"OFFICIAL PUBLICATION OF PARMER COUNTY"

SEVENTY-THIRD YEAR

By Mike Pomper

It's not a misprint

It didn't take long for me to figure out that life was different in the Washington, D.C., area, after I arrived there from Indiana.

The first thing I noticed was that I was hiring reporters -- who had to have a college degree and prior newspaper experience -- at about \$10,000 a year. Meanwhile, at that time (1979), the federal government was hiring custodians (the lowest rung on the federal pay ladder) at \$18,300 a year.

That is not a misprint. And we all know who is picking up the tab for those high-priced federal salaries -- you and me, brother.

I began to call the Washington area "The Land of Affluence" and realized quickly that it was out of sync with the rest of the country. I tried to tell my neighbors that there was something out of kilter, but they gave me strange looks. They felt that what was happening in the Washington area was normal.

Meanwhile, my friends from Indiana were writing me about horror stories -- outrageous inflation coupled with skyrocketing unemployment. The federal employees -or to be fair, I should say "many" federal employees -- didn't give a hoot. The unemployment rate in my Virginia county, for example, was 2.3 percent. Those folks simply couldn't relate to a 22 percent jobless rate in Northern Indiana.

Instead, what was uppermost on the mind of my federal employee neighbors was COLA - Cost of Living Allowance. What this did was enable federal employees to get VAST pay raises - while the rest of the U.S. population suffered.

Here's what I mean: You have a job, and normally you get a pay raise, right? Well, the government workers got two or three -- their annual pay raise plus extra COLA pay raises tied to

cost-of-living statistics. In a nutshell, while you get one pay raise, they get two or three.

How does that make you feel?

Me? I'm not a very smart person. I still don't understand why federal employees should get lots of pay raises each year. Especially, when their pay schedule is already so much higher than private industry.

To be blunt about it, the situation sickened me. My friends in Indiana were jobless or just trying to make ends meet -- and my Washington neighbors were getting fat pay raise after fat pay raise.

Let's hear it for our Congressmen. And why don't our elected representatives, many of whom are conservative, get on the stick and do some chopping? Because many of them lose touch with the hinterlands - like Texas and Indiana -- and get immersed in the Washington Syn-

The Congressmen spend their days working with people who live in Washington and who tell them of all their problems. Remember that old proverb? The squeaky wheel gets the grease.

That's my conclusion, at least. Our elected officials get caught up in a whirlpool of fancy affairs, highcost meals, expensive living by being in Washington. So they see little wrong in helping their aides, assistants and THEIR neighbors.

Oh, I'm sure if you ask your Congressman if that's true, he would quickly deny it.

But I was there...

Effective Oct. 2, a 5 percent sales

tax has been placed on Texas newspapers by the state Legislature. Due to this tax, the price of the State Line Tribune is being in-

Thus, starting with next week's issue, a year's subscription for area residents will increase from a flat \$10 to a cost of \$10.50 including tax. A year's subscription for readers outside this area will increase from \$13, to \$13.65 including tax; and a nine-month subscription for students will go from \$9, to \$9.45 including tax.

Single-copy sales at Texas dealerships will increase from 25 cents to 26 cents; so will the cost of copies available at the Tribune office.

The Tribune is not increasing the cost of its paper. The extra money is needed to pay the state tax.

Roberts grabs win in third contest

Thirteen contestants in the third week of the 26th annual Area Merchants Football Contest picked 10 of 12 games correctly.

By using the tiebreaker -- the Seagraves vs. Farwell game -- the winner was Billy Roberts of Farwell, who was seven points off the tie-

Tieing for second was Mrs. B.L. Harding of Texico and E.M. Lonsdale Sr. of Farwell, both of whom were 15 off the tiebreaker.

Others with 10 answers right were Patsy Berry, Mona Hardage, Doris Herington, Truman Kittrell, Wesley May, Jerry Stover, Eric Williams, Steve Lara, Steve Kittrell and Mike Martin's fifth period health class at Farwell High School.

Roberts won the weekly \$7.50 first prize, while the second prize of \$5 was shared by Mrs. Harding and Lonsdale.

Here are the leaders for the grand prize of the 12-week contest thus

Mona Hardage, 28 points; E.M. Lonsdale Sr., 27 points; Charles Dannheim and Gay Goettsch, tied with 26 points; and Buck Gregory, Mamie Howard, Tim Norton, Jim Parker, James Williams and Col-

leen Stover, tied with 25 points. The grand prize will be two tickets to the Dallas Cowboys-Washington Redskins game Dec. 9 in Dallas. The prize also includes lodging at the Regent Hotel, transportation to and from the stadium and \$50 spending money -- to the person with the most points at the end of the remaining nine weeks.

