**Second Session Of Diet Opened With Reform Bill**

**Emperor's Rescript Outlining Plans Slated Tomorrow**

TOKYO, Nov. 26 (AP)—The diet opened its second extraordinary session of the occupation today with an agenda of several reform measures, but there were immediate indications that some proposed legislation would be attacked. Tomorrow's plenary session will be highlighted by Emperor Hirohito's reading of an imperial rescript outlining the scope of the session and ordering the Diet to abolish repressive laws. Today's meeting was limited to selection of working committees by the Houses of peers and representatives. Premier Kijuro Shidehara is expected to emphasize "close relationship between the emperor and the people" as a plea for unity or important domestic measures when he addresses the Diet Wednesday.

**JAP GENERAL TESTIFIES AT YAMASHITA TRIAL**—Lieut. Gen. Shizuo Yokoyama (on witness stand) points to map to give disposition of his 8th division troops as he testifies in the trial of Lt. Gen. Tomoyuki Yamashita, Japanese officer charged with being a war criminal. Next to Yokoyama is Capt. Jack Pace, New York City, member of the prosecution staff. Capt. Adolf Reel (arm akimbo) of Boston, Mass., defense counsel, looks over Pace's shoulder. (AP Wirephoto).

**Japs Hell-Bent For War, Hull Tells Probers**

**Reject Note Peace Seeking Nation Would Accept**

WASHINGTON, Nov. 26 (AP)—Cordell Hull declared today that the Japanese were "hell-bent" for war in November, 1941, and rejected a 10-point American note he said any peace-seeking nation would have been "delighted to accept." The 74-year old former Secretary of State, testifying before a Senate-House committee investigating the Pearl Harbor disaster, said the Nov. 26 note he handed the Japanese had been "ignominiously misrepresented."

**CIO Seeks Public Meeting With GM**

**Police Occupied With Burglaries, Wrecks, Drivers**

Police were occupied principally during an otherwise quiet holiday weekend, with the task of investigating three burglaries, two car wrecks and other minor disturbances including five men arrested for gaming with dice. Officers investigated a burglary at the Malone-Hogan Clinic Saturday where two of the doctors' desks had been rifled. Early Saturday morning, a strong box belonging to Dr. P. W. Malone was found at 4th and Owens. Two other burglaries were previously reported to have been investigated at Ross Barbecue Stand and ESTEP Service Station. Only a small amount of cash and stock was missing, police said.

**THIS IS NO SMOKE DREAM**—Fortified by a good cigar and disposition to match, Secretary of Agriculture Clinton P. Anderson (above) relaxes after a news conference announcement Nov. 23 that meat, canned fish, fats, and oils rationing ended Nov. 23 at midnight. (AP Wirephoto).

**Company Refuses To Enlist Help Of Government**

DETROIT, Nov. 26 (AP)—Asserting the need "is more acute now" in view of a far-reaching strike, the CIO United Automobile Workers today repeated its request to General Motors Corp. for negotiation of the wage dispute before federal conciliators and the public. While awaiting the corporation's reply, the union's international executive board opened a two-day meeting here at which the General Motors strike was certain to receive considerable attention. Walter P. Reuther, UAW-CIO vice president, said the request for further negotiations had been withheld pending the company's formal rejection of an arbitration proposal that came Friday.

**Police Troops Put Down Jewish Riot**

JERUSALEM, Nov. 26 (AP)—Police and troops battered into the surrounding Jewish settlement of Shefayim with batons, rifle butts and tear gas today and Jewish casualties mounted to two killed and 30 wounded. Fighting continued.

**Gen. Marshall Lauded By President Truman**

WASHINGTON, Nov. 26 (AP)—President Truman today honored Gen. George C. Marshall as the man who gave the nation victory and "takes his place at the head of the great commanders of history." These words were from the citation accompanying award of an oak leaf cluster to the Distinguished Service Medal worn by Marshall in the first World War. The citation was read by Mr. Truman at ceremonies in the courtyard of the army's vast Pentagon building.

**Police Occupied With Burglaries, Wrecks, Drivers**

A taxicab going south on Johnson collided with a car driven by T. J. Brown of Knott, which was crossing Johnson going west on Ninth. Police said Brown's vision was obscured by the sun. Brown's wife was slightly injured and was taken to her home. Another occupant of the vehicle was Margaret Brown, Velma Perry was riding in the cab. Two cars collided in the 1200 block on W. 3rd and evidently caused no damage, police records showed. S. J. Horton made a left turn in front of R. A. Moore before clearing the right-of-way, reports revealed.

