## 2 Fire Depts. to be honored

The Border Town Days Committee voted Monday night to name the Texico and Farwell volunteer fire departments as this year's Honorary Parade Marshal.

The committee wanted to give the fire department members and their spouses credit for the excellent job they do for the Twin Cities. Each department will be asked to have a representative ride in the parade.

Here's a rundown on this year's BTD progress:

- The Clovis petting zoo will be back again for the Day in the Park activities.

- The Texico and Farwell high school bands will march in the parade.

- The buttons which serve as the celebration's major fund-raiser have arrived. They are in Texas' state colors (last year, New Mexico's were used). Rick Sullivan is in charge of this project.

- The Cannon Air Force Base Honor Guard will lead off the parade as usual.

- Two more speakers will be purchased for the park activities. One will be placed in the arts and crafts area, the other deeper into the park so more folks can hear the music from the gazebo.

- Portable toilets will be rented again. The Farwell City Council has voted to pay this expense.

- The Farwell Drill Team plans to have a "kiss a pig" contest.

- So far, 10 groups have signed up for the arts and crafts area. They include folks from Texico, Farwell, Clovis, Hobbs and Loop, Texas. To sign up, call Lynne Mahaney at 481-3601 days.

- The signups for booths at the Day in the Park activities is underway. To sign up, call Cynthia Thigpen at 481-3620 days. They include:

1. Beta Sigma Phi, Cokes and sno-cones

2. Texico Drill Team, funnel cakes and cotton candy

3. Texico Booster Club, homemade ice cream and caps

4. Texico 4-H Club, Soft drinks, homemade ice cream; also sponsor of a chili cook-off

5. Parmer County 4-H, homemade ice cream

6. Farwell Drill Team, hot dogs, tea, lemonade; also sponsors of a sponge throw game and kiss-a-pig contest

7. Farwell 7th grade, homemade ice cream, brownies and cookies

8. Farwell Junior High Pep Club, french fries

9. Farwell Junior High cheerleaders, spirograph drawings, bubbles game

10. Farwell High cheerleaders, face painting, fishing pond

11. Farwell Convalescent Center Auxiliary, baked goods

- Orié Jones will oversee the antique cars in the parade.

- It was noted that the rodeo will be held the weekend before BTD.

- To sign up for the parade, persons should call the Tribune at 481-3681. Signups so far include:

1. Shrine motorized units, clowns and float
2. West Texas State University buffalo
3. Cannon AFB Honor Guard
4. Farwell Class of 1980.
5. Farwell High cheerleaders

6. Texico band  
7. Farwell band

- Also to be honored this year are Pioneers of the Year. Persons wishing to nominate someone - based on how long they have lived in the Texico-Farwell area and their contributions - should send their suggestions to the Tribune, Box 255, Farwell, Texas 79325.

- The Merchants Giveaway committee, headed by Debra Looper and Kathy Dionne, will swing into action at the end of June. Merchants will be asked to sign up for \$10 each and offer prizes to be given away at the Day in the Park.

- Jack Allen Kirkland is in charge of seeking entries for the parade. He will begin making his calls later this

month.

- It was noted that Charlie Phillips will have his band play at the Clovis Holiday Inn the night of July 27. He is raising funds for the Farwell Convalescent Center.

- The committee discussed a problem involving booths. One group signed up for a booth involving food this year before another group - which had the same item last year - could do so. The committee voted to continue its "first come, first serve" policy. The first opportunity to sign up for a booth each year is at the first BTD committee meeting each April.

- The next BTD meeting will be July 9 at 8 p.m. cdt at the Spur Restaurant. The public is invited.

*The beauty of roses*

Farwell's Kate Lindop credits commercial fertilizer, cow manure, and iron supplements with the success of her roses this year. She also floods the roses from below instead of sprinkling them.

## Some raises given out

The Farwell School Board Tuesday accepted most of the recommendations made by the salary committee.

Getting 3 percent raises were custodians, secretaries, instructional aides and coaches.

Getting a 5 percent raise was the cafeteria director.

Step 10 teachers will receive \$250 extra if there is no increase from the state.

The band director will receive an increase of \$500 instead of the \$205 recommended.

Because the salary recommendations affected in-

dividual teachers in some cases, the discussion of the changes was made in executive session.