A total of 359 persons so far haveentered this year's competition. Each contestant can have only one entry. Persons can still enter the contest -- entry blanks are on the and are available at the Tribune of-

Totals are on display at the Tribune office from 8:30 a.m. to 5:30 p.m. weekdays.

All entries must be turned in at the Tribune office before 5 p.m. Friday (today) or, if mailed, must bear a Friday postmark. All entrants must be 12 years of age or older.

week's contest were: Eunice over over Bovina, Ohio State over Iowa, Maryland over West Virginia, Oklahoma over Baylor, Arkansas over Tulsa, Florida State over Miami (Fla.), Minnesota over Detroit, Cleveland over Pittsburgh, Washington over New England and New Orleans over St. Louis, and in the tiebreaker, Farwell lost, 29-0.

Parmer has 'maybe the best crop ever'

Corn harvest is underway in Parmer County and, by the time you read this, trucks are predicted to be so thick in town that you cannot get around, Martin Chandler of the

better than ever before," he said. Fred Chandler of Sherley-Anderson-Pitman elevators said the harvest just started to roll last week and will last about six weeks.

At the time Chandler was talking to the Tribune, Sherley-Anderson was getting around 500 loads of corn in a week. The average bushel weight of the wet corn coming in contest page in today's newspaper was 53 to 54 pounds with the moisture content running at 22 percent.

Chandler said at that time not enough corn had been cut yet to determine what the average yield per crop is.

Elmer Hargrove was recipient of a \$50 bonus for bringing in the first truckload of corn to Sherley-Anderson in Farwell.

Sewer funds sought

The City of Farwell has applied to the Environmental Protection Agency for funding of a \$416,782 sewer plant.

Janie Bowery, city clerk, said if the application is approved, EPA will fund \$334,787 for the project. The city will supply the additional \$81,995 needed.

"We (the city) have been planning several years for this project and have been putting money back periodically for it. The city now has their portion of money needed for the project," Mrs. Bowery said. The city expects to receive EPA's decision within the next five weeks.

Mrs. Bowery said the situation with the sewer began several years back, about seven or eight years, when a survey was done on the Brazos River Water Shed to determine the needs of the communities in that area. Farwell was in the top group having needs for a sewer

plant, as it was running close to capacity at that time.

She said the health department came in and confirmed the need for a new sewer plant and at that time the Texas Department of Water Resources "picked up" on the situation. At that point, all the necessary legal actions were taken to get the project underway. "This was step one and some funding has already been received for it," Mrs. Bowery

With the application for funding from EPA the project is now in the process of steps two and three.

Mrs. Bowery said Farwell is now working at capacity in the current sewer plant and "we hope to have the new one complete before it turns into a drastic situation."

Spring of 1986 is the target deadline for completion of the new sewer plant which will be an aerated lagoon system.

Sudderth alerts residents on pending legislation

Farwell Realtor J.B. Sudderth wants area residents to be alerted to possible federal legislation affecting their ability to sell their homes.

With about one-quarter of the U.S. Senators and more than a third of the U.S. Representatives co-sponsoring legislation to repeal or modify the new imputed interest provisions of the Tax Reform Act of 1985, the National Association of Realtors has intensified efforts to prevent the substantial increase in interest rates for seller financing that would occur under the new law starting Jan. 1.

The new rules, according to the Realtor News, will go into effect unless Congress acts before it adjourns for the elections. The rules would dramatically restrict the ability of property sellers to provide purchasers with affordable financing, particularly during times of high institutional mortgage rates.

Sudderth said the Realtors organization is urging repeal of the new imputed interest provisions. And members of Congress are admitting to a flood of calls and letters protesting the provisions.

Chamber vote slated

Since not enough members of the Farwell Chamber of Commerce were present at Tuesday's meeting to elect a board of directors, each member will receive a ballot in the

The ballot will contain the names of persons eligible for the board. Chamber members are asked to pick out nine names and return them to: Farwell Chamber of Commerce, Box 117, Farwell, Texas

The Tax Bill, signed by President Reagan last summer, dictates the amount of interest that an individual can charge to another on an

owner-financed sale. The Tax Bill requires that an interest rate of 15 percent be set on seller-financed sales of farms, ranches, small businesses and homes. The previous rate mandated by the Internal Revenue Service

was 9 percent.

In the August/September issue of Texas Family Farmer, Mike Moeller, president of the Texas Farmers Union, says this:

"If I have a farm to sell, even to my own family, I must charge them 15 percent interest (if the sale totals over \$1 million). This clearly limits the options of the buyers and seller, and impedes the 'contract for deed' procedure that many farmers use to sell their land."

