

# Border Banter

By Mike Pomper

## Let's get on the ball

Hey, folks, there are a bunch of things happening here. Let's get on the band wagon.

For example, the Farwell Chamber of Commerce wants nominations for the annual Man of the Year and Woman of the Year awards. There are a bunch of fine folks working hard in our community, such as last year's recipients - Frances Kube and Benny Haney.

Please send in your nominations to Chamber Secretary Dutch Quickel, Box 117, Farwell, Texas, 79325.

The honors will be given at the annual Chamber banquet Feb. 15 so please get your nominations in to Dutch asap.

Speaking of an approaching deadline, here's another one:

The Texico-Farwell Lions Club is sponsoring a contest to design a city flag. The person whose design is picked will get \$75. And \$25 will be given the runnerup.

The flag contest deadline is Feb. 10. Entries should be turned in at the State Line Tribune office, 404 Third St., Farwell.

This competition is open to everyone. Plus, any kind of drawing can be used. So let's get those pencils sharpened or crayons readied and come up with a design. We're counting on you.

The flag contest winner will also be announced at the Chamber banquet. Have you gotten your tickets for the banquet yet? They are available at places like Security State Bank, the State Line Tribune, the Aldridge law firm, the Farwell Post Office, or from Dutch Quickel and Chamber President John Getz.

Another fun time coming up is the annual Texico FFA/FHA production sale. This is where members will be auctioned off for work purposes. It's scheduled Jan. 31 after the varsity boys game against Melrose. Proceeds go to fund club trips and banquets.

If you're into politics, there will be several local races this year. Two posts will be open on the Farwell School Board and four on the Farwell Hospital District Board. The deadline for filing is midnight March 5. Plus, three Farwell City Council seats are available; the filing deadline is Feb. 19. And the registration deadline for the Parmer County filings is at 6 p.m. Feb. 4.

There's a lot to keep track of around here.

We have the Five Area Telephone Cooperative annual meeting Saturday in Muleshoe. And the Parmer County Livestock Show is on tap this weekend.

Now you see what I meant when I said it's time to get on the ball. There's too much going on to worry about the usual winter blahs. Just keep busy and soon the temperatures will be jumping into the 80s and 90s again.

Ah...the weather. Now mind you, I'm writing this column last Friday. And we have had the most beautiful January you could ever imagine. But with my luck, by the time this column hits the streets, it likely will be snowing outside.

Some odds and ends I wanted to mention:

-The Texas Legislature raised the fee for filing for countywide office from \$300 to \$600. That's too much to charge and unfair to people. It's economic discrimination, and that's sad for a democracy.

-When you see Pat Rose, you're seeing a new person. She has been a Weight Watchers participant for much of last year and has shed all sorts of weight: 65 pounds! If we had a contest for "Miss Farwell," she would definitely be in the running.

-Parents of Farwell juniors and seniors should mark this date on their calendars: 7 p.m. Feb. 11 at the high school auditorium. It's a meeting on financial aid. Too often, parents don't realize the amount of aid available because they don't check into it. And, believe me, it costs a ton to get a child through college nowadays.

-I'd like to thank you folks for all the nice comments I received on last week's column about what not to do with your child playing basketball. Of course, a couple of folks didn't read that first paragraph at first and...

-As I write this column, the Super Bowl still is two days away. But I'm not afraid to let you know where I

MR. AND MRS. HUBERT ELLISON

## Ellisons came from Choctaw Indian Territory

Hubert Ellison and his family moved to the Bovina area 61 years ago, coming from the Choctaw Indian Territory.

They had been approached by the Syndicate Land Company for the opportunity of buying new land in the Panhandle of Texas. So Hubert and his family made the trip to Farwell. The Ellisons bought a section of land in Parmer County just east of Bovina.

They contracted with the Cicero-Smith Lumber company to build a six room box-like house. It was just a plain house with no bath or closets.

The family then returned to Oklahoma and had a big farm sale. Afterward, Ellison was put on a train with 10 fresh milk cows, a load of hay and the larger household goods. When Ellison started to Texas on the train, his two brothers started with 16 head of horses and four covered wagons full of household goods. It took the boys 14 days to make the trip.

When part of the group arrived, they had to erect corrals for the milk cows, being held in the Bovina stockyards, and the horses which were due to arrive soon. By the time the two brothers arrived with their caravan, the cows were corralled but the horses had to be tied up.

"There was lots of loco weed growing on this barren flatland and the horses got into it several times. A horse on loco weed is as loco as you can imagine," said Ellison.

The land had to be broken out and readied for planting. All the equipment they had were four new rod-breaking plows and eight good work-horses. All that could be accomplished with these tools was to barely scratch the ground surface.

The Ellisons purchased a 15/30 International tractor and a John Deere disc plow. Hubert and his brother, Buck, started plowing for their neighbors who were in the same dilemma. Hubert plowed in the day time, and Buck plowed at night. Times were about as bad as they could get; food was running out, no rain had come to bring the crops up and it looked like all was lost. Finally, the rains came and the garden grew, the stock started thriving and the land began to produce.

In 1925, Ellison met and married Katie Head. Her father had moved to Parmer County in the early part of 1925. Her father was Joe M. Head. He was well know for his especially

fine teams of large work horses, of which he took special pride.

These horses rewarded him by helping him make a living in road construction. He became Parmer County Road Superintendent. He continued the work he loved most of all, which was with the Baptist Singing Association, teaching as much as possible and holding conventions both locally and wherever he was called.

Head moved to Curry County, becoming Chief of Police of Clovis in 1935. He retired from public work in 1942 and moved to a farm near Bellview where he raised prize Holstein dairy stock.

According to Mrs. Ellison, "We nearly froze to death, after we married. We left in a Model T touring car. It had no heater. We stopped at a small store to get warm and the owner gave us two bricks to put our feet on."

Ellison tried his hand at farming and found out he couldn't earn a living. He started to work at the feed and grocery store in Bovina. He got \$75 a month.

When Pearl Harbor hit, he left the grocery store after being there for five years. He left for Arizona to do military construction work and got \$1.10 an hour.

Ellison said, "Today a carpenter probably gets about \$13 to \$15 an hour."

He was based at Ft. Huachuca at Tucson. He was also at a base in Oklahoma, then at Cannon.

The Ellisons lived in Bovina until about 1960 when they moved to Truth or Consequences, N.M. Ellison bought an apartment complex. For 13 years they operated the apartments and did construction work. In 1972 the Ellisons retired and returned to Farwell.

