Thursday At Farwell - -

## Col. Sandvick To Speak At Jr. High Graduation

Commencement exercises for Farwell Junior High School are slated for Thursday, May 26, at 8 p.m. in the school auditorium. Clay Williams, son of Mr. and Mrs. Don Williams, is the class valedictorian, and the salutatorian is Randy Herington, son of Mr. and Mrs. L.C. (Buster) Herington. Keynote speaker for the occasion will be Col. Robert J. Sandvick, former Farwell resident and Vietnam POW who is stationed at Reese AFB, Lubbock.

Col. Sandvick is the Deputy Commander for Resources for the 64th Flying Training Wing at Reese AFB. As such he is responsible for the base use of resources and the overall management of the supply, comptroller, procurement and transportation programs.

He was born and reared in northwestern Montana, graduating from Frazier High School in 1949, and from Montana State University in 1953 with a bachelor of science degree in education.

Col. Sandvick enlisted in the U.S. Air Force in September of 1953, and received his commission as a Second Lieutenant in December 1954. He completed pilot training at Bryan AFB, Tex., and advanced pilot training at Nellis AFB, Nev., before being assigned to the 27th Tactical Fighter Wing at Cannon AFB, Texas. While at Cannon he married the former Shirley Ham of Farwell in 1960.

In 1961 the Sandvicks were transferred to Kadena AB, Okinawa, where their son, Warren, was born in 1962. After a two-year tour with the 561st Tactical Fighter Squadron at McConnell AFB in Wichita, Kan., Col. Sandvick was assigned to Takhli Royal Thai AFB, Thailand, in July, 1966.

On August 7, 1966, he was reported missing in action during his 13th combat mission. On Mar. 20, 1967 Col. Sandvick was officially listed as prisoner of war in Hanoi, North Vietnam. On Mar. 4, 1973 he was repatriated and returned to the United States. He attended Air War College in Montgomery, Ala., where he was also awarded a master's degree in Guidance and Counseling from Alabama State University.

Col. Sandvick was assigned to Reese AFB in August 1974 and assumed his present duties in July 1975.

Jack Williams, high school principal, will give the invocation and the benediction will be given by Jesse Cantu. The processional and the recessional will be played by Mrs. Charles Hargrove and Mrs. Joe Schilling.

James Craig, junior high principal, and members of the school board will present diplomas.

Seventh grade students who will serve as the honor guards are Doug Cole, Rocky Ford, Karen Magness and Kay Geuther. Other seventh grade honor students who will be ushers for the program include Dana Hukill, Tracy Williams, Sharon Kalbas, Tammi Lovelace, Dennis Dollar, Bowie Howard and Janene Berry.

Following commencement, there will be a banquet for the graduates at a restaurant in Clovis.

Eighth grade sponsors are Liz Phillips, Larry McDorman and Pat Owen. Class parents are Mr. and Mrs. W.T. Meeks, Mr. and Mrs. Harold Carpenter and Mr. and Mrs. Troy Christian.

The following students will graduate with honors: Clay Williams, Randy Herington, Judith Schilling, Betsey Black, Robin Vinton, Charlie Rose and Debbie Clines.

Others graduating are Alma Cantu, Janie Cantu, Rocio Casas, Elizabeth Chavez, Sharmy Christian, Lori Curtis, Cydney Ford, Tori Hardage, Donna Hill, Mary Ann Lovato, Hilda Marrufo, Wanna Menning, Diana McKillip, Elsa Terrazas, Scott Bass;

Also, Richard Carpenter, Billy Clines, Kerry Ford, Raul Garza, Sherman Grosz, Phillip Hagler, Gary Hardage, Roy Hill, Sid Howard, Billy Hull, Kenyth Key, Donald Lovelady, Richard May; And, Byron Mayfield, Todd

## Country Club Sets Meeting

Members of the Farwell Country Club met last Tuesday night at the club in further efforts to find a solution to the financial situation which has plagued the club for the past several months.

Walter Hughes, board president, said they have currently collected \$50,000 of the \$68,110 which was pledged in the recent fund drive. He added that they are waiting for approval from the FHA for the establishment of a new note which will retire the debt on the club.

Hughes reported that a general membership meeting has been set for June 6. At that time the club will be reorganized and a new set of by-laws will be drawn up.

Hughes said that committee appointments have also been made. Johnny Atkinson was placed in charge of getting the swimming pool repaired etc., in time for the opening date. However, Hughes added, the opening date has not been set.

Joe Helton, Jim Berry and Bob Anderson were placed in charge of the cart committee. Berry was also appointed to head the equipment committee. Each will be responsible for repairing and/or replacing the country club's equipment.

The total debt owed by the club is \$183,000, some \$17,000 more than the original debt because of failure to make monthly payments on schedule.

Meeks, Robbie Phipps, Ricky Tims, Henry Boyd White, Pierce, Kevin Shults, Randy Gary White, Darren Anderson, Sierra, Robert Thurman, Ricky Ralph Paez and Benny Rivera.

## Blood Drive Set For Twin Cities

The essence of life -- blood -- is the concern of a Twin Cities campaign scheduled Tuesday, May 24, from 4 p.m. to 8 p.m. at Farwell Volunteer Fire Department. The community blood drive is sponsored by the Texico-Farwell Fire Department. The community Rotary Club and Texico and Farwell volunteer fire departments.

Contributions are on a voluntary basis only. Prospective donors are asked to sign up with Jim Walker at the Texico branch of the Citizen's Bank; however, Walker

stressed that all donors are welcome and encouraged to participate in the community blood drive even if they are unable to pre-register.

Walker said that the six months' free coverage, which was granted in the past, is no longer in effect.

The demand for blood increases constantly, yet it is estimated that the annual blood requirements of the nation are provided by less than three per cent of the population for the United States, according to statistics

## First At State

Texico Varsity Wolverines brought home a first place trophy from the state track meet in Albuquerque last weekend. Winning the top award for Texico was the 880 yard relay composed of Keith Hadley and Steve Turner, front; and Robert Lacy and Justin Gaddis. The team's time was 1:36.71. See story on sports page.

If you are not busy, you are not a farmer or you don't have any kiddos in school. Of course, our farmer friends are busy planting, plowing, fertilizing, cultivating and looking forward to next month's wheat harvest.

The last three weeks in May signal the breaking of the dam for the torrent of school activities; these include banquets, dances, baccalaureates and graduations. Add the various activities together and it becomes almost bedlam for a small community.

However, as this is an annual occurrence, because we seem to have a youngster crop as surely as we have planting and harvests, everybody seems to bear up admirably under the strain. We do wonder how some of our farm mamas with both activities to cope with really do manage. Experience, we suspect.

\*\*\*\*\*

Richard Nixon has been thrust into the limelight lately due to the David Frost interviews. Nothing has really changed, he apparently was and apparently still is a man loose with the truth. To the best of our knowledge, no person lost money as a result of the convolutions of the Nixon administration, yet he was driven out of office.

We also notice that the present administration has had to propose some very drastic raises in the Social Security tax system. This is receiving some cold shoulders by many members of Congress. We are not faulting the President for trying to patch up the Social Security's leaky financial bucket. We are faulting the myriad of lying Congressmen who over the past 40 years have deceived the American public about the solvency of the system.

Not only have they lied about the actuarial soundness of the system, but have also hypocritically added burdens from time to time that guaranteed the system's insolvency.

In now trying to repair the largess of a spendthrift Congress, the administration's proposal opens the door to the very real possibility that a younger Congress, elected by the younger working masses, will eventually do away with the Social Security system entirely.

This is possible because in no way is Social Security set up like private insurance or pension funds. Nobody has a "vested" interest in the system. Money, in the form of Social Security taxes, paid in today can be paid out tomorrow. The person paying the taxes into the pot has no legal claim on his forcefully-extracted contributions. Today's taxpayer can only hope that some future "contributor" will kick in enough then to pay today's taxpayer's check of the future.