As for the professional staff members, the board voted to continue the \$875 local increment above the base stipend as they have in the past. This is for 39 fulltime and 4 half-time employees.

The board voted to fund the current number of positions on the career ladder. Board president Doyle Johnson summed up the reason why the board did not in-

### What a contest!

I'm sure you will notice a story elsewhere on this page involving the queen's contest for Border Town Days.

Last year, while I thought that overall we had a super BTD, we had one failing: no queen's contest. Since I was chairman, that means I was to blame.

So what I did this year was to approach ladies in our community who had worked on the committee in the past and ask them to help reinstate it this year. I was very, very fortunate in getting Susan Franse to agree to be chairperson this year.

If you want to know why I was lucky, just take a look at the story on the queen's contest. No. 1 - an excellent committee has been recruited. And No. 2 - a really nifty lineup of fun experiences is scheduled for contestants - including meeting TV star Lee Horsley, etc., etc.

Parents - if you have a high school aged daughter who meets the criteria, please encourage her to fill out the application entry and bring it to the Coke party at the Spur Restaurant June 21, or to Rip's Western Wear.

The committee members have gone through a lot of work to set up what seems to me to be an ideal set of activities for queen's contestants. I sure hope some of our young ladies take advantage of it.

I guarantee they will have a lot of fun - and learn a lot at the same time.

\*\*\*

Speaking of contests, I was wondering if we should start one for the record number of those pesky moths killed in your houses during their recent invasion.

What a mess. I still don't know how those moths (or "millers," as I'm told they are called in the Panhandle) can sneak into your house when the doors and windows are shut. They would make great burglars.

I sure hope this doesn't become an annual event. I remember when I visited Las Cruces, N.M., a couple of years ago during the summertime and had to fight off all sorts of pesky insects. I kept thinking how nice it was up here where they were at a minimum (except for 'skeeters).

\*\*\*

Did you hear police sirens early Saturday morning?

It involved a Clovis teen who drove at speeds up to 90 miles per hour in an attempt to elude police. The chase started in Clovis. He was finally stopped in Littlefield after shooting through roadblocks in Farwell and Sudan.

## Contestants to meet TV star

It looks like an exciting time is in store for young ladies who sign up as contestants for the annual Miss Border Town Days Queen contest.

Events kick off with a Coke party at the Spur Restaurant at 7:30 p.m. cdt June 21.

Then times will be set for photo sessions with Connie at "Faces & Moods by Connie." These will be used in the newspaper and also as Border Town Days mementos.

On the Fourth of July, contestants will ride in the annual Muleshoe parade. This will include an autograph and photo session with TV star Lee Horsley, currently acting in "Paradise."

Then there will be a modeling workshop, with the time to be announced later.

Also planned are complete makeovers and color consultation at the Vogue Beauty College. Contestants will be treated to a facial, manicure and look at the new hair styles.

On July 21, a style show is planned at the North Plains Mall in Clovis.

And just before Border Town Days will be a "dinner and judging" at the Clovis Holiday Inn. Five finalists will be chosen. Girls will be interviewed and will perform their talents. Also, contestants will vote for "Miss Congeniality."

And on July 28, the finalists will ride in the Border Town Days parade. The day will conclude with the coronation of "Miss Border Town Days 1990" at the Farwell city park. She will receive a special gift, a bouquet of flowers, a \$200 scholarship a special Queen's Sash, and the honor of serving as the Twin City representative to area functions. All other contestants also will receive gifts.

Young ladies who would like to be contestants are asked to bring the adjacent entry form with a photo to the June 21 Coke party, or to Rip's Western Wear in Texico.

To answer any questions, or for more information, you can call any of the following committee members: Susan Franse, chairperson, 481-3824; Annette Black, 481-3493; Michelle Chadwick, 481-3613; Tammy Jones, 825-3012; Brenda Jones, 481-9561; Peggy Jones, 825-2477; Shandra McIntosh, 481-3800, or Karen Schilling, 825-3056.

Each girl will be assigned a committee member to work with her. Also, each girl will be provided with a sponsor. This year's contestant will be judged on poise - personality, beauty, interview and talent.

It's important that girls interested in being contestants attend the June 21 Coke party. Parents are invited, also.