**Fifteen Children Believed Drowned**

WENATCHEE, Wash., Nov. 26 (AP)—Sheriff Bruce Parkinson said today 15 or 16 pupils were drowned when a school bus left the Chelan highway, and plunged over a 50 foot embankment into 50 feet of water in Lake Chelan. First reports said 40 students were thought to have been trapped in the bus. Later information from the scene, 10 miles from the town of Chelan, indicated most of the children had escaped. Sheriff Parkinson said "five or six" swam ashore and were rushed to hospitals.

**Ens. Gensert Alive, Well, After Crash**

Ens. John Ralph Gensert has been located alive and well after being missing since last Thursday on a routine flight from Albuquerque, N. M., relatives here learned Monday morning. Gensert's plane was forced down off the coast of Mexico near California. A search from the air resulted in the discovery of the plane, in which the flier left a note that he was all right and was heading north. As search planes passed over he signaled with a mirror.

**Shortages Halt Ford Production**

DETROIT, Nov. 26 (AP)—The Ford Motor Co. announced today that most of its production operations at the River Rouge plant near here and in several of its hydro plants will be halted tomorrow and Wednesday, because of a shortage of parts for automobile and truck production.

**Howard County E Bond Total Nears \$200,000 Point**

Reports from Saturday afternoon sales boosted the Howard county E bond total nearer the \$200,000 mark Monday. Sales of \$7,143.75 brought the E total to \$186,423.75, according to Ted O. Groebel, Victory Loan chairman who returned after several days out of the city. He was hopeful that other sales in prospect would bring the county to the \$200,000 mark.

**US Proposes To Remove Troops From Iran Soon**

WASHINGTON, Nov. 26 (AP)—The United States has proposed to the British and Russian governments that the armed forces of all three nations be entirely withdrawn from Iran by Jan. 1. The proposal was contained in the text of the note which U.S. Ambassador W. Averell Harriman delivered to the Russian government in Moscow Saturday. The state department made it public today.

**Last Rites Said For Mrs. Alice Linley Phillips**

Last rites were said today for Mrs. Alice Linley Phillips, widely known Big Spring woman, who died at her home at 5:15 a. m. Sunday after a long illness. Services were held at 9 a. m. today at the Eberley-Curry chapel with the Rev. H. Clyde Smith, First Methodist pastor, and the Rev. P. D. O'Brien, First Baptist pastor, officiating. The body was taken overland to Baird where final rites were said at 3 p. m.

**Wanted To See Mother**

Mr. Truman himself was back in the White House after what began as a secret flight to Grandview, Mo., and ended with a night landing at National airport here. He made the unheralded trip to visit his mother, Mrs. Martha Truman, on her 93rd birthday anniversary. Mrs. Truman and their daughter, Margaret, meanwhile, are visiting friends in New York, the identities of their hosts a closely-guarded secret.

**Rice Foreman Dies In Local Hospital**

Rice Foreman, a resident of Big Spring only a short time, died in a local hospital at 6:35 a. m. today. He was born Jan. 7, 1866. His body is to be shipped by Eberley-Curry Funeral Home to Memorial chapel in El Paso for burial in a cemetery there. Survivors include his wife and children.

**Groups Will Report On YMCA Plans At Meeting Tonight**

A meeting of community leaders interested in the establishment of a YMCA movement in Big Spring has been set for 7:30 p. m. in the USO club today. At that time work accomplished in several meetings will be outlined and if there is a consensus that the movement should be adopted here, committees on nominations, budget and constitution will be prepared to report.

**Evidence Indicates Nazis Incited Jap Entry In War**

By WES GALLAGHER  
NUERNBERG, Nov. 26 (AP)—Evidence designed to show that German leaders incited Japan to make the attack on Pearl Harbor was placed before the international war crimes tribunal today by American prosecutors. The documents were among the mounting pile of Hitler's war plans which included cold-blooded schemes to assassinate the German envoy in Prague as a pretext for invasion of Czechoslovakia, to overrun Poland, and to attack Russia. American prosecutors in the trial of 20 leading Nazis produced stenographic notes of talks between Hitler and Japanese Foreign Minister Yosuke Matsuoka

**FATALLY WOUNDED**

WACO, Nov. 26 (AP)—Charles F. Copelan, Dallas negro, was fatally wounded by a shotgun discharge while hunting near here yesterday.

