

Border Banter

By Mike Pomper

Traffic mess

A guest column from wife Judy:

A mother recently asked us to write something about the traffic problem near Farwell Elementary School because her son narrowly missed being run over by a car when he was being dropped off. We hope that the school board will address this problem again.

The traffic flow patterns near the Farwell Elementary School are terrible. The school needs a place off the road for parents to drop children near the door. Many schools have large circular driveways so that parents can drop off students near the door, but not affect the local traffic. As it is now, local residents dare not try to get home before or after school.

Currently, all of the littlest children are dropped off at the east side of the building. Teachers' cars are parked in front of the door, so little ones have to dart between parked cars to enter or exit the building.

The street on the south side of the building is blocked off, so people may not come or go that way, funneling more people to the intersection between Farwell Elementary School and Farwell Junior High.

The school board had proposed earlier that some of the streets be designated one-way streets, but that plan was not carried out. No signs were put up. Because that plan would have caused a hardship for junior high students who come to school carrying books, band instruments, gym bags, and projects, it was never a very popular plan with parents or children.

But the key factor in the lack of follow-through on the traffic plan is the lack of enforcement. The County Sheriff does not have jurisdiction over municipal ordinances. Farwell has no law enforcement officer to make any plan work.

Here are some things that the school system could do without the assistance of law enforcement agents.

1. Require all teachers to park in parking lots.
2. Design a workable traffic plan for elementary and junior high students.
3. When funds allow, add a driveway next to one of the doors of the elementary school so that little children may be dropped off next to the door without stopping the traffic flow.

This has been a heckuva flu season, hasn't it?

I haven't been immune, either. In fact, I can barely recall what it means to be in good health.

Anyway, our pharmacist, Steve Breckenridge, shared a couple of facts about the flu with us. See if they sound familiar.

"The flu is a mild infection of the nose, throat and lungs which spreads quickly from person to person. It strikes millions every year, especially in the winter months.

"The usual symptoms of the flu are weakness, cough, headache, fever, chills, muscle aches and watery eyes.

"For most people, a few days of bed rest, plenty of fluids and a pain reliever will be the best treatment. Due to the possibility of developing Reye Syndrome, children and teens should be given a non-aspirin pain medication to relieve flu symptoms.

"If fever persists, your doctor should be called since this could indicate a more serious infection is present."

A Clovis man who apparently shot himself Monday has worked at Sherley-Anderson-Pitman in Farwell for the past 16 years.

Raymond Garcia, 1320 Hull, is reported in critical condition at Clovis Hospital.

Winkles retires

Texico Postmaster Weldon Smith, right, congratulates Rada Winkles, who retired last week as a clerk in the postal office after 24 years of service. They are looking at a congratulatory message from Arnold Elias, of the U.S. Postal Service.

Texico topic: the outer limits

Interestingly, the main topic at Tuesday's Texico City Council meeting concerned an area outside the city.

Councilman Oran Jay Autrey reported for the second time this year he has received complaints that the city has done nothing to maintain a road just outside the southern city limits. It's called "Avenue F" at its eastern-most edge.

The road is in disrepair. City Attorney Duane Hamar said the city cannot maintain roads outside its limits.

Autrey said he was told there was an agreement with the city that it would maintain the road.

Hamar said he has never seen any such agreement and knows nothing of one. At Autrey's request, he will check his records, though.

Three years ago, the same matter was brought before the council. The result was that county commissioner Lucinda Bonney had a county crew work on the road.

But apparently that caused a major problem in that the county dug a ditch alongside the road - on private property. The road has never been deeded to the county.

It was suggested Tuesday that residents who live along the road call the county for aid.

The topic also brought up a problem for Texico: it has no definitive southern boundary. In a nutshell, the city doesn't know what homes are in - or out of - the city at its southern edges.

Three years ago, an attempt was made to define the southern boundary - but it failed. A surveyor found various markings and couldn't ascertain which were the correct "stakes."

If the city tried to define it, it could lead to lawsuits

from some home owners who presently feel they are just outside the city limits.

In other business, the council:

- Approved a variance for Miguel Navarrete to place a mobile home at 517 State. The council received 9 returns from neighbors - 7 favored it and 2 were opposed.
- Was told by Cara Costillo that she planned to move a mobile home from 306 7th St. in Farwell to 827 State St., just south of her husband's work shop. No variance is needed.

- Received two bids for air conditioners for the community building. Since one bid contained an estimate for wiring, and the other didn't, the matter was tabled.
- Received two bids from surveyors for surveying an exchange of land around the cemetery (the city plans to buy 3 acres east of the existing cemetery). Since the two bids were on different criteria, they were tabled and new criteria will be drawn up.

- Heard Mayor Steve Chancy report that Waste Control will continue to handle Texico's trash and also residences in the county who are billed by Texico. Other county accounts have been sold by Waste Control to another firm.
- Heard Chancy report that the 911 emergency number may be installed in Texico sooner than December.
- Amended the election resolution to include paper ballots rather than voting machines. The ballots are needed due to the write-in candidacies.

- Heard Chancy report that some places within Texico aren't able to get cable TV hookups. He will check into this.

Farwell may help business expand

Farwell city government will attempt to help a local business expand in Farwell instead of setting up a manufacturing facility in a major Texas city.

At Tuesday's Farwell City Council meeting, councilman Fred Chandler said he had called Mayor Chris Gikas to see if the city could help an unidentified Farwell business expand its operations here, rather than move them elsewhere as apparently has been indicated.

Gikas appointed Jerry Monk, Don Williams, Jim Berry and himself to work on the project.

Chandler pointed out that it's easier to help a business already established here to expand rather than get a new industry to move here.

In other business, the council:

- Set the city election date for May 5. Three 2-year council terms, held by Chandler, Martin Kube and Gloria Hutchins, will be on the ballot. Filing opens Feb. 19 and ends March 21.
- Renewed the franchise agreement with SPS for 25 years.
- Agreed to send city judge Willie Dannheim to a seminar

in March in Odessa, Texas.

- Approved the annual audit report presented by CPA De'Aun Willoughby. It showed an ending fund balance, as of Sept. 30, of \$308,702.

- Approved an easement in the alley between 2nd and 3rd streets for Gene Christian. He has purchased a home in the 400 block of 3rd Street and found that the back fence protruded into the alley.

- Ended up with 18 applications for the police post. Gikas asked the councilmen to present their top three choices to him this week so he could make background checks. The council will meet in two weeks on the proposed post.

- Heard street Supt. Dee Hammit report that the curb at the intersection of Avenue B and 3rd Street will need replacing this summer. The Grain Exchange will work with the city on this, he said.
- Had planned to meet with Larry Cochran on a proposed rate hike by Southern Union Gas but Cochran reported he hasn't received an official notice yet.

Recommended cutbacks

Here is the complete list of budget cutbacks recommended by Grigsby:

If all cutbacks were okayed, it would total \$188,000. However, the "target" for this year is \$141,000. The \$141,000 includes cutbacks already made (including Nos. 1 and 2 listed below) which total about \$40,000. Thus, in order to meet the "target" this year, the board needs to cut about \$100,000 from the list below.

1. Eliminate position of administrative officer (this was done last month).
2. Counselor position to half-time (this was done last month).
3. Combine the two posts of transportation director and maintenance director.
4. Eliminate one cafeteria post.
5. Eliminate one language arts post at the high school.
6. Move the pre-kindergarten employe to half-time. Discontinue the high school Chapter 1 / health / junior high physical education. These services, if continued, would be served by other existing staff members.
7. Eliminate one principal post. Final determination of reorganization should be reserved for new administration (Grigsby has resigned as superintendent, effective in June; the board currently is seeking a new superintendent).
8. Reduce vocational ag contract from 12 months to 10 months.
9. Eliminate the post of paid library aide and use community volunteers.
10. Discontinue several Regional XVI contracts: drug free schools co-op, G/T co-op, Title II math - science co-op, and state compensatory technical assistance. The elimination of these contracts will reduce our budgeted amount by about \$7,100.
11. Twenty percent reduction in expenditure budgets for all campuses in several areas.
12. Reduce the local insurance stipend from \$50 per month per participant to \$25 per month. Although this is an important benefit, this is a benefit reduction rather than elimination. Also, in looking at our staff, this is an item that will actually affect fewer staff members directly than other cuts.
13. Eliminate part-time custodial post.

Summary: Acceptance of these recommendations will reduce the district budget by about \$190,418.