Sudderth urges area residents to contact their Congressman about this pending legislation.

More city commissioners?

A petition drive is underway in Farwell to increase the amount of city commissioners.

David Kube said he has placed petitions calling for a special election on the subject at Beauty Box, Curtis Smith Office Supply and Hughes Hardware.

The petition asks for a special election "in order to change the present commission form of administration to an Aldermanic form, thereby increasing the number of city council members by three

Kube says he needs at least 60 signatures of qualified, registered voters within Farwell. If accomplished, the petition is given to the mayor who would call a special election.

Currently, Farwell has two city commissioners; the mayor votes in case of a tie. Kube is calling for a setup of five councilmen and a mayor.

"I feel like the city needs more representation," Kube said. "The two current commissioners are doing a good job but there would be less pressure on them if we had more council members."

The suit alleges that the men kicked down a door, pointed guns at residents and threatened them.

The suit asks for compensatory damages of \$250,000; punitive damages of \$250,000; reasonable attorney's fees and such other and further relief that the court may deem appropriate.

According to Charles Aycock, Parmer County Attorney, the county has no liability insurance for this suit. Insurance has been established since the alleged incident occurred. Bovina City Clerk Doris Strong said she didn't know if the City of Bovina has liability insurance for such a suit.

Aycock also is attorney for the City of Bovina but said that for this case the city will need to hire another attorney as he will continue to represent Parmer County.

According to the suit, on May 10 Spears and Avirett allegedly arrest-

Perrys return after extended trip

Rev. and Mrs. W.T. Perry have returned home after an extended trip for the past month. They left Farwell the latter part of August, traveling to Jal, N.M., where Rev. Perry preached Aug. 26 at the First United Methodist Church

Rev. Perry was pastor of the Jal Church for three years during which time he was Trustee of the Woolworth Estate and was involved in the construction of the multi-million dollar Woolworth Memorial Library in Jal. Rev. Perry said a number of local Farwell residents have visited the beautiful library.

From Jal, the Perrys traveled to Crane, Texas, where Rev. Perry had been pastor of the First United Methodist Church for four years immediately prior to his retirement and his move back to Farwell. In Crane they visited with friends for several days and then headed west stopping in Roswell, N.M. to visit their oldest daughter, her husband and their children for a few days.

The Perrys' continued trip took them to Albuquerque, Flagstaff, Ariz., and Lake Tahoe, Nev. Having never been to Lake Tanoe before, they spent some time touring the

From there they went to Sacramento and Redding, Calif. and eventually arrived in Klamath, Calif, the destination of their trip.

Rev. Perry said that he had heard of the fabulous salmon fishing in the Klamath River and had always wanted to go try it. Unfortunately, he said the salmon run was extremely light and, the Pacific sand had washed closed the mouth of the river, slowing down the fall salmon

Nevertheless, they spent a week in Klamath and the vicinity and picked wild blackberries which grow in abundance in the Northwest California area.

Leaving Klamath, they took the coastal route southwards toward San Francisco and said they really enjoyed the sights in that city. Rev. Perry said the only problem they had was making a wrong turn off the Golden Gate Bridge and winding up in downtown San Francisco in their motor home.

From San Francisco they continued southward for a couple of days and then came east to Bakersfield and Barstow, Calif. From there they traveled over most of their original route, except at Flagstaff where they turned southward and took a two-day tour of the

mountains of Central Arizona. The Perrys said this was a longplanned trip, one that involved no schedule or planning, a simple relaxing tour of some of the Western United States. They said the prettiest sight was Texico-Farwell as they came into the Twin Cities last Sunday morning

Concert set Sunday

Faye Yates will be in concert at Texico First Baptist Church at 10:45 a.m. (MDT) Sunday (Sept. 30).

She is a native Texan and attended Southwest Texas State University where she majored in music.

Mrs. Yates has recorded three gospel music albums and several of her tunes have climbed the most requested song charts in radio stations across the country.

She has appeared on the nationwide radio broadcast of "Focus on the Family" which is hosted by Dr. James Dobson and has had the rare privilege of singing in Manger Square in Bethlehem, Israel. She has also appeared on the Israeli national television network.

She is the wife of Richard Yates, a construction engineer, and they have three daughters, Autumn, April and Crystal.

Everyone is invited to attend the inspiring concert. A nursery will be provided.

Social plans made

The members of Alpha Lambda Rho chapter of Beta Sigma Phi met in the home of Carla Kelley Sept. 25. During the business meeting, members made plans for a Columbus Day social on Oct. 9. The "Columbus Discovers the World is Round" social will feature a pizza party at Pizza Hut.

