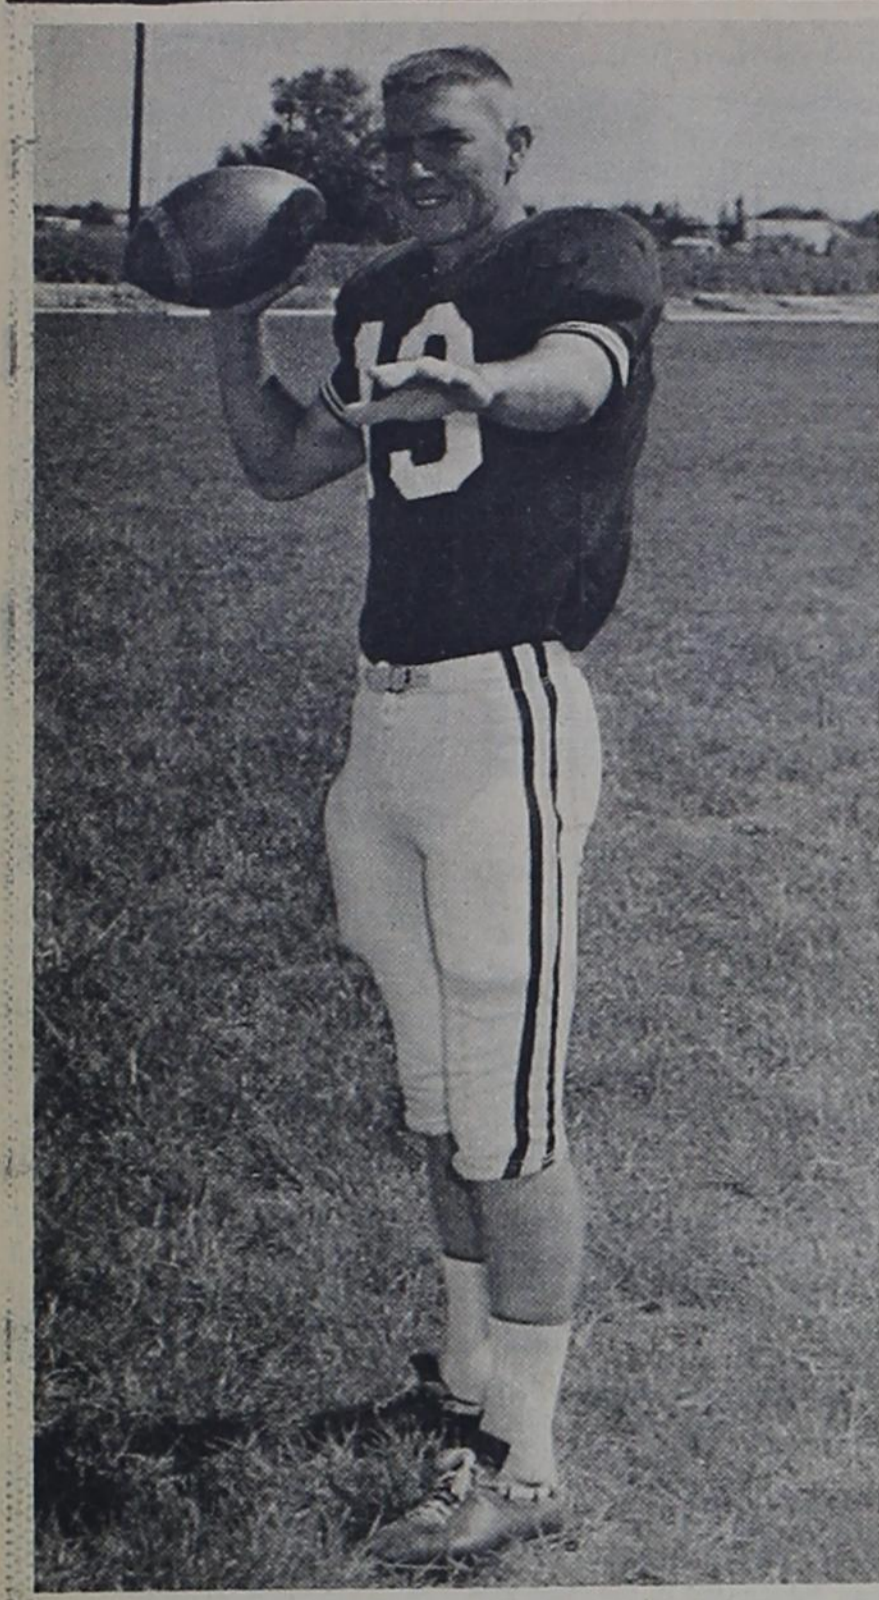

Mrs. Smith went by Denton to visit the Jim Sybert family. Mrs. Sybert is the Smith's daughter. Their grandson, Mark Sybert, returned for a weeks visit with the Smiths.

Mrs. O. W. Toolen of Haskell visited in the home of Rev. and Mrs. Don Davidson last week. Mr. Tooley is Mrs. Davidsons brother.

Rev. Don Davidson is holding a revival this week at the Y. L. Methodist Church. The services are being held only at night.

The Lazbuddie Longhorns lost their game with Wilson, but seem to be in high spirit this week as they prepare to meet New Deal here Friday night, game time at 8.

The Lazbuddie PTA will have a rummage sale at the Chevrolet lot in Muleshoe this Saturday beginning at 2. Anyone having rummage to donate, please get in touch with one of the PTA officers.

Lions Discuss Ball Park, Broom Sale

Annual broom sale which was concluded over the weekend, and the Little League ball park project were chief items of discussion when Texico-Farwell Lions met Monday night.

Almost \$1000 worth of brooms and other items were sold with about a fourth of the money retained by the local club and the remainder going to the Lighthouse for the Blind, suppliers of the articles for sale.

Sales were reported to be about 25 percent above receipts for previous years.

A light bulb sale is planned right away, according to club members.

LUTHERAN NEWS

At the 8:30 church service Sunday morning, Pastor Bergmann will bring the message. Bible class at 9:30 will be led by Ernest Ramm. There will be a Sunday school teachers meeting September 19, 8:30 p. m. at the Immanuel Lutheran Church in Clovis.

Children's instruction will be at 10 a. m. Saturday at the Immanuel Lutheran Church in Clovis. Family night is set for Sunday, September 15, 7 p. m. in Parrish Hall. Everyone who has a freezer is asked to bring ice cream. Others are to bring cake and cookies.

