

Summer Baseball Action At Lions Park

Got It Coach

Earnestly listening to his coach Vernon Thigpen is John Thomas, player on Worley Mills Little League team. Throughout the season coaches of the Texico-Farwell

Little League and Pee Wee teams have offered advice and outlined strategy. Now players and coaches may rest and devise new and better plays in preparation for next

year's action as the 1980 summer baseball season officially ended Thursday night. Participating were approximately 100 boys and girls from Farwell and Texico.

BTD Queen Contest Entrants Needed Now

Contestants to enter the 1980 Border Town Days Queen Contest are urgently needed, reports Joann Getz, chairman of this year's queen contest.

All girls who will be attending either Farwell or Texico High School during the 1980-81 school term are eligible to enter the BTD Queen Contest.

Each contestant must have a sponsor and provide an entry fee of \$10. Girls will be judged on personality and talent and may perform such acts as singing, playing piano, dancing, skits, twirling routines, reading poetry or others. A limit of three minutes has been set for each talent performance.

The new BTD Queen will

be crowned at the park activities of the BTD celebration on Saturday afternoon, July 26, and will reign over the remainder of the celebration as well as represent the Twin Cities at various local and area functions throughout the coming year.

Girls wishing to enter the contest are asked to fill in the entry blank printed in this week's Tribune and bring it along with the entry fee and a picture of themselves to the State Line Tribune office.

Out-of-town judges will determine the winner of the contest and she will be crowned by the current queen, Kelly Dobbs of Texico.

Assisting Mrs. Getz in organizing the Queen Contest this year are members of the Farwell Study Club with Mrs. Hattie Coffey and Mrs. Ellen Wurster as committee members with the chairman.

AROUND THE TWIN CITIES

There will be a meeting of the Farwell City Council Monday, June 30, at 5:15 CDT in City Hall.

Parade Entrants Urged To Sign Up

Anyone planning to participate in the Border Town Days parade on July 26 are urged to contact the parade marshals to be sure the entry is assured a place in the parade line-up.

W.M. Roberts has been appointed by the Texico-Farwell Lions, parade sponsors, to serve as assistant parade marshal and he can be contacted at Farwell Schools 481-3371 or his home 481-9508, to accept entries. James Craig, official parade marshal, will be unavailable until July 10; so persons wishing to join the parade are urged to

contact Roberts at one of the above numbers.

The parade will again line up on the south side of the highway in Texico and proceed through the main streets of both towns, turn south on Fifth Street in Farwell and disband south of the Convalescent Center.

Individuals, businesses, organizations, clubs, school groups, riding clubs, etc. are urged to enter the parade to help make it one of the best BTD parades in history. There is no charge for entering the parade.

100 Plus Heat Scorches Area

It has been said that if it were not for the weather, 90 percent of the world's population could not start a conversation. Well, the weather of the past week has certainly been a topic for

much conversation although the hot air emanated from such conversing was certainly not needed.

Texico-Farwell residents have suffered along with other area residents during record-breaking temperatures for several days.

On Tuesday record-breaking temperatures were recorded in Amarillo with 106, Albuquerque with 101 and Lubbock with 108. Texico-Farwell and Clovis reported 104 on Monday and 106 on Tuesday with more of the

same predicted for all the area through the weekend.

Staying in the shade or indoors by the air conditioner is a good idea being adhered to by many, yet harvest of wheat and barley rolls along in the almost unbearable temperatures. Farmers are also hurriedly pouring water on the corn and other crops which are beginning to suffer from the hot dry air.

Old timers shrug their shoulders and say, "maybe we'll get a rain with the usual Fourth of July spell."

Summer Baseball Ends; All-Star Team Selected

The 1980 summer baseball program for Texico-Farwell youngsters ended last Thursday night when the Pee Wee and Little League teams played their final regularly scheduled games.

Sixteen Little Leaguers will continue to see action as they were chosen to play on the Texico-Farwell All-Star team in the upcoming Little League All-Star Tournament in Clovis.

Final action on the Little League schedule included games pitting Farwell Insurance vs. Worley Grain, Kelly Green vs. Tide, Capitol Foods vs. Citizens Bank, and Sherley-Anderson-Pitman vs. Plano Grande.

In that action, Worley Grain won 13-2 over Farwell Insurance, Kelly Green fell to Tide 12-1, S-A-P defeated Plano Grande 4-3, and Citizens Bank won over Capitol Foods 7-2.

Team standings for Little League found Tide in first place, Worley Grain in

second, Kelly Green in third, and Farwell Insurance in fourth.

Final standings for Pee Wee teams were Plano Grande first; Citizens Bank second; Sherley-Anderson-Pitman, third; and Capitol Foods, fourth.

For members of the Pee Wee teams the season is over, but for 16 players on the four Little League teams, there is still further play as All-Stars.

Representing Tide on the All-Stars are Danny Powell, Blake Kelley, Jesse Anzaldua, Kevin Owen, Jim Landis, and Homer Anzaldua. All-Star players from Worley Grain are John Thomas, Steve Jaime, Allen Spence, Jesse Garcia, and Bill Knoy. Those participating from Kelly Green are Carol Smith, Bob Steward and Andy Hughes. Representing Farwell Insurance is David Woods. Coaches named are Jerry D. Owen, Randy Kelley, and Vernon Thigpen.

Again this year the Texico-Farwell All-Stars will participate in the Clovis All-Stars Tournament which has been tentatively set for the week of July 14. A new wrinkle has been added to the tourney in that it will feature double elimination play rather than single elimination. As of now the group does not know who their first opponent will be.

According to Jim Walker, local player agent, participation in Little League and Pee Wee League was quite good this year with approximately 100 young people from Texico and Farwell taking part. As in the past, several young ladies were members of both Little League and Pee Wee teams.

Officers of the Texico-Farwell Little League Association who assisted the groups this year are president, Randy Adrian; vice-president, Mike Spearman; player agent, Jim Walker; and secretary, Sidney Chadwick. Special thanks are extended

to local residents who volunteered their time to act as umpires, to Kenneth Walters of Sunset Enterprises of Clovis for the use of the ice machine in the concession stand, and to the parents and young people of the community who once again contributed to the success of the summer baseball program.

An updated roster of team members is as follows:

Tide
Jesse Anzaldua, Homer Anzaldua, Kevin Hogan, Wayne Holland, Blake Kelley, Jim Landis, Kevin Owen, Danny Powell, Eric Williams and Mike Williams. Coaches are Jerry Owen and Randy Kelley.