Plans were also made for the Pheasant Hunter's Breakfast Dec.

After the business portion, Gloria Hutchins presented a program related to the theme "Paint a Living Masterpiece." Later, refreshments were served and members played Trivial Pursuit.

Present were: Carla Kelley, Jo Ann Johnson, Nedda Travis, Cindy Patterson, Kendale Burch, Pam Smith, Cynthia Thigpen, Judy Pomper, Gloria Hutchins, Laura Jacobs. and Peggy Goettsch.

Frances Lovelace returns from travel

Frances Lovelace of Farwell returned home last week after traveling in the northern part of the United States.

Ms. Lovelace left Sept. 3 and went to Colorado Springs, Colo., where she picked up her daughter, Bobbi Grant. The two women traveled to Billings, Mont., where they visited Ms. Lovelace's grandson, Dale Krey and his wife, Tana.

Ms. Lovelace and Bobbi then traveled to Helena, Mont., coming back through Yellowstone National Park and visiting the Grand Tetons. The two women then visited Mr. and Mrs. Earl Hunt, Ms. Lovelace's other daughter and her husband, in Craig, Colo.

Ms. Lovelace and Bobbi then returned to Colorado Springs where she visited in Bobbi's home for a week. Ms. Lovelace then traveled to Albuquerque and Santa Fe where she visited in the home of Mr. and Mrs. Arlon Lovelace.

"It was a wonderful trip but I'm glad to be back in God's country," Ms. Lovelace said.

Lori Hartley, interior designer from Clovis, brought a very interesting program on color, design, objects of interest or art, and how they should be used in a home. Lori discussed rooms from the kitchen, throughout the home and presented many interesting ideas. She also passed around sketches she was required to make in her school of interior designing. Her program was enlightening and enjoyed by all.

Business of the upcoming year was discussed and many plans made. It was decided to furnish new glasses for Girls Town, as they are having to replace all chipped and cracked dishes for the sake of sanitation.

The hostess served delicious cake, and coffee or choice of assorted soft drinks.

Members present were LaMoin Williams, Angelia Mace, Maxine Williams, Terri Nichols, Lillie Christian, Susan Johnson and Gwen

Also, present were Dardanella Helton, Rosa Roberts, Leslie Lunsford, Kim Norton, Joyce Williams, Altha Herrington, Joyce Correll and the hostess.

Curtis tours Europe with Collegiate Wind Band

DeAnn Curtis recently toured Europe with the United States Collegiate Wind Band. DeAnn is one of several Farwell band students who received the All-American Hall of Fame award.

DeAnn left Farwell July 9 and returned from what she called a "very rewarding trip" on Aug. 5.

Approximately 87 band students throughout the U.S. and Canada traveled with DeAnn and she said, that was the most difficult part of the trip, saying goodbye to her new-found friends.

The collegiate band played concerts in England, Germany, Switzerland, Holland, Italy, Austria, Liechtenstien and France. While on tour the band played musical selections from all countries, including American music.

Of all the countries visited, DeAnn said her favorite was France. She said Holland was a special countryalso. While there she stayed with a family.

London was the place the brud stayed in the most and a memo, able experience for DeAnn. Sir Vivian Dunn conducted the band. Sir Dunn is the only conductor ever to be knighted in England.

DeAnn said she really liked Paris. While at Chamonix, near the Swiss border they enjoyed a ski resort and climbed the Alps and DeAnn said, "even saw glaciers."

Sightseeing was something they

got to do on their own. Since they always had a tour guide available and conductors from the individual country, a lot of time was spent seeing things they had always wanted to see, she said.

"If any student gets the chance to take the tour, they should. It was an interesting trip all around," DeAnn said. "The only thing I advise is always ask what you're eating, before you eat it."

DeAnn, daughter of Mr. and Mrs. James Curtis of Farwell, was notified in December of her selection along with seven other Farwell band students.

She said she feels fortunate that her parents financed her tour and supported her desire to take the

While in New York, DeAnn's hotel was located right across from Madison Square Garden.

In each country the band enjoyed the folk music they played and some of the concerts were given 'during huge festivals of the country. DeAnn said, "We didn't really run into any language barriers.'

DeAnn is a junior at Farwell High School where she plans to participate in the music department.

Baptist women meet

The "Baptist Women" of the First Baptist Church of Texico met at the church Aug. 1 for their regular Royal Service program. Mora Schlueter, chairman, was in charge.

The meeting was opened with the singing of "One Day" with the ladies accompanied by Lois Hudnall on the piano. Names of missionaries having birthdays on that day were read by Mrs. Hudnall and then a prayer was led by Rev. Joel Horne.