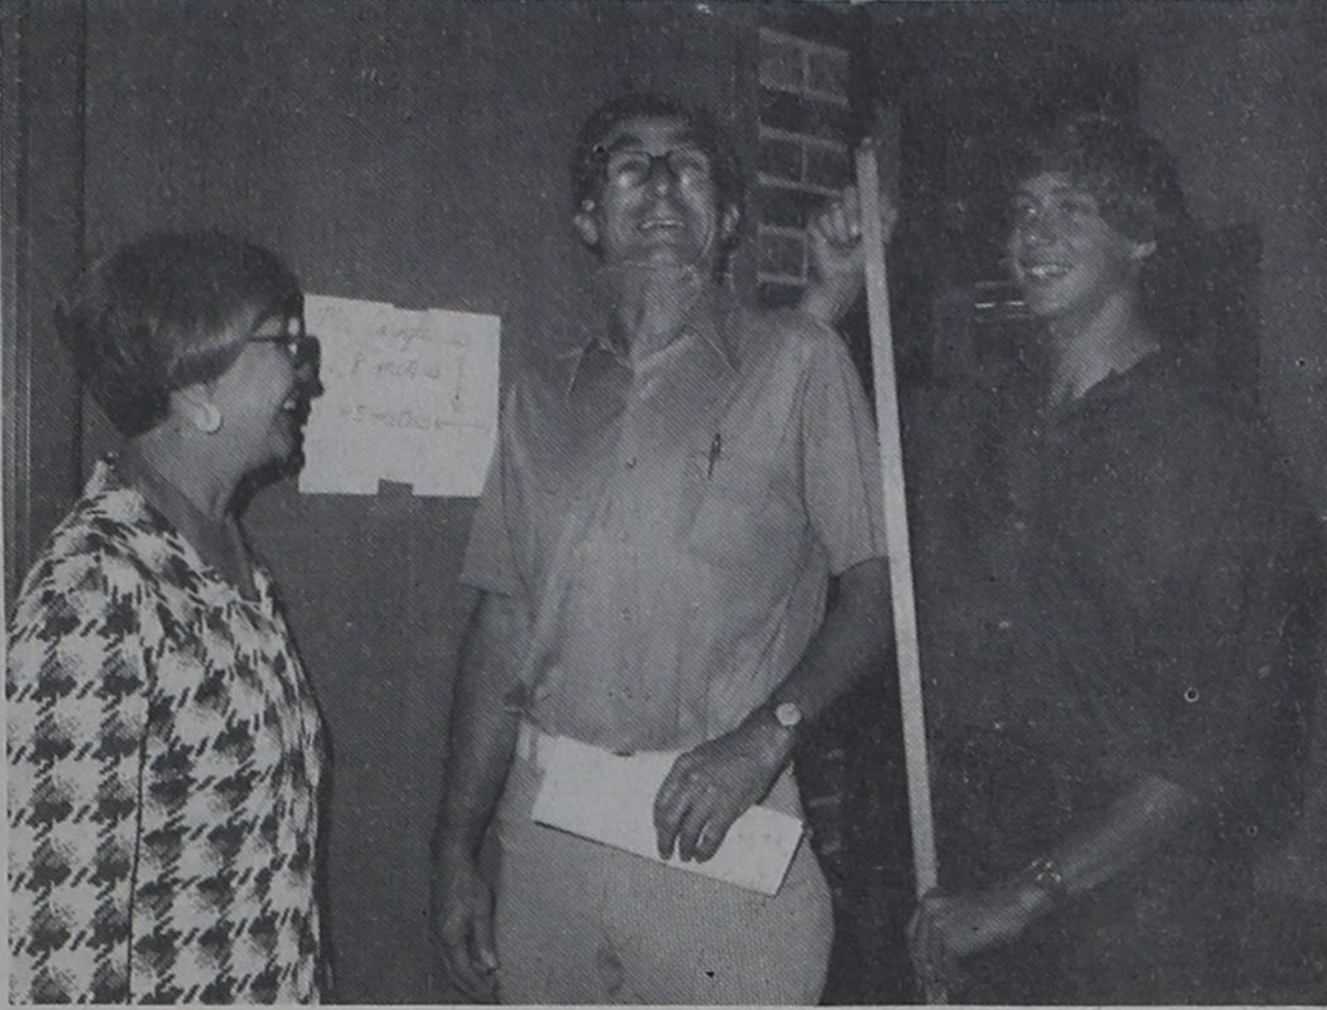

This high rolling bunco game has involved hundreds of billions of dollars and has become the backbone of most of today's taxpayers' retirement plan. What a colossal upheaval in this country when the entire system goes down the tube.

Then, who will we impeach?

\*\*\*\*\*

In contrast to the above dismal dirge of government irresponsibility, let us note that the High Plains Underground Water Conservation District No. 1 announced that they can reduce their tax rate by some 40 per cent. A cheer for this group headed by our local Webb Gober.

Honest people putting out an honest effort can make things work -- for less money. Congress should go and do likewise!

## Metric Fun

Anne Corne, Farwell High School mathematics instructor, and Tim Ellison, right, one of Mrs. Corne's advanced math students, recently decided to have some fun with the metric system. They enticed Howard Carlyle, high school counselor, to pause for a moment as Ellison applied the metric ruler to Carlyle and just as the sign on the door indicates, his measurements are 1.8 by .45 meters. Mrs. Corne said that her advanced math students went on a "measuring spree" which included measuring everything from books to doors to people.

## Texico High Seniors To Graduate Tonight

Commencement exercises for Texico graduates will be tonight (Friday) at 7:30 p.m. MDT at the Wolverine gymnasium. The commencement address will be given by Dr. Warren B. Armstrong, president of Eastern New Mexico University. He will be introduced by James Pierce, Texico superintendent.

Other addresses will be given by Deanne Day, valedictorian, and Mark Howard, salutatorian. Debra Lacy will recite the class history.

The invocation will be given by Rev. Bob Roberts, pastor of Emmanuel Baptist Church in Portales, formerly of the Texico-Farwell area. Rev. Marlon Brumfield, pastor of the Assembly of God Church in Texico, will give the benediction.

Graduating seniors will be introduced by James Harding, principal, and school board members D. Smith Day and Roy Richardson, will hand out diplomas. Supt. Pierce will make a special presentation.

The processional and recessional will be played by Christi Harrington, and Bettie Martin will sing "You'll Never

Walk Alone." Graduate escorts will be Debra Coffey and Raynette Shankles. Don Duncan and Richard Kelley will serve as ushers.

Baccalaureate exercises for Texico seniors were conducted Sunday evening at the First Baptist Church in Texico. The baccalaureate sermon was given by Rev. Joel Horne, pastor.

Baccalaureate services at Farwell High School are scheduled for Sunday, May 22, at 8 p.m. CDT at the school auditorium. James Perkins, superintendent, will introduce the guest speaker, Rev. Moody Smith, pastor of Oklahoma Lane Baptist Church.

The invocation will be given by Rev. Carrell Watkins, pastor of Missionary Baptist Church in Farwell, and Rev. W.T. Perry, pastor of Hamlin Memorial United Methodist Church in Farwell, will give the benediction.

Special music will be provided by the senior class and Mrs. Marlon Inman and Mrs. Charles Hargrove will play the processional and recessional. Juniors who will serve as

honor guards are James Shults, Linda Gohlke, Delia Dollar and Penny Hughes. Ushers will be Sandra McMillan, Rhonda Walls, Jan Bradshaw, Peggy White, Shawn Smith, Jayme Berry, Cynthia Dale and D'Lynn Eubank.

Commencement exercises for Farwell High School will be next Friday, May 27, at 8 p.m. CDT in the school auditorium. The valedictory address will be given by Natalie Dollar, and Ron Hancock will deliver the salutatory address. Sherry Perkins will recite the class history.

Diplomas will be handed out by Superintendent James Perkins, and Billy Mayfield and Ted Magness, school board members. Awards will be presented by Jack Williams, principal.

Rev. Bob Roberts will give the invocation and the benediction will be given by Leonard Harper, minister of the Church of Christ in Farwell.

The senior class will sing the school song and the processional and the recessional will be played by Mrs. Inman and Mrs. Hargrove.