### BTD Queen Contestant Rules

## 5% raises OK'd

The Texico School Board Tuesday finalized the budget for 1990-91 school year and signed teacher contracts reflecting about 5 percent raises for them. They also signed contracts for bus drivers.

Bruce Scroggins of Clovis was hired as the new Texico football coach.

The board discussed the

energy audit which had been done on its buildings, and voted to purchase energy saving equipment such as night and weekend thermostats which automatically regulate the temperature settings in the buildings to make them more energy efficient.

The board also discussed maintenance jobs for the summer.

ministrative proposal to borrow money for it. The work will cost \$37,594. The high school also needs a compressor replaced on an air conditioner and several other maintenance jobs done.

Supt. John Grigsby had proposed that the money for this project be borrowed until the school knows how much money it will get from the state.

The board re-elected Johnson president. Steven Kaltwasser was elected vice president, and Katherine White was elected secretary.

Charles Christian and David Norton took their seats on the board. They were welcomed by president Doyle Johnson.

The board also: Heard Athletic director Rex Chumpton give a tentative schedule of athletic events for the next year and reported on summer activities.

Heard Cafeteria Director Linda Moss give a report on the increase funding the school cafeteria has received from the severe need supplemental funds. This has made a significant difference in cafeteria revenues.

needs to remove an underground gas tank and replace a compressor on the air conditioner in the auditorium. He also noted that the school needs to replace one school bus.

Elementary School principal James Craig gave his final report after 30 years in the school system. He noted that there are two elementary school classes with enrollments of 44 students each. If those classes increase in size, they may need 3 teachers for each grade level instead of 2.

Heard Johnson compliment the efforts made by staff and administration to cut expenses this year. Operating costs of the schools have declined dramatically this year.

Heard a report on the library from Marion Hudson.

Heard reports by Gwen Corn on the Chapter I Improvement Process and another by her on the TEAMS Test results. Separate stories about those reports will be carried in the Tribune next week.

Voted to advertise for bids for the sale of the forklift that the school system owns but does not use very often.

Heard Johnson wish Grigsby well on behalf of the board: "I've enjoyed working with you during the last five years. Thank you for all you've done," he said. Grigsby has resigned, effective June 30.

**Southwestern Stuffed Whole Beef Tenderloin**

- 1- 4 1/2 - 5 lb. trimmed beef tenderloin
- 2 shallots, finely minced
- 2 serrano peppers, seeded and finely chopped
- 1 poblano pepper, seeded and julienne cut
- 1/2 c. sliced fresh mushrooms
- 1/4 c. chopped parsley
- 1/4 c. butter

Roast at 425 degrees until thermometer reaches 135 degrees ( for rare, approximately 45 minutes). Remove from oven and transfer to serving platter and let stand 10 minutes. Carefully remove all toothpicks and discard. Deglaze pan juices with wine and reduce liquid by half to make au jus. Slice tenderloin and serve with au jus.

**Cotton plantings to be up**

High Plains cotton producers at sign-up time indicated the intent to plant 3.149 million acres of cotton in 1990, up 378,000 and 13.64 percent from 2.771 million planted in 1989.

Those are the figures compiled by Plains Cotton Growers, Inc., based on preliminary ASCS figures.

The expected hike stems from a reduction in the acreage conservation reserve (ACR) requirement, from 25 percent of base acres in 1989 to this year's 12.5 percent.

Here's how Parmer County looks:  
 1990 total effective base - 77,200; 1990 enrolled effective base - 71,672; 1989 planted acres - 47,892; 1990 intended plantings - 53,842.

And Bailey County:  
 1990 total effective base - 117,294; 1990 enrolled effective base - 114,384; 1989 planted acres - 78,852; 1990 intended plantings - 93,462.

# Here's what new Texas school finance law may mean here

Local school officials are waiting for details concerning the impact of the new Texas school financing legislation on their schools.

If the new legislation is not overturned by the federal court which found the financing sections of school laws unconstitutional, then administrators will find out the specific impact of the new legislation on their school systems when they attend workshops in July. Until then, they will have to try to plan budgets without knowing exactly how much money the school systems will get. They do have some pretty good guesses, though.

From information that he has received from TSTA, Farwell Supt. John Grigsby is projecting that Farwell Schools may get about \$180,000 more this year than last year. It is also possible that Farwell will get more the following year - possibly as much as \$300,000.

