

This week's edition of the Tribune carries a story concerning the GPI Grain cooperative's final plans. This is a project we have believed in since its inception. We feel that it is a typical American answer to a national problem. From our conservative persuasion we are happy that it is a project developed by local people and private business interests.

We think that good old American ingenuity can solve our many national problems given the proper economic incentives. The free enterprise system has always provided an answer, quicker, more economically and cheaper than any government mandated project. This plan to produce fuel from grain fits that bill to a tee.

In the past we have commented that given the world trend of events the use of alcohol for fuel produced from grain is an idea that cannot fail. Since last fall the international situation in the area of imported gas and oil has further deteriorated. We are living on the lip of disaster by our continued massive dependence on importations to run our people and industry.

Iran continues to slide into insanity at the national level. Lybia, a prime supplier of U.S. oil is under the firm hand of a madman. The Russian bear is poised at strategic locations to gobble up all the mid-east. As Russia's interior oil situation deteriorates you can bet that they will have no qualms about going out and conquering new sources of petroleum. When they took Afghanistan this country responded by pulling out of the Olympics. Tut, tut you naughty Russkies.

Key portions of Africa are under the Communist Domination, thanks to Castro's Hessions. All Moscow has to do is give the nod and Saudi Arabia and the other Emirates will fold up pronto.

When this happens we must go to war or suffer intolerable energy dislocation in this country. A strong fuel alcohol industry in this country will forestall the option of fighting or dieing economically.

Internally if we can stem the massive outpouring of our money and keep it inside our economy it will be of enormous importance in combatting our national inflation problems.

Finally, the production of alcohol yields distillers dried grains. This is grain minus the starch and every bit as nutritious as the original grain. The advantage is that it has been concentrated into a much more transportable form. Most of our present grain buyers would rather have the concentrated product. It is much cheaper to transport. Right now it costs Japan more to transport our grain to Japan that it costs to buy in this country.

This is an excellent solution to world wide distribution of food stuffs. In fact, the technology presently exists to further concentrate the nutrition value thereby additionally diminishing transportation charges.

It does stand to reason that the less money a foreign country has to spend on transportation for a given amount of food, the more of that commodity can be purchased originally.

It seems simplistic to say that the production of fuel alcohol from grain is a panacea of our many ills. Yet, sober reflection points to this as a viable solution to many of the present and future dangers facing this country.

From these few highlight points we cannot help but conclude that a properly managed alcohol plant will in the years ahead be a wise investment for those who can or are so disposed.

Somebody's thought-Life is measured not by accumulation but by outlay, not by how much saved, but by how much expended, not by distance traveled, but by the road taken.

Administrative Huddle

Administrators at Farwell Schools got together earlier this week to finalize plans for the opening of school next Thursday, Aug. 21. Although students will not report to

classes until that day, teachers and staff will have in-service programs Monday and Tuesday and a workday on Wednesday. From left are David Gobble, elementary

principal; Don Malone, high school principal; and Jerry Dee Owen, junior high principal. In back is W.M. Roberts, superintendent.

Anticipating Start Of School

Discussing the approaching school year are Texico School Administrators, from left, elementary principal, George

Herrington; superintendent, Jim Pierce; high school principal, James Harding; and junior high principal, Kenneth

Shaw. School begins at Texico Monday, Aug. 18, at 9 a.m. and students will be dismissed at 2 p.m. that day.

GPI Cooperative Sets Sept. 1 As Deadline

The High Plains GPI Cooperative has set the final deadline for area farmers to join the Cooperative for the production of alcohol. At the meeting held in Muleshoe Thursday, Aug. 7, attended by 147 persons, it was decided that September 1 would be the last day on which area grain producers could become part of the Cooperative.

At the present time the Cooperative has sufficient grain pledged for the produc-

tion of over 20,000,000 gallons of alcohol per year. The directors are hoping to obtain sufficient grain pledges to enable them to build a plant with a 30,000,000 gallon annual production capacity.

It was explained that a plant with a 30 MGC would be more efficient than the smaller size facility, and thereby return an additional profit of about 35 cents per hundred weight on grain to the stockholders.

A feasibility survey today projects that grain processed through the alcohol plant will be worth about \$7.00 per cwt to the participating farmer. The long term projection is for this price to increase as the general economy increases the price of other goods and services.

One of the reasons for the local farmer interest in this use of grain is to convert grain to a commodity that will follow the general

Classes Next Week For Local Students

Students in the Texico and Farwell school systems will begin classes in the 1980-81 school term next week with Texico youngsters beginning their first day on Monday and Farwell students going to class for the first time Thursday.

Pre-registration took place at Texico last week, while at Farwell, only those students who have not attended school there before were required to register. Farwell teachers will have two days of in-service next Monday and Tuesday and a workday is scheduled for Wednesday.

Texico students will report to classes at the regular hours Monday and buses will run their regular routes that day. Classes begin at 9 a.m. and on Monday the buses will run at 2 p.m.; however, after that, the close of the school day will be 3 p.m. Lunch will be served in the cafeteria Monday.

At Farwell where the school day is officially from 9 a.m. to 3:30 p.m., buses will run at the usual time morning and afternoon Thursday. Zero hour classes will begin at 8 a.m. Lunch will be served in the cafeteria and a regular school day will be observed, says W.M. Roberts, superin-

tendent. Faculties and staff are complete at both schools with several new faces on the scenes.

Don Malone, elementary principal at Farwell last year, will be in his first year as principal of the high school. David C. Gobble will be the new elementary principal, and Jerry Dee Owen is returning as principal of the junior high. James Craig is returning for another year as administrative assistant; Mrs. Dorothy Eason is tax assessor-collector and Georgia Lee Rundell continues as secretary to the superintendent.

Jim Pierce is returning for another year as superintendent of Texico Schools and the principals are James Harding, high school; George Herrington, elementary; and Kenneth Shaw, junior high.

Faculty and staff at Texico High School include Kay Warmuth, secretary; Mary Peyton, business education; Ronnie Warmuth, math; Kendale Burch, home economics; Sylvia Burgett, art/library; Kay West, English, journalism; Nadine Maben, science; Buck Walters, history; Eddie West, agriculture; David Lynn, head football coach; Kenneth Shaw, head basketball coach; Mike

Littlejohn, head volleyball coach; Roy King, girl's head basketball coach, assistant football coach; Juanita Hadley, English, Spanish; Paula Leighton, resource room; Scott Parker, assistant football coach.

Texico Junior High faculty and staff includes Audrey Kittrell, secretary, Jerry Sadberry, band, music; Kendale Burch, social studies; Sylvia Burgett, art; Mike Littlejohn,

basketball, track, volleyball; David Lynn, science; Scott Parker, health, track; Roy King, social studies, health, girls' track; Carol Brock, math; Anna Southard, English; Ken Shaw, driving; Gina Piazza, resource room; Imogene Swinney, special education.

Composing the elementary faculty and staff are Linda Harrison, secretary; Mrs. Jen-

(Continued on Page 2)

Class Schedules Listed At Farwell Kindergarten

Rosters for the morning and afternoon sessions of Kindergarten classes at Farwell Schools were released this week.

Attending the morning sessions from 9:00 to 11:45 a.m. will be Sue Ann Malone, Joni Hernandez, Becky Donaldson, Kristi Jones, Rebecca Derrick, Karen Aycock, Brandon Baker, Clay Corn, Chris Phillips, Kade Kent, Paul Winegeart, Jody Mahaney, Jimmy Boone and Shawn Haseloff.

Students in the afternoon session from 12:45 to 3:30 p.m. will be Monica Padilla, Elizabeth Ramirez, Kayla Gleaton, Suzanne Ramirez, Sharla Lingnau, Monica Lovato, Brandon Kirkland, Eric Chadwick, Clint Austin, Ryan Williams, Derrick Haseloff, Gabriel Galvan and Dustin Wilhite.

Marcia Cole, kindergarten teacher, listed the following supplies needed by the children: one box Kleenex, one box JUMBO crayons with ONLY the basic colors, one bottle Elmer's glue (no substitutions, please), one

school box or cigar box, two Laddie pencils and 1 package assorted construction paper.

Mrs. Cole asks that parents please note the times that classes begin and end and stresses the fact that children are not to be left at the playground prior to or after class time since teachers are not on duty to watch the children during those times.

