### Contest off to great start

Some odds and ends today, folks:  
\*\*\*

The football contest has gotten off to a great start, with 362 entrants for the first week.

I always try to get folks going from the first week on, because it seems every year someone who doesn't start until the second or third week, and does extremely well, bemoans the fact that they missed the beginning.

Even if you did miss the first week, you still can win the weekly prizes and have a chance at the overall prize. But you can't win unless you play the game.

I always look forward to contest time because I see a bunch of folks I normally don't see much of during the year. And it's fun to hear how the contest is running in various offices throughout the Twin Cities.

Besides individuals entering the contest, we also have several classes from Texico and Farwell schools involved.

Anyway, the race is on. It will be fun to watch...

\*\*\*  
Hey folks, don't forget to attend our Texico and Farwell Booster Club meetings.

Farwell Booster Club president Mark Williams reminds everyone that they don't have to be a "member" to participate; just show up! There aren't dues.

Williams noted the club has just bought traveling bags for its athletes and is active in supporting school activities.

So, folks, please support our athletes by attending Texico and Farwell Booster Club meetings.

\*\*\*  
On the first play of the Farwell football game against Plains last week, Lance Anderson unfortunately was injured.

But Dr. Frank Kretsinger was among the first on the field to help.

All I can say is that the Twin Cities are most fortunate to have a physician to practice here.

\*\*\*  
Farwell Coach Larry Gregory was looking for some positive things to say about the JV's loss to Plains last week.

Among the things he said were: "Olton's football field is in good shape," and "The cheeseburgers were warm."

When you lose 32-0, it is tough to stay positive.

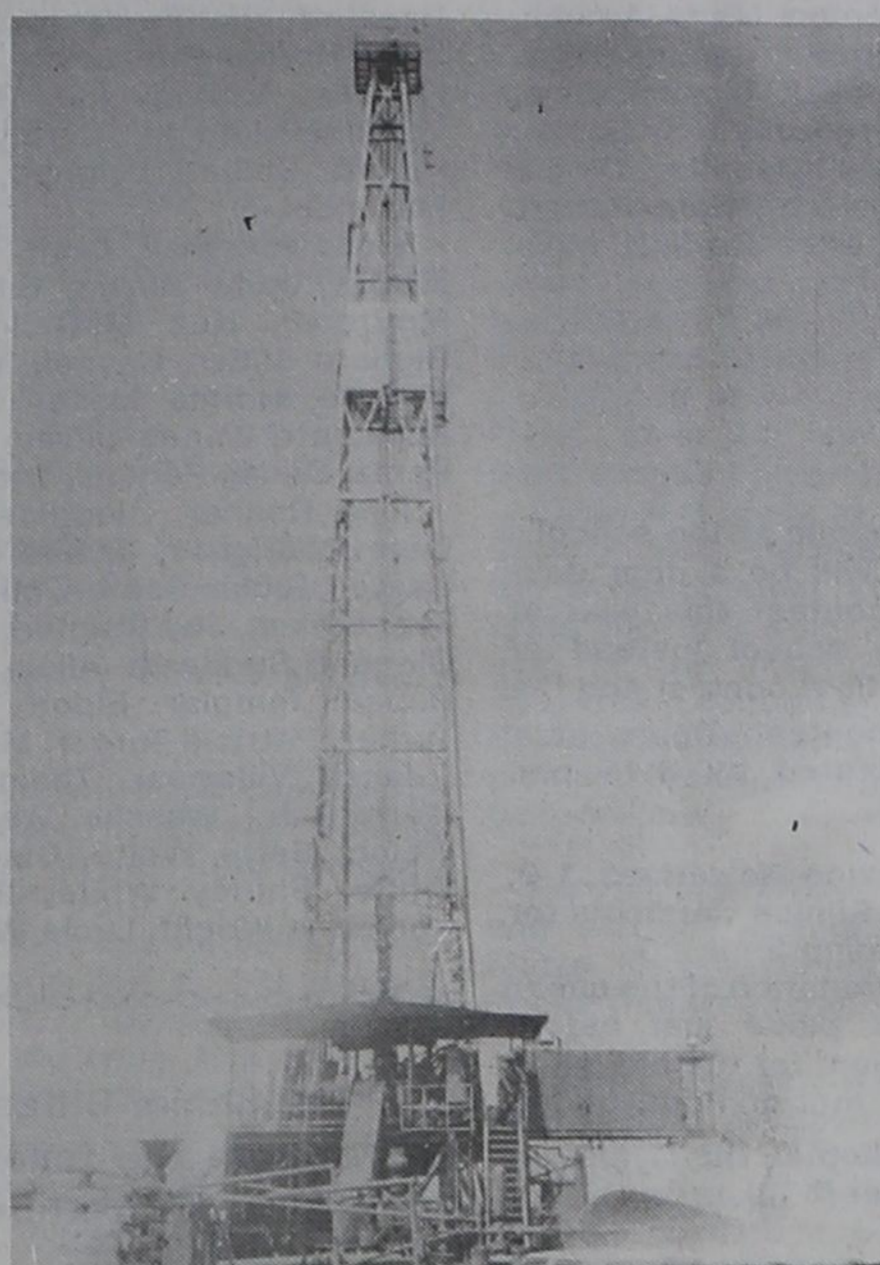

\*\*\*  
For Steer fans going to the Olton football game tonight (Friday), there will be a German sausage dinner before the game, from 6 to 8 p.m. at the Olton School cafeteria. The cost is \$4 per person. It will feature German sausage, beans, corn bread, cobbler and drinks.

\*\*\*  
The Texico Marshal's office and the Volunteer Fire Department will hold a bicycle safety program at 9 a.m. Saturday at the Fire Department. Bicycles will be registered, and there will be a safety class and a practice course for the youth to ride.

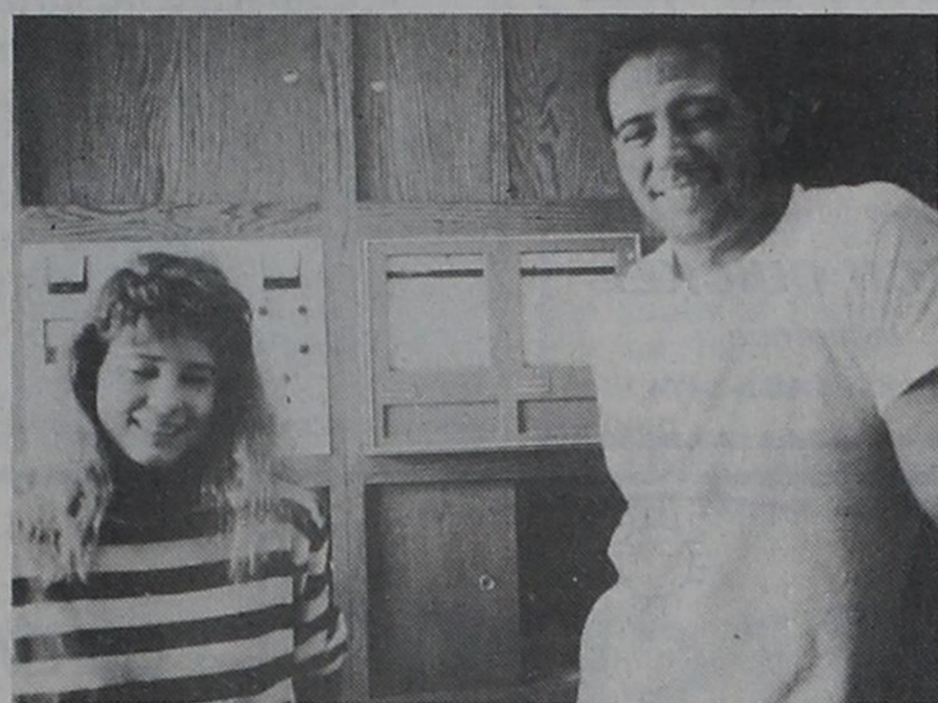

It's open to all Texico and Farwell youths.

\*\*\*  
Texico and Farwell got a big play on the "Today" TV show last week. Yep, the segment was about the border dispute.