"Meeting Human Need Overseas" was the topic for the meeting. Subtopics included "Hunger Relief for Zambia," "Flood Relief for South Brazil," "Food for Refugees in Thailand," "Wells in Equatorial Brazil," "Pilot Project for Tere-sina," "Funding for Hunger and Relief Ministries," "Health Care Ministries," and "The Whole Person." The subtopics were presented by Mora Schlueter, Velma Kelley,

Gracie Dane, Bobbie Gilliam and Nora Day.

The meeting was dismissed by a prayer led by Mrs. Schlueter and then Helen Bowers, director, conducted a short business session.

Present at the meeting were Lois Hudnall, Velma Kelley, Nora Day, Bobbie Gilliam, Mora Schlueter, Helen Bowers and Gracie Dane.

Lubbock fair winner

Paul Meeks of Farwell took several trophies and ribbons for his poultry entries in the Lubbock fair held Sept. 21-23. Paul received a trophy for the "Best of Mediterranean breed," a trophy for the "Best of other breeds," and a trophy for reserve grand champion. He was also awarded nine first place ribbons and two third place ribbons. Paul, son of Grover and Doris Meeks, is a freshman at Farwell where he is a member of the FFA.

Changes in Texas taxes explained

Attending last Thursday's tax seminar at the Parmer County Courthouse concerning changes in Texas taxes were a Tribune reporter and two individuals from New Mexico. The changes will take affect Oct. 2, 1984.

Johnny Lacewell and Pam Thompson from the Lubbock field office of the State Comptroller's Department conducted the seminar.

State legislation has raised the five percent tax to five and oneeighth percent for persons living within the city limits of communities which enforce the one-percent sales tax. "Nearly every city of any size has opted to have the one-percent sales tax so almost everyone is involved," Lacewell said. Farwell does operate with the one-percent sales tax.

Three new categories, never before taxed in Texas, have been added to the taxable list. They are personal services, amusement services and repair labor.

Personal services now taxable include laundry and dry cleaning; ironing, tailoring and alterations; carpet cleaning and carpet repairs; diaper services; and escort services, massage parlors and Turkish baths.

Amusement services, Lacewell said, includes "everything you can think of - if it is amusing it's tax-

Exempt to this tax will be amusement events sponsored by the county, state, school or community. An example to clarify was given as attending a high school football game would not be taxable but going to watch the Dallas Cowboys

play will be. Lacewell also said, amusement which requires an instructor is exempt from the tax. An example, is going swimming will be taxable but taking swimming lessons will

The repair labor category applies to all repairs with the exception of aircraft, automobiles, commercial vessels and real estate.

Lacewell said, "This category is the one we're having the most problem with due to some gray areas which need to be worked out." For example there is a fine line on appliance repair. If an appliance is built into a house so as if removed it would cause damage to the property then it is not taxable - it is considered real estate.

Lacewell said the fuel tax was not changed, the tax was just raised.

Changes in franchise taxes include the filing date being moved up to March 15 and where it was 4.25 per thousand it is now 5.25 per

Also in the franchise area, whereas before if receipts were from a state other than Texas it was not taxed, beginning Oct. 2 it will be.

Filing dates will remain the same with reports being due within 20 days of reporting due date.

Senior class sponsors dance

The Farwell Senior Class will sponsor a Homecoming dance at the Farwell Community Center from 10 p.m. to 1 a.m. tonight (Friday). Providing the music for the dance will be the "Nelsons" a four-member band from Lubbock.

The Nelsons are one of the fastest growing rock 'n roll bands in the United States, according to a magazine release. In April the Nelsons appeared on MTV in the basement tapes finals, where unknown bands compete for a record contract and \$20,000 in equipment. They finished third in a field of six.

Even more recently the band opened for rock superstar Billy Idol at a concert in Lubbock and also, in Biloxi, Miss.

All Farwell students, ex-students and their guests are invited to attend. The charge for admission will be \$5 per person or \$8 for couples.

Parmer approves budget

A budget for 1985, presented by Bernie Gowens of Brown Graham and Co., was approved by the Parmer County Court during a budget hearing Sept. 24.

Commissioner Archie Tarter acted as chairman during the meeting where the bills were read and approved for payment. The court also approved renewing the subscription to the Revenue Sharing Bulletin for one year at a cost of \$48.

Following a brief discussion on the benefits received from the National Association of Counties the court agreed to pay the 1985 membership dues in the amount of \$265.

Commissioner Ernest Anthony was authorized to sign the Available School Fund report and it will be sent to the Texas Education Agency.