## To Honor Athletes - -

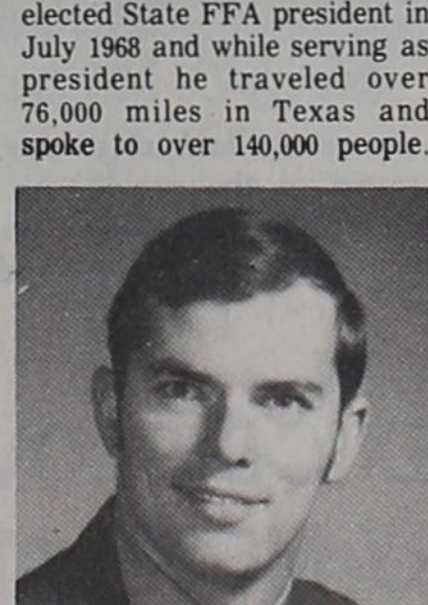

## Sarpalius To Speak At Farwell High Banquet

Farwell High School athletes will be honored at the annual all sports banquet to be staged tomorrow night (Saturday) at 8 o'clock in the school cafeteria. Approximately 99 girls and boys who have participated in athletics at Farwell High during the past year are to be honored.

The banquet is open to all athletes, their parents, and invited guests.

Speaker for the occasion is Bill Sarpalius, teacher at Boys Ranch and past state president of the Future Farmers of America.

Sarpalius lived at Cal Farley's Boys Ranch for seven years. After graduating in 1967, he attended Clarendon College for one year. He was elected State FFA president in July 1968 and while serving as president he traveled over 76,000 miles in Texas and spoke to over 140,000 people.

BILL SARPALIUS

At this time the FFA had approximately 50,000 members.

After serving as president, Sarpalius married and returned to Clarendon College where he graduated in May of 1970. He served as president of the student body at Clarendon College, was named to Who's Who in American Junior Colleges and served as chairman of the youth advisory board to the selective service in Texas.

Sarpalius graduated from Texas Tech University in 1972 where he majored in agriculture education. He is now teaching vocational agriculture at Cal Farley's Boys Ranch.

The Sarpaliuses have one son.

Natalie Dollar will give the invocation and athletic director Tom Whatley will introduce the guests. Awards will be presented by Coaches Whatley, Don Alana, Royce Baker, Bert Roanhaus, Larry McDorman and Bob Askey.

Johnny Atkinson, president of the Farwell Chamber of Commerce, will present the Chamber award and Howard Carlyle, high school counselor, will give the student council award. Other awards to be given include scholastic award, to be presented by Jack Williams, high school principal; and Steer and Steerette of the year awards to be given by Coach Whatley.

Awards also will be presented to the outstanding boy and

girl athlete in tennis, golf, basketball and track as well as to an outstanding football player.

Farwell Booster Club is in charge of the meal and arrangements for the event. The cheerleaders and their sponsor, Williams, are in charge of table decorations and Whatley is in charge of the speaker and the program.

## Lazbuddie Girl Wins At State

Tammie Smith, a junior at Lazbuddie High School was the only first place winner from Farmer County in the Class B state track and field meet held recently in Austin.

Tammie edged her Region I rival, Debbie Polk of Texline, with a time of 2:22.22 to take the top honor in the 880 yard dash. Miss Polk had won the event at the Class B regional meet.

Of the eight state meet entries, Tammie's time was the second best qualifying time, just under that of the regional winner.

The daughter of Mr. and Mrs. Gene Smith, Tammie also was a member of Lazbuddie's district champion golf team and entered the 220-yard dash, long jump and high jump on the regional level, having placed second in those events at the district meet.

## State Winner

Tammie Smith of Lazbuddie won first in the Class B state track meet in the 880-yard dash with a time of 2:22.22. The daughter of Mr. and Mrs. Gene Smith, Tammie is a junior at Labuddie High.

# No Clues In Tree Vandalism Acts

It has been only a year since a special tree was planted in front of Farwell Elementary School in honor of Mrs. Lauretta Pool, elementary teacher who retired from the school system last year.

In the short time the tree has been there, it has been vandalized twice. And now, just as when the first act occurred, there are no clues as to who may be perpetrating the damage.

Several months ago, after the first incident occurred, school officials replanted a tree. Then Wednesday night of last week an act of vandalism was repeated as the tree was deliberately knocked down and run over. James Perkins, school superintendent, said this week that he was not sure whether another tree would be planted.

Perkins also added that the school system is offering a \$50 reward for information leading to the identification of the perpetrators of either vandalism incident.

Farwell City Marshal Ronnie Mitchell reported that several acts of vandalism have been committed in Far-

well recently. He cited the recent break-in of Nickels Gin as an example. He said a window was broken out and a fire extinguisher was sprayed in the building.

Mitchell added that according to the Texas penal code, many acts of vandalism fall under the criminal mischief category. According to the penal code "a person commits an offense if, without the effective consent of the owner: he intentionally damages or destroys the tangible property of the owner."

Offenses under this section of the penal code may be characterized as Class A, B, or C misdemeanors. A class A misdemeanor is for loss of \$20 - \$200 and carry punishments of a fine of \$2000 or less and a jail term of one year or less.

Criminal mischief is a class B misdemeanor if the loss is between \$5 and \$20. Punishment may be a fine of \$1000 and a term in jail for 180 days. Class C misdemeanors are for a pecuniary loss of \$5 or less and carry a punishment of a fine of \$200 or less and no jail term.

in a blood services pamphlet. The nature of blood is such that, in its whole state it must be transfused within 21 days after being drawn, and the blood given to a patient must be of a compatible blood group and type.

Unless more people become blood donors, the supply will not keep pace with the growing demand for blood, say officials.

To assure that blood will be there when needed, everyone in the community is encouraged to become volunteer donors.

There are several qualifications for giving blood. The donor must be between 18 and 65 years of age. Persons who are 17 may give blood with written parental permission. Donors must weigh at least 110 pounds and have no recurrent health problems.

A donor cannot have had major surgery within the past six months, cannot have had a tooth extraction within the past 72 hours, and cannot be pregnant now or in the past six months.

A donor cannot have had malaria in the past three years, cannot have received blood in the past six months,

## Surveys Damage

James Perkins, superintendent of Farwell Schools, is surveying the damage done to the special tree which was planted last spring in honor of Mrs. Lauretta Pool, a retired elementary school teacher. Last week, according to Perkins, the tree was deliberately knocked down and run over. He added that a \$50 reward is being offered for any information leading to the identification of the person or persons involved.

## Farwell Elem. Plans 'Anything Goes' Day

Farwell Elementary school is planning an "Anything Goes Day" Wednesday, May 25, from 12:30 p.m. until 3 p.m. to be held at the playground behind and in front of the school.

Each grade has planned two events and students will move from station to station for participation in these events. Each grade will also have a teacher responsible for running off two events.

Events include, kindergarten: tire roll and an "over and under" ball game; first grade: ping pong ball game and

tricycle race; second grade: running nose relay, watermelon seed spitting contest; third grade: skate board obstacle and sack races; fourth grade: tacky clothing race and bottle filling race; fifth grade: water bottle race and kiddie wagon race.

Students will be served refreshments in their respective classrooms at 2 p.m. and at 3 p.m. they will engage in an apple bobbing contest.

Jerry Yows, elementary principal, said everyone is invited to attend the afternoon of fun.

## FIRE CALLS

Texico Volunteer Fire Department reported two ambulance calls since last week. On May 11 and May 17 they transported persons to the hospital in Clovis.

They did not report any fire calls this week.

Farwell Volunteer Fire Department did not report any fire calls or ambulance calls this week.

## agri-facts

by John Ricci

Sunshine is brighter on the farm than in the city. Or so it seems. Solar energy is getting far more attention from innovative farmers than from anyone else. Hard to say why . . . perhaps it's that farmers have a deep and natural respect for nature and what can be produced from it. At any rate all sorts of rigs are being set up and operated to catch and convert sunlight into some sort of energy that can help get the chores done. Grain drying was one of the primary considerations in the development of a portable solar heat unit which will probably hit the market place as early as this summer. Promoters of the gizmo say it will store heat energy for as long as 10 days. It is trailer-mounted and could be moved to different areas of the farm for a variety of energy jobs.

## City Council Discusses Street Repair Project

Representatives of Lydick Engineers and Surveyors of Clovis met with the Farwell City Council Monday night to discuss the proposed street repair project which the city plans to undertake in the near future.

They indicated that at this time the streets in Farwell "are in good shape," adding that it is also a "good time to begin a program for the repair and upkeep" of the streets. Council members said they felt a five-year plan would enable all the streets in need of work to be fixed during that time period.