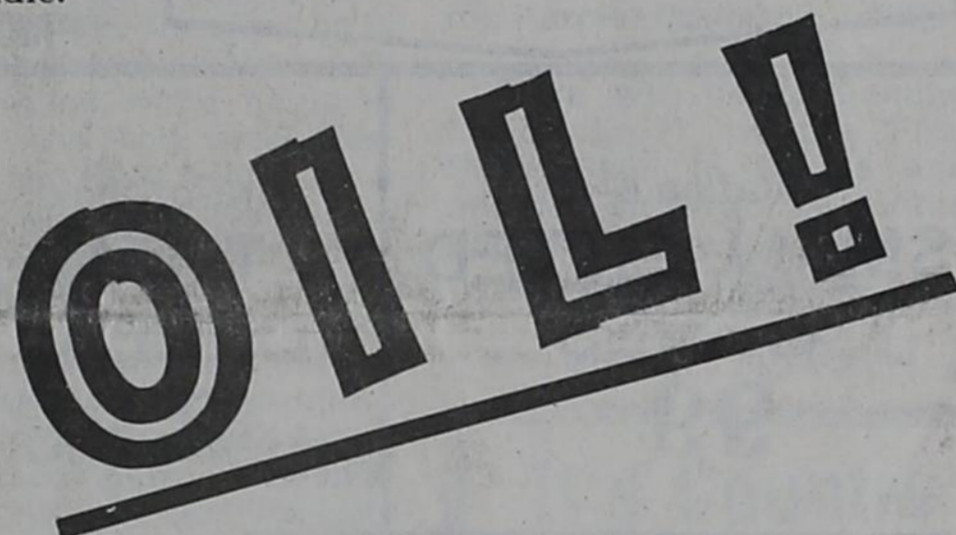

I'm told Harvey Horner, Wendol Christian and Chris Gikas were among those interviewed.

An oil rig drills for oil just north of Lazbuddie.

Glennie Green and Mike Kilmer watch the computer oil well logging equipment at the Kilmer Warner oil in Lazbuddie.

There are some folks in Lazbuddie who hope that they discover "awl" in their back yards.

The Kilmer Warner drilling company is drilling for oil about 2 1/2 miles north of the crossroads in Lazbuddie.

According to Mike Kilmer, president of Kilmer Warner, the search for oil began months ago with serious research starting at the end of February. It began over a wide area, and then gradually narrowed down to a smaller target with what they hope will be the best chances for success.

"We start with regional geology looking for indicators, then we do more detailed geological study. We do a lot of testing including seismograph readings and work it all down, and the data leads you somewhere," Kilmer explained.

"This is the wildest, deepest, most exciting project I've worked on so far," says Kilmer enthusiastically.

Kilmer, a physics major who has become interested in oil geology, keeps track of the test data at the oil drilling site on his computer.

"Basically we're mapping what the surface of the earth might have looked like millions of years ago on top of the earth to try to figure out what is down under there today."

The search for oil has "been getting more and more complex every year. The easy oil has all been found," he said. They are searching for smaller and smaller pockets of petroleum.

The drilling crew arrived in Lazbuddie on Aug. 27, and the first "rat hole" was sunk at the Lazbuddie site on Sept. 3. It only took a little over a day to erect the derrick. Then they had to sink big casings to protect the fresh water. Then they could get ready for the exploration tests.

The crew will continue to drill until they find what they are looking for, hopefully it won't be too long. "It will probably be at least three

weeks before they know," estimated tower driller Warren E. "Slim" Graham.

Kilmer declined to estimate how long the drilling would take, "It's way too early to tell; it may be several more weeks," he noted. He just knows what formations he is looking for.

The more time the search for oil takes, the more tension the crew is apt to have.

"I can lose my own money. It's the investors you have to look in the eye that you worry about. Luckily, I've got a good group of people who have been with me a long time," says Kilmer.

Periodically, the crew tests samples of what comes from the hole to find out if there is any sign of oil. "We drill down and bring up mud and water. We've got a gas sniffer, and also we get a handful of

### Top Friona police officers dismissed

Friona City Manager Beelee Goodwin said police chief Lloyd Niece and assistant police chief Larry Bosch were dismissed from their duties Tuesday morning.

Goodwin said the reason was due to ineffective management of the department.

No one has been named as chief yet but John Taylor has been designated as the supervising patrolman, said Goodwin.

### Urioste promoted

The Texico City Council Tuesday heard Mayor Doyal LaRue officially appoint Fry Urioste as city marshal.

Urioste had been acting marshal since Walt Causey resigned last winter.

The 33rd annual Merchants Football Contest began last week, with only 1 contestant - Katrina Stewart of Farwell - guessing correctly on 11 of the 12 games.

One game ended in a tie - Duke and South Carolina. Unless an entrant picks a tie, then it is counted as a miss.

There was a large turnout of entrants for the first week. But only Miss Stewart had 11 right. Thus, she won a check for \$10 for winning the first contest.

Six contestants had 10 games picked correctly. They are (with their number off the tie breaker - Plains 6, Farwell 6):

Angie White, 22; Eddie Villarreal, 11; Clint Kelley, 22; Kathy Curtis, 13; Lezlie Castleberry, 11, and Lance Castleberry, 28.

Since Villarreal and Miss Castleberry tied for second, with the same total closest to the tie breaker, each received a \$5 check for winning second place.

With 9 right were:

Greg Akers, William Brigham, Harold Carpenter, Richard Carpenter, Rick Castaneda, Chase Chisman, Pat Chumley, Cristy Cochran, Betty Kelley, Preston Ketcherside, Rick Marshall, Eddie Perry, Debra Pollard, Nate Shelton, Dana White.

Also, Robert White, Lesley Curtis, Kendall Devault, Jeanette Ford, Randy Gerles, Mike Goettsch, Duane Hamar, Chase Hardage, Kevin Rickage, James Haseloff, Ricky Hernandez, Rick Lewis, Myrna Lingnau, Robin Mahaney, Clay Robertts, Champ Porter, and Leslee Williams.

Results of last week's contest were:

Amarillo over Clovis, Bovina over Whiteface, Sudan over Kress, Happy over Amarillo Highland Park, Georgia over LSU, Syracuse over Vanderbilt, ENMU over Western New Mexico, Detroit over Green Bay, Minnesota over Atlanta, Cleveland over New England and Phoenix over Philadelphia.

