Matt Meeks didn't find much left after the tornado hit his home - outside of this easy chair.

A Sunday tornado destroyed the mobile home in West Camp owned by Matt and Michelle Meeks about 4:45 p.m.

Luckily, the Meekses were not at home when the storm hit. They had stopped at

## Gartin takes 8th contest

It was another week of average to low scores in last week's Area Merchants Football Contest. Only a handful of entrants got more than 9 right.

Joannah Gartin picked 11 of the 12 games correctly to win last week's competition.

For her feat, she received the first place cash prize of \$10. Mrs. Gartin was one of 4 contestants to get 11 right. But because she was closest to the tie breaker (Farwell 58, Kress 6), she was first. She was 46 off the tie breaker.

Others with 11 right, and their totals off the tie breaker, were Billy Roberts, 58; Pam Carpenter, 51, and Evelyn Goldsmith, 70. Mrs. Carpenter got the second place cash prize of \$5 for coming in second.

With 10 right were: Shirley Steinbock, Dick Pylant, Larry Gregory and Connie Cumpton.

Results of last week's contests were:

Texico over Melrose, Vega over Bovina, Springlake Earth over Shallowater, Sudan over Petersburg, Baylor over TCU, Clemson over North Carolina

State, East Carolina over Pittsburgh, Penn State over West Virginia, Green Bay over Tampa Bay, Atlanta over LA Rams, Cleveland over Pittsburgh, Chicago over New Orleans.

Meanwhile, a three-way tie for first place in the overall contest - with the Dallas trip as the prize - has been created. Here's a look at the leader board with the contest at its two-thirds mark:

70 points - Richard Carpenter, Robin Mahaney, Rick Castaneda.

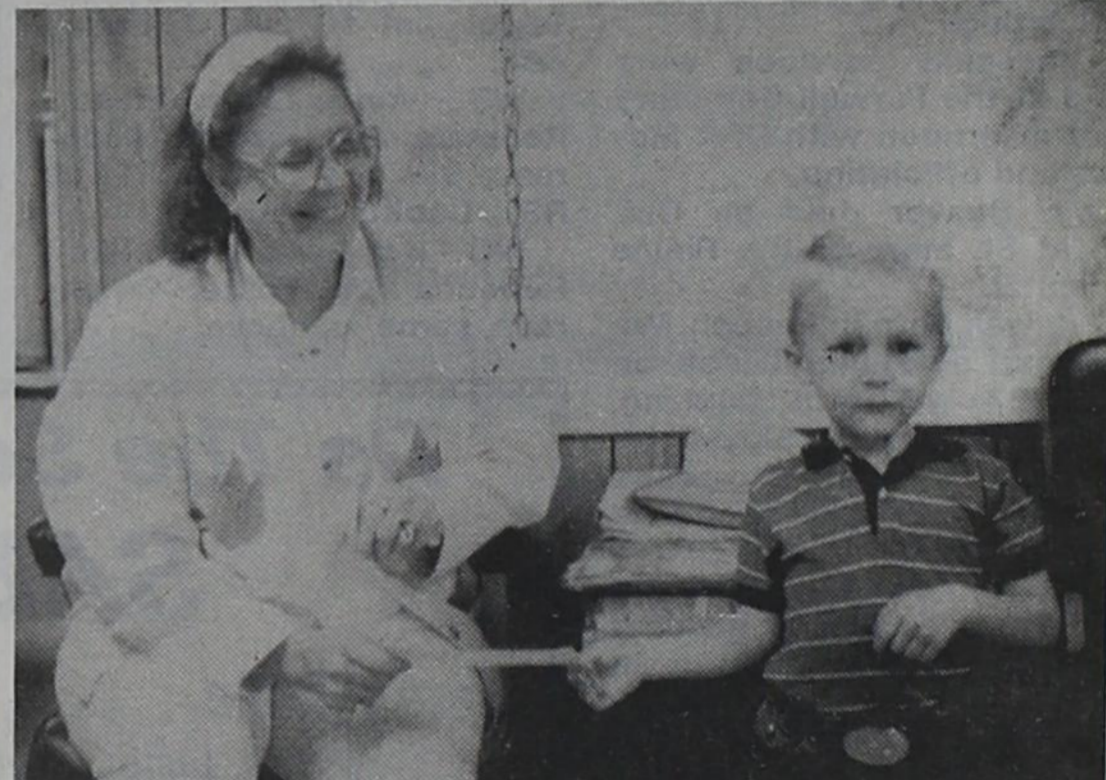

69 - Harold Carpenter.

67 - Leslee Williams, Roy King, Betty Marshall, Pam Carpenter, Donnie McDonald.

66 - Ronnie Dunsworth, Betty Jean Kelley, Tim Walton.

65 - Rex Cumpton, Alice Pierce, Lonnie McFarland, Kyle Kimbrough.

64 - Billy Roberts, Kent Gast, Evelyn Goldsmith, Sam Herrera, Kim Kimbrough, Amy Murray.

Joannah Gartin receives the check for winning last week's Area Merchants Football Contest from Logan McFarland at the Sherley Anderson Grain Elevator in Lariat. The Sherley Anderson facilities in Lariat and Farwell are among the contest sponsors.

## Tuesday will be Election Day

Tuesday is election day for Texas voters.

Polls will be open in Parmer County from 7 a.m. - 7 p.m. On the ballot are constitutional amendments (listed on Page 1).

Parmer County residents will vote in the same place for the Nov. 2 election as they have voted in the past. Polling places in Parmer County which have been changed due to the 1990 census will not change until Jan. 1. Each resident will receive a card from county tax assessor Doris Herington with his new voting location listed.

Lazbuddie voters will not be asked to vote on the state ballot, but they will also fill one vacancy on their school board.

Rick Seaton resigned when his wife accepted a position as a kindergarten teacher. Dave Engelking and Scott Brown are running for the unexpired portion of Seaton's term of office.