Worley Grain
John Thomas, Bill Knoy, Allen Spence, Bobby Ford, Joe Jaime, Steven Jaime, Jason Turner, Jesse Garcia, Urbano Orozco, Jacob Lopez and David Loera. Coaches are Vernon Thigpen and Tom (Continued on Page 2)

PURELY PERSONAL

by John

Good grief. Somebody must have reported the Tribune. Last week we received a very large and very official manila envelope in the mail with official documents written all over it. Our heart skipped a few beats but as long as there was no IRS stamp anywhere we opened it immediately and found out it was from the Environmental Protection Agency.

The accompanying letter wasted no time in getting down to business. With no heading or salutation it said, "Your organization has been identified as one which may possibly handle hazardous wastes." Well sir, we realize that from time to time a certain amount of BS emanates from this column, but certainly didn't think we would have to file a report or ask for a permit to continue our efforts.

Well, this document was a Pennsylvania lawyer's dream of obfuscation but we think we have found the loophole we can crawl out of. Under Section 261.5 (a) "a total of less than 1000 kilograms of --". Yes, we put out less than a 1000 KG of whatever it is that they think is hazardous around the Tribune.

SEVERAL ISSUES BACK we ran a list of symptoms to tell when you are growing old ... and most of them dealt with men.

The list discriminated against women so we've come up with some symptoms for the ladies.

You know you are getting old when ...

-When you quit reading Dear Abby because you think she has become too liberal.

-You can remember when "the pill" used to be an aspirin.

-When inner beauty suddenly becomes very important.

-When you convince yourself that a couple of wrinkles give you face character.

-When your children keep reminding you to act your age.

-When you cancel your subscription to Cosmopolitan and begin taking Good Housekeeping.

-When somebody whistles and you are sure they aren't whistling at you.

-When people ask if you can "remember when" and you can.

-When you secretly hate any woman who still looks good in a two-piece bathing suit.

-When you stop going to high school reunions for fear that everybody else will look younger than you do.

-When people keep telling you that your stockings are wrinkled and you're not wearing any stockings.

-When your beautician automatically adds tint to the rinse without even asking.

-When you overhear your husband talking about a "hot little dish at home" and you know he is talking about your cooking.

-When you can put on weight by eating nothing more than peach slices and cottage cheese.

-When you can wear hair curlers to bed and your husband doesn't complain.

But doc says that growing old is only a state of mind - brought on by gray hair, false teeth, wrinkles, a big belly, short breath and an over-all feeling of being constantly pooped.

Farwell Chamber Meets Tuesday

Farwell Chamber of Commerce met in regular session Tuesday at noon. Several items of interest to the community were discussed, including the proposed locations of the alcohol plant, the securing of a doctor for the Farwell Clinic, and Border Town Days activities.

It was reported that watermelons had been or-

dered to be served by the Chamber during the park activities during Border Town Days and also that the flags and pennants to decorate local businesses during the celebration have arrived.

Guests at Tuesday's session were Parmer County Judge Porter Roberts and J.A. Quickel of Hollywood, Calif., an uncle of Dutch Quickel.

Sheriff's Report

A number of burglaries were reported to the office of Parmer County Sheriff Charles Lovelace this week.

The Frank Arocha home near Friona was burgled Sunday afternoon and three guns, one rifle, one shotgun and one pistol were taken. David Ramos, 23, of Friona has been charged in that burglary. Bond was set at \$4,000 and Ramos has been bound over for grand jury.

Jackie Hight of Friona reported the theft of farm tools including an acetylene torch from a barn.

The Lloyd Bradshaw farm near Lazbuddie was also

burglarized. A battery and some oil were taken from an irrigation well.

Leon Meeks reported that cutting torches, hoses, gauges and four batteries were taken from his farm northeast of Farwell.

Farwell Women Win At Abilene Tourney

Five Farwell women took part in the recent Women's West Texas Open Golf tournament played at Abilene Country Club in Abilene, Tex. Carol Vinton, the defending champion, placed second in this year's Open.

Other Farwell golfers taking part were Sharron, Lisa and Penny Hughes and Alice Vinton.

Penny Hughes won consolation in the first flight and her mother, Sharron, won runner-up consolation in the first flight. Lisa Hughes won a trophy for runner-up in consolation in the second flight.

In several instances, the local women found themselves matched against one another; and mother and

daughter Sharron and Penny Hughes squared off for consolation in the first flight in what was described as "a really tough match."

The tournament is considered one of the most important in the state in women's golf action.

Sharron and Lisa teamed up last week to win the 10th annual Colonial Park Women's Partnership Invitational at Clovis, shooting a 75 in the 18-hole tourney.

Penny Hughes was teamed with Tina Foxhall of Memphis and they shot 77 for a second place tie, but lost out when Anna Crook and Frances Richards took second by having the best ball on the first hole.

Carol Vinton and her mom Alice came in with 78 in the championship flight.

Other local women participating in the Clovis tournament included Doris Hering-

In a regular session Tuesday night the Texico City Council hired Noel Edwards to fill the vacancy for city employee.

The trustees also approved a cooperative agreement with the New Mexico Highway Department for the chip-and-seal project on the remaining two miles of paving for Texico streets.

The Eastern Plains Council of Governments contract was tabled until the next meeting. Billy Hammit requested the purchase of a Conrad meter, a master meter, for the Santa Fe well, one of the city's water wells.

In a report on the county commissioners meeting held in Clovis recently, Mayor John Hadley said that the county will work with the city on the streets.

In other action, a cemetery land purchase was tabled until receipt of a letter from Nita Paul Wilson.

Council members agreed to the installation of an extra telephone line into city hall.

The group also approved the purchase of a digital radar for the city police department under the state purchasing contract.

Members discussed a tractor mower for the city parks and purchase was approved pending appraisal.

The artist
turned spy

This British spy developed a technique unlike any other. He pretended to be a balmy butterfly collector. He dashed about the fortifications in Germany, Tunisia and Algeria with a net in one hand and a sketch pad in the other. He drew intricate butterfly designs within flower formations inside construction plots. And he hid the various fort specifications in them. He was Lord Robert Stephenson Smyth Baden-Powell, the man who later founded the International Boy Scouts. You remember Baden-Powell. He was the ambidextrous gentleman who could write with both hands at the same time.

Few people can name the company that produces the largest number of instant cameras. It's Timex. Does its work for Polaroid. And between 1952 and 1979, it turned out more than 40 million such cameras.

Did you realize that about 12,500 puppies will be born in this country during your lunch hour?

MURDERERS

Q. Aren't most murderers alcoholics?

A. On the contrary, most murderers are not alcoholics. Liquor figures somehow in most murders, though, with either the killer or the victim or both on the sauce at the time the deed is done.