"But, that's just a guess," he quickly added.

Lazbuddie Supt. Joe Hall also believes that the new legislation will be good for their school system. "It looks pretty good for us so far," he summed up.

The new legislation is tied to the maximum tax effort made by the school system. Those schools which have shown that they have tried to tax their constituents are favored over those systems which have made a small tax effort.

"If you do not have above a certain level of tax rate, you do not get as much back from the state. We should get the maximum amount we are allowed by the state," said Grigsby.

According to Hall, the new legislation is tied to a tax rate of 91 cents or higher to get the maximum amount of state support for the schools.

He noted that Lazbuddie has a tax rate of 98 cents, and Bovina has a tax rate of 93 cents. They will, therefore, benefit. He also indicated that Friona may lose money from the state because it has a tax rate of 70 cents.

There is one category of funds which Lazbuddie may not receive under the new regulations - compensatory funds. These funds have been changed to supplementary funds. Compensatory funds made up for problems a school system had. Now these funds are available only to schools which do not qualify for federal funding in certain areas.

If a school system is receiving a large amount of money in certain programs from the federal government, the state funds will be decreased. Lazbuddie may lose \$55,000 from

the maximum amount that a school system of that size with a tax rate of 98 cents could possibly get because of the amount of federal funds it receives.

But, it appears that they will still get more money over all than they had in the past.

"We were at the point of strain," said Hall. He indicated that Lazbuddie still had carryover funds and its facilities are in good shape, but they were doing everything they possibly could to carry out their programs as cheaply as possible.

"We couldn't have made it this year," said Hall. He noted that his staff and students already do all of the school system's maintenance without hired help except a bus mechanic.

The new legislation is designed to reapportion state school funds so that there is equity between school districts. Some school systems have more tax base than others to finance their schools. Also, some school systems have a higher portion of students who have special needs (such as migrant children who need intensive language instruction). Those school systems cost more to operate than others do, and they get a large portion of their funding from the federal government.

Farwell is listed as one of the poorer school districts in the state on the basis of value of taxable items, but it is not one of the poorest. Bovina and Lazbuddie are listed as poorer school districts than Farwell is. They receive more federal funding than Farwell does. They also have much lower tax rates than Farwell does.

Of course, the new bill may still be reversed by the federal court. "We have to find out if the new bill passes constitutional muster," Grigsby summed up. "I don't know if this bill dealt with the equity problem at all."

One of the positive aspects of the new legislation, according to Grigsby, is that the new bill does not tell school systems what they must spend money on. Under the previous

legislation (House Bill 72), school systems were required to spend more than they received to support the new programs mandated by the state. Many of the new programs under House Bill 72 were tied to categorical funding.

With categorical funds, a school system gets a certain amount of money for a specific purpose. They have to show that they have expended this amount of money for the specific purpose for which it was intended and for nothing else. School systems had to show that they had spent the categorical funds, or they would lose those funds. The new legislation does not require categorical funding.

Grigsby stressed that Texas is not the only state having problems concerning school financing.

Last summer Kentucky voided its entire educational system - certification, accreditation, financing, everything. Oklahoma has also had major school finance problems this year.

"There are probably about 18 equity suits around the country right now. Some of them have been in the courts 10 - 15 years," said Grigsby.

**Jones victorious**

No, it wasn't a bank holdup. Joe Jones, Security State Bank vice president, was happy to see Texico-Farwell Lions Club member James Craig walk into the bank Monday and pull a shot gun out of its box - because Jones had won the Lion's Club giveaway. The money raised will help to send local band students to the Lions Club International Convention in St. Louis this summer.

## Kirkland, Snider win

Jack Allen Kirkland of Farwell and Carol Snider of Texico won the championship flight at the Friona Country Club's annual Jack and Jill tournament last weekend. The Twin City dynamic

golfing duo carded a 63-62 - 125. They won by a stroke. In the first flight, Jim Berry and Joyce Sikes of Farwell were second, with a 68-67 - 135.

The Lazbuddie School Board Tuesday discussed and reviewed the preliminary budget for the 1990-91 school year.

They also discussed the career ladder and the criteria for placement on it.

**Testimony differs at Lumbraera hearing**

Finney County, Kan., District Magistrate Claude Heath heard widely differing testimony this week concerning the cause of death of Jose Lumbraera, 4. He was the son of Diana Lumbraera, 31, who lived in Bovina most of her life.