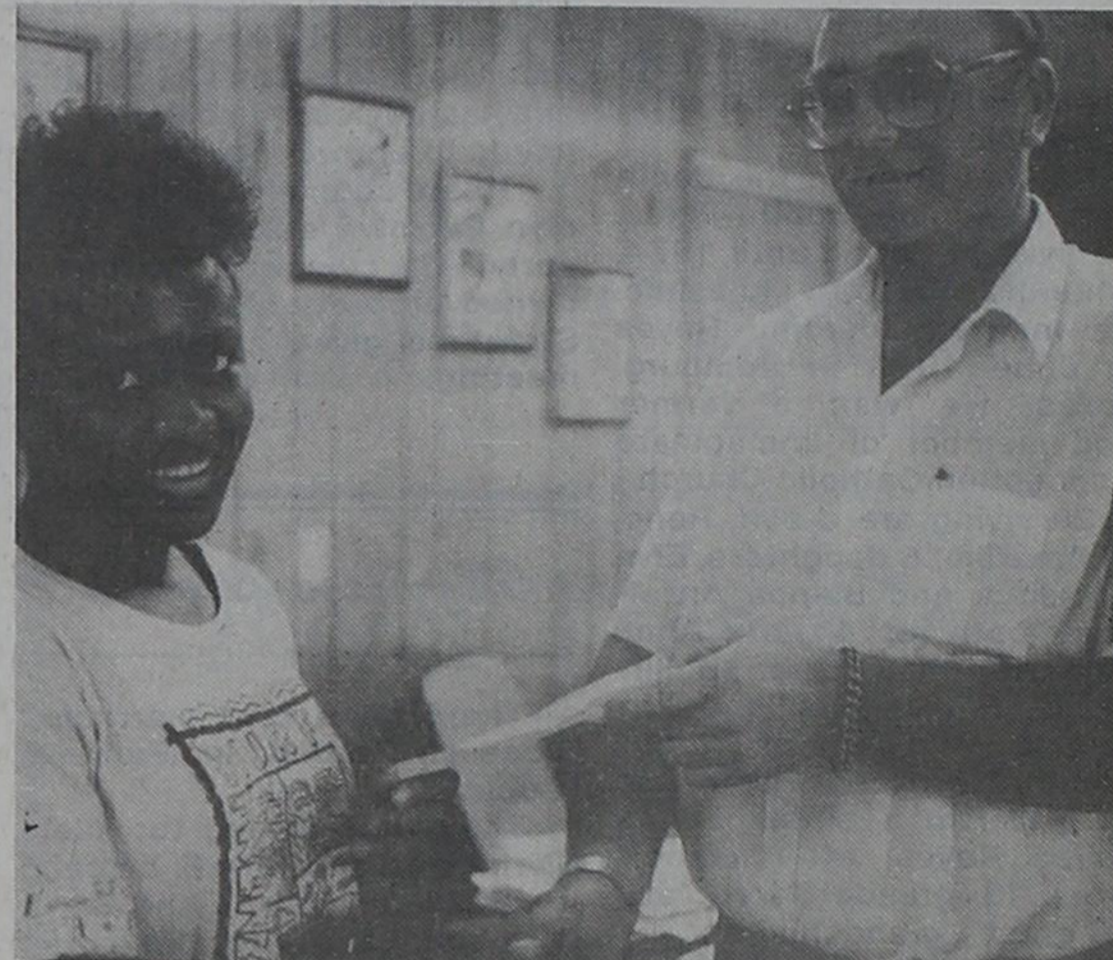

Rules for the 1991 contest are the same as in the past. A person must be at least 12 years of age to enter. Games are divided among high school, college and pro ranks.

Each entrant must remember to pick a tie breaker score, a very important feature of the contest since many weekly winners (and some overall grand prize winners) have been determined by tie breakers.

Each week's scoring is tabulated and kept on public view at the Tribune office. Standings are posted each Monday and may be seen during regular business hours.

All entry blanks must be turned in to the Tribune office by 5 p.m. cdt Fridays, or if mailed, bear a Friday postmark.

The overall winner at the end of the 12-week contest wins a pair of free tickets to the Dallas Cowboys - New Orleans Saints game Dec. 8 at Texas Stadium, \$50 in cash, overnight lodging at the Radisson Hotel, and much more.

Katrina Stewart received a \$10 check from Mike Camp of Town & Country Insurance for winning the last week's Area Merchant's Football Contest. Town & Country is one of the contest sponsors.

### Farwell approves small tax hike

The Farwell City Council Tuesday adopted a budget for the new fiscal year that calls for a very minor tax increase.

The new tax rate will be .286546 cents per \$100 valuation. The old rate was .2853 cents.

The budget includes total expenses in the general fund of \$137,000; water department, \$215,600; and cemetery fund, \$16,700.

In other business, the council:

- Discussed the proposed water project for 1st Street between Ave. D. and Ave. G. They got an estimate from Harry Sheets, at a total around \$10,000.

Mayor Wendol Christian said it's the city's intent to go ahead with the project but they must first wait to see if the grant application filed

with the state is approved. If it isn't, the city will pay for the project itself.

Action is expected at the October council session.

- Bought a shredder from Farwell Farm Supply for \$597.

- Received two bids for a new pump at the No. 3 well - from Kirkland Pump and Twin City Machine. The council accepted the low bid of Twin City Machine, for a 100 hp pump at \$14,700, less \$4,000 trade-in. It can pump 575 gallons a minute.

- Heard Water Supt. Dee Hammit report that the street crews have been running behind on mowing grass and picking up barrels due to work at the sanitation plant, illness on the staff and several funerals to work at.

- Approved a 5 percent health insurance rate hike for city employees.

### Parmer County tax rate set

The Parmer County Commissioners Monday approved the 1992 tax rate at .31178 cents.

The rate is up from the .3050 cents that was in effect the past two years.

In other business, the commissioners:

- Took no action on a request for donations from the Bovina police officer who wants to purchase a "drug dog."

- Approved hiring temporary help (for paperwork) for Frances Euler, Friona Justice of the Peace, who has hip surgery scheduled.

Also at the meeting, an adjustment was made in the budget for the juvenile board (287th judicial district), which was \$1,200 short of what was needed. The board's fiscal year started Sept. 1.

The juvenile board consists of judges Marilyn Cox, Jack

Young and Bonnie Clayton. Parmer County pays 57 percent of the budget and Bailey County pays 43 percent.

Clayton also reported that across the board raises of 5 percent were granted the following employees: law enforcement deputies and dispatchers, county and district attorney's secretaries, and farm to market road maintenance employees.

Employees in the offices of the county judge, county clerk, district clerk, treasurer, Extension office and the sheriff's secretary were adjusted in accordance with the salaries in the tax assessor's office.

Across the board raises of 7 percent were granted all elected officials.

The 1992 budget is on file at the county clerk and county judge offices and is open to the public.

**Oil well**

(Continued from Page 1)

In other business, the council:

- Adopted the updated state traffic ordinance.
- Asked city attorney Duane Hamar to write a letter to the owner of the Westerner Motel asking that the weeds be cut there.
- Letters were sent last week to 4 other property owners.
- Plans to buy a new sprinkler system for Lions Club, with the help of a \$567 state grant. The low bidder was Hamilton.
- Heard councilman Butch Sharp report that resident Grace Sanders complained about the poor condition of the road leading to the city cemetery. It will be checked into. Also, the city has never received the contract for

the cemetery land acquisition pact it made last year. Condemnation proceedings will be checked into.

The council has been working on this problem since 1979.

- Agreed to place pedestrian crossing signs at Anderson and Katherine, and Anderson and Leftwich. Two signs will be bought, and two moved from near the Pentecostal Church.
- Approved buying 2 fire hydrants and 12 water meters.
- Held an executive session to discuss personnel matters and possible litigation involving a setback problem.
- Heard that a variance will be sought for a mobile home at 417 Turner St. at the next meeting.
- Heard councilman Oran Jay Autrey say that a new flea market is operating behind the old flea market just west of City Hall. There's a question on whether the new market is meeting the fire code and Fire Chief Lewis Cooper will be asked to check on it.
- Plans to discuss possibly raising mowing fees at the next meeting.
- Heard Autrey ask what can be done to reduce speed limits in the city. He was told that the state won't allow it but has advised that the city needs to enforce its laws.
- Heard councilwoman Carolyn Burrows ask that a report on the cleanup of the city owned property along Griffin Street be given at the next meeting.

**Obituaries**

**Jose Reyes**

Mass for Jose Guadalupe Reyes, 67, of Muleshoe, was Tuesday at Immaculate Conception Catholic Church with Rev. Fr. Pat Maher officiating. Burial was in Muleshoe Cemetery under the direction of Ellis Funeral Home.

He died Saturday at Lubbock Methodist Hospital after a long illness.

He was born on the Santa Rita Ranch in South Texas. He lived in Hargill until 1974, when he moved to Muleshoe. He married Josefina Reyes in June 1955 in Edinburg, Texas. He was a farmer and member of Immaculate Conception Catholic Church.

Surviving are a son, Rene, of Amarillo; 5 daughters, Elva Anzaldua and Blanca Anzaldua, both of Lariat; Anne Zamarron and Linda Ballin, both of Weslaco; and Orfelinda Vasquez, of Notus, Idaho; 1 brother, Filimon, of Fort Worth; 1 sister, Lupita Garza Reyes, of Tillamook, Ore.; 18 grandchildren, and 10 great-grandchildren.

The family suggests memorials be made to the American Cancer Society.

**Marriage Licenses**

There were four marriage licenses issued in Parmer County last week:

They were issued to: Ruel Pickard Jr. and Terri E. Zahrel; Buster Young Wolfe and Carrie Young Wolfe; Paul H. Freeman and Mary L. Ratta; Clifton Robinson and Diane M. Dorris.

**Parmer jury list announced**

Parmer County  
Residents**

Beginning September 1, the Insurance Reform Bill enacted by the 72nd Legislature went into effect.