Q. Who's the recording artist heard by the most people worldwide for all time?

A. *Jazz*: Barbe. What, never heard of her? It's her voice that tells the time and temperature by telephone to callers in more than 200 cities.

Q. Isn't the meat of ocean fish saltier than that of freshwater fish?

A. Not necessarily. Not even usually.

Q. Which of the Seven Dwarfs didn't sing? Which didn't have a beard?

A. Dopey, Dopey.

GEMINATE

If you "geminat" a classroom of children, you divide them into pairs. The word links with the constellation twins Gemini.

To that lengthening list of originally American art forms, add these: bird carving, the offshoot of decoy carving, and barbershop quartet singing, too.

No one person has ever twirled more than 15 hula hoops at the same time. That's the claim.

SALUTE TO LOCAL BUSINESS

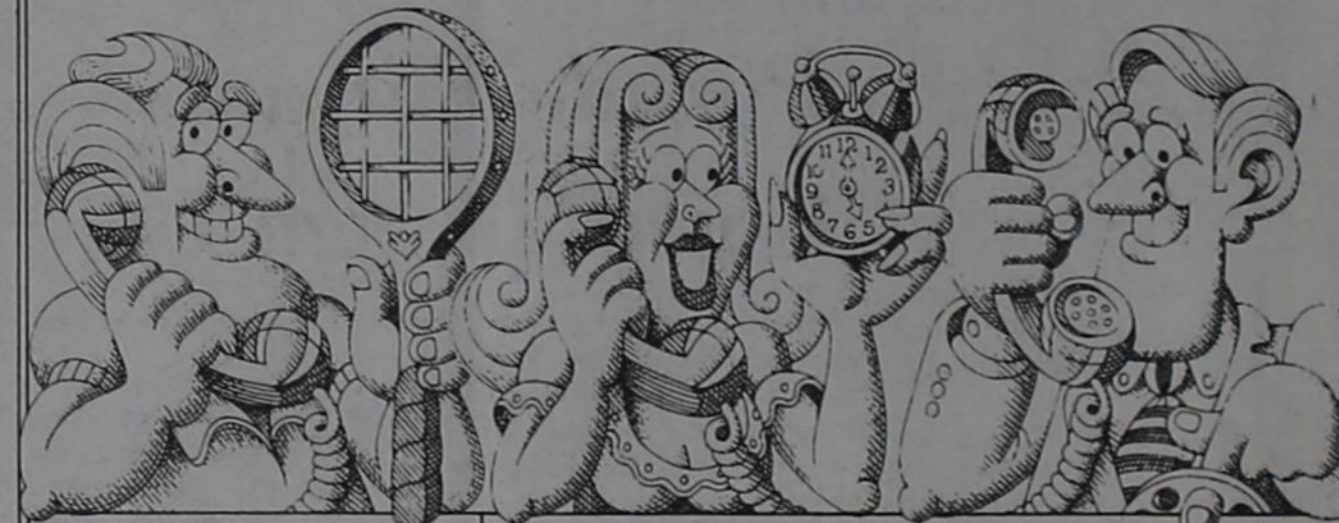

The Security State Bank is the oldest business in Farwell under the same family management. The bank was organized in 1925 and in 1927 G.D. Anderson, right, came to Farwell and purchased an interest in the bank and became the President. The bank was originally located on the corner of 1st St. and Ave. A in Farwell. In April of 1964 the bank moved to its new and beautiful building on the corner of 5th St. and Ave. A. R.W. Anderson, left, is now the President and G.D. Anderson is the Chairman of the Board. Over the years the growth of the bank has been a reflection of the growth of the community.

In a regular meeting June 23, Parmer County Commissioners Court dealt with a variety of business items.

Bids for a tractor and shredder for Precinct 3 were opened with bids having been received from Peek Industrial Tractor Parts Company of Amarillo and Massey-Ferguson, Inc., of Clovis. The Peek Industrial Tractor Company bid of \$24,540 was accepted.

In other action the commissioners decided to invest \$10,000 of money set aside for Social Security payments in a C.D. to mature September 26, and to re-invest \$80,000 of Right-of-

Way money for four months.

The group also approved soil conservation work be done in Precinct 2: Ralph Roming, \$100; Jack D. Turner, \$25; Cash Richards, \$25; Owen Seamonds, \$100; and L.D. Knight, \$200. In Precinct 3: Jim Curtis, \$25; Mike Haseloff, \$25; Bill Martin, \$25; Bruce Billingsley, \$25; Joe White, \$50; Don Geris, \$25; Gene Hardage, \$25; James Haseloff, \$37.50; Adolph Haseloff, \$12.50; Richard Haseloff, \$25; and Dee Pierson, \$37.50.

Commissioners also agreed to send funds for the purchase of clothing for two Parmer County foster chil-