The Clovis engineers also said that the intersections need work, but felt that the state highway department might possibly do that work. At present a 43-block area in Farwell has been marked for inclusion in the proposed five-year plan. It was reported that a maximum bid might be

33 cents per square foot for the repair work.

The Clovis firm said they charge either by the hour or else a percentage of the total cost. They agreed to look over the city streets and to prepare a proposed contract concerning the work.

Also discussed was the possibility of repaving the parking area near the City Hall. Firm representatives said it would be no problem to repave the area and angle the parking slots by installing approximately 12 curbs.

Janie Bowery, city clerk, said that the firm is responsible for preparing the specifications of the project and that once the city knows what needs to be done, the actual street work will be opened to bids.

Paul Haden, contractor, asked the Council if the city would sell lots 31 and 32 in block 41. They indicated they would "if the city could get back its investment in the 50 ft. by 150 ft. property." After discussion, Mayor Walter Kaltwasser said the city could sell the lots for \$31.50 per square foot. He indicated that another 50 cents per foot would have to be paid by Haden in order to clear the title to the land through the court. No decision was made during the meeting.

Mrs. Bowery reported that she had received only one estimate thus far regarding repairing the roof of City Hall. Commissioner Fred Chandler said they needed more than one estimate concerning the cost of the job before they could reach a decision.

Chandler also reported that the state highway department is considering remarking Avenue A, from Seventh Street to the railroad tracks, as a five-lane highway instead of the present four lanes. Even though financial assistance to the project has not been granted as yet by the state, Chandler said they were notified in order that "they might be thinking about it in case the state gives the go-ahead to the plans." Chandler added that if the state and the city both okay the project, work could begin in August.

Next on the agenda was a discussion of the office lights. It was decided to take up the matter with Lee Hutchins and to view his recommendations before taking any action. It was reported that last week city employees replaced

the yield sign located at the corner of Ninth Street and Avenue A with a stop sign. City Marshal Ronnie Mitchell said that the new tri-plex located there cut visibility, thus making the change desirable.

Mitchell also suggested that in an effort to curtail vandalism to city street signs that street markers be placed on top of the stop signs, which are supposed to be placed at every intersection, he adds. A discussion followed but no action was taken.

Mitchell reported that an abandoned building located behind Kelly Green and near the railroad house was a hazard because of its run-down, dilapidated condition, and a large hole which is located near the house. He said the hole was uncovered and presented a danger to anyone who would be in the area.

It was suggested that condemning the property and tearing it down might be the best solution to the problem. After a discussion it was decided to contact the Texas State Department of Health Resources in Canyon concerning the matter and to work through them if possible.

Mrs. Bowery said that the Texas State Summer Youth Program had allotted the city one employee. Under the program any youth who is over 14 and qualifies, may be employed by the city. The program is to last eight weeks and the wages of the employee will be paid by the state organization. Mrs. Bowery indicated that last summer the city did not have any luck qualifying any youths for the program. Parents of most of the applicants earned too much money for the youths to be eligible.

It was also brought to the attention of the council that a federal program allows the City of Farwell to hire employees who will receive on-the-job training and whose wages will be paid by the federal organization.

Due to the Memorial Day holiday Monday, May 30, the Council agreed to meet Tuesday, May 31, at 5:15 p.m. CDT in the City Hall.

Present for the meeting were Mayor Kaltwasser, Commissioners Chandler and Johnny Curtis; and city employees Mrs. Bowery, Mitchell, Dee Hammit and Doug Landrum.

### Ouch! That Hurts!

Tiger, a yellow-striped cat owned by Mrs. Edith Crawford of Farwell, was one of 31 dogs and cats which received their vaccinations last Friday during the pet clinic conducted at Texico City Hall. Administering the shot is Dr. B.L. Russell, a Clovis veterinarian, who was in charge of the clinic. According to reports, turnout for the clinic was light.

## McCleskey Graduates From Seminary College

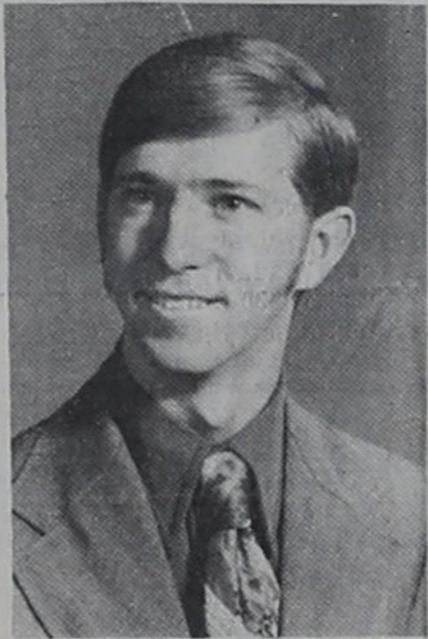

Dale Wade McCleskey of Ft. Worth, son of Mrs. Loyce McCleskey of Farwell, will receive the master of divinity degree during spring commencement exercises for Southwestern Baptist Theological Seminary was held May 13 at Travis Avenue Baptist Church.

Seminary President Robert E. Naylor conferred 340 de-

grees and diplomas on the largest graduating class in the seminary's 70 year history.

Baker James Cauthen, executive director of the Southern Baptist Foreign Mission Board, was the commencement speaker. A graduate of Southwestern Seminary, Cauthen also holds degrees from Stephen F. Austin Teachers College and Baylor University. A former pastor and missionary to China, Cauthen has served as the executive director of the Foreign Mission Board since 1954.

Southwestern Seminary is a fully accredited graduate institution designed to prepare men and women for the Christian ministry.

## Rev. W.T. Perry To Jal

Last week Bishop Alsie Carleton, resident bishop of the Northwest Texas-New Mexico Area of the United Methodist Church announced the pastoral assignments of ministers in the New Mexico Annual Conference. Rev. W.T. Perry, pastor of Hamlin Memorial United Methodist Church of Texico-Farwell for the past seven years is being transferred to the First United Methodist Church at Jal, N.M.

Changes in the pastoral assignments will take place June 1. The Perrys will leave the area June 2. However, Rev. Perry will continue to preach each Sunday for the duration of the month.

In commenting on leaving the Twin Cities area, Rev. Perry said that because he and his wife, Virginia, have lived in the community for so long they were finding it difficult to leave. In the 70-year history of the local Methodist church, Rev. Perry has served the church longer than any other minister.

The local minister has been active in the New Mexico Annual Conference and the local communities. In the Conference he has served on the Board of Education, the

Board of Health and Welfare Ministries, and the Conference Council on Finance and Administration. Rev. Perry has also been secretary of the Clovis district and a member of the district committee on church building and location, and of the board of directors of the Wesley Foundation at the University of New Mexico and Eastern New Mexico University.

He is also statistician of the annual conference, a member of the Conference Council on Ministries and a member of the Board of Commissioners of Methodist Home at Waco.

In the Twin Cities area Rev. Perry has been president of the Texico-Farwell Rotary Club, a member of the board of directors and president of the Farwell Chamber of Commerce. He is also a member of the Farwell Hospital District Board of Directors and is vice-president of the Farwell Development Company. He is active in the Masonic Lodge and served as Worshipful Master in 1974-75. He is secretary of the lodge. In 1976 Rev. Perry was honored by the Farwell Chamber of Commerce as the Man of the Year.

### SHERIFF'S REPORT

Parmer County Sheriff's Department is investigating an incident which occurred at the Exxon Service Station in Farwell during which two cars were vandalized.

Also under investigation are several other cases which took place last week.