Landfill topic

Members of the Texico City Council passed an emergency resolution for the purchase of landfill equipment during their regular meeting

The resolution makes it possible for the council to purchase a used dozer for use at the landfill. Marie Christian, city clerk said, "We may not need it but if we do the resolution is there."

State Representative John Dickson was present at the meeting and presented information to the councilmen concerning equipment which will be available. He also discussed the possibility of Texico receiving some grant money for the equipment. However, Mrs. Christian said it is unlikely that Texico will be eligible for the funding since they have some money on hand.

Mrs. Christian said the county has had a dozer in Texico and has mounded one landfill and packed another one. A new pit, 40 ft. deep and 300 ft. long, was completed last week. "The pit will be used for household purposes only," she said.

has also been a problem and the councilmen will be making a decision as to what can be done about the situation. EID officials told the council that tires could not be placed in landfills.

Councilmen approved and signed an EMS grant application for the Texico Volunteer Fire Department and an abatement ordinance was

pital Board, met with the court to explain the need of additional space at the Farwell Clinic and ask about the availability of the lots north of the Courthouse. The topic was

tabled until the next meeting. Justice of Peace Albert Smith requested a \$100 a month expense account be extended due to his work load. Following some discussion the

court denied the request. The court approved the following soil conservation work to be done when the machines are in that area and not needed for work on the roads:

The work will be in Precinct No. 2 First Church of Christ, Morris S. Wallace, W.C. Wooley Jr., Agri Sprayers and Robert Fowler, and Precinct No. 3 - Gene Hardage, Gilbert Kaltwasser, Don Geries and Marlon Inman.

Sheriff's report According to records from the of-

fice of Parmer County Sheriff Bill Morgan, Mark Howard reported on Sept. 19 that a burglary occurred at . his residence north of Farwell. A total value of items stolen was given : as \$3,005.

On Sept. 24 Farwell Elementary School reported the theft of approximately \$100 in cash taken from the school office. A report from Sheriff Morgan said Marques Martinez, 34, of Lubbock is being held in Littlefield on a charge of burglary for this offense. His case is pending before the Grand Jury.

In another report from the Parmer County Sheriff's Office, Tim Elmore, 32, of Friona was arrested by the sheriff's office on warrants from Bowie County, Texas on charges of nine counts of issuance of bad checks.

Farwell band boosters plan calendar drive

Members of the Farwell Band Boosters Club are planning their annual calendar drive which is the main fund-raiser event for the band.

The Farwell area will be canvassed by Booster members for orders and names for the calendar. Deadline for receiving the information was set as Oct. 15.

The calendars are sold for \$3.50 plus 30 cents for each entry placed in the calendar. Money from this fund-raiser helps

purchase instruments, uniforms and other items needed by the Farwell Band. For businesses to place an ad in

the calendar, the cost is \$30 for a full page; \$20 for half page; and \$10 for a small one. Band students will again hold their pizza sale (high school band

members only). The pizza sale is a

continuous sale item which will be sold at least three times during the school year. Monies raised from the sales, if enough is made, will help the high school band members to take a trip.

Junior high band members, during last week, were selling food items to collect money to help pay for their meals when traveling out of town with the band.

At last Wednesday's Booster meeting, it was brought to the attention of the members that current band uniforms are about 10 years old and becoming frayed. Also, mentioned was the purchase of shirts to be worn by the band during marching season. Both items were for future consideration.

The Booster club decided to look into the requirements to have special pictures of the band made.

Eagles blank Steers, 29-0

by MARK COLE

The Farwell Steers dropped to a 1-2 record Friday night with a 29-0 loss to the Seagraves Eagles, in the home game opener at Steer Stadi-

The Steers started out well, by stopping the Eagles after a 65-yard drive on a tough goal-line defensive stand, with David Woods and Kevin Owen stopping Eagle running-back Russell Davis on 4th down on the 3 yard line.

The Steers, however, could not move the ball and were forced to punt on 4th down.

The Eagles only needed 5 plays to hit pay dirt. Quarterback Chad Floyd brought the ball to the 1 on a 42-yard sprint, where Ivan Harrell carried across for the score and a 6-0 lead for the Eagles.

The Steers attempted to strike back with a good drive led by Kevin Owen who put together 5 runs to cover 40 yards and move the Steers into field goal position. However, on the 37-yard field goal attempt, an Eagle lineman slipped into the back field in time to deflect the kick

field in time to deflect the kick.

Both teams traded possessions without scoring, but late in the 1st quarter it was the Eagles once again who struck, this time on a 1 yard TD by Russell Davis on 4th down. The Eagles made up for the earlier missed PAT by passing for 2 points, also to Davis.