Mrs. Lumbraera is being held on the suspicion of first-degree murder of her son. The preliminary hearing will decide whether Mrs. Lumbraera will be bound over for a jury trial.

The magistrate heard forensic pathologist William G. Eckert present his conclusion that Jose Lumbraera died of natural causes, and conflicting evidence from Dr. Eva Vachal that the boy died of asphyxia due to suffocation.

While Mrs. Lumbraera lived in Texas, five of her children and one child in her care

died suddenly and without warning.

Leah Colwell of Lubbock visited her grandparents, Rev. and Mrs. W. T. Perry. It is a busy time for the Perrys. Although he is officially retired, Rev. Perry has been invited back to Crane, Texas to fill in as pastor for a short time this summer.

Chad Barnes and Lilo Montano of Texico High School were among 70 Future Farmers of America (FFA) members who participated in the 28th annual FFA Electric Workshop sponsored by SPS in Amarillo June 4-6.

Prom photographs of the class of 1991 are available in the Farwell High School office for \$3.50 each. This fall's senior class had a group shot made of their class at the prom while everyone was dressed in their finest attire.

Adolph Haseloff enjoyed a visit from his daughter Margaret and her family from Lubbock.

The closing ceremony for St. John Lutheran Church Vacation Bible School will be held at 4 p.m. on Sunday. It will be followed by a family picnic and barbecue.

Correction on the football schedule listed last week:

The Farwell JV and Junior High games will be played on the following dates: Sept. 6 vs. Plains; Sept. 13 vs. Olton; Sept. 20, vs. Hart; Sept. 27 vs.

Sudan; Oct. 18, vs. Nazareth; Nov. 1, vs. Happy; Nov. 8, vs. Vega. Oct. 11 and 25 are open dates at this time.

Mr. and Mrs. Preston Martin enjoyed a trip to Killeen, Texas for Mrs. Martin's 45th high school class reunion. Doris won the prize for coming the longest distance to the reunion.

Jeanette Ford and Kate Lindop recently returned from a trip to Mesa, Ariz. While there, they visited Dave and Diane Lindop and Leandra, also Clay and Robin Lindop and baby daughter, Alexandra Regina of Chandler, Arizona. The new

baby is Kate Lindop's great-granddaughter.

The two Farwell ladies really enjoyed their flight to Arizona. It was a Mother's Day present to Kate from the Fords.

Mayor Chris Gikas and his brother Ted recently visited family and friends in Greece and conducted some business there. One of the highlights of the trip was a tour of a monastery where they actually ate and lived as the monks do. Mr. Gikas got more of a taste of monastic life than he bargained for - dinner included squid.

When his trip to Greece concluded, Gikas met wife Peggy in Paris. While there, they called Chris Galland who was a foreign exchange student in Farwell a while back.

Chris had just completed his entrance examinations to enter a university where he will study business. He will also spend the summer working in a business in California. He especially asked to be remembered to all of his old friends in Farwell. He may visit here again.

The Galland family invited the Gikas to stay at one of their homes and to tour their clothing factory. They also accompanied the Gikas on a sight seeing tour.

Bob and Carrie Anderson and one of their granddaughters also were in Paris at the same time. They all had dinner together one day.

## Band camp set

The Texico Wolverine Band will have a different kind of Band Camp this year before Border Town Days.

They will meet two evenings during the week before Border Town Days instead of Monday through Friday as they have in the past.

They plan to meet on July 25 starting at 7 P.M. MDT and on July 27 at 6:30 P.M.

MDT. There will also be a party scheduled for those who participate, but the time and date for that will be announced later.

The change in the band camp is due to the fact that band director Robert Simmons will be teaching at the West Texas State Music Camp this summer.

### Fund-raisers scheduled

The Farwell Drill Team has several fund-raisers scheduled.

They will have a car wash June 16 at Hughes True Value from noon to 6 p.m. Costs are: cars, \$5; large vehicles, \$10; and \$3 more for insides.

The team will have a garage sale June 23 at 403 Ave. B from 8 a.m. to 5 p.m. To donate items, call Lori Haseloff at 481-9453 or Debbie Phillips at 481-9034.