An owner must submit Current Proof of Financial Responsibility with an application for initial Registration, Renewal of Registration or Transfer of Registration.

This new requirement is a must, regardless of whether registration is accomplished in person or by mail.

The most common evidence of financial responsibility is a liability insurance card issued to the policyholder by the insurance company. Examples of other types of acceptable proof include insurance policies and binders, pool coverage documents, and certificates of self-insurance, bond, etc.

The original or a photocopy of the evidence will satisfy the requirement of proof of financial responsibility. All original documentation will be returned.

## Student arrives from Germany

Matthias Barthels is one of Farwell's new foreign exchange students.

The 16 year old German comes from a small village of Meinersen, near Braunschweig, Germany. He is staying with Wilbert and Mary Kalbas on a farm south of Farwell. His American family also includes one brother, Allen Kalbas.

Matthias is studying English, typing, consumer math, mechanics, physical education, algebra, and physics here in Farwell. When he returns to Germany, Matthias will have three more years of high school (called gymnasium) before he heads to college. He has not yet decided what he will study in college.

## Marshal's Report

Here is the weekly report from Texico Marshal Fry Urioste:

He helped out at the scene of an accident Tuesday morning near Stuckey's just west of Texico.

He said Vickie Ortiz, 33, Texico, was driving along the highway near there. She swerved to avoid another potential accident and hit the rear of a parked Texico school bus.

Mrs. Ortiz was transported to Clovis Hospital; no other injuries were reported.

Another driver was cited for improper lane change.

Urioste also reports that his new deputy, Kirk Roberts, will begin work Tuesday. He was scheduled to be at work this week but needed to return to Albuquerque to clear his docket of court cases there; he had worked for the Bernalillo County sheriff's office.

project.  
A building committee has been appointed, and it will make recommendations to the board. Randall Kilmer has been designated as the architect. The bond election will be Jan. 14.

Texico Schools are scheduled to pay off one bond in 1993, and the new bond issue will probably keep the taxes just about the same as they have been.

"The bond election may barely increase taxes in September 1993," said Richards. He noted that the current tax rate is 4.450 mills per \$100 evaluation.

The board also:  
- Voted to hire another first grade teacher because of the large enrollment in the first grade.

- Voted to increase the kindergarten teacher's contract from 93 days to 183 days.

- Hired Lawona Stone as the aide for the 3 and 4 year old pre-school class.

- Hired Jerry Bradley, a resident of Texico, as a custodian to replace Ken Doolittle, who has resigned.

- Increased the special education budget by \$44,000. The money for this increase comes from federal funds; it will pay for a secretary, 2 aides, and materials for the special education department. "These are needed because of all of the federal paperwork," said Richards.

- Heard a report that the Wolverine Band had taken a first place at the New Mexico State Fair Parade.

- Heard a proposal on rural vision, a wireless cable company which would like to use the school's name so that it can get an FCC grant to provide cable service to rural patrons.

- Received a letter of thanks from the staff about

the emergency leave bank.

- Received a favorable report on the Radon test at the elementary school; it was below the danger level.

- Set Sept. 30 as the Texico School Open House.

- Heard K' Dawn Driver present a proposal to provide spring delivery of the school

annual.

- Heard a report that board members will attend the regional school board meeting in Fort Sumner on Sept. 30.

## PUBLIC NOTICE BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 5, 1991

### PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 114 proposes a constitutional amendment that would authorize home rule cities having a population of 5,000 or fewer inhabitants to amend their city charters by a majority vote of a city's qualified voters at an election held for that purpose. The amendment makes clear that home rule cities that have declined in population below the population required to initially adopt a charter may nevertheless continue to amend their charters.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

### PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 10 proposes a constitutional amendment that would allow the legislature to authorize the Texas Department of Transportation to expend money, from any source available, for the costs of the turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority, provided that any monies expended from the state highway fund shall be repaid to the fund from tolls or other turnpike revenue.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads and toll bridges."

### PROPOSITION NO. 3 ON THE BALLOT

Senate Joint Resolution 26 proposes a constitutional amendment that would authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Land Fund which are not immediately committed to the payment of principal and interest on bonds issued by the Veterans' Land Board, the purchase of lands, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment would also authorize the Veterans' Land Board to invest, as authorized by law, moneys of the Veterans' Housing Assistance Fund which are not immediately committed to the payment of principal and interest on general obligation bonds issued by the Veterans' Land Board for the benefit of the Veterans' Housing Assistance Fund, the making of home mortgage loans, or the payment of expenses. Investment of such moneys would no longer be restricted to investments in bonds or obligations of the United States. The proposed amendment gives the legislature power to implement the amendment and to delegate such duties and authority to the Veterans' Land Board as it deems necessary.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

### PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 4 proposes a constitutional amendment that would allow the legislature to authorize the issuance of a maximum of \$1.1 billion in general obligation bonds. The proceeds of the bonds are to be used to acquire, construct, or equip new prisons and substance abuse felony punishment facilities, mental health and mental retarda-

tion institutions, and youth corrections institutions, to repair and renovate existing facilities of those institutions and to acquire, repair, or renovate other facilities for use as state prisons or substance abuse felony punishment facilities. The \$1.1 billion is in addition to the \$900 million currently authorized by the constitution to be expended on bond issues for facilities of correctional and mental health and mental retardation institutions. The bonds would constitute a general obligation of the state. The bonds and interest on the bonds would be paid from the first money coming into the state treasury that is not otherwise appropriated by the constitution, less any amount in a sinking fund at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of those institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

### PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 89 proposes a constitutional amendment that would allow a county, junior college district, or municipality to exempt tangible personal property from ad valorem taxation if: (1) the property is acquired or brought into the state in an enterprise zone to be forwarded outside the state, (2) the property is assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone, (3) the property is transported outside the state not later than 175 days after being acquired or brought into an enterprise zone, and (4) the person who acquired or brought the property into an enterprise zone is a qualified business. A county, junior college district, or municipality may exempt such property by entering into a written agreement with a qualified business that states the duration of the exemption and the terms on which the exemption is granted. Any action to exempt property must be taken before April 1 of the first year in which the property would otherwise be taxed. The term "enterprise zone" means an area that (1) has been designated as such by a state agency responsible for economic development, and (2) has pervasive poverty, unemployment, and economic distress. The term "qualified business" means a business that meets the qualification established by general law, and requires that the qualified business is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. An enterprise zone is created to foster economic development in an area of pervasive poverty and unemployment.

The proposed amendment will be described on the ballot as follows: "The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

### PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would establish a Texas Ethics Commission with the powers and duties provided by law. The commission would consist of eight appointed members selected as follows: two members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the house of representatives from each major political party; two

members of different political parties appointed by the governor from a list of at least ten names submitted by the members of the senate from each major political party; two members of different political parties appointed by the speaker of the house of representatives from a list of at least ten names submitted by the members of the house from each major political party; and two members of different political parties appointed by the lieutenant governor from a list of at least ten names submitted by the members of the senate from each major political party. A major political party is a political party required by law to hold a primary. With the exception of the initial appointees, commission members would serve for four-year terms. A member who has served for one term and any part of a second term would not be eligible for reappointment. The commission would be authorized to recommend the salary of the members of the legislature and may recommend that the salary of the speaker of the house of representatives and the lieutenant governor be set at an amount higher than that of other members. If the commission recommends a change in salary, the voters would be authorized to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, that salary would take effect January 1 of the next odd-numbered year; if the voters reject the recommended salary, no change in salary would occur. The commission would set the per diem of the members of the legislature and of the lieutenant governor. The per diem could be raised or lowered biennially as necessary to pay members' costs, but could not exceed the amount allowed as of January 1 that year as a federal income tax deduction for living expenses incurred in a legislative day in connection with a member's business as a legislator, disregarding any federal income tax exception for legislators residing near the Capitol. The commission would have other powers and duties provided by the commission's enabling act (Senate Bill 1, 72nd Legislature, Regular Session). The amendment would also provide that an increase in the emoluments of the office of Lieutenant Governor would not make a legislator ineligible to serve in the office of Lieutenant Governor.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