Other recommendations:

1. In order to generate more vocational funding, I recommend that all freshmen and-or sophomores be required to take one year of vocational ed courses. Also, all students should be required to take not less than one vocational course or business education as a requirement for graduation.
 2. In order to use alternative funding sources available locally, I recommend that the concession stand revenues be rotated and alternated between the individual campuses and the individual classes. In this way, revenue generated can be used for educational purposes rather than individual class projects.
- In addition to Grigsby's recommendation, some of the elementary teaching staff also put forth a list of cutbacks. They were:
1. Sell new car (use driver's ed car).
 2. Booster Club stand - use money to cut athletic budget.
 3. Personnel cut - administrator's office (one helper), combine payroll, receptionist.
 4. Two options: A) eliminate a principal's post or B) have junior high and high school principals teach part-time.
 5. Eliminate junior high (out of town) ball games or limit mileage. Possibly just have a physical education program.
 6. Equalize athletic expenses with other sports.
 7. Do away with after-game meals for teams and coaches.
 8. Turn down heat on weekends.

funds raised by the athletes.

- Set March 12-16 as Public School Week. Open House will be March 15.

- Authorized advertising for bids on the repair of the high school roof.

- Discussed, but took no action, on the proposal that the concession stand be taken away from the senior class, and the funds be used for the athletic department. The item would be put on the agenda for later this year.

- Discussed but took no action, on the proposal that the concession stand be taken away from the senior class, and the funds be used for the athletic department. The item would be put on the agenda for later this year.

Schilling won't seek re-election to board

Farwell School board member Joe Schilling said Tuesday he does not plan to run for re-election in May. He noted that his youngest child is nearly finished with high school, and he feels it is time to move on to other things.

Roberta Johnson, whose post also is on the ballot, said she plans to seek re-election.

Obituaries

Christian Swoboda

Services were held in West Germany for Christian Swoboda, 84, of Schonwald, West Germany. He was employed in a porcelain factory in Schonwald for many years. He is survived by his widow, Elsa; a daughter, Ann Corn of Bovina; grandchildren, Ed Corn, Farwell, Doris Grissom of Fort Worth; and Heidi Taylor of Amarillo; and 5 great-grandchildren.

Lloyd Tharp

Graveside services for Lloyd I. Tharp, 78, of Clovis, were Saturday at Mission Garden of Memories Cemetery. Lon Hardy officiated. Steed-Todd Funeral Home handled the arrangements. Mr. Tharp died Feb. 8 at Clovis Hospital. He was born Jan. 28, 1912, in Port, Okla., to the home of N.L. and Nettie Tharp. His family moved to homestead near Clovis a few weeks later and he was a lifetime resident of Eastern New Mexico. He operated several farms and ranches in the area. He married Lucille Fly on July 28, 1931.

Surviving are his wife; a son, Jonathan, of Toluca Lake, Calif.; a brother, Ray, of Texico; 3 sisters, Viola Sterling, of Farwell; Mary Snow, of Vicksburg, Miss.; and Beth Howard, of Texico; and numerous nephews and nieces. Casket bearers were his nephews, Mark Howard, Greg Howard, Clint Tharp, Craig Tharp, James White, Gary Fly and Keith Hicks.

Memorial contributions may be made to a favorite charity.

Ad Cannon

Services were held for Ad Cannon, 66, of Farmington on Feb. 10 at Cope Memorial Chapel in Farmington. Jack Wheat officiated.

Burial followed at Memory Gardens Cemetery in Farmington. Cope Memorial Chapel handled the arrangements.

Mr. Cannon was born in Farwell on Dec. 9, 1923. He died on Feb. 6 in Farmington. He was formerly of Clovis before moving to Farmington in 1956. He was a cattle truck driver while in Clovis and a construction equipment operator in Farmington.

Surviving are his wife, Dorothy; 2 sons, Billy George Cannon, Sacramento, Calif., and Troy Cannon, Farmington; 2 daughters, Mary Durham, Kirkland and Connie Wheat, Oxnard, Calif.; 2 brothers, Milton Cannon and Joe Cannon; 4 sisters, Johnnie Jones, Martha Graham, Theta Shier and Barbara Nelson; 17 grandchildren and 7 great-grandchildren. He was preceded in death by a son, Roy, in 1968.

Farwell

(Continued from Page 1)

- Gave city employe Floyd Robinson an extra pay raise of \$50 per pay period due to his excellent work.
- Approved a proclamation honoring the Texico-Farwell Lions Club on its 40th anniversary.

County, state at odds

It appears the long-standing feud between Parmer County and the state of Texas over the former Lazbuddie dump site is about to end. First, Texas forced Parmer County to close the illegal dump. Then the state wanted \$2,500 as the legal fee involved.

At first, Parmer County wanted to pay nothing. Then it offered \$500, then \$2,000.

The \$2,000 apparently is acceptable to the state, it was reported at Monday's Parmer County Commissioners meeting, but there's a question of \$96 in court costs.

The state wants the \$96 extra. But there has been no court cost involved, the commissioners believe, so they don't want to pay it.

Stay tuned...

In other business, the commissioners:

- Opened four bids on the courthouse elevator construction. They accepted the low bid of TEC Construction, Amarillo, for \$91,600. Work will start in March and be over within 120 days. The current west door of the courthouse will be eliminated.

- Heard county clerk Bonnie Warren say she would schedule absentee voting in Friona soon.

- Agreed to sell a lot in Friona that it owned jointly by the county, Friona Schools and the city of Friona (it was tax delinquent property).

- Paid the annual fee to the area group handling indigent health care.

- Paid the handling fee for the commodity giveaway program.

- Passed a resolution designating the south door of the courthouse as the primary entrance (for tax sales).

- Paid \$300 to a West Texas coalition of counties and cities trying to curtail U.S. Environmental Protection Agency rules on dump sites. As things stand now, it's virtually impossible for Parmer County to have a landfill, for example.

The giveaway of commodities for Farwell area residents will be at the Farwell Community Center from 9 a.m. to 5 p.m. Feb. 15, noted county commissioner Robert White.

Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

These cases were heard by Judge Porter Roberts:

- On Feb. 8, Ernest Critchfield, 19, Friona, pled not guilty to charges of 2 counts of burglary. Bond was set at \$5,000 on each count. Case is pending before the grand jury.
- On Feb. 9, Jessie Garcia,

22, Friona, pled not guilty to charges of 2 counts of burglary. Bond was set at \$5,000 on each count. Case is pending before the grand jury.

- On Feb. 9, Epifanio Silva, 38, Friona, pled not guilty to a charge of public intoxication. Bond was set at \$50, but it was later forfeited.

- On Feb. 9, Salvador Velazquez, 22, Friona, pled guilty to a charge of public intoxication. Bond was set at \$50, but it was later forfeited.

- On Feb. 11, Juan Salas, 21, Bovina, was arrested on a charge of public intoxication. He pled guilty, and was fined \$75.

- On Feb. 12, Delton Rando, 27, Friona, was arrested on a charge of burglary of a habitation. He pled not guilty. Bond was set at \$5,000. Case is pending before the grand jury.

- On Feb. 9, Alberto Silva, 29, Friona, was arrested a charge of DWI open container. He pled guilty, and was fined \$350, court costs and 6 days in jail.

- On Feb. 10, Tony Morin, 26, Bovina, was arrested on a charge of DWI open container. He pled guilty and received a fine of \$350, court costs, and 6 days in jail.

- On Feb. 11, Eddie Raymond, 21, Friona, was arrested on a charge of DWI. He pled guilty and received a fine of \$250, court cost, and 3 days in jail.

- On Feb. 11, Diego Salas, 22, Bovina, was arrested on a charge of DWI. He pled guilty and received a fine of \$250, court cost, and 3 days in jail.

Also, Travis Bessire of Clays Corner reported someone had taken a new 16 foot utility trailer.

Courthouse Notes

These warranty deeds were filed in Parmer County last week:

Spec. WD- Celia Dee Lofflin-Jerry Dewayne Lofflin, part of Sec. 32, 33, NW 1/4 of T1N; R4E; Sec. 18, T4S; R4E.

Spec. WD- Richard Lynn Herring- Faith Ann Herring, all of the N. 40' of lot 3, part of lot 2, Blk. 6 Staley Add, Friona.

WD- Lee Romo- James Peace, et. al., all of the W 49.7' of lots 21-24, Blk. 6, Friona.

WD- Bob Clark, et. al.- Steven R. Clark, NW1/4 of Sec. 16, Blk. C, part of Sec. 2, T3S; R3E.

WD- Michael E. Chaney- Chris Ingram, lots 9 and 10; Blk. 49, OT, Friona.