Polls are located at:  
Pct. 1, Black.  
Pct. 2, Friona Fire Station.  
Pct. 2-1, Friona Calvary Baptist Church.  
Pct. 2-2, Friona Community Center.

Pct. 3, Bovina EMS Building.

Pct. 4, Farwell Community Center.

Pct. 5, Lazbuddie School.

Pct. 6, Oklahoma Lane Community Center.

Pct. 7, Rhea Community Center.

Pct. 8, Lakeview, Dee Willard residence.

**Lazbuddie road topic**  
The Parmer County Commissioners Monday received a petition to open a one-mile road in the Lazbuddie area.

The petition had 11 signatories. The road is about 2 miles east and 4 miles north of the Lazbuddie crossroads.

A "jury of view" was assigned to check on the petition and give a recommendation to the commissioners. The jury consists of Gene Ellis, Dale Gober, Tommie Williams, J'Dan Gallman and John Thompson.

In other business, the commissioners approved a request by Louise Hancock to designate the courthouse as a non-smoking area. This doesn't include the sheriff's office.

### SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS For the November 5, 1991, Election John Hannah, Jr., Secretary of State

This November, Texans will have the opportunity to vote on 13 proposed amendments to the Texas Constitution. To help you make informed decisions on these propositions, we present the following summaries of the proposed amendments. Below you will find the proposition as it will appear on the ballot followed by a brief description of the effect the proposition will have if it is passed.

#### Proposition 1:

"The constitutional amendment allowing home-rule cities with a population of 5,000 or less to amend their charters by popular vote."

**Summary:** A home-rule city is a city that is able to govern itself, generally through the actions of a city council or commission. To become a home-rule city, a city must have a population of at least 5,000, it must hold an election to become a home-rule city, and the measure must pass by a majority vote. Once a city becomes a home-rule city, it may adopt a charter, and this charter may be amended through an election every two years. However, under current law, if the population of a home-rule city falls below 5,000, the city is no longer allowed to amend its charter. If passed, this amendment would allow home-rule cities whose populations have fallen below 5,000 to continue to amend their charters through elections.

#### Proposition 2:

"The constitutional amendment mandating the repayment to the Department of Transportation of monies expended to assist the Texas Turnpike Authority in the construction, maintenance, and operation of turnpikes, toll roads, and toll bridges."

**Summary:** If passed, this amendment will allow the legislature to authorize the Texas Department of Transportation to spend money on turnpikes, toll roads, or toll bridges of the Texas Turnpike Authority. The Department of Transportation may use any available money that it has for this purpose. However, if the Department of Transportation uses money from the state highway fund, this money must be replaced by money collected by the Texas Turnpike Authority from tolls and turnpike revenue. Currently, the state is not allowed to use any public money to build or maintain toll roads or turnpikes.

#### Proposition 3:

"The constitutional amendment to authorize the legislature to further implement and enhance the administration of the veterans' housing assistance and land programs and to expand the investment authority of the Veterans' Land Board."

**Summary:** If passed, this amendment would ease the restrictions on how the Veterans' Land Board can invest money from the Veterans' Land Fund and the Veterans' Housing Assistance Fund. The board may invest any money that is not to be used for the payment of principal and interest on bonds, the purchase of lands, or the payment of expenses. In addition, the board is no longer limited to investing this money in bonds or securities of the federal government.

#### Proposition 4:

"The constitutional amendment authorizing the issuance of up to \$1.1 billion in general obligation bonds for acquiring, constructing, or equipping new prisons or other punishment facilities to confine criminals, mental health and mental retardation institutions, and youth corrections institutions, for major repair or renovation of existing facilities of the institutions, and for the acquisition of, major repair to, or renovation of other facilities for use as state prisons or other punishment facilities."

**Summary:** If passed, this amendment will allow the state to issue up to \$1.1 billion in general obligation bonds. The money from selling these bonds will be used to acquire, construct, or equip new prisons and substance abuse facilities, mental health and mental retardation institutions, and youth corrections institutions. This money will also be used to repair and renovate existing facilities. The bonds and interest on the bonds will be paid from the first money coming into the state treasury that is not set aside by the state constitution for other purposes.

**Note:** A general obligation bond is a bond that is repaid from the State's general revenue fund. Most of the money in this fund comes from state taxes and fees.

#### Proposition 5:

"The constitutional amendment authorizing the exemption for ad valorem taxes of certain property in an enterprise zone."

**Summary:** This amendment deals with property owned by an individual or organization that does business in an enterprise zone. If passed, this amendment would allow a county, a junior college district, or a municipality to exempt certain personal property from ad valorem taxation. To be exempt from this tax, the following conditions must be met: (1) the property must be acquired or brought into the state in an enterprise zone to be forwarded outside the state; (2) the property must be assembled, stored, repaired, maintained, manufactured, processed, or fabricated in the enterprise zone; (3) the property must be transported outside the state within 175 days after being acquired or brought into an enterprise zone; and (4) the person who acquired or brought the property into an enterprise zone is in a qualified business.

The purpose of this amendment is to encourage economic development in enterprise zones. Because some personal property will not be taxed, it will be less costly to operate a business in an enterprise zone.

**Notes:** An ad valorem tax is a tax imposed on the value of property. An enterprise zone is an area that has substantial poverty, unemployment, and economic distress. A qualified business is a business that is actively engaged in a new business in the enterprise zone or is expanding a business that is already active in the enterprise zone. "Enterprise zones" and "qualified businesses" are designated by the Texas Department of Commerce.

#### Proposition 6:

"The constitutional amendment creating the Texas Ethics Commission and authorizing the commission to recommend the salary for members of the legislature and the lieutenant governor, subject to voter approval, and to set the per diem for those officials, subject to a limit."