### PROPOSITION NO. 7 ON THE BALLOT

Senate Joint Resolution 6 proposes a constitutional amendment that would allow the board of trustees of each statewide public retirement system to invest the funds of the system in such manner as the board considers prudent. The board would no longer be limited to investing the funds of the system in securities.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

### PROPOSITION NO. 8 ON THE BALLOT

Senate Joint Resolution 21 proposes a constitutional amendment that would permit the legislature to create debt by or on behalf of the state if the legislature submitted the debt question to the voters of the state in the form of a proposition and a majority of those voting approved the proposition. The legislature may call the election, by joint resolution approved by at least two-thirds of the members of each house, during any regular session or during any special session if the subject of the proposition is included in the Governor's proclamation for that special session. A proposition must clearly describe the amount and purpose for which debt is to be created and must describe the source of payment for the debt. The amount of debt stated in the proposition may

not be exceeded and may not be renewed unless the right to exceed or renew is stated in the proposition. The legislature may enact laws necessary to implement the authority granted by a proposition. A law enacted in anticipation of the election on a proposition is valid if, by its terms, it is enacted subject to approval of the related proposition. State debt that is created following voter approval of a proposition and that is approved by the Attorney General is incontestable for any reason.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

### PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 11 proposes a constitutional amendment that would authorize the commissioner of the General Land Office to issue patents for certain public free school fund land for which there is not a valid transfer of title from either the State or the Republic of Texas to a private party. A patent is a document of title issued by the state. On application to the School Land Board, a person is entitled to receive a patent if: (1) the land is surveyed public free school fund land, (2) the land was not patentable under the law before the adoption of this proposed amendment, (3) the person acquired the land without knowledge of the title defect out of the State of Texas or the Republic of Texas and held the land under color of title, the chain of which dates from at least January 1, 1941, (4) the person has a recorded deed on file in the county courthouse and, in conjunction with his predecessor in interest, has claimed the land for at least fifty years as of January 1, 1991, and (5) the person, in conjunction with his predecessor in interest, for at least 50 years has paid taxes on the land together with all interest and penalties associated with any delinquency. If the applicant is denied a patent, the applicant may file suit against the School Land Board in a district court in the county where the land is located within 60 days from the date of denial. The proposed amendment does not apply to beach land, submerged land, or islands, and may not be used to resolve a boundary dispute. The proposed amendment also does not apply to land found by a court to be state-owned or to land on which the state has given a mineral lease that is in effect when a patent is sought. A patent under this proposed amendment for land within five miles of mineral production shall reserve minerals to the state in the manner provided by law for reservations of minerals in sales to claimants of unsurveyed school land within five miles of production. An application for a patent under this proposed amendment must be filed with the School Land Board before January 1, 1993.

This proposed constitutional amendment is similar to the version of article VII, section 4A, that was in effect between 1981 and 1990. The main difference is that under the earlier version the applicant for a patent to land had to have a chain of title that dated back to at least as early as January 1, 1932.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

### PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 15 proposes a constitutional amendment that would allow the legislature to pass general laws to exempt property owned by a nonprofit corporation organized to supply water or provide wastewater service from ad valorem taxation. A nonprofit corporation would be eligible for the exemption if its bylaws provide that

on dissolution, the assets remaining after the discharge of the corporation's indebtedness will be transferred to an entity providing water supply or wastewater service, or both, which is exempt from ad valorem taxation. The transferred assets must be property that is reasonably necessary for and used for water supply and wastewater services.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

### PROPOSITION NO. 11 ON THE BALLOT

House Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to pass laws to authorize the State of Texas to operate lotteries and to enter into a contract with one or more legal entities that will operate lotteries on behalf of the State of Texas.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment authorizing a state lottery."

### PROPOSITION NO. 12 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that would increase the total amount of bonds that may be issued by the Texas Water Development Board to provide wholesale and retail water and wastewater facilities to economically distressed areas of the state. The proposed amendment increases the maximum principal amount of the bonds from 20 percent to 50 percent of the \$500 million amount authorized by article III, section 49-d-7, of the Texas Constitution. The proposed amendment would increase the maximum aggregate dollar amount of bonds that the Texas Water Development Board could issue from \$100 million to \$250 million.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

### PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 2 proposes a constitutional amendment that would allow the legislature to pass general laws authorizing Texas Higher Education Coordinating Board or its successor to issue and sell up to \$300 million of general obligation bonds to finance education loans to students. The maximum net effective interest rate to be borne by the bonds would be set by law. The amendment would also authorize the legislature to provide for the investment of bond proceeds and to establish an interest and sinking fund to pay the bonds and provide for the investment of such fund. Bonds authorized under this amendment would be paid from the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in an interest and sinking fund established at the end of the preceding year that is pledged to the payment of the bonds or interests.

The proposed amendment will be described on the ballot as follows:

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000, to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

# Steers open play with 6-6 tie against Plains

The Farwell Steers opened their grid season play last Saturday with a 6-6 tie against Plains at Roberts Stadium. The Steers vie against Olton in an away game tonight (Friday) at 8 p.m.

Farwell dominated the entire game, as Plains scored their TD as the final buzzer sounded. The Steers had two TDs nullified due to penalties.

The game opened as Lance Anderson received the kickoff and returned 45 yards to the Cowboy 41. But on the first play from scrimmage, Anderson was hit as he carried the ball and dislocated his knee cap.

On the very next play, quarterback Chad Byrd ran a keeper around the right side for a 43-yard TD jaunt. The run for the extra points failed and Farwell led 6-0.

On Plains' possession, Ruben Lucio recovered a fumble at the Steer 45. Farwell was stopped and punted to the Plains 13. After a first down, Plains was held and forced into a punting situation. The snap was bad on 4th down and Farwell took over at the Cowboy 15.

Kirk Lingnau gained 5 yards but Farwell was stopped on 4th down at the Cowboy 7. On defense, Derrick Haseloff had a strong tackle. Plains punted to its 28.

Brent Harrison gained 7 yards and a penalty put the ball on the Plains 7. But a 4th down pass was intercepted in the end zone as the first quarter ended.

On defense, Kade Kent made a strong tackle on the quarterback. But two pass completions brought Plains to the Steer 20. Nathan Richardson then had two good tackles and a 4th down pass fell incomplete.

Farwell moved the ball well but a long pass caught by Roger Billingsley was nullified due to a penalty and Farwell punted.

Another Plains fumble was recovered by Brent Harrison. Lingnau ran for 11 but Farwell lost a fumble at its 39. Plains was stopped in their tracks. On offense, Lingnau ran twice for a first down, then Clint Austin caught a 35-yard throw

## Steers of the Week

Coach Rex Cumpton named as Steers of the Week: offense - Chad Byrd, left, with 17 rushes for 89 yards and a TD; defense - Brian Johnson, 8 tackles, including 6 unassisted and 3 behind the line of scrimmage, and 1 recovered fumble.

from Byrd.

With 10 seconds left in the half, Lingnau made a good run to the Plains 8, but it was nullified due to penalty. Byrd's pass was then intercepted in the end zone.

In the third period, Brian Johnson had a QB sack. Plains was stopped on fourth down at the Farwell 18. Byrd ran for 9, then hit Ray Haseloff with a 23-yard pass. Byrd, Lingnau and Harrison runs got to the Plains 33. A 32-yard TD run by Ray Haseloff was nullified due to penalty. Plains, after gaining possession, fumbled at the Steer 37, recovered by Johnson.

In the final period, a Byrd pass was intercepted at the Plains 23. The teams exchanged possessions, as Steer Lupe Garza punted well.

Harrison broke up a key Plains pass, and Johnson had another QB sack for a 14-yard loss.

In the final 3 minutes, Plains hit passes to move to the Steer 25 with 1:10 left. But Harrison intercepted at the 20 and raced 80 yards down the sideline for a TD, but it was wiped out due to penalty.

Farwell had a 4th down situation with 18 seconds left on

its own 22. Then due to a miscommunication, Farwell turned over the ball to Plains. On its second play, the Cowboys scored on an 18-yard pass as time ran out. The extra point kick was blocked by Michael Anzaldua.