Basketball tourney set

Texico High School will hold the second annual Texico Youth Basketball Tournament for third and fourth grade boys and girls and fifth and sixth grade boys and girls ages 12 and under.

It will be April 2-7 and 9. Entry fee will be \$25 per team. The deadline for mailing entries is March 9 so that schedules can be made up. Tournament schedules will be mailed no later than March 27.

Admission of \$1 for children and \$2 for adults will be charged at the door. Teams and coaches come in for free. A concession stand will be available at the Wolverines gym.

- * Planned personal insurance
- * Life, medical & universal life
- * Medicare supplements
- * Long-term nursing care

Lazbuddie Elementary School Citizens of the Month for January include: (front) Julian Chavez and Trey Nickels; (middle) Cole St. Clair and Jeffrey Seaton; (back) Deon Gallman; Shana Foster and Christina Martha. Not pictured is Kara Clark.

Lazbuddie Elementary School names Citizens of the Month

Students at Lazbuddie Elementary received ribbons and were honored recently on being selected Citizens of the Month from their homerooms.

They are: Pre-Kindergarten, Julian Chavez, son of Ramos and Maria Chavez; Kindergarten, Trey Nickels, son of Nickey and Debbie Nickels; 1st Grade, Cole St. Clair, son of Tommy and Jana St. Clair; 2nd Grade: Jeffrey Seaton, son of Jimmie Dale and Rickie Seaton; 3rd Grade: McAdams: Kara Clark, daughter of Danny and Martha Clark; 3rd Grade: Spencer: Christina Martha, daughter of Sergio and Blanca Martha; 4th Grade: Deon Gallman, son of Robert and Ellen Gallman; 5th Grade: Shana Foster, daughter of Lyndon and Stephanie Foster.

Anne Farris, principal, congratulated the students and commended them for showing qualities of citizenship.

Now that you're 40, can you receive any senior citizen discounts?

Happy Birthday!

Your loving siblings

Steers end campaign with 21-5 record

The Farwell Steers ended their 1989-90 basketball season with a 74-59 victory over Hart last Friday night.

The Steers finished the campaign with a sparkling 21-5 overall record. They were 6-4 in district. Going into the state playoffs are Hale Center and Abernathy, the two teams that handed Farwell its four district losses.

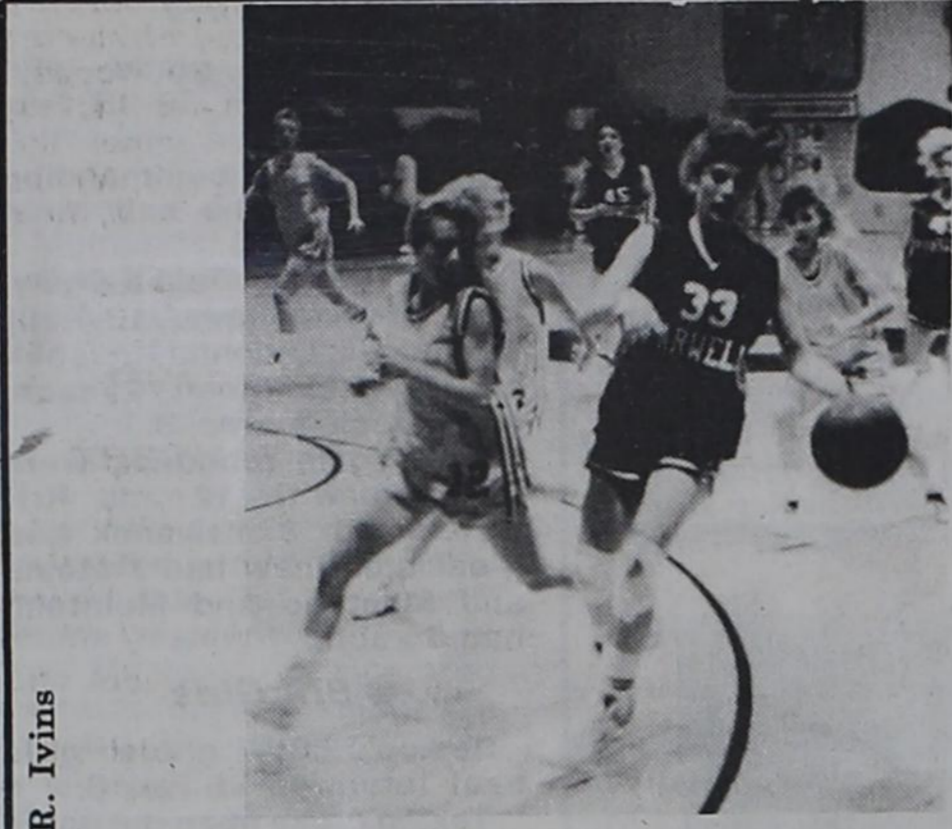

The game got off to a slow start. Neither team scored for nearly a minute and a half, and Hart managed to make the first basket, but the Steers quickly rebounded. By five minutes into the game they had a lead that they kept the rest of the contest.

Scoring were: Shawn Stewart, 19; Greg Actkinson, 15; Monty Delgado, 12; Adrian Smith, 10; Chad Byrd, 8; Michael Lovett and Darren Haseloff, 4; Shannon Pool and Sammy Herrera, 2 each.

The seniors started the game for Farwell.

Monty Delgado scored 415 points, averaging 16 points per game. He made 45 percent of his shots. He averaged 5 rebounds per game. Delgado made 60 percent of his free throws.

Greg Actkinson had 359 points, averaging 14.4 points per game. He shot 49 percent from the floor. Actkinson led

Lady Blue

Above, Amy Murray dribbles downcourt. At right, Misty Stewart takes a jump shot.

second in district. It was a good season, and I'm looking forward to a good year next year." Foster, 2, and Roger Billingsley, 1.

Varsity Girls

Hart's Lady Longhorns defeated Farwell 70-49 last Friday.

The Lady Blue ended the season with a 5-20 overall mark and 1-9 in district.

Scoring were: Amy Murray, 18; April Haseloff, 9; Molly Miller, 8; Misty Stewart, 6; Leslie Monk, 4; Lisa Gerles and Katrina Stewart, 2 each.

JV Boys

Farwell's JV beat Hart 75-35 last Friday.

At the end of the first quarter just 2 points divided the teams. But then Farwell pulled ahead strongly.

Scoring were: Cody Monk, 27; Kirk Fly, 13; Shannon Pool, 10; Kade Kent, 8; Ryan Williams and Marcus Sullivan, 6; Troy Cunningham and Matt

"The JV boys played good ball. They shot well, and did a good job running the fast break," said coach Rex Cumpton.

the team in rebounding with 10.1 per game. He averaged 59 percent on free throws.

Chad Byrd had 197 points, averaging 7.6 points per game. He shot 33 percent from the floor. He had 3.5 rebounds per game. He made 74 percent of his free throws.

Adrian Smith scored 114

points, averaging 4.6 points per game. He made 35 percent of his shots. Smith rebounded 2.3 times per game. He made 63 percent of his free throws.

Michael Lovett scored 94 points, averaging 3.9 points per game. He made 36 percent of his shots. Lovett averaged 2.9 rebounds per game. He made 47 percent of his free throws.

Darren Haseloff made 89 points, averaging 4.2 points per game. He made 33 percent of his shots. He had 2.3 rebounds per game. He made 63 percent of his free throws.

Shannon Pool had 62 points, averaging 3 points per game. He hit 35 percent of his shots. He had 3.7 rebounds per game. He made 58 percent of his free throws.

Sammy Herrera had 24 points, averaging 1.1 points per game. He hit 33 percent of his shots.

The Steers made 1,924 points this season as opposed to 1495 scored by their opponents. They averaged 74 points per game. The team made 46 percent of their shots, and averaged 36.6 rebounds per game. The team averaged 58 percent of their free throws. They made 15.6 turnovers per game.

"I really appreciate the contribution that the senior boys: Adrian Smith, Michael Lovett, and Sammy Herrera made to the team," said Gregory.

The Steers were ranked 13th in the state of Texas during the final week of play in spite of the fact that they did not make it to district playoffs.

This is the fourth year in a row that teams coached by Gregory have won at least 21 games.

Gregory said the Steers had amassed some pretty good stats for the season.

Shawn Stewart scored 551 points, averaging 21.2 points per game. He made 55 percent of his shots. Stewart averaged 3.2 rebounds per game. He made 61 percent of his free throws.

JV Girls

Farwell's JV girls beat Hart 46-32 Friday.