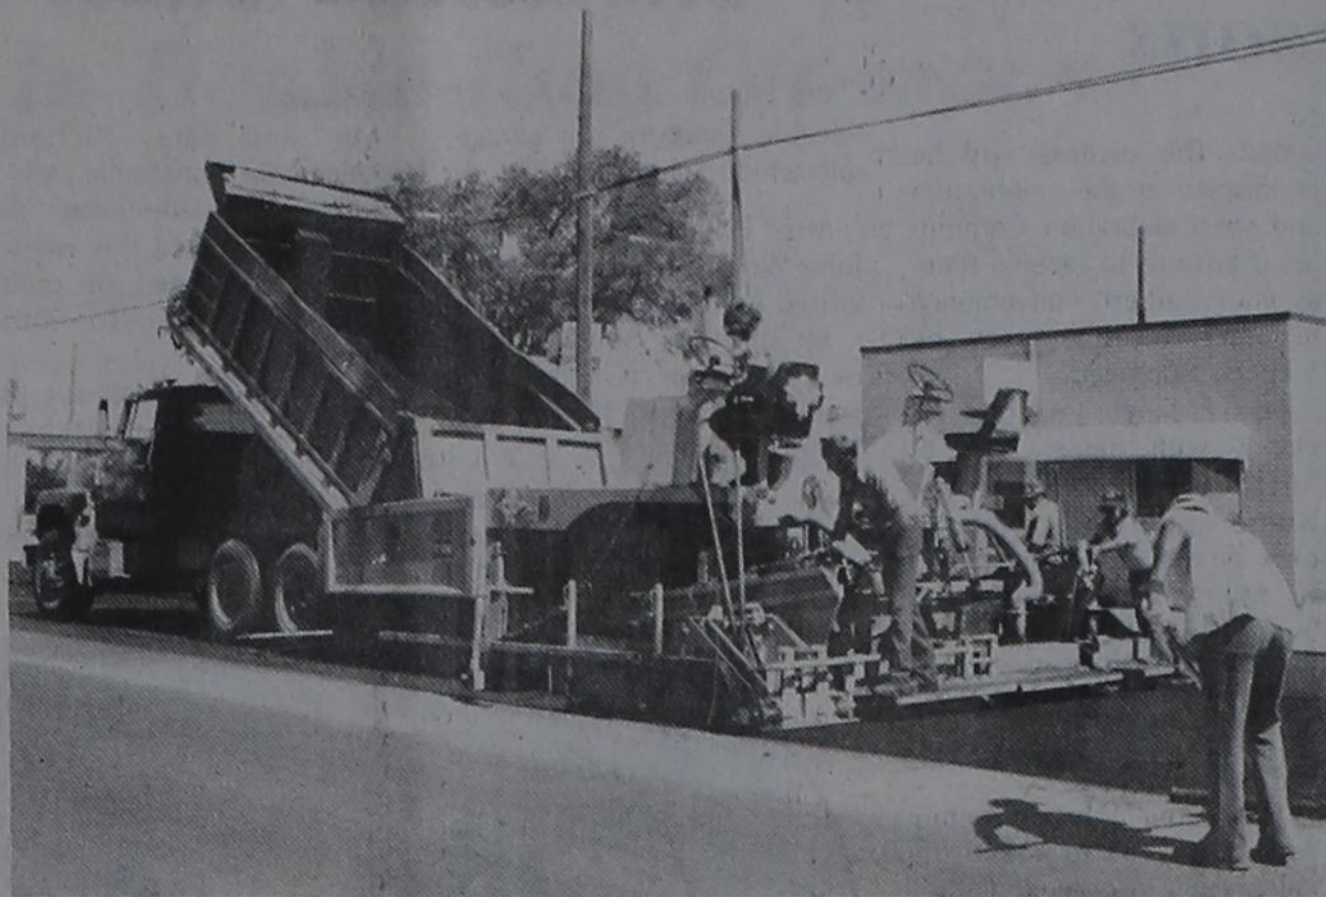

dren.

Laura Jacobs presented a report for both county agents on their conferences in College Station this past week.

John Copeland and Duvall Burton presented a letter of agreement between Soil Conservation Service and the Commissioners Court concerning the Bovina dam site. Representatives of the two groups had made a verbal agreement during an on-site tour of the facility.

Steve Willingham, representative of Blue Cross and Blue Shield, met with the Court to explain the increase in insurance premiums for county employees.

Upon application by Hector Munoz for Robert Ruiz, Inc., the commissioners court voted to allow a road crossing with a natural gas pipeline in Section 31-T9S-R1E. Bills were also presented and approved for payment.

The End Is In Sight

Application of the base coat of asphalt, one of the last steps in road construction work that has been in progress in Farwell since mid-April, has been completed. The final step in the construction will be putting

down of a compacted top coat over both sides of the highway, evening the road surface to the newly-constructed curbs and gutters. Residents of the area are anticipating an end to the inconvenience and a return to

normal business procedures and driving routes. Customers will again be able to reach shops, stores, grain elevators and other service areas without resorting to back alleys for access.

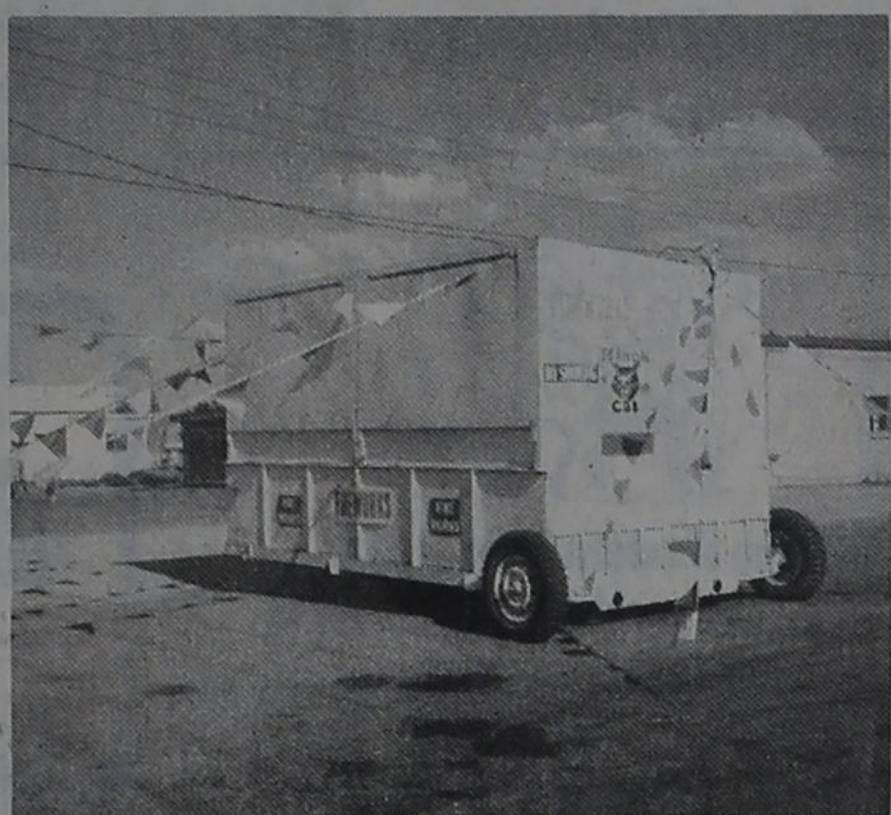

Federal Land Bank Offers New Loan Rate

William C. Liles, manager of the Federal Land Bank Association of Muleshoe, announced that effective June 1, 1980 new loans will be closed at the variable interest rate of 9-3/4% on farm loans and 10-1/4% on rural residence loans, the same rate now being charged existing borrowers on the variable rate. This is a reduction from a 12% fixed rate on farm loans and 14% on rural residence loans which was put into effect earlier this year.

The Federal Land Bank of Texas introduced the variable rate loan in 1969, which allows the billing rate to increase and decrease with variables in the money market. Earlier this year, faced with unprecedented high money cost, a fixed rate loan was offered on a temporary basis. Improvement in the money market in recent weeks makes it possible to return to the variable rate on new loans.

The Federal Land Bank Association of Muleshoe makes long-term real estate loans on farm and rural

residence property in the counties of Bailey and Parmer.

Pyrotechnics? Oh, Fireworks!