Team statistics were: rushing - Farwell, 41 for 171; Plains, 23 for 130; passing - Farwell, 3 for 10 and 65 yards; Plains - 14 for 29 and 181 yards; 1st downs - Farwell 10, Plains 12; penalties - Farwell 9 for 95 yards, Plains, 4 for 25; punts - Farwell, 4 for 37 yard average, Plains, 4 for 28 yard average.

Individual statistics were: rushing - Byrd, 17 for 89 yards; Lingnau, 13 for 41; Garza, 7 for 26; and Harrison, 3 for 18. Receiving - Ray Haseloff, 2 for 34; Clint Austin, 1 for 33.

Coach Rex Cumpton commented, "We made a number of first game mistakes that must be eliminated in the future. We had four major penalties on offense that cost us 113 yards and a TD. And a major penalty of defense that cost us an interception return for a TD. I felt like our offensive production was real good except for the penalties. Defensively, we played well against the run but will have to improve against the pass. We need to work to eliminate mistakes each game and continue to improve."

## Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

A bootlegging raid took place last Saturday night at 305 Ave. C in Bovina.

Williams said a member of the Alcohol and Beverage Commission office in Lubbock made a buy of a six pack of beer there. Arrested by Bovina police officer Ted Blair and the sheriff's office on charges of sale of alcohol beverages were Bacilio Viernis, 31, Bovina, and Maria Viernis, 24, Bovina.

The cases are pending in county court. Blair was in charge of the investigation.

Also, sheriff's deputy Randy Geries reported that warrants have been filed against three Mexican men in connection with the Aug. 28 burglary of the David White residence in Oklahoma Lane.

Geries is working with Mexican authorities to get the three men returned here.

Geries also reported that James Lefebvre, 40, Farwell, was arrested Sept. 9 on a charge of injury to an elderly person. It involves a tenant-landlord dispute, said Geries. The case is pending before

the Grand Jury.

On Sept. 3, Clinton Ward, 68, Bovina, was arrested by the sheriff's office on a charge of public intoxication. He was fined \$120.

On Sept. 7, Marcos Trevino Jr., 18, Friona, was arrested by the sheriff's office on a charge of criminal mischief.

The case is pending before the Grand Jury.

On Sept. 8, Reynaldo Costilla, 36, Friona, was arrested by the sheriff's office on a charge of delivery of marijuana. The case is pending in District Court.

sample and it will fluoresce under a special light," says Kilmer. He and his crew conduct the tests and record the data.

His drilling company includes three crews of four men each. Each crew has three floor hands and a derrick tool pusher who is in charge of the whole rig on that shift. The company also has a mud engineer and crews of people who bring in water and pipe for the operation.

The Lazbuddie drilling rig is one of those tall metal derricks with a flat platform or monkey board near the top. It doesn't look like the teeter totter shaped rigs that pump oil so many places here in the Permian Basin. "Those are producing wells, this is a drilling well," Kilmer explained.

The Abilene native has spent so many years in the Midland - Odessa oil drilling area that he assumed that everyone knew a drilling rig from a producing rig. He smiled and gently expounded a bit.

According to Kilmer the design for drilling rigs has not changed much since the early days of the oil industry. "They used to be wooden, but now they're metal; we also have diesel engines now," he

**Notice of Sheriff's Sale**

By virtue of a judgment issued out of the Honorable 287th Judicial District Court of Parmer County, Texas on August 13, 1991 in the case of Farm Credit Bank of Texas v. Laurance A. Kriegel, Cause No. 6639, ordering the foreclosure of all deed of trust liens existing by virtue of those certain Deeds of Trust, dated August 22, 1974 and March 14, 1978, executed by Laurance A. Kriegel for the benefit of the Federal Land Bank of Houston (predecessor in interest to Farm Credit Bank of Texas), recorded in Volume 84, Page 352 and Volume 91, Page 331, respectively, of the Deed of Trust Records of Parmer County, Texas and to me, as Sheriff, directed and delivered, I have levied upon this 4th day of September, 1991, and will between the hours of 10:30 a.m. and 1:30 p.m., on Tuesday October 1, 1991, at the courthouse door of Parmer County, in Farwell, Texas, proceed to sell at public auction to the highest bidder, for cash in hand, all the right, title and interest which Laurance A. Kriegel had on August 22, 1974 in and to the following described property, to wit:

All of the south 320 acres of Section 1, Township 1, Township 7 south, Range 2 east, of a Capitol Syndicate Subdivision in Parmer County, Texas, as show by plat by such subdivision of record in the deed records of Parmer County, Texas.

Said deed of trust liens being foreclosed against the aforesaid property to satisfy indebtedness

**SPS announces another refund for Texas customers**

Texas customers of SPS are sharing this month about \$1 million in credit on their bills.

Glenn Carlyle

**Glenn Carlyle teaches here**

Farwell's new student teacher in the physical education department is Glenn Carlyle, son of Farwell Elementary School teacher Billie Carlyle.

Carlyle is a graduate of Hobbs High School and Texas Tech University.

Carlyle studied education several years ago. He taught one year (15 years ago under an emergency license), then left the teaching profession to manage an ice cream company, McArthur Dairy in Florida. Now he has returned to Farwell to complete his teaching degree.

Carlyle and his wife, Roberta, have two boys, Jason and David.

last month. That credit is expected to be okayed by the Public Utility Commission of Texas in time for October bills.

For a residential customer using 1,000 kilowatt hours of electricity during the month, the September credit will be \$1.14, while the expected October credit will be \$1.15.

The September credit represents the customers' share of profits from certain wholesale power sales made by SPS to other electric utilities on the spot market for June and July 1991.

Under the program regulating these sales, 75 percent of the proceeds are passed along as credits to SPS's retail customers. The program so far has resulted in credits of \$5.3 million for Texas retail customers since April 1990.

The expected October credit represents savings from lower fuel costs. SPS was able to obtain significantly lower prices for natural gas during the past several months, along with somewhat lower prices for low sulphur coal.

In New Mexico, which SPS also serves, the fuel savings already have been passed along to customers since that state has a form of automatic fuel-cost adjustments.

**Farwell schedules annual Fun Run**

Each year the students of Farwell Elementary School and their families and friends participate in the Farwell Fun Run - a one-mile walk/ run to promote family involvement in lifelong physical fitness.

"All the townspeople are invited, too," said Farwell physical education teacher Judy Howard, who organizes the event each year.

This year's Fun Run will be held at 7 p.m. on Sept. 19.

Participants will meet in front of the elementary building, and follow a one mile course. Members of the Farwell Fire Department will block off the course so that participants will not have to worry about traffic.

The course this year will go north from the school on 7th Street, and then west on Ave. F (around the playground) to 4th Street; south on 4th Street to Ave. I; east on 5th Street; north on 5th Street to Ave. G; east on Ave. G to the school.

Refreshments will be served

**Parents to meet**

Farwell 1st Grade parents will meet with the teachers at the school on Sept. 23 at 7:30 p.m.

immediately after the run in the school cafeteria, courtesy of the cafeteria staff and Bell Milk company.

Certificates will be awarded to each family participating and ribbons will be given to the first place winners in each category.

Participants may pick the type of group they will participate with, and any student who needs someone to walk with should contact Mrs. Howard. Family groups will have staggered starting times and places.

**Texico FFA'ers to attend more livestock shows**

The Texico FFA has begun the new year with some changes.

Some of the members attended the New Mexico State Fair, but they did not put up a booth at the fair as they did in past years.

The group is planning to have its annual Garage Sale Oct. 19 to raise funds for its activities.

Members are planning to participate in several hog shows this year including

the one in Roswell this fall and the big National Western Livestock Show in Denver in January.

In November, six of the hardest workers in FFA will go to the national FFA Convention. In the past the six who went the previous year would pick six new members to attend the convention. This year, according to sponsor Charles Jackson, only the hardest workers will go.

# Longhorns squeeze past McLean

Brett Thomas

The Lazbuddie Longhorns roared out of the starting gate as they defeated McLean in an away game in their season opener last Friday, 36-33.

McLean had been listed as the No. 1 team in the area by "Top of Texas" magazine.

The magazine had listed Lazbuddie No. 3, just behind Valley. The Longhorns will host Valley Friday (tonight).