**Summary:** If passed, this amendment will create a Texas Ethics Commission that is established by the Texas Constitution. The commission will consist of eight appointed members. These members will be selected by the Governor, the Lieutenant Governor, and the Speaker of the House from lists of names submitted by legislators from each major political party. This commission can recommend the salary of the members of the legislature. It can also recommend that the salary of the Speaker of the House and the Lieutenant Governor be higher than the salary of the other members. If the commission recommends a change in salary, the voters of the state will be able to accept or reject the salary change at the next general election for state and county officers. If the voters approve the recommended salary, the salary will take effect on January 1st of the next odd-numbered year. If the voters reject the salary, the salaries would remain the same. In addition, the commission can set the per diem of the members of the legislature and of the Lieutenant Governor. This per diem could be raised or lowered every two years, as necessary. The commission will also have other powers and duties as provided by Senate Bill 1, 72nd Legislature, Regular Session (the ethics bill). Finally, this amendment provides that an increase in the Lieutenant Governor's salary will not disqualify a legislator from becoming Lieutenant Governor.

If this amendment does not pass, there will still be a Texas Ethics Commission that is established by statute. This commission could not set the per diem of the members of the legislature.

**Note:** A commission that is established by the Texas Constitution can only be repealed by the voters. A commission that is created by statute can be repealed by the legislature.

#### Proposition 7:

"The constitutional amendment to allow the board of trustees of a statewide public retirement system to invest the funds of the system in a manner that the board considers prudent."

**Summary:** If passed, this amendment will change the way in which the board of trustees of each statewide public retirement system can invest the system's funds. Currently, a board can only invest its retirement funds in securities (stocks, bonds, etc.). However, if this amendment passes, a board may invest its retirement funds in any way that it thinks is prudent.

#### Proposition 8:

"The constitutional amendment authorizing the voters of this state to consider state debt questions in the form of ballot propositions that must clearly describe the amounts, purposes, and sources of payment of the debt only after approval of the propositions by a two-thirds vote of each house of the legislature."

**Summary:** This amendment deals with the way that voters will vote on legislative action that would create a debt for the State. Currently, all propositions that create state debt must be approved by two-thirds of each house of the legislature and by a majority of voters during a constitutional amendment election. When these propositions are passed, they actually become part of the state constitution.

If passed, this proposition would still require propositions that create debt to be approved by a two-thirds vote of the legislature and a majority of the voters. However, when these propositions are passed, they will not become part of the state constitution. Instead, they will be enacted by statute. In addition, when the proposition is placed on the ballot, it must clearly describe the purpose of the debt, the cost of the debt, and how the debt will be repaid. The amount of the debt in the proposition can not be exceeded or renewed unless the proposition says that the debt can be exceeded or renewed.

**Note:** Creating a debt for the State means spending money that the State does not currently have. Selling bonds is one way that State debt is created.

#### Proposition 9:

"The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years."

**Summary:** This amendment deals with lands that are technically owned by the state of Texas. In some cases, people have purchased or acquired this land from someone other than the State. While the State still technically owns this land, some people who purchased or acquired the land did not know that the land was owned by the state. From the time that these people purchased or acquired this land, they have believed that they are the legal owners.

If passed, this amendment will allow the Land Commissioner to give the legal title for this land (called public free school fund land) to certain people. A person is entitled to receive a legal title to this land if: (1) the land is surveyed public free school land; (2) the person could not gain the land's title under previous law; (3) when the person acquired the land, he or she did not know that the land was legally owned by the state and has believed that he or she has owned the land since January 1, 1941; (4) the person has a recorded deed on file in the county courthouse and has claimed the land for at least 50 years as of January 1, 1991; and (5) all taxes on the land, including any interest and penalties for late tax payments, have been paid for at least 50 years.

**Note:** Public free school fund land is owned by the State. Any revenue that this land generates (through sale, rent, etc.) is placed in the Permanent School Fund.

#### Proposition 10:

"The constitutional amendment authorizing the legislature to exempt from ad valorem taxes certain property of a nonprofit corporation that supplies water or provides wastewater service."

**Summary:** This amendment deals with property owned by a nonprofit corporation that supplies water or provides wastewater services. If passed, this amendment will allow the legislature to exempt property that is owned by these corporations from ad valorem taxes. In order for this property to be exempted, the nonprofit corporation must meet the following conditions: (1) the corporation's bylaws must say that, if the corporation stops operating, any leftover assets must be transferred to an organization that provides water supply, wastewater service, or both; (2) the leftover assets must be property that can be used for water supply and wastewater services.

**Note:** An ad valorem tax is a tax imposed on the value of property.

#### Proposition 11:

"The constitutional amendment authorizing a state lottery."

**Summary:** If passed, this amendment will allow the State to operate lotteries. The State would also be able to contract with other organizations that would operate lotteries on the State's behalf.

#### Proposition 12:

"The constitutional amendment to increase from 20 percent to 50 percent the percentage of Texas water development bonds previously authorized by Texas voters that may be issued for economically distressed areas."

**Summary:** This amendment deals with reallocating a percentage of the \$500 million of Texas water development bonds that were approved by Texas voters in 1989. These bonds were to be issued to fund water supply, water quality, and flood control projects. Currently, the board is limited to issuing 20% of the \$500 million (or \$100 million) of these bonds to provide water and wastewater facilities to economically distressed areas of the state. If passed, this amendment will allow the board to issue up to 50% of the \$500 million (or \$250 million) of these bonds for this purpose.

#### Proposition 13:

"The constitutional amendment providing for the issuance of general obligation bonds not to exceed \$300,000,000 to continue existing programs to provide educational loans to students, with repayments of student loans applied toward retirement of the bonds."

**Summary:** If passed, this amendment will allow the Texas Higher Education Coordinating Board to issue up to \$300 million in general obligation bonds. The money from selling these bonds will be used to finance educational loans to students. In the past, all bonds in this program have been retired through repayments from student borrowers, not the taxpayer.

the home of Matt's parents, Leon and Dolores Meeks, on their way to Clovis where they planned to celebrate their first wedding anniversary with a special dinner.

Matt's brother, Tim and wife Tori, were driving toward Matt and Michelle's mobile home when the storm hit.