If a child is to be released to walk home from kindergarten or to go with someone other than his parents, or to be allowed to wait for his parents outside the classroom, the school MUST have a signed note on file. Otherwise, kindergarten students will be released only to parents.

When parents bring their children to school they should wait until the child is inside the building before leaving. These rules are for the security of the child and must be adhered to.

Children should bring ONLY the supplies listed above as all other materials are furnished.

No Pre-Registration - -

Lazbuddie Schools To Begin Sept. 2

Citing the "no pre-registration" procedure at Lazbuddie Independent School, high school secretary Gloria Elliott stated that all students will register on the first day of school, Tuesday, Sept. 2.

School buses will run that day on the same schedule as last year and will deliver students to the school campus at 8:30 a.m. on opening day.

Lazbuddie Schools have several new faces on the faculty to greet students this year, including Toby Booth of

Farwell who is the new high school principal.

Among the other new teachers and aides are Tommy Cole, assistant coach and science; Charles Schweers, boys basketball and history; Bob Master, head coach and social studies; Betty Sherrill, business; Leona Crenshaw, title I and migrant aide; Pat Seymore, biology and title I; Rickey Cobb, vocational aide; on the elementary level, Rhonda Buie, 2nd grade; Brenda Schweers, 3rd grade; and Debra Hall, 5th grade.

Farwell - -

Census Re-Count Adds To City's Population

At the regular meeting of the Farwell City Commission Monday afternoon, Janie Bowery, city clerk, reported that 27 more persons had been added to Farwell's 1980 census tabulation. This brings the count to over 1300. The city had conducted a poll of all homes having water meters in the city after deciding that the initial census report of 51 vacant homes in the city was

inaccurate. The council was in agreement that the re-count had been successful; however, city officials point out that the official census is still incomplete and the count could be higher when it is completed.

In other business, the commission voted to send certified letters and hold a public hearing on behalf of

Curtis and Pam Smith who had come to the meeting to request a variance on property where they wish to build a home. The property is currently zoned for business.

Attending the meeting were Fred Chandler, John Curtis, Janie Bowery, Pam and Curtis Smith, Dennis Cross, Dee Hammit, Jackie Doshier, and Phyllis Reusche.

4-H And FFA - -

Achievement Day At Texico

The annual achievement day for members of the Texico and Pleasant Hill 4-H clubs and the Texico FFA is scheduled for Saturday, Aug. 23, at the Texico school.

Trophies will be given to grand and reserve champions in beef, swine and sheep, and ribbons will also be awarded in the livestock competition.

For the first time there will be a booster division (8 years of age and under) in swine, with a trophy going to the best showman among the

boosters. Livestock judge will be Scotty Windham of Abernathy.

Livestock exhibitors should bring panels for pen-building before Friday so FFA members can prepare the judging site between the bus barn and cafeteria.

There will also be judging of cooking, sewing, photography and record books.

The schedule calls for weighing of animals between

7:30 and 9:30 a.m. Record books should be entered between 8:30 and 9:30. The booster division swine show will be held from 9:30; to 10 a.m., followed by the swine show, sheep show and calf show, in that order.

Arrangements for the achievement day are under the direction of Mr. and Mrs. Eddie West, Mrs. Dewey Pierce, Mr. and Mrs. Eddie Dunsforth, Mr. and Mrs. James Holland and Mr. and Mrs. Eddie Smith.

Texico City Council Approves Variances

At this week's meeting of the Texico City Council, a petition presented to the council by Jean Gossett and Ruth Reid to place manufactured homes on Lots 13 and 14, Block 11 of the Heberd Smith addition was approved.

Also approved was a petition by Mrs. Gossett for a variance for manufactured homes to be placed on block 6-12.

J.C. Bryant requested that a sewer line be placed in Block 4 of the Marshall addition. The council yielded to a statement in the Marshall documents which said the developer must lay his own lines to the existing city lines.

At this time, all an interested farmer has to do is to sign a grain pledge, in units of 10,000 bushels, plus sign a \$1,000 note that will be retired out of the first profits of the Cooperative.

Present and final plans call for the GPI Cooperative to lease the entire plant facility (Continued on Page 2)

The East Plains Council of Government resolution was approved. The board unanimously approved beginning condemnation of the W.L. Freeman structure on block 22, lots 9 and 10 of the original townsite.

Marie Christian, city clerk, will take her vacation August 18-22 as approved by the Council.

The municipal judges' report was also approved.

Farwell Historical Society To Form

A group of local historical buffs will meet on Tuesday evening, August 19, at 7:30 p.m. at Luce's Restaurant to explore the possibilities of forming a local historical society.

Because of the historical significance of the Farwell area the idea of such a society has been talked about for several years. Right now a local group would like to find out if it would be possible for a historical society to acquire the old Vinyard home and convert it into a combination museum and meeting place for the

several women's clubs and social organizations in the Farwell area.

Two local ladies, Marcia Cole and Peggy Snider, are interested in the formation of such a group and can be contacted for information. The old Vinyard home will be available for only a very short time so this opportunity must be acted upon in the very near future.

All persons interested in the history of this area are urged to be at Luce's Restaurant next Tuesday evening and participate in this important meeting.

Funeral Rites Thursday For I.W. 'Ike' Quickel

Funeral services were scheduled for Thursday afternoon, Aug. 14, at 2:30 CDT in First United Methodist Church of Bovina for I.W. "Ike" Quickel Sr., longtime resident of Bovina. Burial will be in the Bovina Cemetery with Parson-Ellis Funeral Home of Friona in charge.
Mr. Quickel died at 6:30

I.W. "IKE" QUICKEL

Computer skills are often required for today's careers

COLLEGE STATION — America's Renaissance. Man will have to be as knowledgeable in computer language as his predecessors were in Latin and Greek, says Texas A&M business professor Winston Shearon.

Many college students today recognize they need some computer skills just to enter the job market, he said.

a.m. Tuesday in Parmer County Community Hospital in Friona.

The well-known Parmer Countian was born May 19, 1895 in Higginsville, Mo., and moved with his parents to Oklahoma Territory in 1902. He grew up in western Oklahoma and on February 20, 1918 he was married to Iva Vivian Armstrong in Tangier, Okla.

Mr. Quickel purchased land in Parmer County in 1926 and in February 1930 they moved to Bovina. He was a member of the United Methodist Church of Bovina and served on the administrative board of the church for many years. He was a member of the boards of the Bovina Wheat Growers and Fuel Association Cooperatives and was a school board member for many years during the 1930's and 1940's.

He served on the Selective Service Board of Parmer County and was officially retired from that Board after long years of service.

Mrs. Quickel preceded her husband in death on April 11, 1977.

Survivors include a son, I.W. "Dutch" Quickel of Farwell, a daughter, Dottie Dell Stark of Irving, Tex.; three brothers, J.A. of Hollywood, Calif., Herbert J. of Wellington, Kan., and Ernest of Fargo, Okla.; two sisters, Mrs. Leona Turner of Whittier, Calif., and Mrs. Della Tucker of LaCrescenta, Calif.; six grandchildren and seven great-grandchildren.

Pallbearers for final rites were Walter Cox, Harry J. Charles, Buck Ellison, Oakley Stevenson, Jim Owens and Dean Hastings.

Classes Begin Next Week . . .

(Continued from Page 1)
kins, Kindergarten; Mrs. Duns-worth, first grade; Mrs. Pearce, second grade; Mrs. Turnbough, second grade; Mrs. Richmond, third grade; Mr. Schwartz, third grade; Mr. Holloman, fourth grade; Mr. Grimes, fifth grade; Mrs. Edwards, resource; Mrs. Singleterry, Title I; Ms. Aragon, Migrant; Mr. Sadberry, music; Mr. Littlejohn, P.E.; Mr. King, third grade P.E.; Mr. Parker, 4th grade P.E.; Mr. Herring-ton, bi-lingual.

Other faculty and staff members at Farwell High include Cindy Littlejohn, secretary; Randy Adrian, athletic director and health; Royce Baker, history and coach; Lynn Burton, band director; Howard Carlyle, counselor; Edward Wees, math; Shirley East, science and art; Barbara Knowlton, vocational home economics; Lucille Franse, English and history;

Also, Randy Long, English and speech; Mike Martin, business math and boys basketball coach; Richard Montgomery, vocational agriculture; Vester Joiner, shop and girls basketball coach; Bill Phillips, history and coach; Dorris White, business subjects; and Pat Graham, librarian.