Coach C.W. Williams was very happy with the game's outcome, since he had to go with a junior varsity quarterback - Brett Thomas, and 2 starters were out. Veteran QB Paul Williams is injured.

McLean scored first, on an 8 yard run by Don Harris. Christian Looney kicked the points after scored the extra points.

But Lazbuddie's Kirk Jesko scored on a 35 yard pass from Thomas. Leland Brockman kicked the points after, tying the game.

Jesko then scored on a 54-yard pass play from Thomas. The point after failed. McLean's Harris responded on a 7-yard TD run. The kick missed and the score was tied again in the second quarter at 14-14.

Then Longhorn Frank Gonzales ran 65 yards for a TD on a Thomas pass. Brockman kicked the points after. A safety added 2 more points for Lazbuddie, upping its lead to 24-14. Just before halftime Tanner Hess scored for McLean on a 5 yard run. The extra point kick was blocked and Lazbuddie led 24-20 at the half.

In the third period, Lazbuddie's Matt Cozby scored on a pass from Thomas from 31 yards out. The kick failed and the Longhorns were up 30-20.

McLean fought back, scoring twice to take the lead. First, Hess scored on a 4 yard gallop, but the extra point try failed. And Harris tallied on a 38 ayrd run, with the pass succeeding for the extra point. McLean now led 33-30.

But the Longhorns hung in there. And Jesko tallied from the 5 yard line for the final score. The extra point try failed, but Lazbuddie ended the game with a 36-33 victory.

Williams said, "We went into the game saying we could play well. Our defense played extremely well. The newcomers filled in very well."

## More rain falls

More than two inches of rain have fallen in the Twin Cities in the past week.

Dixie Jesko reports .65" of rain fell at her home near Texico Sept. 10. Carrie Kittrell reports that she got just enough rain to make the country roads in her area good and muddy.

Fred Chandler, manager of the Sherley Anderson Pitman Elevator in Farwell measured 2.35" of moisture from Sept. 5-10 with .45" on the morning of Sept. 10.

Chandler reports that the moisture has kept farmers from bringing in their corn yet this year. "They would have (brought in a load) if the fields were dry enough. It's still a little wet," he said.

ley Anderson Elevator in Lariat reported .44" was measured on the morning of Sept. 10. About 3.07" of moisture has fallen near the Lariat elevator this month.

He said the harvest hasn't started in Lariat yet.

Shirley Steinbock reports that Dolan Finnell brought in the first load of grain to the Lazbuddie elevator on Sept. 3. It tested at .33.

She reports that .5" of rain were measured in Lazbuddie on the morning of Sept. 10, and .3" over the weekend.

Fred Chandler opined that, "Pretty soon we'll all be going quack, quack," when he was asked about the rain we got Wednesday morning.

The .3" of moisture in his gauge added to the moisture from showers on Sept. 10 gave him nearly an inch of moisture for the two days together.

Yalonda McFarland at the Sherley Anderson Grain Elevator in Lariat noted that the folks there had measured .06" on the morning of Sept. 11.

There was no rain reported on Sept. 11 in Lazbuddie.

# Lazbuddie Schools set tax rate

The Lazbuddie School Board Tuesday set its local school tax rate at 35 cents per \$100 evaluation on Sept. 10.

It's in addition to the 72.5 cents per \$100 evaluation charged by the County Education District.

Lazbuddie school Supt. Phil Warren said the school tax last year was 98 cents per \$100 evaluation. This year the combination of the local school tax and CED tax rate will come out to \$1.07 - but several items have been excluded from the tax base because of the exemptions passed this fall.

"We'll have to wait and see. We feel like it will be a good rate," he noted.

The board also: - Elected Mike Miller to replace Rick Seaton as vice president of the school board.

- Passed a motion to allow AAT training to be used as in service and staff develop-

these honors course designations.

- Set Oct. 26 as the Harvest Fest.

- Voted to spend \$1,244 to fund the DARE program. Lazbuddie's share is about 10 percent of the total cost of the program.

- Approved the teacher appraisal calendar.

- Approved the new TASB sick leave policy.

- Appointed the following people to the attendance committee: Cindy Furr, Marca Morris, Valli Welch, Hardy Carlyle, Rick Copp, Gwen Warren, Rebecca Williams.

- Heard reports from several students about the programs that they had attended over the summer. Raquel Guzman talked about the Hugh O'Brian Youth; Lori McBroom talked about Y.E.S. Holley Morris and Stacey Barber talked about Girls State and Boys State.

Jarah Redwine told about

the State Technology Conference which several Lazbuddie youth attended last spring. Lazbuddie was designated first in the state of Texas in Industrial Arts for a class A school. The Technology students are trying to raise money to go to a national conference this year.

ment for the year.

- Voted to approve honors designation for three vocational courses: Ag. Science 311, Agribusiness management and marketing; Ag. Science 332, advanced animal science; Ag. Science 333, Advanced plant and soil science. The state must approve

# Carpenters remember the old days

*Editor's Note: The following story about Oklahoma Lane resident Harold Carpenter appeared in "Co-Op Connection," the West Texas Rural Telephone Cooperative's monthly newsletter for September. The new publication is edited by Jim Steiert.*

Harold Carpenter of Oklahoma Lane wanted to make sure that rural folks weren't left out on telephone service. As a member of the original board in 1950, he called the WTRTC to "extend lines so far back in the country that people have to keep their own tomcats."

That quip, which typifies his sense of humor, became a rallying cry for rural phone service locally, and in Washington. Carpenter is proud he said it, and that he helped in getting rural phone service for the Magic Triangle.

Harold and his wife of 52 years, Avis, were recently honored as Pioneer Man and Woman of the Year during the Border Town Days celebration at Farwell.

The only living member of the original WTRTC board, Carpenter says he was only in his 20's when he became a director, and "felt like a kid" among the farmers and businessmen on the board. They made him feel at home, however. He became board president, serving through 1958, and logged 10 years on the board.

"We never had a dissenting vote," Harold recalls of his tenure. "We didn't always all agree at the start of discussion on an issue. We spent a lot of time talking things over. When we voted, we would agree," he says.

"You might never feel that you did any good on some boards, but you could see the good that was accomplished by serving on this one," says Carpenter.

A sampling of support for rural telephone service was taken in 1949 at Oklahoma Lane, where nearly 200 people attended a meeting at the school, now a Methodist church. Carpenter was named the first director. Within a few weeks, the entire board was formed.

Enabling legislation was necessary for the cooperative to function, and Carpenter, original manager Leo Forrest, the late Thad Watkins, a board member with Deaf Smith County REC, and the late Joe Warren, a member of the original RTC board from Nazareth, made a trip to Austin to lobby for WTRTC.

"Nobody had any money to speak of, but we managed to scrape up enough to pay for the trip. Joe Warren was a Hudson Motors dealer. I remember him driving us down there

Harold and Avis Carpenter

in a brand - new Hudson," Carpenter says.

He says the cooperative overcame many difficulties in its early days, hammering home the message that rural folks were not looking to make trouble for established phone companies, but needed phone service, not promises.

"If it hadn't been for Leo Forrest, we might never have gotten the ball rolling. Leo took a real interest in the telephone deal, even though he was the electric cooperative manager."

Carpenter's humor and personal contact serving the fledgling co-op well.

"It was hard getting started. Other outfits got some of the people who had pledged to sign on with us. I went door - to - door in the Tharp exchange getting folks to change their minds and stick with WTRTC. I claim to be the daddy of the

Tharp exchange. I don't think it would be there if I hadn't done the recruiting. Later, I called for a seven member board so that all of the exchanges were represented," Carpenter says.

He recalls that the eight-party lines which the cooperative started with were "better than nothing, but they weren't much." It was difficult to use the phone when a person wanted to.

The cooperative gave thought to burying its phone lines from the start, based on the successful experience of a Vega man. However, the REA would not loan money for burying phone lines and a concept that was ahead of its time wasn't applied until the 1970's.

"Basic phone service did not have quite the impact that rural electrification did, but it opened a new facet of country living. The convenience, closeness of neighbors and other communities were all great benefits.