"It was raining real bad and hailing, and then it got real still," said Tori. "We could see three tornados, but two didn't hit the ground." Unfortunately, the one that touched down destroyed Matt and Michelle's home.

Tim and Tori turned their car around and headed toward Leon's home to tell them what had happened.

Rescue personnel from Clovis, Muleshoe, Texico, and Cannon Air Force Base showed up to help clear away some of the debris. Friends and neighbors also came by to offer assistance.

"We've lost everything; we've lost it all," said Michelle.

Matt and Michelle Meeks are staying at the home of Leon and Dolores Meeks. They hope to find a home before their baby arrives in about two weeks.

**Optimism needed**

I give Secretary of State Jim Baker a whole lot of credit for getting the various sides to agree to attend a Mideast peace conference in Madrid. Frankly, I never thought it could be done.

I always try to avoid being negative. Too many folks fall into that trap. You probably could name a lot of people who go around criticizing everyone and everything. Like I said, it's a trap that needs to be avoided.

But I am negative on a possible solution to the Middle East dilemma. It's hard to see any solution to the Palestinian problem that would be amenable to all sides. But stranger things have happened at negotiation tables over the ages.

Some folks believe the best solution would be for Jordan to become a Palestinian state. That's the Israeli point of view. It does make sense, unless you're a native Bedouin east of the Dead Sea.

And the Palestinians, and their children, who fled the West Bank still carry their papers of land ownership. Their hearts are in the West Bank - now and forever.

I'm sorry to see Yitzhak Shamir, the right-wing Israeli leader, prime minister of that nation. I believe the more liberal party would be more receptive to peace overtures and offer a chance at negotiation. But I don't see Shamir as a negotiator. At least not according to his past history.

The U.S. is in a good position to help move the peace process along. We really came through in the clutch when Saudi Arabia was threatened by Iraq. Egypt has already signed a peace treaty with Israel. Syria re-

alizes that the Soviet Union doesn't work as a "horse" to ride on anymore. And Jordan isn't strong enough to buck the tide. And the PLO has gone the extra mile the past few years at extending the olive branch (although the more militant Palestinian groups have not).

So I see the Arab states as being more amenable than they ever have been before toward seeking peace in that fragile part of the world. So the onus lies with Israel. Will they trade land for peace? I don't think a Shamir government will.

The most hope, I feel, lies with this peace conference lasting a bit longer than usual. If progress isn't made quickly, and it appears that Israel is intransigent, then the next Israeli election may put the more liberal party into power.

Meanwhile, all the powers involved must ignore the threats and tactics by the militant Palestinian groups. Don't be surprised by an assassination. Or a bomb killing innocent civilians. They will do anything to derail the peace process. Such sick tactics have worked in the past, but the world is more intelligent about how to deal with them. You can't allow a small bunch of fanatics to decide policies for nations and groups of nations.

What needs to be done is to break down the "big picture" into smaller units, then work on those problems. You need to solve them one by one. Eventually, you will get to the nitty gritty - land for the Palestinians. I just hope the nations involved are big enough to find a solution.

What it will take is optimism.

Folks, important news: The squirrels that make their home on the Parmer County Courthouse lawn in Farwell are in desperate need of pecans.

If you can help, please assist.

I was sorry to see that picnic area in Farwell wiped out by the state highway department.

When I first came here, I checked into moving the Texas marker to the rear of the drug store parking lot where I thought it would be better because more parking was available there. But I learned that the marker was most heavy and the highway department wasn't about to move it.

Perhaps the city of Farwell or Chamber of Commerce can check into the cost of moving the marker (with state approval, of course) to an area where a picnic shelter can be set up.

Texico has a beautiful new facility just west of the Port of Entry in which to greet visitors to New Mexico. Ought not Texas have something decent, too?

Kevin Owen and Sherilyn Thigpen

## Engagement announced

Mr. and Mrs. Vernon Thigpen of Farwell announce the engagement and approaching marriage of their daughter, Sherilyn Anne, to Kevin Owen, son of Mr. and Mrs. Jerry Dee Owen of Farwell.

The couple will exchange vows Dec. 28 at 6 p.m. at the First Baptist Church of Texico. The reception will be held at the church following the ceremony; both are open to family and friends.

The bride-elect is a 1986 graduate of Farwell High School and a 1990 graduate of Texas Tech University. She is currently teaching fifth grade in Bryan, Texas.

The prospective groom is a 1986 graduate of Farwell High School, and a 1990 graduate of Angelo State University. Currently, he is pursuing a master's degree in animal nutrition at Texas A & M University.

## Longhorns stay undefeated

The powerful Lazbuddie Longhorns blasted yet another opponent in short order last Friday. The victim was Three Way, which lost 62-12 in a game ending in the third quarter due to the 45-point rule.

Lazbuddie, ranked No. 2 in the state, is now 8-0 overall and 3-0 in district. The Longhorns host Amherst at 7:30 p.m. tonight (Friday).

Once again, it was Kirk Jesko who kept finding pay dirt - scoring 5 times.

Lazbuddie opened the scoring in the first quarter with 2 TDs: a 40-yard pass to Matt Cozbey from Mario Zamora (kick missed) and a 20-yard pass from Zamora to Terry Darling (the Luis Gonzales kick was good). It was 14-0 at the end of the quarter.

Lazbuddie made it 22-0 when Leland Brockman scored on a 65-yard pass from Zamora (the kick failed). Then Jesko began to do his thing. The senior tailback scored on runs of 42, 47, 36 and 7 yards. Combined with two Gonzales kicks, Lazbuddie had racked up 48 points by halftime.

Meanwhile, Three Way tallied twice, on passes of 44 and 40 yards. At the half, Lazbuddie led 48-12.

Lazbuddie scored twice more in the third quarter to end the game. First, Jesko scored on a 50-yard punt return. Then Monty Foster took an 11-yard pass from Paul Williams for the final score, followed by a Gonzales kick.