Regardless of the name, the result is the same - lots of fun and excitement for the youngsters. Again this year the Farwell Youth Commission is sponsoring the sale of fireworks with profits going into the fund to support

various activities for the youth of the Twin Cities. Those seeking the fireworks stand will have to look in a different place this year, because the new location of the stand is the parking lot in front of Hughes Auto Parts.

The "Country Critters," the U.S. Air Force Western Band from Lackland Air Force Base in San Antonio, will cue the Rodeo Events.

Celebration Planned For V. Scott Johnsons

A celebration honoring Dr. and Mrs. V. Scott Johnson of Clovis for 50 years of service is planned for August at Kingswood Methodist Church in Clovis.

Dr. Johnson came to Farwell in 1930 and he and Lucille Lampp were married May 5, 1931. The family moved to Clovis in 1946 where Dr. Johnson is still in medical practice. Mrs. Johnson served as his nurse and

for many years the couple did home deliveries. It is estimated that Dr. Johnson has been in attendance for some 3,500 births during the tenure of his medical practice.

If you, your children, grandchildren, or great-grandchildren are among these births the Celebration Committee requests that you provide them with a favorite picture. Recent pictures are preferred but pictures of any age will be greatly appre-

ciated. The pictures will be on display at the celebration and the Celebration Committee is anxious to receive them at your earliest convenience in order that they may be properly compiled.

Please label the pictures clearly with name, date of birth, and maiden name where applicable. Pictures may be delivered or mailed to: Marcia Cole, 814 Second Street, Box 114, Farwell; Mrs. Frank Haines, 1429 Westchester Avenue, Clovis; or to the Johnsons, 310 John Doe, Clovis.

The entire Johnson family encourages you to attend the celebration in order that they may have an opportunity to personally express their love and gratitude to each of you for your love, friendship and continued loyalty over the years.

Final date and time for the celebration will be announced.

Cynthia Caldwell, James Duntley Married In Double-Ring Ceremony

Cynthia Ann Caldwell of Bovina became the bride of James Robert Duntley of Hinsdale, Ill., in a double-ring ceremony Saturday, June 14. Vows were exchanged in the United Methodist Church in Bovina with Dick Richards officiating.

Parents of the bride are Mr. and Mrs. Tom Caldwell of Bovina and parents of the bridegroom are Mr. and Mrs. Robert Duntley of Hinsdale, Ill.

Centering the altar setting before which the marriage was performed was a large candle tree with yellow and blue mixed spring flowers. Two bouquets were located on the altar table and two smaller candle trees with mixed spring flowers were placed on either side of the altar. The yellow and blue flowers were also used in the two fifteen-point candle arches over the aisles.

Given in marriage by her father, Cynthia wore a white gown of silk-faced satin designed by Bianchi of New York. The fitted bodice featured a Queen Anne neckline. The entire bodice was covered in re-embroidered Alencon lace and re-embroidered seed pearls. The empire waistline fell to the floor and formed a cathedral length train. Long fitted sleeves were cuffed with wide Alencon lace and button and loop closures. Her silk veil of illusion was caught to a Camelot capulet covered with Alencon lace. The entire cathedral length veiling was embroidered with Alencon lace motifs and seed pearls. The veil was edged in scalloped Alencon lace.

For something old the bride carried a handmade lace handkerchief given her by the bridegroom's grandmother, who had carried the handkerchief in her wedding. Something new was her wedding dress. Something borrowed was a pearl necklace given to the bride's mother by the bride's father at their wedding. Something blue was her garter.

The bride was attended by Kim Risedorph of Gloversville, N.Y., as maid of honor.

Bridesmaids were Carole Duntley, sister of the bridegroom, Hinsdale, Ill., Cindy Rivera of Costa Mesa, Calif., and Melissa Doerr of St. Louis, Mo. The attendants wore floor length yellow pinasetta knit dresses featuring blouson bodices, scooped necklines, and split sleeves. Bill Whitney of St. Louis,

Mo., served as best man. Groomsmen were David Hidding of Barrington, Ill., Pete McCook of Dallas, and John Fleming of Los Angeles. Ushering were John Caldwell of Farwell, brother of the bride, Brett Darken of Woodstock, Vt., and Charlie McCook of Dallas. Jenny and Mark Sappen-

field of Bloomfield Hills, Mich., cousins of the bridegroom, were flower girl and ring bearer.

"Sine Nomine," "Hymn 66 from the Christian Science Hymnal," and the "Lord's Prayer" were presented by soloist Paul Hufstader. Organist was Gwen Clements.

For her daughter's wedding, Mrs. Caldwell chose a coral pleated chiffon dress accented with a corsage of yellow orchids. Mrs. Duntley's dress was of blue dotted swiss. She also wore a yellow orchid corsage.

At a reception in the home of the bride's parents, a white bride's cake and a chocolate bridegroom's cake were served with punch. The bridegroom's table also included ham, cheese, and fruit shish kebabs affixed in a pineapple. Dominant theme of the reception area were yellow and blue spring flower bouquets.

Members of the houseparty were Jack and Jane Kassahn of Bovina, Roy and Betty Clark of Lubbock, Gabe and Anita Anderson of Bovina, Charles and Wynona Brown of Colorado Springs, Colo., Troy and Lillie Christian of Farwell, Jan Kassahn of Boston, and Kathleen Palmer of Hereford.

The bridegroom is a graduate of Principia College in Elsah, Ill., with a degree in Business Administration. The bride, a graduate of Principia Upper School in St. Louis, Mo., is a sophomore at Principia College.

Familiar Sight

Youngsters and adults partaking of the goodies offered at the concession stand was a familiar sight at the Little League and Pee Wee baseball games at Texico-Farwell Lions Park this summer. The baseball program officially

ended for local youngsters last Thursday night when the teams wound up their regular season of play. Profits from the concession stand, which were approximately \$150 this year, are used for the improvement of the facilities.

Shown taking advantage of the popcorn and other treats offered are, at left, Jo Walker and daughter Meredith, and Jodi Chadwick, daughter of Mr. and Mrs. Bobby Chadwick.

Delta Kappa Gamma Members Observe 51st Anniversary

Local members of the Delta Kappa Gamma Society International attending the organization's 51st anniversary celebration in Lubbock earlier this month included Lynn Roberts, Elizabeth Phillips, Pat Owen, Frances Boling, Jo Whitten, Lois Miller and Wanna Brewer.

They joined hundreds of their sister members from throughout the state of Texas in Lubbock in mid-June. The occasion was the state's 51st anniversary observance of the founding of the now international Society in Austin on May 11, 1929.