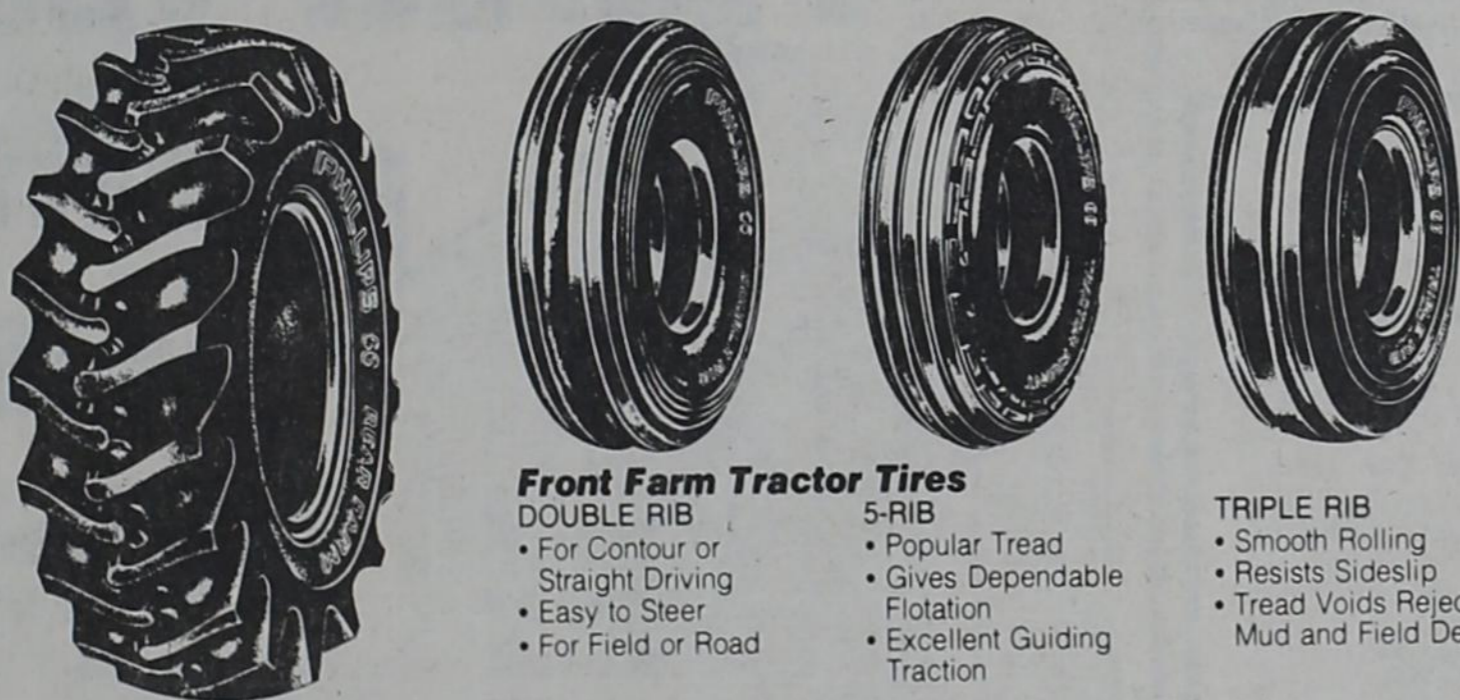

Parmer County Deputy Sheriff Bill Morgan reports that a two-way radio antenna was stolen from the top of Shirley-Anderson-Pitman elevator in Farwell. Twenty bags of corn seed were also taken from a truck parked at the Kersey place in Oklahoma Lane.

Morgan reports that the Coke and candy machines at Bovina Schools had been broken into and that about \$100 in change had been taken.

The deputy sheriff also said that a 560 gallon diesel tank containing about 400 gallons of fuel was stolen from the Lawrence Martin place 10 miles northwest of Friona. The tank belonged to Dale Houlette who is the Shamrock wholesale dealer in Friona.

Morgan also said that two CB radios were taken from the lot of Herring Implement in Friona.

## Honor Society Inducts Sixteen

Farwell High School's chapter of the National Honor Society inducted 16 new members into its ranks last Thursday morning during special services conducted in the school auditorium.

At the beginning of the solemn ceremony the members and prospective members of the organization walked into a darkened auditorium, each carrying a white candle. However, only the candles of the old members were burning.

Terri McCully, Honor Society president, introduced the new members and Delia Dollar once again called their names as they marched to the stage. A large gold candle had been placed on a table on the stage and as the new members were accepted into the organization each candle was lit from the master candle and placed in a circle around it.

At the close of the ceremony, 16 lighted candles and the master candle were burning as the lights in the auditorium were once again extinguished.

Jack Williams, high school principal and honor society sponsor, presented pins and certificates to the new mem-

bers. Mike Smith and Leigh Kirkland each gave a short talk on what the honor society is and what it means.

Mrs. Shirley East painted the honor society symbol of a torch which was used at the installation services.

In continuing a tradition started many years ago, after the ceremony honor society members and sponsors were treated to lunch at a Clovis restaurant by Bob Anderson of Security State Bank.

New members of the honor society are Toby Curtis, Kristi Magness, Diane Wagner, Yolanda Martin, Lisa McClenny, Cindy Dale, Marcella Pena, Kim Watkins, Wendy Stancell, Roxie Chandler, Val Bass, Truitt Smith, Radney Robertson, David Hargrove, Vicki Vinton and Brenda Winegeart.

Other honor society members include Natalie Dollar, Sherri McCully, Sherry Perkins, Carol Vinton, Leigh Kirkland, Deana Williams, Penny Hughes, Karen London, Missy Taylor, Rhonda Walls, Billy White, Jan Bradshaw, Dwayne Shults, Sandra McMillan, Delia Dollar, Rene Garner, Linda Gohlke, Ron Hancock, Sharon Sudderth, Terri McCully and Mike Smith.

## Convalescent Center Chit Chat

As Reported by the Center Staff

About 152 people attended "family night" last Friday at the Farwell Convalescent Center. The meal was prepared and served by members of the Center Auxiliary. Special thanks to R.T. Langston, Clarence Meeks and James Chadwick who helped carry tables and chairs across the street from the Baptist Church. Special thanks also to Jack Williams, high school principal, for the use of the portable microphone.

A slide program was presented by Mrs. Duanne Zumbum of Amarillo who is a medical social worker for the Department of Welfare. The slides, which showed what volunteers can do, were

taken from seven different nursing homes in Texas. They included the only CB-equipped wheelchair in the state and also the different activities volunteers engage in. Slides were also shown of the local Center and the one featuring Floe Copeland, activities director, sitting on the lap of Burl Stringfellow "was a great hit with the local audience."

Mrs. Zumbum was given a chicken bread basket for all her efforts to help make the family night a success.

Besides enjoying the meal and program, special recognitions were also given to various people. Mrs. C.E. Myers and her daughter Lucille Hendrixson of Wann,

Okl., won a decoupage picture for traveling the farthest distance - 600 miles - to spend family night with their parents and grandparents. Mr. and Mrs. C.H. Whitener. The Whiteners also won a bag of fruit for having the most family members attend - six in all.

Virginia Perry won a decoupage picture of a windmill as a door prize. Special recognition was given to Alvenia Cox for a total of 250 hours of volunteer service. Recognition was also given to the Auxiliary whose members have worked 1300 volunteer hours since the organization began.

Staff members presented Dora Nittler, administrator, with a rose and a brandy sniffer, as she has been "a little under the weather" lately.

Four birthdays were also celebrated as part of family night. Bertha Kaltwasser, Anna Hill, Lyra Holland and T.P. Kittrell were presented a birthday cake.

Mrs. Copeland reports that the Center is forming a softball team which will consist primarily of Center-staffers and Auxiliary members. They will play teams of nursing homes in Clovis. Anyone who is interested is encouraged to contact Mrs. Copeland at 481-9027.

Floe's Quote of the Week: "Retirement is great, we understand, if you are busy, rich and healthy. But then under those conditions, work is great too." Bill Vaughn.

Sunday services were conducted by Rev. J.M. Hutson, new pastor of the Assembly of God Church in Texico.

### Elizabeth Pierce Named National OEA Officer

Elizabeth Pierce of Texico was elected National Western Regional Vice-President of the Office Education Association at its National Conference held in Houston May 7-11. She is president of the OEA Chapter at Eastern New Mexico University in Portales, where she is a junior majoring in Vocational Office Education.

She is a 1975 graduate of Texico High School and the daughter of Mr. and Mrs. James Pierce of Texico.

Elizabeth, along with the rest of the delegation from ENMU, is now participating in a post-convention tour to Acapulco, Mexico, prior to returning to Portales May 16.

### Claire McFarland Receives Award

Claire McFarland, daughter of Mr. and Mrs. John McFarland of Farwell and a freshman of Midland College, was named the "Fighting Chaparral" at the college's recent all sports banquet. She also lettered in golf this past year.

awarded a full golf scholarship. During her junior and senior years at Farwell High School, Claire was a member of the then two-time state golf championship team.