"The Longhorns played well offensively, and really well defensively," said coach C. W. Williams. "But I still think we could play better," he said of Friday night's match.

Lazbuddie has two tough games to play in the next two weeks. Amherst is in third place in district, right behind Lazbuddie and Silverton which are tied for first. Amherst will have one of their top players, Jason Miles, back, and they are apt to be a threat with his help.

The following week Lazbuddie plays Silverton.

## Longhorns of the Week

Offensive Player of the Week is Kirk Jesko who had 5 TD's - 4 on running plays and one on a punt return. Defensive Players of the Week are Matt Cozbey and Leland Brockman.

## Farwell honor roll

Farwell High School Principal David Reynolds has announced the honor roll for the first six weeks of the school year:

### Principal's Honor Roll

Melissa Schwertner, Brent Harrison, Clint Austin, Cody Monk, Chanse Stephens, Ginny Mitzelfelt, Mary Ann Ancira, Jason Taylor, Lance Anderson, Amanda Curtis, Robin Ray.

These students had grade average of 90% or better in all classes this year excluding physical education, athletics and band.

### Steer Honor Roll

Kris Arce, Julie Mitzelfelt, Melissa Everett, April Stout, Mary Beth Blanton, Alicia Smith, Kurt Blanton, Jovita Olmos, Melinda Landrum, Matthias Bartels, Sharla Lingnau, Chad Byrd, Justin Mahaney, Jacquelyn Sides, Oscar Saenz, Angela Cenicerros, Rob Pomper, Mona Schenck.

These students have an average of 90% or better. They have no more than three 80's and no 70's in the average excluding physical education, athletics, and band.

## Farwell PTA to meet

The Farwell PTA will meet Nov. 4 at 7 p.m. Carolyn Nunnallee from the Clovis Chapter of MADD will be the guest speaker.

The PTA meets at the Farwell Community Center.

A survey was given in the elementary school, and those returned were concerned about the use of alcohol in the Farwell community.

### On stamps

Farwell Postmaster Lynne Mahaney presents programs about stamp collecting as a hobby to Twin City elementary children.

Everyone with a concern about this problem is invited to attend this program. Mrs. Nunnallee will be speaking promptly at 7 p.m.

PTA has started this year with a "Bang." They have lots of projects in the works, and they are still recruiting new members.

PTA is collecting Campbell Soup labels for the school. This project has in the past provided sports equipment, computer software, cassette players and a VCR for the school free of charge. Everyone is urged to save these labels and send them to the elementary school so that PTA can provide more items for the school.

Other projects the PTA is working on include: purchasing library books in honor of students of the month, and also selling Farwell Spirit Buttons.

Winners of last month's door prizes were Mrs. Faulkner and Mrs. Hall. There will be another drawing at this meeting.

### 50th anniversary

Prof. Robert and Doris Morton will celebrate their 50th wedding anniversary on Nov. 1. They will be honored with a reception hosted by their children Nov. 3 from 2:30 p.m. - 4:30 p.m. at First United Methodist Church in Dublin, Texas.

Morton taught vocational agriculture classes at Farwell High School from 1944-1965.

## Thank You

Mrs. Gertrude Foster would like to thank everyone for the wonderful 90th birthday celebration that they gave her.

# Wolverines top Melrose, 25-3

By Janice Jenkins

The Texico Wolverines ended their season on a high note last Friday, whipping the Melrose Buffaloes 25-3 in an away game.

The Wolverines' season ended prematurely because this weekend's game against Ft. Sumner was cancelled by Ft. Sumner, which didn't have enough players due to injuries.

So Texico ends the season with a 3-2 district record and 7-2 overall. It will miss the playoffs because both Tatum and Hagerman were 4-0 going into tonight's battle.

Although the Ft. Sumner varsity game was called off, the junior high game with Ft. Sumner will be played at Texico at 4:30 p.m. today (Friday).

The Melrose game opened with Texico on the offense. Pepe Gonzales threw a nifty 41-yard pass to Louie Delgado who was tackled at the Melrose 19 yard line. Then Gonzales kept twice for good yardage. Texico was held and went for a field goal that missed.

On defense, strong tackles were made by Greg Akers, Kenny Shaw and Billy Rogers. A tackle by Matthew Williams forced Melrose to try a field goal. The 36-yard try was good at 1:25 left in the first quarter and Melrose was up 3-0. From then on, it was all Texico.

Joe Chavez returned the kick for a large gain. The Wolverines moved the ball behind runs by Kelvin Gooden and a long pass by Gonzales. With 11:50 left in the second quarter, Gooden scored from the 19 yard line. The kick missed and Texico led 6-3.

Again on defense, good tackles were contributed by Williams, Chad Dunsworth and Steven Horner. Texico took over on offense and moved the ball behind runs by Shaw, Goodem Johnny Salinas and a pass to Akers. With 1:26 left in the half, Gonzales hit Shaw with a 9-yard TD throw. The Luis Estrada kick was good and Texico led at halftime, 13-3.

In the third quarter, the teams traded possessions. Then in the final period, with 9:05 left, Shaw took a punt and returned it 60 yards for a TD. It was a great run; Melrose thought they had Shaw stopped about the 10 but he kept scrambling, broke loose and scored. The kick failed and Texico led 19-3.

And with 2:26 left in the game, Texico got its final score when Gooden rambled 21 yards into the end zone. A bad snap killed the extra point try, but Texico had its victory, 25-3.

Individual statistics were: rushing - Gooden, 14 for 124 yards; Akers, 5 for 37; Gonzales, 7 for 10; Salinas, 4 for 15. Receiving - Delgado, 1 for 41; Akers, 2 for 40; Shaw, 2 for 47. Passing - Gonzales, 5 for 15 and 118 yards. Delgado had an interception. Anthony Garcia recovered one fumble and Horner recovered 2.