Junior high faculty includes Jerry Dee Owen, head teacher and biology; JoLynda Robbs, math; Kay Ray, English; Ted Phillips, science and coach; and Elizabeth Phillips, history. Composing the elementary

faculty and staff are David Gobble, principal; Gretchen Montgomery and Betty Turner, sixth grade; Karolene Inman and Billie Worley, fifth grade; Billie Carlyle and Pam Williams, fourth grade; Ver-ona Traynor and Vernelle Craig, third grade; Nancy Burch and Jean Patschke, second grade; Judy Howard and Lynn Roberts, first grade; Marcia Cole, kindergarten; and Terri Baker, secretary.

Sarah Owens will serve as school nurse. In the Plan "A" special education section are Wesley Barnes, LLD Resource Room; Jean Malone, LLD Resource Room; Kay Stanton and Sandra Turner, aides. Cathy Arthur is the speech therapist.

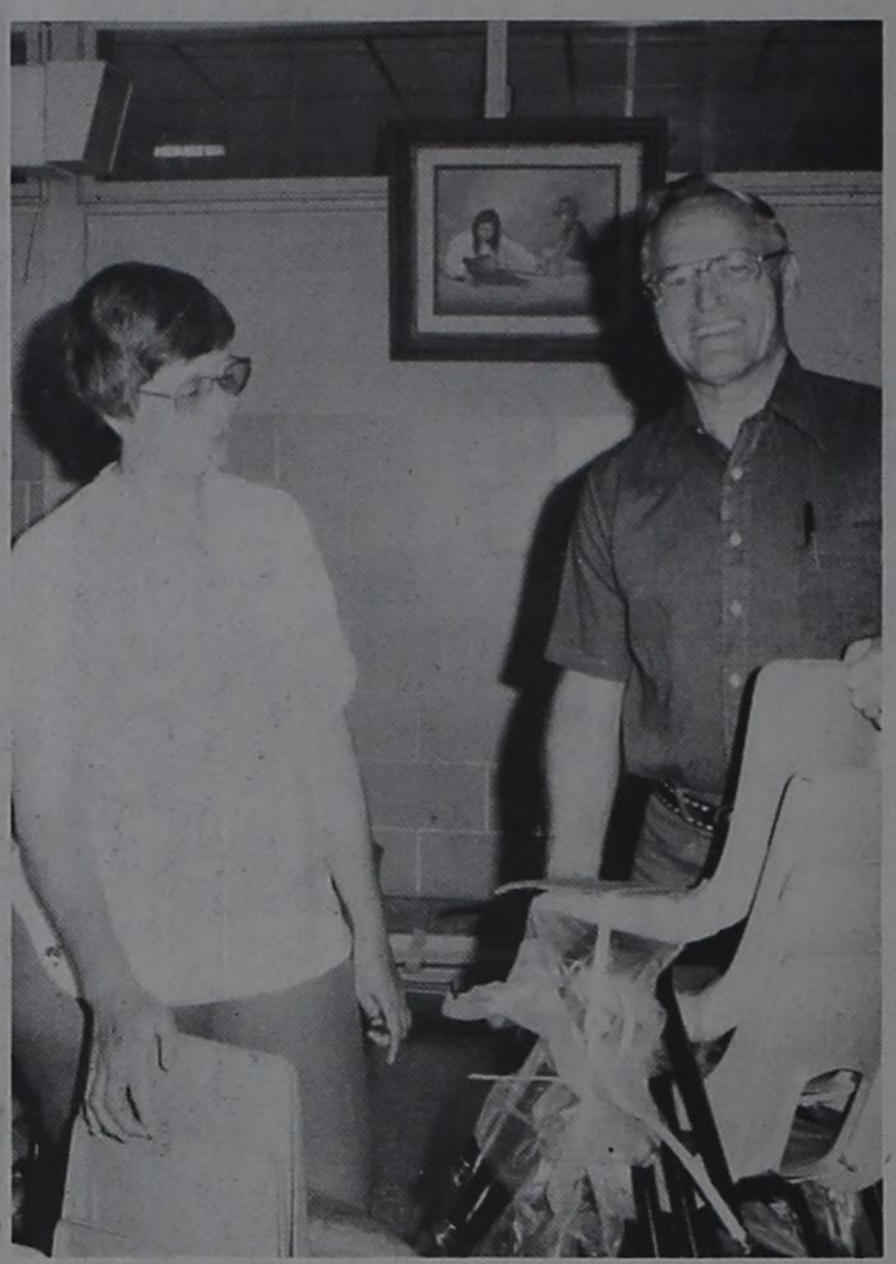

Working in the Title I area are Edith Martin and Pat Owen, reading; Frances Boling, math; Eva Ancira and Dianne Hernandez, aides.

Migrant teachers are Debra Janezich and Florence Davis, aide.

Custodians are Foster Watkins, maintenance; Jesse Cantu, high school; A.O. "Buster" Gast, junior high, and Arthur Crabb, elementary.

Bus drivers are R.T. Langston, bus foreman; Leonard Harper, Crabb, Gast and Burton.

Robbie Johnson will again be manager of the cafeteria and other workers include Lillie Hughes, Patsy Lonsdale, Vivian Cantrell, Bea Howard and Marianne Price. Wanda Walker will be in charge of the snack bar.

Getting Ready

Getting ready for the new school year at Farwell Elementary are Vernelle Craig, third grade teacher, and David Gobble, new elementary principal, who are uncrating chairs for Mrs. Craig's classroom. Classes begin at Farwell at 9 a.m. Thursday,

Aug. 21; however, teachers and administrators will be participating in two in-service days Monday and Tuesday and will have a workday on Wednesday in preparation for the beginning of the school term.

GPI Meeting . . . (Continued from Page 1)

from the financiers and to eventually effect the complete purchase of the plant at a later date.

Last week several plant sites were viewed and discussed. It was pointed out the plant would consume only about 1,000,000 gallons of water per day of operation; however, it is desirable to locate the plant in an area of good long-term water supply.

In addition, it was pointed out that the entire operation would put about \$80,000,000 in the economy in the form of grain payments, plant

payroll and taxes each year. Austin and Williams have the complete particulars on the Cooperative, how it will work, how the plant will be built, how each member will profit, and the method of joining the group.

It was pointed out that once the membership roll is closed, it will not be possible to join the closed Cooperative.

They ask that any interested grain producer contact them before the September 1st deadline so that the largest plant size feasible can be constructed.

Farwell School Board Approves New Budget

In a busy session at the regular meeting of Farwell School Board Monday night, members approved the budget for the 1980-81 school year in the amount of \$1,174,173.00. This is an increase of \$100,210.00 over the 1979-80 budget of \$1,073,963.00. The board voted to set the tax rate for the 1980 tax year at \$1.06 per \$100 valuation. The 1979 tax rate was \$1.02 per \$100 valuation.

Other business included accepting the resignation of Jim Walker from the board and appointing Richard Hase-loff to fill this vacancy until the next regular trustee election at which time the position will be filled by election to a two-year term. Caroline Anderson was named to replace Walker as school board secretary.

Wesley Barnes was hired as Special Education teacher for the high school to complete the school faculty for the coming term.

The board accepted guidelines for custodians as presented by administrative assistant James Craig. Members also voted to change the student handbook to require the use of commercial transportation for senior trips. Student parking was left to the discretion of Don Malone,

high school principal. The board granted approval for the high school band to attend the 10th Annual International Music Festival in Mexico City next spring.

School lunch prices were left the same as for the 1979-80 school year; however, snack bar prices are to be raised to meet the prices at the local drive-ins and the Dairy Queen. A bid presented by Borden's was accepted for milk for the cafeteria.

School board members present were Joe Hughes, Caroline Anderson, Bill Martin, Wilbert Kalbas, Billy Mayfield and Jim Walker. Absent was member Doyle Ford. Others present were Superintendent W.M. Roberts, principals Don Malone, David Gobble and Jerry Owen, Lynn Burton and James Craig.

Texico School Board Okays Bus Drivers

Many beginning-of-the-year items were on the agenda of the Texico School Board meeting Tuesday, Aug. 12, at the high school.

