Border Banter

By Mike Pomper

Trashy topic

I guess today's column could be termed the trashiest I've ever written. I hope it doesn't offend your sensibilities too much.

Trash and garbage are not subjects most of us discuss. You either take it out back to burn (Farwell) or you put it in a polycart for pickup (Texico). Since Texico has a pretty good thing going with its service, this column really is for Parmer County folks.

From what I've been hearing at the Farwell City Council meetings lately, it's only a matter of time, either months or years, when burning will be taboo. Currently, cities the size of Farwell are too small to fall under the "no burning" provisions. But that apparently will change and none of us - even if we live on farms - will be allowed to legally burn.

First off is the course I'd recommend, similar to what Texico has: hire a service to pick up the trash and cart it away. Waste Control hauls Texico's garbage to Clovis. But they aren't in a position to haul Texas trash to a New Mexico landfill.

(See related story in Parmer County Commissioners' report in today's paper.)

Possibilities: develop a landfill here and let Waste Control or another service use it. Or find a service with its own landfill, if that's possible.

I use the word landfill carefully because there's a world of difference between a landfill and a dump site.

Dump sites, such as the one the state ordered closed in Lazbuddie, are on their way out. Landfills, which are run according to strict sanitary guidelines, are what the order of the day will be.

Dump sites are cheap and easy to maintain. Landfills are expensive.

And, for example, if a service out of Amarillo or Lubbock will come down here and pick up the trash in big containers and then haul it back to where they came from, that would be ideal. That could happen.

But if it doesn't, and we need a landfill, then I hope that the Parmer County Commissioners call a meeting with officials of Bovina, Friona and Farwell to plot the course for a county landfill.

I think it would be a mistake for the three small cities to go their own way and try to handle the problem individually. Make that a costly mistake.

If we can find a service to come here, take our trash, and cart it away, great. If not, and a landfill is needed, then let's work together.

It would benefit all our citizens.

We've been informed that the Calvary Missionary Baptist Church in Farwell is closing.

Tracey Askew

The Lubbock Avalanche Journal named Tracey Askew and Leslie Steward to the All Eastern New Mexico Team. They also named Askew the Player of the Year.

Some trash to be hauled

The Parmer County Commissioners Tuesday voted to have an Amarillo firm haul trash from a county bin on a trial basis.

The 8x8x30 foot bin has been placed off Highway 214 just south of Friona. Amarillo Waste Management is leasing it to the county. The company will charge per load to haul trash away on the trial basis.

County Judge Porter Roberts said if the trial period works out, then the county may buy bins.

Trash pickups have become a topic since the Lazbuddie dump site was closed. Roberts said no bin has been placed in the Lazbuddie area yet.

County commissioner Ernest Anthony has leased land for a year off Highway 214, with an option to lease it for 10 more years.

In other business at the

meeting, the four school superintendents turned in a scholastic census that was approved by the commissioners.

The census will be used as a basis for apportioning the Permanent School Funds, which will be divided up among the four schools. The \$982,000 will be split thusly: Friona - 49.74%; Bovina, 20.19%; Farwell, 19.47%; and Lazbuddie, 10.60%.

The next step is for the schools to present their plans to the commissioners on how they plan to spend their apportionments, either for permanent improvements or for reducing bonded indebtedness.

The commissioners also approved a resolution pushing for a constitutional amendment saying that if the state mandates programs, then they have to appropriate funds to do so.

Texico seeks used backhoe

The Texico City Council continued its charge to make civic improvements at its Tuesday meeting:

- Mayor Steve Chancy has met with SPS Manager Jim Martin about adding street lights on the north side of the highway. The paperwork has been initiated and the project is in the works.

- Capitol improvements for the future were discussed, including building a new city barn, street improvements and adding land for the cemetery.

- Decided to advertise for a use backhoe (see legal in today's paper). City employee Ron Rowe will attend a backhoe operator's school in June in Roswell.

- Voted to condemn part of a house recently moved in to the city on lots 1, 2 and 3, Marshall addition.

- Met with state building inspector Bill Nance and Lewis Cooper, representing the city's Chamber of Commerce, to discuss renovating the community center. It appears that Rowe will be doing much of the work. Also, the city will meet with more contractors about the best way to handle the east wall problem.

In other business, the council:

- Approved a variance for Debbie Autrey to place a

mobile home at 512 Garwood and operate a beauty shop. No comments were received from site neighbors.

- Approved an ordinance to clarify existing policy on minimum water rates for volunteer firemen.

- Changed the date for the second meeting in April from the 25th to the 24th so it won't conflict with the Chamber of Commerce annual banquet.

Fiske to leave

Virgil Fiske, minister at the Farwell Church of Christ for the past three years, will be leaving in June.