Team statistics were: first downs - Texico 13, Melrose 12; rushing yards - Texico, 30 for 166; Melrose, 47 for 89; passing - Texico 284; Melrose, 125; punts - Texico, 2 for 22.5 yard average; Melrose, 6 for 27.5 yard average. Penalties - Texico, 11 for 65 yards; Melrose, 10 for 75.

Bruce Scroggins' comments: "I thought we had some chances but we just didn't score. We moved the ball better than we have been during the second half particularly."

Scroggins praised the tackles made by Matthew Williams and Billy Rogers.

## Wolverines of the Week

Since the season is over, Coach Scroggins named the seniors as Players of the Week: Josefre Gonzales, Kenny Shaw, Greg Akers, Chad Dunsworth and Joe Chavez.

## Farwell Junior High achievers

The following students were named to the honor roll at Farwell Junior High for the first six weeks:

Sixth Grade: Candace Travis, Valerie Mace, Veronica Mace, Rachel Embry Stephanie Lindop, Joann Stout, Miranda Burton, Samantha Bowery, Brandon Embry

Seventh Grade: Charlie Gustin, Roslyn Bennett, Kathy Foster, Adrian Gonzales, Jody Fly.

Eighth Grade: Brea Travis, Veronica Almanza, Corby White, Jerry Landrum, Chase Hardage, Laura Jimenez, Brock Taylor, Leane Stout, Andi Kirkland, Cortney Herington, Holly Saylor.

# Lady Spikers win tourney opener

The Texico Lady Spikers, who have trailed near the end of their district all season, came from fifth place to win their game in the first round of the District 6A Volleyball Tournament Tuesday night.

Texico beat Melrose 12-15, 15-11, 11-15, 15-5 and 15-12. "We played awfully nervous at first. It was our first time to be in a win - lose situation. We tried to force it at first. By game 4 we put it all together. We just had to learn to relax and play," said coach Michael Littlejohn.

Texico was scheduled to play at Elida at 7 p.m. mst Wednesday night.

Third ranked Elida beat 6th ranked Floyd 15-2, 15-5, and 15-6 on Tuesday to move into the second round of district play. As the higher seeded team, Elida was designated as the host team for the second round of the tourney.

If Texico wins Wednesday night, they will play at Dora (the second seed in the tourney) at 7 p.m. mst on Oct. 31. The winner of that game will face top seeded Tatum at 7 p.m. mst at Tatum on Saturday, Nov. 2.

## Texico's Gooden honored

The Lubbock newspaper named Texico's Kelvin Gooden as its New Mexico Player of the Week. Gooden had 124 yards on 14 carries against Melrose, and scored 2 TDs. He also made 5 solo tackles from his cornerback post.

Area statistics kept by the Lubbock paper showed: New Mexico - Texico ranks 9th on team offense, averaging 284 yards a game, and 7th on team defense, allowing 182 yards a game. Kenny Shaw is 9th among the rushers, with 654 yards. Pepe Gonzales is 7th among the passers with 549 yards.

Six Man - Lazbuddie is 6th on team offense, with 339 yards a game, and 7th on team defense, allowing 267 yards a game. Kirk Jesko is 8th among the rushers, with 1,029 yards. Brett Thomas is 1st among the passers with 959 yards. The receiving corps features Leland Brockman, 6th, with 23 grabs; Matt Cozbey, 9th, with 19 catches, and Jesko, 10th, with 16 catches. Jesko is 4th among the scorers with 144 points.

or farm improvements that they might have postponed otherwise." The new 9.50 percent variable rate is available for agricultural, rural housing and farm related business loans. The FLBA of Muleshoe provides long-term agricultural financing in Bailey and Parmer Counties. The office is located in Muleshoe.

## Interest rate lowered

The Federal Land Bank Association (FLBA) of Muleshoe will lower its variable interest rate to 9.50 percent rate.

"We are pleased to be able to pass on to our members the benefits of a favorable interest rate climate," said Bill Liles, FLBA president. "The savings in financing costs should help our area farmers and ranchers afford to purchase land, housing

The Lady Spikers pulled a victory out of the hat when they beat Elida in a 5-game match on Oct. 22. Elida was ahead 2 games to 1 (8-15, 15-13, 7-15) when the Lady Spikers poured on the steam and won the final two games 15-13 and 15-5.

"We were down 13-1 in game 4 when something clicked; we came back and beat them," said coach Michael Littlejohn. "We caused several unforced errors. Our team matured some and got lucky in some degree."

Marsha Hamilton had: 6 aces, 89% serving efficiency on 28 serves, 37 excellent passes, 17 kills, 2 saves, 3 blocks. Chesna Campbell had 2 aces, 80% efficiency on 20 serves, 3 saves, 16 assists. Chanda Campbell had 7 effective serves; 11 kills, 1 save, 4 3 blocks. Lorissa Pate had 2 aces, 89.5% serve efficiency on 19 serves; 9 kills, 2 saves, 4 blocks.

Leslie Servatius had 89.5% serving efficiency on 19 serves, and 3 saves. Alison LaFrenz had 1 ace, 85.7% serving efficiency on 21 serves, 7 kills, 3 saves, 5 blocks. Andrea Morrison came in for 1 successful serve. Tasha Shaw had 1 ace, and 38.5 excellent passes.

Texico beat Melrose 15-13, 15-2, and 17-15 on Oct. 24.

Hamilton had 2 aces, 90% serving efficiency on 20 attempts; 16 excellent passes; 6 kills, 2 saves, and 1 stuff blocks. Chesna Campbell had 4 aces and 89.5% serving efficiency on 19 serves; 27 excellent passes, and 5 saves. Chanda Campbell had 100% efficiency on her 9 serves; 8 kills, 1 save, and 1 block.

Pate had 1 ace, 6 excellent passes, 10 kills, 3 saves and 2 blocks. Servatius had 1 ace, 5 excellent passes, and 5 saves. LaFrenz had 2 aces, 5 excellent passes, 4 kills, 3 saves, 1 block.