Bus contracts for special activity drivers were approved for the 1980-81 year. They are Kenneth Shaw, James Harding, Kendale Burch, Eddie West, Mike Littlejohn, Roy King, Raymond Hadley, Mrs. Anna Southard, and Jerry Sadberry. School bus drivers for the coming year approved at this meeting were: Mickey Fenn, Jean Skaggs, Max Carter, Pat Carter, and Rosalie Stieg.

An insurance bid from State Farm Insurance Company to cover the school buses was approved. Also approved was a milk bid from John Curtis, Borden's distributor. The school board approved

the purchase of a lawn-mower tractor from Case Power and Equipment of Clovis.

Four students were granted permission to attend school in Clovis.

The board discussed buying a car for the driver's education class, and a vocational agricultural pickup for the agriculture class. No motions were made pending further investigation into cost and maintenance.

Alta Jesko was hired as a diagnostician aide and Eloisa Wagon was hired as a bi-lingual migrant teacher.

Attending the meeting were Arlye Crooks, Herman Gries, Greg Martin, Mike Spearman, Jim Pierce, Max Carter, Paula Leighton and Marcia Leavell.

Lady lobster is picky about sex

Only one out of 25 female lobsters mates to produce little lobsters. Or so claim the lobster experts. The female lobster can only mate during one 48-hour period every two years, they say. And in that time, being none too wise, she drives away the smaller males who can mate in favor of the big males who can't. That's all I know about this intimate matter, but it seems enough.

Among the more significant items in our Love and War man's files is the fact that a divorced woman is 10 times more likely to find a husband than is a never-married woman.

That flying toy we call a kite—named here after a hawk—is known in Germany as a dragon, in France as an insect and in Spain as a comet.

Moose graze underwater, too.

DOUBLE DEAL

Q. What's that bigamy deal in South America called the Two Uncles?

A. Can only surmise you refer to the Tawanku. That's the tribe wherein two couples join forces to create a two-wives two-husbands plus-combined-children family. They share everything, including intimacies, food and field work. Usually, they live in two dwellings, but only because they need that much space. Children, fathered by whichever, are legitimized by the household in which they're born. Not every member of the Tawanku is teamed up in such a manner, but most are. It's the accepted pattern there. It starts when two husbands agree to bring their wives to one of their huts for a horrendous overnight drinking bout.

RICE

Do you know how the first rice got to this country? A ship's captain from Madagascar worked his damaged vessel into port at Charleston, S. C., in 1685. Colonists helped him fix it. Gratefully, he paid them in rice. With instructions on what to do with it.

The whale, which has no neck, possesses the same number of vertebrae in that place where its neck should be—as does the giraffe, which indeed has a neck, as you may have noticed.

Some African termites excavate coal to build their mounds. So the natives thereabouts break pieces off those mounds to fuel long-burning fires.

Did I tell you that goat milk is naturally homogenized?

Farwell 4-H's Place In Show At T Or C

Farwell 4-H's did well at the 1980 Desert Classic held at Truth or Consequences, N.M. on August 9.

There were four different Breed Divisions, including Duroc, Hampshire, Crossbred and O.P.B. (Other Pure Breeds). This class consists of Yorks, Spots, Poland and Chesters.

Grand Champion Barrow was shown by Tad Knight of Tahoka, Tex. Reserve Grand was shown by Lisa Edwards of Hatch, N.M.

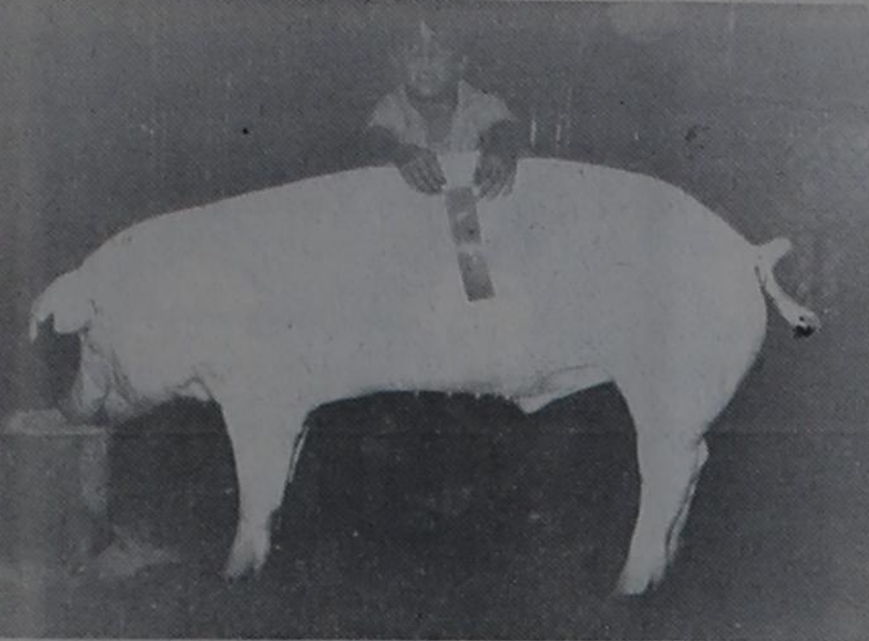

Farwell 4-H's and their placings are as follows:

Dana Ralston—Breed Champion OPB, 4th Heavy Weight Cross.

Teresa Rose—Reserve Breed Champion Cross, 3rd place OPB.

Charley Rose—Reserve Breed Champion OPB, 5th Heavy Weight OPB.

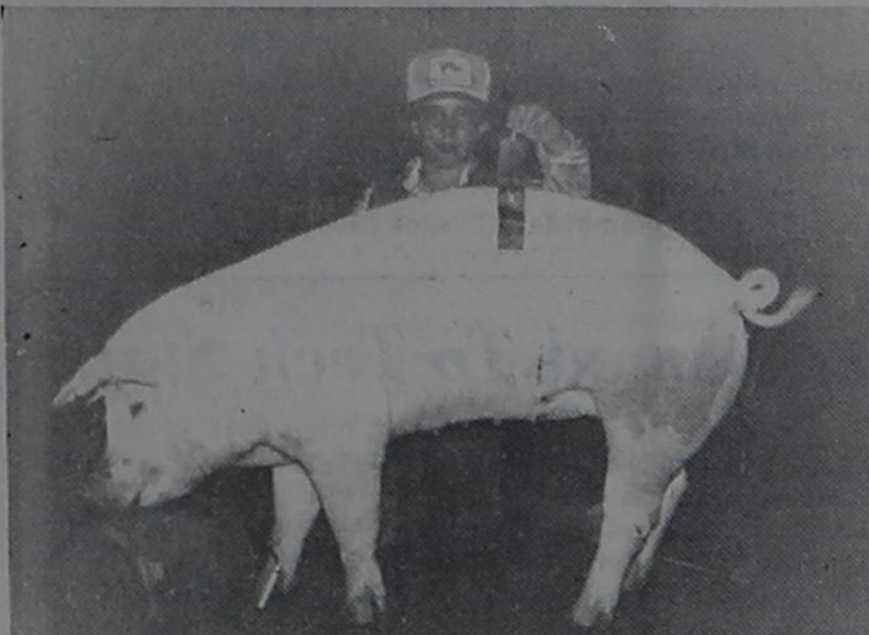

Local 4-H's were accompanied to T or C by Anita and Seth Ralston, Claude Rose Jr., and Scott Johnson.

Chamber Of Commerce Sets Membership Drive

Hoping to get a more well-rounded representation from businesses within the community, the Texico Chamber of Commerce elected to conduct an all-out membership drive. John Hadley will chair the organized activity.

Buford Swartz pointed out that many persons drive through Texico without realizing they have passed the city until they get to Clovis. He suggested placing city limit signs at both ends of town.

The Chamber president, Louise Enram, was instructed to contact the Highway Department regarding erecting the signs.

The recent Border Town Days celebration was discussed at some length. The Chamber agreed that plans for next year's celebration should begin much earlier to insure even better organization than was had this year.

Everyone agreed that the contest for choosing a theme was a good idea and should be done early in the year.

After reviewing the census figures, the consensus was that it was accurate and that Texico would not contest the figures.

Plans were begun for the Chamber banquet next spring. Chamber members will be looking for key-note speakers and would welcome suggestions from the community.

Shelters are to be erected over the tables at K.K. Runnels park; the poles have been acquired and on hand waiting to be installed.