**THIRD DEGREE, THEY WON'T TALK**

Members of the Sheriff's department spent most of the morning conducting futile interrogations of two Latin-Americans who either couldn't or wouldn't talk. The pair are tots, one four years of age, the other just 30 months old. The former was found wandering down a local highway while the other took up with the first stranger who came along on a downtown street.

**NLRB Will Conduct Largest Strike Vote**

PITTSBURGH, Nov. 26 (AP)—The nation's largest strike vote in history will be conducted Wednesday by the National Labor Relations Board. The balloting will affect 640,000 CIO steelworkers in 776 plants throughout the country.

**Truman Goes Home For Her Birthday**

By ERNEST B. VACCARO  
WASHINGTON, Nov. 26 (AP)—President Truman and his family have staked out a claim to a little privacy sometimes when they go a-visiting.

**McNarney To Assume Occupation Command**

FRANKFURT, Germany, Nov. 26 (AP)—Gen. Joseph T. McNarney arrived today from Washington to assume command as chief of US occupation forces, succeeding Gen. Dwight D. Eisenhower. It is understood that Eisenhower will not return, as originally expected, to say farewell to his troops.

**Sets Record**

NORFOLK, Va., Nov. 26 (AP)—The aircraft carrier Lake Champlain arrived here today establishing a world's record of 32,048 knots per hour for crossing the Atlantic, the Fifth naval district public information office announced today.

**US Proposes To Remove Troops From Iran Soon**

WASHINGTON, Nov. 26 (AP)—The United States has proposed to the British and Russian governments that the armed forces of all three nations be entirely withdrawn from Iran by Jan. 1.

**Wanted To See Mother**

Mr. Truman himself was back in the White House after what began as a secret flight to Grandview, Mo., and ended with a night landing at National airport here.

WASHINGTON, Nov. 26 (AP)—President Truman and his family have staked out a claim to a little privacy sometimes when they go a-visiting.

# THERE ARE NO "HIDDEN" STEEL PROFITS

---

*United Steelworkers of America-CIO charges that steel companies piled up huge "hidden" profits during the war. It insists that the steel companies now can use their "swollen" wartime profits in order to pay a \$225,000,-000-a-year wage increase.*

---

**The Union's charge of "hidden" profits during the war is false.** That was shown conclusively by the fact-finding panel of the National War Labor Board. In September, 1944, that government agency declared in an official report that what the Union calls "hidden" profits are necessary reserves, and that such reserves "are proper and cannot be considered as steel profits."

**The truth about profits in the steel industry during the war is that they were not "swollen." They were less than in any good peacetime year!** After all bills were paid, net earnings after taxes during the three war years, 1942 to 1944, represented an average return of 5 per cent on the money invested. That was a lower return on investment than in any peacetime year of high steel production.

**There is no mystery about reserves in the steel industry. Workers as well as stockholders are protected by these reserves.** Machines wear out and must be replaced.

During the war the wear and tear under capacity operations was without precedent. When necessary reserves are not provided, any company will run down. Then there are fewer jobs, smaller pay checks. These principles of sound management apply to a one-man garage or any small business as well as to a million-dollar corporation.

**Every cent that steel companies set aside for future needs is checked by your Government.** Nothing can be hidden. The tax collectors, renegotiation boards, and many other government agencies have reviewed the figures year after year. They recognize reserves as an essential part of the cost of doing business.

Reserves set aside for wear and tear of facilities and for contingencies do not constitute a fund out of which wages can be paid. To do so would quickly exhaust the reservoir on which the steel companies depend for their future lives.

**Any solution of the present wage-price issue in the steel industry must take into consideration these clearly established facts.**

## American Iron and Steel Institute

350 Fifth Avenue, New York 1, N. Y.

OUR COMPANY MEMBERS EMPLOY 95 PERCENT OF THE WORKERS IN THE STEEL INDUSTRY

# Oldham Picking Cotton With Mechanical Tool

Howard county farmers are already getting into post-war farming with the use of automatic cotton harvesters. The George Oldham Implement company at 901 Lamesa highway has received five of the harvesters, four of which are already in service and are performing exceptionally well, according to reports.