They are active Methodists and have been active in Eastern Star and the Masonic Lodge. Ellison is a charter member of the Sierra County Historical Society.

The Ellison Reunion will be held in the Lincoln National Forrest. This will be the 25th year for the reunion.

The Ellisons have four children: Jimmie Jeanette Howard of Canyon; Jerry Ellison of Farwell; Lillie Christian of Farwell, and Lois Terry of Lubbock.

They have eight grandchildren and six great-grandchildren.

The Ellisons celebrated their 60th anniversary Dec. 29.

## Election filings go slowly

It doesn't appear folks are in a hurry to sign up for the spring election in Parmer County. As of Tuesday:

-No one had filed for any of the three Farwell City Council posts on the spring ballot. The filing deadline is Feb. 19. The posts are held by Fred Chandler, Martin Kube and Elizabeth Phillips.

-No one had filed for any of the four posts for the Farwell Hospital District Board. The filing deadline is midnight March 5. The posts are held by Tom Nichols, Troy Christian, Frances Kube and Bert Williams.

-Only one person has filed for one of the two Farwell School Board seats - Randy Kelley. The filing deadline is March 5 at midnight.

## Master plan for subdivision approved

The Texico City Council Tuesday approved the master plan for a subdivision of up to 44 homes on the Jim Burroughs' property.

The site is south of the railroad tracks and bounded by Garwood on the east. The site is triangular. Homes would be built one at a time.

The posts currently are held by Richard Haseloff and Steve Pierson.

-Three more candidates filed for the Democratic nominations in Parmer races. Don Murphy and Thomas Ware filed for the County Commissioners' seat currently held by Tommy Williams, who has announced he won't seek re-election. A.T. "Buster" Morgan filed for Bovina Justice of the Peace, going against Norbert Schuler and incumbent Wayne Spears.

-No candidates have filed for the Lazbuddie School Board. On the ballot are posts currently held by Glenn Lust, Harold Redwine and Jerry Engelking. The filing deadline is March 5 at midnight.

In other business, the council okayed a variance so E.L. Meyers could operate a portable welding service out of his home.

Mae Stone was named judge for the spring election. Clerks will be Theodore Rojas and Bernice Thigpen. Each will get \$60.

## City Hall wall mural planned; funds needed

The Farwell City Council Monday met with Clovis artist-painter Cherokee Monday on a proposed Sesquicentennial mural to be painted on the west side of City Hall. Cherokee gave a rough estimated cost of \$3,600 for a 12x45 foot mural to be painted on plywood that would be placed on the wall. Thus, at the end of a year, the mural could be moved elsewhere, such as inside the Farwell Community Center.

Money is needed to pay for the mural. Individuals and groups interested in supporting the cost are asked to call councilwoman Elizabeth Phillips, who also is Farwell's Sesquicentennial Committee chairman.

Cherokee also suggested to the council that it place lights atop the mural for night-time viewing. He said it would take about 30 days to complete the project once the council decides what it wants in the mural.

The council plans to visit Cherokee's office Friday to see some of

his works.

In other business, the council received bids for the city's insurance contract from Henry Insurance of Muleshoe and Farwell Insurance Agency.

Henry's bid didn't include auto insurance or general liability. Farwell's bid also didn't include auto insurance.

The council will meet Friday to go over the bids. It has the option of picking various coverages from both bids. It also appears the council will need individual auto insurance coverages since companies are reluctant to offer fleet coverages for cities.

Don Williams, head of Farwell Development Corporation, told the council that the corporation would bear the cost for new Neighborhood Watch signs. The Watch program is being reactivated in Farwell.

Williams, who was asked last year to check into the feasibility of installing fences around the cemetery, reported that a decision should

await the re-opening of the Amarillo highway. He suggested the council talk with highway department officials about how the work will affect the cemetery.

Robert Mitzelfelt, who farms in the area of the city pits, made an agreement with the council to give them an area for new pits while the city would no longer use one of its current pits. By closing the current one, it will allow Mitzelfelt to use his sprinkler on 8½ acres of his farmland. Wheat currently is being cultivated there. Also, the road to the city pits will need to be moved somewhat.

It was noted that three city employees have received \$10 a month pay raises.

The council agreed to participate in the Texico-Farwell Lions Club program of placing flags in front of Twin City businesses during nine holidays each year. The city's cost was \$30.

## Taylor, Warmuth win top science fair awards

Junior high and high school students entered more than 70 projects in the Texico District Science Fair last weekend.

Directors of the Science Fair were Nadine Maben and James Harding.

In the Junior group, the Grand Champion award was presented to Konni Warmuth for her project - "Acne! Are There Treatments For It?" The Reserve Champion was Tasha Rucker. Her project was "How Bones Heal."

In the Senior group, the Grand Champion award went to Bret Taylor. His project was "Do All Grasses Germinate At The Same Time?" The Reserve Champion award went to Andria Chadwick with her project being "How Electricity Affects Plants."

Junior Division: Others winning first place were: Jory McIntosh, Valerie Cavallero, Lynna Hunter, Jennifer Williams, Preston Hubby, Doug Tims, Benjy McDaniel, Todd Cash, Terry Whitener, Tasha Rucker and Konni Warmuth.

**J.E. Kellar**

Services for J.C. "Bill" Kellar, 67, of Clovis and formerly of Earth were Thursday at the First Christian Church with the Rev. Ron Eggleton, pastor, officiating.

Burial was in Earth Cemetery under the direction of Steed-Todd Funeral Home in Clovis.

He died Monday evening at the Clovis High Plains Hospital after an illness.

He was born in Earth. He married Margie Binzant on June 7, 1969, in

Clovis. He had been a farmer and rancher in Earth for many years, and had moved from Colorado to Clovis three years ago. He was a member of the First Christian Church.

Survivors include his wife; two sons, Earl of Earth and Tommy of Dimmitt; two stepsons, Wayne Sloan of Danville, Ark., and Pat McGonagill of Farwell; a brother, M.G. of Earth; three sisters, Lucille Woods and Mary Qualls, both of Clovis, and Geraldine Chandler of Portales; and three grandchildren.

**Conservation tillage topic**

A Conservation Tillage Seminar will be held Feb. 6 at the Farwell Community Center from 9 a.m. to 4:30 p.m.

There will be several speakers from the area.