"They played a really good game. They really enjoyed it," said coach Patsy Camp. "The girls played with intensity, but they were complimented by a lady from Hart on their sportsmanship and attitude. As much as I enjoy winning, I appreciate that even more."

Scoring were: Lena Ortiz, 16; Sharla Lingnau, 10; Angela Cenicerros, 6; Liz Galvan, 4; Isela Mendoza, 3; Rosa Lara, 2.

Kristi Stanton and Shelly Bethel really had a "super good game," said Camp. "We tied Hale Center for

The Latest

There will be a Mexican Fiesta Dinner served by the UMYF immediately after morning worship service in the Fellowship Hall of Hamlin Memorial United Methodist Church.

The youth have been sponsoring a fund raising dinner each year to raise money for their annual ski trip. There is no fee charged for the meal, but a collection will be taken at the door.

Ginger Parsons of Dallas visited Wyvonna Haney and Ethel Gipson.

County Agent Rochelle White is back from an enjoyable trip with her parents. They went to Disney World, Epcot Center and the new MGM theme park in Orlando, Fla.

Eight Farwell High School students accompanied principal David Reynolds to attend a gifted/talented seminar called, "It's the Law," at the Region XVI Service Center in Amarillo on Feb. 14.

Youth members of the St. John Lutheran Church in Lariat attended a Valentine Dance at Redeemer Lutheran Church in Lubbock last weekend.

Attending were: Kirk, Sharla, and Melanie Lingnau, Ray, Amy, Dana and Shaun Haseloff, Suzi Bearss, and Liz Drager. Mr. and Mrs. Delbert Lingnau were sponsors of the event.

There will be a family night at St. John Lutheran Church in Lariat Feb. 18. The evening will begin with sandwiches at about 6:30 p.m., and there will be family games and fellowship.

The Adult Bible Class of St. John Lutheran Church in Lariat enjoyed seeing J. R. Ivins' slides of the holy land recently. It is easier to envision the Bible scenes when one has actually seen the places where the events happened.

Rev. Mac Bearss has been filling in at Immanuel Lutheran Church in Clovis as well as serving St. John Lutheran in Lariat. The pastor of Immanuel Lutheran left, and a new pastor is due to arrive at Easter.

Have news? Call the Trib, 481-3681

A special thanks to Cattle Town of Hereford for buying my barrow at the Parmer County Junior Livestock Show. This support is greatly appreciated.

Kaci Stephens

Thank You

I'd like to thank all the folks, including postal employes, patrons and friends, for all the nice gifts and cards they sent for my retirement.

Mr. Goodwrench

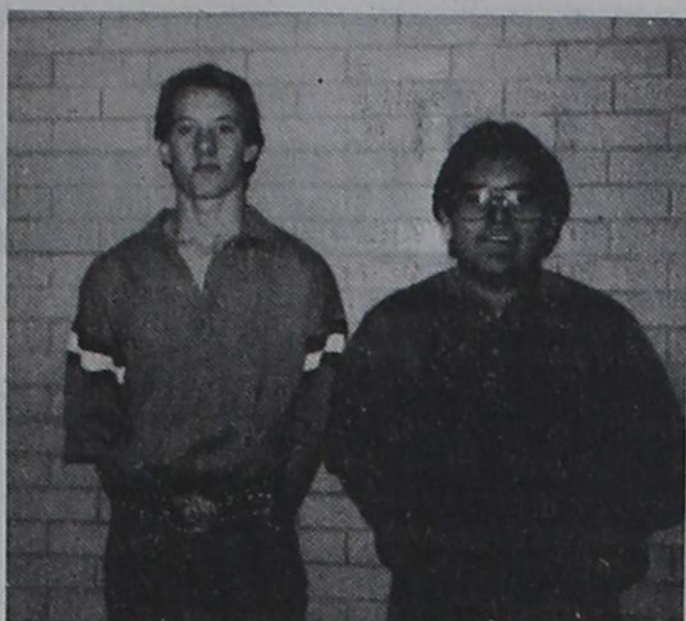

The OK Winning Team!

Travis picked queen of sweetheart ball

Nedda Travis of Farwell was chosen as the queen of the annual Beta Sigma Phi Sweetheart's Valentine Dance for the entire Clovis area Feb. 10 at the Holiday Inn in Clovis. Mrs. Travis was crowned queen by last year's Clovis area queen, Joyce Ketcherside.

About 200 people attended the event including the following couples from Farwell: Mr. and Mrs. Gary Patterson, Mr. and Mrs. Carl Kirkland, Mr. and Mrs. Jack Allen Kirkland, Mr. and Mrs. Mike Woods, Mr. and Mrs. Gerald Norton, Mr. and Mrs. Dewayne Phillips, Rev. and Mrs. Mac Bearss, Mr. and Mrs. Mike Pomper, Mr. and Mrs. Jerry Stover, Mr. and Mrs. Mike Goettsch, Mr. and Mrs. Robin Mahaney, Mr. and Mrs. Rick Ketcherside, Mr. and Mrs. Terry Travis, Mr. and Mrs. David Meeks.

Most of the party from Farwell dined together at Dabo's in Clovis before the dance.

Monty Foster and Filemon Guzman

Foster, Guzman to attend O'Brian leadership seminar

Filemon Guzman, a sophomore at Lazbuddie High School, has been selected to attend the Hugh O'Brian Youth Foundation Leadership Seminar to be held in the spring of this year.

Filemon was chosen from a group of applicants who wrote essays describing their leadership abilities. A panel of judges elected Filemon to represent Lazbuddie at the state seminar, which will take place in Amarillo. Monty Foster was named as alternate.

The Hugh O'Brian Youth Leadership seminars began in 1958 for the purpose of motivating America's youth to become effective leaders. The actor, Hugh O'Brian, chose youth development as his personal contribution to society. Since 1958, HOBY has spread to include state, national, and international seminars.

Filemon is the son of Mr. and Mrs. Filemon Guzman, Sr. of Lazbuddie. Monty is the son of D.H. and Kathy Foster of Oklahoma Lane.

Spelling bee set

Texico will be represented by about 53 soloists in the Southeastern New Mexico Music Educator's Solo and Ensemble Contest in Portales Saturday, said band director Robert Simmons.

Students from all over the southeastern part of New Mexico will compete for Division I (superior) ratings.

The Texico band students will also participate in the El Desayuno Kiwanis Culb solo contest on March 10. About 52 students have signed up for this contest. They will compete against students from

all over Eastern New Mexico and West Texas.

Todd Cash of Texico won 3rd place at the FFA District Chapter Farmer Public Speaking contest at Portales. He presented a speech called "Dreamers and Doers."

Mike Litzelman placed 5th in the greenhand division of the speech contest with a speech "Nothing Can Break the Will of a Farmer."

Brandon Schauf also represented Texico in this competition. FFA sponsor Eddie West went with the students to Portales.

Ten Texico Junior High students will participate in "Math Counts," a regional math competition at ENMU-Roswell on Feb. 24.

The Texico Spelling Bee will be held at 1 p.m. MST Feb. 21 in the Education Complex.

The Texico Science Fair will be held Saturday in Gym No. 2. The public may view the projects from 9 a.m.-noon.

Students will set up their projects between 8:30 a.m. - 10 a.m. on Friday.

The science fair is for students in grades 6-10. Ribbons will be presented to winners of first - sixth places. There will be special recognition for the champion and reserve champion in the junior division and for the champion and reserve champion in the senior division.

The science fair is directed by Mrs. Maben.

Weight room being built

The Lazbuddie School Board heard Supt. Joe Hall report that the new weight room is progressing nicely. The slab has been laid, and the building shell has been erected.

The board also:

- Approved a new milk bid from Borden Milk Co.

- Designated one of the agriculture courses as an honors course. Thus, students may use it as one of the courses to qualify for an advanced honors diploma when they graduate.

- Set the cost of drivers education at \$65 per pupil for Lazbuddie students and \$130 for all others who wish to take it.

- Approved the resignation of bus driver - maintenance worker - mechanic Leonard Elliott. LynEldon Randolph was hired as a bus driver.

Recipe of Week

Chocolate Dessert

1 c. flour
1/2 c. melted margarine
1/2 c. chopped pecans
8 oz. cream cheese, softened
1 c. confectioners' sugar
1 c. whipped topping
2 pkg. (4 oz. each) instant chocolate pudding mix
3 1/2 c. milk
Combine flour, margarine and pecans. Press into a 9 x 13 inch baking pan. Bake at 350 degrees for 15 minutes. Cool.

Blend cream cheese and confectioners' sugar in bowl. Add whipped topping; mix well. Spread over cooled baked layer. Chill in refrigerator.