The Boone cotton harvester being operated is of the two row model, although the single row model is manufactured also. The Boone model is not a picker, Oldham declared, but harvests all of the bolls on the stalk. Because that, all of the bolls must be completely open and all foliage must be off. Due to the methods used, the cotton crop must be harvested late in the season.

As a result of field tests at the US Experiment Farm in Lubbock, manufacturers learned that the strain of cotton used, while more resistant than half and half cotton, still could not be classed as a storm proof variety, as it was well open, slightly strung out and fluffy.

When the tests were made the

cotton was not 100 per cent open, as there were still a few green unopened bolls still on the plants. Machine picking efficiency average in low gear was 96.2 percent, while in high gear the average was 93.75. The speed was 1.79 miles per hour in low gear, and 3.41 miles per hour in high gear. The average yield per acre was 1126 pounds. These reports were made on tests Oct. 26, 1943, on the first machine, and later developments have improved efficiency.

Oldham declared that although it was coming slowly new farm machinery was again on the market. Now coming in are single row power driven corn binders. On hand are plenty of hammer feed mills, and windmills and parts are available.

# McDaniel Offers Best Of Service For Automobiles

# O'Brien's Ready With Meat Goods For Ration End

If your car needs a washing and lubrication job, it always helps to beautify it and this is just what McDaniel Service Station offers its customers.

They not only do the job specified but they also vacuum, paint the tires, grease and shine the automobile. This service is snappy and friendly and the amount of cars around the station all day indicates the satisfactory service given by Ollie McDaniel, owner, and his staff of efficient workers.

The station, located at 311 Gregg, offers parking space when it is available for the convenience of friends when grocery shopping is to be done or mail has to be picked up.

McDaniel Service Station opens at 7 a. m. daily and is always ready to serve you. Even if it's only air and water needed, McDaniel asks that you let them service your car.

For the last three years, the station has had to close on Sundays and early on week days. Now that the war has ended, McDaniel says the station will stay open until 9 p. m. each day, including Sundays.

All Gulf products are offered and there now is a plentiful supply of No-Nox gasoline on hand.

McDaniel said that pick-up service is available when it is possible for the station attendants to leave the station. Their telephone number is 1340.

"I can give a sigh of relief on this bookkeeping business now," George O'Brien, owner and operator of O'Brien's Grocery on 1201 Eleventh Place, said, referring to the lifting of meat and food rations.

Saturday, the day OPA removed points on these commodities, the meat box was cleaned out of beef and what pork was on hand. Butter melted away, and shortening disappeared "zippity zing," too, Mr. O'Brien said, as customers rushed to take advantage of the order.

However, these stocks have been refilled with a choice array of meats, sausages, and cheeses. Bacon is still so scarce as to be non-existent, but other cuts of pork appear on the counter from time to time, O'Brien said.

With a new butcher, Chester Shrader, at work, Mr. O'Brien invites old and new customers to come in at any time and inspect his "nice ice box."

Also in the store are plenty of fresh fruits, dates, walnuts, almonds and pecans in anticipation of the Christmas trade. With sugar rationing still tight however, would-be Christmas bakers will be scarce, the grocer expects. A shipment of assorted canned fruits which have been scarce on the shelves is expected in at any day, he said, and he hopes soon to offer a complete stock of goods, just as in pre-war days.

Thomas, recently discharged from the service, has returned as embalmer for the Nalley Funeral Home, a position which he held for three and a half years before enlisting. Other workers at Nalley's include Vernon Easterling and C. O. Nalley.

**Huge Rubber Surplus Lugs, Says Experts**  
WASHINGTON, Nov. 26 (P) — Tire-hungry motorists take note—the world now faces a huge rubber surplus for the next two or three years.

This is the conclusion of an international "rubber study group" of American, British, French and Dutch experts. They have just concluded a meeting in London and their report was released simultaneously here and there.

It contains no recommendations for production controls among the nations which produce natural and synthetic rubber, so that the way apparently is left open for intense competition on a cost basis between the manufacturers of synthetic rubber in this country and the producers of natural rubber in the Malaya-Dutch Indies area.

Some experts believe and the rubber study group implies that this may lead to the development of a great variety of new uses for rubber and new production of rubber articles in the near future.