The Eagles had little trouble scoring once more before halftime. On their very next possession Russell Davis carried for 15 yards and another touchdown, his second of the evening.

The teams retired for halftime with the Eagles on top 22-0.

The second half turned into a defensive see-saw with both teams unable to move the ball. Some defensive highlights for the Steers were Brian White on a fumble recovery, and Carey Stancell and Sammy Sanchez coming up with quarterback sacks.

The only scoring of the second half came on a fluke play where a Seagraves linebacker came up with a loose ball and ran 40 yards untouched for the touchdown. The kick was good which gave the Eagles the final of their 29 points.

This weekend the Steers will attempt to bounce back in Homecoming action against class AA county rivals, the Bovina Mustangs.

Steer Football Coach Monte Barnes concentrates during first quarter action against Seagraves last week.

Time changed

Farwell Junior High's football game at Bovina Sept. 27 has been moved to 6 p.m.

Skilled players won out: Barnes

Coach Monte Barnes said, "I wasn't disappointed in the way we played. The score has to be disappointing but our efforts and enthusiasm was there all the way through the game."

Barnes said the Steers knew Seagraves would have real good, skilled athletes in the backfield and at end and that they might get loose from them. "And they did, making five big plays."

The Steers were hurt by penalties and turnovers, Barnes said, but their execution on offense was much better.

Barnes said Kevin Owen played extremely well on defense, making a lot of tackles from the middle line-backer position. "One reason he could make such good plays was because everybody on the team was playing a good game."

He said the Steers were in good position all night long and they just "got beat by skilled players."

Barnes said the offense moved the ball well, and the line did a much better job and that QB Blake Kelley did a good job of reading the

Is it winter?

Fall weather in Farwell turned into coat-wearing winter weather this week. Tuesday morning the skies were overcast and the early temperatures were in the 40s with brisky winds putting the wind chill factor at 21 degrees.

On Wednesday, the temperatures were again in the 40s and gentle, yet steady, rains were falling in the area.

It seems as though summer came and went in a hurry this year but browsing through September 1983 issues of the Tribune brought to recollection that on Sept. 20 of last year residents were experiencing this type weather.

The temperatures on that day were also recorded as being in the 40s and Friona reported a record low for that day of 24 degrees.

Wolverines lose first

by BRIAN WALKER

Texico's Wolverines went down to their first defeat of the season at Eunice last Friday, 29-16. Texico is now 1-2 on the season.

The game started with Texico's Danny Powell kicking off. The Cardinals were unsuccessful in their first possession and punted.

Texico's attack was led by numerous runs by Billy Bibbs. With 3:55 left in the first quarter, Billy Bibbs scored from the three-yard line. A two-point conversion (a Bibbs' run) put Texico ahead, 8-0.

With five seconds left in the quarter, the Cardinals intercepted a pass and ran it to the 4 yard line. Less than a minute later, Eunice's Dennis Montanez scored. The point after attempt failed.

Later in the second quarter, Montanez scored again, from the 14. This time a two-point conversion (Montanez to pass) was successful and Eunice was ahead 14-8.

In the third quarter, with 7:51 on the clock, Craig Phillips of Eunice scored from the two. The point-after was good and Eunice moved ahead,

In the last period, Eunice's Craig Phillips scored on a 5-yard run and the point-after gave Eunice a 29-8 lead. With 3 minutes left, the Wolverines scored when Doug Thornton caught a 6-yard pass from Danny Powell. A two-point conversion run by Billy Bibbs was good, ending the

For the game, Texico rushed 43 times for 234 yards, while Eunice gained 241 yards on 36 carries. Texico passed for 18 yards; Eunice for 63. Both teams had 13 first downs.

Texico plans Parents Night

The coaches at Texico are currently making plans for the upcoming Parents Night scheduled Oct. 5.

Coach David Lynn said, "At this time nothing specific has been planned. By next week we will have it more organized."

The Texico Schools alternate homecoming events each year. One year it will be football homecoming, and the next year it will be basketball. This year the school will hold basketball homecoming activities and Parents Night will be held during football season.

H-K's Breast Forms

The H-K Silicone Breast Form can be fitted easily, confidently and privately because:

- In most cases no special brassiere or underpadding is necessary
- One breast form fits either right or left side
- Breast form will mold to the shape of you
- and your bra cup (like natural breast tissue)
- · Each size is graduated in circumference, depth and weight

Lynn: We had opportunity

The Texico Wolverines lost 29-16 to Eunice in last Friday night's

Coach David Lynn said, "We had some opportunities but we just didn't play good defense."

He said Eunice had a pretty good team and the Wolverines got behind in the fourth quarter. "We did keep playing football and were able to score again in the fourth," he said.