Mrs. Mary Rowlette of Lubbock, state president of the key women teachers, selected Shakespeare's familiar quotation from Hamlet as her convention theme: "To thine own self be true..."

A bus tour of Lubbock included a walking tour of the Ranching Heritage Center the opening day of the convention. That evening a special Lubbock night featured entertainment by students representative of a variety of arts engaged in the

public and private schools and colleges of Lubbock.

Newly-elected presidents of 269 chapters met with area coordinators in a Leadership Development Workshop to train them for their two years in office. Miss Bernice Conoly of Portland, Oregon, international president, discussed special challenges of this decade. Mrs. Ruth Johnson of Dallas chaired the workshop.

Miss Sarah Tobolowsky of Dallas, nominee for international president and current Southwest Regional Director, addressed the convention during the annual birthday luncheon.

State and international scholarship recipients were introduced by Mrs. Donna Van Hoove of Austin, scholarships chairman. She also recognized honor chapters contributing extra funds to the scholarships program.

Mrs. Betty McKinney of Houston, achievement awards chairman, announced names of recipients of the State Achievement Award for the current year. Shaped like a diamond marking the location of state headquarters, the award is given for outstanding service of a member on state and chapter levels.

An original birthday ceremony conducted by state program chairman Mrs. Annell Barentine of Dallas concluded the luncheon with the lighting of the candles on individual birthday cakes and the singing of the official Society song.

A necrology service honored the memory of Texas members who died during the past year. Mrs. Betty Roberts of San Angelo conducted the services in the First United Methodist Church. The Alpha State convention choir, under the direction of Miss Josie Champion of Austin, sang Mendelssohn's "I Waited for the Lord."

State officers and committee chairmen met with chapter members in instructional sessions the final day of the convention. State business was conducted in both executive and general sessions. A total of 1045 members were in attendance.

A formal banquet honoring founders and presidents ended the official convention activities on Saturday evening. Miss Conoly brought international greetings and addressed members and guests on the subject, "This Above All."

A special ceremony honored the dozen women who founded the Society 51 years ago in Austin. Gaily-wrapped souvenirs marked each place at tables decorated with roses and brass candelabra.

A planning session for the next state convention took place following the regular convention. Members also discussed plans for a Texas Bluebonnet Breakfast set for the international convention in Detroit in late July.

At that time members representing nearly 30,000 members in the 50 United States, seven provinces of Canada, Mexico, Guatemala, El Salvador, Puerto Rico, Norway, Sweden, Finland, the Netherlands, and England will hold a biennial meeting.

Parmer County Clerk Bonnie Warren of Farwell attended the recent state convention of County and District Clerks Association in Brownsville, Tex. Mrs. Warren reported that approximately 490 participants were present for the convention.

J.A. Quickel of Hollywood, Calif., is visiting in Farwell with his nephew and family, Mr. and Mrs. Dutch Quickel, and also with his brother, I.W. Quickel Sr., of Friona. Arriving at mid-week for an indefinite stay with the Dutch Quickels were their son and family, the Bill Quickels.

Gary Green of Harlingen, Tex., arrived in Farwell June 14 for a two-week visit with relatives and friends. He has been visiting his parents, Mr. and Mrs. Doyle Green, Dwight and Brent, and his grandmother, Mrs. Virgie Shaw, in Farwell, and with relatives in the Muleshoe

area. He also went to Canyon to visit former classmates at WTSU where he attended and graduated from college. Gary is returning to Harlingen on Sunday.

Visiting briefly in the home of Mr. and Mrs. Weldon Dane last week were his daughter and family, Mr. and Mrs. Jerry Rece and Judy and JonLen of Van Horn, Tex.

COLLEGE STATION - Heavy supplies of pork, broiler-fryers, turkey, eggs, milk, other dairy products and limes will be "best buy" items for the next few weeks, according to Dr. Carol Akkerman Sain, a consumer information specialist.

Dr. Sain, on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System, says other plentiful

items will be peanuts, potatoes, dry beans, raisins and dried prunes.

MEATS - Turkey may be the star budget item for a week or so due to those heavy supplies, and the "most bird for the money" is the larger size.

FRUITS - New-harvest fruits in abundant supply are sweet cherries, peaches, nectarines and plums. Shop around for fruit that is ripe -- with

economical prices. From Mexico expect to see bananas, pineapple, cantaloupes and watermelons. Apples and oranges are in good supply, and they make excellent snacks or picnic fare, the specialist adds.

VEGETABLES - Top-quality economical vegetables include asparagus, broccoli, cabbage, carrots, cauliflower and spinach. Also, squash, tomatoes, rutabagas, mushrooms and green onions. Look for features on salad foods again - celery, cucumbers, iceberg lettuce, radishes.

Brother Visits

Guests last week in the home of Mrs. L.R. (Sall) Vincent in Farwell were her brother, Ernest L. Smith of Bakersville, Calif., and his daughter, Mrs. Marguerite Riddle of Crane, Tex. Another of Mrs. Vincent's nieces, Nell Thompkins of Clovis, visited with the group in Farwell.

Mrs. Vincent accompanied her guests to Clovis where they visited another brother and sister-in-law, Mr. and Mrs. Leonard Smith, and a brother-in-law, R.B. Summers. The Albert Smiths visited with the guests at the Vincent home Tuesday night.

Ernest Smith is a former resident of Farwell and had not visited here for about 10 years. He reports that "things have really changed during that time."

The Heat

In spite of the record-breaking heat of the past week, this Easter lily blossomed forth with three large glossy white blooms, seemingly unaware that Mother Nature was turning up her furnace. Gardening News

Annual vines are often overlooked as a method of dressing up a landscape, according to Dr. William Welch, landscape horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

Welch says these cost-conscious plants are easily started from seed and bloom continuously. They can dress up a barren wire fence or add a rustic note to a trellis, wood fence or downspout.

Annual vines do not have the tearing habit often associated with their perennial counterparts. They will not damage brick, mortar or wood, points out Welch.

Vines can decorate bare walls, shade a patio overhang or west window, or soften lines of brick or stone fences.

Welch says vines need not always climb. Equally beautiful when displayed, vines can cascade from hanging baskets or window boxes.

An ideal vine variety recommended by Welch is thunbergia or Black-Eyed Susan. Its medium-green foliage is heart-shaped and it boasts cascades of flowers during warm months.

Thunbergias can be trained to a low trellis or fence and

will climb to a maximum height of six feet. Tolerating light shade, thunbergia requires average garden soil, some heat protection and occasional watering, notes Welch.