Hot Hand Band To Perform

DUSTIN HARDAGE

The Hot Hand Band will be performing Saturday, Aug. 23, at 8 p.m. in Farwell School auditorium as a fund-raising project for the Farwell senior class.

Highlighting the performance will be nine-year-old Dustin Hardage doing his Elvis Presley impersonations of favorite Presley hits.

Other members of the band include Dustin's parents, Kevin and Geneva Hardage, Gerald Hardage and Monty Trull.

Admission to the show will be \$3 and tickets may be obtained from senior class members or at the door.

Sheriff's Report

Charles Lovelace, Parmer County Sheriff, reports that Mario Franco was apprehended by officials in La Hona, Colo. and will be returned to Parmer County to face a grand jury indictment on two counts of theft and one count of burglary.

Lights and spotlights valued at \$240 were reported missing by Chuck Stallings Spraying Service, two miles southwest of Bovina on Highway 60.

An alien hired man employed by M.H. Carson of

Bovina while using Carson's white 1976 Dodge pickup truck took a trip to Mexico. Evidently, the Sheriff says, he's decided not to bring it back as the two have been missing since August 11.

FIRE CALLS

Neither the Farwell nor Texico Volunteer Fire Departments received any fire or ambulance calls during the past week.

DRIVELINE

Bikes Aren't Just For Kids Department: Bike sales are booming because of the energy crisis... 10 million new two-wheelers sold in this country every year... And four of every ten Americans ride a bike at least once a year.

Here's more trivia. The longest bicycle in the world is the "Vestergaard multipede" built in Denmark in 1976. It is 72 feet long, weighs 2,600 lbs., and seats 35 riders.

In a collision between car and bike, there's no way the cyclist can win. Bikers need to be extra careful to be sure they've been seen by other traffic before turning or passing through an intersection... Texas law, by the way, requires a bike traveling at night to have a white light on the front which is visible for 500 feet. The back of the bike must have a red reflector visible for at least 300 feet.

NOW EVERY NIGHT 5 p.m.-8 p.m.

Farwell School - -

New Principal Assumes Duties At Elementary

David C. Gobble, recently of Floyd, N.M., brings some 23 years' experience in public education to his new job as principal of Farwell Elementary School. Gobble replaces Don Malone who will serve as principal of the high school

at Farwell this year. Administration is not new to Gobble who has 11 years' experience in that field, having served in that capacity in Lordsburg, San Simon, Silver City, Jemez Springs, Tucumcari and Floyd.

Gobble and his wife, Wanda Jo, have four children: Howard, who is a junior at New Mexico State; Lawrence, 12; Claude, 11; and Cathey, 8. Mrs. Gobble works at the Career Planning office on the campus of Eastern New Mexico University in Portales.

Two of the interests that all the family members enjoy are music and horses. Mrs. Gobble and Lawrence both play the guitar, Claude plays the fiddle and Cathey plays piano. Gobble laughingly says that he "plays the radio and usually gets static on that." But he does admit that he likes to sing and enjoys singing in choir. The family enjoys visiting relatives on a ranch near Ft. Sumner at branding time and Claude likes to participate in roping events. Cathey recently rode in the Princess Contest at Roosevelt County. The Gobbles hope to be moved into their home at Farwell prior to the first day of school and are eager to begin their new activities in the Farwell Community.

New Farwell Family

Looking forward to meeting new friends and joining in school and community activities is the family of Farwell's new elementary

school principal, David Gobble. From left are son Howard, wife Wanda Jo, Gobble, daughter Cathey, and sons Lawrence and Claude.

Engagement Announced

Mr. and Mrs. Gary Tuck of Clovis and Ronald Kluth of Phoenix announce the engagement and forthcoming marriage of their daughter, Pamela Kluth, to Scotty Edwards, son of Mr. and Mrs. Raymond Edwards of Texico.

Wedding vows will be exchanged Saturday, Aug. 16, at 5 p.m. in the Trinity United Methodist Church in Clovis. All friends and relatives of the couple are cordially invited to attend the ceremony and reception.

Evelyn Hadley Attends Reunion

Sharing scrapbooks, counting children and grandchildren, taking family photos, and telling nostalgic stories were the order of the day at the North family reunion July 25-27. Meeting in Lubbock at the home of Mrs. Imogene Tipton were the seven sisters and one brother of Evelyn (Mrs. John) Hadley, of Texico. "Husbands were not invited to this one," Mrs. Hadley said.

The one brother, W.T. North, was accompanied by his wife all the way from Laguna Hills, Calif. Other family members present were Catherine Cox, Abilene; Wenonah Porter, Temple; Fern Armes, Smyer; Mary Jo Williams, Hobbs, N.M.; Sue Dodson, Amarillo; and Melva Fry, Andrews.

The parents of the North children were Rev. and Mrs. W.T. North of Texico. He was the pastor of the Texico Baptist Church for many years as some local residents will recall.

Bidding fond adieus the North clan looks forward to their next family reunion.

North Family Reunion

Coming from as far away as California, the seven sisters and one brother of Evelyn Hadley recently had a two-day reunion in Lubbock. Pictured, from left, are

[standing] Evelyn Hadley, Imogene Tipton, Catherine Cox, Melva Fry, Inez North, W.T. North, Fern Armes, Wenonah Porter; [front] Mary Jo Williams and Sue Dodson.

"Slowly but surely humanity realizes the dreams of the Anatole France wise."

Barbara King Graduates From WTSU

Mrs. Glen (Barbara) King, daughter-in-law of Mr. and Mrs. Grady King, will be one of many graduating from West Texas State University in Canyon on August 16. She will be receiving her master's degree in elementary education, with a double minor in political science and math.

She is currently employed with the Morton Independent School District. She has taught in Morton Jr. High for the past five years. Besides teaching math and Texas history, she is also Student Council sponsor and office secretary.

Barbara is a lifetime member of TSTA and has been a teacher for eight years.

She and her husband live in Muleshoe and are engaged in farming and ranching north of Muleshoe.

MAKING FAMILY LIFE MORE FUN

Keeping Love Alive
 We can learn from young lovers. They care so much about each other and are not afraid to show their feelings. They concentrate on each other! We should, too!

Aerosol Fragrances Are Welcome Gifts.

Keeping romance alive isn't so easy when we're coping with career or family. We keep so busy that it's possible to develop a take-him-for-granted attitude.

Helpful Ideas
 Here are some suggestions from marriage counsellors on how to build a better romantic relationship:

- Keep yourself as attractive and appealing as possible. Stay in shape with regular exercise and sensible diet.
- Shampoo and condition your hair with efficient aerosol spray, and keep your hairdo gently in place with aerosol hairspray. For safe and effective use of aerosols, always follow label directions.
- Use other aerosol grooming aids, such as deodorants and perfume. (Never underestimate the emotional impact of a fragrance that can be identified with you!) Aerosols deliver exactly the right amount of product just where you want it.
- For special occasions, plan dinner by candlelight. Surprise him or her with tickets to a show or sporting event.

It's a lovely way to live!

Around The House with Laura Jacobs
 Farmer County Extension Agent for Home Economics

You can make a good buy on pork even better by purchasing the whole pork loin and having your butcher or retailer cut it into chops and a nice family-size roast.

You can store pork roasts up to eight months at 0 degrees F. in your freezer and chops from three to four months.

The whole loin is usually divided into three sections: the blade end, center and sirloin end. In loin cuts, the sirloin or loin end has more lean than the rib or blade end.

Decide which section you prefer to cut into roasts and which to use for chops. With center cut chops, you can get two roasts - the sirloin and blade roast. Specify the weight of roast you want. Ask the retailer to loosen the backbone and if possible to remove the blade and hip bones. This will make carving easier.

From the center section you can have bone-in or boneless chops cut. Specify the thickness desired - thin chops for panfrying, medium for braising or thick for broiling.

If you request the boneless version, you can ask the retailer to include the very tender tenderloin and backribs.

You can reverse this pattern and have chops cut from the blade end and sirloin end, reserving the center portion for bone-in center roast, boneless roast or double pork loin roast. The boneless roast will also yield backribs and tenderloin.

You can get four servings per pound from pork chops and about three servings per pound from a boneless roast, and two to two and one-half servings per pound of bone-in roasts.