There will be exhibits of equipment and agricultural products on display.

Admission is free. A meal will be served.

The schedule includes:  
8 a.m. -- Registration.  
8:45 a.m. -- Welcome by Roger Parks, chairman, Central Curry Soil and Water Conservation District.

9 a.m. -- "Conservation Tillage on Wheat and Sorghum," Gerry Borman, Hereford.

9:30 a.m. -- "Conservation Tillage and Row Water Do Mix," Carl Olson, Panhandle, Texas.

10 a.m. -- Break.

10:30 a.m. -- "Improving Profits With Conservation Tillage on Dryland Wheat and Milo," Gary Ford, Broadview, N.M.

11 a.m. -- "Reduce Erosion, Reduce Expenses and Increase Profits," Wayne Baker, Portales.

11:30 a.m. -- Lunch.

12:30 p.m. -- "Conservation Reserve Update," Bill Fuller, SCS, Albuquerque.

1 p.m. -- "Conservation Tillage on Dryland Wheat and Sorghum," Milton Morse, Panhandle, Texas.

1:30 p.m. -- "Water Savings on Furrow Irrigated Corn with Conservation Tillage," Rusty Rucker, Clovis.

2 p.m. -- Break.

2:30 p.m. -- "Low Energy Precision Application (LEPA) Irrigation System," Dr. Bill Lyles, Texas

Agriculture Experiment Station.

3 p.m. -- "High Yielding Corn With Conservation Tillage," Walley Riser, Sedan, N.M.

A couple of local folks are branching out in their businesses:

Leo's Tire Service in Farwell now is offering used tires for sale. Their number is 481-9160.

And Ina Carey of Texico has heard enough favorable comments about cakes and cupcakes she has made that she is now offering them for sale. Her number is 482-9455.

**Texico musical to be presented**

Texico Elementary School will be presenting a musical Jan. 30 at 7 p.m. in the Educational Complex.

There will be an admission charge of 50 cents for adults and 25 cents for students.

Students in grades 1-4 will be participating. Jerry Sadberry and the students have been working on this for several weeks.

**Phones out**

Farwell residents were without long-distance phone service for several hours Tuesday afternoon. The culprit was a cut toll cable.

**Dues to Triad discussed**

The Farwell Chamber of Commerce agreed Tuesday to ask the Farwell City Council to pay the city's dues for membership to Triad.

Triad is composed of Texico-Farwell, Clovis and Portales and is a unit designed to stimulate business and industry in the area. Farwell hasn't paid its annual dues. In other business, discussion of

the annual Chamber banquet Feb. 15 was discussed. ESA will decorate the Community Center. Walter Hughes and his crew will prepare the meal, featuring barbeque beef and sausage.

So far, six entries have been received for the Man of the Year and Woman of the Year nominations.

The names have changed over the years but each and every Monday for 8½ years the response is the same - for the same reason. At 2:30 everyone is ready, waiting for two people that have been coming faithfully to give their time from their busy schedules for 2 to 2½ hours a week. For 8½ years!

Their names are Liz Kaltwasser and Mary Mesman. What is all the excitement about? Bingo! Liz and Mary ARE Monday Bingo. They give snacks after an exciting afternoon and then take the time to visit with other residents in their rooms.

Between other social obligations and a busy homelife they have enough of themselves to share with us.

To Liz and Mary - our sincere thanks. You make our Mondays special!

Eight members of the volunteer fire department are, from left, Ricky Ketcherside, Bruce Billingsley, Red

Prather, Vernon Thigpen, Bartnell Ford, Chase Chisman, Mark Palady and Bob Thompson.

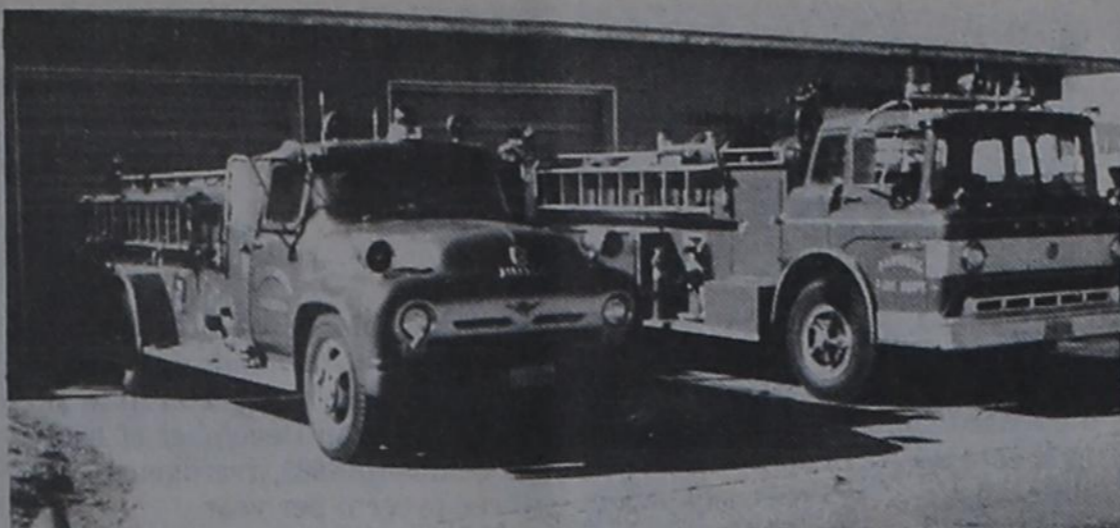

The Farwell Fire Department personnel include from left, James Curtis, assistant fire chief, Joel

White, fire chief; and Smokey Gast, fire marshal.

The meeting hall has a new grill. Standing in front are, from left,

Chase Chisman, Mark Palady, and Lee Hutchins, training officer.

Vehicles used by the fire department include 1956 and 1972 pumpers.

### Meeting room open house held

The Farwell Volunteer Fire Department held an open house for the new meeting room Jan. 25.

The new meeting room was made possible by two pickup giveaways, contributions from people and memorial gifts.

The next project will be to update the 1956 model pumper truck or get an earlier model truck.

"We plan to have an EMT and ECA training class. The classes

would need at least 12-18 persons. Any residents can attend the classes. This will be done in the spring," said Joel White, fire chief.

At the present time, the department has 2 pumper trucks - 1956 and 1972 models, one ambulance and a rescue van.