Other easily seed-started annual vines are morning glories and moon vines. Both are easily grown from seed which can be planted outside after danger of frost is past.

Lindop Family Has Reunion

The Top Lindop family of Farwell was reunited last week when all the children were home for Father's Day and a week-long stay.

Visiting were Dave and Diane Lindop, Clay and Leandra from Apache Junction, Ariz.; Dan and Luana Lindop, Sergio and Stephanie of Daingerfield, Tex.; and Barthel and Jeanette Ford, Kerry and Darissa of Farwell.

Lisa Coffey Returns From Girls' State

"Lots of love, friendship and government in one week," is the way Lisa Coffey, a Texico senior, sums up the time she spent at New Mexico Girls' State held at New Mexico Military Institute in Roswell, June 7-14.

Lisa, who was determined to learn as much as possible about the government of the state, felt she could do so by becoming active in a number of facets of the city, county and state levels. She ran for and was elected city councilman, county convention treasurer, and state party treasurer. Lisa's only defeat came in her bid for senate reading clerk. She also acted as poll clerk in the county and state elections.

In order for the approximately 285 young ladies who attended the Session to feel more a part of an actual governmental situation, each dorm was organized into a city with about 36 girls being residents of each. All city offices and positions were represented within each city, with the girls themselves filling each post through the elective or appointive process.

Inhabitants of each city made their own laws, which were posted outside the buildings. Violators were brought before the judge for sentencing. Lisa admitted that some of the city ordinances were a bit far-fetched, but said they provided conversation, and more importantly, they gave the girls an opportunity to take part in the law-making process.

Although their duties varied somewhat from those of the real people in real cities, the elected officials were able to get the feel of their various offices. For example, the city sanitation engineer was responsible for room inspection, and the elected dog catcher sniffed out all stuffed

animals belonging to the Girls' Staters and required tagging and registration of each.

Rooms in each dorm represented different businesses within a city with the girls being responsible for decorating the doors to show the nature of the enterprises. Lisa's room was designated a roller rink.

However, not all was serious business for the girls. All types of gym activities, swimming, and tennis were available for recreation, and Girls' Staters who wished could participate in a style show demonstrating clothing they had made. Lisa modeled

one of her creations, a sundress.

Each evening the girls assembled for vesper services, and afterward chatted among themselves. For Lisa, these were really meaningful times, for in the informal situation the girls got to know one another.

The Girls' Staters also visited Abrams Planetarium and an art museum, which, according to Lisa, contained a number of bronzes and among other things, some "real far out stuff on the walls."

During the week a number of state dignitaries spoke to the girls, and an impressive

candlelight ceremony was conducted the last night. Held in the quadrangle, the ceremony consisted of all the Girls' Staters bearing candles and extinguishing them simultaneously.

Girls' State is sponsored by the American Legion Auxiliary, with local clubs and organizations picking up the tab for each delegate's expenses. Lisa expressly wishes to thank the members of the Texico Women's Club for her "chance of a lifetime" to make good friends and to learn about government by being a part of the governmental process.

Home From Girls State

The smile on Lisa Coffey's face reflects her feelings about the New Mexico Girls State session she recently attended. Lisa took an active role in the governmental process on city, county and state levels and, as a result, feels that she understands much more about the functions of government and the obligations of the citizen. New Mexico Girls State was held June 7-14 in Roswell.

Around The House with Laura Jacobs
Assistant Farmer County Extension Agent for Home Economics

Cooking outdoors not only provides an extra special meal for entertaining, it also saves on energy consumption. As you prepare for the Fourth, plan to cook several meats at once so you can store and serve them later, say U.S. Department of Agriculture home economists.

Almost any cut of meat suitable for roasting, broiling or pan-frying can be cooked outdoors. And throughout June, supplies of both pork and poultry will be plentiful and prices lower, according to USDA's Agricultural Marketing Service.

What an array of pork cuts and products you can take to the grill! While frankfurters may be the first item to pop into your mind don't forget other fresh and uncooked smoked sausages you can grill.

"Bratwurst" is German for pork sausage. However, the type of bratwurst or "brats" sold in this country is usually comprised of fresh pork and veal or beef. It is slightly flavored with ginger, mustard, and lemon rind or juice, but no sage is used.

Fresh Thüringer sausage is also a mixture of ground pork, veal or beef seasoned with caraway, celery seed, coriander, ginger and mace. What a tasty treat these fresh uncooked sausages make when barbecued.

Remember, uncooked smoked sausage is made from either fresh or cured meat which has been smoked but not cooked. Bratwurst, bockwurst, Thüringer and other fresh link sausages should be scalded or simmered before grilling, unless the label indicates that they have already been scalded or "blanched."

Place links in a pan and cover with water. Bring the water to a boil and simmer for five minutes, drain and cool. The extra step of simmering assures thorough cooking on the grill and lessens the possibility of their splitting and losing juiciness when grilled.

For extra flavor, brush sausage links with butter or margarine and grill over well-burned-down coals until well done. Turn links with tongs. Never pierce with a fork, or flavorful juices will be lost.

If pork roasts, chops and kabobs are among your favorites, turn to the blade boston (butt) shoulder and the whole pork loin. From either of these wholesale cuts, you can slice shoulder, blade, rib, loin, sirloin, or top loin roasts; chops and steaks; backribs and cubes for kabobs.

A large boneless roast may take from three to five hours, depending on cooking temperature, to cook; spareribs from an hour to an hour and a half, and fifteen to twenty minutes for steaks or chops.

Fresh and cured pork should be cooked to internal temperatures of 170 F.

Low to moderate cooking temperatures are best. You can adjust temperature by distance meat is placed from glowing coals.

Cooked pork will maintain quality up to four days in the refrigerator at 35 to 40 F. and in the freezer at 0 F. for two to three months. Make sure meat is wrapped in a moisture-vapor-proof freezer wrap and well-sealed.

Both broiler-fryers and turkey will be abundant in June making them economical selections for the grill. U.S. Grade A birds are the meatiest. Young tendermeated classes are most suitable for barbecuing including broilers, fryers, young turkey, young hen or tom turkey, or fryer-roaster turkey.

Allow half a chicken per person or about a half pound raw turkey per person. Split or quarter the birds and rub with cooking oil and salt. Don't use a fork to turn on the grill because juices will escape and skin will dry. You may prefer to use a basting sauce to keep the surface from getting dry or hard.

The giblets can also be barbecued if you simmer them about 10 minutes in slightly salted water. Cut giblets into halves or quarters and thread along with the heart and liver on small metal skewers. Place over barbecue flame about 10 to 15 minutes. They make excellent hors d'oeuvres.