Mix pudding mix and milk. Pour over cream cheese layer. Chill until set.

Garnish with additional whipped topping and chopped pecans if desired. Chill. Makes 12-15 servings.

Lazbuddie releases performance report

The Lazbuddie School annual performance report for 1988-89 includes many items for which the school district may be proud.

TEAMS Test Results

The report shows that TEAMS Test scores for grades 1, 3, 5, 7, 9 and 11 have improved for four successive years.

In math, the over 94% of the Lazbuddie students showed mastery of the skills for their grade levels, and 100% of the students in 2 grade levels demonstrated mastery.

In reading, 98.75% of the students tested in grades 1, 3, 5, 7, 9 and 11 showed mastery, a 17.5% gain from 1986 and a 7% gain over last year.

The most impressive gains were shown in writing. Overall, 92.5% of the students tested in grades 1, 3, 5, 7, 9, and 11 mastered writing objectives. This reflects a 30% growth in student mastery over a four-year period and a 5% growth over the previous year. Additionally, one hundred percent of the third graders mastered writing.

UIL Competition

Lazbuddie Elementary School won second place in the District UIL Literacy and Academic Competition. This was quite an accomplishment for Lazbuddie, the smallest school in the competition with four other schools. Students won ribbons denoting excellence in every academic category in the district competition.

A 30-minute activity period was created at the junior/senior high level last year so that students who needed tutorial help could get it, and students interested in UIL competition were given the opportunity to prepare during the school day.

In junior high, 26 students placed in the top six positions in UIL in UIL competitions. The received ribbons in virtually every academic contest. The junior high team place third in District.

In high school, 27 percent of the students competed in the academic UIL contests. Three students qualified for regional competition in four subjects while one student was an alternate in state competition.

Athletics

The no-pass no play had some impact on Lazbuddie-3% of the high school students were ineligible for athletic competition, and about 6% of the students were ineligible for the junior high.

Several students received Presidential Academic Fitness Awards.

Honor Roll

During the first semester, 42% of the students in the junior and senior high were on the honor roll. During the second semester, 36% of the students were on the honor roll. Twenty-eight percent of the students were inducted into the National Honor Society.

Competitions

The High School computer team won the Region XVI TCEA Student Computer Programming contest. Lazbuddie was first of all area schools (1A-5A) competing in the contest. As regional computer programming champions the team was able to advance to the state wide computer programming competition. Two team members chose computer-related majors in college after graduation.

Vocational Program

The Vocational Agriculture Department and the FFA cattle judging team won second place in District, fifth in area and eighth overall at Texas Tech University. The judging team has competed at the state contest at Texas A & M for two consecutive years; they place twenty-first at the state level.

Lazbuddie also has an FHA/HERO program and an Industrial Technology Department.

Other Competitions And Awards

Junior High students placed first in the Parmer County Conservation District Poster Contest. They also took third and fourth places in the Parmer County Spelling Bee. Four students participated in the Duke University Talent Search Program. One of those students was recognized at the awards ceremony at the state level.

Citizenship awards to a boy and a girl at the junior high level and the high school level were initiated in 1987-88 as a result of a recommendation from the School Improvement Team. Lazbuddie students in junior high participated in a local competition for the National Geography Bee.

Lazbuddie students attended Hugh O' Brian Leadership Seminar, Boys State, Girls State, and Farm Bureau Leadership Training. Students also competed for the Century III Leadership Award.

Gifted/Advanced Honors Program

Lazbuddie offers a full-scale gifted/talented program at the elementary level. During the 1988-89 school year the seventh grade was added to the gifted/talented program. Several high school classes were approved as honors classes.

Finance

During the 1988-89 fiscal year many goals were accomplished. Two important goals were that the 1989 State Property Tax Board values were lowered by about \$3 million, thus increasing Lazbuddie I.S.D. state aid. The other accomplishment started in 1988-89 school year was a federal grant to build a sewer system plant that would serve the entire community and solve a very serious problem for the school district. Notification was received of a \$400,000 grant from state and federal sources to finance this project.

The district tax rate for 1988-89 was 98 cents. This was an increase of 3 cents and was the first tax increase for Lazbuddie in 5 years.

Lazbuddie I.S.D. paid off all bonded indebtedness during the 1988-89 school term. The carryover fund balance was approximately the same as the past 4 years. The district was able to operate very close to the proposed budget for many years.

Capital outlay expenses have been limited to equipment and material purchases during the past years.

Improvements

1. New nurse's office was built.
2. One classroom was divided into 2 allowing for a special education classroom and a speech therapy classroom.
3. The nurse's office and speech therapy room was converted into an office which now accommodates the student records department, student accounting and all student PEIMS information.
4. New carpet was placed in the administration office and the high school office as well as three classrooms.

LEGAL PUBLICATIONS

Farwell Convalescent Center Equal Employment Opportunity Policy Statement.

We re-affirm equal opportunity in employment as the rule in this facility, not only because it is the law or to try to gain social approval, but for the more compelling reason that we think it is right. Our policy is to observe both the letter and the spirit of the law. Equal opportunities for all applicants and employees means total exclusion on our part of discrimination in employment because of Race, Color, Religion, National Origin, Sex, Age or Handicap.

This positive attitude applies to the areas of recruitment, advertising, hiring, interviewing, placement, upgrading, promotion, transfer, salary, benefits, layoff, termination, participation in social and recreational functions, training and the use of employee facilities.

Fair and just personnel policies and practices applied in an even-handed manner, and compliance with federal laws, regulations and guidelines provide this facility with the mechanisms to implement Equal Employment opportunity for all.

Debra Looper
Administrator

U.S., Lithuania sign feed pact

The U. S. Feed Grains Council and leaders of Lithuania's feedmilling and poultry associations signed an historic joint protocol agreement, pledging cooperation among all parties in the advancement of feedmilling and vertical integration in Lithuania for the next three years. The agreement was historic in that it is with an individual Soviet republic rather than the central government.

The protocol was signed at the conclusion of a two-week trip to the Southeastern United States, sponsored by the Council, during which a team of Lithuanian feedmilling and poultry industry leaders studied vertical integration of these two industries.

Lithuania is in an excellent position to expand its poultry and feedmilling sectors, thanks to the autonomy they have been granted by the Soviet government to cooperate without federal involvement under the government's new program of perestroika, or restructuring. This cooperation between the feedmilling association and the poultry industry has led to rapid advancement of the Lithuanian poultry industry.

Lithuania plans to increase the amount of further processing of poultry meat and eggs as a means of increasing income. Lithuanian officials hope to be allowed to directly import feed grains without going through Moscow in the future.

The Council is interested in the expansion of the Soviet poultry industry because an estimated 50 percent of the feed grains imported by the USSR are used in poultry production. That amounts to almost 220 million bushels of U.S. corn and sorghum used since Oct. 1 just for poultry. As poultry production expands, the Soviet Union will find it difficult to meet the food grain needs of its people as well as the feed grain needs of livestock without continued imports.

Training session sponsored

A Licensed Private Applicator Training will be held Monday, Feb. 19 from 9 a.m. to 2:30 p.m. in the Farwell Community Center. This training is being presented by the Farmer County Extension Service.

New pesticide regulations have been implemented within the last few years by the Texas Department of Agriculture. One of the most important changes for area farmers is the new pesticide applicator regulation.

Many producers have a Certified Applicator License which was issued before Jan. 1, 1989. This license will no longer allow producers to supervise the application of restricted use pesticides.

The new license called

the Licensed Private Applicator will allow producers to purchase, use and supervise the use of restricted use chemicals. To become a Licensed Private Applicator you must attend an Extension Service training, be tested by TDA and pay a \$50 license fee.

TDA personnel will be on hand on Feb. 19 in Farwell to give the test to those who have completed the training. Persons interested in attending this training and taking the test on Feb. 19 should call the County Extension Office at 481-3619.

G/T students take trips

by Charlie Gustin

In our Gifted/Talented program Dec. 7, we took a field trip to ENMU in Clovis.

We saw the Eula Mae Edwards exhibit and museum. Our guide told us we were the first group ever in the museum. With a total of 12 cases of arrowheads, 17 paintings, 14 rugs, and pots, mammoth and buffalo teeth, and many other Indian - based artifacts, it is truly amazing that it is only 1/3 of Eula Mae Edwards' collection.

Next we walked down a hall of glass cases. There were many adobes and turtles. Then we went to my favorite part, the art show. There were many colorful paintings of mountains. There were mainly landscapes. I conclude that it is a nice place to spend the day.

by Rachel Embry

On Nov. 30, the 3rd, 4th, and 5th graders that participate in the Gifted/Talented program at Farwell Elementary went to a seminar at Amarillo and Panhandle, Texas.