The fire department has 22 firemen. They have regular meetings Thursdays at 7 p.m.

### Irrigation allows tax deductions

As income tax time rolls around, landowners who irrigate may take advantage of a tax deduction allowed by the Internal Revenue Service. for the cost of water depleted from the Ogallala aquifer.

Landowners who wish to claim a cost-in-water income tax depletion allowance for 1985 may now request data to support their claims from the High Plains Underground Water Conservation District No. 1, which has been supplying the information for more than 20 years.

Any landowner who purchased, inherited or otherwise attained interest in land in the District's service area after 1948, and whose ground water is depleted in the business of irrigating farming, is eligible to take the tax deduction.

The tax deduction is based on the landowner's cost in his water resources at the time of acquisition. Basically, the water value is determined as the difference in the sales price between irrigated land and dryland in any given year. Cost guidelines are updated each year by the Water District based on actual

real estate appraisals of recorded land sales. Also, the quantity of ground water in storage beneath the tract of land at the time of acquisition and a yearly decline in feet are required by the IRS to claim the deduction.

The District receives six to seven thousand requests for water decline data each year. It has been estimated that \$3 to \$5 million in taxes is saved by irrigating landowners in the District's service area each year.

Interested landowners or their accountants may obtain the data necessary to claim the tax deduction by contracting the High Plains Underground Water Conservation District No. 1, to the attention of Rosie Risinger, Water Depletion Coordinator, 2930 Avenue Q, Lubbock, Texas 79405, 806-762-0181. For new claims, requests should include the following information: name of the landowner, address, social security or federal identification number, a complete legal description of the land involved and the original date of the land acquisition. Those who have previously made claims need only submit the assigned permanent reorder number.

A fee of \$5 is charged for yearly decline information and \$25 for saturated thickness information. These fees enable the program to be self-supporting.

### Fire Calls

The Farwell Fire Department made one call this week.

On Jan. 23, the fire department was called to 409 1st Street at 5:47 a.m.

The Clovis Dispatcher reported one call for the week.

On Jan. 25, the Texico Fire Department was called to assist the Clovis Fire Department in a grass fire on South Prince at 12:39 p.m.

### College night scheduled

Farwell High School, along with Bovina and Lazbuddie High Schools, is having a college night at the Community Center in Farwell Feb. 6 at 7 p.m. Texico High School has also been invited to participate. This annual event is for juniors

and seniors and their parents. Twenty-nine representatives have been extended an invitation to come and share the things about their institution that are unique. So far, 18 have confirmed that they plan to be present, weather permitting.

### Bids to be taken for courtroom repair

The Parmer County Commissioners voted Monday to take bids on repairing the District Courtroom in the Parmer County Courthouse.

In December, part of the ceiling in the courtroom collapsed.

In other business, the commissioners voted \$1,200 each to the

Bovina and Friona senior citizens centers. The funds, from revenue sharing, will help pay utility bills.

The commissioners voted to buy a copy machine for the district court. The cost is \$3,780 and the supplier is Baker Graphics.

### Time to check water level

High Plains Water District personnel are heading out into the field to determine what effects this past year's irrigation pumpage had on the water level in the Ogallala aquifer.

District staff members will be making their annual depth-to-water level measurements in the District's network of more than 950 water-level observation wells. This measurement determines the distance from the land surface to the water table. Wells in the observation well network are located at a density of approximately one well per square mile. The wells, which are privately owned, will be tagged with the well number and the

water-level measurement as readings are completed.

The Water District's staff will use the information gathered through this measuring effort to update water table elevation maps and maps showing the saturated thickness of the Ogallala aquifer. This data will also be used in updating the Water District's Hydrologic Atlases.

In Armstrong, Parmer, Potter and Randall Counties, Dan Seale will be making the readings in a total of 163 wells. If you see a Water District vehicle in your neighborhood and would like further information, Seale will be happy to answer any questions.

**Livestock show starts**

The 39th annual Parmer County Junior Livestock Show will be held Jan. 29-Feb. 1 at the Friona Community Center-Showbarn.

Some 600 animals are expected for the show, which draws entries from all over the county. A new category will be judged this year: turkeys. Otherwise competing will be steers, barrows, lambs, heifers and goats.

Lambs and goats will be judged Jan 30, starting with lambs at 5 p.m. The barrow show will be held on Friday starting at 8 a.m. Steers

judged at 8 a.m. Saturday, followed by the heifer show.

The premium sale will be held on Saturday, starting at 2 p.m.

Terry Copley of Friona is general superintendent of the 1986 show. Mack Heald of Farwell is assistant general superintendent. Rick Seaton of Lazbuddie is in charge of the barrow show. Noel White of Friona is heading the lamb and goat division. Gene Schueler of the Rhea community is in charge of the cattle division.

**Land sale values decrease slightly**

Contrary to some recent opinion, land sale values in the Southern High Plains of Texas have only decreased slightly in recent years. In a sample four-county area, declines have averaged only seven percent in the past two years and five percent during calendar year 1985.

Data to support this statement comes from a study made by Jones Appraisers of Lubbock, for the High Plains Underground Water Conservation District No. 1. Jones indicates that, "land sales in four sample counties (Hale, Castro, Lamb and Floyd Counties) were analyzed from 1980 through 1985. In our analysis, we used only sales data where the price was verifiable. This excludes family sales or other sales where prices might not reflect true market value."

Individual county data reveals

that in Hale county the average sales price of land declined 13 percent (from \$913 per acre to \$795 per acre) from December of 1981 to December of 1985, averaging about three percent per year.

In Castro County, the average sale price of irrigated land declined by a total of four percent over the two year period from December of 1983 to December of 1985.

The average sales price of irrigated land in Lamb County has only declined from \$695 to \$650 during the period from December of \$980 to December of 1985. This represents a six percent decline in sales price in five years, or slightly more than one percent per year.

A decline of 3.5 percent per year has been recorded in Floyd County, with the average sales price of irrigated land declining from \$672 per acre in 1981 to \$570 in 1985.

# Whitesides, Brill marry

Traci Brill and Guy Harold Whitesides were united in marriage on December 28 at 1 p.m. in the home of Mr. and Mrs. Archie Baker, uncle and aunt of the bride.

Dr. H.E. Bergstrom officiated as the couple spoke their vows before an altar arrangement in front of the stone fireplace. Potted green palms stood at each side and three-branch silver candelabra placed nearer the center on each side held lighted pink tapers.