You can refrigerate cooked poultry pieces for one to two days and freeze at 0 F. for about a month.

Dear Food Focus:
I was reading a nursery rhyme to my son about the four and twenty blackbirds baked in a pie. Sounds like a good old-fashioned meat pie. How are meat pies made anyway?

Willing To Try
Meat pies are made either from scratch (raw meat) or from leftover cooked meats. There are also two types - those made in the form of a deep dish or pot pie and turnovers.

Meat pies are a very good way to stretch a small quantity of leftover cooked meat. Use beef, pork, ham or chicken.

To make a deep dish meat pie, especially from leftover cooked meat, it is probably just as well not to have a recipe.

Mixed diced cooked meat with cooked vegetables that go well with the type of meat you are using. You can use potatoes, carrots, onions, turnips or a package of frozen

food focus

mixed vegetables.
For a sauce, use leftover gravy, well-seasoned white sauce, tomato sauce or a can of cream soup. Place the mixture in a casserole and top with a pastry or biscuit crust, a can of refrigerated biscuits or a cornbread topping.

Spices, herbs and cheese can be added to the topping, if desired. Bake for about 30 minutes in a 425 degree Fahrenheit oven.

Turnover meat pies can also be made with cooked meat. Finely diced or ground cooked meat is mixed with gravy or sauce and encased in a pastry or biscuit dough and sealed around the edges. Cut a vent in the top to allow steam to escape and bake at 450 degrees F about 20 minutes. Extra gravy or sauce can be added through the vent hole or served over the turnover.

Benjy Dial - -

Former Farwellite Making Comeback In Semi-Pro Ranks

Farwell native and outstanding Steer during his high school days here, Benjy Dial at age 36 is making a comeback in the football profession after a nine-year absence from the game. Dial is doubling as a player-coach for the Austin Texans, a semi-pro team in the American Football Association franchise.

After his graduation from Farwell High, he attended college and played ball for Eastern New Mexico University. Then for six years he played with various pro clubs in the National and Canadian Football Leagues before calling it quits. He coached for awhile and is now owner of a construction company.

Dial has to drive some 30 miles to daily workouts with the club following his full day of work at the construction site, sometimes arriving home

after 9 p.m. But he says he doesn't mind because it's something he really enjoys doing. He went on to explain that he really loves the game of football and that for personal reasons he quit while he was playing in the pros. But now that he has another chance to play the game, he is willing to practice and keep in training.

There is also some cash to be earned in the semi-pro ranks - though it's considered peanuts compared to what he made as a player while in the NFL and Canadian circles.

Dial says he has kept his body in great shape and that he feels as good as he did 10 years ago; however, he suffered bruised ribs during the Texans' first game against Shreveport, La., last week, but he says it won't take him long to be back in there fighting for the starting quarterback position.

There are eight teams in the league in which Dial's team plays, and he says that persons should not believe that the semi-pro ranks are for the pot-bellied truck drivers and other old timers

looking for a comeback. Most of the teams are composed of former college stars, some of whom may be peddling their wares for the pro scouts. Dial thinks it unlikely that a pro team would call and ask a 36-year-old construction worker to come visit their training camp, but hurriedly adds that it wouldn't take him long to get there if one should call him.

Dial is the son of Mrs. Clytie Dial of Amarillo, formerly of Farwell, and the late Murray Dial.

Texico Youths To Attend Business Week Program

Four Texico students, Jeff Dunsworth, son of Mr. and Mrs. Eddie Dunsworth, James Kelley, son of Mr. and Mrs. Glenn Kelley, Alan Baldrige, son of Mr. and Mrs. Fred Baldrige, all juniors, and Dwight Brown, son of Mr. and Mrs. Dee J. Brown, a senior, have been selected to participate in Business Week, a newly-organized program sponsored by the Association of Commerce and Industry of New Mexico.

Business Week will also provide an atmosphere of understanding between the youth of New Mexico and the state's business leaders, and will emphasize the need of educating young people in the concepts of private enterprise on the high school and college levels.

A major part of Business Week will be a management simulated computer program which will place the students in an executive role as operator of his or her own manufacturing outlet. Companies of students will be formed in which students will compete with other manufacturers to produce and market a mock product in several sales areas. Plant

Its purpose is to make high school students aware of the relationship of private enterprise and demo-

cracy, and of the important role they are to assume in the future well-being of New Mexico and the nation.

investment, advertising, production costs and interest on loans are some of the factors which will determine the students' marketing strategy. Profits will be the bottom line in judging the success of each company.

Each student company will be guided and counseled by a business representative devoting the entire week to the members of his or her company.

Student candidates must have completed either the

sophomore or junior year in 1980, and have to be endorsed by their high school principals.

Selection of students for the program is based on the following qualities: academic achievement, community involvement, school involvement, and leadership abilities.

The one-week program will be held on the campus of the University of New Mexico.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM, PRES.
BEREAN BIBLE SOCIETY
CHICAGO, ILLINOIS 60635

GLORIOUS PROSPECT

To the true Christian, one of the most wonderful passages in the whole Bible is Eph. 2:7 where we read of God's purpose:

"That in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus."

This passage appears the more wonderful when viewed in the light of its context.

Verses 2-6 tell how we were all once the "children of disobedience," and therefore "by nature the children of wrath, even as others." But then we read those wonderful words of hope, "But God,"

"But God, who is RICH IN MERCY, because of His GREAT LOVE wherewith He loved us..."

And the next verses tell how He has taken believers in Christ from the lowest position of condemnation and wrath and given them the highest place of favor and blessing in Christ at His own right hand in the heavens.

The simplest, humblest believer in Christ as His Savior has been given this position in the heavens, for God no longer sees him in himself, but in Christ, who died for his sins. This is why St. Paul so often writes about "those who are in Christ Jesus."

It is for the believer now to occupy this exalted position, to appropriate by faith the "all spiritual blessings" which are his in Christ (See Eph. 1:3). Like Paul, he may be lifted by grace, through faith, above the troubles and sorrows of "this present evil age" and enjoy his position and blessings in the heavens in Christ. And even this is not all, for looking far ahead to the future, the apostle, by divine revelation, goes on to say (in Eph. 2:7) that God has done this all for us, "that in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus."

Keepin' Cool

These four young ladies found another way to keep cool during the hot days of last week when they took advantage of the water being

pumped out of Farwell's new water well. Enjoying the cool water as it rushed down Third Street were, from left, Edith Ausburn, Amy Gulley, Beverly

Gibson and Geneva Gibson. The water flow has stopped this week and city residents are using water from Farwell's newest well.