He has taken a ministerial post at the Eagle River Church of Christ. Eagle River is a suburb of Anchorage, Ala.

The Fiske family - wife Jacki, daughter Sarah and sons Caleb and Jacob - will be leaving the last day of school in June.

Appreciation dinner slated

The Farwell 4-H'ers will have an appreciation dinner Saturday night at 7 at the Farwell fire hall.

Invited are all contributors to the Farwell Championship Club and buyers, too.

What to do about measles

Here's a measles update:

Texico

School nurse Jeanne Kriegshauser reports that the Public Health Department recommends that persons born after 1956 be vaccinated or re-vaccinated with measles mumps rubella vaccine if:

1. They received their most recent dose of measles vaccine before 1989; or

2. They received their most recent dose of measles vaccine before 15 months of age.

Vaccinations will be given at the Public Health Department, 812 W. 12th Street (the old hospital in Clovis) on Monday- Thursday from 8-11 a.m. and from 1-3 p.m. and on Friday from 8-11 a.m. this week. If your child is under 18 years of age, he must have a parent with him.

The school will allow your child to leave school to obtain this vaccination. Please bring the date received to the secretary in your school so that it can be recorded.

It has been requested that Texas residents get their shots in Texas because there is a limited amount of vaccine.

Farwell

Nurse Sarah Owen reports that the Texas State Health Department only recommends getting a measles shot if the person is under 30 years old and has either never been vaccinated against measles, or that the person received a measles shot before 15

months of age.

"They say the shots are about 90% effective for those people who got shots between 12- 15 months of age. The shots were 95% effective for those who got their shots after they were 15 months old.

"For a while they were saying that people vaccinated before 1980 should get a shot, but now the state health department has changed that advice," said Mrs. Owen.

Measles vaccine is available from Dr. Paul Spring at the Parmer County Health Department in the County Hospital in Friona from 9-11 a.m. and from 2-4 p.m. Children under 18 must be accompanied by their parents.

Vaccine is also available from the Texas Health Department in Muleshoe. It is located west of the courthouse. They give shots on Tuesdays. Children under 18 must be accompanied by a parent.

It has been requested that Texas residents get their shots in Texas because there is a limited amount of vaccine.

Preparing students for today's world

Texico Vocational/Agriculture students have been studying some new things this year.

The sophomores in Shop I were divided into three sections. They have 6 weeks of bricklaying as taught by George Herington, and they also have 6 weeks of welding and 6 weeks of electrical instruction as taught by Eddie West.

"Regardless of what these students do when they leave here, they can use these skills around their homes," said West.

Most of his students enjoy learning something that they know they will find beneficial. West also noted that some students who do not normally in academic pursuits really excel at these projects. He enjoys seeing such students become involved in his class.

The sophomores are not the only ones learning bricklaying. This year the seniors are learning it, too. They practice making level walls with good strong bonds. The shop is set up with boards and plumb lines and wheelbarrows full of mortar.

The seniors are also learning some electronics. "Today cars and combines have computers and electronic switches in them," said West. "We hope to prepare the students for the world they will live in."

They held the lead during the first three quarters of the game, but the Warriors made a comeback in the fourth quarter, and nearly won the game. The Warriors pulled ahead with 37 seconds left in the game.

Key free throws by Tyrone Gooden and Pat Chumley in the last 30 seconds clinched the 43-42 victory for the Wolves. The Warriors tried to come back in the final seconds, but they missed their free throw.

Scoring for the Wolves were: Tyrone Gooden, 8 points, 3 steals, 3 rebounds, and 2 assists; Pat Chumley, 9 points, 1 steal, 9 rebounds, and 4 assists; Raymond Attaway, 6 points, 11 rebounds, and 5 assists; Cody Drager, 6 points; Jose Maldonado, 6 points, 5 steals, 6 rebounds, and 1 assist; Clyde Jenkins, 4 points, 2 steals, and 10 assists; Brad Foreman, 4 points, 1 steal; Brett Littlejohn, 1 steal and 1 rebound. Clay Lewis was not able to be at the game.

GREETINGS..

After much consideration, we have decided to "cast our lot" with the people of the Texico-Farwell community as successors to Mr. and Mrs. D. W. Bagley, as wholesale representatives of the Phillips Petroleum Company.

Having had considerable experience in the oil and gas business, we feel that we are not entering a field with which we are unfamiliar. However, we realize that getting acquainted in an entirely new community is no small undertaking.

And for that reason, we are sending each of you of this community this greeting. We want to know each of you better . . . we are going to make your acquaintance just as rapidly as humanly possible. We want to extend you an invitation to drop in and get acquainted whenever it is convenient for you.

With your cooperation, we believe that it will be possible for us to continue the highly efficient service that you have enjoyed in the past, and to that end we solicit a continuation of your loyal patronage.