The bride is the daughter of Linda Brill of Clovis and granddaughter of Clodie Hurley of Clovis. The bridegroom is the son of Mr. and Mrs. Bill Whitesides of Farwell.

The bride was escorted to the altar by her uncle, Archie Baker and given in marriage by her family.

Her gown was a floor-length white sheer over satin with a skirt softly gathered at the waistline with a sash of narrow white satin ribbon and long streamers. The fitted bodice featured a wide scoop neckline edged with a sheer double ruffle and full puffed sleeves were elbow length.

She wore a halo style wreath of white silk rosebuds and stephanotis interspersed with tiny bows of white net. At the back was a double bow of white satin ribbon with streamers. Her bouquet was a cascade arrangement of variegated pink silk roses and stephanotis on pink net attached to a full-ruffled white lace doilie with pink satin ribbon and streamers.

Matron of honor was Cindy Meyers of Farwell, Texas. Her ballerina length dress was of pink taffeta with fitted bodice and gathered skirt. It had a boat neckline and full three-quarter length sleeves with fitted cuffs. She carried a single long stem deep pink rose with tiny bows of pink satin ribbon on the stem.

Best man was Billy Meyers of Farwell.

A reception followed immediately in the Baker home. The dining table was covered with a pink satin cloth touching the floor. A wide band of white lace was inset along each side and across each end of the cloth.

Table appointments were silver and crystal accented with the bride's chosen colors of pink and white. The silver punch bowl on a large silver tray sat at one end of the table and the three-tiered pink and white wedding cake sat at the other end. The cake was supported by white columns between layers and decorated with garlands and pink roses. A miniature bride and groom encircled in a white lace arch adorned the top of the cake.

The center of the table had three mirror squares. On the middle one was an arrangement of pink flowers in a pink frosted glass container. On either side of it on the mirrors was a tall crystal candleholder with a single pink lighted taper. Two pink frosted glass dishes held mints and nuts. The serving plates and cups were crystal and napkins were white with the names of the bride and groom lettered in gold. A miscellaneous bridal shower was given for the bride-to-be on December 13 in the home of Maurine Reiser, 1008 York Street. Co-hostesses were Diana Clifton, Jewel Moore, Dorothy Robinson, Mary Jones, and Shelley Johnson. The hostess gift was a steam iron.

The refreshment table was covered with a white lace cloth over pink. Pink punch was served with cookies, nuts, and mints.

He is a 1978 Farwell graduate. He is employed as a diesel mechanic in Tucumcari, N.M.

She is a 1984 graduate of Clovis High School.

The couple now reside in Tucumcari.

## Donaldsons meet

The Donaldson sisters and brothers-in-law met together for their annual Christmas party.

They met at the home of Wendol and Louise Christian. Harold and Avis Carpenter co-hosted the social.

Members of the family arrived at 6:30 for a ham and beef dinner with all the traditional trimmings. The guests were seated and served "family style" at a table covered in red with white appointments, name tags and table favors were furnished by the Christian's. Each ladies' favor included miniature old fashioned pitcher, bowl and towel on a stand. The mens' favor was a miniature old fashioned fruit jar filled with molasses.

Presiding over the meal was Wendel Christian. He welcomed each guest and offered the blessing. After the meal was completed, Amy Hromas presented the Christmas

story in "puppet" style, ending her devotional by leading the group in singing "O Holy Night." Wendol read the Christmas story from several translations.

"For our fun time, each family was asked to present a favorite saying, poem of old tale which many did," said Mrs. Carpenter.

After the exchange of gifts, the Christians showed a video tape made as guests had arrived. It was followed by another video tape of the wedding of Charlie and Gladys' granddaughter.

Present for the occasion were: the late Mr. and Mrs. Frank Edwards; Mr. and Mrs. Joe McWilliams; Mr. and Mrs. Charlie Hromas of Farwell; Mr. and Mrs. Arnold Hromas and Bro. and Mrs. J.J. Terry of Bovina; Mr. and Mrs. Sterling Donaldson of Oklahoma Lane; and the host and hostesses Mr. and Mrs. Harold Carpenter, and Mr. and Mrs. Wendol Christian of Oklahoma Lane.

Mr. and Mrs. J.C. Boone of Clovis were unable to attend because of illness.

## Mission work to be topic

## Bowmaking program given

Members of Alpha Rho Lambda Chapter of Beta Sigma Phi met at the home of Rhonda Kirkland Jan. 23.

The group voted to accept the proposed endowment programs from International, and to make a donation to them. They also voted to present a check to the Parmer County child welfare fund for the benefit of the children in its care.

A third service project—the purchase of items needed for the Farwell Community Center — was tabled until next meeting.

Plans are being made for the annual Sweetheart's Ball at the Cannon Air Force Base on February 15, 1986. Rhonda Kirkland will make a decorated jar for donations to the Valentine Sweetheart contest. Peggy Goettsch is this year's sweetheart for Alpha Rho Lambda chapter.

Mahaney and Rhonda Kirkland presented a program on bowmaking.

Present were Nedda Travis, Kendale Burch, Sheree Montgomery, Joan Johnson, Peggy Goettsch, Rhonda Kirkland, Lynne Mahaney, Leesa Stephens, Colleen Stover, and Judy Pomper. Also present were two guests, Ann Norton and Debbie Phillips.

## Donaldson graduates

Sharlotte Childs Donaldson from Farwell is among 241 candidates who completed graduation requirements from Eastern New Mexico University on Dec. 20. Official graduation ceremonies will be conducted on May 16.

Sharlotte will receive a bachelor of science in education degree in elementary education.

# Basketball Action!!!

## Meet the Wolverines

Three Texico basketball players were chosen to the all-tournament team at E.P.A.C. Tournament. Coy Jo Burk left, is a 5'6" senior. She plays wing position. "She is a good shooter and floor leader and is one of the hardest workers to ever play at Texico. Her current averages are 7.5 points and 6.0 rebounds per game," said Coach Roy King. She is the daughter of Eldon and Loretta Burk of Texico. Marlin Carpenter, center, is a 6'2" senior. He plays

post position. "He is a great asset for the Texico Wolverine basketball team and a fine shooter from the inside post position. I'm proud that Carpenter is a member of the Wolverine team," said Coach Borde Williams. Kelly Lynn, right, is a 5'8" senior. "She is a good rebounder and tremendous shooter. She is presently averaging 16.5 points and 8.5 rebounds per game," said Coach King. She is the daughter of David and Vicky Lynn of Texico.