# Steers blast Kress, 58-6

The Farwell Steers won their first game of the season last Friday by whipping the Kress Kangaroos at home, 58-6. The Steers, 1-2 in district and 1-6-1 overall, go to Happy tonight (Friday). Kickoff has been moved to 7 p.m. Farwell, with Chad Byrd returning at quarterback after an injury, dominated Kress throughout. Coach Rex Cumpton also started Ruben Lucio, who had been playing both ways as a lineman, at fullback. And Cumpton used a 5- and 6-man defensive line much of the game.

Lupe Garza returned the Kress kickoff 29 yards to the Steer 37. Roger Billingsley caught a 6-yard pass but Farwell was halted and punted to the Kress 20. Kress was stopped and punted to the Kress 38. Kirk Lingnau took a pitch and galloped 38 yards for a TD at 8:25. The pass for extra points failed and it was 6-0 Farwell.

Farwell's Kade Kent recovered a fumble on the Kress 30. Byrd then ran a keeper around end for a 26-yard TD at 6:50. The pass for extra points failed and it was 12-0.

On defense, Derrick Haseloff and Lucio had strong tackles. Kress punted 2 yards to midfield. Lucio gained 8 and Lingnau broke off runs of 5, 7, 7 and 10. Lucio then burst through the middle for the 10-yard TD with 42 seconds left in the first quarter. Lingnau ran for the extra points and it was 20- zip.

Farwell failed on an onside kick and Kress started at midfield. Lester Pollard had a good tackle. Kent recovered his second fumble at the Kress 44. Byrd hit Roger Billingsley with a 15-yard pass as the quarter ended. Byrd threw off three would-be tacklers as he charged for a 28-yard TD run at 11:14. Lingnau ran for the extra points and it was 28-0.

On defense, Rob Pomper had a good tackle. On 4th and 3, Kress was stopped by a Brent Harrison tackle and Farwell took over on its 31. Farwell was held and punted to the Kress 41. Kent had a quarterback sack and Kress punted. Harrison returned it 23 yards to the Kress 43.

Runs by Garza and Lingnau gained a first down. A pass to Billingsley picked up 12 and Lingnau ran for 13. Lucio took 3 tacklers with him as he bulled over from the 7 for a TD at 1:40. Harrison ran for the extra points and it was 36-0. Harrison recovered a fumble at the Kress 30 as the half ended.

In the second half, the teams traded possessions and Farwell recovered a fumble at its 31. Harrison ran for 32 yards, and Byrd carried it in for a 29-yard TD with 1:48 left. Lucio scored the extra points on a run and it was 44-0.

Billingsley intercepted a pass at the Steer 39. Lingnau ran for 10 and 15 yards as the third quarter ended. Harrison burst up the middle for a 33-yard TD to begin the final period. The pass for extra points failed and it was 50-0.

On defense, Shawn Haseloff had a good tackle of the punt returner at the Kress 32. A Kress runner broke loose for 51 yards and Clint Austin tackled him to prevent a TD. But Kress scored a few minutes later from the 1 at 9:22. The run for extra points failed and it was 50-6.

Byrd had a 62-yard TD scamper at 8:02. Lingnau ran in the extra points and it was 58-6.

Individual statistics were: rushing - Lingnau, 16 for 136; Harrison, 7 for 90; Lucio, 5 for 29; Byrd, 4 for 148. Receiving - Billingsley, 3 for 32 yards.

Team statistics were: rushing - Farwell, 38 for 410; Kress, 42 for 156; passing - Farwell, 3 of 10 for 32 yards; Kress, 0 for 2; first downs - Farwell 9, Kress 9; penalties - Farwell 3 for 15 yards; Kress, 4 for 30; punting - Farwell 4 for 32 yard average, Kress 3 for 20 yard average.

Coach Cumpton said: "We were able to play with most of the group we started the season with and hit on all cylinders. We did a lot of things well Friday. Our line moved them off the ball and our backs hit the holes. One of the best things we did was cut down on turnovers. Kress had 4 turnovers and we had none. That makes a big difference."

Coach Cumpton picked the entire Farwell team as his Player of the Week. "The entire team contributed to this victory in a great way."

# False hopes. Shattered dreams.

### The poor lose.

Imagine living in poverty with no hope of a way out.

Then along comes a salesman with a smooth line — "Play your hunch and win a bunch!"

You'd think the government would protect you from such an unscrupulous shark. But in the case of the lottery, the government is the shark. They never tell you that you're ten times more likely to get struck by lightning than win the jackpot.

The states know that the poor are the best customers — the easiest to sell — for state-run lotteries. That's why the states aim their lottery ads straight at the poor and less educated.

"In New Jersey, newspapers regularly run half-page and, occasionally, full-page ads on the second or third day of each month, instructing potential players how to wager on the latest lottery game. The time isn't accidental. It is aimed at those who have just received their government checks on the first of the month." (Source: Alan Karcher, *Lotteries*)

Do we want that kind of pressure on the poor in Texas?

### Children lose.

What will you tell your children about the lottery?

You'd better start thinking about it. The Texas lottery will be working hard to make our children the next generation of gamblers.

Lottery states encourage gambling in order to increase their income. Not only do they admit it — they brag about it. As one lottery equipment company executive put it, "The lottery industry... has become a part of life, a heritage if you will. If the father plays the lottery, chances are that in years to come, the son will also play." (Source: *Clotfelter and Cook, Selling Hope*)

Although children under age eighteen aren't legally allowed to play — they do. In lottery states, up to 45% of teenagers play the state lottery or the illegal game.

When pushers teach our children to use drugs, we throw them in jail. When our own state government teaches our children to gamble, it's called "revenue enhancement."

### Taxpayers lose.

If you think the lottery will save you money on taxes, you're wrong.

In fact, Texas taxpayers will have to buy two dollars worth of lottery tickets to create one dollar in revenue for the state.

And the lottery certainly won't keep a state income tax at bay. Of the 33 lottery states, 30 also have an income tax.