- BARBECUED SPARERIBS**
- 2 sides pork spareribs (3 to 4 pounds)
 - 1/2 cup catsup
 - 1 medium onion, chopped
 - 1/4 cup tomato juice
 - 2 teaspoons Worcestershire sauce

- 1 clove garlic, crushed (optional)
- 1 tablespoon vinegar
- 1/4 teaspoon mustard
- 1/2 teaspoon sugar
- 1 teaspoon salt

Cut ribs into individual servings and simmer in small amount of water in covered saucepan for one hour. Chill in cooking broth and refrigerate until time to grill them. (This step can be eliminated and ribs cooked entirely over low heat on an outdoor grill but cooking time should be about an hour. (Combine remaining ingredients and simmer 10 minutes. Brush spareribs with sauce. Cook over hot coals for about 15-20 minutes or until brown, turning and brushing with sauce as needed.

PORK CHOP-APPLE CASSEROLE

- 6 blade or loin pork chops, 1/2 inch thick
- 4 cups apples, peeled, cored and thinly sliced
- 1 cup thinly sliced onion rings
- 1/2 teaspoon salt (twice)
- Pinch pepper (twice)
- 1/4 cup water
- Paprika
- 2 tablespoons flour
- 1/4 cup water
- 1/4 cup evaporated milk.

Brown chops slowly in hot fat, about 10 minutes on each side. While chops are browning, prepare apples and onion rings. Place half of apples in well-greased baking dish; cover with half the onions; sprinkle with salt and pepper. Repeat layers. Add 1/4 cup water and browned chops. Sprinkle generously with paprika. Cover dish tightly and bake at 425 degrees F. for 40 minutes. Combine 1/4 cup water with flour and stir in evaporated milk. Remove baking dish from oven, lift two pork chops and pour in milk-flour mixture. Replace chops and bake at 325 F. uncovered for 15 minutes more. Serves 6.

Marsha Barnes Named To Tech Staff

Marsha A. Barnes has been appointed director of Accounting and Finance for Texas Tech University. The appointment was announced by Dan Williams, interim vice-president for Finance and Administration.

She succeeds Max C. Tomlinson, recently appointed assistant vice-president for business affairs for the Texas Tech University Health Sciences Center. She has worked as an accountant at Texas Tech since July 1977, is a certified public accountant and holds the master's degree in business administration from East Texas State University and the bachelor's degree from West Texas State University.

She also has been, for the past year, a part-time lecturer in accounting at the Texas Tech College of Business Administration and previously taught at East Texas State University.

Before joining the Texas Tech staff, she was a staff accountant in the Tax Department of Mason, Nickels and Warner, C.P.A.'s Lubbock.

She was named an Outstanding Young Woman of America in 1979. She is a

member of both the Lubbock and Texas chapters of the Certified Public Accountants and, at West Texas State University, was named to the honor society of Alpha Chi. She is a native of Littlefield and her mother, Mrs. Ann Aduddell, is a resident of that community. She is a graduate of Lazbuddie High School.

MARSHA A. BARNES

Hospital Notes

James Castleberry of Farwell underwent surgery at St. Mary's Hospital in Lubbock on Monday afternoon. He returned home Wednesday and is reported to be feeling "real well."

Irene and Archie Tarter of Farwell continue to receive medical treatment at Clovis High Plains Hospital.

Fred Geries of Farwell was admitted to Clovis High Plains Hospital on Monday and is receiving medical treatment this week.

Donahey Families Have Get-Together

The four living children of the late Frank and Norah Donahey, Harry Donahey, Lee Donahey, Ray Donahey and Mabel Donahey Pate, gathered with their families this past Sunday afternoon, Aug. 10, at the First Federal Savings and Loan building for a time of visiting.

In 1919, Frank Donahey came to New Mexico from Oklahoma and settled in the Pleasant Hill Community where the family farmed. The children of Frank and Norah are: Irene Donahey Jones (dec), Jack Donahey (dec), Harry Donahey, Earl Donahey (dec), Rex Donahey (dec), Lee Donahey, Ray Donahey, Mabel Donahey Pate, and

Delphena Donahey (dec). The families gathering to visit were: Harry and Susie Donahey of Clovis; Jo and Coke Cates and sons Gary and Ken of Broadview; Betty and Fred Johnson and daughters Janet and Susan of Clovis; Bobby Jack and Donna Donahey and son Lyndon of Texico; Lee Donahey of Sumner, Wash.; Floyd and Lorene Martin of Portales; Janet Pierce of Clovis; Ray and Jimmie Donahey of Clovis; Judy and Leon Balch and children Tracy and David of Clovis; Mabel Pate of Clovis; and Dennis and Lenny Pate and children Cindy and Dennis, Jr., of Clovis.

Wedding Reminders

Friends and relatives of Peggy White and Mike Goetsch, both of Farwell, are reminded of the couple's wedding Saturday night, August 16.

Vows will be exchanged at 7:30 p.m. CDT in the sanctuary of Hamlin Memorial United Methodist Church.

Parents of the couple are Mr. and Mrs. Joel P. White and Mr. and Mrs. Carl Goetsch, all of Farwell. No local invitations are being sent, however, all friends and relatives are cordially invited to the ceremony and to the reception which will follow in the church parlor.

Pamela Kluth and Scotty Edwards will exchange wedding vows Saturday, Aug. 16, at 5 p.m. in the Trinity United Methodist Church in Clovis.

Parents of the bride-elect are Mr. and Mrs. Gary Tuck of Clovis and Ronald Kluth of Phoenix. The prospective bridegroom's parents are Mr. and Mrs. Raymond Edwards of Texico.

All friends and relatives of the couple are invited to attend the ceremony and reception.

MR. AND MRS. GARY BLAIR

Farwell Study Club Completes Yearbooks

Farwell Study Club met August 11 at the club house to complete program planning for the upcoming year. Julia Symcox, president, presided.

Yearbook planning was completed and it is now ready to go to press.

Community Improvement Program (C. I. P.) was discussed. The Community Center is a program which will carry over for more than one year, with Julia Symcox as chairman for this project which is designed to initiate the cooperation of other community groups. Mrs. Symcox has just returned from a two-day seminar in Denver, which focused on C. I. P.

action plans.

The General Federation of Womens Club programs include Education, Americanism, Arts, Beautification-Energy and Environmental Conservation Action, Home Life and Spiritual Values, Texas Heritage, Public Affairs. These are programs set up by GWFC and followed by the Farwell Study Club, affiliate of the Caprock District of Texas Federation of Womens Clubs.

The first meeting of the club will be Sept. 15, and each third Monday thereafter.

Those attending the meeting were Julia Symcox, Hattie Coffey, Frances Lovelace, Frances Kube, and Alma Sledge.

Relatives Visit Mrs. Harding

This summer has been a busy one for Mrs. B.L. Harding of Texico as she has entertained numerous relatives in her home.

Her grandson, Eric Harding of Las Cruces arrived at the end of May and stayed with her until August 1.

Mrs. Harding's daughter, Mary Bynum of Spokane, Wash., arrived here July 22 and was accompanied by her daughter-in-law, Jann Bynum and children, Matt and Shannah. The Washington visitors also brought bags of volcanic ash which had fallen in their area after the eruption of Mt. St. Helen's.

Enjoying receiving souvenirs of the event besides Mrs. Harding were Eric and another grandson, James Kent. After an enjoyable two weeks, Mrs. Harding said goodbye to her household of guests on August 6, two days after the arrival of her sister, Fay Huntley of Longview, Tex., who will visit with Mrs. Harding for the next few weeks.

Bookmobile Schedule

Thursday, Aug. 21: Oklahoma Lane, 9:00 - 10:00; Rhea Community, 10:45 - 11:45; Hub, 1:15 - 2:15.
Friday, Aug. 22: White's Elevator, 10:00 - 11:00; Lazbuddie, 12:00 - 1:00; Clay's Corner, 1:30-2:30.
Saturday, Aug. 23: Farwell, 9:00 - 11:45; Friona #2, 1:00 - 3:30.

Gary Blair, Barbara Vilar Repeat Wedding Vows May 1

Gary Don Blair and Barbara Vilar were married in a double-ring ceremony on May 1, 1980, in the home of Aurora Adams in Amarillo.

Gary is the son of Joe and Ruth Blair of Farwell and Barbara is the daughter of John and Mary Slover of Canyon.