## Steerette of the Week

The Steerette of the Week is Alma Nicolas. She is a senior at Farwell High School and plays post position. She is a member of the National Honor Society. "She had been a starter the last three years. She is an outstanding rebounder. Her strongest strength is her teamwork and outstanding leadership on the court," said Coach George Langan.

## Farwell 8th girls lose

The Farwell 8th grade girls lost to Lazbuddie 48-20 Jan. 27.

"Lazbuddie brought a very inspired 8th grade team to Farwell. They put on their full court press. They outrebounded us and outplayed us," said Coach George Langan. "Best thing that can be said is that our girls never gave up. We played a hard 24 minutes of ball."

Scoring for Farwell were Cindy Jones, 7; Leslie Monk, 4; Angie White, 3; and Amy Murray with 6.

## Farwell varsity boys fall

The Farwell varsity basketball boys lost to Vega 71-54 Jan. 28.

Scoring for Farwell were Roy Perales, 13; Kevin Owen, 9; David Woods, 8; Jody Ketcherside, 6; Eric Williams, 4; Jeff Actkinson, 4; Boney Nicolas, 3; Jesse Anzaldua, 3; Danny Rubio, 2 and Damon George with 2.

"We played pretty good except the first quarter. Vega got a 20-point lead, but we made a good run at them in the second quarter. We pulled to within 9. We were down at halftime, 39-22. We played right with them in the second half despite foul trouble. Their first-half lead was just too much to have to make up in the second half," said Coach Gary Cates.

Farwell's record is 8-16 and district is 2-3.

The Farwell varsity basketball boys lost to Happy 83-59 Jan. 24.

Scoring for Farwell were David Woods, 16; Jody Ketcherside, 14; Kevin Owen, 11; Eric Williams, 6; Roy Perales, 5; Boney Nicolas, 2; Jeff Actkinson and Jesse Anzaldua, 3.

"We just took a good old country whipping. We shot 14 out of 34 free throws. Our free throw shooting in the first half hurt us. We were concerned with the 6'7" player that Happy had. He fouled out early in the fourth quarter. We got in early foul trouble with Happy. We haven't shot the ball well in the last three or four games we've played," said Coach Larry Gregory.

## Lazbuddie boys win 2

The Lazbuddie Longhorn varsity boys defeated Sundown 63-60 in overtime Jan. 24.

"It was a real good ball game. All the boys played real well. We used substitutes as some of the players were showing their livestock," said Coach Steve Harris. "They did a good job."

The Longhorn varsity boys defeated Kress 69-52 Jan. 28.

"We had good scoring by Shane Mason, 22 and Paul Gonzales with 30. It was a real intense game on and off the court," said Harris.

Lazbuddie's record is 16-6 and district is 4-1.

## JV girls fall to Vega

The Farwell junior varsity girls lost to Vega 42-15 Jan. 28.

"The Farwell JV girls fell behind in the first quarter 17-1. Things didn't get any better for the JV as they had an off-night shooting and rebounding," said Coach George Langan.

Scoring for Farwell were Robbi Fly, 2; Kelly Brown, 3; Kelly Foster, 2; Tonya Price, 2; Amanda Perales, 4 and Lynn Gribb, 3.

## Happy tops

### Farwell JV

The Farwell junior varsity basketball boys lost to Happy 56-48 Jan. 24.

Scoring for Farwell were Steve Loera with 22 and Boney Nicolas with 16.

"We played poorly the first half and well the second half. We allowed them to get too far ahead of us and we couldn't catch up," said Coach Larry Gregory.

## Contest underway

Hey, folks, here's a chance to win some money.

The Texico-Farwell Lions Club, in connection with the Texas Sesqui-centennial celebration, is sponsoring a contest to design a city flag for Farwell, announced John Getz, Lions Club member in charge of this project.

The person who designs a city flag that is picked by an independent

panel of judges, will be awarded \$75. And \$25 will be given the runnerup entry.

The contest deadline is Feb. 10. The winning and runnerup entries will be announced at the Farwell Chamber of Commerce banquet Feb. 15. The winning design will be designated as the official flag of the City of Farwell.

## Farwell 8th tops Lazbuddie

The Farwell 8th grade basketball boys defeated Lazbuddie 23-22, Jan. 27.

"This was a real big win for us. We haven't played well since winning the Lazbuddie tournament. So the kids confidence was down. I felt like this win gave them a boost. Our kids played well defensively. This was the best job of team defense that they have played all year," said Coach Gary Cates.

"They were very good about helping each other on defense, and

that's an area that I've been stressing all year. We have to depend a lot on our defense, because we are not a very strong offensive team. The kids passed the ball better than they have been and we were able to get better shots," said Cates.

"I was real happy the kids won. Everytime we've played Lazbuddie this year it's come down to the last second to determine the winner. Fortunately we have come out on top the last two times."

## Marriage Licenses

There were four marriage licenses issued during the past week by the Farmer County Clerk's office.

Marriage licenses were issued to Charles Kent Downey and Lisa Nicole Springer; Warren L. Ray and Virginia Bufkin; Eric Lee Kurtz and Victoria Lynn Jones; Luis Armando Dominguez, Jr. and Silva Sofu Hernandez.

## Howard receives Master's degree

Lisa Howard received her Master of Science Degree in Communication Disorders from the University of Texas in Dallas Jan. 11.

She will be a speech therapist in the Guidance Clinic, an agency of the State of Oklahoma Department of Health in Oklahoma City.

She is the daughter of Mr. and Mrs. Buttons Howard of Farwell. She is a 1980 graduate of Farwell High School. She received her Bachelor of Arts at Texas Tech in 1983.

## Vargas cited

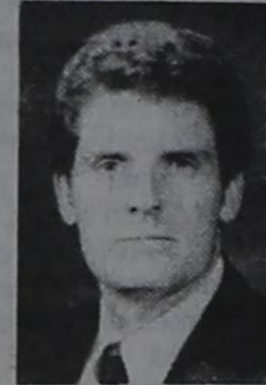

Marine Lance Cpl. Richard J. Vargas, son of Vidal P. and Cordie Vargas of Route 1, Farwell, was recently awarded the U.S. Marine Corps Good Conduct Medal.

Vargas received the award for good behavior and conduct over a three-year period in the Marine Corps.