Lynn said Billy Bibbs played well

and the offensive line did a good job

"The key to the situation is we just didn't play defense when we needed to. We will work real hard on that. If you're going to win the close ones you'd better play good defense," Lynn said.

The Wolverines are scheduled to play the Jal Panthers tonight (Fri-

day) in Texico at 7:30 p.m. (MDT).

The Panthers are an upper class team and have already beaten a couple of Class AAA teams, Lynn said.

"I still think if we get out there and play well we have a chance to win this game. When you're playing a tough team it's a challenge to get out there and try," Lynn said.

Lady Spikers take third

Texico's Lady Spikers volleyball team took third place in last week's Hobbs Tournament.

The Spikers began tournament play with Carlsbad, a Class AAAA school. Coach Mike Littlejohn said the Spikers started behind in the match with a 9-2 score. "We then came back to win the game with matches of 15-11, 15-6 and 15-10," he

Littlejohn said it was not one of the Spikers' better passing games but the setting, hitting and serving game carried them through.

On the second day of the tourna-ment the Spikers played El Paso Hanks, a Class AAAAA school. "We played the best match of the year against Hanks," Littlejohn said.

He said the Spikers did not lose the match due to fatigue. "We stayed in the match because of our conditioning. The Spikers played by reaction in this match. We played up to the competition."

The match scores were 13-15 for Hanks; 15-12 for Texico; 15-7 for Texico; and 15-6 and 15-10 for

The third match of the tourna-

ment was with Clovis, a Class AAAA school. With scores of 15-13 for Clovis; and 15-7, 15-13 and 15-5 for Texico the Spikers took the match

for third place in the tournament.

During the Clovis match the Spikers were down 7-1 and then 'came back with 13-7. The starting out down didn't break our concentration," Littlejohn said.

He said, "I'm very pleased with the way everyone on the team played. It takes a team to win when playing tough teams and we have good team work."

Littlejohn said, "I'm proud of all the girls on the team. Helen Boarman, Kathy Harrison, Kelly Lynn, Cheryl Scott, Loretta Gonzales and Coy Jo Burke all played well. Tracey McDonald passed well in the Clovis match and the All Tournament Team was Helen Boarman and Cheryl Scott."

The Lady Spikers were scheduled to play at Tatum Tuesday. The results of that match will be in next week's edition.

The Tatum match will be the second district match for the Lady

Lazbuddie outmatched

The Lazbuddie Longhorns lost 48-0 to O'Donnell in last Friday night's game. Coach Bo Williams said, "They killed us. I was disappointed, the kids were disappointed.'

Williams said O'Donnell dominated the Longhorns from the start to the finish. "They were just bigger and faster than us. They could outrun us on the end and we just couldn't handle it. We were just overmatched," he said.

Williams said O'Donnell dominated the game but "we kept trying." He commended Ben Williams, linebacker; Shannon Weaver, tackle; and Shane Bailey, linebacker for "playing great and staying in there all the way."

The Longhorns play Sudan tonight (Friday) in their homecoming game and Williams said, "It's going to be tough for us to play against them. I think they are a sleeping giant that woke up last week and scored some points."

Lazbuddie ready

The Lazbuddie Longhorns play their homecoming game with Sudan tonight (Friday) at 8 p.m. in Laz-

Faculty and students alike are in the swing of the event as the excitement of Homecoming fills the air. On Thursday a bonfire was slated at 8:30 p.m. To add to the thrill, competitions between ninth through 12th grades and sixth through eighth grades were held to see which class could gather the most wood for the bonfire.

The doors of the school were decorated and competitions were held among the same classes to see

who could come up with the most spirit oriented design.

Lazbuddie has scheduled a pep rally for 3:10 p.m. (Friday) at which the Homecoming king and queen will be crowned.

Candidates for king are Shannon Weaver, a senior; Paul Gonzales, a junior; Luis Alacron, a sophomore; Tim Lust, a freshman; and Paul Stanley, at-large.

Queen candidates are Becky Schacher, a senior; Vickie Crim, a junior; Traci Elliot, a sophomore; Amy Daniel, a freshman; and Cheryl Holt, at-large.

OLD TEXICO HOTEL

After lumber is gone, old hotel to follow

The old Texico Hotel is being torn down. The building just west of the Old Hotel has already been demolished.

Jerry Duncan purchased the old hotel building and is removing all usable lumber from it.

Mrs. Christian said Duncan has

made inquiries into who owns the land just south and west of the old hotel during the past week. At this time it is not known if Duncan plans to rebuild in that area.

The Texico Hotel was built in 1902 and operated until the late 1940s. The building was condemned by the building inspector in the 1970s.