A reception followed in Mrs. Adams' home, and refreshments of finger sandwiches, coffee, punch and cake were served to approximately 25 guests.

The bride wore a white waltz-length dress trimmed with sky-blue satin ribbon and

complemented with an arrangement of blue silk cornflowers in her hair.

Her bouquet, which was made by her mother, was of blue cornflowers and white silk roses tied with blue satin ribbon. Joe Norris and Phillip Vilar served as ringbearers.

Out-of-town guests included Joe and Ruth Blair, Jack and Mildred Glenn, Jeannie Norris and Joe Norris, all of Farwell; Bob and Becky Brewer and Mrs. Ron Slover of Amarillo; and Mary and John Slover and Sgt. Barry Hooper of Canyon.

Following the wedding the

couple traveled to Ft. Riley, Kan., where Blair is stationed with the U.S. Army.

Blair is a 1976 graduate of Farwell High School and attended West Texas State University prior to entering the army in January 1980 at Ft. Benning, Ga.

Billy Robertses Parents Of Girl

Mr. and Mrs. Billy Roberts of Farwell are parents of their first child, a daughter, born Wednesday, Aug. 6, at 8:55 p.m. in Clovis High Plains Hospital.

The young lady, who weighed 8 lbs., 11 ozs., and was 20 1/2 inches long, has been named Shiloh Dwan.

Maternal grandparents are Mr. and Mrs. E. R. Coffman of Farwell and paternal grandparents are Bob Roberts of Sanders, Ariz., and Peggy Roberts of Albuquerque.

Mrs. Arma Coffman of Friona is the maternal grandmother, and the paternal great-grandparents are Mr. and Mrs. L. W. Roberts of Sanders, Ariz., and Mr. and Mrs. Guy Patman of Apache Junction, Ariz.

Peggy Roberts was here for a visit when Shiloh was born and enjoyed making the acquaintance of her new granddaughter.

Daughter Born To R. Adrians

Mr. and Mrs. Randy Adrian of Farwell announce the birth of their second child, a daughter, born Wednesday, Aug. 6, at Roosevelt General Hospital in Portales.

The new arrival, who has been named Kendra Ann, weighed 8 pounds, one-half ounce at birth. She has a sister, Keri, age three.

Grandparents are Mr. and Mrs. Don Tinsley and Dr. and Mrs. Jacob Moberly, all of Clovis. Great-grandparents are Mrs. Elsie Moberly of Melrose, Mr. and Mrs. Johnny Elliott and Mrs. Dottie Compton, all of Clovis.

Will Your Child Pass The 'Eye Test'?

The classroom is often the first "eye test" a child receives in his or her initial exposure to the needs of good sight.

Ophthalmologists—physicians specializing in medical eye care—recommend children be given eye examinations when they're around three and a half. However, many children don't receive these examinations, and by the time they enter school, one child in four has some sort of eye disorder.

Two problems that often go undetected until the first few weeks in school are amblyopia (also called "lazy eye"), in which one eye is favored over the other, and misaligned eyes (turning in or out), says David S. Friendly M.D., of the American Assn. of Ophthalmology. "Very often," he notes, "parents aren't aware of these problems because the child has no way of knowing he's not seeing what he should. He has no basis for comparison. And there may be nothing about the appearance of the child's eyes to suggest they aren't functioning properly."

Dr. Friendly, a pediatric ophthalmologist at

Children's Hospital in Washington, D.C., points out that "most of a young child's world is within arm's length. Most toys and games that occupy a preschooler require the child to concentrate on relatively close objects."

In school, children focus on blackboards and audiovisual materials at greater distances. This can result in discomfort or other indications of eye problems. Dr. Friendly says there are signs that indicate a need for examination: eyes misaligned; turning the head or tilting it to one side to improve vision; placing the face excessively close to reading material; closing or covering one eye; or excessive rubbing or blinking of the eyes.

WANT ADS

SWCD News

DROUGHT! There is probably no word in the English language that arouses more worry and fear among farmers and ranchers. Most agriculture people are more than willing to fight the majority of problems associated with farm and ranch operation problems such as predators, increasing costs, insects, diseases and numerous others. However, when hot winds blow, dust boils up from parched fields, and the sky simply will not let go of its precious moisture; the feeling of defeat is almost overpowering.

Many farmers and ranchers can remember the severe droughts of the 1930's as well as the 1950's. They know how bad it was then. But, since we have recently had some good years, it is only human nature to forget those bad years. At present, though, Texas and several other states are experiencing a drought of varying intensity. In some areas the conditions are already as critical as they were during the worst of the 1950's.

The lessons learned from the droughts of the 30's and the 50's have resulted in conservative stocking rates for most ranchers since that time," according to Gary Briggs, Range Specialist with the Soil Conservation Service in Pampa. "However, conservative stocking is not enough to enable ranchers to survive the bad effects of a drought without damage to the forage resource. This is the reason a drought plan is such an important part of any sound ranching operation."

Drought plans provide for controlled reduction of livestock numbers before forage supplies are depleted. A sound drought plan should consider when the plan will be initiated. The plan should be initiated early enough that forage resource does not suffer permanent damage. The dates will vary with each ranching operation and resource.

In addition, the rancher should consider exactly what action will be taken as a result of the drought. Will all or a percentage of the livestock be sold? Will livestock be confined and fed in a drylot condition? Will calves be weaned early and sold? Will livestock be moved to a reserve ungrazed pasture? Will additional forage be leased? There are a number of options based on the individual ranching operation.

The ranchers should also determine what set of circum-

"Sales and Loans Are Our Service"

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM PRES. BEREAH BIBLE SOCIETY CHICAGO, ILLINOIS 60633

MORE THAN CONQUERORS

Two boys fight in a back alley. Fists fly. Shouts go up from the other kids standing by. "Give it to 'im! Let 'im have it!"

Finally one of the two walks away with a cocky bearing, head and shoulders wagging. He has won!

But has he? Look at him. He has a bloody nose, a black eye and welts on his face and arms. And if looks could kill he wouldn't even be alive, for while his friends shout his praises, the boy he has beaten gives him a look that says: "Just wait!" He has not won anything except, perhaps, a bitter and lasting enemy.

So it is with the wars that nations wage against each other. Necessary as it sometimes becomes to defend our liberties, our homes, our way of life, by force of arms, seldom does any nation actually win in war. Rather all lose, even the "victors," as in their "victories" they sow the bitterness and hate which are the seeds of future wars.

It is different, however, with "the good fight of the faith," for the Christian may come out of every battle stronger than when he went in. Only the Christian can say with regard to the heartaches and disappointments, the sickness, the difficulties and obstacles, that cross his path: "Nay, in all these things we are more than conquerors, through Him that loved us" (Rom. 8:37).

During Paul's busy ministry for Christ he suffered a painful "thorn in the flesh," and "besought the Lord thrice" that it might be taken away. The Lord did not see fit to remove the thorn, but answered Paul: "My grace is sufficient for thee, for My strength is made perfect in weakness" (II Cor. 12:9).

Paul's response: "Most gladly therefore will I rather glory in my infirmities, that the power of Christ may rest upon me. . . I take pleasure in infirmities. . . for when I am weak, then am I strong" (Vers. 9,10). Let all go well, and we are prone to grow careless in our Christian lives. Adversity, on the other hand, makes Christians pray the harder and lean the more—and therein lies their strength and their victory.

Steers-Wolverines To Scrimmage August 21

For the first time in many seasons, the Farwell Steers and Texico Wolverines will play football on the same field, on the same night at the same time. The Twin city scrimmage is slated for Thursday, August 21, at 6:30 p.m. at Steer Stadium.

Some natural competition exists between the students of the two schools, but this was minimized by coaches of both squads. Instead, Coach

David Lynn of Texico pointed out, "We want to take advantage of this opportunity to be looking at players in different positions, and different combinations of players."

"I see this as any other scrimmage," Steer Coach Randy Adrian said. "It's a chance to see how well players have picked up on the fundamentals taught in practice," he added.

Workouts at both schools are going well. Coach Adrian emphasizes getting the timing right, knowing the rules, and executing the plays correctly. He continues to stress health, incorporating muscle and body-building exercise into his program, as does Coach Lynn. Lynn uses agility drills, basic calisthenics, offensive and defensive drills, running, throwing, and kicking to prepare the grid players to

test their mettle in their first scrimmage.