"It has been a surprise how WTRTC has grown. Phone service did not have the potential for growth like electrical service did. With electricity, customers could keep plugging in more appliances and making more use of the service. We didn't see that happening with phone service. I told a meeting at the Bull Barn in Hereford that Avis was so strong that she held up the whole Oklahoma Lane telephone exchange with her jaw," Harold jokes.

The Carpenters have stayed close to their roots. Avis grew up only two miles west of their home, and Harold grew up a quarter-mile east of it.

"We never wanted to leave. Where else could two kids have started out, doing the work they wanted to, and build such a good life?"

## Fair upcoming

The Parmer County Fair will be held at the Friona Boy Scout Building Sept. 13 and 14. It is open to all adults and youth in Parmer County.

All non - baked projects may be brought in from 8 a.m. - 1 p.m. on Sept. 13. They will be judged from 2 p.m. - 6 p.m.

Baked projects may be brought in from 8 - 9 a.m. on Sept. 14, and they will be judged between 9 and 10 a.m.

Exhibits will be open for viewing from 11 a.m. - 4:30 p.m.

This year's fair features divisions for field crops, horticulture, woodworking, culinary, canned fruits and vegetables, textiles, crafts and hobbies, fine arts, relics and antiques.

Fair books for the County Fair are available at the Parmer County Extension Office. The fair is sponsored by

the Parmer County Extension Home Economics Committee and the Extension Homemakers Council.

### Fire Calls

The Farwell ambulance had two calls last week.

At 4:10 a.m. Sept. 4, they were sent to the area between 6th and 7th streets, off Ave. F, and transported a person to Clovis Hospital.

At 12:27 p.m. Sept. 9, they went to 601 1/2 3rd St. and transported a person to the Cannon Air Force Base hospital.

The Texico Fire Department answered one call:

On Sept. 10 they responded at 8 a.m. to assist at an accident in front of Stuckey's.

## Auxiliary plans fall activities

A busy fall schedule of events was planned by the Farwell Convalescent Center Auxiliary Sept. 9. The fall events will begin with a watermelon feed on Sept. 17 at 3:30 p.m. Friends in the community have volunteered to supply the watermelons for the residents. Auxiliary members are hopeful that the patio will be done by the time for this event.

A Halloween party is planned for residents on Oct. 31 from 6-7:30 p.m. There will be a costume contest for the best dressed male and female residents of the home. A meal out will be awarded at this event. Children up to age 12 may come by the Convalescent Center in costume that evening. The residents love to see the little ones. Members of the Auxiliary will provide two dozen cookies each so that there will be refreshments for the event.

The annual Thanksgiving family dinner has been set for Nov. 21 at 7 p.m. Volunteers will bring salads, vegetables, and desserts for the event.

The family Christmas party will be held on Dec. 17 at 7 p.m. A special tree will be set up at the home for gifts for the residents.

The Auxiliary has purchased a wooden dining room table and four chairs for the dining room. Others will be purchased soon if these meet the need.

The next Auxiliary meeting will be held on Nov. 11. Anyone in the community who is interested in helping at the Convalescent Center is invited to attend.

# Texico classes of 1952 and 1953 hold reunion at BTD

The Texico Classes of 1952 and 1953 held a class reunion at Border Town Days.

The event began with a brunch at 7:30 a.m. at the home of Arlye and Margie Crooks in Texico. Immediately following, the group rode in the parade to the Farwell park for the BTD festivities. At 2:30 p.m., they enjoyed a guided tour of the Texico Schools campus. The No. 2 gym is the only building remaining the same as when these two classes graduated.

At 7:30 p.m., an evening meal was enjoyed at the Spur Restaurant in Texico. Each class member gave a brief history of their life and the class remembered those classmates and teachers who were ill and also the two members who had been lost: Jo Sandra (Magerus) Culpepper in 1983 and Richard "Dick" Hapke in 1989.

Attending from the farthest away were Robert and Verna Tucker, from Titusville, Fla. Also in attendance were:

Doris (Leavell) Crain, Donal Engram, Willie Jo and Glenda (Doshier) Carpenter, Patsy (Doshier) Blair, Ken and Shirley

The Texico Class of 1952 members, from left: Alton Morgan, Marsha (Peterson) Reid, Patsy (Doshier) Blair, Ken Harris, Margie (Reid) Crooks, Don Engram, Neva (Sparks) Riggins, Koleta (Smith) Whitaker.

The Texico Class of 1953, from left: Arlye Crooks, Yvonne (Horton) Blackwell, Anita Fern (Brown) Weems, Doris (Leavell) Crain, Esther (McDaniel) Ferguson, Ronny Ferguson, Robert Tucker, Billy Murdick.

The New Mexico Department of Agriculture has issued a crisis exemption for lambda-cyhalothrin (Karate) for the control of fall armyworm and sorghum headworm. Both of the pests are creating severe problems in four counties in the state in sorghum fields, NMDA director/ secretary Frank A. DuBois said today as he issued the exemption.

NMDA identified Curry, Quay, Roosevelt and Union counties as counties where the chemical is needed. It is estimated that 60 percent of about 166,200 acres in the four counties are affected by the pests. DuBois said there are no endangered species, including aquatics, in the area where the control is needed and the chemical previously used on armyworm and sorghum headworm is no longer available.

The chemical will be applied only by commercial applicators who have been certified by the department and will be monitored by an NMDA inspector stationed in the area.

## FFA plans garage sale

The Texico FFA is collecting items for its annual garage sale. Anyone who has a donation may take it to the school ag shop. The sale will be Oct. 19.

Harris, Jack and Bobbie (Williams) Davis, Billy and Hazel Murdick, Leon Doolittle, Anita (Brown) Weems, Marsha (Peterson) Reid, Yvonne (Horton) Blackwell, Ronny and Esther (McDaniel) Ferguson, Alton and Dorothy Morgan, Keith and Sue Scott, Arlye and Margie (Reid) Crooks, Lawrence and Neva (Sparks) Whitaker, James and Doyce King, Bob and Koleta (Smith) Whitaker and guests Jimmie Luther, Jo Moss, Paul Crooks and two of the Texico School Board members at that time - John and Evelyn Hadley, and Ted Engram.

"It was a very exciting and fun event which was enjoyed by all who were able to attend," said Mrs. Crooks. "Some of these class members had not seen each other in 38 or 39 years."

Colleen Stover was chosen as the Sweetheart of Alpha Rho Lambda chapter of Beta Sigma Phi Sept. 10. She will represent the group at the annual Beta Sigma Phi Valentine dance next February.

The group was informed that they had earned a three-star rating by the International Beta Sigma Phi. This is the highest rating that a chapter of Beta Sigma Phi

can earn.

Lynne Mahaney reviewed a portion of the Book of Beta Sigma Phi with her sorority sisters.

Pam Edwards reported that the social committee has plans for an after football game social on Sept. 27. No time or place was set yet.

Cindy Patterson presented the program: 'Rikki Tikki Bear.'

## Farwell Convalescent Center Chit Chat

by Lynne Gann Activity Director

Congratulations to Tom and Kristen Shumate on the birth of a daughter, Verva Jean. She made her appearance Sept. 7 at 10:40 a.m. She weighs 8 lbs., 8 1/2 oz. and is 20 3/4 inches long. Her hair is "baby brown" eyes are blue and complexion fair. Now we know Tom isn't being a proud papa bragging but "Verva is already holding her head up." I mean, after all, what can you expect with such a great mom and dad?

Tom has been returning to Springfield, Colo., each weekend to await the happy event. With school starting and having two other children - Daniel, 7, and Andrew, 5. The boys have adjusted well to the change over and are making new friends and learning their way around Farwell.

The Shumates hope to get settled in their home here as soon as possible. The excitement of a relocation plus the arrival of Verva Jean has put a delay in the process but in a few weeks, hopefully, all will come to be.

Our birthday people for September are Clara Florence, 03, 1902; Katie Ellison, 08, 1908; Jewel Conditt, 15, 1907; Ruby Byrnes, 22, 1904; Velma McDorman, 22, 1913; Ocie McGhee, 27, 1897; Nola Judah, 30, 1902, and our new arrival, Janie Johnson, 22, 1903. Happy birthday, ladies.