First, the class went to the Amarillo Service Center where a man by the name of John Greene told the kids about the Kiowa Indians. He had the hides of several animals such as coyote, buffalo, and deer. One interesting thing was the Kiowa calendar, an Indian calendar.

After lunch, they drove on to Panhandle to see the Carson County Square House Museum where they watched a slide show about Indians. When through, they toured the whole museum. Some of the things they saw at the museum were: Freedom Hall, Square House, Cabbone, Dugout.

The kids that went are: Megan Meeks, Ramsey Bennett, Roslyn Bennett, Charlie, Gustin, Chelsi Woods, Zach Grigsby, Brandon Embry, Rachel Embry.

Lazbuddie School picks Citizens of the Month

Senior Javier Moran and Junior Juanita Ramos have been chosen as Lazbuddie High School's November Students of the Month.

Taking Junior High honors are eighth grader Chad Nickels and seventh grader Joanna Gallman. These students were chosen by a panel of teachers for their attitude, scholarship, citizenship and service.

Javier is the son of Juan and Cuca Moran. He has two brothers, Danny and Roy, and one "very pretty sister," Mary Ann. In his spare time, Javier likes to draw or listen to the radio. Javier stated that he was "really surprised that I was chosen for Student of the Month."

Juanita is the daughter of Trinidad and Carmen Ramos, and she has one sister, Carmelita. She also likes to listen to the radio, and her favorite hobby is collecting objects such as stamps, porcelain figures, or cassettes of the latest pop groups. As for school, Juanita said, "I enjoy attending school at Lazbuddie, and I hope that everyone is proud of our school's achievements."

Nicky and Debbie Nickels are the parents of Chad. He has two brothers, Guy and Trey. Chad was born and reared in the Lazbuddie community. He enjoys farming and helping with the cattle, as well as being active in band and athletics. He enjoys "going to a country school where everyone knows each other, where there's no drug problems, and where the teachers and staff give you personal attention."

Joanna also enjoys school. "I like our school because it's fun and there are so many nice people here," she said. She is the daughter of Robert and Ellen Gallman. She has one brother, Deon, and one sister, Kendra. Joanna enjoys playing the piano, swimming, and basketball and is very active in U.I.L. competition.

Stewart 2nd in scoring

Here are the latest statistics compiled from the Lubbock newspaper.

Among the top scorers in area Class 2A teams are: Shawn Stewart, 2nd, averaging 21.3 points a game; Monty Delgado, 7th, 16.1; and Greg Actkinson, 8th, 14.3.

Among the top area rebounders: Actkinson, 3rd, 10.1 boards a game; and Stewart,

8.1.

Among top girl scorers is Amy Murray of Farwell, ranking 4th with 14.3 points a game. And Molly Miller ranks 10th among area rebounders with 5.9 boards a game.

In Class 1A girls statistics, Mia Jennings of Lazbuddie ranks 6th in area scoring with 19.7 points a game. Stacie Hodges is 9th with 18.1.

Focus Week observed

The women's group of First Baptist Church of Texico observed WMU Focus Week Feb. 11-18.

Mary Dell Brown, Baptist Women's Director, was in charge of the program. Frances Boling made a poster showing the WMU emblem. Also, the quilt made by the Baptist women was displayed. Auxiliary leaders were in-

roduced: Marie Walls, leader of the Act-Teen girls; Sheri Christian and Chris Tate, leaders of the G.A. girls; Kim Pierson and Jean Riley, missionary friends leaders.

Nora Day was presented a corsage and thanked for her 70 years in WMU work. Helen Bowers was presented a corsage for being WMU director for 20 years.

Irrigators need from 2-10 inches of water here

Parmer County irrigators will have to apply from 2 to 10 inches of water to bring the five-foot root zone soil profile to field capacity before 1990 spring planting, according to soil moisture survey data released by the High Plains Underground Water Conservation District No. 1 and the USDA-Soil Conservation Service.

Annual pre-plant soil moisture survey results released by the High Plains Underground Water Conservation District No. 1 and the USDA-Soil Conservation Service confirmed what many area irrigators have already suspected - they will need to apply a pre-plant irrigation to bring the five-foot root zone soil profile to field capacity before 1990 planting begins.

Soil moisture conditions within Parmer County are highly variable, says Mike Risinger, USDA-SCS Soil Scientist. "These variable soil moisture conditions depend upon the type of crop grown in 1989 and the relative availability of groundwater for irrigation," he says.

The most favorable field conditions were found in the central portion of the county where corn was grown or where the 1990 wheat crop has been irrigated. Soil moisture deficits in this area range from 2-6".

Larger soil moisture deficits ranging from 6-10" were found northwest of U.S. Highway 60, near Bovina and Friona. In southern Parmer County, soil deficits were mostly from 6-8" with one exception being in a small area near the Oklahoma Lane Community. Soil moisture deficits in this area were from 8-10".

"Available water of less than 2" exists across 30 percent of Parmer County and is found mainly in the northern portion of the county. Only the east central and southeast portions of the county have significant areas with as much as 4" of plant-available water entering the planting season," says Risinger.

"The only sites with significant amounts of stored soil moisture were in the more heavily irrigated areas of the Water District. Fields fully irrigated in 1989 usually contained 2" to 3" more stored soil moisture than dryland fields. However, in areas where only limited irrigation was carried out, the fields were not significantly wetter than dryland fields," says Risinger.

He adds that the driest soil conditions may be found in dryland wheat growing areas in the northern portion of the Water District and in dryland cotton growing areas in the southern portion of the district.