Of course, the community turnout for the event is expected to be very good for two reasons. Parents and boosters from both communities support all games; convenience of location will contribute to a large crowd, and also, this is the first time in many years the two teams have scrimmaged each other.

Ready For Action

Farwell High School Steers plan to be ready for anything by the time their first scrimmage session with the Texico Wolverines arrives. The two teams will play Thursday, August 21, at 6:30

CDT at Steer Stadium. During two-a-day practice, Coach Randy Adrian prompts line-men Richard Carpenter, Byron Mayfield and Mac Langford to be ready to "hold that line."

Civic Leader Tour - -

Mayors Visit USAF Facilities

Mayor John Hadley of Texico and Mayor Walter Kaltwasser of Farwell came home more knowledgeable and suitably impressed with our nation's defense capabilities after touring the facilities at Peterson Field, Co., and Nellis AFB, NV.

Accompanying the local men on the tour were 41 other civic leaders, including Mayor Schaffer of Portales, Mayor Murray of Clovis, and Mayor Cooper of Melrose.

The consensus was that the excursion, which was financed by the individuals, civic groups, and city councils was well worth the expense. The civic leaders felt they came away better equipped to understand and make decisions regarding the communities' role in national security.

is responsible for providing strategic warning of missile attack to the President, surveillance of space, and providing limited defense against bomber attack.

In order to command this post most efficiently, the general in charge serves a three-to-four year tour, is on call 24 hours a day, and can voluntarily refuse vacation leave, which most do.

It was at NORAD that the group learned that should there be a missile attack, the U.S. would have 30 minutes

in which to act. It was also pointed out that currently the United States trails the Russians in military force and that most of the U.S. military strength is deterrent, not offensive.

NELLIS AIR FORCE BASE

The civic leaders spent all one day observing the activities of the ACMI (Air Combat Maneuver Instrumentation).

One of the maneuvers involved a strategy called Red Flag. In this activity the U.S. military gets experience in

thinking, and acting as an enemy force. Like a practice football game where one team plays both parts, offensive and defensive, the special value of this activity comes from understanding how the other side thinks.

The over-all reaction of the mayors of the Twin Cities was that Americans can feel proud of the quality and dedication of the country's Armed Forces and that each U.S. citizen needs to keep abreast of the developing needs in military support.

Ready, Set, Go

Green and White hopefuls Todd Gerles, Willie Bibbs, and Herbert Bibbs work on strategy under the direction of Wolverine Coach David

Lynn. Putting the team through their paces with agility drills, offensive and defensive drills, Lynn says the Wolverines are "looking good."

Volleyball - -

Texico Outsiders To Host Tourney

The Texico Outsiders Volleyball team will sponsor a Men's and Women's Jungleball volleyball tournaments August 25, 26, 28 and 29 at Texico School.

There will be a men's 8-team bracket and a women's 8-team bracket. Each team will be guaranteed three games. Entry fee is \$20 and each player will pay \$1.00 admission at the gate. Students will be admitted for 25 cents.

Team trophies will be awarded for first, second and third places in each bracket. The first place team will be given six individual awards.

Six games are scheduled each night starting at 5:30 MDT. Each game will have a

10-minute limit with two minutes between each game. A match will consist of three games. To win the match the team must win two of the three games.

To enter, contact Michael Littlejohn at 482-9365 or 482-9500, or Kenneth A. Shaw at 482-9365 or 482-9970, or write to either at P. O. Box 237, Texico, N.M. 88135.

A list of each team's participants must be submitted before its first game.

The first 8 men's teams and the first 8 women's teams that sign up and pay the entry fee will be accepted. Entry fee deadline will be August 22. "No exceptions," say the sponsors.

TSTI - -

Fall Registration September 2 And 3

Registration for Texas State Technical Institute Amarillo campus fall quarter classes will be September 2 and 3 at the TSTI gymnasium from 9 a.m. to 4 p.m. each day.

TSTI-Amarillo offers technical-vocational training in 18 programs. Associate of Applied Arts or Science degrees can be earned in 12 programs of study: Auto Mechanics Technology, Boot & Shoe Operations, Commercial Art in Advertising, Construction Technology, Diesel Mechanics Technology, Drafting and Design Technology, Electronic Systems Technology, Industrial Maintenance Technology, Interior Design Technology, Printing Technology, Technical Office Training, and Welding and Fabrication.

Mechanics, Auto Body Repair, Cosmetology, Meat Processing and Marketing, Professional Truck Operations, and Saddle and Tack Making.

Night courses for credit toward a degree or certification will be offered in Aircraft Mechanics, Auto Body Repair, Auto Mechanics, Electronic Systems Technology, Professional Truck Operations, and Welding and Fabrication Layout.

Requests for information concerning Fall Quarter registration should be directed to the Texas State Technical Institute's Office of Admissions.

Mayors Tour USAF Academy

Celebrating its 25th anniversary, the United States Air Force Academy at Colorado Springs, Colo., shared some of its natural and man-made beauty with visiting civic

leaders. The touring mayors were hosted by the Command of NORAD who concluded the excursion with a tour of Nellis Air Force Base, Nev.

Walter Kaltwasser of Farwell and John Hadley of Texico were among the area civic leaders touring the military facilities.

View Of NORAD

The NORAD installation in Cheyenne Mountain in Colorado was one of the military facilities recently visited by Walter Kaltwasser, mayor of Farwell and Texico mayor

John Hadley on a tour of some of the country's military installations given for civic leaders. This cutaway view shows the underground city built into the mountain.

Surveillance data from sensors all over the world flow into the center daily through 16 million miles of defense communication lines.

11th Annual - -

Penny Anderson Golf Tourney This Weekend

The 11th annual Penny Anderson Golf Tournament will take place at Farwell Country Club this Saturday and Sunday, Aug. 16 and 17.

The third, fourth and fifth flights will tee off at 9 a.m. and the championship round will tee off at 2 p.m., Jim

Berry announces. Among the 64 entrants, there will be some returning winners from last year's tournament.

Entrants and club members will enjoy a barbecue meal complete with corn on the cob, Saturday night, Berry said.

"Tallahassee" is the Indian name for "old town."

Practice Makes Perfect

Seen here at a summer practice session are seven of the 17-member Wolverine Rifle and Flag drill team: Left to right are co-captain, Brenda Morris, Valda Cavalero, Christi Barfield, Captain

Dana Morris, David Martinez, Brett Southard and John Thomas. The group, which is directed by Anna Southard, performs with the Varsity Band at all home games and at some road games.

Labor Day Weekend - -

Boys Ranch Ready For Annual Rodeo

The young cowboys at Cal Farley's Boys Ranch are getting ready for their 36th annual rodeo that will be held over the Labor Day weekend. About 150 contestants will be seen in the riding events, competing for the best times on bareback broncs, Brahma bulls, steers, calves and stick

horses. It is the only rodeo of its kind in the nation. The only contestants are boys riding professional rodeo stock under R.C.A. rules. The rodeo is also a traditional homecoming for the Ranch's graduates. More than 3,000 have lived there since 1939. Most sections of the rodeo

arena were covered with a roof last year to provide protection from the elements, and the general admission sections were enlarged to accommodate an extra 150 people. For those wanting to eat lunch before the rodeo, boys will prepare and sell Texas-sized barbecue beef plates for only \$2.00.

Reserve box seat tickets for \$3.50 have gone on sale at the Boys Ranch Office, 600 West 11th Street in Amarillo. They can be obtained by calling 806/372-2341. General admission tickets are \$2.50 for adults and \$1.00 for children six through twelve. Performances are scheduled for 2:30 o'clock each afternoon.

AROUND THE TWIN CITIES

Saturday and Sunday, Aug. 16 and 17, the 11th annual Penny Anderson Golf Tournament will be held at Farwell Country Club.

Tuesday, Aug. 19, Farwell Hospital District Board will meet at the Farwell Convalescent Center at 8 p.m.

Monday, Aug. 18, Texico School begins.

Thursday, Aug. 21, Farwell School begins.

Friday and Saturday, Aug. 22 and 23, the High Plains Jr. Rodeo Association Finals will take place at the Farwell Arena, sponsored by the Farwell Jaycees.

Saturday, Aug. 23, the annual Achievement Day for Pleasant Hill and Texico 4-H clubs and Texico FFA will be held at Texico school.