(Source: Commerce Clearing House, Inc., *State Tax Guide 1991*)

So where will the money go when a person buys a lottery ticket?

Some goes to the lottery winners... who then must share their winnings with Uncle Sam.

Some goes to the state.

A substantial amount will go to promote the lottery... up to \$30 million a year in advertising alone.

And of what's left, millions will go to the big out-of-state corporations that run the lottery.

Your taxes keep going up. Lottery players get soaked. Big out-of-state corporations get richer. Who really wins with the lottery?

### Families lose.

Families are built on a foundation of hard work, sharing and trust. What happens to that foundation with the lottery?

State advertising mocks the work ethic, offering an easier way to success than hard work. With advertising slogans like "The Rich... Join Them," the state urges families — without regard to whether the money comes from their grocery budget or savings — to gamble on the lottery.

Worst of all, there's a good chance someone in the family may become a compulsive gambler — an addiction that rips families apart. In one lottery state alone, 34% of female compulsive gamblers listed the lottery as the source of the gambling addiction.

(Source: *Report on Pathological Gambling in New Jersey, 1988*)

How many families in pursuit of a few extra dollars will be ruined by a lottery?

### Businesses lose.

A lottery is a bad deal for Texas businesses, any way you look at it.

Businesses will lose \$2 billion dollars that would have been spent for groceries or other goods and services.

Businesses that hope to draw more customers by selling lottery tickets are likely to lose money on every ticket they sell, as people buy \$2 tickets instead of merchandise.

(Source: *Pittsburgh Courier, August 1988*)

Meanwhile, regular customers who are angered by long lines and long waits behind lottery players take their business elsewhere.

That's why one large grocery chain stopped selling lottery tickets in Florida.

(Source: Letter dated February 14, 1990, from R.L. Hutton, Winn-Dixie Association Director of Community Affairs.)

In fact, asked if they benefitted from the lottery, most Florida convenience stores and every large supermarket chain said, "No." Two-thirds said the lottery had not increased their sales. And 89% of the large convenience store chains said the lottery had increased theft of goods and gas at their stores.

(Source: Study by Arthur Andersen and Company for the Retail Grocers Association of Florida, January 1988.)

**Hospital Notes**

Gilbert Gilliam had open heart surgery at St. Mary of the Plains Hospital in Lubbock.

Psychologists tell us that about 10,000 thoughts pass through the human brain each day, that makes 70,000 each week and almost 4,000,000 each year.

Jesus tells us that we will have to give an account for every idle word, we had better learn to control our thoughts and the words they produce.

Something to think about:  
When you cannot see the bright side, polish the dull side.

**Buying a center pivot vs. buying a Valley and a good dealer.**

One thing is for sure, a good dealership doesn't cost a penny more, yet a poor one can cost you a bundle. That's something to think about, because if hardware is all you measure, you're missing the vital link - us, your Valley dealer.  
That link is why the cheapest produce is not necessary the best buy. Through thick and thin, good and bad economic times, the biggest bargain in irrigation is a good dealership. One with staying power, factory-trained service, and parts. It means service, and parts you can depend on for many, many years.  
So don't just compare equipment when you buy your next system. Compare dealers. We're ready to talk when you are.

### Art projects

Students at Texico Elementary School decorated pumpkins as an art project this fall. Here are four of the creative projects which were displayed in the school library.

## Local schools get state TV funds

Both Farwell and Lazbuddie schools will begin receiving funds for a new satellite television education program. About 250 Texas school districts and Regional Education Service Centers will begin receiving state funded TVROs, Television Receive Only satellite receiving equipment. These agencies are the first recipients in an ambitious program

by Texas government to expand its public school system's telecommunications capabilities. The TVRO equipment installation program is but one facet of a Texas plan to enable its schools through the use of technology to access the variety of satellite-based education services available and becoming available. Other facets of the state program will be to enable Texas school districts to transmit and receive digitized information for instructional use, academic program support, library and administrative services.

The TVROs are part of the overall telecommunications expansion. A new Texas Education Agency sponsored network, T-Star, will begin operations in early 1992 to deliver limited state provided programming to schools.

However, the Texas schools are expected to mainly use their newly acquired TVROs to access extant and future distance learning, inservice and supplemental instructional television from the variety of U.S. satellites and service providers nationwide.

The TVRO equipment which is being installed in Texas districts and in 20 Regional Education Service Centers will be dual band, remotely controlled, 100 channel programmable and include video cassette record, audio talk-back, Video Cipher II Plus descrambler and computer control capabilities.

The Texas Education Agency plans to award additional TVROs for 400 sites in 1993 and another 400 in 1994.

### Marshal's Report

Here is the weekly report from the Texico marshal's office:

On Oct. 27, Texico Marshal Fry Urioste assisted the fire department which answered an ambulance call at the flea market. A man had injured his hip.

The same day, Urioste and fire department member Doug Scioli were called to assist at the scene of a tornado in West Camp where the Matt Meeks mobile home was destroyed.

Three burglaries are being investigated: a vehicle Oct. 17; a building at the flea market Oct. 19; and a vehicle Oct. 27 that was parked at the Texico Baptist Church.

On Oct. 25, Raymond Ausburn, 50, of Farwell, was arrested on a charge of subsequent DWI.

On Oct. 19, Roy Edwards, 65, of Texico was transported by personal vehicle to Clovis Hospital following an auto accident.

On Oct. 22, Urioste and Gary Stone spoke to children at Texico Elementary School about safety and drug abuse. Urioste reminds residents that Texico is served by the 911 emergency service. To get assistance, all residents need to dial 911.

Barbara Autrey  
**Autrey picked as 'Citizen'**

Barbara Autrey, daughter of Pamela and Leland Autrey, was chosen October Citizen of the Month at Texico Junior High.

Barbara was the 1991 volleyball team manager. She was a participant in basketball and track. Barbara is the 8th grade class vice-president.

When she graduates from high school she would like to go to Eastern New Mexico and major in math and become an accountant.