He is currently serving as Marine Corps Air Station, Yuma, Ariz.

# Houston to negotiate with Cherokee Indians

1836: THURSDAY, JANUARY 28. Governor Henry Smith of the Provisional Government of Texas today granted General Sam Houston a leave of absence until March 1 to treat with the Cherokee Indians. Houston is nominally commander-in-chief of the Texian Army, but his command was compromised earlier this month when the Permanent Council named two additional "commander-in-chiefs."

It has become known that Mexican agents are among the Cherokees and other Indian tribes, urging them to join Mexico in the war against Texas. Houston is well qualified to negotiate with the Cherokees, having lived among them at various times. He is the adopted son of an important Cherokee chief, Ooloo-te-ka, whose English name is John Jolly. After his resignation as governor of Tennessee he lived with the Cherokees for several years and was admitted to citizenship in their tribe. He frequently represented them in Washington. He is well acquainted with the chief of the Texas Cherokees, the Bowl.

In granting leave to Houston, Governor Smith stated, "Your absence is permitted in part by the illegal acts of the Council in superseding you."

1836: TUESDAY, FEBRUARY 2. In accordance with an act passed by the Permanent Council of the Provisional Government of Texas last December, Texians went to the polls yesterday and today to elect delegates to a convention called for March 1, to meet in Washington-on-the-Brazos. A total of 55 delegates are to be chosen, four each from Bexar, Washington, Brazoria, San Augustine and Nacogdoches; three each from San Felipe, Liberty and Bastrop; and two each from the remaining 13 municipalities.

Interest in the election is running very high. There are two basic parties, one supporting adherence to the Mexican Constitution of 1824, and the other for an immediate declaration of independence from Mexico. The former is supported largely by native Mexicans and a few large land holders; the latter by almost all the settlers from the United States.

There is much disagreement as to who has the right to vote in this election. Yesterday in Nacogdoches, a major municipality in eastern Texas, the election judges at first refused to permit a company of volunteers from Newport, Kentucky, to vote. They had been detained in Nacogdoches especially for this purpose by the independence party. The company was thereupon drawn up before the Stone House, one of the voting places, and threatened to riddle the door with rifle fire. The judges changed their position. After they had voted, the Newport volunteers spent the rest of the day under arms, marching to and fro, with drum and fife.

The voting continued today, and has been more quiet. Colonel William F. Gray of Virginia, a visitor in Nacogdoches, reports, "Inasmuch as the volunteers and all other 'free white males' have been permitted to vote, and I was desirous of becoming a citizen as soon as possible, I went forward and tendered my vote, which was cheerfully received."

Nacogdoches is an old community that once had a population of four or five thousand, but now has scarce as many hundreds. According to Colonel Gray, the buildings, with one or two exceptions, are "miserable, shabby, old Mexican jacals, constructed by inserting pickets in the ground and fastening them on top by a plate, and daubing the interstices

with red mud; some built of logs, covering and clapboards, with chimneys of mud." He stated that they are scarcely equal in appearance to the Negro houses of his home city of Fredericksburg, Virginia, and that the entire town "is shabby in the extreme; not a decent tavern in the place. But there is a tolerably good society in a few families of Anglo-Americans. There is no social intercourse between them and the Mexicans. Yet there are among them some intelligent and respectable people, and their character is generally that of a quiet, orderly, cheerful people."

1839: MONDAY, JANUARY 28. What is perhaps the first "homestead law" ever passed in any country was today signed by President Mirabeau B. Lamar of the Republic of Texas. It protects every Texas citizen or head of family from having property seized for financial judgements or debts, if such property is essential to livelihood. In the language of the law, the property is rendered "free and independent of the power of a writ of fieri facias (this is a writ authorizing a sheriff to seize property to pay for debts or damages) or other execution issuing from any court of competent jurisdiction whatever."

1845: SATURDAY, FEBRUARY 1. Texas President Anson Jones today approved a charter for Baylor University. It was proposed by the Baptist Church, and plans are now under way for its establishment next year at Independence. Baylor University is the nineteenth school to be chartered by the Republic of Texas. It is unfortunate that many of these schools are no longer in existence, and some failed in getting established. A major reason for this is the practice of citizens of Texas who can afford it to send their children to schools in the United States.

Rutersville College is considered to be the first college to open in the Republic, exactly five years ago today. Rutersville is a new town near La Grange, a few miles north of the Colorado River. It was named

in memory of the Reverend Martin Ruther, a Methodist missionary, after his death in 1838. The first president of the college was the

Reverend Chauncey Richardson, former president of Tusculum Female College in Alabama. He was quite successful in raising funds for the new college, despite the economic depression at that time.

Last year the college announced that in the four years of its existence, "194 students have shared, in a greater or less degree, its valuable advantages." The students range from 14 to 16 years of age, and about half are girls. There is some question as to whether the school actually should be called a college. One student stated that prior to 1842 they did little but hunt Indians, who were mauling in the area.

Galveston University opened its doors in 1840 with five students. Its first president was the Reverend W.L. McCalla, a Philadelphia Presbyterian preacher. It has acquired a library of some 1,000 volumes, and offers a curriculum from common-school subjects to philosophy, history, rhetoric, three modern languages, plus the sciences of botany, chemistry and astronomy.

The University of San Augustine got under way during the summer of 1842, although it had been originally

incorporated in 1837. Its first president was the Reverend Marcus A. Montrose, a Scotsman who is a minister of the Presbyterian Church and a graduate of the University of Edinburgh. He has much impressed the trustees with his learning, although some doubt that he actually has the degree he claims. The University of San Augustine advertises that it provides a complete education from grammar school through the young men's college course, and the young women's female academy. It has an enrollment of more than 100, but to date has not granted a college degree to any of its students.

In March, 1844, the Wesleyan Male and Female College was opened in San Augustine with 155 students. Funds were raised for a three-story building, for which the cornerstone was laid on August 26, 1843. Another East Texas town, Nacogdoches, is making plans for Nacogdoches University, and a charter is expected to be granted by Congress later this year.

It would seem that the Republic of Texas has come a long way in education since the Battle of San

Jacinto. Before the revolution there was but a handful of teachers throughout the entire territory. Today the proportion of teachers to the population is much greater, the level of education is increasing, and there are actually a few advanced students reading Latin, Greek and other languages, and studying philosophy, botany and calculus.