### Relatives Visit

Recent visitors in the home of Mrs. Aileen Teel of Texico were her sister, Mrs. Bill Hanna of Sweetwater, and her mother, Mrs. Dovie Brunson of Portales. Mrs. Teel also recently visited her daughter and family, Mr. and Mrs. Gene Usrey, Mark and Steve, at Shallowater. Joining them was another daughter and family, Mr. and Mrs. Bill Glenn, Al, Jeff and Kathleen of McCamey, Tex.

## WIFE Organization Meets In Bovina

The area WIFE organization met Monday night in Bovina. During the regular business session plans were finalized for the trip to Washington, D.C. Sixty WIFE representatives from the Panhandle will make the trip, including three ladies from Bovina. Those attending from Bovina are Mesdames Ellen Marie Estes, Brenda Riddle and Thelma Barron.

The group will be in the nation's capitol from May 21 - 25. Purpose of the trip is to present the farmer's viewpoint to the proper sources.

Following Monday's business session, Elbert Harp, vice-president of Grain Sorghum Producers Association, addressed the organization. Along with his talk he presented films and charts which showed how the prices of farm products have dropped since 1970 due to surplus supplies, but the cost of producing farm products has steadily increased.

Harp also talked about the current farm bills pending in the U.S. House of Representatives and U.S. Senate

pertaining to proposed prices for farm products. He indicated that it would be at least August before anything concrete was done.

WIFE meets every third

Monday at 8 p.m. CDT in the Bovina Bank community room. Interested persons are encouraged to attend the meetings and to write letters to their congressman and senators.

### To California

Ensign Robert W. (Will) Anderson, son of Mr. and Mrs. R.W. Anderson of Farwell, arrived here Thursday of last week for a visit with his parents and other relatives prior to reporting for duty aboard a ship which will be stationed near San Diego, Calif. Anderson, who left Farwell Wednesday of this week, had previously been stationed in New Port, R.I.

## Reception

### Honors

#### Mrs. Lockhart

Katherine Lockhart, who will retire after 25 years' service as Farwell Schools public nurse, was honored with a reception last Thursday afternoon at the home of Mrs. Gil Patschke of Farwell. The combined faculties of all Farwell schools sponsored the reception.

Diane Hernandez registered guests at a table covered with a white cloth. Also on the table were Mrs. Lockhart's gifts which consisted of a scrapbook made by the elementary students, a silver tray, blue gown and robe, nurse figurine and a money gift.

The serving table was covered with a yellow cloth and centered with a bouquet of spring flowers. Sandy Turner served refreshments of punch, cookies, finger sandwiches, chips and dips.

## Hospital Notes

Mrs. George Olsen of Texico was admitted to the Clovis Memorial Hospital Wednesday, May 11. She received medical treatment and was released last Saturday.

Willie Steinbock of Farwell was admitted to the hospital in Muleshoe Monday where he is receiving medical treatment. He is expected to remain hospitalized for a few days.

Leola Birchfield of Farwell entered Clovis Memorial Hos-

pital Tuesday where she is receiving medical treatment.

Jeremy Jones, son of Mr. and Mrs. Donald Jones of Farwell, was admitted to a Lubbock hospital Wednesday. He was to undergo surgery on Thursday and was expected to return home sometime Friday.

Mrs. Hubert (Katie) Ellison of Farwell is receiving medical treatment at a Lubbock hospital. She was reported in stable condition at mid-week.

## Farwell Students Graduate At S-P

Three Farwell residents graduated from South Plains College at Levelland last Friday morning. The local graduates and the degrees they received are Karen Kay Herington, associate in arts degree; Sharon Dee Booth, associate in science degree; and Ann Timms, associate in applied sciences degree.

Featured speaker for the 19th annual commencement

was Dr. Glenn E. Barnett, executive vice-president at Texas Tech University. A total of 319 students received degrees during the commencement exercises.

## Farwell Seniors, Juniors Feted At Old Blue Saloon

Farwell High seniors, juniors, class sponsors, class parents, faculty members and special guests gathered at the Old Blue Saloon Saturday night for an evening of entertainment sponsored by the junior class.

Bro. Bob Roberts played the

part of the mustachioed bartender who served free sarsaparilla and pretzels from the paneled and mirrored bar as guests arrived.

Cowboy mannequins played poker at a game table under the watchful eye of a mannequin dance hall gal at the entrance to the saloon.

The saloon's stage backdrop of blue featured strips of red calico and the words forming the theme "Calico and Lace," spelled out in calico letters.

Giant playing cards decorated one side wall and the other wall featured dancing girl cutouts. Tables were covered with yellow and were centered with arrangements of brightly-colored calico flowers. The same calico print was cut in squares and tied with yellow lace for napkins, and programs featured boy and girl cutouts of lace, denim and calico.

Waitresses were sophomore girls who all wore matching calico aprons tied with yellow sashes.

Clay Roberts, junior class president, welcomed the guests and senior class president Terri McCully gave the response.

Jerry Owen, junior sponsor, was master of ceremonies and introduced the Golden Nuggets, six dancing girls who performed a routine to "Do'it What Comes Naturally." The Nuggets - Kim Marsh, Jana Berry, Dondra Gerles, Carole Perkins, Lisa Howard and Lisa Hughes - were dressed in short denim skirts and vests with white boots and cowboy hats and all wore holsters and guns.

Tim Norton led the invocation prior to the dinner which consisted of salad, barbecue beef, green beans, baked potato, hot rolls, strawberry shortcake, coffee and iced tea. Guests served themselves from a covered wagon at one end of the saloon.

David Branson of Lubbock, formerly with "The Hard Travelers," played the guitar and accompanied himself on several vocal numbers. Wayne Anderson, choral director at Clovis High School, also sang several numbers. He was accompanied at the piano by

his wife, Becky.

Deana Williams and Sharon Sudderth read the senior class will and the prophecy was read by Mike Smith and Brenda Winegart.

Corinne Hardage, sponsor of the 1977 yearbook, made the presentation of the dedication to Jack Williams, retiring high school principal, and presented him with the first copy of the 1977 Roundup.

School superintendent James Perkins introduced special guests, Mr. and Mrs. Tom Knoy of Wilson. Knoy will take over high school principal duties here sometime this summer.

The juniors then received their senior rings from their mothers, and after the benediction by Penny Hughes, the crowd left the saloon for the old gym where the seniors hosted the annual prom.

Annette Black was in charge of refreshments for the prom and was assisted by June Magness. Others assisting in serving were class mothers Kay Hagler, Sue Kirkland and Sarah Haseloff.

Senior class sponsors are Lucille Franse, Bert Roanhaus and Dorris White. Class parents are the Bill Haglers, Henry Haseloffs and Jack Kirklands.

Junior class sponsors are Jerry Owen and Don Alana. Class parents are Mr. and Mrs. Mitchell Walls, Mr. and Mrs. Gerald Norton and Mr. and Mrs. J.W. Eubank.

## Wedding Reminder

## This I Know - - -

by Leonard Harper

Minister

Farwell Church of Christ

I took a slip from my favorite plant and put it in the soil, then watched God, life, or so called "Mother Nature" at work creating a new plant life.

I saw a budlet break through the smooth surface of the stem, and watched it grow and develop into a tender leaf. Here was God at work, creating, taking lifeless matter and energy and transforming it to organic cell life.

As I observed the transformation of the tiny slip, I became mindful that here was Life - the same Life in this microscopic form that extends throughout the far-reaching geography of the universe. And I knew that where there is Life, there is the Giver of Life.

Surely, I cannot see God or Nature as a spirit. But I do see Life - Life that is indwelling, active in the protoplasmic substance, giving motivation to life.

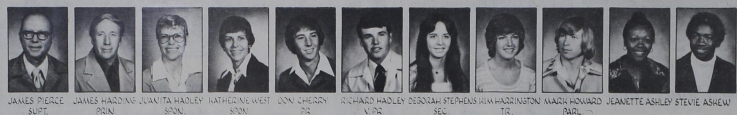

I need not go into outer space seeking to find God. I need only to look at life around me and to feel the divine nature that is within me, which is of God.