Also, the team is willing to wax cars for between \$20 and \$30, and clean houses for the same prices. Call for appointments.

### Fire Calls

Texico Fire Department has three calls recently.

On June 2, Texico and Clovis ambulances responded to a call at 8th and Ave. C at 10:02 a.m.

On June 9, Texico and other area departments responded to a grass fire call at 2:45 p.m. three miles north of Prince Street at Llano Estacado.

# Farwell receives garbage pickup bid

The Farwell City Council Tuesday received a bid from MISSCO Waste Management Control, Amarillo, to handle the city's garbage pickups.

It was taken under advisement and city officials will seek other bids.

MISSCO said it would provide a minimum of 200 containers at a cost of \$64 per container per month - a minimum of \$12,800 a month or \$16 per household.

Since current Farwell taxes raise about \$7,800 for garbage pickup, this could mean a 50 percent hike in the trash rates if the MISSCO bid were accepted.

"We need to talk with other companies," said Mayor Chris Gikas. "This is a starting point." He also noted that 200 containers might not be enough.

The MISSCO bid said cans

would be picked up one time per week. Trash would be hauled to the Canyon, Texas, landfill.

The price "is good only at current federal, state and local regulation rates. This quote is based on current landfill regulations, dump fees and fuel prices. The terms of this contract shall be for a period of not less than five years."

The City of Farwell would be responsible for:

- Maintaining suitable access and road services.
- Any low lying tree limbs and highline wires in collection route.
- Tires will be split or quartered.
- MISSCO will not dispose of any large appliances in trash containers.
- In other business, the council:

- Agreed to buy round tables for the community center and have a rack built for them.

- Will seek bids for the annual seal coating program. About one-third of the city's streets will be worked on.

- Received a sample obscenity ordinance from the Texas Municipal League. City

Attorney Charles Aycock will be asked to draw up an ordinance.

- Heard Councilman Martin Kube say that a cleanup is needed before Border Town Days. City employees were complimented for their work along the highway.

- Discussed buying a shredder machine to cut up tree

limbs.  
 - Thanked Eastwood Construction, Clovis, for donating gravel for the cemetery road.  
 - Decided to replace some trees in the city park and will check into landscaping around the new city barn.  
 - Asked Aycock to find out what the city's options are involving a complaint by a

woman that a neighbor was burning tree limbs close to her house and was a hazard to her property.

- Voted to require a \$100 deposit from the Farwell Arena Association before water is turned back on at the arena for the planned rodeo next month. This is in addition to the \$79 owed from last year.

Vacation Bible School

At the Church of Christ, Tara Sanchez leads the 4 and 5 year olds out for punch and cookies - one of the highlights of Vacation Bible School. Teachers Sherry Curtis, Janie Day and Deanne Richardson had about 15 in their class when this picture was taken.

## Meeting postponed

The Texico City Council Tuesday postponed its meeting to next Tuesday due to a lack of quorum.

Butch Tharp was out of town. Ronnie Warmuth was teaching a class at Eastern New Mexico University. And Bryan Kube has moved to Lubbock.

That left only Mayor Doyal LaRue and councilman Oran Jay Autrey.

## Farwell Convalescent Center Chit Chat

By Lynne Gann  
Activity Director

Fathers are supposed to know everything there is to know about everything! If the sink doesn't drain, call Dad. If the car won't start, the window is stuck, how do you throw a curve ball to can I use the car or I fell and hurt myself, call Dad. Dads can fix anything, correct any situation, make frowns and tears disappear with a hug, kiss and I love you. Dads are wonderful!

To express our love and appreciation to the gentlemen who are going to celebrate Father's Day Sunday, the F.C.C. Auxiliary has a Father's Day cook-out scheduled for Friday the 15th at 4:30 p.m. We will have hamburgers or hot dogs, potato salad, chips, relishes, with pork and beans. The Auxiliary members are bringing brownies for dessert.

Each year our cookouts are one of the events we so look forward to. This is the first time we will have to eat our picnic indoors due to the loss of our shade tree on the patio. We will make the most of our celebration with the help and cheerful faces of the Auxiliary ladies! They bring the sunshine indoors with them.

To each of our Dads, be you here with us or at home sharing this special day with your loved ones, we wish you a very happy Father's Day!  
Thank you for being you!