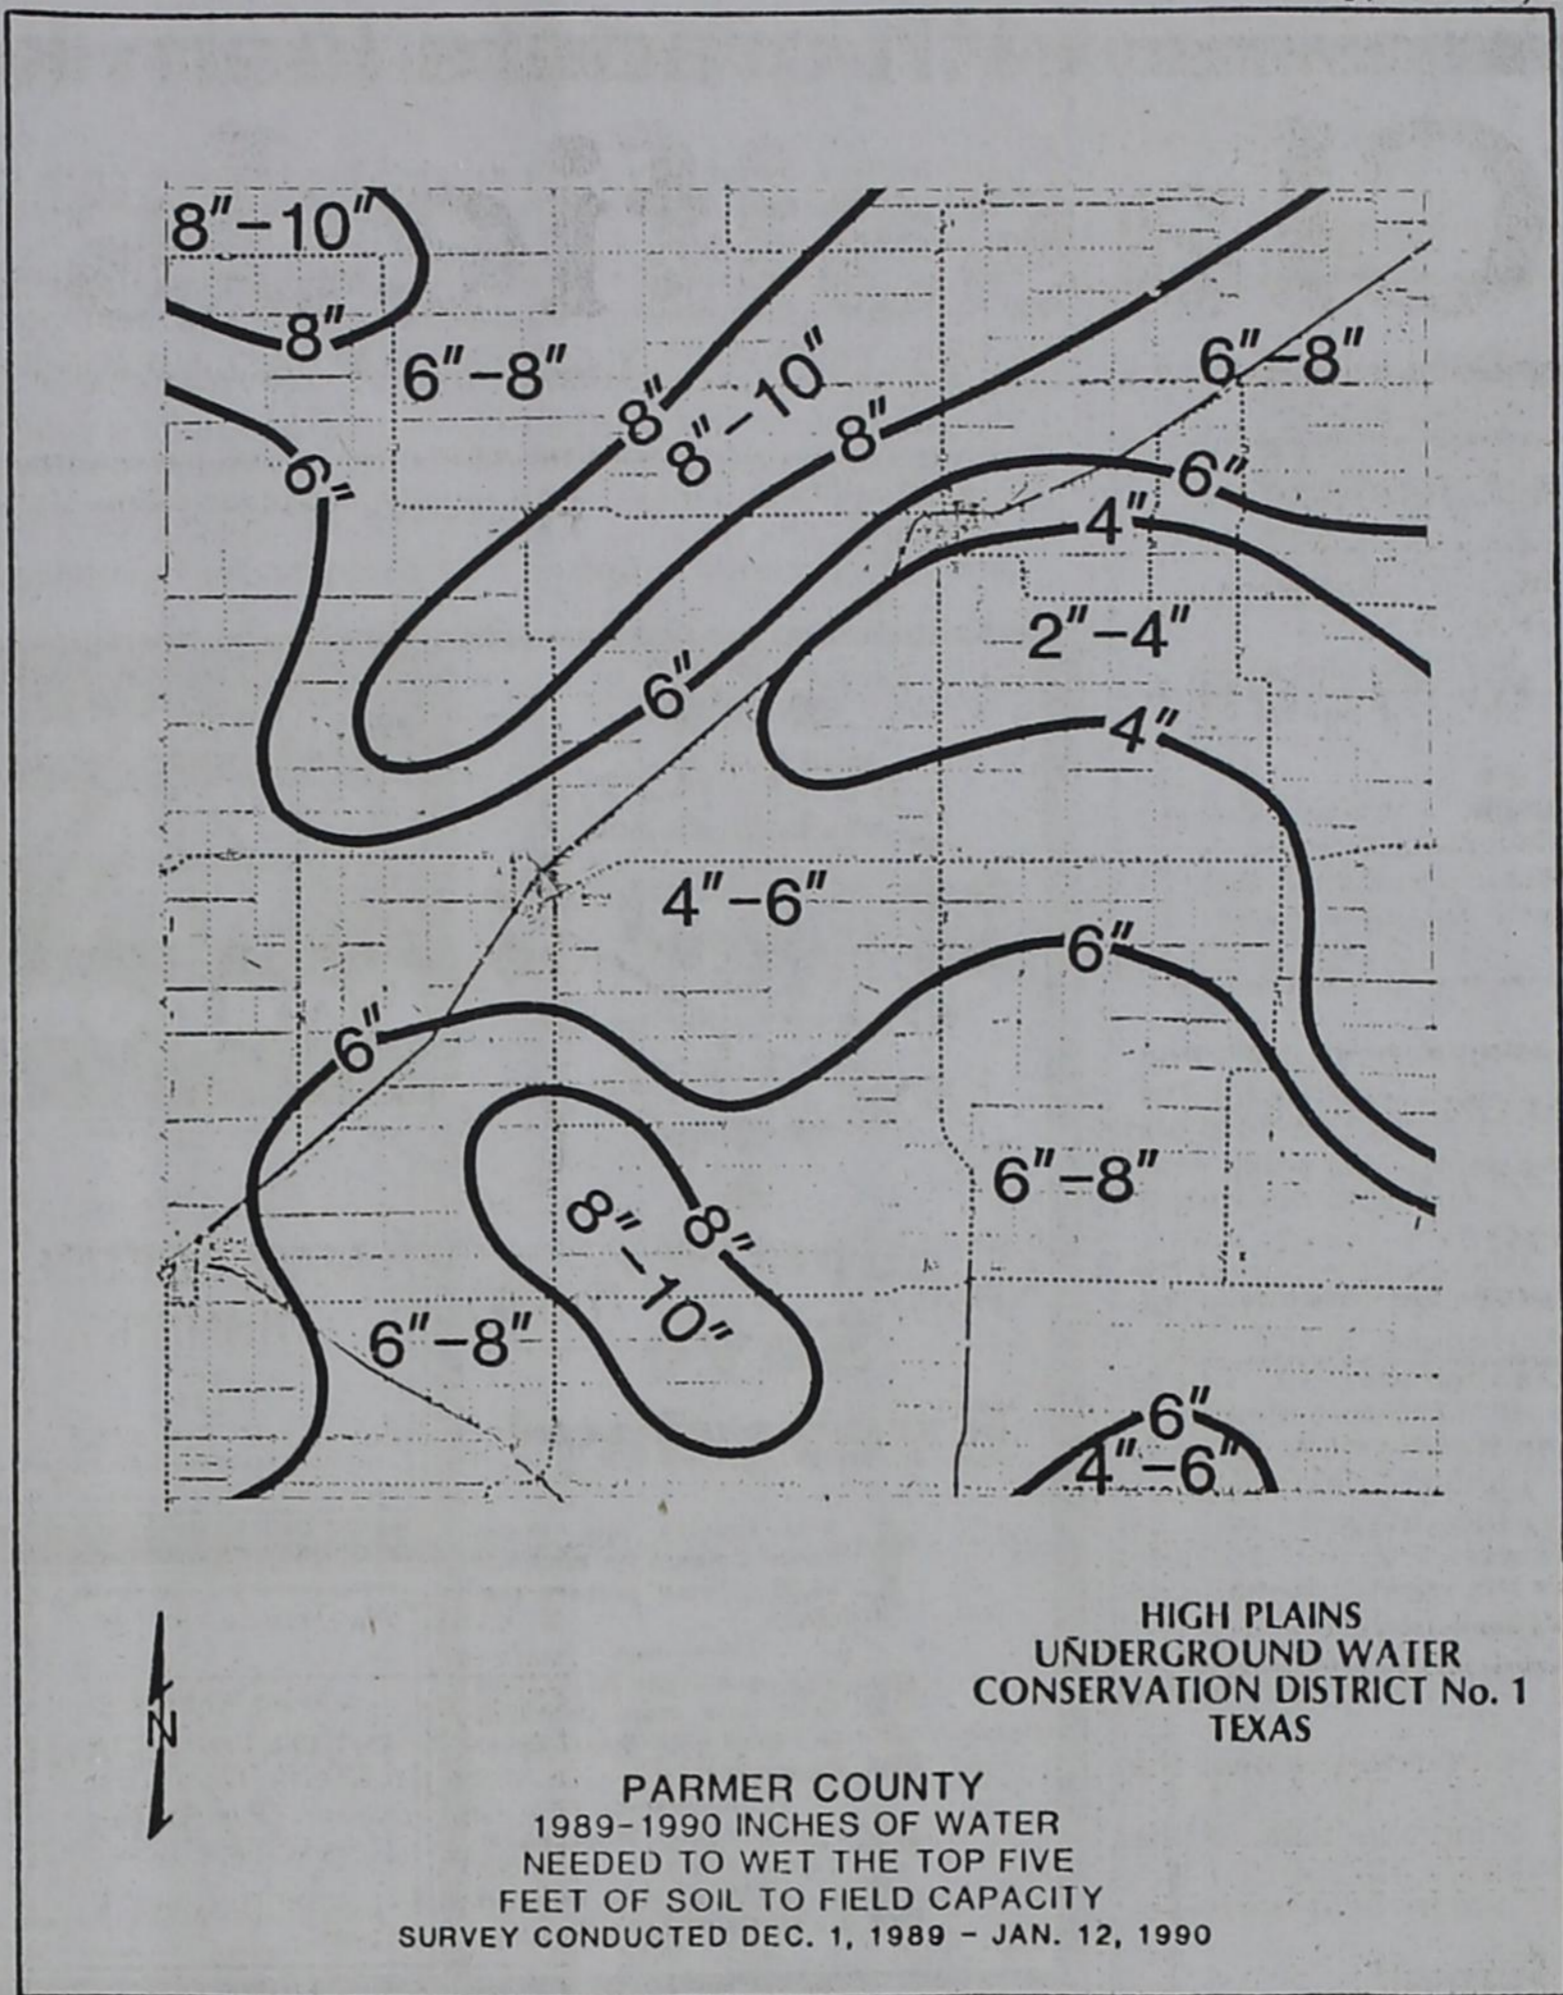

Rain gauge totals at the 22 soil moisture monitoring sites maintained by the Water District ranged from 13" of precipitation in western Parmer County to 21" in the extreme eastern part of the county.

Pre-plant soil moisture conditions have a direct bearing on crop yield prospects. Historically, above-average crop yields are produced in the High Plains area when the root zone of the soil profile is near field capacity prior to planting. Any irrigation made and/or precipitation received between now and spring planting will improve soil moisture conditions and crop prospects for 1990.

Since the Texas High Plains normally receives about 3" of rainfall prior to May planting, Risinger says installing furrow dikes is one way producers can utilize the free moisture provided by nature to their best advantage.

"Research has shown that the use of furrow dikes to hold precipitation in place until it can soak into the soil is one of the most cost-effective conservation practices that High Plains producers can use to increase crop yield profits," he says.

During December 1989 and January 1990, field personnel from the Water District and the USDA-SCS took moisture readings at 237 soil moisture monitoring sites across the

4-H alumni organization organizing

Wanted: 4-H alumni in the Texas Panhandle and South Plains.

A 4-H volunteer leader is gathering names, addresses and phone numbers of former 4-H members with plans to eventually form an alumni organization.

Janie Van Zandt of Pampa, herself once a 4-H'er, says no comprehensive record of former members exist - a void she plans to fill.

"It's very important we have a list of these people. We'd like to know who is where so we can gather them together for reunions as well as draw on their expertise from time to time," she said. "We'd also like to be able to recognize them for special contributions they've made to their communities."