The slip has fully grown now into a mature plant. Each day as I watched it grow I marveled more and more, for in that plant life I saw God at work, from stem to leaf, from the birth of tiny buds to the perfect detail of the beautiful blooms. Truly it was God's creation.

Because I know these things, I believe!

# Texico Track Boys Win State Medals

Seven members of the Texico varsity boys track team competed in the state meet at Albuquerque last weekend. The Wolverines took seventh place in class AA competition by capturing one first place, one second place, two fourth places, and one fifth place. Three school records were also broken by the local boys.

The 880 yard relay team of Robert Lacy, Justin Gaddis, Steve Turner and Keith Hadley took Texico's only first place honors with their time of 1:36.71.

The mile relay team consisting of Turner, Lacy, Had-

ley and Dusty Casey finished fourth with their time of 3:35.36. The team broke the old school record, 3:40.9, in four of the seven meets in which they participated this year, according to Coach Paul Toppliff.

Another school record was broken by Joey West in pole vault competition. West took second place with a vault of 12-9, breaking the old school record of 12-6. West had only one more miss than Gerald Lopez of Fort Sumner who finished first.

Don Duncan tied for fifth place in pole vault competition with Jim Vick of Fort Sumner. They both vaulted 11-6.

The third school record was broken by Steve Turner in the high hurdles. Turner's time of 15.75 garnered fourth place honors, and broke the old record of 15.9. In preliminaries Turner ran it in 15.56.

Turner also competed in the high jump, but did not qualify. Others who competed at state but did not place include Justin Gaddis in the long jump and Keith Hadley in the 440 yard dash.

Texico's team total of 19½ points garnered seventh place honors. Teams finishing ahead of Texico were Laguna, 53; Clayton, 35; Lordsburg, 27; McCurdy, 26; Estancia, 23; and Menaul, 23.

Coach Toppliff says he is very proud of the fact that he took seven boys to state and all seven brought home medals. He is pleased with everyone's performance and especially proud that so many school records were broken this year.

Mr. and Mrs. T.H.S.

Texico High School staged its annual Variety Show Thursday night in the Wolverine gymnasium. Highlight of the evening included the crowning of Kim Harrington as Miss T.H.S. and Richard Hadley as Mr. T.H.S. Parents of the honorees are Mr. and Mrs. Moreland Harrington and Mr. and Mrs. John R. Hadley.

# K. Harrington, R. Hadley Crowned Miss, Mr. Texico High

by Karen Hadley

The annual Texico Variety Show was held Thursday night in Wolverine Gymnasium. Highlighting the evening was the coronation of Kim Harrington as Miss T.H.S. and Richard Hadley as Mr. T.H.S. Kim and Richard were also given the honor of being selected "most popular" for the year 1976-77. Kim is the daughter of Mr. and Mrs. Moreland Harrington, and Richard is the son of Mr. and Mrs. John R. Hadley.

Finalists for Mr. and Mrs. T.H.S. were Keith Hadley, sophomore, son of Raymond Hadley; Mary Lou Roberts,

senior, daughter of the Rev. and Mrs. Bob Roberts; Steve Turner, junior, son of Mr. and Mrs. David Turner; and Christi Harrington, junior, daughter of Mr. and Mrs. Eddie Harrington.

Recognized as class favorites were Danny Reid, Ruth Ann Scott, and Sharlet Taylor, sixth grade; Todd Gerles and Tracy Dobbs, seventh grade; Schree Rucker and John Kelley, eighth grade; Britt Crooks and Roxanne Cherry, freshmen; Keith Hadley and Celia Johnson, sophomores; Christi Harrington and Robert Lacy, juniors; and Gary Johnson and Debbie Lacy, seniors.

Who's Who in the junior high were Jo Hill, social studies; Lisa Coffey, math; Lisa Crooks, language arts; Craig Horne, science; and Alan Baldrige, band.

Honored in Who's Who for the High School were Kelley Dobbs, drivers education; Cindy Taylor, home economics; Sally Chairez, Spanish; Susan Snodgrass, sociology; Celia Johnson, English; Tonye Harrington, history; Debra Coffey, science; Pat Billington, physical education; Ken Richardson, journalism; Christi Harrington, business; Robert Lacy, math; Don Cherry, agriculture; Deanne Day, history; Karen Hadley, English; Charlene Whitener, band; and Sabrina Kittrell, art.

A free art exhibit, put on by the high school art students, preceded the show.

The variety show, which followed the theme, "Down Memory Lane," included these performers: Codie Burch; Marie, Debbie, Leslie, and Rosie Steward; a Charleston dance performance by several high school students; Betsy Autrey, Kim Pearce, Janie, Sheryl, and Deanne Day, Bettie Martin, Evelyn Hadley, Georgia Eshleman, Ruth Ann Scott, Sharlet Taylor, Traci, Kerri, and Fred Gaddis, Pam Cain, Jana Jesko, Becky Potts, Cheryl Scott, Elaine Horner, Jennifer Hill, Karen Snodgrass, Kendale Burch, Norris McPherson, Craig Horne, Cindy Taylor, Christi Harrington, Lisa Coffey, Jill Jesko, Schree Rucker, Tracy Dobbs, Lisa Crooks and Delinda Duncan.

Richard Hadley and Don Cherry were masters-of-ceremonies for the show, which was sponsored by the yearbook staff. Becky Potts was the assistant director and Mrs. West, yearbook sponsor, directed it.

The 1977 edition of the "Wolverine" is scheduled to come out in July. Yearbook staff members are Joe West and Larry Rolan, co-editors; Mark Howard, Jackie Reid, Deborah Stephens, Becky Potts, Justin Gaddis, Charlie Smith, Richard Hadley, Mike Snodgrass, Mike Williams, and Charlene Whitener. Photographers are Don Cherry, Floyd Cherry, Doug Osborn and Ken Richardson.

# Work To Proceed On Texico Swimming Pool

The Texico Woman's Club drive to renovate and re-open the Texico swimming pool is headed by Audrey Kittrell, who reports that last Saturday's work day was a success, but she adds that they have "hit another snag."

Saturday, says Mrs. Kittrell, the volunteer workers who broke up the cement areas which needed to be replaced discovered water underneath the cement. The Texico woman says the original cement was cracked, adding that water apparently leaked inside and never had the chance to dry.

Mrs. Kittrell says they are hoping for continued dry weather so that the areas may thoroughly dry out before new cement may be laid. If it does not rain, she adds that another work day is set for Saturday.

According to Mrs. Kittrell, the Texico Chamber of Commerce has pledged financial support of the project to renovate the pool. She said that donations and money as

well as volunteer help will be greatly appreciated, and she urges everyone in the community to cooperate.

The local woman says the cost of laying new cement is \$600 for the materials alone. She said equipment was borrowed from Southwestern Public Co. in Clovis, Helton Oil Co., the vocational school in Clovis and the city of Texico.

In addition to beginning the cement phase of the restoration project, the insides of the bath houses have been completely painted. The swimming pool has yet to be painted. Mrs. Kittrell said the delay was due to the fact that the volunteer fire department must wash the area first and let it completely dry before it can be repainted. She estimated the cost of the paint for the pool and the bathhouse to be around \$500.

Mrs. Kittrell said about 20 workers helped out Saturday, with an additional eight others bringing food for the volunteer helpers.

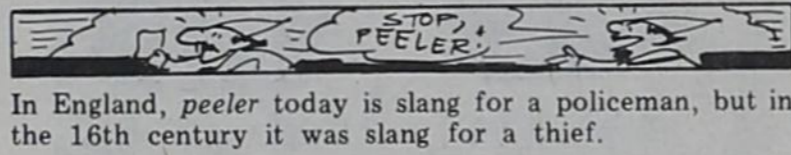

Mile Relay 4th At State

Texico's mile relay team placed fourth at the state track meet in Albuquerque last weekend. The tracksters finished in a time of 3:35.36 and broke the old Texico record of 3:40.9 in placing fourth in state. The team has broken this record in four meets this year. Mile relay team members are from left, front, Keith Hadley and Steve Turner, and Robert Lacy and Dusty Casey.

Place At State

These Texico Wolverine tracksters placed in competition at the state track meet last weekend and broke two school records in the process. Don Duncan, left, tied for fifth place in the pole vault. Joe West, center, won second place in the pole vault, breaking the school record of 12-6 with his vault of 12-9. Steve Turner, who placed fourth in the high hurdles, also broke the school record with his time of 15.75. The previous record was 15.9.