Several young people have departed for schools of their choice. Margaret Haseloff is in St. Louis, Missouri, for nurses training. Lawrence Kriegel is attending IBM school in Fort Worth. Nolan Kriegel is enrolled in an electronics school in Dallas. Pat Kaltwasser is at South Plains College in Levelland. We will miss all of them but wish them every success in their chosen fields.

The LWML met Thursday, September 5 in the Parrish Hall. Mrs. Fred Ramm presented the topic, "Two Little for the Lamb." All ladies are urged to attend the fall rally to be held at Christ Lutheran Church, Lubbock, Thursday, September 26. Registration will begin at 8:45 a. m.

A used clothing drive was planned for world relief. Everyone is asked to have their clothes at the church, so they can be packed after the October meeting.

Hostesses Mrs. Ed Ramm and Mrs. Otto Lingnau served refreshments to the following members, Mmes. Ernest Ramm, Fred Ramm, C. Trimble, Ben Kube, Walter Kaltwasser, Gilbert Kaltwasser, G. P. Meissner, Adolph Haseloff, and Pastor Bergmann.

The latest definition of a high school graduate is in keeping with today's frustrations. This was revealed when a graduates younger sister exclaimed, "Just think, I'm already a junior!" The graduate replied, "Well, I'm a --- gosh! I'm a nothing!"

Now there are diversities of gifts.—(1 Cor. 12:4).

We should always appreciate and make full use of our God-given powers and abilities. Instead of envying the talents of others we must remember that He has endowed us with many gifts; that we need only open our minds to the light of the Spirit, our hearts to the understanding of the Spirit and our lives to the power of the Spirit.