School Board opens bids for renovations

The Farwell School Board Tuesday opened bids on renovation jobs to be completed this summer.

The board empowered Supt. John Grigsby to make the final decision on the roofing bids for the junior high school roof.

The board narrowed its choices to Clark Roofing of Amarillo for \$15,196 and Parsley Sheet Metal of Pampa for \$18,900. If all things are equal they will accept

the Clark bid, but they left Grigsby with some discretionary powers.

The board also accepted bids on a window renovation project for the junior high school, the cafeteria, and the administration office. Packard Supply, Inc. of Kress bid \$76,139 on the job.

The board passed a motion on personnel. In the future, they will not assign spouses to buildings administered by their husbands. Those who already are assigned to teach under their spouses will be not be required to change their positions.

The board accepted a bid from Town and Country Insurance of Farwell for the school's insurance coverage. They voted to drop personal injury protection because the attorney general of the State of Texas has issued an opinion that it is unconstitutional for school districts to carry personal injury because it waives government immunity in such cases.

'A Healing Touch'

Barry Wood

The First Baptist Church of Farwell will sponsor a revival meeting called "A Healing Touch," featuring Barry Wood April 2-6.

The revival will be kicked off by an "Old Time Gospel Celebration" at 9:45 a.m. on Sunday, April 2.

It will be followed by four days of special family conferences aimed at healing and drawing families together.

Wood's first two sermons offer help for parents. On Sunday evening, Wood will speak at 6:30 p.m. on "How to Bless Those We Love." On Monday he will preach at 6:30 p.m. on "How to Build Self-Esteem in Your Child."

The second two sermons offer help for youth. On Wednesday, the topic will be "God, Sex, You & Your Body," and on Thursday, the topic will be "How to Know You Are Really in Love."

For over 20 years, Barry Wood has been speaking to young people about God's answers to life's questions. Barry has spoken in school assemblies in hundreds of towns and cities across America. It is estimated that over two million teenagers and college people have heard him speak.

Barry is the author of four current books entitled Questions Teenagers Ask About Dating and Sex, Questions Non-Christians Ask, Questions New Christians Ask, and Questions Christians Ask about Prayer and Intercession.

He has been a radio personality in Lubbock, Texas where he was a Sunday night disc jockey on KFYO Radio and KSEL Radio, playing contemporary Christian music as well as the best of today's secular music.

Over 40,000 teenagers in 12 states have attended Barry's Dating and Sex Seminar since 1978 when the seminar stated (an average of nearly 6,000 a year).

Barry is a former pastor

Farwell Convalescent Center Chit Chat

By Lynne Gann Activity Director

April is upon us and spring is in the air. Already, the trees are budding out, bulbs are blooming and grass is needing to be mowed. The warm weather is so inviting several of our residents go out and sit at the front entrance, enjoying the afternoon sun. What a pleasure from the cutting chill of the winds!

Our birthday party is the 31st, this Friday, at 3 p.m. The Border Town Four will be here to play for us. Their lively music makes our party a much looked forward to occasion. This month, we have 10 birthdays so it will be a big group at our birthday table. We do hope you can come and join us.

The floral arrangements of spring flowers for our dining room and lobby tables donated by the F.C.C. Auxiliary for Easter are an added touch of spring inside our facility. Our thanks to the Auxiliary for their thoughtfulness.

The Easter cards sent by the Bovina Church of Christ and the Texico U.S. history class of '89 were enjoyed by all. We do appreciate your thinking of us and hope to see each of you to express our thanks in person.

We hope to see a few new faces at our birthday party Friday. Maybe it will be you!

Farwell trackmen place 6th at Olton

Farwell High School Boys' Track Team placed 6th at the Olton Track Meet with 42 points.

"This meet was much more competitive than our first meet," said athletic director Rex Cumpston. "Times improved significantly for most of our kids. This was the first meet for some of our kids, so we will continue to improve. Our team score would have been higher because our sprint relay qualified 3rd, but we had a bad exchange and dropped the baton in the finals. That will not be a problem though, because that was only the second time this year those kids had run together. They will get it down. Overall, I was very pleased with the group."

In the 110 m. high hurdles, Greg Actkinson finished 4th with a time of 16.44.

In the 100 m. dash, Curtis Chisom finished 3rd at 11.26, and Shawn Stewart finished 4th at 11.47.

In the 200 meter dash, Curtis Chisom finished 2nd at 23.12.

In the high jump, Curtis Chisom was 4th with a 6' jump.

In the long jump, Curtis Chisom finished 4th with a jump of 19' 11 3/4", and Darren Haseloff was 6th with a jump of 19' 5 3/4".

Jeff Actkinson placed 3rd in shot put with a put of 46' 2".

Bruce White finished 3rd in discus with a throw of 126' 11 1/2".