In a report to President Mirabeau B. Lamar in 1838, W.E. Cullen, chairman of a Committee on Education established by the Congress, stated: "Intelligence is the only true aristocracy in a government like ours; the improved and educated mind has and will ever triumph over the ignorant and uneducated mind; and our separation from Mexico and consequent revolution is to be attributed, in a great degree, to the difference between Texians and the Mexicans, in their mental culture and improvement, the consequent powers and superiority." According to the Telegraph and Texas Register of Houston, there is no question that the entire Republic is fully aware that education is "that rock on which the whole structure of freedom rests."

## 'The Prodigal' to be presented

A fast-paced, modern-day allegory, akin to the familiar Bible story, THE PRODIGAL, a World Wide Pictures Presentation, will be shown Feb. 9, at 2:45 p.m. at the First Baptist Church, Farwell.

Set in contemporary urban framework and intimately examining the gradual spiritual and emotional breakdown of an American family as each member searches for his identity, "The Prodigal," was filmed entirely on location in Seattle and various other spectacular sites throughout the state of Washington.

Heading the outstanding cast are John Hammond, Hope Lange and John Cullum. Hammond, who portrays the title role of the wayward son caught up in the netherworld web of drugs and sex, was recently in the hit mini-series "The Blue and the Gray." Award-winning actress Hope Lange stars as his confused and bewildered mother; while noted Broadway Tony Award winner, John Cullum, essays the role of single-minded, career-consumed father.

World Wide Pictures, producers of such award-winning films as "The Hiding Place" and "Joni," is the film organization of the Billy Graham Association, and the internationally-known evangelist has a cameo role in the picture.

In commenting on the movie, producer Ken Wales stated, "This is both an entertainment and a mes-

sage piece. Some people will be uncomfortable when they see this film, as it strikes so close to home, paralleling so many of today's family situations. But we believe that the current trend of the public's willingness to examine its own conscience will place it on the 'must see' list of family entertainment."

Pastor Pat Riley and the members of First Baptist Church, Farwell extend an invitation to all youth of the community to attend this special showing.

## Farwell High students honored

# Basketball Action!!!

## Second place

The Texico varsity basketball girls took second place in the EPAC Tournament at Dora. They are, front row from left, Loretta Gonzales, Lucia Jesko, Leslie Steward

and Andria Chadwick; back row from left, Jennifer Williams, Robin Pierce, Kelly Lynn, Coy Jo Burk, Geneva Gonzales, Twilla Longo and Angie Liggins.

# Lynn, Burk named All-Tournament

The Texico girls' varsity team placed second in the EPAC Tournament. They defeated Tatum and San Jon but lost to Grady in the finals. Wolverines Kelly Lynn and Coy Jo Burk were named to the All-Tournament team. Texico's season record is 11-5, and 3-1 in district. Texico's opening game was a win

over Tatum, 58-49. Scoring for Texico were Lynn, 20; Burk, 8; Loretta Gonzales, 8; Lucia Jesko, 4; Twilla Longo, 7; and Angie Liggins, 11. Rebounding for Texico were Lynn, 8; Burk, 4; Gonzales, 5; Jesko, 7; Longo, 8; and Liggins with 10. After defeating Tatum, they went

on to beat San Jon, 48-47. Scoring for Texico were Lynn, 20; Burk, 12; Gonzales, 8; Jesko, 6; and Longo with 2. Rebounding leaders were Lynn, 7; Burk, 3; Gonzales, 2; and Longo with 5. In the championship game Texico lost to Grady, 51-38. Scoring for Texico were Lynn, 10; Burk, 2; Gonzales, 10; Longo, 14; and Liggins, 2. Rebounding for Texico were Lynn, 3; Burk, 2; Gonzales, 6; Jesko, 2; and Liggins with 3. "I thought we played fairly well for most of the tournament. We shot

the ball better than we have all year, but we have to do a better job of handling the ball. Grady's press in the finals wore us out. We were playing too defensively, trying not to lose the ball instead of looking for the pass. We also have to work on defensive rebounding. But overall I thought we gave a good effort in the tournament," said Coach Roy King. "Now we have to get ready for our biggest game of the year against Melrose Jan. 31. They are 4-0 in district and we are 3-1. If we are to win the district this game is a must," said King.

## Farwell varsity girls defeated

The Farwell varsity basketball girls lost to Happy 57-21 Jan. 24. Scoring for Farwell were Sherilyn Thigpen, 5; Cheryl Stanton, 6; Shonda Foster, 6 and Laura Wolfe with 4. "The Steerettes were held scoreless the first quarter. In the second quarter the Steerettes scored 6. In the second half the Steerettes still were asleep, scoring only 5 in the third quarter and 10 points in the fourth quarter," said Coach George Langan.

"However we did play better in the last three quarters." Scoring for Farwell were Sherilyn Thigpen, 3; Cheryl Stanton, 5; Shonda Foster, 6; Dana White, 3; Alma Nicolas, 5 and Laura Wolfe with 2. Farwell's record is 3-18 and district is 0-4.

## Carpenter named All-Tourney

The Texico varsity boys lost to Floyd in the EPAC Tournament Jan. 22, 90-70. Wolverine Marlin Carpenter was named to the all-tournament team. Texico's season record is now 4-10 and 1-3 in district. Scoring for Texico were Marlin Carpenter, 28; John Thomas, 10;

Jim Thornton, 9; Eric Harding, 8; David Loera, 7; Michael Day, 4; Stan Cross, 2 and Kyle Snipes with 2. "It really felt like it was a moral victory for us. We played a great first half and we were ahead 46-42. Floyd is an outstanding ball club and in the second half they just wore us down and took control of the game," said Coach Borde Williams.

**High performance hybrids to make the most of your irrigation program!**

Water isn't cheap. So naturally, you need corn hybrids with the genetic potential to come along with you and yield the highest level your management can reach. That's why 3377 and 3186 make the perfect combination on the Plains. Plant full-season 3186 on your best land where it can express its full potential. Then round out your irrigated corn program with earlier maturing 3377. As companions, they give you a powerful combination of high yield and performance characteristics you need.

**3377** Superior yielder. Outstanding heat and drought tolerance. Excellent for delayed plantings. Tall wide-leaved hybrid with good ground shading. Large, girthy ears.

**3186** What a yielder! Excellent heat and drought tolerance. Tall, semi-upright leaved hybrid. Superior standability. Excellent late season plant health plus MDMV and heat smut resistance.