**Dwayne Shults To Attend Mathematics Seminar**

Dwayne Shults, Farwell junior and son of Mr. and Mrs. Doyle Goldsmith of Farwell, has been selected to be a participant in the JvN Mathematics Seminar this summer. The 20th annual seminar is scheduled to be held at Southern Methodist University June 5 through July 9.

The seminar is jointly sponsored by SMU and the National Science Foundation and is dedicated to the memory of the renowned mathematician John von Neumann.

The seminar follows three basic objectives. First to challenge high-ability students with some important concepts

of pure and applied mathematics. The program also strives to give participants a view of the wide scope of mathematics, so that they may identify their interests and accelerate their learning. The seminar also seeks to broaden their outlook on current social, ecological and scientific problems.

Subjects to be included in the five-week seminar include number theory, linear algebra with applications, computer programming with application and a series of lecture discussions on current problems by specialists in the

social, behavioral and natural sciences.

This program is designed for students of superior ability who are willing and eager to dedicate themselves to five weeks of intensive study of interesting mathematical topics, of lectures and demonstrations by scientists who are engaged in research of their special fields, and of informal discussions with students of similar interests and ability. The JvN Mathematics Seminar is a full time activity.

SMU will extend full student privileges to the participants,

including use of air-conditioned classrooms, Fondren Library and Science Information Center and use of Bradford Computing Center. Other privileges include on-campus recreational facilities and access to the University Health Center. All participants will also be housed on the campus in air-conditioned dormitories with resident counselors. Meals will be served in the University cafeteria.

Rain Reports

Last week an estimated two to three inches of rain fell in Parmer County. According to Mack Heald, county agent, "the moisture halted some cotton planting, but was otherwise beneficial to crops." He added that most farmers had already planted their cotton crops prior to the beginning of the wet spell. Heald commented that while we have actually all the rain we need for the present, additional moisture would "still be all right."
Texico proper received about three-fourths inches of moisture and areas northeast of Texico received between 1.20 and 3.25 inches of rain.

Marriage Licenses

Parmer County clerk's office issued three marriage licenses since the last report. They went to Richard Allen Sproul and Deborah Alece Slack; Riley Anderson Armstrong and Rhonda Lynn Rhodes; Lazaro B. Martinez and Yolanda Rulio Gomez.

SWCD News

With the good rains of last week, this would be a good time to talk about irrigation water management. Moisture is pretty well distributed over each field.

We do not need to wait until the plants start to suffer before we start to water. We know from past experience that we cannot keep the moisture level up. In July and early August corn plants are using the most moisture (approx. 0.3 per day). This means we need to keep the moisture content of our soil at field capacity as long as possible. Your first irrigation following this rain may need to be a short irrigation and follow that with a heavier irrigation.

In all cases we want to keep our soil moisture up and our cost of operation down. Good sound, non-erosive irrigation is always the best.

We have a number of different soils in Parmer County. If you are interested in knowing how much moisture your soil will hold, contact the Soil Conservation Service in Friona.

"GOOD FRIDAY"

There has been much debate among theologians as to whether the Lord Jesus Christ was actually crucified on Wednesday, Thursday or Friday. Traditionally, of course, it is supposed to have taken place on Friday, but this writer has never been able to get very excited about such details. What matters is that Christ, the Creator, God in flesh, died in shame and disgrace and agony for sins He had never committed—for your sins and mine.

But have you ever considered that this in itself is not necessarily good news? Many an innocent person has died in the place of some guilty criminal who has gone free through some miscarriage of justice. We didn't see anything good about this. When St. Peter addressed his kinsmen he blamed them for the crucifixion of Christ saying: "Jesus of Nazareth a man approved of God among you...as ye yourselves also know...ye have taken and by wicked hands have crucified and slain" (Acts 2:22-23) and later he faced the Supreme Court of his nation and charged them with his death (Acts 4:5-11).

What then was "good" about the

death of Christ? Well, we come to this when we reach the Epistles of Paul in our Bibles. There the chief of sinners, saved by grace (I Tim. 1:15), exclaims: "He gave Himself for me" (Gal. 2:20). He says: "God hath made Him to be sin for us...that we might be made the righteousness of God in Him" (II Cor. 5:21). He does not blame us for Christ's death—though our sins helped to nail Him to that cross—but proclaims the glad news that "We have redemption through His blood, the forgiveness of sins according to the riches of His grace" (Eph. 1:7). And why did He do this for us? "That in the ages to come He might show the exceeding riches of His grace in His kindness toward us through Christ Jesus" (Eph. 2:7).

So for us who have trusted Christ as our Savior, the death of Christ at Calvary is indeed good news. We rejoice in it, sing about it, preach about it, and all it has accomplished for a lost humanity. Little wonder Paul declared: "God forbid that I should boast" except in one thing: "the cross of our Lord Jesus Christ" (Gal. 6:14).

### Learning The Markets

Dr. Willard F. Williams, president of Tara Inc., a Lubbock-based market analysis and commodity research firm, has been holding a series of seminars instructing local farmers and ranchers in marketing techniques. Pictured above at a recent meeting are (L to R) Joe Morgan, Tara associate, Dr. Williams, W.D. Howard, Beth Howard and Max Kelso.

## Pesticide Applicator Training Meet Set

A series of training meetings have been scheduled for farmers and other private applicators of pesticides who wish to be certified under a new federal law which goes into effect October 21, 1977.

County Extension Agent Mack Heald says the training sessions, though not mandatory for private applicators, will be of considerable help in learning the requirements and uses of pesticides.

One training session has already been conducted in Bovina. Two more meetings are scheduled, one in Farwell and one in Friona. The one in Farwell will be Tuesday night, May 24, at the Farwell School cafeteria, starting at 7:30 p.m. CDT. The one in Friona will be on Thursday night, May 26, at the Friona High School cafeteria, starting at 7:30 p.m. CDT.

Heald said that it is possible for applicators to be certified by reviewing self-study materials and completing a questionnaire for the Texas Department of Agriculture (TDA). A third option, he adds, is for emergency situations in which a single-product, single-purchase, single-use certification is available through TDA.

The law which requires certification of private applicators is the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), which will be enforced by the Environmental Protection Agency. Under this act, all uses of pesticides will be classified as either registered use or general use, and all applicators—both private and commercial—will be certified as a

requisite to legal use or supervision of the use of registered pesticides.

To implement the law in the state, the Texas Pesticide Control Act was passed in 1976 authorizing the Commissioner of Agriculture to establish a program whereby private applicators could be certified.

"A private applicator," says Heald, "is a person who uses or supervises the use of any registered use pesticide for the purpose of producing any agricultural commodity."

Heald says that all states are required to have enabling legislation and devise their own plan for fulfilling this statute. In Texas, the task of providing farmers with the needed information belongs to the Texas Agricultural Extension Service. TDA monitors these training sessions and certifies the farmer as a full-fledged private applicator of restricted pesticides.

The training program prepared by the Extension Service includes a slide-tape presentation, a review of provisions of the Texas-Federal law, pesticide safety, labels and chemical labeling, pest identification and equipment calibration. No formal testing or scoring of papers is involved.

The program requires about three and one half to four hours and upon completion and certification, each person will be mailed a certificate and wallet-sized card showing he is approved to buy registered chemicals from his dealer. Dealers must keep such records for two years.

"For producers who for some reason cannot attend a

training meeting, there are two other ways to become certified under the Texas plan. One is a home study course. Under this method, a person can obtain a "study manual" from the County Extension office with an application form, completes the review questions and mails the materials to the Department of Agriculture for review and certification.

Heald says a third way to be certified is under emergency conditions in which instructions can be given to a producer in his home by either a TDA employee, an Extension agent, or by a qualified local dealer.

No fees will be charged, and no advance registration is required.

The full implementation of the amended Federal Insecticide, Fungicide, and Rodenticide Act is scheduled for October 1977. On this date, barring any changes in the law, producers of agriculture commodities must be certified applicators as a requisite of the use of restricted-use pesticides.

Again, the meetings will be in Farwell, May 24, 7:30 p.m., school cafeteria and Friona, May 26, 7:30 p.m., high school cafeteria.