"All of this can be done if we have a record of former members and form an alumni organization," she said.

About 24,500 4-H members live in Texas Districts 1 and 2, which roughly encompasses the Panhandle and South Plains. About 383,000 members are in Texas.

VanZandt plans to build a network of 4-H supporters, many former members, throughout the area. VanZandt sees many as potential volunteers.

Van Zandt encourages 4-H alumni to send their names, addresses, and phone numbers to her at: 2201 Dogwood, Pampa, Texas, 79065.

15-county Water District service area. Neutron probes were inserted into permanently-installed aluminum access tubes, and readings were taken at six-inch intervals throughout the five-foot root zone soil profile.

The annual soil moisture monitoring results are designed to inform irrigators about general soil moisture availability and deficit conditions within the Water District. With this information, irrigators about general soil moisture availability and deficit conditions within the Water District. With this information, irrigators can estimate the amount of water they will need to apply during pre-plant irrigation to bring the soil to field capacity without over-irrigating or under-irrigating.

Risinger reminds producers that the soil moisture survey results are intended to illustrate general soil moisture trends and that the data should not be used as a substitute for checking moisture conditions in individual fields.

Additional information regarding the 1990 pre-plant soil moisture survey is available by contacting your local USDA-Soil Conservation Service office or the High Plains Underground Water Conservation District No. 1.

Computer matchmaking project sponsored

Hospital Notes

Linnie Engram is home from the hospital.

Roger Jesko has been in the hospital in Las Cruces, N.M.

Chris Roach is home from the hospital after surgery.

Jack Kirkland is home from the hospital after surgery.

Fuji Ortiz will have leg surgery at Clovis Hospital Friday.

Prentice Mills is home from the hospital.

The Farwell Junior High Student Council sponsored a Computer Matchmaking project for Valentine's Day.

Quite a while back, they distributed questionnaires to high school and junior high students. Based upon the students' replies to 30-40 questions, they were matched up with the 10 people of the opposite sex most like themselves in Farwell.

To find out who the computer matched them up with, students had to pay \$1 for the Data Match list on Valentine's day.

Thank You

Special thanks to Sherley-Anderson of Farwell and Lariat, and Lariat Gin, for purchasing my barrows at the Parmer County Livestock Show.

Lisa Gerles

Thank You

Thank you to Robert White of Tri County Tire and to Richard Hadley of Citizens Bank (Texico branch) for buying one of my animals at the Parmer County Livestock Show.

Klay Camp

Jimmie Mace Candidate For Parmer County Judge

Democrat Primary
March 13, 1990

Educational Background: Master's Degree in Business Administration and Accounting, Bachelor's Degree in Business Administration and Computer Science.

Work Experience: In farming, banking, business management, construction and accounting fields. Currently employed by De'Aun Willoughby CPA in Farwell.

Civic Responsibility: Member of Farwell Hospital Board and Texico-Farwell Rotary Club. President of Farwell Development Board.

Personal Life: Member of the First Baptist Church of Farwell. Jimmie and Angelia Mace have twin daughters, Veronica and Valerie, 9.

I was born and raised in Parmer County and you won't find a better place to live. The people here are so outstanding and caring for each other. If elected county judge, I will handle the position in an honest, business-like manner with the people for the betterment of the county.

Pd. Pol. Adv. by Jimmie Mace, Farwell

Lazbuddie fourth graders learn keyboarding skills.

4th graders learn keyboarding

Lazbuddie Elementary's 4th-graders are taking a class in keyboarding where they are learning to type with accuracy and correct techniques.

They are in the middle of a 12-week program taught by the high school business teacher, Mrs. Marsella Jennings. The class meets in the typing room for thirty-minute lessons each day.

The purpose of the course is to teach Lazbuddie's young students the proper use of the keyboard in order to improve computer skills and meet state requirements for elementary keyboarding.

Last year, Lazbuddie drafted a District plan for technology

training. The plan class for formal keyboarding education to be taught at the fourth, fifth, and sixth grade levels.

Lazbuddie students begin using computers in the first grade. Elementary students are given computer instruction by the high school computer science teacher, Hardy Carlyle.

The Lazbuddie District set goals for technology training to begin early in elementary in recognition of the benefit of computer-aided instruction throughout the school. Lazbuddie provides elementary students access to the high school typing and computer labs and encourages early development of technology skills.

Travis sparks Hurricanes

In recent Play, Inc. games, the Hurricanes beat the Lady Buffs 43-8 and the Fillies 23-4.

In the game with the Lady Buffs, the following Hurricanes scored: Candace Travis, 22; Valerie Mace and Melody Montgomery, 6 each; Veronica Mace, 5; Blanca Saenz and Sarah Montgomery, 2 each. Against the Fillies: Travis, 14; Veronica Mace, 4; Valerie Mace, 3; and Montgomery, 2.

The Farwell Cobras beat the Razorbacks 45-5. The Cobras were happy to win, but they didn't want anyone

to think they were better than they really were: "The score wouldn't have been that bad but the boys on the Razorbacks had all been to a slumber party the night before, and not one of them went to bed the night before the game. By the second half, none of them could do anything," said Cathy Curtis.

The Twisters beat the Chaparrals 38-14. "All the girls played super," said coach Gaye Roberts.

The Cubs beat the Panthers 26-21. Scoring for Farwell were: Mark Lunsford and David Everett, 10 each; Matt Taylor, 4; and Spencer Ketcherside, 2.

The Mavericks stopped the Lakers 43-28. Scoring for the Mavericks were: Nicolas Ketcherside, 12; Chase Hardage, 11; Scott Meeks, 8; Preston Ketcherside, 6; Jody Fly, 4; and Landon Lunsford, 2.

Play, Inc. playoffs will be held March 1, 2, and 3. There will be 51 games scheduled those three days.

The Wolverines lost to the Celtics 28-33.

The Timberwolves beat the Spurs 15-12.

The Stingrays lost to the Roadrunners 13-20.

The Badgers beat the Bears 26-6.

Farwell Convalescent Center Chat Chat

By Debra Looper

Lynn was nice enough to yield her column to me this week so I could let you know about some changes we will be going through this year. As noted in our December newsletter, the nursing home industry is implementing this year the most far-reaching changes in regulations since the implementation of Medicaid and Medicare.

The date when all areas have to be in place is Oct. 1, 1990. While that seems like a long way off, it really is just a short time when you consider there will have to be staffing changes, new procedures, reorganization of work and a new way of thinking.

These changes were passed by Congress in 1987 and while the implementation date has been put off a couple of times, the regulations are not going to change and there are very few alternatives open to us. We here at the FCC are committed to serving our area residents. That includes those who run out of funds while living with us. For us to remain in Medicaid then, we must follow the mandated rules.

Currently, 54 percent of our residents are on this program. If we don't implement the changes - or show that we have made every possible effort to do so - then we could be decertified from Medicaid and these residents would have to be moved elsewhere. The board is committed to serving those in need and running an efficient facility so dropping out of Medicaid is not seen as a viable option.

Some areas we have started implementing is bringing our nursing staff up to the new requirements. This entails changes in 3 areas: 1) have licensed nurses on duty 24 hours a day - which we now have again; 2) have a registered nurse on duty at least 8 consecutive hours a day, 7 days a week. To achieve this, we have hired an RN to work part-time and hope to add another by the end of this summer, and 3) a registered nurse as director of nurses. In an effort to meet this mandate, we are advertising for the post.

As 1990 progresses, we will implement our timelines with the other changes that are required. As the changes are coming about, we will keep you informed. While we at the FCC don't want to make all the changes required, they will not go away. And to remain licensed we must follow the new rules. We ask for your support and prayers as we go through these changes.

Texico School plans auction for surplus materials

The Texico School Board Tuesday recessed its meeting long enough to watch the Lady Wolverines defeat Elida in the opening district play-off game Tuesday night, then returned to finish their business.

The board:

- Adopted the 1990-91 school year calendar. It calls for: school starting on Aug. 27 and school ending on May 30, 1991. Holidays will be on: Labor Day, Thanksgiving holiday, Nov. 22 and 23, Christmas holiday, Dec. 20-Jan. 2, Presidents Day, Feb. 18, and spring break, March 18-22.

- Voted to purchase a 5 Apple computer network, and 20 chairs and desks for the elementary school.

- Approved the second annual basketball program proposed by Ken Shaw.

- Approved an early dismissal at 10 a.m. on April 11 for school inventory.

- Voted to hold an auction of surplus items from the school system on April 7.
